

Mighty Sk 2551

Chapter 2551

When people saw this scene, they were all stunned.

No one thought that Wang Fan didn't use the flash to avoid Jiang Yi's halberd. Instead, he chose to carry it hard and fight back.

Even Duan Tianya, Shen Feier and other Tianjiao can't help looking at Wang Fan in surprise.

They don't think that Wang fan can resist Jiang Yi's halberd.

Once Wang fan can't hold the halberd and is killed directly, even if Wang Fan's style is sharp, it's meaningless.

When!

Bang!

Two sounds, Jiang Yi's painting halberd of Fang Tian fiercely blows on Wang Fan's shadow knife. Under the huge strength, the shadow knife is directly hit on Wang Fan's chest, and makes a dull sound.

Wang Fan's blood gushed out from his mouth, and his bones were cracked. In an instant, he was seriously injured.

However, his eyes are extremely calm. Even if he is so seriously injured, he still bites his teeth and smashes his fist at Jiang Yi's Dantian.

At this moment, not only Jiang Yi was stunned, but also all the monks at the scene were stunned.

First, they didn't expect that Wang Fan was not killed directly.

The second is that they did not expect that Wang Fan could withstand the severe pain and the impact of the violent force under such a heavy injury, and still blew out the punch.

"No, no!" Jiang Yi's face soon became ugly, and there was some fear in his heart.

Especially looking at Wang Fan's calm eyes, he felt cold for no reason.

Madman, this man is a madman!

It's a pity that Wang Fan's fist is really too fast. In addition, he is fighting back to death. He is so close that he can't escape, let alone fight back.

Bang!

There was another loud noise, and Wang Fan's fist fell on Jiang Yi's Dantian.

The violent power surges out like a roaring beast, which also contains endless lightning.

This is the law of thunder and lightning that Wang Fan understood, and he condensed it into this fist.

Hiss!

Crackle!

With the sound of blasting, a bright blood mist erupted from Jiang Yi's Dantian. Then, in a crackling sound like thunder, the whole person was blasted out.

Wang Fan couldn't help but spurt out a mouthful of blood and flew out with it.

Because this scene happened so fast that it was almost finished between the lightning and flint. So sun Dao, the eldest husband of the seventh floor of luoshengzong's holy land, didn't react until they flew upside down.

"How dare you? Stop it

When his angry voice came out, the whole person rushed to the battlefield crazily, but it was too late.

Jiang Yi has fallen down on the platform with blood in his mouth. Although he is not dead, he has completely become a waste.

Looking at this scene, Gongsun Dao felt his head thumping, completely blank.

Jiang Yi was abandoned. This is something he never thought about.

If he had known it would be like this, he would never have let Jiang Yi do it.

Now, when his disciple Xiao ran was killed, Luo Shengzong had already lost a genius, but now he caught up with Jiang Yi.

Most importantly, he also made a guarantee on behalf of luoshengzong that Wang Fan would not be investigated.

Hold back!

Anger!

Gongsun Dao looked at Wang Fan, who was also injured in Chi Chi. His eyes were full of fire. He wanted to go up and kill him immediately.

However, reason still forced him to endure.

He is still shameful, and so is luoshengzong!

Wang Fan also looked at Gongsun Dao with a dignified face and swallowed a drop of vital pulp and several pills without hesitation.

He was afraid that the old man would be shameless and immediately rushed up to kill him. At that time, even if he died, he would die in vain.

Whoosh!

Almost Wang Fan just thought of here, a beautiful shadow will be crazy on the platform, came to Wang Fan side.

Her hands have more than a purple sword, tears in her eyes, but it is very cold swept to Gongsun Dao.

Obviously, as long as Gongsun Dao does it, she will do it without hesitation.

This person is no one else. It's su Luoyan.

Even if Wang Fan had told her not to come out, let alone expose the purple sword.

But Wang Fan has been so seriously injured, and even life-threatening, how can she continue to see?

Even if she died, she would die with Wang Fan!

Su Luoyan looks at Wang Fan's body full of blood, only feeling that his heart is dripping blood.

She would rather bear the pain herself instead of Wang Fan.

In fact, she had long wanted to help Wang Fan on the battlefield, but because she was afraid that her appearance would lead to the master of luoshengzong, and she knew that Wang Fan had not played his cards, she could not help it. But she did not expect that, until the end of the battle, Wang Fan did not use the bottom card killing shotgun.

If I had known that, she would have come up just now. She would not have waited until now.

"Beast, how can you abolish elder martial brother Jiang Yi?"

"Those who dare to abolish my luoshengzong are really brave. I will kill you!"

"Damn, you're really a vicious means. It's only enough to kill me, Xiao ran, and even kill elder martial brother Jiang. If you don't get rid of such a fierce and evil person, it will be a disaster!"

In the short silence, the monks of luoshengzong could not help roaring angrily.

They are really angry. If Gongsun Dao had not been on the battlefield, they would have rushed up to kill Wang Fan.

Xiao ran and Jiang Yi, the two great geniuses of luoshengzong, were killed and abolished one after another. To him, this is a shame!

Wang Fan didn't pay any attention to the disciples of luoshengzong and stood up.

He looked at Su Luoyan with some blame and said, "didn't he tell you not to come out? What did you come out to do?"

After that, he said to Gongsun, "why, are you going to deal with me?"

"I remember you promised just now that as long as I accept Jiang Yi's challenge, my gratitude and resentment will be wiped out. Are you going to turn back?"

When Wang Fan was talking, his mental strength had already communicated with him. As long as the old man dared to fight, he would give the old man a shot even if he was fighting to death.

Gongsun Dao listened to Wang Fan's words, with an old face. His fists were loose and tight, tight and loose, but he didn't do it in the end.

