

Mighty Sk 2541

Chapter 2541

"What, someone killed Xiao ran of luoshengzong and yuanpingzhou of wudaozong. Isn't that too bold?"

"Those who find their tracks will be rewarded with 100000 pieces of immortals, and those who catch each other will be rewarded with a million pieces of immortals. What a rich reward."

"For such a rich reward, we have to practice farting and look for opportunities to fart. It's better to look for both of them."

"These two guys have really broken the sky. Their fate will be very miserable."

Looking at the huge image wanted in the void, countless friars could not help talking in shock, and greed and madness appeared in their eyes.

They are envious of such a generous reward.

Whether it's a large number of disciples or the experienced mercenaries, it's not a small amount for them.

You know, it's not so easy to get the inferior immortal stone even if it's a disciple of a large sect.

Wang fan saw the huge image in the void, and heard the conversation of some monks.

Wang Fan's face is still calm. After all, he has been practicing all the way. There are so many things he has met, even to the point of numbness.

But Su Luoyan is a little different. She has been practising in zongmen all the time and seldom comes out. Even if she came out, with her identity and strength, she had never met such a thing.

At this time, Su Luoyan's look was very dignified. "This time, we are afraid that we are in danger. The two major sects are wanted together. The demon friars of the whole dark forest are in action. We are afraid that we can't fly."

"I didn't expect that wudaozong and luoshengzong would be so powerful, and they even made such a big array."

Wang Fan listened to these words, but said, "don't worry, even if they launched all the monks and monsters in the dark forest, so what?"

"With these people, you want to catch us. It's far away. Elder martial sister Luoyan, just follow me and listen to me."

Although Wang Fan didn't care on the surface, he was dignified in his heart.

He was just comforting Su Luoyan. After all, in this case, Su Luoyan should not be confused.

Of course, even if it is dignified, but compared with the plain wild goose, Wang fan is really much more relaxed. It's not the first time for him to be wanted.

"Well." Su Luoyan nodded. Even if her accomplishments were higher than Wang Fan's, she could not help relaxing after hearing Wang Fan's words.

Looking at Wang Fan's resolute and calm face, she seemed to think of what she had experienced in the southern sky.

"Next, we can't continue our crazy journey. We have to pretend to be looking for someone."

"Also, to be on the safe side, your purple sword, my shadow knife and killing short gun can't be used any more, even if they are in conflict with others, they can't be used any more."

Wang Fan reminds Su Luoyan that he can't help sighing at the same time, "fortunately, we have changed our appearance again, otherwise it will be really dangerous."

The vegetable falls wild goose facial expression dignified of order to nod, "well, I know."

Although she has not experienced these things, she knows that if they continue to run madly towards the dark forest at this time, it is tantamount to telling others that they are the wanted murderers.

Next, like most of the monks, Wang Fan pretended to be looking for someone and began the search all over the world.

At this time, there was a brief calm in the dark forest. Even if the monk and the monster met, there would be no battle. It seemed that the two sides had reached some tacit agreement.

In this way, a few hours passed quickly. In these hours, Wang Fan and Wang Fan met many friars and many monsters.

However, the two sides just looked at each other closely and passed by without any conflict.

In the center of the dark forest, an open area, Mo Qianshan and Gongsun Dao sit empty, their faces are extremely gloomy.

They have realized one thing, that is, Wang Fan and Wang Fan have changed their faces. Otherwise, there would be no news for such a long time.

At the same time, they also realized that although they made a big array, this way of finding people was

wrong.

After all, the whole dark forest was so quiet that everyone was looking for someone.

In this case, even if Wang Fan and Wang Fan changed their faces and pretended to be looking for someone, they could not recognize them at all.

Ink thousand mountain thought of here, can no longer sit, once again found the king of the dark forest.

He told the king of the dark forest, let those monsters attack the friars normally, without deliberate suppression.

Even if you kill those friars, you don't have to worry. He has no responsibility from daozong and luoshengzong. As long as you follow the previous agreement, you can only live in the world.

At the same time, he also told the king of the dark forest that whenever he found a monk with a knife, sword, gun, especially a broken shotgun, he would give him a message immediately. The king of the dark forest received Mo Qianshan's message. Although he was very upset, he could only do it.

With the king of the dark forest issued the order, in an instant, the whole dark forest was in chaos again, bloodbath.

Those monsters in the way of looking for people, as long as they meet the friars, they will fight madly, without any cover up.

After all, they are kept here as pigs and dogs, only for the trial of those large disciples. They have had enough of this kind of days.

Their hostility and hatred towards human friars can not be explained in a single word.

Even this time, the monster's counterattack and fighting were even more fierce than before, because this time it was ordered by the king of beasts and agreed by the powerful members of the large clan.

Wang Fan and Su Luoyan were also besieged by monsters, but they were very cautious and did not dare to use all their strength, let alone the weapons they had used before.

Wang Fan took out the unused red axe, while Su Luoyan took out a two meter long blue thin ruler.

In the twinkling of an eye, another day passed. During this day, Wang Fan and Wang Fan did not know how many monsters they had encountered. Even later, they were already unable to resist.

It's not because the demons and beasts are too powerful, but because the wars are too frequent. They have no chance to breathe and are too tired.

Wang Fan was both like this, not to mention other friars. In just one day, countless gifted disciples of the main sect had died in the dark forest.

But the dead disciples of the main sect were all monks below the third level of the holy land.

After all, the death of Yuanpingzhou and Xiao Ran has sounded an alarm for the king of the dark forest. It has warned those monsters that they should not kill monks on the third floor or above in the holy land.

Or that open area, Mo Qianshan and Gongsun Dao's face is more gloomy.

Twenty four hours have passed, but they still haven't found Wang Fan. This really makes them resentful.

In these 24 hours, although they saw some monks with swords and knives, there were too many of them to count.

As for those who used guns, although they were fewer, none of them used broken guns, and they did not find the murderer.

Mo Qianshan and Gongsun Dao were angry. They changed their plan again and focused on the combination of a man and a woman.

Chapter 2542

"A man and a woman?"

"Kill

Wang Fan and his wife were walking in a dense forest. Suddenly, three monks flashed from a distance.

After the three monks appeared, their eyes suddenly brightened, they roared, and they immediately came to kill them.

Three monks, one on the first floor of holy land, two on the second floor of Holy Land!

They were all carrying weapons in their hands. The weapons broke through the air, directly tearing the air, rolling up the violent killing power and splitting towards them.

Looking at this scene, Wang Fan's face suddenly changed, and immediately had a bad feeling.

"What do you want to do?" He pretended not to understand the roar, without any hesitation, directly grabbed the red axe, and then welcomed to the holy land.

The sharp axe awn interweaved in the mid air, rolled up the violent killing force and roared to the holy land. In a burst of roaring explosion, they were shocked to retreat at the same time.

Of course, this is because Wang Fan didn't use all his strength. Otherwise, even if he used the red axe, the Holy Land layer would have been killed countless times.

The plain wild goose is not idle, in the hand cyan Long Chi blows out, with the other two holy land two layer fierce battle. After a short fight, Su Luoyan pretended to be invincible and began to retreat.

"What to do, of course, is to kill you, the above has already said, focusing on finding a combination of a male and a female friar." A holy land two layer sneer at Wang Fan two people, ferocious say.

His heart is also very shocked, they two holy land two layer joint efforts, unexpectedly have not been able to hurt the wild goose, this is really some strange.

"That's ridiculous." Wang Fan angrily scolded, "there are so many monks in this dark forest. Is Chengdu the one who is wanted? You are too overbearing and unreasonable to do so. "

Although Wang Fan said so, his heart was already deeper.

With such a search, if they don't separate, change their appearance, and join other people's groups, they will be found out.

"It's better to kill by mistake than to let it go. Don't you understand that?" The second layer of the holy land gave a grim smile, and then looked at the other two companions,

"you go to haunt the girl first, I'll kill the boy. I'll help you when I kill this kid. "

He said, without waiting for the other two to reply, he went to kill Wang Fan. Obviously, he felt the thorny of Su Luoyan and planned to solve Wang Fan first.

