Chapter 2481

As soon as Su Luoyan's face changed, she was about to go out, and a voice of a grim smile came in. "Ugly woman, you dare to break my clothes and get out of here!"

With this voice, a big man, with a number of people, has rushed in.

Behind them were several women who were civilians.

But the women were pale and didn't dare to speak at all.

Su Luoyan's face also slightly changed, but her strong mental quality made her calm in an instant.

She looked at the head of the majestic man, can not help but ask, "I broke your clothes, how can this be, you are not wrong?"

Then she looked at a dress in the big man's hand.

The dress was brand new and slightly wrinkled. It was obvious that it had just been washed, but there was a hole in the hem of the dress.

"Wrong? How can I be wrong? Do you think I'll be free to frame you up? "

The burly man looked at the pale women behind him with a scornful grin.

"She's the one who broke it!"

"Yes, this dress was given to her to wash, and now there are signs of being rubbed and broken. Who is she?"

"Su Luoyan, since you have done it, you have to admit it. Are you going to kill us?"

"We take care of you so much on weekdays. If it wasn't for us, I'm afraid you would have starved to death. Don't bite the hand that feeds you!"

The women could not help shivering when they saw the big man's eyes sweeping past, and they screamed at the wild goose.

Su Luoyan looked at this scene, her heart could not help sinking, and her face became more pale.

Her heart is very clear, that dress is not her wash, more is not her break.

But in the current situation, she has no way to argue or explain.

What's more, these women are right. They take good care of her on weekdays. Otherwise, she will not be able to apply for a new identity here, let alone live in this strange place until now.

However, all of these are based on the fact that they are not in danger. Once they are in danger, everything becomes unimportant.

This burly man looks like a bad character. Now that he has washed other people's clothes, how can these poor people not be afraid?

In this area, she is the only outsider. Naturally, others want to push the black pot on her. Only in this way can we be alone.

"Why, ugly woman, do you want to deny it now?" The burly man looked at Su Luoyan with a grim smile, but he couldn't help being active in his heart.

He even found that although the poor woman in front of him was a little old and mediocre, she had a good figure and a unique noble temperament.

That unique noble temperament, he did not feel in other women. Even those ladies who beat the government, or Mrs. Qiushui, are far behind.

"Please tell me how much silver this dress is. I'm willing to pay for it." Plain wild goose sighed in the heart tone, know to say more useless, simply ask a way directly.

She's going to take the blame and pay for it. One year is not enough, then two years. It's just a piece of clothing. She believes she can still afford to pay for it.

"Compensation?" The big man laughed, "can you afford it? With your humble income, even if you wash clothes all your life, you can't afford my clothes! "

He pointed to the wild goose, "so you have admitted that you broke my clothes? Then everything will be easy! "

"I'll give you a chance to pack up and go with me right now. I'll be a slave for the rest of my life to compensate for my losses. Otherwise, I will directly hand you over to the law enforcement department!
"

"The law enforcement is very powerful. I don't have to say much about it. Once you go in, you won't think about it in your life!"

"Ah?" The plain wild goose opened wide mouth, the facial expression is uglier. She did not expect that this burly man would make her a slave for the rest of her life.

You know, almost all the women who were taken away as slaves and maidservants had some beauty. A middle-aged, plain looking woman like her would never be liked.

Su Luoyan's face became ugly.

She knew that once she agreed, she would be a slave to the burly man.

No matter what people do to her, or even kill her, the law enforcement people will not interfere.

Because here, the status of slaves is not even as good as that of civilians. Even if civilians are killed, once exposed, law enforcement will not be spared. When a slave is killed, the law enforcement department will not interfere.

"Why don't you? Do you want me to give you to the law enforcement department?" The big man's face became more ferocious.

He was really angry that his clothes were washed and torn!

He was just going to humiliate the man who broke his clothes, take a bad breath, and then search for all the silver on the other side. Only after feeling Su Luoyan's outstanding temperament did he change his attention.

In spite of this, if he wants to make Luoyan his slave, he must get the consent of Luoyan himself. Otherwise, even if he can humiliate Su Luoyan, he can't take it away by force.

Although his status was higher than that of these civilians, he did not dare to challenge the authority of the law of Southern Tiancheng.

"Sorry, I can't go with you." Su Luoyan shook her head without hesitation. "I still have my husband to take care of. If I leave with you, my husband will die."

"If you tell me the price of this dress, I will find a way to compensate you. If you don't want to, I'd rather go to the law enforcement department to accept the crime. "

Su Luoyan's tone was firm.

What kind of status is she? Even if she is reduced to this position, she has her own dignity. How can she become a slave to others?

"I don't know what to do!" With a grim smile, the burly man stepped forward and slapped her in the face.

Although her strength is not there, her eyesight and reaction are still there. She is almost reflexive. As soon as she dodges, she has already dodged the big man's slap.

The burly man was slightly surprised, as if he didn't expect that Su Luoyan could avoid his slap. He realized that Su Luoyan was not simple.

However, he did not stop the movement, a side kick, followed by the right leg severely kicked to the plain goose abdomen.

This time, the wild goose did not escape.

No matter how good her eyesight is, she can't keep up with her reaction.

Bang, her abdomen was directly kicked, the whole person spewed out a mouthful of blood, instantly flew out, fell to the ground and could not get up again.

"To the shameless bitch, since you are not smart, don't blame me for being rude!" The burly man stepped forward and stepped on Su Luoyan, then yelled, "don't you have a husband? Let him get out! If you break Laozi's clothes and have no ability to make compensation, Laozi will ask him to make compensation! "

The plain wild goose looks ugly, but she bites her teeth and doesn't say a word.

She has never been humiliated so much. She was trampled by a mole ant.

But now she has no ability to resist!

Chapter 2482

"She, her husband, is just a living dead man. She can only lie in bed every day and needs her care. She can't pay back at all."

A pale woman seemed to feel guilty and could not help saying something.

"The living dead?" As soon as the burly man's face changed, he suddenly raised his hand and waved, "go and drag out the living dead man! I'd like to see if he is really a living dead man or pretending to be a living dead man! "

"Yes With his voice, the doglegs behind him rushed to the room without hesitation.

"No, no!" Su Luoyan looked at this scene, his face suddenly changed, and his whole mind trembled.

Her body seems to emerge in this moment of endless strength, suddenly has broken away from the stampede of the burly man, but also got up and rushed to those doglegs.

"Get out of here!" A dogleg yelled angrily and hit the wild goose with one punch. He was about to lift his foot to open the wooden door.

However, after the plain wild goose was knocked down by that blow, it was just a scream, and it grabbed his leg again.

"Well?" The dogleg's face changed and he struggled wildly, but he couldn't get rid of it.

What a shame!

What a shame!

He wanted to kick down with the other foot and fly the woman.

It was only because of the burly man's attitude towards Su Luoyan, and the burly man didn't give an order that he didn't do it.

Bang!

At this time, several other doglegs had kicked open the wooden door and rushed in like a wolf.

Su Luoyan looked at this scene, her eyes were red!

Endless strength filled the whole body, she once again stimulated the potential, not fatally got up, crazy rushed into the room.

Two doglegs went to the bed, is going to impolitely will Wang Fan up, but at this time, the wild goose has been desperate to lie on the body of Wang Fan, mouth shrill cry, "no, don't move him!"

Stab!

Two doglegs caught off guard, and the paw caught Su Luoyan on the back, and immediately caught out a few bloodstains.

Su Luoyan didn't pay attention at all, but screamed with tears, "you can't move him, you can't move him!"

She protected Wang fan like an eagle protecting a chicken, as if anyone who wanted to move Wang Fan had to step on her body.

Looking at this scene, the eyes of the women outside were a little red, and they were full of guilt.

They are all deeply moved by this kind of action.

How sincere and holy is it that Su Luoyan will do so for Wang Fan, who is just like the living dead?

