

Mighty Sk 2491

Chapter 2491

Wang Fan glanced at the Deacon and sneered.

This guy is about 1.7 meters tall, wearing a red robe, and his strength is on the first floor of holy land.

However, his holy land is much worse than that of Xing closed moon.

If such a guy still wants to use his momentum to oppress Wang Fan, then don't dream.

Wang Fan felt the oppressive momentum on the other side, and with a cold hum of disdain, he suddenly stepped forward.

In a flash, an equally violent momentum suddenly surged from him, and instantly it had been rolled on the other side's momentum.

Boom boom!

Two momentum collided in mid air, as if issued a silent dull loud noise.

The Deacon's face changed, almost subconsciously, and he stepped back three steps.

After he had stabilized his figure, there was a great shock in his eyes.

He can clearly feel that Wang Fan's cultivation has only nine levels of Zunjing. However, it's just a nine level Zunjing. It's incredible that the momentum of his body is so powerful.

Wang Fan didn't advance an inch. Almost at the moment when the other side retreated, he had already gathered his momentum.

He's here to buy information, not to offend people.

"This deacon, I want to see you. I wonder if I can take a step?" Wang Fan held his fist in a polite tone.

That deacon sees Wang fan so polite, complexion is slightly relaxed, "natural can, upstairs please."

Then he went upstairs with Wang Fan.

No matter where he is, the strong will be respected. Wang Fan shows great strength, and he naturally does not want to offend.

The ninth floor of Zunjing is so terrible that we can imagine our future achievements. Naturally, such people can not offend without offending.

They quickly ascended the second floor and came to a very elegant room.

After the Deacon closed the door and banned it, he asked with a smile, "what information does this friend want to inquire about?"

He did not introduce himself, let alone ask Wang Fan's identity.

It's taboo to ask the identity of the guests here.

Wang Fan did not cover up, but said directly, "I want to find out who took Yue lingshuang away, where he is now, dead or alive."

He didn't immediately ask about the inside information and strength of Qingyue palace, because it's not the time yet.

If Yue lingshuang is not abducted by Qingyue palace, he doesn't need to continue to inquire about it.

"More frost?" The Deacon couldn't help raising his eyebrows. Obviously, even if Wang Fan didn't deliberately introduce Yue lingshuang's identity, he knew who Yue lingshuang was.

He shook his head with a bitter smile. "I'm so sorry. I really don't know about this."

Maybe he was afraid that his answer would make Wang Fan dissatisfied, and he specially explained that "the method of abducting Yue lingshuang was very clever, and did not leave any trace. Although our intelligence house has investigated this matter, it has never found anything. "

"As for the rumors outside, they are all people's guesses and have not been confirmed at all."

This time, it's Wang Fan's turn to frown.

He could see that the Deacon didn't lie, but he didn't expect that even the intelligence hall didn't investigate the matter.

Instead of showing any dissatisfaction, he asked again, "in that case, I'll ask the second thing now."

"What's the strength of the master and the first saint of Qingyue palace? Is there only four powerful people in the holy land of Qingyue palace?"

The deacon was shocked to see Wang Fan.

He has basically determined the identity of Wang Fan and knows what Wang Fan wants to do.

He could not help shaking his head, advised Wang Fan, "I advise you not to offend the Green Moon

Palace."

"Not to mention your strength, going to the Green Moon Palace is also a death. Even if you can retreat completely, there will be a lot of trouble in the future, and the Green Moon Palace is far from as simple as you think

Wang Fan did not expect that the Deacon would persuade himself, but he had some good feelings for this man.

He said with a smile, "I'll think it over. Please answer my previous questions. Don't worry, I'll pay for the stone. "

When the Deacon heard what Wang Fan said, he stopped talking nonsense and replied directly, "the strength of the Green Moon Palace leader is above the eighth floor of the holy land. As for the details, we are not very clear. As for the first saint of the Green Moon Palace, his strength is on the fifth floor of the holy land. "

"As you said, there are really only four strong people in the Holy Land in the Green Moon Palace. They are the leader of the Green Moon Palace and its three saints."

"However, these are the strength of qingyuegong in miracle city. As for how strong the intermediate level qingyuegong is, we don't know."

At this point, the Deacon pause slightly, and then continued, "since you have asked this, then I also send you two pieces of news, a good news and a bad news." "The good news is that half a year ago, the owner of qingyuegong left miracle city with the first saint of qingyuegong, and he has not returned yet."

"The bad news is that the second sage of qingyuegong returned to miracle City three days ago, and returned to qingyuegong."

Wang Fan listened to this, can't help but stand up, "what do you say, Green Moon Palace master and the first saint is not in green moon palace now?"

This is really great news for him.

As for the matter of Su Luoyan, Wang Fan did not ask much.

As a last resort, he didn't want to fight with Su Luoyan, but if it was war, there was no way.

He has been together for more than a year, and Su Luoyan has already known him.

If Su Luoyan really wants to cover up Xing guanyue and Qingyue palace, it means that their friendship will be exhausted.

"Yes, they are not in the Green Moon Palace, but when they will come back, I don't know." The Deacon affirmed.

Wang Fan stood up and said, "thank you for telling me. How many spirit stones do you need for these information? You can make a price."

The Deacon laughed and said, "I don't want your spirit stone for such a small matter. It's a good relationship."

He added, "besides, many people know this kind of thing. It's not top secret."

Wang fan saw that the Deacon's expression did not seem to be faking, and nodded, "thank you very much. Wang Fan has remembered this matter. If there is a future, it will be rewarded."

With that, Wang Fan turned and left.

On the Deacon's face, there was a happy smile.

Since Wang Fan voluntarily reported his identity, it means that Wang Fan really owes him a favor and regards him as a friend.

After Wang Fan left the intelligence hall, he went straight to the green moon palace without any hesitation.

If the master of Qingyue palace and the first saint are together, he may have some scruples. But now the other party is not in, what else does he worry about?

Qingyue palace is not in the center of the miracle City, but in the west of the miracle city. It covers an extremely large area and has a very luxurious style.

Four jade pillars are towering, with a huge tower shaped jade plaque on them.

There are three big characters on the jade plaque, Green Moon Palace.

Under the four jade pillars, there is white mist curling. It seems that everything is hazy, as if it is surrounded by immortal Qi, full of immortal charm.

Wang Fan didn't have the heart to appreciate the wonderful environment of the Green Moon Palace, so he came directly to the gate of the Green Moon Palace.

Just as he had just settled at the door, he had been stopped by two figures.

Chapter 2492

"Who are you and why did you come to my Qingyue palace?" With the spread of a cold voice, Wang Fan has seen clearly the two people who stopped him.

These are two women, and they are two beautiful young women.

Although their appearance is worse than that of Su Luoyan and Xing closed month, they are the beauties among the beauties.

However, the two women's eyes looking at Wang Fan were very bad, and there was even an undisguised disgust in their eyes.

Wang Fan frowned slightly. He was not happy with the two women's eyes, but he didn't attack immediately. Instead, he said politely, "I want to see elder martial sister Su Luoyan."

The four holy places are the strongest in Qingyue palace. Now that the master of Qingyue palace and the first saint are not here, the master can only be the second saint, Su Luoyan.

In this case, Wang Fan has to change his strategy and can't fight directly.

He has to give Su Luoyan face and steps.

He plans to see Su Luoyan first, and then shut the moon in front of him, and then ask Su Luoyan to agree him to find someone in Qingyue palace.

He believes that as long as Yue lingshuang is not abducted by Qingyue palace, Su Luoyan will agree to his demands.

"You want to see elder martial sister Su?" The tall woman frowned slightly, "but elder martial sister Su Luoyan asked you to come?"

"Yes." Wang Fan nodded without hesitation, "she asked me to come to her today."

He didn't want to make a fuss, so he had to lie. Anyway, in his opinion, as long as you see Su Luoyan, Su Luoyan should not embarrass him.

