

## **Mighty Sk 2021**

### **Chapter 2021**

The reason why Wang Fan mentioned vice president is to arouse Yang Wu's fear and distract him, so as to give him a chance to escape.

Otherwise, if Yang Wu's attention has been focused on him, it will be difficult for him to escape in his present state.

After all, Yang Wu is a strong man of half step Zunjing. I'm afraid that he will be noticed or even taken by the other party as soon as he leaves the spaceship.

Now, Wang Fan's goal has obviously been achieved.

After Yang Wu returned to God, he saw Wang Fan, who had fled from the spaceship, and the whole person was furious in an instant.

"Want to go? Can you go yet?" He roared crazily, waved his right palm suddenly, killed Mo Feng not far away, and chased Wang Fan in the direction.

Just, he just chased out several Li, Wang Fan already controlled the spaceship to turn back abruptly.

When he was close to Mo Feng's body, he grabbed his space ring and rushed to another direction.

Mo Feng's resources must be amazing. Wang fan doesn't want to let it go.

Looking at this scene, Yang Wu was even more angry. His whole face was red, and he was almost angry.

He was fooled by Wang Fan!

Under the anger, Yang Wu is not fatally urging the aura in the body, crazy toward Wang Fan pursued in the past.

"You can't run away. Today, you will die! I'm Yang Wu. If I don't tear you to pieces, I won't be Yang Wu. I don't deserve to be a half step strong man. "

Yang Wu's crazy roar, speed is also urged to the extreme.

Wang fan inside the spaceship, the whole heart is also "bang bang" jump very fast.

He crazy control of the spacecraft, desperate to run, at the same time, a lot of pills swallowed in the mouth.

In his present state, there is no way to compete with Yang Wu. Once he is caught up by Yang Wu, he will

die.

Wang Fan didn't expect that Yang Wu was so bold and shameless that he dared to chase Wang fan out of the holy court of Wangdu and kill him.

You know, he's a student of the Wangdu holy college. As a tutor of the Wangdu holy college, if he really killed himself, once it's spread out, Yang Wu will surely die.

Tutors kill students. This kind of thing is not allowed to happen in Wangdu holy college.

In this way, they chased and fled, and galloped toward the distance.

Those ruthless people in the chaotic mountains, aware of Yang Wu's breath, didn't dare to do anything at all, so they hid far away.

With the passage of time, Yang Wu's face became more and more gloomy, and his killing intention became more and more intense.

He didn't expect that Wang Fan would have such a magic weapon for the spaceship, and the speed was so fast.

You know, Wang Fan was seriously injured. In this case, Yang Wu tried his best to catch up with him.

From this we can imagine how far the spaceship went against the sky.

However, Yang Wu did not give up at all, still chasing Wang Fan crazily.

Although he couldn't catch up with Wang Fan for a while, Wang Fan couldn't get out of his mental power in a short time.

"Wang Fan, you can't run away. I'll kill you! If you kill my disciple Lian Kui, you will die. Mo Feng's space ring, your contrarian spaceship, is also mine

Yang Wu crazy pursuit, while the ferocious roar, as if to give himself a boost.

Wang Fan in front of him had no time to pay attention to Yang Wu behind him. He was just frantically urging the spaceship, refining the aura in the elixir, and frantically recovering his cultivation.

Now for him, time is everything and he has no time to waste.

If he is overtaken by Yang Wu before his cultivation is restored, he will surely die.

But if he recovers his cultivation, Yang Wu will not kill him, but he will.

Originally, if in the peak period, Wang Fan urged this contrarian spaceship, it would be easy to get rid of Yang Wu.

But now, he is too weak and weak, and Yang Wu is a strong man who respects the realm, which makes him unable to shake off.

"Yang Wu, I remember today's hatred! If you have seed, you'll keep chasing it down. When you recover, you'll be killed. "

Wang Fan's heart is also roaring madly, and his eyes are full of anger and killing intention.

It's just Yang Wu. If he is at the peak, he can kill easily with a killing short gun.

But now, he was chased by Yang Wu, just like a lost dog. Wang Fan couldn't swallow it at all.

Time goes by. In the blink of an eye, three days have passed.

Over the past three days, Wang Fan's strength has recovered in half, but there is still some time to recover completely.

Originally, according to his current strength, it would be more than enough to push the spaceship to get rid of Yang Wu, but he did not do so. He Wang Fan has never been a person who has no revenge, on the contrary, he will revenge!

He wanted to attract Yang Wu to pursue him. Fortunately, when his cultivation recovered, he would wipe him out.

Wang Fan had been chased and killed by Yang Wu for three days. If he didn't kill Yang Wu, it would be hard for him to get angry.

Similarly, with the passing of three days, the anger in Yang Wu's heart was too strong to imagine.

His anger, just like the boiling oil and water, was out of control.

In the past three days, he was about to catch up with Wang Fan several times, but at the moment when he was about to catch up with Wang Fan, he was once again separated by him.

Yang Wu felt that he was just like a monkey, as if he was being teased by Wang Fan and led by the nose by Wang Fan.

"I can't give up, I must kill him! If I can't kill him this time, I won't have a chance to kill him once he returns to the palace. "

"What's more, this son's talent is really terrible. He has such fighting power only in the fifth level of

Wang Jing. If you give him another period of growth, I'm afraid he will kill me instead of me."

Yang Wu muttered to himself, constantly cheering himself up and inspiring his determination to kill Wang Fan.

Soon, three days later, Wang Fan's strength finally recovered completely.

"Yang Wu, you've been chasing and killing me for six days, and it's my turn to get angry at last." On the spaceship, Wang Fan suddenly controls the spaceship to stop, and a sudden killing appears in his eyes.

At the same time, Yang Wu's heart is also quite impatient. He never thought that he was chasing a seriously injured Wang Fan, but he didn't catch up with him for six days.

Looking at Wang Fan who is about to run out of the chaotic mountains, Yang Wu is finally impatient. When he plans to give up the pursuit, he suddenly finds that Wang Fan's spaceship has stopped.

Looking at the stopped spaceship, Yang Wu couldn't help but feel a little stunned. Then he felt uneasy immediately.

At this time, the cabin door of the spaceship had been opened, and Wang Fan came out with a cold face.

"Yang, how cool are you chasing me these days? Come on, since you want to kill me so much, I'll give you a chance to kill me! "

## **Chapter 2022**

Yang Wu listened to Wang Fan's words. He couldn't help but draw. Without any hesitation, he turned and ran.

He didn't have to think about it at all. He knew that Wang Fan must have recovered his cultivation.

For Wang Fan who has recovered his cultivation, he is still extremely afraid, especially the killing short gun. He thinks he can't compete at all.

Yang Wu's heart is extremely unwilling, extremely subdued.

How did he not expect that Wang Fan's injury was so serious that it took only six days to recover completely. And these six days, Wang fan is still being pursued.

"Run? Did you run? Now that you are catching up, don't run in a hurry. "

Wang Fan looked at Yang Wu, who had no hesitation and turned to run away, and felt a burst of dark cool in his heart.

He had been on the run before, but now it's the other way around.

At the same time, Wang Fan has taken off the ship, flashed to Yang Wu.

At the same time, his right hand has already grasped the shadow knife, and directly cast the seven kill Liuyun knife.

Several hundred Zhang long sword waves formed in an instant, rolled up endless killing power, pierced the air, and swept madly towards Yang Wu.

Yang Wu felt the scene and his face changed in an instant.

His heart is extremely subdued, how he did not expect, two people's situation, unexpectedly will reverse.