The burly man is also a little stunned, obviously didn't expect that the plain wild goose would work so hard.

The two doglegs did not move again, but looked at the burly man, apparently waiting for the burly man's order.

Looking at this scene, the burly man's face also slightly changed. He directly grabbed the knife tied to his leg and threw it in front of Su Luoyan. He said with a grim smile,

"what a touching scene! Since you care about him so much, I'll give you a chance! "

"Three knives and six holes! As long as you can make three cuts and six holes for him, I will not only hold you responsible for breaking my clothes, nor will I touch him again. Let's call it a day! "

"I'd like to see if you really have feelings that will last till death!"

The vegetable falls wild goose to listen to this words, don't even have to consider, grab that be thrown on the ground of short knife, blunt own body is to flutter three times.

Two knives pierce the left and right shoulder ribs, one knife pierces the thigh, the knife sees blood, the knife has two holes, the red blood gushes out along the six blood holes, three knives, six holes!

At this moment, everyone was dull, even the scene was a little dead, and the wild goose had fallen to the ground.

She ignored the blood hole and the pain on her body, just staring at the burly man coldly, as if to say, now I have done three knives and six holes, you can leave.

When the burly man saw this, the corners of his mouth were also hard.

He underestimated the ruthlessness of the wild goose, underestimated the fruit of the wild goose.

It's really hard for him to imagine that a civilian woman can be so decisive and cruel in the face of such things.

He was about to take people away. Suddenly, Wang Fan on the bed opened his eyes.

In fact, he had already felt it when the two doglegs grabbed him, and he was fully conscious.

However, because he is in the critical moment of recovery, there is no way to get up immediately.

When he opened his eyes, he jumped off the bed quickly, and then his fingers were on the wound of the wild goose.

He looked at the blood wound on Su Luoyan's body, thought of everything Su Luoyan had done for him before, and then thought about the little drops of this year. There was only endless cold in his eyes!

Killing in uncontrolled surging, blood in uncontrolled boiling! He's going to kill, he's going to kill!

"Wang, Wang Fan?" Su Luoyan saw Wang Fan wake up, immediately surprised to cry out.

She forgot the injury and the pain of the wound. She even hugged Wang Fan regardless of the bleeding in her ribs. Her eyes were still fixed.

Wake up?

Did Wang Fan wake up?

At this moment, she just wants to cry!

"Awake?" The burly man's face also couldn't help changing for a while, and then grinned, "I didn't expect that the living dead could wake up!"

He pointed to Wang Fan, "since you wake up, everything will be easy! You mother-in-law broke my clothes. What do you say to do? "

"Ah?" Su Luoyan's face changed, and he immediately said, "you, don't you say that after I have three knives and six holes, everything will be done, how can I go back?"

She was blue with anger. Obviously, she didn't expect that this guy would be so mean and change his mind.

"Repentance?" The burly man sneered, "let's call it a day. It's based on the fact that he's a living dead man! Now that he is not a living dead man, how can I give up? "

A grim smile appeared in the corner of his mouth. "It's not impossible for me to let it go. As long as he can do the same as you, how about three swords and six holes

"You Su Luoyan is almost mad!

As soon as Wang Fan wakes up, he will have three knives and six holes. How cruel is this? She would rather have three more knives on herself than three more knives and six holes on Wang Fan.

The vegetable falls wild goose strong to hold back the anger of the heart, is going to talk, Wang Fan has already once again in her body even point under, calm of open mouth, "this words really?" Do you really want me to cut three knives and six holes? "

His eyes swept to the burly man, without any fluctuation, as if he were looking at a dead man.

The burly man was staring at by Wang Fan's calm eyes, and his heart was trembling, but soon he suppressed his fear and said with a grim smile, "nature takes it seriously!"

It's just a mole ant civilian or a living dead man who just woke up. Why should he be afraid? What a joke!

"Good!" Wang Fan nodded, and then directly grabbed the knife on the ground, three times!

Three times later, the scene was dead and silent, and everyone was staring, completely dull!

Because Wang Fan's three sabres were not aimed at himself, but at the three doglegs.

What's more, what he stabbed was the throat of the other party!

Three knives, six holes!

The three doglegs covered their throats and fell down, eyes wide open, full of panic!

They obviously did not expect that Wang fan should be so bold and dare to kill!

The red blood was flowing down the blood hole of their throat, which could not be blocked.

They couldn't even utter a scream, so they fell down. They wanted to say something, but they couldn't utter any more sound.

Chapter 2483

"You, how dare you kill?" After the burly man recovered, his face was shocked and his eyes were full of disbelief.

The law of Nantian city can't be touched. Even if he is such a person, he doesn't dare to kill the plain geese who are just poor people. So it can be seen that the law is general.

But now, Wang Fan killed three people in front of him. Is that too bold?

"Murder?" Wang Fan sneered, "just like you, do you deserve to be human?"

With that, his right hand suddenly moved, click, click, and the short blade in his hand was immediately broken into countless pieces. Then he suddenly shook, swish, swish, and the countless cutting blades immediately shot at the burly man.

The burly man didn't react at all. In a burst of hissing, his whole body was nailed by countless broken blades, and he fell to the ground dripping with blood.

"Ah The shrill scream resounded through the air. He stretched out his hand and pointed to Wang Fan tremblingly, but he couldn't say a word.

He knew that he had met a ruthless person, who was countless times more powerful than him.

Su Luoyan's face was also shocked and her mouth was wide open, but after she recovered, she was not happy, but worried.

Originally, they had already committed an injustice. Now Wang Fan really killed three people in a row and seriously injured the burly man. The end of the two of them can be imagined.

Even though Wang fan is tough, he still can't fight against law enforcement in this place where he can't use his aura.

After a short period of worry, Su Luoyan's heart was deeply moved. She grasped Wang Fan's hand.

Even if the ending is miserable, she will die together. Wang fan can kill people for her. Even if she dies, she has no regrets.

"I'm a servant of the family. How dare you kill me?" The burly man endured the pain and fear and reported his identity.

Beating family servants, although only family servants, can be outside, but also the supreme existence.

Since the fight became powerful, the fight is naturally rising.

Let alone beat the house servants, even if it's just an ant, it's very expensive.

"Beat the house servant?" There was a touch of disdain in Wang Fan's eyes, and then he walked slowly to the big man.

"Open your eyes and see if I dare to kill you!" With that, Wang Fan suddenly stepped on his right foot. A broken sword in the big man's body was forced out. He immediately grasped it with his right hand and threw it down.

"Eh!" With a dull hum, the big man widened his eyes and died.

In the center of his eyebrows, a cutting blade was submerged, blood was seeping out, and took his life.

The whole scene fell into silence again, and the whole courtyard was still and terrible.

No matter the women or the other doglegs brought by the big man, they were all silent and did not dare to breathe.

They all know that Wang fan is finished.

Even killing four people, and even killing and beating four people in the government, even if Wang fan is strong, he will only die.

However, although they know that Wang fan is finished, no one dares to speak at this time.

Because no matter what the outcome of Wang fan is, they can't deal with it, let alone provoke it.

Wang Fan didn't even look at the dead burly man. His eyes turned to the doglegs again, and his tone was cold,

"you should be glad you didn't do it yourself, otherwise you can't continue to stand here."

"Go back and tell your backstage that I killed all the people. If you have anything, just come to me. Besides, I'm going to Zhentian tower now. If you want to find me, go there directly. "

With that, Wang Fan didn't continue talking nonsense at all. He took the wild goose and entered the room.

Those dogleg's complexion could not help changing, and they fled here as soon as they were pardoned, hoping to have more legs.

Those women also did not dare to stay here more, and left as a fugitive.

"Wang Fan, don't we leave here?" After entering the room, the plain wild goose couldn't help asking a question.

In her opinion, even if she knew that she would die, Wang Fan would not wait here to die.

