Chapter 2141

Wang Fan nodded, and his spirit swept directly to the grottoes.

However, he found that the grotto was protected by a barrier, and his spiritual power could not penetrate into it.

"Why?" Aware of this scene, Wang Fan Light Yi, body aura suddenly surge, right fist clenched, directly is toward that layer of border a punch bombardment out.

The fury of Qi was tearing, and the wind of the fist came whistling. It lashed on the barrier and made a loud noise.

All of a sudden, milky halos appeared around the grottoes and began to vibrate violently, but there was no sign of being smashed.

Wang Fan looked at this scene, eyes in the emergence of a strange, while once again with his fist hard bombardment that border at the same time, with the spirit of a careful study.

The sound of bombardment rang out continuously. His fist bombarded the border several times, and the border trembled violently.

At the same time, under this tremor, Wang Fan's spiritual power has gradually found the weakness of the border.

A sneer rose from the corner of his mouth, and a blow hit the weak spot.

This time, with a click, the border was finally completely broken and turned into a little halo.

Looking at this scene, the jade lady Pavilion owner was shocked again.

She didn't expect that Wang Fan, who has already been regarded as a demon in battle effectiveness, had such attainments in the formation border.

You know, from the previous bombardment of Wang Fan, she has realized the power of the border.

She asked herself that if she were herself, she would never be able to break the barrier without three or five days' effort. But Wang Fan, just in a few minutes, broke it.

"Let's go in." After smashing the border, Wang Fan said to the jade lady Pavilion leader, and then walked towards the earth cave.

At the same time, his spiritual power has been swept into the grottoes, but the eye-catching scenes

make him completely angry in an instant.

There is something else in this cave. It is like a labyrinth. It covers a huge area.

And there are many houses, at least dozens of them. In each house, there is a woman.

Some of the women had already been sucked all their blood and became mummies. Some of them had just died and their blood had just dried up.

What's more, although the woman is still alive, she is imprisoned like a slave. Her whole body is bound by chains and has no freedom.

The eyes of those women who are still alive, some are dim, some are full of shame and anger, but they are unable to resist.

"What a beast! I didn't expect that the old beggar was so evil and mean."

Wang Fan looked at this scene, it is angry, if not the old beggar has died, he would like to torture it.

It's worse for an old beggar to behave like a pig than a dog.

Wang Fan's mental power is aware of this scene, so is the jade lady Pavilion master.

Her pretty face turned pale in an instant, and there was a touch of sadness in her eyes. Even, she seemed to think of something, the whole body, can not help but shiver.

"Go and release the women who are still alive. I'll go and see if I can find the remains of that old thing and the clues to leave here."

Wang Fan side said, side with the spirit of careful investigation up.

The owner of the jade lady Pavilion gave a sound, and then ran quickly to the stone room where the women were still alive.

Wang Fan's search is very careful, his mental power has almost swept every corner of the place. But more than half an hour later, he was disappointed again.

He didn't find any clue.

Wang Fan's heart was full of disappointment. Just as he could not help sighing, he planned to give up looking for it. When he left here, his face was in vain and looked at one of the directions.

In that position, there is a stone chamber. In the stone chamber, there is also a woman, but the woman is dead.

Looking at her body, it was obvious that she had been dead for at least 24 hours.

Previously, when Wang Fan's mental power was skipping the woman's body, he swept a space ring on her body.

This scene made Wang Fan very incredible.

You know, the women in this room, whether dead or not, have no space ring.

Moreover, as prisoners, it is impossible for old beggars to leave their space rings. But this woman is the only exception.

Without hesitation, Wang Fan ran to the stone room.

Before entering the stone room, he carefully swept it several times with his mental strength. After confirming that there was no danger, he dodged into the stone room.

With a move of his right hand, he put away the space ring on the woman. Just in the moment of putting away the space ring, the woman's body moved strangely. It was this move, but Wang Fan's face suddenly changed.

He actually felt a very violent dangerous atmosphere emerge from the woman, the woman's body, unexpectedly is rapid expansion up.

"What a sinister old thing!" Looking at this scene, Wang Fan couldn't help but scold. Without any hesitation, he started to retreat suddenly.

At this moment, he showed his speed to an unprecedented extreme, and didn't dare to reserve any.

If it had not been for the sacrifice of the anti sky spaceship, it would have been a waste of time.

But even so, although Wang Fan's reaction is fast enough, they are still affected by the violent energy.

His body almost just rushed to the door of the stone chamber. With a bang, the woman's body had completely exploded.

Under this kind of explosion, the overflowing fury lashed at him with a sudden momentum, even when he was thrown out.

Wang Fan only felt a sharp pain coming from his back. Under the influence of the terrible waves, he could not help but gush out a mouthful of blood.

At this moment, his heart was trembling, but he did not dare to stay, still biting his teeth, frantically

urged his aura, and ran away from here.

In his heart, he scolded the old beggar for being despicable, but at the same time, he couldn't help feeling a little lucky.

Fortunately, he reacted fast enough, but the aftershock of the explosion hit him, otherwise, he would really be buried here.

What's more, this terrible explosive power is obviously prepared by the old beggar. This guy is really cautious and insidious.

The sound of the explosion continued to ring, in this terrible big explosion, the stone room here, one by one began to collapse, collapse.

In just a few dozen breaths, all the stone chambers have been destroyed, and this place has completely become a ruin.

Wang Fan stands in the air, looking at the scene, the pupil can't help but start a violent choking.

Fortunately, he found out that the stone chamber was late, and the jade lady Pavilion leader had already brought the surviving women outside. Otherwise, the consequences would be unimaginable.

He could not help scolding the old beggar again, and then slowly grabbed out the space ring.

Chapter 2142

Wang Fan's mental power swept out like a sword towards the prohibition in the space ring.

It's just that the prohibition system is too powerful. Even with Wang Fan's strength and attainments in the formation, it can't be broken for a while.

"This old thing..." Wang Fan sighed again and slowly recovered his mental strength.

Wang fan knows that he is too eager. With his attainments in the formation, how can he break the ban in his space ring so easily?

"Are you all right?" At this time, not far away from the jade lady Pavilion master has been flashing, she looked at Wang Fan's bloody back, can't help but worry.

"I'm fine." Wang Fan shook his head and then looked at the woman who was rescued by the jade lady Pavilion master.

Those women are not very old. They are about 20 or 30 years old. Each of them is very beautiful.

When they saw Wang Fan's sight sweeping, they knelt down on the ground without any hesitation.

"Little girl, thank you for your help. I'd like to be an ox and a horse for the rest of my life

Their words are from the heart, and their expressions are full of sincere gratitude.

Without Wang Fan, I'm afraid they are still like dogs, imprisoned in the stone room, suffering, waiting for the torture of old beggars.

Now, how can they not be grateful for Wang Fan's rescue?

Wang Fan looked at these women, could not help but sigh, waved his hand and said, "get up quickly, you are serious, I only save you out of my heart, not greedy for your reward."

"Now that you are free, I hope you can live a good life and forget this unpleasant experience in the future."

Those women listen to this words, is more grateful, quickly kowtow.

Wang fan saw this and waved his hand. A gentle force suddenly emerged and shrouded the women, which made them stand up.

Looking at this scene, the owner of the jade lady Pavilion could not help sighing, "they are all a group of poor people. I'm going to take them into my jade lady Pavilion. What do you think?"

Then she thought of something and asked, "by the way, do you find anything here?"

Wang Fan nodded, "there is a discovery, I found this space ring, but it has not broken the prohibition, I don't know if there is a clue."

