

## **Mighty Sk 2091**

### **Chapter 2091**

The fire evil spirit son is also not easy to suffer, under that violent killing intention, he equally burst out several mouthfuls of blood, regressed dozens of Zhang distance.

He also suffered a lot of injuries, but compared with Wang Fan, his injury is much lighter.

The second level of Zunjing and the first level of Zunjing are not in the same breath.

Wang fan can kill hushe, the most powerful person of the huri Empire at the top of Zunjing, but he can't kill huoshazi at the second level of Zunjing.

After stabilizing his figure, huoshazi stares at Wang Fan, or at the killing short gun in Wang Fan's hand, with a strong burning color in his eyes.

With his eyesight, we can naturally see that the previous violent killing intention came from the killing short gun, not Wang Fan himself.

With Wang Fan's seven level cultivation, he was able to hurt himself to the second level of Zunjing with this killing short gun. This shows the adverse effect of killing short gun.

"No wonder you dare to be so arrogant. It turns out that you have a basis. Look at your state, you must have been unable to fight back

"Next, I'll see if you can still be arrogant, and if you have something else to rely on."

The fire evil spirit son eye Mou Sen ran stares at Wang Fan, coldly says, one step by one toward Wang Fan approached in the past.

His pace is not fast, but very rhythmic. Every time he steps on the ground, the soles of his feet will make a "pedal" sound.

That is not a heavy voice, give people hurry as if it is the low cry of death in general, severely beat down Wang Fan's heart.

Wang Fan looks at the fire evil spirit son that slowly approaches, the heart also becomes heavy, but the surface is still calm.

He sighed bitterly in his heart. He respected the second level of the realm. He was really tough. He could not match him at all.

At this time, his whole body strength had already been evacuated, coupled with the extremely serious injury, he was unable to fight back.

He could only watch the fire coming step by step and wait to die.

Wang Fan was very sad and indignant. He did not expect that he would fall into such a desperate situation.

"Old miscellaneous hair, if you want to kill your grandfather, hurry up. If your grandfather frowns, he will be a friar in vain."

"But you'd better pray that you can kill your grandfather today, or he will visit your huoshazong one day after he steps into the border area."

Although Wang fan is unable to fight any more, he will not give up and beg for mercy.

One is that his character does not allow him to do so, and the other is that he knows that even if he pleads for mercy, it will not have any effect.

"Ha ha, it's a pity that you have no chance. Don't worry, I won't kill you immediately. I will let you have a good taste of the pain in this world. "

The fire evil spirit son listens to Wang Fan's words, the facial expression has not changed for a while, the forest ran says.

However, his heart was shaking.

Wang Fan's threat is very effective to him.

If Wang fan is allowed to escape, I'm afraid that he will no longer be Wang Fan's opponent in three or five years, and that will be the day when huoshazong is in great danger.

He is more determined to kill Wang Fan, and can never give Wang Fan a chance to live.

Soon, huoshazi had come to Wang Fan. He looked down on Wang Fan as if he were looking down on a mole ant.

"You say, how can I torture you first? Oh, I remember. When you killed my son, it seems that you scratched hundreds of knives on him, right

"Then I'll scratch hundreds of knives on you to see if you can stick to it."

Although huoshazi's tone was abusive, his expression was extremely cold.

When he thought of the tragedy of his son's death, his intention to kill was irresistible, and he wanted to burn his heart again.

"Bah, how about hundreds of Dao? Is it a thousand Dao? Do you know how to count? I cut your son to death, idiot

Wang Fan bah a mouthful, is very sarcastic say.

He had already felt the repressive killing intention of huoshazi. He wanted to excite huoshazi to kill himself quickly and avoid suffering.

However, the patience of huoshazi was beyond Wang Fan's imagination. He listened to Wang Fan's words, and even though he was more willing to kill Wang Fan, he did not kill Wang Fan immediately.

He grabbed a soft knife and then waved it to Wang Fan.

The edge of the sword surged, like a shadow, towards Wang Fan, accompanied by a series of blood spray. Soon, there were countless bloody wounds on Wang Fan.

Blood Mi Mi outflow, red skin clothes, so that the whole person Wang fan is turned into a blood man.

The pain came like a crazy wave, but Wang Fan bit his teeth and didn't say a word.

Anger!

Rage!

Rage!

Crazy anger!

This is the most painful torture and insult he has ever suffered in his life.

He swore that if he had a chance, he would not set fire to the evil spirit, and he would not set fire to the evil spirit! However, Wang fan knows that most of him has no chance!

In his current state, facing the fierce and cruel huoshazi, he had almost no chance to escape from the heaven.

Huoshazi waved hundreds of knives at a time and then stopped. The sword saw the bone, and the sword went into the flesh, but he couldn't kill Wang Fan.

"Son of a bitch, it's delicious, isn't it?" After a short pause, huoshazi asked Wang Fan with a sneer.

"Cool? Of course it's great! I said, you old bastard, don't you eat enough shit? Why are you so weak? "

"Didn't you see that grandfather didn't give out a miserable hum? This pain is not enough!"

Wang Fanqiang endured the sting and said with a sneer.

In the dark, he has madly gathered the rare aura and tried to explode madly.

However, his consumption is too large. In a short period of time, he can't even explode himself.

"It's hard to reply. I want to see how hard you can be!" The fire evil spirit son grimaces even more, he once again waved the soft knife in the hand.

However, in his hand soft knife is about to swing out of the moment, the face is suddenly changed, looking to the left.

Bang!

A deep explosion suddenly spread out, swish, a ghostly shadow, set off a very violent momentum, crazy towards him.

The shadow was very fast and powerful, just like a dragon on the sea.

"Who?" The fire evil spirit son looked at that just between blink of an eye, then already quickly forced to the black shadow in front of it, subconsciously then began to retreat!

At the same time, the soft knife in his hand shook and swept fiercely towards the shadow.

The soft knife shakes and shoots out a hundred Zhang sword. It radiates a dazzling luster and stabs at the dark shadow.

Black shadow seemed to have expected the attack of huoshazi. A pair of big hands wrapped in black gloves came out and directly made a fist. Then they rushed to the hundred Zhang sword.

The boxing style bangs on Baizhang Dao Mang and makes two loud bangs. Baizhang Dao mang collapses instantly. Boxing style is not reduced, continue to hit the fire evil spirit son chest!

"Those who respect the strong?" The fire evil spirit son looks at that Ling lie to hit of boxing style, complexion is finally can't help but greatly change!

"Who are you from?" He started a crazy retreat as he roared!

If in the peak period, even if the shadow is a strong one, he will not have the slightest fear!

But now, he has been injured!

Black shadow didn't want to answer huoshazi's question at all. Her boxing style was like a shadow, and she was crazy close to huoshazi's body.

## Chapter 2092

With a bang, the fierce fighting style surged on huoshazi. Huoshazi could not help but spit out a mouthful of blood and flew out directly.

Originally, he had already suffered some injuries in the war with Wang Fan, but now he suffered a blow from the mysterious Zunjing strongman, which made the injury more serious.

After the mysterious man attacked huoshazi, he didn't chase him. Instead, he flashed to Wang Fan, who was covered with blood. He grabbed Wang Fan and left here.

The fire evil spirit son looks at this scene, is a Leng at first, immediately afterward is the eye canthus desire crack!

Damn it!

Who is this man and why did he save Wang Fan?

His heart set off a huge anger, Wang fan does not die, will be endless trouble ah!

Unfortunately, at the moment his state is too bad, simply unable to pursue, can only watch the mysterious man with Wang Fan left.

The moment Wang Fan was taken away by the mysterious man, he smelled a faint fragrance.

From the fragrance, he has learned the identity of the mysterious man, vice president.

Besides the vice president, he doesn't know anyone who respects the environment. What's more, there are chaotic mountains here. Only the vice president can save him.

