

## **Mighty Sk 2461**

### **Chapter 2461**

"Ha ha, you've all come to my new star arena. If I'm a blue Taoist, I can't live with you."

Blue Taoist still face with a smile, Mian Li Cangzhen said.

It's no secret that the four corners fight openly and secretly. Naturally, he won't be really polite.

Rising arena and killing arena, the two holy places did not speak again, but looked at Wang Fan on the platform with a gloomy face.

They know that it is impossible for them to solve Wang Fan by hiding their identity. If they want to kill Wang Fan, they can only send Ji or beast.

No matter Ji or beast, they are absolutely confident that they can kill Wang Fan.

It's just that Jihe beast and their arena are just cooperative relations. It's a price to pay, and the price is still very high.

Originally, they brought them here, but they didn't mean to ask them to fight. They just asked them to recover their reputation in the arena.

But now it seems that it's no good not to let them do it. Even if it is to pay a high price, it must not let Wang rise, let the rising star arena rise.

On the platform, Wang Fan calmly looked at the people under the stage, his eyes were unshakable.

What he cares about is not Yi, Ji, beast, nor the holy land of rising arena and killing arena, but Xing closed moon.

He believes that no matter Yi, Ji or beast, they will never be his opponents.

As for the holy land of the other two gladiators, it's impossible for him to surrender his identity under the eyes of the holy land of the new star Gladiator, so the only one who threatens him is Xing closed moon.

The reason why Xing closed month didn't make a move now is that he hasn't confirmed his identity. Once Xing closed month has confirmed his identity, it is possible that 80% of them will make a move.

Wang fan doesn't care much about Xing's closing the moon, but he can't help caring about the Qingyue palace behind Xing's closing the moon.

If the new star arena doesn't want to offend the Green Moon Palace for him, then he is really finished.

Wang Fan thought of this and decided to add another fire.

He glanced at the three trumps in the crowd and said, "Yi of the trapped animal arena, Ji of the rising arena, and beast of the killing arena, you three come up together."

"It's said that you are the trumps of the three major arena. In such a place as arena, you have already stood at the top."

"I'm not talented. I want to ask for advice."

As soon as Wang Fan said this, the whole audience was in an uproar.

What an arrogant guy.

This guy even wants to challenge three trumps at the same time. It's against the rhythm of heaven!

"What a arrogant person, do you think you can compete against the three trumps after winning 93 consecutive games? It's too much for me

"Hum, this kind of arrogant person, even in the face of any one of the three trumps, will only be defeated. Now he even wants to challenge three of them together. It's just like looking for death!"

"I can't stand this kind of arrogant guy with a little achievement. I really think of myself as an onion."

"I used to worship this king, but now I just feel sick of him!"

Wang Fan's words, the audience immediately set off a lot of dissatisfaction.

Even those who worshipped Wang Fan before could not help hating Wang Fan.

The three trumps, the gods in their hearts, do not allow blasphemy and provocation.

Now, Wang Fan even dare to challenge the three, which is insulting the God in their hearts.

Of course, some people are excited by Wang Fan's arrogant words, and they worship Wang Fan even more.

It's just that there are few such people, and they don't dare to show it at all.

They are afraid of causing public outrage.

"Well, it's arrogant! Even if you don't get a hundred consecutive victories, you are so arrogant. If you really get a hundred consecutive victories, what's the point? "

The holy land of the killing arena was the first to open its mouth.

The beast is the sign of their killing arena. Now that the beast is so provoked, he is very upset.

"It's just a frog at the bottom of the well. I dare to challenge our three trumps at night. It's just beyond my ability. Such a person is not worthy of a hundred consecutive victories

The rise of the arena of the holy land is not to be outdone, said with a sneer.

The blue Taoist in the new star arena can't help frowning slightly. He also feels that Wang fan is a little too arrogant.

Wang fan is really good. He is definitely a talent who can win 93 consecutive victories and attract the attention of so many big people.

But Wang Fan dare to choose three, and still challenge three trumps, which is a little too much.

He doesn't think Wang Fan will be the opponent of the three trumps, let alone the three trumps. Even against any one, Wang Fan has little chance of winning.

In this case, even Taoist LAN can't speak for Wang Fan. He can only watch the change. Because once he speaks for Wang Fan, it will cause public indignation. If Wang fan is defeated again, the new star arena will really stink.

"Ha ha." Wang Fan did not care about the irony of the two holy places, but suddenly burst out laughing, "arrogant? able only to see the little patch of sky above? Too much of yourself? "

He looked coldly at the two holy places. "Now they haven't been compared. How can you know that I'm arrogant, a frog in the bottom of the well and beyond my ability?"

"What if I can beat the three of them? Dare you say that?"

Wang Fan's voice was sharp and his words were like a knife. "I didn't win a hundred times in a row, not because I couldn't, but because no one dared to challenge."

"If you don't agree with the two big gladiators, you can send them to try."

"I'd like to see how your 100 consecutive victories in the arena compare with my 100 consecutive victories."

"Dare you?"

Wang Fan's voice is like thunder, rolling out and echoing in the whole arena.

In particular, the last sentence "dare you?" was like slapping one by one on the faces of the two powerful men in the holy land, which made their faces extremely ugly.

What Wang Fan said is right. Although he has not won 100 consecutive victories, he is definitely much stronger than those who have won 100 consecutive victories.

Otherwise, the three trumps will not come for Wang Fan, and they will not come for Wang Fan.

"Also, you have to remember one thing, I am facing the whole miracle city under the holy land of monks, challenge a hundred consecutive victories."

"You arena, even those trumps, at the beginning of the rise, have such qualifications, such courage?"

Wang Fan's voice is still ringing, just like a slap in the face again, so that they can not refute.

Even Yi, Ji and Shou's faces were extremely ugly.

What Wang Fan said was right. When they came to the arena, they only challenged the hundred consecutive victories in the arena. They did not dare to challenge the monks below the holy land of miracle city.

And the reason why they have the present status and achievements is that they grow up slowly in the future.

"You big mouth bastard, dare to challenge our trump card, I, Simba, come to learn your strength."

A shout of anger suddenly came from the crowd, followed by a man of medium height, who had stepped on the platform.

Simba, the winner of the killing arena, is second only to the existence of beasts.

The holy place in the killing arena was very anxious to see Simba go up, but it was too late to stop it.

## **Chapter 2462**

"Simba, it turned out to be Simba. It seems that this king's winning streak is over."

"Of course! It's just a mole ant who doesn't know where to come from. It's only by virtue of good luck that it has won 93 consecutive victories. It's just a dream to want to win Simba. "

"This kind of arrogant guy, should pay the price!"

"Simba warrior, kill him!"

"Kill him!"

The supporters of the three trumps immediately became excited when Simba came to power.

In a short moment, their voice has gathered into a torrent, so that the whole scene is to kill Wang Fan's voice.

Wang Fan's face was always calm.

He lightly stretched out a middle finger and shook it at Simba. "You can't do it. You'd better go back quickly."

Tone flat, as if in the face of an ant in general.

Wang Fan's contempt, not to mention the supporters of the following three trumps, could not be accepted. Even Simba could not accept it.

Simba was so angry.

He is Simba, which is second only to the existence of the three trumps. Now Wang Fan dare to despise him so much, or in full view of the public, which is an insult to him.

"You want to die!" With a sharp drink, Simba's whole body was full of momentum, and the whole person was like a raging beast, killing Wang Fan madly.

The violent momentum surged out of him, just like a torrent, rushing towards Wang Fan.

That kind of powerful momentum impact, even if the mind is a little weak, I'm afraid it will be destroyed immediately.

"I said you can't do it." However, Wang Fan's tone is still flat. At the moment of utterance, his aura is surging wildly and his right foot is stepping on the ground!

Boom!

There was a loud noise, and the strong Qi was raging. The ground trembled, and he was like a sharp arrow.

The same rage, the same directness.

Wang Fan's body was like a sharp arrow. In a clattering sound, he directly tore Simba's violent momentum. In an instant, he had come to him.