"I'm leaving, of course, but I'll have to wait." Wang Fan holds Su Luoyan to sit down and says with a smile.

With that, his palm suddenly covered the wound of Su Luoyan. Under the flash of light, the wound of Su Luoyan disappeared at the speed visible to the naked eye, and soon recovered.

"This, this is aura. You, you have restored your cultivation?" Su Luoyan stood up in shock, with an incredible face.

Although she didn't feel the existence of aura, she knew that Guanghua must be aura, otherwise how could it have such an effect?

"Yes, it's really aura, but my cultivation hasn't recovered yet. It will take a little time." Wang Fan said.

Then he sat down with his knees crossed and began to absorb the aura of heaven and earth. Plain wild goose is more shocking, complexion complex.

Since Wang fan can resume her cultivation, doesn't that mean that she can also resume her cultivation?

Once she recovers her accomplishments and has the hope to leave here, is it possible for her and Wang Fan?

The wild goose suddenly lost her mind.

She really likes Wang Fan and falls in love with him.

However, she is the saint of the Green Moon Palace, or the second saint of the Green Moon Palace.

Will the Green Moon Palace allow him to fall in love with a man or even leave with a man?

She is sure that once qingyuegong knows that she has fallen in love with Wang Fan, she will definitely kill Wang Fan at all costs.

Qing Yuegong's powerful, even she, is not very understanding.

But she is clear, the Green Moon Palace wants to kill a not even the holy land of Wang Fan, absolutely will not take the trouble.

"Why, why, what should I do?" Su Luoyan felt that God had made a joke with her, everything was so hard to accept.

If possible, she would rather stay here with Wang fan forever and never go out.

Wang Fan didn't know the confused thoughts in Su Luoyan's heart. An hour later, he stopped practicing.

At this moment, his cultivation has not only completely recovered, but also vaguely touched the threshold of the holy land.

He is absolutely sure to enter the holy land within one year!

"Come on, let's go to Zhentian tower now and get out of here."

Wang Fan said a word to Su Luoyan, and then grabbed her step out. The next second, they had already appeared in the square outside Zhentian tower.

Su Luoyan looks at this scene dully, and confirms that Wang Fan has recovered his cultivation.

But in her heart, there was no joy to leave, and there was only reluctance and heartache.

"Wang Fan, do we really want to leave here?" Su Luoyan raised her head and suddenly looked at Wang Fan and asked.

Wang Fan some inexplicable, but still nodded, "that's natural, do you want to stay here all your life?"

Su Luoyan looks at Wang Fan and suddenly smiles, but her smile is bitter and painful.

Wang Fan looked at Su Luoyan's strong smile and sighed in his heart.

He hesitated for a moment, but said, "I can take you if you like."

Su Luoyan nodded and said nothing more. She just pointed to the towering Zhentian tower in front of her, "let's go in."

"No hurry." Wang Fan shook his head and suddenly looked up into the distance.

Only in that position, hundreds of people crazy towards this side of the impact. They all wore uniform robes, majestic, and filled with a sense of killing.

Law enforcement, the strong!

Chapter 2484

"The strong law enforcers, what are they doing here? Is it difficult or not? What happened?"

"Something big must have happened, otherwise law enforcement could not be so inspiring!"

"Is that the leader? Is he beating Cheng? I didn't expect that even he went out in person. It seems that this matter is really not small. "

Seeing the strong law enforcers coming in droves, all the people around turned pale.

They can't help but talk in a startled voice. At the same time, they quickly give way to one side. They don't dare to stop the strong of law enforcement, and they don't dare to challenge the authority of law enforcement.

In the crowd soon gave way to a road, hundreds of strong law enforcement men set off smoke and dust all over the sky, mighty, unimpeded into the square, came to Wang Fan two people in front.

The whole square, only Wang Fan two people did not move, just calmly looking at those law enforcement strong.

Even in the face of hundreds of strong, their eyes are still not half of the waves.

"It's him, it's him. He even killed four people in Huaizhong. He also threatened that if the law enforcement department wanted to find him, they could come directly to the square outside the Zhentian tower."

Among the law enforcement forces, a young man's sharp voice resounded through the sky, and instantly set off an endless shock in the surrounding crowd.

"What? Someone killed four people? "

"It's too bold. It's a challenge to the authority of law enforcement."

"A year ago, it seems that there was a murder of four people, but the murderer was never caught. This time, this kind of murder happened again. Could it be that all of them could not help but scream and look at Wang Fan with shock. They all doubted whether they had heard the wrong thing.

Killing people is already a major event, let alone four in a row.

After they killed four people in a row, they told the law enforcement department to come here to look for him. They really dare to show up here in an open and aboveboard manner. Isn't it that they didn't pay attention to the law enforcement department at all?

Crazy!

It's arrogant!

The head of the law enforcement, the eyes of beating Cheng have swept to Wang Fan and their eyes are very flat.

He pointed to Wang Fan and said slowly, "you even killed four people in the Eastern District of the common people, but also let out the wild talk that you want me to come here to find you?"

Wang Fan nodded, "what you said is right. I killed people, and I said what I said. Why, do you have any opinions?"

What, do you have a problem?

Wang Fan's insipid tone and indifference once again made everyone turn pale.

In the face of so many strong law enforcement, Wang Fan even dare to be so arrogant. This kind of courage and courage has already been regarded as against heaven.

No matter how well Rao was beaten and cultivated, he could not help his anger when he saw Wang Fan's plain and relaxed attitude.

When did someone dare to be so arrogant in front of law enforcement?

Whether it's a murderer or a non murderer, when do you see their law enforcers? How can anyone dare to look down on Wang fan like this?

Yes, it's contempt!

Whether it's tone, posture or eyes, Wang Fan shows only contempt.

What he seems to be facing is not hundreds of law enforcement strongmen, but hundreds of mole ants.

"Good, good! Since you admit that you have killed people, please follow me to the law enforcement gate. If you go to the law enforcement gate, I will tell you if I have any opinions. "

Beat to bear even if in the heart again angry towering, but still hold back didn't attack, force to make insipid say.

As the current leader of law enforcement, he didn't want to lose his dignity under the eyes of so many people.

Wang Fan jokingly took a look at beating Cheng and slowly shook his head, "sorry, I don't have time."

Tone is still extremely calm, but, almost will fight Chengqi spit blood.

He is just a little angry!

"No time? Well, it's not up to you Beating Cheng can't keep calm any longer, his tone becomes cold, "take it for me, dare to resist, kill me!"

"Yes With the order of beating Cheng, those who were strong in law enforcement immediately rushed out and killed Wang Fan.

Wang Fan's eyes still did not have the slightest fluctuation, calm mouth, "you'd better not find yourself boring, otherwise it will only be self humiliation."

When he said this, he was even more angry. Even those who were strong in law enforcement could no longer bear it.

"It's not fun to ask for it? Shame on yourself? Damn, I can't stand your arrogance. I want to see how you make me humiliate myself! "

"What a arrogant son of a bitch! I want to see if you can be so arrogant when I step on you!"

"I really want to blow your face with one blow!"

Those who are strong in law enforcement are so angry that their lungs are about to explode. They are crazy rush to Wang Fan, want to immediately will Wang Fan step on the foot. Not only they, but also the people around them can't stand Wang Fan's arrogance.

In their view, Wang fan is a brainless idiot, dying, but also ignorant and fearless.

Wang Fan disdained to look at those who rushed up the strong, the right hand is just a wave.

In a flash, a strong aura wave suddenly hit, and then set off a violent hurricane, severely agitated in those law enforcement forces.

Boom boom!

After several blasts, those strong law enforcers didn't touch the corner of Wang Fan's clothes at all. They were blown upside down and fell to the ground one after another.

The whole scene was in chaos.

At this moment, everyone is dull and stupid.

With a wave, dozens of strong law enforcement men fell down. Is this a monster?