"Thank you for your help, vice president. Wang fan can't repay it!" Wang Fanqiang endured the whole body tingling, said in a low voice to the vice president.

He did not ask why the vice president was able to recognize himself after the face change.

After all, as long as he is respected and strong, he will be able to detect that he is easy to be tolerant.

The vice president is both a noumenon and a beast, and his perception is much sharper than that of the general human strong. It's not surprising that he can recognize him.

The vice president heard Wang Fan's words and snorted, "of course, it's hard for you to repay me. If I didn't save you, I'm afraid you would have already died."

"I say you are really brave. You dare to kill huoshazi's only son and fight with huoshazi. Don't you really know how to write dead words?"

"Do you think that if you have such a broken gun, you can really be invincible?"

Vice president Wang Fan seems to be very dissatisfied with one breath said a lot.

Wang Fan wry smile, "I this also is forced, I also didn't think, that fire evil spirit son unexpectedly so strong."

He said, can not help but doubt asked a, "vice president, just that fire evil son has been seriously injured, why don't you take the opportunity to kill him?"

"If he survives and finds out who we are, we will be in endless trouble."

The vice president sneered, "do you think I don't want to kill him? Do you think I don't know what will happen if I let the tiger go back to the mountain? "

"It's too easy for you to think. Where can those who respect the frontier be so easy to kill? They all have some cards! "

"You don't see that he has been seriously injured, but if I really kill him regardless of everything and force him to fight back, I will probably die in the end."

Wang Fan listened to these words, slightly opened his mouth, did not continue to speak.

He didn't expect that huoshazi, or the strong one in the border area, was so powerful and terrible.

The Vice President stopped after taking Wang fan out for nearly a thousand miles.

She simply recuperated for Wang Fan with aura, and then threw a few pills to Wang Fan. Then she asked, "is it in your hands to chop the noble martial arts at the auction?"

What she asked was very straightforward, without the slightest bit of procrastination.

What a clever man Wang fan is! Where can he not understand the meaning of vice president?

Without any hesitation, he directly took out the scroll and handed it to the vice president, saying, "vice president, this is the cut. Wang Fan will give it to you."

The vice president looked at Wang Fan, but it was not very interesting. Her face slightly eased, said, "I really need respected martial arts, but I won't want you for nothing."

Then she grabbed a space ring and said, "there are 100 top-quality magic beads in this space ring. It's my reward for asking you for this level of martial arts."

"Besides, you can make a rubbings of this level of martial arts. I only need the original."

Wang Fan didn't pick up the space ring, but said, "vice president, you saved my life. What's the point of giving you a roll of respected martial arts? It's a little too far fetched to talk about remuneration. "

"What's more, Wang Fan's life is not only worth a roll of respected martial arts."

The best spirit pearl is more precious than the best spirit stone, slightly inferior to the best spirit vein. One hundred top-quality magic beads have been a great temptation to Wang Fan.

However, even if Wang Fan wanted the best pearl again, he would not want it in this case.

After all, the vice president saved him and saved his life.

At the same time, Wang Fan has also understood that the reason why vice president saved him is mostly because of this level of martial arts.

If there is no respectable martial arts, the vice president may not offend huoshazi who is from the frontier for him. However, no matter what the ultimate goal of the vice president is, but now it is indeed to save him, this is an unchangeable reality, Wang fan can only be grateful.

"I said that the reward given to you is the reward given to you. Unless you don't want to give me the respected martial arts skills, you don't want to pay me on purpose."

"Don't talk nonsense. If you are willing to give me the respected martial arts skills, you should quickly put away the space ring and make a rubbing."

Vice President frowned and said impatiently.

Wang Fan looked at the vice president like this, can only helplessly nod, "that's OK."

With that, he took the space ring and started rubbing it.

When Wang Fan finished rubbing and gave the original to the vice president, he remembered the incident and said, "Mr. vice president, I still have one more thing to ask."

"What's the matter?" Asked the vice president.

"I brought a friend here and wanted her to join the palace. If it's just a formal assessment, her strength is certainly not enough. You can see that · "

Wang Fan's words are very obvious, and the purpose is to go through the back door.

Vice President heard that it was such a small matter, and he waved his hand impatiently, "don't ask me about such a small matter. You can take him directly into Wangdu holy courtyard and live in your cave."

"If a tutor asks, you can directly say that I promised, or show me the token I gave you to the vice president."

Wang Fan listened to these words, greatly relieved, quickly thanks and nodded, "thank you, vice president."

Next, Wang Fan did not continue to speak. After they boarded the spaceship where the vice president died, he began to heal.

In this war, Wang Fan was seriously injured. If according to the normal situation, without a year and a half, it is difficult to recover.

Fortunately, the vice president has given him some healing drugs, which may shorten the recovery time.

After swallowing the pills given to him by the vice president, Wang Fan only felt a heat rising from the Dantian, and then flowed all over his body.

Under the recuperation of the hot medicine, his injured viscera began to heal at a slow speed.

### **Chapter 2093**

A few hours later, the vice president took Wang Fan back to the holy city of Wangdu.

The holy city of the king's capital is already the site of the holy court of the king's capital. It's easy that no one dares to run wild here.

After the vice president's mental strength swept around the holy city of Wangdu and told Wang fanhan where Qingyi was, he went back to the holy court of Wangdu one step ahead of time.

Wang Fan went to the inn where hanqingyi was located according to the vice president.

After a few hours of recuperation, although his internal injury and cultivation have not yet recovered, the skin injury is already good. From the surface, almost no scars can be seen.

"You're here at last. Are you all right?" Cold green clothes see Wang Fan into the inn, excited into Wang Fan's arms.

Jingying's tears flowed from her eyes uncontrollably. She was really worried about Wang Fan's death.

"I'm fine. We'll stay in this inn for a while, and then we'll go to the palace." Wang Fan shook his head,

then took the cold green clothes into the room.

He planned to recover for a while in the holy city of the king's capital, and then return to the holy court of the king's capital.

After all, the competition of Wangdu holy court was too cruel, and he also provoked a lot of enemies. If the enemy knew that he was in such a state, he would not take the opportunity to make trouble.

"Well." Han Qingyi nodded. Of course, she is mainly Wang Fan. Where Wang fan is, she will be.

Next, Wang Fan began to recuperate and recover in the inn. He almost stayed at home and was in the process of training and recovery every day.

Cold green clothes is also rarely go out, in addition to training, is staring at Wang Fan.

In this way, half a year passed in the blink of an eye. Half a year later, Wang Fan's strength has recovered 90%, and the injury has almost completely recovered.

He couldn't help sighing in his heart. This injury is really heavy. Even with the pills given by the vice president, it still took half a year.

It can be imagined that without the elixir of the vice president, I'm afraid he won't be able to recover in a year.

Thinking of all kinds of things before, thinking of his almost life and death, Wang Fan's eyes showed a huge killing opportunity, "huoshazong huoshazi, you wait for me. The day I set foot in the border area is the time when your huoshazong is destroyed!"

Wang Fan roared in his heart, as if there were flames rising in his eyes!

The humiliation of that day is unforgettable in his life. If he does not revenge, he will be a friar in vain!

"Qingyi, let's go. I'll show you around the holy city of Wangdu first, and then we'll go to the holy courtyard of Wangdu."

Wang Fan did not intend to continue to practice, but said to Han Qingyi, and left the inn with him.

First, he walked around the holy city of Wangdu with Hanqing clothes and bought a lot of small ornaments. Then he went back to the holy court of Wangdu.

Wang Fan felt a lot when he came to the palace again.

When he first came here, he needed to be careful for fear of offending others.

But now, with his strength, he can be proud of all the students here.

Even if all kinds of cards add up, even those tutors, most of them will not be his opponents.

"Eh, isn't that the new Wang Fan?"

"Really, didn't he ask for leave to leave? Why did he come back?"

"It's been a year. This guy's vacation is really long."

"Tut Tut, I remember this guy's girlfriend isn't Yunling, how did she change again?"