Simba's face slightly coagulated, obviously did not expect that Wang Fan had such strength.

However, he was experienced in actual combat, but he didn't flinch at all. Instead, he stirred up his fists crazily and bombarded Wang Fan fiercely.

This is not an ordinary fist, but a fist that condenses his whole body momentum and his whole body spirit.

This fist, even if it doesn't use any martial arts, is much stronger than any martial arts below Saint level.

Even if it's Saint level martial arts, if the monk's momentum is not strong enough, it will be directly crushed.

At the point of Simba's cultivation, even a common fist has already contained the general trend of heaven and earth, which is not comparable to ordinary people.

Wang Fan raised a touch of sarcasm at the corner of his mouth. Almost at the moment of Simba's fist, his fist went out with it.

The fierce killing power swept in an instant, and the aura in the body was like the torrent of breaking the dike, pouring into the right fist crazily.

Boom!

Two fists collide and make a loud noise!

At this moment, the violent power in Wang Fan's body seemed to find the vent, and let it out madly along his fist tip.

Click!

In that terrible to unimaginable violence, Simba's whole right arm was torn to pieces in an instant.

But his whole person, is spurts out several mouthfuls of blood, just like the broken line kite, inverted flies out.

Boom!

His whole body fell on the platform, his internal organs were displaced, and his life and death were unknown!

Quiet!

Dead quiet!

Everyone opened their mouths, and it seemed that they couldn't believe it.

Even those loyal supporters of the three trumps, even those friars who were crazy about killing Wang Fan, all shut up at this moment and could not say a word.

One punch, Simba lost!

This kind of terrible strength, even if it is not as good as the three trumps, they have no right to despise, no right to insult!

Wang Fan did not continue to attack Simba, but disdained to look at the three trumps, "now, you can go together!"

As always arrogant!

At the same time, Xing closed month's eyes are suddenly bright, eyes suddenly emerged cold.

At this stage, she didn't have to rely on her appearance to recognize people.

She knows people by breath.

Even if Wang Fan goes against the sky again and concealment means is powerful again, but at the moment of starting, she is still aware of the familiar atmosphere.

She recognized Wang Fan.

Xing Shuyue recognized Wang Fan and immediately wanted to rush up and take him down.

Only when she thought of Wang Fan's powerful strength, she had to bear it. She went up to suppress Wang Fan, but not necessarily take him away.

The most important thing is that if Wang fan is as powerful as Yi said, and Wang fan is determined to escape, she doesn't even have the strength to stop Wang Fan.

Think of here, Xing closed month is dark hate.

She has guessed Wang Fan's purpose. This guy wants to attract the attention and protection of the new star arena through his strength, and then fight against her.

No, not against her Xing closed month, with his Xing closed month, not qualified to make Wang Fan fear.

What Wang fan is really afraid of is the Green Moon Palace behind her!

What a deep plan this guy has!

Xing closed mouth so think, but also have no way, can only send a message to the second elder martial sister.

Wang Fan has an ancient flavor. Anyway, she must take it away!

Xing closed mouth still recognize Wang Fan, easy and how can not recognize.

He thought of the previous amazing knife, and his face turned pale.

"Hum, don't you think that if you beat Simba, you can challenge me. You're not qualified!"

"What kind of thing are you? Do you dare to ask me to join hands with others to deal with you? I can crush you easily by myself

In Yi's pale face, two voices almost spread out one after another, and then Jihe beast had already fallen on the platform.

When they fell on the platform, they found that they had all come up.

Just as they were about to step down and give the opportunity to each other, Wang Fan's voice of disdain had been heard again,

"just two mole ants, dare to say I'm not qualified, dare to say crush me, it's just beyond our capacity!"

"The three trumps, in my king's eyes, are a joke. From today on, there will be no three trumps in the arena, only my king

Wang Fan's arrogant voice spreads out, but the vision is again swept to easy, "you, also come up together."

Arrogant!

How arrogant is this?

In the face of Jihe beast, it's not enough to pull Yi up!

At this time, even if some people feel that Wang fan is arrogant and arrogant, they dare not say it!

Wang is too evil and always can do what others can't do. Maybe he really has the strength to beat the three trumps.

Thinking of this, everyone could not help but gasp, and no one dared to despise Wang Fan.

"I'm easy, give up!" Just as they were thinking, a slightly trembling voice came out, which made the scene silent again.

Yi, even actively admit defeat, and the voice is still a little trembling, how can it be?

At this moment, not to mention the onlookers, even the Jihe beast on the stage looked at Yi with an incredible face, and his heart couldn't help clapping.

If you want to say who can be happy now, it's only the blue Taoist in the new star arena.

Naturally, from Wang Fan's strength and Yi's attitude, he saw that Wang Fan's attitude was not simple. Maybe this guy who he thinks is arrogant can really beat the three trumps.

Once Wang really can beat the three trumps, he will be in the new star arena ·

thinking of this, Taoist Lan's fist has been squeezed tightly ·

involuntarily

### **Chapter 2463**

"Arrogant guy, let me appreciate your strength and see if you have arrogant capital in the end!" And the first one came back, with a low voice, the whole person killed Wang fan like lightning. If he had looked down on Wang Fan before, then after Yi took the initiative to admit defeat, he would never look down on Wang Fan again. Wang Fan's strength is definitely stronger than he imagined, or even stronger than him, otherwise, it is absolutely impossible for Yi to be so scared. Since we have to fight, it is impossible for Wang Fan to seize the opportunity. Just in a twinkling of an eye, he had already approached Wang Fan. At the same time, the long gray knife behind him had drawn an arc in the air and rolled towards Wang Fan. The fierce killing force was gathered together. At this moment, Ji's long sword seemed to roll all the killing forces in the surrounding space, surging. The terrible killing power, even the monks who watched under the stage, all felt the chill. Such a terrible killing power, such a stunning knife, compared with the previous Simba, it is more than several times stronger. No one doubts that Simba will only be killed if he takes the knife. "Since you want to challenge us, I will help you as well!" Almost at the moment of the hand, the beast also followed. He stepped on the ground with both legs, madly approached Wang Fan, stepped on the ground, and made a rumbling sound. And with each step of his step, his momentum will be more violent. In a short moment, his whole person seems to be incarnated into a real wild animal, and his momentum is shocking. Just blinking his eyes, the beast had already run to Wang Fan's side. The iron fist, which was like a casserole, rolled up the incomparable situation and blasted out. Whoa! With one blow, there was the sound of explosion in the air, followed by a series of broken waves. His fist really tore the air! Seeing that the two masters besieged Wang Fan at the same time, everyone was wide eyed and held his breath. This kind of war is a rare one in a hundred years. They don't want to miss any details. At the same time, they also want to see whether Wang Fan has the strength to fight against the two trumps and whether he has the capital to be arrogant. Wang fan saw the two trumps come one after the other, his eyes suddenly brightened, and his heart was filled with a sense of war. That's interesting. The previous battle was too boring for him. In the face of the two