"To deceive others too much is to deceive them too much. In that case, don't blame me for being rude."

Wang Fan pretended to be angry. His toes suddenly touched the ground and roared. He set off a violent hurricane and rushed out like a beast.

At the same time, the red axe in his hand has been surging, toward the second layer of the holy land.

"Kill the axe!" A low voice came from Wang Fan's mouth. In a flash, a piece of fierce and dense axe pattern condensed, and at the same time, it rolled up countless soil to kill stones and hit the second floor of the holy land.

If this is a desert, it will be more powerful.

Unfortunately, it's not a desert, but even so, its power can't be underestimated.

The frenzied killing power is surging in the whole space, which makes the Holy Land's face change greatly!

"Zhundi level martial arts?" With a cry of surprise, the black scythe in his hand danced wildly and cleaved to the axe pattern all over the sky and the earth to kill the stone.

Boom boom!

Violent energy collided in mid air, sending out a terrible explosion.

In an instant, the trees and soil around the whole area were lifted up, and the rocks were like crisp paper.

In that terrible energy explosion, the monk on the second floor of holy land also retreated.

However, his heart was relieved, and his eyes became more fanatical.

With the strength of Wang Fan's holy land, the skill of killing axe can only be used once at most, and after that, he will fall into weakness.

Now that he has resisted Wang Fan's attack, it's up to him to clean up Wang Fan.

Once he cleans up Wang Fan, then he can get the quasi imperial martial arts of Wang Fan!

However, just as he thought of it, a figure appeared in front of him like a ghost.

Then he had seen a huge red axe coming across the sky, rolling up the potential of collapsing mountains and cracking the ground, and pounding his head.

This scene, he was scared to death, he quickly raised the black sickle to resist.

There was a local sound. The red axe was on top of the black sickle. With that terrible force, the black sickle broke with a click, and his arms were directly broken.

The next second, the red axe in Wang Fan's hand is already a spin, straight take his head.

Fast, it is too fast, all these things, as if all through the precise calculation, running.

"No, misunderstanding, it's a misunderstanding!" The young man on the second floor of holy land was afraid at last. He felt the threat of death. He didn't expect that the Holy Land in front of him would be so terrible. He even kicked the iron plate.

He roared wildly, trying to beg for mercy, but there was no chance.

Come on!

With a loud noise, the red axe had been cut on his head.

Whoa!

His head split and he died on the spot.

The other two friars who were fighting with Su Luoyan saw this scene. They were all silly and couldn't help trembling.

They all have fear and fear.

At the moment when they were distracted, the wild goose seemed to seize the opportunity. In her hand, the green thin ruler suddenly spins, and it has been stabbed on the second level chest of the holy land.

Pounce on the ground a, cyan thin Chi no body but enter, intense pain make the other party can't help but scream a, and then reluctantly fell to the ground.

Another holy land second floor, dead!

At this moment, the only one still alive is the holy land.

That holy land one layer is almost scared silly, where dare to continue to move?

He hastened to open his mouth and said, "misunderstandings are all misunderstandings. I was bewitched by them."

At the same time of speaking, he has quickly grasped a rune, and his posture is about to stimulate.

However, Wang Fan two people will not give him the opportunity to stimulate?

Almost he just inspired the rune, and before he could be swept away, their attacks had all fallen on him.

The blood light splashed, and the Holy Land died miserably.

At the moment of his tragic death, Dunfu has been thoroughly stimulated, but it is a piece of flesh and blood.

After killing three strong men in the holy land, Wang Fan and Wang Fan didn't dare to stay here any longer. Their bodies flashed and disappeared in an instant.

Because they clearly felt that more than ten monks were rushing towards this side crazily!

Sure enough, not long after Wang Fan disappeared, more than a dozen people came here.

"I feel like they are the killers. Let's chase them together!"

Looking at the bloody battle scene, one of them couldn't help roaring and took the lead in catching up.

The rest of them didn't snub, and followed.

"The murderer is over there!"

"The murderer is over there!"

"Let's chase it!"

At the beginning, only a dozen people were chasing Wang Fan.

But with the passage of time, with more people seeing this scene, with the spread of these news, the number of people chasing them soon reached hundreds.

Hundreds of Holy Land friars roared, crazy pursuit of Wang Fan two, this scene is a sensation of the whole dark forest.

Even those monsters who hated human beings so much didn't dare to come out any more, so they dodged far away.

Chapter 2543

Wang Fan and his wife ran away, but their faces became more and more heavy.

Behind them, there are too many monks, at least hundreds of them. From a distance, it looks like locusts, dense, extremely terrible.

If it had not been for the four strong men in the holy land, who had taken Wang Fan to flee, I'm afraid they would have been caught up long ago.

Nevertheless, there are still several monks on the fourth floor of Holy Land biting tightly behind them. Even if they can't catch up with them at the first time, they are not easy to get rid of them.

"It's not the way to go on like this. Elder martial sister Luoyan, hold me tight. We have to motivate Dunfu to leave. Otherwise, it will be dangerous if there are strong people above the seventh floor of the holy land

Wang Fan's face was very gloomy, but he was very decisive.

With that, he hugged the wild goose with one hand, and with the other hand he grasped the Runfu,

which inspired him.

The bright streamer flashed, rolled up in an instant, and the two disappeared without a trace.

Those pursuing monks were a little silly when they saw this scene.

They didn't expect that Wang Fan and Wang Fan would inspire the top runes to leave.

They are very resentful. If they have such a good thing, why don't they stimulate it at the first time, but wait until this time? It's a waste of their time.

In particular, those four strong men who pursued the Holy Land in the front were even more gloomy.

Seeing that a million pieces of immortal stone were about to arrive, they flew away again. They were very unwilling.

Whoosh!

Not long after Wang Fan and Wang Fan disappeared, Mo Qianshan's figure appeared here like a ghost, but he just stopped for a breath and disappeared again.

He is aware of the spatial fluctuation that triggers the rune, and he is pursuing along the spatial fluctuation.

In an area deep in the dark forest, Wang Fan and Wang Fan appeared in the middle of the sky. After they appeared, without hesitation, they immediately inspired another rune.

This is the last Rune in the hands of Su Luoyan, and it is also the last Rune in the hands of two people.

Even if they want to save it, they have to use it at this time.

Guanghua flashed again, and they didn't know how far they had been swept away. They appeared in a dark mountain.

After they appeared, Wang Fan did not hesitate to flash, ran for more than an hour, then stopped, and found a cave to get in.

They have to be remodeled, and they have to be separated, or there will be danger.

Here, there is no reason at all.

Don't say that they really killed the people of Xiao ran and Yuanping. Even if they were not, they would be killed in vain. No one would stand up for them to do justice.

Wang fan is very angry in his heart. To put it bluntly, he is not strong enough. Otherwise, who dares to chase him?

When Wang Fan and Wang Fan changed face again in the cave, the figure of Mo Qianshan appeared tens of thousands of miles away from them.

But his face is very gloomy, because after he came here, the space fluctuation has been very light, he can't catch up any more.

After all, his strength is not as good as the original Huqi. Not only his accomplishments are poor, but also his speed is too poor.

At the beginning, Huqi could catch up with Wang Fan, who inspired Dunfu by his strength. Even if he inspired two pieces in a row, Huqi could continue to catch up, but he could not.

Because when he arrived at the position where Wang Fan and Wang Fan inspired the first Rune to appear, the time he wasted was too long. As a direct result, he could hardly feel the spatial fluctuation caused by the second Rune inspired by them.

"The two men's desperate escape even inspired two runes in succession, which were obviously the murderers. They must die. They must not be allowed to leave. "

Mo Qianshan's low murmur immediately disappeared here.

Tens of thousands of miles away, two hours later, Wang Fan and Wang Fan have changed their looks and come out again.

They changed their appearance into mercenaries. Although they looked fierce, it was normal to put them in the dark forest.