"Haha, over the past year, many experts and ruthless people have emerged in our Wangdu temple. Half a year ago, Han Bo was even more domineering and occupied Wang Fan's cave. Now there's a good play to watch. "

"I don't know who is more powerful than Han Yu. But in my opinion, Wang fan is better. "

As a man of the year in Wangdu Shengyuan, the appearance of Wang Fan naturally attracted the attention of many students.

Those students couldn't help looking at Wang Fan and whispering, and even schadenfreude appeared in some people's eyes.

Wang Fan listened to those comments, but he couldn't help frowning.

Han Bo? Occupying your own cave?

It seems that a lot of things have happened in this year.

He didn't expect that he had only been away for one year, and even the cave was occupied.

"I'd like to see what's sacred about Han Yu. He dares to occupy Wang Fan's cave."

Wang Fan murmured, and a cold light appeared in his eyes. Then he flew directly to the cave No. 35 where he lived with cold green clothes.

"Look, Wang Fan has gone to cave 35."

"Hehe, if I remember correctly, Han Bo seems to be practicing in the cave now?"

"There's a good play to watch now. Please inform the other students to see the good play."

Those students were even more excited when they saw Wang fan flying to cave 35.

At the same time, they catch the communication bead and spread the news quickly. Those who had been practicing were shocked at the news.

Wang Fan, the ruthless man who has disappeared for a year, has returned?

The news spread like the wind, and countless students put down what they were doing and rushed to No. 35 cave of Hongfeng.

Wang Fan, an absolute man of the moment a year ago, as a freshman, first killed Lian Kui at the platform of life and death.

Then he killed Wen Ruyu, one of the top ten Tianjiao in Wangdu Shengyuan, in Tianjiao Dabi.

These two wars directly made Wang Fan famous. As a freshman, he became an absolute figure in the Academy at that time.

However, after the Second World War, Wang Fan asked for leave and left the palace. He did not return until one year later.

Han Bo is not a freshman, but an old student who has been in hospital for three years.

Only two years before he was admitted to the hospital, even when Wang Fan left, Han Yu's performance had always been mediocre. It was very ordinary.

But just seven months ago, that is, less than half a year after Wang Fan left, he didn't know what adventure this Korean storm got, and suddenly rose like a comet.

In his first battle, he defeated Yi binglan, one of the top ten Tianjiao at that time, and became one of the top ten Tianjiao in Wangdu Shengyuan instead of him.

Next, he forcibly occupied Wang Fan's cave No. 35, and began to challenge the other three people in the top ten.

Three battles, all win!

Han Bo's reputation immediately soared.

After challenging the three, Han Bo did not continue to challenge, but began to practice.

Just don't know why, he didn't occupy the cave of the top ranking people like Yi binglan, but occupied Wang Fan's cave.

Now, Wang Fan's return, in the face of occupying his cave of Han Bo, two people will certainly break out

a war. However, who will win? Many students are looking forward to it!

Countless students who got the news rushed to No. 35 cave of Hongfeng. They all wanted to see the battle between Wang Fan and Han Bao.

#### **Chapter 2094**

Wang Fan soon came to cave 35 with Han Qingyi. When he saw that the cave had been occupied, his anger gushed out.

Occupying the cave, no matter where, is taboo.

After all, the cave belongs to Wang Fan before he dies. Moreover, the cave is a very private place, which may involve some of its own secrets.

It can be said that Han Bo's move is the biggest contempt and provocation to Wang Fan.

"It seems that many people have forgotten my existence in the year when I was not in Wangdu temple."

Wang Fan murmured, without any hesitation, directly strode forward, clenched his right fist, surrounded by the aura of the tip of the fist, and directly hit out.

According to reason, it is extremely bad to bombard the cave recklessly, which is likely to backfire on the practitioners in the cave. Generally speaking, Wang fan is not the enemy of life and death.

But now, Wang fan doesn't care so much. His cave has been occupied by people. Why should he care so much?

With Wang Fan's blow, the turbulent aura surged up, and the forbidden system went to the stone gate of the cave.

Boom!

With a loud noise, the stone gate trembled, and even the ground trembled. The trees around shook violently, and the leaves fell to the ground as if they had been cut off.

Around those students looking at this scene, bursts of dumbfounded. But inside, they were more excited.

It seems that the battle between Wang Fan and Han Bo is inevitable.

At this time, Wang Fan has a cold voice, "Han Bo, get out, get out!"

His voice is like thunder. It's crazy in the sky, let alone cave 35. Even people on the red peak can hear it.

Rumble ·

there was another rumble, the stone door opened slowly, and a graceful woman in red came out with a pale face.

Her mouth is upturned, her lips are thin and her eyes are narrow. At first glance, she is a mean person.

At the moment, her eyes were filled with cold, and she screamed, "which animal dares to disturb my mother's cultivation, isn't it boring?"

"Which animal bombarded the stone gate of my cave? Which animal told me to get out and stand up for me!"

Although the woman was screaming and asking questions, her eyes were staring at Wang Fan ferociously, full of wolf like ferocity.

Wang Fan looks at this woman, some slightly frown, this woman is just the cultivation of the seventh floor of Wang Jing, how to look is not like that Han Bo!

"You're not Han Bo, are you? Han Bo, please inform him immediately and ask him to get out of here for me." Wang Fan stares at this woman, the tone is not good to say.

Although this woman is very hateful, but he is really not willing to take a woman, to bully a woman.

However, this woman is not very witty, she pointed to Wang Fan sharp called, "what are you, also qualified to let my brother violent roll over?"? You beast "

as soon as women's words came to this point, Wang Fan was already a little impatient.

His body flashed, and in an instant he had swept over the woman. Then he raised his right hand and slapped her in the face.

Although he didn't want to bully a woman, she was so hateful. It's really a shame to be so arrogant when you occupy your own cave.

After Wang Fan slapped her several times, the woman's cheek was red and swollen, and the corner of her mouth was bleeding.

This is because Wang fan is merciful. Otherwise, let alone so many slaps, even one slap is enough to kill her.

"You, you dare to hit me?" The woman covered her cheek with her hands and felt the burning pain. She looked at Wang Fan in disbelief and screamed.

It seemed to her that it was incredible that she was beaten.

"Why, do you want to be slapped by me? Inform that Han Bo immediately and let her get out of here. "

"Also, put your mouth clean for me, otherwise, next time it will be more than just slapping your face, I will knock out all your teeth, and then waste you!"

Wang Fan's voice was cold, but it didn't soften because he was a woman.

The woman listened to Wang Fan's cold voice, her body couldn't help choking for a while, and finally didn't dare to continue to spray dirty words.

She maliciously looked at Wang Fan, and then quickly grabbed out two communication beads, passed the message out.

"Brother Bao, come back quickly, someone is bullying me!"

This is her message to Han Yu.

"Tutor, someone forced to bombard my cave. Come and make decisions for me

This is the message he sent to the tutor.

Wang Fan looked at the scene with a sneer, but he didn't stop it.

No matter Han Bo or his tutor, Wang fan is fearless.

After all, this is his cave, even when it comes to the horizon, Wang fan is also occupying the truth. What's more, Wang Fan has enough strength and confidence to deal with even if the other party is unreasonable and unreasonable.

Whoosh!

Not long after the woman delivered the news, accompanied by a wind breaking sound, a burly man with a very feminine face appeared here.

He is tall and strong, and his eyes are extremely round, giving people a strong sense of oppression.

The appearance of this person immediately caused the fear of countless students around. They could not help retreating, as if in great fear of this man.

"Yao'er, who dares to bully you? Tell brother Bao. Brother Bao will tear him for you!"

The man's voice is like a bell, buzzing, and strides toward the woman.

He stepped on the ground, making a heavy sound, as if the hammer struck in the hearts of people in general.

"Brother Bao, that's him. That's him beating people." The woman threw herself into the young man's arms, then pointed her finger to Wang Fan and screamed bitterly.

