

Mighty Sk 1971

Chapter 1971

At the moment of opening the space ring, Wang Fan was stunned. There was a million excellent spirit stones and a volume of King level martial arts.

Even if it's a million top-quality spirit stones, Wang Fan's current status is not too concerned. But Wang Fan was a little excited by Wang's martial arts.

You know, King level martial arts are extremely rare, and if you take out any one, it's a sky high price.

Master Miao was willing to give him king level martial arts skills, which was beyond his expectation.

"It seems that master Miao is really annoyed by that teacher Wen Ruyu, otherwise he would not have paid so much money."

Wang Fan whispered and slowly opened this volume of Wang level martial arts.

Violent boxing, a very simple name, contains an atmosphere.

Wang Fan didn't waste his time and began to study it carefully.

He doesn't have a lot of cards now. If he has such martial arts skills, he will naturally use them.

Wang Fan soon immersed in the practice of violent boxing, completely forgetting the passage of time.

It's a day for him to sit here.

During this day, he didn't practice and absorb aura, just like an old monk, completely immersed in the understanding of violent boxing.

In this way, until the next day at noon, a moment, he finally moved for the first time.

He raised his fists slowly and began to dance in a strange posture.

With the dancing of his fists and a buzz, the aura in the air suddenly condensed, and soon formed a huge whirlpool like substance.

The whirlpool of terror wrapped Wang Fan's fists and solidified them slowly. Inside, a terrible pressure also emerged quietly.

Wang Fan's face is dignified, and he controls the aura in his body. He runs along the specific meridian route of violent boxing, and does not dare to be slack at all.

However, Rao is so, when the whirlpool is about to solidify completely, a hissing sound suddenly comes out, and then the whirlpool dissipates.

At the moment when the whirlpool dissipated, Wang Fan suddenly opened his eyes and a bitter smile appeared at the corner of his mouth.

"It's still not well controlled. The difficulty of training this fierce fist is far beyond the original void palm and seven kill Liuyun sword."

Wang Fan murmured and began to practice again.

He tried again and again, failed again and again, until the third day, he finally succeeded.

"Well, it's just a waste of five days of cultivation. It's too slow."

"I'd better upgrade my strength to the fourth level of Wangjing first. It's a pity that the aura here is so rich that it's a waste of time."

Wang Fan sighed bitterly. He didn't continue to practice violent boxing, but began to absorb it crazily.

His cultivation has reached the fourth level of the kingdom. Although he has fallen, as long as his aura is enough, he can return to the fourth level of the kingdom without any barrier.

So, he didn't want to waste time.

With Wang Fan's cultivation, the terrible aura in the cave immediately got traction and gathered madly towards Wang Fan.

Soon, Wang Fan's whole body has been wrapped by a strong aura, and infiltrated through his pores.

Wang Fan clearly felt that every cell in his body was greedily absorbing the rich aura and constantly refining it.

After refining, those auras showed golden light and finally merged into Wang Fan's Dantian.

If anyone saw this scene, it would be a big surprise.

Even if the cultivation can arouse such momentum, the aura in the elixir field is still golden, which is too shocking.

Of course, this scene is doomed to be impossible to be found.

At the time of Wang Fan's cultivation, in cave 34, a young man with a white complexion was practicing, but suddenly he opened his eyes.

There was a little doubt in his eyes, and he murmured, "why do I feel that the aura of the cave has faded a lot? What's the matter?"

He frowned, puzzled.

He is not the only one, but also the one whose number is less than 100. Anyone who practices in the cave feels this scene.

They were shocked and puzzled.

Wang Fan naturally doesn't know all this. He is still eating those auras crazily and improving his cultivation.

In this phagocytosis, the aura in his elixir field is constantly expanding, and his cultivation is also slowly improving.

However, Wang fan is not satisfied with this kind of promotion.

"At this speed, when can we ascend to the third level of the kingdom? It's better to add more fire."

He murmured to himself. Suddenly, he grabbed countless top-quality spirit stones, spread them around, and began to devour them crazily.

Wang Fan's practice lasted one month.

For a month, he didn't walk out of the cave, and he was constantly devouring cultivation.

And with this phagocytosis, his strength is also promoted to the peak of the second level of Wang Jing, and he can immediately enter the third level of Wang Jing. However, Wang Fan's heart is speechless.

It took a month for such a rich aura and so many top-quality spirit stones to work together. It was just the peak of the second level of the kingdom.

It's a terrible need for aura, isn't it?

If he wants to go on like this, how many cultivation resources should he need to upgrade to the fifth, sixth or even higher level of the kingdom?

"Ah." He sighed in a soft voice. He didn't think much and continued to devour cultivation.

Thirty four cave, the white faced young man through this month's observation, is finally the target of Wang Fan.

Because his cave is the closest to Wang Fan's cave, and he has been peeping for a month, he finally realized that those dissipated auras are pouring into Wang Fan's cave.

"No.35 cave is said to be home to a freshman who has just entered the palace. What is the new student doing? How can the absorption of aura be so terrible? "

"It's just a freshman. Cultivation can cause such a terrible fluctuation. There must be a secret in this person."

The young man murmured, and there was a cold light in his eyes, but there was still some greed in the cold light.

After investigation, he has learned that No. 35 cave has a master, and the master is a freshman.

But he didn't know that the new student had been accepted as a disciple by master Miao.

Although there are No.1 to No.100 caves on this mountain, in fact, with Wang Fan, only 35 caves are occupied.

From the 1st to the 10th, they lived in the top ten Tianjiao, the undisputed figures in the Wangdu holy courtyard. From the 11th to the 35th, they just have the potential to become the top ten.

The number of top Tianjiao in Wangdu Shengyuan is always ten, which can only be replaced without increasing.

And whether it's the top ten or the one with the potential to become the top ten, there are all kinds of overt and covert struggles.

"Freshmen, I want to see what secret you have."

With a sneer, the young man suddenly left cave 34 and went straight to cave 35.

Chapter 1972

Wang fan is practicing, suddenly his face changes, his dark eyes suddenly open, and he sweeps out of the cave coldly.

The cold light in his eyes twinkled as if he could penetrate the stone gate of the cave and see everything outside.

"After more than a month, is there any trouble at last?" Wang Fan's mouth widened a dangerous radian, got up directly, and walked out of the cave.

With his walking, the stone gate of the cave also opened slowly in a roaring sound.

At the moment, Wang Fan's strength is still breaking through to the third level of Wang Jing. He is looking for someone to practice and test his strength.

Luo Xiang just flashed to Wang Fan's cave before he suddenly saw that Wang Fan's cave suddenly opened.

As soon as his face changed, he suddenly looked into the cave. A handsome young man in black came out slowly.

This person's clothes are windless, and his eyes are as plain as a deep pool.

Luo Xiang stares at Wang Fan, the heart can't help a shock, "this, is really a new life?"

I don't know why, in the face of Wang Fan's calm expression, he had a feeling of pricking his back. It's as if Wang fan is not a freshman, but Luo Xiang is.

"It's just a freshman. I don't believe he's really better than me. I'm going to make up my mind about his secret."

Luo Xiang forcibly dispels the uneasiness in his heart. With a few twinkles, he comes to the hundred meters in front of Wang Fan.

He looked at Wang Fan faintly and said with a smile, "are you the new younger martial brother? Elder martial brother, I haven't seen Lingshi recently. I wonder if younger martial brother can help me? "

Although Luo Xiang came to find fault, he needed a reason, even if it was ridiculous.

"Go away!" However, as soon as his words came down, it was Wang Fan's word "roll.".

Wang Fan's voice is like thunder, and his crazy echo on the mountain immediately attracts the attention of countless Tianjiao.

The roaring sound is constantly ringing, and soon there are more than ten people running out of their caves, flashing to this side.

These people, male and female, all stopped thousands of meters away and looked at Wang Fan and Luo Xiang in the distance. Their eyes twinkled with interest.

