

## **Mighty Sk 1671**

### **Chapter 1671**

After Luo Han joined the literary family, he soon became one with the other four young people who represented the literary family.

Wen qiaoyue, the elder sister of the Wen family, showed unprecedented admiration and awe for Luo Han. She stayed beside Luo Han when she had nothing to do. She was full of compliments and courteous.

This scene makes Luo Han's anger dissipate a lot, and he gets a great balance in his heart.

Although he was attracted by birds in the Su family, after leaving the Su family, he had no chance to get in touch with Su Yueyi, the first beauty in Tianyun Kingdom, and win her heart.

But it seems to be a very good thing to win Wen Qiao Yue, the elder sister of Wen family.

Yes, no matter Luo Han or Yan Feng, the reason why they are willing to fight on behalf of the Su family is for the first beauty Su Yueyi. Otherwise, with so many powerful families, why would they choose the Su family?

I have to say that beauty is still very attractive. But unfortunately, in the face of Su Zhongheng's rebuke, Yan Feng successfully endured it, but Luo Han failed to endure it.

Luo Han and Wen Qiao month and the other four geniuses together, but also will encounter things in the Su family said.

It doesn't matter what he said. The falling rain of Wang Fan's incarnation caused the dissatisfaction of all literati.

They can't help but scold Wang Fan one after another. They secretly scold Wang Fan for being hateful, despicable and shameless. They also scold Wang Fan for pretending to be a tiger and being a villain. In short, they look down on Wang Fan.

Even they threatened that after they met Wang Fan, they would teach Wang Fan a lesson and make Luo Han angry.

When Luo Han heard that all the people shared a common hatred, he was also very happy. He said that Wang Fan didn't have to worry about it or help others. He could deal with it with one hand.

The Su family.

Luo Han joined the Wen family and went to war on behalf of the Wen family, which soon spread to the Su family.

Although Su Zhongheng had expected Luo Han to fight on behalf of other families, he never thought that Luo Han had joined the camp of his old rival Wen Jia.

Obviously, Luo Han's intention is to hit his Su family in the face and fight against his Su family.

This makes Su Zhongheng very angry, but there is no way.

As for the Su family elders, although they also hate Luo Han's behavior, they hate Wang Fan even more.

Because if it wasn't for Wang Fan, Luo Han couldn't have left his Su family, let alone joined the camp of his old rival writers.

Wang fan doesn't know anything about it. He is practicing crazily now.

For him, everything is not as important as his own strength, especially in the dangerous place like the imperial city.

Wang Fan's practice lasted for three days, but his strength was only slightly improved.

On the fourth day, Wang Fan helplessly opened his eyes and withdrew from the cultivation state.

Because he found that his cultivation progress was too slow, and the only cultivation resources he had were not enough for him to break through.

If he wants to break through, he must find more abundant cultivation resources.

In this case, Wang Fan naturally did not want to practice, but walked out of the room.

He felt that instead of wasting time to practice, he might as well go out and get familiar with the imperial city.

At the moment when Wang Fan quits his cultivation and goes out of the room, Su Yueyi, Yan Feng, and another man and woman have also arrived at the gate of Wang Fan's residence.

In addition, the strength of the man and the woman were all in the fifth floor of Tianjing, but their breath was very strong among the friars in the fifth floor of Tianjing.

Obviously, they are the best in the five layers of Tianjing, and they are also the other two selected by the Su family to fight on behalf of the Su family.

Among Su Yueyi's four people, in addition to Su Yueyi's calm expression, Yan Feng and the other man and woman all showed extreme disdain when they looked at Wang Fan's mansion.

In their eyes, Wang fan is like a turtle with a shrunken head. He can't get out of the mansion, even the Su family. He must be afraid to meet Luo Han outside and suffer Luo Han's revenge.

They look down on such people from the bottom of their heart.

"Yueyi fairy, I don't think we need to call him. He has been shrinking here for five days, and even dare not go out. He is obviously afraid of Luo Han's revenge."

At a certain moment, Yan Feng frowned and finally said to Su Yueyi.

And hear Yan Feng's words, another man and a woman also can't help but follow.

"Yes, elder martial sister Yueyi, I don't think we need to call him? He's just five stories in the sky. Even if he's going to the exchange meeting, it's just a foil. "

"That's it. What's more, he's just a foil. It's meaningless to go. And this kind of talent exchange meeting, Luo Han is sure to attend. If he is taught by Luo Han in public, it's our Su family who will lose him. "

That a male and a female also follow to persuade Su Yue Yi, the tone is full of thick disdain. What's more ridiculous is that they even ridicule Wang Fan for his five levels of cultivation, as if they were not five levels of heaven.

Su Yueyi listened to their words, but she couldn't help frowning and said, "we five people are a whole. We should be consistent with each other. I don't want to hear that again."

"Besides, no matter what his strength is, this kind of exchange meeting is also necessary. As for that Luo Han, with my Su Yue Yi, it's not his turn to be presumptuous. "

Although Su Yueyi is a woman, her voice is very domineering and can't be disobedient.

As soon as she said this, the four of Yan Feng immediately closed their mouths and stopped talking. But the look at Wang Fan's residence was more disdainful and bad.

Creak.

Just as the four were talking, the door of Wang Fan's mansion was already open, and then Wang Fan came out with a smile on his face.

"Yueyi fairy, I don't know you came to me, but what's the matter?" Wang Fan didn't manage Yan Feng at all, but asked Su Yueyi with a smile.

Yan Feng three people look down on him, he naturally knows, in this case, why should he give each other a good face? He is not so cheap.

"Younger martial brother Luoyu, there is an exchange meeting in Huangzhong restaurant today. This exchange meeting is aimed at all the young talents who participate in Dabi. We're going to come over and have a look. Will you come with us? "

Su Yueyi looks at Wang Fan and asks. Although her tone was extremely polite, her face was not half smiling, and her manner was still as usual, refusing people thousands of miles away.

"Talent exchange?" Wang Fan listened to this, first slightly a Leng, and then nodded, "go, of course to go. Just in time, I also want to see those so-called geniuses. "

While listening to Wang Fan's words, Su Yueyi didn't say anything, but Yan Feng's face couldn't help changing.

What they didn't expect was that Wang Fan, who was afraid to go out in the Su's house, was so unconventional today that he dared to go out.

Is he not afraid to meet Luo Han and face his revenge? But on second thought, they understood.

I think Wang Fan must be relying on Su Yue Yi, knowing that Luo hannai is not good, so he dares to go out.

"Villain!"

"Shameless!"

"Mean!"

Three people heart to Wang Fan scold, heart is despise Wang Fan.

"Well, let's go now." Su Yue Yi is light to say a, then then direct in front of lead a way.

## **Chapter 1672**

Huangzhong restaurant, located in the center of the Imperial City, is the property of the Royal Nie family.

Because it belongs to the royal family, although it is only a restaurant, its floor area is not smaller than that of ordinary small mansions.

When Wang Fan followed Su Yueyi to Huangzhong restaurant, countless people gathered outside Huangzhong restaurant, which was almost overcrowded.

Most of these people are young, and most of them come to pay homage to those arrogant demeanor.

Because today, this Huangzhong restaurant will hold a talent exchange meeting, and countless dazzling

Tianjiao will gather here. Naturally, they don't want to miss such a grand event.

Even if they are not qualified to step into the Huangzhong restaurant, they are satisfied to just look at the arrogant style outside.

"Look, look, the Su Yueyi fairy of the Su family is coming."

"Ah, it's really Su Xianzi. She really deserves to be the first beauty in Tianyun country. She's really beautiful."

"Eh, who are the four people behind Su Yueyi? Are they the other four who are fighting on behalf of the Su family?"

"I think it must be. Walking with Su Xianzi is not about who is going to fight."

"But it's not right. I heard that Luo Han was fighting on behalf of the Su family. Why didn't I see him?"

"You don't even know that. Elder martial brother Luohan didn't represent the Su family for a long time. Instead, he went to fight on behalf of the Wen family."

"Do you see the disciple of zixiazong? Because of him, elder martial brother Luohan left the Su family and went to the Wen family."

Those around the door of the restaurant saw Su Yueyi and his party appear, and immediately fell into a riot. At the same time, they can't help talking about it one after another.

However, as soon as they talked about it, they finally turned the topic to Wang Fan. For a moment, Wang Fan was also concerned.

Wang fan can't help frowning slightly when listening to these comments.

He did not expect that this kind of thing should be known to everyone.

He didn't have to think about it at all, and he knew that it must be narohan who spread it on purpose.

Su Yueyi listened to the comments of those around her, but her face didn't change much.