"Brother Bao, if you want to help me kill him, you must help me kill him! Look at people's faces. They've been beaten and swollen by him. "

While the woman screamed, she pushed hard into the man's arms.

The man listened to the woman's words, patted her to comfort, and looked at Wang Fan coldly.

In his eyes, there was a ferocious light like a wild animal.

"You are the one who bullied me? You are so bold The man's voice word by word, the body emerged a huge intention to kill.

Wang Fan calmly looked at the man, the expression did not change a bit, "yes, I really have a lot of courage, I hit her. Why, are you that Han Bo? "

His voice is very insipid, insipid do not have the slightest waves.

In fact, since the man appeared, Wang Fan has been looking at each other.

This man's cultivation is in the half step Zun realm, and his breath is very powerful and extremely strong.

However, I don't know why, this man deliberately hid his strength at the top of the Ninth level of Wang Jing, and the means of concealment was very clever.

If the average person, even half step Zunjing, may not see the man hidden cultivation, but Wang fan is able to see.

## **Chapter 2095**

"Well?" Listen to Wang Fan's words, Han Bo's eyes in vain between the emergence of two Jingguang, that Jingguang like substance, as if to penetrate the soul of the general.

He originally thought that Wang Fan didn't know that this was his residence, so he dared to challenge. But now, it doesn't seem to be the case.

You know, his name of Han Bo has been at its peak in the Wangdu holy College for more than half a year. It's impossible for any student not to have heard of his reputation.

Since Wang fan knows him and dares to come to the door to provoke him, it seems that he is aimed at Han Bo.

"Who are you?" Han Yu's eyes suddenly become dense, staring at Wang Fan and asked coldly.

Wang Fan, knowing that this is his residence, dares to come to the door to provoke him. He feels that he has been greatly insulted and provoked.

This shame can only be washed away with blood.

Wang Fan listened to Han Bo's question, feeling a little ridiculous, "you occupy my cave, unexpectedly do not know who I am, it seems that you are really crazy enough."

"Han, I don't talk nonsense with you. Take that woman away from my cave immediately. I can take it as if nothing happened. Otherwise, don't blame me for being rude. "

"What? How dare you tell me to get out of here? " Han Bo is furious when he hears that! It's crazy that someone dare to call him Han Bo gun, isn't it?

You know, even the top ten Tianjiao people, I'm afraid they don't dare to call him Hanbo to go straight away, right?

At the same time, Han Yu's heart is also set off a storm, he finally knows who is in front of him. It turned out to be Wang Fan, a new ruthless man who suddenly rose in the holy courtyard of Wangdu a year ago.

Around those students listen to Wang Fan's words, first a Leng, and then a moment more excited.

Wang Fan even asked Han Bao to roll. I'm afraid it's hard for him to swallow his pride?

It seems that the battle between them is inevitable, and the situation is developing in the way they expected.

"What dare you do? Don't talk nonsense. I'll give you another chance and get out of here. Otherwise, don't blame my people for being ruthless. "

Wang Fan eyes a cold, cold voice said. He was already a little impatient.

"Good, very good. For nearly a year, people who dare to call me Han Bao to roll in this holy courtyard of Wangdu city"

when Han Bao heard that Wang Fan asked him to roll again, he dared to threaten him. He was gnashing his teeth and was extremely angry. His face turned red in an instant, and his killing intention diffused out.

But before his words were finished, he had been suddenly interrupted, because Wang fan made a move.

Whoosh!

Just listen to the sound of a broken wind, Wang Fan's body is like electricity, and suddenly pours at Han Yu.

He set off a wild hunting wind in mid air, and the sound of the wind was harsh and roaring.

Just in an instant, Wang Fan had already run to Han Yu. He didn't hesitate at all. His aura roared in an instant. He clenched his right fist and blew it out directly.

Hoo ·

the boxing style is surging, just like the raging sea. It is crazy to rush towards Han Yu. The fierce killing power makes the faces of all the students around suddenly change.

Strong, it's too strong.

The power of Wang Fan's fist seems to be several times stronger than a year ago.

Han Bo see Wang Fan suddenly attack, heart is more angry!

But he soon put down the anger and forced himself to calm down.

His eyes narrowed into two slits, and his right fist curled up in an instant, and then he met it crazily.

In this case, although he should avoid, his pride does not allow him to avoid.

He must defeat Wang Fan in the front with a violent posture, so as to establish the role of Wei.

He wants to tell all the students that Wang fan is in the past, and that Han Bo is not afraid of Wang Fan at all. Wang fan is inferior to a mole ant in his eyes.

Only in this way can he wash away his anger and shame.

Boom!

The two fists collided and made a terrible noise. The violent energy spread like ripples, and rampant around.

The students around them were shocked. They frantically urged the aura in their bodies to escape. Some of them directly set up several barriers in front of them.

But in spite of this, there are still more than ten people who have been thrown out by the rampant energy. Although they are not seriously injured, they also spit out a few mouthfuls of blood.

Compared with those people, Han Yu was even more embarrassed. He only felt a force that was so violent that he could not imagine rushing into his body, and then the whole person flew out of control.

People in the air, he can no longer suppress the blood surging from the throat, directly spouted out.

Click, click.

Several big trees were broken by Han Bao, and he fell to the ground like a dog.

With one punch, Han Yu was defeated and injured. All the students around him were shocked, and the scene was silent. No one thought that the war between them would be such a result.

In just one round, the South Korean violence fell into an absolute disadvantage.

The enchanting woman, who was called Yao'er by Han Bing, also turned pale. Her hands covered her red lips and her eyes were full of disbelief.

She couldn't believe that the most powerful man in her heart was defeated by one move.

To her, it's like five thunderbolts.

All kinds of eyes around him fell on Han Bo, who only felt the burning pain of his old face.

Shame, what a shame!

In full view of the public, he was in such a mess that he could hardly bear it.

His face turned red, and his expression suddenly became ferocious, "Wang Fan, you have angered me, you have successfully angered me, I must kill you, I must kill you!"

Han Yu roared like a wild animal and struggled to stand up. Then he danced his fists and gathered his strong martial arts skills.

Wang Fan didn't speak, just disdained to look at Han Bo, and took out the shadow knife brewing seven kill Liuyun knife.

Just Han Bo, he didn't pay attention at all. After all, he's a tough guy who's ever killed a strong man.

With the cohesion of the two people, in an instant, the aura between heaven and earth is like a whirlpool, coming from the crazy confluence.

However, the discerning eye can see at a glance that most auras are gathered to Wang Fan's position.

Obviously, Wang Fan's seven kill Liuyun Dao is even better in terms of martial arts.

"Wang fan is so powerful!"

"I didn't expect that Wang Fan would be even more abnormal."

"It seems that Han Yu is going to lose! It's really boring. I thought the fight between them would be a wonderful fight. I didn't expect that this Korean violence was so useless. "

"Shut up, and be careful that Han Bo will trouble you when he hears about it. What's more, Han Bo may not be defeated either. Haven't he used the strongest move yet? "

Once again, the students around him could not help talking. However, the sound of those comments reached Han Bo's ears, but it made his cheek more painful, as if he had been slapped one after another.

## **Chapter 2096**

"King level martial arts, dragon killing boxing!"

"King level martial arts, seven kill Liuyun sword!"

At a certain moment, almost accompanied by two people at the same time roaring, in an instant, the violent energy stirred up, just like the wind tsunami, crazy surge out.

Each energy chain is like a roaring dragon, setting off the power of destroying the sky and the earth, colliding fiercely in the mid air.

Boom!

The sound of the explosion is constantly spread out, for a time, like the collapse of the earth!

Space appeared one after another illusory crack, the ravine on the ground, is like a spider web like crack, crazy spread.

Under this kind of crazy big bombing, the power raised by Han Yu's Dragon killing fist has been completely defeated and dissipated into energy ripples.