"As for the whereabouts of these women, you are the master. I will not interfere. After all, you are the master of the jade lady Pavilion."

The jade lady Pavilion master nodded and didn't continue to say anything.

Wang Fan and his party did not stay here any longer, but returned to the jade lady Pavilion.

After tossing all night, they were a little tired. And the most important thing is that Wang Fan wants to go back and break the ban in the space ring as soon as possible.

After they returned to the jade lady Pavilion, the area affected by the fighting had been cleared up, and the old beggar's body had also been cleared up.

Although it is impossible to rebuild the house in such a short time, it is much better than before.

Xiao Yan, Fenghuaxueyue four girls, and other female students, are anxiously waiting.

They all heard the big bang before, but they didn't dare to go out.

In fact, not only do they dare not go out, even the monks in the city dare not go out to check.

Because in this city, all the people who go out at night have disappeared without exception.

Over time, no one dares to go out at night. No matter how much noise there is, no one dares to go out.

This is also the reason why there was such a big war in the city, and there was such a terrible explosion in the grottoes that no friars dared to go out to investigate.

Only a few people, such as the jade lady Pavilion leader, knew that the missing person was not inexplicably missing, but was drained of blood by the old beggar.

When Xiao Yan and her party saw Wang Fan and others coming back, they couldn't help but feel relieved and quickly welcomed them up, "aunt Lian, Wang Fan, are you ok?"

They asked with concern, and soon looked at the women who were rescued behind, "are they?"

The jade lady Pavilion leader looked at Xiao Yan and other girls, and a touch of love appeared in her eyes. She shook her head and said, "we're OK. They will be your sisters in the future. Well, let's have a rest first. We'll talk about it tomorrow

With that, the jade lady Pavilion leader arranged for all the girls to have a rest.

Xiao Yan was worried and went to Wang Fan, "elder martial brother Wang Fan, what's the matter with you? Is it serious or not? Shall I wrap it up for you?"

Since she knew that Wang Fan had a relationship with Shuimiao, she also had some inexplicable cordiality to Wang Fan. Looking at Wang Fan's bloody back at the moment, she was naturally worried.

"I'm ok. This injury is nothing to me. I can simply heal myself."

"You don't have to worry about me. Go and have a rest. When I find a way out of here, I'll take you away." Wang Fan looked at Xiao Yan and said slowly.

Xiao Yan listen to this words, although some hesitation, but finally nodded, and then with the jade lady Pavilion master left.

Wang Fan went to another empty house.

The house previously arranged for him by the jade lady Pavilion owner had been destroyed in the previous war, so he had to change his place.

Entering the house, after a simple treatment, Wang Fan began to study the prohibition in the space ring.

This space ring is the key for Wang Fan to leave here, and Wang Fan also has great hope for it.

If there is no clue to leave here in this space ring, it will be very difficult for him to leave.

Wang Fan's mental power spread out crazily and devoted himself to the mystery of prohibition.

With the research, he gradually fell into the abstruse sea of prohibition and began to study deduction.

As the night passed quickly, Wang Fan was still immersed in the mysterious sea of prohibition, and there was no sign of waking up.

Xiao Yan and other women wait at the door for a while, and quietly call a few, found no movement, can only leave helplessly.

Another day passed and Wang Fan still didn't wake up.

Xiao Yan and other people's face is already a little anxious, but finally still resist not to disturb Wang Fan.

Because they all know that it takes time to cultivate or study the Dao.

It's normal for monks to practice for a few days or even months. They are afraid to disturb Wang Fan.

Three days,

five days,

one month,

time goes by like water. In the blink of an eye, another month has passed.

Since this month, Xiao Yan and other girls have come to the door where Wang Fan lives almost every day to call softly, but Wang Fan has not moved.

On this day, Xiao Yan, the owner of the jade lady Pavilion, the fourth daughter of Fenghuaxueyue, the rescued women and others came to Wang Fan's door again.

Xiao Yan called a few times in a soft voice, but Wang Fan was still motionless. Finally, she couldn't help it.

"He won't have an accident, shall we go in and have a look? Maybe he was injured too much that day and he passed out in a coma. "

"If he gets hurt too much and falls into a coma, we don't know. Didn't we hurt him?"

Xiao Yan looked at the jade lady Pavilion Master said.

The jade lady Pavilion leader listened to this, her face changed slightly, and she could not help hesitating.

Chapter 2143

What Xiao Yan said is not unreasonable. In case Wang Fan really falls into a coma due to heavy injury, they don't disturb Wang Fan, but they do harm to Wang Fan.

"Well, let's go in and have a look, but only the two of us can go in. Don't make too much noise."

The jade lady Pavilion master hesitated repeatedly, finally nodded and said.

"Well." Xiao Yan nodded. She was planning to go in with the jade girl Pavilion leader. Suddenly, the jade girl Pavilion leader's face suddenly changed and she couldn't help looking out.

Only in that position, accompanied by a strong pressure, two figures suddenly flew to this side.

These two figures are powerful and powerful, just like two flashes of lightning, coming in from the sky. In the blink of an eye, they have already appeared in Xiao Yan's line of sight.

Looking at the other side's situation, it's obvious that those who come are not good.

"Hey, ladies of the jade lady Pavilion, I'm here to see you."

"Tut Tut, I didn't expect that you all gathered here. Did you know that we were coming to meet us?"

Two strange smiles were not friendly. Soon, these two figures stopped at a distance of about 1000 meters.

Both of them are men. Judging from their breath, their strength is at the top of Wang Jing's Ninth level.

The man on the left is slim and dressed in a purple robe. He is tall and powerful. From a distance, he looks like a gorilla.

The man on the right is thinner. He is dressed in white and looks elegant, but his eyes are always shining, which gives people a kind of feminine feeling.

These two men are the brains of the other two of the six forces in the city, Li Zhong and Quinn.

Wang Fan has killed three of the six forces in the city: the head of the wolf group, the leader of Yijian

sect, and the leader of Kuangdao sect.

So now in addition to the jade lady Pavilion leader, there are only two of them left.

While they are talking, their eyes are not well intentioned. They scan back and forth on Xiao Yan and other women, and the evil light emerges in them.

In the face of their evil vision like a knife, Xiao Yan and other girls just feel uncomfortable and can't help a burst of shame and indignation.

However, due to the strength of the other party, they were afraid to disturb Wang Fan, so they all resisted and dared not speak.

The face of the jade lady Pavilion leader also couldn't help but become ugly and extremely gloomy.

She never thought that these two guys would appear in the territory of her jade lady Pavilion, and they would still appear in this situation.

She frowned and said, "Li Zhong, Quinn, what are you doing here? I don't welcome you here. Get out of here! "

The voice of the jade lady Pavilion leader is extremely sharp and impolite.

Although she was afraid of them, she was not afraid of them.

Looking at the whole city, she was really afraid of only one person, that is, the mysterious man in grey.

"Hey, sister Chulian, don't be bad. We're all neighbors. Why? What's more, our future daughter-in-law is still living with you for the time being, but we have to walk around a lot. "

"Yes, sister Chu Lian, we have been trapped here for many years. Why should we be hostile to each other? Is it not good for us to live in peace and happiness together?"

Li zhongkui'en and Li zhongkui'en listened to the impatient voice of the jade lady Pavilion leader, and they were not angry, but shameless.

At the same time, their eyes can't help falling on Xiao Yan and other women again, as if they were making a choice.

The jade lady Pavilion leader was very angry. She didn't hesitate. She immediately grabbed a green soft sword and pointed at them. "I bah, don't cry so disgusting. I want to vomit!"