experts before and after the attack, Wang Fan did not retreat. His whole body momentum surging, step suddenly to the left, left fist has already rolled up the momentum, toward the beast bombardment in the past. At the same time, as soon as he grasped it with his right hand, the shadow knife appeared in his hand. Shadow knife in the moment of appearance, has been in the air across a virtual shadow, crazy to meet the gray long knife. Boxing to boxing, knife to knife, left and right hand attack, one mind two use! Everyone was completely dead. They thought about countless ways to deal with Wang Fan, but they still didn't think that Wang Fan would deal with it in such a direct way. What's more, they didn't expect that Wang Fan would offer the same shadow knife. Thus it can be seen that Wang Fan's previous fighting did not show his real strength at all. Wang Fan's fist is not his most powerful weapon. No one found that Yi couldn't help choking at the moment when he saw the sacrifice of Wang Fanying knife, and there was even deep fear in his eyes. That's right. That's him. He almost killed himself! When! With a loud noise, Wang Fan's shadow knife collided with Ji's gray long knife in mid air, wiping out countless fireworks. The fierce Sabre pattern spread, and in a roaring sound, the battle platform was broken up just in an instant. The whole platform began to collapse, and the ravines and ripples on the ground appeared like a spider web. As for the prohibition around the platform, it was as fragile as paper. The audience was shocked. If it wasn't for the madness of several holy places, the whole arena would be destroyed. When the knives collided, Wang Fan didn't retreat at all. Instead, he was shocked and flew backwards. However, he just flew hundreds of meters backwards and didn't get much injury. Almost as soon as he was blasted back out, Wang Fan's left fist and the beast's right fist had been smashed together. Bang! There was another deep explosion, and the two began to regress at the same time. Step on, step on! The beast stepped back dozens of steps to stabilize its body, and at his feet, it had been stepped out of huge pits. The broken platform that had been destroyed was even more fragmented. Wang Fan stepped back dozens of steps in a row, then slowly stabilized his figure. The blood in his chest is also rolling wildly, but it's suppressing. Ji and Shou are the trumps in the arena. They are the top ones in the arena. Their strength is really strong. If only facing one, Wang fan is absolutely sure that he can kill them, and it doesn't take a few moves. But at the same time in the face of two people working together, also choose hard, that want to kill them, it is too difficult. In fact, Wang fan doesn't have to choose to be tough at all. He just needs to fight guerrillas, first target one person, and then face another person after killing that person. In this way, he can not only kill them, but also be more relaxed. Only in order to let everyone see their strength, in order to make themselves more valued, Wang Fan chose to meet the tough. Jihe beast, after stabilizing his figure, looks at Wang Fan with a face full of shock, and his eyes are full of inconceivable. They know that they have really met their opponents. Wang Fan's strength is not stronger than them, but much stronger than them. It's incredible that one is the enemy of two, and they're still fighting against each other. If not for their own experience, they would not believe that there would be such a terrible strong man under the holy land. Under the stage, is also a dead silence! All friars are staring at this scene, a blank mind! In particular, the name of Wang Fan scolded the frog at the bottom of the well, and his face was burning. Now he knows who is the real frog in the well. The blue Taoist's fist has been squeezed more tightly, and even his face has become ruddy. He knows that the rise of Wang Fan has become inevitable. After today, not only will Wang's name resound through the whole miracle city. Even his new star arena will completely surpass the other three, and his reputation will reach its peak. Xing closed month's face is already incomparable iron green, she knows, oneself want to take Wang Fan in the full view of the public, already is impossible. If Wang fan is just a nobody, no matter how powerful Wang fan is, it's nothing for her to take Wang Fan away. But now, Wang Fan has risen and become a myth in the minds of countless monks. In this case, if she dares to

take Wang Fan away, it will definitely cause public anger. "Closed month, you so anxious to call me here, so-called what?" A soft voice suddenly rings from Xing's ear, and a woman whose appearance is no worse than Xing's suddenly appears in front of her. Whoosh! And almost at the moment when the woman appeared, Wang Fan had moved again on the platform! This time, it was Wang Fan who took the lead. Wang Fan, actually chose to take the initiative!

#### **Chapter 2464**

What Wang Fan wants is not a tie of one against two, but an absolute victory!

Ji and beast, strength is not much different, but in Wang Fan's view, beast should be more easy to deal with some.

After all, the beast belongs to the powerful type, and its body method and speed are naturally slightly worse. Wang Fan has an absolute advantage in dealing with this kind of person.

The lightning flashed out in an instant, and Wang Fan's figure disappeared in an instant. When he reappeared, he had already come to the beast.

Fast, it is too fast, fast beast almost no reaction!

The beast's pupil also can't help but suddenly shrink. He didn't expect that Wang Fan's speed was so fast that he almost came to him in the blink of an eye.

However, his rich combat experience and sensitive response to danger made him respond at the first time.

"Drink!" With a loud drink, I saw his body slightly twisted, and immediately his arms had already encircled his chest and pushed out to the side.

Bang!

There was a loud noise. Almost at the moment when he twisted his body and pushed his hands out, Wang Fan's fist had come from the half air attack and hit his arm hard.

The force of fury surged all over the body, and the whole beast began to step back again. At the same time, he could not help but spit out a mouthful of blood.

One blow, the beast gets hurt!

Whoosh!

But at this time, the people over there moved.

As a rising king in the arena, how can he not know Wang Fan's plan?

Wang Fan obviously wants to solve the beast first, and then free his hand to solve him!

Even if he knew that he and the beast joined hands to deal with Wang Fan, even if he won, it would not be so glorious. But he knew that once he lost, he would lose his adult.

At that time, I'm afraid no one will remember him and the beast, others will only remember the king who defeated them.

And the reputation and prestige he and the beast have accumulated for many years will collapse in an instant and completely disappear.

And a knife burst out, bright light surge, rolled up than before that knife more violent killing power, crazy toward Wang Fan horizontal split away.

This moment, as if the whole platform, the whole world, are only like this knife.

The whole space has been completely covered by the brilliance of this knife, and the whole space has been filled with the killing power of this knife.

At this time, if Wang Fan continues to attack the beast, he is bound to bear the blow from behind.

At that time, no matter how strong his strength is, no matter how bad his means are, he will be hit hard or even fall.

Wang Fan's face also slightly changed.

He didn't expect that Ji's reaction would be so fast and his hand would be so decisive.

You know, according to his idea, he can attack the beast at least twice. If after two attacks, he can't hurt the beast badly, then he must withdraw, and then he can find a way.

But now, he only attacked once, and he already responded. It seems that these rising kings in the arena really don't have a fuel-efficient lamp!

Feel the sharp attack behind, feel the violent killing behind, feel the amazing and bright knife behind.

Wang Fan decisively chose to give up to continue to attack the beast, but once again flashed several meters. After the horizontal movement, his shadow knife followed the sacrifice and cut it out madly.

In this case, if he doesn't use his martial arts, although he can resist the sword, he can't hurt it badly at all.

Once he can't make a big hit, his active attack is a failure, and the three will continue to form the

previous confrontation.

Wang Fan didn't want to see this.

He has only one person, but there are two people on the other side. Procrastination will do him no good but harm.

A knife cuts to display but, in an instant then tears out the bright knife awn.

Different from the awn that Ji tore out, Wang Fan tore out only one awn.

However, although there was only one, the power and killing power of the fury was not half a point or even stronger than that of Ji's knife.

Boom, boom, boom!

One after another, the explosion noise overflowed madly. Wang Fan's bright sword and the sky gray sword collided with each other. In an instant, countless violent killing patterns were smashed out.

Under that kind of impact, a gap was directly torn out of the sword awn in the sky, while Wang Fan's sword awn was frantically split along the gap.

At this moment, Ji's face suddenly changed.

He didn't expect that Wang Fan's knife would be so terrible that he tore a path in his sword.

He can't let that Dao mang come to him, otherwise even if he doesn't die, he will be badly hurt.

Think of here, and without hesitation of crazy burning blood essence, hands gray long knife crazy dance again a few times, trying to control the sky knife toward Wang Fan knife. He wants to block Wang Fan's sword.

However, how can the awn cut and torn by one knife be blocked so easily?

With just a few breaths, Wang Fan's sword awn has already torn the sky full of sword awn, coming to Ji's body like a bolt of bamboo.

As soon as his face changed, he raised his knife to resist madly.

Boom!

Only when his knife was just raised, the edge of the knife was already on the blade.

Boom!

Whoa!

There were two loud noises, and the bombarded people flew backwards. They were torn out of the blood fog, and in their mouth, there was a torrent of blood.

Wang Fan after the blast, but did not continue to pursue, but suddenly turned his head, toward behind is a knife.

Boom!

Another explosion came out, and his shadow knife slashed the beast's iron fist.

The fury burst, and the beast just stepped back. On the contrary, Wang Fan was blown away.

At this time, Jicai over there fell on the platform with a thump.

He looked at the scene with a dead silence.

It turned out that Wang Fan didn't do his best with that knife, and he still retained his strength to deal with the beast.

If Wang Fan did his best just now, or if he didn't join hands with the beast, he was alone with Wang Fan.