He gazed at Wang Fan coldly for a long time, and then looked at the lonely heart on another stage. Then he snorted coldly and left directly.

After Gongsun Dao left, Wang Fan was greatly relieved.

He knew what Gongsun Dao meant when he looked at Guxin. Obviously, he expected Guxin to kill Wang Fan.

After Gongsun Dao left, Wang Fan looked coldly at the disciples of luoshengzong, "you don't need to talk about it below. If you don't agree with me, if you don't like it, if you want to kill me, just fight on the stage."

As soon as Wang Fan said this, the disciples of luoshengzong were dumbfounded.

Even Jiang Yi has been abolished. How can they be Wang Fan's opponents?

Even if Wang Fan looks seriously injured now, who knows if Wang Fan has the power to fight back? What's more, Wang Fan has a plain wild goose beside him.

Wang fan saw that the disciples of luoshengzong didn't dare to talk nonsense. He said sarcastically, "since you don't have the courage to fight on stage, don't talk nonsense there, otherwise people will look down on you."

Having said that, he did not continue to pay attention to those people, but flashed to the battlefield where the lonely heart was.

"I, Wang Fan, accept your challenge!"

He, even after abandoning Jiang Yi, hardly had a rest. With his seriously injured body, he once again issued a declaration to accept the challenge of lonely heart.

At this moment, the whole audience was in an uproar again, and soon it was dead!

Chapter 2552

"You are too injured to fight now. I'll take his challenge." The vegetable falls wild goose to return to a God after immediately greatly surprised, quickly follow a step to step on the battle platform, urgently say.

Wang fan is now so seriously injured, even if it is to use the bottom card to kill the short gun, it may not be able to help the lonely heart, she does not want Wang Fan to risk.

Su Luoyan has been in the dark forest for such a long time. Naturally, she has heard of Gu Xin's powerful power.

It's the fourth floor of the holy land. Compared with Jiang Yi, Gu Xin has no idea how strong he is. It's even said that Gu Xin can cross the level and kill the fifth floor of the holy land.

How can Wang Fan be willing to fight a guy who can kill the fifth floor of the holy land?

On the platform, lonely heart also slowly stood up, he calmly looked at Wang Fan, "are you sure you want to accept my challenge now?"

He did not pay attention to the side of the wild goose, but staring at Wang Fan.

When talking, his body is the emergence of a huge war.

That sense of war, like a sword, stabs the sky!

"That's right." Wang Fan nodded, right hand a move, shadow knife already appeared in the hand.

Immediately, he said to Su Luoyan, "you go down first, don't worry, I won't have anything."

"No way!" Su Luoyan shook his head firmly, "you have fought Jiang Yi just now, so this battle should be handed over to me!"

Although Su Luoyan is gentle and quiet on weekdays, he seems to have no temper, but once he is stubborn, he is also stubborn.

Wang fan can't help but have a headache.

At this time, lonely heart is open, "you don't have to continue to refuse, you can go together. As long as you can join hands to block my ten moves, I will be defeated in this battle. "

He stands aloof with a strong self-confidence in his voice.

With ten moves, he is sure to defeat Su Luoyan and Wang Fan. What kind of spirit is this?

You know, everyone can see Su Luoyan's cultivation clearly, and he is a real top four in holy land. Wang Fan, though seriously injured, is also a tough man to kill Jiang Yi.

In the face of such powerful two people, Gu Xin even dare to say such words, which shows his confidence in his own strength.

"In that case, let's start." Wang Fan no longer talks nonsense, but at the same time of speaking, his figure has already flashed and killed him towards his lonely heart.

Since fighting is inevitable, it's better to fight early.

Gu Xin is different from Jiang Yi. In the face of such a sharp opponent, he must not be allowed to take the lead.

The bright sword waves, just like blazing lightning, surged towards the lonely heart. The fierce killing power diffused at this moment, as if to tear the whole world.

Seeing Wang Fan's hand, Su Luoyan didn't keep silent. Her purple sword came out of its sheath and crossed a bright arc in the air. She killed Gu Xin as well.

She didn't feel ashamed to join hands with Wang Fan to deal with Gu Xin. After all, it was a matter of life for her and Wang Fan, and Gu Xin said it by herself.

In this case, if she doesn't do it again because of her face, it's her pedantry.

"Well done." Lonely heart saw Wang Fan two people killed, not only did not fear, but also emerged in the eyes of a hot.

His body flash, the whole person instantly vacated, fearless to kill Wang Fan two people.

He did not use any weapons, just hands, toward the two issued a continuous attack.

All over the sky, the handprints spread, and there was a roar in the air. Every handprint seemed to be mixed with the potential of destroying the mountains. It was terrible and frightening.

Boom boom!

All over the sky, the palmprint surged out. First, it bombarded Wang Fan's blade awn. The blade awn was torn inch by inch and disappeared in the air as a light spot.

However, when Wang Fan's sword was defeated by his hand print all over the sky and bombarded on the plain wild goose's sword, he was greatly hindered.

Su Luoyan was originally a strong man at the top of the four levels of the holy land. His cultivation was no weaker than that of lonely heart, even stronger. And her combat effectiveness, perhaps not as good as lonely heart, but also absolutely can not be underestimated.

Swords and swords hit each other in the air, and at the same time, there was a loud sound of jingle, and the fire was splashing on the platform.

At this moment, the faces of all the friars under the stage changed, and they all looked at the beautiful shadow on the platform with shocked faces.

Even Duan Tianya, Shen Feier and other Tianjiao are no exception.

They didn't expect that Wang Fan was so evil and abnormal, even plain wild geese were so rebellious.

Naturally, they could see that Su Luoyan's accomplishments and combat effectiveness were no weaker than those of Gu Xin, but her combat experience was a little lacking.

