

## **Mighty Sk 2131**

### **Chapter 2131**

Lie Yunsheng looks at this scene, his face suddenly changes!

He madly urged the aura in his body, stepped on the ground with his right foot, and suddenly fled to the rear. But, where is the time?

The sharp sharp sharp blade shot, in an instant, had already crossed his chest and abdomen, hissed, blood shot, lie Yunsheng flew out straightly.

His chest was cut out a deep knife, the blood could not stop gushing out, life also began to gradually dissipate.

"You, you..." after lie Yunsheng fell to the ground, his shaking right hand pointed to Wang Fan, trying to say something. Unfortunately, before he finished, his head was tilted and he died completely.

At this moment, the whole audience was silent, and there was no sound.

Everyone was staring at the scene, as if they had forgotten to breathe.

In a short time, Gong Xianghe, the leader of Kuangdao sect, and lie Yunsheng, the leader of Yijian sect, died in the hands of Wang Fan.

This scene is too shocking.

A chill emerged from their feet uncontrollably and went straight to the spirit of heaven. Their eyes looking at Wang Fan were filled with deep fear and respect.

In this place where strength is respected, the strong are respected wherever they go.

Wang Fan has proved with strength that he is a strong man!

Whoosh, whoosh.

In the crowd dull, accompanied by the sound of several broken wind, six shadows appeared here.

These six people are all women, and they are all beautiful women.

They fell from the sky like fairies.

"The fairies in the jade lady pavilion are actually the fairies in the jade lady Pavilion. I didn't expect that they came too."

"What does the fairy of the jade lady Pavilion come here to do at this time? Does this guy offend the jade lady pavilion?"

"Even the owner of the jade lady Pavilion came in person. It's a bit big."

The friars looked at the six beautiful women. First, they were stunned, and then they exclaimed again.

"Jade lady pavilion?" Wang Fan was also slightly surprised. He looked up at the six women. Then, without any hesitation, he went straight forward and took Gong lie's space ring.

It's a trophy. He's not willing to give up.

What's more, as the brains of their respective forces, Gong lie and his wife certainly have a lot of resources.

After the jade girl Pavilion six people appear, stupidly looks at this scene, simply all some inconceivable.

Especially in the eyes of Wang Fan, the owner of the jade lady pavilion was afraid.

She didn't expect that she was a little late. Wang fan not only had a conflict with Gong lie, but also ended the fight.

Originally, according to her plan, she planned to help Wang Fan before the two sides fight.

In this way, Wang Fan will have a good feeling for their jade girl Pavilion. When the time comes, they will not only have a greater chance to join the jade girl Pavilion, but also will really work after the event.

But now ·

the owner of the jade girl Pavilion sighed in his heart, but on the surface, he still made a smile and walked towards Wang Fan,

"cluck, it's a hero. I didn't expect that the younger brother's strength was so good. I really admire her."

With a smile on her face, the jade lady Pavilion master walked slowly to Wang Fan as she spoke.

The five people behind her, including Xiao Yan, are just following her, but the beautiful eyes are all on Wang Fan.

Wang Fan looked at the six people who came slowly, especially after seeing Xiao Yan, his heart couldn't help but move, but on the surface, he didn't show his concern for Xiao Yan.

He laughed and looked at the jade lady Pavilion owner and said, "the fairy is flattered. I'm just forced to fight back."

He said here, slightly pause, and said, "I don't know what the fairies are looking for. If I can, I'm absolutely duty bound."

Finally, he added half jokingly, "it's a great honor to serve such a beautiful fairy."

The jade lady Pavilion leader listened to this, could not help exuding scallion, jade finger covered her red lips, giggled, "little brother, this mouth is sweet, since you are so direct, that sister will not beat around the bush."

"If my sister is right, you must have just entered here. I wonder if you would like to join my jade lady pavilion?"

"If you are willing to join us, the door of my jade lady Pavilion will be open for you at any time."

Listening to the jade lady Pavilion leader's words, not only Wang Fan was stunned, but even the friars around him were stunned.

They just felt that their heads were struck by thunder, and they were scorched inside and outside.

When did the jade girl Pavilion recruit male practitioners? What's more, the jade lady Pavilion owner personally threw out the olive branch? You know, countless men and nuns dream of joining the jade lady Pavilion, but they all fail in the end. Because other people's jade girl Pavilion doesn't recruit male practitioners at all.

Even the leaders of the other five forces, who wanted to marry with the jade lady Pavilion, were directly and mercilessly rejected by the jade lady Pavilion.

It can be said that Wang fan is the first male monk in the history of the jade girl Pavilion. If Wang Fan agrees to join the jade girl Pavilion, he will also be the first male monk in the history of the jade girl Pavilion.

At the thought that Wang Fan could join the jade lady Pavilion and stay with so many beautiful fairies every day, the monks' faces were filled with envy and hatred.

But they know that even if they envy and hate again, there is no way. After all, where is Wang Fan's strength? Who can make them not strong enough?

"Join the jade lady pavilion?" Wang Fan also can't help but slightly Leng for a moment, "this... I didn't hear that the jade lady Pavilion doesn't recruit male practitioners?"

Although Wang fan is ecstatic, he also knows that this is a good opportunity to get close to Xiao Yan, and there is no need to take risks.

But he can't agree directly, because if he agrees directly, it will cause the other party's suspicion.

"Cluck, we don't recruit male practitioners in the jade girl Pavilion, but if you become the Taoist partner of our jade girl Pavilion disciples, won't you?" The owner of the jade lady Pavilion giggled and said, "you don't have to think about it. The reason why our jade lady Pavilion breaks the rules and recruits you is because of your strength. If you don't have the strength, we won't break the rules and ask you

Wang Fan listened to this, pretended to be suddenly enlightened, relieved, and said with a smile, "in this case, it's my honor. I just don't have a place to go. I'm willing to join the jade lady Pavilion."

"But as for marriage, we need to be more careful. After all, this kind of thing can't be too hasty."

The owner of the jade lady Pavilion listened to this and said with a smile, "this elder sister can understand. Don't worry, I have nothing else in the jade lady Pavilion, but there are many fairies. I'm sure there will be one suitable for you, cluck."

"Well, we don't want to stay here any more. Since you have promised to join my jade lady Pavilion, please go back with your sister."

"Good." Wang Fan nodded, and then with the envious eyes of the friars around, he left the jade lady Pavilion.

## **Chapter 2132**

There are only 60 or 70 members in the jade girl Pavilion, each of whom is very beautiful.

After entering the jade girl Pavilion, Wang Fan looked at all kinds of women around him. He couldn't help being in a trance.

He felt as if he was back to the good time in Yindi group.

But soon, Wang Fan was not happy.

Because he felt as if he had become a monkey, and the women were looking at him with all kinds of eyes, pointing and biting, and they didn't know what to talk about.

Wang Fan was aware of this scene and couldn't help being a little bit big.

He couldn't even help asking himself whether the decision to join the jade lady pavilion was too hasty.

The jade lady Pavilion Master seemed to be aware of Wang Fan's embarrassment and said with a giggle, "little brother, don't care about those girls."

"As the first male disciple in the history of my jade lady Pavilion, they will naturally be curious. After a long time, you will get used to it."

The jade lady Pavilion leader said so, but he couldn't help thinking that this decisive and powerful guy was embarrassed and shy? It's kind of interesting.

"Well." Wang Fan nodded, and even though he was not going to see the female disciples, he walked with his head down.

He is in the mind is thinking, to quickly find Xiao Yan showdown, and then take it away.

Of course, if Xiao Yan does not agree to leave with him, then he can only leave alone.

Wang fan is not related to Xiao Yan, but is entrusted by master Miao to help him. If Xiao Yan doesn't want to leave with him, he will not force himself to be a good man.