"Wang Fan, I, Yang Wu, don't intend to kill you any more. Don't push an inch!" Yang Wu roared crazily, his right hand trembled, and directly grabbed a long gun.

Under the shaking of the long gun, it raised several waves of terror and roared toward the knife wave.

Boom boom!

After several blasts, the power of the seven kill Liuyun sword has been more than half offset.

Yang Wu didn't stop. The tip of the gun trembled again. During the breath of aura, he continued to surge towards the knife.

Under this kind of consumption, in a short moment, the killing power of the seven kill Liuyun sword has been completely defeated.

Wang Fan looked at the scene, eyes in the emergence of a startled.

There is a big difference between Wang Jing and banbu Zun Jing.

Although he only used the first kill of Liuyun Dao, he couldn't take it so easily if he was the Ninth level of Wang Jing. But now, Yang Wu, who is half a step away from Zunjing, easily takes over.

"What's more? Ha ha, that's funny. You Yang Wu chased me for such a long time, don't you allow me to fight back? "

"If you chase me, you should take it for granted, but I fight back, but it's an inch. What's the truth?"

Wang Fan disdained a smile, not hesitating, directly put away the shadow knife, caught the killing short gun.

Since the first kill of the seven kill Liuyun sword has no effect on Yang Wu at all, Wang fan doesn't intend to use other king level martial arts to waste his aura.

He's going to use the kill rifle and make a quick decision.

At the moment when the killing shotgun was caught, Wang Fan's whole momentum had changed in an instant.

Yang Wu felt the change of Wang Fan's breath. His pupils suddenly shrank and became very dignified.

What he worried about happened in the end.

Wang Fan unexpectedly so quickly took out to kill short gun.

He only felt that at this moment, a strong breath seemed to have locked himself in.

Even if he escaped, he could not avoid the danger completely.

"Wang Fan, I'm the tutor of Wangdu holy court. You're so rebellious to me!"

"Do you really think you can kill me with this gun? If you can't kill me, you will be the one who died! "

Yang Wu stares at Wang Fan and starts a crazy roar.

At the same time, the aura in his body surged wildly, forming a solid defense on his body surface.

"Traacherous?" Wang Fan almost vomited, "Yang Wu, I Wang Fan have seen shameless, but Mei has seen you so shameless."

"As a tutor, it's not treason for you to pursue me, but it's treason for me to fight back?"

Wang fan is really speechless, "I really don't know, you such shameless person, how to become the tutor of Wangdu holy courtyard."

"It's a shame to have a tutor like you in Wangdu temple."

When Wang Fan finished, he didn't want to talk with this shameless guy any more. His aura was surging in his body. In an instant, he urged the killing intention in the killing short gun.

Boom!

At the moment when the intention of killing was urged, a violent killing power was spread out.

The aura in Wang Fan's Dantian also began to be pulled away madly.

Just for a moment, the aura in his elixir field had been completely evacuated and became extremely weak again.

"Death Wang Fan roared out, grabbed the killing shotgun and waved forward.

In a flash, countless gun patterns emerged, rolling the violent killing power, and rushing toward Yang Wu. At this moment, Yang Wu's expression completely changed and became extremely shocked.

He urged the aura crazily, while continuing to condense into armor defense in the body, while crazily waving the long gun in his hand.

The long gun trembled madly, rolled up the waves, and attacked those gun patterns, but it didn't help at all.

Boom, boom.

Several blasts came out, and the air wave raised by Yang Wu's long gun was the collapse of the gun pattern bombardment in an instant.

After smashing those waves, the gun pattern pounded on Yang Wu. A series of clear sounds came out. The defenses in his body were just like rags and paper. In a moment, they all collapsed.

At the moment of the collapse of Reiki defense, Yang Wu's whole body was already covered by the gun pattern.

A series of blood burst out, he didn't even have time to send out a cry, he had been completely torn into pieces.

At this point, Yang Wu, the mentor of Wangdu Shengyuan and the strong man of half step Zunjing, died!

Wang Fan looked at the dead Yang Wu with no change in his face.

He had expected this for a long time.

Without an absolute card, Yang Wu can't fight against the terror contained in the killing short gun.

Even Mo Feng, the strong man in the chaotic mountains, could not have survived the killing short gun if he had not mastered the respected martial arts.

"Unfortunately, the space ring was destroyed." Wang Fan looked at the dead Yang Wu indifferently, and sighed with disappointment. Even if he sacrificed the spaceship and left here.

He took out the map to identify the next direction and went straight to the huri empire.

Hu RI Empire, as one of the two special empires in the 18th National Congress of the Communist Party of China, is beyond doubt in terms of both inside information and strength.

The huri Empire has many experts and martial arts. Even a clan has the power to easily destroy the inferior Empire, the lung'ao empire.

Because the huri empire was quite far away from the Imperial Palace, it took Wang Fan half a month to get outside the border city of the huri Empire even after he got out of the chaotic mountains.

Outside the border city, Wang Fan took off and landed on the ground. He mingled with the crowd and walked towards the gate of the city.

As this is a border city, the censorship is also quite strict. Naturally, it is not allowed to fly in.

### **Chapter 2023**

Moya City, the fortress city of the huri empire.

This city is the lifeblood of the huri empire. Once it is controlled by other empires, the consequences will be unpredictable.

Therefore, in the city of Moya, the Hu RI Empire also sent heavy troops to guard, and all those heavy soldiers were excellent generals, who were extremely powerful.

Wang Fan raised his head and looked at the tall and towering gate of Moya city. His heart also set off a sense of shock.

In the city gate, he felt the flavor of ancient simplicity and vicissitudes. Obviously, the city has been for many years.

On top of the gate, tall towers were built. In the castle, the soldiers in armor stood in a pat, their eyes like swords, scanning the crowd below.

They are like sharp swords that will come out of their scabbard at any time. As long as they find any disturbance, they will rush up and tear the enemy to pieces.

Wang Fan looked at the soldiers who were loyal to their duties. When they walked, their breath was completely restrained, and soon they were no different from ordinary people.

He just wanted to see hanqingyi. He didn't want to be fussy, and he didn't want to ask for some unnecessary trouble.

In this way, Wang Fan mixed in the flow of people, close to the gate. However, before he arrived at the gate of the city, the sound of some middle-aged mercenaries nearby came.

"Eh, I said, have you heard? It is said that in the near future, the Empire around Yipin will send five envoys to our huri empire."

"Of course we've heard about that. It's said that all the five envoys are powerful. It's not easy."

"The empires around Yipin have always been ambitious, and there are many experts in the empires around. This time, I sent envoys to pay tribute to the emperor, but in fact, I think Liwei has come."

"Well, who said it wasn't. If the other party puts forward a contest at the pilgrimage meeting, it's OK that our Hu RI Empire wins. If we lose, it's really a loss. "

Although the voice of this discussion is very low, it is still heard by Wang Fan.

Listening to these words, he couldn't help looking up at those people, but he soon took his eyes back.

The purpose of his coming to the huri empire is to see hanqingyi, to see if hanqingyi is doing well, and to leave with him.

As for the others, Wang Fan didn't want to pay attention to them, which had nothing to do with him.

Half an hour later, Wang Fan finally came to the gate.

He arrived at the gate of the moment, a few breath cold, armored soldiers have a face of indifference to come forward.

These soldiers were all people who had been killed by blood and fire. As soon as they came up, their chilly feeling was like a torrent, which directly oppressed Wang Fan.

Wang Fan felt the momentum on them, disdained in his heart, but on the surface, he was shocked, and his face turned white. Even though he couldn't help faltering a few times, he almost fell to the ground.

