

## **Mighty Sk 2221**

### **Chapter 2221**

Four Zunjing three layers and one Zunjing two layers to kill Luo fan, who is just a king nine layers, how can Luo fan come back alive?

If this kind of thing comes out, no one will believe it.

The most important thing is that none of the five elders' soul jade cards they sent out were broken, which means that there was no accident.

In this case, how did lofan come back alive?

"Elder Hui, it's true. That luofan really came back. I saw it with my own eyes." The young man who reported the news seriously said that he was also shocked.

"Look, Lin Hai's soul is broken." At the same time, an elder suddenly pointed to one of the soul jade cards as if he had seen a ghost.

People turned to see, only to see that piece of soul jade, actually cracked open.

Then, there were four sounds, and the other four pieces of soul jade were broken one after another.

Looking at this scene, all the people on the scene were shocked and didn't know what happened.

The only explanation is that the five elders met with trouble on the way, were entangled by the strong and killed.

After all, luofan has now returned to the sect. It is impossible to kill the five elders. Moreover, with the strength of Luo fan, he could not kill the five elders at all.

At this moment, Bian Yunzhang's face was very gloomy, especially Bian Yunzhang's anger.

The five elders couldn't go after Wang Fan, but they were killed for no reason. It was too hard for him to accept.

"Elder Liu, go and find out what's going on, and see who dares to kill the elder of Wuhai sect."

"As for lofan, he's the one with the greatest fortune. Let's think of another way."

Side cloud chapter is biting a tooth, complexion extremely gloomy of say.

"Yes." Hearing what he said, one of the elders immediately stood up and quickly left wuhaizong.

"Lovan! You are so lucky Bian Yunzhang, on the other hand, gritted his teeth and murmured, thinking about the next strategy to deal with Wang Fan.

...

Wang fan doesn't know what happened to Bian Yunzhang at all. At this time, he has returned to wuhaizong and runs back to his residence.

At this time, his state is a little weak, we must recover as soon as possible, otherwise in wuhaizong, it will be dangerous.

If it wasn't for Luo Ru's fear of looking for himself during this period of time, and for the fear that the five eldest WANGs would die, wuhaizong would put the matter on his own head, and he would not come back so soon.

You know, along the way, he was crazy to urge the contrarian spaceship to go, and did not dare to stop for a moment.

"Lovan, you, you didn't die?" When Wang Fan was about to arrive at his residence, a startled voice suddenly came. Then he saw a young man in a blue shirt.

The young man looked at Wang Fan with a surprised expression, just like seeing a ghost. And his strength has reached the level of respect.

Wang Fan listen to this words, immediately already know, this blue shirt youth know Lin Hai five people design to kill oneself of affair.

This also means that the status of the blue shirt youth in wuhaizong is not simple.

He took a deep look at the young man in blue shirt, and recorded his appearance in his heart, but without a word of nonsense, he directly bypassed and continued to rush to the residence quickly.

Let's not say that he is not in a good state at this time. He may not have been able to beat the blue shirt youth. Let's say that this is wuhaizong, so he doesn't dare to do it.

If he moved the young man in blue shirt because of a word, he would surely give Wuhai Zong Guangming an excuse to kill himself.

The young man in blue shirt was about to stop Wang Fan and humiliate him a few more words, but Wang Fan had already disappeared in his sight.

"Well, you're a piece of rubbish. I didn't expect you came back alive. I'm running very fast. I didn't give you a chance. "

Blue Shirt Youth listen to Wang Fan's back snort, then leave from another direction.

He is Bian Jieyou, the only son of Bian Yunzhang. Relying on Bian Yunzhang's relationship, he exists horizontally in the outer door, and no one dares to provoke him.

Let alone an outside disciple, even an ordinary inner disciple would not dare to provoke him.

After seeing the elegant demeanor of Luo Ru, he was deeply attracted by Luo Ru. It's just that luoru's status is not something that his disciples can touch.

So when I heard that luoru had such a useless brother as Wang Fan, and it didn't seem to be his own brother, I had the intention to kill Wang Fan.

There is no way, luoru is too simple, in wuhaizong those old insinuations, accidentally revealed his mouth, said that Wang fan is not her brother.

Fortunately, she is still rational, and did not tell Wang Fan's real name and the first time she entered Zunjing. Otherwise, if Wang Fan returns to wuhaizong, she will be trapped. Wang Fan soon returned to his residence. After he went back, luoru was already waiting at the door.

"Big brother." Luo Ru saw Wang Fan and quickly welcomed him with a surprise.

Previously, she heard that after Wang Fan went out, she was really worried about Wang Fan's death. She was deeply afraid that Wang Fan would have any accident. Now see Wang Fan back, that heart is completely put down.

"Loru? How long have you been here? Don't worry. I just went out on business. Nothing happened

Wang Fan see Luo Ru, eyes in the emergence of a soft, fast said.

He didn't expect that Luo Ru really came to him.

With the Amulet of luoru, at least in Wuhai sect, no one dares to move him openly.

"Brother, I have something to say to you. Let's go in." Luo Ru didn't answer how long she had been here. Instead, she said quickly and took Wang Fan into the room.

Wang Fan's eyes swept a dark corner, where there was a very obscure breath, although the other side covered up very well, but still did not escape his investigation.

Wang fan doesn't need to think about it at all, and he knows that the man must be the elder who is responsible for protecting or monitoring luoru.

Two people after entering the room, Wang Fan quickly arranged a border, immediately toward Luo Ru

asked, "what's the matter, you say."

Although the level of the boundary he arranged was not very high, it had the function of shielding mental power and isolating investigation.

He didn't believe that the elder outside would really be so shameless. He directly tore up his border, and then used his mental force to investigate.

Sure enough, the elder, who was hiding in the dark outside, looked at the scene and his face became gloomy.

He did not expect that Wang Fan would be so vigilant and treacherous, and even set up this kind of border.

This is disgusting.

But, hesitating again and again, he still did not tear Wang Fan's border, to explore the dialogue between them.

"I, I accidentally told you that you are not my brother." Luo Ru's language is astonishing, says quickly.

"What?" Wang Fan listens to this words, immediately can't help but be greatly surprised, "what else have you said? Did you tell them my origin and real name? "

"No Luo Ru shook his head, expression is very guilty, "I'm sorry, that elder is too cunning, I'm not careful to let slip."

"But you can rest assured that it will never happen again."

## **Chapter 2222**

"It doesn't matter. Just remember that you can't tell me my origin and real name." Wang Fan didn't blame Luo Ru, but said very seriously.

He knew that it was normal that the simple Luo Ru could not stand the side attack of those old foxes.

After all, Luo Ru is just like a piece of white paper without much independent experience.

"Don't worry, I won't tell you these things." Luo Ru nodded and said very seriously.

After that, she hesitated for a while and asked Wang Fan, "brother, when are we going to leave here. I'm not comfortable here. I really don't want to be here. "

"Although the elders are pretty good to me, they are too scheming, and I don't like them."

There is another word that Luoru didn't say, that is, there is no freedom. She feels as if she was locked up, and there are people following her wherever she goes.

Wang Fan listened to these words, pondered slightly for a while, and then said, "fast, at most half a month, I will take you away from here."

"By the way, can you draw the route from me to your place? If you can't come, I'll go straight to you. "

Wang Fan knew that he could not stay in Wuhaizong for long, and he did not dare to stay any longer.