"Elder martial sister Luoyan, let's separate for a while, and keep in touch with the communication bead. Remember not to expose your strength as much as possible, and don't use your purple sword. "

Wang Fan's face is dignified toward plain falling wild goose to say.

Su Luoyan nodded, "well, I know, you should be more careful. If you have anything, please remember to give me a message at the first time."

Wang Fan nodded, and immediately his figure flashed and disappeared in the same place.

The direction he ran to was exactly where he came from.

His heart has been set off anger, he is going to slowly clean up those who pursue his friars.

"Damn, it's really bad luck. At the beginning, I almost caught up with that pair of dog men and women. I didn't expect that they ran away at the critical moment."

"Who said no? I'm about to get 100000 pieces of immortal stones. I didn't expect that they would fly like this. Don't let me meet that pair of dog men and women, or I'll kill them.""Well, since the dog men and women were chased and killed three days ago, it's said that now those men and women who form a team dare not continue to form a team, which really makes it more difficult for us."

In a certain area, three monks on the second floor of the holy land were sitting together and talking.

Listen to their tone, obviously participated in the original pursuit of Wang Fan.

Not far behind them, a figure was like a ghost, hiding on a towering tree.

His whole person is just like the integration with the giant tree, which is extremely fit, without the slightest breath and fluctuation leakage.

He is like the hidden eagle, preparing to hunt his prey.

This person is no other than Wang Fan.

At this time, Wang Fan's dark eyes were full of cold killing. He is calculating his success rate and waiting for the best time.

After all, the three saints in the second tier of the holy land also posed a great challenge to him.

"Where do you think the dogs and men can hide? Now all the monks and monsters in the dark forest are looking for them. Why don't they have any news? "

The friar in the middle, who was long and thin with a broad cheek, couldn't help hissing and asked angrily.

"Who knows, but as long as they are still in the dark forest, they will surely be found. But it's hard to say whether we can earn that huge reward. "

Said the friar on the left.

Just as he spoke, Wang Fan suddenly moved!

In a flash, his whole body had disappeared from the tree. When his figure reappeared, he had come to the left of the monk.

Almost at the moment when his figure appeared behind the monk on the left, the red axe had already followed.

All this is so natural, flowing, without the slightest pause.

The bright axe is surging, like lightning across the sky, straight to the second floor of the holy land on the left.

Feeling the sudden appearance of ice cold, his whole body trembled and broke out in a cold sweat.

However, he just had time to move slightly, and with a thump, the red axe had already struck his back neck.

Whoa!

Blood fog shot, half of his head, directly drooped down.

Chapter 2544

"Who!" The other two monks on the second floor of Holy Land reacted almost at the same time and began to retreat subconsciously.

But at this time, another axe awn appeared, Wang Fan's red axe has been crazy split to the friar in the middle.

This hit, he did not have the slightest reservation, directly cast the drop axe.

Axe awn agitation, interweave in the mid air, forming a piece of axe mu, crazy toward the holy land of the second layer, the earth was stirred up, dense, blocking his sight.

Even if his reaction is already very fast, the retreat is also very timely, but his sight is blocked, he is still cut by the axe awn, his body burst out of the blood fog all over the sky.

Not dead, but seriously injured.

It's a pity that Wang Fan didn't kill the second layer of holy land.

However, it seems that he has been able to kill and seriously injure one person on the premise of sneak attack.

"Who are you and why are you attacking us?" After stabilizing himself, the seriously injured monk asked Wang Fan angrily.

His heart is set off a storm, who is this person, why do you want to attack them?

The most important thing is that when this person touches them, they are not alert. Is this terrible? Is this person a strong man above the third level of holy land?

"You're such a mean person. We don't seem to have offended you, have we?"

The monk, who was not attacked, was even more shocked. At the same time, he had already grasped a bronze hammer and looked at Wang Fan with alert face.

One of the three people who talked and laughed just now had been killed and one seriously injured in the blink of an eye. Is that too terrible?

Wang Fan didn't want to talk with these two people at all. When his body flashed, he had already killed the seriously injured man on the second floor of the holy land.

Kill him while he's sick!

Even if these three guys had dared to chase him, what they said just now was so cool. If he didn't kill these three guys, how could he get rid of his hatred?

The seriously injured monk on the second floor of Holy Land suddenly changed his face when he saw that Wang Fan had been killed.

As he retreated madly, he yelled at the other companion, "brother Yan, help me."

However, the friar, who was called brother Yan, didn't mean to save him at all. He turned around and left without hesitation.

Looking at such a fierce Wang Fan, he was already afraid and had a sense of fear.

Even though Wang Fan's breath is only in the holy land, he does not think that Wang fan is really a monk in the holy land.

It's impossible for the friars on the first floor of holy land to get close to them without being noticed, and it's impossible to kill a monk on the second floor of Holy Land and seriously injure a monk on the second floor of holy land.

He thought that Wang Fan had concealed his accomplishments.

"The geese face south, you." The seriously injured monk on the second floor of Holy Land ignored him when he saw the wild goose facing south. He turned around and ran away. He almost blew his lungs.

But soon he didn't have the heart to be angry, because Wang Fan's red axe had been frantically chopped down again.

The red axe in Wang Fan's hand danced continuously, drawing bright red axe awns in mid air.

The red axe awn tears the air, whistling wildly, rolling up the violent killing force, just like a wave, wave after wave.

"You want to die!" The monk on the second floor of the Holy Land looked at this scene, and his heart was splitting.

He roared crazily, grabbed out his weapon and resisted repeatedly, but where could he resist when he was seriously injured?

Just a dozen breaths, his attack has been completely defeated by the axe awn all over the sky, and the whole person has been chopped to pieces.

Two hundred miles away, yanchaonan spirit clearly captured this scene, and his heart was even more shocked.

Terrifying. It's terrifying.

He even thought that Wang Fan had concealed his accomplishments, and he did not dare to stay. He began to run away without his life.

Wang Fan looked at the wild geese running south, and his heart was full of sneers.

If Yan Chaonan didn't choose to escape just now, but chose to attack him desperately, he would never be able to kill the seriously injured second floor of holy land.

As long as he can't get rid of that guy and is entangled for a while, that guy will recover some strength. At that time, if he wants to kill them, he will have to pay some price.

But now, the wild goose faces south unexpectedly did not have the backbone the choice to escape, that all was different. Single to single, Wang Fan was not afraid of any holy land.

"Escape? I'll see if you can." With a sneer, Wang Fan put away the space rings of the two monks and immediately ran after them.

The wild goose toward south realizes that Wang fan is chasing after him, and he is scared out of his wits.

He ran away wildly and said to Wang Fan, "why, why, I have never offended you. Why should I kill you?"

There is no reason why the wild goose facing south is not afraid, because Wang Fan's speed is too fast. Even if he has escaped more than ten breaths in advance, even if he has escaped 200 miles in advance, he is still chased by Wang Fan. Wang Fan's terrible move and terrible speed made him even more afraid, even without any intention to fight.

Wang fan doesn't speak at all, just shows his lightning crazily and chases the wild goose South crazily.

He also wants to let this guy experience the taste of being chased, the taste of despair!

Every time Wang Fan flashed, he would greatly shorten the distance between him and Yan Chaonan. Only after three flashings, the distance between them was less than ten li.

The wild goose looked at this scene facing south, only felt that his back was cold, and he was sweating all over.

When on earth did he offend such a terrible strongman? Even if he wanted to kill him, he had to die, right?

However, Wang Fan did not speak at all, just in a crazy pursuit.

This made him more afraid and unwilling.

At a certain moment, Yan Chaonan had a flash of inspiration in his mind, as if he thought of something, "I see, you, you are the one"

but his words just came to this point. With a whoosh, a sharp sword was across the sky, just like lightning.

Yes, it's a knife, not an axe!

Yan Chaonan looks at this scene, his heart is even more shocked, he can no longer care to speak, directly back, crazy burning blood essence, sacrifice a weapon to meet up.

At this time, he could not fight, because the distance between them was too close. If he continued to run away, he would be killed in an instant.

Boom!