But Wang Fan did not expect, his words just fell, Qiang ground, that tall woman immediately pulled out the waist sword.

She shook her sword, pointed it at Wang Fan, and then said coldly, "it's just a bunch of nonsense. Get out of here now, or don't blame us for being rude!"

The shorter woman on the right side also pulled out her sword and said in disgust, "you are also qualified to see our elder martial sister Su? Don't pee, and look after what you are

Wang Fan listened to this, immediately angry!

This woman looks like a dog, but she's too ugly to speak, isn't she?

"Disgusting scum, since you don't go away, I'll give you a ride!"

Seeing that Wang Fan didn't roll right away, the shorter woman was even more angry. As she spoke, the tip of her sword trembled, and she had already stabbed Wang Fan crazily.

Wang Fan was furious.

At this time, he is too lazy to say anything more.

He stepped out with one step, and his right index finger moved one after another, Ding Ding Ding Ding, as if it was accurate. His index finger accurately pointed on the woman's sword body.

In this continuous movement, the woman only felt a violent force on the sword. She could no longer hold it firmly, and the sword in her hand was directly fired.

At this time, Wang Fan had already stepped forward, and his toes directly touched his chest.

Bang!

If the woman was struck by lightning, she flew straight back out with a red blood mist in her mouth.

She fell to the ground, staring at Wang Fan, eyes full of incredible.

She is not because Wang fan is more powerful than her, but because Wang Fan dares to work here.

This is Qingyue palace. Is Wang Fan too arrogant?

The slightly tall woman's face was also ugly. Before she had time to fight, the younger martial sister was kicked over, which made her never think.

"It's so bold of you to fight in our Qingyue palace!" Short dull, she returned to God, the same sword to Wang Fan.

Wang Fan shook his head. He really didn't understand where this woman came from. He even dared to do it.

He is still not polite, right index finger again a few points, and then a kick out. The woman was also kicked out, spouting several mouthfuls of blood mist from her mouth.

Wang Fan looked at them coldly, and his tone was icy, "remember to accumulate some virtue when you

Where did this come from? How could it be so terrible?

"What an arrogant dog, dare to be so presumptuous in my Qingyue palace, do you really think that there is no one in my Qingyue palace?"

Another rebuke came, and a figure rushed madly. At the same time, a sharp sword light had already split to Wang Fan.

The sword light is sharp, and it rolls up the terrible killing power. Compared with the previous ten people, it's more than several times more powerful.

Wang Fan's face changed slightly. While he dodged the light of the sword, his eyes also swept to the corner.

Xing closed the mouth.

Wang Fan's intention to kill is enormous!

He didn't expect that before he saw Su Luoyan, he had already met Xing closed mouth.

This vicious woman seems to be much stronger than a year ago.

Looking at Xing guanyue, Wang Fan's intention to kill is wild.

Even if there is no more frost, just what this woman has done to him has been damned ten thousand times.

Miracle City, a dark room on the outskirts of the east city.

Su Luoyan is punishing a man to extort a confession.

But at this time, she was wearing a scarf on her face, and the man didn't know her identity at all.

That male repair has been tortured by the black and white, the whole body does not have a piece of complete skin, even the spirit has been a little dispirited, look very scared.

He is one of the people who abducted Yue lingshuang at the beginning. It took a lot of effort for Su Luoyan to find him step by step and bring him here.

Chapter 2493

Su Luoyan has just asked the secret agent who abducted Yue lingshuang, and her communication bead sends a message.

The plain wild goose takes out the communication bead to see, the facial expression immediately changes greatly.

She can't take care of the man in front of her any more. She slaps him and knocks him out. Then she rushes back to the Green Moon Palace.

Wang Fan went to the Green Moon Palace, which was a bolt from the blue for her.

They have been together for more than a year, and she already knows something about Wang Fan's temperament.

Once Wang fan is found in the Green Moon Palace, it will definitely be a big war.

No matter Wang fan or the disciple of Qingyue palace, no matter who has something to do, she doesn't want to see it.

"Wang Fan, just wait for me there. Don't mess around. I'll go back now." Plain wild goose anxious, while sending a message to Wang Fan, while crazy to the Green Moon Palace.

She was even about to cry.

She has already told Wang fan that Yue lingshuang's disappearance has nothing to do with qingyuegong. Why doesn't Wang Fan trust her?

Is it difficult for them to get along for more than a year? She even gave herself to Wang Fan, but she couldn't get Wang Fan's trust?

The plain wild goose is anxious at the same time, the heart is also very painful.

Green Moon Palace.

"Wang Fan, you are so bold that you dare to kill me. Why don't you think that I don't know who you are when I close the moon? "

"You were lucky to be able to run away a year ago. This time, you won't be so lucky. "

Xing closed month has stood in front of Wang fan not far away, her eyes looking at Wang Fan, is also full of murderous.

If Wang Fan wants to kill her, why doesn't she want to?

Just a mole ant who has not entered the Holy Land dares not to take her Xing closed moon seriously, and dares to challenge her repeatedly, which is a shame to her!

"Xing, I don't have time to talk nonsense with you. I'll ask you where Yue lingshuang is. Was she abducted by you?"

Wang fan doesn't have time to talk nonsense with Xing closed month and asks directly.

He didn't mean to deny his identity at all, because denial is meaningless.

"More frost?" Xing closed the month to sneer, "originally you come to my Green Moon Palace is for her."

Xing closed month simply did not put Wang Fan in the eye, the tone is very arrogant, "yes, she is I abducted, how can you?"

"As for where she is, I have already killed her. It's just a mole ant. Do you expect me to keep her till now? "

Even if yuelingshuang was not abducted by Xing closed month, Xing closed month also disdained to deny.

Just a Wang Fan, she didn't pay attention at all.

What's more, she has to kill Wang Fan today. There is no need to tell the truth, let alone explain.

Mole ant, has not yet let her explain the qualification of Xing closed month.

Even if she carries the black pot, what can Wang Fan do to her?

"You want to die!" Wang Fan heard Xing closed month admit, repressed anger moment like a volcano erupted.

He didn't want to talk nonsense any more. With a roar, he killed Xing closed month.

The shadow knife comes out of its sheath and cuts through the sky like thunder.

Hiss, hiss, hiss, hiss, hiss, hiss, hiss, hiss, hiss, hiss, hiss, hiss, hiss, hiss, hiss, hiss, hiss.

"The mole ants who are not in the Holy Land dare to speak up in front of our saint. Ben Sheng will let you know soon who is looking for death

Xing closed month naturally won't be afraid of Wang Fan, she is also a flash of body shape, the whole body momentum crazy spray thin at the same time, in the hand of the sword has just like a sharp blade, across the sky toward Wang Fan stabbed in the past.

The light of the sword flickers and the sword roars like thunder.

The fierce sword power, the frenzied agitation of killing intention, directly and Wang Fan split out the knife wave, the frenzied bombardment together.

Boom boom!

The blast resounded, the terrible energy wave spread wildly. In a burst of hissing voice, the beautiful gate of Qingyue palace was torn into a mess in an instant.

All the stones and trees were broken, the ravines were crisscrossed, and the white fog dissipated. Except for the four pillars and the plaque on them, all the others were broken.

Wang Fan's body shape can't help bursting out, his face slowly dignified, but the killing is and even worse.

Just a blow, he already knew that Xing closed the moon is very powerful. As the holy land, she is far beyond the deacon of the Holy Land in the information hall.

Xing closed month was only repulsed by dozens of meters, but her heart was also shocked.

Wang Fan's strength completely exceeded her expectation and her cognition.

You know, she is a strong one in the holy land who can cross the ranks to kill the enemy. When can a nine level Zunjing block her sword?

"The strong in holy land, that's all! I really don't know, you such strength, what qualifications call me mole antWang Fan sneered. He didn't waste his time. As soon as his figure flashed, he had already killed again.

The shadow knife in his hand waved wide, and this time he directly used the great wilderness to destroy the dome.