When the soldiers saw Wang fan like this, two of them immediately came forward, one on the left and the other on the right, to control Wang Fan.

After controlling Wang Fan, another soldier came up with a bronze mirror.

He took the bronze mirror to Wang Fan, and then he used his aura to urge him. Under his aura, the bronze mirror immediately sent out a faint light and covered Wang Fan.

At the moment when the light shrouded Wang Fan, he was shocked to feel that the completely restrained aura in his elixir field began to stir up, as if he was about to break out at any time.

Feeling this scene, Wang Fan secretly panicked, he was calm on the surface, but in the dark, he began to

suppress madly.

Under his control, the golden energy in his body moves quietly, oppressing the aura in the Dantian.

Under the pressure of this madness, the aura in his elixir field gradually regained calm again.

At this time, Wang Fan's heart, it is set off a storm.

The world is so big that there are so many strange things. He never thought that these soldiers had such magic weapons in their hands.

It can be said that if it had not been for the strange golden energy in his body, it would have been exposed by now.

The soldier didn't notice the clue on Wang Fan, so he put away the bronze mirror, waved his hand and said, "let go."

Wang Fan listens to this words, just at last is secretly relieved tone.

If he is found out to be hiding his strength, though he will not become a public enemy, it is bound to cause unnecessary trouble.

At that time, even if he successfully entered the huri Empire, I'm afraid he will be focused by the imperial experts.

At the same time, Wang Fan to play more realistic, holding the wall, staggering forward.

Those soldiers did not look at Wang Fan again, but ran to the next person.

Soon, Wang Fan was far away from the gate and entered the city of Moya.

Moya is very prosperous in the city, and there is an endless stream of pedestrians on the streets.

Among these pedestrians, there are ordinary people and monks. Those ordinary people are not enough to attract Wang Fan's attention. But some of those friars are not simple.

Most of the monks' strength has reached five or more levels of the Kingdom, and even eight or nine levels of the kingdom. Wang Fan has seen several of them.

"It's worthy of the special huri empire. It's really more powerful than the Long'ao empire." Wang Fan was shocked and could not help muttering to himself.

Instead of paying more attention to the monks, he bought a map, confirmed the location of xiayunxizong, and rushed to the direction of yunxizong.

Yunxi sect, located in Yunxi mountains, is one of the most important sects of the huri empire. There are many brothers and sons in the sect, and they are as good as clouds.

It took Wang Fan eight days to get close to the Yunxi mountains.

Looking at the huge Yunxi mountains from afar, he was shocked.

The Yunxi mountain range is too big. It covers an area of at least ten thousand square kilometers. That is to say, the area of influence of Yunxizong is within ten thousand li.

Wang Fan looked at the Yunxi mountain range and the huge building on the top of the mountain, which seemed to have been hidden in the clouds.

If he hadn't seen it with his own eyes, he couldn't have imagined that a mountain range and a clan could be so huge.

He looked at the Yunxi mountains, breathed deeply, and went on.

However, when he was ten miles away from Yunxi mountains, several figures suddenly appeared in front of him.

These men are all on the third floor of Wangjing. They are all wearing uniform white clothes and embroidered with a big word "cloud" on their left chest.

They are not too old. They are all very proud in their thirties.

"Those who come will stop. This is the sphere of influence of Yunxi sect. No one is allowed to come near. If you dare to step forward, it will be regarded as a provocation to Yunxi sect. There is no amnesty for killing!"

A voice of indifference came from one of the youths, while the breath of the others was suddenly diffused, which locked Wang Fan firmly.

Wang Fan looked at this scene, quickly stopped his body, hugged his fist and said, "I'm a friend of Han Qingyi, the disciple of Guizong. I'm here to see her this time."

#### **Chapter 2024**

While speaking, Wang Fan was shocked.

It's really weird that he didn't notice the appearance of these people in advance.

However, he soon understood that there must be hidden boundaries around, which he could not see through. Otherwise, the cultivation of these people alone would not have concealed his spiritual

perception.

"You are a friend of younger martial sister Qingyi. Do you want to see younger martial sister Qingyi?"

"Get out, get out of here now, otherwise, don't blame us for being rude!"

"Dare to be a prostitute, dare to slander our younger martial sister in green, you're looking for death!"

However, what Wang Fan didn't expect was that after hearing his words, these people's faces didn't ease, but they were furious!

They have already taken out their weapons with a clang of abuse.

The glittering weapon points directly at Wang Fan. If Wang fan doesn't go, he will start immediately.

Wang Fan looked at the attitude of these people's instant change, and immediately it was a little puzzling.

He didn't know exactly where he had said the wrong thing and how he had become an adulterer.

"Elder martial brothers, you can't be mistaken. I'm not a thief. I'm really a friend of hanqingyi."

He was a little depressed and hastened to explain.

"You want to die!"

"Since you don't go away, go to hell!"

"I dare to slander our younger martial sister in green. It seems that you are really impatient."

However, several people did not listen to Wang Fan's explanation at all. They did not soften their looks, but became more angry.

In the roar, their breath is already crazy burst open, arms in hand waving, surging out a dazzling cold, crazy toward Wang Fan bombardment in the past.

Wang Fan looked at this scene, the heart is also very angry.

He just wanted to see Han Qingyi, who was offended, these people are too rude.

What's more, he just wants to see hanqingyi now. The other party is so rude and even wants to kill him. Isn't it more difficult for him to take away hanqingyi?

Looking at the surging attack, Wang Fan was furious. He killed these guys regardless of everything.

I just think that this is Yunxizong's territory, and he has no malice. If he offends like this, he really can't do it. So no matter how angry he is, he can only choose to leave.

As soon as Wang Fan's figure dodged their attack, he sped away towards the distance. Since we can't see Hanqingyi like this, we have to think of another way.

Those people didn't expect that Wang Fan could avoid their attack. The violent energy surged on the ground and set off ravines.

"Where to go, traitor."

"Stay with us!"

They drink violently and chase quickly, but they lose Wang Fan's trace completely soon.

"This lewd thief is so hateful that he dares to come to our Yunxi sect and insult younger martial sister in green."

"Since the younger martial sister Qingyi has been to the imperial capital once, many curfew have come up with the idea of younger martial sister Qingyi. It's just disgusting."

"Damn, that guy runs fast, or I will kill him. What's the matter? I dare to touch our younger martial sister in green. It's really a toad who wants to eat swan meat. "

A few people didn't catch up with Wang Fan, and there was a voice of abuse.

Wang Fan in the distance listened to their abuse, but he couldn't help frowning.

Now he finally understood why Chuhong said that Hanqingyi was very popular in the Huri empire.

He has some grievances in his heart. He is really a friend of Hanqingyi. It's a pity that the other party doesn't give him the chance to see Hanqingyi at all.

"Since you can't get in, you have to go in the dark. However, the master of Yunxizong is like a cloud. If I break in secretly, I'm afraid it will cause unnecessary trouble. "

"Well, I can't manage so much. Anyway, I have to see younger martial sister Qingyi. Only when I see her live well with my own eyes can I feel at ease. "

Wang Fan muttered to himself and soon made a decision.

However, although he decided to rush in secretly, Wang Fan did not choose to rush in unprepared. He was outside the Yunxi mountains and began to set up a transmission array crazily.

With his current array attainments, although the large long-distance transmission array can not be arranged, there is no problem in arranging the small short-distance transmission array.

Almost every hundred li, he will arrange a transmission array, and it is not a linear arrangement, but a curved arrangement.