The two men's attacks collided in mid air, setting off a deafening fear.

At the next moment, the weapon in Yan Chaonan's hand had been picked out, and then the sword awn was torn on his body, which raised the blood fog.

Bang!

With a sound, the goose landed South and died miserably.

"Don't worry, you won't be lonely on the way to huangquan. My killing has just begun. I will send countless people down to accompany you soon."

Wang Fan coldly looked at the corpse of the wild goose facing south, put away his space ring, and left in an instant.

Shuohai City, a city on the edge of the middle level, is backed by the dark forest.

It is because of the particularity of the dark forest that many large gates are stationed here, and it is also very prosperous, with countless monks coming in and out every day.

Recently, an explosive news spread quickly in shuohai City, causing a strong sensation.

Chapter 2545

After killing yuanpingzhou and Xiaoran, the genius of wudaozong, the two bold friars killed the rest of the friars.

In just a few days, nearly 100 monks below the third floor of the holy land have been killed, which can be described as bloody means.

It is no secret in shuohai city that yuanpingzhou and Xiaoran were killed, Mo Qianshan and Gongsun Dao went into the dark forest and started all the monks and monsters to hunt the murderer.

Because the dark forest has been closed by the two main gates, no friars are allowed to enter, and every friar who comes out must accept the identity examination.

But people never thought that in this case, Mo Qianshan and Gongsun Dao not only failed to find out the murderer, but also killed nearly 100 monks by the murderer.

It's too bad! Who is it that has such great ability and has not been caught by the two strong men after making so many great things?

At this time, there are countless monks want to enter a world, they all want to see these two legendary cruel people.

Even those big door also had some thoughts, to these two never met the ruthless people from the heart of solicitation.

After all, although wudaozong and luoshengzong were powerful, they could not cover the sky with one hand.

At first, the main gate acquiesced that they were under martial law in the dark forest, and wantonly searched for the murderer in the dark forest, because they didn't care about it at all.

But now, with the development of things, they don't think so.

It would be a pity if two monks of such genius were killed?

After all, it's not ordinary people who can survive so long with Mo Qianshan and Gongsun Dao.

If this kind of talent can be recruited into their own clan, won't there be two more strong ones in their own clan?

In particular, those sects which had a grudge with wudaozong and luoshengzong had the intention to attract Wang Fan.

Even if they can't recruit Wang Fan, they want to save them.

Sanshengzong, guyanmen, taiyundian, shenfengmen, and other sects, which have some disagreements with wudaozong and luoshengzong, are all united to put pressure on the two major sects.

They said that the dark forest was the place where the disciples of the main sects tried. Wudaozong and luoshengzong wanted to find the murderer in it, but they could not continue to guard against the dark forest.

After all, the dark forest has been closed for nearly a month, which is too long.

If wudaozong and luoshengzong can't find the murderer for a year, will the dark forest be under martial law for a year?

In the face of pressure from all sides, even wudaozong and luoshengzong felt a lot of pressure.

They also have to remove the martial law staff and can only do it in secret.

After the entrance of the dark forest was opened, many monks rushed into the dark forest. They all wanted to see the two legendary cruel men.

Not only the mercenaries and monks, but also the large number of gifted disciples.

As for whether they want to kill Wang fan or make friends with Wang Fan, only they know.

As for wudaozong and luoshengzong, naturally, they were gifted, but they were more powerful than yuanpingzhou and Xiaoran.

After all, even yuanpingzhou and Xiaoran have been killed. If their strength is not as good as theirs, they will be killed.

Just one day after the dark forest reopened, tens of thousands of monks had already poured into it, which can be described as a torrent.

"Just two mole ants dare to kill my disciples of luoshengzong. If I don't accept your head, I'm not worthy

to be a monk on the fourth floor of holy land."

At the entrance of the dark forest, a young man in White said in a cold voice.

Young people are beautiful and handsome, and they look extraordinary.

But at this time, his expression is a little cold, and his facial features are asymmetric.

This man is the genius of luoshengzong, Jiang Yi, the fourth level cultivation of holy land.

Behind him, there are more than a dozen talents of luoshengzong in the holy land.

After hearing Jiang Yi's words, the dozen people agreed: "hum, those two bastards must not meet us, or they will be beheaded."

"I don't know where the mole ants come from. They dare to kill the people of luoshengzong blindly. They are just looking for death."

"If elder martial brother Jiang Yi comes out, those two guys will surely die."

For a time, the crowd was excited and murderous.

The group quickly stepped into the dark forest.

Another entrance of the dark forest, a young man in blue shirt also appeared here.

The man was thin and ordinary, but he didn't look ordinary.

He was full of murderous intention. Standing there, he was like a sword that was about to come out of its sheath. It was very sharp, which made people dare not underestimate.

"After killing yuanpingzhou and Xiaoran, they are still searching for countless friars and monsters, killing nearly 100 friars without being noticed. It's a bit interesting." "I want to see if you are qualified to be my opponent, but don't let me down."

The man murmured, a touch of light appeared in his eyes, and immediately he rushed into the dark forest and disappeared.

Different from Jiang Yi and his party of luoshengzong, he had only one person and no strong one to follow.

If someone were here, he would be recognized as the genius of wudaozong.

Although he had only four levels of cultivation in holy land, he could not count the five levels of

strongmen he had killed.

He is an absolutely tough character, in the younger generation, few people dare to provoke.

At the same time, there are many young men and women at other entrances.

All of these people are the core of the great talents. They are amazing and gorgeous, and at least have three levels of cultivation in the holy land.

Some of them went into the dark forest to see Wang Fan, some to hunt them, and some to make friends with them. In short, their purposes were different.

Dark forest, Wang Fan also aware of the arrival of countless monks, but it is not much worry.

Because he has successfully joined a mercenary team and is working together.

The mercenary team was formed on a temporary basis, and its members did not participate in the original pursuit of him.

As for Su Luoyan, she also successfully integrated into another mercenary team, which is also very safe.

"Have you heard that the lonely heart of wudaozong and Jiang Yi of luoshengzong have entered the dark forest. It seems that these two guys are in danger this time."

"What do you say, Gu Xin and Jiang Yi are coming. My God, it seems that the dark forest will be lively again."

"Yes, no matter how strong those two guys are, they will die in the face of the cruel man with lonely heart."

"Hey, that's not necessarily true. I heard that apart from Gu Xin and Jiang Yi, Duan Tianya of sanshengzong, Shen Feier of guyanmen, situ Hao of Taiyun hall and murongxiong of Shenfeng gate are all here. "

"Ah? They're here, too? It seems that the dark forest is really going to be lively. With so many talents gathered, it's a rare feast for years. "

"Haha, so many geniuses gather together, especially those who have a quarrel with sect geniuses. Surely they can't avoid friction and fighting."

"Once they fight, the situation will be chaotic. I'm afraid that the two ruthless men who killed yuanpingzhou and Xiaoran will take the opportunity to make a big move again."

"Wait and see. Wait and see."

In a dense forest, a dozen friars were walking aimlessly, talking and laughing.

However, they didn't find it. Among them, a monk who didn't speak suddenly appeared in his eyes after hearing this.

This person is Wang Fan!

Chapter 2546

"Both luoshengzong and wudaozong have genius to enter the dark forest. It seems that they should be operated on."

"But listen to these people's words, the lonely heart of wudaozong and Jiang Yi of luoshengzong seem to be strong. I'd better not touch them first."

Wang Fan murmured in his heart, and then joined the chatting group.

If you don't use the killing shotgun, Wang fan is not sure to kill the four strong men in holy land.

In the dark forest full of crisis, if he dares to use the killing shotgun, it is no different from seeking death.

Wang Fan and his party were hunting monsters while walking in the dense forest, but they did not encounter much danger.

As members of the mercenary team, they all know that it is not so easy for them to get rewards from wudaozong and luoshengzong.

In addition, every big gate has the talent to enter the dark forest, and the situation is a bit chaotic, so they don't plan to wade in the muddy water.