Seven kill Liuyun knife set off the power, is castrated, indomitable, continue to bombard the South Korean violence madly.

At this moment, Han's face finally changed.

He has been completely aware of the power of Wang Fan.

He didn't think that this new born Wang Fan, who had never been in his eyes, would be so terrible.

Boom!

There were two more violent stretches, and the violent energy wave severely bombed Han Yu's body.

Click, click!

Han Pao's vigorous Qi of protecting his body condensed on the surface of his body, just like rotten paper, suddenly collapsed.

Under that huge force, he opened his mouth and spat out several mouthfuls of blood. He was shot out again. At the same time, he was also cut out of a number of bloody wounds.

So far, the second collision between Han Bo and Wang Fan was a fiasco!

Thanks to Han Yu's strength, he is also a body refining monk. Otherwise, the previous blow would be enough to kill him.

After Han Bao stabilized his figure, his eyes were fixed on Wang Fan, and his eyes were splitting.

There was a fire of hatred in his eyes.

This is the most powerful insult he has received in the past year!

Wang fan is also the strongest student he has ever met in the past year.

Originally, he thought that even if he was not the top three opponents of the top ten Tianjiao, there was not much difference. But now he knows how naive he is.

He can't even beat Wang Fan, let alone the top three of the top ten?

Han Bo is thinking about these, but he doesn't know. With Wang Fan's strength, if he wants to, he can get the top ten.

Wang Fan was also a little surprised. He didn't expect that Han Bo was still a body refining monk.

Although he didn't want to kill Han Yu with the seven kill Liuyun knife, he could at least hurt Han Yu seriously.

Now it seems that he underestimated the Han violence.

"Wang Fan, it seems that I really underestimate you. You are really strong!"

"Wang Fan, you forced me, you forced me! I didn't intend to use the strongest blow against you, but now I have to use it. "

"Don't blame me for your death. Blame yourself if you want to!"

Han Bo stood up straight, said with a ferocious face, and suddenly closed his eyes.

The moment he closed his eyes, suddenly, the momentum of his whole person changed in an instant.

A strong and unparalleled breath suddenly emerged from his body, and his whole skin color became black with the speed visible to the naked eye.

Moreover, the bright red blood flowing out of his body has slowly turned from red to black, which is extremely strange.

At this moment, it seems that he is no longer a person, but a demon.

"Changed, finally changed, this Han Bo, as expected, still used the strongest blow."

"It's a terrible breath. I really don't know if elder martial brother Wang fan can continue to suppress the Han violence."

"I'm looking forward to it."

Looking at this scene, the students around all couldn't help but stare at Wang Fan and hold their breath.

They are deeply afraid of missing any details, deeply afraid that in the blink of an eye, the battle will end.

Compared with the shock of the students, Wang Fan was also extremely shocked.

Because he clearly realized that at this time, Han Bo's breath had already reached Zunjing. Although it is only equivalent to respect the realm of a layer, but also enough to shock Wang Fan.

"It's a little interesting to use the secret method of forcibly enhancing the power of the supreme realm." Wang Fan shook his head with a sneer, but he didn't do it immediately.

He would like to see what kind of tricks Han can play.

Although Han Yu's breath is equivalent to Zunjing, there is still a big gap between Han Yu and the real one.

After all, how can the exalted state of the secret method be compared with the real state of respect?

After Han Bo's skin color turned black, he suddenly opened his eyes.

At this moment, his whole person is very strange, just like a demon in this world. Han Bao's dark eyes swept coldly to Wang Fan, and two black awns appeared in it, then he grabbed them with his right hand.

An illusory black spear suddenly appeared in the hand, and the illusory spear was surrounded by black light, just like a magic flame.

"Gather a spear in the sky!" The black light is surging wildly. At a certain moment, with a low roar of Han Yu, he suddenly swings out the black spear.

At the moment when the black spear was swung out, a torrential evil spirit diffused away, just like a torrential rain and torrent, which oppressed Wang Fan severely.

At this moment, the whole sky has been covered by black light, just like the top of a demon flame, giving people a strong sense of suffocation.

The surrounding students feel a strong pressure, and even some students with low strength can no longer move.

"It's a shame for me to dare to be presumptuous in front of Wang Fan, who is just promoted by the secret method."

"Originally, I thought you had any means, but that's what you rely on? If so, I'm sorry to tell you that today, you have no chance of winning. "

Wang Fan looked at the flame from the top of his head, and his eyes showed disdain.

He waved out a number of barriers to protect those weak students, then suddenly raised his knife and waved out crazily.

"The great wilderness will be destroyed!" Wang Fan's voice came out from the deep of his throat, and an equally terrible energy storm burst forth and smashed against the spear.

Two energy storms collided fiercely in mid air, which made a sound like an earthquake.

The spirit of terror is raging and surging in all directions.

This time, the energy storm condensed by the South Korean storm was not immediately dispersed, but formed a deadlock with the energy storm raised by Dahuang mieqiong chop.

In a loud bang, they began to break up at the same speed.

Although it is a high-level martial art, Wang Fan did not reach the level of accomplishment. Secondly, his

strength is too low. He has only seven levels in the Kingdom, so it is difficult to exert his real power.

So of course, it is impossible to defeat Han Yu with the attitude of destroying the withering and decaying. After all, Han Yu at this time is a pseudo Zunjing.

After the storm stopped, they had retreated hundreds of feet.

Wang Fan stood in the air, but his face was a little pale, and he didn't seem to be affected at all.

Han Yu, on the other hand, could not help coughing up blood again. At the same time, his face became shocked.

### **Chapter 2097**

Han Yu didn't expect that his strongest attack under the transformation was Wang Fan who couldn't be killed.

He's panicking. He's panicking.

The previous strike is his final card, which means that he is not Wang Fan's opponent at all.

"Why, no cards? Now that you have no cards, pay for your actions. "

Wang Fan looked at Han Yu, whose face became frightened. He laughed sarcastically, and then the sole of his foot suddenly stepped on the ground. With a bang, he was like a beast and killed Han Yu.

Han Bao looks at Wang Fan who comes suddenly, his face changes again, and a thick fear emerges in his eyes.

"I give up, I give up!" He couldn't think of anything else any more and screamed.

At this time, he has no strength, has been weak to the extreme, unable to fight.

"Give up? It's so funny. Are we competing? " Wang fan is disdain of him a, the whole person is already rushed to Han Yu body front.

His right hand into a fist, without the slightest hesitation, directly is a vicious bombardment out!

At this moment, the fierce killing spread out, just like a raging wave, shooting towards Hanyu.

Han Bang's mouth is choking, his eyes are full of panic, but he can't avoid it.

Bang!

Wang Fan's fist fell heavily on Han Bo's chest!

Click!

With a crisp sound of bone fracture, Han Yu's sternum was suddenly smashed, and the whole person fell back again with black blood.

People in the air, the power of the fury just like a wild animal into his body. In a short moment, he had already made a mess of the tendons and veins in his body, even the organs.

Han Bang fell to the ground like a dead dog, and the whole person had been curled up and completely abandoned.

There was a shrill wail in his mouth, and he couldn't get up any more.

Looking at this scene, the whole scene is dead!

All the students gathered around were completely shocked.

They just feel that their heart is pounding. They almost want to jump out of their heart, and their breathing has even stopped.

It's terrible. It's terrible.

Wang Fan's strength is beyond their expectation and imagination.

No one thought that in a short period of time, Han Bo, who had risen like a comet in the holy palace of Wangdu for nearly a year, had become a useless person.

The woman, who was called Yao'er by Han Bing, was also pale, and her delicate body began to shake uncontrollably.

She looked at Han Bo, who fell to the ground like a dead dog, and felt that the sky was going to collapse.

At the whole scene, only Han Qingyi was calm. She knew Wang Fan's strength well, and never doubted that Wang Fan was not Han Yu's opponent.

