### [Chapter 201 Kill Them All](#)

"Are you deaf? I said no! I will never sleep with you. Go to hell!" Minnie's face fumed red as she swatted his hands away. She jumped off the bed and left the room quickly.

Although she liked Peter, she was not ready to have sex with him.

Peter sighed as he looked at her retreating figure. He shook his head and walked towards the bed. He propped himself up on a pillow and closed his eyes.

Initially, he just wanted to make fun of Minnie. He had no intention of sleeping with her at all.

The next morning, Peter headed for Silverland Group like he usually did. However, something was different. When he was about to enter the office, he saw a group of strangers crowding by the middle.

He didn't try to pay mind to it. He passed by the bodyguards near the entrance and went inside the building. Someone shouted at him just as he got inside.

"Hey! Wait! Stop!" The new guards stopped him.

"Who are you? What are you doing here? Who are you looking for? Do you have an appointment?" one of them asked Peter harshly.

Peter was stunned. 'These new recruits haven't been trained well. How dare they not know who I am!' he thought to himself.

"What are you doing? He's the Director of the Security Department, Peter Wang! He's our boss, dipshit!" Several senior security guards ran towards them and reprimanded them immediately.

"The Director of the Security Department? Wow! So you're the big fish around here?" the guard sneered and looked at Peter disdainfully. He made sure not to pay his boss any respect.

"The Director of the Security Department, eh? Did you become director because your female boss promoted you?"

"Haha! I really admire his ability! Seems like he's really good at sucking up to his boss!"

The other two security guards cheered the noisy one on as he finished talking.

The senior guards gasped at their audacity. "How dare you!" They were furious. 'How could they humiliate our boss?'

Peter frowned, but seemed to be unbothered.

"Who are these people?" Peter turned to the senior staff and asked.

"I'm sorry, sir. These are the new security guards, hired by Mr. Song," one of them replied immediately.

"Mr. Song?" Peter questioned, before eventually making sense out of all of it. Mr. Song was Rex Song, Bella's father.

"Yes, sir. Mr. Song hired twelve new security guards in total. Six of them are stationed to guard Miss Song," he replied.

Peter's frown turned sour as he heard this.

'What's wrong? Why did Rex hire these security guards? Why did he do this, at this time?'

It took him a while, but eventually, he started to understand. 'It must be because of Robin. He must have asked Rex to do this.

Bella would never agree if Robin asked her to do that.

Damn. I underestimated him.

But why would Robin have to do this? Does he want to really want to control Bella? Or is he after the Silverland Group?' Peter was trying to put his head around it. Whatever it was, he had every intention to ruin his plans.

'What a waste of a good morning too!' he thought. He decided to find Bella first before anything else. However, he was stopped again just as he made to leave.

"What? Where are you going? You're not allowed to come in."

"You've been fired! There's a new boss now. Didn't you know that? You don't work here anymore! Fuck off, right now!"

"You're not the Director of the Security Department any longer!"

the three new security guards screamed arrogantly.

"Fuck off, huh?" Peter's face changed.

At the moment, he was really worried about Bella. He was furious.

"I won't let you enter the building! What are you gonna do?"

"Damn, are you deaf? Let me tell you again, then! You don't fucking work here anymore. Leave! Or we will beat you!"

"What a waste of a man. You move like a whore. You expect to get promoted just for sleeping with your boss? Disgusting!"

The three newcomers laughed at Peter mockingly. They just couldn't take him seriously.

All of them were Robin's hitmen. They were strong and well-trained.

Although Robin had asked them not to offend Peter, they didn't put it in mind.

Robin had no idea what Peter was capable of. What he knew about Peter was that Peter beat up Darren's men last night. But he didn't know that Peter had also beaten up Dally.

Robin was not at the site when Peter was giving Dally a lesson.

Else, Robin would never allow his men to confront Peter this way.

"Last chance, dumbass!" Peter sighed annoyingly at their insistence. He was ready to smack them.

"This little bi-"

The guard made a move to grab Peter's collar, but Peter countered it by gripping his hand. He flipped his wrist face up, before quickly pushing his hand towards his arm.

"Shit!" the man shouted as his bones cracked against him.

Peter broke his fist so severely that the white bone forced itself out of the man's skin.

The man quivered from the excruciating pain.

It was too painful.

Before he could utter a word, Peter grabbed the back of his head and smashed it against the wall.

His skull cracked from the impact as blood splashed the walls.

His head was squashed, while his mouth was wide open from shock.

The man fell on the floor and passed out immediately.

The others were dumbfounded. They couldn't believe their eyes.

"H-how dare you! You're courting death!"

As they quickly came to their senses, they immediately charged at Peter.

They were very experienced hitmen. They thought that nobody would be a match for them.

"You fuck off!"

Peter retorted and kicked the first man to approach him.

The man was hit directly on his belly. He flew from the impact on his body, before falling down on the ground harshly. His mouth started to fill with blood.

'Fuck, this is so painful!'

Somehow, it seemed that he was not hit by Peter, but a giant rock!

The other man was stunned. 'Oh my god! He is too strong!' he thought to himself.

"What? You still want to fight me?" Peter challenged him, looking straight through him.

"N-no..." He replied in a trembling voice. He didn't expect that Peter was so skilled. He injured his two partners without the slightest resistance or effort.

"Then take your partners and leave! Tell your master who the real Director of Silverland Group's Security Department is. If he even dares to make trouble here again, I will kill all of his men."

### [Chapter 202 Perverts In The Ladies Room](#)

'He is so strong!

He is so arrogant!' the guard thought.

He dared not say anything while looking at Peter's cold eyes. Chills went down his spine.

He supported his two partners and left quickly.

Peter said nothing and walked towards the CEO office after they left.

At the door of the CEO office

"Miss Yang, you are so beautiful! I like you so much! Can you be my girlfriend?"

"You should be his girlfriend! Tab is really strong! Besides, he is also good in bed. You won't regret it."

"If you are his girlfriend, you will not only have a luxurious life but also a satisfying sexual life!"

Four muscled men surrounded Clair and kept flirting with her! They looked at her with malicious eyes.

They were Robin's bodyguards. Actually, they were not willing to work at Silverland Group.

All of them were well-trained and highly skilled. And they believed that they were wasting their talent on a petty job! They did not want to protect Bella. She was just a CEO of a small group in Golden City. But, they did not dare refuse Robin's arrangement.

Eventually, they became excited when they found so many beautiful girls in Silverland Group, especially Clair.

"Sorry. I have a boyfriend. I don't like you. Please leave me alone!"

Clair got irritated every time they talked to her.

'They are so disgusting! I don't want to see them!' she thought. Even if she hated them, she could not do anything. She knew they had a powerful background. Even Bella could not fire them!

"It doesn't matter! You can dump your boyfriend! He's useless compared to me! If you are with me, you will definitely fall in love with me!"

Just spend one night or an hour with me, then you won't be able to leave me!"

Tab looked at Clair with a malicious smile. He looked so irritating.

Clair could not stand it anymore. She pushed them away and was about to leave.

She did not want to stay here anymore.

However, Tab stopped her quickly.

"Clair, where are you going? It's office time. You can't just leave. I will report this. You will be punished," Tab reminded her.

"I'm going to the toilet. What do you want?"

Clair said to him coldly.

"The toilet?" Tab was stunned for a while, and then he burst into laughter. "Well, I'm going to the toilet as well! Let's go together!"

Suddenly, he leaned over and said to her in a low voice, "Someone told me that there might be a peeping tom hiding in the ladies room. Take care of yourself! By the way, I can accompany you to the restroom!"

