

## **Mighty Sk 2081**

### **Chapter 2081**

"The silk clothing refined by the semi holy realm strongman can resist the eight attacks of the Zunjing strongman?"

"My God, is that true?"

"What a piece of clothing against heaven!"

Looking at the crystal clear silk clothes, in an instant, the whole scene completely exploded!

All the friars could not help talking in a startled voice.

You know, in the eighteen empires, those who respect the territory and are strong are rare. It's rare to see them in a hundred years.

But this silk dress can resist the eight full attacks of the powerful. Doesn't it mean that as long as you put on this dress, you can not die?

Where is this silk clothing? It's a gold medal!

For a moment, the eyes of most monks could not help but become hot, even faintly red.

Of course, excitement comes from excitement, and eye heat comes from eye heat. But the sky high price of one billion yuan still makes many people shy away.

Wang Fan's eyes also became fiery. He didn't want to take a picture of the silk clothes for himself, but wanted to take a picture of Han Qingyi.

After all, the cultivation of hanqingyi is too weak. It's OK to be around her. If she is not around her, she will be very dangerous.

And if you have this treasure clothes, the life of cold green clothes can be a layer of protection.

While Wang Fan was about to move, the shadowy youth could not help but stand up straight.

Obviously, the silk clothes also aroused his interest.

"One billion fifty million!"

"1.2 billion!"

"1.5 billion!"

At this time, the bidding voice has been ringing one after another.

The aura of the sound, just like a road thunder, hard blow up in this shot store.

Wang Fan aware of this scene, quickly arranged a layer of boundary around the cold green clothes, C just make it free from influence.

Otherwise, with the cultivation of Han Qingyi, the rolling sound thunder alone will be enough to hurt the spirit.

Wang Fan did not immediately offer, but began to wait quietly.

He knows that the quotation at this time is meaningless and will only be drowned by the next quotation, unless the price he quoted is far higher than the current price.

At the same time, Wang Fan's heart is also very depressed.

Originally, he had 4.3 billion top-quality spirit stones, which was very rich. But now it seems that I am still poor.

In just a short time, the price of silk garments has reached nearly 2 billion yuan. It can be seen that his spirit stone may not be able to afford the noble martial arts and Zunyi pill.

"1.8 billion!"

"1.9 billion!"

"Two billion!"

The price of silk garments was still soaring, and soon soared to 2 billion yuan.

At this time, there were not many monks still bidding.

After all, the two billion top-quality spirit stones are already quite a lot. What's more, the ultimate goal of most monks is the Zun level martial arts and Zunyi Dan.

"2.5 billion!"

A sharp voice suddenly resounded in the auction house, making the auction house appear a short silence.

It takes a lot of courage to go from two billion to two and a half billion.

Shua Shua!

The monks looked in the direction of the voice, and then they found that it was a young man wearing a red robe.

"Master Sha of huoshazong?"

"Why did he come here? Is it difficult for Huo shazong to be interested in Zun level martial arts and Zunyi Dan?"

Looking at the young man, some of the monks' faces could not help changing slightly. Then they turned their heads in horror. They did not dare to see more, and they did not dare to bid.

They all recognized the identity of Yinyi youth and were afraid of it.

Yinyi youth didn't care about the sight of the monks at all. With a rebellious smile, the red light in his eyes flashed, and his breath suddenly burst. The strength of Wang Jing's nine level peak was scattered in the whole audience.

"Huoshazong? Mr. Sha Wang Fan listened to the monks' comments, but he could not help murmuring and kept this power in mind.

"Little girl, why don't you drop the hammer and see no one bidding? Do you want me to drop the hammer for you? "

Seeing that the enchanting woman who presided over the auction didn't respond for a long time, the young man grinned and said to the enchanting woman.

Enchanting woman slightly a Leng, soon is to return to God.

She looked at the young man with all kinds of amorous feelings and said slowly, "this young man has offered 2.5 billion yuan. Is there anything else to offer? If there is no bid, the silk clothing will be worth two billion yuan

Enchanting woman's words have not yet fallen, a voice has already interrupted her words.

Enchanting woman's face couldn't help changing for a while, turned to see, immediately saw that bid Wang Fan.Shua!

At the same time, Yinyi young master Sha's face also changed. His bloodthirsty eyes suddenly fell on Wang Fan.

His heart, set off a towering anger, has been killing.

He never thought that in this barbarian land, there were still people who dared to bid with him and beat him in the face.

Sha childe's eyes are extremely cold. His eyes are like a knife. He stabs Wang Fan hard, as if he wants to pierce Wang Fan's whole body.

However, Wang Fan didn't even look at him. Instead, he yelled at the enchanting woman and said, "little girl, what are you still doing? Nobody's bidding. Don't you hurry?"

Enchanting woman listen to this words, only feel whole body a quiver, almost no a mouthful of old blood gush out.

What kind of world is this? How can one be more powerful than the other.

Enchanting woman thinks so in the heart, but didn't drop hammer, but looked to Sha childe.

Obviously, she wants to see if shagongzi will bid.

Shagongzi did not go to see the enchanting woman, but coldly staring at Wang Fan, moriran said, "you have seed, you have seed! Since you want the silk clothes, I'll give you the book. I want to see how long you can keep it. "

Sha childe coldly said, directly sat back, did not look at Wang Fan.

But his mental power has been shrouded in Wang Fan. He has regarded Wang Fan as a dead man.

Wang Fan didn't want to provoke this evil childe, but he was not happy immediately after hearing this.

The most important thing is that he knows that the evil master has already hated him, and most of them will do it after the auction.

Now that he has offended him, Wang Fan will not be used to shagongzi any more. He points to his nose and says with disdain,

"it's none of your business whether I have seed or not and how long I can keep it? If you have a spirit stone, just bid. I'll see if I'm afraid of you. "

"It's just a poor man who doesn't have a spirit stone and dares to shout here. What are you?"

As soon as Wang Fan said this, the whole auction house was quiet.

Especially those who knew the identity of master Sha were shocked and could not help but sweat for Wang Fan.

Wang Fan dares to provoke the bloodthirsty shagongzi. He is impatient.

Even the enchanting woman, who presided over the auction, couldn't help changing her face, and a touch of surprise appeared in her eyes.

As for Mr. Sha, I'm almost angry!

Rage, smoke!

## **Chapter 2082**

None of your business?

Just a poor man?

What is it?

When did someone dare to talk to him like this?

This is a great shame to him!

Shagongzi clenched his fists tightly, and his green tendons burst out. His anger surged up uncontrollably, and there was a huge killing opportunity on his body.

He wants to kill, he really wants to kill!!!

Wang Fan looked at the angry expression of master Sha and felt the surging murders on his body. His face was always calm without any waves.

He looked at Sha childe so calmly, without fear, very calm.

Prince Sha was even more angry when he saw that Wang Fan was so calm! He was just about to make a desperate move when suddenly a slight dry cough came out from behind the auction table.

Although the dry cough was very small, it fell in the ears of the monks, but it was like thunder.

"Well, well, I remember you!" Shagongzi is also sober, he tried his best to suppress the anger in his heart, then he turned his head and ignored Wang Fan.

Hongduhui, though not as good as his huoshazong, is not much different.

There is really no need for him, because Wang Fan will have trouble with Hong Du here.

Wang Fan listened to the words of master Sha and laughed with disdain. He also turned his eyes away and ignored master Sha.

When the enchanting woman saw that they had finally stopped their anger, she quickly gave a smile and said, "Congratulations, my friend, for successfully photographing the silk clothes."

With that, the hammer in her hand fell down, and then the maid came to Wang Fan with her precious clothes and started trading.