Dao mang agitated, as if forming an endless Dao sea, towards Xing closed month crazy swept away.

Xing closed month is still very disdainful, body moving, the hands of the sword waving again, the sharp sword like a big airtight net, directly cover to Wang Fan's sword sea.

Boom boom!

The sound of the explosion was crazy, more violent than before. The tearing sound is enlightening.

Those Qingyue palace disciples who were injured by Wang Fan before, if they didn't burn their blood essence in time, they would have been swept by this terrible afterwave and killed directly.

If Wang Fan retreats again, Xing zuyue can't help retreating.

At this moment, Xing closed month's heart has set off a huge anger.

It's a shame that the top one in her holy land can't even win two swords against Wang Fan.

"Death One died and jumped out of her mouth. At this moment, she took the initiative to attack. The sword was excited and took the lead in facing Wang fanhong.

The sword roared, but this time, it did not set off a large-scale storm, but set off a sword pattern like the arc of the moon.

The sword pattern surges across the sky, tearing out cracks in the space of arms, whistling toward Wang Fan, which is almost incredible.

Green Moon sword formula!

Xing closed the month unexpectedly to display the Green Moon Palace shock palace emperor skill, green moon sword formula!

Even if the Qing Yue Jian Jue is only a quasi imperial sword Jue, even if Xing Guan Yue Shi only shows the first performance of the Qing Yue Jian Jue. But this is also enough to kill the three strong men in the holy land.

Looking at this sword formula, all the disciples of Qingyue palace in the distance were shocked.

You know, the palace master once said that only when you reach the fifth level of the holy land can you be qualified to practice the green moon sword Jue.

Otherwise, the body simply can't bear the fierce and violent power of the sword formula, and directly tear itself first.

But now, Xing closed month unexpectedly successfully cast the green moon sword Jue, and also with the cultivation of the holy land level successfully cast the green moon sword Jue.

This shows that her talent, her strong!

"This beast must be dead. Once the green moon sword formula comes out, he will surely die!"

"It's just mole ants. If you dare to be wild in my Green Moon Palace, it's just self humiliation!"

"Such people should be killed. It's not a pity to die!"

Those Green Moon Palace disciples, vicious curse!

In tens of miles away from the Green Moon Palace, Su Luoyan also saw this scene.

In a flash, she only felt her mind was completely blank.

"No, no!"

Chapter 2494

Wang Fan's situation became extremely dangerous.

As if the next second, he would be torn by the sword.

"Lightning!" Almost at the moment when the sword broke through the air, Wang Fan's lightning also followed.

He just like a ghost, instantly disappeared in the same place, sharp sword through his shadow, tear his shadow inch by inch.

At this moment, the disciples of Qingyue palace in the distance couldn't help but stare, even their breath had stopped.

Because Wang Fan's speed was too fast, they didn't see Wang Fan disappear in a flash, just saw the sharp sword penetrating Wang Fan.

Even a few miles away, the body shape of the wild goose suddenly stops, and it just feels that she is hopeless.

Wang Fan, is he dead? Is he really dead like this?

There was only one voice left in her mind.

Even Xing closed month, are standing in the air, her face a little pale, but the corner of her mouth is full of cold smile.

Even if Wang Fan goes against the weather again, it's not only nine levels of respect?

Maybe Wang fan can kill her after stepping into the holy land, but at least now, Wang fan is far from enough to see.

No matter how amazing the talent is, no matter how talented and evil the talent is, once it falls, it will be nothing.

Xing closed month is proud of thinking, all of a sudden, a dazzling light from the distance hit, in an instant has been forced in front of her.

This light, just like her sword just now, is extremely fast and beyond imagination.

Xing closed month pupil suddenly a shrink, in an instant is extremely decisive burning blood essence, in the hands of the sword to resist at the same time, the body is also began to retreat.

Just, caught off guard of her, but still slow a step.

Bang!

Come on!

Two voices exploded in the ear, her whole person was blown out, left chest, has been torn out a trace, flowing under the red blood.

"Not dead, how could it be?" Xing closed the month shocked, set off a huge wave in his heart.

However, she just set off the waves, boom, a shadow has suddenly flashed from not far away, crazy towards her.

That dark shadow is just like a fierce leopard, its momentum is crazy!

In an instant, the shadow had already rushed to her, and a pair of iron fists were mercilessly smashed down like meteorites.

Xing closed month heart is more shocked, hurried crazy resistance.

Bang bang bang!

However, this kind of close combat is not her strong point at all, and the physical strength is far from Wang Fan's, so she is not Wang Fan's opponent at all.

Just a few breath between, Wang Fan has been blowing dozens of punches, did not give her a chance to breathe.

Under the continuous bombardment like a storm, Xing closed month was defeated by the bombardment, and her mouth was spewing out blood essence.

Her face pale, more weak, at the same time, the heart set off a touch of fear at the same time, but also anger!

It's a shame that she was beaten by a mole ant. It's a shame that can never be washed away!

Boom!

There was another loud noise. Xing closed month only felt a sharp pain in her abdomen. While her mouth was gushing blood, her whole body had been smashed down.

She fell on the ground in confusion, and before she could breathe, a big foot had trampled on her mercilessly.

"Don't move, or you'll die!" Cold voice heartlessly spread out, Xing closed month's face suddenly stiff up.

Looking at Wang Fan's icy eyes and feeling Wang Fan's violent killing intention, she felt a shudder.

She really didn't dare to move, but just looked at Wang Fan.

At this moment, the disciples of Qingyue palace in the distance were also completely stupid, and could not help covering their mouths.

They don't want to believe in this scene, they can't accept this turning point.

They clearly have seen that Wang fan is torn by the green moon sword formula of Xing closed moon, but now, why is Wang Fan still alive?

Wang Fan's heart is also constantly afraid, at this time in his face, there is a deep sword mark. It's an inch long. It's bleeding.

Previously, he was so close that he was about to be beheaded by Xing closed month, which was extremely dangerous.

Even if he reacts fast enough, even if he shows a flash in time, it's almost under the green moon sword formula.

Those who are strong in holy land are really extraordinary, especially those who are strong in holy land.

At first, he thought that by his own means, even if he met the three strong men in the holy land, he could retreat completely without fear.

But now, he knew that he was wrong, he really may not be the opponent of Su Luoyan.

"What do you want? My elder martial sister Su is now in the miracle city and will be back soon. If you stay here or dare to hurt me, I promise you will not be able to walk out of the miracle city alive." Xing closed month in the recovery of calm, cold tone said.

Even if she did not dare to move, even if she was afraid, even if she felt the threat of death. But the pride in her heart still makes her unwilling to bow down. She is still threatening Wang Fan.

Wang Fan sneered, "I'm really the third saint of Qingyue palace. I'm really proud. At this time, you dare to threaten me. Do you think I really dare not kill you? "

Wang Fan said, right hand a shake, shadow knife suddenly appeared, sharp knife point to Xing closed month throat.

With a slight movement of his hand, Xing's head could be cut off directly.

Xing closed month face slightly change, just don't wait for her to speak, a hasty voice came from afar, "don't."

With the sound, a beautiful woman fell from the sky, but her eyes were full of tears.

Plain wild goose!

"Elder martial sister Luoyan, you are back."

"Elder martial sister Luoyan, this man is brave enough to go wild in my Qingyue palace. You can't let him go."

"This bastard is so hateful that he should be cut to pieces."

Those Green Moon Palace disciples see the wild goose, one by one as if to see the hope, the venomous roar.

"Shut up But their words have not yet fallen, they have been interrupted by Su Luoyan's anger.

As soon as the voice of Su Luoyan came out, the disciples of Qingyue palace didn't dare to speak any more and closed their mouths obediently.

Wang Fan looked at them with a sneer, "you are really a group of selfish things. Xing's life is in my hands. You dare to insult me like this."

"Is it because you don't care about Xing's life, or do you think I dare not kill her?"