Ji didn't dare to think about it.

At this time, he has fully understood Wang Fan's terrible.

He also understood why Yi was so afraid of Wang Fan and even said that he would admit defeat.

Obviously, Yi Zao already knew Wang Fan's strength.

The saying that there are people outside and there is a day outside is really more than just saying.

Originally, he thought that he had already stood at the peak of Zunjing, under the holy land, no one could rival him.

Until today, he realized that even under the holy land, he was not invincible. At least the king in front of him has the strength to kill him.

Wang Fan was kicked back by the beast, even if he was slightly injured, but he didn't care at all.

Now that he's hit hard, he just needs to deal with the beast wholeheartedly.

In the case of one-on-one, even if he is injured, he is absolutely sure that he can defeat the beast.

Wang Fan's aura is gathering crazily in his body, and his momentum is climbing crazily. In the blink of an eye, the surging aura has formed a torrent around his body.

The beast felt the surging killing power on Wang Fan's body. His face changed and he suddenly said, "I give up!"

With that, his fighting spirit retreated madly, and the whole person retreated to the edge of the broken platform in an instant.

He joined hands with Ji, but he could not help Wang Fan.

Now he is the only one left, and naturally he is not Wang Fan's opponent.

If he continues to fight, he will surely lose, or even fall.

In this case, he is not willing to continue fighting.

Hearing the animal call out to admit defeat, the whole audience was silent again.

After a brief silence, the whole scene was boiling.

"King

"King

"Invincible!"

"Invincible!"

The sound of tearing is like a torrent, exploding in the whole hall of wrestling. Wang Fancheng on the platform is the end of everyone's eyes, attracting attention!

However, Wang Fan did not feel much glory at this time, because he had seen Xing closed month come out.

### **Chapter 2465**

"Congratulations to Wang. You are going to win the battle and win the top. Would you like to join me in the new star arena?"

As soon as Xing closed the moon, Taoist Lan's voice was heard and he stepped on the stage.

Wang Fan heart a joy, is about to answer, Xing closed month that cold voice is followed to spread out,

"I'm afraid he can't join your Green Moon Palace."

Blue Taoist listen to this words, facial expression suddenly a change, ask a way, "shut a month fairy, how to say this words?"

His tone was a little unpleasant.

In this case, Xing closed month in public to say such words, has been his star arena disrespect and provocation.

"I don't know, because he has already joined my Green Moon Palace, so he can't join your new star arena." Xing closed month indifferent said.

Although her strength is not equal to that of the blue Taoist, the Green Moon Palace behind her is not so easy to provoke.

In addition, beside her is suluoyan, the second saint of qingyuegong, so she has enough confidence to face the Taoist.

Taoist Lan's expression was slightly stagnant. Instead of continuing to speak, he looked at Wang Fan.

Obviously, he wanted to see what Wang Fan said.

If Wang fan is really a member of Qingyue palace, then he can't continue to recruit Wang Fan.

It's no joke to rob the talents of qingyuegong.

Wang Fan gave a cold smile. He didn't want to talk nonsense at all. He pointed to Xing closed moon's nose and said, "Xing, do you want a face? When did I become a member of your Green Moon Palace? Why don't I know? "

"At the beginning, I had chosen to join Sanyun hall, but you had to step in and force me to join your Qingyue palace."

"Even if you force me to join, I just say that there are some private things to do. If you postpone it for three days, you will be shameless and leave a mental imprint on me."

"Do you want me to join your qingyuegong because of your despicable way? I Pooh! Don't dream any more

Wang Fan said with a sneer, the shadow knife in his hand suddenly pointed, and the murderous spirit suddenly overflowed, "Xing, I don't think you should continue to talk nonsense. If you have the ability, you can come up directly."

"I, Wang Fan, have conquered countless powerful people in the holy land, but I haven't really seen the strength of the powerful people in the holy land. Let me appreciate your strength."

"I'd like to see if you shameless woman are qualified to let me join your Qingyue palace."

Xing closed month listening to Wang Fan's words, it is simply trembling with anger.

As the third saint of Qingyue palace, she has always been superior. Others are polite to her. When did anyone dare to call her shameless?

Wang Fan's action is a blasphemy and insult to her!

"To die!" With a roar, a green snake sword suddenly appeared in Xing closed month's hand. With the long sword buzzing, the whole person had already fallen on the platform.

The killing intention on her body is more intense, a pretty face has become twisted, looks extremely ferocious.

She stares at Wang Fan coldly, constantly climbing, climbing again.

Wang Fan stares at Xing closed month with solemn eyes. He has made a decision in his heart. If Taoist LAN doesn't stop Xing closed month from attacking him, he will run away immediately. He can't fight fiercely.

In the face of a Xing closed month, he is not afraid, but he has to be afraid of the woman standing beside Xing closed month.

"Stop it Sure enough, just when Xing's killing power soared and he wanted to take action, LAN daoren gave a sharp drink, which interrupted the confrontation between them.

He looked at Xing closed month and said coldly, "Xing closed month, this is my new star arena, not where you can go wild."

Said, he looked at Wang Fan, "Wang Fan, I now ask you, whether you are willing to join my Green Moon Palace unconditionally."

"I know the reason why you make things so big is to attract attention and find someone to help you block the gun."

"I also put my words here. As long as you are willing to join my new star arena unconditionally, my new star arena will help you block Xing closed moon and Qingyue Palace today."

"But if you don't agree, I'm sorry. Please leave my new star arena immediately, and go out to solve your personal grievances."

LAN daoren's words are like clocks, which are clearly spread in everyone's ears, and Wang Fan on one side naturally listens clearly.

Hearing this, his heart sank.

Join the new star arena unconditionally?

Taoist LAN is obviously forcing him!

What's the difference between Taoist Lan's practice and behavior and the domineering Qing Yue palace?

What's more, joining the new star arena unconditionally and joining the new star arena are two completely different concepts.

Joining the new star arena means that he can talk about terms and pay.

Just like Yi, even if he is invited to the trapped animal arena, he needs to be polite and pay for it.

If he can join unconditionally, it means that he is not qualified to talk about anything. What people say is what they say. He must be led by the nose. Wang fan can understand the meaning of Taoist LAN, and Xing closed month and other people can naturally understand it.

LAN daoren's meaning is very obvious. He chooses to become a slave of Xinxing arena. Xinxing arena helps him block Xing closed moon and Qingyue palace.

If Wang Fan refuses, he will be expelled from the new star arena. Once Wang fan is driven out, his life and death will be controlled by Qingyue palace.

No one will think that Wang Fan has the strength to fight against qingyuegong.

After all, no matter how strong the Zun Jing is, it is also Zun Jing. There is no way to compare it with the saint Jing.

"Good, good." Wang Fan looked at Taoist LAN, slowly spit out three words, and then looked at the holy land of the other three arena,

"if I choose to join your arena, you also want me to join unconditionally, will you help me block Xing closed moon and Qingyue palace?"

Wang Fan's words are tantamount to openly asking if there are forces willing to stand up for him.

With Wang Fan's strength and current prestige, it will be a great fortune to go to any arena, even if it is only one day.

He doesn't need to join unconditionally at all. As long as he appears frequently in the arena, he will be rich.

However, in that way, he made a lot of money in the arena, but for him, he lost his sense of mystery and lost his identity.

This is why Yi would rather rob others than sit in the arena every day.

Silence!

All three arenas are silent!

No one answered Wang Fan's words, and obviously no one was willing to offend the Green Moon Palace for Wang Fan.

Wang Fan looked at the scene and laughed at himself.

It seems that no matter how strong he is, no matter how amazing his performance is, he will not be seen by those who are strong in holy land.

Yes, no matter how powerful he is, he also respects the holy land. It is obviously unwise to offend the holy land for him.

Wang Fan did not continue to speak, but coldly swept Xing closed month a look, and then did not hesitate to go to the star fight outside.

Before leaving, he just said, "if I choose to join your star arena unconditionally, I might as well choose to join her Qingyue palace!"

Taoist LAN looked at Wang Fan's back and listened to Wang Fan's voice. His face became more gloomy in an instant.