The beautiful woman with Shen fei'er looks up at the wild goose, and doubts emerge in her eyes.

She even felt a touch of familiarity from the smell of plain wild goose, as if they were from the same vein. Su Luoyan doesn't have time to pay attention to those people's expressions. At this time, she is engrossed in meeting the lonely heart, and doesn't dare to be distracted at all.

Wang Fan on the other side seems to have become an assistant.

He is just like the third arm of Su Luoyan. As long as Su Luoyan shows his flaws, he will immediately make up for them.

Lonely heart is also shocked.

Just don't know from where two mole ants emerged, unexpectedly resisted his violent attack, even faintly suppressed him, which made him have no way to believe.

Not only did he not think of the strength of Su Luoyan, but also the difficulty of Wang Fan.

Wang fan is just a holy land, and also a seriously injured holy land. It's incredible that he can form a perfect complement with Su Luoyan in this kind of battle.

"Yes, it's worthy of being able to kill yuanpingzhou and Xiaoran. It's really not easy! Ten moves have passed six. As long as you can take my four moves again, you will win! "

Lonely heart war spirit is crazy crack, at the same time, in the hand has already grasped a bronze long stick.

He held the staff in both hands, just as if waving a huge hammer, and smashed it hard at Wang Fan.

Boom, at this moment, the space seems to be torn out of a visible crack.

In the air, the sound of hissing is endless and enlightening.

Obviously, Gu Xin also felt the thorny relationship between Wang Fan and Su Luoyan. He grabbed his weapon and used his mace.

Whether it was su Luoyan or Wang Fan, his face became dignified.

"Green moon sword formula!" The plain wild goose a low drink, don't have the slightest hesitation, direct madness of display green month sword Jue resist.

At the same time, Wang fan is crazy to show the unique skills of crazy sword, a knife cut!

The purple sword seemed to split the heaven and the earth, and it was pounding up on the lonely heart long staff. With a bang, the terrible force came, and the two of them retreated.

Whoosh!

Almost at the moment when they retreated, a knife like lightning came across the air and cut the heart of the lonely.

This knife, whether it is to grasp the opportunity, or the angle and direction of attack, is wonderful to the top, as if after a lot of tempering.

People watching this scene, first dull, and then become excited.

Such a wonderful battle is really exciting. Even though the time is still very short, it is very soul stirring.

Facing Wang Fan's knife, his face became ugly for the first time.

He just forced to twist his body in mid air. The next second, with a hissing sound, the shadow knife had crossed his chest ribs, bringing a bright blood mist.

Chapter 2553

"Ah, my lonely heart was hurt!"

"Oh my God, I can't be wrong!"

With the hanging of lonely heart, the scene immediately heard countless exclamations.

Even if Gu Xin's injury is not serious, it can only be regarded as slight injury at most, but he was injured by Wang Fan, which is enough to cause people's shock.

You know, Gu Xin is able to cross the level and kill the existence of the five strong men in the holy land. Now he is hurt by Wang Fan. It's really incredible.

Wang Fan did not pay attention to the exclamations of those people at all, but could not help sighing.

This lonely heart is really worthy of being able to cross the level and kill the five layers of the holy land. Its combat effectiveness is several times stronger than that of Jiang Yi.

His careful calculation of a knife, even failed to cause serious injury, it is greatly beyond his expectation.

This is still due to the fact that Su Luoyan is the main force to restrain him. Otherwise, if he is against this lonely heart and doesn't use the killing shotgun, he will surely die.

When the lonely heart stabilized his figure, he glanced at Wang Fan coldly, but he didn't speak at all.

However, his whole body's fighting spirit has been more violent, and his killing intention is also more intense.

"Drink!" With a low roar, the lonely heart jumped up again, and the bronze colored long staff in his hand danced wildly, just like a storm to Su Luoyan and Wang Fan.

This time, he waved the bronze long staff three times in a row, and showed the last three moves in a row.

He said that if Wang Fan and Su Luoyan can resist his ten moves, today's challenge is even if he loses. So he didn't dare to have the slightest carelessness and reservation any more, and made the strongest

three blows.

The bronze colored long staff across the sky, rolled up a series of terrible energy storms, and hit Wang Fan. It was like a mountain torrent tsunami, with amazing power.

Under the terrible energy storm, Wang Fan and his wife were just like two swaying boats in the surging sea, as if they would be submerged and destroyed at any time.

"The first, second and third movements of Qingyue sword Jue!"

Su Luoyan's face is also more dignified. She doesn't hesitate. She protects Wang Fan behind her, and then displays three unique moves of green moon sword Jue.

The bright purple sword tore the air, rolled up the bright sword shadows and flowers, and surged away towards the bronze long staff, making a deep explosion in the mid air.

Under the wave of this terrible energy storm, the wild geese were beaten back and forth.

Although her cultivation has reached the four peaks of the holy land, she is still a little worse than the arrogance of Guxin, a big sect in the middle realm.

In the face of Gu Xin's last three moves, even if Su Luoyan tried his best to use the three killing moves of Qingyue sword Jue, it was still not enough to see.

In the low sound of explosion, the purple sword all over the sky was smashed by the bombardment and dissipated in an instant.

Although the shadow of the long staff in the air was scattered, it was still there. It continued to roll up the terrible storm and attacked Wang Fan and Su Luoyan.

Boom!

The deep explosion came, and Wang Fan and Wang Fan were almost shot out in no particular order, with a bright red blood mist in their mouth.

Both of them were cut into countless wounds. They looked bloody and miserable.

Wang Fan fell on the platform, did not speak, did not go to see the injury, but coldly staring at the lonely heart in front of him.