"Oh, by the way, little brother, what's your name?" At one moment, the jade lady Pavilion owner seemed to think of something and asked Wang Fan.

"Wang Fan." Wang Fan replied that he did not hide his real name.

First, with his strength, there is no need to cover up. Second, in this area, he does not need to cover up.

"Wang Fan? What a good name The jade lady Pavilion owner praised.

Wang Fan rolled his eyes, but he didn't take it.

He didn't think his name was good, and he didn't want to pick it up if it wasn't nutritious.

The owner of the jade lady pavilion was unwilling to be lonely and continued, "since you have joined my jade lady Pavilion, I will give you a position first. How about you being the elder of my jade lady pavilion?"

"Good." Wang Fan nodded without hesitation. As far as he is concerned, he can't stay here for long. It doesn't matter what position he holds.

Soon, the jade lady Pavilion leader took Wang Fan to a palace that looked pretty good. She pointed to the temple and said to Wang Fan, "do you think it's OK to live here?"

"Yes." Wang Fan nodded.

"Well, I'll go first. You can take a look inside and get to know your elder martial sisters. If you like, remember to talk to your elder sister."

Jade lady Pavilion Master said, with Xiaoyan and Fenghuaxueyue four female plan to leave.

Wang fan can't help but be stunned. The purpose of his coming here is for Xiao Yan. If Xiao Yan is taken away, what's the use of knowing other elder martial sisters?

He said quickly, "elder sister, I don't know if I can let five elder martial sisters accompany me for a walk? In the next person, I'm a little embarrassed. "

After listening to this, the jade lady Pavilion leader was stunned and then said with a smile, "you, you are really greedy."

"I can stay with you for five of them, but you can't move your mind, Xiao Yan."

The jade lady Pavilion leader points at Xiao Yan and says.

Hearing this, Xiao Yan's face couldn't help changing slightly, but soon returned to normal.

Wang Fan couldn't help but move in his heart. On the surface, he pretended to be confused and asked, "why, elder martial sister Xiao Yan is so beautiful, in case I really like her?"

Hearing this, the jade lady Pavilion leader's face changed slightly and suddenly became serious.

She did not avoid Xiao Yan, dignified said, "she is a hard-working child, but I also can't help her."

"As for why, I can't tell you, but you must remember that you can't make up your mind about her, or you will be killed."

"Death?" Wang Fan couldn't help but move in his heart, "is it the mysterious city master who has a crush on her?"

After all, in this area, only the mysterious city master can threaten Wang Fan, right?

The jade lady Pavilion leader took a look at Wang Fan and said seriously, "it's not him either. Ah, how can I tell you something? I can't explain it clearly."

"In a word, you must not make up your mind about her. Otherwise, not only you, but also me, including our whole jade lady Pavilion, will be in great trouble."

"Come on, it seems that you are already interested in Xiao Yan. I'd better take her away to avoid harming you and her."

The jade lady Pavilion leader said that she wanted to take Xiao Yan away, but she was stopped by Wang Fan. "Sister, if you believe me, tell me what's going on." "I'm already a member of the jade girl Pavilion, and Xiao Yan is my younger martial sister. If she has something to do, how can I just sit by and ignore it? Maybe I can help, maybe."

Wang Fan didn't think the jade lady Pavilion leader was a crafty person, so he directly pointed out some attitudes.

Of course, he is impossible to tell each other, he came here for Xiao Yan's sake.

Listening to this, the jade lady Pavilion owner could not help sighing, "ah, there is a strong presence who takes a fancy to Yan'er and wants her to be his cauldron."

"According to the rules of that man, on the full moon night of this month, he is afraid that he will take Yan'er away."

"Before that, all the men who dare to have too much contact with Yan'er will be obliterated by her. There is no accident."

"So far, in a short period of three months, no less than 30 monks who have been in contact with Yan'er have been killed by her cruelty and disappeared in this world forever."

Wang Fan listen to this words, can't help but slightly a Leng, "mysterious and powerful existence? Who is he? Isn't he the mysterious Lord of the city? "

The jade lady Pavilion leader replied, "no, the city leader is just one of his subordinates. As for who he is, I don't know, because when he appeared, his whole body was wrapped in a black robe. "

"However, his strength is really strong. According to my guess, he has reached the level of Zunjing, and his magic is more powerful than the level of Zunjing."

With that, the owner of the jade lady Pavilion sighed, "in fact, there are several female disciples in my jade lady Pavilion who have been taken away by that man."

"I want to resist, but I'm not his opponent at all. I can only accept it. Originally, I wanted to dissolve the jade girl Pavilion, but I didn't want to humiliate my disciples. "

"But that man is threatening me. If I dare to disband the jade girl Pavilion, I will be killed directly, and all the female disciples will be killed."

"In desperation, I can only let the jade girl Pavilion exist all the time, but it slows down the speed of accepting disciples."

"I used to recruit some female disciples almost every year, but in recent years, I can't recruit many more. That's why there are fewer and fewer disciples in my jade lady Pavilion."

The jade lady Pavilion Master said slowly, and his eyes were full of bitterness.

### **Chapter 2133**

Xiao Yan and Fenghuaxueyue's four daughters, their faces are also somewhat gloomy.

Xiao Yan is sad for her coming tragic experience, while the fourth daughter is afraid that she will be liked by the mysterious person one day.

Wang Fan listens to this words, the brow is to cannot help a wrinkling.

The mysterious city master is just a servant. Is there a more powerful existence behind the scenes?

His heart is a little shocked, because this scene is something he never thought of.

Wang Fan pondered for a moment and said, "if I am willing to help you fight against the mysterious man, do you dare to let me try to fight once?"

"Instead of passively waiting for death and suffering, it's better to fight back. After all, it's not a matter for you to go on like this. "

If the jade lady Pavilion leader is a crafty person, Wang Fan will not help. He just takes Xiao Yan away.

But from this brief contact, the jade lady Pavilion leader is still very good, and he also knows to consider his safety, so Wang Fan naturally wants to reciprocate.

"You're going to help us fight that mysterious existence?" Listening to Wang Fan's words, the jade lady Pavilion leader couldn't help being stunned and said in a startled voice, "he's the one who respects the environment. Are you sure to fight?"

"If you don't have enough assurance, I advise you not to do that. After all, it's death."

Wang Fan listened to these words and said with a smile, "don't worry, I won't do anything uncertain. It's just respecting the territory. I haven't killed it. Now it's up to you to choose. "

"If you are afraid of danger and involve your jade lady Pavilion, take it as if I didn't say that, and I won't continue to interfere in this matter. But if you want to resist, if you want my help, I will do my best to kill that evil generation. "

Wang Fan's voice is full of strong self-confidence, especially when he says that he has killed Zunjing.

The self-confidence in him can't be pretended at all. People who haven't killed Zunjing can't show this kind of self-confidence at all.

The jade lady Pavilion leader listened to Wang Fan's words and felt the self-confidence of Wang Fan again. When she was shocked, she could not help being silent.

She did not expect that Wang fan should be so terrible, even killed Zunjing.

But at the thought of the power of the mysterious strong man, she could not help but be silent and had no choice.

After all, if she fails, I'm afraid everyone in her jade lady Pavilion will be implicated.

Xiao Yan and Fenghuaxueyue are shocked and silent at the same time.

On the one hand, they hope that Wang fan can really help them solve this big problem; on the other hand, they are afraid that Wang Fan's failure will involve those kind sisters.

After all, their more than 60 sisters have long had deep feelings.

Wang Fan did not continue to speak, nor continue to lobby, but looked at the jade lady Pavilion master, slowly waiting.

He's waiting for the other side to decide.

To tell you the truth, Wang fan is not absolutely sure to fight against the mysterious and powerful one who practices evil skills, but he has to do so.

Because he has a feeling that sooner or later he will be on the opposite side with the other party, and sooner or later there will be a war, which is unavoidable.