Countless transmission arrays are stacked, and it doesn't stop until the total distance reaches nearly ten thousand li. At this time, it has been a month.

Wang Fan finished arranging the transmission array, opened a cave, adjusted his breath, and then put on his night clothes one night, and approached the Yunxi mountains.

"Stop coming!"

"Bold maniac, dare to sneak into Yunxi mountain range at night, what do you want to do?" "If you intrude into Yunxizong, you are looking for death!"

When Wang Fan was near Yunxi mountain range, several angry voices came out, and then seven or eight figures appeared in front of Wang Fan.

Wang Fan took a look at the seven or eight people and immediately called fate.

For these seven or eight men stopped him that day, and called him an adulterer, and wanted to kill his youth.

But the difference is that this time Wang fan not only changed his appearance, but also wore a black Nightgown, so they didn't recognize Wang Fan at all.

Wang Fan looked at the seven or eight people, cold hum, there is no half nonsense, directly toward them.

On that day, he was scolded as a prostitute by these people, but he also fought against each other. Wang Fan was extremely upset. Tonight, he was finally able to take a bad breath.

The swords and swords hissed. In the sound of thumping, they were accompanied by shouts. Soon, all eight of them fell down.

Wang Fan didn't kill them or hurt them. He just kept hitting their weak parts, which made them cry.

Of course, before they screamed miserably, Wang Fan had already arranged a barrier, and their voice could not be transmitted at all.

Wang Fan gave vent to a turn, and finally knocked them out one by one, leaving them in a hidden corner

not far away.

"It's just the third floor of Wangjing. I dare to abuse and shout. I can't stand you any longer. You should have a good rest."

Wang Fanchang murmured quickly, then his body flickered and ran towards the top of Yunxi mountain.

Along the way, he was extremely careful, also extremely cautious, mental power has been completely spread out.

He is not only on guard against the experts of Yunxi sect, but also against the hidden border formation.

Once he meets the master of yunxizong, or touches the hidden border array, it's not good.

Of course, if Wang fantact encounters an invisible array border, he can only admit bad luck.

Fortunately, Wang Fan's luck is not so bad, all the way without fear and danger, three days later, finally reached the peak.

In the eye, a huge clan gate seems to be shrouded in the clouds. It stands quietly. From a distance, it looks like a wild beast crawling and perching.

The huge arch is like the mouth of a fierce beast, giving people a sense of shock from the heart.

## **Chapter 2025**

Wang Fan looked at the huge Yunxi sect gate from a distance. He didn't go in immediately, but released his mental energy and made a detailed investigation.

Generally, the clan has a big huzong formation. Wang fan is afraid that his rash intrusion will trigger the big huzong formation.

"It's strange that I didn't even notice the breath of the array. Is it because the level of the protection array of yunxizong is too high?"

However, half an hour later, Wang Fan couldn't help frowning.

He didn't notice the breath of the array at all, which made him a little hesitant. He didn't know whether he should go in or not.

"Maybe it's not that yunxizong's huzong array is too high, but yunxizong didn't open the huzong array at all."

"All of you have come. Anyway, you must go in and have a look. I have a killing short gun, and an adverse spaceship. Even Zunjing can fight. I don't believe I can't escape. "

A moment later, Wang Fan clenched his teeth, and a touch of firmness appeared in his eyes. Then, without hesitation, he ran into yunxizong.

At the moment of passing through the gate of yunxizong, Wang Fan didn't feel the slightest mistake, let alone the sign of triggering the big array.

He couldn't help but be greatly relieved, and then his figure flashed, that is, he had already flashed behind a huge stone.

Not far in front of him, several young people in white yunxizong costumes came towards him.

These people, at first glance, are the disciples in charge of patrol, but their expressions are very lazy, obviously just routine.

They won't believe it at all. Someone dares to break into yunxizong.

Originally, Wang Fan's strength was several times higher than those of his disciples. In addition, they were not careful. Naturally, they did not find Wang Fan.

Just a random inspection here, they immediately toward the distance.

After Wang Fan realized that they had gone far away, he showed his figure and went to the depth of yunxizong.

The interior of yunxizong is also shrouded in thick white fog, which looks like a dangerous place. Its numerous flowers and plants, lush trees, it is a pleasant feeling.

"It's worthy of being the main gate of the special empire. It's really extraordinary." Wang Fan looked at the picturesque environment, his heart is also very comfortable.

Of course, he did not forget his purpose, and his vigilance was still very high.

Along the way, he saw not only many hard-working disciples, but also some affectionate male and female disciples.

"The Yunxi sect is really different." Wang Fan looked at those men and women's disciples who were very affectionate and affectionate. He couldn't help feeling again.

But soon he could not help frowning.

Because with his in-depth study, he met more and more disciples, more and more strong. If he was not careful, he would be found.

"It seems that we can find a way to ask where Qingyi lives. Otherwise, if we are found before we see Qingyi, it will be bad."

Wang Fan frowned and murmured to himself, then hid in a hidden place.

Not far in front of him, there is a lake, in which many beautiful flowers and plants are planted. Under the cover of the moonlight, it is particularly enjoyable.

At this time, on the edge of the lake, there was a man and a woman.

The man and woman were holding hands and whispering intimately.

The reason why Wang Fan stayed here was that he wanted to wait for them to separate and then follow the woman and ask where Han Qingyi lived.

Of course, if the woman was tired of being with the man all night, or didn't know where Hanqingyi was, he would have to think of another way.

In waiting, Wang Fan feels quite bored.

Also, in such a late night, he is hiding in the dark to watch others spend time, not boring is strange.

I don't know how long later, when Wang Fan was yawning and was about to fall asleep, the man and woman finally planned to leave.

But they did not separate, but left here together.

"It must be the man who wants to send the woman back to her residence?" Wang Fan looked at this scene, can not help but frown, comfort himself.

Ten minutes later, the man finally sent the woman to a place with countless pavilions. After a few words, he was reluctant to leave.

The woman did not immediately enter the large area of the pavilion, but could not stop waving.

Wang Fan did not go to see the man and woman, but looked at the large pavilion in front of him, and a word appeared in his heart inexplicably: dormitory.

But the difference is that the dormitory is a building, which is just a pavilion, but there is no difference in essence.

"Is it possible that the man who built the pavilion also came from outside?" Wang Fan could not help muttering to himself. At this time, the woman had turned to the large pavilion.

Wang Fan, aware of this scene, did not hesitate, but swept past like a ghost. In an instant, he had already flashed to the woman and covered her mouth before she recovered.

The woman's heart is extremely frightened, cold sweat in an instant covered the whole body, when even a move dare not move.

How did she not expect that someone was so bold and broke into here at night to commit murder.

What's more, she didn't expect that the cultivation of the sixth level of her kingdom had been completely controlled without even the opportunity to react.

"Which disciple is this? Do you like yourself and want to plot against yourself?" The woman couldn't help thinking.

Up to now, she never thought that Wang Fan was not a disciple of Yunxizong, but a person who broke into Yunxizong at night.

"Don't be afraid, don't struggle and yell. I mean no harm to you. I just want to ask you a question, as long as you answer to my satisfaction, I will let you go

Wang Fan spoke at the same time, the right hand slowly loosen the woman's mouth, the left hand is directly poked in its Dantian place.

The meaning he expressed was very obvious. If the woman struggled and yelled, she would directly smash each other's elixir field and completely abolish her cultivation.

"You, what do you want to ask?" The woman felt Wang Fan's finger poking at his Dantian, and the violent energy of that finger. Her delicate body couldn't help a burst of stiffness.