The Green Moon Palace disciples looked ugly one by one, and no one dared to speak.

Xing closed month also did not speak, but her face is not good-looking.

Even if she knew that all the disciples of Qingyue palace were cold-blooded, even she was. But when it happened to her, she still couldn't accept it.

Those younger martial sisters insulted Wang fan so much that they obviously didn't care about her life. To put it bluntly, they didn't care about her life or death.

"Wang Fan, give me a face and let her go. The disappearance of Yue lingshuang really has nothing to do with her."

"I have found out now that the mastermind behind the kidnapping of Yue lingshuang, you let her go, and I will take you to find her now."

Su Luoyan looks at Wang Fan, and there is something praying in her tone.

This scene in the eyes of those Green Moon Palace disciples, in an instant, the whole scene was in an uproar!

Chapter 2495

No one thought that Su Luoyan would plead with Wang Fan.

You know, she's a plain goose, she's the second saint of the Green Moon Palace, she's the three-tier strongman of the holy land.

At the foot of Wang Fan, Xing closed the moon slightly moved.

She also didn't expect that in order to save her, Su Luoyan would be so low-profile.

Even though she had already felt that there seemed to be some strange relationship between Su Luoyan and Wang Fan, she was still moved that Su Luoyan could do so for her.

Wang Fan took a deep look at the wild goose, nodded, and let go of Xing closed month.

Although he had some doubts, he still chose to believe in Su Luoyan. He believed that Su Luoyan would not cheat him on such things.

"Xing closed month, no matter whether Yue lingshuang's disappearance is really related to you, what you have done to me is enough for me to kill you 10000 times."

"Today, for the sake of elder martial sister Luoyan, I'll spare you a dog's life for the time being. Next time, if it comes to me again, don't blame me for being rude."

Wang Fan said, directly step out, came to the plain goose in front.

He deeply looked at the wild goose, just said, "I hope you don't let me down."

The plain wild goose heart trembled for a while, biting the shell tooth didn't speak, she turned, flashed, directly flew to the distance.

Without hesitation, Wang Fan followed.

Looking at this scene, the disciples of Qingyue palace clenched their fists, which was incomprehensible.

In their view, Wang fan so provocative Qingyue palace, so humiliating them, Su Luoyan as their elder martial sister, should be strong to kill Wang Fan.

But now, Su Luoyan not only didn't do it, but also seemed to help Wang Fan to find Yue lingshuang, which they couldn't understand.

Xing closed month's face is also some not very good-looking, but also did not dare to say anything.

Arrogant as she, but almost died in the hands of Wang Fan today, which makes her very frustrated. At the same time, she has also realized that she seems to be a little too arrogant, too observant.

"Elder martial sister Luoyan, I don't think qingyuegong is suitable for you. After this, you can go with me." After leaving the Green Moon Palace, Wang Fan said to Su Luoyan.

Originally, he had no different meaning for suluoyn to stay in Qingyue palace.

After all, the Green Moon Palace is the place where Su Luoyan is raised and achieved. Su Luoyan doesn't want to leave the Green Moon Palace, and he can't say anything.

But now, after seeing the cold-blooded and ugly faces of the disciples of Qingyue palace, he didn't think so.

It's not a wise choice to live with such a group of cold-blooded people without feelings every day. After all, relatively speaking, Su Luoyan is kind-hearted.

The vegetable falls wild goose to hear Wang Fan's words, the in the mind is tiny a quiver, she didn't expect, Wang Fan will say such words.

A touch of warmth sprang up in her heart, but she didn't agree or refuse. Instead, she said, "let's get down to business first."

With that, her expression became a little more serious. "I have found out that the mastermind behind the abduction of Su Luoyan is the blue Taoist of Xinxing arena."

"Only, I don't know if yuelingshuang is still alive now. I hope you are psychologically prepared."

"The blue Taoist of Xinxing arena?" Wang Fan's face slightly changed, slightly shocked, but there was no doubt.

A year ago in the new star arena, he saw the ugly face of Taoist LAN, so he was not surprised that Taoist LAN could do such a thing.

The reason why he didn't doubt LAN daoren all the time was that he had a preconceived idea that Xing closed the month to do it.

And in Wang Fan's eyes, Xing closed month and his hatred is also greater, also more hateful than the blue Taoist.

Of course, these are not the most important. The most important thing is that the one who disappeared with Wang Fan was su Luoyan from Qingyue palace.

In this way, the only one who is most likely to take away Yue lingshuang is Qingyue palace.

In addition, Xing closed month so hateful, as long as normal people, I'm afraid will suspect to Xing closed month or Green Moon Palace.

"What's the cultivation of the blue Taoist, and what's the strength of the new star arena? How many strong people in the holy land?" Wang Fan soon returned to normal and asked.

Su Luoyan did not hide, "the strength of Taoist LAN is the same as me, on the third floor of the holy land."

"There are three strongmen in the new star arena, the blue Taoist on the third floor of the holy land, the ginger on the second floor of the holy land, and ye Qianqiu on the first floor of the holy land."

"The three of them are just the three giants in the new star arena."

Wang Fan listened to this, can't help but slightly relieved.

If it's just like this, it's not too tricky. He's about to speak when Su Luoyan says in a low voice, "don't worry, I won't let you be in danger."

Wang Fan heard this, the heart can not help the emergence of a touch of warmth.

He asked, "elder martial sister Luoyan, do you know why I doubt your qingyuegong, and I haven't stopped going to your qingyuegong?" "I know." "Plain wild goose nodded," because of this matter, my green moon palace most motive

At this point, a touch of bitterness appeared in her mouth, "in fact, it's not only you who doubt my qingyuegong, but everyone doubts my qingyuegong, but no one dares to say it."

She still has a word not to say, that is, before she inquired about Xing closed month, she was also doubting Qingyue palace and Xing closed month.

Even she was suspicious, let alone Wang Fan.

However, what Su Luoyan didn't expect is that Wang Fan shook his head after hearing her words, "elder martial sister Luoyan, you are wrong. These are only part of my doubt about Qingyue palace, not the key."

Then he grabbed a communication bead and handed it to Su Luoyan.

Su Luoyan took a look at the communication bead, and her face became ugly immediately.

Because there is a message on it, which was received four days ago. It clearly says: Yue lingshuang is in our hands. If you want her to live, come to Qingyue palace immediately.

The plain wild goose sees this information, eyes suddenly a MI, its inside cold light twinkles.

It's really a vicious idea. It's obvious that I want to kill people with a knife!

"Good, very good, the new star arena even my Green Moon Palace dares to calculate, so don't blame me for being rude."

Has been in front of Wang Fan's performance is very weak, low-profile, suddenly showed a strong side.

Wang Fan looks at Su Luoyan's strength and doesn't speak.

The reason why he let Su Luoyan read this message is that he didn't want Su Luoyan to help him, and he didn't want Su Luoyan to be blamed by the Green Moon Palace leader in the future.

After all, although he has planned to take the wild goose, it is still a matter of two whether the wild goose will really follow him.

He just gave Su Luoyan a fair and aboveboard reason to start, not to make su Luoyan difficult to do in the future.

The new star arena is still very popular.

One year later, the popularity here has not weakened, on the contrary, it is even more prosperous than one year ago.

There is no other reason. Just a year ago, there was a strong monk named Wang in the new star arena.

Even if Wang didn't join the new star arena in the end, and even had some unpleasantness with the new star arena giant, he still brought a lot of popularity to the new star arena because of him.

Some moment -

boom!

Two thunderous blasts suddenly came out, and two figures flew in from outside like meteorites and fell on the ground in the center of the arena.

Chapter 2496

Both of them are wearing the Deacon robes of the new star arena, obviously the deacons of the new star arena.

However, at this time, these two people are bleeding, pitifully and incomparably fell on the ground in the center of the hall.

Some discerning people can even see that they have been abandoned, and they are completely abandoned.