Get out of here?

Luo Xiang listens to this words, the facial expression is in the twinkling of an eye rise of red, in the heart immediately is Teng of gush the fury of the sky.

How did he not expect that Wang fan should be so arrogant and dare to ask him to go!

He no longer had the hypocrisy to cover up, looked at Wang Fan directly and said, "what an arrogant freshman!"

"Didn't the tutor in charge of the assessment tell you that freshmen can't be too arrogant?"

Wang Fan listened to this, but disdained to curl his mouth, "I said you were so much nonsense, to start quickly, don't waste each other's time. Don't you think it's funny when the watch still wants to build a memorial archway? "

Coax!

The more than ten people were stunned and then burst into laughter.

"Luo Xiang, as an old student, you are so provoked by a new student. What a shame."

"Can you bear all this? If I were you, I would never bear it."

"I think what they said is quite right. Don't you just want to rob people's things? Just do it directly. Why do you talk so much nonsense?"

A few of them can't help but ridicule Luo Xiang, as if they are not afraid of big things.

Luo Xiang listens to the laughter around him, and then listens to the taunt of the other party. His face is even more ugly. He stares at Wang Fan, gnashing his teeth and says, "OK, OK, Λ."

only when he says two words, he is interrupted by Wang fan impolitely, "noisy."

Luo Xiang is really about to be mad. His face is red and he doesn't want to talk nonsense any more. With a bang, he kills Wang Fan crazily.

For Luo Xiang, the distance of 100 meters is just a blink of an eye.

In a flash, he had already rushed to Wang Fan's front. The terrible momentum of the eighth floor of the king's territory spread out. He made a fist with his right hand, set off a terrible storm, and directly blasted at Wang Fan's chest.

Around those arrogant looking at this scene, the face did not change much, but they are carefully watching up.

Their mental power is madly diffused out, and no details are missed.

They all want to know whether Wang Fan, a new comer, is arrogant or arrogant.

After all, even if Luo Xiang doesn't make sense, Wang fan is still too arrogant under the cold-blooded rule of Wangdu holy court.

"The eighth floor of Wangjing?" Wang Fan felt the terrible smell of Luo Xiang, and his face didn't change at all.

However, the aura in his body has been surging up crazily, and his fists have started to wave strangely.

He didn't retreat, didn't dodge, just when Luo Xiang's fist was about to come, he suddenly withdrew his right fist, waved it, his eyes were frozen, and he said, "violent fist!" In a flash, the terrible storm gushed out from Wang Fan's fist tip, tearing the air, and bumping into Luo Xiang's fist.

Bang!

A terrible sound, the fury of the moment from the two people's fist point of contact crazy scattered, rampant everywhere.

Under the terrible violence, Wang Fan didn't move. Looking back at naluoxiang, he felt that a terrible force was coming.

Hiss a, the mouth spurts out a mouthful of blood, the whole person is like a broken kite to fly out.

Boom!

His whole body, like a dead dog, fell on the ground and splashed with smoke.

At this moment, the whole audience is dead!

More than ten Tianjiao were dull, their mouths were wide open and their faces were shocked.

One punch, just one punch, is Luo Xiang defeated?

Is this freshman really so terrible?

"How weak!" Wang fan is very disappointed to see Luo Xiang one eye, spit out two words in the mouth, then is to turn head, plan to return toward the cave.

He thought he could fight with Luo Xiang for several rounds to test his strength and get familiar with the fierce boxing.

However, I didn't expect that this guy didn't even catch a punch.

"You die for me!" Just when Wang Fan just took two steps, Luo Xiang, who fell on the ground, suddenly got up.

Only to catch out a pill to swallow, and then it is the face of ferocious to Wang Fan again killed in the past.

His face, the emergence of a strange black awn, the body's breath, but also began a crazy surge. In a short moment, it has been promoted to the Ninth level of Wang Jing.

At this moment, Luo Xiang's eyes, only crazy, only killing!

In front of so many people, Wang Fan was defeated by a freshman. He was unwilling to kill Wang Fan!

"King level martial arts, the sun swallows the clouds!"

Soon, Luo Xiang is already running to Wang Fan, a deep burst of drink, his right hand is already a palm, set off rolling power, crazy toward Wang Fan.

Chapter 1973

"Stubborn!" Wang Fan feels Luo Xiang's crazy counterattack, and his eyes are cold in an instant.

Without any hesitation, he made a fist with his right hand, slightly twisted his upper body, and then blasted out crazily.

This time, Wang fan not only used the king level martial arts fist, but also used the mysterious golden energy in his body.

Golden energy around the tip of the fist, mixed with the power of terror, and Luo Xiang's fist in the air.

Bang!

With a loud noise, Wang Fan only felt a strong attack, and the whole person could not help retreating a few steps.

That Luo Xiang is the facial expression a change, fly backward a few meters just steady body shape, a fishy salty emerge between the throat, but was swallowed back by him dead.

He stares at Wang Fan, and there is a shock in his eyes.

The first time they collided, it can be said that he was defeated because he didn't use the king level martial arts.

But all this, after swallowing the forbidden drugs, he also used the king level martial arts. Why didn't he defeat Wang Fan.

"I wanted to give you a chance to go away. But since you don't cherish it yourself, don't blame me for

being impolite. "

Wang Fan slowly raised his head and looked at Luo Xiang. His voice was icy.

With the sound, as soon as the sole of his foot stepped on the ground, the whole person rushed to Luo Xiang like a wild animal.

This is the first time that Wang Fan has taken the initiative since the confrontation.

He's very fast, very fast.

Just like a storm and lightning, Wang Fan ran to Luo Xiang in a flash, his arms, legs, elbows, knees, head and so on. It seemed that at this moment, all of them turned into deadly sharp weapons, and madly attacked Luo Xiang.

Luo Xiang's face changed violently. He retreated crazily and resisted crazily. But in the face of Wang Fan's stormy attack, he couldn't resist it at all.

In a series of bangs, he kept retreating and coughing up blood. After a few strokes, he was seriously injured.

Around that more than ten people looking at Wang Fan this sharp attack, the pupil is all can't help but suddenly constrict, eyes show startled.

Such a terrible speed, such a fierce offensive, it is too terrible.

They even can't help thinking, if they are so close to Wang Fan, is it possible to resist.

After all, if you are attacked so close to your body, you can't show your martial arts if you can't get away from it. Unless the use of martial arts has reached the level of perfection.

Boom!

Wang Fan hit Luo Xiang again. Luo Xiang immediately flew out like a dead dog and fell to the ground again.

Cough, cough.

He couldn't help coughing up a few mouthfuls of blood. He wanted to struggle to get up, but he couldn't do it all the time.

He looked up at Wang Fan with humiliation and fear in his eyes.

Luo Xiang never thought that Wang Fan, just a freshman, would be so tough.

With Wang Fan's strength, even in the top ten of the 25 candidates, he can be ranked in the top five.

"Hand in your space ring. Originally, I'm new here and I don't want to do it so well. But since you're not smart, don't blame me for being rude."

Wang Fan's expressionless looking at Luo Xiang, while slowly approaching, said slowly.

His voice, plain, no waves, but the sound of the footsteps, at this time is very loud.

Every time the sound of footsteps sounded, it was like a heavy hammer, knocked down in the hearts of the people.

Luo Xiang listens to this words, but the complexion changes abruptly, "as a new student, how dare you rob my space ring?"

"Well?" Wang Fan frowned a little, a step, is already to Luo Xiang body, right foot raised, without hesitation, is extremely decisive ruthless step down!

That kind of ruthless and decisive action, looking at the more than ten people around, there are some scalp numbness, straight hair.

"No, I'll give it to you!" Luo Xiang heart is also suddenly a quiver, quickly hiss to say.

At this moment, he was really afraid of Wang Fan.

