

Mighty Sk 2171

Chapter 2171

Wang Fan, who is on the eighth floor of Wangjing, even spat blood out of the youth on the first floor of Zunjing with one punch. How can it feel so dreamy?

However, even if Huan Mi Wang feels dreamy again and looks at the scene in front of him, he can only admit this fact.

She felt that her world outlook was about to be overturned.

The young man finally stabilized his figure after he quit for several decades. His right fist retracted into his sleeve and began to shake.

That force was too violent, especially the terrible high temperature, which almost burned his muscles and bones.

Before the young man could catch his breath, he had found out again that Wang Fan had come over like a ghost.

Feeling the terrible speed of Wang Fan, his face changed again.

Is this man really the eighth floor of Wangjing? He must have hidden his accomplishments!

Young eyes canthus to crack, there is only such an idea in mind.

He started a crazy retreat, and took out a silver white sword, began a rapid dance.

With his rapid dance, the bright sword waves formed in the air, and soon formed a sword net.

The sword net was like a dense thunderbolt, flashing and hissing.

It's terrifying!

"Sword out of the stars, kill me!" At a certain moment, with a loud drink, he grasped the hilt of the sword with both hands, and suddenly and crazily waved and chopped Wang fan out.

With his slashing, the huge sword net immediately set off a violent wave of energy, like thunder and lightning, sweeping towards Wang Fan.

"Respected martial arts?" Huan Mi Wang felt the power, and his face turned pale in an instant.

She can feel the danger even if she is far away, let alone Wang Fan.

She didn't know if Wang Fan could stop the young man's attack, but she knew that if she was in Wang Fan's position, she would surely die.

For a time, Wang Fan's eyes were round, and he stared at Wang Fan who was still facing the youth.

She wanted to see if Wang Fan could resist the young man's attack and how he would.

Wang Fan's speed did not decrease, but he was still approaching the youth. Even if the youth showed his respected martial arts skills, he did not stop at all.

At the moment when the young man showed his excellent martial arts skills, he gave a cold smile, grabbed the shadow knife with his right hand, and then directly cut it out.

"The great wilderness will be destroyed!" With the spitting out of five words, a more violent energy storm suddenly emerged, rushing to the sword net.

Dao mang Jian net in mid air crazy Bang interweave, set off a boom boom.

Under this impact, young Nashi's sword net began to collapse at the speed visible to the naked eye. Just a few breaths, it has been completely broken into nothingness.

They are both respected martial arts skills, but they can also be strong or weak. Obviously, the young man's "sword out of the stars" is not as good as Wang Fan's "great wilderness out of the sky".

"How can it be, how can it be?" Looking at this scene, the young man's face changed again.

At this time, he has realized that he has encountered a hard stubble, and he is not Wang Fan's opponent at all.

If the war continues, he will surely die.

At this time, he could no longer care about the beauty of huanmi king, and could not care about the insult of Wang Fan to him. He spewed out a mouthful of blood essence, and then used the secret method like lightning to escape from the distance.

"Can you escape? Now that we've all started, let's stay! "

"One cut!"

However, he just escaped less than 1000 meters, Wang Fan's cold voice came out again, and then he only saw a white light flashing, he was completely unconscious.

In Huan Mi Wang's eyes, he saw only a flash of white light, and the young man's head had already gone to the sky. The red blood splashed tens of meters high, and the young man's body fell to the ground.

Looking at this scene, Huan Mi Wang's eyelids jump, it is a burst of silence.

Her heart could not help beating violently, and even her whole body began to shake uncontrollably.

This once in her eyes even mole ants are not the guy, now even in front of her killed her can't resist the character?

Huan Mi Wang began to breathe, feeling is so ridiculous, is so unreal.

After Wang Fan killed the young man, he grabbed his space ring, then returned to huanmi king and said with a smile,

"huanmi king, your danger has been relieved. We'll see you later. I hope you take care of yourself in the future."

Wang Fan finish saying, is to take Xiao Yan to leave.

But he just sacrificed the spaceship, and before he could go up, huanmi king suddenly said, "thank you. Do you want to go back to any country?"

At the same time, she was afraid to face Wang Fan's eyes.Wang Fan listens to this words, the footstep is abrupt however a meal, suddenly turn a head, looked at Huan Mi king.

His eyes, the emergence of two cold light, "how do you know? Can't you tell me what happened in Fanguo? "

Huanmi Wang felt oppressed by Wang Fan's momentum, and his face couldn't help changing, but he said difficultly,

"yesterday, a dozen strangers who passed through the sea of magic abyss stopped at the city restaurant thousands of miles away. I happened to hear what they were talking about when they were talking. "

"According to them, they seem to be from the huri Empire, and they are going to go to any country to deal with your relatives."

"What did you say? Hu RI Empire sent experts to our country Wang Fan listened to this, his face suddenly changed, his face became ferocious!

His heart, set off an unprecedented anger and killing.

Hu RI Empire even sent experts to any country, which has completely violated his rebellious scale!

"Thank you for the news. I'll go first. We'll see you later." Wang Fan anxious, no longer dare to stay,

directly with Xiao Yan boarded the spaceship, then crazy toward all countries rushed back.

"Hu RI Empire, if you dare to touch any part of our country, I, Wang Fan, will destroy your hu RI royal family and let it go!"

Wang Fan's voice is hoarse and his intention to kill is overwhelming!

Huan Mi Wang looked at the instant disappeared in the mid air of the spacecraft, also can't help but sigh bitterly.

It's really the turn of Fengshui. No one can say anything about the world.

In any case, she did not expect that the characters like ants in front of her had grown up enough to make her look up to them in just a few years.

Yesterday, she only overheard the conversation between the friars of the Hu RI empire by chance. She didn't pay much attention to it. After all, it's none of her business.

Only when she met Wang Fan today did she think that the other party was trying to deal with Wang Fan, so she told Wang Fan.

Wang Fan galloped all the way, and did not dare to be slighted at all. He had pushed the speed of the spaceship to the extreme.

In this crazy way, two days later, he finally returned to the territory of the country.

Wang Fan still dare not have the slightest stay, crazy urged the spaceship, rushed to the capital of all countries.

"Sister Mei, elder martial sister moyaoyu, you must not have an accident!" While Wang Fan was frantically on his way, he couldn't help praying in his heart.

Chapter 2172

At the moment when Wang Fan was rushing to the imperial city of the Kingdom, there were 15 monks in the imperial city of the kingdom.

Although the fifteen monks' breath was very sharp, their strength was only from the second level to the third level.

So even if they were walking in the Imperial City, they were not so conspicuous.

"Brother ye, shall we stay here for a day to find out the terrain of the Imperial Palace, or shall we fight directly into the imperial city?"

As a group of 15 people walked, one of the friars asked the middle-aged friar.

The middle-aged friar, named Ye Liang, was the only one who was strong in Zunjing.

As for the other 14 monks, their strength is in the Ninth level of Wang Jing.

After all, no matter how powerful the Hu RI empire is, it is still only one of the 18 empires, and there are not many who respect the territory. What's more, a few years ago, Wang Fan killed three of the powerful people in the Hu RI empire.

Ye Liang, who led the team this time, broke through to Zunjing in the past two years. Otherwise, it would be impossible for the Hu Japanese Empire to send Zunjing.

In the eyes of the monarchs of the huri Empire, dealing with just one country is a secret process. It is enough to send more than ten kings to nine levels. If not for the sake of more insurance, he would not let Ye Liang come.

Ye Liang listened to the Friar's question, with a faint smile, and asked the others, "what do you think? Do we go to the palace directly, or do we do it secretly after finding out the terrain?"