Clair got so furious that she took a deep breath. 'Son of a bitch! You are so disgusting!' she cursed him deep inside.

"Never mind. I don't need your help. I can go by myself," Clair said to him coldly and ran towards the toilet.

Actually, she wanted to go to the toilet badly! She believed they would not dare go to the toilet with her!

Tab did not stop Clair this time.

When she disappeared, one of the guys walked to Tab, "Tab, the chick is hot! She said she is going to the toilet! Is that a hint? She might want you to date her there!"

Tab did not think of that before! But now, he became a little excited. "Is that right? I didn't realize that!"

"Don't you get it? She likes you and she really wants to have sex with you!"

"It must be interesting to have sex in the toilet!"

The two other guys looked at Tab with a dirty smile.

"Good! Thank you for telling me! I did not realize that right away. I'm going to the toilet and satisfy that slut!"

Tab could hardly wait and rushed to the toilet.

He became more excited at the thought of having sex with Clair!

"Tab, wait a minute! Don't forget, we are here. Remember us after you have enjoyed yourself!"

"Yeah! We are good friends. Good friends share the same chick!"

They all agreed.

"Don't worry! She is all yours after I have sex with her!"

Tab said to them happily.

"Great!" All of them became greatly excited and looked forward with anticipation.

Quickly, they arrived at the ladies room. "You wait for me and keep watch! I will call you inside when I'm finished!"

"No problem!" they replied and then stood in front of the ladies room.

Tab looked really excited and was filled with anticipation.

However, he got confused and became disappointed when he could not find Clair at all. Finally, he had to go outside.

"What's wrong? Are you finished? That was really quick!"

They looked at Tab confused. 'That was too quick! That's not normal! Tab is strong and he usually lasts long!'

"Fuck! She's not inside!" Tab said to them angrily! He knew what they were thinking!

"She's not there?" They could not believe their ears.

"My gosh! There are perverts in the ladies room!" All of a sudden, someone was shouting!

Click! Click!

Tab and his men were shocked for a while. When they came to their senses, they found that someone was taking pictures of them.

They were greatly embarrassed and turned around quickly.

If they were found in the ladies room, they would feel too humiliated to stay in Silverland Group! And Robin would never let them go easily!

They got confused because they did not see anyone around them at all!

However, they had no time to think about it! What they wanted to do right now was to grab the camera and beat up the man who was taking their pictures.

But when they turned back, they were hit by some trash. They failed to see who was taking the pictures.

They tried to protect themselves by covering their faces. However, the garbage fell on them!

At that moment, they were covered in bad smelling trash!

It was too horrible and disgusting! Leftovers and used sanitary pads were on their heads!

"My gosh! Perverts are in the ladies room! Come here and catch them!" Click!

The man continued to shout and took pictures again!

Tab and his men were so mad that they wanted to kill that son of a bitch right away!

### [Chapter 203 The Arrogant Bodyguard](#)

What the hell! They just wanted to have fun with the beautiful lady, but now she was nowhere to be seen. Moreover, disgusting, smelly garbage was thrown at them. How could they not be furious?

At a corner, Peter looked at the four bodyguards moving around wildly. He laughed out loud before taking the phone out of his pocket to take a few photos.

Clair was hiding behind Peter. She was giggling and was trying so hard not to laugh out loud.

'Peter's done a great job. These four shameless assholes deserve what's happening to them right now,' she thought.

At first, Clair was about to go into the ladies room but was stopped by Peter unexpectedly.

She was still feeling terrified. If Peter did not stop her from entering the ladies room, those four scumbags would have followed her inside as well.

"Stop laughing. Let's get away from here quickly, unless you want to stay and continue watching them."

Seeing that she was still laughing, Peter told Clair that he was done taking pictures and that they should leave right away.

They had hardly left when a group of people came running towards the washroom.

These people were working on this floor, and most of them were women. When they heard that there were perverts at the ladies room, they all came out to check.

Even Bella was shocked to hear the news and rushed out to the ladies room right away. When all these people got into the scene, they saw the four bodyguards standing there covered in trash and embarrassment.

Rotten food and all kinds of garbage were all over their bodies. One even had a sanitary pad on his head.

That was so disgusting.

"Ah, you perverts! You dare go into the ladies room!"

"Troublemakers! You're a bunch of troublemakers! What's that on your head? It's so disgusting. You are perverts!"

"Let's beat them. They are perverts."

Some daring women cursed them while taking off their shoes, and then they threw them at the four men.

They were beside themselves with anger.

'This is the ladies room. Now there are four perverts on foot! We have no idea what else they have done. Can any woman take it just like that?

Fortunately, they were found out right away. The thought that somebody was watching us while we were at the ladies room gives us a chill.'

Seeing this, the rest of the women did not think about their shoes anymore and started throwing them towards the men.

They were filled with anger and resentment.

They threw their high-heeled shoes at the four men. With so many shoes being thrown at them, even if they were strong, they could not hide from the rain of shoes that were upon them.

Not to mention the garbage that was still on their faces. They could not see anything anymore. This was a tragedy for the four big men.

Sharp high-heeled shoes hit their body, head, and face, and they screamed and waved their hands and jumped up with pain.

"Stop, stop it. We are wronged."

"Stop throwing your shoes! If you don't stop, we will fight back!"

"Ouch! It's killing me. You all fucking want to die."

The four men shouted as they tried to ward off the flying shoes. They felt greatly embarrassed and had no idea on how to stop the shoes from hitting them. They all hated the man who caused all of this.

If the four bodyguards had at least admitted their misdeed, perhaps it would be easier for the women to forgive them. However, they remained arrogant, threatening the women and cursing the people around them. This angered the crowd more.

"Wronged? You have the face to say you are wronged? This is the ladies room. The men's room is over there. So tell us, what are you doing here?"

"You damned perverts, you come to the ladies room, and you even dare to threaten us. Today I'm going to teach you how to act like a decent man."

"Bastard! Pervert!"

The beautiful women shouted and ran straight towards the four men.

It was a tragic moment for the four of them. Soon, they were being kicked by the beautiful women and had no way to escape. Finally, they decided to hide in the stalls to avoid the beatings.

They wanted to fight back, but they had no idea how. They were at Silverland Group. These people were all employees of Silverland Group, and they were all women.

Standing behind the crowd, Bella looked at the four men being beaten up by Silverland Group employees. She could not help but smile to herself.

She already had a grudge against these bodyguards sent by Robin. She never really liked them in the first place. However, she could not refuse since it was her father who made the request. There was nothing she could do about it.

Now that this happened. Of course, she wouldn't miss this chance. She was already thinking of a plan on how to drive these men out of Silverland Group.

"What do you think you're doing? What are you doing here?" The women remained angry and continued to beat Tab and his men. Suddenly, a deep voice came from behind.

The girls looked behind them and saw two tall strangers walking towards them. They did not know them, and they paid no attention to them. Instead, they continued to kick and punch the four men.

Bella, however, looked at the two men and smiled coldly. "You're here just in time. See how your guys behaved as bodyguards here.

What kind of bodyguards are they for coming to the ladies room? It is the first time for me, Bella Song, to have seen such kind of bodyguards my whole life. I will not hire you anymore. Just leave my

company."

These two men were just sleeping in a nearby lounge. They came out when they heard the noise outside. They wanted to see what was happening.

Now, after hearing Bella's words, they furrowed their eyebrows. When they saw clearly that it was Tab and the other three bodyguards who were being attacked, they looked more dismayed.