This scene, in her expectation.

After a short silence, the scene suddenly became uproar, and all the students could not help but start a loud discussion.

"Elder martial brother Wang fan is worthy of being elder martial brother Wang Fan. He is really too strong."

"That Han Yu was just lucky to get some adventures, and he dared to take over elder martial brother Wang Fan's cave with arrogance. It's just damned. I thought he would end up like this for a long time."

"Hum, you can't live if you do evil. This Korean tyrant is so arrogant and deserves to pay the price!"

"Top ten pride? Genius? I Pooh, shit! In Lao Tzu's eyes, that Han Bo is just a lucky man. He is a waste! "

"Waste is waste. There is no way to compare with elder martial brother Wang Fan's genius!"

There was a lot of discussion around him, all of which were abusing Han Yu and praising Wang Fan.

Glory always belongs to the winners. As for the losers, no one will sympathize with them.

If Han Yu had not been abolished, maybe they would have scruples and dare not abuse Han Yu like this. But now, Han Bo has been abolished, so they have no scruples.

Wang Fan listened to the voices of those comments around him. He looked calm and didn't make any waves.

He has seen through the cold and warm of human relations.

Although many students are complimenting him now, if he is the loser, I'm afraid he will also face ridicule.

Han Bao was almost angry when he listened to the comments, and his face twisted.

He would like to jump up and ravage those students who taunt and ridicule him, but unfortunately, he has no such strength.

In shame and indignation, Han suddenly raised his head, looked at the woman not far away and said, "Yao'er, take me away from here."

He really has no face to stay here. If he stays any longer, he will feel suffocated to death.

What Han Bo didn't expect was that after hearing what he said, he didn't take him away. Instead, he said, "what kind of rubbish are you? Do you dare to let Miss Ben take you away? Do you think you used to be that Han Yu? ""Now you're just a waste. I'll make a clean break with you. Don't contact you again."

"Ah, Pooh!"

The woman said, and spit hard toward the ground, and then did not go to see Han Yu, quickly left here.

Whoa!

Han Bing listens to the woman's words, and then looks at the woman's back. Finally, he can't help it any more. A mouthful of blood essence spurts out, and then he is in a coma.

Although he had understood the reality of the world for a long time, it was his first experience.

He never thought that Yao'er, who had always been obedient and considerate to him, should leave so heartlessly after he was abandoned.

Wang Fan takes a look at Han Bo who is in a coma, and then at Yao'er who is leaving. A sneer rises from the corner of his mouth.

He looked around at the students and said, "well, the play is over. Let's get out of here."

Those students listened to Wang Fan's words, quickly and respectfully hugged fist, and then quickly left here.

As for Wang Fan, they dare not provoke him.

After those students left, Wang Fan slapped Han Bao and said, "give you half an hour, get out of here, otherwise, I will kill you directly!"

"In addition, it's you Han Bo who occupied Wang Fan's cave first, so you are to blame for all this. No wonder I am!"

Wang Fan said, did not go to see Han Bo, directly with cold green clothes into the cave.

He needs to practice quickly, but he has no time to waste here.

In his eyes, the incident of Han Yu was just a small episode, and he didn't pay attention to it at all.

Han Bao's face was ugly. After more than 20 minutes of recuperation, he finally stood up with his teeth clenched.

"Wang Fan, today's shame, Han Bo will never forget! You wait for me. One day my strength will recover and I will get back today's court! "

Han Bao murmured bitterly and looked at the direction of Yao'er's departure. "Liu Yao'er, you slut, I will never let you go!"

He bellowed and left here with difficulty.

Wang Fan didn't know what Han Yu was thinking. He didn't pay attention to Han Yu at all.

After entering the cave, he just slightly adjusted his breath and entered the cultivation state.

As for Han Qingyi, she also began to practice. After all, the aura in the cave was too strong. If she didn't practice, she would be sorry for herself.

At the moment when Wang Fan entered the state of cultivation, a middle-aged man suddenly stood up in a room in the north of Wangdu holy courtyard, with a cold look in his eyes.

### **Chapter 2098**

This middle-aged man is the tutor in charge of the law enforcement of Wangdu Shengyuan.

The former communication bead of the woman named Yao'er also came to him.

But because he was practicing at that time, he didn't hear the sound of communication beads until now.

"It's really bold to bring people who are not in our holy courtyard into the holy courtyard, and to bombard other people's caves. It's unreasonable!"

"I'd like to see which student is so bold and so lawless!"

The middle-aged man murmured in a low voice, and then yelled, "all the people of the law enforcement team listen to the order, and follow me to the cave No. 35 of Hongfeng!"

"Yes With his voice, more than ten people rushed out of the surrounding rooms in an instant. In an instant, they stood in two rows.

After leaving the room, the middle-aged man immediately rushed to the cave No. 35 of Hongfeng with more than ten people.

The position of the law enforcement team in Wangdu holy court is very special, few students dare to provoke.

Although the law enforcement team is not easily deployed, once deployed, it means that something big has happened.

Many students who didn't get the news of the war between Wang Fan and Han Yu were shocked when they saw the fierce deployment of the law enforcement team.

"What on earth happened to the law enforcement team?"

"Look at these people's fierce appearance, something must have happened in the holy house that we don't know. Now, someone's going to have bad luck. "

"Damn it, go over and see what's going on."

As the law enforcement team passed along the way, there was a rush of chickens and dogs. While the students were talking, they quickly followed the law enforcement team.

Wang Fan didn't know that all the people in the law enforcement team had come. At this time, he had entered a state of cultivation and knew nothing about the outside world.

However, he had just practiced for a short time, and immediately felt several strong breath.

Wang Fan's eyelids jumped slightly and suddenly opened his eyes.

His mental power swept out, and immediately found that the fierce outside of a line of law enforcement team.

Looking at the words "law enforcement" engraved on those people's clothes, Wang Fan couldn't help frowning.

He has only heard of the law enforcement team, but he has not seen it.

However, Wang Fan knew that the law enforcement team had great power in Wangdu holy college, and neither the students nor the tutors were willing to provoke them easily.

When Wang Fan frowned and his face showed displeasure, more than ten members of the law enforcement team came to the door of Wang Fan's cave.

The middle-aged man looked at the entrance of the cave, at the blood on the ground, and there was a cold chill in his eyes.

He didn't come forward to bombard the cave. Instead, he said, "Han Bo, Liu Yaoer, come out to see me!"

Because he didn't know that the cave had changed its owner, he thought that Han Bao and Liu Yao still occupied the cave.

"Han Bo? Liu Yaoer? It seems that this guy came out for them. It's really troublesome. It's just a wave coming back. "

Wang Fan could not help murmuring, but did not go out, but continued to restore the aura consumed by the previous war.

When the middle-aged man saw that no one responded, his eyes showed a little impatience, but he was still not angry. Instead, he said again, "Han Bo, Liu Yaoer, come out to see me!"

This time, without waiting for Wang Fan in the cave to respond, some students could not help talking.

"Lishi, Han Bo and Liu Yaoer are no longer here. Now the master here is Wang Fan."

The trainee who opened his mouth witnessed the battle between Wang Fan and Han Bo, so he clearly understood all this.

"Wang Fan? Changed owners? " Hearing this, the middle-aged man frowned slightly.

He felt that the name of Wang Fan was familiar, but he couldn't remember where he had heard of it.

However, Wang fan is just a student, but the middle-aged man is not in the eye. Since he couldn't remember, he didn't think much. Instead, he stepped forward and bombarded the cave stone gate with one punch.

If Han Bo and Liu Yaoer were in the cave, he would not be so arrogant. After all, he came out for them. But now it's someone else in the cave. What worries does he have?

Boom!

The middle-aged man banged on the stone gate, making a roaring sound.

In an instant, the stone gate vibrated and the ground trembled.

After the middle-aged man blew out the punch, he yelled, "people in the cave, get out of the cave!"