"I feel that we'd better go in directly. According to the news from our people, Wang fan is still in Longao, and has not returned to any country at all, so we don't have to worry about it."

"That's right. Without Wang Fan, the friars of any country are nothing but local chickens and dogs to us, which is not worth mentioning at all. We go straight in, and no one can stop us. "

"The most important person of Wang Fan in any country is not song Rumei. After we go in and catch her, we will leave immediately. There is absolutely no possibility of anything happening."

"That's right. I think we'd better act as soon as possible. If Wang Fan comes back and we don't control song Rumei, we'll be in trouble. "

More than a dozen monks listened to Ye Liang's inquiry and began to talk about their opinions one after another.

Most of them advocate immediate action rather than delay.

These people are all monks in the Ninth level of Wang Jing. They don't pay attention to the small country at all.

Let alone an ordinary country, even if it was the vassal state of the Empire of Long'ao, they did not pay attention to it.

If the extraordinary country out of a demon Wang Fan, with the strength of these people's lineup, are

enough to sweep and destroy the whole country.

Ye Liang listened to the monks' words and said with a cool smile, "OK, then listen to you. Let's do it immediately!"

"But before starting, it's necessary to check where Song Rumei is and whether she is in the palace."

"Otherwise, if she happens not to be in the palace and goes into hiding after getting the news, we will fall short."

Listening to this, one of the friars, who was thin and unimportant, immediately patted his chest and said, "brother ye, let me do this. In an hour, I promise to take care of these things. "

"Well." Ye Liang nodded, "go, remember to hide, be careful."

"Yes." The little friar answered, then quickly left the line of Ye Liang and his party, and ran towards the palace.

Ye Liang and his party entered a nearby restaurant and began to wait for the news.

In the Grand Palace of Fanguo, Song Rumei, Mo Yaoyu and more than ten senior officials of Fanguo are discussing business.

Fanguo, as a subsidiary of the Long'ao Empire, had such a big thing happened in the Long'ao empire a few days ago. Naturally, they got the news at the first time.

Especially after they learned that Wang Fan showed great power, killed countless Hu Ri troops, and almost turned the war situation around by himself, they were even more uneasy.

With the strength of the Huri Empire, it's easy to find out the relationship between Wang Fan and other countries.

They were all afraid that the Hu Ri Empire would send people to sneak into other countries.

"Sister Mei, didn't Wang Fan contact you? Where is he now, when will he return to Fanguo, and will he come back? "

At a certain moment, Song Rumei sighed, can't help looking at Song Rumei asked.

Because Wang Fan called Song Rumei as Mei Jie, she also used to call her like this.

"He didn't contact me, and I don't know where he is or whether he will come back." Song Rumei sighed bitterly and said.

Her heart was also very angry.

Wang Fan went back to Longao, but didn't go back to any country to have a look, which made her feel bad.

She is lonely in the whole Yuanmen, only Wang fan is such a close person.

If Wang fan is far away from any country, that's OK. After all, Wang Fan has his own things to do. But when Wang Fan arrived at Longao, he didn't go back to any other country. He didn't even give her a message. How could she not be angry and uncomfortable?

"Well, I don't know why. Recently, I always feel uneasy. It seems that something big is going to happen. Recently, we'd better strengthen prevention and be more vigilant. "

Magic remote rain is also a faint sigh, said.

When they were talking, they didn't know that a thin figure had already sneaked into the palace and enchanted a bodyguard leader with magic.

From the mouth of the guard's hand, the small figure already knew that song Rumei was in the palace at this time, and also knew song Rumei's exact residence.

"Then song Rumei is in the palace. It's easy to do. But, should I go to take song Rumei now, or go back to inform elder martial brother ye first? "

In a corner, the thin man narrowed his eyes and murmured, hesitating.

After a moment, he sighed, "I'd better go back and tell brother ye first, otherwise if I screw up and get run away by song Rumei, I will die."

The thin man whispered and left the palace.

He is very fast, like a ghost, and the breath is also very hidden. In addition, his accomplishments are much higher than those patrolling bodyguards, so no bodyguard is aware of any abnormality.

After leaving the palace, the thin man soon came to the restaurant where ye Liang and his party were.

"Brother ye, find out the position of song Rumei. He is in the palace." After seeing ye Liang, the thin man said directly without any nonsense.

"Good!" Ye Liang listen to this words, eyes in the emergence of a touch of light, suddenly stood up.

With a big wave of his hand, he said, "let's spread out and act. Remember, don't disturb the palace guards

"Yes, brother Ye!" Fourteen people listen to Ye Liang's order, one after another should be, then one after another scattered to leave the restaurant, ran to the palace.

Chapter 2173

A hundred miles away from the palace of the kingdom of fan, Wang Fan's face suddenly changed and suddenly looked up to the palace of the kingdom of fan.

In his dark eyes, two extremely cold awns suddenly appeared.

"You are looking for death!" A low roar from Wang Fan's mouth, he suddenly more crazy urged the spaceship, toward the imperial city of all countries rushed in the past.

His mental power has been clearly aware that a monk of Zunjing, 14 monks of the ninth floor of Wangjing, is rushing to the imperial palace.

With such a strong lineup, Wang fan doesn't have to think about it at all. He also knows that he must be an expert sent by Hu RI empire.

At this time, Wang fan is just like a fierce devil, full of fierce flame!

He was extremely cold to kill, so that the side of Xiao Yan, are unable to help feeling the shock.

Within the Imperial City, ye Liang's 15 people were all very fast and rushed to the imperial palace.

As if they were a gust of wind, they floated by. At the beginning of the Kingdom, the guards who didn't even go to the Kingdom didn't notice anything unusual.

Inside the hall, the atmosphere is still dignified.

Song Rumei, moyaoyu and other high-level officials were all immersed in the boredom, and the scene was silent.

"Sister Mei, someone has entered the palace. You should leave the hall and find a place to hide. I'll be there in half an hour at most."

When the atmosphere fell into depression, song Rumei's face suddenly changed. She heard Wang Fan's voice.

Song Rumei can't help looking up at a group of people, such as moyaoyu. They all look up in shock. Obviously, they also hear Wang Fan's voice.

"Wang Fan, it's Wang Fan. He said that someone broke into the palace. It seems that he wanted to do us a disservice. He told us to hide quickly. He will arrive in half an hour." Song Rumei said.

"Well, I heard it, too. Listening to elder martial brother Wang Fan's tone, it seems that he is a little anxious. We should leave here and strengthen the guard."

Magic remote rain quickly should be a, and then quickly stood up, with all the people ran out of the hall at the same time, grab out the communication bead to pass the message out.

"Well, it's interesting that we have been found. But do you think you can escape? "

However, they just ran out of the hall, and a voice of surprise and sneer came into their ears.

Then they felt the strong breath of more than ten shares, and they were crazy to approach here.

Although Ye Liang and others haven't arrived at the main hall yet, their spiritual strength has locked song Rumei and others.

Now Song Rumei and others want to go. Naturally, they are aware of it at the first time.

With that startled voice, soon, fifteen figures have appeared in front of song Rumei and others.

Ye Liang, the leader, glanced at Song Rumei and Mo yaoyu, and sneered, "we don't want to do it. You'd better follow us, otherwise, don't blame us for not being compassionate."

Song Rumei and others looked at the sudden appearance of Ye Liang and other 15 people, and then listened to Ye Liang's words, their faces were all ugly.

Especially in each other's strong breath, their faces are becoming pale up, only feel an invisible force bound the body.