"Get out of the way!" "Get out of the way!" The two men were in great shock. They pushed away the women and rushed towards the four men. They showed no respect and gentleness towards the ladies at all.

Several beautiful women were pushed to the ground rudely, and they screamed with a painful look on their pretty faces.

Neither of the two men cared about the outcry of the women but went straight to Tab and the other three bodyguards.

Looking at the four men who were so embarrassed, the two bodyguards could not believe what was happening. They asked, "What happened here?"

These two men were the leaders of the four bodyguards. They were higher than Tab and the three other men in strength and status.

"What happened? Can't you see it with your own eyes? These four perverts went into the ladies room, obviously wanting to do some filthy deeds."

"That's right. And who are you two? Are you with them?"

These beautiful ladies did not know about the six bodyguards at all, nor were they aware that they were here to guard Bella. So they just kept on asking the two men who arrived.

As it turned out, four men went inside the ladies room in an attempt to do malicious things. And the other two treated them rudely. This angered them even more.

"You shut up. Am I talking to you? If you don't stop talking, I will tear up your mouth!"

One of the two men stared coldly at the women who were talking to them, as if they were just waiting for a chance to hurt the women.

The women were frightened and dared not speak anymore.

Watching the scene in front of her, Bella could not help saying coldly, "You are so arrogant! What kind of bodyguards are you? Are you going to reprimand me as well?"

Bella was so furious and irritated! 'Are they really bodyguards? Damn it! They are even more domineering than me, the president and chairman of Silverland Group.'

"Bella Song, don't think that I will be afraid of you just because you are the chairman of the board and Silverland Group is under your control. If you dare to say one more word, I will tear up your mouth too, do you understand?"

The bodyguard did not fear Bella at all and admonished her with a hostile face.

He was Robin's favorite bodyguard, so he was not afraid of Bella, a mere president of a small group in Golden City. He believed that even if he hurt Bella, Robin would not do anything to him but probably scold him for a few minutes.

'He is so arrogant!

Too damned arrogant!

This is the first time that I have seen a bodyguard like this, who dares to threaten his own employer, ' Bella thought.

#### [Chapter 204 An Intolerable Provocation](#)

Bella's face turned cold. She did not expect that these bodyguards would ignore her like this.

"Who hit them? Tell me now or you'll feel sorry!"

Ronald Li, one of the two men, spoke again.

He stared at the female staff like a vicious serpent.

He and other bodyguards were Robin's men and Robin was powerful in the capital. They couldn't bear to be beaten by these women.

The staff, especially the girls who hit them, trembled.

They kept quiet, not daring to make a sound, and slowly drew back.

How could they have expected Ronald Li to not only ignore Bella but also turn at them?

'What the fuck! You are a man and you want to hurt us girls? How can you do that?'

they thought fearfully.

"You, you and you, come here. Kneel down and apologize to us," Ronald Li demanded, pointing at

several girls. He talked as if he were a king.

As one of Robin's best men, he was quite accustomed to authority. He also felt like he was good at reading people so he felt sure about who the guilty ones were based on their body language.

"No! It's not me!" one of the girls denied.

"I didn't do it either!" added another.

The girls who were singled out cried desperately. They were trembling and sobbing. They only gave the rascals a few harmless kicks and knocks to scare them. It didn't even hurt them at all. Why would Ronald Li ask them to kneel and apologize? It was unreasonable!

"I'll give you ten seconds to apologize and then tell me who else hit my men. Otherwise, I'll strip off your clothes and throw you out into the street for display!"

Ronald Li threatened ruthlessly, showing no mercy towards the girls. He would make them pay for daring to hurt his brothers.

"Enough! This is Silverland Group, not your turf! If you continue to cause trouble, I'll call the police," Bella said.

"The four bastards broke into the ladies room to harass the girls. The girls did the right thing, defending themselves. Why should they be asked to kneel? Why should they apologize?"

Bella was enraged. She wanted so badly for someone to put these rascals in their place. Right now, though, she only had a few female staff with her. Ronald Li's men were too strong.

"Call the police? Go ahead! I'd like to see who would dare to bother me!" Ronald Li replied arrogantly.

"My men broke into the ladies room. So what? Who says men are not allowed to go into the ladies room, anyway? Besides, you girls should find yourself lucky if my men even get to touch you. That's a golden opportunity!"

he added shamelessly. What a pervert!

How could anyone say those things?

"Didn't I warn you before, Bella Song? I told you that if you meddled in my business again, I wouldn't spare you? It looks like you didn't take my warning seriously.

Well then, if you really want to help your staff, why don't you take initiative. Do the kneeling first. Don't

make me force you. You know I will. Women don't make me soft,"

Ronald Li said, standing up and reaching towards Bella, scaring her and her staff.

They didn't expect him to be serious and he wanted Bella to be the first.

This made the girls even more frightened.

If Ronald Li could do that to Bella, what more to them?

"Hey, guys! What is happening here? I'm coming!" Just as Ronald Li was about to touch Bella, a voice cut in. At the same time, a figure rushed in front of the girls.

It was such a tense situation, and his arrival surprised everyone. Ronald Li stopped what he was about to do and looked at the newcomer.

"Ah, Peter!

Thank God you are finally here!

You have to help us!

These assholes broke into the ladies room and now they want to hurt Miss Song. They are crazy hooligans!

We are so scared. Help us!"

The girls immediately told him the whole story. He was their hero! Their lifesaver!

"What?" Peter said angrily. "They broke into the ladies room and now want to hurt Miss Song? Where are they?" he shouted.

"There!" the girls replied, pointing at the six men.

"What the fuck! They dare!" he exclaimed. Then, he turned to the girls. "Don't worry. I'll make sure we get even with them," he promised as he rushed inside.

"Peter Wang?" Ronald Li's expression turned cold when he heard Peter's voice.

Before Peter could respond, Tab, who was attacked in the toilet, shouted out, "It's him! That's the guy!

Son of a bitch! I won't forget your voice my whole life!

You ambushed me. I'll kill you!"

The four men glared at Peter with resentment as if Peter were their sworn enemy.

They hated Peter to death because he had them shamed and humiliated.

"Oh my! I'm so scared of you!" Peter took a few steps back and pretended to be scared of their venomous expression. "What did I do to you? Kill your family?"

I don't know you. Why do you hate me so much? I don't think we've met before. You must be mistaken!"

Peter's feeble voice with his pretend helpless expression made people laugh.

His joke made the girls a little more relaxed.

Seeing Peter make fun of the bad guys showed that he wasn't afraid of them at all.

"Shit! You are asking for death!" Tab and the three other men were infuriated. They rushed at Peter angrily.

"Ahhh!" the girls screamed in panic, but not because they were worried about Peter. They were more worried that the rubbish would stain them.

Peter sneered. He made time to talk because this was how he wanted things to go, apart from making the girls a bit more relaxed.

He was careful not to provoke a fight openly in public, especially because they were Robin's men.

### [Chapter 205 You Are Going To Die Today](#)

"You don't scare me. Damn you! Go to hell!" Peter swore scornfully. The four security guards didn't scare him.

What they did was despicable and he was determined to teach them a lesson. 'Break into the ladies room and attempt to take advantage of them? Shameless!' he thought.

He was especially irritated by Ronald for forcing the ladies to kneel and beg for mercy. He even tried to bully Bella! 'Just you wait, bastard!' thought Peter.

The tension was rising from both sides. A fight was surely about to ensue. Ronald decided to keep a low profile.

He thought it was best not to involve himself as Tab and the other three guards would already be able to handle it themselves.

Bella, likewise, did not worry too much about Peter. She believed in his capability.