Beating Cheng is also a dull face. It seems that he can't believe everything in front of him.

Wang Fan didn't care about the shocked expression of those people at all. He grabbed the beating from the void.

In a flash, everyone had already seen that beating Cheng seemed to be pinched by an invisible big hand, and was directly carried up in the air, and then slowly floated in front of Wang Fan.

In the eyes of beating Cheng, there was panic, struggling and trying to speak.

But his throat is stuck, even if his face is red, there is still no way to make a sound.

"It's true that you don't meet each other in your life. I didn't expect you to climb to such a high position in just one year. "

"It's just that everyone has the right to control the law enforcement and become a law enforcer in Nantian City, but you're the only one who can't do it."

"A year ago, you even killed four Zhang Hu and put the blame on me. What qualifications do you have to be a law enforcer to do justice for others

Wang Fan's cold voice floated in the air, and the whole scene fell into silence again.

What? How could it be that the murder of four people a year ago was committed by beating Cheng!

They have even forgotten the power of Wang Fan and the reason why he was so strange.

As for beating Cheng, he looked miserable and couldn't say a word.

At this moment, he not only knew who Wang Fan was, but also guessed that Wang Fan was an outsider, a kind of outsider who practiced aura.

It's just that if outsiders enter here, Aura will be imprisoned and can't be used any more? But now, why can Wang Fan use his aura?

Beat to accept to feel whole body tremble, whole body is cold!

Chapter 2485

Wang Fan looked at the pale face of the fight, no longer lazy nonsense, slapped him into a blood mist, immediately step out, with the wild goose into the Zhentian tower.

In his eyes, beating Cheng is just a tiny mole ant. If it wasn't too hateful, he didn't even bother to kill it.

All around the people looked at the beating Cheng, who was slapped into a blood mist, was even more scared.

The power of terror has gone beyond their understanding.

Those who are strong in law enforcement dare not move.

Are you kidding? Wang fan is so powerful that they rush up. Isn't that for death?

"Oh, my God, the fifth floor. It's on the fifth floor. It's so fast."

"The seventh floor. It's on the seventh floor."

"Oh, the ninth floor, the tenth floor, my God!"

After a short silence, the crowd was shocked again.

Only on the stone tablet, just between breathing, a light spot had already rushed to the tenth floor like lightning.

Dead silence!

There was a dead silence!

Such a terrible speed has not only broken the highest record of the ninth floor, but also broken the routine.

"This man looks familiar. I seem to have seen him somewhere."

"Ah, do you have the same feeling? I thought it was just my own illusion."

"I remember that I met him at the entrance of the fourth floor of Zhentian tower a year ago. He just killed the guarding monster with one punch."

"I remember, but I saw him on the sixth floor."

"I know. He was the one who actually climbed the ninth floor of Zhentian tower."

"Beating up this son of a bitch is just too mean. It's just going to the seventh floor, but it's shameless to say that I've gone to the ninth floor."

People soon understood what they were talking about.

As for the dead beating Cheng, he was despised by the public.

Wang Fan has no mind to deal with the sensation outside. At this time, he has come to the 15th floor of Zhentian tower.

In the 15th floor, there is not only pressure, but also extremely violent space wind blade.

The fierce wind blade of space, let alone the internal force, can't bear even the monk of Zunjing without refining his body.

Wang fan blows out with one punch. In the sound of a click, all the wind blades in space are broken.

Immediately, he took the wild goose to the entrance to the 16th floor.

At the entrance of the 16th floor, the guard is a double headed demon wolf with two heads.

This demon wolf is more than ten meters tall, and his whole body is full of endless pressure and terror.

Its strength has reached the peak of the ninth floor of Zunjing, and it is an extremely terrifying existence.

See Wang Fan two people, this demon wolf slowly opened that just like the four eyes of basin.

His eyes were cold and heartless. He stared at Wang Fan and said, "I didn't expect that someone could

break the rules here and use aura. Human, you are not simple

Wang Fan hears this demon wolf mouth to spit a person speech, have no accident at all.

When its strength reaches such a level, it is no wonder that it is speechless. Even its wisdom is no less than that of human beings.

"I'm going to the top. Are you going to stop me or get out of the way?" Wang Fan's tone is also indifferent, without the slightest emotion.

"Human beings, this is not the place where you can come. Go back as soon as possible, lest you die here in vain. I don't want to kill, and I don't want to kill you. Don't force me. "

The demon wolf stares at Wang Fan, but he doesn't mean to start. Instead, he dissuades Wang Fan from leaving.

Wang Fan frowned and suddenly said, "if I guess correctly, are you imprisoned here?"

"You have been imprisoned here for countless years, guarding this ridiculous Zhentian tower. Don't you ever want to get rid of this cage and regain your freedom?"

The double headed demon wolf listened to Wang Fan's words. His pupils suddenly shrank and he couldn't help standing up.

Rumbling sound sounded, it is just a stand up, even triggered the space storm.

The countless wind blades of space fell on it and did not cause any damage to it.

"Go away!" After the demon wolf got up, he looked at Wang Fan coldly and just spat out a word.

Obviously, it has no patience.

"I have to climb to the top of the Tianta. Since you won't give way, you have to offend. "

Wang Fan sighed, also did not continue to talk nonsense, body shape a flash, has been holding the wild goose to kill the double headed demon wolf.

This double headed demon wolf is really terrible. It belongs to the best of the nine levels of Zunjing. However, after being imprisoned for so many years, its brutality and spirit have been worn away, without the ferocity of normal monsters.

Wang Fan's right fist is clenched and blows out to the double headed demon wolf.

The frenzied killing power surged, rolled up layers of terrible ripples, and the surrounding wind blades of

the space all broke one after another in the clatter. The wolf was not afraid. He looked down at Wang Fan, who was just like a mole ant. He stood up straight. At the same time, a giant claw came up to Wang Fan's fist.

The Giant Claw of the demon wolf is huge, and the finger stab is like a broadsword, which is terrifying.

Bang!

The fists and claws collided, making a terrible noise.

Wang fan body pattern silk did not move, demon wolf actually began to pedal straight back.

"You can't stop me from going to the top with your spirit Wang Fan's indifferent voice came out again, and his right fist was waving out one after another.

The terrible boxing style formed a storm, wave after wave on the double headed demon wolf, and the double headed demon wolf retreated again and again.

Its heart, however, is full of shock, obviously did not expect that there is such a terrible respect for the territory of the strong.

"For your pity, if I don't kill you, you'll do it yourself." Wang Fan's indifferent voice came out again, and he had already stepped into the ladder leading to the 16th floor with Su Luoyan.

After the double headed demon wolf recovered, Wang Fan had already ascended the 16th floor.

In the 16th layer, there is no pressure at all, no wind blade or storm in space. Yes, just endless monsters.

The endless monsters, at least tens of thousands, can't be counted at all. Moreover, the lowest strength has reached the fifth level of Zunjing.

Rao Shi Wang Fan has already made all preparations, but seeing this scene, he still feels numb.

Cruel!

It's so cruel!

In order to imprison Ye Nantian, the great power who imprisons Ye Nantian has captured so many monsters. The means are extremely cruel.

Obviously, that ability is to prevent anyone from climbing the top and saving Ye Nantian.

"Roar, roar!"

The roar of the beast is a nine day sound.

After seeing Wang Fan and Wang Fan, the endless monster immediately opened his eyes and killed them regardless of everything.

Such a terrible wave of monsters, if ordinary people, I'm afraid they don't have to do it at all, they will be defeated by the monsters.

But Wang Fan did not have the slightest fear, he took out the shadow knife, the body aura surging, began the crazy wave split.

Hiss, hiss, hiss!

The blood splashed layer upon layer and dyed the whole ground red.

Countless monsters were killed by Wang Fan, but the tide of monsters had just appeared, and they had been filled with endless monsters again.