Yan Feng three people, face can not be very good-looking, quickly subconsciously and Wang Fan opened the distance, seems to be disdain and Wang Fan Company.

"Su Yueyi fairy is here!"

Su Yueyi soon took Wang Fan four people to the door of the restaurant. The two people who were guarding at the door of the restaurant saw Su Yueyi without any nonsense, so they let her go directly,

and there was a very loud voice.

With this sound, the young Tianjiao who has entered the restaurant can't help looking at Su Yueyi.

After all, Su Yueyi is not only the first beauty of Tianyun country, but also the seventh floor of Tianjing. It can be said that Su Yueyi is one of the most popular people to win the championship.

Her appearance naturally attracted much attention.

As for Wang Fan, not many people pay attention to him.

With Su Yueyi and other Tianjiao, not to mention Wang Fan and the other two Tianjing wuceng, even Yan Feng, the celebrity of Tianyun Kingdom, has not received much attention.

His fame has been completely covered by Su Yueyi.

Su Yue Yi didn't pay attention to those people. She was familiar with them and took Wang Fan directly to an open hall.

When several people entered the hall, there were countless young people in the hall. And at this time, there are two young people, who are fighting on the temporary platform in the center of the hall.

You come and I go, they are very happy in the war, the audience is also very excited, and even some people can't help clapping.

Wang Fan casually glanced at the battle between the two men on the stage, but he didn't want to see it much. The battle between the two young men on the fifth floor of Tianjing was just a battle. For him, there was really nothing to see.

But his performance falls in Yan Feng and other two people's eyes, may be changed the flavor. They all think that Wang fan is too good at pretending. He has no ability and looks down on others' fighting.

"Brother Luoyu, I admire zixiazong very much. I've heard that zixiazong's disciples are extraordinary for a long time. After they have finished the fight, you and I will go on stage to fight each other, will you

At the sign of Yan Feng, another young man on the fifth floor of Tianjing couldn't help sneering, and then arched his hand at Wang Fan and said with a smile.

"You're not my match. I'm not interested." Wang Fan Light of swept this guy one eye, basic even the plan of hypocrisy and politeness all have no, directly and impolitely slap a face.

In fact, it can't be said to be a slap in the face, because he is telling the truth. This day, the guy on the fifth floor of the realm is really not Wang Fan's opponent. He is really not interested in learning from such a person.

"You Can Wang Fan this words, that guy some can't stand, in an instant, the whole face already hold red.

He never thought that Wang Fan, whom he always looked down on, would look down on him so much, which made him have no way to accept. Yan Feng listen to this, is also a eyebrow pick, is going to speak, but Su Yue Yi has cold mouth, "you want to fight, go to other people to fight, don't give me infighting."

"You know, you are representing my su family, not you. Don't let people see my su family's jokes."

Su Yue Yi said indifferently, and then looked at the two people on the stage, "although their strength is good, but they are only the bottom figures in this big match."

"Now the real masters haven't appeared. The fight of those people is wonderful."

Su Yue Yi a mouth, whether it is Yan Feng or the guy who was beaten in the face by Wang Fan, naturally dare not make a sound again.

But they look at Wang Fan's eyes, is also more bad.

Just then, suddenly, a riot came again, followed by a series of loud voices.

"Poor family, snow fairy is here!"

"Home of the moon, the moon rushes to the clouds!"

"Ling family, Ling Tian is here!"

"All beasts, master lion

"Magic flower sect, magic remote rain to!"

"Sword God gate, autumn chop sword to!"

"Wenjia, wenyizhan is here!"

As soon as these voices came out, in an instant, the whole scene was a riot. Just in an instant, almost everyone's eyes swept to the door.

Because all the people who report for duty are the top talents of Tianyun country, except for Wen Yizhan.

They are the real proud people, and no accident, the champion of the youth Dabi, will also be decided between them and Su Yueyi.

Looking at so many Tianjiao's one-time appearance, even if all the people present were geniuses, they were all Tianjiao figures who participated in the youth contest, and they were all excited.

Because they know that there is still a gap between them and those who come in.

And it's a great honor for them to be able to see so many Tianjiao appear at the same time, and to be able to look up to these Tianjiao's elegant demeanor.

It can be said that at this point, almost all the Tianjiao of the whole Tianyun Kingdom have arrived.

This is a real gathering of pride.

### **Chapter 1673**

After the appearance of those peerless arrogants, they didn't even look at the people around them. They went straight to the center of the hall.

They all look arrogant, even if everyone on the scene is to participate in the big than the players, they are not in the eye.

As for the battle on that platform, they even despised it and didn't even look at it.

However, when they see Su Yueyi in the corner, they can't help but have a little meal and look happy. Then they come to Su Yueyi.

Su Yueyi is also the supreme pride of Tianyun Kingdom, but their status and strength are not inferior to them. No matter how arrogant they are, they will not be arrogant in front of Su Yueyi.

What's more, Su Yueyi is the number one beauty in Tianyun kingdom. Even they are always thinking about taking this beauty with talent and beauty into their arms.

"Yueyi fairy, I didn't expect you to arrive so early. We'll have a good talk this time."

A handsome young man with a beautiful face has not yet come to Su Yueyi's side, so he has taken the lead to open his mouth to Su Yueyi.

This man is the first pride of the moon family. The moon rushes into the clouds. He has six levels of terrible cultivation in the sky. He is only one step short of catching up with Su Yueyi and stepping into the seventh level of the sky.

"Brother Yue is right." However, Su Yueyi doesn't seem to be very interested in the accosting of yuechongyun. She is still indifferent.

Month Chong cloud is not angry, eyes swept Su Yue Yi, and then it is to see the Su Yue Yi side of Wang Fan and others.

His eyes just swept over Wang Fan and others, and he was equally indifferent, and there was a trace of obvious contempt in his eyes.

Even Yan Feng, who was also on the sixth floor of Tianjing, was no exception and did not attract much attention from him.

In this regard, Yan Feng and the other two did not dare to show dissatisfaction at all. On the contrary, they showed respect and even flattery in their eyes.

Although Yuechong cloud and Yanfeng have the same strength, they are all six layers of Tianjing, but Yanfeng knows that he is not the opponent of Yuechong cloud at all.

It's not only Yuechong cloud, but also Tianjiao. He is not an opponent except Wen Yizhan.

Wang Fan looks at the scorn in Yue chongyun's eyes, and the awe and flattery in Yan Feng's eyes, but his heart can't help sneering.

Kui Yanfeng and Wang Fan still have so much superiority in front of them. I didn't expect that they would be afraid before they fight in the face of the heavenly pride like Yuechong cloud.

This kind of person, no matter how talented he is, will not achieve much.

"The Moon Fairy."

"The Moon Fairy."

At the same time, Ling Tian of Ling family, snow fairy of cold family and lion son of beast clan all nodded their greetings to Su Yueyi.

Only the moyao rain of the magic flower sect and the autumn chopping sword of the sword God sect seemed not to have a cold for Su Yueyi. They didn't come to say hello. Instead, they just skimmed Su Yueyi and walked forward.

It's just that the magic rain of the magic flower sect suddenly smiles at Wang Fan at the moment when he is close to Wang Fan. This makes Wang Fan's heart clap for a moment, and he can't understand it.

He looked at the enchanting back of the magic remote rain, and couldn't help thinking.

"Go and have a look first. All the people present are Tianjiao who took part in the contest. You can make friends with each other. If you have any ideas, you can also go on stage to exchange views with others. "

Su Yueyi greets snow fairy and others, and then says a word to Wang Fan, and leaves with snow fairy.

Yan Feng also took the other two people to a group of young people not far away. Obviously, among the people present, he also had acquaintances.

For a time, Su Yueyi and his party were five, leaving only Wang Fan alone.

He looked at the so-called arrogant people at the scene, and without the idea of making friends with these people, he went directly to the corner and began to appreciate the delicious wine and food.

This situation reminds Wang Fan of the scene when he accompanied Song Rumei and others to a banquet in the secular world.

"Luo Qianqiu's closed door disciple, Luo Han is here!"

Wang Fan just walked to the corner, accompanied by another announcement, a young man with cold breath came in.

This man is Luo Han.

And behind Luo Han, there are four people. Three of them are the same as Luo Han, representing the writers. The fourth one is an enchanting beauty.

And she is Wen Qiaoyue, the young lady of the literary family.

Although Wen Qiaoyue is not as outstanding as Su Yueyi, she is also a beauty among beauties. In addition to the aura of the eldest lady of the literary family, her appearance naturally attracted many people's attention.

But Wen Qiaoyue doesn't care about those people at all. She just follows Luo Han closely and makes fun of them.