"What to do, what to do?" For a time, song Rumei and others were all flustered.

"Sister Mei, elder martial sister moyaoyu, don't panic. Try to delay. I'll be there soon." When they were frightened, Wang Fan's voice came into their ears again.

Hearing Wang Fan's voice again, the mood of moyaoyu and others was relieved. Mo yaoyu, the first to calm down, said, "who are you and what do you want to do? And why are you taking us? "

In fact, at the moment of asking this, moyaoyu had already guessed that the other party must have been sent by the huri empire. Just, in order to delay time, she can only pretend not to know.

"It doesn't matter who we are, it's important for you to be obedient. Otherwise, your lives are likely to be lost. " Ye Liang said coldly.

At this time, a large number of magic remote rain command of all countries master, has been crazy to

come.

Just because their strength is too weak, they are not paid attention to by Ye Liang and others at all, so ye Liang and others simply ignore it.

It's just a group of ants at the beginning of the kingdom. They can kill them at will, and they don't need to care.

"I can go with you or promise you anything, but you have to tell me who you are, don't you?"

"And what do you want to do? If I follow you, won't you kill me?"

The evil remote rain pretended to have a very spineless fear appearance, the facial expression pale ask a way.

She can't think of any way to delay time, so she can only do so. As for using the experts of other countries to intercept these monks, it is only a last resort. After all, Mo yaoyu knows that these friars are not the opponents of Ye Liang and his party at all, and they just rush up to die. So she didn't want them to die until she had to.

"There's a lot of nonsense. It seems that you don't want to be obedient. In that case, don't blame us for being impolite."

Ye Liang's face has become cold down, he lost the original patience.

As for the 14 friars behind him, his face became cold in an instant, his breath swelled, and he was ready to move at any time.

Seeing the situation of the other side, the whole heart of moyaoyu could not help sinking, and his face became ugly.

She knows that she can't delay any longer. It seems that she can only do it.

However, just when ye Liang and Mo yaoyu are going to give orders, song Rumei suddenly stands up.

"If I guess right, you must be monks of the huri Empire, right? Your purpose here is to control us and then threaten Wang Fan. "

"I'm song Rumei, the Taoist companion of Wang Fan. If you want to threaten him, you don't need to arrest so many people, let alone kill. You just need to control me. "

"I promise you, I'll go with you, but you can't move them, let alone any soldiers in any country."

"Otherwise, I will kill myself directly. At that time, even if you take more people, it will be meaningless to

Wang Fan."

"What do you think?"

Song Rumei has a clear mind and says calmly.

"Well? Are you threatening us? " When ye Liang and others heard song Rumei's words, their faces suddenly changed.

They didn't expect that song Rumei would make such a change and threaten them.

"If you think so, it is necessary."

Song Rumei simply nodded, then suddenly took out a dagger, suddenly pointed to his throat, "don't move, no one will move, otherwise, I will die immediately!"

Ye Liang looked at Song Rumei's performance, the forward step suddenly stopped at less than one meter away from Wang Fan.

His expression is very shocked, obviously did not expect, song Rumei even aware of his action, still so quickly made a response.

Chapter 2174

"Song Rumei, do you really think you can threaten me? Or, I'm afraid you'll commit suicide? " Ye Liang stares at Song Rumei, and his face is very gloomy.

It's a shame for a mole ant who can't reach the kingdom of king to dare to threaten his kingdom.

"You can try. If I die, you will all die, and you will make Wang Fan crazy. With his strength, if you go crazy, you will have a headache, right

Song Rumei's face is unchanged, coldly said.

Ye Liang listens to this words, the facial expression is more gloomy, the heart is also more angry.

He clenched his fists and stared at Song Rumei like a knife. It seemed that he wanted to see the fear from his opponent's expression. But soon, he was disappointed.

There was no fear in Song Rumei's expression.

In desperation, ye Liang can only retreat, "well, I promise you, I will not move anyone in any country, and I will only take you away. Now, can you take the knife down? "

Ye Liang is a little annoyed at his miscalculation. He should have restrained song Rumei with his power

earlier.

If he had bound song Rumei earlier, even if she wanted to commit suicide, he would have time to respond, but now she couldn't.

Even if he oppressed song Rumei and bound song Rumei, song Rumei might stab the dagger into her throat under the crazy burning of essence and blood.

"Sorry, I can't put down the knife now." Song Rumei said calmly.

"Are you playing with me?" Ye Liang eyes a stare, immediately blow up!

The uncontrollable outburst of anger in his chest made everyone around him feel palpitations.

"I'm a weak woman. How dare I play with you? You leave the palace now. I'll follow you. As long as you leave the imperial city for thousands of miles, I will take the initiative to let you control it. "

"You are all strong monks. You are not afraid of my tricks, are you? If you find that I'm not with you, maybe I'll have an accident in the middle, you can kill me regardless of everything. "

Song Rumei said slowly.

Ye Liang listened to these words and fell into silence.

It was the first time that he met such a ridiculous thing at such an old age.

The person he wanted to capture actually threatened him with suicide, and he had to compromise, which is ridiculous.

After a moment, ye Liang bit his teeth and nodded, "OK, I promise you."

He said with a big wave, "let's go!"

Then he flew out of the palace.

The other 14 people were stunned for a while, and then followed them.

Ye Liang is really angry, but he has no choice but to compromise.

If song Rumei's death causes Wang Fan's madness, the consequences will be too serious.

At that time, even if Wang Fan didn't kill him, I'm afraid the huri Empire would not let him go.

"You all stay in the palace. Don't go out. I'll go with them." Song Rumei is relieved to see ye Liang and

others leave.

She turned her head and said to the enchanted Yao Yu and others, and then quickly followed up.

Naturally, Wang Fan gave her this method, otherwise she could not be so calm.

Song Rumei followed Ye Liang and his party, and soon left the palace and the imperial city.

There are several times during the period, ye Liang wants to go back and control song Rumei, but song Rumei is too alert, he has no chance at all.

But under, he can only according to song Rumei's request, continue to fly forward.

Ye Liang and his party left the imperial city for about 50 Li. At a certain moment, his face suddenly changed.

He suddenly turned back and looked fiercely at Song Rumei not far away, "how did you stop? What, do you want to go back? "

When ye Liang was talking, he clenched his fists and was furious.

It's ridiculous that he was threatened by song Rumei. If song Rumei repents in the middle of the way, it's just like playing tricks on him. Then he's really disgraced and lost in his crotch.

"You're right. She really wants to go back. What, do you have any opinions?" Without waiting for song Rumei to speak, a cold voice came.

"Who is it?" Ye Liang and his party listened to the sudden voice, their faces suddenly changed, and they looked at the direction of the voice.

Whoosh!

Almost at the moment when they looked at the location, a figure flickered quickly. In a twinkling, it was in front of song Rumei.

The figure slowly solidified, a handsome young man slowly emerged in front of Ye Liang and his party.

"I'm wang fan." At the same time, the four light words also spread to Ye Liang and his party.

"Wang Fan?"

"Wang Fan!"

Listen to this elder brother four, ye Liang and others, the facial expression changes greatly in an

instant!"Why are you here?"

"Aren't you in the Huro Empire? How can you be here so soon?"

They could not help but step back a few steps, set off a storm in their hearts.

The name of man, the shadow of tree, and the evil name of Wang fan are too much. They are afraid in their hearts.

Facing the legendary Wang Fan at the moment, they were naturally afraid.

"Why, can't I be here? You all come here to deal with my Wang Fan's relatives. Why can't I Wang Fan be here? "

Wang Fan comforted Song Rumei and said with a sneer.