This guy is too cruel.

if he really goes on, he will not recover even if he is not abandoned for a year and a half.

At the moment when Luo Xiang's voice came out, Wang Fan's feet suddenly stopped in the air. He rushed to Luo Xiang and slowly stretched out his right hand.

Luo Xiang looks at this scene, a twitch at the corner of his mouth, bites his teeth, takes out the space ring and throws it out.

His heart was full of bitterness. If he had known that, he shouldn't have come to provoke Wang Fan.

Now, it's better not to rob Wang Fan. If Wang fan doesn't say it, he will be robbed by Wang Fan. It's like stealing chicken and not eating rice.

Wang Fan slowly put down his right foot, took the space ring, swept his mental strength, and nodded his head with satisfaction, "you know what you're interested in, remember, never again!"

Wang Fan said, the line of sight also intentionally or unintentionally swept around that more than ten young men and women. When the young men and women saw Wang Fan's eyes sweeping, their faces changed and they showed a kind smile.

Through Wang Fan's performance, they have seen that although Wang fan is a new student, he is definitely not a soft persimmon.

This kind of people, they are also easy not to provoke.

Wang Fan looked at those people's kind smile, also with a smile, and then walked back to his cave.

He believed that after this event, he could practice for a period of time.

If there is no accident, no one will come to trouble him again.

Luo Xiang looks at Wang Fanna's back. The bitterness of his mouth is getting stronger and stronger. But soon, the bitterness is transformed into ferocity.

"I'll take revenge for my revenge today. Isn't Lian Kui trying to recruit me to work for him? I will promise nalenkui, and then let him come out for me! "

Luo Xiang murmured bitterly in his heart, got up hard, and left here in the eyes of the laughter around him.

Instead of going back to his cave 34, he went directly to the location of cave 11.

After arriving at the location of cave 11, he sat down on his knees outside the cave.

No. 11 cave, the name of the resident is Lian Kui. Its actual strength has reached the Ninth level of Wang Jing, and its combat strength is even more against the sky.

He is second only to the top ten, and it is even rumored that his strength is enough to defeat Wen Ruyu, the last one of the top ten.

However, because Lian Kui did not challenge Wen Ruyu, it has not been confirmed.

Luo Xiang was once solicited by Lian Kui after he came to Wangdu Shengyuan, but he refused.

Because in his opinion, it's a shame to depend on others.

But now, in order to revenge, in order to defeat Wang Fan, for a snow before shame, Luo Xiang, has no choice.

It's hard for him to continue to practice without revenge.

Luo Xiang sat for three days. Three days later, a burly young man came to the 11th cave.

At the moment of this man's arrival, Luo Xiang's eyes, which had been closed for three days, suddenly opened, and then said directly,

"Lian Kui, as long as you do one thing for me, I will choose to depend on you and do things for you."

Chapter 1974

When Luo Xiang said this, his heart was rather unwilling.

As a genius and a proud man, he is not willing to do things at other people's feet.

However, at the thought of the humiliation Wang Fan brought to him, at the thought that he lost his face in full view of the public, he forced him to drive away.

If he wants to take revenge, he must take revenge. Otherwise, how can he rise up in the holy court of the king's capital?

"Oh?" Lian Kui listens to this words, in the eyes emerge a touch of strange, he lightly looked at Luo Xiang one eye, asked, "what's the matter?"

Lian Kui knew something about Luo Xiang. Although he only occupied cave 34, he was arrogant. Otherwise, he would not have refused his invitation several times.

He really wants to know what it is that makes Luo Xiang so proud that he is willing to submit to him.

"I want you to help me defeat Wang Fan, and still defeat him in full view of the public. I want to discredit him!"

Luo Xiang has a strong resentment in his eyes. He clenches his fist and says word by word.

"Wang Fan?" Lian Kui listened to this strange name and could not help frowning, "who is he?"

Lian Kui is really puzzled. As a person who is second only to the top ten Tianjiao in Wangdu Shengyuan, he knows something about Tianjiao students in Wangdu Shengyuan. But Wang Fan had never heard of him.

Luo Xiang listens to this words, the fist clenches more tightly, in the eyes even all could not help but sprang up the humiliation. He gritted his teeth and said, "he's a freshman. He's a freshman this year!"

"Freshmen?" When Lian Kui heard this, his face suddenly became strange. "You're not going to tell me that you were defeated by that freshman, and that you were beaten by him, are you?"

With Lian Kui's eyesight, naturally, he had already seen that Luo Xiang was injured, but he didn't break it.

"Yes Although Luo Xiang was reluctant to admit it, he still bit his teeth and nodded.

Lian Kui's words were like a slap on his face, which made him feel more humiliating and stinging at the same time.

"Where does he live?" Continued Lian Kui.

"Cave No.35 of this peak." Luo Xiang replied.

"Well, I know about it. Go back first. I'll give you an answer in three days."

Lian Kui looked at Luo Xiang cruelly, but he didn't agree immediately, but said slowly.

Luo Xiang heard this, almost couldn't hold back a mouthful of old blood.

It never occurred to him that Lian Kui didn't agree to him immediately.

At the beginning, even Kui's several solicitations with him were strongly rejected by him. This time, it was good. He groveled, begged for help, and even took the initiative to cling to it. On the contrary, Lian Kui didn't immediately agree.

This strong contrast, so that he simply can not accept.

Luo Xiang an old face rose red, only feel depressed, but, it is not dare to attack, can only bite teeth nodded, "good."

After that, Luo Xiang gets up and leaves here.

Lian Kui looks at Luo Xiang's back, but he can't help but snort, and a sneer appears at the corner of his mouth.

"Do you think that if you come to me, I will help you? If you had chosen to depend on me at the beginning, where would there have been so many things? "

"But that freshman named Wang fan is a bit interesting. You can recruit him."

Lian Kui sneers, grabs a communication bead and sends out a message directly.

Less than a few minutes after the message was sent out, two figures soon appeared here.

They are a man and a woman. The man is tall and handsome, and the woman is tall and beautiful. When

they walk together, they are like a couple.

However, these two people are extremely respectful to Lian Kui, and even there is a deep fear behind the reverence.

After they came here, they stopped ten meters in front of Lian Kui, then knelt down on their knees and said in a respectful voice, "Han mu, charming, see you master."

Han mu, jiaomei, is also Tianjiao who lives in this peak. He lives in cave 29 and cave 30 respectively.

Lian Kui glanced at them faintly, just like looking at two pigs and dogs. He looks calm, slowly said, "you go to 35 cave, solicit that new Wang Fan."

"Yes, master." After hearing this, Han Jiao and her husband didn't hesitate. They answered respectfully and quickly flashed to the cave No. 35.

However, after they were far away from Lian Kui, there was a deep hatred in their eyes.

This silk hate, just from their eyes in a flash, is disappeared, if not have been careful attention, will not find.

...

after Wang Fan defeated Luo Xiang and returned to the cave, he did not continue to practice, but took out the mysterious scroll he got from the ruins of the chaotic mountains.

At the beginning, this mysterious scroll, together with the noble weapons, was on the stone platform and in the light shield. However, the mask of this mysterious scroll is much stronger than the mask of a noble weapon.

Wang Fan gave the sword shaped weapon to Yunling, but he left this mysterious scroll. However, he did not have time to open it.

"The value of this mysterious scroll must not be lower than that of a respected weapon. I want to see what it is."

Wang Fan whispered and slowly opened the mysterious scroll.

At the moment when he opened the mysterious scroll, there was a buzzing sound, and a very hot glow suddenly burst up. In an instant, it had already rushed to the sky.

The terrible glow, mixed with unmatched power, has the ability to destroy heaven and earth.

Wang Fan had no doubt that if the glow hit the top of the cave, it would smash the cave.

At that time, Wang Fan's face changed and he quickly closed it.