Wang Fan, who is eating happily in the corner, can't help but be a little stunned when he sees that Luo Han is actually with Wen Qiaoyue. Then his eyes are swept to Wen Qiaoyue's waist with a bad smile. Looking back on the slap that day, I feel really good.

"Cluck, elder martial brother, others are communicating in groups. How can you hide here and steal food. Are those geniuses hard to get into your eyes? "

At the moment when Wang Fan stares at Wen Qiao Yue's bad smile, suddenly, a silver bell like laugh suddenly comes.

Wang Fan was slightly stunned and quickly looked up. It was only then that he found that the first day of the magic flower sect, Magic Yao Yu, was twisting his waist like a willow and slowly came towards him.

In Wang Fan's opinion, even compared with Su Yueyi, this magic remote rain is absolutely the same.

Compared with Su Yueyi's indifference and arrogance, this magic remote rain is a fox spirit. When people see him, they want to knock him down and conquer him immediately.

"Elder martial sister moyaoyu, you are really joking. How can I look down on the pride of heaven here. It's just that I'm so weak that I'm afraid I'll insult myself if I make friends with others, so I didn't go forward. "

Wang Fan responded like this, but he was surprised.

He didn't seem to know the magic rain, and he had never seen it. But why does moyaoyu seem to be very interested in him. Is it difficult for the devil yaoyu to see through his mask and learn his true identity?

In that case, he will be in danger. Once his identity is revealed, he will never be able to walk out of the imperial city alive.

But on second thought, Wang Fan thought it was impossible. After all, the mask was given to him by master Kuye.

The mask given to him by master Kuye, can you see it through this little magic rain?

However, no matter how to say, Wang fan is on the alert of this magic remote rain.

After all, it's hard to say that a top genius of Tianyun country's top big door would be interested in a mole ant on the fifth floor of Tianjing.

"Giggle, my sister is just joking with you. Don't be so nervous. It happens that my sister is not willing to deal with those hypocritical guys. It's boring. Let my sister enjoy the delicious food with you. "

Magic remote rain listen to Wang Fan's words, can't help giggling, Jiao body chaos tremble, see Wang fan that is a mind swaying.

As for a few young people not far away who saw this scene, they were all surprised and opened their mouths wide.

Those who know moyaoyu have a ghost look.

And those who don't know moyaoyu are stunned. They just feel the evil fire surging up and their saliva flowing. They want to conquer this great creature on the spot immediately.

## **Chapter 1674**

"That woman is the disciple of which family. She's so sexy. She's no inferior to the first beauty Su Yueyi fairy. If I can conquer such a woman, I'd like to spend even ten years of my life."

A young man couldn't help drooling, eyes shining said.

"Shh, that's the first day of the magic flower sect. Mo yaoyu, the big witch who kills people without blinking an eye, you want to make up her mind. Don't you want to live?"

However, as soon as the young man's words came to an end, he was covered by his friends.

And listening to this, the evil fire in the young man's heart disappeared immediately, and his body was already exuding cold sweat involuntarily. He only felt a chill on his back.

Moyaoyu, this is a famous person in Tianyun kingdom. It can be said that countless people died in his hands.

Not to mention those who have a bad heart for her guys, even those who speak disrespectful to her guys, are cruel to die in their hands.

Wang Fan listened to the two people's comments, but also can't help but face slightly changed, deeply looked at the magic remote rain one eye.

He didn't expect that such a charming woman should be a murderer.

"Cluck, younger martial brother Luoyu, what kind of eyes are you looking at? Elder sister, I'm not as terrible as they say. They are very kind."

Magic remote rain naturally also heard the two people's comments, is aware of Wang Fan's eyes, can't help a toot small mouth, coquetry like said.

After that, she turned her head and casually looked at the two young people. In an instant, the two young people only felt numb and did not dare to speak any more.

Wang Fan noticed this scene and sighed in his heart that people are not good-looking, so he didn't think much about it. Instead, he concentrated on dealing with the delicious food.

Anyway, no matter what the purpose of moyaoyu is, whether he really sees through his identity, he has no way now.

After all, he has promised master Kuye that he will fight on behalf of the Su family and return the favor. Can't he retreat now?

Anyway, master Kuye saved his life twice.

"Eh, do you think that Wang Fan will change his appearance to take part in this contest?" At a certain moment, a voice suddenly attracted Wang Fan's attention.

He turned to see, immediately found that the mouth is Ling Tian Ling family, at this time he is with the cloud, lion son, Su Yueyi and others together, loud conversation.

"Wang Fan?" After hearing this, Chong Yun couldn't help laughing, "what is he? Do you think he really thinks he's great after killing some royal people?"

"Don't say that he has fled with cold and green clothes, and never dare to come back. Even if he didn't run away, if he really dares to participate in the contest, I will beat him in the face. "

"I want him to know that the royal family is inviolable, as are our big families."

Month Chong cloud heroic, dry cloud said.

"That's right. As long as Wang Fan comes, we'll definitely let him go."

"It's just a mole ant from outside who dares to fight against our Tianyun country and break into the literary family at night. It's just death."

"Damn, dare to break into my literary family. If he dares to show up, my literary family will make him pay the price of bleeding."

The rest of the people also followed suit, especially in the first battle of Nawen. Their faces were twisted and their teeth were rattling.

However, Su Yueyi, Xue Xianzi and shigongzi couldn't help frowning and didn't speak.

They all know that if Wang Fan really comes to participate in the contest, then the first one in the contest will definitely be Wang Fan.

All of them have seen Wang Fan's terror power, let alone the cloud for only a month. Even if they are all proud of Tianyun Kingdom, they are not Wang Fan's opponents.

Of course, if you want to think about it, they won't say it.

After all, this is Tianyun Kingdom and the territory of the Nie family. Wang Fan has offended the Nie family again. How dare they say Wang fan is powerful.

Wang Fan listened to these words, but also can not help a faint smile, did not pay any attention, as if they said Wang fan is not him.

Wang Fan grabbed a bottle of wine and was about to continue to drink. But at this moment, he frowned slightly and couldn't help looking at the nearby platform.

At this time, a burly figure has flashed to the platform, and the other side's fierce eyes, also directly swept to Wang Fan.

This man is in his thirties. His face is full of wrinkles and even some white pustules. He is very ugly and disgusting. But his breath is not weak, but the five levels of heaven.

Although Wang Fan didn't know this man, he knew that this guy was one of the five men who went to war on behalf of the Wen family. He had been with Luo Han before.

Wang Fan turns his head again, only to see that not far away, Luo Han is staring at himself with that pair of cold eyes.

And more than ten meters behind Luo Han, Yan Feng three people are also staring at themselves with a sneer. Wang fan doesn't need to think about it at all. He also knows that it must be Yan Feng who told Luo Han that he had come here and was still here. That's why he has this scene.

After all, Wang Fan's position is very hidden. He can see most people present, but most people will not notice him.

And Yan Feng three people are also very smart, perhaps afraid of being blamed by Su Yue Yi, but also deliberately opened the distance with Luo Han and others, put on a irrelevant posture.

"I've heard for a long time that zixiazong's disciples are superior in strength. Today I'm here to ask for advice. I hope that elder martial brother Luoyu of zixiazong will not hesitate to give advice!"

The man named Dong Tianya arched his hand to the young people, then his fingers suddenly pointed to Wang Fan, and the thunder like voice resounded throughout the audience.

At this moment, the scene was quiet, and it was very strange. Everyone's line of sight, can't help but sweep to Wang Fan's position.

This is because the exchanges are all voluntary. This is the first time similar to this kind of direct challenge.

But when they saw Wang Fan clearly and the magic rain beside him, they were shocked again immediately.

Although Wang fan is a disciple of Zixia sect, he is only an inner disciple, not the core. Moreover, his strength is only five levels of Tianjing. They don't care much about it.

But Wang Fan went so far as to walk together with the first genius of magic flower sect, magic Yao Yu, the first demon girl of Tianyun kingdom. What's the matter?

You know, moyayyu is hard to get close to, and it's also very dangerous. Even if it is the moon chongyun

those arrogant, dare not go too close with it.

Su Yueyi is also Liu Mei frivolous, it seems that did not expect, Wang Fan will know magic remote rain. But soon, her cold eyes have swept to Dong Tianya on the stage, as well as Luo Han and others not far away.

Although Luo Han noticed Su Yue Yi's sight, he didn't pay attention to it. Instead, he swept to Wang Fan with a grim smile.

Son of a bitch, even if you hide again, I Luohan want to humiliate you, you still can't hide. Today, in front of all the pride of heaven, you can't lift your head and face down!