Otherwise, if Luo Ru can't stand the old fox's insinuation and tell his origin and identity, it will be over.

The reason why Wang Fan will stay here for a while is that he wants to recover his strength. By the way, I'll see if he has a chance to use the aura in his eyes again to attack Zunjing.

"Well, I can draw it." Luo Ru nodded, then quickly drew, and said,

"brother, it's better to wait for me to come to you. I live in a lot of places, I'm afraid you can't get in. "

Wang Fan nodded.

Luo Ru quickly drew a road map and put it away for Wang Fan. Wang Fan was going to continue to say something when he suddenly found that the elder who was hiding in the corner outside suddenly came.

Looking at the elder coming, Wang Fan could only suppress what he wanted to say, and made a forbidden gesture to Luo Ru.

With a bang, the door was pushed open, and the elder stepped in directly.

Because what Wang Fan arranges is only the barrier to shield the spiritual power, and does not arrange the defense barrier, so it does not affect his entry at all.

"Luo, it's getting late. Let's go back." After the elder came in, he first gave Wang Fan a cold look, and then said to Luo Ru with a kind face.

Although his tone towards Luo Ru was pretty good, Luo Ru's face changed obviously.

She felt like a prisoner. She just wanted to visit Wang Fan, and she had time.

But even if she was not happy, she did not dare to attack. Instead, she nodded and said, "OK, I know."

Then she stepped out of the room.

But the elder didn't leave, but his face suddenly turned cold. Looking at Wang Fan, he said,

"It seems that you have ignored my words. You are not Luo Ru's brother. You are not related by blood. Why do you still pester him?"

"Do you have any bad thoughts about her? I advise you to die as soon as possible. With her present status, you are not worthy of this rubbish. "

The elder said, "if you were Luo Ru's brother, we might have some scruples and dare not move you. But since you are not, we have no scruples. "

"I'll give you three days to get out of Wuhaizong. The farther you are from here, the better. Don't disturb Luoru any more. Otherwise, three days later, you will die

With that, the elder didn't want to look at Wang Fan any more. He turned his head and left Wang Fan's house.

Wang Fan looked at the back of the elder, clenched his fist tightly, and his face was angry!

This son of a bitch is really deceiving others. He wants to force him to leave, or he will be killed! This is simply unreasonable!

The most important thing is that Wang Fan also knows that after three days, even if he leaves, Wuhaizong will never let him go.

Today, the mastermind who sent Lin Hai five people to kill himself will never miss the chance to kill himself.

It can be said that after three days, whether they go or not, there will be danger, but also a huge danger.

"It's too much deceiving! Since you have deceived others too much, don't blame Wang Fan for being rude! "

Wang Fan clenched his teeth and muttered. After suppressing his anger and calming down, he began to recuperate.

He did not use the aura in the eye to recover, but used the aura between heaven and earth.

Because he knows that at the moment, he has become the focus of many people's attention. If he uses the Reiki cultivation and recovery in the Reiki eye again, I'm afraid those people will be aware of it at the first time, and then come and kill him without hesitation. Wang Fan's conjecture is true. After more than two hours of cultivation, he had several mental powers in his house, and investigated his every move.

Fortunately, he didn't show any abnormality, and he didn't absorb the aura in the eye, so those people didn't move.

One day passed quickly, Wang Fan's strength returned to normal, still in cultivation.

Those mental powers are also on him, carefully checking him, without the slightest relaxation.

In this way, another day later, Wang Fan's strength has recovered 80%, and he is still practicing.

At this time, the master of those mental powers was finally too lazy to waste time on him, and began to withdraw one after another.

Wang Fan noticed that those mental forces had withdrawn, and he was suddenly relieved.

He continued to practice with the help of aura for a while, and then his mental power went crazy into the ground. He wants to check whether there is any abnormality in the eye, and whether there are strong people paying attention to it.

After a few breaths, Wang Fan took back his mental strength with a gloomy face.

Because there are several spiritual forces in the eye, let alone using the inner aura to impact the Zunjing, even if he just absorbs a little, he will be noticed by others.

"These old bastards are really cautious. What should I do?" Wang Fan's face was a little ugly, and he thought hard about the solution.

However, after a long time, he still did not think of any good countermeasures.

Just when Wang Fan was about to give up using the aura in his eyes to attack Zunjing, he suddenly had a flash in his mind and thought of a man, the young man in blue, whom he met when he came back two days ago.

Thinking of the young man in blue shirt, Wang Fan got up and left his residence with a smile.

"Where are you going? Are you going to leave now?" As soon as Wang Fan left his residence, two young people had gathered around him.

Both of them were dressed as outside disciples, obviously like Wang Fan.

But they look at Wang Fan's eyes, but it is extremely disdain, attitude is also extremely bad.

In fact, two days ago, Wang Fan had already noticed these two people, but he didn't expect that they had come to watch him.

Wang fan is in a rage!

**Chapter 2223**

"Do I need to report to you where I am going? Get the hell out of here Wang Fan pointed to their noses and said impolitely.

It's OK for those elders to brag in front of him. He can only endure his anger.

But just two disciples, who are also the Ninth level disciples of Wang Jing, dare to talk in front of him. How can he bear it?

"What are you talking about? Do you want to say that again? "

"Damn, how dare you be so arrogant, just a yellow gifted trash? If you didn't have a gifted evil sister, would you think you were a fart? "

When they heard that Wang Fan dared to speak to them like this, they were furious.

Looking at all the outside disciples, who doesn't know that Wang fan is the garbage of Huang's talent, and he became an outside disciple by relying on luoru?

Just such a rubbish, dare to talk to them like this, how can they bear it.

"I'm not a fart, but it's enough to deal with you." Wang Fan cold hum a, whew but body shape a flash, is already rushed to two people in front of, followed by two slaps then mercilessly waved out.

How could those two disciples think that Wang Fan would say that they would do it when they did it? What's more, even if they thought about it, they couldn't react at all.

How can they compare Wang Fan's speed?

The sound of Pa Pa Pa resounded, they did not make any response at all, and Wang Fan's slap had been severely slapped on their face.

A series of clear and crisp voices resounded, the two people were drawn in the same place to turn up, teeth and blood sprayed on the ground.

"Just two wastes, what's the right to call others garbage? You say I'm rubbish. Now what are you

Wang Fan coldly said, one foot will two people kick to one side, spin even if is to dodge to leave here.

It's just two minions. He has no time to waste with them.

"Stop, who asked you to do it here? Are there any rules?" However, Wang Fan just walked a few steps, and a middle-aged man came quickly.

This man's strength is on the first floor of Zunjing. He is wearing an elder's robe and is obviously the

elder of wuhaizong.

Wang fan stopped and looked at the middle-aged man.

He said calmly, "these two people scold me as rubbish, and challenge me first. Why can't I do it?"

"Excuse me, elder, if someone who is not as powerful as you is so provocative, will you take such a tone?"

Wang Fan's calm voice made the middle-aged man's mouth draw, and he couldn't say a word any more.

He blushed and said after a while, "if you say they are provocative, they are provocative. I was not far away before. Why didn't I hear them provoking you?"

This guy was shameless to say this, obviously protecting those two guys. Maybe they're one of them.

Wang Fan sneered, then shook his right hand and directly threw out a crystal ball, which clearly recorded what the two disciples said before.