According to the agreement, now ten moves have passed, he wants to see if this lonely heart will continue to move. If Gu Xin makes a move, then don't blame him for his killing short gun.

In fact, if it had not been for the last three moves of Gu Xin, he would have been killed with a short gun.

How could he have been injured by that stick?

"Now ten moves have passed. According to the agreement, you have lost." Su Luoyan reached out and wiped the blood from the corner of her mouth. She stood up and said slowly.

Gu Xin frowned, but he didn't speak at all. Instead, he waved his long bronze stick again and blew it out to them.

Obviously, he plans to disobey the agreement and continue to kill Wang Fan.

"Why, are you going to turn back?" Su Luoyan's face became ugly. She didn't expect that Gu Xin had finished ten moves, but she had to continue to do it.

The lonely heart didn't speak at all, just madly urged the aura in his body. Under his urging, the stick awn that was torn out became more and more violent.

"Lonely heart, you are mean!"

"Lonely heart, my friar, you have to keep your word. Your behavior is disgusting!"

"Shameless, it's shameless!"

Some of the friars under the stage could not help shouting and scolding angrily. They were very unhappy with the mean act of the lonely heart.

Of course, there are also some people applauding excitedly.

"Kill, kill him!"

"This pair of dog men and women should be killed, not merciful!"

"If they don't die, what's the reason?" Most of the clappers were disciples of Luoshengzong and Wudaozong, as well as those who made friends with the two major sects.

"Shameless!" The nun beside Shen fei'er, who didn't speak much, also looked cold.

She snorted coldly, and was about to rush to the battlefield to stop her, but at that moment, the change happened again.

I saw that Wang Fan, who had fallen behind Su Luoyan, jumped up quickly and rushed to Su Luoyan.

At the same time, he had already caught a broken shotgun in his hand.

When the short gun was waving, it rolled up the unimaginable terrible killing power, and madly rolled

towards the lonely heart.

Under the terrible killing, the whole space seemed to be suffocating, and time stopped flowing.

Boom boom!

The deafening explosion came out again. Under the terrible energy storm, the whole battlefield was destroyed.

The prohibitions that lingered around the battle platform seemed like paper, which was shattered by a click.

The spears all over the sky flooded the battle platform and the whole space. Countless friars were killed by the fish in the pond. The light ones were seriously injured and the heavy ones died.

At this moment, it seems that the end of the day is coming, the situation is extremely terrible.

Even the woman who wanted to rush to the battle platform could not help but stop her action, and her face was shocked.

Let alone her, even the middle-aged woman who passed the message to Wang Fan, Gongsun Dao of Luoshengzong, Mo Qianshan of Wudaozong and others showed strong shock.

I don't know how long it took for the dust to dissipate and the terrible energy storm to disappear.

But on the platform, Wang Fan's three men had no shadow at all. They didn't know where they had gone.

Not to mention the blood and bone corpse, even half of the clothes and cloth were not left.

"What a terrible killing

"Why are they all gone?"

"Terror, it's really terror. At the beginning, I wanted to capture these two people and get a reward. Now it seems that the ignorant are fearless!"

All the people at the scene were shocked, and most of them showed fear and fear in their eyes.

At the same time, Wudaozong, a humble room, at a certain moment, suddenly heard a scream of "ah", followed by a girl rushed out.

"The big thing is not good, the big thing is not good, Gu Xin, elder martial brother Gu Xin, his soul jade medal is broken!"

With the spread of this voice, the whole wudaozong was a complete sensation.

Chapter 2554

Dark forest, dark canyon.

After a short silence, Mo Qianshan was the first to respond.

Just for a moment, he found Wang Fan, who was running away from him.

At this time, Wang Fan was bruised and seemed to be very weak. He was being driven away by the wild goose.

Just look at the state and speed of the wild goose, obviously not much better, suffered a lot of injuries.

When Mo Qianshan saw the two men who were running away, he hummed coldly and tried to chase them. Just at this time, a shadow suddenly stopped in front of him.

"Elder Mo, where are you going in such a hurry? Are you going to kill those two young people?"

"I remember that you promised on behalf of wudaozong just now. Do you want to turn back?"

A charming voice followed. It was the middle-aged woman who had previously voiced to Wang Fan.

Mo Qianshan looked at the beautiful woman standing in front of him, and then listened to each other's words, his face couldn't help sinking,

"I'm Mo, and I'm not going to do that kind of thing. I'm going to leave now, can't I?"

"I'd like to ask elder qingluan, what do you mean by stopping Mo? Are they your people when you are so worried?"

Mo Qianshan's words are not poisonous. In a word, he said that qingluan was the master behind the killing of luoshengzong genius and wudaozong genius.

Qingluan didn't like it at all. She giggled and said, "it's a joke. If I want to kill two young people, do I need someone else's hand?"

"It's not that I don't believe in elder Mo's character. It's really that you leave at this time, which makes people have to doubt."

"Since elder Mo has something to do with you, I won't stop you, but I'm going to find those two little guys."

"I think those two little guys are very good and have great potential. It's a pity if they are killed by some despicable people who are not trustworthy."

Qingluan chuckles and immediately stops talking nonsense. She rushes to the direction of Wang Fan's disappearance.

Obviously, she doesn't care about Mo Qianshan at all.

Mo Qianshan's face was gloomy and terrible, but he was helpless.

This qingluan is the elder of the ninth floor of the holy land of Guyan gate. His strength is much more powerful than that of Mo Qianshan. In addition, guyanmen is no worse than wudaozong. He can't really provoke qingluan.

Even Mo Qianshan can't provoke qingluan, and Gongsun Dao can't.

He was also puzzled why qingluan of the lonely Yanmen would help Wang Fan and Su Luoyan?