Wang Fan's face is gloomy. He must not let these monsters get close to him, otherwise the consequences will be unimaginable.

He even regretted bringing the wild geese in now. If he had known there would be so many monsters, he would have preferred the wild geese to wait outside.

Chapter 2486

"Kill! Kill! Kill

"Those who stand in my way will die!"

"Go away! Get out of here! Go away

Wang Fan's crazy roar, the shadow knife in his hand is even more crazy.

At first, he just wanted to keep those monsters away, in order to tear a path of blood, and kill them crazily, but later, he had completely forgotten his purpose.

There is only one word left in his mind, which is "kill".

There was only one thought left in his mind, which was killing.

Wang Fan soon fell into this endless killing thought, into a strange state.

The thoughts of killing spread constantly from him, and the fierce murderous Qi split out from his shadow knife.

Hundreds of monsters fell down in front of him, and his whole body was dyed red by animal blood.

Monster tide, has been torn out of a gap.

It's a blood route, a real blood route.

However, Wang Fan didn't seem to see it, and he didn't rush past with the wild goose.

He is still standing in place, constantly waving shadow knife, constantly killing those monsters.

On the surface of him and Su Luoyan, there has been a killing aperture. Any monster, as long as it is close to that aperture, will be directly and mercilessly hanged.

"The idea of killing, the way of killing?" Su Luoyan's heart was trembling, and her eyes were full of incomprehensibility.

Killing, anyone can do it. No one can understand the idea of killing and the way of killing.

This idea of killing is also a kind of artistic conception.

Only those who have a deep understanding of killing and a strong sense of killing can have a very small chance to understand this kind of Tao and artistic conception.

Once you understand the concept of killing, your strength will be far from comparable, and your future achievements will be unlimited.

Countless brilliant people, after countless lives and deaths, after countless killing, want to understand this idea, can't get, but now Wang fan is done.

What kind of experience did Wang Fan have before he realized this Taoist idea?

Su Luoyan's heart trembled.

She knew that the reason why Wang Fan was able to understand the idea of killing was not because of the endless monsters in front of him, but because of his experience and his understanding of killing.

The monsters in front of him just gave him a chance.

Wang Fan had never heard of the idea of killing, and he did not know that he had understood it.

He just in self-consciousness, crazy killing the group of monsters.

He has only one idea, that is to kill!

Anyone who dares to stand in front of him will be killed!

God blocks killing God, Buddha blocks killing Buddha, demon blocks killing demon!

In this endless killing, pieces of monsters fell, and the endless corpses of monsters even piled up into several hills.

The whole 16th layer has been completely dyed red by blood. When it enters the eye, the blood is red.

At first, those monsters are still constantly filling, constantly impact. But later, they finally had fear and fear.

Their intelligence is already very high, not weaker than human beings, so they will not die like beasts.

What kind of human being is this? Why is it so terrible when there is no power to reach the holy land?

Whoosh!

Several blades flashed by, and countless monsters were killed on the ground. At the same time, the rest of the monsters finally did not hesitate and scattered in a crowd.

They flashed madly, retreated towards the back, and no longer dared to stop in front of Wang Fan.

However, they want to escape, but Wang fan doesn't want to.

Almost at the moment when the monster retreated, Wang Fan had already followed him and started the crazy pursuit.

A person, even in pursuit of the endless monster, this scene as long as it is to think about some shock.

In particular, the monster group, there are semi Saint level terror.

"Wang Fan, Wang Fan." Seeing this scene, Su Luoyan knows that Wang Fan has fallen into endless killing and apologizing, and quickly reminds Wang Fan.

However, Wang fan is indifferent, still in the direction of those monsters.

Those monsters looked at this scene, completely scared, even the ten head half Saint level monsters are also so.

They roared and screamed, and the half holy monsters began to speak.

"If you want to enter the 17th floor, you can go up by yourself. We have already given up the

obstruction. Why do you still have to chase and kill? Do you want to kill everything? "

However, Wang Fan's voice to them was not heard at all, and he was still killing them.

Seeing this scene, Su Luoyan said in a loud voice, "if you don't want to die, you should get rid of the idea of killing him, otherwise, no one can save you." Even if she didn't have the strength, even if she didn't see anyone who understood the idea of killing, she still knew something secret.

Those monsters smell speech, all is a Leng at first, hurriedly forced to bear to scatter to kill intention.

Almost when their killing intention completely disappeared, Wang Fan also stopped killing.

He stood in the air, his eyes vacant.

After a long time, the emptiness gradually dissipated and Qingming was restored.

Wang Fan looked at the endless monster corpse in front of him, and his heart was also shocked.

When did he become so strong?

But it soon occurred to him that he had fallen into some wonderful mood.

Looking back on that artistic conception again, he was even more scared.

The artistic conception of killing is actually the artistic conception of killing!

In the artistic conception of killing, he seems to have lost himself completely, leaving only killing in his mind.

Wang Fan was a little worried. He didn't want to fall into that mood any more.

He was afraid that he would become an opportunity to kill, regardless of friends or enemies.

"You don't have to worry, you won't be killed, and you won't lose yourself and kill your relatives in the artistic conception."

"Because in the killing mood, your killing thoughts will only be directed at those who are murderous to you. And your relatives and friends, I don't think they will kill you. "

Plain wild goose seems to know what Wang fan is worried about, soft voice said.

Wang Fan found out that he didn't hurt Su Luoyan. Obviously, what Su Luoyan said was true.

"Thank you, elder martial sister." Wang Fan nodded, feeling relieved.

Elder martial sister?

The plain wild goose's heart is a tiny quiver, the eyes are a little gloomy.

Wang Fan did not stay in the 16th floor, and soon took the wild goose to the 17th floor.

On the 17th floor of Zhentian tower, it is totally different from the 16th floor.

There are no endless monsters here. There are only one person.

The man was ordinary in appearance and figure, and there was nothing unusual about him.

However, his hands, feet, and even neck, are locked arm thick chain.

Chain across the air, extended to the distance, simply do not know where the end. Even Wang Fan's mental strength can't sweep the other end of the chain.

If Wang Fan had not seen Ye Nantian, he would even suspect that he was the suppressed Ye Nantian.

"It's been a long time, but I didn't expect that someone could climb the 17th floor."

With a sigh that seemed to come from ancient times, the man slowly opened his eyes and looked up at Wang Fan, who had stepped into the 17th floor.

His eyes, full of vicissitudes, full of sadness.

Chapter 2487

"I'm going to the 18th floor. Can I get out of the way?" Wang Fan did not immediately move, but frankly asked.

In his opinion, this man is also a poor man.

Although he is the guardian of the 17th layer, he is not voluntary. He is obviously suppressed, and his fate is also miserable.

Most importantly, this man is not simple.

Although he did not have the slightest momentum to leak, but he is absolutely a very dangerous terrorist. Otherwise, he could not be suppressed here and stationed on the 17th floor.

"Get out of the way?" The man's eyes showed a touch of sadness, "you'd better go back. With your strength, you can't defeat me and ascend the 18th floor."

His tone is also very soft, but it is very firm.

Obviously, he won't give way. If Wang Fan wants to climb to the top, he must pass this pass.

"In that case, it will only offend." Wang fan is no nonsense, right hand a grasp, shadow knife is appeared in the hand, followed by a flash, has toward the man to fight in the past.

The man looked at the Wang Fan who killed him head on, and his expression didn't fluctuate at all.

His hands swung at will, and the chain locked on it made a clattering sound, which agitated Wang Fan.

Dangdangdang.

The harsh sound of Jinge is resounding, and countless dazzling sparks are splashed in the air. Wang Fan's shadow knife cuts on it, leaving no trace at all.

Wang Fan was shocked. He didn't expect that the chain that locked the man turned into a man's weapon.

He did not expect that the chain was so hard that even his shadow knife could not leave any mark on it.