Wang Fan Light swept that Dong Tianya one eye, is waiting to speak, but at this time, a cold voice is suddenly spread out.

"Oh? You're going to challenge my brother? Now I'm going to challenge you, Dong Tianya. How dare you

With the sudden spread of this voice, the whole scene was dead silent in an instant!

## **Chapter 1675**

No one thought that Wang Fan would be mo yaoyu's younger brother.

What's more, they didn't expect that the famous magic flower sect's first day, the famous and murderous magic girl, magic Yao Yu, would come out for Wang Fan, and her attitude was still so tough.

At the scene, there were countless sounds of air-conditioning.

Standing on the platform, Dong Tianya, who was still in high spirits before, changed his face in an instant.

Challenge moyaoyu. Are you kidding? If he is against moyaoyu, he will be dead. He won't win at all.

His scalp also can't help feeling numb. If he had known that moyaoyu would help Wang Fan, he said that he would not promise Luo Han to teach Wang Fan.

But now, he is in a dilemma, and he doesn't know what to say.

Luo Han under the stage is also frowning, he obviously did not think of this scene.

It's just that Dong Tianya came out for Luo Han. In this case, he can't just sit back and ignore him, so he looks at Mo yaoyu with a smile and says, "elder martial sister yaoyu, it's just exchange, isn't it necessary? What's more, the reason why Tianya younger martial brother challenges Luoyu is that they are at the same level. "

"But it's unfair for you to challenge younger martial brother Tianya, isn't it? After all, your strength is higher than that of younger martial brother Tianya. It doesn't seem to make any sense for you to communicate with each other. "

Although Luo Han is very upset that the magic remote rain is protecting Wang Fan, he doesn't dare to be too arrogant in front of the magic remote rain. He also has a deep fear of the magic remote rain.

Of course, it's just fear, but it's far from fear.

Even if he is not the opponent of moyaoyu, it is not so easy for moyaoyu to kill him.

What's more, there is a top strong man like Luo Qianqiu behind him. Even if Mo yaoyu has the strength to kill him, it's estimated that he should weigh it well.

[illegible]

"What's more, the so-called exchanges are all voluntary. Have you ever seen any active challenges?"

Magic remote rain is not to give Luo Han face, disdain sneer.

"You." Luo Han didn't expect that the evil remote rain would not give him face so much, and his face suddenly turned black.

He didn't pay attention to moyayou any more, but coldly looked at Wang Fan and said, "Luoyu, aren't you a disciple of Zixia sect? Aren't you very powerful? How dare you not respond to challenges and only hide behind women? "

He was also very loud sarcasm, "really did not expect that the famous Zixia sect disciples, even dare not challenge the waste, coward!"

"I don't know whether it's zixiazong's name, or you're losing zixiazong's face!"

Luo Han's words can be described as extremely vicious, not only humiliating Wang Fan, even zixiazong who has nothing to do with Wang Fan.

Of course, his purpose is also very clear, that is to challenge Wang Fan.

After all, in front of so many arrogant people, if Wang Fan was ridiculed by such a run, he would be really ashamed.

And Wang Fan lost not only his own people, but also the people of zixiazong and the Su family.

"What a despicable fellow, don't you say that the high can't challenge the low? Well, if I'm right, you're also on the sixth floor of Tianjing. I'll challenge moyayou now "

listening to Luo Han's words, moyayou's eyebrows are up and she's furious.

She is going to point to Luo Han's nose to challenge, but the last word "you" has not been said, it has been stopped by Wang Fan. Wang Fan seized his fragrant shoulder and pulled him behind.

"Elder martial sister yaoyu, thank you for coming out for me. Let me handle this matter by myself."

Wang Fan's voice spread slowly, and then he looked at Luo Han, "Luo Han, I knew you were mean, but I didn't know you were so mean."

He pointed to Luo Han's nose very impolitely, "didn't you scold your dog that day? As for your hatred in your heart, are you still worried?"

"Even if you really hate it, it's nothing. After all, it's hard to be called a dog."

"But since you want revenge, why don't you do it yourself and send out such a rubbish? Have you wronged you by challenging me? "

"I dare not avenge you, but I have to endure my anger and use other people's hands to load my fork. You are really mean."

Wang Fan's words shocked the audience.

"What, the falling rain on the fifth floor of Tianjing, even scolds Luo Han as a dog. Is this true or false?"

"It must be true. If it's not true, it's impossible for Luoyu to say it in full view of the public."

"This falling rain is really crazy. It's just five floors in Tianjing. I dare to scold Luo Han and even Dong Tianya." "If what Luoyu said is true, Luohan is really insidious. If I were you, I would definitely do it by myself to get back this evil spirit. "

Luo Han listened to Wang Fan's voice. He was gnashing his teeth. His face was even more blue and purple. He never thought that Wang Fan would dare to hit him in the face in public.

Dong Tianya is also very angry. He even has the heart to kill Wang Fan. Because listening to Wang Fan's tone, I didn't take him seriously at all.

If it's not for fear of the magic remote rain, I'm afraid Dong Tianya can't help rushing down and ravaging Wang Fan.

"What's the ability to show off your eloquence when it rains? Don't rely on moyayou to fight with Dong Tianya?"

"What qualification do you have to say that other people are rubbish who only rely on women but dare not fight?"

After a long time, Luo Han said with gnashing teeth.

People listen to Luo Han's words, all feel very reasonable. In their opinion, Wang fan is really relying on moyayou to show off his eloquence.

Yan Feng not far away is also almost angry, this son of a bitch, it's really a fox pretending to be a tiger.

Last time he relied on Su family elders like Su Zhong Heng. This time he relied on Mo yaoyu. When did he dare to speak with his own strength instead of relying on others?

"Dare not fight?" Wang Fan sneered, "who said I dare not fight?"

"So, you are going to accept the challenge. Why don't you get out of here?"

Hearing this, Dong Tianya could not help roaring, and his fists were clenched, his bones creaking.

"Get out of here?" Wang Fan eyebrows a pick, "you are what thing?"

He pointed to Dong Tianya, his expression and tone were extremely disdainful, "I dare to fight, but why should I fight?"

"Is it difficult for everyone present to challenge me and I have to fight? In that case, won't I be tired to death? "

"Damn, dare not fight is dare not fight, where the hell do you get so many excuses?" Dong Tianya was so angry that he wanted to kill Wang Fan.

Luo Han is also angry to no good, grimly asked, "what do you want?"

"It's easy." Wang Fan sneered, "if he loses, he will kneel down and shout three times that he is a waste. And you Luohan, if you want to give me a million top quality spirit stones, do you dare to promise? "

"After all, you can't challenge me to rain, can you? Also, since you Luohan dare to humiliate zixiazong, naturally you also need to pay a price. "

What, kneeling down and yelling that you are a waste, a million top grade spirit stone?

The geniuses on the scene all gasped at this.

Compared with kneeling and calling yourself a waste, a million high-quality spirit stones are a huge fortune.

Even for the moon chongyun, Su Yueyi and other Tianjiao, they are already a huge number.

As for Luo Han, even if he can take out a million high-quality spirit stones, it is estimated that he has all his belongings.

At this moment, no matter Luo Han or Dong Tianya, he could not help silence.

Dong Tianya is looking at Wang fan that self-confident appearance, the heart has been perturbed.

If he really kneels down in public and yells waste, I'm afraid he won't be able to look up in his life. And this thing will certainly leave a shadow in his heart, and it will be difficult for him to improve his strength in the future.

Luo Han is the same. If it's not Dong Tianya who challenges Wang Fan, but Luo Han, he won't worry at all.

But now it is Dong Tianya who challenges Wang Fan. He is not so confident in Dong Tianya.

If Dong Tianya is really defeated, Luo Han will produce a million high-quality spirit stones.

You know, his body, only a million pieces of stone, if all given to Wang Fan, how can he be reconciled?

"What? Don't speak? Don't you still have absolute self-confidence just now, I can clean up the rain. Do you think I can only rely on women? I don't depend on women now, but you are timid? "

Wang Fan looked at the silent Luo Han and Dong Tianya, and said, "since you have no confidence, don't shout."

"I'm a coward who only depends on women when I fall in the rain. I think you're the real cowards. You're not as good as a dog. That's all. Since you don't dare, I won't force it. "

He also pointed to Dong Tianya, "who, what's Dong Tianya's name? Roll down quickly. Don't stand on it and make a fool of yourself."

Wang Fan's voice can be said to be extremely cruel, every word has a heart of pearl, and the humiliating Luo Han and Dong Tianya can hardly lift their heads.

It's a slap in the face.