He didn't expect that Wang fanning would die and would not compromise!

If Wang Fan chooses his new star arena, he can directly surpass the other three. But if Wang fan leaves like this, then he Nova arena, will not have any substantive harvest.

After all, his new star arena is not as good as the other three.

"Hum, if you dare to fight against my qingyuegong, that's your end! I want to see if you can escape this time

Xing closed month looking at Wang fan that leave of back figure, disdain of cold voice a, didn't hesitate

of flash body with go out!

Green Moon Palace, the second saint, is also not the slightest hesitation, flash out with.

When people looked at this scene, they could not help sighing.

Wang Fan's fate can be imagined. Even if Wang fan can reach heaven, it is estimated that he will not be able to fly!

Most of the monks have been extremely dissatisfied and angry with the Green Moon Palace, but they are still suppressing and tolerating it.

Wang fan is so powerful that they are all treated like this by qingyuegong. In the eyes of qingyuegong, are they not more humble and they can be pinched if they want?

It's true that if you don't enter the holy land, you'll be a mole ant!

No one likes this feeling!

### **Chapter 2466**

Wang Fan left Xinxing arena, without any hesitation, he burned his blood essence and flashed.

In the face of the two holy places of the Green Moon Palace, and even the holy place of the four corners arena, he is likely to fish in troubled waters. In this case, he does not dare to be careless or reserve at all.

In this kind of madness, just for a moment, Wang Fan has disappeared outside the Xinxing arena.

Xing closed month just stepped out of the new star arena, can no longer detect the trace of Wang Fan, which makes her face can't help but some big change.

How could she escape from her spiritual power in such a short period of time and leave her nowhere to be found.

"Closed month, he toward southeast direction, I go to stop him first, you can follow."

Just when Xing's face was gloomy and she didn't know which side to pursue, Su Luoyan's voice came to her ears in time, and then she saw Su Luoyan turned into a light and disappeared without a trace.

Wang Fan did not dare to escape outside the miracle City, because he was afraid that he could not escape. Fortunately, miracle city is big enough, which makes him not have no space to escape.

Wang Fan just frantically escaped for dozens of breaths, and his face became ugly.

He clearly noticed that a shadow was biting behind him, constantly narrowing the distance between

them.

Even if the other party can't catch up with him in a short time, it will be sooner or later for him to be caught up.

Wang Fan's face became extremely gloomy, and his heart even became anxious.

He has recognized this woman, who is the woman who stood beside Xing closed moon before, and the second saint of Qingyue palace, Su Luoyan.

If he is out of miracle city now, even if he can't get rid of Su Luoyan, he won't be a little anxious, but the problem is that there is no miracle city now.

In this case, as long as he was bitten by the wild goose, it was a very dangerous thing.

It's not easy for the strong in holy land.

This is just the second saint of the Green Moon Palace. Wang fan can't get rid of him. If the first saint comes, doesn't he have the qualification to escape?

Wang Fan's face was ugly and he suddenly felt a touch of vigilance.

Without any hesitation, he turned to the side.

He just flashed to the side, boom, a beam of light has been split in the position before him, the whole space is split out a little crack.

Wang Fan felt this scene and was shocked.

He didn't care who was attacking himself. He continued to burn his blood and ran away.

Escape, must escape, stop, then only death!

However, not long after Wang Fan escaped, he became alert again.

He did not hesitate, continue to change the direction of crazy.

In this way, I don't know how long it took or how much direction changed. When Wang Fan's mind relaxed completely, he found that he had come to a gray area.

There's gray everywhere. There's nothing else but gray.

As for the sun, moon and stars, Wang Fan couldn't feel them.

He couldn't help but stop, but was shocked to find that the aura in his body began to run away.

Just a few breaths, the aura in his body has been lost, and he has become an ordinary person.

Feeling this scene, Wang Fan's face can't help changing!

He wanted to leave the space, but was shocked to find that behind him was also a gray, he could not find the way back.

Don't say it's the road, even the one who has been biting him and chasing him has already lost his shadow.

I don't know whether the other party didn't catch up, or had been completely thrown away by him.

Hum ·

just when Wang Fan's scalp was numb and he didn't know where to go, he suddenly felt a hum coming from the ring.

His mental power penetrated into the ring, and he quickly grabbed a simple token.

This token, painted black, is very humble. There is only one word "emperor" on it.

Wang Fan looked at the black paint token, his heart could not help shaking!

This, this is actually the imperial card that ye Nantian gave him when he was the imperial capital of the secular world!

How could ye Nantian give him the imperial card to buzz here?

Wang Fan felt very incredible.

You know, even if ye Nantian is powerful and powerful, he is still in the secular world.

Wang Fan's cultivation has already exceeded Ye Nantian's countless times.

But now, when Chu Ye Nantian gave him the emperor's card, there was a buzz in such a place, which he didn't think of at all.

"Is it true that Uncle Ye has entered Yuanmen and been here? Even here he got his imperial card?"

"Wang Fan could not help muttering to himself, because he could not think of any other explanation besides this one.

Just when Wang Fan couldn't figure out what was going on, the imperial card suddenly burst open,

forming a series of light spots pouring into his mind.

After those light spots poured into his mind, a road appeared in his mind.

Wang Fan didn't think much about it. He hurried along the road.

I don't know how long it took, maybe a day or two, or a year or two, for him to see a huge tower.

The tower soared into the sky, without seeing the top. But it can be seen that the position at the top seems to be a cross.

Cross?

Wang Fan has some doubts in his heart.

Just when he was confused, suddenly, a roaring wind came from behind. As soon as Wang Fan's face changed, he immediately realized that someone was attacking him.

He was almost reflexive. His body moved sideways, and his right hand popped out quickly. With a slap, he had already caught an arm.

When he caught the arm, he took a step back, immediately resisted the arm and fell over his shoulder.

Bang!

Ah!

A sound, accompanied by a piercing scream.

I saw a beautiful cold woman, very embarrassed to fall in front of her, at this time is the pain of covering the thigh.

Green Moon Palace, the second saint, plain wild goose?

Wang Fan's pupils shrank slightly and soon recognized the woman.

At the same time, he has also realized that there is no aura in the woman, otherwise, it is absolutely impossible to be easily knocked down by him.

"You are such a bitch. You chased me to such a place. I haven't bothered you yet. How dare you take the initiative to send me here?"

Wang Fan stares at this woman coldly, his eyes are full of anger.

Su Luoyan stares at Wang Fan with the same shock. She doesn't expect that Wang fan is still so powerful after losing his cultivation. Obviously, Wang Fan has practiced those common moves.

She is also very angry, coldly said, "planted in your hands count me unlucky, I have only one request, do not insult me!"

Obviously, she has also realized that even if she is high, even if she used to be a holy land, now here, she is a mole ant in Wang Fan's eyes.

### **Chapter 2467**

Wang Fan glanced at Su Luoyan with disdain and said faintly,

"insulting you? You think too much of yourself. Now I have a few questions for you. If your answer is satisfactory, I can spare your life. "

"You want to know where this is?" Su Luoyan is obviously not an idiot. He doesn't need to think about what Wang Fan wants to ask.

Without waiting for Wang Fan to ask, she said directly, "do you see the city in front of you? That's nantiancheng, and this area is called nantianyu. "

"South Heaven is a very mysterious place in miracle city. It is said that it is in a space crack, and ordinary people can't come in at all."

"But once you get in here, it's very difficult to go out again. Because the rules here suppress aura and mental power. "

"Without aura and spiritual power, even the most powerful friars will only become ordinary people and can't tear the space here."

Speaking of this, Su Luoyan's eyes were a lot more gloomy. "Now that we are here, we can almost wait to die. Even, we may not even be able to die."

"Because although aura can't be used here, it's said that it has a kind of inner strength. Here, there are many strong people who cultivate their inner strength. They are the masters here. "

"And there is a law here. If we accidentally violate the law, or offend those who are strong inside, we can't even die."

"South sky city? South sky? "Internal strength?" Wang Fan's face was shocked. Is it a coincidence?