"Why?" At this time, the man suddenly light Yi, that calm eyes finally had a little fluctuation.

He looked at the shadow knife in Wang Fan's hand strangely, as if he saw something extraordinary.

Wang fan is no nonsense, the whole body spirit crazy surging surging, shadow knife again rolled up Dao Dao grain, toward the man to kill in the past.

Seven kill Liuyun Dao, Dahuang Mie Qiong chop, Yidao chop, and so on, were all used by Wang Fan, and they were cut down crazily.

But in a sound of Dangdang, Rao Shi's torrent was terrible, and the huge waves were still blocked by the iron chain.

Let alone hurt the man, even if it is to break through the two chains, it is impossible.

Wang fan stopped attacking, but his heart was shocked.

Isn't that horrible?

With all his means, he could not penetrate the two chains. What else could he talk about to beat back the man and climb to the 18th floor?

Most importantly, up to now, the man has been passive defense, did not take the initiative to attack.

Once he takes the initiative to attack, how many moves can he take?

Wang Fan's scalp is numb.

He knew that he underestimated the people behind the Tianta and overestimated himself.

"I don't want to kill you. You'd better go back quickly. Even if my strength is less than one ten thousandth of the peak period, you can't compete with me now. "

Man tone is still gentle, light said. Obviously, he didn't kill his heart, otherwise he wouldn't talk so much nonsense.

Wang Fan breathed deeply.

How can he be reconciled to retreat now?

Ye Nantian was kind to him, and he was very kind to him at the beginning. Now that ye Nantian is suppressed here, now that he knows, is there any reason not to save him?

What's more, even without Ye Nantian, if he retreats now, doesn't it mean that he will be trapped in the south?

Even if no one in South Heaven can threaten him, he can become the first person, but this kind of life is still not what he wants.

Wang Fan's face changed and he was extremely unwilling.

He was really not reconciled, so he retired.

...

capital, South Tianfu.

Inside the white jade carved Pavilion, ye Nantian, who is meditating with his eyes closed, suddenly opens his eyes.

The two lights, like lightning, shot out from his eyes. His expression was a little excited.

"Wang Fan, is it really you? I didn't expect that you had grown to such a stage in these short years. I, ye Nantian, didn't mistake you. "

Ye Nantian murmured excitedly and suddenly closed his eyes again.

Almost at the moment when he closed his eyes again, a blurred image suddenly appeared on the 18th

floor of Zhentian tower and stood in front of Wang Fan.

This image is extremely fuzzy, so I can't see the details at all. I can only see clearly that it's a human figure.

After he appeared, a consciousness had already fallen into the mind of Wang Fan and Su Luoyan.

"I can break the rules here in a short time, and then the little girl can recover her strength."

"Once she recovers her strength, we will attack her hand, foot and throat together, and then we can repel her." After the fall of this consciousness, Wang Fan only saw the vague figure raise his hand. In a flash, the void fluctuated, and then there seemed to be some changes.

This kind of change, Wang Fan's feeling is not strong. After all, he had already broken the rules here and restored his cultivation, but Su Luoyan almost cried excitedly.

She even felt the aura of heaven and earth that she had not seen for a long time. Not only that, she also recovered her cultivation.

"Nantian emperor, you At the same time, the man's face changed suddenly.

Obviously, he recognized the owner of the shadow.

"Do it!" Ye Nantian's idea and empty shadow didn't delay at all. When a consciousness sounded in Wang Fan's mind, the whole empty shadow had already rushed towards the man.

His arms danced wildly, rolling up all kinds of dazzling light rhyme, and roared to the man's feet.

At the same time, the wild goose is also flying out, she has a colorful ribbon in her hand. Colorful ribbon waving, rolled up the violent momentum of the hurricane, blew to the man's arms.

Wang Fan's strength is the lowest, so his reaction is slower. However, after su Luoyan's shot, he still reacted and followed.

This time, he did not use shadow knife, nor did he use red axe. Instead, he directly grabbed the killing shotgun.

The fierce killing spread all over the sky, the gun pattern was torn out, and the gun went crazy to the man's throat.

With the joint attack of the three, in an instant, the whole 17th floor of the building seemed to be completely filled with violent energy.

The man felt the boundless fury, and his face changed greatly!

The appearance of Ye Nantian's mind and shadow here made him extremely surprised.

What he didn't expect was that the little girl, who was suppressed by the rules and lost her accomplishments, was still a strong man in the holy land.

If these just make him shocked and incredible, then Wang Fan's killing short gun, and the outbreak of such a terrible killing situation, it makes him even more incredible.

Wang Fan, who understands the idea of killing, even has the defective magic weapon used to kill the emperor. The roaring sound resounds. Even if the man tries his best to dance the iron chain to parry the attack, he still can't stop the violent attack. The iron chain clatters, and his whole body is shocked out.

But even so, he was just retreated by the shock, and there was no scar on his body.

Wang Fan completely shocked!

This body is too horrible, isn't it?

Su Luoyan is also shocked!

Three people such terror attack kills the situation, unexpectedly only lets the other party inverted flies out, did not leave the slightest scar on its body.

This makes her scalp numb.

Chapter 2488

"What are you doing? Get on the 18th floor!" Wang Fan and Wang Fan were awakened by a sudden thunder of consciousness.

Without hesitation, they ran crazily towards the entrance to the 18th floor.

They were like two lights and shadows, flashing wildly, and soon approached the entrance to the 18th floor.

"To die!" The man who was shocked to fly looked at this scene, his eyes suddenly cold, and his body emerged a huge killing opportunity.

WOW!

His hands were shaking wildly, the iron chain was suddenly across the sky, and he rolled up layers of fury to Wang Fan.

That terrible power, simply concussion of Wang Fan two people have some scalp numbness.

Terror!

It's terrible!

At this moment, they really felt the threat of death.

They had no doubt that if the chain stirred on them, they would die.

"Leave him alone, let's go!" Ye Nantian's divine consciousness spread out again, and then the whole virtual shadow had rushed towards the two chains.

Wang Fan's face changed. Without hesitation, he chose to believe Ye Nantian and ran to the entrance to the 18th floor without looking back.

Su Luoyan originally wanted to turn back to resist, but after seeing Wang Fan rushing to the 18th floor entrance without hesitation, she resolutely gave up looking back and followed the past without hesitation.

However, she is half a step slower than Wang Fan and falls behind Wang Fan.

Boom boom!

The deafening sound came out, and ye Nantian's mind and shadow chose to report to himself when he was close to the two chains.

The terrible explosion spread crazily, instantly blocked the two chains and bombed the men.

The man's face changed again, he had to stop, his right hand into a fist, dragging a heavy chain, a blow out.

Bang!

There was another terrible explosion. The wave of self explosion collapsed and broke into nothingness under his fist.

However, ye Nantian's mind explodes, although it still doesn't hurt the man, it still blocks his progress.

Also at this moment, Wang Fan two people already one before and one after crazy rushed into the ladder entrance, disappeared without a trace.

"Ah Looking at this scene, the man could not help roaring angrily. The chain on his body was rattled by him, but he had nothing to do.

He has no way to enter the 18th floor.

Wang Fan two people stand in the 18th floor, the complexion is some dull.

Compared with the front 17 floors, the 18th floor is only ten square meters, more like a hut.

In the room, there is only one stone platform, one jade plate and two sharp knives.

But the strange thing is that the jade plate is not vertical, but horizontal, and two sharp knives are nailed on both sides of the jade plate.

"Soul jade card?" Wang Fan looked at the scene, once again can not help shaking the voice.

He had already seen clearly that what was nailed by the sharp knife was a soul jade card, or a spirit jade card.

Because in that jade card, he could see a weak small ghost shadow.

"Wang Fan, I really didn't expect that in a short time, you would grow to such a stage."

"I didn't expect that you would be the one who could come here to save me. I'm very happy about that."
"

A weak figure came from the spirit jade card, and Wang Fan's heart was shocked.