How cruel! Who on earth dares to run wild in the new star arena? Is it living impatiently?

The other side's action is the biggest provocation and slap to the new star arena!

The whole audience was silent at this moment, and everyone's eyes looked at the entrance of the hall.

Because the two deacons flew in from the outside, obviously, the other side will soon enter here.

Dada dada.

Not loud footsteps came. Soon, a man and a woman came in from the entrance and appeared in everyone's sight.

The man is nearly middle-aged and has an ordinary appearance, but he has a sharp power.

He is just like a sharp arrow. It will come out of its sheath at any time, and it will be astonishing!

This person is Wang Fan after the appearance change.

Women are wearing scarves, enchanting figure, the body is full of an extraordinary noble temperament.

There is no need to look at her appearance, just look at her enchanting figure and temperament, you can imagine, under the silk scarf, what a peerless face.

"Who are you? Why do you want to make trouble with the deacon of Xinxing arena

In this hall, naturally, there are many deacons in the new star arena. In a short silence, one of them stood up and yelled at Wang Fan.

His eyes were filled with coldness. Obviously, if he hadn't known the origin and identity of Wang Fan, he would have done it directly.

Wang Fan raised his head, looked at the Deacon and said, "you're right. I'm here to kick in your new star arena."

The words fall, his body shape suddenly twinkles, instantly set off a hurricane, in a twinkling of an eye has come to the deacon in front.

Fast, it's too fast.

The deacon was scared out of his wits. He didn't think that Wang Fan was so rampant and dared to do it directly. He did not expect that Wang Fan's speed would be so fast.

He started to retreat madly. At the same time, his hands became fists and danced. He set off a storm and roared to Wang Fan.

Wang Fan raised disdain in the corner of his mouth, clenched his fists tightly, and just blew them out at random.

Bang bang.

With two loud noises, followed by two harsh clicks, the deacon was blown upside down and fell to the ground, only coughing up blood.

His arms have been completely twisted, completely abandoned.

"Are you great at the new star arena? Now I'll challenge you to the new star arena. If you have seed, just come up. "

Wang Fan's indifferent voice echoed in the hall, and the whole person had stepped on a platform in the middle.

At the moment when he stepped up, the two fighting friars on the platform had already jumped down from the platform and did not dare to stay, let alone fight.

Not only that, even the monks on the other platforms stopped fighting and jumped off the platform one after another.

They are not the people in the new star arena at all. They are just fighting for rich rewards and training themselves.

Now some people come to the new star arena to challenge, and even challenge the whole new star arena directly. In this case, how dare they continue to fight?

The scene was even more silent.

Crazy!

It's crazy!

A single horse, no, only two people dare to declare war on the giant star arena. Is this self-confidence or arrogance?

However, in any case, the person who dares to challenge in the new star arena is not something they can provoke.

The rest of the new star arena deacons watched the scene, and then listened to Wang Fan's rave, it was almost angry and trembling.

While they sent out a message to the new star arena experts, one of them directly landed on the platform.

"What a big tone! It's just a nine story Zunjing. I dare to challenge my new star arena. I'm looking for death! I want to see what kind of skills you have

With this man's landing on the battlefield, his voice was also heard, and the whole audience was in an uproar again in an instant.

Gu Yan, this is definitely a name with great impact.

Five years ago, Gu Yan rose abruptly from the new star arena. He was the most remarkable winner at that time.

Only 20 games to win!

This shows its strength!

However, after the rise of Guyan, it suddenly disappeared and never appeared again.

No one thought that Guyan, who had disappeared for five years, had joined the new star arena and appeared at this time. Five years ago, Gu Yan was a strong man who won 80 victories. Now, five years later, his strength must be even stronger. If he takes part in the fight again, he will not have many problems if he wins 100 victories.

Wang Fan glanced at Guyan lightly. He didn't bother to talk nonsense, and even more didn't bother to report his name. He stepped forward and chopped out with an axe.

He didn't choose to use boxing, let alone shadow knife.

Because no matter with fist or shadow knife, people here are likely to guess his identity.

Once his identity is revealed, it is estimated that few people will dare to come up in the new star arena, which Wang fan does not want to see.

The new star arena has aroused Wang Fan's anger. Wang fan not only wants to kick the hall, but also to save Yue lingshuang, and to completely destroy the experts in the new star arena.

This is called uprooting!

The red axe was sacrificed directly, tearing the space in an instant and rolling out a series of fierce axe patterns.

The axe pattern surges, rolls up the killing intention, and crazily sweeps away towards the lonely goose. In the sky of the axe pattern, only in a moment, the whole person of the lonely goose has been completely shrouded in it.

Gu Yan showed disdain in his eyes, because he felt that although Wang Fan's axe looked very powerful, in fact, it was not so terrible.

With such strength, he could easily kill Wang Fan without sacrificing his weapons.

The proud Guyan didn't think about it at all. Wang Fan hid his strength, and he didn't even think about it. Since Wang Fan dares to come here, what is he relying on?

He only knew that his strength was at the peak of Zunjing, and no one would be his opponent except Yi, Ji and Shou.

Therefore, Wang Fan, who only respected the ninth floor of the territory, was not paid attention to by him at all.

"This strength, dare to come to my new star arena, next, I will let you know, my new star arena, majesty can't be violated!"

Guyan said with a sneer, step out, and then blow out.

He didn't sacrifice his weapon, because he didn't despise it.

Boom boom!

The fists and axes crisscross, and the shock is huge in an instant!

It was as if there had been a mountain torrent and tsunami, and the violent ripples were raging out. Even the monks below felt a chill.

Gu Yan's boxing style was so fierce that he pushed and collided with it. In a moment, he had already defeated the axe pattern all over the sky.

However, just at the moment when he defeated the axe pattern in the sky, an invisible axe intention killing force suddenly spewed out and fell on him.

Chapter 2497

Whoa!

With a loud noise, the blood arrow shot, and the wild goose flew out. With a bang, it hit the corner of the platform like a meteorite.

Gu Yan, die on the spot!

Looking at this bloody scene, the scene fell into silence again.

Gu Yan, did you lose?

Everyone feels a little incredible, even incredible!

"First!" Wang Fan's indifferent voice spread slowly, which made the Deacon's face of the new star arena more livid.

They not only shocked Wang Fan's power, but also shocked Wang Fan's means and scheming.

If Wang Fan didn't declare war on Xinxing arena in public, and if Wang Fan didn't step on the stage, they could rush up and kill Wang Fan.

But now, Wang Fan has issued a declaration of challenge and is still standing on the battlefield.

In this way, if they rush on, they will lose face.

If the grand new star arena can only be completed if it has only nine floors of Zunjing, how can it stand in miracle city and become one of the four major arena?

"What? Someone is playing in the new star arena. Who is he and when is it? "

"I don't know. I don't have time to talk to you. I'm going to the new star arena now."

"What did you say? Five years ago, Guyan, who rose in the new star arena, joined the new star arena and made a move? "

"That's natural. My friend told me that. He's in the new star arena right now."

"So it seems that the guy who played in the new star arena is going to have bad luck."

"What do you say, Gu Yan, Gu Yan, he was defeated and killed?"

At this time, miracle City, is a clamor, a burst of uproar.

Someone playing in the new star arena, has spread out in the shortest time, but also set off an uproar.

At this moment, almost everyone thought of what happened a year ago. They thought of Wang, who was a strong rising star in Xinxing arena a year ago.

Countless people have left things at hand, with the fastest speed to the star arena.

No one wants to miss this feast.

I can't help it. The sensation caused by this incident is too big. The whole miracle city is almost boiling. Even some of the Holy Land strongmen are curious to rush to the new star arena.

Similarly, outside the new star arena, countless friars are frantically buying tickets and are frantically crowding into the arena.

The popularity of Xinxing arena is no less than that of a year ago. It can be said that this time, the new star arena is on fire again, and it's still a mess.