After all, people who can kill yuanpingzhou and Xiaoran, and even kill hundreds of monks in such a situation, are absolutely ruthless, and ordinary people can't be provoked.

In fact, not only they, but also many people don't have the intention to pursue Wang Fan. They just come here to watch the fun.

Of course, if they can find the trace of Wang Fan, they can secretly send the news to wudaozong and luoshengzong.

As long as they go after Wang Fan, that's OK. Although the rewards of wudaozong and luoshengzong are rich and attractive, they should also be enjoyed.

Wang Fan and his party constantly hunt and kill monsters and collect their materials. Soon, three days have passed.

These three days, they did not encounter much danger, as for the disciples of wudaozong and luoshengzong, they did not see any.

Although Wang Fan hate to leave the team to act alone, but in the end, he still did not do so.

In this mercenary team, he can also hide his identity with the help of the other party's cover. Once he leaves the team, he will not be far away from death, and it is estimated that he will soon be exposed.

On this day, Wang Fan and his party just finished collecting a monster material, and an explosive news came out again.

Jiang Yi of luoshengzong challenges Wang Fan.

Jiang Yi's challenge is on behalf of luoshengzong. He says frankly that as long as Wang Fan and Wang Fan dare to fight against each other and defeat each other head on, they will no longer pursue Xiao Ran's death.

Not long after Jiang Yi of luoshengzong challenged, the lonely heart of wudaozong also challenged.

He was also a challenge on behalf of wudaozong. He was also named. As long as Wang Fan and Wang Fan could defeat him, wudaozong would no longer pursue the killing of yuanpingzhou.

Obviously, they couldn't find Wang Fan for such a long time, even without any news. They couldn't sit still. They wanted to force Wang Fan to show up in this way.

After their challenge, they immediately caused a sensation in the dark forest, and countless monks ran towards the black abyss canyon.

Because the location of the challenge is in the black abyss canyon.

Even if everyone knows that even if Jiang Yi challenges, Wang Fan and Wang fan may not dare to go, but they still don't want to miss this feast.

After all, what if Wang Fan really went?

What's more, even if Wang Fan and Wang Fan don't go, it's estimated that there will be a lot of Tianjiao gathered there. At that time, even if they can look at those arrogant demeanor, it is enough.

"Gu Xin and Jiang Yi have challenged on behalf of Luosheng sect. Let's go and have a look. Don't miss the chance."

"I didn't expect this thing to get bigger and bigger. It would be interesting if those two guys really showed up and beat Gu Xin Jiang Yi."

"Hey, I don't think it's possible. Although the two guys are strong, they are not strong enough to defeat Gu Xin Jiang Yi. In particular, the lonely heart, even the five strong men in holy land, is not his opponent."
"

The members of the mercenary squadron talked one after another, and at the same time they rushed to the black abyss canyon.

Wang Fan mingled with them, and his eyes were full of brilliance.

He didn't expect that these two guys would challenge, but he didn't intend to accept the challenge.

Not to mention the two guys are very strong, he is not easy to deal with. Even if he can really deal with the two, it's brain damage to go out to fight.

After all, they are people with backgrounds. Behind them, there are many seven or eight strong men in holy land, but Wang Fan and Su Luoyan are only lonely.

What if they beat each other and the strong one of the other clan comes out?

What's more, now that the other side is in the light, he and Su Luoyan are in the dark, there is no need for them to accept this kind of challenge.

If he didn't want to kill some disciples of wudaozong and luoshengzong, if he didn't leave the dark forest alone, it would be too eye-catching. Now Wang Fan has already left here, and he won't stay any longer.

Five days later, Wang Fan and his party have come to the black abyss canyon. When they arrived at the black abyss gorge, thousands of people had gathered in the black abyss gorge, and there were still people coming in an endless stream.

The originally large black abyss Canyon, after accommodating thousands of people, has become a bit crowded.

This scene can be called a monk's feast. People who don't know what important activities are going on.

In the center in front of the black abyss Canyon, two tall battle platforms have been built.

Obviously, the platform has just been built, and it looks very new.

On the battlefield, there are already one person on each side.

Both of them are young people. One is white and elegant. He looks very handsome, but his eyes are slightly feminine.

The other one was wearing a blue shirt. Although he was ordinary in appearance, he was unnaturally despairing.

He is like a dust covered sword, as if at any time can come out of the sheath, issued a general shock.

They are Jiang Yi of Luosheng sect and the lonely heart of Wudao sect.

They stand on the platform, just like the sun hanging in the sky, bearing the attention of thousands of people.

"That's the lonely heart of wudaozong and Jiang Yi of luoshengzong. Wow, they are so handsome."

"These two people are amazing and gorgeous figures in our young generation, especially that lonely heart. I didn't expect to see a real person at last."

"God, I'm so excited. I just don't know if those two brave guys dare to show up."

Under the stage, countless monks were talking and screaming in a low voice, and their eyes were shining, as if they had seen an international superstar.

Wang Fan mingled in the crowd, listening to these people's comments, calm expression, Gu Bo not surprised.

He looked at the two men on the stage, especially Jiang Yi, and felt that he was a bit of a jerk.

But that lonely heart, but it gave him a strong sense of crisis, obviously, this person's strength is very strong, at least much stronger than Jiang Yi.

"Look over there, Duan Tianya of sanshengzong, situ Hao of Taiyun hall, Murong Xiong of Shenfeng gate, and that, she, he is Shen Fei Er of Guyan gate."

"Shen fei'er, she is so beautiful. If I can get such a beautiful fairy, even death is worth it."

"Shut up quickly. If you want to die, don't pull on Laozi."

There was another cry of surprise. Wang Fan followed everyone's line of sight and immediately saw five young men and women.

These five people, three men and two women, except that the two women stand together, the rest are standing in one place.

Obviously, their relationship with each other is not so harmonious.

But what makes Wang Fan a little strange is why the other woman was not able to tell her identity.

Chapter 2547

"Brother Ji, who is the woman standing with Shen fei'er? Why didn't you hear someone talking about her?"

Wang fan saw that no one was talking about the woman, so he immediately couldn't help asking.

Now, although he has no contact with these talents, it's no harm to know more about them.

Ji Pei can't help shaking his head when he hears Wang Fan's question. "I don't know who she is, but since she can stand with Shen fei'er, she is probably not a simple person."

Wang Fan did not continue to ask, but with his eyes swept to the friars here.

In such a place, he did not dare to scan with his mental strength. If he was found, he would be trapped.

Others may have some small conflicts here, but he and Su Luoyan can't. Once they get noticed, they'll probably be close to revealing their identity.

Just as Wang Fan's eyes were scanning these monks, he suddenly noticed that an obscure spiritual force was sweeping over.

Feeling this spiritual power, Wang Fan's heart was immediately shocked!

Holy Land eight strong, this is absolutely Holy Land eight strong!

At this moment, Wang Fan almost wanted to turn around and run away. Fortunately, he still had reason, so he had to bear it.

As if he didn't feel the mental power, he still looked at the crowd as if nothing had happened, but he was in a cold sweat.

Fortunately, the mental power only stayed on him for three seconds, even if it had been removed, which made him feel relieved.

He turned to one side of Ji Pei and others, found that Ji Pei and others face normal, did not feel just that obscure mental power.

Not long after that mental power was removed, Jiang Yi on one of the battlefields suddenly said, "everyone be quiet."

See his hands empty pressure, instant, the scene that noisy voice then small down.

Jiang Yi saw that the voice of the crowd was low, and then he said again, "I think that now the two Tianjiao who killed me have come here?"

"I know you must be hiding in the crowd, and you must be able to hear me at this moment."

"I solemnly promise you that as long as you stand up to our challenge and you kill Xiaoran and Yuanpingzhou, it will be over. We will never pursue any further investigation."

"Of course, you can not stand up to the challenge, but if you do that, we will pursue you to the end."

"Although Luoshengzong and Wudaozong are not big sects, they still have some energy in the intermediate level."

"I believe that in the face of our two major doors, even if you can escape for a while, you can never escape for a lifetime."