At the moment when the scroll is closed, it seems that the glow will bombard the top of the cave. It seems that it has lost its energy supply before it completely disappears.

"This, what is this?" Wang Fan's eyes were startled, and cold sweat oozed from his back.

Fortunately, he always stares at the scroll and reacts quickly. Otherwise, once the cave is destroyed and Xiaguang is noticed by others, it will bring a lot of trouble.

He did not continue to open the scroll, but quickly began to set up a border ban.

Half a day later, hundreds of border prohibitions have been set up to surround the whole cave.

After all this, Wang fancai carefully opened the cigarette again.

Hum!

At the moment when he opened the scroll, the glow reappeared and rushed out crazily. The hundreds of borders arranged by Wang Fan just collapsed in a flash.

As soon as Wang Fan's face changed, he was about to bite his teeth, but at this moment, the fierce glow suddenly disappeared. Everything is back to normal again.

Wang Fan wiped the cold sweat on his forehead and looked down slowly. It was just a glance. His expression was suddenly solidified!

The nine big words in his eyes made his whole heart jump up.

"Respect the level of martial arts, kill the sky in the wilderness!"

Chapter 1975

"Respect the level of martial arts, kill the sky in the wilderness?" Wang Fan murmured, with unprecedented heat and excitement in his eyes.

He never thought that it would be a volume of respected martial arts.

You know, venerable martial arts are legendary things. They are more precious than venerable weapons.

Even if we look at the eighteen empires and even the Imperial Palace, it is estimated that there is not a volume of respected martial arts.

If this thing is taken out, it will be enough to cause the madness of the eighteen empires and even the

holy court of the capital.

"I found the treasure. I really found the treasure this time." Rao is just like Wang Fan's mind. They are all so excited that they can't help themselves.

If he is killed in the great wilderness of the practice society, I'm afraid even those who respect the strong will be afraid of him.

Of course, even if Wang Fan learned this martial art, he would never dare to use it easily.

A man is innocent and guilty. If someone knows that he has mastered the martial arts, he will be the target of the public.

Wang Fanqiang repressed his inner excitement, slowly opened the wasteland and began to study.

This is three days. However, Wang fan made no progress in his practice of exterminating poverty.

It's far more difficult to respect the level of martial arts than to cultivate the level of King martial arts. It's difficult for Rao to achieve the complicated operation route of aura in a short time because of Wang Fan's qualification.

In the past three days, he has been trying to run, but every time he failed, which is far from the beginning.

"It's worthy of being a respected martial arts skill. It's far more difficult to cultivate than a king's martial arts skill."

"That's right. If it's so easy to practice and succeed, I'm afraid it's not worthy to be a respected martial art."

Wang Fan murmured bitterly, but he did not give up. If you don't attend the seminar, Wang Fan will have trouble sleeping and eating.

"Well?" At a certain moment, Wang Fan suddenly opened his eyes and looked out of the cave. There was a chill in his eyes.

He clearly noticed that two strong breath came to his cave. He swept with his mental strength, and immediately found that the man was a man and a woman.

"It's only been less than three days, but someone came to the door again. It seems that Liwei was not enough that day. Don't you really think that I, Wang Fan, dare not kill people? "

Wang Fan's eyes were cold and murmured to himself.

In his heart, he was also quite angry.

Can't it be that as a freshman, he should be treated like this? Do these people regard him as a soft persimmon?

Wang Fan hummed coldly. Without hesitation, he opened the cave and went out.

If these two people are here to find fault, then he will not be soft handed and fight directly.

When Wang Fan comes out of the cave, Han Mu and Jiaomei have already noticed that when they look at Wang Fan, there is a deep regret in their eyes.

On the surface, Wang Fan was silent, but on the inside, he was surprised.

Although the regret in their eyes is very deep, they are clearly accepted by him.

His mental power swept over them, and soon his eyes were fixed.

He in these two people's Dan Tian place, unexpectedly perceived a prohibition.

The prohibition is extremely powerful and vicious. It condenses in the two people's elixir field. As long as the people's mind moves, they will be completely abolished.

Obviously, these two people have been controlled.

Wang Fan noticed this scene, but he was shocked.

Who actually controlled these two guys on the eighth floor of the kingdom?

Tutor? Or students?

If it's a tutor, it's cruel and vicious. He must be careful in the future.

If it's a student, which student has such a big hand? Is it the tutor of Wangdu Holy College who doesn't care?

"Excuse me, are you younger martial brother Wang Fan?" Just when Wang Fan thinks about these, Han Mu has stepped forward and opened his mouth politely.

"What's the matter?" Wang Fan's tone is very cold.

"Our master, oh no, elder martial brother Lian Kui wants to see you. Do you have time?" Han Mu clasped his fist again and opened his mouth politely.

Master? Elder martial brother Lian Kui?

However, even if Han Mu closed his mouth in time, his words were accepted by Wang Fan.

Wang Fan was shocked in his heart. I'm afraid Lian Kui was the one who set up such a vicious ban in their Dantian.

However, he had a guess in his heart, but on the surface he was still, "who is elder martial brother Lian Kui? What did he see me do? "

"Elder martial brother Lian Kui is second only to the top ten. He lives in cave 11. He appreciates you very much, so he wants to make friends with you." Han Mu said slowly.

However, when he said the four words "elder martial brother Lian Kui", his expression was obviously unnatural, and there was a deep fear and hatred in his eyes.

Wang Fan looks at Han Mu's expression and is more sure that the evil person is Lian Kui. He pondered slightly and said, "go back and tell elder martial brother Lian Kui that I don't have time now. When I find time, I will visit him in person."

Wang Fan didn't directly and strongly refuse. He was a newcomer and didn't want to take the initiative to provoke so many cruel people. In particular, Lian Kui is not willing to take the initiative to provoke such vicious people.

Of course, if Lian Kui offends him, it's another matter.

"Since younger martial brother Wang Fan has no time, we won't disturb him. Goodbye." Han Mu also did not entangle, once again clasped his fist and said that he planned to leave.

But that side of coquettish, but is looking at Wang Fan, nu mouth, want to say something, but in the end is nothing to say.

The two of them have already left soon. They are just like a passing show. They come and go quickly.

Wang Fan looked at their back, but he could not help frowning.

He felt that it would not end like this.

At the same time, there was no way to practice in cave 34. Luo Xiang, who had been staring at Wang Fan's cave, also saw this scene.

In his eyes, there was a huge sense of humiliation and hatred.

"Lian Kui, you little man, how can you play with me?" Luo rang a low roar, but he didn't dare to be too

loud, which was very depressing.

He didn't expect that he would come to the door in person and grovel to Lian Kui for help. In the end, Lian Kui wanted to take the initiative to recruit Wang Fan.

What did Lian Kui do to him? Is it rubbish?

Han Mu Jiaomei and her two soon came to Lian Kui's cave. After they knelt down, they said the whole story word for word.

When Lian Kui listened to this, his eyes were ferocious, and he was furious!

He is like a cannibal beast, suddenly came forward, Pa Pa Pa Pa Pa Pa is a few slaps in the face of Han Mu two.

They didn't dare to dodge at all. The corner of their mouth turned red instantly, but they still knelt there motionless.

They bowed their heads and raised endless humiliation in their hearts, but they didn't dare to show it at all.

"Waste, it's really waste. Even a freshman can't make it. Do you want me to do this little thing myself? If he refuses, won't you bring him back by force? "

Lian Kui growled, direct a little coquettish, "you, go to bring Luo Xiang."

Chapter 1976

"Yes Coquettish and respectful should a, even the blood of the corner of the mouth dare not wipe, quickly got up and left the cave.

She has been to the 34 cave where Luo Xiang is, and then she dares to wipe the blood from the corner of her mouth.

"Luo Xiang, please welcome elder martial brother Lian." Jiaomei stands outside cave 34 and shouts to Luo Xiang in cave 34.