Tab, the strongest among the four, attacked first. He charged at Peter swiftly. He balled his fingers into a fist and threw Peter a punch. There was murder in his eyes.

Peter dodged sideways and stomped hard on Tab's toes.

"Ah!" Tab cried in pain as he failed to defend himself. He did not expect Peter to play such a dirty trick!

Peter followed-up with a kick that hit Tab squarely on his chest.

Bang!

Tab was thrown backward. He fell towards his peers, hit the toilet, and then finally fell on the ground.

"You're so smelly, you fucking pervert. You just love the ladies room, don't you? Enjoy the shit!"

Peter sneered. Then, he turned to the other three security guards and stepped on their toes one-by-one.

Still in a daze with the impact from Tab's fall, the three yelped as they all failed to dodge Peter's foot. They screamed, gasped and jumped up and down in pain.

Without wasting another second, Peter kicked them three more times and sent them falling to the toilet with Tab as well.

"Ah!" "Ouch!" "It hurts!" they exclaimed. All four of them grumbled painfully in the cubicle.

It was fortunate that this was the ladies room. If they happened to be in the men's room, they would have most likely been covered in urine from the urinals by now.

Their failure and humiliation drove them mad.

'Shameless! Despicable!' they thought.

They were not able to anticipate Peter's actions!

'What a shame!' thought they.

The ladies in the vicinity happily watched the events unfold. Now the four bastards were punished for their misconduct. 'You bastards deserve it!' thought the ladies.

"Peter, you are so handsome!

Let me be your wife!"

some bold girls couldn't help but exclaim.

These security guards had been mistreating them since earlier that day, but despite their anger, they could not do anything to fight back. Seeing Peter put them in their place made them feel very grateful and satisfied.

"Peter, are you only good at these dirty tricks? Shame on you!" Ronald's face darkened.

His confidence in Tab's ability to beat Peter had now evaporated.

Losing to Peter's excellent fighting skills would have given them an honorable defeat, but losing to him stepping on their toes did not.

"You are right. I am good at these so-called 'dirty tricks'," Peter said cheekily. "So what? Feel free to use your dirty tricks on me, too! Bite me or whatever. That would be a fair game. Come on!" he added.

"Hahaha!"

laughed the ladies watching. Peter was amusing!

'What an awesome rebuttal!' they thought.

His mockery shocked and irritated Ronald even more. His expression darkened even more.

"Naughty dog. You're really good at barking, aren't you? Wait until I pull your teeth out. Let's see how well you bark, then!"

Ronald said with fury and charged toward Peter.

As one of Robin's best subordinates, he was a formidable fighter. His excellent agility and ferocity were evident in his form and motion.

'How dare you insult me!'

Peter boomed, mirroring his anger. "Come at me and let's see who the naughty dog is and who the real master is!"

he said as he swiftly rushed toward Ronald.

Unintimidated, Ronald shook his fists and struck a heavy blow towards Peter. Swoosh! His punch glided through the air.

Seeing this, the ladies retreated backward and hid quickly. They were worried about Peter.

Even though they knew little about kung fu, they were all terrified of Ronald's heavy blow. 'Could Peter disrupt such a powerful attack?' thought they.

The next moment proved that their worries were unnecessary. Peter was fearless. He moved sideways and dodged Ronald's attack swiftly. Then, he struck Ronald on his back as a counterattack.

"Good dog! Barking isn't your only talent, after all. Come on! I am ready for the next round!" Ronald sneered. A part of him was surprised, though. He didn't expect that Peter could dodge his powerful blow.

"You have it all wrong. You are the naughty dog, and I am your master. What a smart dog! Now you know how to bite me!" Peter mocked him. 'Damn it! You want to show off your dirty tricks, huh? Fine. Let's play, ' thought Peter.

Ronald was mad. 'How dare you humiliate me, bastard! I will teach you a lesson!' he thought angrily.

Ronald received Peter's strike without batting an eye. Ignoring it, he kept throwing one attack after another without caring to dodge.

Then, mustering all his strength, he delivered a kick so swift and powerful that it would be impossible for Peter to dodge. It was a deadly blow that would either kill Peter or at least cripple him for life.

Peter's strike earlier did not faze him. It was not even that painful. 'Your attack was so weak that it did not even bruise my skin! Let me show you what a real blow feels like, ' he thought.

Peter, on the other hand, kept an eye on Ronald's motions. He sneered as he turned around immediately. He withdrew the hand he used to hit Ronald's back and immediately directed it towards the leg that was quickly coming at him.

Ronald was shocked by Peter's quick reaction but instantly came back to his senses.

'Your struggle is meaningless. You dare to deflect my leg with your little arm strength? Impossible!' thought Ronald conceitedly.

As Peter's hand greeted neared Ronald's leg, the ladies gasped in suspense, worried about Peter.

Ronald's kick seemed terribly heavy and powerful. They were afraid that Peter would be no match for him.

Everyone was nervous, except for Peter himself. He smiled with calm and confidence. The moment Ronald's leg reached his hand, he quickly unveiled a pair of scissors!

Ronald's face turned pale at the sight of his weapon.

'Damn it! What an asshole! He's playing dirty tricks again?' he thought in panic.

He was confident that he could smash Peter's arm but now it looked like it would be at the cost of hurting his leg with those sharp blades!

Despite his lower body strength, it was no match for this pair of scissors!

As much as he wanted to withdraw his leg, its acceleration made it impossible.

The scissors pierced Ronald's leg ruthlessly.

The metal dug in the human flesh with a terrifying sound.

Ronald screamed in extreme pain. Still, he did not let the pain stop him from delivering his kick.

He gritted his teeth and followed through, sweeping his wounded leg towards Peter, retaining every bit of force. 'You bastard! How dare you wound me! You will not get away with this! An eye for an eye. You are going to die today!' thought Ronald.

The faces in the audience darkened. Bella was especially shocked.

They didn't expect that despite the pain of Ronald's serious injury, he would still push to fight and kill Peter.

### [Chapter 206 Peter In A Rage](#)

At first, Peter did not intend to hurt Ronald badly. After all, Ronald was Robin's man and Peter did not want to bring trouble to his company.

However, Ronald was so arrogant that Peter was irritated and unable to control himself anymore.

'Son of a bitch! You are so shameless! Now, I'm going to give a lesson that you deserve!' thought Peter.

Without any warning, Peter took a deep breath, shouted and slammed against Ronald's right leg.

People including Bella and Ronald froze with their mouths wide open. They could not believe their eyes.

'What is he doing? He's not thinking straight! He needs to avoid the attack! Why did he slam against his leg?' they thought.

Ronald grinned when he saw what happened. He believed that Peter had no choice but bear the blow.

However, he was greatly shocked by what happened next.

Bang! Peter's chest hit Ronald's foot really hard.

Cracked!

Suddenly, Ronald felt a sharp pain on his leg!

It seemed like his leg was broken! The wound caused by the scissor was now bleeding!

Ronald's face changed. He could not believe his eyes!

'That's impossible! He is so strong!' he thought.

Peter said nothing. At that moment, he himself was short of breath.

He felt nauseated. He realized Ronald was strong! He was trying hard not to spit out blood!

Tab and his men were stunned when they saw this.

'What the fuck! Ronald was beaten up? That's impossible! This cannot possibly happen!' they thought.

They could not help but lower their heads in embarrassment.

After all, Ronald was the strongest among them. Even he was no match for Peter. They did not dare fight against Peter anymore.

After taking a deep breath, Peter turned to Ronald coldly.