She didn't dare to move at all. She asked in a trembling voice.

"Where does Han Qingyi live?" Wang Fan asked slowly.

"Younger martial sister in green? Are you here for younger martial sister Qingyi?" When the woman listened to this, her face immediately changed, and even her voice became urgent.

"Don't talk nonsense, answer my question directly, otherwise, I will abolish your cultivation immediately." Wang Fan frowned and said fiercely.

The woman shivered. Then she thought of her situation and said quickly, "younger martial sister Qingyi is not in Zongmen at present. She has gone to the imperial city."

Wang Fan listened to this, can't help but be stunned.

He didn't expect that he had worked very hard and risked great danger to enter Yunxi sect, but hanqingyi was not there.

"You didn't lie to me?" Wang fan is a little reluctant.

The woman is scared paralyzed, answer quickly, "I where dare, she is not really in zongmen."

Wang Fan did not continue to speak, directly released the woman.

The woman breathed a sigh of relief, did not dare to shout, carefully into the inside.

Just as the woman had just entered and Wang Fan was about to leave, the window and door of a pavilion were suddenly pushed open. Half of the two women's bodies appeared outside the window while they were laughing and fighting.

The woman who was pushed out was ok, because she turned her back on Wang Fan, so she didn't see Wang Fan. But the woman facing Wang Fan was different.

At a glance, she saw Wang Fan, who was wrapped in black clothes and was turning to them.

When she saw Wang Fan, she was stunned at first, and then suddenly screamed, "come on, help, there are hooligans"

## **Chapter 2026**

The shrieking sound was very loud in the quiet night. Then, with the sound of clanging, the doors and windows of countless pavilions were opened.

Wang Fan looked at the scene, it is a black line on his face.

Without any hesitation, he ran madly towards yunxizongwai.

He was really depressed. He never thought that such a ridiculous thing would happen.

"Hooligans, where to escape!"

"If you dare to come to our female disciple's area, you are eating the heart of a bear and the gall of a leopard."

"Get him, quick, get him!"

Looking at Wang Fan, who is going away quickly, there are bursts of shy and angry voices. Countless graceful figures have rushed out of the doors and windows and rushed towards Wang Fan.

Wang fan is aware of this scene, almost have a kind of curse Niang impulse.

He came here with great effort, even if he didn't see hanqingyi.

The most important thing is that even the real master of yunxizong didn't find him, but in the end, he was found in this way by only one female disciple. This is ridiculous.

Wang Fan didn't dare to look back at all, and he didn't dare to talk nonsense with those female disciples. He showed his body to the extreme and ran to yunxizongwai.

"Where to go?"

"In the middle of the night, hide your head and show your tail. It's not a good thing to see. Leave it for me."

"If you dare to offend the younger martial sisters, I want to see your true face."

However, Wang Fan has not run far, the voice of anger is coming from the front. The disciples who were in charge of the inspection rushed to the site after hearing the news.

One by one, their eyes were full of fire and killing, as if Wang Fan had offended their goddess, and they wanted to tear Wang Fan to pieces.

Wang Fan looked at the disciples who were standing in front of him. When he had time to talk with them, he rushed towards them like a tiger.

At the moment of approaching each other, his fists were like thunder, accompanied by a torrent of fury, the young people immediately fell down one after another.

Wang Fan didn't kill people. He just gave them a chance to make way for themselves.

He did not dare to shake with these people, did not dare to delay time, and did not dare to lay heavy hands.

Otherwise, once you are trapped by the master of yunxizong, you will be unable to explain why.

After Wang Fan beat back those people, he ran frantically and flashed directly towards the door.

As long as he runs out of the gate of Yunxi sect and reaches the hillside, the short-range transmission arrays he has arranged these days can really be used.

"It's really good strength, but can you go? You don't seem to be a disciple of Yunxi sect, do you

"It's not our disciples of yunxizong who dare to break into our yunxizong at night and offend all the younger martial sisters. You are really a coward."

Another cold voice came. A young man in purple had appeared in front of Wang Fan and stopped him.

This young man in purple has reached the seventh level of Wang Jing, and his breath is very cold.

"Offend me. Which younger martial sister did I offend? Good dog out of the way, get out of my way

Wang Fan listened to this, in the heart that anger, he didn't have good spirit of scold a, then directly toward that purple clothes youth rushed past.

Now, he just wants to leave here as soon as possible. He doesn't want to stay for a moment. Anyone who dares to stop in front of him will start without hesitation.

When the young man in purple saw Wang Fan coming, he was not afraid at all. On the contrary, there was a look of disdain in his eyes.

He suddenly stepped on the ground with his right foot and jumped up like a sword. He also rushed to Wang Fan.

"Get out of here!" Wang Fan yelled. Before he got close to the young man in purple, his right fist had already set off a frenzied killing force and burst out.

The young people in purple also met each other with fists.

Because he can detect that Wang Fan's strength is only five levels of Wang Jing, which he didn't pay attention to at all.

Bang!

The two fists collided, making a deep explosion.

At this moment, the young man in purple felt as if a great force suddenly gushed out of Wang Fan's fist and rushed straight into his body.

Under that force, his face could not help changing, and he was shot out like a meteor.

Wang Fan didn't even look at him. His figure flickered and he continued to walk towards the door.

His heart has been a little anxious up, such a big movement, I'm afraid it has alarmed those sect elders.

If those elders do it, they will be in a passive position.

Wang Fan just thought of here, pupil is can't help but suddenly shrink, looked to the left direction.

He clearly felt that in that position, three powerful breath were approaching madly. From the three powerful breath, he has already realized that the three people are the strong of the Ninth level of Wang Jing.

How long has it been? Three powerful men from the Ninth level of Wang's situation have arrived. If they delay for a little longer, ·

Wang fan doesn't dare to think about it any more. He can't care so much anymore. He directly sacrifices the anti sky spaceship and runs towards the door.

The speed of the anti sky spaceship is much faster than that of Wang Fan. With Wang Fan's full force, it is like a meteor, which has disappeared in the blink of an eye.

Not long after Wang fan controlled the spaceship and disappeared, the three men had already appeared here.

They looked at Wang Fan's figure, and there was a flash of horror in their eyes.

"This speed ·"

they murmured and pursued Wang Fan crazily without hesitation.

One of them, while pursuing out, also seized a communication bead and sent out a message.

From Wang Fan's exposure to the present, the whole Yunxi sect has been made to fly.

With the spread of communication beads, they spread from one generation to the next. Soon, almost all the disciples and elders had gone out to hunt Wang Fan all over the world.

It's so bold that someone dares to break into Yunxi sect at night and offend the female disciple's living area.

How can such provocation be tolerated?

How can such arrogant and arrogant people not be severely punished?

For a moment, the whole yunxizong was in chaos.

This night, doomed sleepless.

Wang Fan, who controls the escape of the spaceship, is also numb in waves.

At the beginning, when he met those intercepting disciples, he would fight to find a way, or he would rush directly at the speed of the spaceship. But when it comes to the back, he doesn't have so much

time.

As long as he saw people, he would turn directly, use the terrible speed of the spaceship, throw away the other side, and detour to the door.

Although there are many disciples and elders of Yunxi sect who were shocked, Yunxi sect is really too big. Because of this, it is impossible for Wang Fan to catch up in a short time.

"Damn, it's not the way to go on like this. It will be blocked sooner or later. Think about it, now that the great array of protecting yunxizong has been opened. I'm going out now, and I guess I'm also in the trap."  
"

Wang fan can't help but cover his head with a headache, muttering and thinking about the way to get away.