The middle-aged man looked at the crystal ball, his face burning ugly, obviously did not expect that Wang Fan would have this hand.

This made him feel a little embarrassed. You know, there are many disciples around now. If he is pressed down by Wang Fan today, then he will have no face to continue to mix outside.

"Can you get out of the way now? I have something to go. Please don't get in the way?" Wang Fan looked at the face of the middle-aged man, sneer, continue to say.

He knew that the middle-aged man wanted to find an excuse to clean himself up, but he didn't give this guy an excuse.

The middle-aged man is even more angry. He wants to teach Wang Fan a lesson, but he can't find an excuse.

Although Wang Fan's tone was cold, it was not bad. He didn't give him a chance at all.

Pop, pop.

At this time, a slap sound suddenly sounded, and then a blue shirt youth strode over.

The young man in blue shirt said, "ha ha, he's really arrogant."

"I, Bian Jieyou, have been outside for so many years, but others can think of it. Naturally, Bian Jieyou can think of it. He is going to scold Wang Fan, saying that he doesn't need a younger brother. But when he

heard that Wang Fan had something valuable to offer, he was moved.

"Well, follow me." Bian Jieyou didn't talk nonsense. He waved his hand to Wang Fan and walked up to his residence.

Although he is the second ancestor, he is also a man with brain.

As the saying goes, walls have ears and wealth is not exposed. He doesn't want to let others see what Wang Fan gives him. What if the things Wang Fan gave were really valuable?

Bian Jieyou had never thought that Wang Fan would dare to use a crooked brain on him.

#### **Chapter 2224**

Because Bian Jieyou didn't think that Wang Fan would dare to do something wrong with him, he naturally took Wang Fan to his residence.

After all, in his eyes, only his residence is the safest.

"Well, now you can take out what you've given me." After entering the room, Bian Jie's right hand hit out a clumsy ban and said to Wang Fan.

Wang Fan looked at the scene, the mood can not help but excited.

He didn't expect that Bian Jieyou should be so direct and take him to his residence.

Originally, he was still planning that if Bian Jieyou didn't go on the road, he would have to find a way to remind and lure this guy. Now it seems that he would save trouble.

"I'll give it to you. I'll give it to you." Wang fan made a pair of meaning to take things, but there is no sign, blow out a punch.

Bang!

Poor Bian Jieyou, at least, is also a strong man who respects the environment, but he was knocked unconscious by Wang Fan.

Wang Fan stunned Bian Jie right, put him on the bed, let him put on a pair of cultivation appearance.

Later, Wang Fan stayed here for a few minutes, and then swaggered away.

Although he wants to take advantage of Bian Jieyou and absorb the aura in his eyes in his residence, it is definitely not now.

Because a lot of people know that he has come to bianjieyou. If he doesn't leave for a long time,

someone will definitely investigate.

Wang fan is not a rookie at the beginning of cultivation. Naturally, he will not make such a low-level mistake.

Wang Fan's swaggering departure naturally attracted a lot of people's attention, but those people did not say much, and no one came to find fault with Wang Fan.

After Wang Fan went back to his residence, he began to cultivate his clothes.

He didn't leave until late at night.

He showed his speed as fast as he could, and ran to Bian Jie's right residence like a ghost. The two outer disciples and elders who were guarding outside didn't notice at all.

A few minutes later, Wang Fan came to Bian Jie's right residence and went in directly.

At this time, Bian Jieyou still kept practicing and was in a coma.

Wang Fan looked at Bian Jieyou and couldn't help laughing, "brother Bian, I'm really sorry. I hope you don't blame me. Who made you so arrogant?"

With a smile, Wang Fan came to a corner near the window, made countless barriers, and then entered the cultivation state.

This time, he directly swallowed the already respected Dan, and then absorbed the aura in the eyes of the spirit and began to practice.

With Wang Fan's crazy cultivation, the aura in his eyes, just like being pulled, came towards him, and poured into his body crazily.

However, outsiders can't find out about this scene, because Wang Fan has arranged several confusing arrays and transfer arrays.

Unless the master of the array makes a careful investigation, or the strong one above the fifth level of Zunjing makes a careful investigation, he will not notice that the aura in the spirit eye has been absorbed here.

Even if it is the fourth floor of Zunjing, it will take at least two hours or even longer, and it will take careful investigation to detect the final location of aura in the eye.

This is also the way that Wang Fan thought of with difficulty, in order to buy time for his breakthrough.

With the swallowing of Zunyi Dan and the crazy influx of aura in Lingyan, Wang Fan felt that his body

was about to explode, and the surging aura was in the frenzy.

He was biting his teeth, absorbing and condensing the aura crazily, impacting the barrier of Zunjing.

Wuhaizong, in a hall.

"Why?" At a certain moment, three old people sitting with their knees crossed suddenly made a light sound at the same time, and then suddenly opened their eyes.

The three of them are the elders who are responsible for guarding the Lingyan. They respect the four levels of terror.

Therefore, almost when Wang Fan absorbed the aura in his eye, they had already noticed it.

"The bold guy is back."

"Hum, I'm so brave. I dare to use our aura to practice. I want to see who he is."

"This time, I want to see if you can get away easily."

The three elders of the fourth floor of Zunjing murmured angrily, then closed their eyes at the same time and began to investigate carefully.

They should find the guy who dares to steal the aura according to the direction of the aura.

However, a few minutes later, they opened their eyes again and their faces became ugly.

Because they found that the cunning guy even arranged countless transfer arrays, which made them unable to find the real location of the man for a while.

"What a treacherous guy. I don't believe it. I can't find you."

They gritted their teeth and murmured angrily. They began to investigate again.

As the zhenzhuan elders of Wuhai sect, they don't want to disturb the Lord unless they have to. Because once they disturb the Lord, it not only means that they are incompetent, but also may interrupt his cultivation.

In that case, it's not very good.

The three men's mental power was frantically released, and they seriously decomposed and studied those arrays, and explored the real trend of aura.

However, the more they investigate, the more angry they will be, because there is more than one

transfer array.

As soon as they have broken down one, there will be another, as if it were endless.

All three of them are trembling with anger, but they can only endure anger and decompose patiently.

...

Wang Fan didn't know that the three strong men in the fourth floor of Zunjing had noticed something wrong and began to find out where he was.

At this time, he is madly impacting the barrier of Zunjing.

He can only succeed, not fail.

Because if he fails, he will be trapped in wuhaizong and will never escape.

Only when he reaches Zunjing, his strength will soar several steps, and he will be able to leave wuhaizong with luoru.

At this time, Wang Fan's body is like a stove, red light around the whole body, emitting a terrible high temperature.

In that high temperature, the surrounding air seems to have a little illusory.

Wang Fan endured severe pain, biting his teeth, frantically impacting the barrier.

Even though he felt extremely painful, he was still gritting his teeth.

Fast, fast!

Just a little bit, he was able to completely break through the barrier and reach the level of Zunjing.

Under Wang Fan's insistence and madness, at a certain moment, there seemed to be a roar in his body, the barrier was completely torn, and a strong and unimaginable feeling came, and he stepped into the respect realm as he wished.

At the moment when he stepped into Zunjing, his elixir field seemed to expand a lot, and absorbed the aura around him crazily.

Under this absorption, the eye under the ground shrinks at the speed visible to the naked eye, and soon it has shrunk to the size of a grain of rice.

The three elders on the fourth floor of Zunjing felt this scene, and they felt as if they were cutting flesh.