In order to be on the safe side, this kind of transaction should be carried out on the spot naturally. Otherwise, if we can't bring out the spirit stone afterwards, will Hongdu suffer a great loss?

Wang Fan didn't talk nonsense either. After handing over the stone, he took over the silk clothes.

Silk clothing is delicate and smooth, and it has aura blessing. It's really a treasure.

Although this silk dress may not be as beautiful as the enchanting woman said, and it may not be worth 2.6 billion yuan, it is worth the money here.

Because it is for Han Qingyi to protect his life. In his heart, the value of Han Qingyi far exceeds 2.6 billion.

"Put it away and put it on when you leave here." Wang Fan will silk Baoyi handed to Qingyi, light said.

Han Qingyi looks at Wang Fan's silk clothes. There is a warm current in his heart, and his eyes are filled with endless gratitude.

Although she had expected that Wang Fan would give her the Baoyi, she was still moved when Wang Fan really gave it to her.

After all, it's a 2.6 billion stone!

How many people in the world can be willing to throw 2.6 billion elites for beauty?

The friars sitting around looked at the scene, and their eyes were also shocked and incredible.

Especially those nuns, the eyes looking at Han Qingyi were full of envy. However, since it's none of their business, no one will talk nonsense.

"Thank you." Although the cold green clothes know to say thank some superfluous, but still can't help but say a, hands shaking took silk treasure clothes.

The auction is still going on, and all kinds of magic weapons emerge one after another.

Of course, the price of those things is no more than that of silk clothes.

Wang Fan looked at those magic weapons and never shot them again.

He is waiting quietly, waiting for the appearance of Zunji martial arts and Zunyi Dan.

Although he knows that with his current value of 1.7 billion top-quality spirit stone, he has basically missed the two final magic weapons. But Wang Fan still wants to wait and see, in case he really has a chance?

During this period, master Sha didn't do anything. But his eyes, but from time to time will sweep to Wang Fan, the emergence of a forest of cold.

At first, Wang Fan would respond with disdain to childe Sha's eyes, but when he got to the back, he directly chose to ignore it.

He's really not interested in glaring at this guy.

Prince Sha looked at Wang Fan's response. He was so angry that he was almost mad.

Even now, he has put Zun level martial arts and Zunyi Dan aside. He just wants to kill Wang Fan first.

Unfortunately, because this is the auction hosted by hongduhui, he can only endure it again and again.

Another two hours passed quickly. At a certain moment, with the appearance of eight strong men, the enchanting woman's expression suddenly became serious.

"Next, we are auctioning one of today's two most important treasures, one of the most respected martial arts skills: one chop."

"One sword cutting is the unique skill of Zhenzong in the border area. As for its power, I won't talk more about it here."

"Well, now I announce that the price of the best spirit stone will start at 1.5 billion yuan, and the price increase will not be less than 100 million yuan each time. Now the auction begins." Enchanting woman slowly said, the scene atmosphere became fiery again.

"1.8 billion!"

"Two billion!"

"2.5 billion!"

"Three billion!"

People began to offer crazily. In a short time, the price of one cut has been raised to 3 billion.

The purpose of most friars is to master the martial arts and Zunyi Dan. They have been holding on for a long time.

This is the moment they are waiting for.

Wang Fan's eyes gaped. He knew that he had no chance with this knife in the normal auction.

To tell you the truth, he who uses shadow knife is still very interested in it. Unfortunately, there are not many spirit stones on him.

As for killing and looting, Wang Fan didn't think about it, but he couldn't do it unless he was provoked.

Shagongzi also started the crazy offer, but at this moment, there are not many people who buy his account.

Those who dare to compete with him are either strong or not weaker than huoshazong. Naturally, they are not afraid of master shazong.

The price soared wildly, and soon rose to 4 billion.

At this time, the number of monks and forces bidding was reduced, leaving only a few.

After all, that's four billion. It's not what ordinary people can do.

As for the enchanting woman who presided over the auction, she was already laughing.

For her, the higher the price, the better.

"4.5 billion!" Shagongzi's crazy offer again is his bottom line. No matter how high the price is, he will not be able to cut it.

"4.5 billion? Master Sha is really bold! However, you can't let Mr. Sha sing solo. No, it's going to cost 4.6 billion yuan. "

Not long after shagongzi's voice fell, a voice came out.

The one who opened his mouth was a man in his fifties. He was full of powerful breath. There was a trace of abuse in his eyes.

"People of heartless Valley?" The evil spirit childe looks at that man, the eye eye suddenly one coagulates, in which sprang up to put on a fierce light.

However, even if he was angry, he could only suppress it.

He was angry with a cold hum, can only reluctantly sit down, quit the competition.

There is no way. He has only 4.5 billion yuan and can't afford a higher price.

"Heartless Valley, good, very good, I hope you can successfully take a knife back to the border."

The evil spirit child murmurs, the fierce light in the eye eye is even more!

Heartless Valley is also a big force in the border area. Its strength is similar to that of his huosha sect, which can't be underestimated.

### **Chapter 2083**

Wang fan saw that he was shot with a knife, and then he knew how lucky he was.

If he didn't get a chance to kill the sky from the ruins, it would be hard for him to afford a roll of high-level martial arts.

Originally, Wang Fan thought that his 4.3 billion worth was already very rich. But now he knows that he is still poor.

After being taken away by the people of heartless Valley, it soon entered the auction of the next item.

It's not beyond Wang Fan's expectation. It's the last item of the auction, Zunyi Dan.

Zunyi pill is the necessary pill for the top nine of Wang Jing to advance to Zunjing. Without Zunyi pill, even if the qualification is against heaven, it is impossible to enter Zunjing.

And the spirit grass needed for refining Zunyi pill is extremely precious and rare, which is not so easy to get.

In addition, Zunyi pill is extremely difficult to refine. Even the master of alchemy has no 100% success rate.

All these directly lead to the value of Zunyi Dan.

To some extent, Zunyi Dan is more than 100 times more valuable than Zunji's martial arts.

"Next we're going to auction today's final item, Zunyi Dan. As for the use of Zunyi Dan, you must have been very clear. I won't talk too much here. "

"Now I'd like to announce that the starting price of Zunyi pill is 2 billion top-quality spirit stones, and the price increase should not be less than 100 million top-quality spirit stones. Now the auction begins."

With the enchanting woman who presided over the auction once again, the scene was detonated again, and all the friars began their crazy bidding.

Wang Fan swept it with his mental strength. He saw that Zunyi pill was the size of longan, green and full of wisdom.

He wants to have a more in-depth investigation of the medicine and spirit of Zunyi Dan, but a layer of barrier has been set around Zunyi Dan.

Wang Fan's spiritual power can only sweep these superficial things, and can't penetrate them at all.

"Well, it seems that Zunyi Dan has no chance with me. As for killing people and seizing treasure, let's not say whether I can succeed with my strength. The most important thing is that it's against my heart. I really can't do it. "

Wang Fan sighed bitterly, and then he stopped paying attention to Zunyi Dan.

He was about to leave.

Since I can't afford it, it's just a waste of time here.

Wang Fan took a deep breath and was about to leave with Han Qingyi. But at this time, there was a riot in the auction house.

He turned to see, saw more than a dozen people quickly stood up from their seats, in a hurry toward the auction out.

Wang Fan looked at the dozen people and soon found a familiar one.

That man is the man of heartless Valley who took away the respected martial arts.

Obviously, heartless Valley is not going to buy Zunyi Dan, but to leave.

Wang Fan took a look at them, but he didn't pay much attention to them. He was just about to get up and leave.