Don't say he wants to take Xiao Yan, already touched the bottom line of the other party, say he wants to leave here, how can not conflict with the mysterious strong?

After all, as the master of this place, the mysterious strong man has painstakingly attracted so many monks. I'm afraid he won't let anyone leave easily.

Since Wang Fan and the other party will oppose each other sooner or later, why not oppose each other earlier?

After a long silence, the jade lady Pavilion leader finally raised her head and asked, "how sure are you to deal with him?"

Wang Fan laughed, "I haven't met each other, it's too early to say that I can grasp it. However, I can guarantee that if the other side's strength is really only one level of respect, I am 70% sure. "

"If the opponent's strength reaches the second level of Zunjing, I will only have 50% confidence. If you have three levels of Zunjing, only 30% of you can grasp it. If you have four levels of Zunjing, I have no chance of winning. "

Wang Fan said directly.

If he said he was 100% sure, the other party would not believe it, so he could only answer truthfully.

Everything depends on the level of the mysterious man. It depends on the information of the jade lady Pavilion leader.

After all, the first level, the second level, the third level and the fourth level of Zunjing are totally different concepts.

The jade lady Pavilion leader listened to these words, took a deep look at Wang Fan, and finally bit her teeth and nodded slowly,

"well, I'll believe you once, and you must not let me down. But can you tell me what you're going to do?"

"Of course." Wang Fan nodded, "he does not let people contact with Xiao Yan, then I will deliberately contact with Xiao Yan and lead him out."

Wang Fan said and looked at Xiao Yan again, "it's just that you're going to be wronged by Xiao Yan. You have to cooperate with me and look very close to me. When necessary, we directly disguise as lovers and force them to come out. "Speaking of this, Wang Fan also joked, "don't worry, we're just pretending, we won't make a real joke, you have to believe in my character."

Whoa!

Listen to this words, whether it is Xiao Yan or the jade lady Pavilion leader and the four girls, they can't help laughing.

This smile, make them that tight nerve, is also slightly relieved.

After Jiao Xiao, Xiao Yan looked at Wang Fan and said with a red face, "elder martial brother Wang Fan, I will rely on you for help."

"Don't worry, you are for my good, I appreciate you too late, how can you blame others?"

The jade lady Pavilion owner also bit his teeth, "Wang Fan, all this depends on you."

"I'll go down and arrange to hide all the disciples here to ensure their safety as much as possible."

"Good." Wang Fan nodded.

After the discussion, the jade lady Pavilion leader will not procrastinate, and quickly take the fourth daughter to leave here to arrange.

Wang Fan takes Xiao Yan into the room.

Xiao Yan is obviously a little shy, and her face is red. After entering the room, she lowered her head, holding the corner of her clothes in her hands, and didn't know what to say.

Wang Fan looked at this scene, can't help but some speechless, "younger martial sister Xiao Yan, what are you so nervous about? I'm not a big wolf. By the way, do you know Shuimiao, the tutor of Wangdu Shengyuan? "

"Aunt Shuimiao?" Xiao Yan listened to these words, immediately shocked raised her head, "you, do you know my aunt Shuimiao? Are you a student of Wang Du Sheng Yuan? "

She was really shocked. She never thought that Wang Fan would know Shuimiao.

"Yes, I am a student of Wangdu holy college, and Shuimiao is also my tutor. This time I came here, I was just entrusted by her to see if I could save you. If you don't believe it, you can look at this. "

Wang Fan said, his right fist was clenched in an instant, and his powerful aura surged out. He immediately gave Shuimiao to his king level martial arts violent fist.

"Violent boxing, it's violent boxing. Elder martial brother Wang Fan, you are really a disciple of aunt Shuimiao."

Xiao Yan looks at Wang Fan's violent fist, her eyes are instantly ruddy, and her mood becomes excited.

She sobbed and burst into Wang Fan's arms.

At this moment, they didn't find out. There was a wind outside. It seemed that there was a dark shadow, which flashed over like a ghost.

#### **Chapter 2134**

The dark shadow flashed by, and the overcast wind burst out, as if the clouds in the whole sky had been dispersed, leaving only the overcast wind all over the sky.

However, the movement of the wind is very small, under the cover of the night, silent, it is difficult to detect.

Inside the house, Wang Fan didn't feel the wind. He gently pushed away Xiao Yan and said, "how can I lie to you about this kind of thing? It's not good for me."

"Originally, I came here to take you away. Only when I saw that the jade lady Pavilion leader was pretty good, I planned to help him."

Xiao Yan listen to this words, eyes slightly dim dim, said, "pity aunt is good to us, in fact, she is also a

poor person."

Wang Fan frowned slightly, just about to say something. Suddenly, his face changed.

He suddenly looked up to the outside of the house. At this moment, bang, the door was opened by a wave of violence. The wooden door was torn apart, and a dark shadow rushed towards him.

Whoosh!

The shadow flickered, powerful as a beast, and fast as a ghost. His body tore the air and made a series of whirring sounds.

Xiao Yan stupidly looked at the sudden appearance of black clothes, for a time even stay, simply can't make a response.

Wang fan is a cold smile, "finally can't help it, I've been waiting for you for a long time. I want to see who you are

Wang Fan sneers and pulls Xiao Yan behind her. The aura in her body gushes out in an instant.

The silver white aura and the golden energy suddenly gushed around the surface of his body. Then, his five fingers curled up, his right fist clenched, and he just set off a violent force and blasted out toward the shadow.

The strong fist was surging, and there was tearing sound all around. Under the influence of that force, the calligraphy and painting on the wall were tearing, and the water cup on the table was also broken in a clatter.

Almost at the same time that Wang Fan's fist blows out, the shadow has been forced to his body like lightning, and his fist almost blows out at the same time.

To the naked eye, their iron fists seemed to blow out at the same time.

The strong wind roared, and their fists collided fiercely in the air.

Bang!

A powerful energy storm, like a mountain impact, is like a ripple of water, spreading wildly around.

Click, click.

In a moment, the whole house was completely destroyed and became a piece of waste land.

Wang Fan only felt a surge of violent force, the whole person could not help but began to retreat.

He rubbed the ground with the tips of his feet, then retreated for tens of meters, and finally stabilized himself.

As for Xiao Yan, after returning to her senses, she ran directly out of the room, but even so, her clothes were torn a little, affected by the fierce force, and a touch of blood gushed out of her mouth.

The shadow also retreated dozens of meters to stabilize itself.

He was half bowed and raised his head slowly, but his whole face was covered with black robes and only showed a pair of gloomy eyes.

What kind of eyes are they? They are cruel, bloodthirsty, violent and fierce. There is a little green light in their eyes. They look like ghosts from hell.

The black cloth that covered his mouth wriggled slowly, and a hoarse voice that didn't seem to be human's cold voice came out slowly.

"You, damn it! How dare you break the taboo and touch the woman you shouldn't touch. Today, I want your soul to disappear! "

Hoarse voice slowly spread out, black shadow right robe suddenly waved, whoosh, with a wind blowing, his whole person in an instant is disappeared in place.

He has completely integrated into the wind, once again crazy to Wang Fan.

Wang Fan looked at the scene, calm on the surface, but extremely shocked in the heart. While gathering strength, he said with a sneer,

"it's a big tone, young man. I can touch whoever I want, it's none of your business? I'd like to see how you want me to disappear! "

He said, mental power is already crazy diffuse out, firmly locked the wind, or the shadow in the wind.

At the same time, the vigorous aura in his body was like a frenzy without money, and the whole person went forward instead of retreating.

The roar of the sound of continuous resounding, two people soon is the war together.

But with the war, Wang Fan was surprised to find that the shadow's body was extremely soft and flexible. In the face of his turbulent attack, he was able to escape from the past from an incredible angle every time.