His voice rolled out, like lightning and thunder, resounding in the air of the whole red peak.

Wang Fan looked at this scene clearly, his eyes were frozen in an instant.

He didn't expect that the middle-aged man, as the tutor of the law enforcement team, should be so shameless, knowing the law and breaking the law, violently bombarding his Shimen.

"Qingyi, let's go out and see what this guy wants to do." Wang Fanqiang held back his anger and said something to Han Qingyi. Then he opened the stone gate and went out. The middle-aged man looked at Wang Fan who strode out, his eyes couldn't help but squint, and two murders emerged.

"Which class of students are you and which tutor's disciple? Don't you know that it's forbidden to intrude into other people's cave? Do you know the sin? "

When the middle-aged man saw Wang Fan, he immediately buttoned his big hat down.

Then he pointed to Han Qingyi again, "who are you? Depending on your accomplishments, you should not be a student of our Wangdu holy academy? Who let you in? Get out of here

The middle-aged man drank and looked at Wang Fan again. "You are so brave. Can you take Wangdu Shengyuan as your home?"

"It's OK to bring outsiders into the holy house without permission, and bombard other people's caves with violence. I haven't met such a bold student as you for a long time. "

He didn't give Wang Fan a chance to speak at all. He gave an order directly, "come on, catch this guy for me and take him to the law enforcement team directly!"

"Such arrogant students dare to ignore the rules of our holy court. They must be severely punished!"

"Yes At the command of the middle-aged man, the more than ten members of the law enforcement team should be at once, and then rushed to Wang Fan with excited face.

As a member of the law enforcement team, they seldom make moves. Now it's hard for them to meet this mobile phone meeting. Naturally, they are a little excited.

Wang Fan looked at the middle-aged man who didn't give himself a chance to open his mouth and directly convicted him and sent someone to do it. He couldn't help sneering.

"I really don't know how a person like you can be a tutor of the law enforcement team. The law enforcement team is in charge of the tutor like you. It's nonsense!"

"As a tutor, you know how to break the law and bombard my Shimen violently. Are you innocent?"

"If you don't give me a chance to open your mouth, convict me directly and arrest me, is that how your law enforcement team enforces the law?"

Wang Fan's voice rang in the ears of everyone around, and those students were shocked.

Strong, it's too strong!

They didn't expect that Wang Fan would dare to be so presumptuous in the face of the law enforcement team who was like the king of hell in the palace.

However, they are applauding in their hearts. After all, the law enforcement team reports too much, and they also have a lot of opinions on the law enforcement team.

The middle-aged man listened to Wang Fan's words, and his face was iron blue in an instant!

## **Chapter 2099**

When did a trainee dare to convict him face to face?

Wang Fan's action is just hitting him in the face!

The middle-aged man was furious. He pointed to Wang Fan and said, "take him down for me. If you dare

to resist, you can kill him!"

With the middle-aged man's order again, the more than ten people are more unscrupulous.

Their body's breath madly diffuses, just like a long dragon converges, oppresses Wang Fan.

Just a few suction, more than ten people have approached Wang Fan, and launched a cold attack.

"It's a law enforcement team. It's really overbearing. Today, I, Wang Fan, want to see who dares to arrest me! "

Wang Fan looked at the crazy attack from more than ten people, looking at the way across the sky from the energy chain, eyes also emerged in the forest of cold.

He said with a sneer, his breath suddenly diffused, his right foot suddenly stepped on the ground, whooshed, and the whole person rushed out like a storm.

In the middle of the sky, his right leg swept wildly. In an instant, countless energy chains were rolled up, just like a steel whip, and swept directly towards more than ten people.

Boom boom!

A series of deep loud noise, swept by Wang Fan, the energy storm set off by dozens of people broke up in an instant.

After those energy fluctuations disintegrated, the more than ten people's faces also changed and began to retreat.

"My wangfan cave is occupied. If your law enforcement team doesn't come forward to solve the problem, I just want to get back my cave. You are here."

"I, Wang Fan, want to ask, what's the crime of getting my own cave back?"

Wang Fan's voice surged out like the roar of the sea. His body suddenly rushed forward and approached three of them directly. Then he took a series of right palm shots and bombarded them.

Pa Pa!

Three loud noise, three people chest is hit by Wang Fan, instantly vomit blood fall fly.

Their faces were pale and their eyes were startled!

Strong, it's too strong!

They never thought that Wang Fan was so strong!

At the same time, they finally know who Wang fan is. It turns out that Wang fan is a new ruthless man who rose like a comet in Wangdu holy courtyard a year ago. Wang Fan!

Those onlookers watched the scene, but also waves of silence.

They admire Wang Fan's courage and courage. They dare to attack the law enforcement team.

You know, this kind of behavior is the biggest provocation to the law enforcement team, even to the college. The people in the law enforcement team can be killed!

Their eyes to Wang Fan also became ardent worship.

To be a man like Wang Fan, I really have no regrets in my life.

"As a member of the law enforcement team, you will convict me and arrest me and kill me regardless of the reason and right and wrong."

"I, Wang Fan, want to ask, what kind of law are you holding and for whom are you enforcing the law? What's the difference between you and hooligans when you behave like this? "

Wang Fan once again suddenly open mouth, at the same time he has flashed to three law enforcement team members in front.

The three members of the law enforcement team looked at Wang Fan, who was approaching like a ghost, and his face turned pale.

The name of people, the shadow of trees and the power of Wang fan are built with strength and blood. They can't help but fear.

The reason why they were so arrogant and reckless was that they had the support of a middle-aged man, but because Wang Fan had left the holy house for a long time, they didn't think about Wang Fan for a moment.

The three retreated in horror, but where could they retreat?

Wang Fan's right leg is like a knife, and he sweeps them on their chest.

Bang bang!

There were three loud noises again, and the three felt as if they had been hit by the artillery. They flew straight back out and spewed out countless blood mist.

The scene is dead again.

Around those onlookers, the corners of the mouth can't help choking violently!

Cow, it's so cow!

I'm afraid that even the guy who is the most arrogant in the top ten dare not treat the members of the law enforcement team like this?

The middle-aged man's face was already gloomy. He glanced at Wang Fan coldly and suddenly cried out, "all back for me!"

The other six people had been waiting for this sentence for a long time. Wen Yan quickly began to retreat, retreating behind the middle-aged man.

Of course, this is the reason why Wang Fan didn't kill all of them. Otherwise, with their cultivation, it would be impossible to retreat calmly.

"What a new hateful Wang Fan! He is really crazy and powerful! If you dare to attack the people of our law enforcement team, you, Wang Fan, are still the first! "

The middle-aged man stares at Wang Fan, gnashing his teeth!

He was originally with people to come, want to win Wang Fan, instant again for the law enforcement team Liwei.

But now it's good, others didn't take it, and six of them were seriously injured by Wang Fan.

It can be said that his face really lost his grandmother's house. The middle-aged man wanted to kill Wang Fan immediately, but he had to choose forbearance.

If Wang fan is just an ordinary student, he may be desperate to take it directly.

But Wang fan is not an ordinary student. Wang fan is one of the ten most arrogant people in the world. Wang Du Sheng Yuan is an absolute man of the year.

Most importantly, according to rumors, Wang Fan seems to have some relations with the mysterious vice president.

In this way, if he wants to win Wang Fan, he must find a reason.

"I made a mistake when you occupied other people's cave, so I took it. But it is always true that you bring people who are not in the sanctuary into the sanctuary without permission? "

The middle-aged man pointed to Han Qingyi, with a strong tone, "don't tell me that she is just a mole ant who can't even reach the king's realm. She will be a student of our king's holy academy!"

"Ha ha, what a mole ant!" Wang Fan laughed.

His laughter, like a slap on the face of the middle-aged man, makes the middle-aged man's face more ugly.

Wang Fan pointed to the middle-aged man, "are you born in Wangjing? And didn't go through low level cultivation? "

"If you abuse others, what are you in the eyes of people who are stronger than you?"