As qingluan said, to kill Xiaoran and yuanpingzhou, qingluan doesn't need other people's hands at all. She can kill them as long as she moves her fingers.

What's more, there are so many people who can kill Xiao ran and Yuanping. There is no need for her to instruct Wang Fan.

"Phil, I have something to go on. We'll talk about it when we have time." The woman who was with Shen fei'er also said in a hurry and left immediately.

Now she can almost be sure that Su Luoyan is also the person of her Qingyue palace, but she doesn't know which branch she comes from.

Su Luoyan is so amazing and gorgeous, this kind of person must recall the master, otherwise it will be the loss of Qingyue palace.

As for Wang Fan, she didn't care too much.

Because Qingyue palace rarely recruits male disciples, even if there are male disciples, their status is very low. It is absolutely impossible for Wang Fan to join his Qingyue palace.

Su Luoyan and Wang Fan ran all day and night, and then entered shuohai City, which is closest to the dark forest.

Originally, Su Luoyan was worried that they would expose their identity when they entered shuohai City, which would lead to danger.

But to his relief, Shuohai city was not fortified at all, and most of the monks came and went, even the injured ones.

The entrance of Wang Fan and she was like a drop of water in the endless sea, which did not attract anyone's attention at all.

After they entered Shuohai City, they found an interesting building and lived in it.

In Shuohai City, there is no inn, only the information building.

Of course, Xi Lou and inn are the same meaning. They are places for people to rest and live.

Until they entered the room, they were relieved.

They all know that they should be safe for the time being.

"Elder martial sister Luoyan, let's restore our strength first, and then get rid of Yirong and leave here to change our home."

After entering the room, Wang Fan decisively finished saying, spin even if grab out a handful of pills to throw to the wild goose, oneself is to enter the room inside to recuperate and recover.

After going through difficulties, he finally came to the intermediate level, but Wang Fan didn't have any surprise, there was only pressure.

Because here, he once again found his lack of strength.

Let's not say that he can't get revenge from Wudaozong at all. Even if it's self-protection, I'm afraid it's a problem. He must find a way to improve his strength, or he will be allowed to be a mermaid.

Wang Fan two people in recuperation recovery time, the outside world blew up the sky again.

The two battles in Heiyuan gorge were wildly spread by countless monks, causing a great sensation.

Jiang Yi, the genius of Luosheng Zong, was abandoned by the friars of a holy land in the face of the challenge. However, the genius of Wudaozong was even more miserable and was directly killed.

Each of these two things is a sensational event.

The reason for the sensation is not that the two great geniuses were abolished or beheaded, but that they were abolished or beheaded.

That's a monk with only one level of cultivation in holy land. Why is he so terrible?

Such a character, even if you look at the whole intermediate domain, can be regarded as the pride of heaven, right?

In the same stage, who else can compete with it?

It's just a pity that the monk has disappeared after killing the lonely heart, and no one knows where he is going.

What's more, even his name and background have not been dug up.

All they know is that he has a female companion on the fourth floor of the holy land, who is suspected to be Tianjiao in Qingyue palace, but is denied by Qingyue palace.

One night later, Wang Fan's cultivation recovered to 7788, and his injury was completely healed.

As for Su Luoyan, she was not as seriously injured as Wang Fan, and with the help of Wang Fan's panacea, she had completely recovered.

They did not continue to stay in the building, but after removing the Yirong, quietly left the building in the middle of the night.

After leaving the interest building, they did not immediately change the interest building to live in, but entered the nearest restaurant.

This kind of place is full of people and snakes, and it's also the most informed place.

Wang Fan plans to listen to the reaction of luoshengzong and wudaozong after their escape.

But to Wang Fan's disappointment, the people in the restaurant didn't talk about it at all.

What they talked about was the battle of that day, and they even deified Wang Fan.

For example, Jiang Yi is defeated with one punch, Gu Xin is killed with one knife, and so on. It's exaggerating.

As for Su Luoyan, although some people talk about it, but it seems to be covered by Wang Fan's light, not much.

After all, the friars on the first floor of the holy land cut the friars on the fourth floor of the holy land, which is the highlight.

At any time, it is normal for people with high accomplishments to kill people with low accomplishments. And if the people with low accomplishments kill the people with high accomplishments, it will attract attention and cause a sensation.

Wang Fan didn't hear what he wanted to know for a long time. He couldn't help shaking his head. He was ready to leave.

Just then, the sound of slapping the table suddenly sounded, followed by a cold hum of disdain,

"what you know, what you know, don't talk nonsense if you don't know."

"If the mole ant on the first floor of the holy land had not used shameless means to poison elder martial brother Jiang Yi, would elder martial brother Jiang Yi have been abandoned by him?"

"As for his killing elder martial brother Guxin, it's even more ridiculous."

"If he doesn't have the help of that bitch on the fifth floor of holy land, he can kill elder martial brother Guxin?"

"Why don't you use your brain in everything? Do you think the friars on the first floor of the holy land can abolish or kill the friars on the fourth floor of the holy land? "

"Not to mention the fourth level of the holy land, even if it is the third level of the holy land, it is impossible?"

After the sudden sound came out, the scene fell into a short silence, and immediately, someone could not help but want to refute.

But when they saw the jade plate on the person's chest, their face suddenly changed, and they immediately forced the words they wanted to speak back.

Chapter 2555

Luoshengzong disciple, this guy is actually a luoshengzong disciple.

No wonder he will help Jiang Yi of luoshengzong to talk with the lonely heart of wudaozong. It turns out that he is a disciple of luoshengzong.

All of a sudden, but they all stopped talking, and no one spoke again.

Although they seem to disdain luoshengzong and wudaozong just now, when they really see the disciples of these sects, they still dare not provoke.