"Also, put away your disgusting sight, otherwise I don't mind digging your eyes!"

The jade lady Pavilion leader couldn't help scolding, "get out of here now. If you don't get out of here again, don't blame me for being rude. I'm not afraid of Chu Lian when others are afraid of you."

Once again, Li Zhong and Quinn could not help frowning at the bad attitude of the jade lady Pavilion leader.

Li Zhong took a gloomy look at the jade lady Pavilion leader, and his tone became cold. "Chu Lian, you are really shameless. Do you really think we are afraid of you?"

Quinn is not as well cultivated as Li Zhong. He glanced at the jade lady Pavilion leader coldly and said with a grim smile, "to a shameless bitch, since you are not smart, I will not talk with you."

"I heard that you have united with the new arrogant boy and are ready to deal with us recently? Now where is that arrogant boy? Let him get out, or don't blame us for being impolite. "

After listening to this, the jade lady Pavilion leader was stunned, and then suddenly realized.

She is finally clear, why these two people want to suddenly visit, originally is for Wang Fan. She looked at them with disdain and sneered, "I said, why did you two bastards suddenly come here for him! I think you've made it clear that he didn't show up for more than a month, mostly for healing, so you dare to come here? "

When the jade lady Pavilion leader said this, he couldn't help but bah, "hum, you are still men, and you are two of the six strong men here. I don't think you are men. What a shame!"

Li zhongkui'en could not help choking and his face became more ugly.

Obviously, the merciless words of the jade lady Pavilion master really hit their hearts.

Now that they have completely torn their skin, Li Zhong and Quinn are also completely impatient.

Almost at the same time, they took a step forward, and the strong breath diffused, directly locked the jade lady Pavilion owner firmly.

Li Zhong on the left pointed a little to the jade lady Pavilion leader, and said harshly, "Chu Lian, now that you know our intention, get out of the way and don't interfere with our work."

"If you don't hinder us, we'll still be good friends and good neighbors after the event. But if you dare to hinder us, don't blame us for tearing face with you."

Quinn also can't help but follow the mouth, "bitch, I think that guy, should be hiding in the room behind you?"

"Hum, we even set up a border in the house. Don't we think that we don't know he's in it? He hasn't

appeared for such a long time. It seems that he is really injured. "

"Get out of the way now, don't let us kill him, otherwise, don't blame us for attacking you."

"In less than half a year since he came here, he has killed the three strong men of the wild wolf group, yijianmen and kuangdaomen. If he doesn't get rid of them, it will be a future trouble!"

Two people Sen ferocious of say, already was to grasp out respective weapon.

Obviously, as long as the jade lady Pavilion master doesn't get out of the way, they will be desperate.

I can't help it. They're really scared.

Wang Fan's toughness has brought them a shadow.

They have no doubt that if they offend Wang Fan one day, Wang Fan will kill them.

Chapter 2144

The jade lady Pavilion master listened to these words, his face couldn't help changing, and asked directly, "how do you know that he is in this room? Is there a spy in my jade lady pavilion?"

Just as she said this, one of them couldn't help changing his face. There was a touch of uneasiness in his eyes.

The jade lady Pavilion master noticed the change of the man's face. First, she couldn't help being slightly stunned, and then a touch of regret appeared in her expression, "Jiang e, it's you?"

She looked very indignant, "why, why is this? I am kind to you, why do you betray me? Is there something wrong with you? "

The woman named Jiang e didn't dare to look at the eyes of the jade lady Pavilion leader at all. She lowered her head and ran quickly to Li Zhong without saying a word. Li Zhong held her in her arms.

"Ha ha? Betrayal? What is betrayal? It's called a hero who knows the current affairs! As a woman, as a normal woman, you should interfere with the freedom of others' life. Are you not mean to them

Li Zhong laughed, his eyes full of pride and disdain.

"Jiang e, why do you do this?"

"Jiang e, you betrayed my jade lady Pavilion. It's better than a pig or a dog!"

"We are so blind that we should have sisters like you?"

"Traitor, bitch!"

Xiao Yan and other girls can't help yelling and scolding one after another, with an angry look.

They are not many female disciples. They stay together every day. They can be said to have a deep expression and love with sisters.

But now, they are betrayed by their sisters. How can they accept it?

Jiang e heard the women's scolding, could not help but raised the slightly red cheek, cold voice way, "what is betrayal? I just told him where Wang Fan lived. This is also called betrayal? "

"What's more, my jade lady pavilion has never accepted male practitioners. Why should I accept Wang Fan this time? Is it not that the Lord of the cabinet has taken a fancy to him and wants to take him as his face? "

"Well, she forbids us to associate with male monks, but she keeps a little white face. I'm really enough!"

Jiang e's words, the jade lady Pavilion master almost no gas of an old blood spray out.

She didn't expect that Jiang e had betrayed her and insulted her so much.

Xiao Yan and her party are even more angry when they listen to this.

"What are you talking about, you Slut?"

"The Lord treats you like a sister. You insult her so much. You are a white eyed wolf that you are not familiar with."

"Jiang e, you are shameless!"

Those female disciples were all angry by Jiang e's words. They were all excited.

Li Zhong listens to this words, is continuously patting Jiang e, secretly praises Jiang e to say well.

At this time, Quinn, who had been silent, could not help but frown and said, "let's stop talking nonsense and do it now. If we solve that boy earlier, we can also solve a problem earlier. "

After that, his aura roared wildly in his body, and his right foot suddenly stepped on the ground. With a bang, he rushed to the ugly looking jade lady Pavilion leader.

Li Zhong also nodded slowly. Jiang E in Yi song's arms flashed to the room where Wang Fan was.

"You want to die, all sisters, come with me and stop them." Looking at this scene, the jade lady Pavilion

master's face suddenly changed.

She roared wildly and rushed to Quinn wildly.

Xiao Yan and other female disciples are not idle, crazy urge the body aura, intercept to the Li Zhong who ran to the room.

In this way, the two sides soon fought together, and the battle became hot.

At first, she was caught off guard, but soon she became calm.

Her strength is slightly higher than Quinn's, so it will not take much effort to fight Quinn alone.

But Xiao Yan and others are not good, the gap between them and Li Zhong is too big. Just a few rounds, all the girls were shot by Li Zhong and flew out.

Fortunately, Li Zhong may have pity that they were women, so he didn't lay a heavy hand on them.

The jade lady Pavilion owner, who was fighting with Quinn, looked at this scene with anxiety. Just Quinn firmly fixed on her, she wants to help Xiao Yan and others resist Li Zhong, but she can't.

"Hey, hey, your opponent is me, so don't think about going there. I said, "today, the king will die, and no one can save him."

Quinn sneered, the attack is also more cold up, but it is not completely used cards.

Wang Fan didn't show up until now. Obviously, he was seriously injured, so at this time, he just had to hold the jade lady Pavilion leader, and he didn't need to work hard at all.

Li Zhong is also rampant, soon repelled all the women in front of him, toward the house where the dinner is.

Soon, he had already run to the door of the house. Without any hesitation, he breathed his right fist aura, and went out with one punch."No!" Xiao Yan and her party looked at the scene, and their faces couldn't help changing. However, they could not stop Li Zhong at all.

With a thump, Li Zhong's fist set off a violent wind and banged against the door of the house.

Click, the wooden door, in an instant it split up, sawdust splashed.

Li Zhong looks at this scene, a ferocious smile, without the slightest hesitation straight into.

But he just rushed in, not a few meters, and a strong wind suddenly rang out, and immediately a dark figure exploded towards him.