"What are you afraid of? Let's go! Can you really bear being humiliated like this? If I were you, it would

be unbearable. "

"Idiot, you can't see his way. He just wants you to ride the tiger and give up the challenge to him. It's stupid. "Some good genius can not help but began to coax.

"Well, I promise you, but what if you lose?" Finally, Luo Han and Dong Tianya look at each other, and then nod down.

They also believe that the reason why Wang Fan did so was to deliberately let them give up the challenge and avoid the disaster.

Wang Fan looked at Luo Han and Dong Tianya and said with a smile, "if I lose, I'll leave it to you."

"Good!" Luo Han and Dong Tianya both clenched their teeth and nodded.

Wang fan saw that they agreed, but he didn't talk nonsense. He was straight forward, and then he flashed to the battle platform.

Just at the moment when he flashed onto the platform, his body shape could not help but falter, his breath was unstable, and he almost fell down.

This scene, it is to make people around can not help but burst into laughter.

## **Chapter 1676**

No one thought that such interesting things would happen to Wang Fan.

You know, Wang fan is also a master of the five levels of heaven. According to common sense, it's impossible to even sweep up a battle platform with unstable breath.

The only explanation is that Wang fan is afraid. He knows that he is not Dong Tianya's opponent. He knows that he will lose. That's why he is so nervous.

Luo Han and Dong Tianya look at this scene, also can't help but greatly relieved, that hanging heart is completely down to the ground.

Before, they were really holding a cold sweat. They were afraid that they really had the strength to defeat Dong Tianya, but now it seems that they are worried too much.

Not far away Su Yue Yi also couldn't help frowning, and his face was not happy.

In any case, Wang fan is one of the five people who represent her Su family. Now Wang Fan's performance is losing his Su family's face.

Only moyao rain of Mohua sect didn't worry about Wang Fan at all. On the contrary, he was just like a

fox, clutching his fragrant red lips and giggling.

She naturally knows why Wang Fan's breath is unstable, because it's all her credit.

Wang fan is also a little speechless, because at the moment when he is about to land on the battlefield, he hears the sound of moyaoyu.

"Brother, you have to help your sister teach that hateful guy a lesson. If you teach your sister satisfaction, sister er, jiejie can meet all your conditions

That sweet and sweet voice, Wang Fan where can accept, so just a breath unsteady, almost fell.

However, he is very fast to stabilize the body, steadily fell on the stage, and then face not red, breathless look to Dong Tianya, "hand it."

That scornful tone, that light attitude, as if in the face of a mole ant, as if it can be easily put out, there is no color of tension.

Looking at Wang Fan's attitude, Dong Tianya was furious, and his dark face was bulging with green veins.

"What a arrogant fellow! Let's see how Dong Tianya teaches you!"

With a loud roar, he stepped heavily on his right foot on the platform, accompanied by a harsh roar. Immediately, the whole person was like a raging black bear, frantically slaughtering Wang Fan.

The frenzied killing power swept the whole battle platform in an instant. It was very violent. In the air, there was a sharp sound explosion.

Look at the frenzied killing power that emerges from him. It's not exchange, it's killing.

However, looking at this scene, there was no one to stop it. On the contrary, everyone became excited.

They don't think it's very interesting to exchange views. Only this kind of life and death struggle can arouse their interest.

Only Su Yue Yi, his face could not help a little cold, stepped forward two steps, seemed to have stopped the situation.

Just she just stepped out, the month of the family is already in front of her.

"Yueyi fairy, it's a fight between them, but it's a gamble. I don't think you should break the rules."

Su Yueyi saw that yuechong cloud was standing in front of her. Her face was cold and she was obviously unhappy. She snorted heavily, but in the end she didn't say much.

"Waste, you die for me! In the eyes of Dong Tianya, zixiazong and his inner disciples are just bullshit

"It's just rubbish. I want to humiliate Dong Tianya in public. It's beyond my ability. I, Dong Tianya, will let you know who is insulting yourself

Dong Tianya roared. When he was five meters away from Wang Fan, he suddenly flashed a broad sword in his hand.

The big knife broke through the air, directly tearing the air, frantically cleaved to Wang Fan's head.

This momentum, so that the bottom of countless people are shocked, many people began to exclaim.

"Oh, my God, it's Xuan level advanced martial arts. I didn't expect that Dong Tianya would show such martial arts as soon as he made a move. It seems that he didn't want to give the rain a chance."

"Yes, I'm afraid it's a long night, so Dong Tianya directly chose to do it. Ah, it's a pity that zixiazong's rain fell. "

Many people exclaimed, even a few genius of the sixth floor of Tianjing had a dignified look in their eyes.

"Shame on yourself?" Wang Fan disdains to sneer, "you are not qualified to talk to me like this, you just wait to kneel down and shout waste."

He said, a flash of body shape, is a blow out!

The fury of Qi force tears open, a huge whirlpool moment has overflowed from Wang Fan's fist tip, crazy toward the Dao Mu roared in the past.

Boom boom!

Several harsh sounds came out continuously, just like thunder. Then, under the people's astonished eyes, the Dao Mu had been smashed by Wang Fan one after another. It was just like breaking through.

"How is that possible?" "My God, am I right?"

"He didn't show any martial arts skills. With a simple punch, he smashed Dong Tianya's Xuan level advanced martial arts skills. This combat effectiveness ...."

looking at this scene, the audience could not help but exclaim, and their eyes were full of shock. Even Yue Chong Yun and others are no exception.

They did not expect that the five layers of Tianjing, the only disciples from zixiazong, would be so abnormal in their fighting capacity.

Su Yueyi is also slightly a Leng, and then like ice on the pretty face, emerged a touch of exciting smile, beautiful eyes is more colorful.

"How can it be, how can it be?" As far as the shock of the public is concerned, Dong Tianya is a bit silly. He just feels that his mind is buzzing, and then there is a blank.

His proud mace, Xuan level advanced martial arts, was so vulnerable in front of Wang Fan, which he simply could not accept.

At the same time, that Luo Han, Yan Feng and others, the face is also abnormal ugly, especially that Luo Han.

You know, if Dong Tianya is defeated, he will have to pay a million first-class spirit stones.

"If you dare to challenge me with this strength, it's really beyond your ability! I have long said that you are a waste, but you don't believe it, and you have to insult yourself. That's no wonder I am

Wang fanmulu sneered at the pale Dong Tianya. Without the slightest pity, he punched out again and printed it on his chest.

Bang!

With a loud bang, Dong Tianya flew back like a shooting star, and his blood gushed out like a waterfall. While his bones were broken, he fell like a dead dog in the corner of the platform.

"You've lost. Now keep your promise." Wang fan light toward the dead dog like Dong Tianya said a, and then looked to the stage that face the same ugly Luo Han.

"Luo, take out a million top quality spirit stones. This is what you promised in front of the arrogant people. You will not be shameless to go back on it, will you

Luo Han listened to Wang Fan's voice, his face was gloomy, his gums were congested, and his whole body was shaking.

He cursed Dong Tianya and said to Wang Fan, "of course I won't go back. I just want to fight with you. Do you dare to fight?"

## **Chapter 1677**

"Oh?" Wang Fan's eyes narrowed and he said with a smile, "can you still take out a million high-quality spirit stones?"

Listen to his tone, as if this Luo Han as long as can take out a million top grade spirit stone, he will fight, otherwise, will refuse.

Everyone is a little speechless. How much does this guy want to be a top-quality spirit stone?

You know, Luo Han is a strong man in the sixth floor of Tianjing. He is not comparable to Dong Tianya at all.

Within the realm of heaven, every realm is like a natural moat, which is difficult to cross. Except for those extremely arrogant, no one can cross the ranks.

Although Wang Fan's strength is extraordinary, Luo Han is not an ordinary person. He is also a genius who can challenge others.

If Wang fan is against Luo Han, no one will think highly of Wang Fan.

"one million top grade Lingshi I have no, but I can fight with you, but if you can win me, kill or cut or shame, you has the final say, I will never frown."

Luo Han clenched his fist and said.

Gambling?

Everyone was shocked by this.

No one thought that Luo Han would gamble with Wang Fan.

Although everyone thinks that he can definitely defeat Wang Fan, he is not afraid of ten thousand. What if Luo Han loses? The price is too high.

"Ha ha." But Wang Fan couldn't help laughing, "gamble your life? I'm sorry. In my eyes, your rotten life is not worth a million first-class spirit stones. "

"If you can take out a million stone, I will accept your challenge. Otherwise, you will kindly give me the one million high-quality spirit stones you owe me, and then raise one million high-quality spirit stones to challenge me again. "

"You." Luo Han listens to this words, it is the gnashing of teeth of gas simply, that whole face is to suppress to get flushed.