It's a smart eye. It's a very precious existence. Which son of a bitch is it? I don't know how to cherish it.

You know, even if the eye is consumed, it can recover slowly. But now, Lingyan is consumed like this, and it's hard to recover.

With the craziness of the three four strong men in Zunjing, they finally found Wang Fan.

"Asshole!" With a roar, the three left here in an instant.

## **Chapter 2225**

"At last, I've come to Zunjing. This feeling is really powerful." Wang Fan opened his eyes and felt the powerful power in his body. He couldn't help but feel the excitement in his eyes.

He is ten times more powerful than he was when he was in the Ninth level of Wang Jing?

Not only that, he also felt that his six senses were much more sensitive.

"Well, the fourth floor of Zunjing, did you find me?" At a certain moment, Wang Fan's eyelids jumped and looked at one of the directions.

He clearly noticed that in that position, three strong men from the fourth floor of Zunjing rushed to him crazily.

Wang Fan looks at these three people, a cold smile, quickly flash to the right side of Bian Jie, right hand in his brain, then flash away from here.

Although he also wanted to test his strength with these three old guys, his reason told him that he could not do that.

The most urgent thing is to find luoru and leave wuhaizong. Otherwise, once entangled, he may be able to get away, but it is unlikely to take luoru away.

Almost as soon as Wang Fan left, the three elders came to Bian Jieyou's residence.

Bang, they almost didn't think about it, so they kicked open the door and rushed in.

Although Bian Jieyou is very famous among the outside disciples, all the outside disciples and even the elders know that this is his residence.

But these three are zhenzhuan elders on the fourth floor of Zunjing. How can they know Bian Jieyou? What's more, even if they know each other, they will not pay attention to them.

As soon as the three men rushed in, they saw Bian Jieyou, who was practicing cross legged, and

suddenly became furious.

"You are so bold. How dare you steal the aura cultivation in your eyes? Did you eat the bear heart and leopard gall?"

"Beast, I want to see who you are and who gives you the courage!"

"Son of a bitch, don't you kneel down and talk?"

Three people are angry pointing to the edge Jie right scolded, just scolded for a while, they feel wrong.

They quickly ran to Bian Jieyou, and immediately found that Bian Jieyou was in a coma.

One of the elders pointed to Bian Jie's right brain bag and wanted to wake him up and ask him what was going on.

But after he gave some advice, Bian Jieyou fell down and didn't wake up at all.

This scene, make three people's faces are very gloomy, how can they not see, Bian Jie right has been passive, become a vegetable?

"There seems to be someone else. What a treacherous boy!" One of them gritted his teeth and murmured. He grabbed Bian Jie right and flashed out of the room. The other two followed.

After Wang Fan left Bian Jie's right residence, he quickly ran to the place where Luoru lived.

He knew that it would not be long before the three guys could find out his head, so he had to race against the clock.

"I told you to get out of Wuhaizong. Why haven't you? And where are you going? "

Before Wang Fan entered the inner door area, a cold voice suddenly came, and then an elder appeared in front of him.

"Elder, I want to see Luoru again. As soon as I see her, I will leave immediately." Wang Fan looked at the elder who appeared, forbore his anger and said.

He has made a decision. If the elder doesn't agree, he will do it immediately.

But to Wang Fan's surprise, the elder nodded when he heard Wang Fan's words, "OK, I'll arrange for you to see her for the last time. But don't blame us for being impolite if you dare not to leave at that time. "

Wang Fan nodded. He didn't want to talk nonsense.

"You come with me." The elder didn't talk nonsense, so he led the way ahead.

In fact, he promised Wang Fan because he had received the order. Let Wang Fan leave wuhaizong as soon as possible.

In this way, Bian Yunzhang will have a second chance to kill Wang Fan.

After all, in the clan, they still have some scruples. They are afraid that things might spread to Luo Ru.

They don't want to lose such a genius as luoru, and they don't want to completely change face with luoru because of Wang Fan.

Wang Fan followed the elder seven turns eight turns, ten minutes later, he came to the core area.

The residents here are some zhenzhuan elders and some zhenzhuan disciples of Wuhai sect.

However, Wang Fan did not go deep into the core area, so he saw luoru running out quickly.

Obviously, she also received the news, so she came out.

As for the old man who has been in charge of monitoring her, he is still following her as before.

"Well, if you have anything to say, you can go over and say it quickly. I'll give you three minutes at most. In three minutes, get out of here."

The elder who came here with Wang Fan whispered a word to Wang Fan, and then walked to the other side.

Wang Fan sneered and didn't care. He went to luoru. "Big brother..." Luo Ru saw Wang Fan, just excited to say two words, has been interrupted by Wang Fan, "stop talking, follow me, I will take you away."

Wang Fan's words were transmitted to luoru, and no one else could hear them.

With that, he had already come to luoru, and then he grabbed luoru's figure and ran out to Wuhai zongwai.

Whether it is the elder who brings Wang fan or the elder who is responsible for monitoring luoru, his face changes greatly when he looks at this scene.

"What are you doing, lofan?"

"Little beast, you want to die!"

They are angry roar up, accompanied by roar, body shape suddenly flash, crazy toward Wang Fan chase

past.

Wang Fan didn't look at the two people, but the speed increased to the fastest, and he galloped away towards Wuhai zongwai.

With his crazy acceleration, the two elders were shocked to find that Wang Fan was getting farther and farther away from them.

But under, they crazily seized the communication bead, spread this news, call the elder outside to stop Wang Fan.

The man outside is his only son Bian Jieyou.

At the top of the bianyun chapter, there were three people sitting. They were the three elders of the fourth floor of Zunjing.

When something happened in the outer gate, the three of them naturally wanted to find the outer gate. At this time, Bian Yunzhang's face was very gloomy, and his anger and intention to kill were already enormous.

He didn't notice what the three elders of the fourth floor of Zunjing said. He only knew that his only son had been abandoned.

Burning fury madly, Bian Yunzhang vowed in his heart that he must break the culprit to pieces!

"The three elders can rest assured that Bian Yunzhang will investigate this matter to the end, find out the culprit and give you an account."

Bian Yunzhang assured the three elders, and added a sentence in his heart: give my son an account!

Just as Bian Yunzhang finished his sentence, suddenly, his face suddenly changed, and he suddenly grabbed the communication bead.

At the same time, the three elders also seized the communication bead at the same time.

Then, their faces were all gloomy.

They basically know who the culprit is.

"Lofan!"

With a gnashing of teeth, the figures of the four almost flickered at the same time and disappeared in the main hall.

**Chapter 2226**

Wang Fan with Luo Ru gallop all the way, there is no half to stop meaning.

For him, only as soon as possible out of wuhaizong, will be more secure.

Otherwise, if he is trapped in Wuhai sect, even if his strength reaches the level of Zunjing, he will be in great danger.

After all, he will not forget that in Wuhai sect, there is not only a powerful patriarch with five levels of Zunjing, but also a terrorist with six levels of Zunjing.

Under the speed of Wang Fan's terror, even if some elders find something wrong and want to stop it, it's too late.

In this way, Wang Fan quickly rushed out of the inner gate area and came to the outer gate area.

At this time, because the two elders sent a message, many elders had been waiting here in advance.

After seeing Wang Fan, they burst into a rage and roared angrily.

"What do you want, brute?"