But at this moment, the young master Sha, who was not far away from him, suddenly raised his chin in a direction. In an instant, several people stood up and went out with him.

Shagongzi himself didn't go out, but continued the bidding of Zunyi Dan.

"This, this is to rob?" Wang Fan looked at the scene and could not help muttering to himself.

"It seems that another good play is going on." Wang Fan murmured again, and then took the cold green

clothes to get up and walked out to the auction floor.

Almost at the moment when he got up, the cold eyes of the evil childe swept over.

The evil spirit childe sees Wang Fan two people to leave, in the eyes sprang up one to put on a cold light, to the side two humanitarians, "go, solved him."

"Yes Those two people didn't have the slightest nonsense, full face grimace of stood up, followed Wang Fan to walk out.

Their eyes to Wang Fan were filled with cruel and bloodthirsty cold.

"I'm just a barbarian. I dare to challenge you. You asked for it! I want to see how long you can keep the silk clothes. "

Shagongzi also grins grimly, and soon ignores Wang Fan's affairs and focuses on Zunyi Dan's auction.

Before Wang Fan came out of the auction house, he could not help frowning.

He clearly noticed that the breath of two monks had locked him firmly, and quickly followed him out. What's more, the two men's eyes were full of cruelty and bloodthirsty.

"Master huoshazongsha? Since you want to play, I'll play with you. "

Wang fan is aware of this scene, the corner of his mouth is slowly raised, and a touch of cold is emerging.

Cold green clothes also obviously aware of Wang Fan's face change, but she did not ask, also did not look back, but followed Wang Fan quickly to go out.

Although her strength is low, she can't detect the two people who follow. Can her cleverness, nature is to know that evil childe won't let Wang Fan off.Wang Fan and his wife soon walked out of the auction house.

After walking out of the auction house, Wang Fan didn't hesitate at all. He took hanqingyi with him. They turned into a rainbow and galloped towards one of them.

"Since you want to kill me, I'll give you a chance. But I'm afraid you don't have that ability. "

Wang Fan sneers at the same time, is also trying to control their own speed, deeply afraid of the two people get rid of.

"Want to run, can you run?"

"If you dare to offend our young master, you are looking for death!"

The people of huoshazong, who pursued Wang Fan behind, sneered at Wang Fan's flying away without hesitation.

They are not slow to hang behind Wang Fan, and did not choose to start immediately.

In their opinion, it's not too late to kill Wang Fan. What's more, it's too close to the auction house. It's not too late to go out of the city to kill Wang Fan.

They did not pay attention to Wang Fan at all.

Wang Fan flew all the way and soon flew out of Heili city. After leaving Heili City, his speed was even slower, and he was just like a turtle.

However, the two also slowed down, still did not choose to catch up immediately.

They plan to find a relatively remote place to kill Wang Fan.

Wang Fan could not stand these two guys. At one moment, he suddenly turned back and scolded them,

"I said you two bastards, when are you going to catch up? If you want to do it quickly, I don't have so much time to waste with you. "

Wang Fan's heart is very uncomfortable, he really does not understand what these two guys are thinking.

The two men who were in no hurry to pursue Wang Fan suddenly saw Wang fan turning back and heard Wang Fan's voice again. They were so angry that their noses were almost crooked.

Bastard?

Why did Wang Fan call them bastards?

They are insulted and reviled by a mole ant whom they despise. It's almost unbearable!

"What do you say? Who do you call a bastard? If you have the guts, I'll call you another one!"

"Damn it, first it provoked us, then it insulted us. You want to die!"

Their faces turned red in an instant, and they were angry. At the same time, their breath burst.

Kill, diffuse!

**Chapter 2084**

Wang Fan looked at their angry expression, but couldn't help laughing, "scold you again? I didn't expect that there were still people looking for abuse. "

"Listen to me. I say you are bastards. Why, have you heard clearly? Are you satisfied? "

It's just two monks on the eighth floor of the kingdom. Wang Fan didn't pay attention to them at all.

These two goods in front of him, that is by seconds of share, no accident.

"Good, good, you want to die!"

"I'm going to kill you!"

When those two guys heard Wang Fan's words, they trembled with anger again. They just felt that their whole body was about to explode.

They are full of momentum, no more nonsense, body shape suddenly flash, directly to Wang Fan killed in the past.

They both took out a half arm long black knife in their hands. The knife was extremely sharp and gave off a dazzling cold light in the sunlight.

Just for a moment, they had already rushed to Wang Fan, and the dagger set off a violent killing, stabbing Wang Fan from left to right.

Wang Fan looked at this scene, and a touch of disdain appeared in his eyes.

He didn't even bother to hide. He suddenly raised his right leg and pointed his feet out.

The fury of the spirit rips open, just like a rough sea, and stirs on the two men. Their attack speed immediately becomes sluggish.

In the two attack speed stagnation Dun, Wang Fan's toes have penetrated the knife shadow of the short knife, hard point on their chest.

Bang bang!

Two heavy voices sounded.

Click!

Click!

With the sound of two broken bones, they flew out with blood.

here.

For him, the most important thing is the respected martial arts skills of heartless valley. As for Wang Fan, he can stay behind.

All the way, Wang Fan quickly flashed to a towering giant tree.

Thousands of meters below him, there is a huge open space, and above that open space, there are two sides of the confrontation.

Looking at the atmosphere of the two sides, it seems that a war may break out at any time.

The two sides of this confrontation are not others. They are the people of huoshazong and the people of heartless valley.

At this time, the people of heartless Valley had been blocked by the people of huoshazong, and their faces were extremely ugly.

"Huoshazong, do you really want to be the enemy of my heartless Valley? If this matter is spread out, it will be an endless battle. Do you really want to do so? "

A middle-aged man of heartless Valley, with a gloomy face, looks at all the people of huoshazong and gnashes his teeth.

He didn't expect that huoshazong was so bold and crazy that he dared to kill people and steal goods.

"No, No." As soon as the middle-aged man's words came to an end, a very pale huoshazong man began to speak with a smile,

"don't worry, it will never come out. As for the endless war you said, it is impossible to happen.

"Heartless Valley man hears this words, complexion cannot help a change, "what do you mean this?"

At the same time, the faces of the rest of the people in the heartless valley also changed greatly, and their anger, intention to kill and feelings were intertwined.

"It's no fun. We just want to keep all of you here." The man of huoshazong opened his mouth and pointed his fingers around,

"you see, the scenery here is beautiful, so it's suitable for burying bones. Isn't it a blessing for you that we bury you all here? "

Heartless Valley man heard this, burst into a rage, "son of a bitch, you are looking for death!"

The rest of the people in heartless valley are also enthusiastic.

"Since you think the scenery here is unique and suitable for burying bones, why don't you die here?"

"You must think clearly that once one of us escapes, it will be a great disaster for your huosha sect."

"If you want to kill us all, you have to see if you have that ability!"

"Damn, fight, kill these dog days!"

The people of heartless valley are so angry.

At this time, the man of huoshazong seemed to have some impatience. He waved his hand and said blandly, "kill, no one left!"

With his voice, the more than a dozen people of huoshazong had a grim smile on their lips, and then they killed all the people in the heartless valley with a crazy roar.

The heartless Valley man looked at this scene, his face could not help changing, and madly ordered, "don't fight to death, try your best to break through, and try your best to send this matter back to the valley for me."

"Yes The people of heartless Valley got the order, and directly scattered around and ran away crazily.

"If you want to run, can you run away?"

However, they have not yet escaped far away. With a voice of abuse, dozens of huosha sect strongmen have sprung up in all directions.