However, the difference is that a year ago, a strong man named "Wang" rose strongly in the new star arena, and even suppressed Yi, Ji and Shou who stood at the peak of Zunjing.

This time, someone is playing in the new star arena, someone is declaring war on the whole new star arena.

I just don't know if this man who dares to declare war on the new star arena has the terror power of Wang at the beginning.

New star arena, the atmosphere is very dull.

Even if the friars wanted to scream and shout for Wang Fan, they still had to bear it.

They are waiting for the counterattack of the new star arena, waiting for the strong players of the new star arena to come forward.

The new star arena can become one of the four arena of miracle City, and the details can not be

underestimated.

This kind of power, even if it can't attract many powerful people in the holy land, there are absolutely countless people who respect the powerful people in the holy land. It's just that those who respect the environment and are strong are devoting themselves to cultivation and don't show up at all.

Dong Dong!

At the moment when everyone was silent, a figure like an iron tower suddenly came out from the other side of the hall.

He was just like a wild bull. He stepped on the ground and made a dull sound. It was like a heavy hammer hitting everyone's heart.

All the monks at the scene looked at him, but no one knew him at all.

However, with the momentum of this person, everyone knows that this is definitely a strong one, and it is definitely a stronger one than a lone goose.

It seems that the inside information of these big forces should not be underestimated.

The hearts of the people were cold.

"You are going to declare war on my new star arena?" Dull voice like thunder rolling out, the iron tower like figure, has been a vertical fall on the platform.

When his feet fell to the ground, there was a deep explosion, as if the whole platform would collapse.

He stares at Wang Fan coldly and asks in a low voice. He doesn't look at the lone goose in the corner at all.

Wang Fan still did not speak, only to see its step out, the whole body momentum is like a torrent general burst out, the whole person has rushed to the iron tower strong man in the past. The red axe in his hand danced wildly, rolling up sharp axe awns, killing the world.

"To die!" The strong man of the iron tower gave a cold hum and stepped out with the same step.

In a flash, his whole person was like the incarnation of a wild bull, and he was completely in a violent state.

Even the whole space seems to be shaking. Compared with the previous Gu Yan, is it more than twice as powerful?

His fists are just like King Kong, rolling up the incomparable power, tearing the axe lines, bombarding the

red axe.

Dangdang!

The deep explosion came out. The intersection of double fists and red axe made a huge sound like the sound of a golden dagger, and even wiped out the fire.

Looking at this scene, everyone was shocked.

How hard is the body to do all this?

Wang Fan was also shocked.

He did not expect that this guy's body was so strong.

He didn't flinch. He waved the red axe again and again and bombarded the tower man.

The iron tower man was not afraid, and his intention to kill was crazy. His iron fist was like a giant hammer in the sky, and it fell down like a bolt to Wang Fan's axe.

Boom boom!

The deep sound of explosion came out crazily again. At this moment, everyone was excited to see it.

This kind of simple and rough fighting can stimulate people's blood most.

The iron tower man is just like a bolt. In a flash, he tore the axe lines again and came to Wang Fan's near.

He bared his mouth and showed two rows of white teeth. His iron fist was merciless, and he smashed down on Wang Fan's head.

At this moment, everyone was so nervous that they even forgot to breathe.

Wang Fan looks a little flustered.

He tried his best to twist, but the iron fist of the strong man of the iron tower fell on his shoulder.

Boom!

Click!

Two sound, Wang Fan's shoulder, seem to have blood fog to splash.

People watching this scene, the heart can not help but beat hard.

Is Wang Fan defeated or beheaded?

If so, it would be a big joke for Wang Fan to play here.

It's just that soon they're stuck.

Because the iron tower man after a hit, did not continue to attack, but shocked to see Wang Fan.

His mouth moved, as if he wanted to say something, but before he made a sound, the tower like figure had fallen down.

I saw, in his chest position, I do not know when has inserted a red ax, red blood, is constantly dripping.

World War II, star arena, another strong man fell!

Chapter 2498

The scene fell into a dead silence again, leaving only heavy breathing.

Two battles, two star arena strong fall, this is how strong, this is how domineering?

The deacons in the new star arena are also scared.

Wang Fan's strength is far beyond their expectation.

Fortunately, Wang Fan seems to have been injured, otherwise they will be more unable to accept.

It is precisely because of Wang Fan's injury that a strong player is sent out again in the new star arena.

The third battle, Nova arena, the strong, meteorite!

The fourth battle, the star arena, the strong, meteorite!

The 18th battle, the star arena, the strong, meteorite!

Battle after battle, Wang Fan's injuries continue to increase.

But what is shocking is that even if Wang Fan was seriously injured, he never fell down. On the contrary, those who fell were all the strong players in the new star arena.

At this moment, not to mention the new star arena, even the onlookers realized that something was wrong.

The man who dares to challenge the new star arena on the stage definitely did it on purpose. He hid his strength!

The deacon of Xinxing arena is trembling with anger!

Wang Fan's practice is too shameless and insidious, which directly made them fall into the top 18.

If Wang Fan didn't show the appearance of serious injury, if Wang Fan didn't show the appearance of tottering and at the end of the crossbow, but directly killed his opponent with the gesture of crushing, they would never let so many strong men go up to die.

But now, they have lost 18 super powers in holy land in vain!

New star arena third giant Ye Lao, is angry face pale, has almost lost his mind.

Those are the 18 strong men who stand at the top of the ninth floor of Zunjing. Even if they are not as good as Yi, Ji and Shou, they are expected to catch up.

They pay countless costs to cultivate these people in the new star arena, and want to cultivate a top strong man who is not inferior to Yi, Ji and beast.

But now, these people even did not bloom, they have been cut off by Wang Fan.

This is too hateful, this is too hard for him to accept.

This kind of holding back makes Ye Lao want to be crazy.

Compared with Ye Lao's madness, the monks who watched were excited.

They have nothing to do with the Nova arena, so they don't care about the loss of Nova arena.

They just want to see a good fight.

Now, Wang Fan has shown them a wonderful fight, and every fight is so hot-blooded.

Their worship of Wang Fan has soared to an unimaginable level.

This kind of worship is just like the worship of "Wang" a year ago.

However, they did not think that Wang Fan on the stage could defeat Wang a year ago.

After all, the original "King" was a terror that defeated Jishou.

Everyone's eyes are focused on the platform, focusing on the ordinary man who is bathed in blood.

Even if the man looks ordinary, but now it is like the most shining star in general, the star is bright.

Wang Fan, holding a red axe, sweeps the deacons of Xinxing arena, and finally falls on Ye Lao, the third giant of Xinxing arena.

"You are the strongman of the holy land? Since you don't dare to come up in the new star arena, you can come up. "

His tone was flat, but it was like a bomb, which exploded in everyone's heart.

What did Wang Fan say?

He's going to challenge the strongmen of the holy land?

All of them were shocked by Wang Fan's words.

No matter how powerful Wang fan is, no matter how rebellious Wang fan is, no matter how dazzling Wang fan is, his strength is still only respected. This is an indisputable fact.

A strong person who respects the Holy Land tries to challenge the strong person in the holy land. Even if the other person is only in the holy land, no one is optimistic about Wang Fan.

Although no one is optimistic about Wang Fan, after the short silence, the scene still broke out cheering and screaming.

Under the platform, ye Lao's whole face had turned into black charcoal. He was so gloomy that his anger was almost uncontrollable!

It's a shame to dare to challenge his holy land or challenge him in public. It's like slapping him in the face!

"Why, dare not come up?"

"I want to challenge you, do you dare to accept my challenge?"

"Don't let me look down on you New Star arena. Don't let your reputation be ruined today!"

Wang Fan's words were like bombs, which exploded again in the whole hall, and everyone was numb.

If Wang Fan's previous words were just a provocation to Ye Lao, now he is scorning the whole new star arena.

But then again, Wang Fan seems to be right. It would be a joke if such a large arena could not be

suppressed even by the nine levels of Zunjing. It would be absolutely dignified and discredited.