Luo Xiang heard the charming voice, and his face became extremely ferocious in an instant. He murmured bitterly,

"why, when Wang Fan refused, he wanted to attract me again. What did he regard me as

Luo Xiang is very angry, very subdued, just think of Wang Fan to his humiliation, he finally gritted his teeth and forced to bear down.

He forced himself to smile and left the cave slowly.

Jiaomei saw Luo Xiang come out, but she didn't say much. She led the way directly, and Luo Xiang naturally followed.

They soon came to cave 11 again.

"Elder martial brother Lian." Luo Xiang see Lian Kui, although the heart is very angry, but the surface is still forced to make a smile respectful greetings.

"Well." Lian Kui looked at Luo Xiang and nodded indifferently, "your business, I promise you."

"However, before I go to teach Wang Fan a lesson for you, I will impose a ban on you."

Lian Kui made no secret of his purpose.

Prohibition?

This speech, Han Mu and Jiaomei are unable to help but hit a cicada, the face emerged a pale.

Luo Xiang's face changed and suddenly became gloomy.

Because he had never attached to Lian Kui, he naturally did not know his means. Now when I heard that Lian Kui was going to ban him, I immediately hesitated.

You know, once he really lets Lian Kui ban him, if he can't break the ban, he is likely to be controlled by Lian Kui.

"Why, you don't want to get revenge, the humiliation Wang Fan gave you so quickly forgotten?"

"I don't force you either. If you don't want to, leave."

But Lian Kui didn't care and said slowly.

"Well, you can ban it." Lian Kui's coming soon changed Luo Xiang's face, and finally he agreed.

He thought of the scene when Wang Fan stepped on him in full view of the public. He thought of the scene when Wang Fan robbed his space ring.

This tone does not come out, he is really difficult to meditate!

The most important thing is that in his opinion, even if Kuijin had banned him, he was 70% sure that he could get rid of it.

"Good, then I'll start. Remember, you can't resist when I'm banned. Otherwise, if there are any unforeseen consequences, you can't blame me. "

Lian Kui hears Luo Xiang's promise, and a touch of strangeness emerges in his eyes. He says faintly.

"I see." Luo Xiang bit his teeth and nodded. Then he closed his eyes.

But he didn't find the sadness in Han Mu's eyes.

The two people who knew the terrible prohibition already knew the tragic fate of Luo Xiang in the future.

Luo Xiang will become Lian Kui's dog, just like the two of them, and he doesn't dare to resist at all.

Even Kui did not hesitate, and soon began to set up.

At first, his ban only hit Luo Xiang, but half an hour later, at the last moment, the ban suddenly surged to Luo Xiang's Dantian, which trapped him.

At this moment, Luo Xiang's face suddenly changed, suddenly pale.

He clearly realized that the prohibition was too terrible to crack with his strength.

The most important thing is that there seems to be a strange fluctuation in the prohibition. As long as Lian Kui's mind moves, it will explode immediately.

Luo Xiang suddenly looked up at Lian Kui and said, "you"

just as he said the word "you", Lian Kui slapped him in the face.

That huge strength, directly is to draw Luo ring, back a few steps, the corner of the mouth spattered a stream of blood.

Lian Kui changed his indifferent expression before, and became incomparably sentimental, "you, what, you, you should ask the master to kneel down for me in the future!"

Lian Kui's sudden change made Luo Xiang's face even more ugly. He almost didn't have a mouthful of blood.

He chose to be attached to Lian Kui, just doing things for him, but he didn't want to be so controlled by the other party that he became a dog to beat and scold.

"You didn't hear me? Luo Xiang, from today on, you are my dog, and you are just a dog. Why do you want to resist? "

Lian Kui is not moved when he sees Luo Xiang. His expression is even more sentimental. He is a man eating wolf.

What he wants is absolute control, absolute compliance!

Luo Xiang clenched his teeth, clenched his fist, and extreme humiliation emerged in his heart. This humiliation is stronger than that which the king gave him on that day!

However, feeling the terror in the Dantian, as if the prohibition would burst at any time, he finally, with a plop, knelt down, "master."

In saying these two words, Luo Xiang's whole heart is dripping blood, but he has no way.

Seeing Luo Xiang's performance, Lian Kui smiles with satisfaction. He goes to him, squats down, pats Luo Xiang's face several times, and says slowly,

"is this a good dog? Now that you have become my dog, I will do what I promise you. "

"Next, the master will help you to teach that Wang Fan and get back this place."

Lian Kui said, slowly got up, and took the sole of his foot to step on Luo Xiang's head. Then he went out laughing.

Luo Xiang clenched his fist, and he was almost mad, but at the moment, he could only bear it!

"Lian Kui! You vile little man! I swear not to kill you and not to be a man

Luo Xiang's heart, issued a crazy roar.

Lian Kui and Luo Xiang rush to No.35 cave where Wang fan is.

Because he didn't deliberately hide his breath, he was soon noticed by many Tianjiao.

Those Tianjiao looked at the murderous expression of Lian Kui and his party, and their eyes were shocked.

"This, this is lien Kui?"

"What's lien Kui going to do, and who is he going to take to make a difference?"

"Except for the top ten, who on earth is so short-sighted that he dares to provoke this madman?"

The voice of deep discussion came out, and those who saw this scene were shocked.

Lian Kui is second only to the top ten Tianjiao, and even as famous as Wen Ruyu, the last Tianjiao.

These figures are absolute figures of the day. His every move will attract the attention of countless people.

When those Tianjiao saw that Lian Kui appeared in cave 35, they were even more shocked.

"Lian Kui, he's going to trouble that freshman Wang Fan?"

"How could this be possible? With his pride, how could he bully a freshman?"

"Well, isn't that rob? When did he join Lian Kui? It seems that Lien Kui is going to stand out for him! "

"There's a good play to watch now. It seems that the new Wang fan is going to have bad luck."

In another shocking discussion, Lian Kui has already appeared outside cave 35.

He looked at the stone gate of No.35 cave. Without a word of nonsense, he slowly raised his right fist, gathered great momentum, and blasted out with a hard blow!

People's looks, also accompanied by his blow out, face suddenly changed!

Chapter 1977

In Wangdu holy courtyard, even if the old students bully the new students, they usually just clamor outside the cave or intercept halfway.

It can't be said that there is no such thing as Lian Kui who directly bombards other people's cave, but it is also rare.

After all, it is taboo to bombard the cave where the students practice.

If you bombard the cave, it's just that the students don't practice. But if the cultivation is in a critical state, it's very likely that those who are disturbed will be attacked and seriously injured.

What's more, as a figure next only to the top ten, Lian Kui came to bombard a new cave. It's really hard to say.

Under the gaze of everyone's startled and palpitating eyes, Lian Kui's right fist raised a wave of terror in the air.

Among the waves, there was a hissing sound, which hit the stone gate of the cave.

Bang!

There was a low explosion, and the stone gate of No. 35 cave began to vibrate and hum.

The momentum of the rampage raised the surrounding debris and splashed the dust on the ground.

"Wang Fan, get out of here!"

"Wang Fan, get out of here!"

After Lian Kui made a blow, his arrogant voice rang out.

His voice is like thunder, rolling out, instantly spread all over the mountain, reverberated around, continuous.

Around those arrogant looking at this scene, but also can not help but draw air conditioning.

It's just for Luo's sake. Doesn't that seem necessary?

Lian Kui's doing this is a bit too much.

However, although they think so in their hearts, they dare not show it at all.

Lian Kui, as the master of cave 11 and the man of the day next to the top ten, his strength is not blown out, but proved in battles.

Except for the top ten, Lian Kui has challenged all the top ten who live on this peak, and has never failed.

Of course, because Wang fan is a freshman and a newcomer, he is not included in this list.

In the cave, Wang Fan's face was gloomy as he listened to the loud noise of Na Liankui's bombardment on the stone gate and the provocation of Na Liankui.