"Stop at once, or you will be killed!"

"I'm just a disciple from the outside. I dare to break into the core area of the inner gate without permission. I dare to abduct the zhenzhuan disciples. You're so brave!"

The elders of the outer gate were excited and wanted to swallow Wang Fan immediately.

At the same time, the breath of their body has been madly diffused, and the aura in their body is madly filled with the body surface.

Wang Fan looked at these elders, eyebrows can not help a wrinkle, simply lazy nonsense, still speed does not reduce forward.

It's just the elder of the outer gate. The most powerful one is the third floor of Zunjing, most of them are in the second floor of Zunjing. He hasn't paid attention to it yet.

Now for him, the key is to rush out of wuhaizong as soon as possible.

Those elders saw that Wang Fan didn't mean to stop, but they rushed towards them, and they were more angry.

"To die!"

They roared wildly, and they also killed Wang Fan.

In their eyes, Wang fan is just a guy with nine levels of Wang Jing.

They didn't pay any attention to it.

Wang Fan looked at those crazy elders, and sneered even more. He didn't want to talk nonsense at all. He held Luo Ru in his left hand, and suddenly grabbed the shadow knife in his right hand.

Whoa!

The bright broadsword shot, like lightning across the sky, suddenly cleaved toward the elders.

The frenzied killing power and air flow were stirred up at this moment. The five elders who rushed to the front had no time to escape. They had already been thrown out in horror.

The blood rain diffused, and the scene was silent.

The rest of the elders of the outer gate looked at the scene, and they were so shocked that they couldn't believe their eyes.

Is this really the Luo fan of the Ninth level of Wang Jing, who only has yellow level talent?

Wang Fan didn't care about the shock of those elders. He grabbed the knife with his right hand and waved it with his backhand.

There was a series of hissing sounds, and the body protecting spirit of several elders was torn, and they flew out with blood.

At this time, a gap has been torn out among the elders who almost formed a human wall.

Wang Fan didn't fight wildly, and he didn't entangle with them. As soon as his body flashed, he jumped out.

He has noticed that the three elders of the fourth floor of Zunjing and Bian Yunzhang of the third floor of Zunjing are coming here quickly. He doesn't want to be entangled by these people.

However, Rao Shi Wang Fan has already exerted his speed to the extreme, but when he is about to rush out of wuhaizong, he is still stopped by Bian Yunzhang.

"Boy, it seems that we really underestimate you. If I'm not wrong, you are the newcomer to the frontier, aren't you? If you dare to abolish my son, I want you to die today

Bian Yunzhang stood in front of Wang Fan, his face twisted and ferocious, his eyes congested, just like a

fierce beast that wanted to eat people.

His anger had already expanded to the extreme, and his intention to kill was almost uncontrollable.

At the same time, the other three Zunjing four layers, also divided into three directions, stopped Wang Fan.

"Little beast, how dare you damage the eyes of our Wuhai sect? You are really guilty. Even if we kill you 10000 times, we can't make up for our loss! "

"Little beast, today, you don't want to leave my wuhaizong. I think you'd better stay here forever."

"If you want to leave safely after damaging our smart eyes, do you really think that there is no one in Wuhai sect?"

The three were equally furious.

In particular, the thought that Wang Fan had cunningly arranged several transfer arrays, which caused them a lot of trouble, made them even more angry.

Wang Fan's action is a crazy slap in the face.

"Ha ha." Wang Fan looked at Bian Yunzhang, but he couldn't help laughing.

He first looked at Bian Yunzhang, "Bian, you really have no wrong guess. I'm the newcomer who just entered the frontier. But you didn't guess it all" I'm not only the newcomer to the frontier, but also Wang Fan from the 18th empire."

He pointed to Bian Yunzhang, "Bian, if I'm not wrong, it should be the Wangdu holy courtyard you sent to destroy?"

"You have the courage to destroy our royal capital. Today, Wang Fan has not only abolished your son, but also you! "

Wang Fan said, the body spirit suddenly surging, body shape a flash, it is like a ghost to kill the past toward the cloud chapter.

He had already made it clear that it was Wang Du Sheng Yuan, which Yunzhang had ordered to destroy, that sent people to cooperate with the other 17 empires attacked by the huri empire.

These decisions were made by Bian Yunzhang on his own initiative, and only then did he get the approval of the Lord of Wuhai sect. It can be said that Bian Yunzhang is the biggest mastermind behind the scenes.

"Wang Fan?" When Bian Yunzhang heard Wang Fan's words, his face suddenly changed. He was obviously surprised.

At the moment of his surprise, Wang Fan had killed him like a ghost.

"What a arrogant boy, you are hiding so much. It seems that you really can't leave today. "

Bian Yunzhang said with a grim smile, the powerful atmosphere of Zunjing three layers suddenly diffused. He grabbed a dark green spear with his right hand, and then met Wang Fan.

As a strong man with three levels of respect, he is naturally not afraid of Wang Fan.

Even if Wang Fan's strength has been promoted to Zunjing level, he still has no fear at all.

Wang fan saw that Bian Yunzhang took out his spear and split it. His face didn't change.

He is holding shadow knife in his right hand. With the momentum of rushing forward, it is suddenly a knife.

Dangdang!

The sword and spear collided, making a harsh sound, and the energy storms were raging like ripples. Both of them began to retreat.

Looking at this scene, the elders around all changed their faces.

No one thought that Wang Fan of Zunjing level could defeat Bian Yunzhang of Zunjing Level 3.

Wang fan is also a little surprised. Yunzhang is really worthy of being an outsider. When Wang Fan realizes Bian Yunzhang's strength, he immediately doesn't have the idea of fighting. Instead, he plans to fight quickly.

There are three guys on the fourth floor of Zunjing next to him. He doesn't want to waste his time.

## **Chapter 2227**

Wang Fan thought of this, did not continue to waste time, once again frantically rushed to the edge of cloud chapter at the same time, has been frantically cut out of the wilderness.

He has already thought that if Bian Yunzhang is forced to kill this guy, he will work hard to kill him. If Bian Yunzhang chooses to retreat, he will rush out of wuhaizong.

The fierce killing power spread out, forming a piece of killing power sword mu, crazy toward the edge cloud chapter swept away.

Bian Yunzhang felt the scene and his face changed in an instant.

At this time, he has a kind of illusion, as if he is not facing a mole ant in the first level of respect, but a strong one in the third or fourth level of respect.

Not only Bian Yunzhang, but also the three strong men on the fourth floor of Zunjing changed their faces.

None of them had expected that Wang Fan, who was just a level of respect for the territory, would be so terrifying, and his power to show respect for the level of martial arts was no less powerful than them.

"It's just a level of respect. Even if you show your respect level martial arts, today, Bian Yunzhang will still kill you!"

Bian Yunzhang roared without slighting. His aura rushed out like a torrent, and he had already swung out with a spear.

A similar terrible power spread out, spears raised a spear shadow, crazy to meet the sword.

Boom, boom, boom!

Two terrible energy storms collided in mid air, making a huge sound.

A series of terrible energy storms raged out. Except for the three strong men in the fourth floor of Zunjing, the rest of the elders began to retreat madly.

Their expressions were full of horror and even fear.

Fortunately, Wang Fan didn't use this move to them before, otherwise, they would have fallen into the sword.

This Wang fan is really terrible.