He didn't expect that Wang Fan would dare to humiliate him like this, scolding him for his rotten life and saying that he was not worth a million high-quality spirit stones. It was just slapping his face, and it was still slapping.

"What are you? Well, I'm sleepy. I need to go back to sleep. Give me the one million top grade spirit stone I owe you."

"Of course, if you go back on your debt, I have nothing to say. However, you will lose not only your own people, but also your master Luo Qianqiu's people. "

Wang Fan's words are sharp and his words are full of pearls. He doesn't give Luo Han any face at all.

As far as he is concerned, he has offended Luo Han anyway. There is no need to be polite. Even if he offends more ruthlessly, it doesn't matter.

"What an arrogant person! Today, you have to fight even if you are fighting. You can't help it if you don't fight!"

Luo Han's face was ferocious. He suddenly yelled angrily, and his body was flashing. Suddenly, he was flying towards the platform.

Obviously, his provocation to Wang Fan has been unbearable. Even if he tolerates being ridiculed, he plans to kill Wang Fan.

"What a shameless Luo Han, even my younger brother dares to move. Do you think my magic remote rain is not a decoration?"

However, Luo Han has not yet swept to the battle platform, a laugh has been followed, only to see the magic remote rain body shape a flash, already toward Luo Han ran in the past.

Although Luohan and moyaoyu are the six layers of heaven, the speed of moyaoyu is countless times faster than Luohan.

Luo Han just flashed to the battle platform, and the magic remote rain was already like streamer. He took the lead to step on the battle platform and stood in front of Wang Fan.

"Moyaoyu, do you really want to help Luoyu against me?" Luo Han looks at the evil remote rain that blocks in front of Wang Fan's body, the facial expression suddenly a change, ferocious ask a way.

At this time, his eyes were like wild animals, blood red incomparable, extremely terrible, that body, is the explosion of the killing machine.

"Hum." Magic remote rain in the face of Luo Han's killing intention, but is not afraid, cold hum a way, "Luo Han, this rain is my magic remote rain's brother, don't you really want to fight me?"

Fight against each other!

Luo Han listens to this words, the look in the eyes is more ferocious in the twinkling of an eye to rise, almost all nearly crazy.

He looked at Wang Fan, who was standing behind Mo yaoyu. He could not wait to pick his skin, eat his meat and drink his blood immediately.

Unfortunately, the magic rain in front of Wang fan is just like a big mountain, which he can't cross.

"Mo Yao Yu, don't be too arrogant. Luo Han is a disciple of master Luo Qianqiu, and now he is also fighting on behalf of my literary family. Do you really want to fight against master Luo Qianqiu and my writer? "

At this time, another voice came. Wen Yizhan and Wen qiaoyue had already brought several people to the battlefield.

Wen Yizhan stares at Mo yaoyu coldly, and his face is extremely cold.

Luo Han and Dong Tianya both went to war on behalf of their writers, but now they are humiliated by Wang Fan. Naturally, his writers are also humiliated, and their faces can't be changed. Therefore, Wen Yizhan hesitated again and again, but he couldn't help standing up.

The magic flower sect is one of the ten major sects, but his literati are not afraid of the magic flower sect, and the Luo Qianqiu behind Luo Han is even more so. Magic remote rain see Wen family for Luo Han, pretty face can't help a little change.

Although she is not afraid of Luo Han, and the magic flower sect is not afraid of Luo Qianqiu behind Luo Han, if Luo Qianqiu unites with the literati, she has to pay attention to it.

The following geniuses look at this scene, but they can't help getting more excited.

What they didn't expect was that it was just an exchange meeting, so interesting things would happen.

"Well, your Wen family is so powerful! You are so forced to fight on behalf of our Su family. Did you not pay attention to our Su family? "

At this time, another cold voice came out, Su Yue Yi directly stood out.

That month Chong cloud originally planned to stop Su Yue Yi, but Su Yue Yi's cold eyes swept away, and immediately stepped back a few steps and gave up the idea.

Now it's not the same as before. Before, it was a private battle between Wang Fan and Dong Tianya. Su Yueyi broke the rules. But now, he has no reason to stop Su Yueyi.

After all, Wang Fan was fighting on behalf of the Su family. Now the writers are all aiming at Wang Fan because of Luo Han. If Su Yueyi doesn't show up again, it's the Su family that will be lost.

Moreover, this matter, at least so far, Wang Fan still holds the truth.

"Su Yueyi? You, are you going to come out for this rain Wen Yizhan heard Su Yueyi's words, and his face couldn't help changing. He asked with a gloomy face.

"What a joke." Su Yueyi sneered, "you can stand out for Luo Han who is fighting for your literary family. Why can't I stand out for the falling rain of my su family?"

"What's more, you put forward the challenge on your own initiative, and you promised the bet yourself. Since you can't afford to lose, don't come out and make a fool of yourself, or you'll be laughed at. "

Su Yueyi's words are also very harsh. She seems to point at Wen Yizhan's nose and scold him, but in fact, she has already made a mockery of Wen.

"Cluck, it's so funny. It's so funny. I thought Luo Han was the only one who couldn't afford to lose. I didn't expect that the literati were like this. "

Magic remote rain is a giggle, sneer, extremely unscrupulous.

Wen Yizhan was a little mad. He suddenly looked at Wang Fan who was standing behind Mo yaoyu and said, "you only dare to hide behind women. What kind of man are you? You are a coward and a coward!"

"Oh?" Wang Fan, who had been silent for a long time, finally couldn't help but raise his head and point his finger at Wen Yizhan. The cruel voice of the drama rang through the whole audience.

"You call me a coward? Well, I'm here now to challenge you. How dare you fight? "

Listening to these words, Wen Yizhan's expression became stiff in an instant, and his face became extremely ugly.

## **Chapter 1678**

Wen Yizhan never thought that Wang Fan would challenge him directly in public.

He saw the battle between Wang Fan and Dong Tianya before. Even if they were at the same level, he asked himself that they were not Wang Fan's opponents.

For a time, Wen Yizhan's face was uncertain. He didn't know what to do.

When people around look at this scene, the smile in their eyes is more and more strong, and their eyes are showing a strange color.

It never occurred to anyone that Wang Fan was so bold as to directly challenge the first World War of writers.

You know, this is the Imperial City, and the influence of writers is very strong.

Wang Fan challenged Wen Yizhan in public, which was already a blow to the writers.

If Wen Yizhan fought and won Wang Fan, he could get some face back, even for the writers.

But if Wen Yi is defeated, or dare not to fight, it will really be a disgrace to him, and the writer will be completely disgraced.

"It's raining." When Su Yueyi heard that Wang Fan was challenging Wen Yizhan, Liu Mei was about to open her mouth. But at this time, Wang Fan's sarcastic voice had already spread out.

Wang Fan pointed at Wen Yizhan and sarcastically said, "why, didn't you just say that I was a coward and dare to hide behind a woman?"

"Now that I'm a coward and I'm going to challenge you as a writer for the first time, why don't you dare?"

Wang Fan's eyes were full of disdain, and he began to humiliate Wen Yizhan impolitely. "You said that I was a coward and coward, but you, as the first genius of a writer, didn't dare to answer my challenge. What are you?"

"Can't it be that you're not as good as a coward in the war of literature?"

Wen Yizhan was so provoked by Wang Fan in public. His face was blue. His crazy anger and killing intention were also swept by his madness. He wanted to kill Wang Fan immediately to let off his hatred.

But Wen qiaoyue is always dragging Wen Yizhan, not letting him rush up. Because she knew that her brother would not be Wang Fan's opponent, and it would only be humiliating to accept the challenge.

"Since you don't have the ability, don't talk about it, otherwise people will look down on it. It's just rubbish. I dare to say I'm a coward. I'm really beyond my ability

People listen to Wang Fan's sharp words, it is a face of shock.

Wang fan is really cruel. He dare to humiliate Wen Yizhan in public. It's useless to humiliate him.

It can be imagined that the face of today's Wen Yi war is really lost, and it will never look up again.

"Luoyu, now it's elder martial brother Luohan who challenges you first. Even if you want to challenge my elder brother, you have to accept Luohan's challenge first?"

"There should be someone who comes first and comes later. You don't dare to fight with elder martial brother Luo Han. What qualifications do you have to challenge my elder brother?"

Wenqiao month is also angry enough, suddenly pointed to Wang Fan's nose.

"What a joke Wang Fan sneered, "is it difficult for everyone to challenge me to rain, I have to promise?"