"Take your men and get out of Silverland Group! You are not welcome here! It was just a lesson for you and your men! I will not let you go again next time!"

"Let's go." Ronald looked at Peter in a mixed expression and then left the place being supported by Tab.

The bodyguard who was not involved in the fight glanced at Peter and then left with them.

"Girls, problem solved! Now, Go back to work! Call me if you meet any more trouble! I'm always at your service!"

After Ronald and his men left, Peter laughed loudly and said to his female colleagues.

"Peter, you are so awesome!"

"Don't break your word! If we meet any trouble, we will call you! You promised to be there!"

"I was so scared! That bastard asked me to go down on my knees and apologize to them? How dare he!"

The women gathered together and cursed Ronald and his men. At the same time, all of them were still gushing towards Peter as they left the room.

Afterward, Peter followed Bella to the CEO office.

"Are you okay? Did you get hurt?" Peter asked Bella, with a worried look on his face.

"I'm fine! But we are in trouble!" Bella looked worried. "Shame on Robin! How dare he ask my father to position these security guards in my company!

Much as you scared them off right now, Robin will not give up that easily."

"Robin will not let us go even if I did not beat them up! It doesn't make any difference, really!"

Peter continued, "We are his enemies! But don't worry about it!"

Suddenly, Peter looked at Bella and said to her seriously, "Bella, I hope you will call me first next time.

If I were not here, Clair might have been raped by those bastards! I'm really worried about your safety!"

Peter was a little upset with Bella. "Why didn't you tell me about this before? That you were in big trouble?"

Bella was deeply moved by Peter's words and the look on his face. "I'm sorry! I will call you first next time!"

She did not expect Ronald and his men to be bastards! If she had known about them, she would have called Peter right away.

She did not expect that Ronald would have the guts to ask her to kneel down and confess. At the thought of what happened, she became a little scared.

"Great!" Peter felt much better when he heard her. He smiled at Bella. "Bella, I saved you today! Were you impressed?"

"Yes, I was."

Bella nodded.

"Well, I want you to reward me."

Peter looked at her with a mischievous smile.

He was turned on just by looking at Bella's hot body.

She was in formal clothes. The black silk stockings, a short skirt, and the fitted black shirt made her look hotter!

Peter thought Bella would become angry and would refuse him immediately. But he was wrong this time.

"Okay." Bella nodded her head in agreement and her beautiful face flushed as she answered Peter.

In truth, Bella liked Peter very much. She was deeply moved by Peter's actions and concern recently. Peter dared to offend Robin because of her. He was always at her service.

She was really happy with him since he loved her very much and would do anything for her.

It didn't matter even if Peter always flirted with other women. She decided to forget about those women.

She was determined to be his woman. She did not want to regret losing him.

"Really?" Peter could not believe his ears! He got so excited that he pointed at the sofa and the desk. "Are we going to do it here?"

"You are the boss!" Bella replied as her face turned red.

"My gosh! Am I dreaming?" Peter looked extremely happy. He bit his finger and felt the pain.

"I'm not dreaming! Okay! Let's do it!" Peter held Bella and was about to kiss her.

'This is unbelievable! I've done a lot for her! Finally, she has softened!

I really can not believe this! I'm going to enjoy myself!' he thought.

Bang!

Suddenly, the door of the CEO office was kicked open.

"No, you are not allowed to come in!" Clair panicked and shouted.

Peter was stunned for a while. Suddenly, he was in a rage!

'Son of a bitch! What the hell is this? I'm busy here!' Peter cursed deep inside.

"Who is Peter Wang? Who the hell is Peter Wang? Get out whoever you are!"

"Fuck you! How dare you hurt my men! I will not let you go today! Get out!"

Two men shouted trying to get in the room. They looked terrifying!

There were nine men and all of them were Robin's men.

While they were showing off around Silverland Group, they were told that Ronald and his men were gone.

Later, they found that three more partners were terrorized and left. They could not stand it anymore. Hence, they burst into the CEO office.

They decided to revenge their partners and beat up Peter.

Actually, they had a plan. Ronald was Robin's henchman. If they could defeat Peter, then they would become Robin's henchmen instead.

Besides, they had nothing to lose. If they could not defeat Peter, the worst thing for them was to be badly hurt by Peter. It was no big deal!

Robin would not blame them if they were defeated. Even Ronald was no match for Peter!

"Where did these dogs come from? Fuck off!" Peter was furious! 'What the fuck! Of all times they decided to come here at this moment!' he thought.

"Fuck! You're seeking death!" The nine men were angered after they heard Peter. They surrounded him, ready to pounce at any moment.

"Be careful! They are the security guards arranged by Robin!"

Bella reminded Peter when she saw them.

"Fuck Robin!" Peter was so angry. "Go to hell, you bastards!"

Peter charged towards them!

This time he was really outraged. He did not show any mercy at all.

[Chapter 207 Headline News](#)

Boom!

Peter punched one of the men right at his nose and sent him flying out with blood spraying from his nose and mouth.

The eight other men gaped at him in shock. They did not expect Peter to be so strong.

Without stopping, Peter slammed his fist again as the first one fell.

Ahhh!

With a terrible cry, the second man was toppled down, smashing the door of Bella's office.

"Come on bro! Cheer up. Let's..."

A man started to summon his peers so they could fight together in full strength. But before he could finish his sentence, he was hit on the mouth, unable to speak any more.

Peter's power was unbelievable!

To no surprise, Peter immediately gained control over the situation. The next six men were knocked down one by one, unable to withstand Peter's attack.

In less than a minute, all of them lay motionless and wounded on the ground.

Clair gaped at the scene. Even though she knew Peter was very strong, it was the first time she saw his strength with her own eyes.

"Clair, please inform the Security Department to clean up. Throw these rubbish out!" commanded Peter after he dealt with all of them.

He urged this to be done soon because he was still anxious to finish an important thing with Bella.

"Yes, sir," Clair immediately complied.

The nine defeated men shouted loudly.

"Do you have any idea who we are? We work for the Song family! How dare you beat us! You are doomed!" one of them threatened angrily.

Pak!

As soon as he yelled out, Peter came forward and slapped on his face forcefully.

"I have beaten up so many members of the Song family. Do you think I would hesitate to add one more? Don't you have newer threats? Can you stop singing the same song? I'm tired of it!"

Peter sneered at him. These guys had been saying the same thing over and over again.

The man's teeth were knocked out by his slap. He glared at Peter with hatred but he didn't dare say anything.

What Peter said made sense. He had hit Ronald and the others. Why would he spare them? 'It was foolish to threaten him. I even got slapped for that stupid remark! Bullshit!' he thought in retrospect.

A few minutes later, Liam with a group of security guards arrived.

Peter looked at Liam and the others, confused. "What happened to you? Why are you all black and blue?" he could not help but ask.

"Sorry, Mr. Wang. We disgraced your honor," Liam replied, ashamed. "We were bullied by nine men who claimed to be new security guards, this morning."

As he spoke, he suddenly recognized the people who lay on the ground. He screamed in shock, "That's them! That's them exactly! But why are they..."

Liam soon realized that Peter defeated them all.

He was shocked to think of it.

He was able to defeat one man with ease. Defeating two men was difficult. Three or more, though, he could not withstand that!

However, Peter beat nine men effortlessly. That was unimaginable for him!

His respect for Peter became even greater and he became even more determined to follow him. He also felt lucky that he did not insist on a life-and-death battle with Peter that night in the boxing hall, or he would be dead already.

"What? You were bullied? Then what are you waiting for? Fight back!" Peter shouted at his men, outraged.