At the moment when Lian Kui and his party had just arrived outside cave 35, he had already found out.

It was only because he had just made some progress in his research on the great waste of martial arts, that he didn't pay attention to it at the first time.

However, Wang Fan never thought that Lian Kui was so arrogant that he dared to bombard his cave.

Wang Fan's eyes twinkled, he really moved his heart!

Fortunately, I didn't practice. Otherwise, if I was disturbed like this, the consequences would be unimaginable.

"Lian Kui? Good! Wang Fan didn't mean to provoke others, but others just wanted to provoke me. In that case, let's have a fierce fight! "

Wang Fan cold murmured, slowly got up, with the stone door rumbling open, step by step to step out.

Looking at Wang Fan, who stepped out of the cave, and the arrogant onlookers around him, he could not help but gasped again. They look at Wang Fan's eyes, is full of regret.

In their opinion, in this case, Wang fan should stay in the cave and not come out.

After all, everyone can see that Lian Kui is aggressive. In this case, Wang Fan will not have good fruit to eat. Although it's shameful to shrink in the cave, it can at least avoid the immediate disaster, isn't it?

But they did not expect that Wang Fan actually came out, actually came out. Is it true that Wang fan doesn't know Lian Kui or his evil name?

"You really dare to come out. I thought you would stay in the cave and dare not come out."

Lian Kui looked at Wang Fan who walked out slowly. His eyes showed a look of surprise, and he grinned grimly.

"What's wrong with you?" Wang Fan also looked at Lian Kui, but the four words in his mouth made the whole scene fall into silence.

It never occurred to anyone that Wang Fan dared to talk to Lian Kui like this. He just scolded Lian Kui for his brain disease.

With these words, this matter can never be improved. With Lian Kui's temperament, he will never forgive Wang Fan lightly.

Even Kui's mouth was slightly puffed, and a deep anger appeared in his eyes.

How dare a freshman scold him for his brain disease?

This is just hitting him in the face!

You know, even Wen Ruyu and Yi binglan, who are among the top ten, dare not scold him like this in full view of the public?

Anger!

Endless anger!

Just, this silk anger was suppressed by Lian Kui!

He looked at Wang Fan with a sneer, "good, very good!"

However, before his voice fell, he was interrupted by Wang Fan, "it seems that you are really sick. I scolded you for being mentally ill, but you said it was OK. "Lian Kui was choked by Wang Fan. He felt a burst of suffocation in his chest. He was furious.

Wang Fan didn't continue to give Lian Kui a chance to speak. He said again, "who are you? Why bombard my cave for no reason?"

Speaking of this, Wang fancai seemed to have just seen Luo Xiang and made a sudden look, "Oh, I know, you are the dog of Luo Xiang."

"Luo Xiang really has a good dog. He is so dutiful and comes to avenge his master so soon."

Wang Fan's words immediately made de Lian Kui's face more blue and purple, and his anger more turbulent.

He even Kui and Luo Xiang five people, just look at the station, you can see that he even Kui is the dominant, right? But Wang Fan said that he was Luo Xiang's dog.

Wang fan is obviously deliberately humiliating him and hitting him in the face!

Around those arrogant listen to this, is also full of amazement, full of shock!

Only the corner of Luo Xiang's mouth can't help twitching for a while, and his heart is not good.

Wang Fan talks like this. With the vicious nature of lianquina, he will not be spared when he goes back!

Han Mu jiaomei and her husband lowered their heads and did not say a word. But in their eyes, there was a deep pleasure.

For two years, this is the first time they have seen Lian Kui so shriveled and angry.

"What a sharp new student. This mouth is really powerful. I just don't know how strong it is. Don't let me down like a paper tiger. It's not good for you

Lian Kui gritted his teeth and grinned grimly. As he spoke, he let out a roar. His breath was like a tiger coming out of the cage, and instantly diffused in the whole area.

The ninth floor of Wang Jing!

Wang Fan felt the surging momentum on Lian Kui's body, and his eyelids didn't move. He said faintly, "why, can't you do it?"

"It's not interesting to do many things here. You can't kill people or waste people. It's too boring. Why don't we go to the platform of life and death, you live, I die, you die, I live, how about it? "

Wang Fan's plain words, just like a thunder, blasted on the spot!

Wang Fan, a freshman, challenges Lian Kui to go to the stage of life and death?

What courage!

Where on earth did he get the courage?

Even Kui's look was suddenly stunned, and there was a shock in his eyes!

Life and death? Life and death?

Chapter 1978

Lian Kui stares at Wang Fan. He really doesn't understand why this freshman dares to challenge himself on the stage of life and death.

"Why, dare not? Aren't you very arrogant? Aren't you very powerful? How can you really get on the stage of life and death? "

"Where did you go when you attacked my cave and where did you go when you threatened me?"

"If you have seed, go to the stage of life and death with me. If you don't have seed, go away immediately. Don't let me look down on you!"

Wang Fan looked at Lian quina's gloomy face, his eyes flickered with undisguised disdain, and continued to stimulate him.

Wang Fan has been tired of this endless trouble, in order to put an end to this trouble, he must have a bloody Liwei, let others never dare to come.

Since there is going to be a bloody and violent Liwei, it's certainly impossible to be outside this cave.

There are many restrictions here. If you don't allow people to kill or abandon your accomplishments, you can't be deterred by bloody violence.

Therefore, he directly chose the stage of life and death.

Lian Kui listened to Wang Fan's words, and his face became more gloomy.

He didn't believe that Wang Fan had the strength to fight against him.

However, he did not fight with Wang Fan, and he was afraid of what if.

The stage of life and death is not for fun. Only one person can survive on the stage of life and death.

Lian Kui's heart began to struggle. Promise. If it's not Wang Fan's opponent, it will lose his life.

If you don't agree, there are a lot of Tianjiao watching. Once Liankui refuses, he will really lose face.

For a moment, Lian Kui was hard to ride a tiger.

Around those arrogant, is also Zheng Zheng looking at two people, breathing a little bit hasty up.

It's really shocking.

Wang Fan, a freshman, even wants to challenge Lian Kui, who is second only to the top ten, which is more than a bomb.

If this matter is spread out, it will definitely cause a sensation in the whole palace.

If Lian kuiruo agrees to Wang Fan's challenge, the whole palace will be shaken and crazy.

I can't guarantee 100% of the students. At least 80% of the students will go to watch the war.

They are looking forward to whether Lian Kui will fight or dare to fight.

Lian Kui hesitated for a long time, but he didn't dare to fight immediately. He looked at Wang Fan and said with disdain, "what are you, and what are you qualified to challenge me?"

"Even Kui, who is second only to the top ten, can be challenged by any dog or cat? If you want to challenge me, wait until you win my two subordinates. "

Lian Kui said, and said, "Han mu, charming."

Han Mu Jiao Mei's face changed. She was a little unwilling and angry, but she stood up and said, "I'm here!"

"You two, go to teach him a lesson and let him know that he is not qualified to challenge my lien Kui."

Lian Kui points to Wang Fan and says coldly that he wants to take the opportunity to test Wang Fan's strength.

"Yes Han Mu jiaomei's face was even more ugly, but she could only answer with a stiff head

but before they could do anything, Wang Fan once again said with disdain, "garbage is garbage, garbage is garbage!"

"You don't have the courage to be challenged, or do you mean you are a character?"

Wang fan is very disdainful, directly began to face, "even if it is a dog, you kick him, it dares to bite you."

"But you, I scold you rubbish, but you don't even have the courage to kill me."

Wang Fan pointed to Lian Kui, "so, in my eyes, you are not as good as a dog!"

Boom!

As soon as the words came out, it was like throwing a huge stone from a calm pool, suddenly setting off a huge wave.

Wang Fan, this is blatantly provocative, even insulting.

In this case, if Lian Kui tolerates it any more, his face will be lost.