He is just like a ruler with strong toughness. He can move his body at will. Once, when his body was

twisting, his heels were close to the back of his head.

Similarly, dark shadow's attack angle is extremely tricky and incredible. Maybe it's because of his incredible way of avoiding. With his attack, it's hard to defend. For many times, Wang Fan was almost injured by the other party

"the world is so vast and ethereal that it's hard to imagine. Such a strange way of attack, if the spirit is not strong enough, the reaction is not fast enough, it is really difficult to resist

Wang Fan whispered in his heart.

He could feel that the opponent's strength was the peak of Wang Jing's nine levels, not much better than Gong Xianghe, the leader of crazy sword sect, and lie Yunsheng, the leader of Yijian sect.

However, because of the strange method of the opponent, he can't win in a short time.

This is because Wang Fan has rich experience in fighting. After he came here, his speed and body method have been greatly improved.

If he had just entered here, he would not have been his opponent except to use Dahuang Mie Qiong chop or kill short gun at the beginning.

The shadow could not attack Wang Fan for a long time, which was also very angry.

He can clearly feel that Wang Fan's strength is only eight levels of Wang Jing, not so strong.

It's just the eighth floor of Wangjing. It's reasonable that he can kill at will. But now, he can't kill for a long time, which makes him frustrated.

You know, even the brains of the six forces and the existence of the nine peaks of Wang Jing can't survive 100 rounds in his hands. Now, Wang Fan has at least survived 150 rounds.

Not far from here, the jade lady Pavilion leader also stood in a void and watched the battle from a distance.

She looked at the two people who were inseparable from each other in the war. Her expression was complicated, but her eyes were puzzled. "Why is this person not like the mysterious man, but more like the servant puppet City Master of the mysterious man?"

"Wang Fan, you must succeed. If you can't even solve him, you can't be the opponent of the mysterious man."

The jade lady Pavilion master whispered, and her face became more dignified.

She stares at the battle between them not far away. She is ready to help Wang Fan at any time.

Wang Fan at this time did not have the heart to pay attention to the jade lady Pavilion master, he has been constantly with the shadow, and groping for each other's strange means.

After nearly a hundred moves, he has roughly found out the way of the other party and become very calm.

### **Chapter 2135**

This guy's attack method is very strange. If he is caught off guard, he is likely to be attacked.

If the speed is not fast enough, even the strong man at the top of Wang Jing's Ninth level, or even the general one who respects Wang Jing, will not be his opponent.

Because this man is very experienced in fighting, he has always been pressing you to fight, so he doesn't give you the chance to open the distance and show your powerful martial arts.

After several moves, Wang Fan was impatient.

In the twinkling of his body, he retreated to a kilometer away while avoiding another attack.

Wang fandun, looking at the shadow, sneered, "you must be the mysterious city master, right? I didn't expect that when the big fish didn't bite, it led out such a small fish as you. "

"Your attack technique is really strange. If you were an ordinary person, I'm afraid you would have defeated you. It's a pity that you met me."

"Just now you have enough fun to attack. Next, it's my turn to attack."

Wang Fan said, has suddenly grabbed the shadow knife, began to crazy cohesion from the seven kill Liuyun knife.

With his eyesight, we can naturally see that this person's strength is not up to Zun Jing. Since he is not up to Zun Jing, he is not the terrible mysterious person that the jade lady Pavilion Master said.

But no matter whether the other party is the mysterious person or not, since he came out, Wang Fan will not let it go.

Black shadow saw that Wang Fan had opened the distance to show his martial arts skills. The naked pupil suddenly shrank and his face suddenly changed!

He made a sudden movement and a bang. When he suddenly rushed to Wang Fan, he had already grasped a huge black ruler in his right hand.

Black ruler crazy dance, set off a huge storm, rolled up the ruler all over the sky, affecting Wang Fan roared in the past.

His reaction is very fast, attack speed is also very fast, this series of action is almost at one go, in less than a second time has been completed.

Obviously, he wanted to interrupt Wang Fan's martial arts.

Wang Fan looked at the scene, the corner of his mouth set off a sneer.

In the face of the crazy roaring sky shadow, his face has not changed, just like deep water, without waves.

In those feet shadow is about to come to the body, his right hand suddenly waved, the shadow knife in his hand mercilessly waved and split out.

"Seven kill Liuyun sword!" The low roar came from Wang Fan's mouth. This time, he directly performed the first three kills of the seven kill Liuyun sword.

The three murders are extremely powerful. Although the power is still unable to strangle Zunjing, it is more than enough to kill the man in front of him.

The Blazing Sword awn stirred up a dazzling cold light and bombarded the sky full of Chi shadow.

Boom boom!

In a series of deafening explosion sound, the ruler shadow all over the sky began to collapse in an instant.

Although chichiying's speed was extremely fast and his power was extremely fierce, he was not strong enough to resist Wang Fan's seven kill Liuyun sword.

In less than a few breaths, the shadow of the ruler all over the sky has collapsed and disappeared.

Shadow knife is the trend is not reduced, still set off a sharp killing trend, continue to blow to the people in black.

At this moment, the face of the man in black finally changed.

The black towel on his face trembled violently, and a touch of fear appeared in his eyes. At the same time, he began to retreat without hesitation.

He retreated decisively and quickly without any hesitation.

Obviously, his fighting experience is also extremely rich.

At the same time of retreating, his whole body was also crazy around the body protecting vigorous Qi. The body protecting vigorous Qi was like a piece of armor, which protected his whole body.

Almost as soon as the vigorous Qi of body protection appeared, the Blazing Sword had already struck his body.

With a bang, the sword awn surged on the body protecting vigorous Qi, which immediately began to vibrate violently.

Finally, in a loud noise, the body protecting vigorous Qi is completely torn.

The body protecting spirit was torn, and the man in black was no longer able to rely on it. In his almost desperate eyes, Dao mang hit his body hard, tearing his whole body apart.

The scarlet blood splashed, and pieces of flesh and blood were torn out. The man in black fell down completely and died on the spot.

Looking at this scene, not far away that jade lady Pavilion master and Xiao Yan, are unable to help shaking the mouth.

Especially the jade lady Pavilion owner, the heart of the shock is rich to an unimaginable level.

She saw all the previous fierce fighting.

The tricky attack of the man in black made her shudder.

She asked herself that if she was against the man in black, she would definitely die. She had no chance of winning. But Wang Fan, unexpectedly won, unexpectedly killed the other side.

The shock in the heart of the jade lady Pavilion owner has not yet completely fallen, and a scene that makes her even more shocked is happening again. I saw that the blood of the bloody man in black began to creep strangely.

In this kind of peristalsis, the blood turned into blood columns and flew up in the air.

Looking up, she found that there was one more person in the air, and the blood column was directly inhaled by this person.

The man was wearing a gray suit and a gray silk scarf on his face. He couldn't see his face clearly or even his body shape.

As if he was a ghost, he appeared quietly and absorbed the blood of the dead man in black.

Wang Fan's face suddenly changed when he noticed the man!

All of a sudden, his nerves tensed and his expression became dignified.

This person's breath is extremely strong, absolutely is the genuine respect territory strong person.

The most important thing is that he didn't notice the arrival of this person in advance. This scene really surprised him.

Wang Fan didn't speak, just staring at the man in grey. His mental power has communicated with the killing shotgun.

Later, if there is a fight, he will use Dahuang Mie Qiong chop at the first time. If Dahuang Mie Qiong chop can't help this person, he will directly use the killing shotgun.

After several suction, the man in grey finally sucked the blood of the dead man in black. At this time, the man in black had completely become a mummy, and began to gradually weathering.

After sucking the blood in each other's body, the man in grey didn't seem to have enough. He licked his lips and lowered his head slowly.

The first one he looked at was not Wang Fan, but the owner of the jade lady Pavilion.

