Chapter 1981

Red peak, cave 10, Wen Ruyu, sitting on the bed, looks very gloomy.

In the chaos mountains, he was full of confidence, but in the end, he came back empty handed.

It's just going home empty handed. What makes him most frustrated is that he doesn't even know who robbed the noble weapons.

Every time she thought of this, Wen Ruyu was furious and wanted to find out the guy who had taken away the respected weapon and kill him 10000 times to vent her anger.

"Son of a bitch, don't let me know who you are, or I'll be as warm as jade and I won't be spared!" Wen Ruyu's low roar and strange face have been twisted to the extreme.

Just at this moment, his face suddenly changed and he grabbed the communication bead.

At a glance, Wen Ruyu's face suddenly changed.

"How can a new student challenge Lian Kui? What courage! Na Liankui, even me, is very scared. I don't have the absolute assurance to win. What is the basis of this new life? "

"Well, anyway, I have nothing to do. I'd better go and have a look. Lian Kui is very likely to threaten the existence of my top ten pride. If the freshman can force him to play some cards, I will be worthy of this trip. "

Wen Ruyu murmured, got up and left the cave.

It's not only Wen Ruyu, but also Yi binglan, who ranks ninth in the top ten, who came out of the cave and rushed to the platform of life and death after knowing this.

At the moment, the platform of life and death is already crowded with students from the Wangdu holy college. From a distance, it's amazing.

They all looked excited at the stage of life and death, looking forward to the next fight.

On the stage of life and death, Wang Fan stands upright like a pine.

Even in the face of the gaze of countless students, his expression is incomparably calm, not the slightest waves.

The breeze blew, lifted the corner of his clothes, hunting.

Wang fan is waiting. He is waiting for Lian Kui.

He wants to use Lian Kui. He wants to use Lian Kui to make a name for himself. He wants to tell everyone that if he is not a bully, no one should bother him.

As time goes by, there are more and more people under the stage of life and death. In the end, even some tutors can't bear loneliness and rush over.

The original life and death battle between students, the tutor will not care, will not come. However, it was Lian Kui who was challenged, and all this was different.

"Look, it's Mr. Meng. Even Mr. Meng is here."

"Ah, that's a wonderful teacher. I didn't expect that even she was shocked."

"Isn't that Wen Ruyu and Yi Binglan? It seems that this challenge has really attracted a lot of people."

Looking at Tianjiao and his tutor, the students couldn't help talking about it and were very excited.

Whether it's the top ten or the tutors, they are all superior in the college, and they can't be seen at all on weekdays. But today, they all appear.

Among the numerous students, a young man was staring at Wang Fan on the stage of life and death, with complex eyes and a ferocious face.

This person is Chu Heng, who made trouble for Wang Fan in order to win the favor of Yunling before he took part in the examination.

Chu Heng never thought that Wang Fan had come to the college for more than a month, and even dared to challenge Lian Kui, who was second only to the top ten.

He looked at Wang Fan on the stage of life and death, and muttered to himself in a ferocious way, "things that don't know how to live or die, do you really think you can do whatever you want if you have some strength?"

"Challenge elder martial brother Lian Kui, you will die miserably. I'm afraid there will be no one to collect your corpse."

Chu Heng cursed Wang Fan maliciously.

Wang Fan defeated him at the beginning, which made him face down. He had already hated Wang Fan.

However, when I heard that Wang Fan had passed the special examination and moved into Hongfeng, the hatred was suppressed by him.

Originally, this hate has been gradually hidden in his heart, he did not dare to show.

But after hearing that Wang Fan wanted to challenge Lian Kui, his hidden hatred erupted out of control again.

Of course, even if he hates Wang Fan again, he just dares to curse Wang Fan in his heart. He doesn't dare to stand up at all, let alone express himself on the stage of life and death.

"What's the matter? Why hasn't Lian Kui come yet? Don't you dare to come?"

"What do you say? No matter how powerful Wang fan is, he's just a freshman. How could elder martial brother Lian Kui be afraid of him?"

"I'm really disappointed. I haven't been here for such a long time. It would be fun if we were all stood up. "

"Shh, shut up, brother Lian Kui is here."

Once again, the voice of discussion continued to spread. At a certain moment, with a burst of uproar, the eyes of the students could not help looking in one of the directions.

In that direction, the burly Lian Kui, with a bronze hammer on his back, walked in slowly.

He didn't use his body method, so he walked slowly step by step, making the sound of "Dong Dong".The sound of the footstep, though not big, was like thunder. It exploded in the minds of the students and made them excited.

Here we are. Elder martial brother Lian Kui is finally here. The play is about to start.

On a high platform, Wen Ruyu and Yi binglan also saw Lian Kui, who was walking slowly. His face was slightly dignified.

Although Lian Kui has not yet become one of the top ten, he has the capital to enter the top ten. The two of them, who are at the end of the top ten, are naturally quite scared.

"I don't know. Wang fan can make Lian Kui play a few percent of his strength. If he can't play even 80 percent of his strength, it's too disappointing."

"I hope that the new Wang fan can force out some of Lian Kui's unique moves and cards."

Wen Ruyu and Yi binglan can't help thinking about it. Obviously, they don't think Wang Fan will win at all.

In another direction, Miaoshi also saw Lian Kui. She couldn't help frowning. She was about to stop him, but she caught a glimpse of Wang Fan, who was still calm.

"At such a time, this guy is still so calm. Does he really have the confidence to defeat Lian Kui?"

"It's just that. I don't know the strength of Wang Fan. Let's borrow Lian Kui's hand to have a look."

"If Wang Fan is really invincible, I will do it. In a word, even if I don't want this old face, I have to protect the student whom I really like. "

The wonderful teacher whispered to himself that he had already made a decision in his heart.

Under the gaze of countless excited and expectant eyes, Lian Kui finally ascended the stage of life and death step by step.

He stares at Wang Fan coldly, and his eyes are full of undisguised killing intention.

"Wang Fan, soon you will regret challenging me in this stage of life and death, and soon you will pay for your ignorance and arrogance."

Lian Kui stares at Wang Fan and murmurs darkly. The voice is not big, but it is clearly spread all over the audience.

With his voice, this moment, the whole scene boiling!

"Elder martial brother Lian!"

"Elder martial brother Lian!"

Countless students, can't help but raise their fists and shout excitedly.

Chapter 1982

Atmosphere, at this moment, reached a climax!

The whole scene, is thoroughly boiling!

Lian Kui is second only to the ten most arrogant figures in the palace.

Wang Fan, the new black horse.

In this battle of life and death, who wins and who loses, who lives and who dies?

Wait and see!

Of course, most students are still not optimistic about Wang Fan.

After all, no matter how strong Wang fan is, he is just a freshman. How can he compare with Lian Kui?

"Do it." Wang Fan did not talk with Lian Kui, but said calmly.

His calm appearance gives people the feeling that he doesn't pay any attention to Lian Kui and doesn't give him enough attention.

"Fork

"This freshman is really crazy!"

Looking at Wang Fan's expression, Lian Kui's supporters are naturally unwilling, and countless students curse Wang Fan in a low voice.

"Since you are in such a hurry to die, I will satisfy you!"

Lian Kui's face was even more gloomy. With a ferocious smile, the nine layers of Wang Jing's breath suddenly spread out, and immediately his figure flashed, and he was crazy to kill Wang Fan.

Even Kui's speed is as fast as a ghost, and there are many shadows in the fast air.

Those students looked at this scene, no longer do not mind abusing, eyes staring boss, are holding their breath.

In an instant, Lian Kui had already rushed to Wang Fan. He raised his right palm and directly cut through the air, lifted up the cold air and patted his head.

Decisive and ruthless, without the slightest bit of procrastination.

Wang Fan felt the attack of lianquina, but his face still didn't change much.