He pointed to Ye Liang and his party, "a strong man of respect, 14 strong men of Wang Jing, it's really a strong lineup."

"Just your line-up alone must be enough to destroy our whole country, right? It seems that the Huro Empire is determined to fight against Wang Fan. "

Ye Liang listened to Wang Fan's words, his face changed, and he said, "Wang Fan, it's not that the Huro Empire is determined to fight against you, but that you are determined to fight against the Huro Empire."

"As the king of war of our empire, or the king of war conferred by your majesty himself, you have killed thousands of troops in our empire. You betrayed our empire!"

Wang Fan listened to this, can't help sneering, "I betrayed the Huro Empire? It's ridiculous. I'm not from the Huro Empire. How can I betray you? "

"We all know what is right and what is wrong. I don't want to say more. Next, let's work out the present account first. "

Wang Fan said, suddenly step forward!

In a flash, a great momentum suddenly surged out of him and directly oppressed Ye Liang and his party.

"Wang Fan appears, things have failed, let's run away quickly!"

One of the friars felt the powerful momentum of Wang Fan. The corners of his mouth shook violently, and then he suddenly roared. Without hesitation, he turned around and ran away.

With his escape, several other people soon recovered, and they were about to follow him when they

used the secret method. But at this moment, his face suddenly changed.

I saw that the first monk just escaped less than 1000 meters. A flash of lightning flashed across his head, and his head was already flying. Between the blood spraying, the whole man fell to the ground.

Chapter 2175

Looking at this scene, the scene bursts of silence!

The friars who wanted to run away with them could not help faltering. They quickly stopped and did not dare to move any more.

Ye Liang looked at the dead companion who fell on the ground and couldn't die any more. His pupils couldn't help choking and his heart was cold.

Even he didn't notice Wang Fan's move. Is it too terrible for Wang Fan?

"Well, I won't say more nonsense. Let's go together to save time. By the way, I advise you not to think of running away, because you can't get there. "

After Wang Fan killed the friar, he blew at the shadow knife and said plainly.

It seems that he didn't take the killing of the monk seriously.

Ye Liang and his party listened to Wang Fan's words, and their faces became ugly again.

Wang Fan did not pay attention to them. And since Wang Fan dares to say so, he obviously has absolute confidence to kill them.

"Damn, since I can't leave, I'll fight with him!"

"Yes, I did! I don't believe it. We can't kill Wang Fan if we respect him, or if we have 13 kings, we can't kill him! "

"Isn't he the friar on the eighth floor of the kingdom? What's so terrible? I think the rumors are exaggerated!"

In the short silence, a few of them could not help shouting ferociously, and the determination to fight to death emerged in their eyes.

Since we can't go, we have to fight!

No matter how powerful Wang fan is, they must fight hard!

Fight hard, perhaps there is life, but if you give up resistance, only a dead end!

Ye Liang also nodded slowly, then looked at Wang Fan, "since this is the case, then we are sorry!"

"Together!" He said, right hand suddenly a wave, then is the first toward Wang Fan explosion rushed past.

At the moment of rushing past, the breath of the powerful man on his body spread out crazily. In his hand, he took out a huge sword. Under the shaking of the sword, he set off a sharp sword and killed Wang Fan.

At the same time, bang bang bang bang, accompanied by a series of deafening explosions, the other 13 people, also desperate to kill Wang Fan.

Their eyes are the emergence of a bloodthirsty expression of cruelty, a desperate situation.

Song Rumei looked at the fierce fourteen people. Her heart could not help shaking, and her body could not help shaking.

These people are really terrible, not only the momentum is terrible, but also the expression is terrible.

"Sister Mei, you don't have to worry. I haven't seen a group of clowns yet."

Wang Fan patted song Rumei a few times and comforted him. Then he suddenly took him to his feet and went up to meet Ye Liang's 14 people.

At the moment when ye Liang is approaching, the ghost of Wang Fan's body dodges his attack, and then kills the monk of the ninth floor of Wang Jing behind him.

Killing Ye Liang on the first floor of Zunjing is definitely impossible, so Wang Fan plans to avoid Ye Liang and kill others first.

In a flash, Wang Fan ran to the two monks. He grinned at them and chopped them with his right hand.

How fast is Wang Fan? How can the two monks of the ninth floor of Wang Jing react?

In their frightened eyes, accompanied by two bangs, they have been hit head-on.

Click, click!

Then, in a harsh sound of bone fracture, they flew out with blood in their mouths like a shooting star. After falling to the ground, they were dying.

Wang Fan splits over two people, body shape suddenly a turn, right leg like whip, ruthlessly sweep out!

Whoosh!

Sharp wind blowing, his right leg in an instant swept the body side of a person's chest.

The violent energy burst out at this moment, and the man screamed and flew out straight.

People in the air, he has been completely tragic death, completely no breath!

Wang Fangang just killed this man. At his side and rear, three friars had already forced him in front of him.

Three people in the eyes emerge a touch of Sen ran, and then grimly smile, waving a long knife in the hand, ruthlessly toward Wang Fan crazy cut down.

The bright broadsword shot, set off a frenzied killing power, and cut off Wang Fan. It was extremely dangerous.

"Oh, be careful." Song Rumei, who is beside Wang Fan, can't help but scream and sweat.

Wang Fan's face is no change, his body is only slightly a layer, three people's attack is already all fell in the empty place.

Then, Wang Fan grabs the shadow knife with his right hand. Suddenly, with a wave, the three heads have been lifted up.

In a short time, six monks in the ninth floor of Wang's situation had been cut off, and the other seven, including Ye Liang, had completely changed their faces. In particular, the other six monks in the ninth floor of Wang's situation were all in a cold sweat.

In front of Wang Fan, the ninth floor of Wang Jing is just a second's share, not even mole ants. How can they fight?

Ye Liang's face is also a burst of ugly, Wang Fan's powerful, is also beyond his expectations.

He didn't expect that Wang Fan's killing of Wang Jing's nine layer friars was like cutting melons and vegetables, and Wang Fan's nine layer friars were so vulnerable in front of him.

Wang Fan's strong and rebellious performance, at least he can't do it.

Compared with the shock of Ye Liang and his party, Wang fan is much calmer.

In his eyes, these people are too weak.

Although their strength has reached the Ninth level of Wang Jing, they are far from the six powerful

minds Wang Fan met in the relics of Shengbao.

No matter the head of the wild wolf regiment or the head of the sword sect, they can easily kill these nine level monks.

Wang Fan didn't stop at all. After killing six people, he killed the other six people except ye Liang.

"We surrender!"

"We give up!"

"We are willing to pledge our allegiance to the death, to be slaves and work for you forever!"

The six friars saw that Wang Fan was coming, their faces changed suddenly, and they roared with tears in their hearts.

They are afraid, they are desperate, they have lost the courage to resist.

Wang Fan listened to the six people's words and suddenly stood up.

He looked at Ye Liang, "do you want to surrender and admit defeat, be my dog and serve me, or choose to die?"

When ye Liang heard that Wang Fan was so straightforward, his face turned blue and red immediately. That anger!

But he did not dare to attack at all. After a while, he bit his teeth and said, "I am willing to be loyal to you!"

There is no way. Wang fan is too powerful. Even if he continues to fight, he will die.

He didn't want to die, so he had to surrender.

Wang Fan looked at the dead face of Ye Liang, the corner of his mouth raised a sneer, suddenly said, "in this case, then you all kneel down!"

His voice has no emotion, while speaking, he has emerged a murderer.

Obviously, if anyone dares not to kneel, he will do it directly!

Chapter 2176

On your knees?