When ye Lao heard this, he was so angry that he couldn't bear it any more. He stepped directly onto the battlefield.

"It's just a respect for the environment. I dare to challenge you here. Since you want to die, I will help you!"

At the moment when ye Lao's voice came out, his strong momentum surged out, his fists and feet danced, and he had already killed Wang Fan madly.

The momentum of the strongman in holy land is full of endless pressure and dignity. Even those who watch the battle feel the rolling of Qi and blood, just like the top of Mount Tai!

Those who are strong in the holy land are worthy of being strong in the holy land, but they are not comparable to those who respect the holy land. Apart from other things, this momentum alone is enough to crush any respectable realm.

Ye Lao's fists danced, and the Dragon roared and the tiger roared.

In the middle of the sky, there was a dragon and a tiger, one on the left and one on the right, swallowing it crazily towards Wang Fan!

"Ah, what a pity for such a strong man!"

"He is really strong, but he is too proud to challenge the Holy Land!"

"There's a saying that if you don't enter the holy land, you're all ants. He's really arrogant. It's a pity."

Looking at this scene, some people can't help sighing.

They all feel sorry for Wang Fan.

After all, Wang Fan's strength has been proved here.

However, he should not, should not, to provoke the strongmen of the holy land.

"The power of the dragon and the tiger?" Wang Fan felt the scene and couldn't help squinting.

He didn't expect that ye's boxing skills were so exquisite that they all had the power of dragon and tiger.

You know, it's not specially condensed with aura, but it's completely formed with the strong fist intention, which can be called against heaven!

Looking at that moment has been fighting against their own from the dragon and tiger boxing, Wang Fan decisively put away the red axe, hands into the same boxing, crazy fight up.

At this point, he no longer needs to hide his identity.

He wants to kill the saint!

Those people under the stage, seeing this scene, were all dull.

This kind of critical moment, Wang Fan will abandon the axe with fist, is this the rhythm of death?

They didn't understand what Wang Fan did.

Boom, boom, boom!

The roaring sound is surging, and Wang Fan's boxing style is pounding on the dragon and tiger, making a dull loud sound.

In the blink of an eye, Wang Fan has already made more than ten punches.

The dragon and tiger, who were as terrible as the holy beast, were rocked to the ground under the fierce bombardment of Wang Fan, which made everyone feel trembling.

At a certain moment, with Wang Fan's two more fists, the two dragons and tigers finally broke up with a click.

Ye's face changed. He didn't expect that Wang Fan could blow up his dragon and tiger boxing.

However, his reaction was very fast. Almost at the moment when the dragon and tiger boxing was dispersed, he was close to Wang Fan again like a ghost. He pointed to Wang Fan's Dantian directly!

Wang Fan's pupil suddenly shrank, and his figure quickly retreated!

Although Ye Lao was not as dangerous as Xing closed moon, who was on the same level as the holy land, the danger he gave Wang Fan was no worse than Xing closed moon.

Because he paid more attention to himself than Xing closed month, is completely in the best, no slighting and keep hands.

Come on!

A sound, even if the speed of Wang Fan's retreat is extremely fast, ye Lao's fingers are still pounding on his waist and ribs, raising the blood fog.

However, at this time, whoosh, a bright white light suddenly blazed, directly tearing the space, with the power of lightning, mercilessly chopped to Ye Lao's head!

Chapter 2499

Whoa!

Blood light splashed, and all they saw was a figure flying upside down and falling under the platform.

Looking at the people who fell under the platform, all of them were dumbfounded in an instant.

Ye Lao, who is strong in holy land, is defeated. He is defeated by Wang Fan, who has only nine levels of Zunjing!

Even if the old leaves avoid the key, lucky picked up a life, but still half of the head was cut off.

Blood diffusion, it looks so terrible, so frightening.

"You just said that I was just a mole ant who respected the territory, so I want to ask, now, what are you?"

"The holy land, but so!"

Wang Fan stands on the platform, his body is so straight, his voice is so indifferent.

He is like an invincible God of war, tall and powerful!

Ye Laogen didn't have time to answer Wang Fan's words. With the help of several new star arena deacons, he left quickly and took good care of himself.

His injury is too serious. If we don't take care of him quickly, I'm afraid his life will be in danger.

Wang Fan ignored Ye Lao, who was quickly taken away. Instead, he bowed his head and looked down at the hall of the arena.

"Star arena, is that the strength? I've heard that there are two and three strong players in the new star arena. Do you dare to fight? "

Wang Fan's voice was like a thunderbolt, which exploded again in the whole hall.

No one thought that after he defeated Ye Lao, he even dared to challenge the other two holy places in Xinxing arena.

It seems that Wang Fanguo really came with a purpose. Maybe he has an irreconcilable hatred with the new star arena.

Otherwise, he would not dare.

"Well, I respect my realm, and I dare to play wild in my new star arena. No matter who you are, no matter who is behind you, no matter what background. "

"Today, I will cut off your head and wash away the shame of my new star arena!"

A shout of anger suddenly came in from the outside, and then a group of people walked in quickly.

These people's faces are extremely gloomy, dark eyes diffuse with the murderous.

Obviously, they all knew that Wang Fan was going to kill him.

"Taoist LAN, it's Taoist LAN. I didn't expect him to come too."

"Next to Taoist LAN, it should be Jiang Youen, the second strongest player in the new star arena. Now that they have come here, it seems that today's events have a bad ending."

"Haha, it's strange that they don't come to the new star arena because of such a big thing. But I think they must have regretted that they didn't come here at the first time. "

Looking at the two leading people, people at the scene couldn't help talking.

Even though the first and second giants of the new star arena, LAN daoren and Jiang Youen, seldom show up at ordinary times and hardly participate in anything in the new star arena, but hide behind the scenes, some people still recognize them.

They don't look like the powerful people who respect the environment secretly cultivated in the new star arena, because they want to cultivate such strong people as Yi, Ji and beast among those people, so they can't expose their identity at all.

Otherwise, once they are recognized to be cultivated in the new star arena at the moment of their rise, they will be lost.

LAN daoren and Jiang youene's face is really very ugly, and their heart is also extremely angry.

As a matter of fact, they have already known the things here, but they have not paid attention to them.

If only a nine level strong man in Zunjing can defeat their new star arena, then their new star arena is really a joke.

However, when Wang Fan cut off 18 strong stars in one breath, they couldn't sit still any more.

They got up at the first time and rushed here.

They really want to know who is the man who dares to kill all sides in their new star arena.

Moreover, if such people are not suppressed, they will have no face to continue to open the arena.

Wang Fan looked at the ugly face of Taoist LAN, and set off a monstrous killing intention in his heart.

A year ago, it was also here that he defeated Jishou and made a sensation in the whole miracle city.

The reason why he did that was to let the new star arena see his potential and block Xing closed moon and Qingyue palace for him.

However, he didn't expect that this dignified Taoist LAN would threaten him. If he didn't choose to join the new star arena unconditionally, he would be pushed out directly.

Such behavior, let Wang Fan angry!

If Xinxing arena doesn't want to help him out, he can choose to be silent, or directly show that he doesn't want to intervene in this matter.

However, the other party even threatened him, and still threatened him in that situation, and even nearly attacked him.

Scenes of the past emerge in my mind, but Wang Fan becomes more calm, and even his killing intention is completely restrained. He looked at the slowly approaching blue Taoist and Jiang Youen and asked coldly, "are you going to go together or one by one?"

His tone is extremely arrogant and domineering, which is just a slap in the face.

It's so arrogant that I dare to ask them whether the two holy places go together or one by one.

Blue Taoist sneered, "to deal with you a mole ant, also need us to go up together? I'll do it by myself

When he finished speaking, he didn't continue to talk nonsense at all. With a flash of his body, he had already swept towards the platform.

The crowd looked at this scene, and their pupils began to sob. They all felt that Taoist Lan was shameless.