This is Ye Nantian's voice, absolutely right.

"Uncle Ye, what's the matter? Is it not you who are here, but your spirit?"

He is very shocked, just a spirit, as for such a big hand, to catch so many monsters and strong guardians?

"Yes, I was repressed. It was just a spirit. I'm not going to talk about it in detail. "

"You just need to pull out those two sharp knives, and my suppressed spirit will be relieved. At that time, I will tear the space here and let you out."

"Don't worry, we will definitely meet again. I'll talk to you in detail then."

Ye Nantian's voice was a little weak, and the more he got to the back, the smaller his voice was.

Although Wang Fan had a lot of doubts in his heart, he also wanted to ask who was the person who suppressed Ye Nantian's spirit.

But he did not ask, but nodded, without hesitation to the two knives.

Wang Fan grabbed the two sharp knives in his hands, and he immediately felt the stabbing pain in his mind. It was as if his soul was being cut by an invisible knife.

Wang Fan was shocked. He had realized that these two sharp knives were the magic weapons for dealing with the soul.

Fortunately, his spirit is stronger, and his soul is stronger, so he can resist the sting. He didn't dare to continue to delay. With a hard effort, he easily pulled out the sharp knife. Then, he quickly let go.

Buzz!

Almost at the moment when he let go, the light flashed, and the two rays had wrapped the sharp knife in an instant and disappeared without a trace.

"It's just a mole ant who dares to do harm to the emperor's affairs. It's like looking for death! I remember you. We'll meet again. "

When the two sharp knives disappeared, an angry roar came from the void.

Wang Fan only felt his mind tremble, and his face became white in an instant.

Plain wild goose is no exception, also faltered a few times, the mouth ejected a mouthful of blood.

They are shocked in their hearts. Who are they? How can they be so terrible?

Just a roar has already made them seriously injured?

"You don't have to care about him. He won't be able to find you for at least ten years. I'll take you out now. Take care of yourself. "

Ye Nantian's weak voice came out again, and then the jade plate was across the sky. With a stroke at will, a door of emptiness appeared.

At the moment when the door of the void appeared, Wang Fan felt a strong attack and wrapped them up and sent them out.

The square outside the Zhentian tower is petrified.

The guy who didn't know where he came from and killed Ai Cheng immediately went up to the 18th floor?

The whole square was absolutely sensational.

However, this kind of sensation did not last long. In a burst of rumbling sound, the Zhentian pagoda began to sink.

Just for a moment, it has completely sunk into the ground, disappeared without a trace.

"Zhentian pagoda has disappeared. How is it possible?"

"How do I feel a strange energy in the air?"

"Aura? Is this the aura in the legend

"My God"

there was a short silence, and the scene was boiling again.

Miracle City, as usual, is very calm.

Apart from more than a year ago, after su Luoyan, the second saint of Qingyue palace, went missing after a monk named Wang Fan, nothing serious happened.

Even the disappearance of the second sage of the Green Moon Palace only has some influence on the Green Moon Palace, and has no influence on other forces.

If there is influence, it only affects one person, she is more and more frost.

Chapter 2489

Yuelingshuang used to be just a casual monk who lived at the bottom of miracle city and relied on the introduction of new monks.

But it was because she was in charge of receiving Wang fan that she was taken away mercilessly.

As for who captured her, no one knows, but everyone has a guess, that is the Green Moon Palace.

After all, qingyuegong lost a powerful man in holy land, and he was also the second saint, suluoyan. I have to say that this is a big event.

However, because Yue lingshuang's identity is too insignificant, and qingyuegong is extremely strong, so even some people doubt qingyuegong, they dare not chew their tongue.

In a desolate area to the north of miracle City, the space was suddenly torn out of a gap, and then two figures flew out from the gap.

Fortunately, there are no people nearby, otherwise, seeing this scene will definitely cause a sensation.

The man who flew out was a man and a woman. They were Wang Fan and Su Luoyan.

Wang Fan looked at Su Luoyan, slightly embarrassed.

In the past year, too many things have happened, so that he doesn't know how to face Su Luoyan now.

After all, when she was in the South sky, she had no strength, just like an ordinary woman.

But now, Su Luoyan is a three-tier strongman in holy land who is far more powerful than him.

Wang fan is not a fool. He can feel that when he was in the South sky, Su Luoyan's feelings for him were true.

But all that was based on the fact that they lost their cultivation and could never leave the South Heaven.

Now that they have left the area, who knows if everything will change?

After all, today's su Luoyan is not the weak woman at the beginning, but the superior one in the holy land.

"Elder martial sister Luoyan." Wang Fan sighed. He was about to break the silence. But at this moment, Su Luoyan suddenly stepped forward and hugged him tightly.

Wang fan is a little stunned. Just when he plans to speak again, suddenly, Su Luoyan starts at him.

Wang Fan's heart sank. He never thought that Su Luoyan would attack him, so he didn't take precautions at all.

Now, Su Luoyan is so abrupt to start with him, and still in such a close situation, he can't make a response at all.

After all, Su Luoyan is a three-tier strongman in holy land, far from what he can deal with now.

Come on, come on, come on!

Wang Fan only felt the crazy points of fingerprints on him, and his strength was completely sealed in an instant, and the whole person became extremely weak.

"Why?" Wang Fan raised his head difficultly and asked in a hoarse voice.

Only, he just asked these three words, plain wild goose has followed a point in his throat, let him no longer make a sound.

Wang Fan's heart sank to the bottom, but what emerged in his heart was not anger, but heartache.

No matter how to say, they have experienced life and death together, and they have had friendship with each other. Why should Su Luoyan be so cruel and treat him like this?

Is all that false?

In other words, the lost and the restored Su Luoyan can be two completely different people?

Wang Fan only felt that his heart was pierced mercilessly by a sharp thorn, and his whole heart was dripping blood.

Just at this time, he suddenly saw that Su Luoyan was crying.

Just as she had been in Nantian City, in the civilian areas, in the dilapidated courtyard, she shed tears again.

"I'm sorry, I failed you. I can't go with you."

"If possible, I would rather spend my whole life with you in the South Heaven."

"If it's possible, I'd rather you don't wake up all your life. I'll take care of you all my life."

"I hate it. Why did God do this to me?"

Plain wild goose cry of say, suddenly wave a hand print.

Soon, this space has been completely closed, she even arranged numerous powerful border.

After arranging the border, she slowly took off her dress.

Wang Fan's eyes widened. He finally knew what Su Luoyan wanted to do.

While he was ashamed, he wanted to roar, but he couldn't roar a word.

Two hours later, Wang Fan walked out of the border and looked at the beautiful shadow that disappeared quickly in the distance. His heart was extremely complex.

"Well, why are you doing that?" Wang Fan's heart is a little messy.

He did not go after the wild goose, nor immediately rushed to the main city of miracle City, but began to change face.

Although his strength is much stronger than that of a year ago, and he even understands the idea of

killing, he is still small in front of those who are strong in the holy land.

He can't get around miracle city yet, so he has to be careful.

An hour later, Wang Fan became a middle-aged monk full of vicissitudes and entered the main city of miracle city. Almost at the moment when he entered the main city of miracle City, a message came from his communication bead.

Wang Fan grabs the communication bead and finds that it's all from Yue lingshuang.

Thinking of that lovely and kind-hearted nun, Wang Fan's mood slightly improved.

However, when he saw the content of the communication bead, his face was frozen in an instant.

"Yueling frost is in our hands. If you want her to live, come to Qingyue palace immediately."

There is only such a message on the communication bead, and it was sent a year ago.

Obviously, because of his affairs, Yue lingshuang was implicated.

"Green Moon Palace!" Wang Fan heart set off endless anger, he did not expect, more lingshuang so kind and lovely girl, unexpectedly will suffer their own involvement.