When the palm of his hand was about to reach his body, Wang Fan suddenly stepped on the ground with his right leg, and his body shape flashed to the side, and then he disappeared directly in the same place.

His ghostly speed also left a shadow in the air.

Lian Kui's right palm bombards the shadow, and the shadow disappears instantly.

At this time, Wang Fan, who dodged away, suddenly turned back.

Without the slightest hesitation, his aura suddenly condensed, and his right leg was like a whip, which

set off a terrible wind and swept directly to Lian Kui's waist.

Lian Kui frowned slightly, but he didn't dodge.

Looking at Wang Fan's right leg, his right hand curled up and suddenly became a fist. His aura surged, and he smashed it down to Wang Fan's right leg.

In his eyes, a grim smile appeared, "go to die!"

Bang!

The fists and legs collided, making a terrible sound, and their bodies began to retreat at the same time!

Lian Kuiding stepped back more than ten steps before he could keep his figure.

And with his every step back, on the platform, are in a boom sound, leaving a deep footprints.

Wang Fan also retreated six or seven meters, but his expression was still calm. He looked at Lian Kui coldly and said with disdain, "dead? You deserve it? "

"It's ridiculous that you dare to kill me with such strength. If you want to kill me, show your real strength. "

Wang Fan's arrogant provocation of Lian Kui, this moment, his body, suddenly emerged a crazy crack domineering.

That is a kind of domineering, arrogant, arrogant.

In this domineering, as if everything in the world, are ants.

All the students looked at their brief confrontation and felt the domineering power of Wang Fan. Their faces were shocked.

Although the previous fight between them was short, it was full of endless danger.

No matter who is slow to take a shot, it is absolutely the end of life and death.

What shocked them most was that Wang Fan, a new student, was able to beat Lian Kui without hurting him?

It's incredible!

"This guy." Miao Shi stares at Wang Fan tightly, and her eyes are also shocked. She is very satisfied with Wang Fan's performance.

Wen Ruyu's face is a little strange.

"How can this man feel so familiar?" He stares at Wang Fan, frowning and thinking bitterly.

I don't know why, he is familiar with Wang Fan. But no matter how he thinks, he can't remember where he met Wang Fan.

"Sharp teeth and sharp mouth, then you will know whether it is ridiculous for me to kill you." Lian kueisenran murmured. He grabbed the bronze hammer from behind with his right hand.

Lian Kui, with a heavy hammer in his hand, was as strong as a little giant, giving people a strong sense of oppression!

With a heavy hammer in his hand, Lian Kui suddenly stepped on the ground, just like a chimpanzee, and rushed to Wang Fan.

When he was about to get close to him, the aura in his body suddenly burst out like a torrent of breaking the dike. The heavy hammer was even waving, which set off a mountain like situation and bombarded Wang Fan fiercely. "Drop a thousand hammers!" A low roar came from his roar. At this moment, the scene fell into a short silence.

Falling thousand hammer is not even Lian Kui's trump card, but it's also a king level skill.

With this king level skill, Lian Kui didn't know how many Tianjiao of Wangdu Shengyuan he defeated.

Most of those arrogant people were directly blasted into mud under this hammer.

Everyone stares at the two people on the stage of life and death, and their breathing becomes short.

This move, Wang fan is estimated to be unable to catch it? He's going to be blown to mud, right?

Not to mention those students, even Yun Ling, who is familiar with Wang Fan, can't help but raise his heart. He covers his mouth in horror and looks worried.

Even if she knew that Wang Fan could not be defeated by Lian Kui, she could not help but shudder when she felt the terrible pressure of falling thousand hammer.

Miaoshi, who has already stood upright, almost wants to rush to the battlefield to save Wang Fan.

If not for her discovery, Wang Fan's expression at this time is still very calm, I'm afraid she could not help rushing up.

In the eyes of all, in the eyes of all, Wang Fan in the face of that fierce, powerful hammer, but suddenly,

slowly closed his eyes.

His whole person, at this moment, completely silent down. The only discordant thing is that his fists have been slowly clenched.

"What is this guy doing? Did he admit his life?"

"Don't you know that you can't stop this hammer and are ready to die?"

"Mystifying?"

When the audience looked at the scene, they couldn't help sighing.

Lian Kui looks at Wang Fan's performance, and his face shakes.

No matter what Wang fan means, in his opinion, this kind of behavior is the biggest contempt!

The huge hammer set off a terrible wave and smashed at Wang Fan.

At this moment, many students, are some can not bear to see, sighed closed their eyes.

However, just when the terrorist attack was about to hit Wang Fan, Wang Fan suddenly moved!

His closed eyes, suddenly opened, his fists in the half empty into a strange arc, hard hit out.

"Violent fist!"

A low roar suddenly came from Wang Fan's mouth. His fist had already pierced the air, set off a frenzy, and pounded on the huge hammer.

Bang!

The sound of explosion is rolling out, which is enlightening!

Chapter 1983

The fury and incomparable terror wave, raging wildly, blasted hard on the border around the platform and made a buzzing sound.

Above the ground, cracks and ravines spread crazily, raising billows of smoke and dust.

If it were not for the border guard around the platform, I'm afraid all the students under the platform would be affected.

"It's a terrible power. Thanks to the border guard on the platform, otherwise, the consequences would

be unimaginable."

"It's abnormal for this freshman to control such terrible king level martial arts."

"Such a terrible wave of explosion, if you want to come to the new life, you should have been seriously injured or dead?"

All the students looked at the platform covered with smoke and couldn't help shaking.

As the whole platform has been shrouded in smoke and dust, their spiritual power can not penetrate the border, so they can't see the scene at the moment.

They don't know what the outcome of the two men's fight is, but in their view, Wang fan is more likely to be more sinister than lucky.

"This, this is a violent fist? In just over a month, he even realized the fierce boxing to such a degree. This talent . "

Master Miao could not help holding out his jade hand to cover his red lips, and his face was shocked.

She knew how difficult it was to comprehend it. She didn't expect that Wang Fan could comprehend it in just over a month.

On the platform, the smoke and dust dispersed. At a certain moment, with a whoosh, a shadow flew out of the smoke and fell on the edge of the platform.

He is a big man with a heavy hammer in his hand. He is Lian Kui.

However, at this time, Lian Kui was quite embarrassed.

Most of his clothes had been torn. On the skin and flesh like steel, there were many bloodstains and scars.

After he flashed to the edge of the platform, his eyes were fixed on the smoke, without blinking.

"I've been so badly hurt, that Wang Fan, should be worse than me?" He muttered to himself.

After seeing Lian Kui flash out, all the students under the stage were stunned at first, and then excited.

"Brother Lian, it's brother Lian! Even the elder martial brother is really powerful. He didn't get any serious injury from the terrible explosion wave. "

"That Wang Fan hasn't come out yet. It seems that he's very lucky. It's also true that a freshman who dares to challenge elder martial brother Lian on the platform of life and death is looking for his own way

to die. "

All the students are talking in a low voice.

In any case, Lian kuidu is a man of the moment in the palace of the holy capital, next only to the top ten Heavenly pride, and his reputation is far beyond Wang Fan's ability.

Wang Fan as a new student, even if again outstanding, after all, is a newcomer, not many people are optimistic about Wang Fan.

In everyone's eyes, the smoke and dust on the battlefield dissipated, but when the smoke and dust dissipated, everyone's pupils suddenly contracted.

I saw Wang Fan standing in the center position, eyes closed, strange dancing fists.

He had an epiphany!

"Hiss"

looking at this scene, the scene suddenly couldn't help the sound of inverted air-conditioning. In this terrible battle of life and death, I suddenly realized that this talent, wonderful master, was so excited that I was about to stop breathing.

She is more and more satisfied with Wang Fan.