After the strong appeared, they directly killed the people in the heartless valley without any nonsense.

Looking at this scene, the faces of the people in heartless Valley changed first, and then their eyes turned red!

"Kill, fight with these dog days!"

"To kill one is enough, to kill two is to earn money!"

"Rush, kill!"

For a time, fighting, roaring, crazy intertwined, the scene of complete chaos!

## **Chapter 2085**

The sword Qi crisscross in the air, and the two sides fight madly together. The blood is full of blood.

Almost every minute, every second, there are people falling down, red blood splashing out, and soon the ground has been dyed red.

This scene is so tragic.

Both sides are red eyed.

Although the strength of the friars of heartless Valley is good, how can they differ from huosha sect in quantity.

They're almost one person fighting two or three.

In this way, the people of heartless Valley soon fell into an absolute disadvantage.

Those lucky friars of heartless Valley can pull an enemy on their back before they die, but those who are not lucky can't even kill an opponent.

This fierce battle lasted more than half an hour before it was completely stopped.

The eighteen friars of heartless valley have all died miserably and have no life to return.

Although the price of huoshazong was not as great as that of heartless Valley, seven or eight people died and three or four were seriously injured.

The ground is completely red with blood, and the strong smell of blood is disgusting.

Stumps and broken arms are everywhere, shaking people's eyes.

"Go and see if there are any living people. No matter whether you die or not, you'll make it up to me to prevent future trouble. "

After the battle stopped, the huoshazong man pointed to the dead friar of heartless Valley on the ground, and gave orders to several people behind him.

"Yes." There was no hesitation at all, so they rushed out immediately and began to mend the knife.

Wang Fan, not far away, can't help frowning at this scene. At the same time, he sighs at the ruthlessness and caution of huoshazong.

When the friars of huosha sect finished mending the swords of those people in heartless Valley, the leading huosha sect man put away all people's space rings and began to search one by one.

Obviously, he's looking for the best martial arts.

Soon, he found a knife in one of the space rings, and his eyes became excited.

He put the space ring with a knife on another finger, and then planned to retreat with the crowd.

Wang fan is aware of this scene, and his aura is gushing in an instant. He is planning to seize it with the power of lightning.

But at the moment when he was about to make a move, his face changed slightly. He suddenly suppressed the impulse to make a move. His breath was restrained and he returned to silence again.

Almost at the same time that he gathered his whole breath, the three streamers had approached from afar and soon fell to the previous battlefield.

The figure appeared, and it was Mr. Sha.

"See you, young master." After seeing the appearance of master Sha, the faces of those huoshazong changed and bowed respectfully.

"Don't be polite." Master Sha waved his hand slightly, and then asked, "what's the matter? Have you got it?"

"I got it. It's in this space ring." The fire evil man respectfully said, will be equipped with a knife cut space ring handed in the past.

"Well, none of them has escaped, won't they?" Shagongzi's eyes brightened. He took the space ring and asked.

"Don't worry, young master. All the eighteen people in heartless valley have died here, and they have no intention of surviving." The man said respectfully.

Master Sha nodded with satisfaction. At the same time, he grasped it with his right hand, and a simple scroll appeared in his hand.

Looking at the simple scroll, master Sha could not help but feel excited and murmured, "I've finally got it."

"Kuangdaomen's unique knowledge of Zhenzong. Ha ha, if one day kuangdaomen knew that I had learned their unique knowledge of Zhenzong, they didn't know what kind of expression it would be. Ha ha

Looking at the simple scroll, master Sha was so proud that he could not help laughing wildly.

It's a very powerful skill to cut with one knife. It's this skill that makes the arrogant of kuangdaomen rise in the frontier and be respected.

What's more, one chop is also the secret of the mad Dao sect. I just don't know what's going on. It's just that Hong Du will auction it here.

"Young master, now the things have arrived. In order to avoid unnecessary troubles, we'd better leave here as soon as possible."

That fire evil spirit Zong man see evil spirit childe put away a knife to cut, can't help but remind of say.

However, after he finished this sentence, he seemed to think of something, and he couldn't help asking, "by the way, young master, have you got your respect Dan?"

"Here we are." The evil spirit childe laughs of nod, but soon that in the eyes is to emerge a touch of cold awn, "just some pities, that silk treasure clothes unexpectedly didn't arrive."

"If you get the silk clothes and kill the boy, this trip will be really successful."

Shagongzi said coldly. Obviously, he was still thinking about Wang Fan.

"Young master, why should we care about such a small person? If we run into him in the future, we will kill him directly. Now we'd better go back with Zun class martial arts and Zunyi Dan. "Huoshazong man reminded again.

"Well, that's the only way. It's really cheap. Let the bastard live a little longer."

Obviously, master Sha could distinguish the heavy from the heavy. He nodded slowly, but at the end, he couldn't help sighing, "ah, I'm not happy when I think of that son of a bitch."

Shagongzi and his party left here soon after they had straightened up.

Wang Fan did not start, but quietly followed behind.

He is just like a hunter, staring at his prey, looking for the best mobile phone meeting.

Just a hateful son, Wang Fan did not pay attention.

It's just that there are too many masters around him, especially the two old men who followed him.

They are all tough people who respect the environment.

If you are alone with the two half step Zunjing, Wang fan may not be able to take it seriously.

But two and a half step Zunjing, plus so many eight and nine levels of Wang Jing, he had to treat them with dignity.

He has to find the right opportunity, hit the target with one hit, and withdraw immediately after getting Zunyi Dan and Zunji martial arts.

"I didn't expect that even Zunyi Dan fell into this guy's hands. I don't know whether this guy bought it or robbed it. Hehe, it's just that it's good, but it's cheap for me. "

"Originally, if other people get Zunyi Dan and Zunji martial arts, I can't snatch it. But if this huoshazong gets it, there will be no psychological pressure at all. "

Wang Fan murmured, like a falcon, following behind the group of young master Sha.

Because there are too many people and some people are injured, so the speed of their actions is very slow.

After running for more than two hours, they stopped. Master Sha said,

"I'll take things back with Uncle Yin first. You can go back slowly. It's too slow. If it goes on like this, I'm afraid something will change. "

"Well, be careful."

Shagongzi soon separated from the army and left quickly with the two old men.

Wang Fan looked at this scene, eyes slightly a bright, slightly Rao direction, control the spacecraft to catch up.

Looking at the three people who left alone, he already had a clever plan in his heart.

## **Chapter 2086**

Wang Fan took control of the spaceship and made a special detour. When he reached dozens of miles in front of the three men, he stopped.

He released his whole breath, pretended to be on the way, and ran with cold green clothes.

Dozens of miles behind Wang Fan, the three of them were on their way. At a certain moment, his face suddenly changed and he looked coldly at Wang Fan's position.

At the corner of his mouth, he stirred up a smile, "it's really hard to find a place to break the iron shoes. It's not a waste of time."

"Originally, I wanted you to live longer, but now it seems that even God won't let you live."

The evil spirit childe smilingly, didn't have the slightest hesitation, speed up, just like lightning toward

Wang Fan's direction quickly ran past.

At the auction, Wang Fan's provocation to shagongzi was the biggest shame of shagongzi's life.

If he didn't meet Wang Fan, he could only bear this tone for a while, but now that he met Wang Fan, with his character, he was naturally unwilling to let Wang Fan go.

The two old men behind the master Sha frowned at the scene, but they didn't say anything more. They followed closely.

Wang fan is aware that the evil spirit childe pursues, the surface is silent, but the heart is set off a sneer.

He did not expect that he was just a casual seduction, this guy really caught up.