The knife like eyes fell on the jade lady Pavilion leader, whose body couldn't help shivering.

She felt as if she had been watched by the devil, and trembled from the bottom of her heart.

"You are so brave. You dare to disobey me, but you dare to go fishing with outsiders."

"It seems that over the past few years, I have been too tolerant of you, so that you have the courage to go against your heart."

"Now that you are rebellious, it's meaningless for me to keep you. Go to hell."

The man in grey looks at the jade lady Pavilion master. The voice of Sen Leng comes out like ice. Then his right hand suddenly shakes and void grabs the jade lady Pavilion master hard.

## **Chapter 2136**

With the grizzle of the man in grey, in an instant, the jade lady Pavilion master felt as if she had been caught by a pair of invisible hands. The blood in her body began to roll wildly out of control.

The blood in her body began to impact her blood vessels crazily, as if to break through the blood vessels and fly out.

The jade lady Pavilion leader was so surprised that he began to suppress it madly, but he couldn't suppress it at all.

In less than a few breaths, some blood seeped out of her pores.

"Wang Fan, help me." The jade lady Pavilion leader was shocked and turned to Wang Fan for help.

In fact, she doesn't have to ask for help anymore, because Wang Fan has moved.

"The rat who hides his head and shows his tail dares to be so rampant in front of me. You don't take me seriously."

Wang Fan's cold voice came out, and his figure had already jumped up. At the same time, the shadow knife in his hand was waving wildly.

He didn't have the slightest reservation. In an instant, he had already carried out the great destruction.

The great wilderness destroyed the sky, and it was like the power of heaven surging out. Hundreds of long waves of swords set off an extremely powerful situation, and it was like a torrent of torrents toward the people in grey.

"Hum, I didn't expect that you were so young that you could master the martial arts of the respected level. No wonder you dare to be so arrogant."

"But do you think you can do anything with your own martial arts? You don't have to dream any more. "

"For a long time, I wanted to give you a chance to live and endure your actions, but since you are looking for death, I will help you."

The man in Grey Felt Wang Fan's fierce attack, but he didn't have any fear.

He quickly stopped the evil magic to the jade lady Pavilion master, and his right arm was waving in the direction of Wang Fan.

With the wave of his right hand, hundreds of long, dragon like energy chains emerge, and they bombard towards those sword waves crazily.

In a burst of roaring sound, just a dozen breaths, the countless waves of swords have been completely scattered.

Wang Fan looked at this scene, his face suddenly changed, and his heart could not help but be shocked.

This is the first time that someone has been able to strike down his power of destroying the sky.

The strength of the man in grey is really terrible.

"Die After scattering the countless waves, the man in grey roared again, and then he dashed forward. His right hand was fiercely patting Wang Fan.

Wang Fan was shocked, almost without hesitation. Aura and golden energy surged around the palm at the same time, showing the empty palm.

Bang bang!

The two palms collided, making a deep explosion.

A series of terrible energy storms are raging, which make everything around a mess.

Under that terrible force, Wang Fan almost had no resistance. His body suddenly flew out, and a touch of fishy salt poured into his throat. Finally, the blood burst out with a sneer.

"Three levels of Zunjing?" Wang Fan's face has changed greatly, and his heart has set off an endless shock.

This guy's strength has reached the third level of Zunjing? This is something he never thought of.

Respect the realm of three, Wang fan is not sure how much can deal with, even if it is able to deal with, it has been his limit.

Wang Fan was shocked, but he didn't find it. The body of the man in grey couldn't help shaking for a moment. The face hidden under the grey robe appeared pale.

On the surface, although he was silent, but on the inside, he also set off an endless shock.

"Demon fire, is it demon fire? How can he control the demon fire with such age and cultivation? And look at the power of the demon fire, it seems that the ranking is still very high. "

The man in grey is really shocked.

You know, demon fire, this is something that ordinary people can't control at all.

After all, demon fire is born from heaven and earth, full of extremely violent energy. If you want to control it, if you are not careful, you will lose both form and spirit.

The most important thing is that for a monk like him who practices blood skill, he was naturally restrained by demon fire.

If Wang Fan has been using demon fire to fight with him, then his strength will be less than 50%.

Just a previous blow, his breath, is already three points.

If it goes on like this, he can't kill Wang Fan in a short time, then he can only wait to die.

Wang Fan didn't notice the abnormality of the man in grey. After a few deep breaths, he took out the killing shotgun without hesitation.

Because in his subconscious mind, he can only deal with this person by using the killing shotgun.

If he can't deal with this person with a killing rifle, he will have to wait to die today.

After all, the three levels of Zunjing are not comparable to the eight levels of Wangjing. The gap between the two sides is too big. At the moment when Wang Fan grabs out the killing short gun, a very violent killing intention suddenly diffuses. In an instant, he has locked the man in grey.

The man in grey felt the violent killing intention, and his eyes suddenly solidified. He couldn't help staring at the killing short gun in Wang Fan's hand.

He never thought that Wang Fan had such a treasure.

However, although killing short guns still brought him some pressure, compared with demon fire, the pressure was much less.

"Young man, you really have a lot of cards. Even Ben Zun is envious of you."

The man in grey was smiling and his hands began to dance slowly.

Wang Fan did not speak, but bit his teeth viciously, directly urged the violent killing in the killing short gun, and suddenly stabbed the man in grey.

Spears sprang up all over the sky, and the fierce killing power surged, setting off the mighty power and rushing to the people in grey.

The man in grey waved his hands and bombarded the gun with energy. At the same time, his body began to retreat.

Boom boom!

The crazy collision of the two energies set off a storm and smoke all over the sky.

The sky changes color, the ground cracks, as if the end is coming.

Under the impact of this fury, the spear pattern and the energy chain began to collapse and dissipate at the same time, but the spear pattern had the upper hand.

After those energy chains were completely destroyed by the bombardment, there were still two gun lines left.

Although the killing power of the two gun patterns was greatly reduced, they still stabbed the man in grey at a very fast speed.

Hiss!

Two sound, the gun pattern sweeps fiercely on the person in gray clothes, raised two blood fog.

The man in grey couldn't help gushing out a few mouthfuls of blood and dyed the scarves red.

His face, which was hidden under the silk scarf, turned pale. He had already been badly hurt, but he didn't hurt his life.

Wang Fan looked at this scene, his heart can not help but sigh bitterly.

Lost, he really lost!

Kill short gun can't do anything to the other side, then he will never have a chance.

The most important thing is that at this time, he has been extremely weak, even unstable, and has completely lost his fighting ability.

He seems to have been like a lamb to be slaughtered, and can only wait to die.

## **Chapter 2137**

At this moment, the whole scene, a dead silence.

Yunu Pavilion master, Xiao Yan, Fenghuaxueyue and other yunu Pavilion disciples could not help but cover their mouths, and their minds hummed and became blank.

They didn't expect that Wang Fan's killing short gun was so terrible, but they still couldn't do anything about it. Now it seems that their ending is worrying.

The jade lady Pavilion master's heart was even more shocked, and her body was shaking.

The three levels of Zunjing, the mysterious strongman, is actually the strong existence of the three levels of Zunjing, which she did not expect at all.

She was almost sure that when the mysterious man met her, she must have hidden her strength.

"Cough ."

a faint cough came from the mouth of the mysterious Zunjing. He reached out to wipe off the blood on the corner of his mouth and stood up slowly.

In his chest, there are two bloody holes, dark blood flowing out, emitting a trace of evil.

He looked at Wang Fan with a ferocious face. Jie said with a smile, "little guy, you are really stronger than I expected. If you come here a few years earlier, I really can't help you. "

"Zun Jing's martial arts are terrible weapons. I really don't know where you got so many good things."