Wang Fan really had an epiphany. When he used the fist before, he noticed a trace of inadequacy and a trace of flaw.

At the moment, he is practicing and mending those flaws. If it can be mended, his control of violent fist will enter a new realm.

Lian Kui looks at Wang Fan standing in the center of the smoke and dust, constantly practicing himself. His face is more and more iron blue.

This is not an ordinary competition. It's a platform of life and death.

In this case, Wang Fan even dare to practice the Epiphany as if no one else, which is too much to hit him in the face.

Pop, pop.

Lian Kui only felt that in full view of the public, he was being slapped by Wang Fan, which was very hot.

"It's tough enough. I didn't expect that you wouldn't die like this!" Lian Kui's face was more serious. He

gave a grim smile. As soon as he stepped on the ground, he rushed to Wang Fan again.

"Mean!"

Looking at this scene, all the students know that this is the stage of life and death. Kindness to the enemy is cruelty to themselves. They still can't help but scold.

You know, Epiphany can be met but not sought. In this case, being interrupted has a great impact on yourself.

The wonderful teacher couldn't help standing up, and the aura in his body began to surge in an instant.

However, just when she was about to intervene, a breath not weaker than her was locked in her body.

Miaoshi's face changed. When he turned around, he saw a woman in black, ugly and mean, looking at her with a smile. At this time, Lian Kui had already run to Wang Fan. He swung a huge hammer with both hands, raised a powerful force, pierced the air, and smashed it hard at Wang Fan's head.

"You dare!" Wonderful teacher looking at this scene, can no longer help, Huarong color change.

However, just when she planned to rise up and go to save Wang Fan regardless of everything, Wang Fan suddenly opened his eyes.

"Take advantage of the danger? That's all you have. I really don't understand how a narrow-minded person like you can become a man of the moment next only to the top ten

Wang Fan looks at Lian Kui with a sneer, facing each other's roaring hammer, and there is no wave in his eyes.

At the moment when the hammer was about to come, Wang fan made a fist with his right hand, waved it casually and blew it out directly.

This fist, looks extremely ordinary, extremely insipid, did not set off the slightest power. However, in the eyes of the wonderful teacher Wen Ruyu and other arrogant people, it is a big difference.

Because this fist, unexpectedly, has the power, the power that the king level martial arts should have. In such a short time, Wang Fan had already understood the essence of violent boxing.

They can all feel how terrible power is hidden behind the calmness of this blow.

Lian Kui, who is second only to the top ten, naturally feels this scene.

His face suddenly changed, and he could not care to attack any more. The sole of his foot stepped on the ground, and he began to retreat suddenly.

At the same time, his left fist has also been blasted out, and he says, "King level martial arts, destroy the earth and shake the thunder fist!"

With his roar, a more terrifying momentum than the previous king level martial arts skills suddenly diffused and smashed at Wang Fan's fist.

At this moment, Wen Ruyu and Yi Binglan became dignified.

They all know that destroying the earth and shaking the thunder is one of Lian Kui's Maces.

Under normal circumstances, they don't think Wang fan can take it.

However, at this time, because Lian Kui was in a hurry, there was some suspense.

It can be said that after the collision of this blow, it will be a complete decision.

If Wang fan can carry this move, Lian Kui will surely die. If Wang fan can't resist, it will be Wang Fan who died.

At the same time, the rest of the students couldn't help but stare, hold their breath, and begin to jump in their hearts.

In this way, under the eyes of countless ways, the two fists finally collided in the air!

Chapter 1984

Boom!

A loud noise!

Short silence, and then suddenly set off a huge wave!

This time, the two did not form a stalemate.

Under the explosion of that torrential weather wave, Lian Kui's whole body was blown upside down in an instant.

Others in the air, big mouth big mouth of blood is already out of control, the whole right arm, is in the click sound, completely broken.

Bang!

Lian Kui, like a dead dog, fell on the edge of the platform. His face was pale and his breath was weak. He couldn't get up for a long time.

Wang Fan, on the other hand, although he was also blasted back to the edge of the platform, he looked much better than Lian Kui.

He was just a little pale, but he didn't gush blood. What's more, he didn't break his arm like Lian Kui.

Looking at this scene, the whole audience fell into a dead silence.

Lian Kui, you're defeated!

This man, who is second only to the top ten in Wangdu holy courtyard, was defeated!

His defeat means that life and death are beyond his control, and he will lose his life.

At the scene, the voice of the inverted air-conditioning was connected, and everyone's mind fell into a short blank.

"If you lose, our fight should be over." Wang Fan reached out and wiped the non-existent bloodstain on the corner of his mouth. With a cold murmur, he walked towards Lian Kui step by step.

This is the platform of life and death, not the place of kindness. Wang Fan will not be kind.

What's more, Lian Kui's arrogant attack on his cave is already a big enemy. Wang Fan can't let him go.

"You, you dare to kill me?" Lian Kui looked at Wang Fan step by step, and then at Wang Fan's cold expression. In his eyes, he could not help but fear.

It was the first time that he felt his life threatened since he entered the palace.

This kind of life and death is not controlled by himself, even in the face of the top ten pride, he has never had.

"What dare you do? This is the platform of life and death, where only one person can walk down alive. Why don't I dare to kill you? "

Wang Fan said with a sneer.

With the sound, with the sound of "Dong Dong Dong", he is getting closer to Lian Kui.

When Lian Kui listened to these words, his face suddenly became ferocious and threatened to tear his heart and lungs,

"I'm a member of the imperial family of the special product empire. If you dare to move me, you, your relatives, including your empire, you will be restless!"

At the same time, he tried to get up. Unfortunately, he couldn't get up.

The terrible power of Wang Fan's previous fist has destroyed the five internal organs and muscles in his body, and he has been seriously injured.

"Oh? Is that right? " Wang Fan listened to this, not only did not show fear, but the killing intention is more and more serious, "then I'll wait for your family revenge!"

"By the way, I almost forgot to tell you that I'm never afraid of threats. If your family really dares to do that, I'll destroy it. "

Wang Fan cold of say, already walked to Lian Kui in front.

Lian Kui looked at Wang Fan close at hand, and the fear in his eyes was even worse.

He never thought that he would lose or die.

He did not expect that Wang Fan was not threatened by him.

"It's over."

At this time, Wang Fan looked at Lian Kui, slowly spit out three words, and then raised his right fist and blasted down!

His decisive and ruthless action made the corners of the mouth of the students feel a deep chill.

They also have a fear of Wang Fan, the heart secretly decided that this person, must not provoke!

However, just when Wang Fan's right fist was about to hit Lian Kui's head, a roar with a sense of killing came suddenly.

"Don't you dare! Stop it With this voice, a terrible pressure diffused out, set off a frenzied killing intention, and approached the battlefield crazily.

Wang Fan turned to see, saw, a red haired middle-aged man, crazy toward this side rushed over.

His face was ferocious, and on his body, the killing machine burst!

The following students, looking at this person, are also slightly stunned, and then shocked.

"Mr. Yang, it's Mr. Yang. I didn't expect him to come too!"

"Master Yang is an empire man and a mentor of Lian Kui. When he comes, Wang fan is afraid that he

can't kill Lian Kui."

"Who doesn't know that master Yang's temper is very hot and he is very protective of Lian Kui. If Wang Fan really dares to kill Lian Kui in front of master Yang, I'm afraid he can't get off the stage of life and death."

Under the stage, the sound of discussion also made Wang Fan know his identity.

When Lian Kui saw this man, he became more excited in an instant. He didn't talk to master Yang. Instead, he looked at Wang Fan ferociously and threatened, "Wang Fan, I even remember this revenge. Some day, something will come back! "

Lian Kui's voice is not small, clearly into the ears of everyone at the scene.