At this moment, Li Zhong's face changed greatly, and even his hair stood up uncontrollably.

He started a crazy retreat, but where can it be in time?

The black shadow raised a strong wind and fell heavily on his chest. He only felt a violent force like a wild animal, and could not help spouting a mouthful of blood, even when he flew upside down.

At the moment of flying backward, he had clearly seen a young man with a sneer in the corner of his eye, appeared in his sight.

That young man, he is no stranger, who is not Wang Fan?

Outside, all the women looked at Li Zhong, who had been directly blasted out of the house for a short time.

First, they lost consciousness, and then there was ecstasy in their eyes.

Wang Fan even woke up at this time, which is the biggest surprise for them.

Quinn, who was fighting with the jade lady Pavilion leader, couldn't help changing her face slightly and suddenly became dignified.

Although Quinn has not seen Wang Fan, he has already felt a strong breath.

That breath doesn't belong to Li Zhong. It's obviously the new ruthless Wang Fan.

He couldn't help but withdraw and looked at the entrance of the house with a dignified face.

Under his eyes, accompanied by a slight sound of dada, soon, Wang Fan came out with a cold face.

"It's really lively. I've only been closed for a month, and then someone wants to kill me. It seems that Liwei is not enough for me here. "

Chapter 2145

Wang Fan's voice came out slowly, which made the temperature of the whole scene suddenly drop a lot.

Everyone on the scene can feel the cold killing intention of Wang Fan.

The jade lady Pavilion leader, Xiao Yan, Fenghuaxueyue and other women, looking at Wang Fan, can't help but feel relieved, and their eyes become pleasantly surprised.

Li Zhong, Quinn and Jiang e's face was not very pretty.

Especially Jiang e, her face had already turned pale, completely without blood color.

"Wang, Wang Fan, you didn't get hurt?" Quinn stares at Wang Fan, can't help but swallow his saliva and says difficultly.

Although Wang Fan has just been here for a short time, his name has spread. Facing Wang Fan, he has to be afraid.

After all, Wang Fan's ability to kill Kuangdao sect and Yijian sect leader in the case of one against two is far from what he has.

Li Zhong's face could not help changing. He rubbed the painful chest and wiped the blood on the corner of his mouth. Suddenly, he looked at Jiang e with a ferocious face.

"Cunt, you said he was seriously injured and dying. Why is he still well now? Are you going to leave the news on purpose and let me die? "

This shameless Li Zhong, unexpectedly is to spread anger on Jiang e who informs him and provides information.

"I didn't." Jiang e listens to this words, Jiao body can't help shaking, quickly shakes her head and says, her tears are about to come down.

"No? How can he be good? " Li Zhong looks at Jiang e that facial expression, is more angry, the color is fierce to fear stubble way.

Jiang e looked at the ferocious Li Zhong. Her face changed again and again. Finally, she could not help holding her head and sobbing.

Xiao Yan and other women look at this scene, without the slightest pity in their eyes.

For them, people like Jiang e are not worthy of sympathy at all. They have already given face without stabbing in the back.

"Damn, you cunt dare to cheat me. Go to hell." Li Zhong felt the pain in his chest. He couldn't bear it. Finally, he rushed to Jiang E.

Soon, he had rushed to jiang'e's side, grabbed her hair, and with the other hand, he pulled at her face.

Pop, pop, pop.

After a few crisp sounds, Jiang e's pretty good face was blurred, and even her teeth were mixed in the broken meat and spurted out.

Until then, Wang Fan cold mouth, he first looked at Quinn, "why, I didn't hurt, you are very disappointed? Don't you want to kill me? Come here as soon as possible. "

Wang Fan said, and looked at Li Zhong, "your courage is also very good. I haven't even gone to find your trouble. You found me first."

"It's really bold of you to hurt my jade girl Pavilion disciple and break the door of my house. Why, can't you, because I, Wang Fan, dare not kill you?"

Quinn Li Zhong listens to this words, the facial expression is a burst of ugliness.

In the face of Wang Fan, they no longer have the previous fierce, some, just deep fear and fear.

In Wang Fan, they feel a strong sense of danger, which makes them very uncomfortable and dare not act rashly.

After a few deep breaths, Quinn took the lead in saying, "Wang Fan, it's just a misunderstanding. We'll go back now."

"Although you are powerful, if we really try our best, even if you can kill us in the end, we are bound to pay a heavy price."

"Here is a place where aura is scarce. It's no better than outside. It's hard to recover after aura is consumed."

Up to now, Quinn can only try to sum in this way.

After all, he is not sure to kill Wang Fan who has not been injured.

Li Zhong also followed, "Wang Fan, elder martial brother Kui is right. If we fight for our lives, it's not good for anyone."

"What's more, I was bewitched by this slut, so I came to you on impulse. Now I'll leave this bitch at your disposal. "

Li Zhong said, a kick in Jiang e body, Jiang e can't help a scream, directly flew to Wang Fan.

There was despair in her eyes and sorrow in her heart.

She never thought that the man she loved would treat her like this.

If she had known that, she would never have betrayed the Lord and the sisters for the sake of this man.

Unfortunately, he can't go back.

"Ha ha, it's really interesting. When you heard that I was injured, you came to kill me. Now that I'm not injured, you ask me to leave. Where is such a good thing in the world?"

"What do you regard Wang Fan as, a soft persimmon, or a man without temper?"

"I, Wang Fan, don't you think you are the one who provokes when you say something provocative and lets you go when you say something good? Is this the place where you want to come and go? ""If Wang Fan really let you go, where is Wang Fan's face? Who wants to challenge in the future

"Now that you've come, I don't think you'll leave. Just stay here forever."

Wang Fan said, boom, the body's breath has suddenly burst, the body's aura crazy surge up.

He is not a man with a good temper. For those who dare to challenge him or even kill him, he will never be soft hearted.

At the same time, with a move of his right hand, he has thrown the flying jiang'e to the jade lady pavilion not far away.

Jiang e betrayed the jade lady Pavilion leader. It's better to leave this kind of thing to the jade lady Pavilion leader. If he killed Jiang e directly, it might cause the jade lady Pavilion leader's discomfort.

"Wang Fan, do you really want to fight with us

"Wang Fan, do you really want to tear your face thoroughly and never die?"

Quinn and Li Zhong's face couldn't help changing and said grimly.

They really don't want to fight with Wang Fan at the moment, but if the battle is inevitable, they will have to fight hard.

"Life and death? Never die? " Wang Fan sneered, "you look too high on yourself. What are you, and you are qualified to fight with me?"

Wang Fan finished saying, already no longer too lazy to talk nonsense, right foot suddenly stepped on the ground, toward the closer Li Zhong killed in the past.

Li Zhongxian had already received a blow from him. He was injured and now he is close to him. Obviously, he has to deal with it better.

"Brother Kui, help me!" Li Zhong looked at Wang Fan who rushed to him like a ghost. His face changed in an instant.

As he retreated madly, he yelled at Quinn not far away.

However, kui'en didn't pay attention to Li Zhong. When he saw Wang Fan rushing to Li Zhong, he was shocked and ran out to the jade lady Pavilion.

Obviously, he is going to take this opportunity to leave.

"Quinn, you!" Li Zhong looks at this scene, the facial expression is uglier, almost have no gas of one mouthful old blood spurt out.

Looking at Wang Fan, who is getting closer and closer to himself, he can only harden his head, frantically urge his aura, and dance his fists to fight back.

Chapter 2146

With the dancing of Li Zhong's double fists, powerful energy chains surged out and shot at Wang Fan.