When shagongzi was five or six kilometers away from him, he suddenly noticed and looked at shagongzi's position in panic.

"Ha ha, boy, I didn't expect that. We meet again." Seeing Wang Fan's panic stricken expression, master Sha couldn't help laughing.

But although he was smiling, there was no smile in his expression, and there was only cold killing intention.

Shagongzi pointed to Wang Fan and said, "son of a bitch, aren't you very arrogant? I want to see if you can be arrogant later!"

"It's very brave of you to insult me and kill my subordinates."

Wang Fan looked at the sudden appearance of Mr. Sha, and then listened to his words, his face turned white.

He pulled the cold green clothes behind him and said, "brother, brother, it's better for you to get rid of the enemy than to get married. Why do you have to do that? Isn't it just a silk dress? Can't I give it to you? "

Wang Fan says, pose to want to pick the space ring on the finger. Can not wait for him to take off the space ring, the evil spirit childe already sneered of open mouth.

"Is that about silk clothes? You insult me in public, say I'm poor, and scold me for something. Don't you think it's so cheap? "

The evil spirit childe language is dense, in the eyes is emerging endless ferocious, "dare to insult this childe, you give this childe to die!"

"Don't worry. When you die, I will help her find a good home. Although she's a little ugly, if she sells at a low price, I think there are some people who want her. "

Sha childe said, no longer too lazy to talk nonsense, the body breath crazy surge, body shape a flash, has toward Wang Fan to fight in the past.

The two old men who were behind them wanted to help, but after seeing Wang Fan's "scared" expression, they hesitated a little and gave up the plan.

Wang Fan listened to the insult of master Sha to Han Qingyi, and there was a crazy murder in his heart. However, he was forced to endure, his face is still a panic expression.

He had already vowed in his heart that he would kill this evil childe in a crazy way later!

The wind roared, and the whole man set off a violent hurricane. It was just an instant before Wang Fan.

He clenched his right fist in an instant, and at the same time, he made a fierce blow to Wang Fan.

The fist was torn, the air trembled, and the fierce killing momentum rolled up. It was like a raging dragon dancing wildly, and frantically attacked Wang Fan.

Wang Fan looks at this scene, the complexion is more pale, but in the heart has already set off a sneer.

The aura in his body has begun to surge madly, and the golden energy is like the torrent of breaking a dike. The dark waves are surging and ready to go.

At the moment when the fierce fists of master Sha were about to hit Wang Fan, Wang Fan also moved abruptly.

"Violent fist!" With a low roar, his fingers curled, his right fist clenched instantly, and his crazy fist bombarded him.

Blow out, like a mountain torrent Tsunami!

The fierce aura, like the torrent of breaking the levee, filled the right arm. The bright golden light wrapped the whole fist in an instant and set off a powerful momentum. It collided with the strength of the spirit raised by master Sha's fist.

Boom!

A terrible noise!

The powerful energy is rampant, and the power raised by shagongzi's fist collapses in an instant.

The bright golden energy, just like the wolf of sheep, crazily wrapped the whole right arm of shagongzi.

Red light surging, the hot red energy in master Sha's body was immediately swallowed by the golden energy. Click!

At the same time, the sound of bone breaking suddenly rang out, and the young master Sha couldn't help but draw hard and let out a scream.

His whole person was also under the strong force, and he was hit backward, but he was absorbed by the golden energy again. Under the two opposing forces, his body began to pull violently.

Whoa!

There was another hissing sound. Under the pull of this huge force, at a certain moment, the whole right arm of master Sha was finally torn apart, and his whole body flew upside down.

"If you want to kill me, you're not good enough. If it's not for your respected martial arts and Zunyi Dan, do you think you can find me by your idiotic waste?"

When shagongzi's body flew backward, Wang Fan's disdainful voice came out. At the same time, he had already grasped the shadow knife and waved it out.

The shadow knife is like electricity. It cuts the master Sha's chest in an instant and raises a blood mist. At the same time, it picks up a space ring.

Wang Fan grabbed the space ring and put it away. Then he put the space ring on shagongzi's broken right arm away and fell to the ground.

With his mental power, he found that Zun class martial arts and Zunyi Dan were really in it, which greatly relieved him.

After he fell to the ground, it was a burst of rage!

His fists clenched, his face twisted, his teeth rattling!

The fierce eyes, like wild animals, glared at Wang Fan, as if to eat people.

"You, you dare to rob me?" Moriran's voice came from the mouth of master Sha, as if it came from Jiuyou hell.

At the same time, the two old men also came back to their senses, their faces changed in an instant, and at the same time, they were furious.

"Boy, how dare you count us?"

"Have you ever thought of the consequences of hurting our young master of huosha sect and robbing our huosha sect?"

The two men's eyes were almost cracked, and their hearts were trembling.

They didn't expect that Wang Fan was deliberately showing weakness. Wang Fan hurt shagongzi and robbed Zun class martial arts and Zunyi Dan.

This scene happened so fast that they didn't react at the first time.

If this matter is dealt with by the old patriarch, they will lose their heads!

### **Chapter 2087**

"What are you from huosha sect? I said, "do you want any more faces?" Wang Fan listened to the words of master Sha, but he disdained to sneer,

"how can I remember that one chop seems to have been taken away by heartless Valley, is it because I remember wrong?"

"You huoshazong can rob other people's things, but they can't rob you?"

"How ridiculous

Wang Fan a words say, is more will Sha childe three human body tremble.

The anger in their hearts!

If eyes can kill people, Wang Fan has already been killed 10000 times!

Because at this time the evil spirit childe is already serious injury, so even if he again anger, also can tolerate.

But the two old guys are not the same, they have madly gathered up the whole body aura, began to brew a fatal attack.

Wang Fan seemed to have no sense of the brewing of the two old guys. He tried his best to refine the demon fire that had been swallowed by the golden energy before, and looked at master Sha.

"Mr. Sha, I remember what you said just now. Don't worry. I will take good care of you. I will break you to pieces."

Wang Fan said, right foot suddenly step on the ground, bang, the whole person has been crazy toward Sha childe to kill in the past.

"Kill

"Die for me!"

Almost at the moment when Wang Fan killed Xiangsha, the two elders also moved suddenly.

Their breath is surging wildly, just like the real intention of killing, forming ripples and impacting on Wang Fan.

Two half step Zunjing's strong men are angry, and their power is really terrible.

If you change to another strong king, even the ninth floor of the king, you will be hurt by the real intention of killing.

It's a pity that Wang fan is not an ordinary strong man in the kingdom. He is a strong man who has killed Zunjing.

Wang Fan seemed to have expected that when the energy ripple formed by the intention of killing came, his right hand had already grasped the shadow knife and waved it fiercely.

The bright sword awn emerged, set off a great glow, pierced the air, just like a dragon on the sea, moving towards the ripples of killing intention.

Boom!

The sound of explosion came out one after another, just for a moment, the energy ripple formed by the intention of killing had been completely defeated.

Wang fan speed is still not reduced, continue to crazy to the Sha childe.

His speed is like electricity, his momentum is like a rainbow, just like death.

At this moment, master Sha's face finally changed and became a little scared.

He did not expect that Wang fan should be so terrible, two big half step Zunjing, was unable to stop the slightest.

"I'm the young master of huosha sect. Do you dare to kill me?" Shagongzi forced himself to bear the pain and retreated crazily.

The two old men, with their eyes contracting sharply, drank crazily:

"dare you!"

"The rat wants to die!"

Looking at Wang Fan who is about to kill master Sha, their eyes are red!