"Come out and accept the challenge. Now there are so many monks here. Are you really willing to be a turtle with a shrunken head?"

At the end of the day, Jiang Yi's tone was humiliating. He was using this method to force Wang Fan and Wang Fan to come out.

At this moment, the scene completely quiet down, everyone looked at the crowd around, seems to be looking for, in the end who is killing Xiao ran and Yuanping state people.

At the same time, they are also looking forward to the appearance of the other side and the battle between the other side and Jiang Yi's lonely heart.

Wang Fan's eyes also scanned the friars around him, with a look of indifference.

He can challenge these two people, but it is definitely not in this situation.

He has no background, no strength, in this case to challenge, that is to seek death.

Wang Fan would like to remind Su Luoyan that she should not be out of control or challenged, but he does not dare to send a message at all.

At this time, the mental power just now swept over again, and it was obvious that it was looking for someone who was abnormal.

Wang Fan sneered in his heart, but on the surface he didn't make a sound at all.

He's just praying that there won't be any problems.

One minute ·

two minutes ·

ten minutes ·

there was no response and no one came forward.

Jiang Yi's face became ugly and more gloomy.

"You two, at least you are also the strong ones who can kill the three layers of holy land. Are you really willing to be a turtle?"

"Are you really cowards who dare not stand up like this?"

"As a monk, you don't even have the courage to face challenges. How can you be qualified to be a monk?"

"Are you able to kill Xiao ran and Yuanping by means of despicable means?"

Jiang Yi's voice became more and more ugly, and even began to attack.

Wang fan is still unmoved. He looks at Xiaoran on the stage just like a clown.

He swore in his heart that after today, once he had a chance, he would definitely kill this guy without hesitation.

Jiang Yi saw that no one stood up and began to encourage the monks at the scene "People say that this kind of guy who doesn't dare to stand up is worthy of becoming a monk?"

"People say, are they cowards, are they rubbish, are they rubbish?"

Accompanied by Jiang Yi's voice, the monks immediately roared at the scene:

"yes, they are cowards, rubbish, rubbish!"

"Bah, it's just rubbish. Don't let me see it, or I will be the first to chop him."

"This kind of rubbish can even become a monk in holy land. It's so blind."

The sound of abuse is like a wave, rolling in the whole area.

Wang Fan's eyes swept away, and immediately saw that the monks who insulted the most were all the people of luoshengzong and wudaozong.

He could not help but clench his fist, and then he could not help loosening it.

No matter how good his mood is, it is difficult for him to keep calm in this situation.

After all, this is humiliating him in front of tens of thousands of monks. How can we endure this humiliation?

"Ha ha." Just when Wang Fanqiang was holding back his anger, suddenly, a laugh came out.

Wang Fan looked for the sound and found that it was Duan Tianya of sanshengzong who was laughing.

Duan Tianya looked at Jiang Yi on the stage and said sarcastically, "Jiang Yi, don't waste your efforts there. Maybe people are not here, or they are looking at you like clowns."

"Duan Tianya, what do you mean? Are you related to those two guys? Maybe you're one of them? "

Jiang Yi's face was livid, and he immediately looked at Duan Tianya, with anger in his eyes.

Duan Tianya disdained to smile, "Yo, how, are you going to start biting people? My Duan Tianya is related to them. It's one of them. What can you do? "

Duan Tianya said, his right foot suddenly touched the ground, and with a bang, the whole person had jumped up and immediately landed on the opposite side of Jiang Yi.

He added, "other people are afraid of you, Jiang Yi. I'm not afraid of Duan Tianya. Why don't we fight first?"

Jiang Yi clenched his fist, but he held back the attack.

It is not that he is afraid of Duan Tianya, but that he is not willing to fight Duan Tianya because it is meaningless.

When Duan Tianya jumps on the platform, Shen linger of guyanmen suddenly giggles and says, "Jiang Yi, your challenge is meaningless."

"If you dare to speak on behalf of luoshengzong, why don't you, the predecessors of luoshengzong, come forward and make such a statement?"

"It's not that I don't speak for you. It's really that you don't have sincerity. If you turn around and someone else comes forward, isn't that death? "

"Let alone them, I would not stand up to the challenge even if it was me."

Pop!

Shen ling'er's voice, also equivalent to a slap, lashed Jiang Yi's face.

Chapter 2548

Jiang Yi's face is even more ugly. He didn't expect that Duan Tianya would come out and tear down his platform under such circumstances. Even Shen Feier would come out and tear down his platform.

Although Shen fei'er is just a woman, in fact, Jiang Yi is more afraid of her than Duan Tianya.

Because Shen fei'er's strength, even compared with Gu Xin, is not weak at all. He is much stronger than Jiang Yi.

"Why, if you were, I was the woman who killed the genius of luoshengzong?" Seeing Jiang Yi's ugly face, Shen fei'er can't help but mend it.

Yuanpingzhou and Xiaoran were killed by a man and a woman. It's no secret that Shen fei'er has already known.

Jiang Yi didn't say anything, but glanced at Gu Xin on another stage, as if expecting Gu Xin to stand up and help him say a few words.

After all, in a sense, he and Gu Xinsuan are on the same front.

Moreover, both wudaozong and Guxin are stronger than luoshengzong and Jiang Yi. If Guxin comes out to speak, he will have more weight.

Just very soon, Jiang Yi was disappointed. It seemed that he didn't hear their voices. Let alone stand up and help him speak, even if he didn't open his eyes.

Jiang Yi is angry, but it's hard to ride a tiger.

Just when Jiang Yi was riding a tiger, suddenly, a figure fell on the platform, which was the Gongsun Dao of luoshengzong.

When they saw Gongsun Dao on the platform, they were shocked.

Although they all know that Gongsun Dao and moqian mountain are in the dark forest, they did not expect that Gongsun Dao would appear here.

You know, this is a challenge initiated by Jiang Yi and Gu Xin. It seems that it's not appropriate for such old strong men as Gongsun Dao to appear here?

Does it come true? As Shen fei'er said, even if Wang Fan and Jiang Yi come out to beat Gu Xin, the two big men will not give up?

Everyone thought so, and began to scan around, as if to see if Mo Qianshan of wudaozong was here.

Fortunately, they did not see moqianshan.

Gongsun Dao coldly glanced at Duan Tianya and Shen Feier, and then said,

"my Gongsun Dao is willing to issue a statement on behalf of luoshengzong. As long as those two people accept the challenge, regardless of success or failure, luoshengzong will no longer pursue Xiao Ran's murder."

Gongsun Dao finished, and coldly swept the horizon, then directly disappeared.

Duan Tianya saw that Gongsun Dao had disappeared, so he didn't stay on the platform. Instead, he flew off the platform.

At this moment, the scene was noisy again.

No one thought that Gongsun Dao actually made such a statement on behalf of luoshengzong.

You know, Gongsun Dao is one of the top ten elders of Luosheng sect. Even if he is just at the bottom of the list, he is also one of the top ten elders.

In addition, he is Xiao Ran's master, so his statement is very convincing.

If luoshengzong dares to rebel, his reputation will be ruined and his dignity will be greatly reduced.

Not long after Gongsun Dao made his name, Mo Qianshan also appeared here and made the same statement.

But Mo Qianshan's heart is very angry, because it is too humiliating.

At the same time, he also hated Duan Tianya of sanshengzong and Shen Feier of guyanmen. If these two guys didn't come out to stir up the trouble, how could such a change have happened?

However, no matter how angry he was, he didn't dare to vent his anger on Duan Tianya and Shen Feier.

No matter Duan Tianya or Shen Feier, they are all proud people of their own clan.

Once he dares to deal with them, sanshengzong and guyanmen will never give up.

The most important thing is that Mo Qianshan also knows that the old people here are not only him and Gongsun Dao, but also the elders of the other big sect. At least the elders of sanshengzong and Guyan sect are here.

Among the crowd, Wang Fan also looked at the scene, but still did not want to go out to accept the challenge.

Even if the two old men made a promise, he was not willing to appear to accept the challenge.