With a cold smile, Wang Fan was not moved at all. His speed did not decrease, but increased. As the energy chain was approaching, his fists suddenly clenched and burst out.

Bang bang bang!

Several deafening explosions, Li Zhong sent out the energy chain is already in Wang Fan's strong boxing style under all the broken.

Destroy the withered and decadent!

Li Zhong looked at this scene, his face became ugly, and despair appeared in his eyes.

He tried his best to attack, but he couldn't resist Wang Fan. How can he fight?

In desperation, Li Zhong could not help roaring wildly, "Wang Fan, show mercy, don't kill me."

"I swear by Li Zhong, as long as you don't kill me, I'll be an ox, a horse, a dog and serve you!"

Wang Fan listens to this words, the facial expression does not have the slightest relaxation at all, disdain of say, "do you think you have the qualification to be my dog?" With your accomplishments, you are not worthy to be my dog. "

Said, Wang Fan did not have the slightest hesitation, the right hand suddenly a grasp, directly grasp the shadow knife, and then a knife ruthlessly cut to Li Zhong in the past.

He is extremely decisive, without any procrastination.

The shadow sword was wielded, and the blazing edge of the sword shot. In the blink of an eye, it had

already expanded to hundreds of feet, and frantically cleaved toward Li Zhong.

Under the fierce killing, Li Zhong became numb.

Regardless of everything, he burned the aura in his body and gathered the armor on his body.

But it didn't work at all.

The wave of the shadow sword suddenly surged on him. Under the fury of the sword, Li Zhong's armor broke in an instant.

In less than a few seconds, the armor he had gathered had been torn to pieces. The waves of the sword surged on him, and at the same time, the blood mist rose all over the sky.

"Ah

Li Zhong just had time to utter a scream, and his consciousness was completely cut off and died on the spot.

The existence of Wang Jing, one of the six strong men in this area, has fallen.

Not far away, the jade lady Pavilion leader, Xiao Yan, Fenghuaxueyue and the other female disciples were all shocked by this scene, and they were all shocked.

Even though they have already seen Wang Fan's power, they are still shocked to see this scene.

That's the strong man at the top of the Ninth level of Wang's situation. In front of Wang Fan, he was just like a local chicken and a dog, vulnerable.

"Kui, do you really think you can go? Dare to come here to kill Wang Fan. If Wang Fan really lets you go, then I don't need to practice. "

Wang Fan swept his eyes to Quinn, who was running away quickly. He said coldly, and his figure flashed, and then he caught up with him.

Although it is far from enough to let Quinn go, Wang fan is not willing to let him go.

This guy dares to come here to kill Wang Fan. If Wang Fan really let him go, he will not be Wang Fan.

At this time, Quinn had already escaped to 3000 meters away. He listened to Wang Fan's voice, and his mouth could not help but beat hard. He wanted to crack his way,

"Wang Fan, don't deceive others too much, and force me. Even if I tried to explode myself, I would make you pay a heavy price."

Quinn roared wildly, and there was madness in his eyes.

Looking at his crazy appearance, it is obvious that if Wang Fan really killed him regardless of everything, he would explode without hesitation.

Wang Fan listened to Quinn's words, but did not move his eyelids. He said with disdain, "are you deceiving people too much? "Self explosion?"

"Ha ha, it's really interesting. I, Wang Fan, have cheated you too much. How can you do that? If you are really capable, you can blow yourself up to see if you can make Wang Fan pay the price."

Wang Fan disdained to say, the speed did not reduce, continue to chase Quinn.

Quinn obviously did not expect that Wang fan should be so arrogant, even he was not afraid of self explosion.

You know, he is a strong man at the top of the Ninth level of Wang Jing. If he explodes himself, even a strong man at the first and second level of Zunjing should be afraid.

"Wang Fan, you didn't force me, you forced me! In that case, let's die together! "

Short shock, Quinn face more ferocious, he suddenly crazy roar, unexpectedly stopped the pace of escape, turned to Wang Fan rushed over.

In the rush to Wang Fan's moment, his body's breath is the beginning of a crazy surge, the whole body, is also the beginning of a rapid expansion.

Obviously, he has started to blow himself up, and he has to do everything to drag Wang Fan into the water.

Wang Fan looked at Quinn, who suddenly burst back, and felt the dangerous smell of his crazy explosion. His face could not help changing slightly, and he began to retreat without hesitation.

I saw his right leg suddenly hit the ground, accompanied by a roar. When the ground was shaking, his body shape had been shot back like an arrow. Although Quinn's self explosion is not enough to kill Wang Fan, if it is really affected, Wang Fan will not be able to bear it.

However, Wang fan is absolutely sure that with his own speed, Quinn's self explosion can not affect him at all.

Quinn looked at the rapid retreat of Wang Fan, face suddenly changed, desperate crazy accelerated to Wang Fan.

But he is helpless to find that even if he has been crazy acceleration, but compared with Wang Fan, the speed is still too far away.

The distance between them is still getting farther and farther.

Quinn heart set off a strong unwilling, he is not willing to fight his own explosion, unexpectedly can not hurt Wang Fan.

It's just that he can't control it at all.

At a certain moment, his body finally expanded to the critical point and exploded with a big bang.

With the violent explosion, a huge pit emerged, and everything around it was blown to pieces.

As for Quinn, the whole person has been completely blown to pieces, not even a bit of flesh and blood left.

Ten miles away, the jade lady Pavilion leader and his party, who had been hiding here for a long time, began to sob violently at the corner of their mouth and took out the air conditioner uncontrollably.

They did not expect that Quinn really had the courage to blow himself up, and was still so decisive. What's more, they didn't expect that Quinn's self explosion failed to hurt Wang Fan.

However, they are also a little lucky. Thanks to their quick reaction, they hid from Quinn ahead of time. Otherwise, they would be affected by the big bang.

After everything returned to calm, Wang Fan walked to the jade lady Pavilion leader and others with a cool face and said,

"I already have some ideas about how to leave here, and I roughly know the location to leave here."

"But it's in a turbulent space. It's very dangerous. If you're not careful, you'll die. Are you going to take risks with me or are you going to stay here

Chapter 2147

As early as half a month ago, Wang Fan broke the ban on the space ring. In the space ring, there is only one array plate, except for a hundred million high-quality spirit stone.

During this period, Wang Fan has been studying the array disk. Through his research, he found that the reason why mysterious people can arrange all kinds of powerful boundaries is related to the array disk.

Even the array outside that fell into the cultivation of monks here has something to do with this array disk. And through this array disk, he also roughly perceived the location of the array exit.

"Elder martial brother Wang Fan, I'm willing to take risks with you. If I accidentally die in the turbulence of space, I can only blame my life." After hearing Wang Fan's words, Xiao Yan is the first to speak.

She hasn't been here for a long time and has experienced so many hardships, so she really doesn't want to stay here any longer.

"Elder martial brother Wang Fan, I'm willing to take risks with you. I've really stayed enough in this ghost place."

"Elder martial brother Wang Fan, I'm willing to take risks with you."

After Xiao Yan's words fall, there are several women to follow and say.

These women, like Xiao Yan, have not been here long, and the most are only two years. They are really fed up with life here.

However, the jade lady Pavilion leader, Fenghuaxueyue, and some other female disciples couldn't help hesitating.

They are different from Xiao Yan and other women. They have been here for at least a few years, and they have been used to the life here.

If the mysterious people are still alive, if there is no danger to leave here, maybe they will choose to leave.

But now, the threat of the mysterious man has been removed, there is no danger to stay here, they can't help but start to hesitate.