What worries him more is that yuelingshuang was taken away a year ago. Now a year later, is yuelingshuang still alive?

Think of here, Wang Fan more anxious, he can't even help but want to kill on the Green Moon Palace immediately.

Fortunately, he still has reason. He knows that with his own strength, even if he kills qingyuegong, he will die, so he still has to bear it.

He grabbed the communication bead, first sent a message to Su Luoyan, and then came to the nearest restaurant.

He needs to find out about the frost.

An hour later, he had found out that a year ago, Yue lingshuang was indeed taken away.

But no one knows who captured Yue lingshuang, but everyone has a guess that it is Qingyue palace.

Wang Fan also did not doubt this kind of speculation, because with Xing closed month that evil woman's temperament, it is entirely possible to do such a thing.

Wang fan is not in a hurry, but patiently waiting for Su Luoyan's reply.

This kind of thing, he can only turn to Su Luoyan, if Su Luoyan does not help him, he can only think of another way.

Half an hour later, Su Luoyan finally came back. She said that she had investigated, and that qingyuegong had never moved yuelingshuang, and yuelingshuang was not in qingyuegong, and Wang Fan had to believe it.

She also said that she was investigating where Yue lingshuang had gone and by whom she had been abducted by means of investigation, and would call him back as soon as possible.

Seeing Su Luoyan's reply, Wang Fan's heart is even colder.

He didn't know whether Su Luoyan had really investigated or was maintaining the Qing Yue palace and Xing closed the moon.

After all, no matter how to say, Su Luoyan is also a member of Qingyue palace, and Xing guanyue is her younger martial sister.

Wang Fan plans to wait and see the results of Su Luoyan's investigation.

If Su Luoyan is perfunctorizing him, covering up Xing guanyue or qingyuegong, then even if he tries to offend Su Luoyan, he will try to kill qingyuegong.

Chapter 2490

Three days passed, and the city of miracles was filled with snowflakes.

Goose feather like snow fell on the earth, for the earth covered with a layer of white yarn, a look, white.

Although the severe cold had little influence on the monks in miracle City, they habitually put on thick Plush clothes, creating a cold atmosphere of winter.

These three days, Wang Fan stayed in a very humble Inn, did not go out.

While waiting for the news of Su Luoyan, he was also digesting the killing thoughts that he understood on the 16th floor of Zhentian tower.

Through three days of understanding, he has a deeper understanding of the killing idea, and even can use it on his own.

Even if he falls into the mood of killing again, he will not lose his self-consciousness as he did at the beginning.

In addition to understanding the idea of killing, Wang fan is also refining the prohibition of killing short guns.

On the 17th floor of Zhentian tower, the guard man who was chained seemed to have said that the killing short gun was a defective weapon used to kill the emperor. It can be seen that the killing short gun is very unusual.

In Wang Fan's view, the killing monarch in the mouth of the guardian man is either the honorific title of a strong emperor or a strong emperor who has also understood the idea of killing.

In a word, no matter what, it shows that the killing short gun was used by the strong in the imperial realm. This alone is enough to prove its extraordinary.

Perhaps because of his understanding of the idea of killing, Wang Fan's speed of refining and banning killing short guns is also very fast.

Even if it's only three days, even if he doesn't spend all his time refining, he has already refined to the 21st level.

There are thirty-six levels of prohibition for killing short guns. With each additional level of refining, the killing power will multiply.

Now that he has refined to the 21st level, he is even sure to fight against the strong of the second level of holy land.

Even for those who are strong in the three levels of shangshengjing, Wang Fan has some control over his whole body, so he will not be directly defeated.

This is the killing power of the powerful magic weapon in the imperial realm!

On the morning of the fourth day, there was no news from Su Luoyan, and Wang Fan was unable to sit down.

He doesn't plan to continue to wait like this. He wants to find a way to save Yue lingshuang immediately, and then leave miracle city.

Miracle city is just a transit station for him. His goal is intermediate domain, so we can't waste all our time in this place.

Moreover, Yue lingshuang is a kind-hearted nun, who is struggling at the bottom. Now Yue lingshuang has an accident because of him, so he has no reason to sit back and ignore him.

Wang Fan also put on a thick sweater, went out of the room, out of the inn.

The snow was thick outside, and there were countless monks in the street.

Those monks rarely do not practice, but enjoy the natural snow outside.

As Wang Fan changed his face, his appearance did not attract anyone's attention.

He was just like those friars who appreciate the snow, and he seemed unimportant.

Wang Fan's heart was also touched by the sound of his feet on the snow.

How many years, how many years has he not seen snow.

But these feelings were soon thrown away by Wang Fan, and he walked to a hall not far away.

This hall is specialized in selling all kinds of intelligence. As long as you can get enough spirit stones, you can get all the intelligence you want.

Of course, only God knows if you can really get all the information you want.

However, there is no doubt that as long as it is the information sold by this hall, there will be no fake.

Because of this, Wang Fan came to this hall.

He wants to buy some information.

First of all, he has to find out whether yuelingshuang was abducted by qingyuegong. Second, he has to find out the general strength and details of qingyuegong.

If these things are not clear, he will not dare to act at all.

Originally, he didn't want to come here to buy the information, because once he bought the information, people would be able to guess his identity.

But there is no news from Su Luoyan, Wang Fan has no way.

"Please come inside, elder martial brother. What information do you need to buy? I'll tell you, if you come to us, you'll come to the right place. "

"In miracle City, there is nothing we can't find out. If we can't find out, even if you go to other places, it's in vain. "

The man was very enthusiastic. Just as Wang Fan came to the gate of the hall, he welcomed Wang Fan in with a smile on his face. At the same time, he did not forget to boast about how powerful their intelligence hall was.

Wang Fan listen to this, but can't help but sneer, "you don't boast, also not afraid of the wind big flash tongue."

He seems very arrogant, "well, I don't talk nonsense with you, I want to see your high-level, let him come right away."

Wang fan knows that in such a place, if you are low-key, people will look down on you at all. Only when you show some arrogance can you attract attention. Of course, this so-called arrogance also needs to have its own strength, otherwise it will only be self humiliating.

The information Wang Fan bought is not a simple matter. Naturally, he doesn't want to talk with this little guy, and this guy probably won't know so many things. He has to find those high-level people.

When the man heard Wang Fan's words, his face immediately became cold.

What kind of people are they? They want to see their senior management when they come in, and they take themselves seriously, don't they?

If anyone in their senior management wants to see them, they need to have a fart to use. Isn't it tiring to see people every day?

Just, that fellow hasn't had time to attack, the eye bead suddenly stares round.

He stares at the front as if he saw something incredible.

See only, Wang Fan has already thrown out a top grade spirit vein.

The superior spirit vein is tens of feet long, and the hall can hardly be put down.

"Don't talk nonsense. I'll call your senior management right away, or I'll leave now." Wang Fan waited for the guy to see the spirit pulse clearly, then he put it away and said indifferently.

He didn't pay attention to the shock of the man at all. He seemed very calm.

"OK, OK, just a moment. I'll send a message to our deacon." Man, how dare you neglect me? I quickly grab the communication bead and send out a message.

In miracle City, people who can easily take out a superior spiritual vein will never be easy. And the person who dares to take out a superior spiritual vein in full view of the public will not be easy.

Although there are not many monks in this hall, they are not in full view of the public, but there are still some monks.

In front of these friars, Wang Fan dared to take out a superior spiritual vein, which was enough to show Wang Fan's strength.

The Deacon came very quickly, just a few minutes after the guy sent a message, he came here.

"Who wants to see me?" Before others had entered the hall, the voice had already come in first.

At the same time, his breath is just like the wind and tsunami, directly and madly oppressed Wang Fan.

Obviously, although he was asking who wanted to see him, he already knew that it was Wang Fan who wanted to see him.

This is obviously to test Wang Fan's weight, want to give Wang Fan a xiamawei.