Does it have anything to do with Ye Nan's naivety?

There is also inner strength. In the secular world, he first cultivates inner strength and becomes a master

of inner strength. Then he slowly absorbs aura and gathers spirit to become a monk step by step?

Can't it be that the cultivation of Su Luoyan hasn't experienced the period of internal strength?

When Wang Fan thought of this, he could not help asking, "who founded this southern Tiancheng? What's his name? What's more, you didn't experience internal strength in the initial stage of cultivation?"

The vegetable falls wild goose to listen to this words, can't help but shocked to see Wang Fan one eye, "experienced inside strength?"? How is that possible? "

"We were born to cultivate by absorbing the aura of heaven and earth, and the lowest level is to get out of the ordinary. When did you cultivate the inner strength? Did you cultivate the inner strength?"

After su Luoyan asked her last sentence, she suddenly laughed at herself. Without waiting for Wang Fan to reply, she continued, "it seems that I'm really confused. How can you cultivate your inner strength?"

"The creator here is the same person as the creator of the miracle city. They are both the Nantian emperor. It is said that the Nantian emperor used the means of communication to open up this space and create the Nantian city."

"But I don't know why the Nantian emperor wanted to create Nantian city."

"The southern emperor?" Wang Fan was shocked again, "what's the name of Nantian emperor, is it Ye Nantian?"

He is really shocked, ye Nantian turned out to be a strong emperor, how can this be possible?

But if the Nantian emperor in the mouth of Su Luoyan is not ye Nantian, how can it be such a coincidence?

"I don't know." Su Luoyan shook her head. "I only know that the people who opened up the South Heaven, created the South Heaven City, and created the miracle City, are all the South Heaven Emperor. As for the name of the South Heaven Emperor, I don't know."

Wang Fanqiang resisted the tumbling of his heart and continued to ask, "I still have two questions. First, what kind of place is the tall tower in front of me?"

"Second, since the creator of miracle city is the great emperor of Nantian, why is there so much darkness?"

"Since the great emperor of Southern heaven has cleared all the dangerous obstacles in the miracle city for the monks, why does he allow those darkness to exist?"

Su Luoyan looked at Wang Fan in surprise, "it seems that you have just entered the miracle City, and you don't know something about the miracle City, do you?"

At this point, she could not help patting her head, "I almost forgot, you just came to miracle city for three days."

First, she pointed to the high tower in front of her. "The tower is called Zhentian tower, which is the best training ground for the strong friars in Nantian city."

"It is said that Zhentian pagoda has 18 floors. Every time you climb one floor, it will be of great benefit to those with strong internal strength."

"Of course, every layer is also in great danger. If you are not careful, you will fall in it."

"As for the reason why the Nantian Emperor allowed so much darkness to exist in miracle City, it is because the Nantian emperor has been missing for hundreds of years."

"It is because of the disappearance of the southern emperor that there is so much darkness in miracle city."

"Of course, those forces dare not be too arrogant and obvious, because they don't know whether the missing Nantian emperor will suddenly return to miracle city."

Wang fan knows, so it is.

"Thank you for answering my questions. For your part, we'll see you later."

Wang Fan said to Su Luoyan, and without hesitation, he walked directly to Nantian city. He was also reminded by Su Luoyan that there was a city under the tower. In other words, the tower stands in the city.

He was led by the imperial card that Ye Nantian sent him. He believed that it was no accident. It must be some arrangement of Ye Nantian.

Since this is the arrangement of Ye Nantian, then he must go to this Nantian city to see what's going on.

What's more, Wang Fan felt that the tower, Zhentian tower, was a little strange.

He had an intuition that if he could find the way out, it would be in the Zhentian tower.

Su Luoyan did not speak, just quietly watching Wang Fan leave.

She was also surprised that Wang Fan didn't kill her.

Wang Fan did not immediately enter Nantian city. Instead, he hid not far from Nantian city. He had to observe the situation of Nantian city first.

Through a whole day's observation, Wang Fan finally confirmed that there were no monks in Nantian city.

Some of the so-called strong people in it are just internal strength experts. And those inner strength masters are almost all dignitaries.

Wang Fan felt all this clearly, and found a man who almost sneaked into Nantian city.

Because there are not many people guarding the city gate, and those people are all strong inside, so it is not difficult for Wang Fan to sneak in.

Nantian City, like most of the friars' cities, also has the distinction of strong, weak, poor and rich.

There are slums, there are rich areas, there is no difference.

The only difference is that it's not the absolute strong, but the law.

Even in the street, you can see some pasted laws, as if to warn people here to abide by the general law.

When Wang Fan just slipped into Nantian City, he was probably on the edge of Nantian city and didn't see many people.

But half an hour later, he had already come to the prosperous area of South Tiancheng and saw a lot of people coming and going.

Most of these people are ordinary, even those dignitaries, most of them have no inner strength.

Only a few people have the inner strength. They are the so-called inner strength masters.

When Wang fan saw this, he immediately realized that even here, not everyone can cultivate inner strength.

This made his heart more calm.

He was afraid that Nantian city was full of powerful people. In that case, no matter how powerful he was, he had to be a man with his tail between his legs.

## **Chapter 2468**

A sound of beating gongs and drums suddenly came, followed by a crackling sound of firecrackers.

Wang Fan looked up and immediately saw several carriages coming from not far away.

The carriages were all hung with red silk and satin, and the people on both sides were also dressed in red and jade, beating gongs and drums, and playing Suo music. They looked very happy.

Obviously, this is a marriage.

People who saw this scene all let them go to both sides of the street, and their eyes were full of envy.

"Miss Qiushui got married. It's really pompous."

"Of course, the autumn family is a big family in Nantian city. How can miss Qiushui not show off when she holds a wedding?"

"It's said that Miss Qiushui is a famous beauty in southern Tiancheng. The guy who married her is really lucky."

"Cut, keep your voice down, and be careful to lose your head. The man who married the first lady, though not powerful, was the one with strong inner strength. Do you understand? "

The discussion of the surrounding crowd attracted Wang Fan's attention, and Wang Fan quickly followed the crowd to one side.

When he first arrived, he naturally didn't want to cause trouble, and he didn't want to stand in the middle of the street alone.

The carriages quickly passed by Wang Fan and his party, and a loud voice came out at the same time.

"Today, we are married in Qiushui. For this reason, our Qiushui family specially hosts a banquet to entertain all the friends who are predestined."

"Those who go to the autumn home to celebrate their happiness can eat and live for three days for free without any gifts or money."

With the sound coming out, the whole audience was in an uproar.

"Good!"

"Thank you, Mr. Qiu!"

"Thank you, Miss Qiushui!"

All of them could not help roaring excitedly, and immediately followed the carriage and rushed to Qiu's house.

Obviously, these people go to eat and drink.

Wang Fan slightly a Leng, also followed behind.

When he first arrived, he had no money on him. As for the spirit stone, there was no way to take it out. Food and housing were the problem. He will not miss such a good opportunity now.

But he is a little strange. The autumn family is really generous. They are willing to have a free banquet for three days to hold a wedding. It's a big family among the big families.

Following the crowd, Wang Fan soon came to Qiufu.

In Wang Fan's view, there is nothing unusual about Qiufu except for its large area.

After all, Qiufu is no more than a big family in Nantian City, and it can't be cultivated in such a place.

Therefore, there is no way for Qiufu to compare with those monks, or even worse.

Of course, Wang fan is here to eat and drink, so he won't care so much.

Under the leadership of the servants of Qiufu, he soon followed the crowd to a huge courtyard.

Nearly 100 wooden round tables have been set up in the courtyard, and meals have been arranged on each table.

Looking at this scene, Wang Fan couldn't help sighing again.

If there were more sugar, melon seeds and cigarettes in the middle of the meal, it would be almost the same as the wedding banquet in the secular world.

"Thank you for coming to celebrate our wedding. Next, I hope you can have a good time."

"By the way, I have one more thing to announce here. Later, my uncle will take the young lady to come here and toast with you. At the same time, he will test you to see if anyone can become a monk with inner strength. "

A middle-aged man stood on a temporary platform in front of the courtyard and said in a loud voice.