"But unfortunately, no matter how strong you are, no matter how many means you have, you will die today. Looking at you, I'm afraid you don't have the ability to resist any more? "

Mysterious Zunjing said slowly and walked towards Wang Fan step by step.

His pace is not fast, but it is very steady and powerful. His feet are on the ground, making a rhythmic "pedaling" sound.

Wang Fan coldly looked at the mysterious man who was forced to come slowly, grinned and said, "you're right. I really don't have any resistance."

"Come and kill me. Kill me. My noble martial arts and killing short guns will be yours."

He said, while calmly looking at the mysterious strong, calm expression, no fear. As if he had seen through life and death, he was not afraid of it.

The mysterious strong man listened to Wang Fan's words, and his steps were slight, and his brows could not help wrinkling.

Wang fan is so calm, but it's a bit beyond his expectation. Is it possible that Wang Fan still has the means to draw him close?

The mysterious strong man thought so, and his mental power scanned Wang Fan carefully for a long time, which could be regarded as completely dispelling his worries.

He didn't notice any abnormality at all. At this time, Wang Fan was really weak. There was no spirit left in his body. He could not resist any more.

He said with a sneer, "why not? mystify? Hey, hey, it's kind of interesting. Since you are in a hurry to die, I will help you right away. "

The mysterious strong man said so. He stopped more than ten meters away from Wang Fan. He slowly raised his right hand and tried to attack.

Just at this time, the jade lady Pavilion master who had been staying not far away suddenly moved.

"If you want to kill him, kill me first!" The owner of the jade lady Pavilion screamed, and suddenly, like a gust of wind, the whole person flashed to this side.

Aura swept through her body, and her body was full of cold and strong breath.

Just for a moment, the jade lady Pavilion leader has rushed to the side of the mysterious strongman. Her two slender hands begin to dance, setting off a series of violent energy, surging towards the mysterious strongman.

Although the jade lady Pavilion leader doesn't know whether she can defeat the mysterious strong man who is seriously injured, she has to fight.

First, Wang Fan did this for her jade lady Pavilion, and she could not help her.

Second, she and Wang fan are grasshoppers on the same rope. If Wang Fan dies, she will not have good fruit to eat.

"How dare you The mysterious strong man was furious when he saw that the jade lady Pavilion leader dared to attack him!

Suddenly, a fierce light appeared in his eyes, and his right hand suddenly turned to bombard the jade lady Pavilion leader.

His right hand raised a bloody wave of air, hard bombardment in the energy storm above, set off all over the sky.

Under this kind of explosion, the jade lady Pavilion leader couldn't help spouting a mouthful of blood and flew out.

However, the mysterious strong man was not so good either. He was also shocked by the strong force and retreated a few steps. The accumulated blood in his chest could not help gushing out again.

Wang Fan looked at this scene, first can't help a Leng, then it is back to God, without hesitation, grabbed a lot of pills swallowed in the mouth.

He was not willing to wait to die. He thought he would die before, so he gave up resistance.

Now the jade lady Pavilion master can stop this guy for a short time, so he must race against the clock to recover his strength.

"Cheap maidservant, I'll deal with you when I kill him!" The mysterious man was obviously afraid of Wang Fan. When he saw that Wang Fan took out the pill and began to recover, he was immediately shocked.

He directly dispelled the idea of killing the jade lady Pavilion leader first, and forced himself to endure the injury and rush towards Wang fan like lightning. The jade lady pavilion's opinion was startled. Regardless of her injuries, she frantically urged Lingqi to continue to rush at the mysterious strong man. At the same time, she said, "everyone join me and kill this beast together."

With the sound, the jade lady Pavilion leader has approached the mysterious strong man again, waving her hands, lifting her strong spirit, and rushing to the mysterious strong man.

At the same time, Xiao Yan, Fenghuaxueyue, and some female disciples also clenched their silver teeth, and then rushed to the mysterious strongman regardless of everything.

Now they are tied together with Wang Fan. It can be said that they are both prosperous and harmful. Naturally, they want to buy time for Wang Fan.

The women's crazy killing to the mysterious strong, combined with the scene here, it looks desolate and spectacular.

Although the strength of the women did not pose much threat to the mysterious strong man, it still slowed down his pace.

In particular, the crazy attack of the jade lady Pavilion leader, in the state of the mysterious strongman at this time, did not dare to completely ignore it.

The mysterious strongman is angry, completely angry!

"You are so brave, you are looking for death!" With an angry roar, he suddenly shot out like lightning.

First of all, one blow blew up the attack of the jade lady Pavilion leader, setting off an energy storm, and then the fist was imprinted on her chest.

Bang!

A deep explosion, like a circle of energy waves, spilled out. When the main entrance of the jade lady pavilion was neutral, a mouthful of blood came out, and then it flew upside down.

The deep red blood spurted from her mouth and fell from the air. It looked so desolate and beautiful.

The mysterious strong one punches back the jade lady Pavilion leader, without the slightest stay, continues to rush madly to Xiao Yan and Fenghua XueYue and others.

Bang bang bang!

It's a few more blasts. Xiao Yan and other female disciples don't have much reaction ability at all, so they have been hit by the mysterious strong one after another.

The strength gap between the two sides is too big, even if the mysterious strong has been seriously injured, these female disciples can not resist.

Fortunately, this mysterious strong man did not die, so although Xiao Yan and others were attacked, they only temporarily lost their combat effectiveness and were not in danger of life.

"You cheap maidservants, when I kill that boy, I will deal with you next. I will let you know what you regret!"

The mysterious strong man's eyes coldly swept the jade lady Pavilion leader and other women, and then flashed to Wang Fan again.

This time, no one can help Wang Fan to stop him.

### **Chapter 2138**

"No, don't kill him. I told him to do it. If there's any way, you come to me!"

The jade lady Pavilion leader saw that the mysterious strong man killed Wang Fan again. She suddenly cheered sharply.

Xiao Yan is also to follow to open mouth, "you this old miscellaneous hair, bully weak small calculate what ability?"? As a person who respects Wang Jing and is strong, don't you think it's very successful to kill a descendant of Wang Jing? "

Fenghuaxueyue four women can't help biting their teeth and opening up, "beast, we are fed up with you, you are such a devil, you will die hard."

"What are you to harm our sisters? You are not human, but scum, livestock, pig and dog

All the women in the jade lady pavilion are fed up with the oppression and bullying of this mysterious place.

In the past, they were afraid of each other and death, so they could only endure, dare not resist and dare not talk too much.

But now, they are sure to die, even the end is more terrible than death, so what are they afraid of?

They can't help it any longer, and they let out their suppressed emotions.

The mysterious man listened to the abuse of the women, but he didn't pay attention to it.

He still rushed to Wang Fan.

For him, Wang fan is a big threat. If Wang fan doesn't die, he can't sleep and eat well.

Therefore, no matter how he will punish these women at any time, he must kill Wang Fan first and never suffer.

He also didn't expect that such evil people as Wang Fan would enter here. He was just on the eighth floor of the Kingdom and almost killed him.

"Lao Za Mao, if you want to do something, you'd better kill me at one time, and don't give me any chance to live. Otherwise, once I live, it won't be long before you die. "

Wang Fan coldly looking at the mysterious strong, while the crazy refining pills absorb aura recovery, while facing each other cold said.

However, he knew that no matter how hard he tried to refine pills and recover, he was just drinking poison to quench his thirst.

In such a short period of time, he could not recover at all, let alone defeat the mysterious strong man, unless a miracle happened.

"Don't worry, I won't make that kind of mistake foolishly. I won't give you any chance to survive."

The mysterious strong man smiles coldly and grabs the emptiness of his right hand. In an instant, a stream of blood colored energy emerges and converges madly, and begins to compress and solidify.

In a short moment, the bloody energy has been condensed into a bloody spear.

The spear is bright red and bathed in blood, as if it had just been taken out of the blood. It radiates a dazzling light and chills all over the body.