Now he really wants to go back and beat the girl who was the first to yell "catch the hooligan" a thousand times.

### **Chapter 2027**

Although Wang Fan felt that the huzong formation might have been opened, and many yunxizong masters might have gathered at the gate, he still planned to go and have a look.

After all, only by breaking out of yunxizong can he really escape from Shengtian. Otherwise, it will be impossible to escape from the net.

Wang Fan spared no effort to escape the pursuit, and finally got close to the gate of yunxizong.

However, when he saw the elder disciples gathered at the gate of Yunxi sect, he could not help shivering.

At this time, at the entrance of yunxizong, no less than a thousand people gathered.

Among these thousand people, there are both elders and disciples. The lowest strength is in the third level of Wang Jing, while the strongest one has reached the Ninth level of Wang Jing.

Such a terrible number, such a huge lineup, Rao is Wang Fan again confident, absolutely not sure to escape.

Even, let alone escape, I am afraid that as long as he is seen by nearly a thousand people, he will be torn to pieces immediately.

"As for catching a hooligan, as for making such a big noise? Well, this is really bad. "

Wang Fan couldn't help frowning and murmuring, feeling depressed.

He did not dare to rush out, but quietly ran to yunxizong again.

According to the current situation, only when this group of people disperse, can he have a chance to break out.

"There are the hooligans!"

"Get him!"

"Rush, kill!"

In Wang Fan secretly depressed, several screams almost sounded at the same time, and then, Shua Shua, countless people are crazy towards Wang Fan in this direction.

Wang Fan looked at the dense figure, once again could not help a cold sweat.

There is really no way. There are too many disciples of yunxizong, especially at the gate. From time to time, some disciples will come.

He was discovered by this carelessness.

"Misunderstanding, misunderstanding, I'm not a hooligan, you really misunderstood."

Wang Fan side loud explanation, while is not hesitant to sacrifice the spaceship, toward the direction of no disciple intercept gallop away.

Under Wang Fan's crazy urge, the spaceship is just like a meteor. In an instant, it jumps out and disappears without a trace.

The disciples and elders looked at the scene, and they were gnashing their teeth.

In their eyes, Wang fan is too cunning, too rampant and hateful. Unexpectedly, relying on a good magic weapon of spaceship, they came to yunxizong for provocation.

In their opinion, Wang Fan would have been arrested 10000 times if it had not been for the magic weapon of the spaceship.

Wang fan controlled the spaceship, ran left and right, until he completely threw those people away. There were no more disciples around, so he fell to a hidden place.

After he fell, he was completely restrained and completely silent.

At this time, it is impossible to find Wang Fan as long as he is not carefully investigated by those who

respect the environment and are strong, and as long as he is not visible to the naked eye.

Wang Fan also has no way, he can only do so, otherwise, once he broke into something should not break into, or was stopped by those really strong yunxizong, that would be the end.

The huri empire is a special Empire, and yunxizong is one of the best sects in the huri empire. Wang fan is not sure that yunxizong has no strong one in respect of territory.

With Wang Fan's silence, the disciples of yunxizong were really stupid.

They searched for Wang Fan all night, and their mental strength was constantly sweeping. They could never find Wang Fan again.

There's no way. Yunxizong is too big. Almost all of raoshi's disciples have gone out, and after searching all night, they can't find the whole yunxizong.

At the gate of yunxizong, on a high platform, an old man with white hair and hair, who looked like a fairyland, was just a bit of a snob.

"Look, look for me, I don't believe where he can hide. The bold thieves dare to break into our Yunxi sect at night and offend our female disciples. They are just damned. "

He roared angrily, then sighed again, "ah, if the surrounding empires had not sent envoys to our huri Empire recently, it would be a provocation."

"I know that in order to raise the prestige of the huri Empire, the Lord and elder Brown poison personally led the team to the imperial city. How can we tolerate the curfew's recklessness?"

The old man was so angry that his beard and eyebrows were raised.

You know, if this kind of thing is spread out, it will cause the joke of Hu RI Empire, and he will also be punished by the Lord, and his reputation will be completely ruined.

"These thieves must not be spared. They must be caught and severely punished."

"I, Yunxi Zong, must not be offended. I must kill him!"

"Kill! Kill!! Kill

All the disciples were filled with righteous indignation. They wanted to kill Wang Fan immediately.

Wang Fan's mental strength explored this scene, and his heart was cold. It's really getting out of hand.

The only consolation to him is that it seems that the two masters of yunxizong are not here at the

moment, otherwise it will be more troublesome.

"Lord, elder Brown poison? These two people are probably the top experts of yunxizong. The old man with white beard said that they led the team to the Imperial City, and Qingyi must have followed them. "

"Look at the look and tone of the old man with white beard. At the moment, it seems that he has the highest prestige and strength in yunxizong. In this way, I don't have to be too nervous."

"Hey, I want to kill you, right? Well, I'll play with you. The top strong are not in the clan. They dare to be so arrogant. I'll let you be so arrogant. "

"Anyway, I've changed my face. Even if I exposed my face, it won't make any difference."

Wang Fan grinned and a strange smile appeared in his eyes.

The old man with white beard has only half the strength to respect his territory, and his breath is far less powerful than Yang Wu.

Wang fan is not afraid of this kind of strength.

As long as he is not surrounded by many disciples and elders, he will be able to use the spaceship and kill the short gun in an invincible position.

Wang Fan thought so in his heart, took off his night clothes directly and took action quietly.

He is going to do a lot of robbery in yunxizong.

A few minutes later, Wang Fan met a pair of people who were looking for him.

There are five of them. The lowest is the third floor of the Kingdom, and the highest is the fifth floor of the kingdom.

Wang Fan looked at these people, couldn't help laughing, quietly followed in the past.

With the cultivation of those five people, even if Wang Fan was close to him, he didn't notice at all, and he was still moving fast.

Wang Fan looked at this scene, a little funny, he reached out and patted one of the disciples on the shoulder, asked, "did you find that thief and rascal?"

Wang Fan stressed the word "thief and hooligan".

"Oh, No." That person is patted by Wang Fan, can't help but be surprised for a while, but after seeing Wang Fan, it is relaxed immediately.

When those disciples heard that Wang Fan had robbed five people's space ring, they were gnashing their teeth.

It's too arrogant, isn't it?

The old man with white beard was so angry that he was about to jump.

In Yunxizong, in their territory, Wang Fan dare to be so arrogant, this is simply did not pay attention to them.

"What does that guy look like, how old he is, where is his strength, and where is he going?"

The old man with white beard asked, looking at the five people who had just been rescued, suppressing their anger and voice.

"Answer the second elder, the man..." one of them was about to answer, but at this moment, a voice came quickly.

"Elder two, something's wrong. Another 23 disciples were knocked unconscious and robbed."

"What? What a shame! What a shame! I'm so angry The old man with white beard was so angry that he was about to vomit blood.

His face was livid, and there was a cold light in his eyes. Today's event is definitely the biggest disgrace of Yunxi sect in its history.

The old man with white beard swore a few words and gasped hard. Then he suppressed his anger and asked, "didn't you hear my question just now? Answer it quickly."

"Well, yes, yes." The five people who were stunned didn't dare to hesitate at all. They said in a trembling voice, "the man is in his thirties. He's going in that direction."

"In your thirties?" The old man with white beard couldn't help choking.

"Find it for me. Keep looking. Even if you dig three feet, you'll catch the thief for me. If I don't kill him, I can't get rid of him! "

The old man with white beard growled wildly and looked at the five people again, "five of you, draw the portrait of that man for me and send it to all the disciples."