Liam rubbed his head but didn't move.

The security guards behind him, though, were dying to get their revenge. They were trampled all morning. Now they were very angry.

They would not give up the opportunity to get back at the men who did that to them. The security guards rushed forward, eager to deliver the death blows.

The nine men anticipated the incoming attacks, scared and infuriated.

"Losers! What do you want to do?"

Have you forgotten how we kicked your fucking ass? If you dare to touch us, we'll make you suffer more!

Fuck off! You'll feel sorry!"

they threatened. They kept their mouth shut when Peter threw insults at them because he defeated them. They would not do the same with the security guards, though. This was unacceptable.

"Fuck you! Asshole!"

Who do you think you are? We have Mr. Wang here. We are not afraid of you at all!" one security guard answered.

"Haha! Threaten us? Try it as you like! It would be better for you to kneel and beg us for your lives!" another security guard added.

The security guards became even more furious. The threats did not intimidate them.

They all had a mad rush to kick the men. Revenge excited them. Soon enough, the nine men were covered with cuts and bruises. Their faces were black and blue, swollen as pig heads.

The security guards were overjoyed that they finally had their revenge.

After the one-sided assault, the security guards dragged them away and threw them out of Silverland Group.

Peter rushed to the CEO's office with excitement. He rubbed his hands together and stared at Bella. "Bella, shall we continue..."

"Continue what? I'm busy now. I have work to do," Bella answered coldly as if she had forgotten what they left off.

"What?" Peter was stunned. "This... This is not what you said! Didn't you promise me?" he asked.

"Promise you? Promise you what?" Bella replied, feigning ignorance. She promised to give herself to Peter, literally. But she suddenly changed her mind.

She immediately regretted after she realized what she said. Even if she were willing to, she couldn't be with Peter here and now. With the door destroyed, everybody outside would see them. She would not disgrace herself like that.

Peter could tell from Bella's resolute expression that she had already made a decision. It would be

impossible for him to force her otherwise. After a few chats, he left the office, pitying himself for the lost opportunity.

Robin was outraged after he found out that his informants in Silverland Group, including Ronald, were all swept out.

He couldn't imagine how they messed up within three hours.

After being told the whole story, he couldn't contain his anger at these idiots. In his rage, he slapped Tab and the three others.

"You fucking idiots! Bastards! Can't you do anything right? I deployed you in Silverland Group not to have fun and especially not to chase girls! Humph! Peep in women's toilet? What else are you capable of?" he boomed.

Robin nearly went crazy. How embarrassing! Thank God nobody knew they were his men.

Pak!

Instead of dodging his slaps, the four men knelt down to beg for mercy.

"Mr. Song! We are sorry! We won't do it again.

It's all our fault. We even involved Ronald. We are so sorry!

We swear we will do better. Please forgive us!" they pleaded.

They knew they had done wrong. The only way to save their ass was to beg. Otherwise, Robin might kill them out of rage.

Robin glared at them with hatred. Then, after a vigorous beating, he finally grew exhausted. "Fuck off!" he said, dismissing them.

The four men were so pleased to hear it and rushed out as soon as they could.

Click!

As soon as they left, Robin's phone beeped. He immediately took it out of his pocket to check. He almost got a heart attack with what he saw on the news.

It said, "HEADLINE: Psychopathic Stalkers in the Ladies Room!"

In the news body were several high-definition pictures of the stalkers: they were Tab and the three.

[Chapter 208 Black Rasetsu Has Changed](#)

As Robin looked at the clear pictures of the four men, he was so angry that he wanted to beat them again.

Tab and his men became really famous this time. No one wanted to take them out.

Robin clicked on the mini video with an overwhelming sense of anger. He felt a wave of dizziness when he saw the content of the video.

In the video, there were abstract images of pretty employees. Ronald and his other five men were clearly visible. Their faces were undeniable.

Each words that Ronald used to threaten the employees and Bella to get down on their keens could be heard clearly.

He was so arrogant!

Robin did not bother to read the endless comments. He stared at Ronald furiously.

If Ronald had not done so many things for him in the past and had not accomplished exemplary deeds, he would have rushed forward to break his other leg.

"Can't you do anything right? What were you thinking? Loser!"

Robin walked away as he said that. He could not bear to stay in front of Ronald longer. One more minute with him would drive him crazy.

"Robin, What's going on? What happened?" Ronald had no clue on what was going on.

"Just check the news by yourself," Robin said angrily. He slammed the door and left.

Ronald checked his phone right away. The moment he saw himself on the news, he almost fainted with anger.

He did not expect that someone would take the video. And it had hit the headlines so soon.

At a senior club

Darren was depressed. He was not able to sleep well last night as he kept thinking about how to deal with Peter.

He could not bear his anger as he thought of Peter. He had never been humiliated by anyone before.

Also, every time he tried to send people to kill Peter, he was being stopped by Evan.

"Evan, Peter is just a nobody. Is there any need to think twice? Just send an expert to kill him."

"He's right, Evan. Peter is so damn arrogant that he dares to provoke us. He was courting death annoying us!"

Morgan added.

"Take it easy." Evan shook his head and said, "We came here to seek fortunes, make a name for ourselves, and deal with the Wolf King case. It's better to keep a low profile."

You guys have witnessed Peter's strength. We can not underestimate him. Of course, it's a good thing for us to kill him. But once it fails and is exposed, we will be in big trouble.

We should have a valid and reasonable ground if we intend to kill him. We need to finish him once and for all. Understand?

Also, I heard he had recently offended Robin, and Robin sent his spies to Silverland Group. You know who Robin is. For now, it is better for us to wait and see. Right?"

As Evan sipped his tea, he explained patiently to Darren and Robin.

His hatred for Peter was much more than that of Darren and Robin. After all, Peter had taken his dream girl, his future wife. It was unforgivable.

On the contrary, he was the one who was calm and reasonable. It only showed how patient and perceptive he was.

"What? Peter also offended Robin?"

"Unbelievable, he is really so arrogant. He doesn't take us seriously."

Darren and Morgan were astonished at first and got mad as they heard this.

Peter was such an arrogant guy that he did not take these elites seriously. What was he thinking? Fighting and offending all the elites in Golden City?

Darren kept his intention of killing him in mind for a while. He believed Robin would find a way to fulfill his wish for him.

At that moment, Evan opened his phone casually and was suddenly dumbfounded.

"Evan, what's going on?" Puzzled by the look on Evan's face, Darren asked him.

"Just check the news," Evan answered with a strange look on his face.

Darren and Morgan checked their phones right away, The moment they saw the news, they were shocked at first, and then they could not help but laugh endlessly.

This was so funny!

Evan took it more seriously compared with the other men.

Peter could not be underestimated. They had to be more careful.

He had vanished the people which Robin had sent to Silverland Group in just a few hours.

Peter had no idea about this at all.

He just gave Amelia the pictures and videos to use as proof. Then he went to the hospital.

In his mind, Black Rasetsu had been in the hospital for two days. It was time for her to go home.

Peter cared a lot for those who followed him. It was almost noon. He bought some meals for her.

In the hospital, Black Rasetsu was lying lazily on her bed. She was in a loose hospital gown, playing on her mobile phone.

With a smile on her lips, she looked so much more relaxed.

She didn't look like a murderer who had killed a lot of people, but an ordinary girl.

Black Rasetsu's injury had almost healed, and she could be discharged from the hospital. But she did not want to leave.

She felt that the few days she spent in the hospital was the most relaxing moment in her life.

She didn't have to worry about the assassination, and she didn't have to worry about killing her enemies.