"You're looking for death!" Even if he could see that Wang Fan was deliberately provoking him, he could not help a burst of anger.

At the same time, he was shocked.

Wang Fan was so angry with him that he wanted to go to the stage of life and death. Is it true that Wang Fan has the confidence to kill him?

Lian Kui is really a little uncertain. The more Wang fan is like this, the more he has no bottom in his heart, and the more he dare not promise to go to the stage of life and death.

Wang Fan's heart is also a little speechless, this guy is a bastard, right? Can you bear it?

He's irritating lien Kui as much as he can, but this guy hasn't accepted his challenge yet.

It seems that this guy is far less crass and brainless than his appearance.

"Since you dare not accept it, go away! I thought you were really capable when I saw you coming in a fierce manner. "

"Unexpectedly, you are not as good as a dog. I really want to know how to scold you so that you can accept my challenge of life and death? ""Waste is waste. It's boring!"

Wang fan is very disappointed to say, turn a head is to face cave to walk to return to.

However, at the moment when he turned his head, Lian Kui suddenly opened his mouth.

However, the object of his mouth is not Wang Fan, but Han Mu jiaomei, "what are you still doing, don't you give me hands to abolish him?"

Lian Kui's crazy roar is like a fierce beast.

Han Mu and his wife look at Lian quina's crazy expression. They can't help but tremble. They dare not hesitate any more. With a flash of body shape, they attack Wang Fan crazily.

Two people speed is extremely fast, set off a fierce air current in the air, instantly already ran to Wang fan body front.

In the moment close to Wang Fan, Han Mu punches, flatters his legs and attacks Wang Fan.

With the attack of the two, the fury was stirred up at this moment, towards Wang Fan's crazy surge.

And Wang Fan, as if not aware of the general, is still moving towards the cave, until the attack, he suddenly turned back!

At the moment of turning back, his palms suddenly protruded out, and gave them a hard slap on their offensive!

Boom!

Two sound, two people that Ling lie's offensive, immediately already under Wang Fan's two palms, be shot of collapse dissipate.

Around those proud looking at this scene, are unable to help but gasp air-conditioning, eyes a shock.

And at this time, Wang Fan has waved his hand again and slapped them hard in their Dantian!

At this moment, everyone's breath stagnated.

Wang Fan, do you really dare to abolish their Dantian?

Han Mu is charming and her face is slightly changed.

However, there was no fear in their eyes. On the contrary, there was a sense of relief.

These two people, unexpectedly is in the heart of death.

They are fed up with the days when pigs and dogs are inferior and life and death are not controlled by

themselves, but they have no courage to end up by themselves, so they choose this way.

Lian Kui's face is even more gloomy and terrible. He, who knows their strength very well, can naturally see that they didn't do anything at all.

His heart ferocious murmur, "do you think, become a waste, I will spare you, I will let you live not like death!"

In Lian Kui's heart murmur, Wang Fan's two palms have been mercilessly patted on their Dantian.

Bang bang!

Two sounds, two people spit out a few mouthfuls of blood, when even inverted fly out.

However, in their eyes, but after a short period of stupor, the emergence of uncontrollable ecstasy!

Chapter 1979

The prohibition, which had tormented them for two years, was broken by Wang Fan!

Although this is so incredible, so unbelievable, but it happened!

After they fell to the ground, they felt the unbroken prohibition. A moment later, their eyes filled with tears.

"Thank you, thank you."

"From now on, you will be our reborn parents. As long as you give us an order, we will do everything we can!"

Han Mu and jiaomei kneel on the ground and worship Wang Fan deeply. They say it sincerely.

If you don't experience it, you will never understand the horror of prohibition.

In the past two years, because of being forbidden and bound, they have no dignity in front of Lian Kui, even worse than a dog.

It's not that they didn't want to find the tutor of the college in the past. It's just that Lien Kui was so terrible that they didn't dare to take any risks.

When they think of the past two years and the things they have done for Lian Kui, their eyes are filled with deep anger.

"Lian Kui, you son of a bitch, I, Han mu, are at odds with you. I swear that I will not kill you or be a human in this life!"

"Lian Kui, I'll remember everything you've done to me, and I'll give it back a hundred times in the future!"

Han Mu jiaomei stares at Lian Kui, and his anger finally erupts uncontrollably, roaring.

They dare not disobey Lian Kui. They only dare to obey him. Even if they are angry, they dare not show any signs.

Even under the restriction of that prohibition, they didn't even have the chance to blow themselves up and die with Lian Kui.

Now, when the prohibition is broken, they naturally do not need to suppress it.

Lian Kui was shocked when he looked at the two men who turned back.

How could it be?

How could Wang Fan break the prohibition he set up in one shot?

That's Dantian. If you don't pay attention, you will discard people. How did Wang Fan do it?

He was more afraid of Wang Fan, but his face was more gloomy.

The two dogs that originally belonged to him were gone.

Although he can easily beat Han Mu jiaomei, there is no restriction of prohibition, but he can no longer be unscrupulous. He has no chance to kill them unless he dies.

It's really a loss, madam, and a loss!

Around those arrogant stupidly looking at this scene, a time is no reaction?

So, what's going on?

They were all wondering, but soon they guessed something.

After guessing a certain possibility, their expression of looking at Lian Kui changed, became a little scared, even disgusted.

This kind of vicious person must not deal with more in the future.

They all set their mind on attention.

"Now, am I qualified to challenge you? The stage of life and death, dare you?" Wang Fan looks at Lian Kui cruelly and continues to provoke.

Lian Kui stares at Wang Fan, his fists are loose and tight, tight and loose. Finally, he has to bear it again.

"Let's go!" He took a cold look at Luo Xiang, turned his head and went out.

Here, he really can't stay any longer. He doesn't dare to accept the challenge of Wang Fan's life and death platform. If he stays any longer, it's self humiliating.

Just, he walked two steps, then suddenly turned his head and yelled at Luo Xiang, "go, what are you still doing?"

Lian Kui is very unhappy, because Luo Xiang didn't move, but his face changed, and he didn't know what he was thinking.

Luo Xiang ignored Lian Kui, but with a plop, he knelt down to Wang Fan, "younger martial brother Wang Fan, I'm wrong, and I ask you to help me get rid of the ban."

Recalling Han Mu's expression before, that kind of madness, that kind of resentment, he has some sweat.

He really can't imagine what he experienced to make them so angry!

Luo Xiang has a deep fear of Lian Kui.

At this time, he would rather not seek revenge from Wang Fan than continue to be controlled by Lian Kui.

"Luo Xiang, what are you doing? Don't you come with me?" When Lian Kui saw Luo Xiang's performance, he was even more furious. His facial features were twisted and ferocious.

Today, he came here for Luo Xiang, but now he's good. Luo Xiang wants to fight back. How can he bear it?

What's more, if he lost Han Mu jiaomei, he can't accept it. If Luo Xiang reacts, he will be mad.

When Lian Kui was talking, his heart moved -

"ah", Luo Xiang felt a deep pain coming from Dantian, and immediately he couldn't help rolling on the ground.

Pain, pain to the marrow!

Looking at Luo Xiang's sudden rolling and howling, and looking at his hesitating, painful and twisted face, everyone could not help but be shocked. Only Han Mu and Jiao Mei have a palpitation in their eyes. Then they subconsciously look at Lian Kui.

They think of the past. Before, even Kui had treated them the same way.

A moment later, the pain stopped and Lian Kui said, "are you going or not?"

Luo Xiang looks pale, but he looks at Wang Fan with his teeth.

It's a pity that before Wang Fan spoke, Lian Kui's heart moved. He couldn't help crying in pain again.

Looking at Luo Xiang's painful expression, Wang Fan can't help sighing. On the surface, he says coldly,

"Luo Xiang, you have to find someone to deal with me, but now you want me to help you. Is that too fantastic?"