Ye Liang listened to Wang Fan's words, his face immediately became ugly.

He didn't expect that Wang Fan wanted them to be loyal. He even wanted them to kneel down!

Ye Liang is a strong man. How can he kneel down for others?

Plop, plop!

Just as ye Liang's face turned red, some of them could not bear the insult of Wang Fan. At the same time, the other six Wang Jing, who were lucky not to die, all flopped down on their knees one after another.

The kneeling of those six people was like a basin of cold water pouring on Ye Liang's head, which made his anger extinguish in an instant.

Wang Fan coldly looking at Ye Liang, "I count to three, if you have not knelt down, then you don't have to kneel down."

Wang Fan said, the right hand suddenly a shadow knife, did not give ye Liang the opportunity to reply, directly began to count.

Ye Liang feels the cold killing intention on Wang Fan. When he hears that Wang Fan has begun to count, his mind suddenly trembles, and he doesn't dare to support it any more.

Wang Fan just counted to two, he suddenly clenched his teeth and knelt down on the ground.

Under the pressure of Wang Fan's powerful strength, he finally chose to bow down and kneel down.

There's no way. He doesn't want to die.

No matter how humiliating he was, he could only endure it.

"Good, good." Wang Fan looked at this scene, nodded with satisfaction, then grabbed seven poison pills and threw them to Ye Liang's seven people, "eat it, eat it, I will believe you."

This time, ye Liang seven people just slightly hesitated, then swallowed the poison pill.

They know that this is Wang Fan's way of controlling them.

On the contrary, if Wang Fan did not use similar means, they would not be at ease.

After seeing the seven people swallow the poison pill, Wang Fan said again, "from today on, you are the people of our country. You are responsible for protecting our country. If there is any accident in any country, I will ask you. Do you understand? "

Wang Fan's voice turned cold in vain and said to the seven people.

There are not many decent experts in the kingdom of fan. Wang fancai wants to leave Ye Liang's seven people behind to protect the kingdom of fan.

Otherwise, with Wang Fan's temperament, he would have killed them long ago. How could he have wasted so much time?

"We know." Ye Liang seven people quickly nod, they naturally know, Wang Fan left them, must have a purpose.

"Very well, you can rest assured that as long as you can protect our country for a year, I will give you the antidote and give you freedom."

"Although the toxicity of my poison pill is not very good, it can still kill you."

"You'd better not think about finding someone to make antidotes for you. Let's not say whether the person you're looking for can make antidotes. In case you find someone to make antidotes, I know the consequences."

Wang Fan said coldly.

"Don't worry, we will definitely protect every country for one year. We won't do anything behind your back."

Six people listen to Wang Fan's words, the heart suddenly trembles, is also once again open mouth.

They are not fools. Naturally, they understand that since Wang Fan only gave them a poison pill, he must have absolute control over them.

In this case, how dare they take the risk of offending Wang Fan?

What's more, this is an ordinary country, but it's a place where birds don't shit. Even if they want to find someone to make antidotes, I'm afraid they can't find the right person, right?

"All right, get up. Let's go back and arrange for you." Wang Fan didn't continue to talk nonsense. With that, he took song Rumei and ran back to the imperial palace.

Ye Liang seven complexion complex looked at Wang Fan's back for a while, and then got up to follow up.

"Wang Fan, it's really you. You've finally come back."

"Elder martial brother Wang Fan ·"

"Lord Wang Fan ·"

"elder Wang Fan ·"

at the imperial palace of fan Kingdom, after seeing Wang Fan's return, Mo yaoyu and his party finally let go of their tense heart. They hurried forward to greet Wang Fan respectfully.

During this period of time, they have been worried about song Rumei and Wang Fan.

"I'm sorry, everyone. It's all involved. I came back late." Wang Fan apologetically dark everybody one eye, said.

With that, he did not wait for the other party to continue to reply, and quickly pointed to Ye Liang and his party, "they are my friends. They will stay in Fanguo for a period of time to protect. Elder martial sister yaoyu, please arrange it."

"All right." Magic remote rain cold for a while, then nodded, quickly to arrange.

When ye Liang and others heard Wang Fan's introduction to them, although there was not much change on the surface, they were all happy in their heart.

They are really afraid. Wang Fan will directly say that they are prisoners, and let moyayou treat them as dogs. Fortunately, Wang Fan did not say that, but gave them enough face.

Arrange Ye Liang seven people, Wang Fan and magic remote rain and other people chat up. After chatting for a long time and having another dinner, Wang Fan took song Rumei to have a rest.

"Wang Fan, how long are we going to stay here? Don't we go back?" Inside the room, song Rumei hesitates again and again, still can't help but ask Wang Fan.

This is not her root after all. Her root is outside, so she wants to go back.

"Sister Mei, I'm sorry to make you suffer. I don't know how long we need to stay here, but I've been working hard

"I promise you, I will try my best to find a way out as soon as possible and take you away."

Wang Fan said.

His heart is also very bitter.

If song Rumei wants to go back, why doesn't he?

It's everyone's dream to return to the roots. Wang fan is no exception, but with his strength, there is no

way to go back.

"Ah." Song Rumei sighed, "well, Wang Fan, don't put so much pressure on yourself. I know it's not easy for you. I'm tired all day. I'd better have a rest. "

"Well." Wang Fan nodded.

Wang Fan stayed in Fanguo for three days. One night after three days, after leaving a letter, he secretly left Fanguo and rushed to huri empire.

Hu RI empire's whole cancer is not removed, and he will have trouble sleeping and eating, so he plans to rush to Hu RI as soon as possible to solve this disaster.

As for why he didn't tell song Rumei and others in advance and why he didn't leave in a big way, Wang Fan also considered it.

One is that he doesn't like the sadness of parting. The other is that he still doesn't trust ye Liang's seven people and is afraid that they will spread the news of his departure to the huri empire.

This time, Wang Fan did not bring a person, even Xiao Yan, he stayed in the territory of the country.

After a long journey, Wang Fan finally came to the territory of the huri empire.

At this time, the Hu Japanese empire finally realized that something was wrong.

Ye Liang and his party haven't heard back for more than ten days. It's really evil.

The monarchs of the huri Empire have realized that most of them are in trouble.

At the thought that ye Liang and his party had an accident, the monarch of Hu RI Empire had the impulse to vomit blood.

This is really a bad time. The bad news is one after another.

Is Wang Fan the enemy of his huri Empire?

Chapter 2177

"Ye Liang and his party still can't get in touch?" In the palace hall, the monarch of the huri Empire asked the generals in a low voice.

"I can't get in touch with your majesty." One of them bowed his head and answered carefully.

The monarch of the huri Empire looked even more gloomy.

Ye Liang, that's one of the few powerful people in the huri empire. If something happens to him, it will be a great blow to the huri empire.

There was some sadness and indignation in his heart.

It seems that since the appearance of Wang Fan, the fortune of his Hu RI empire began to reverse, and everything became unfavorable.

"What about Wang Fan? What happened to him and where is he?" The monarch of the huri Empire asked again.

"He, he seems to be in the world, isn't he?" Another general answered carefully.

"Like?" The huri empire was furious at the word.

Pop!

He slapped hard on the table, "what do you mean like? I want the exact answer! "

"At the beginning, you said that Wang Fan seemed to be in the Long'ao Empire and didn't leave. As a result, Wang Fan has returned to the kingdom of fan, but we still don't know."

The monarch of the huri empire was really angry. He was not satisfied with the intelligence of his opponents.

When the generals and ministers saw that the monarch of the huri empire was angry, they all bowed their heads and did not dare to speak any more.