Peter was surprised when he saw her like this.

"Peter, you're here." Black Rasetsu was enjoying playing with her phone when Peter came in. She blushed in an instant and hid her phone under the pillow.

She did not expect that Peter would arrive today and see the delicate side of her.

"Yes, I'm here." Peter smiled suddenly as he looked at Black Rasetsu. "It's been a few days, and you look

so much more beautiful than before.

By the way, what kind of games were you playing? I can play all sorts of games. Maybe we can play it together."

Peter smiled as he put the meal into the night table. Then he tried to grab the phone under the pillow.

"You are not allowed to take it!" Black Rasetsu got anxious instantly. She held Peter's arms tightly with one hand and pressed the phone under the pillow with the other.

It would be shameless if Peter found out the game she was playing. After all, she was Black Rasetsu.

"What?" Peter did not expect that she would react like this. She held his arms so tightly that Peter could feel her breast.

With a mischievous smile, Peter moved his arms intentionally. Black Rasetsu blushed in an instant.

"Peter, I'll be mad if you keep doing this."

"What's wrong with you?" Peter was confused. "You are the one holding me, not me holding you!"

By the way, what are you afraid of? Were you watching that kind of movie? I'm kind of curious! How about we watch it together?"

Peter smirked. He decided to make fun of her, now that he had seen the other side of her.

'Even if she is a fearless fighter, she is still a woman. This is what she's supposed to be like. People who don't know her would think she is as cold as ice,' he thought.

### [Chapter 209 Trouble At The Hospital](#)

'What kind of movie? Porn?' thought Black Rasetsu.

She was speechless. At that moment, she knew what Peter was thinking about.

Even though she had been working in an undercover world, and was known to be bold and fierce, her face still flushed when she heard Peter.

"Mr. Wang, what are you talking about? I was not watching any porn videos!" Her cheeks turned red as she said this to Peter.

It was the first time that Black Rasetsu felt awkward. She felt embarrassed talking about the topic. Nobody dared to flirt with her before.

"Really? Show me your phone!" Peter smiled and grabbed her phone quickly.

"No! Give my phone back!" Black Rasetsu shouted and tried to grab her phone back from Peter.

However, she was not as skilled as Peter. She did not get her phone back at all. It seemed like they were teasing and flirting with each other while they were fighting over the phone.

"Haha! I got it! Don't move! Let me see what you were watching!"

Peter laughed. He stopped Black Rasetsu with his one hand as he checked her phone.

"Mr. Wang, you can't do that! I was not watching that kind of movie!"

Black Rasetsu could not help but shout at him! She was too embarrassed at the moment.

'What the fuck!'

Peter was surprised when he found out what Black Rasetsu was watching before he arrived.

'Are you kidding me?' he thought.

He could not help but look at Black Rasetsu in surprise. "Wow! I didn't know you love this kind of game!"

"Yeah. I love it. What's wrong with that?" Black Rasetsu was so embarrassed. She grabbed her phone from Peter and exited the game.

Peter was speechless.

He did not expect Black Rasetsu would enjoy playing LinkGame!

Nobody would believe him if he told others about her hobby!

'She is one of the best hitmen of Wolf King! She is a cruel and skilled killer! And she loves playing LinkGame?'

Oh my gosh! That's unbelievable!' he thought.

"Don't look so surprised! Let's just enjoy our dinner, okay?" Black Rasetsu's face turned red again. She changed the topic of their conversation immediately.

'How humiliating! Will he look down on me? After all, I am a top assassin, but I was caught playing that kind of game by him! People will laugh at me if they know about it, ' she thought.

"Don't worry. I was not laughing at you!" Suddenly, Peter looked at her and said seriously, "Black Rasetsu, you need to laugh a lot! It makes you more beautiful when you smile."

"Okay." Black Rasetu nodded and felt warm deep inside.

Somehow, she loved obeying Peter. If someone else talked to her this way, she would be pissed off.

Quickly, they opened the lunch box and had their dinner.

Although it was a simple dinner, Black Rasetu enjoyed it very much. Strangely, she felt she was just a common woman right now, not a skilled hitman.

While they were having their dinner, Black Rasetu acted like a delicate woman. She spoon-fed Peter!

Peter did not refuse her. In fact, Peter also spoon-fed her. They looked like a loving couple.

At first, Black Rasetu felt a little embarrassed. Deep inside, she was really shy. However, she got used to it soon enough and started enjoying dinner with Peter.

People would think that they were a couple if they saw them.

Bang!

While they were having their lunch, the door suddenly opened. A man entered shouting, "Who the hell are you? Get out of here!" A young man in expensive looking clothes glared at Peter angrily. He was carrying a lunch box with him.

He was followed by two lackeys.

"Man, you are in the wrong ward,"

Peter spoke to the young man in a low voice.

Black Rasetu was the hitman of Wolf King. She was only in the hospital for two days. She had no chance to acquaint herself with this young man.

Black Rasetu's face fell suddenly.

Although she said nothing, the feeling in the room suddenly became awkward.

At that moment, she was not a tender woman anymore, but a cold and cruel hitman.

Deep inside, she wanted to kill the young man! He spoiled the mood and her moment with Peter.

Peter felt Black Rasetu was angry. He held Black Rasetu and signaled her to calm down. He wanted her to control her temper.

At the same time, he was a little upset too. 'Wow, it seems like he is not in the wrong ward. She knows him,' he thought.

"What are you doing? Stay away from her!" Malcolm Zhou was so furious when he saw Peter was patting Black Rasetsu's shoulder.

His two lackeys could not stand it either. They pointed at Peter and shouted, "How dare you put your hand on her shoulder! She is our boss' girlfriend! You are going to die! Do you know our boss? He is an important person in the city!"

"If you are smart, get on your knees, confess and apologize to our boss! If not, we will not let you go today!"

"Your boss' girlfriend?"

Peter was dumbfounded. He turned to Black Rasetsu and asked, "Is he your boyfriend?"

He was suddenly confused and disappointed. He did not know anything about that.

"No, he is not," Black Rasetsu explained immediately. "I don't know him at all. Yesterday, he went into the wrong ward and saw me. Then, he imposed himself on me.

I didn't say a word to him at all. I thought he might have given up. But now, he is here again!"

Black Rasetsu added in details.

After she was finished, she looked at Malcolm Zhou and said to him coldly, "Get out of here! You are not welcome. I don't even know you! If you do this again, I will give you a hard lesson by myself!"

"Sweet, why are you so cruel? I really, really like you!"

Malcolm Zhou said with a smile.

His loving speech and the look on his face were so touching! However, Black Rasetsu was not moved at all. She could tell the desire in his eyes.

Peter was shocked!

'Sweet?

Wow! He has balls! How can he call her like that?' he thought.

"Fuck off!" Black Rasetsu was irritated. If it weren't for Peter, she would have lost her temper, and she would have punched him by now.

"No! You have no right to ask me out." Malcolm did not give up. He moved to the other bed as he said to her, "By the way, I have gone through the admission process. I will be sharing the ward with you!"

Then, he sat on the bed.

The two lackeys stared at Peter angrily. They wanted Peter to leave.

Peter just ignored them. He was not scared easily.

Black Rasetsu was dismayed. She became really angry. She did not expect the man would decide to share the ward with her.

Actually, Peter had slept on that bed before. But he left the hospital afterward.

Peter pulled her hand. Then, he looked at Malcolm Zhou with a big smile. "Man, that is not a good way to go after girls!

You follow her everywhere, but it will make her dislike you even more!" Peter said.