"Yes, yes." Five people where dare to have hesitation, hurriedly in accordance with the memory, took the paper stroke up.

Before long, Wang Fan's face they saw had been painted and sent to all the disciples.

However, the other 21 students who were robbed couldn't help shaking their heads when they saw the picture.

No, the thief is not like this at all. He is not alone. He doesn't have any resemblance.

The old man with white beard was so surprised that he asked them to draw again. However, he did not expect that 21 people had painted three different faces.

"I've changed my face. The thief has changed his face. He is proficient in the art of changing his face. It's hateful. What a treacherous thief."

The old man with white beard jumped three feet, which made him more angry.

When the old man with white beard was angry, Wang Fan was robbing the disciples who could start.

Every time he robbed, he would change his face in advance and use different looks. And the locations of the robberies are also irregular and far from the same.

In less than three hours, nearly a hundred disciples were robbed, and the whole yunxizong clan was made to fly.

The old man with white beard was even more angry. He could only order his disciples not to act alone or in small groups. Each group of people and horses must reach 20.

He didn't believe it. With 20 disciples together, Wang Fan had the courage to rob.

Wang Fan in aware of this scene, but can't help laughing.

He felt that groups of people were shuttling around yunxizong. After searching for his disciples everywhere, he put on the clothes he had just robbed and ran quietly towards the gate of yunxizong. In his opinion, after such a fuss, the number of Yunxi sect disciples defending at the door will be greatly reduced.

In addition to his clothes of yunxizong disciples, maybe he can catch each other by surprise and escape safely.

In fact, as Wang Fan expected, when he arrived at the gate of Yunxi sect, the total number of disciples and elders guarding Yunxi sect was less than 200.

Although the lineup of 200 elders and disciples is still terrible, it is much better than that of nearly a thousand before.

Wang Fan in close to the door, make a face eager shape, quickly toward the door direction, at the same

time yelled, "bad, bad, the thief is there to rob."

"What?" The 200 disciples and elders were shocked when they heard that, while Wang Fan, taking advantage of these people's panic, suddenly took out the shadow knife and split it out.

Under this knife, hundreds of long awns suddenly appeared, rolling up the fierce killing force and the wind force, setting off the momentum of Wanjun, sweeping away madly.

The elder disciple, who was in a state of absence, suddenly changed his face and subconsciously gave way to both sides.

And just as they dodged, Wang Fan had suddenly sacrificed his spaceship and galloped out along the channel they gave way.

Just in an instant, the spaceship had already flashed past and rushed out of yunxizong.

Looking at this scene, those elders and disciples are crazy.

One by one, their faces turned red, their eyes flamed and they roared.

"Son of a bitch, where to go!"

"What a cunning bastard!"

"Stop it for me!"

Wang Fan couldn't help laughing when he listened to these words. "Goodbye, everyone. Thank you for your help. If I lack resources next time, I will come again."

Wang Fan said, but also has been crazy to urge the spacecraft, toward the mountain.

The reason why he called out the last sentence was to confuse the people of Yunxi sect and make them think that their purpose was robbery.

After all, the people who stayed outside the mountains had seen Wang Fan. Once they guessed Wang Fan and drew out his true appearance, it would be troublesome.

And Wang Fan said so, will completely confuse their line of sight thinking, so that they will not guess to Wang Fan's head.

## **Chapter 2029**

"Damn it

"Son of a bitch, stop for us!"

"Damn, I dare to challenge yunxizong. I will kill you today!"

Listening to Wang Fan's words, the elders and disciples of yunxizong were all more mad.

Wang fan is so hateful and arrogant. What does he regard yunxizong as?

How can Wang Fan stop? Not only did he not stop, but he was faster and disappeared after a few flashes.

Rao is the old man with white beard who is half a step away from Zunjing. He has tried his best to catch up with Wang Fan.

He was so angry that his whole body exploded.

After escaping from Yunxi sect, Wang Fan was relieved.

It's really dangerous. Fortunately, I escaped.

At the same time, he also secretly congratulated himself that he was lucky to catch up with the two masters, otherwise, it would be difficult to escape.

Wang Fan met many disciples of Yunxi sect again when he was running for the shape, but most of them were people who were guarding all over the mountain. There were no too powerful experts, so they didn't pose any threat to Wang fan shape.

Wang Fan was very relaxed, so he beat them back and went to Shanxia.

Two days later, although Wang Fan could not completely escape from the huge Yunxi mountains, he had reached the place where he could urge him to set up the transmission array.

Wang Fan did not hesitate to grasp the refined array flag in advance, which was a complete inspiration.

In the moment of activating the array flag, a bright flash of light rolled Wang Fan away from Yunxi sect in an instant.

Wang fan used it again and again. When he used all the small transmission arrays, he was completely away from yunxizong.

"It's very dangerous. I'm almost trapped in yunxizong. Although we didn't see Qingyi in this operation, we got a lot of resources, which is worthy of our visit. "

"Since Qingyi is not in yunxizong, there is no need for me to stay here. I'll go to the imperial capital directly."

In a dense jungle, Wang Fan's figure suddenly appeared. He looked up at the distance and murmured to himself.

Having said that, he didn't stay at all. He directly sacrificed the spaceship and rushed to the imperial capital.

The imperial capital is tens of thousands of miles away from Yunxizong. Rao is at the speed of Wang Fan, which also takes a few days.

In these days, Wang fan is not idle, he began to count the loot in Yunxizong.

When all the spoils were counted out, Rao Shiyi, with Wang Fan's mind, could not help grinning.

This disciple of Yunxizong is really rich. There are not only a lot of spirit stones, but also a lot of spirit grass and beads.

Wang Fan roughly calculated that only the best spirit stone alone would add up to more than 300 million. As for lingcao, the total number of high and low grades is nearly ten thousand.

Wang Fan did not idle, while driving the spacecraft to the emperor's capital, began to refine the pills.

For him now, elixir is very important, even low-level elixir, at a critical moment, may be able to save his life.

Of course, the disciples of Yunxi sect who he robbed have reached the realm of the king.

Therefore, even if the level of spirit grass is low, it will not be low. The refined pills are basically available to those who are strong in the kingdom.

It took Wang Fan seven days to refine all the herbs into pills.

Looking at the thousands of pills in the space ring, Wang Fan grinned.

It's worthy of being the big gate of the special empire. The inside information is really deep. He just snatched it a little, and he has such a great harvest.

Wang Fan even thought, if there are no cultivation resources in the future, do you want to earn some more in this way?

Wang Fan thought about these messy things, and soon shook his head. He grasped the level of martial arts from the ruins of the chaotic mountains and began to study and cultivate.

He has been studying and trying to practice this great destruction, but he has not succeeded. Obviously,

this level of martial arts is not so easy to control.

However, Wang Fan was not disheartened. As long as he had time, he would study cultivation.

He knew that the more advanced and powerful his martial arts were, the more difficult it would be to cultivate. Otherwise, he would not be worthy of being called a treasure.

Time passed slowly, and seven days later, he finally withdrew from the cultivation and looked up to the front.

He saw a magnificent city like a giant dragon.

The city is tall and magnificent, simple and dignified, giving people a strong sense of vicissitudes.

On the huge stone plaque above the city gate, there are three huge characters of "Hu RI city".

The handwriting is vigorous and powerful, simple and elegant. It is obviously made by an expert."Finally, Hu RI city is really extraordinary. It's much better than the capital of the Long'ao empire."