His strength is only a level of respect for the territory, and his combat effectiveness is so terrible. If his strength is higher, wouldn't it be more abnormal?

Among the elders, Bian Yunzhang was shocked by the energy storm.

On the other hand, Wang fan is always calm and still standing in the air.

Make a decision!

However, just as Bian Yunzhang was retreated by the bombardment, suddenly, with a whoosh, Wang Fan was once again like a phantom to him.

Just for a moment, Wang Fan has madly approached Bian Yunzhang, and the shadow knife in his right hand waved out again.

A bright blade surges like lightning.

At this moment, in everyone's eyes, it seems that there is only one blade left, as if the whole world, there is only one blade left.

The edge cloud chapter that flies upside down, the corner of the mouth is to can't help but fiercely draw, immediately the facial expression is in vain stiff.

Whoa!

His chest, suddenly burst out a bright blood, immediately the whole person fell heavily to the ground.

At this moment, the whole audience was dead.

The whole scene was completely quiet. There was no sound in the silence, and even the sound of breathing could not be heard.

No one thought that the battle would end so soon.

They didn't expect that "I said I would send you to accompany your son, and now I have done it."

Wang Fan didn't look at the fallen Bian Yunzhang, let alone the elders who were shocked. He coldly said a, spin even with Luo Ru crazy rushed out of wuhaizong.

"Little beast!"

"Son of a bitch!"

"Where to go!"

At this moment, the three elders of the fourth floor of Zunjing finally came back to God.

They looked at Wang Fan, who had gone away quickly. With an angry roar, they pursued him crazily.

Wang Fan felt the scene, and his mouth curved.

With a cold smile and no hesitation, he directly grabbed the killing short gun, which triggered the killing intention inside, and then cut it out madly.

With the rapid loss of aura in the body, countless gun patterns were agitated out, rolled up the violent

killing power, and blasted at the three people.

After all this, Wang Fan didn't stay at all, and he didn't dare to look back at the results. Sacrificing the anti sky spaceship was a crazy escape from here.

Such a big movement must have alarmed the leader of Wuhai sect. He was worried that the leader of Wuhai sect would come out.

At that time, he will be really hard to fly.

Wang Fan crazy escape, the three Zunjing four can be some unbearable.

They looked at the countless gun patterns coming from the crazy, felt the terrible killing power contained in them, and their body and mind suddenly stopped rushing forward, and then they began to resist by all means.

However, this scene was so sudden that they didn't expect it in advance, so it was too late to resist even in time.

The dense gun patterns soon bombarded them, and the vigorous Qi on their body surface was like a fragile paper in front of the gun patterns, which had been torn to pieces in a moment. Immediately, in a burst of hissing voice, the three people's bodies were torn out to countless blood fog, like a broken kite flying backwards, fell to the ground.

Not dead, but seriously injured.

Looking at the three seriously injured Zunjing 4th floor, the scene fell into silence again.

All the surrounding elders and disciples of Wuhai sect trembled.

Terrifying. It's terrifying.

What kind of evil did they provoke?

Is this really a monk from the barbarian land of the 18th Empire?

It's so terrifying to have only one level of respect. If their strength reaches two or even three levels of respect, doesn't it mean that their patriarch will not be Wang Fan's opponent?

"Cough, hurry to report to the Lord. Now, only he can solve Wang Fan. This son is too terrible, we must get rid of it, otherwise, there will be endless trouble in the future! "

A seriously injured Zunjing 4th floor raised his head and said weakly to those elders around him.

Those elders heard this, the moment is back to God, quickly should be a, quickly left.

...

on the anti sky spaceship, Wang Fan had no direction at all, but was frantically running away.

He just wanted to be as far away from wuhaizong as possible.

Wang fan is very clear in the heart, although he successfully rushed out of wuhaizong, but it is not absolutely safe.

It can be said that wuhaizong was severely beaten in the face by him for such a big thing, which will never be stopped easily.

Soon, wuhaizong will send countless experts to look for his trace. Even the leader of Wuhai sect is likely to go out in person to get rid of his eternal sufferings.

"Brother, are you ok? We can't. let's find a place to hide and have a rest. I'm afraid you can't bear it if it goes on like this. "

Luo Ru looks at that pale Wang Fan, can't help worrying to say.

"I'm fine. You don't have to worry about me. It's not safe here. We can't stop. " Wang Fan took out a handful of pills to swallow and said to Luo Ru.

According to his conservative estimation, it is less than 500 li away from wuhaizong.

With such a distance, if the master of Wuhai sect comes out in person, it won't take long to catch up.

## **Chapter 2228**

Wang Fan did not know how long he had escaped, because he had no energy to calculate the time.

He only felt exhausted before stopping, and then found a hidden place to hide.

"Let's hide here for a while, and we'll leave when my cultivation recovers." After entering the cave, Wang Fan said to Luo Ru.

Luo Ru nodded, but her heart was a little upset, "sorry, brother Wang Fan, it's me who has dragged you down again."

Luoru is very guilty, but she has no way. After losing her brother, she has completely regarded Wang Fan as her dependence, and she really doesn't like wuhaizong.

"Don't say that again. Even without you, wuhaizong and I will be antagonistic. These things have nothing

to do with you."

"What's more, if I don't leave with you, I will hurt you."

Wang Fan waved his hand and said.

What he said was also true. First of all, he said that he had damaged other people's eyes in Wuhai sect, and sooner or later they would find out about him.

At that time, if he patted his ass and left, luoru would be in danger.

Even if luoru is an evil genius with heaven level talent, the leader of Wuhai sect is likely to anger her in matters like Lingyan.

Wang Fan didn't talk to Luo Rudo any more, but began to recover madly.

In this besieged environment, only when his strength is restored can he have the ability to protect himself. Otherwise, it's a death.

Luo Ru looked at Wang Fan apologetically, but he didn't say much, so he began to practice.

Wuhaizong, when the Lord of wuhaizong learned about this, Wang Fan had already left.

The leader of Wuhai sect was very angry. He scolded the elders and spread his mental power to find Wang Fan.

The master of Wuhai sect, named yijinyang, is a super strong man in the five levels of Zunjing.

In the border area, his strength has stood at the peak.

When Wang Fan left, he happened to be in the critical moment of cultivation, completely closed the five senses, so he didn't notice.

It can also be said that Wang Fan's life is good, just in time for him to be in the critical moment of cultivation, otherwise, it is absolutely impossible for Wang Fan to leave safely.

About an hour later, yijinyang regained his mental strength, and his face was even more gloomy.

His mental power has carefully searched the range of thousands of miles, but still nothing.

Further away, although he can search with his mental power, it is not so convenient.

And beyond thousands of miles, his mental strength is not so concise, search is impossible to do so in place.

"Waste, it's really waste. How ironic that one of the three major forces in the border area, wuhaizong, was killed by just one of them

"If this matter is spread, where is the face and dignity of wuhaizong, and how can I see people in the future?"

"It's a joke to damage the eye of our Wuhai sect, kill the elders of our Wuhai sect, and kill our Wuhai sect calmly, or with a woman who has no power to bind a chicken?"

Yijinyang was so angry that he was about to explode.

If this kind of thing is spread, it will only make people laugh.

After all, it's just a matter of respecting the environment. Even if it's abnormal again, where can it go?

If only a person could enter and leave Wuhai sect wantonly, is it necessary for Wuhai sect to continue to exist?