Whether it's luoshengzong or wudaozong, they belong to a large group in the intermediate domain. Who dares to provoke such forces?

What's more, the monk who opened his mouth was still a saint, so naturally no one dared to provoke him.

Wang fan saw this person's identity clearly, that just stood up body immediately sat back again.

In his eyes, there was a touch of cold.

This guy even said that he used despicable means to poison Jiang Yi. He was just slandering him.

If you meet this guy here today, it's bad luck for him.

Autumn alkene water see no one dare to speak, that gloomy face is at last slightly relaxed. He glanced at all the monks in the room with disdain, and immediately found a vacant seat to sit down. Then he continued,

"don't believe what I said, because what I said is true and there is no adulteration at all."

"Isn't the mole ant on the first floor of the holy land very strong, and can't it cut off the fourth floor of the holy land?"

"I'm here to talk. If he has seed, he'll come to me to see if I can cut off his dog's head."

"He is just a despicable and shameless guy. He only uses insidious means. In fact, he is not worth mentioning at all."

"Don't say it's me, even all of you here can easily kill him."

Qiuxian water language is extremely domineering, and it is constantly slandering and belittling Wang Fan.

In his mouth, Wang Fan has become a contemptible and shameless pronoun, and he is the embodiment of justice.

Wang Fan's face didn't change much when he heard this.

He just disdained to sweep the autumn alkene water one eye, in the eye eye sprang up a touch of sarcasm.

There is really no need for him to be angry with this kind of guy, and there is no need to argue with him. It is totally meaningless.

Wait for this guy to go out and be alone. That's when this guy pays the price.

But Wang Fan didn't expect that his disdainful eyes and sarcasm happened to be caught by the autumn water.

Qixianshui saw Wang Fan's disdainful eyes and sarcasm, his face sank, and immediately pointed to Wang Fan, "how, you don't agree with my point of view, or have a different meaning to my words?"

Qixian water is very angry, even someone dare to show disdain and sarcastic expression in front of his face, this is simply hitting his face.

This made him used to be superior, and he couldn't accept it at all.

Wang Fan quickly shook his head, "dare not, dare not, you are the genius disciple of luoshengzong, how dare I have objection to your words?"

However, he said he didn't dare, but his expression didn't mean he didn't dare at all.

Qixian water is even more angry, Teng ground stood up, face cold pointed to Wang Fan, "you don't have to be so cynical, ridicule me, what objection, you can directly say, don't make such expression."

If it had not been for the public here, qixian water would have been working long ago, where would it have been such nonsense.

Wang Fan listened to these words, but did not hide, but sneered, "since you want me to say, then I will say."

As he said this, he first hugged the friars around him, then looked at Qixian water and continued, "before I raise my objection, I want to ask if you were at the scene of the battle of the black abyss Canyon?"

"Of course, I was at the scene. If elder Gongsun hadn't stopped me, I would have gone up and killed that guy." Qixian water did not hesitate to answer.

"Good, good." Wang Fan slapped a few times, "this is really a coincidence, it happened that I was also at the scene."

As he said this, he could not help asking, "I remember that the friars on the first floor of the Holy Land challenged all the disciples of luoshengzong after they abandoned Jiang Yi."

"He told those disciples of luoshengzong not to talk under him. If they don't agree with him, if they don't like him, if they want to kill him, they can fight on the stage."

"I remember that after his words fell, none of the disciples of luoshengzong who were present dared to continue to speak, and none of them dared to take the stage to accept the challenge."

"Sir, since you are so powerful, I'd like to ask why I didn't see you accept the challenge when he challenged all the disciples of luoshengzong on the spot."

"Did you happen to have something to do, sir, or was it urgent that you didn't hear me?"

Coax!

Wang Fan's words immediately caused a burst of laughter.

In particular, the sentence "or internal emergency" almost made everyone laugh.

This guy is so disrespectful. He just swears without swearing. Everyone can hear Wang Fan's face in disguise, and he is not polite.

But none of them felt that Wang Fan was too much. On the contrary, they all felt that Wang Fan was very relaxed.

After all, at the beginning, even they were uncomfortable with the high expression of qiuxianshui, but they just didn't dare to show it.

"You want to die! Are you the first floor of the holy land Autumn alkene water a face suddenly black come down, on the body directly emerged a strong kill potential.

He didn't expect that someone would dare to say such a humiliating thing in front of him.

You know, this is not only hitting him in the face, but also knocking down Shengzong's face.

Wang Fan was startled and quickly stepped back, "you can't talk nonsense. If I am the first floor of the holy land, do you think you can still stand there alive? "

"I'm just talking about the matter and expressing my objection, and that's what you forced me to say."

Wang Fan a pair of afraid expression, but that tone, where have half a bit afraid?

Quiene water is really about to explode. This guy is obviously humiliating him in disguise.

What do you mean if I am on the first floor of the holy land, do you think you can still or stand there?

This is obviously to say that his water in front of others is just a green onion, not even a green onion.

"It seems that you are very supportive of the holy land. In that case, let me appreciate your strength."

Quiene water angry to can't go, but can't find the right excuse, finally can only hold out such a sentence, immediately step forward, slap toward Wang Fan.

"Elder martial brother, you can't do this. You are a chicken with a small stomach. You are so angry. I'm just talking about the matter. How can you deal with me? "

"Is it difficult for all the disciples of Luoshengzong to be so domineering and mean as you are, not to let others say anything?"

Wang Fan was scared and retreated, but he was not idle. He continued to bombard his face with guns.

At the same time, he has also gathered strength in the dark, just wait for the slap of autumn alkene water, then immediately fight back.

"The three levels of Holy Land bully one level of holy land. You people who fall into holy land are really more and more promising."