From Wang Fan's killing in the huri Empire to taking away Han Qingyi, to the complete defeat of thousands of troops some days ago, to the loss of contact of Ye Liang and his party.

This time and again, there was a deep hatred between Hu RI Empire and Wang Fan.

And the monarch of the huri Empire also hated Wang Fan to the core and regarded him as the number one enemy.

Therefore, when it comes to Wang Fan, the monarch of Hu RI empire can not keep calm.

In this case, if they dare to touch each other's mold, they are definitely looking for death.

The monarch of the huri empire was even more angry when he saw that all the people began to pretend to be ostriches.

Pop!

He slapped hard on the table again and roared angrily, "what are you doing in a daze? Why don't you check it for me?"

"Yes

"Yes, sir

After listening to this, the generals and ministers did not dare to neglect any more. They answered quickly, and then left the hall quickly.

Their heads were dripping with cold sweat, and their backs were soaked with cold sweat.

"It's a bunch of rubbish. It's not enough to succeed, it's more than enough to fail!" After everyone quit, the monarch of the huri empire could not help but scold again, and there was a deep anger and cold in his eyes.

"Wang Fan, are you really the enemy of our huri Empire? I don't believe it. I, Hu RI, can't kill you, just a Wang Fan! "

The monarch of the huri Empire murmured darkly, and the voice squeezed from his teeth was chilling.

"Newspaper!"

When the emperor of the huri empire was angry, suddenly, a sharp voice interrupted his thoughts.

The monarch of the huri Empire looked at the subordinate outside the door, waved his hand and said, "what's the matter?"

"To your majesty, the emissary of Wuhai sect, skeleton sect and Tianyin sect has arrived." The subordinate replied respectfully.

"What?" The monarch of the Hu RI empire was stunned at first, and then he was overjoyed. "Where are they? Don't you hurry to welcome them in?"

Having said that, he seemed to feel something wrong and quickly added, "you lead the way ahead, and I will meet you personally."

With that, he hurried out of the hall.

He was really surprised.

Now the Hu RI empire is short of experts, and the envoys of the three sects have arrived. For him, this is a timely help.

Therefore, he must entertain the envoys of the three sects. Only in this way can he kill Wang Fan and get rid of the great calamity with the help of the envoys.

"You don't have to come out to meet us. We're here." However, the monarch of the Huri Empire had just come to the gate of the main hall, and with a voice of compassion, three figures appeared outside the hall like ghosts.

These three people, two men and one woman, are very strong.

The man on the far left is seven feet tall, strong and rugged. At first glance, he is a strong monk.

He stood there like a hill, as if a random blow could destroy the sky and the earth.

Standing in the middle is a woman. She looks about forty. Although she looks good, her clothes are not flattering.

Her clothes were engraved with countless bones that made her scalp numb. It was creepy to look at them. With her pale and cold face, it was even more chilling.

On the far right is a thin man, wrapped in a gray robe, with green eyes and a gloomy and cold atmosphere. These three people, in addition to the most left side of the body of the powerful monk is still normal, the other two people do not look like normal people.

"The three of you have come all the way here. I'm really disappointed. Why don't you inform me in advance so that I can receive you in advance? Hurry inside, please. Inside, please

The monarch of Hu Ri Empire looked at these three people, his face also changed a little, and said respectfully.

In front of these three people, he did not dare to put on airs at all, and even more did not dare to put on his name as the monarch of the Huri Empire.

You know, the reason why he dares to attack the 17th Empire and win many battles is inseparable from the help of the three factions.

If he offends the envoys of the three major sects and causes their discontent, as long as they let go, his empire will become the target of the public and will be doomed.

"Please don't use it. We're here for Wang Fan's business. Please tell us the information about Wang Fan and his current position."

Said the rather normal, burly friar.

He is a strong man of wuhaizong, so his voice is a little cold at the moment of speaking, and even there is a sense of killing on his body.

You should know that the two Zunjing who were killed by Wang Fan were all from Wuhai sect. How can he not be angry?

Although the other two did not speak, they also looked at the monarch of the huri empire.

The monarch of the huri empire was staring at by the two abnormal monks. He felt chilly all over. He gave a flattering smile and said quickly,

"we can't finish talking about Wang Fan for a while. Let's go in and talk about it."

Three people listen to this words, slightly hesitant, also didn't continue to refuse, followed in.

After sitting down, the monarch of the huri Empire soon talked about Wang Fan's information and his amazing achievements.

While they were talking about this, outside the imperial city of the huri Empire, there was a dusty monk.

The monk looks like he is in his thirties, and his appearance is very ordinary. Moreover, his strength is only five levels of the kingdom.

He put it in the flow of people who came and went, and it was very ordinary.

This man is no other than Wang Fan, who came not far from any other country.

Chapter 2178

Wang Fan's arrival did not disturb any high-level of the huri Empire, and did not attract the attention of any huri Empire experts.

After all, with his strength, he was not particularly conspicuous among the monks in and out of the imperial city.

After entering the Imperial City, Wang Fan did not act immediately, but found an inn to stay.

Imperial City, he has been here once, so he is still familiar with it.

He plans to go directly to the palace at night to talk with the monarch of the huri empire. As long as he gets rid of the monarch of the huri Empire, there will be no danger for any country.

Wang Fan took good care of himself in the inn for a long time. He didn't leave the inn until late at night.

At night, the imperial city is quiet, and there are no pedestrians on the streets except some patrolling

guards.

Wang Fan shuttled through the open street like a ghost. His body was like the wind and did not attract the attention of any patrol guards.

Half an hour later, he had arrived at the entrance of the palace.

Wang Fan did not immediately go in, but hid in a hidden corner to observe.

He observed very carefully and seriously, and did not miss any details.

After all, this is the huri Empire, and there are many experts.

Although he is not afraid of those masters, and even if he is exposed, he is sure to retreat.

But if he is exposed, the purpose of his trip is a failure. It is impossible for him to talk to the monarch of the huri empire.

This action is related to the safety of every country, so Wang fan can only succeed, not fail.

Under Wang Fan's investigation, he found that at the entrance of the palace, there were twelve guards on the seventh floor of the kingdom.

In addition to the twelve guards, there is a very hidden border at the entrance of the palace.

Although the level of this barrier is not very high, it is extremely hidden. If it was not for Wang Fan's array barrier attainments, it would be impossible to detect it.

After investigating these, Wang Fan breathed deeply. Then, his body suddenly jumped up and rushed to the twelve guards like a gust of wind.

He plans to get rid of the twelve guards first, and then break the border to enter.

As long as he is fast enough, he can definitely find the monarch of the huri empire before the huri Empire finds out that the twelve monks have an accident.

Of course, if the other party is aware in advance, then he has no way.

Because he has to solve these 12 people, otherwise he can't get in at all.

Even if he shows his speed to the extreme and hides his breath to the extreme, it is impossible for him to enter the palace without the twelve people's awareness.

At the moment when Wang Fan rushed to the twelve bodyguards, the twelve bodyguards were divided

into six groups, one facing the inside of the palace and the other facing Wang Fan.

What Wang Fan plans to solve first is the six guards facing him.

Because Wang Fan's speed is too fast and has the cover of night, the six people facing Wang Fan didn't notice Wang Fan at the first time. It was not until Wang Fan approached them that they realized the abnormality.

Looking at the black shadow, one of the guards with quick reaction suddenly changed his face, and could not help shouting, "yes"

only when he just said a word, and even didn't say the word "who" behind, Wang Fan rushed to him like a ghost and hit him in the back of the head.