"I dare not kill you!" Wang Fan turned a deaf ear to the three people's drinking. He said with a sneer, and the shadow knife stabbed forward suddenly!

Lingqi huff and puff, knife awn surging, hiss a, is already ruthlessly inserted Sha childe's left shoulder blade.

The sharp point of the knife penetrated from the shoulder blade of master Sha and raised a red mist of blood.

"Ah

A scream resounded through the sky. Master Sha was shaking all over, and his cold sweat came out.

Pain!

It really hurts!

Originally, after he was engulfed by the demon fire in his body, he was already weak and his strength was greatly reduced.

Now, where can we bear this kind of torture?

"I said, I will tear you to pieces!" Wang Fan's cruel smile, the right hand grasps the shadow knife, mercilessly faces at one stroke!

There was another stab. With the blood splashing, the whole man was nailed up by the shadow knife.

His scream is more sharp, the pain is a few want to coma in the past!

"Boy, stop it!"

"As long as you let go of our young master, all conditions are up to you!"

Looking at this scene, the two old men were afraid and could not help but soften up.

Shagongzi really can't die. Once shagongzi dies, they will be implicated, and they can't be blamed.

"Good!"

Wang Fan nodded with a smile, but the shadow knife threw fiercely towards the sky.

Whoosh!

Shagongzi was immediately thrown away.

After shagongzi was thrown away, Wang Fan had already gone away, and the shadow knife stabbed out like a remnant shadow.

"Do you know what a broken body is? The answer is coming soon." It was like a devil's voice coming from Wang Fan's mouth, and the shadow knife had already formed. The shadow stabbed the master Sha, bringing up the blood fog all over the sky. At this time, master Sha could not speak at all. All he could do was scream.

Those two old people are also completely stupid eyes, and their eyes are red.

What they didn't expect, they solved the heartless Valley, but in the end it was planted on Wang Fan.

I don't know how long after that, Wang Fan finally stopped wielding his sword, and master Sha also fell to the ground with a thump, but there was no breath.

"Son of a bitch, you are so cruel. We are fighting with you!"

"This son of a bitch must not stay. He must be killed!"

Looking at the young master Sha who had no vitality for a long time, the two elders were completely crazy.

Under their protection, the young master died. Who can bear the consequences?

They must kill Wang Fan, the chief culprit. Only in this way can they be forgiven by the old patriarch and save their lives.

They roared wildly, and had already caught the bronze halberd.

They rush forward, whistling and waving their halberds!

Whoosh!

The bright halberd rush, through the air, set off waves, crazy toward Wang Fan stab away.

Wang Fan did not dare to be careless in the face of these two powerful people.

He didn't care to use his martial arts, so he could only stir up the aura in his body and cut it out with a

knife.

Dangdang!

The sound of two pieces of gold and iron hitting each other was loud, and the sword and halberd collided and produced a fiery spark.

Under that strong force, Wang Fan could not help retreating dozens of Zhang, just could stabilize his figure.

Without the use of martial arts, Wang Fan had some difficulty in fighting two half step Zunjing.

What's more, he used up some strength to fight with shagongzi before.

"Son of a bitch, today, you must die!"

"Heaven forbids you to die!"

The two elders gained the upper hand with one blow, and their confidence was greatly increased.

They gritted their teeth and roared, once again drum up the whole body aura, crazy towards Wang Fan launched an attack.

"It's shameless. It's just a daydream that you two old bastards who are going to kill me

Wang Fan gave a cold smile and retreated in an instant.

At the same time of retreating, he has madly urged the aura in his body, brewing the seven kill Liuyun sword.

At a certain moment, when the two fierce halberds were about to hit Wang Fan, Wang Fan's shadow knife finally bombarded him!

"Seven kill Liuyun Dao, first kill, second kill, third kill, give me death!"

## **Chapter 2088**

With the repressed voice, the bright sword shot, emitting a dazzling light, crazy toward the two halberd.

The roaring sound resounds through the sky, and the violent energy is rampant. Just for a moment, it will crush everything around.

In this surge, the two halberd awns soon collapsed, and the Blazing Sword awn set off a powerful momentum and continued to shoot madly at the two old men.

The two old men's faces suddenly changed when they saw this scene!

"Broken cloud palm!"

"Battle halberd!"

While they retreat madly, they display their king level martial arts and start to fight.

Under their madness, a huge handprint and a halberd awn, which was several times larger than before, appeared again and rushed to the sky.

The roaring sound resounded again. At the moment when the palmprint and the halberd disappeared, the shadow of the sword was finally scattered by the bombardment.

However, even so, they were still retreated by the powerful blast.

After they had stabilized themselves, they could not help coughing up blood.

Their eyes that looked at Wang Fan were filled with a strong sense of horror.

It's not that they haven't seen the king level martial arts, but it's the first time that they have seen the powerful king level martial arts like Xiang Qi Sha Liuyun Dao.

It's just a king level martial arts skill, which makes them lose again and again, even coughing up blood. It's too terrible.

Wang Fan looked at the two people who coughed up blood with a big mouth. His eyes were calm and his expression was always calm.

Although they are strong, they are far worse than those who respect their environment.

He only needs to show his high-level martial arts skills to kill the two people. There is no need to use the killing short gun.

"Old man, it seems that you really have two skills. You can resist my seven kill Liuyun Dao."

"However, if you only have such a little ability, you can die next. I will send you to hell."

Wang Fan cold said, has once again begun to gather momentum, gather up the great wilderness Mie dome cut.

Although he has changed his face, he has exposed his cards here, so they must die. Otherwise, once the two personnel find out that this is what Wang Fan did, he will have endless trouble.

"If you want to kill us, it's so easy there. It's possible who will kill us!"

"Hum, the frog in the well, who is just a barbarian land, dare to speak up. You will die today!"

Hearing Wang Fan's words, the two elders' faces became dignified in an instant, but they didn't admit defeat.

The tragic death of shagongzi and the capture of Zun class martial arts and Zunyi Dan also make them have no way out and have to fight to the end.

If they kill Wang Fan, they may still have a chance of survival. But if they can't kill Wang Fan, even if they escape, they will not escape the pursuit of the old patriarch.

The two also began to gather madly, intending to make another fatal attack.

Wang Fan didn't talk nonsense with these two old guys any more. With the crazy surge of aura around him, in an instant, Dahuang mieqiong chop had been condensed.

At a certain moment, with his a big drink, crazy show out.

In a flash, heaven and earth changed color.

The huge aura cloud blocked the sky and the sun, and oppressed them like a raging sea.

At the same time, two people have been crazy waving out of the hands of the long halberd, and even to the long halberd ejected a few mouthfuls of blood essence.

After the long halberd was stained with their blood essence, it turned red instantly.

Blood red halberds surged out, setting off a terrifying killing power.

Boom boom!

However, although the killing power of long halberd was fierce, it was weaker than the power raised by Dahuang Mie Qiong chop.

In a burst of rumbling sound, soon, the bloody red halberd has been smashed.

After the halberd awn was smashed, they were soon wrapped by the power of Dahuang Mie dome. While a large amount of blood mist spattered out, they took away their vitality.

The clouds dissipated and everything returned to calm again.

On the ground, in addition to the blood left all over the ground, there is no other, even the space ring, is

not left.

Wang Fan looked at the two people who were dead, and at last he was greatly relieved.

He swallowed a few pills at a time, then quickly sacrificed the spaceship, and left here with cold green clothes.

Not long after Wang Fan left, with a twist of space, a middle-aged man appeared here strangely.

The middle-aged man is wearing a red robe, bright and dazzling, with long fiery red hair, which is very strange. His eyebrows, even red, give people a sense of blood.