The following elders listen to the rebuke of Yi brocade central, all can't help but shame of low head, a don't dare pit.

They just feel that their old faces are burning.

Yi Jinyang saw those elders who bowed their heads and didn't speak. He was even more angry, but he didn't continue to reprimand them.

Because he knew it was meaningless, it was just a waste of time.

He sighed helplessly and ordered, "send the order down immediately. All the elders above the first floor of Zunjing will send out to search for Wang Fan for me. Let me know as soon as you hear from him

"As long as he's still in the border, we can't let him escape and win at all costs."

"Yes, Lord!" When the elders heard this, they immediately said yes, and then if they were pardoned, they withdrew.

Facing the five level masters of Zunjing, they are really under too much pressure.

With the order of yijinyang, soon all the elders of Wuhai sect took action and rushed out.

In groups of ten, they began a careful search of the surrounding area.

And this matter, even though wuhaizong has tried to block the news, but still spread. Soon, it caused a

sensation in the border area.

Wang Fan's name is also the first time to gain some fame in the border region.

At this time, Wang Fan didn't know these things, he was still in a crazy recovery. Five days later, his strength finally returned to the peak.

"Brother Wang Fan, you wake up. During this period of time, I noticed that many people were searching around. I think most of them are from wuhaizong. "

Luo Ru saw Wang Fan wake up, in the heart slightly relaxed tone, said quickly.

She only practiced for three days, and then she couldn't practice any more, because she noticed that many monks were searching around.

Although Wang Fan has set up a border here, she is still a little worried and afraid of being detected.

These two days, she has been wary, responsible for the guard, once those people found here, she will immediately wake up Wang Fan.

As soon as Wang fan saw Luo Ru's tired appearance, he knew that she didn't have a good rest. He said quickly,

"don't worry, I'm here, and I've recovered my cultivation. You have to rest for a while, and then we'll go out. "

At the same time, Wang Fan's heart has set off a chill.

This wuhaizong really perseveres. In that case, he will accompany wuhaizong to have a good time.

Originally, Wang Fan was dissatisfied with the destruction of Wangdu Shengyuan by wuhaizong and other three forces, and had no chance to revenge.

Now it seems that he can recover some interest first.

"Well." Luo Ru cleverly nodded, and then closed her eyes to rest.

Wang Fan once again set up a number of border, and then part of the mental force to observe the surrounding situation, the rest of the mind is all put into the killing shotgun.

There are numerous prohibitions on the killing short gun. It's only refined to the second level.

In his opinion, with his current strength, he can refine the third level or even more.

Once he is refined to the third level or even more, even the suzerain of Wuhai sect will have to retreat if he uses his current strength to stimulate the killing short gun.

As for Wang Fan's arrangement of the border, he believed that no one, even the fourth floor of Zunjing, could be aware of it except the presence of the Lord of Wuhai sect.

After all, with his strength reaching the first level of Zunjing, his mental strength has been improved, and the border will naturally increase.

As time goes by, three days pass, and with three days' rest, luoru is not as tired as before.

Wang Fan put away the killing short gun, slowly stood up, eyes in the emergence of a forest killing.

His counterattack is about to begin.

## **Chapter 2229**

In the dense jungle, with the sound of "rustle", ten Wuhai elders are moving forward carefully.

They are very alert, not only the mental power of crazy dispersion in the surrounding, but also the eyes are constantly scanning around.

Not only that, in their hands are also holding the signal bomb, once there is any wind blowing, they will be the first time to launch a signal bomb.

There's no way. Wang fan is too evil. Even the three elders of the fourth floor of Zunjing are seriously injured by Wang Fan. Then they are not enough in Wang Fan's eyes.

There were ten people in the party. One of them had three levels of respect, two of them had two levels of respect, and seven of them had one level of respect. No one spoke. The atmosphere was very depressing.

They were in the front row, they didn't realize it at all. In the position thousands of meters away from them, their eyes had locked on them.

That look is very sharp, it is as sharp as a knife, and its owner is Wang Fan.

However, at this time, Wang Fan seems to have been completely integrated with the jungle, there is no breath of leakage.

Moreover, he was completely hidden in the Bush, and could not be detected by the elders, even with their mental strength.

These ten people are already the third wave of people Wang fan is following.

He had followed two waves of people before, but they were too vigilant, and there were four strong people in them, so Wang Fan, who didn't find the right opportunity, hesitated again and again and chose to let go.

Although Wang Fan wants to fight back, he will not fight back blindly. Because a careless, he is likely to be doomed.

"I have three levels of respect, two levels of respect and seven levels of respect. I have the ability to handle this kind of strength."

"It's just that it's a bit difficult to get it done before they launch the flare."

"I have to deal with the third floor of Zunjing and the second floor of Zunjing in the shortest time, and then deal with the others."

Wang Fan stares at the ten people coldly and thinks so in his heart.

If you don't do it, you have to do it first. In this way, even if the other side releases the signal bomb, he has the ability to break the game and leave.

Otherwise, if leave strength strong, in case of fighting to explode or burning blood essence entanglement, he wants to get away is also some things.

Once the time is delayed, it is likely to attract more people, or the leader of Wuhai sect.

Shasha ·

the ten people are still searching on guard, even though their mental power has been highly concentrated, they are still not aware of Wang Fan.

At a certain moment, when they moved about 1000 meters, Wang Fan finally couldn't help biting his teeth firmly and moved.

Whoosh!

With a sharp wind breaking sound, Wang Fan excited the speed to the extreme and rushed towards the ten people like lightning.

At this moment, the aura and muscles of his whole body have already started to surge wildly, and his state has been adjusted to the peak in an instant.

In the quiet jungle, suddenly there was such a sound of wind breaking. The expression of the ten people could not help but be stunned. They immediately stopped and raised their heads subconsciously.

But at this time, Wang Fan has been like a ghost, completely approaching them.

A grim smile appeared in the corner of his mouth. As he approached each other, he grabbed the shadow knife with his right hand and cut the remaining nine people in the third floor of Zunjing.

Of course, although Wang Fan's shadow knife is cutting nine people, the focus is on the two Zunjing two layers.

Looking at the sharp sword awn, nine people's faces changed in an instant, and seven people's eyes even appeared panic.

Almost subconsciously, they began to retreat crazily, but it was a little late.

The shadow knife was like a thunderbolt. In a moment, it was hard to cross the Dantian on the second floor of the two Zunjing. The blood splashed, and their faces turned white.

Immediately after that, the shadow knife continued to castrate, and crossed the chest of the three Zunjing.

The first floor of the three Zunjing was also blasted away. When people were in mid air, there was no breath at all.

The other four Zunjing's first floor is slightly better, because Wang Fanying's knife is the last one to cut them, and they have already made a response at the moment of cutting them.

But even so, the flares in their hands were picked out and landed in the distant jungle.

Almost at the moment when Wang Fan waved his shadow knife, his left hand had already become a fist, and a violent fist went to the third floor of Zunjing.

However, the third floor of Zunjing's reaction was extremely fast. Almost at the moment when Wang Fan approached them and blew out his fist, his body surface was already diffused with vigorous Qi of protecting his body. At the same time, his right fist was raised to meet Wang Fan's fist.

Although his attack was hasty, at least he responded.

Fist to fist collision -

bang!

With a deep explosion, the third floor of Zunjing only felt a terrible force and hot heat coming, and the old man's face took a violent puff, even when he began to retreat madly. As he retreated, a touch of salty water poured into his throat, but he forced him to swallow it.