After all, if the other party really shameless to shoot him to death, then he can really white death.

"Cluck, little guy, what are you hesitating about? Why don't you stand up for the challenge? You can rest assured that since the two old guys have made a promise, they will not touch you. "

"In their hearts, the face of the two big doors is much more precious than your life."

Just when Wang Fan looked on coldly, suddenly, a crisp giggle came into Wang Fan's ears.

Wang Fan listens to this voice, the facial expression is immediately can't help a change, is simply startled out of a cold sweat.

Who is this man? How can he be suddenly voiced?

And how did he expose himself?

Wang Fan subconsciously turned around and looked around, only to see a position not far away, a gorgeous middle-aged woman is smiling at him. This beautiful middle-aged woman is graceful, enchanting and moving, but it just gives people a sense of inviolability, which is very contradictory.

She looked at Wang Fan and her red lips moved gently. In a flash, her soft voice came into Wang Fan's earlobe again.

"Giggle, don't look around any more. Go up and kill the guy named Jiang Yi first."

"Don't worry, if the people of wudaozong and luoshengzong dare to deal with you shamelessly, we will take it for you."

"Just now that Jiang Yi said so many ugly words, even our palace can't stand it. As a man, can you stand it?"

"Little guy, do it. You are covered by the palace."

Wang Fan listen to this, can't help but some speechless at the same time, the back is also some cold.

What he is thinking about now is not whether to accept the challenge, but what should he do after accepting the challenge, in case the powerful of wudaozong luoshengzong attacks him?

This middle-aged woman can see through his identity, obviously other people can also see through.

In this case, if he accepts the challenge, he may have a chance of survival, but if he chooses to escape, he will be dead.

After all, to accept the challenge, wudaozong and luoshengzong may not send the strong to fight because of their face. At least they will not send the strong to fight in full view of the public.

But if he chooses to escape, the other side has a real reason to do it, and it's still a fair reason.

As for this middle-aged beautiful woman will come forward to save him, Wang Fan would not believe it.

He doesn't know this woman at all. Why should people help him?

Wang Fan thought of this and immediately grabbed the communication bead to send a message to Su Luoyan, telling her not to move rashly. He grabbed a black towel to cover his face and left the mercenary team quietly.

He doesn't want to involve these people.

"Why, the elders of luoshengzong have made a promise. Are you still not willing to come out to accept the challenge? I'll wait another hour. If you don't dare to stand up after an hour, the challenge this time . . ."

Jiang Yi is not as energetic as before and becomes impatient. He doesn't want to be surrounded by people like a clown.

However, before his words were finished, he was suddenly interrupted by a voice, "don't wait for an hour, I'm here."

With the sound, a monk with a black scarf and a mask walked out of the crowd and slowly stepped into the platform.

At this moment, the whole audience is dead!

Chapter 2549

Everyone's eyes looked at the masked monk who appeared on the platform.

Is this the man who killed yuanpingzhou of wudaozong and Xiaoran of luoshengzong?

There is a doubt in everyone's heart.

Duan Tianya, Shen Feier and others can't help but frown.

How do they think that Wang fan is just a monk in the holy land, but just a monk in the holy land, he can kill yuanpingzhou and Xiaoran. How is that possible?

Jiang Yi also looks up at Wang Fan, but what he focuses on is not Wang Fan's accomplishments, but another thing.

At the same time, he asked in a ferocious voice, "there's another one. Why didn't it come out?"

Wang fan light smile, "she has left the dark forest, so your challenge, I next."

"Good, good. In that case, you'll die." Jiang Yi gave a grim smile. He didn't want to talk nonsense any more. He jumped up in an instant and hit Wang Fan with one punch.

He could feel that Wang Fan's cultivation had only one level of holy land, just one level of holy land. He didn't pay attention to it at all.

Even if he suspected that Wang Fan was not the murderer who killed yuanpingzhou and Xiaoran, but at this time, where could he take care of so much?

He needs to vent his anger.

The four layers of breath of Jiang Yi's holy land spread wildly, just like a bomb, sweeping the whole battlefield in an instant.

His fist, as if it could destroy the sky and the earth, rolled up the storm that tore everything and attacked Wang Fan fiercely.

Just a punch, rolled up such a terrible power, the countless friars under the stage could not help but gasped.

This blow is really terrible. Let alone the friars of the first level in holy land, even the ordinary friars of the fourth level in holy land may not be able to take it.

Wang Fan felt the power of Jiang Yi's fist, and was also shocked.

It's really worthy of being a strong man in the fourth floor of the holy land. Compared with yuanpingzhou and Xiaoran, Jiang Yi is not the same level.

He didn't fight Jiang Yi's fist foolishly. Instead, he stirred up momentum to resist Jiang Yi's power. At the same time, he flashed out and dodged directly from the side.

Bang!

Due to Wang Fan's evasion, Jiang Yi's fists pounded on the platform, and the whole platform trembled

violently.

Cracks spread out from the platform. If the whole platform had not been blessed with array, it would have been blown to pieces.

Jiang Yi was slightly stunned, obviously did not expect that Wang Fan could avoid his fist.

This makes his face extremely ugly, it is blue and red alternating.

As one of the four strong men in holy land, he failed to beat Wang Fan with absolute crushing attitude. This is a shame.

Jiang Yicai just thought of here -

whoosh!

A knife awn just like a lightning across the sky, directly to his head.

The fierce killing power swept the whole platform, which surprised the monks. Meanwhile, their eyes lit up.

Even Duan Tianya and Shen fei'er and others can't help but show their brilliance in their eyes.

Wang Fan's reaction was faster than they expected.

"You must die, rat." Jiang Yi is not moved at all in the face of the spreading sword killing power.

His right fist gathered all his strength, and he burst out with one blow, click, click. In an instant, the sword and awn killing force all over the sky broke like broken wood and paper.

At this scene, the audience was even more shocked.

Jiang Yi really deserves to be a monk on the fourth floor of the holy land. His strength is really terrible.

With one punch, he smashed such a terrible sword.

You know, Wang Fan's previously rolled up sword is not easy to break, even if it is the three-tier strongmen in holy land.

Wang Fan sighed in his heart. He didn't expect that Jiang Yi would be so powerful. He broke his sword power with one punch.

However, he was not disappointed. He didn't intend to hurt Jiang Yi with this attack, but he still had a back hand.

Almost at the moment when Jiang Yi smashed his sword, a red axe appeared in his left hand. When the axe fell in the air, it was a killing axe.

"Death A low drink, red axe mixed in the sky axe awn, toward Jiang Yi hard fall.

At this moment, Jiang Yi, who has just gathered all his strength to smash Wang Fan's sword, has no spare force to continue to resist. He can only retreat.

However, even if he retreated faster, it was still a little late.

With a sneer, the red axe slashed Jiang Yi's left rib, even though it rolled up a piece of blood fog.

However, Jiang Yi, as a four-tier strong man in holy land, is far from that simple.

Even if he was injured by Wang Fan's red axe, he still gathered a little strength that he had just recovered and gave a hard blow. Wang Fan looks at this scene, his pupils suddenly shrink, and he tries to move his body to avoid. However, Jiang Yi's fist is still firmly on his right chest.

Bang!

A low voice, Wang Fan only feel a strong hit, was bombarded can't help but pedal back, mouth is a mouthful of blood mist.

He quickly grabbed out a few pills and swallowed them. He began to gasp and recover violently.

Jiang Yi is indeed a strong man in the four levels of holy land.

He did not expect that Jiang Yi could even blow such a terrible blow under the previous circumstances.

Jiang Yi also stepped back a few steps to stabilize himself.

On his left rib, there was an axe mouth with deep visible bone, and the red blood flowed along the wound, which looked so dazzling.

"Jiang Yi was injured. This guy is a terrible fighter!"

"His accomplishments are only one level of the holy land, and his combat effectiveness is so terrible. If his accomplishments are similar to Jiang Yi's, doesn't it mean that Jiang Yi is not an opponent at all?"

"It's terrible. Before, I doubted whether he killed yuanpingzhou and Xiaoran. Now I have no doubt. I really don't know where this abnormal monk came from."