However, before he could fight back, a voice of sarcasm suddenly came out. Then, a figure had already fallen from the second floor, blocking in front of him, and at the same time, a punch went out.

Chapter 2556

Bang!

A deep explosion, violent energy ripples raging.

Under the force of terror, suddenly the water was blown to the ground and stuttered. At the same time, the whole person flew out.

The sound of a click sounded, and he smashed several tables and chairs in a row. Then he fell to the ground in confusion, disheartened.

"If you dare to take care of my affairs in Luoshengzong, you can find me." Qiu ene water is simply anger can not vent, he did not expect, even someone dare to come out to help Wang fan out.

You know, because he didn't pay attention to Wang Fan, he didn't use much strength in his fist just now. Otherwise, he would not be so embarrassed.

However, his voice stopped abruptly before his last dead word came out.

Because he saw the man who shot.

It was a woman, and also a beautiful woman.

The genius of Guyanmen is Shen Feier.

"You want to say that I want to die, don't you? How come the people of Luoshengzong oppress the ordinary sanxiu here and don't allow others to stand up and speak? "

"When did this intermediate domain become your Luoshengzong? Should others be humble and accept

your humiliation when they see you?"

Shen Fei Er disdains to look at the autumn alkene water that falls on the ground, the tone is full of sarcasm.

As a strong person in the fourth layer of the holy land, she did not pay attention to the water in the third layer of the holy land.

Qiu's face became a pigliver color, and his fists were loose and tight. It's a pity that he didn't dare to attack in the end.

No way, who let him not cause Shen Fei Er at all.

Wang fan is also a little surprised, obviously did not expect Shen Fei son would help him out.

For Shen fei'er, Wang fan can't say how much he likes her, but he can't say how much he dislikes her. But now he doesn't want to get in touch with this woman, because his identity can't be seen.

"Thank you for your help, elder martial sister. If you didn't do it, I would be stinked by this pile of shit."

"Originally, I thought that everyone dares to deodorize this pile of dog excrement. Now I know that their odor is also divided into people."

Wang Fan finished this sentence, and then a pull the goose, turned and left.

He really didn't dare to stay here for such a big stir. Once more people gather around, it is inevitable that something will happen.

The restaurant people listen to Wang Fan's words, and then look at Wang Fan's back. First they are stunned, and then they burst out laughing.

They've seen people hurt, but they've never seen Wang Fan hurt.

It's just that it's rude, isn't it? Some of the nuns were so sick that they couldn't even eat.

Shen fei'er is also a black line on her face. Do you want to be so disgusting.

But she didn't talk much, and didn't stop Wang Fan. She just watched Wang Fan leave with great interest, and then she left the restaurant.

That just got up the autumn alkene water, simply already angry to nearly crazy.

Just a mole ant on the first floor of the holy land, even dare to humiliate him in public and scold him for what stinking shit he is. It's like looking for death.

"Son of a bitch, I hope you can live well all the time." With a low growl, he had no face to stay here any longer and rushed out of the restaurant with his head down.

"Where are we going next?" Wang Fan two people left the restaurant, Su Luoyan looked at Wang Fan asked.

"Let's find a place to settle down first. Besides, our strength is still too poor. We have to find a way to improve our strength."

Wang Fan said, has asked someone up.

He wants to ask where there is a place to rent a cave, and see if he can rent a cave first.

An hour later, Wang Fan came to a house rental hall.

Even at night, when Wang Fan entered the hall, the hall was full of people.

Obviously, the houses in shuohai city are in short supply.

In the center of the hall, there is a huge array display screen, which shows all kinds of housing rental information.

"Cave No.8 with the character of Jia, thirty thousand pieces of immortal stone a year."

"Cave No. 52 with the character of" a "has 21000 pieces of immortal stones a year."

"Cave No. 27, Yizi, has 12000 pieces of immortal stone a year."

Wang Fan just glanced and his heart sank to the bottom.

The house rental price here is too expensive. It's almost too expensive. Moreover, it's all based on the following immortal stones.

Even the cheapest "C" cave needs more than 8000 inferior immortal stones a year.

You know, even those big door Tianjiao, may not be able to come up with eight thousand inferior immortal stone ah.

And a year may be a long time for ordinary people, but it's nothing for monks.A monk can be shut up for a year or several years.

In other words, it may not be enough for monks to shut down once to rent a cave with tens of thousands of inferior immortal stones.

Fortunately, there are more than 6 million inferior immortal stones on Wang Fan's body. Otherwise, they really can't afford to rent this kind of cave.

Wang Fan looked at it for a long time, and soon chose a second-class cave with 16000 pieces of inferior immortal stones a year, and then came to the house rental trading window.

"Master, I want to rent No.18 cave." Wang Fan put 16000 pieces of inferior immortal stones into a space ring and handed it to the old man behind the window.

The old man didn't speak at all, and even didn't lift his eyelids. He took the space ring and checked it, and then threw out a jade medal.

Wang Fan Lengling looking at this scene, can not help some speechless.

Is the service attitude too bad?

When the old man saw Wang Fan in a daze, he finally couldn't help raising his eyelids,

"this jade card is the key to open the cave, and it also has a detailed location map of the cave. You go, don't affect my business here. "

Wang fan can't help being speechless.

With your attitude, do you still want to have business?

But he didn't dare to talk much. After grabbing the jade card, he left the hall with the wild goose.

According to the directions on the jade plate, they walked for half an hour before they came to a cave rental area.

This rental area is also very busy, with countless monks coming and going, and there are some Danqi array pavilions on both sides of those rental areas.

Wang Fan walked and looked all the way, and soon he found that those caves with a-name were not only better than those with b-name, but also had a stronger aura.