"Who the hell do you think you are? Fuck off!" The two lackeys stood up suddenly. They pointed at Peter arrogantly and shouted before Malcolm Zhou could even say anything.

"Don't do that. Be polite." Malcolm Zhou tapped on their shoulders and continued, "We are gentlemen. Don't scare him off."

Malcolm Zhou was smart. He decided to behave politely in front of Black Rasetsu even though what he really wanted was to beat up Peter. He knew, Black Rasetsu might end up hating him.

"Okay. I'm sorry," one of the lackeys apologized immediately. "I'm really sorry. I won't do that again!"

"Haha."

However, when he was finished, the other lackey could not help but burst into laughter! Obviously, they were not going to apologize to Peter sincerely.

### [Chapter 210 Hateful Face](#)

Watching the henchmen tease Peter, Malcolm felt triumphant.

He hoped that Peter would not put up with him and would decide to leave at once so that he could have a chance to get close to Black Rasetsu.

Of course, Malcolm would rather have Peter provoked into anger and start a fight. If that was the case,

he could ask his henchmen to teach him a lesson.

But to his disappointment, Peter remained indifferent to the taunts of his henchmen. Smiling, Peter looked at them as if he were watching a comic show of monkeys.

Feeling uncomfortable, Malcolm could not help looking at Peter and said with a fake smile, "Gentleman, can you leave now? As patients, we need to have a noontime sleep."

"You can rest assured that I will keep silent and not disturb you," Peter said calmly.

"But I can't sleep if you are here. Moreover, my sweetheart also needs to rest. If you don't leave, you will just disturb her. Even if you are her friend, you can't be inconsiderate like this!"

Thinking that Peter was pretending not to understand him, Malcolm could not help explaining again.

"That's all right. She's not tired and doesn't need to rest,"

Peter said, smiling.

What he said made Malcolm very angry. "My dear, how could you have such an inconsiderate friend? After all, you're a patient here. I can't stand it anymore."

Obviously, he was trying to stir up a quarrel between Black Rasetsu and Peter.

To his surprise, Black Rasetsu gave him the cold shoulder. She did not even look at him nor did she get angry at his words.

Peter started talking to Black Rasetsu. He sounded very concerned.

"Are you tired?"

"No!"

"Do you need to rest?"

"No."

"Do you mind if I stay with you just a little longer?"

"No. I want you to stay. I'm glad to have your company."

They talked to each other pleasantly with Peter holding her hands while they talked. Black Rasetsu blushed and bowed her head.

Hearing their intimate conversation and seeing how close they were, Malcolm became furious.

'Damn it! Do they mean to make me angry?' he thought.

The two henchmen beside him glared at Peter with ferocious eyes, trying to make him afraid.

But to their dismay, Peter did not look at them at all. Their attempts to threaten him were completely in vain.

"Gentleman, you can not stay here beyond the visiting hours. If you don't leave, I will call the nurse."

Seeing that his previous plan was not going to work, Malcolm thought of another one. In short, he had only one purpose -- to get rid of Peter.

"Gentleman, this is not the intensive care unit. She just suffered minor injuries. Are there any restrictions on my visiting hours? You don't need to worry. We will not disturb you."

Peter didn't know what to say next. He was aware that for this kind of injury, there was no restriction on the visiting hours. After all, he was not visiting someone in prison.

"Whatever you're thinking, I have the final say. If you don't leave, I will call the nurse," Malcolm said viciously.

"Then do what you like,"

Peter said in an indifferent tone.

Outraged, Malcolm signaled at one of his henchmen, who left the ward immediately after understanding what he meant.

Within two minutes, a nurse was brought in.

"Lady, I want to rest but this guy is disturbing me. Ask him to leave immediately,"

Malcolm said to the nurse.

The nurse was a bit confused. After looking at Malcolm carefully, she became more confused and even apprehensive. Apparently, she knew Malcolm.

"Lady, I'm being maligned here. I have kept quiet. I'm even trying to control my breathing. How could I disturb his rest?"

Peter could not help but defend himself.

"He's talking nonsense!" Malcolm said hastily. "Lady, did you hear what I told you? If you can't ask him to leave, I want to see your supervisor,"

he added in an arrogant tone.

Hearing this, Peter wanted to give him a strong kick.

He hated conceited and domineering men like this one very much. They bullied the weak just because of their identity and background.

The nurse looked at Peter in horror. With pleading eyes, she said, "Gentleman, would you please..."

She had no choice, even if she knew it was not fair to send him out. However, she really could not afford to provoke Malcolm.

"All right, I will leave at once." Unwilling to give trouble to the nurse, Peter stood up.

Seeing him go obediently, Malcolm said to himself triumphantly, "You coward! How can you be my match? You're just playing with fire."

However, he was suddenly dumbfounded. He did not expect that Peter would take Black Rasetsu's hand, and they would leave together.

"My dear, what do you think you're doing? Where are you going?" Malcolm could not help asking Black Rasetsu, and his face was troubled.

"We will process the discharge formalities and leave the hospital. Just stay alone in this ward!"

she said coldly.

She kept her anger under control. If Peter had not persuaded her to stay calm, she would have rushed at Malcolm and beaten him up.

"Leave the hospital?"

Malcolm stared at them blankly for a moment. "How can you leave the hospital? Your wound has not healed yet."

He was just hospitalized. If Black Rasetsu left the hospital now, he would not be able to chase after her. He did not want that to happen.

"I know for sure if my wound has healed. You don't need to worry about it! You can worry about yourself!" Black Rasetsu said, giving Malcolm a cold look. Then she went out of the ward with Peter to complete the discharge process.

Dumbfounded, Malcolm followed them hurriedly.

Of course, he could not let Black Rasetsu leave the hospital so quickly. He already had plans on how to approach her. He wanted so much to have a romantic relationship with her.

Black Rasetsu soon found her attending doctor. "Doctor Huang, my wound has almost healed. I want to go through the discharge process,"

she said persuasively.

"Okay," Webb Huang nodded after glancing at Black Rasetsu. He knew that she just suffered some minor injuries and was safe to leave the hospital already.

As soon as Webb Huang finished his words, someone asked in a cold tone, "Can she really leave the hospital now? Has her wound really healed? Doctor, you should be responsible with your decisions."

Hearing him, Webb Huang's face suddenly changed. Looking up at Malcolm, he said, "Mr. Zhou, what are you doing here?"

Webb Huang had a respectful expression on his face. At this moment, the nurse beside him whispered something to his ears.

What she said changed the expression on his face. Then he looked at Black Rasetsu and said in a threatening tone, "Your wound has not healed yet. You can not leave the hospital. You should stay in the hospital for a few more days for observation."

'Oh my gosh! I almost made a big mistake. Fortunately, Mr. Zhou came in time and the nurse reminded me quickly. Otherwise, I would ruin his plan to chase after the girl. If that happens, how can I keep my position in this hospital?' Webb Huang thought.

"Didn't you just say that I could leave the hospital?" Black Rasetsu frowned, wondering why Webb Huang's face and decision changed so fast.

"Did I say that? When did I say that? You must have heard me wrong,"

Webb Huang said candidly. He was just playing the fool.

"You surely said that she could go. I heard you say it and I had it recorded. If you can't remember, I will play the recording for you."

Peter could not help it anymore. He stood up and began to help Black Rasetsu. He held his mobile phone and shoved it on Webb Huang's face.

'How dare he try to frame me?' Webb Huang became anxious.

Then he shouted angrily, "Who are you? How dare you talk to me with that tone? This is the director's office. Get out of here!"