But with his words down, this time it is not able to cause many people's screams and cheers.

Obviously, people don't care if they can cultivate their inner strength. What they care about is whether they can eat and drink for free.

Wang Fan's eyes couldn't help but squint. He finally understood why Qiufu wanted to hold such a

generous banquet for free.

I wanted to pass the test to see if I could find someone who could cultivate my inner strength.

But he didn't understand this kind of good thing, but why did everyone care so much? You know, in Nantian City, the position of the strong is very high.

How can Wang Fan know how difficult and dangerous it is to cultivate inner strength here.

Although the powerful people have a high status, they can also pay a high price. They not only burn money, but also risk their lives.

Therefore, the common people would rather spend their lives in the ordinary way than cultivate their inner strength.

Wang Fan didn't think deeply about these things. Anyway, it didn't have much to do with him.

Soon he began to eat vegetables and chat with the people around him.

By beating around the bush, he learned that there was no power in Nantian City, only the family. But the most powerful one in Nantian city is not the family, but the law enforcement gate.

Law enforcement, as the name suggests, is the Department of law enforcement, whose position is supreme. Anyone who dares to violate the laws of Southern Tiancheng will be punished by law enforcement.

Most of the law enforcers are also strong insiders.

It is said that the most powerful ones have even reached the point of breaking the stone and breaking the stone.

The currency commonly used in Nantian city is gold, silver and copper, which is the same as those ordinary mortal cities in Yuanmen.

After three rounds of drinking, a man and a woman soon entered the compound.

Looking at their clothes, it is obvious that they are the bridegroom and bride.

The groom is plain and unimportant, but he has a good way to walk. In the words of the secular world, it is obvious to practice his family.

The bride looks very delicate. Although her appearance is not perfect, it is absolutely not bad.

Two people stand together, obviously have a kind of mismatch feeling, popular point, that is the flowers

inserted in the cow dung.

It's just that the strong one is respected here, so even if they don't match each other, no one will think that the bridegroom doesn't match the bride.

"You are welcome to come to congratulate me. Thank you very much. Now, let's have a toast. "

After they went to the high stage, the bridegroom took a glass of wine directly and raised his glass to all the people below with a smile on his face.

When the people below saw that he raised his glass, they didn't dare to neglect him. They quickly raised their glasses with a smile.

Everyone made the gesture of clinking a cup in void, and then drank it all in one gulp.

After drinking the wine in the cup, he waved his big hand again, and the four big men carried a tall stone dynamometer onto the high platform.

Beating Cheng pointed to the stone dynamometer and said, "the steward said earlier that in addition to entertaining you, I also want to take this opportunity to see if you have the talent to cultivate inner strength."

"I'm here to make a promise. As long as someone can punch 100 Jin with one punch, my Qiufu will reward 10 silver coins. If he can punch 200 Jin, he will reward 50 silver coins."

"Three hundred jin, one gold coin, four hundred jin, five gold coins."

"Five hundred jin means that you have the talent to cultivate your inner strength. You can be directly recruited into the autumn family, offering 50 gold coins a month, one thousand jin, and 100 gold coins a month."

When Ai Cheng just said whether he had the talent to test his inner strength, few people cared.

But when he said the reward, no one didn't care, especially when he finished speaking. In a flash, almost everyone's eyes were straight.

### **Chapter 2469**

These people who come here to eat and drink are all civilians living at the bottom.

They don't care about the so-called cultivation talent at all. What they care about is how much benefit they can get.

After all, suffering from hunger and cold, they understand the importance of money more than anyone else. Without money, they can't live at all. What else can they talk about?

Wang Fan heard the words of beating Cheng, can't help but some speechless shook his head.

He thought that there was really a way to test whether a person could cultivate his inner strength, but he didn't expect this result.

However, according to his understanding, only when the cultivation of external strength reaches the peak, can we understand the internal strength and become a strong one.

Although this method can not directly determine whether a person can cultivate his inner strength, it can find out who is likely to reach the peak of his outer strength and who is the natural divine power. Naturally, these people are also the most likely to become the ones with strong inner strength.

From this point of view, his method makes sense.

"Well, let's start the test. Anyone who has the courage to try can try it on the stage. As long as you can meet the requirements I just said, the reward will never be less. "

Beating to see the public is finally moved, is also satisfied with the nod, said again.

The people below immediately rubbed their hands when they heard the words. Especially those who do coolies and feel strong are at the top of the list.

However, if there is no physical training, if there is no natural power, no matter how strong, it is difficult to meet the requirements of beating.

Although there are many people who have tried on the stage, none of them can make a big punch of 500 Jin.

Let alone 500 Jin strength, even if it is able to play 200 Jin, there is no one.

Most people can't even make a hundred catties. Only a few people can make a hundred catties.

Wang Fan just calmly looked at the scene, and did not move.

He had no interest in the test.

The first purpose of his coming here is to fill his stomach. After all, without the support of aura, he can no longer create the valley as before. The second is to take this opportunity to inquire about the situation of South Tiancheng and the distribution of its forces.

Now his stomach is full, and he knows the general situation of South Tiancheng, so he has planned to leave.

Just when Wang Fan was going to leave -

PA!

A loud slap suddenly came, followed by an angry voice, "you put my hands and feet clean, I don't know you, please respect yourself."

Wang Fan listened to the voice, face a change, immediately look for sound, instantly saw a face of angry plain geese.

At this time, Su Luoyan was pointing to a burly man with a face full of flesh. His cool and pretty face was covered with frost.

And the man with a face full of flesh, is a series of incredible looking at Su Luoyan, a hand also covers his face, obviously did not expect Su Luoyan should be so bold, dare to slap him here.

After a short silence, the man with a face full of flesh stood up, grabbed Su Luoyan, and said in a ferocious voice,

"smelly woman, people say that if you marry me, don't think I have no ability!"

"If you want to eat well, I'll take you here, but you're not satisfied and slap me in the face!"

"It seems that I'm too accommodating to you. Now you go back with me. I want to discipline you, you damned woman!"

The man with a face full of flesh, while dragging Su Luoyan out, apologized to the beating Cheng and others on the stage,

"I'm sorry, I'm really sorry, my mother-in-law didn't discipline me well, let you see the joke."

Some people who originally wanted to stand out did not have the idea to stand out immediately after hearing the words of the man with a face full of flesh.

They don't seem to be able to make a difference in other people's family affairs.

"You, you..." when Su Luoyan heard that he was his mother-in-law, she was even more angry.

Just used to the high above her, but did not know how to refute, in addition to your words can no longer say any other words.

She desperately struggle, just lost the cultivation of her, where is the strength of the man?

She could only be dragged out by the wild man.

Su Luoyan's despairing eyes swept Wang Fan in the crowd. It was obvious that he had already known that Wang Fan was also here and wanted to seek Wang Fan's help.

But after her eyes fell on Wang Fan, she seemed to think of something. She immediately moved her eyes away and didn't say anything for help.

Wang Fan, like her, has lost his accomplishments, and he is not familiar with his life and land here. If she asks for help from Wang Fan in this case, she is pulling Wang Fan to die together.

Wang Fan looked at the Su Luoyan who was dragged away, especially the desperate eyes of Su Luoyan before, and his heart could not help but set off a touch of sadness. As a monk, Su Luoyan is even a powerful man in holy land. Now she is reduced to being bullied by an ordinary marketplace, which is sad.

If Su Luoyan asked for help in public before, he would never help this selfish woman.

But Su Luoyan finally looked away and didn't ask for help, which touched Wang Fan's heart.

As a monk, even if he was hostile, he didn't want to be taken away by a marketplace.

Seeing that they were going to leave the compound, Wang Fan finally couldn't help standing up, "wait a minute."

Since he wants to come out, he must not let them go out of the compound.

Once they get out of the compound, he will follow them. There will be too many unexpected things.

The fleshy man didn't expect that someone stopped him when he was about to leave the compound.