"Wang Fan?" There was a shock in his eyes, a murmur in his mouth, and he was going to release the signal bomb crazily.

At this time, Wang Fan has already blasted the nine people, at the same time, the shadow knife revolves, and cuts him hard.

Without the slightest reservation, Wang Fan directly showed a knife cut, extremely decisive.

There was a flash of horror and even despair in Zunjing's three-layer eyes. The signal bomb in his hand had not been released yet, because he was unable to fall to the ground.

His hands couldn't help covering his chest. There, there was a knife mark on the bone, and the red blood sprayed out. How could it be blocked.

Plop!

A few seconds later, he couldn't hold on any longer and fell to the ground.

From beginning to end, I didn't say a word.

The remaining four Zunjing looked at the scene, their throat could not help grunting, and their whole body was exuding cold sweat.

In a short moment, with only three moves, Wang Fan has solved three levels of respect, two levels of respect and one level of attack.

This is not a strong one in Zunjing level. I'm afraid that even the general Zunjing level 5 can't be as clean as Wang Fan?

At the moment when they were shocked, Wang Fan had already grinned at them and rushed to them like a ghost.

Another knife, a simple knife, the three people flew out in despair and fell to the ground.

At the same level of Zunjing, their strength is far from that of Wang Fan. They are not at the same level and they are totally vulnerable.

"Don't blame me. If you do, blame us for our different positions." Wang Fan solved the ten people, put away their space ring, whispered, and left here quickly.

He is like a ghost, a few flashes, has been completely integrated into the jungle, disappeared.

The game has just begun.

**Chapter 2230**

In the next few hours, Wang Fan shuttled through the jungle like a ghost. Once he met the right opportunity, he would snipe those elders of Wuhai sect.

In the past few hours, he has killed six groups of people, that is, 60 elders of Wuhai sect.

Among the sixty elders of Wuhai sect, six of them have three levels of Zunjing, a dozen of them have two levels of Zunjing, and the rest have one level of Zunjing.

Wang Fan killed so many people, even if it was no longer hidden, no longer gave the other side the opportunity to release the signal bomb, it was still detected.

After all, there are too many dead people, and we are all active in this jungle, so we can't be aware of them forever.

In a dense forest, there are also ten elders, who are carefully pushing forward and looking for Wang Fan.

"No, I feel something's wrong. I seem to smell blood." At a certain moment, one of them moved his nose and said in a voice.

With his voice, the other nine people all stopped in an instant, and they felt it.

Before long, they all smelled blood.

"The source of the smell of blood seems to be ahead. Let's go and have a look." Another elder frowned and said, more carefully forward.

Before long, they came to one of the areas. They didn't need to get close at all. Their mental power was already sweeping a scene that made their mind tremble.

Only a few kilometers in front of them, ten people crisscross lying on the ground, there is no breath.

The blood flowing from them has dyed the ground red and even dried up.

The ten people recognized at a glance that the dead man was the elder of Wuhai sect.

Looking at this scene, their eyelids can't help a fierce jump, and they all have some scalp numbness.

Among them, there is a group of people who have already died, and they are still dead in silence, which is incredible.

Their whole body was filled with cold.

"No, that Wang fan should be in this jungle. Let's inform other people to be careful."

In the short silence, one of the elders came back to his senses and said quickly, catching out the communication bead and sending out a message.

Almost at the moment of his message, three groups of people in the other three areas also found the dead 30 elders.

They looked at the miserable scene in front of them, and at the same time, they also spread the news.

"Wang fan is in the jungle. The elder group of waimenwu has been killed and the whole army has been destroyed. Everyone should be on guard."

"The event is not good. Wang fan is lurking in the jungle. The inner door elder Zhao group has all been killed, and no one is spared. Everyone pay attention to raise the alert."

"Everyone has noticed that Wang fan is hiding in this jungle, and all ten members of elder Hu's group in Neimen have been killed."

All the messages came out at the same time, which immediately caused the panic of all the elders.

How long has it been since forty elders were killed?

The most important thing is that so many elders were killed, no one even noticed, silent, this is too terrible, right?

Wang fan is just one person. Is he really against heaven?

A tense and oppressive atmosphere spread in the jungle, and all the elders of Wuhai sect felt numb.

There are still 20 people who have not been found. If they knew that it was not 40 elders who died, but 60 elders, would they be more scared?

The remaining seven groups of wuhaizong elders become more careful. Even if there is any disturbance, they can't help grabbing weapons.

There is no way, so many people died, even the shadow of Wang Fan did not see, Wang fan is too terrible, just like a ghost general, can not help but they do not panic.

This matter soon passed back to Wuhai sect, and to the leader of Wuhai sect and all his disciples.

After hearing this news, the master of Wuhai was completely furious, and those disciples were completely shocked.

Is it really the garbage with yellow talent that makes such a bad thing?

They couldn't believe it, but they had to.

The Lord of Wu Hai sect was furious. He smashed a piece of marble with one blow, and then ran towards him.

He couldn't bear such a big loss, so he planned to meet Wang Fan in person.

Originally, he didn't know where Wang Fan was hiding, so he didn't move.

Now that Wang Fan's general position has been determined, he naturally wants to do it himself.

For the first time in countless years, they suffered such a big loss.

.....

in the jungle, Wang Fan stood in an open area with a pale face.

At his feet, ten people had fallen.

These ten people have four levels of respect, three levels of respect, two levels of respect and one level of respect. They are extremely powerful. These ten people are also the strongest group Wang Fan has met so far.

"It seems that the game can only be here. If it goes on, I will be exposed and even surrounded."

While Wang Fan put away the space ring of ten people, he murmured to himself.

After a period of investigation, he has found out that there are only six groups of people left in this jungle.

However, the strength of each of the six groups is not weaker than that of the group under his feet, and even stronger.

It took him a lot of effort, and it was in the case of Zunjing's fourth floor that he managed to deal with them before the other side released the signal bomb.

If he continues to attack the next group, the other side will be a little more vigilant and definitely have time to release the signal bomb.

That way, he would be in danger.

After Wang Fan put away the space ring of ten people, he was planning to leave. Suddenly, his mental power was swept, and a figure rushed towards the jungle.

"Five levels of Zunjing?" Wang Fan noticed that the man's face changed in an instant. He didn't have to think about it at all. He already knew that this man must be the master of Wuhai sect.

The only thing he should be thankful for is that the leader of Wuhai sect did not seem to have found him.

Wang Fan did not dare to hesitate, quickly convergence of the breath, quickly toward a direction swept past.

He's going to take Rojo and get out of here.

.....

the leader of Wuhai sect rushed to the area where Wang Fan was, while spreading his mental power.

He must find the trace of Wang Fan, and then break Wang Fan to pieces.

But with the passage of time, his face is more and more gloomy, can not find Wang Fan.

"Boy, I don't believe you can escape. This time, even if it takes some time, I will kill you."

The Lord of Wuhai sect couldn't help roaring in his heart, but his face changed in an instant just after he roared.

He noticed a place with a hidden border.

If he had not carefully investigated the boundary, he would not even have noticed it.

Aware of this scene, the suzerain leader of Wuhai sect was happy, and his mental power was madly condensed into awn. He directly bombarded the border.

He wanted to see what was in the border and whether Wang Fan was hiding there.