"Idiot." Wang Fan listen to this words, is can't help but cold spit out two words, and then without hesitation, the right fist hard blow down.

"You Even Kui's face changed greatly. He didn't expect that when master Yang appeared, Wang Fan would dare to do it.

Only, he just said a "you" word, bang, Wang Fan's iron fist, is hard hit on his head.

In a flash, Lian Kui's head, like a gourd, burst open, blood splashed.

And looking at this scene, the scene is, a dead silence!

Kill me!

Actually killed!

Wang Fan actually killed Lian Kui in front of master Yang!

Is Wang fan not afraid of death? Next, how should he face the challenge of master Yang?

Yang Shi watched Lian Kui's head smashed and blood splashed, and his body was suddenly in the air.

A frenzied intention of killing surged out of his body uncontrollably. Those students who were closer to him could not bear it at all. They vomited blood one after another and began to retreat.

"I told you to stop, didn't you hear me?" Yang Shisen stares at Wang Fan coldly, his face is ferocious, and he is furious!

Word by word, the sound of gnashing one's teeth makes one feel cold all over.

Wang Fan slowly raised his head, looked at master Yang and said calmly, "this is the platform of life and death. Only one person can live. Why should I stop?"

"Besides, I don't know you. Why should I listen to you? Is it possible that if you are a tutor, you can break the rules of the holy court of the king's capital? "

In the face of master Yang, Wang fan is fearless, fighting against each other!

Wang Fan's words once again caused an uproar.

No one thought that Wang Fan would dare to fight against his tutor like this!

"Good why, good, good, you are the first student who dare to talk to me like this!"

"Since you killed Lian Kui, you don't have to live. Just stay on the stage of life and death."

"I, Yang Wu, will kill you here today even if my tutor doesn't do it!"

When master Yang heard Wang Fan's words, he was even more angry. He killed Wang Fan madly.

Chapter 1985

"Yang Wu, you really have great prestige. I want to see how you kill him today."

Another cold voice came from under the stage of life and death, and then a breath not weaker than Yang Wu suddenly rose. A graceful figure rushed to the stage of life and death.

The woman in black, who was opposite to Shuimiao, looked at the scene with a slight frown and finally didn't stop her.

"Oh, my God, even the wonderful teacher appeared. What's the matter?"

"Master Miao is talking for Wang Fan. Is Wang Fan her student?"

"I remember that Wang Fan's admission examination seems to be the responsibility of master Miao. Maybe he is really a student of master Miao."

"Interesting. It's getting more and more interesting."

The crowd at the scene looked at the wonderful teacher, and fell into an uproar.

Miaoshi is no less famous than Yang Wu among the tutors of Wangdu Shengyuan. Her strength is also terrible.

All the students didn't expect that Wang Fan's life and death battle with Lian Kui finally involved two

tutors.

Wang Fan looked at the wonderful teacher and felt a little warm.

Although this wonderful teacher is a little eccentric, he will not drop his chain at the critical moment.

In fact, he has long seen master Miao below, and the reason why he provoked Yang Wu is not only due to his personality, but also the idea of seeing whether master Miao would help.

If master Miao helps, he will take him as his tutor. But if master Miao doesn't do it, he can only do it step by step.

Wang Fan, who has a killing short gun and an adverse spaceship, is not afraid of anyone.

Even if he can't beat Yang Wu, it's a big deal for him to fight his way out of the palace.

Yang Wu felt the rushing of Shuimiao, and the killing stopped abruptly. He stared at the master and said coldly, "how, Shuimiao, do you want to intervene in this matter?"

Yang Wu was a little angry. He didn't expect that there was Shuimiao behind Wang Fan.

You know, except for the vice president, all the tutors of Wangdu Shengyuan have the same strength. A small mistake is likely to pay a heavy price.

And the most important thing is, even if you kill each other, you are bound to be seriously injured. If you don't have a long rest, you don't want to rest at all.

"What do you mean I want to intervene in this matter? It's clear that you broke the rules and interfered in this matter."

"Are you blind? Can't you see that this is the stage of life and death? The stage of life and death, the stage of life and death, shall I tell you what it means? "

Shuimiao slender jade pointed to Yang Wu, did not give him any face at all, aggressive, "life and death platform, life and death, one life, one death."

"Since he dares to take the challenge of life and death, he must be ready to die. Is it possible that he can only kill others, and others can't kill him? "

"If every tutor is as shameless as you, and interferes in the battle of the platform of life and death, what's the significance of establishing the platform of life and death?"

As soon as Shuimiao said this, Yang Wu's face turned pale, while the students below were in an uproar.

If it goes on like this, I'm afraid it will turn into a duel between Yang Wu and Shuimiao. If so, it would be unprecedented.

Since the establishment of Wangdu holy court for so many years, no tutor has ever fought for life and death on the platform of life and death.

"I don't care whether it's the stage of life and death or not. All I know is that Lian Kui is my student. If he kills Lian Kui, he has to pay a price."

"Shuimiao, are you going to fight with me on this stage of life and death for this new life?"

Yang Wu's face was very blue, and he said, biting his teeth.

He's really angry, he's really holding back.

Lian Kui is his favorite student. With his character of protecting his weaknesses, if he doesn't take revenge for him, it will be hard to get rid of his hatred.

Water wonderful listen to this words, but can't help but sneer, "war on war, who is afraid of who?"? Wang fan is still my student. Your student is human, but my student is not human? I'll see how you kill him today

Water wonderful said, the right hand suddenly a shake, the hand is suddenly appeared a color ribbon.

The colorful ribbon danced in the air like a dragon. Although it looked very pleasant, it had a terrible smell.

Yang Wu looked at Shuimiao's performance, and his face was even more livid.

He never thought that Shuimiao would fight Wang Fan for his sake!

You know, even for students, there are not many mentors who can do this for them.

What's more, Wang Fan has just entered the college. Even if he is really a disciple of Shuimiao, their feelings will not be deep.

However, in this case, if Yang Wu retreats directly, he is bound to sweep the floor.

As the tutor of Wang Du Sheng Yuan and Lian Kui, if he bowed his head in front of all the students, where would he be dignified?"Good, good. I've long heard that master Miao has extraordinary strength. Today, I'd like to learn from him. " After all, Yang Wu said, biting his teeth.

With the sound, his right hand trembled, and a black machete appeared in his hand.

As soon as the machete came out, it immediately sent out a strong smell of blood. The smell of blood diffused, and some students who were not determined even began to look pale.

The tutor is going to fight, the tutor is going to fight!

Looking at this scene, all the students retreated in horror, with a dead silence on their faces!

On the stage of life and death, Yang Wu and Shuimiao stand opposite each other, and their momentum begins to rise crazily.

They are not anxious to start, but are gathering momentum, looking for each other's flaws.

If you don't do it, it will set off a storm!

Wang Fan looked at the scene, but also can not help but sigh.

He threw a grateful look at Miao Shi, and his mind directly communicated with the killing short gun in the space ring.

If Miaoshi is defeated later, he will sacrifice his killing short gun at the first time and kill Yang Wu desperately.

With the rising momentum of the two, the scene is also a dead silence.

Everyone's eyes were fixed on them, and their breathing became heavy.

At a certain moment, when their momentum reached the extreme, they almost moved at the same time.

"Drink!"

Just listen to Yang Wu a burst drink, feet on the ground, body suddenly a forward, machete shaking, send out dazzling cold, directly toward Shuimiao bombardment in the past.

The fury of Qi was breathed out in the air, and the terrible killing power was diffused. It rolled up the boundless waves and cut down towards Shuimiao.

"Hum!"

Shuimiao is also a cold hum. The aura in the body moves wildly, directly condenses with the right arm, and then the right arm shakes, and the ribbon in the hand is swept away madly.