Wang Fan did not force those female disciples, but nodded and said, "OK, those who are willing to take risks with me, let's set out tomorrow and leave here."

"As for you, I'll give you another night to think about it. If you haven't made a choice tomorrow morning, I'll leave. After I leave, whether I can leave here or not, I will never come back here again. "

Wang Fan said, did not stay here more, directly flashed to an empty God ran in the past.

The jade lady Pavilion covers a large area, has many houses and few disciples, so even if many houses are destroyed, there are still many spare houses.

The jade lady Pavilion master and others looked at Wang Fan's back and looked hesitant.

Especially the jade lady Pavilion leader, she hasn't thought about whether to take risks or not.

Decades of years here, has gradually worn away her heart that yearns for the strong, now she, more

yearning for comfort.

Wang Fan didn't hesitate to take charge of the jade lady Pavilion. After entering the house, he studied the array again.

This array is extensive and profound. If he really understands all of it, his array attainments will be promoted to several levels.

A night without words, soon to the next day.

When Wang Fan came out of the house, there were five people standing outside, and Xiao Yan was among them. As for the jade lady Pavilion owner, Fenghuaxueyue and other women, they did not appear.

Wang Fan looked at this scene, did not say anything, toward Xiao Yan and other women said, "let's go, but before I leave, I have to say, this is your choice."

"If you can't leave here in the end, but you fall into the turbulence of space, don't blame me."

"If you are really in danger, I can only try my best to save you, but I can't guarantee that I will be able to save you."

Wang Fan must make these words clear.

Because in the place full of space turbulence everywhere, even Wang fan is not 100% sure that he can save everyone, he can only save as much as possible.

"We know that, elder martial brother Wang Fan, don't worry. If it's really in danger, we won't blame you."

"You've done enough for us. If it wasn't for you, maybe we would still live in pain. Maybe one day we would be taken away and tortured by the mysterious devil, so we would only appreciate you, not blame you."

Xiao Yan five female said.

"That's good." Wang Fan nodded and said nothing more. He sacrificed the anti sky spaceship and left here quickly after taking everyone up.

The speed of the anti sky spaceship is very fast, just like a flash of lightning, and soon it has disappeared in the sky of the jade lady Pavilion.

Outside a house on the north side of the jade girl Pavilion, the owner of the jade girl Pavilion and other women could not help sighing when they looked at the spaceship that had turned into a light spot and

disappeared quickly, and their eyes became more complicated.

In the end, they chose to stay.

Wang Fan and his party were very fast, and soon came to the place where the cracks of the wind blade were dense.

He had intended to ask Ludi if he wanted to leave with him.

After all, had it not been for Lu Di's reminding, he could not have improved his body method speed here.

But Wang Fan looked for a long time, did not find Lu, but under the helpless, he can only give up looking, alone with five women left. Wang Fan slowed down and was very careful. It took him half a month to take all the women out of this area with dense cracks in the wind blade of space.

In the past half a month, they also encountered several dangers. Fortunately, Wang Fan's reaction was quick enough to control the spaceship and avoid the past in time, which saved them from embarrassment.

Half a month later, Wang Fan finally brought the girls to the area where the space turbulence is located.

Here, everywhere is full of strong space turbulence, accidentally twisted by the turbulence, it will be dead.

Strong wind howls, turbulent flow surging, the environment is extremely dangerous.

Xiao Yan and other women in the spaceship look at this scene, and their pretty faces become pale.

It's too dangerous. They're scared.

There are several times, the space turbulence close to the spacecraft, they can not help screaming, and even began to regret with Wang Fan to risk.

Fortunately, in the end, Wang Fan was quick to avoid the past, which made them feel relieved.

Wang Fan's complexion also becomes extremely dignified, the speed is even slower.

He can detect that the exit of the array leaving here is in this position.

It's just that we need to carefully look for the specific location.

Wang Fan controls the spaceship to move forward slowly, and disperses the mental power crazily. He starts to investigate carefully.

After more than three hours, his eyes suddenly brightened and he finally found the place to leave.

Wang fan controlled the spaceship and approached the position carefully. His hands began to seal and crack the array.

With his strength, he can't force or completely break this array, but if he only opens a gap to go out, it's not a big problem.

Three or four hours later, at a certain moment, with the falling of Wang Fan's hands, the area in front of him appeared a group of white light patterns.

After the appearance of the light pattern, it began to shake violently while making a buzzing sound.

Under this kind of shaking, soon, a small door that can only accommodate one person has appeared.

Chapter 2148

Looking at the small door, Xiao Yan and other girls are getting excited, almost ready to shed tears.

They can finally leave this ghost place, and they will be free soon.

However, without waiting for their happiness to fall, a roar, a meteorite like space turbulence is crazy swept over.

Looking at the black space turbulence, Xiao Yan and other women's faces turned pale in an instant, completely without blood color.

What can we do?

Hope is in front of us. If they die in this turbulent space, they will be tragedies. They will die in peace.

Wang Fan's face became ugly in an instant, and he didn't expect this sudden change.

Without any hesitation, he quickly controlled the spaceship and began to evade, but the range of evasion was very small.

In this kind of place, once the fluctuation caused by the spaceship is too big, it is also possible to throw out space turbulence, in which case, their situation will be more dangerous.

Wang Fan in the control of the adverse spacecraft to avoid at the same time, but also quickly opened the ship's own defense array.

Almost as soon as the defense array was opened, the turbulence of space flew by close to a corner of the spaceship.

Click it ·

a series of numbing sounds, the corner of the spaceship was completely stirred down, the spaceship was also unstable, and began to shake violently.

"Ah

In this violent shaking, Xiao Yan and other women can no longer help but open their mouths and start screaming.

But Wang Fan didn't pay attention to them. Instead, he bit his teeth and urged the contrarian spaceship to rush towards the open door.

He would take the opportunity to rush out, even if it was to destroy the spaceship. Otherwise, if you stay here for a long time, it will be more dangerous.

Whoosh!

The spaceship is like streamer. In the blink of an eye, it has already rushed to the small door. Without the slightest pause, it rushes in.

Under this kind of collision, the opened array door was propped up. At the same time, there was a loud click from the spaceship again.

Xiao Yan and other women's face is more pale, no blood again.

Wang fan is not the slightest reservation, crazy urged the spacecraft, crazy forward.

Under his crazy urge, the clacking only lasted for more than a second, and the spaceship had completely rushed out.

At the moment when the spaceship rushed out, there were huge cracks on both sides of the middle of the spaceship.

But Wang Fan was greatly relieved, and finally came out.

With the spaceship's rush out, the small door opened slowly began to close. Soon, it was completely closed, and there was no more gap.

"The ancient mountains, this is the ancient mountains, I finally came out."

On the spaceship, Xiao Yan, who is still in shock, looks at the familiar environment around her. First she is stunned, then she starts to roar excitedly, and tears flow down.

Without experience, I can't understand her feelings at all. In the past year, she has been too depressed and depressed.

As for the other four women, they ran down from the spaceship, knelt down on the ground and began to cry.

Out, out at last.

After two years of freedom and suffering, they finally saw the light again.

Wang Fan did not speak, just calmly looking at them, but in fact, his heart is far from the surface so calm.

In that kind of aura lack, there is no freedom, no one will be able to stand.

"It's still an ancient mountain. It's not absolutely safe. Let's get out of here." After Xiao Yan's five girls let out a little, Wang Fan said in a low voice.

As he said, the ancient mountains are not safe, but it is not dangerous for his cultivation at the moment.

Even if the black shadow monster with terrible speed came back that day, Wang Fan was not afraid and could be easily killed.