"Die, it's all over." After the bloody spear was solidified, the mysterious strong man gave a gloomy smile and suddenly waved his right hand to Wang Fan.

Whoosh!

That bloody robe immediately just like a bloody streamer, pierced the air, crazy toward Wang Fan.

Where the spear passed, the air seemed to be dyed bright red, with some illusory ripples.

Wang Fan looked at the bloody spear, felt the terrible power contained in it, and could not help sighing.

He knew that he could not avoid this blow.

Because he is so weak.

Of course, even if Wang Fan knew that he could not avoid the past, he was still frantically urging the few auras in his body to dodge.

But his speed is just like a turtle climbing, it is too slow.

Whoa!

The blood colored spear soon stabbed him in the chest. While lifting a blood mist, it directly formed an energy storm and completely disappeared into his body.

In this strong, Wang Fan just like a sandbag general, was blasted up, heavily fell to the ground in the distance.

The jade lady Pavilion leader, Xiao Yan and Fenghuaxueyue are looking at this scene, but they can't bear to see it.

They all closed their eyes in despair, even in their eyes, they all shed crystal clear tears.

In mid air, Wang Fan also couldn't help but close his eyes in despair and gave up resisting the blood energy that rushed into his body.

He knew that he had no chance of turning over, and he would die.

However, when Wang Fan completely gave up his resistance and was ready to die, the accident happened suddenly.

At the moment when the blood color energy impacted into his body, the golden energy light ball in his mind suddenly moved.

At the same time, the golden energy contained in his blood began to surge madly.

Those energy groups, just like a fierce phagocytic beast, suddenly surge up, and in an instant, they have completely wrapped the bloody energy.

The bloody energy saw the golden energy coming, and for a moment, it was like seeing a cat's mouse, and began to flee in panic.

Just, where can you escape? They were soon completely wrapped in the golden energy, and could no

longer break out of the siege.

After wrapping the golden energy, it began to devour madly. Under this crazy package, Wang Fan clearly felt that the blood energy began to gradually collapse and dissipate.

However, with the collapse and dissipation of blood color energy, a very strong aura energy was condensed and refined from it.

After the rich energy was condensed, it automatically ran along Wang Fan's whole meridians, and finally merged into his Dantian.

At this moment, Wang Fan was stunned. He was really stunned.

He didn't think that the bloody energy, which he thought was enough to kill him, had become his tonic.

What's more, he didn't expect that there was such a strong aura energy in the blood energy.

Wang Fan was stunned at first, and then ecstatic. He took the initiative to control the Reiki energy refined by condensation, and went to the Dantian crazily.

Under his active control, he recovered faster.

In a short moment, the strength has recovered half, and is still recovering rapidly.

The blood color energy is produced by the mysterious strong man of the third level of Zunjing. The aura energy in it is naturally terrible.

If there is no strong aura energy, relying solely on pills, Wang Fan wants to recover completely, without half a month and twenty days, I'm afraid it's impossible. But with that Reiki energy, it's all different.

Wang Fan's breath began to rise crazily in the first floor,

the second floor,

the fifth floor,

the sixth floor,

at this moment, not to mention the mysterious Zunjing, even the jade lady Pavilion leader and others were completely stupid.

They have no idea what happened.

The mysterious strong man was even more gloomy. He never thought that the bloody spear didn't take

Wang Fan's life. It made Wang Fan's strength recover so quickly.

Feeling Wang Fan's breath more and more strong, he can no longer help but step on the ground and kill Wang Fan.

This time, he did not continue to condense the blood energy long-range attack, but directly chose the melee.

Wang Fan gave him a very uneasy feeling that he had to kill Wang Fan.

However, when he rushed to Wang Fan, Wang Fan's eyes suddenly opened and grinned, "thank you for your help. Next, it's my turn!"

### **Chapter 2139**

With the sound, Wang Fan's body suddenly flashed, whew, it was like a sharp arrow, crazy toward the mysterious man rushed in the past.

Through the previous scene, Wang Fan has realized that the golden energy in his body has innate restraint on this mysterious man.

After all, most of the skills of this mysterious man are related to blood, but Wang Fan's golden energy can devour the blood.

Wang Fan, who is aware of this scene, has already roared out the golden energy in his body and enveloped his whole body.

The bright golden light around Wang Fan, emitting a hot high temperature, Wang Fan at the moment, just like bathing in the golden flame in general.

The mysterious man felt this scene, his face changed suddenly!

Without any hesitation, he immediately began to retreat.

If his strength is at the peak, in the face of Wang Fan at the moment, it is not too afraid.

But at this time he has been seriously injured, is no longer Wang Fan's opponent.

He never thought that the position of the hunter and the prey had changed in a short time.

He did not expect that the bloody spear he released not only failed to take Wang Fan's life, but also achieved Wang Fan.

At the moment, he is really about to vomit blood.

"Run? Did you run? Three levels of respect, but that's all! " Wang Fan looked at the mysterious man who retreated suddenly like lightning and made a sarcastic sound. His body shape was like electricity and he chased away.

He has not been completely close to the mysterious man, in that terrible high temperature, the mysterious man has felt the whole body is not happy.

The blood in his body seemed to be restless.

He was injured and suppressed by demon fire. His strength was greatly reduced. Even his speed was much slower.

With the poor state of the mysterious man, Wang Fan soon rushed to his body.

His right fist wrapped in the golden energy suddenly danced, set off a strong wind force, and hit the mysterious man's chest.

Mysterious people were shocked, crazy want to condense body protection vigorous gas to resist, but where can also have time?

With a bang, the tip of Wang Fan's fist fell heavily on his chest, and the round energy spread wildly. With a click, the mysterious man's sternum broke and flew upside down.

This is not the most important thing. The most important thing is that at the moment when Wang Fan's fists touch his chest, the terrible high temperature is like the maggot of tarsal bone pouring into his body.

Under the sweeping of the terrible high temperature, he seemed to hear the hissing sound coming from his body, and his blood began to evaporate.

Compared with the panic and suffering of mysterious people, Wang fan is ecstatic.

Because he clearly felt that a strong energy suddenly came from the mysterious human body and entered his body along the tip of the fist.

In that rich energy supplement, his breath is more powerful.

Feeling this scene, Wang Fan became excited and couldn't help laughing, "shameful old thing, I didn't expect that you are really my lucky star."

"With your help, I can break through to the Ninth level of Wang's situation. It's just around the corner!"

The mysterious man listened to these words and couldn't help it any more. He was so angry that his old blood gushed out.

God damn it, Wang Fan, who is just on the eighth floor of Wang Jing, actually took his third floor of Zunjing as a tonic, which he could not bear at all.

In anger, he couldn't help fighting with Wang Fan crazily, but it didn't work at all.

The demon fire contained in the golden energy was too restrained for him. Almost every collision, the energy in his body would be removed.

In this kind of fight, he had to retreat.

But what made him angry was that Wang Fan was too fast, and he was like a maggot of tarsal bone. He was close to him, even if he wanted to go, he couldn't go at all.

Helpless, he can only be hard to support, while thinking about the countermeasures.

Because if it goes on like this, he will surely die.

Not far away, the injured jade lady Pavilion leader, Xiao Yan and others are completely stupid.

They did not expect that such a strange change would take place in the battle.

Wang Fan, who was bound to die, suddenly rose up again and steadfastly suppressed the mysterious man.

After a short period of astonishment, a strong ecstasy emerged in their hearts.

Wang Fan has the upper hand, which means that they don't have to die, let alone suffer the inhuman torture of mysterious people afterwards.

At a certain moment, the mysterious man was retreated by Wang Fan again. He felt the extracted energy in his body. Finally, he couldn't help shouting, "stop, I've given up!"