Looking at this scene, all the friars could not help talking about it. They were all shocked.

Even the friars on the first floor of the holy land could seriously injure Jiang Yi on the fourth floor of the holy land. If they had not seen this with their own eyes, no one would have believed it.

After all, the span of cultivation is too large.

Duan Tianya, Shen Feier and others are also shocked. Wang Fan's fighting power also makes them feel shocked.

You know, they are all geniuses, they are all arrogant, but when they are in the holy land, they are not so terrible as Wang Fan.

On another stage, the lonely heart could not help but open his eyes and looked at Wang Fan with great interest.

Just now Wang Fan appeared, he didn't care at all, and he didn't compete with Jiang Yi to fight Wang Fan.

It's just a layer of holy land. I'm not qualified to let him do it.

But now, he found himself wrong.

With Wang Fangang's performance, he has the strength to fight against the holy land. At least, whether Jiang Yi can defeat Wang fan is two questions.

Jiang Yi was even more ashamed and indignant when he listened to the comments of the monks.

Jiang Yi, a monk on the fourth floor of the holy land, was injured by the first floor of the Holy Land in full view of the public.

It's a shame, it's a shame!

If he can't kill Wang Fan with a strong posture, Jiang Yi will become a joke in the future!

"Mole ants on the first floor of the holy land, go to hell, it's all over!" Jiang Yi roars. He doesn't dare to have the slightest carelessness and reservation any more. He kills Wang Fan crazily!

Chapter 2550

Wang Fan didn't dare to be careless when he saw Jiang Yi killing him. As soon as his figure flashed, he had already soared into the air.

At the moment when he soared, the lightning flash had been used again and dodged to the side.

In this state, he is not Jiang Yi's opponent. If he confronts hard, he will die!

It's a pity that Rao Shi and Wang Fan's reaction is extremely fast, but they are still slow.

Jiang Yi's style of boxing is still close to his shoulder, just like a knife, leaving a blood mist on Wang Fan's shoulder.

Wang Fan felt the burning pain on his shoulder, and his face was more dignified.

Jiang Yi is really terrible. Does he have to use a killing shotgun?

But now, he doesn't want to use the killing short gun. His killing short gun should be kept to deal with Gu Xin.

Jiang Yi didn't expect that Wang Fan had escaped his attack again, and he was even more angry.

The four levels of Holy Land and the one level of holy land were unable to solve the battle for such a long time, which made him lose face at all.

"It's over!" He was even more angry, desperate to kill Wang Fan again.

Wang fan is also not careless, once again crazy flash to avoid.

At the beginning, he dodged a little slower. Every time he was cut by the style of boxing, a bloodstain would appear. But at the back, Jiang Yi's fist would never hurt him again.

When Wang Fan realized this scene, he was even more delighted.

He clearly felt that in this kind of war on the edge of life and death, his flash body method had a qualitative breakthrough again.

If he hones for a period of time, I'm afraid he will be able to rely on the lightning to calmly start to fight back.

Sure enough, only on the edge of life and death can we train people the most.

Wang Fan thought that his lightning had realized perfection, but now he knows that he is far from perfection.

He is no longer in a hurry to fight Jiang Yi with his cards. He will continue to hone his flash body.

Jiang Yijiu's unbeaten battle with Wang fan made him impatient.

Especially feel Wang fan that more and more exquisite flash body method, his face is more fiery tingling.

Wang fan is such a jerk that he even treats Jiang Yi as a trainee. It's just unbearable.

His attack became more and more violent and intensive, but Wang Fan's lightning method became faster and faster and more unpredictable.

On several occasions, his attacks fell on Wang Fan's shadow and did not pose any threat to Wang Fan.

"Beast, can you only hide? Do you have the ability to fight me head on Unable to attack Wang Fan for a long time, Jiang Yi is so angry that he even has a toothache.

He just felt a fire in his chest, burning wildly, boiling wildly.

Wang Fan didn't care about Jiang Yi's generals at all, but sneered, "hide? Is there any rule that you can't evade in a challenge? If you're really capable, you're here to beat me? "

"By the way, didn't you just say that I was a mole ant in the holy land? Now you're a great master of the fourth floor of the holy land. You can't even touch me. What are you

Pop!

Wang Fan's voice, just like a loud slap, fell on Jiang Yi's face, making him feel the pain.

After Wang Fan's voice fell, the sound of slapping two times followed, and then Duan Tianya's joking voice came out, "ha ha, that's right, that's right."

"Some people can't even touch the corners of others' clothes. They even have the face to scold others for ants. If I were you, I would have been ashamed to find a place to drill down."

Shen fei'er couldn't help giggling. "Jiang Yi, there's a little water on the fourth floor of the holy land, isn't it all piled up with pills? Oh, what a disappointment. "

The two Tianjiao stand up again and beat Jiang Yi's face.

When Wang Fan heard that they were tearing down the platform, he could not help but scold the two men and women.

When he didn't show up before, the couple stood up to help him, and he was grateful. But now, he was not grateful at all.

He can offend Jiang Yi, and abuse Jiang Yi wantonly. After all, things have evolved to the present situation, and they have never died.

But this pair of dog men and women stand up so ridicule, it is equivalent to pulling out the face of Shengzong.

At that time, if he should defeat or kill Jiang Yi, Luoshengzong would be more angry. At that time, it was Wang Fan who was unlucky.

"Mole ant, you forced me. It's all over. Go to hell!" Jiang Yi's hair stood up, and he was crazy to the extreme.

With a roar, he had a halberd painted by Fang Tian in his hand. When the halberd was waved, he stirred up the boundless and terrible killing power and blew directly at Wang Fan.

Jiang Yi didn't intend to use weapons originally, because it would be a joke if weapons were needed to deal with just one level of holy land. But now, he can't do without weapons.

Without using weapons, he can't even touch Wang Fan's clothes. How can he fight?

When Wang Fan sees Jiang Yi grabbing Fang Tian's halberd, his pupils suddenly shrink and flash again.

Unfortunately, he was one step slower.

Whoa!

That halberd awn tore his left waist in an instant, rolled up a blood fog.

Almost, he was about to be cut off.

The situation on the battlefield suddenly reversed, and everyone was shocked, and then began to shake their heads secretly.

Even if Wang Fan goes against heaven again, he is only in the holy land after all. With his accomplishments there, he is doomed not to fight with Jiang Yi, let alone the lonely heart on the other side.

However, they clearly know that Jiang Yi, who has the halberd painted by Fang Tian, is far behind Jiang Yi, who has no halberd painted by Fang Tian.

"Is that all you have? Originally, I thought you could take out your weapon and kill me at once, but now it seems that I still think highly of you. "

"It's such a small cut. It's far from killing me."

But to everyone's surprise, after being hurt, Wang fan not only did not fear, but also ridiculed again.

His words, like a slap in the face, hit Jiang Yi again.

Because Jiang Yi said, it's all over. He wants Wang Fan to die.

Jiang Yi is looking at Wang Fan with a surprised face, obviously did not expect that his halberd was hidden by Wang Fan.

Even if he killed Wang Fan today, it would be hard for him to wash away his shame.

Whoosh!

Just as his face turned green and red, and his anger grew stronger and stronger, suddenly, Wang Fan disappeared.

Jiang Yi subconsciously began to retreat, and grasped Fang Tian's painting halberd, and his mental power spread out madly, locking the whole body's space.

A shadow appeared from his left side. He didn't hesitate. Fang Tianhua's Halberd rolled up and killed violently and went away.

Wang Fan, who flashed out of the sky, was immediately completely shrouded in his killing power.

However, Wang Fan's face did not change at all. His figure flashed again. He raised his shadow knife to resist Fang Tianhua's halberd.

At the same time, his left hand has become a fist, directly breaking the air, hard hit Jiang Yi's Dantian.

Jiang Yi sneers. Wang fan is dreaming to resist his halberd.

He has absolute assurance, before Wang Fan's fist hits him, kill Wang Fan first!