At this moment, the colorful ribbon seemed to be the scythe of reaping life. It was no less powerful than the scimitar. In the fury of the waves, it rushed to the scimitar crazily.

Looking at this scene, the faces of all the students suddenly changed.

Almost all the students, including Wen Ruyu and Yi binglan, were just like frightened birds, and their faces were shocked.

Chapter 1986

Even if it's the aftereffect, it's not something they can bear.

Once that terrible energy wave breaks through the barrier and surges on them, they will peel off even if they are immortal.

On the stage of life and death, Wang Fan's expression didn't change much, but madly arranged one layer after another, wrapping his whole body.

His mental strength also penetrated the terrible energy afterwave and focused on the two men in the battle.

If Shuimiao is defeated, he will sacrifice his killing short gun and shoot at Yang Wu at the first time.

"Are you trying to tear down my royal palace?"

However, just at the moment when the two terrible energy storms were about to impact on each other, a cold voice like orchid in an empty valley suddenly came out.

Then, a graceful figure appeared in the center of the energy storm without warning.

The man was surrounded by the rich white light. He could only vaguely see his graceful posture, but he could not see his appearance at all.

Even if Wang fan can't help checking with his mental power, he still can't penetrate the white brilliance and see through his body.

After this graceful figure appeared, he stretched out two jade arms and made a palm, one left and one right, and gently patted the two terrible storms.

Boom!

Boom!

With two slight sounds, the two terrible energy storms suddenly collapsed and slowly dissipated under each other's light clap and Wang Fan's shocking gaze.

It's like taking the air away. It's very simple and casual.

Wang Fan looked at the scene, and his eyes were filled with horror and shock.

Terrifying. It's terrifying!

Respect the strong, the other side must be respect the strong!

However, the other side that hazy enchanting shadow, why is it to give him a very familiar feeling?

Wang Fan couldn't understand.

Yang Wu and Shuimiao were shocked.

Under the other side's light clap, they just felt as if there was a strong clap on themselves. They could not help but began to retreat crazily.

Their bodies retreated dozens of feet until they reached the edge of the platform of life and death.

The storm dissipated and everything stopped.

The graceful voice finally appeared clearly in front of everyone.

"Vice president, it turned out to be vice president. Unexpectedly, even she was shocked."

"The vice president has always been mysterious, and her whereabouts are also erratic. I didn't expect that she would appear today."

"It's said that the strength of the vice president has reached the level of respect in the legend. Originally, I didn't believe it. Now it seems that it's true."

Those students under the stage, looking at the graceful figure, could not help but make a shocking murmur.

At the same time, their eyes are also a little fanatical.

Zunjing, that's the level in legend. It's the level they all expect to enter!

To this kind of strong people, they naturally have incomparable respect and fanaticism.

Yang Wu and Shuimiao, who retreated to the edge of the platform of life and death, looked at the graceful figure. Rao was proud of them and bowed slightly.

"Vice president."

"Vice president."

Compared with the respect of the two and the enthusiasm of the students, Wang Fan could not help choking at the corners of his mouth, and his eyes were shocked and unbelievable.

He made such an expression, not because of the strength of this person, but because he has seen this person.

This woman is actually the woman in white he met in the chaos mountains.

At the beginning, he fought with a monster. At the moment of planning to kill, the woman suddenly appeared, saved the monster, and almost killed him.

"This man is actually the vice president of Wangdu holy courtyard. How can this be possible?" Wang Fan had no way to believe that this woman would be the vice president of Wangdu Shengyuan.

"What's going on?" The woman didn't go to see Wang Fan at all. She asked Yang Wu and Shuimiao without expression.

Her voice was clear and cold, but full of supreme authority.

"Vice President..." when Yang Wu heard the vice president's question, he couldn't help but say a complete sentence.

Water wonderful is a cold hum, swept Yang Wu one eye, light said, "vice president, the thing is like this."

"Today's event was originally a life and death struggle between students. Fight between life and death, fight between life and death, one life, one death, is also the rule set by the college for countless years. "

"But Yang Wu, as a tutor, wants to go on stage to kill others after the winner kills the loser. What's the truth?"

"I couldn't see it, so I came out to stop it. That's why the scene just happened." Shuimiao said slowly. She didn't add any embellishment or distort the black and white, just told the story about it.

Yang Wu listened to this, nuzui, want to say what, but in the end nothing said.

In full view of the public, there is no way for him to explain the fact, and it is true that he has no reason.

"Is that so?" Vice President listen to this words, facial expression can't see happy anger, she light of looked at Yang Wu one eye, ask a way.

"Yes." Yang Wu was swept by the vice president's eyes. He could not help but bow his head in horror, bit his teeth and nodded.

"Some rules can't be broken, even for tutors. Now that you have broken the rules, you will be punished accordingly. "

Vice President slowly said, a step across, it has toward Yang Wu flashed in the past, "take me a punch, is punishment."

With the spread of her voice, the slender right fist suddenly clenched open, white aura around it, suddenly pierced the air, toward Yang Wu blasted out.

With her wave, the aura in the surrounding air seemed to be pulled by some kind of traction and suddenly condensed. In a short moment, a huge whirlpool had been formed.

The whirlpool's crazy rotation, emitting extremely terrible energy fluctuations, leading to serious distortion of the space.

With a random punch, such a terrible storm has been set off. Those who respect the strong are really terrible!

Looking at this scene, Yang Wu's face changed in an instant!

He spewed out a few mouthfuls of blood crazily, while arranging defense on his body surface, he gathered King level martial arts crazily.

Half step respect, no matter how powerful, is half step respect. To put it in a bad way, it's still the Ninth level of Wang Jing, who didn't really step into Zun Jing.

And those who respect the environment are the ones who really enter the environment. Between the two, they are not at the same level at all.

Under Yang Wu's crazy urge, Wang's martial arts skills have been condensed quickly, and then with a low roar, he fiercely welcomed the vice president's jade fist.

Boom!

Two fists collide, the sky is falling apart!

Even if Yang Wukou showed his king level martial arts, he still didn't have the ability to fight, and his body flew backwards like a meteor.

"This is just one time. It's not going to happen again. You teachers should take this as a warning!" Vice president that light floating voice spread out again, the whole scene, at this moment dead silence!

Chapter 1987

The whole scene was quiet without any sound.

The terror power of vice president deeply shocked everyone.

This is the strength of those who respect the territory. It's a little too scary.

The corner of Wang Fan's mouth can't help choking. He finally knows how lucky he was to be able to escape that day.

In other words, if the vice president had not killed him that day, he might not have been able to escape even if he sacrificed the anti sky spaceship.

After the cold voice of the vice president came down, he glanced at Wang Fan faintly.

Just one eye, Wang Fan immediately has a kind of cool feeling.

That feeling, like being bound by an invisible pressure, as long as the other party is willing, he can be killed at any time.

Fortunately, the vice president just glanced at Wang Fan, which means that he had already taken back his sight.

With the rapid distortion of space, her graceful figure soon disappeared here.

But when his figure disappeared, a voice came out again, "let's go."

When they saw the vice president leave, they were greatly relieved.

Today, they can be regarded as a big eye opener. They can be regarded as knowing what is really a powerful person.

Shuimiao also patted Xiaozui. Even she, facing the vice president, was under incomparable pressure.

"Let's go, too." She said to Wang Fan, then flashed to Wang Fan and left here quickly with Wang Fan.

After they left, the students also left one after another.

However, the figure of the vice president left an indelible impression in their hearts.

In addition to the vice president, Wang fan is also deeply recognized by all the students.

After today, Wang Fan will completely replace Lian Kui and become the man of the day next to the top ten.

Even, Wang Fan's reputation, but also vaguely beyond the tenth ranking Wen Ruyu.

Wen Ruyu, who also left, was extremely gloomy.