His face suddenly changed and he immediately turned to look at Wang Fan.

When he saw that Wang Fan was also one of the many people who ate and drank, a fierce color appeared on his face,

"what's the matter with you? I've already said that I'm disciplining my mother-in-law. Are you going to step in?" His expression is very fierce, obviously warning Wang fan not to do too much.

The people who eat and drink here are people with no background. There is no need for him to be afraid.

Su Luoyan also looked at Wang Fan in shock, with a touch of hope and gratitude in her eyes.

She did not expect that Wang Fan would take the initiative to stand out for her.

You know, it's because of her pursuit that Wang Fan fled into this nearly Jedi city of South Heaven.

"My friend, you've wronged me. I don't mean to stand out." Wang Fan's face showed a very polite expression, and also very respectful embrace boxing.

The man's face was full of flesh. Obviously, he didn't expect that Wang Fan would be so polite, and he didn't mean to stand out.

His face softened slightly, and his tense mind relaxed a lot.

Just as he was about to ask Wang Fan what happened, Wang Fan suddenly said again, "excuse me, my friend, what's your mother-in-law's name?"

The man with a full face didn't expect that Wang Fan would ask, and his mind relaxed. He immediately blurted out, "how do I know?"

Just his words just fall, the facial expression suddenly changed!

He a face ferocious look to Wang Fan, that body, unexpectedly all sprang up a strong murderer!

## **Chapter 2470**

"What's my mother-in-law's name? Why should I tell you? Do you really want to get involved in my family

Even if the man with a face full of flesh knows that he has missed his mouth, he is still unwilling to bow his head.

Su Luoyan, a beautiful woman, can't be met easily. How could he give up so easily?

"It's just a bunch of nonsense. When did I know you, Wang Fan? You want to save me!"

Su Luoyan finally came back and said a complete sentence.

And hear Su Luoyan words, the people on the scene are already understand, Su Luoyan is not the man's wife. On the contrary, Su Luoyan knew Wang Fan who helped him to get ahead.

Wang Fan didn't pay attention to the man with a face full of flesh. Instead, he suddenly looked at all the people in the audience with his fist in his arms. "Everyone, I want to ask, what's the crime of openly holding women in my southern Tiancheng?"

The man's face changed as soon as he heard this.

He gave a cold hum and gave Wang Fan a dead look. Then he let go of the wild goose and turned to

leave.

In full view of the public, he defied the law of South Heaven, even if he was given the courage.

However, he has already remembered Wang Fan. If he has a chance, he doesn't mind giving Wang Fan a painful lesson.

"Thank you, Wang Fan." Su Luoyan was released, immediately ran to Wang Fan's side, tightly grasped Wang Fan's arm, grateful thanks.

At this time, she no longer has the noble dignity of the powerful in the holy land. She is just an ordinary little woman.

No matter how powerful a woman is, after she loses her accomplishments, she will become as weak as an ordinary woman and need to rely on her.

"It doesn't matter. Let's go." Wang Fan took a look at the wild goose, did not say much, pull up the wild goose and left.

He had already seen the beating to bear toward this side to walk to come over, and that see to the vegetable fall wild goose of vision also faintly some fiery. He didn't want the wild geese to come out of the wolf's mouth and enter the tiger's nest.

"My friend, aren't you going to test it?"

Is slowly from the beating, in see Wang Fan unexpectedly pull plain wild goose speechless leave, eyes immediately appeared unhappy.

To tell the truth, he has never seen such a beautiful woman as Su Luoyan.

His new wife, Qiushui, is already a beauty, but compared with Su Luoyan, there is no comparison.

Whether it is appearance, temperament, autumn water are far less than one in ten thousand.

This is also normal. Su Luoyan is a monk. With the improvement of cultivation, her appearance will become more and more beautiful.

Moreover, Su Luoyan is still a strong man in the holy land. Even if his cultivation is not there now, is his noble temperament comparable to that of ordinary women like Qiushui?

When Wang Fan heard the words, he sneered in his heart, but on the surface he remained silent.

He didn't even stop, so he directly turned back and said, "thank you for your hospitality. I don't need to take the test. I still know my own level, so I won't go up to make a fool of myself."

Finish saying, Wang Fan already pulled autumn water to leave courtyard quickly.

What he wanted to say was that he didn't say a word.

His face didn't change much, but there was anger in his heart.

At least he is also a strong inner force. He is a high-ranking figure in the whole Nantian city. When did anyone dare not give him face?

But in full view of the public, there is no way to attack the beating, let alone send people out to follow Wang Fan. They can only go back to the stage to continue the test.

"Thank you very much, younger martial brother. If it wasn't for you, I, i..." after walking out of the courtyard of Qiu's house, Su Luoyan looked at Wang Fan with a reddish face and some hesitation.

Wang Fan waved his hand, "thank you. It's just a little help. Now that you're safe, what's your next plan?"

The vegetable falls wild goose to listen to this words, that just loosen Wang Fan's hand, then once again grasped Wang Fan, "I, I want to follow you."

With these words, her face turned even more red.

Wang Fan opened his mouth wide, "you, you want to follow me?"

He hardly thought that the second saint of Qingyue palace, the cool and noble Su Luoyan, would say such words.

Plain wild goose mood calm down, face ruddy gradually dispersed, firm nodded, "yes, I want to follow you."

The corners of her mouth were bitter. "I lost my accomplishments. I'm not as good as ordinary people here. And I'm still a woman. If I live alone in Nantian City, it will be very dangerous. "

"We are the only people here. I would rather spend my life with you than be abused and insulted by those mole ants. "

"Of course, if you don't want to take me with you, I won't force you."

Wang Fan looked at the Su Luoyan who showed her little daughter's posture and couldn't help sighing.

He knew that what Su Luoyan said was true.

With the appearance of Su Luoyan, after he lost his cultivation, he had absolutely no self-protection ability in such a place as Nantian city. What's more, even if she has the ability to protect herself, she can't survive.

She is used to being high above and never worried about three meals at all. Now she is suddenly driven to the bottom and has no way to live.

Wang fan is in a bit of a dilemma.

If Su Luoyan has been hostile to him, but also selfish, playing tricks, then he will never control Su Luoyan, but now ·

"well, you can follow me, but everything should listen to me, I am the main one."

"Besides, you can't appear as you are now. I'll find a place to change your face."

"If you don't want to, there's nothing I can do."

Wang Fan hesitated and said.

The vegetable falls wild goose to hear Wang Fan's words, have no consideration at all, direct without hesitation of nod, "I am willing."

If she had not experienced the previous things, she would not agree with Wang Fan at all. But after experiencing the previous things, she has understood her own situation.

Without Wang Fan, her fate would be miserable.

Wang Fan nodded, "let's go, first find a place to get some money, and then settle down."

"Good." Su Luoyan nodded and followed Wang Fan without hesitation. At this time, she no longer has the high position of the strong in the holy land, and appears extremely clever.

Even she did not ask Wang Fan where to get money. For her, she would follow Wang Fan wherever he went.

Once Wang Fan dies, she can only die with him.

As a friar, she has her own pride. She would rather give it to Wang Fan than be trampled by the ants who are not even friars.

Su Luoyan soon knew where Wang Fan was going to get money, but it turned out to be a construction site.

Because Wang Fan inquired about the location of other people's construction site, and it's still the kind of construction site that can settle daily wages.

She was a little surprised, obviously did not think that Wang Fan would go to such a place.

According to her idea, Wang fan should be able to steal or use guns, because with Wang Fan's ability, it can be done.

Although she didn't like stealing or robbing without any reason, it was normal for the friars.

Wang fan is really planning to go to the construction site. Although he can get wealth by stealing or robbing, it is against his nature, and he disdains to do that.

However, what Wang Fan didn't expect was that he found himself being followed before he went to the construction site.

There was a sneer in the corner of his mouth. He didn't even have to think about it. He knew that the man who was following him was either the man with a face full of flesh or the man who was sent to beat him.

However, if these people want to find a remote place to deal with him, they are really blind.

He quickened his pace and took the initiative to walk towards the remote corner.