However, his complexion was extremely pale, which was in sharp contrast with the blood red all over his body, giving people a very terrible feeling. "Who, who killed my son!"

After the middle-aged man appeared, looking at the countless wounds all over his body, the dead shagongzi who can't die any more, there emerged an indescribable murderous opportunity.

His whole body breathing crazy burst, instantly spread a hundred miles.

In a flash, within a hundred Li, monsters crawled, birds and animals trembled, did not dare to move.

The middle-aged man's face has been completely distorted, and even distorted some terrible.

"If you dare to kill my son and seize the things of my huosha sect, no matter who you are, you will surely die!"

The middle-aged man roared madly again, and his hands suddenly danced, forming a strange seal on the son Sha.

A moment later, there was a spirit fog floating on the master Sha. The spirit fog rolled and soon condensed into something similar to a mirror in mid air.

In the mirror, there is a fuzzy figure, at this time, the figure is constantly exerting all kinds of martial arts.

If Wang Fan were here, he would be surprised to see this scene.

Because in the mirror, he clearly recorded all kinds of martial arts.

For example: violent fist, seven kill Liuyun knife, Dahuang Mie Qiong chop, etc.

The middle-aged man looked at the vague figure in the mirror and seemed not satisfied. He grasped it with his right palm!

Hiss a, in an instant, his hand is appeared a blood cell.

After the blood cell appeared, he squeezed it hard again, crushed it, and then sprinkled it directly on the mirror.

"Coagulate me!" With a loud drink, the fuzzy figure in the mirror became bigger and clearer.

Soon, it showed the outline of Wang Fan after changing his appearance.

"Well?" The middle-aged man looked at the outline, but could not help frowning slightly.

With his eyesight, we can naturally see that the person in the mirror is easy to over tolerate.

"What a sly fellow, but what if you change your tolerance? With your skills, you can't run away. If you dare to kill my son, I will kill you even if I pursue him into the nine heaven and ten earth! "

The middle-aged man grinned grimly. After putting away the body of master Sha, his figure flashed and disappeared here.

This person is huoshazi, the leader of huoshazong. He is the valiant existence of Zunjing second level!

## **Chapter 2089**

After Wang Fan killed the three of them, he rushed back to Wangdu holy court with cold green clothes.

He was very satisfied with the harvest. He not only got a silk garment, but also a roll of Zun class martial arts skills and a Zunyi pill.

The key is Zunyi Dan, which is the key to his promotion to Zunjing.

With Zunyi Dan, when his cultivation reaches the peak of the Ninth level of Wang Jing, there is no need to worry about looking for Zunyi Dan.

Wang Fan while healing, while controlling the spacecraft forward, think of pride, unexpectedly can't help laughing.

Cold green clothes looking at Wang fan that happy smile, the corner of the mouth also can't help but emerge a smile.

She has already put on her silk clothes. This is the first gift Wang Fan gave her. She must cherish it.

"You can get to the holy city of Wangdu within ten thousand miles. When that time comes, you will live in the holy city of Wangdu first. I'll go to the holy court of Wangdu to find the vice president and see if I can give you a back door to join the holy court of Wangdu."

Wang Fan opened his eyes and said to Han Qingyi.

The management of Wangdu holy college is strict, and non holy college students are not allowed to enter. Therefore, Wang fan can only settle hanqingyi in the holy city of Wangdu first, and then go to find the vice president.

"Well, I listen to you in everything." Cold green clothes cleverly nodded, did not say much.

"Don't worry, the vice president is very easy to talk about and will certainly agree to your joining the Wangdu holy courtyard. If she doesn't promise, I'll take you back to Fanguo. "

Wang Fan was afraid of the cold and green clothes. He continued.

Just, his words just mention here, the facial expression is suddenly a change, looked to behind a certain direction.

He clearly noticed that a very strong atmosphere was coming from behind.

At the same time, a strong mental force, has been crazy over him, and locked him firmly.

Feeling each other's strong breath, Wang Fan suddenly changed color.

Those who respect the strong are those who respect the strong!

Moreover, from the perspective of its breath, it is obvious that it is not the first level of Zunjing, it is likely that it is a strong existence reaching the second level of Zunjing.

Wang Fan's mind changed a lot, and he immediately realized that most of them were the top strong men of huoshazong.

But he didn't understand why huoshazong didn't go to the auction and escort zunyidan and zunyidan back, since he was such a powerful man. It was only at this time that he appeared?

Just as Wang Fan was thinking about this, a voice, which seemed to come from Jiuyou, was suddenly heard in his ear.

"Beast, stop! If you dare to kill my son, I will tear you to pieces! "

The voice of this Yin cold just like thunder, crazy explosion in Wang Fan's ear, Wang Fan only feel a tremor, face more pale.

The cold green dress is not to support more, she feels a brain to hum, hiss a, open mouth is a bunch of blood spurt out.

Hurt in a second!

"Those who come are not good. Let's run away!" Wang Fan's face changed greatly. He didn't dare to have the slightest hesitation any more. He was burning his blood essence crazily and urged the anti sky spaceship.

Under his crazy urge, the anti sky spaceship is like a streamer. Its speed suddenly rises, as fast as a meteor.

"Sure enough, you killed my son! You can't run away, you can't run away. Even if you live in nine days and ten places, I will kill you! "

Fire evil spirit son looking at that crazy escape of Wang Fan two people, in the eye eye kill machine even more.

The fire flashed all over him, and the burning air was illusory, as if he wanted to burn all this.

He had been able to confirm that Wang Fan was the one who killed master Sha and others.

The hatred of killing his son is mortal. He must kill Wang Fan, cut him to pieces, and then let go of his hatred!

At the same time, the whole body seemed to be wrapped by the fire light, and set off a bright red awn, frantically chasing after Wang Fan's spaceship.

His speed is extremely fast, even faintly faster than the speed of the contrarian spaceship.

Wang Fan noticed the terrible speed of huoshazi, and his face was even more ugly.

He didn't expect that the speed of huoshazi was so fast.

The speed of terror was the only thing he had ever seen in his life.

If Wang Fan didn't go through the previous war and was at the peak, he might not be overtaken by huoshazi under the crazy urge of burning essence and blood, but now he is a little lucky that he didn't use the killing shotgun before, otherwise, he will really die.

This kind of situation, Wang Fan nature is impossible to stop, he crazy burning blood essence to urge the spaceship, toward the direction of the holy city of the king galloped past.

In the face of the terror of the second level of Zunjing, Wang fan is not absolutely sure to kill the other side even if he uses a killing rifle, so he has to flee.

He wants to escape into the palace as much as possible and seek the help of the vice president.

However, the speed of huoshazi is too fast. If it goes on like this, I'm afraid that Wang Fan will be overtaken if he can't get to Wangdu Shengyuan. "What to do, what to do?" Wang fan is a little anxious. He has seldom been so worried.

Cold green clothes looking at Wang fan that anxious expression, the heart is also some uncomfortable.

She hated that she was not strong enough to help Wang Fan.

But she is clever did not speak, she did not want to disturb Wang Fan's mind, more do not want to add trouble to Wang Fan.

If her life can be exchanged for Wang Fan's safety, she will definitely choose moths to the fire without hesitation.

Unfortunately, she knew that even if she gave her life, she could not give Wang Fan time to escape.

"Qingyi, you control the spaceship to escape first. I'll stop that guy and come later."

"Remember, if you run to the north, about eight or nine thousand miles away, you will see a city. You just need to enter the city and live in it."

Seeing that huoshazi was getting closer to him, Wang Fan bit his teeth and said to hanqingyi.