He waved, "go away, I won't help you."

Luo Xiang, howling in pain, suddenly despaired.

Lian Kui, on the other hand, laughs grimly. He drinks again, "will you go?"

"Go This time, Luo Xiang didn't dare to refuse any more. He bit his teeth and said that he was going to walk. He stood up with difficulty.

He is really regret, regret and tiger skin! If Lian Kui manipulates him like this, he will be worse than a pig or a dog in the future!

"I hate it Luo Xiang roared angrily in his heart.

Looking at this scene, those arrogant people around could not help changing their faces again.

Their eyes that look at Lian Kui can't help but show deep fear and fear.

This person is too vicious and terrible to be with.

Just as they were thinking about this, Wang Fan, who was not noticed, suddenly moved!

Whoosh!

With the sound of a broken wind, Wang Fan's figure flashed and disappeared like a ghost.

At this moment, everyone's face has changed greatly!

What is Wang Fan going to do? Is he going to deal with Lian Kui?

Wang Fan didn't disappoint them, and soon confirmed their conjecture, "am I the place where you want to come and go?"

"Since you dare not accept the challenge of the stage of life and death, here is an unforgettable lesson for you."

Wang Fan said, with a wave of his right arm and a lift of his right fist, he bombarded Lian Kui crazily!

"King level martial arts, fierce fist!"

With a low voice, the rolling wave of crazy gush out, the violent killing force tear open, set off the power of terror, toward Lian Kui down.

At this moment, the scene is dead again!

Wang Fan, he did it!

I really did it!!!

Chapter 1980

Lian Kui felt the fierce killing power behind him. His face suddenly changed. He clenched his right fist in an instant, twisted his body slightly, suddenly turned back and shot out!

In a buzzing sound, the air was torn out of a ring of waves, those waves around the tip of Lian Kui's fist, fiercely collided with Wang Fan's iron fist in mid air.

Bang!

A terrible sound, crazy bully's spirit suddenly split open, rampant to all directions.

Under the terrible force, the sound burst in the air was deafening.

Step on, step on!

As soon as Lian Kui's face changed, he could not help retreating three steps, his right fist retreated into his sleeve robe, and he could not help trembling.

If the eyes can penetrate the sleeve robe, you can also see that there are scorched marks on his right fist.

Wang Fan's face is also not good-looking, under the strong force, he was also blasted back a few steps,

his right fist sent a deep pain.

Just a tentative strike, Wang Fan already knew that Lian Kui was far from Luo Xiang.

It's not unreasonable that this person can become the existence next to the top ten.

Around those arrogant looking at this scene, is full of shock, can not say a word.

As a freshman, Wang Fan was able to keep up with Lian Kui's confrontation. This freshman is too terrible.

You know, none of them are confident that they can take Lian Kui's fist, even if it's random.

"What an arrogant freshman, dare to attack my Lian Kui."

"Aren't you going to challenge me? OK, I'll promise you. I'll see you on the stage of life and death! "

Lian Kui looked at Wang Fan with a gloomy face, licked his lips and said darkly.

The previous blow, he has been able to determine that Wang fan is not his opponent, so he accepted Wang Fan's challenge.

Although Wang Fan didn't use any martial arts just now, he didn't even use Kui.

As a person who is second only to the top ten Tianjiao in Wangdu Shengyuan, how can he have less martial arts skills? In this respect, he was not afraid of Wang Fan.

"Good." Wang Fan nodded, but his toes suddenly moved. He ran to Luo Xiang not far away with the speed of lightning.

His speed is extremely fast, and all the people present are not reacting.

When people react, Wang Fan has already flashed to Luo Xiang.

"What are you doing?" Lian Kui looks at this scene and his face changes greatly!

Because he thought of some possibility, some possibility he didn't want to see, but at this time, he didn't have time to stop it.

Luo Xiang's face was also pale.

In his eyes, there are some fears, but also some expectations.

Because he didn't know whether Wang Fan wanted to kill him or help him.

Wang Fan didn't speak. Before and after he rushed to Luo Xiang's body, his right hand suddenly became a palm, and then he patted Luo Xiang's Dantian fiercely.

Feel that terrible incomparable strength, even if Luo Xiang has guessed, Wang Fan mostly want to help him, but still inevitably some scalp numbness.

With such a terrible slap, one can really become a useless person.

Bang!

A dull sound, Luo Xiang Dan Tian place straight, instant collapse. At the same time, he could not help but spew out a mouthful of blood and flew out directly.

"Luo, I'm not helping you for nothing, but charging you. In three days, prepare two million top-quality spirit stones for me. Otherwise, don't blame me for being impolite. "

Wang Fan coldly looked at Luo Xiang one eye, the faint voice spreads out, then is the flash body left here.

"Lian Kui, Wang fan is waiting for you at the stage of life and death. I hope you don't be a shrinking egg." When Wang Fan's body disappeared, his faint voice echoed in everyone's ears.

Listening to Wang Fan's insipid voice, the scene fell into dead silence again.

Life and death platform, Wang Fan vs. Zhan Liankui, this is too shocking. It's really exciting to think about it.

Short dull, around those arrogant, are quickly left here, toward the direction of life and death in the past.

At the same time, they also seized the communication bead and informed their relatives and friends.

Lian Kui's face is gloomy. He stares at Wang Fan's disappearing direction for a long time. Then he hums and leaves angrily.

Luo Xiang's ban has been broken. Even Kui's heart is bleeding.

He swore that if he didn't break up Wang Fan and kill him, he would act recklessly.

At this moment, Lian Kui's hatred for Wang Fan and his intention to kill him have reached an unimaginable level.

...

Lian Kui is a man of the moment who is second only to the top ten Tianjiao in the imperial palace. In a short time, Wang Fan's challenge to him spread all over the Imperial Palace and caused an absolute sensation.

"What, someone wants to challenge Lian Kui. I heard you wrong, didn't I?" "What? You say that a freshman is going to challenge Lian Kui. Are you out of your mind? "

"How can anyone dare to challenge Lian Kui except the top ten Heavenly pride? It must be groundless."

"Well, believe it or not, I'm going to the stage of life and death anyway."

"No matter whether it's true or not, it's idle anyway. Why don't you go and have a look? What if it's true?"

"You ignorant guys, Wang fan is the most gifted freshman in all this. It's said that he defeated Tianjiao luoxiang. What's impossible for him to challenge Lian Kui?"

In the college, all the students who got the news came out and rushed to the platform of life and death, and all kinds of comments could be heard everywhere.

It can be said that because of challenging Lian Kui, Wang Fan was also a little angry, and everyone remembered this character.

Wang Du Sheng Yuan is a huge training room. Miao Shi is teaching Yun Ling to practice. At one moment, Liu Mei can't help wrinkling slightly and takes out the communication bead.

When she learned the content of the communication bead, the pretty face suddenly became ugly.

"What the hell is this son of a bitch doing? How can I challenge Lian Kui and go to the stage of life and death after more than a month? Stupid, how stupid

Miao Shi's silver teeth clenched, and he was very angry.

At one moment, she gritted her teeth, "no, I'll go and have a look. He's my favorite student, and he can't be killed like this. "

The wonderful teacher murmured and stood up directly.

"Master Miao, what happened?" Cloud spirit nature is also aware of the wonderful teacher's expression, can't help but ask a sentence.

"It's not your little lover, who wants to challenge Lian Kui at the stage of life and death The wonderful teacher rolled his eyes and said angrily.

With that, she couldn't care more and left the cultivation room.

"Ah?" Yun Ling's pretty face is slightly red, and he can't help opening his mouth.

"No, I'm going to have a look too. Elder martial brother Wang fan can't do anything." A moment later, Yunling clenched his teeth and muttered, and left the cultivation room quickly.

She's heard of Lian Kui's name. She's even more familiar with the stage of life and death.

At the moment, she has no intention to practice.