Wang Fan's strength really made him feel scared. He even felt a touch of danger in Wang Fan.

The most important thing is that he has already remembered why Wang Fan gave him a familiar feeling.

Wang Fan's body shape is very similar to the guy who took away the first class weapon, but their faces are different.

However, with Wang Fan's ability, if it was changed, he would not be able to see it.

Wen Ruyu is 80% sure that the guy who took away the respected weapon is Wang Fan.

"It's really deep, Wang Fan. Don't let me seize the opportunity. The noble weapon is my Wen Ruyu's

Wen Ruyu, a low murmur.

...

after leaving the stage of life and death, Shuimiao takes Wang Fan to her residence.

Here is a two-story Pavilion, all made of crystal jade, giving people a sense of ethereal atmosphere.

Stepping on the steps made of jade, you can feel the aura around your whole body, giving you a gentle and comfortable feeling.

Wang Fan looks at this mole ant, in the heart unavoidably some shocks.

With his eyesight, we can naturally see that this jade is not only ordinary jade, but also extremely precious.

Are the tutors of Wangdu Shengyuan so luxurious and rich?

Wang Fan couldn't help sighing.

"Little fellow, I risked my life to save you. Don't you thank me for that?"

A moment, water wonderful looking at Wang fan that constantly changing face, can't help but play abuse a smile, light asked.

Wang Fan heard the speech, instantly recovered, and quickly bowed himself and said, "thank you very much for your help. If it wasn't for you, I'm afraid it would be hard to end today."

At the time of thanking, his heart was quite speechless.

Although Wang fan is really grateful to master Miao, master Miao reminds him to thank him. He feels strange.

"Just know." The wonderful teacher nodded with satisfaction, "my teacher helps you so much, you should try your best to help my teacher."

"With your strength today, it's no problem to beat that Wen Ruyu. At that time, you don't need to kill him or abolish him, just beat him seriously. "

Speaking of this, there was a touch of anger in the eyes of master Miao, "when you step on the jade, I want to see what's the right to be arrogant in front of me."

Wang Fan listened to these words, but he couldn't help taking a puff. He immediately said, "master Miao, don't worry, I will try my best."

"Well, that's about the same." Wonderful teacher heard this, expression is more satisfied, quite happy nodded.

After a long pause, her expression suddenly became dignified and said, "Wang Fan, during this period of time, I don't think you should go back to your cave, just practice here."

"You killed Lian Kui on the platform of life and death. The top ten conceits are likely to be afraid and find opportunities to find you trouble and test your strength." "If the person who is looking for you is at the bottom of the ranking, Yi binglan and Wen Ruyu are OK, you can deal with them, but if they are other people, they will be in trouble."

"At that time, I'm afraid you'll be bored and have no intention to practice. But if you were with me, you wouldn't have such trouble. "

"There is also that Yang Wu. Although he was warned by the vice president, he is an imperial man with Lian Kui after all, and Lian Kui is still his student."

"Yang Wu is narrow-minded and extremely protective. If he is desperate to deal with you, you will be in more trouble."

Wang Fan listened to these words, but he couldn't help frowning.

He never thought about these things.

Originally, he beat lien Kui strongly in the stage of life and death, just to avoid some unnecessary troubles.

But I didn't expect that after defeating Lian Kui, there was no small trouble, but there was a big one. This is ·

"master Miao, I don't think so. I haven't offended the top ten conceits. Why do they want to trouble me? In their capacity and pride, they should not do such a thing, should they? "

"And Yang Wu, does he really dare to kill me at the risk of offending the vice president?"

Wang Fan couldn't help asking.

"The top ten conceits are sure to go to you to test, because you threaten their position."

"As for Yang Wu, if he's not afraid of ten thousand, he's afraid of just in case. If he really ignores the vice president's warning and goes to kill you, what do you do?"

Water wonderful complexion dignified say.

Wang Fan listened to these words, but he rubbed his head with a headache.

It's a lot of trouble.

However, he did not accept master Miao's proposal. Instead, he said coldly with a flash of cold light in his eyes,

"in that case, let's stop the army and cover up the water. It's not my Wang Fan's character to blindly evade. "

"If they dare to come, even if they kill me, I will make them pay a heavy price."

It's impossible for Wang Fan to practice here. After all, he has some secrets that can't be exposed.

"Well, I knew you would refuse." Shuimiao listened to Wang Fan's words, but she couldn't help sighing, "in that case, I won't force you. You should be careful."

When she spoke, her heart was quite shocked.

Because when Wang Fan said that, she felt a deep chill.

Chapter 1988

Wang Fan didn't stay in Miaoshi's residence for long, so he went back to cave 35 where he lived.

However, when he returned to the cave and closed the stone gate, his face suddenly changed and his pupils suddenly contracted.

On a chair in his cave, a graceful woman in white, with a cold face, was sitting quietly. At her feet, there was a ferocious monster crawling.

However, at this time, the monster, at the foot of this man, is as meek as a cat.

"Vice president, vice president?" Wang Fan looks at this person, the corner of the mouth can't help choking, retreated a few steps, the face is unnatural murmur way.

His heart is set off a storm, and even some faint panic.

Wang Fan did not know what the mysterious vice president wanted to do when he came to his cave.

The aura in his body began to surge uncontrollably, and his mental power communicated with the killing short gun in the space ring and the anti sky spaceship.

If the vice president kills him, he will stimulate these things at the first time and escape regardless of everything.

"You don't have to be nervous. If I want to kill you, you won't live until now." Vice president seems to be aware of what Wang Fan thought, a cold smile, indifferent said.

"Keke, the vice president thinks a lot. How can he embarrass my freshman with his accomplishments?" Wang Fan coughed and said with a smile,

"vice president, I don't know what's the matter with you coming to me? Don't worry. As long as I can do it, I will never frown. "

At this time, Wang fan is extremely nervous. After all, no one will be easy to face a strong man of Zunjing level.

His whole body was covered with cold sweat, although with his fighting power and all kinds of cards, he could even retreat after half a battle.

But the vice president is a real respect, far from the half step respect. If there is a fight, he is not sure that he can escape.

Vice president looked at Wang Fan with a sneer, "you don't have to use it. Wang Fan, you've only been here for more than a month and killed Lian Kui, who is second only to the top ten arrogants. Do you know what's wrong?"

The vice president's eyes became fierce in vain at this moment, and his body was full of the dignity of a strong man.

Wang Fan felt this scene, his expression slightly stagnated, but his heart was upset.

He didn't like the feeling of being oppressed.

He put away the previous respectfulness and said, "vice president, I don't think I'm wrong."

Wang Fanqiang stood up straight against the oppression, "I have no injustice or hatred with naliankui, but he came to me for provocation without any reason, and even attacked my cave recklessly, which almost led to my revenge."

"I would like to ask the vice president, if it were you, you might tolerate this kind of thing?"

"What's more, he also accepted the war of life and death. In the war of life and death, only one person can live and one person can die."

"As an old student of Wangdu holy college, he must know this better than I do?"

"Since he has accepted the battle of life and death, he should be ready to be killed. What's wrong with Wang Fan? Is it true that I can only be killed on the stage of life and death? "

Wang Fan's tone is aggressive and eloquent. Even in the face of the terrifying vice president of zunjingqiang, he has no fear.

Although Wang fan is afraid of the vice president, he has his own bottom line, dignity and pride.

Right is right. Why does he say he's wrong?

The most important thing is that once he says he is wrong, I'm afraid the vice president will take the opportunity to make trouble.

Even if the vice president does not really kill him, he will be led by the nose thoroughly by the vice president.

"What a smart kid, do you really think I dare not kill you?" Hearing Wang Fan's words, the vice president suddenly stood up with a cold face.