Just his this voice just falls, Wang fan is already close to his side again, taking advantage of the Kung Fu that he opens mouth, once again ruthlessly blow his several fists. After a few punches, the mysterious man was blown out and fell to the ground like a dog. He pointed to Wang Fan with trembling fingers, and his eyes were almost splitting, "Hu ·"

Wang Fan sneered, "what are you? We're not in a martial arts contest. Don't you think it's ridiculous for you to admit defeat?"

"Before, when you killed me, I had already given up resistance. Why didn't you think that I had given up my life?"

Wang Fan disdained to say, at the same time step by step toward the mysterious man, "what's more, you are already a prisoner, even dare to call yourself in front of the master, it's really a big shelf."

With that, Wang Fan's body suddenly moved, suddenly approached the mysterious man, and immediately his right fist thundered to his Dantian.

Even if this guy seems to have been completely weak, no combat effectiveness, Wang fan is afraid to have the slightest underestimate.

Only by abolishing this person's cultivation will he be completely relieved.

Of course, the reason why Wang Fan chose to abolish his cultivation instead of being a killer was also considered.

Because he also wanted to ask from the population how to get out of here.

The mysterious man saw that Wang Fan, who suddenly approached himself and sent his iron fist to his Dantian, his pupils suddenly contracted.

The pores of his body opened in an instant, and the cold sweat penetrated out uncontrollably.

"Hu..." startled, he just wanted to open his mouth to say something. Wang Fan's iron fist had fallen heavily on his Dantian.

Bang!

A heavy voice sounded, accompanied by a blood mist shot suddenly, the whole body of the mysterious man fell down in an instant.

His dark pupil, in an instant, became gray and dull.

Wang Fan didn't pay any attention to him at all. Almost at the moment when the blood column erupted, he had already controlled the golden energy wrapping in the past.

For him, these blood are all supplements.

The whole cultivation of this mysterious man is based on blood work, and his blood contains terrible energy.

If Wang fan can absorb all of them and break through the nine levels of Wang's situation, it will be just around the corner.

**Chapter 2140**

With the terrorist energy in the blood of the mysterious man absorbed by Wang Fanning, his breath is becoming more and more powerful.

In a short time, his breath has risen from the early stage of the eighth level of the kingdom to the middle stage of the eighth level of the kingdom.

Wang Fan felt this scene, his heart was a burst of ecstasy.

At this speed, when the energy is completely absorbed by him, he is likely to enter the Ninth level of Wang Jing directly.

The mysterious man took a fancy to Wang Fan, who was absorbed crazily. His face became more and more gloomy, and his eyes became extremely venomous.

He didn't expect that he spent countless years of hard work, and finally achieved Wang Fan.

You know, it takes time for him to absorb the monks into this place, and then absorb the blood of those monks to practice. But now, with the accumulation of countless years, he made wedding clothes for Wang Fan.

He's not willing, he's sad, he's angry!

Only, but helpless.

The jade lady Pavilion leader and his party were also completely stunned. Their eyes looking at Wang Fan became strange.

Wang Fan was able to refine the blood of the mysterious man. Did Wang Fan also cultivate the evil power?

Thinking of this, they could not help shivering, did not dare to continue to think.

Two hours later, the energy in the blood has been completely absorbed by Wang Fan's refining, and his strength has also reached the peak of the eighth level of the kingdom.

At this time, Wang Fan Mei couldn't help wrinkling and stopped refining.

First, there is not much energy in the blood, and refining has little effect.

Second, he has a vague feeling that this is the limit of his absorption. If he continues to absorb and improve his strength, it will have an irreparable impact on his future breakthrough.

This kind of feeling is very abrupt, but Wang Fan has to be careful.

He didn't want to affect his future cultivation because of his greed.

Wang Fan coldly looked at the mysterious man, "are you the guy who deliberately sent out the holy treasure message to attract the friars to come here?"

"Now I just want to ask two questions. First, is there any holy treasure here and where is it? Second, where is the exit and how can I get out? "

Wang Fan's voice is very cold, cold without the slightest emotion.

And at the same time of speaking, he had suddenly approached the mysterious man and grabbed the silk scarf off his face.

In the moment of seeing each other's appearance clearly, Wang Fan couldn't help but be stunned.

He is not only expected, but also unexpected.

Because this person is not someone else, it is the old beggar on the roadside that he saw when he first entered the city and inquired about the news.

When the old beggar looked at him, there was a strange light in his eyes.

"It's really you old beggar. At the beginning, I felt that something was wrong with you. Now it seems that I really feel right." Wang Fan looked at the old beggar and said playfully.

Listening to Wang Fan's words, the old beggar could not help humming and gritting his teeth, "I really regret that I didn't kill you directly."

"If I didn't feel it, when you first entered here, your strength was not as strong as it is now?"

"If I had crushed you to death, how could I have done so many things, and how could I have come to this end! I hate it

Wang Fan listen to this words, can't help sneer, "you say good, when I first entered here, the strength is not as powerful as now."

"But there is no regret medicine in the world. Now you have become my prisoner, so please answer my question honestly."

"I Pooh!" Listening to Wang Fan's words, the old beggar couldn't help spitting on the ground. "I'll recognize you if you succeed."

"But if you want what you want to know from me, don't dream. Anyway, I've been like this. I don't have the chance to turn over. It doesn't matter any more. "

"Ha ha, I've lived my whole life. What's the fear of death? I'm dead, and you'll never go out. You'll be trapped here all your life! "

The old beggar laughed wildly, and a strange light suddenly appeared in his eyes. Immediately, his whole body began to turn red.

Wang Fan was aware of the scene and his face was suddenly changed.

He originally wanted to rush past at the first time, but a sense of extreme danger came, and he soon gave up the idea.

"Get out of the way, this old thing will explode!" He madly toward not far away jade lady Pavilion master and others said a word, then suddenly toward the distance dodged away.

Boom!

Almost Wang Fan just dodged, a loud bang suddenly came, the old beggar had been completely blown to pieces.

Everything thousands of kilometers away from him had been destroyed and turned into a mess under the terrible explosion.

Ground gullies, pits emerge, crisscross, around the brick and stone, is also razed to the ground. "Damn it, this self exploding man is really decisive. I didn't expect that he had already been abandoned, and even could self exploding."

Wang Fan looked at this scene, can not help but scold a, but it is helpless.

After everything returned to peace, he rushed to the place where the old beggar exploded and began to search carefully.

He wants to find out if there is a space ring on the old beggar. He wants to see if he can find some clues to leave here.

After all, he didn't want to be trapped here all his life. In that case, he might as well kill him.

Wang Fan searched around the old beggar for half an hour, but he got nothing.

He couldn't help but be disappointed, sighed, looked at the jade lady Pavilion leader and others, and said, "ah, it's my miscalculation. I didn't expect that this old guy could even blow himself up after his cultivation was abandoned."

"With his death, it's even more difficult for us to leave here. Does any of you know where he lives or

where he is hiding? "

Listening to Wang Fan's question, Xiao Yan and others shake their heads. It's the first time that they see the old beggar. They really don't know where the other party is hiding.

The face of the jade lady's Pavilion master changed. She immediately bit her teeth and said, "I know one of his settlements, but I don't know if it's her only one."

At the moment of saying this, her expression was a little complicated.

There's shame, there's resentment, there's anger.

Obviously, something must have happened between her and the mysterious beggar.

Wang Fan didn't care about the change of the expression of the jade lady Pavilion leader. He was so happy that he said, "that's really great. Please take me quickly. Maybe we can find some clues there."

"Good." The owner of the jade lady Pavilion nodded and arranged for Xiao Yan and others to clean up the place. Then she left the place and Wang Fan followed.

They were like two long rainbows, galloping through the air. After more than an hour, they finally came to a very humble grotto.

The jade lady Pavilion leader pointed to the cave in front of him and said, "this is what I know. His residence."