"I'm sorry, elder martial brother Wang Fan. I made you laugh."

"You mustn't laugh at us. We are so excited."

Five women listen to Wang Fan's words, quickly wipe tears, nose, very embarrassed way.

"It doesn't matter. I can understand." Wang Fan waved his hand and left here with his four daughters.

More than a week later, they walked out of the ancient mountains and reached a safe area.

In this more than a week, they have met many monsters, but those monsters, for Wang Fan at the moment, are nothing at all.

After all, Wang Fan's strength has not only broken through to the eighth floor of Wang Jing, which is far from what he had at the beginning. Even his speed has surpassed that of the beginning several times.

"What are you going to do next?" After arriving at the safe area, Wang Fan asked the four girls except Xiao Yan. As for Xiao Yan, he is sure to take back to Wangdu Shengyuan and give master Miao an explanation, so he doesn't need to ask Xiao Yan.

"I'm going back to zongmen to have a look. I've been missing for two years. Shifu must be worried about

me."

"I'm going home. My family must be worried about me."

Four female answers a way.

When they are free again, they naturally want to go back to their respective clan or family to let each other know the good news that they are still alive.

"Well, in that case, let's separate here. We'll see you later." Wang Fan embraces boxing.

"Well, thank you for taking care of elder martial brother Wang Fan all the way. I will never forget this kindness and I will repay it in the future."

"Elder martial brother Wang Fan, this is my communication pearl. If you need any information in the future, even if it is thousands of miles away, I will go to help you."

"Elder martial brother Wang Fan, I know that you are a student of Wangdu holy College of the 18th National Congress of the Chinese Communist Party. If you have a chance, I will come to see you."

"Elder martial brother Wang Fan, thank you for your kindness. Hu Yu will remember it!"

Four women are also grateful to say, but also left their own contact information.

After all, Wang Fan for them, can really be equivalent to a second grace.

"I will. I won't talk much. I'll see you later. I'll see you later." Wang Fan nodded again, then a fist, with Xiao Yan fly quickly left here.

It has been nearly a year since he left the palace. They must have been worried to death, so he wants to go back as soon as possible.

A few days later, Wang Fan finally arrived within 500 li of the palace.

Just when his mental power swept to the current situation of the holy courtyard of Wangdu, his mind was buzzing and completely blank.

"No, it's not true. It must not be true. How could it be, how could it be?"

Wang Fan couldn't help murmuring to himself, and there was a strong inconceivable and unbelievable in his eyes.

Within the scope of his spiritual power, the whole Royal Palace has completely become a ruin.

The gate collapses, the palace is destroyed, there are gullies and cracks everywhere, and huge holes are everywhere.

The whole palace of the king's capital has suffered devastating damage!

"How could it be, how could it be, Tsing Yi, Tsing Yi?"

After Wang Fan regained his mind, his eyes turned scarlet in an instant. He could not help muttering to himself madly. He directly threw away Xiao Yan and ran to the holy court like a meteor.

Chapter 2149

"Brother Wang Fan, what's the matter with you? What happened? Wait for me Looking at this scene, Xiao Yan's face suddenly changed. She cried and ran after her.

With her cultivation, her spiritual power can't see what happened in Wangdu holy courtyard, so she doesn't know what happened at all.

However, Wang Fan didn't seem to hear Xiao Yan's cry at all. With a few twinkles, he had completely shaken her off and disappeared. Rao is Xiao Yan's desperate pursuit, which is of no help.

Wang Fan soon came to the holy courtyard of Wangdu. He looked at the ruins from a distance and couldn't believe his eyes.

He couldn't believe that in less than a year, the original Grand Royal Palace would be like this.

Looking at the ruins, the anger in Wang Fan's chest could not stop rubbing and swelling. At a certain moment, he could not suppress his emotion and roared crazily, "who is it, who is it exactly!"

He is really angry!

In Wang Du Sheng Yuan, in addition to the vice president's kindness to him, Miao Shi also had kindness to him, so he still had feelings for Wang Du Sheng Yuan.

What's more, when he left, he left hanqingyi in Wangdu Shengyuan. Now that Wangdu Shengyuan is destroyed, where did hanqingyi go?

"Damn, who is shouting here? Shut up! Don't you dare to bark at me. Do you believe I cut your tongue?"

"

Just as Wang Fan was shouting, suddenly, an unhappy voice came. Accompanied by several wind breaking sounds, six figures appeared in front of Wang Fan.

Wang Fan looked at the sudden appearance of the six people, his face could not help but slightly changed.

He just focused on anger, but he didn't notice that there was someone nearby.

His mental power frantically swept out, and it was found that there were no less than 100 people in the ruins of Wangdu holy courtyard.

The hundred people in groups of 35, are constantly looking for something, even if it is the dead body, will go to kick on a few feet, over and over again to check.

Wang Fan's anger swelled when he looked at the scene!

Such behavior of these people is simply the biggest disrespect to the dead and the biggest insult to the royal palace.

Especially the mental power swept those dead bodies, Wang Fan's heart was sinking.

There are so many people dead in Wangdu holy courtyard. Is Qingyi already...

Wang Fan afraid to continue thinking about it.

"Damn, you're dumb. Where are you from? You are so darn to come here and rob us of resources. You are looking for death! "

The black faced friar who opened his mouth before saw that Wang Fan was only in a daze, but he didn't speak at all. He could not help frowning and said with a smile again.

He said, fingers suddenly a little Wang Fan, "Laozi, I count to three, give you the space ring, otherwise don't blame Laozi, I waste your cultivation."

With his voice, his five companions were also in a burst of strange laughter, and their steps moved to encircle Wang Fan.

Wang Fan finally recovered. He suppressed his anger and swept the six people coldly, "do you want the space ring on me? If I don't give it to you, will I abolish my cultivation? "

"Nonsense! Do you think I'm joking with you? " The black faced friar frowned and began to count, "one, two"

but before he could count the "three", he was interrupted by Wang Fan, "you don't have to count. I won't give you the space ring. Since you want to abolish my accomplishments, I'll abolish your accomplishments first. "

Wang Fan said that he didn't want to talk nonsense any more. As soon as his body flashed, he took the lead in killing the black faced monk.

This group of scum, even looking for cultivation resources in the dead, also want to abolish Wang Fan's cultivation, obviously is not a good bird. Even the fall of the Royal Palace may have something to do with them.

Therefore, Wang fan is not polite.

The black faced friar saw that Wang Fan suddenly rushed at him, and his face changed in an instant. He subconsciously retreated wildly and yelled at the other five people, "go up together and take him down!"

Only when his words just came to this point, the voice stopped abruptly like a cock with a broken neck.

There was a deep panic in his eyes, as if he had seen something incredible.

See Wang Fan has been like a ghost, quickly approaching his body, the corner of the mouth with a sneer, right fist has been like a storm wave, crazy to his Dantian.

The fierce wind roared, and the killing power spread wildly. Wang Fan's fist seemed to smash the void. At the same time, it was as fast as lightning.

The black faced friar had no time to escape, and the other five had no time to react. Wang Fan's iron fist had already hit the black faced Friar's Dantian.

Bang!

There was a deep explosion, and the black faced friar felt as if he had been struck by lightning. An unimaginable force of terror rushed into his elixir, and his elixir had been torn to pieces in an instant. The scarlet blood doesn't need the splash of money. The black faced friar is directly thrown out by the terrible force. People are in the middle of the sky, and they have no breath.

The other five people looked at the scene stupidly, it was full of shock.

Terror, it's terrible!