"In that case, I don't think I have to do anything else in the future, just waiting to accept countless challenges."

"What's more, Luo Han's cheap life is really not worth a million high-quality spirit stones, and I have no interest in his life."

"I don't mind accepting his challenge if you are willing to help him produce a million high-quality stone."

Wang Fan said here, suddenly the conversation changed, "of course, if he dares to gamble with me, I can accept it. After all, in my eyes, his life is worth more than Luo Han's

"You Listen to Wang Fan this merciless voice, also a cheap life, a cheap life, the slightest look down on Luo Han's words, Luo Han is simply the whole body trembling, more angry.

Wen Yizhan, Wen qiaoyue and other people's faces are also more ugly.

Arrogance, it's too arrogant.

They didn't expect that Wang Fan would be so arrogant and dare to challenge Wen Yizhan and writers.

Can't Wang Fan really dare to kill Wen Yizhan?

Think of here, in addition to the month chongyun a few peerless Tianjiao, the rest of the people that look at Wang Fan's eyes, are flashing a deep fear.

"Brother Wen, lend me a million high-quality spirit stones. Believe me, I will never be defeated."

At this time, Luo Han suddenly looks at Wen Yizhan, and his face is ferocious. "When I defeat the rain, we can get back today's disgrace."

"At that time, you can humiliate him as much as you want, and make him look disgraced!"

"Here it is." Wen Yizhan listened to this, but did not immediately agree, but looked at Su Yueyi and moyayou and said, "if Luo Han really killed Luoyu, then you should not interfere in this matter?"

Wen Yizhan is not a fool. He knows that if Su Yueyi and Mo yaoyu insist on protecting Wang Fan, even if they win Wang Fan, they can't take Wang Fan.

After all, none of them is a match for the second daughter."Here it is." Su Yueyi is a little hesitant.

Whether Wang fan is fighting on behalf of their su family or brought out by her Su Yueyi, she can't watch Wang Fan's accident.

Mo yaoyu doesn't care about it, but says to Wang Fan, "brother, do you want to promise them? Don't worry. If you don't promise, even if the elder writers come, I will try my best to protect you."

"Yes, why not?" Wang Fan laughed, "but I can't flatter them."

"I'm afraid that if I win, they'll play tricks like they do now. If they don't give me a spirit stone, or if they don't have a spirit stone on them, won't I be working in vain?"

"In my opinion, if it doesn't work like this, they'll take out the two million high-quality spirit stones and put them on the ground, and then I'll fight in naluohan. How about that?"

"Only elder martial sister yaoyu, elder martial sister Yueyi, you should give me a good look at your two million high-quality Lingshi. Don't be robbed by villains."

"Cluck." Mo yaoyu can't help laughing when she listens to this. She reaches out her slender white hand, pats the heartwarming full pride, and says in a delicate voice,

"brother, don't worry, with your sister, you will never let anyone touch your spirit stone."

People around listen to the two people's singing, can't help but some speechless, that Luo Hanwen a war and other Wen family, is almost angry explosion.

Now we haven't started the competition, but Wang Fan's idea seems to have won?

But now that they have agreed, Luo Han and Wen Yizhan are no longer talking nonsense. They all take a ferocious look at Wang Fan, and then their sleeves and robes shake. On the ground, however, there are two piles of high-quality spirit stones.

As soon as the two piles of high-quality spirit stones appeared, they occupied a large space, and the rich aura came out.

Even if all the people have seen the world, they still can't help their eyes shining, and their whole heart is beating up.

"Moyaoyu, can you go down now?" After taking out the two million top grade spirit stone, Luo Han first gives Wang Fan a ferocious look, and then says to the magic remote rain blocking Wang Fan's body.

"Of course." Magic remote rain chuckles, also is no nonsense, Jiao body move, is to flash down the battle platform.

In a flash, only Wang Fan and Luo Han were left on the stage. Their eyes collided in the air, and the two

different breath also collided madly.

War is imminent.

All the people under the stage are also looking forward to it in an instant.

## **Chapter 1679**

Luo Han's face shows a grim smile and looks at Wang Fan with a strong murderous power. He is extremely crazy!

"Falling rain, dare to insult me, Luo Han. Today, I want you to be insulted like a dog, and then die without a burial place!"

Luo Han's voice seems to come from Jiuyou. The voice of ice cold is like grinding teeth, which makes people feel shivering.

Wang Fan listen to this words, but disdain to sneer, "surname Luo, have what means to although make out, see small ye I can't be afraid of you."

"As far as rubbish is concerned, you dare to speak up. Don't insult yourself like Dong Tianya."

"Hum!" Luo Han listens to this words, the murderer on the body is more expansion, he is no longer too lazy to talk nonsense, the body shape a longitudinal, then already toward Wang Fan burst rushed past.

The fierce murderous spirit swept away from him, as if it had formed the essence. At this moment, the powerful breath of the six strong men in heaven was also a show.

Just in the blink of an eye, he had rushed to Wang Fan. With a wave of his hands, a giant python appeared suddenly.

The Python's whole body sent out cold light, just like substance. He opened his mouth and bit at Wang Fan's head.

The following geniuses watched this scene, all of them were shocked. Although the python was just a mirage of Luo Han's aura, it was full of terrifying power.

Even some of the top six in Tianjing can't help but turn pale. They ask themselves that it's hard for them to stop this python.

"Python swallowing the sky, swallow it for me!" Luo Han points his finger to Wang Fan and drinks it suddenly. The speed of the python has increased several times in an instant. He bites Wang Fan hard.

"A small skill in carving insects." Wang Fan's face remained unchanged, and he gave a cold hum. His right fist was clenched instantly. The aura in his body was surging wildly. At the same time, the golden energy

in his blood was surging along the tip of his fist.

Although he could not control the strange golden energy in his mind, he could still control the golden energy in his blood.

With Wang Fan's blow, heaven and earth changed color in an instant. A golden energy just like substance emerged from the tip of the fist. It set off the force of destroying the sky and the earth, and directly hit the python.

At this moment, the whole space above the battle platform has become distorted, and the lines appear from the void like fragments, which is very terrifying.

Blink an eye, Wang Fan's fist, is already under everybody's that nervous eye, and that Python mercilessly collides.

Boom!

There was a loud sound like thunder. At this moment, the whole space seemed to be silent. Then, with a click, the python condensed by Luo Han had already uttered a hissing sound like substance, which turned into aura and disappeared.

Whoa!

The python was scattered by Wang Fan's fist, and Luo Han was also involved. His face suddenly turned white, and a mouthful of blood came out.

He looked at Wang Fan's eyes again, which had become appalled.

The genius under the stage was also numb, because they didn't expect that the power of Wang Fan's fist would be so terrible.

In the case of no use of martial arts, with the strength of the five layers of Tianjing, a boxing to defeat the six layers of Tianjing.

Although they all know that the power of Wang Fan's fist is completely due to the golden energy, they can't figure out what the golden energy is.

Is that the power of blood in legend?

Wen Yizhan's face was completely pale. He didn't expect that Wang Fan would be so powerful that even Luo Han could not defeat him.

Thinking that he almost agreed to fight with Wang Fan before, he just couldn't help being afraid.

Because Wang Fan's blow was enough to kill him.

"Son of a bitch, it seems that I have underestimated you, but even so, you will die today!"

Short dull, Luo Han back to God, saw his right hand from the waist a grasp, a shrouded in colorful pills is already re hand, and then, without hesitation swallowed down.

"Forbidden drugs, they are forbidden drugs!"

"Luo Han has six levels in the sky, but he even has to use forbidden drugs to deal with five levels in the rain?"

"Isn't that the multicolored soul melting pill? Luo Han took it. I'm afraid it's really dangerous."

Looking at this scene, people around can't help but wonder.

No one thought that Luo Han was forced to such a state that he swallowed the forbidden drug.

You know, this kind of forbidden drug should be Luo Han's trump card. He should take it out at the critical moment of young Dabie.

It's a pity to take it out here now.

Mo yaoyu secretly scolds Luo Han for being despicable and shameless. The sixth and fifth levels of Tianjing already have their own advantages. They even use forbidden drugs. It's a shame to lose them to grandma's house.

Su Yueyi is also slightly wrinkled eyebrows, heart for Wang Fan pinch a cold sweat. With Luo Han's strength, after taking the multicolored soul melting pill, the strength will definitely soar to the seventh level of Tianjing. At that time, Wang Fan was fighting against the strong men of the seventh floor of Tianjing.

Although Wang Fan's performance today gave her a big surprise, she did not think that Wang Fan could cross two levels, even after taking the forbidden drug Luo Han.