He did not choose to let the second layer of the Holy Land Jiang Youen to deal with Wang Fan, but chose to do it himself.

Obviously, he was afraid of another accident, afraid that Jiang Youen would be cut down by Wang Fan,

and he didn't want to give Wang Fan any chance.

"Well, you are so shameless. There are three levels of holy land, and they have to deal with nine levels of holy land. Is it possible that they have a lot of face? Since you want to play, that book will accompany you to practice

Blue Taoist almost just fell on the platform, a voice has followed, followed by a graceful voice strange appeared in front of Wang Fan.

"He who is strong in the holy land is also a strong man in the Holy Land!"

"It seems that this breath is not weaker than that of the blue Taoist at all!"

"Ah, look at my memory. A man and a woman came here and threatened to challenge the whole new star arena. How could I forget this woman?"

"God, originally I thought that woman was just a foil, but I never thought that she was the real boss."

Feeling the strong smell of the wild geese, the scene was first smothered, and then thoroughly exploded.

However, Taoist LAN suddenly raised his head and stared at Su Luoyan. He asked coldly, "younger martial sister Su Luoyan, do you really want to fight with my new star arena for this person?"

"You are the second saint of Qingyue palace, and Qingyue palace is the pure place of shengxia. If you stand out for a man like this, aren't you afraid that things will spread and ruin the reputation of Qingyue palace?"

Others may not recognize Su Luoyan, but Taoist LAN recognized it at a glance.

After all, the whole miracle city is just a few strong people in holy land.

But he didn't expect that Su Luoyan would stand up at this time and stand out for Wang Fan!

"What, he's a wild goose fairy?"

"Oh, my God, how can the wild goose fairy stand out for a man? Is it hard to be..."

Taoist Lan's voice was like a heavy bomb, which exploded in the whole hall. In an instant, the whole hall was completely boiling.

Chapter 2500

Su Luoyan, the second saint of Qingyue palace, and the third strongman of holy land.

No matter her beauty or strength, she has a high popularity in miracle city.

Countless people regard her as a goddess and an object of worship.

But now, the goddess in their heart, even at the expense of a man, offended the new star arena, which simply subverted everyone's three outlooks.

When did the people of Qingyue palace intervene in such a thing? Can't it be that the wild goose fairy really fell in love with this man and became his sweetheart in his anger?

Su Luoyan's face is calm, but she stares at LAN daoren coldly, and her expression doesn't fluctuate at all.

Of course, she was wearing a silk scarf, even if there were fluctuations, others could not see it.

She did not speak, so calm looking at the eyes of the blue Taoist, a colorful ribbon has appeared in the hands.

The colorful ribbon floats with the wind. Although it hasn't been hit yet, it has already contained extremely violent killing power.

Obviously, she has told LAN daoren about her own position with her actions.

Taoist LAN frowned slightly and his face was ugly.

If there is a Green Moon Palace behind Wang Fan, then their new star arena is really bad.

Although miracle city has its own rules, it does not allow large-scale fighting between forces, let alone destroying the gate.

But this is based on the premise that there are no contradictions and huge conflicts of interest. Once there are contradictions and huge conflicts of interest, this kind of rule will have little effect.

What's more, these rules may be useful to other forces, but not to Qingyue palace.

The reason is very simple, that is, qingyuegong is strong enough!

"Ha ha." Just when Su Luoyan is silent and Taoist LAN turns his mind, Wang Fan suddenly opens his mouth.

He looked coldly at Taoist LAN, "don't worry, I don't need elder martial sister Luoyan to help me kill you. I can crush several rubbish like you with one hand. "

Wang Fan's tone is arrogant and extremely domineering. He doesn't mean to put Taoist LAN in the eye at all.

Taoist Lan was trembling with anger when he heard this.

He is a powerful man in the holy land, but he is despised by a mere one?

It's an intolerable shame!

Wang Fan didn't pay any attention to the blue Taoist whose face was blue, but he was still talking to himself,

"what's more, the reason why elder martial sister Luoyan appeared here is not for me, but for her Qingyue palace."

"You must be very clear about what Taoist LAN has done? Do you think qingyuegong will connive at you when you slander qingyuegong like this? "

Blue Taoist listen to this, a heart can't help but clatter for a while, coldly said, "I don't understand what you mean."

"Don't you understand?" Wang Fan sneered, "since you don't understand, I'll let you understand!"

Wang Fan said, suddenly step out, strong momentum crazy surge at the same time, cold voice asked, "more ice cream where?"? If you don't hand him over today, you will be killed in the arena of new stars!

The sound was like thunder in the whole hall, which made everyone tremble.

"More frost? Wang Fan unexpectedly is for more Ling frost but come? Is he the king who rose in the new star arena a year ago

"But isn't he missing? Why is he here again?"

"Also, the disappearance of Yue lingshuang is not related to the Green Moon Palace. How can it be related to the new star arena now?"

Everyone was shocked and confused.

"I don't know what you're talking about. If you say I've captured Yue lingshuang in the new star arena, please show me the evidence, otherwise it's slander and provocation!"

Taoist Lan's tone is still cold, but his heart is almost furious.

The reason why he abducted Yue lingshuang and put the blame on qingyuegong was that he wanted to kill Wang Fan with the help of qingyuegong.

Because Wang fan doesn't want to be used as his new star arena. In this case, he can only die. He absolutely doesn't allow Wang Fan to join the other three arena.

But he never thought that it would happen. Not only Wang Fan but also su Luoyan.

It makes his calculation a little bit wrong.

It's just a blue moon palace. How can you come out for such a trifle? How can you investigate the whole story for Yue lingshuang?

In his opinion, Qingyue palace will not investigate such things at all. As long as Wang Fan dares to kill him, Wang Fan will surely die.

But now, the Green Moon Palace just shot, not only the incredible investigation of this matter, but also involved in this matter.

Because with Wang Fan's means and ability, it is impossible to investigate his new star arena.

Now that this matter has been investigated, there is only one reason. Qingyuegong has personally participated in the investigation.

Compared with the intelligence hall, which specializes in selling information, the powerful inside information and intelligence network of Qingyue Palace are more powerful. Even if the intelligence hall can't investigate this matter, the Qingyue palace can also investigate it.

However, even so, Taoist LAN will not admit it.

He doesn't believe that Wang fan can produce evidence. Even if Wang Fan really catches the person who does it, he can say that the other party is slandering.

As long as the other side does not record the crystal image of the new star arena that will give yuelingshuang to him, then everything is meaningless.

However, Taoist LAN is sure that he never recorded the crystal image when he handed yuelingshuang to Xinxing arena.

"Don't admit it, do you? In that case, I'll kill you to admit it!" Wang Fan said with a sneer. He didn't bother to ask any more. He had already stepped out of the battlefield and killed the deacons of the new star arena.

He didn't go to kill the ordinary star arena staff, just killing the deacons.

Hiss, hiss, hiss!

Just in a flash, more than ten deacons of the new star arena died in a pool of blood.

Wang Fan did not show any mercy at all. He used rough means to destroy everything.

As the first giant of the new star arena, LAN daoren is just like a dark hateful. As the deacons of the middle and high levels, they must have done a lot of angry things.

So when he started, he didn't give up.

"You Taoist Lan was almost angry. He never thought that Wang Fan would dare to be so arrogant and kill his deacons in front of him.

"Younger martial brother Jiang, you go to kill this arrogant guy. I'll stop Su Luoyan." With a low roar, Taoist LAN directly dodged to kill Su Luoyan.

Because Su Luoyan is there, he has no way to kill Wang Fan, so he can only arrange this.

Jiang youene heard the blue Taoist's order, can't help but Leng for a moment, and didn't immediately move.

The more lingshuang thing happened, now it is this situation, where he has the idea of resistance, he just want to escape.

However, before Jiang Youen had time to escape, a sharp knife flickered, and he had already split directly towards him.

Jiang Youen looked up and saw that Wang Fan had already killed him.