Let's not say that Wang Fan's lightning speed has exceeded their imagination. Let's say that Wang Fan's fist made them feel numb.

Cold sweat permeated from the pores of the whole body uncontrollably, and they all felt a bone chilling.

They don't have to fight at all. They already know that they are not Wang Fan's opponent at all.

Even if six of them go together, it's not enough for Wang Fan.

"Misunderstanding, misunderstanding, elder martial brother, just look for resources here, and we will withdraw from this area."

One of the friars said with a shudder after he recovered.

Until now, he thought that Wang Fan came here to look for cultivation resources. But he didn't understand that Wang Fan was already so strong, and he was still fighting for resources with them.

"Misunderstanding?" Wang Fan sneered, "tell me, what happened here, Wang Du Sheng Yuan, how could it be destroyed in a short year, and by whom?"

"You, you don't know about it?" Those five people listen to this words, the complexion is all can't help a change, in the eyes sprang up a shock.

You know, in the past half a year, the most sensational event of the 18th National Congress of the Communist Party of China was the destruction of the royal palace.

What's more, the holy court of Wangdu has been destroyed for more than half a year, and the news should have spread to all regions of the 18th empire. But why didn't Wang Fan know about it?

Wang Fan frowned and said impatiently, "answer my question quickly. If you say any more nonsense, I will kill you directly."

Chapter 2150

Five people listen to Wang Fan's words, the body can't help a tremor, the facial expression is to become pale.

The body of the little black faced friar was still there, so they were not afraid.

"Yes, it was the royal capital holy courtyard that was destroyed by the Hu RI Empire and the frontier forces."

"Not only that, after uniting with the border forces to destroy the imperial palace of Wangdu, the huri Empire also launched an attack on the other 17 empires, which is said to unify the 18 empires."

"It's all done by the huri empire. It's all done by the huri empire. The huri Empire has been planning for a long time."

"At the moment, the huri Empire has destroyed seven empires in succession and is attacking the other ten empires."

"At this rate, the other ten empires will be completely occupied in another year at most."

Five people don't dare to talk nonsense any more, hasten to rush to say.

They all look nervous and uneasy. They are afraid that Wang Fan will be upset and kill them directly.

"The Hu RI Empire united with the border forces to destroy the Imperial Palace, and still want to unify the 17th Empire?" Wang Fan was also surprised by the news.

This is really a big hand. It seems that the Hu RI Empire should have colluded with the frontier forces for a long time.

Wang Fan's eyebrows couldn't help wrinkling and asked, "what's the matter with the Long'ao Empire now? Has it been destroyed? What's more, were all the people in the holy court of the king's capital killed? What about the vice president? "

These are the issues that Wang fan is most concerned about.

Because if the vice president of Wangdu Shengyuan dies, it means that Han Qingyi has probably died.

As for the Long'ao Empire, all countries are in the Long'ao empire. If the Long'ao Empire has been destroyed, all other countries will not be spared.

You know, song Rumei is in any country. If something happens in any country, Wang fan can't imagine it.

"The Long'ao Empire has not been affected at present, but it is said that the huri empire can take the Long'ao empire in three months at most."

"We don't know whether all the people in the palace are dead. However, we do know that the vice president of Wangdu holy courtyard has escaped seriously and has not been found

One of them said quickly.

Of course, this is just what he heard. After all, in his capacity, it is impossible to know so clearly and in detail.

"The rono Empire has not been affected? The vice president fled? " Wang Fan was relieved at last.

If so, it means that Han Qingyi is probably not in danger, and so far, song Rumei is safe.

After finding out these things, Wang Fan gave five people a cold glance and said, "for your sake, I'll spare your life today."

"But the death penalty can be avoided, but the living one can't escape. How dare you look for resources from the dead? This is the biggest disrespect to the holy court of Wangdu and the dead. I will abolish your cultivation. "

Wang Fan said, regardless of the five people's ugly expression, body shape a flash, is already toward them.

Five people listen to Wang Fan's words, and then look at the sudden lightning like Wang Fan, face that big change.

They didn't expect that they had already answered Wang Fan's question honestly, but they still wanted to be abandoned.

"You, you are a member of the royal court?" One of them is in the face pale at the same time, can't help but ask.

But, his words just fall, Wang Fan's iron fist is already set off a violent wind, mercilessly hit his Dantian.

Cluster!

Blood fog shot, this person was completely abandoned.

After Wang Fan abandoned the man, he continued to pounce on the other four without the slightest pause.

The four people couldn't help retreating crazily, but their speed was too different from Wang Fan's.

In their despairing eyes, Wang Fan's iron fists shot one by one. Soon, the four fell to the ground with their faces covered with ashes.

"Go away, leave here early, and don't do such heartless things in the future."

"Don't blame me for being cruel. As a student of Wangdu Shengyuan, you can't let you go easily when you treat people of Wangdu Shengyuan like this."

"It's very kind of me not to kill you."

When Wang Fan finished speaking, he was no longer bothered to pay attention to the four people, and ran into the ruins of Wangdu holy courtyard.

In that deep position, there are many monks constantly turning over the dead, looking for cultivation resources. Of course, Wang fan can't let go of these people easily. He must be killed.

He didn't want to talk with the monks at all. After approaching like a ghost, he directly reaped their lives with the shadow knife.

Shadow knife is just like death's sickle. Every time it falls, it will take away a life, silent.

Most of the friars didn't even notice the arrival of Wang Fan. They didn't know what happened and died. Wang fan is killing those people at the same time, at the same time, he is carefully checking the nearby corpses with mental strength.

He wanted to see if there were any acquaintances among the corpses, such as Miao Shi and Han Qingyi.

Some things can't be avoided. Even if Wang fan doesn't want to see Miao Shi and Han Qingyi die, he should check them.

After more than an hour, all the monks who were looking for resources in the holy courtyard of Wangdu had been killed by Wang Fan.

At the same time, Wang Fan did not find the bodies of Han Qingyi and Shuimiao.

His heart was greatly relieved, since the body could not be found, it means that the two are likely to be alive.

"Rest in peace. Wang Fan swore again that he would destroy the Empire of Hu RI and give you a rest."

Wang Fan went back to the entrance of Wangdu Shengyuan, looked at the ruins of Wangdu Shengyuan and muttered to himself.

With that, his hands suddenly began to dance fast.

With the dancing of his hands, a chain of energy surged out, and the mountain soil within a hundred Li radius was madly pulled over in an instant, filling the ruins of the holy courtyard of the king's capital.

A few days later, the whole palace was filled with mountain soil, and the bones were buried under it.

Wang Fan's face is also slightly pale, slightly panting up.

It's a big project to pull the mountain soil within a hundred Li radius. Rao is very hard because of his strength.

"Rest in peace, everyone, and I will avenge you!" Wang Fan bowed deeply several times, whispered again, and set up a huge stone tablet in front of him.

But on the stone tablet, he did not engrave any writing.

Not far away, Xiao Yan looked at the scene, eyes are moist up.

She came here a few days ago, but when she came, Wang Fan was moving the mountain to fill the yard, so she didn't disturb her.

Seeing that Wang fan stopped, he quickly stepped forward, wiped the tears in his eyes and asked, "elder martial brother Wang Fan, what's the matter? Who did it? Where's my aunt Shuimiao? How's she doing? "

"Don't worry, she's OK. As for who did it, I don't know. I need to investigate. Well, I'm leaving. Will you leave with me or go back to your family? "

Wang Fan takes a look at Xiao Yan, but he doesn't tell her the truth, because it's useless to tell her. It only increases her worries. After all, her strength is too weak.