At the same time, a strong pressure from her body, the emergence of madness, direct hard oppression to Wang Fan.

Wang Fan felt the pressure, the pressure is greater.

At this moment, the circulation speed of the aura blood in his body is much slower, just like a tortoise crawling.

He felt that he was about to suffocate.

Wang Fanqiang raised his head under pressure and looked directly at the vice president. "That's right. If the vice president wants to kill me because of this, I have nothing to say."

Speaking of this, Wang Fanqiang took out the shadow knife, and his face was determined, "but I, Wang Fan, will not be arrested!"

Vice president looked at this scene, the body's momentum is in vain, then said indifferently, "do something for me."

Wang Fan listens to this words, but can't help a burst of amazement.

The vice president is insane. He had to fight and kill a moment ago, but now he has changed his talk.

He really convinced the eccentric vice president, but his heart was secretly relieved. In front of this woman, he is under too much pressure. If you don't work hard, it's better not to work hard.

"What's the matter?" Wang Fan wiped the cold sweat on his forehead without any trace and asked carefully.

"Help me kill a man." Vice president's tone is very simple.

Wang Fan listened to this, but he almost couldn't help jumping up, "what? You want me to kill a man? "

He is very speechless, "with your strength, can't kill each other, how can I kill, you don't want me to die?"

The vice president looked at Wang Fan's crazy expression, but his expression did not change at all. "Don't worry, I won't want you to die."

"Although that man is also a strong one, he has been seriously injured now. If you show the same killing intention you used to do when you dealt with me in the chaotic mountains, you can definitely kill him."

Vice president said here, slightly a meal, continued, "originally with my strength, to deal with him at this time, easy to kill."

"It's just that there is something special about his seclusion place, and he is sensitive to my breath, so I have no chance at all."

Wang fan is a bit numb, "respect the strong, even if it is seriously injured, even if I use the original intention to kill, I'm afraid it's difficult to kill it? If I fail, doesn't it mean that I will die? "

"Don't worry, you can't die." Vice president's expression is still calm, and then grabbed two jade runes,

"this is the transmission rune. If you fail, as long as you crush it, you can be transmitted out of that area."

"If you don't believe it, you can try to send it out first, and then decide whether you can help me or not."

At this point, she said, "what's more, I won't let you help me in vain, a hundred million elixir spirit stone, a piece of armor that can resist the three attacks of the strong in Zunjing, how about it?"

Wang Fan listens to this words, the facial expression is a change first, followed by the heart began to thump.

A hundred million elitist spirit stone, a piece of armor that can resist the three strikes of the powerful?

The temptation is too great.

"Wealth in danger, damn it, fight!" Wang Fan whispered, bit his teeth and nodded, "yes, but you should give me the armor first!"

Vice President listen to this words, also didn't drag, directly threw out a silver white armor.

As soon as Wang Fan grasped the armor in his hand, he immediately confirmed that the armor was true.

He put away his armor, gritted his teeth and said, "when shall we start?"

"Three days later, a group of students will go there to take part in the test, and you can follow them." The vice president said slowly.

"Good." Wang Fan nodded.

Chapter 1989

Heisang cliff is a dangerous place a hundred miles away from the holy courtyard of Wangdu.

It's full of black fog and monsters all year round.

Because there are many monsters in heisangya, they often appear outside the Wangdu holy courtyard, threatening the weak students. So every year, Wang Du Sheng Yuan organizes students to go to heisang cliff for training.

One is that they can temper themselves with fierce monsters. The other is that they can kill monsters and reduce unnecessary troubles.

Of course, the most important thing is that in the heisang cliff, there are many spiritual grasses of high level, and even some monsters have extremely rare demon pills.

If you get it, it will be of great benefit. This is the reason why the students of Wangdu holy college can really be attracted to come here for training.

On this day, on the periphery of heisang cliff, nearly 100 students from Wangdu Shengyuan appeared here.

They walked together in groups of three or five, and most of them showed a strong tenacity and fanaticism in their eyes.

In this world of the jungle, if you want to survive well, you have to make constant efforts to strengthen yourself.

If you want to be strong, you need to constantly go through life and death, and constantly look for cultivation resources.

Heisang cliff is the place where they can hone themselves and find resources.

Among the nearly 100 students, a young man in white stands out from the rest.

All the students are in groups, but he is the only one.

However, although he was only alone, the students around him looked at him with fanatical respect and worship.

Obviously, this man is in the holy courtyard of Wangdu and has great fame and prestige.

He, no one else, was the one who promised to come here to kill a wounded Wang Fan.

At this time, although Wang Fan looks very relaxed on the outside, in fact, his heart is very dignified, and even has put on the armor that can resist the three attacks of the powerful.

After all, it's not a joke to kill the strong in Zunjing. If you're not careful, you'll set yourself on fire.

"Well, I'll take you all here. You all go in. You must remember that after you enter the black mulberry cliff, you must be careful and do everything within your ability. "

"In case of unavoidable trouble or life and death crisis, immediately crush and transmit the jade talisman. Otherwise, even our division will not be able to save you."

At a certain moment, the tutor in front of the team stopped slowly, turned back and said solemnly to the students.

This tutor is responsible for protecting all the students. Every time you experience in heisangya, you will have a tutor to protect you.

However, the tutor is also a person, it is impossible to do everything, even with its protection, it is impossible to safely save every student in danger of life.

"Yes." All the students nodded solemnly, then walked slowly into the black mulberry cliff.

Wang fan is no exception, mixed in all the students, went in.

The tutor looked at Wang Fan's back, but couldn't help murmuring, "new Wang Fan? I didn't expect that he would come here to experience. "

"With his strength, if he kills wantonly in the black mulberry cliff, he will surely attract the attention of high-level monsters. At that time, I'm afraid there will be some trouble once the king beast is brought out. "

"Well, I really don't know whether this trip is a blessing or a disaster. I hope nothing serious happens."

The tutor murmured heavily to himself.

Although Wangdu Shengyuan organizes students to go to heisangya for training every year, the strength of students entering each year will not exceed the sixth floor of Wangjing, which is a tacit balance between the two sides.

But this time, the vice president put Wang Fan in, which broke the balance.

Although in the eyes of the tutor, Wang Fan's strength is only three levels of the Kingdom, but Wang Fan killed Lian Kui, who is second only to the top ten Heavenly pride. He doesn't think that Wang Fan really has only three levels of the kingdom.

In his opinion, Wang Fan must be a strong man in the eighth or even ninth level of the king's realm. He just hid his cultivation, but he didn't see it.

His strength is low. He can't see Wang Fan Xiuwei, but he doesn't mean the king beast in heisang cliff.

Once the king beast found Wang Fan's true cultivation, it would be a real disaster.

Wang Fan didn't know what the tutor thought. At this time, he had stepped into the black mulberry cliff.

As soon as he entered the black mulberry cliff, a pungent corrosive smell came, which made him frown.

He resisted the disgusting impulse and took a look around. Then he found a direction and flew in as a rainbow.

Around him, several students who were about to ask Wang Fan whether to form a team or not, could

not help but open their mouths when they looked at the scene, and their eyes were even more worshipful.

"It's really worthy of being Wang Fan's senior. He dares to fly recklessly in this black mulberry cliff."

"I'm afraid only Wang Fan and other people can do it?" "I really don't know when I will be able to reach the level of Wang Fan."

They can't help muttering to themselves.

Although Wang fan is a freshman, some of them are already old students, but the strength Wang Fan shows still makes them respect as a senior.

Wang Fan turned into a rainbow, which soon disappeared in front of their eyes and appeared in the depths of heisang cliff.

He did not rush to find the injured king, but stopped in a hidden place.

"The vice president gave me two transmission symbols. I don't know if they are useful. To be on the safe side, I have to try them first."