The obedient cold green clothes, this time but did not promise Wang Fan, but resolutely shook his head, "I don't, I would rather die with you, also don't live alone."

"You have helped me enough, but I never repay you. Although I still can't help you this time, I'd rather die with you. "

Han Qingyi's voice was firm and firm.

"Fool." Wang Fan listened to these words, but couldn't help but smile bitterly, "who said we must die?"

"Although I'm not sure to kill that old man, it's not so easy for him to kill me."

"If I'm alone, I'm 50% sure I can walk away. But with you, I'm not sure. "

"Qingyi, listen to me. You go quickly. It's too late if you don't go."

Wang Fan said quickly.

"You, what you said is true. Do you really have 50% confidence in your whole body?" Han Qingyi hesitated.

If it is necessary to die, she would rather die with Wang Fan, but if there is a chance of life, she doesn't want to be a drag on Wang Fan.

But Han Qingyi didn't know whether Wang Fan was deliberately comforting her or telling the truth, so he still hesitated.

"Of course it's true. When did I cheat you? You listen to me and go. I'm going down

Wang Fan finish saying, no longer give cold green clothes opening time, jump down the spaceship.

### **Chapter 2090**

Cold green clothes see Wang Fan jump off the spaceship, bite teeth, control the spaceship toward the direction of Wang Du Shengyuan ran past.

After Wang fan saw that Han Qingyi left, he quickly changed his direction and left quickly.

He wants to see who the huoshazi chooses to pursue.

If huoshazi chooses to chase him, he will run for a while madly first, and then fight against him with a killing shotgun.

If huoshazi chose to pursue hanqingyi, he would immediately go back and use the killing short gun.

"Have you escaped separately? But it's no use. None of you can escape! " Fire evil spirit son looking at that to separate to escape of Wang Fan two people, the corner of the mouth a hook, raised a to put on a ferocious smile.

Without any hesitation, he directly chased Wang Fan.

Wang fan is the main culprit who killed his son. Naturally, he wanted to kill Wang Fan first.

As for hanqingyi, because his cultivation is too low, even if hanqingyi controls the anti sky spaceship to escape for a while, huoshazi is absolutely sure to catch up.

Wang fan is aware of the fire evil spirit son that pursues, is greatly relieved at last.

What he was afraid of was that huoshazi chose to chase hanqingyi instead of him. Now it seems that he was worried too much.

Wang Fan crazy urged the body aura, launched a crazy escape.

Even if he was to die, he had to give hanqingyi enough time to escape.

Fire evil spirit son looking at that crazy escape of Wang Fan, the corner of the mouth gloomy smile is more thick, his body is like lightning, hasty chase.

Without the anti sky spaceship, Wang Fan's speed is naturally greatly reduced, and the distance between him and huoshazi is constantly narrowing.

"I said, you can't escape. If you dare to kill my son and rob my huosha clan, you will surely die! "

The roar of huosha Zong was less than ten li away from Wang Fan in a short time.

Wang Fan was so chased by huoshazi that he had some anger in his heart. He didn't look back and roared angrily,

"Lao Za Mao, are you wrong? Who is your son? Sir, when did I kill your son? "

"Damn, you old bastard are chasing me for no reason. What do you mean? Do you think I'm bullying you?"

Wang Fan has a big mouth, and his words are very bad.

Even if he is not equal to the huoshazi, he should make the other party angry first, and it's better to make the other party lose his mind.

There are two completely different concepts between an irrational and a calm one.

"What a brave young man! He is really crazy! I want to see how long you can go crazy. I'll take you down later, and I'll see if you can go crazy! "

Huoshazi was provoked by Wang Fan. Although he was very angry, he didn't lose his mind.

In his state of mind, he was seldom so angry that he lost his mind.

Wang Fan noticed the change of huoshazi's expression and sighed in his heart, but he still didn't forgive people.

"you're just an old man, and you want to win me. Are you dreaming? You don't have to pee to see what you are. Why can you take the master? "

"I said, you old bastard, you'd better get out of here, or if you're in a hurry, you'll burn off your red hair."

Fire evil spirit son listens to Wang Fan this words, in the heart that spirit.

This son of a bitch's mouth is really damaged.

He forced down his anger, did not continue to fight with Wang Fan, but madly accelerated the speed. Just for a moment, the distance between them has been shortened to 2000 meters.

The fire evil spirit son looked at that nearby Wang Fan, the corner of the mouth raised the ferocious smile of Sen ran.

Immediately, he will be able to take down Wang Fan. At that time, he must smash Wang Fan's mouth inch by inch!

Wang fan saw that he could not escape, so he slowed down the speed directly, and his mental power quickly communicated the killing short gun in the space ring, and started the crazy gathering.

With just one idea, he can grab out the killing short gun in the space ring and activate the killing spirit in it in an instant to launch an attack.

Wang Fan in doing these preparations at the same time, the mouth is still unforgiving, "old miscellaneous hair, why don't you talk?"

"I said you ate shit. How can you be so fast? Are you eating bird droppings? "

Whoa!

Fire evil spirit son listens to this words, almost don't have a breath to directly recite past.

At this time, his inner anger and murder, it has been strong to an incredible level.

Since his debut, he has never seen anyone? But he has never seen such shameless things as Wang Fan.

Where is this king's strongman? He's just a hooligan among ordinary people!

While huoshazi was angry, he was less than 1000 meters away from Wang Fan.

"Son of a bitch, I see how you can escape. Get out of here!" I saw his mouth raised a smile, right hand suddenly toward Wang Fan across the air a grasp!Sobbing!

In a flash, with the crazy condensation of a rich aura, the space instantly turned into a real aura hand.

The aura big hand raised the terror of the pressure, directly ruthlessly toward Wang Fan caught in the past.

"Lao Zamao, let me get out of here, and you deserve it?" But, at the moment when huoshazi grasped Wang Fan fiercely, Wang Fan also moved.

I saw his body stopped suddenly, his body whirled suddenly, and his right hand grabbed hard!

In a flash, a short black gun appeared in his hand.

At the moment when the black short gun appeared in Wang Fan's hand, a touch of madness appeared in Wang Fan's expression, which directly aroused his murderous spirit and waved it forward.

Sobbing ·

in a flash, the murderous spirit of madness roared like the sea breeze.

Countless dense gun patterns spread out crazily, rolled up the fierce murderous air like the sea breeze and waves, and bombarded the Lingqi palm.

"The murderous spirit?" Huoshazi felt the scene, and his face couldn't help changing slightly.

He was shocked by the extreme danger he felt from the violent murderous spirit in his second level of terror cultivation.

At the same time that huoshazi was shocked, the countless gun patterns mixed with violent and murderous spirit had been pounded on the aura palm.

With a bang, the fierce Qi power was rampant, and the aura palm collapsed.

Gun grain castration does not reduce, continue to bombard to the fire evil spirit son.

Fire evil spirit son looking at that crazy bombardment but come of gun grain, feel its inside contain of that terror kill idea, didn't have the slightest hesitation, grasped a side of blood color long spear, started the crazy forward to swing!

Wuwuwuwu ·

a dragon like energy chain disperses out madly, striking the gun pattern all over the sky.

Boom boom!

There was another series of loud noises. In an instant, the ground began to collapse, and the sky seemed to break.

All the trees, rocks and other things around were damaged, and countless ravines spread wildly, extending more than ten miles away.

Hiss!

In this crazy wantonly abuse, Wang Fan mouth spout blood, began a crazy retreat.

His bones, meridians, and viscera were all injured beyond imagination. Though not fatal, it would be difficult for him to recover without long-term cultivation.