Bang!

A loud bang, Wang Fan's fist knot solid hit on his head, his brain a black, directly fainted.

At this time, the other five people have reacted, subconsciously looking towards Wang Fan.

But almost at the same time when they look at Wang Fan, Wang Fan has approached them like lightning, one punch after another.

Bang bang bang bang!

Five low sounds, five people have been hit, fell to the ground in a coma.

Although they were monks of the seventh floor of the Kingdom, they were just like earthen chickens and tile dogs in front of Wang Fan, and they were totally vulnerable.

In particular, Wang fan is still under attack.

After Wang Fan solved the six people, the other six guards who turned their back to him also heard the news and couldn't help coming back to God.

"Yes, er..." one of the guards glared at him, and at the same time, he couldn't help yelling.

It was only when he roared out a word that Wang Fan's face suddenly changed. He directly punched into his mouth and blocked the words behind him.

Then, Wang Fan took out his fist, made up another fist and knocked it out completely.

After stun this person, Wang fan is not idle, his right leg has been flying up, mercilessly swept to the other five people.

Another five people pupil stare of eldest brother, in the eyes is full of inconceivable.

They did not have time to make any counterattack, they had been swept down by Wang Fan. "Done!" Looking at the twelve people who fell down, Wang Fan was relieved, and then flew to the border not far away.

After a short period of research, he began to crack it quickly.

It's just a matter of counting the interest. Wang Fan has opened a gap in that pretty good border and drilled in.

When Wang Fan entered the palace, his mental power spread wildly, looking for the position of the monarch of the huri empire. At the same time, his body also ran to the depth of the palace.

Under the speed of Wang Fan's terror, the guards patrolling the Imperial Palace didn't notice at all.

Even if there are some sensitive bodyguards occasionally, they just notice a gust of wind blowing, and they can't see Wang Fan's shadow at all.

The whole palace, only the most difficult to enter the palace, as long as you enter the palace, everything will become very easy.

Of course, this is also Wang Fan's body method speed has improved by leaps and bounds, otherwise, he is also very difficult to use the speed to rush past in the situation that those bodyguards are not aware of.

"Eh, do you feel it? Why do I feel the wind?" At one of the locations in the palace, two guards are inspecting.

At a certain moment, one of them suddenly changed his face and asked the other.

"No, you don't drink too much and have a delusion, do you?" The bodyguard listened to this, looked at his companion like an idiot, and said with a smile.

When the inquirer heard this, he said no more.

His heart is very clear, he really felt a gust of wind, and even felt a strange breath, because he was very sensitive to the breath from childhood.

But since his companions didn't feel it, there was no need for him to continue.

After all, more is better than less. If he reports it, he feels wrong. Will he suffer? It's better to pretend you don't know.

Wang Fan, who is not far away, can't help sweating while listening to their conversation.

He became more cautious, even the breath has been completely convergence.

At this time, Wang Fan had already noticed the position of the monarch of the huri empire. Even in addition to the monarch of the huri Empire, he also noticed three monks with strong breath.

The three monks with strong breath were not others, but the envoys of the three schools.

Chapter 2179

"Are the three strong men who respect the territory and three levels the experts of the three forces in the frontier?" Wang Fan felt the three strong breath and could not help whispering.

Although the huri empire is a special Empire, it is very powerful.

But as far as he knows, there are no three-tier strongmen at all, let alone three three-tier strongmen. So Wang Fan easily guessed the identities of the three.

"It seems that I must be more careful. Otherwise, it's hard to say whether I can retreat completely once the three people find out."

Wang Fan frowned and became more careful.

With his current strength and various means, it may not be difficult to kill a three-tier Zunjing. But if he is faced with three levels of respect, he will surely be defeated. It's still a matter of two whether he can even walk away.

So in any case, he can't be found by the three people. He must be careful.

Wang Fan more convergence of the body's breath, and even the release of the spirit also dare not be too unscrupulous.

Under the cover of the night, he ran cautiously to the bedroom of the emperor of the huri empire.

The residence of the three emissaries is not far from the residence of the monarch of the huri Empire, only less than 100 meters away.

This distance, as long as there is any wind and grass, may be detected by the other side.

Wang Fan was careful all the way and soon approached the residence of the monarch of the huri empire.

Outside his residence, there were two monks on the ninth floor of Wang Jing. At this time, the two

monks were dutifully guarding.

In the room, the monarch of the huri Empire has been lying on his bed and has gone to sleep.

Through investigation, Wang Fan has learned that there is no border outside the residence of the monarch of the huri empire.

This also made Wang Fan feel relieved.

There is no border. It will be easier to break in.

Wang fan stopped about 500 meters away from the other party's residence. He first gave a deep breath, then closed his eyes and began to adjust his state.

At a certain moment, Wang Fan's closed eyes suddenly opened, and immediately, with a whoosh, his whole person ran towards the residence of the monarch of the huri Empire like a ghost.

His speed is extremely fast, fast to the extreme. Under the cover of the night, even the two Wang Jing's nine strong men who are guarding outside can't feel anything.

At this time, Wang Fan has already exerted his speed to the extreme, his breath has also converged to the extreme, and even his breath has been completely held.

He was extremely cautious, extremely careful, and did not dare to be careless at all.

Just a breath of Kung Fu, Wang Fan has already rushed to the door of the Hu RI empire.

Maybe they felt the abnormal change of air flow in the air. The two Wang Jing's faces changed for a while and suddenly looked up at Wang Fan's position.

Just at the moment when they looked up, they saw that a dark shadow had set off a fierce wind, and it was blowing down fiercely towards them.

This sudden scene made the two strong men in the ninth floor of Wang's situation change their faces. They were almost scared out of their souls.

They subconsciously, then crazy urged the body aura, began a crazy retreat.

But where's the time?

They just made a backward movement. Wang Fan's iron fist, which is as hard as steel, has been pounding on their bodies.

Bang bang!

Two low voices, which were not very loud, came out. They only felt their eyes black and fell down like soft footed shrimps.

Wang Fan solved these two people, finally can't help but greatly relieved.

If you look closely, you will see that there are even beads of sweat on his forehead.

Previously, Wang Fan stunned these two people. Although it seemed simple and easy, it actually cost him a lot of energy.

You know, it's a strong man in the Ninth level of Wang Jing. It's not so easy to deal with.

Although it may not be difficult to kill them with Wang Fan's strength, it is very difficult to solve them without letting them make any noise.

For Wang Fan, the previous settlement of these two people was no less than a war with a strong man who respected the territory.

After Wang Fan solved these two people, he hid them in a hidden corner and then flashed into the hall.

Inside the dark hall, it seems very quiet, quiet can only hear even snoring.

Wang Fan listens to that even snore, the corner of the mouth rises, can't help but evil smile.

The monarch of the Hu RI empire is really comfortable. When thousands of troops are defeated, ye Liang and his party are captured by him, they can still sleep so comfortably.

He laughed and soon came to the bed of the Hu RI empire.

After arriving at the bed, Wang Fan did not wake up the other party immediately, but began to wave his hand and set up the border.

He believed that it was impossible for the three masters of Zunjing to find the boundary here. After all, even out of respect for the monarch of the huri Empire, they could not use their mental energy to carefully explore the bed of the monarch of the huri empire.

After setting up a simple illusion and sound barrier, Wang Fan sat down and took out a dagger and patted it on the face of the monarch of the huri empire.

"Ah, who is it?" The sleeping monarch of the huri Empire felt the coolness and awoke immediately.

When he saw Wang Fan sitting in front of him, and saw that Wang Fan was patting him with a dagger when he was alchemy, even his soul was about to be scared out.