Wang Fanzhen's words are as sharp as a knife. They pierce the middle-aged man's heart and make him angry.

Wang Fan did not stop at this point, but continued to say, "what did you say just now? You are wrong about my occupying other people's cave?"

"What is calculation? Wrong is wrong, right is right, what is miscalculation? Is that how your law enforcement team judges right and wrong? "

Wang Fan will be cold green clothes pulled to the side, "she really is not my Wangdu holy college students, but it is vice president adults agree that I bring him in."

"You'd better ask the vice president, find out what's going on, come back to me and enforce your law. Otherwise, it's just your own people. "

Wang Fan finished, then no longer bother to pay attention to the middle-aged man, directly with cold green clothes, will go to the cave.

"Stop!" However, before Wang Fan took two steps, the middle-aged man's voice suddenly came out.

He was so angry, he was so angry!

He pointed at Wang Fan and cheered, "don't talk to the vice president if you have nothing to do. The vice president is so busy, how can you have time to take care of such trifles?"

"What's more, vice president, where do you want me to go for verification?"

"I think you'd better go to the law enforcement team with me. When I see the vice president in the future and confirm that what you said is true, I'll let you go no later!"

**Chapter 2100**

This middle-aged man is very shameless, even with Wang Fan and up a mud.

He was obviously determined to take Wang Fan away. Even if he couldn't kill Wang Fan, he had to disgust Wang Fan and take a bad breath.

Wang Fan listened to the middle-aged man's words, but he couldn't help narrowing his eyes.

He is not a rookie in the world. How can he not understand the middle-aged man's meaning?

Wang Fan slowly shook his head, disdainful said, "if you say, I just don't go with you?"

The middle-aged man grinned, "don't you come with me? Then it's up to you! "

He said, his breath suddenly burst out, and the strong aura gushed from his watch, and the whole person rushed towards Wang fan like lightning.

Obviously, he has some impatience and plans to take Wang Fan by force.

"Do you want to do it?" Wang Fan looked at the middle-aged man who suddenly came, his eyelids jumped, "you'd better see what this is before you start."

He said, the right hand suddenly a grasp, directly is to grasp the Deputy Dean's token, then a toward the middle-aged man threw in the past.

The middle-aged man was slightly stunned, and his body shape suddenly slowed down. He grabbed the token.

When he saw the token clearly, his face became ugly in an instant.

He found that he had made a mistake, a fatal mistake.

He shouldn't have taken the token at all.

If he doesn't take the token, he still has the reason to give it to Wang Fan. But now he has taken the token, but he can't give it to Wang Fan.

As the head of the law enforcement team of the Wangdu Shengyuan and the tutor of the Wangdu Shengyuan, it is absolutely impossible to say that he does not know the token of the vice president.

"Son of a bitch! How could he have the vice president's token? How could the Deputy Dean's token be given to him? "

The middle-aged man was almost mad and trembling.

At this time, he felt that Wang Fan was so hateful, he wanted to crush Wang Fan!

This son of a bitch, if he had taken out the token earlier, where would there be so many things?

He has to humiliate himself first, humiliate the law enforcement team, and then do it again. It's a deliberate tease!

The middle-aged man is really about to explode, but he has to bear it.

Wang Fan looked at the middle-aged man's expression, but he couldn't help laughing, "do you recognize what it is? Now that you've recognized it, why don't you give it back to me and leave? "

"Don't tell me that you, as the head of the law enforcement team and the tutor of Wangdu Shengyuan, don't know this token."

Wang Fan's voice is like a loud slap, once again the vicious pumping in the middle-aged man's face, so that he only felt a burst of hot pain.

Damn it!

It's so hateful!

Today, his face is completely lost!

It can be imagined that if this incident is reported, the prestige of his law enforcement team will be greatly affected.

"Hum, let's go!" Finally, the middle-aged man didn't dare to offend the vice president. He reluctantly threw the token to Wang Fan and left angrily.

The six members, who were still fighting, looked at the scene in a daze, and then they only felt their faces turned red.

What a shame!

They forced to endure doubts and grievances, picked up six injured companions and left with them.

Around the students looking at this scene, also can not help but issued a burst of hiss.

They did not expect this outcome at all.

In the holy courtyard of Wangdu, the law enforcement team, just like the king of hell, was forced to leave.

Even in the history of Wangdu temple, this is the first time!

Never before!

Wang fan is so cruel!

After the middle-aged man and his party left, the onlookers left one after another.

Wang Fan went back to the cave with cold green clothes and continued to practice.

This time, he practiced for nearly half a year, and was never disturbed by people who didn't have long eyes.

However, in the past six months, Wang Fan's confrontation with the law enforcement team was once again spread.

Wang Fan's name once again resounded through the college and reached the highest reputation.

Of course, Wang Fan didn't know or care about these things.

After six months of cultivation, his strength has reached the peak of the seventh level of the Kingdom, only one step short of entering the eighth level of the kingdom.

At the same time, he also made some breakthroughs in the two kinds of respected martial arts, namely, destroying the sky and chopping with one knife.

Seven kill Liuyun Dao, he is even more cultivated to the fifth kill, only the last two kill, then can be completely cultivated to the level of Dacheng.

In addition, Wang Fan has refined the prohibition of killing short guns to the third level, and its power is not the same as before.

According to Wang Fan's scruples, at the moment, if he tries his best to stimulate the killing short gun, even the strong of Zunjing Level 2 will be able to kill. However, he may be more weak, and even damage the foundation.

All in all, Wang Fan has gained a lot in the past six months.

Although his strength has not improved much, his combat effectiveness has doubled and improved several grades.

On this day, Wang Fan was practicing, and suddenly a man came to his cave.

After Wang Fan noticed the man, he immediately withdrew from the cultivation state, and then quickly

opened the cave stone gate.

"Wonderful teacher." He looked at the visitor and said a respectful hello.

It's no one else. It's his tutor in Wangdu holy courtyard, Shuimiao.

Wang Fan looked at Shuimiao, a little ashamed, he came back so long, did not go to see Shuimiao.

"Oh, you still remember me. I thought you, the so-called man of the moment, had forgotten my tutor." Wonderful teacher looking at Wang Fan, play cruel say.

"How can it be? Even if Wang Fan forgets anyone, he can't forget master Miao." Wang Fan embarrassed smile, quickly said.

Shuimiao was relieved to see that Wang Fan didn't make up his mind because of his fame.

You know, a lot of Tianjiao, especially the top ten Tianjiao, are very proud and look down on their tutors.

Fortunately, Wang Fan did not, which made her very happy.

However, although she was very pleased, Shuimiao's expression was still cruel. She suddenly looked at Han Qingyi and said, "I heard that you were crowned as a beauty in the huri Empire, and killed many experts and strong men. I think that girl is this one? "

Wang Fan listened to this, is more embarrassed, he did not go to pick up, but quickly looked at the cold Qingyi said, "Qingyi, this is my mentor Shuimiao, hurry to see."

Then he looked at Shuimiao again. "Master Miao, this is my younger martial sister, hanqingyi."

"I've seen master Miao in Qingyi." Cold green clothes is also very clever, quickly came forward to say hello.

She is a delicate person. Naturally, from Wang Fan's attitude, we can see that Wang Fan has a good relationship with Shuimiao.

"Well, well, that was a joke. Don't mind." Water wonderful see cold green clothes say hello, quickly put away the play cruel expression.

Wang Fan didn't let them continue to gossip, but said, "master Miao, is something happened? If you have something, just open your mouth. If Wang fan can do it, it's absolutely obligatory."

Wang Fan knew that Shuimiao had suddenly arrived at this time. Something must have happened. Most of the time, she went to the three treasures hall.

After all, Shuimiao's character will not easily disturb his cultivation.

Water wonderful listen to Wang Fan's words, the facial expression suddenly becomes dignified.