Wang Fan sighed, took off the ship and walked slowly towards the city.

This time, he not only did not hide his accomplishments, but also took the initiative to reveal his true accomplishments.

The reason why he did this was that he found that there were too many monks who came and went in and out of the palace. Even if he showed his original cultivation, he would not attract attention.

Moreover, the imperial capital is obviously different from the frontier city in front of it. There are so many experts in the imperial capital, and most people come from other cities in the country, and the censorship is far less strict than that of the frontier city.

Wang Fan mixed in the stream of people and went to huricheng.

It took him more than an hour to enter the capital of the emperor after paying ten pieces of the best spirit stones.

Wang Fan was speechless when he handed in ten pieces of the best spirit stone.

Hu Richeng is too overbearing to charge such a high fee.

This alone is a terrible income.

Walking in the city of huri, looking at the pavilions on both sides of the city and feeling the popularity of the city, Wang Fan once again has a sense of peace that he has not seen for a long time.

He plans to go to a restaurant first, inquire about the residence of Yunxizong master, and then start the operation.

Tingfeng restaurant.

It's not a big restaurant, and it's not in the center of Huricheng.

However, it is a sea of people, people, business is very hot.

All kinds of comments are constantly spread out, many words are mixed with a variety of information.

Wang Fan in the moment of entering the restaurant, a variety of voices came, so that he could not help frowning.

This is, a small two of the restaurant is fast to meet, respectfully asked, "master, please come inside, how many of you?"

Wang Fan stretched out a finger, "one, give me a vacancy, just in this hall."

"Yes, this way, please." Xiao Er nodded, then quickly took Wang Fan to one of the directions.

### **Chapter 2030**

Under the leadership of the second child, Wang Fan soon sat down in one of the positions. After ordering some food and wine, he let the second child go.

Although Tingfeng restaurant is very popular, the speed of serving food and wine is not slow.

After a while, the food and wine were already on the table. While eating, Wang Fan heard all kinds of news.

There are so many guests in this restaurant that they can talk about everything.

Some people are talking about the arrogance of the emperor, who is more powerful, while others are talking about the major branches.

Other people are talking about romantic and romantic, about which red chamber girls are enchanting and beautiful.

Wang Fan listened to these discussions, but also dull, laughing and crying. But he is not anxious, while quietly tasting wine, while quietly listening.

At a certain moment, several people's comments finally attracted Wang Fan's attention.

"Hey, speaking of beautiful women, I really met one this time. The cold green clothes of Yunxizong are as beautiful as flowers. They are amazing. "

"Isn't that nonsense? Elder martial sister Han is the true disciple of Master Brown Poison. Her good name has already spread all over the whole Huri Empire. Countless young Tianjiao are pursuing her. Who knows?"

"Well, I know it, but seeing it is another matter. Even if you have heard of Elder Martial Sister Han's beauty, have you ever seen it with your own eyes? "

"That's not true. Eh, where did you meet Elder Martial Sister Han? You're not bragging, are you? She's the true disciple of Elder Brown Poison. How can a little person like you be qualified to see her

"How can I boast? I swear, I'm a big bull. I'm not bragging. They live in the Huangtianxi tower in the city. When I passed there yesterday, I just met them and took a look at them from a distance. "

The two men, one fat and the other thin, are equal in strength to Wang Fan, both on the fifth floor of the kingdom.

It was the fat man who had seen Hanqingyi, but it was the thin man who questioned.

They are not far away from Wang Fan, only about 100 meters away, so the word between them is in Wang Fan's ears.

"Huangtianxi building?" Wang Fan listened to their conversation, his eyes couldn't help brightening, and he immediately remembered these four words in his heart.

He didn't expect that he had just come to Hu Ri city and got the news of Han Qingyi. His luck was really good.

The fat man and the thin man talked for a while, but they didn't continue to talk more about it. Soon they talked about other things.

Wang Fan did not care, and continued to listen to other news.

At a certain moment, with all the noise, a young man in dark green, with a beautiful woman in a white robe, came in slowly.

With the entry of these two people, the whole hall is a moment of noise, almost everyone's eyes are looking at the past.

They look at the two people's eyes, full of respect, and even worship.

Wang Fan looked at the expressions of the people, and immediately realized that their identities were

extraordinary, otherwise they would not show such expressions.

Sure enough, Wang Fan just thought of it here, and the murmurs came.

"Elder martial brother Yushan, miss the Moon Fairy, I didn't expect that even they came to this restaurant."

"Elder martial brother Yushan is the pride of the jade family in Nanguan. It is said that his strength has reached the peak of the eighth floor of the kingdom. His strength can be called terror."

"It is said that elder martial brother Yushan took part in this selection war, and he is also a hot person who is very likely to win the first prize."

The sound of discussion is one after another, but what Wang Fan hears is secretly frowning.

Selection war? The winner?

He was puzzled and puzzled.

Is there any contest going on in the city of Hu RI?

Of course, no matter what contest was held, it had nothing to do with Wang Fan, so he didn't care much.

Wang Fan just lightly swept those two people one eye, then drew back the line of sight, no longer pay attention to.

After the young man named Yushan and the woman named Xiyue entered, the second child was respectfully welcomed, but was waved back by Yushan.

"Miss Xiyue, shall we go to the box upstairs?" Yushan in wave back small two after, eyes soft look to cherish month, warm voice mouth asked.

While he was talking, his handsome face was also wearing a faint smile. He looked very elegant and charming.

Xi Yue Wen Yan, but shook his head, "I don't want to go to the box, just sit in this hall to find a seat."

Say, cherish month is to look for to rise position all around.

Yushan frowned slightly, but he did not retort, so he followed.

However, the business of this restaurant is really good. At this time, the hall is full and there are no vacancies.

After scanning a circle, the two people's eyes fell on Wang Fan, who was only one but occupied four seats. Although Wang Fan lowered his head, he clearly felt the scene, and he could not help frowning.

"There's a seat over there. Let's go and sit there." Yushan points to Wang Fan's position and comes straight over.

It seems that he has never thought about it. This position has already been taken, let alone considered. What if Wang fan doesn't let him do.

"Younger martial brother, can I sit here?" After Yushan came, he asked politely.

However, although his words were polite, his eyes were cold. He was obviously a hypocrite with different appearances.

Wang Fan looked at the cold light in Yushan's eyes, and listened to his younger martial brother's name. He was a little upset.

It's just the eighth floor of Wangjing. I dare to call myself younger martial brother here. Is this guy too loaded?

Before Wang Fan could speak, Yushan had looked at Xiyue again, "sit down."

Then he sat down with Xiyue.

Wang Fan looked at this scene, the heart is more uncomfortable.

However, he was forced to resist the discomfort, did not attack, stood up and left here without saying a word.

He really doesn't want to make a fuss. The most important thing is that the information he wants to inquire about has already been inquired about, and it's meaningless to stay here.

"Younger martial brother, stay here." However, Wang Fan's silent departure caused Yushan's dissatisfaction. He spoke to Wang Fan's back.

Wang Fan listened to the word "younger martial brother". He was even more upset, but he still held back.

He didn't even pay attention to the jade mountain. He didn't even look back. He continued to go forward.

Yushan looked at this scene, his eyes suddenly appeared a touch of cold.

In places like Tingfeng restaurant, it's the first time that people dare to ignore him.

Originally, he was quite satisfied with Wang Fan's silent and witty departure. But now, he is a little angry, because Wang Fan ignored him.

At this moment, even the cherish month, can't help but frown at Wang Fan, seems to be very dissatisfied with Wang Fan's action.