"Wang, Wang Fan?" His heart set off a storm, obviously did not expect, Wang Fan will appear here, and so soon appear here.

This is the imperial palace of the huri empire. There are countless masters guarding it. What's more, there are three messengers sitting outside. How could Wang Fan kill him unconsciously?

The monarch of the huri empire is absolutely out of his wits, with a cold sweat on his face.

It was too much for him to accept.

"Your Majesty, long time no see. How are you?" Wang Fan patted each other's stiff face with a dagger and began to laugh.

"Thank you, your majesty, for taking care of me. In order to report as soon as possible, I came here in person. Why, you must be surprised to see me? "

Wang Fan grinned, looking very harmless.

"You, what do you want?" The monarch of Hu RI Empire did not dare to move, even the sweat on his forehead did not dare to wipe it. He gulped his saliva and asked difficultly.

"What do I want?" Wang Fan laughed, "this sentence should be my question to you? When you sent troops after me, I didn't care with you. "

"But you're good. You don't know how to restrain yourself. On the contrary, you've destroyed the Imperial Palace and sent people to our country."

"You say, you think so of me, what should I do?"

The monarch of the huri Empire looked even worse when he heard this. However, as one country and one leader, he still kept calm,

"Wang Fan, you misunderstood that the Royal Palace was not destroyed by me, but by three messengers. I admit that it was my fault to pursue you and send someone to your country some time ago. "

"Otherwise, I'll give you two billion elites and promise that I won't fight against you and your people in the future. How about you let me go?"

Chapter 2180

Although the monarch of Hu RI Empire showed fear, he still kept calm in his heart. He even talked to Wang Fan about the conditions.

Pa Pa!

However, as soon as his words fell, Wang Fan took the dagger and patted him three times on the face again.

These three shots almost scared the monarch to death.

He's high, he's powerful, he's ambitious, he's absolutely not willing to die like this.

"Two billion elites? Your majesty is such a great hand Wang Fan evil spirit of smile, spread out the right hand, "spirit stone, take it."

"You agreed? Promise not to kill me? " However, the monarch of the huri empire was not stupid enough to give Wang Fan a spirit stone immediately, but asked.

"Yes, I promised. I won't kill you." Wang Fan said.

Even Wang Fan was attracted by the 2 billion stone.

The most important thing is that for him, the best way to punish the other side is not necessarily to kill the other side.

"Then you swear!" Hu RI emperor is not easy to believe, but said.

"Swear?" Wang Fan laughed, but he sneered, "Your Majesty, you don't seem to understand the situation. Now the initiative is in my hands, and you are not qualified to make me swear. "

"I won't swear easily, I said I won't kill you, I won't kill you. Now that I'm in a good mood and still willing to talk to you, you'd better take out the spirit stone to protect your life. "

"Otherwise, even if you promise me three billion later, I will never be soft handed."

For ordinary people, the oath may not have much influence, but for monks, it has a great influence. If you break the oath, you will definitely pay the price.

Of course, the most important thing is that Wang fan is not a person who swears easily. He will treat every oath carefully.

The monarch of the huri Empire became silent after listening to Wang Fan's words.

He stares at Wang Fan for a long time, and finally nods his teeth and says, "OK, I'll believe you once. You'd better not cheat me."

"To tell you the truth, there are three powerful people who respect the territory. They are experts sent

by the three forces in the border area."

"Though I don't know what means you used to get in from them. But you have to believe that once you kill me, I definitely have a way to alarm them before you kill me. "

"I'm afraid that even you will not be able to leave at that time."

Wang Fan listens to this words, facial expression does not have the slightest change, say, "what you say is right, respect circumstance 3 layers, I still really can't deal with."

"I don't think you should talk nonsense. Take out the spirit stone quickly. Don't test my patience."

This time, the monarch of the huri Empire did not talk nonsense. He directly grabbed a space ring and gave it to Wang Fan.

Wang Fan took the space ring, with the spirit of a sweep, the heart can not help a moment of joy.

It's really a special empire. It's really rich and powerful enough. It's two billion pieces of the best spirit stone. It's said to be handed over.

Although the best spirit stone is not very useful to him, it is still very helpful to song Rumei, Mo yaoyu and others.

"Now you've got two billion elites. Can you go?" The monarch of Hu RI empire could not help saying when he saw Wang Fan put away the space ring.

"Go?" Wang Fan said with a smile, "why be so anxious? I just came here and I'm not in a hurry to leave."

"What do you mean? Do you want to go back? " The monarch of the huri Empire changed his face. He could no longer take care of Wang Fan's dagger and sat up.

"No, no, No Wang Fan shook his head quickly, "how can I go back? I just said not to kill you, but I didn't say not to teach you. "

"You see that you have taken care of me so much. If I don't repay you, wouldn't it be impolite?"

"You, what do you want?" The face of the monarch of the huri empire was even more ugly, and his eyes became ferocious in an instant. "Wang Fan, I warn you, don't mess around."

"Otherwise, even if I fight to die, I will disturb the three great places outside and let you be buried with me!"

"Oh, really?" Wang Fan cold smile, suddenly, PA, a slap in the face of the Hu RI Empire monarch.

"Then you can have a try and see if you can disturb the three great places outside!" Wang Fan sneered and started his crazy hand.

It's true that he did not intend to kill the monarch of the huri Empire, but he still had to teach a lesson.

Otherwise, when he leaves, the other party will send experts to harass Fanguo, and he will have to come again.

With Wang Fan's crazy hand, the hall, immediately came a burst of crying.

The monarch of the huri Empire roared and yelled wildly, trying to disturb the three grand realms outside.

Unfortunately, his voice was blocked by the sound insulation system arranged by Wang Fan. Half an hour later, Wang Fan came out of the hall and ran out of the palace.

Half an hour is the time he has set in advance. As soon as the time arrives, he must leave immediately.

After all, there are three grand realms outside, no matter the twelve guards at the entrance of the palace or the two guards at the entrance of the palace.

Their coma and disappearance will surely cause others to notice. Late is born change, so Wang Fan dare not stay more.

Sobbing ·

just as Wang Fan had just run for several kilometers, a piercing sound rang out in the palace.

That voice is extremely sharp and loud, in a twinkling of an eye, it has spread all over the palace.

"It's not a good thing. Some enemies have broken into the palace. Everyone should strengthen their guard and protect your majesty!"

At the same time of the sharp sound, a piercing scream came out.

With the spread of this voice, the whole palace was in a state of chaos.

Countless bodyguards ran to the main hall where the monarch of the huri empire was.

Not only that, those master monks who had rested or were practicing also woke up one after another and ran out of the room quickly.

The three Zunjing residences, which are practicing with their eyes closed, suddenly open their eyes.

"Well? That's interesting! " The woman with countless skeletons on her clothes was the first to murmur. Her body moved, and she had already floated out of the room like a ghost.

At the same time, the strong man of wuhaizong and the friars of Tianyin sect also ran out one after another.

They have already detected the abnormality and the Wang Fan who rushed to the outside of the palace.

Although Wang Fan's speed is extremely fast, ordinary monks, even the nine level monks of Wang Jing, will not easily notice, but they are all the strong ones of the three levels of Zunjing.

With their mental strength and careful investigation, it would be abnormal if they could not detect Wang Fan.

Three people just like three to streamer, crazy toward Wang Fan pursued in the past.

"What a coincidence? That's how it was discovered? " Wang Fan's face is also slightly changed, and then more crazy run up.

He has clearly felt that the three strong men of Zunjing three layers have chased him crazily.