Wang Fan murmured and grabbed a transmission symbol.

This kind of thing is not for fun, in case he can't hit the seriously injured Zunjing, the transmission symbol doesn't work.

At that time, if he places his hope on the transmission symbol, doesn't it mean that he is looking for his own death?

"Roar!" At the moment when Wang Fan plans to crush the transmission symbol, a huge monster suddenly appears from a distance, breathes heavy breath, and rushes towards Wang Fan crazily.

But Wang Fan didn't even look at it. His right fingers made a sudden effort, which was to crush the transmission symbol.

At the moment when the transmission symbol was crushed, a white light suddenly appeared, wrapped him in a crazy rotation, and disappeared here in the blink of an eye.

It was not until Wang Fan disappeared that the monster rushed to the place where Wang Fan had stayed before.

Looking at this scene, it first Leng Leng, followed by a proud roar up. That expression seems to say, or grandfather I am powerful, just appeared, that damned human was scared away.

When Wang Fan landed, he had already appeared on the periphery of heisang cliff. Looking at the familiar environment around him, he was relieved and disappointed.

"I was still thinking that if the vice president lied to me, I would take the opportunity to push it off. It seems that we can't push it now. "

Wang Fan murmured and flashed into the black mulberry cliff again.

Half an hour later, he reappeared in the previous position.

At this time, the monster was crawling on a flat rock. When he noticed that there was a human, he immediately roared and stood up.

When he saw that the man in front of him was the man who had just escaped, a touch of abuse appeared in his eyes like a copper bell, and then he began to roar.

He, who already has the wisdom, wants to see the scene of Wang Fan's escape again.

Unfortunately, this time, Wang Fan did not like it, and slowly toward it, inverted raised the middle finger.

Chapter 1990

The monster looked at this scene, first a Leng, then immediately very angry roar up.

"Roar! Roar! Roar

It roared like thunder, crazy rolling around, so that those leaves on the trees, are beginning to Shua Shua fall.

How did it not expect that the guy who had seen it before, but also turned around and fled regardless of everything, now dared to challenge it.

Wang Fan listened to the monster's roar, but he disdained to smile, and directly pulled out the shadow knife, "the beast is the beast, what's good to call, save some energy to deal with me?"

The monster was even more angry when he heard this. His hind hoof suddenly stepped on the ground and raised a roaring sound. He rushed to Wang fanpao.

Body in the mid air, it is already opened the bloody mouth, exposed the sharp tusks.

Rows of fangs, like sharp thorns, exude a seeping cold light, the scarlet tongue, it is hair straight.

The monster raised the sound of whistling. In a moment, it rushed to Wang Fan. Its front paw suddenly grabbed Wang Fan's scissors, and its bloody mouth was biting him fiercely.

Wang Fan looked at the monster's action, but he couldn't help shaking his head.

The strength of this monster is only equivalent to the five levels of the human strong. It may threaten the six levels of the general strong. But in front of Wang Fan, it is still too weak.

Wang fan is too lazy to entangle with the monster. Just as his attack is coming, he grabs the shadow knife with his right hand and waves it forward.

Whoosh!

A bright white light flashed by and disappeared in an instant.

Wang Fan's body shape, it is to take advantage of this opportunity, moved several Zhang.

Almost at the moment when he moved out, the monster was like a falling meteorite. With a roar, it hit the ground hard and set off a violent shock.

I saw a very thin knife edge on its skull.

Although the blade is thin, it is very deep.

Scalding blood flows out along the edge of the knife. The monster has already lost its vitality.

After Wang Fan killed the monster, he didn't leave immediately. Instead, he stepped forward and stirred the shadow knife in his skull for a while. After a while, he sighed helplessly.

This monster, unexpectedly has no beast nuclear, but he also did not tangle, but turned around, quickly left here.

On the top of a mountain, in a huge cave, a powerful force suddenly diffused. In a roar, a huge monster slowly came out of the cave.

Its eyes in the emergence of bloodthirsty cold awn, the whole body breath burst, as if it was stimulated by something like, can't help but crazy roar.

Under his roar, within a hundred Li around, many monsters, all of them could not help crawling down and began to shake uncontrollably.

They don't understand what happened, which made their leader so angry.

After roaring, the huge monster turned into a streamer and rushed to the place where Wang Fan killed the monster.

At the same time, it seems that all the monsters within a hundred Li also got some kind of order and acted crazily.

In groups of three or five, they went back and forth everywhere and started a crazy search.

Somewhere, Wang Fan naturally heard the angry roar, his brow could not help but slightly wrinkled, but did not care.

With his strength, he is not afraid of any monsters. In other words, except for the legendary King beast, he was not afraid of other monsters at all.

What's more, his purpose is to kill the injured Zunjing strongman. As long as the task is completed, he will leave, so that he will not stay here more.

"The monster on the ninth floor of Wang Jing is a bit interesting. I really don't know what this guy is going mad and roaring for no reason."

"But it's better not to get in the way of me. Otherwise, I'll have to dig out its skull to see if there is a mammal nucleus in it."

As Wang Fan galloped, he murmured to himself.

He didn't think that it was he who caused the monster's anger.

According to the route given by Vice President Wang Fan, the injured and secluded place was quickly swept away.

He just wanted to finish the task earlier and leave the black mulberry cliff.

However, before Wang Fan got to the target position, he could not help frowning.

Because he found that he was surrounded by dozens of monsters.

Those monsters all stare at him with fierce eyes and roar in their mouths.

"Go away! I did not go to provoke you, you do not come to provoke me, otherwise, there is no amnesty

Wang Fan looks at these monsters, eyes a Leng, whole body breath diffuses but, coldly drinks a way.

He is not afraid of these monsters, but does not want to waste time.

The most important thing is that he is afraid that his wanton killing will lead to more powerful monsters, even the legendary King beast. Of course, if these monsters are not interesting, then don't blame him for being rude.

These monsters obviously have the intelligence no less than that of human beings. Hearing the words, they were stunned and could not help retreating a little.

However, when they feel the breath of Wang Fan, they immediately become more angry.

How dare the human friars on the third floor of the kingdom be arrogant in front of them? It's like looking for death!

The sound of wild animal roar rolled out. Their eyes were fierce and ferocious. They rushed to Wang fanpao from all directions.

Dozens of monsters come from all directions. If they are not determined, their legs will soften and their faces will turn white.

However, Wang Fan did not care. He sneered, "you animals, since you don't know interest, don't blame me for being merciless."

Said, Wang Fan has pulled out the shadow knife, right foot suddenly stepped on the ground, to strengthen the horizontal posture, toward the front of the monster killed in the past.

In the moment of getting close to those monsters, Wang Fanying suddenly waved his sword, and the bright edge of the sword flickered. In the moment, he had pierced the air, raised the sound of whirl, and cut off the monsters.

The terrible killing power and prestige made the hair of those monsters stand up in an instant.

However, they had no chance to resist at all, and they had already fallen down one by one in a spatter of blood.

Wang Fan killed these monsters and continued to kill other monsters.

Those monsters looked at this scene, and they were scared. There was anger and fear in their pupils.

They roar and fight crazily, but they have no meaning at all.

Although the number of the two sides is not equal, the war situation is one-sided.

In the big blood spatter, just a few breath of effort, all the monsters have all fallen into the pool of blood.

Wang Fan took a look at these monsters, without any nonsense, and found the animal core on them.

There are dozens of monsters. Wang Fan only found a dozen animal nuclei. Although there are not

many, he is very satisfied.

After digging out the animal's core, he didn't even look at the monsters, but left here.

Not long after Wang Fan left, the monster of the ninth floor of Wang Jing came here.

When it saw those dead and miserable monsters, it suddenly became more furious.

Cruel, it's so cruel!

It must tear the cruel human into ten thousand pieces!