Sure enough, after taking the forbidden drug, Luo Han's breath rose wildly in an instant.

Moreover, his flesh and blood had been extremely expanded at the speed visible to the naked eye, showing the color of scarlet.

Luo Han's face is also more ferocious. His eyes are red and bloodthirsty. It seems that he has completely lost his mind.

"Luo Han, originally I thought you were so powerful, but I didn't expect that you had only such a little

ability."

"The six levels of heaven and the five levels of my heaven are still taking forbidden drugs. You are really despicable. After today, it is estimated that you will be famous all over the world. "

Wang Fan looks the same, eyes show sarcasm, looking at Luo Han, the voice is full of sarcasm.

"Well, since ancient times, they have been defeated. How can they be mean? If you have any banned drugs, you can also take them! Rain, you are dead, you must be dead, today is your death

Luo Han's eyes were scarlet, as if he could not hear Wang Fan's voice at all. He just stared at Wang Fan with his blood red eyes.

It was Wen Yizhan who couldn't help shouting wildly. His heart is bleeding, he did not expect, Luo Han even has such a drug.

If this kind of forbidden drug is taken out in Dabie, Luo Han will certainly get a good place and make a big face for his literary family.

But now, Luo Han used the forbidden drug. How could he not be angry!

"Brother, sister, there are also forbidden drugs here. Do you want them?"

At this time, a voice like a silver bell suddenly came out. The magic rain under the stage also appeared a forbidden drug in his hand. He looked at Wang Fan from afar.

"No! To deal with this kind of waste, I don't need to use forbidden drugs when it rains! " Wang Fan waved his hand and refused directly.

He is now an alchemist, and naturally has a certain understanding of this forbidden drug.

It can be said that the prohibition of drugs is totally harmful to others and not beneficial to oneself. Although it can improve the cultivation in a short time after taking it, the sequelae is also great.

If it's serious, you'll be killed. If it's light, you'll have to lie in bed for ten and a half days.

"Death At this time, Luo Han spit out a word, suddenly moved!

## **Chapter 1680**

See Luo Han double pedal ground, toward Wang Fan blast and go.

Every time he dashed forward, the platform would give out a violent roar, and his breath would be stronger.

When he got close to Wang Fan, the breath on his body was completely up to the extreme, and the solid platform was also stepped out of cracks like spider webs.

"Death Luo Han roared out again, his right leg suddenly stepped on the ground, and his body was in a hurry towards Wang Fan.

His hands into a fist, dancing in the air, set off a terrible power, straight Bang Wang Fan.

At this moment, Luo Han did not use any martial arts, but only attacked by his body.

However, at the moment, his physical body seems to be extremely powerful, especially the bulging blood red arms and fists, is mixed with the power of thunder, unstoppable.

"The power of the flesh?" Wang Fan looked at this scene, eyes slightly narrowed, no fear, body aura swept again, golden energy perfusion body, crazy and that Luo Han fight together.

Boom boom!

The two people's four fists collided in an instant, and the air gave out a harsh hum, and the scattered energy was like waves and ripples, raging wildly away.

Even Wen Yizhan and others could not help but start to retreat with a pale face.

It's terrible. It's terrible.

Although both of them didn't use any martial arts, their momentum was more terrible than using martial arts.

After several moves, Wang Fan and Luo Han are separated.

At this time, Luo Han's blood red color is more rich, and his breath is more crazy.

His blood vessels and meridians are wriggling, like a ferocious snake, as if it would burst at any time.

Wang Fan's face is slightly pale, the breath is already some instability.

Without using any martial arts skills, and only using the five levels of Tianjing's strength, Wang Fan also felt the pressure in the face of Luo Han after taking the forbidden drugs.

After all, no matter how powerful Wang fan is or how powerful his fighting power is, it is limited. He can't use martial arts when fighting across two levels. He is really a little uncomfortable.

The audience under the stage looked at the scene, and they were completely dull.

It's beyond their expectation that Wang Fan could fight with Luo Han after taking the forbidden drugs by virtue of his five level cultivation.

Most people, that look at Wang Fan's eyes have become afraid, no longer dare to have a little underestimate.

Luoyu, who is from zixiazong, is absolutely a person with amazing talent, no less than yuechongyun's top talents, a big dark horse, and a hot candidate to win the championship.

As for the following Yan Feng three people, has been completely scared silly.

Yan Feng in particular, as long as he thought of himself several times to make trouble and ridicule Wang Fan, he could not help but be afraid.

Fortunately, Wang Fan didn't see eye to eye with him, otherwise, Yan Feng would be in bad luck.

He thought of the scene when he made trouble for Wang Fan, and his heart was bitter. It must be that when he teases and ridicules Wang Fan, Wang Fan seems to be watching a clown jump in front of him?

Su Yue's beautiful eyes are even more colorful. She never thought that even she didn't have a good view of the falling rain, which would surprise her several times.

Only moyayou's face is calm and looks at Wang Fan with a smile. In the eyes that occasionally sweep to Luo Han, there is a faint disdain.

"Roar!" Luo Han gasped for breath. At a certain moment, his big mouth suddenly opened and gave out a roar like a fierce animal. Then he rushed to Wang Fan again.

Click, click!

This time, under his crazy step, the solid platform began to crack completely. Where Luo Han passed, the platform collapsed completely.

"It's really frustrating. When will Wang Fan be forced to such a level by just one heaven level six?"

"I can't use my martial arts skills and all my accomplishments. It's really a shame. It seems that after I leave today, I need to find a martial arts training film to deal with the next big competition. "

Wang Fan some depressed murmured, this time, but did not fight with Luo Han, but with speed began to avoid.

Luo Han's cultivation was promoted by taking forbidden drugs. His state could not last long at all, so Wang Fan chose to procrastinate.

Although Wang fan is sure to kill Luo Han, he will certainly pay some price, but he doesn't want to.

Luo Han roared in his mouth and bombarded Wang Fan crazily. However, Wang Fan's speed was too fast. Every time he attacked, he failed.

Even if he catches up with Wang Fan, at the critical moment, Wang fan can always rely on his rich combat experience to avoid his attack.

This let him accumulate full of anger and strength, there is no place to vent, it is stifling to death.

"Don't you have the power to fight Luo Han head-on? What's the ability to hide all the time? Is it true that you are a mouse? What a shame! In the face of this scene, the audience naturally saw Wang Fan's intention, and Wen Yizhan couldn't help but roared wildly.

Luo Han can only win but not lose. Otherwise, not only Luo Han will lose face, but also his literary family.

Wang Fan in the face of the clamor of the war, as if not heard, still can't help to avoid, don't give Luo Han hit his chance.

However, the evil remote rain can not eat this set, she said to Wen Yizhan disdainfully, "despicable? Who on earth is despicable? "

"He Luohan can take forbidden drugs, can't he allow my brother to escape? But then again, I can't even hit my brother after taking the forbidden drugs. This Luo Han is really useless. "

Wen Yizhan heard Mo yaoyu's words, immediately his face stagnated and he closed his mouth.

"Ah

At this time, Luo Han, who was pursuing Wang Fan crazily, suddenly uttered a scream. Then he knelt down on the ground and began to roll crazily with his head in his arms.

His face was twisted, his body was permeated with blood, and he looked extremely ferocious and terrifying. Obviously, the time limit for drug prohibition has come, and antiphagy has begun.

Wang Fan looked at this scene and immediately stopped. He looked at Luo Han with great interest, and said sarcastically,

"eh, what's the matter with you? Why did you kneel down for me all of a sudden? Can't it be that you can't stand it, so you bow down and kneel down? "

As soon as Wang Fan said this, the scene burst into a burst of laughter, only Wen Yizhan's face was livid.

At this time, Luo Han has recovered his mind. He wants to kill Wang Fan crazily, but the backfire is too

terrible. It's heartrending. Let alone killing Wang Fan, he doesn't even have the ability to stand up.

"Waste is waste. It seems that the two million high-quality spirit stone is already mine."

Wang Fan, with a smile, suddenly stepped forward, kicked the rolling Luo Han, and then jumped to the front of the two million high-quality spirit stone.

And looking at this scene, the scene is a dead silence.

Although Wang Fan didn't beat Luo Han in a positive way, Luo Han after taking the forbidden drugs couldn't beat Wang Fan, which has proved Wang Fan's strength.

Everyone already knows that this rain will be the biggest black horse in this big match, and it will definitely make a big splash in this big match.

Luo Han, Wen Yizhan, and even the writers were thoroughly discredited this time.

Now Dabi has not started yet. Luo Han, the strongest expert representing the literati, has been defeated and half abandoned. This time, the literati are doomed to lose face.