In addition, the construction of cave a is also very luxurious, regardless of the area or other, it is several times better than that of cave B.

Wang Fan looked at this scene, but there was not much accident.

He didn't plan to rent the cave with a brand, but directly came to the cave with B brand.

But he didn't notice that when he took the wild goose into the No. 18 cave, the eyes of many monks around him changed.

Some monks' eyes were filled with Schadenfreude, while others were filled with regret.

Chapter 2557

"Where do you come from? Why do you dare to rent the No.18 cave? Don't you want to live?"

"Haha, I think they must have just come to Shuohai city. They don't know the situation here. There's a good play to watch."

"Dai Kun, that lunatic, is expected to come to them soon."

The monks looked at the back of Wang Fan and talked about it, but unfortunately, they didn't hear it.

Entering the cave, Wang Fan immediately felt a strong aura of heaven and earth. It was obvious that there was a good level of gathering spirit array.

Wang Fan's heart is very shocked. The aura of heaven and earth here can almost catch up with the superior and inferior gravel to cultivate.

It is worthy of being a city in the intermediate domain. It's really a great skill.

The second cave is so rich in the aura of heaven and earth, and the first cave is so rich in the aura of heaven and earth. What's the point?

Originally, Wang Fan thought the cave rent here was very expensive, but now he doesn't think so at all.

If he had known that the aura of the cave would be so strong, he would not hesitate to rent a cave of a brand.

However, now that he has rented the second-class cave, he is too lazy to change it. He will live for a year first.

"Elder martial sister Luoyan, you go to practice first, and I'll arrange some array prohibitions." After entering the cave, Wang Fan looked at Su Luoyan and said.

Although the forbidden system of the cave here is good, in Wang Fan's opinion, it is a little worse. He can decorate a better one.

What's more, this place will be their residence for the next year. Wang Fan is not quite at ease with other people's restrictions.

Although Su Luoyan's accomplishments are higher than Wang Fan's, she is not as good as Wang Fan's at

all. She nods and enters one of the stone chambers to practice.

Wang fan is outside, on the basis of the original array, arranged a new forbidden array.

It took him more than two hours to complete the array prohibition. After all this, he was finally relieved.

He took a look at the stone room where the wild goose was practicing, and then he got into another stone room and began to practice.

With Wang Fan's cultivation, the aura of heaven and earth converges madly, and rushes to Wang Fan's whole body. Wang Fan immediately feels an extremely comfortable feeling.

He is like a greedy child, greedy absorption of those aura, physical and mental are extremely happy.

He hasn't practiced so wholeheartedly for a long time. Even if he practiced, he didn't dare to devote himself to it.

During this period of time, apart from fighting, he was on the run, and his spirit did not dare to relax completely.

At this moment, he really relaxed, the feeling is very wonderful.

Countless auras come into Wang Fan's body like mist, moistening every cell and every inch of his skin.

Wang Fan soon immersed himself in this kind of whole-hearted cultivation, completely forgetting everything outside.

His strength is constantly rising, but the distance from the second floor of holy land is still far away.

There is no way, his strength in the breakthrough to the holy land, the demand for Reiki is even more terrifying.

His elixir fields seem to turn into the ocean, and these auras are like drops of water, where can they be easily filled?

At first, Wang Fan just absorbed the spiritual cultivation between heaven and earth. Later, he felt that the speed was very slow and unconsciously took out the inferior stones.

However, when all the inferior stones were used up, he still felt that the improvement of cultivation was too slow and took out the inferior immortal stone.

In the blink of an eye, three months have passed.

No matter Wang fan or Su Luoyan, they have been immersed in deep cultivation for the past three

months without waking up.

In these three months, many disciples of wudaozong and luoshengzong came to shuohai city.

Of course, for the sake of the clan's face, they all came in disguise.

Naturally, they came here for only one purpose, that is to find out Wang Fan and kill them.

But unfortunately, three months later, they all got nothing. They didn't find any trace of Wang Fan and Wang Fan.

Let alone a trace, they don't even have any news.

They just track down the house where Wang Fan and Wang Fan lived when they first entered shuohai City, and then they completely cut off the clue.

After they disappeared from there, it was as if they had evaporated from the human world. They were gone and heard nothing from each other.

Even some people doubt whether Wang Fan and Wang Fan have been killed secretly.

After three months of fruitless, these gifted disciples of wudaozong and luoshengzong naturally had no heart to stay here any longer, and they all chose to leave, only a few of them stayed.

After all, if Wang Fan didn't die, three months would be enough for them to escape to many other cities.

Qixianshui is one of the few monks left by luoshengzong. He is just like a mad dog. He wanders around shuohai city every day, looking for people everywhere. What he is looking for is not only the two guys who killed Shengzong genius Xiao ran Jiang Yi, but also the two guys who humiliated him in the restaurant.

But it's a pity that even if he had been looking for shuohai city like a mad dog for three months, and had people stare at the gate of the city, he still had no news from the other side.

In addition to the water, there is also a person in a bad mood.

This is a young friar with a black face and a hunchback. His dark face is pockmarked and seeping.

However, his strength is very strong, and his breath is also very terrible. He has reached the fifth level of the holy land. Even the arrogance of the big door is not willing to provoke easily.

His name is Dai Kun. He is a famous ruthless sanxiu in shuohai city.

He killed people like hemp, the method is cruel, quite brutal.

Moreover, he doesn't need any reason to kill. As long as you are unhappy, he may kill you. He is a real lunatic.

No. 18 cave is the cave where he once lived.

He lived in No. 18 cave for ten years at a stretch, and only a year ago did he return the rent.

Since he left, every friar who lives here will become his prey.

He would extort resources on the ground that he left his inheritance here and the other party got his inheritance.

Most of the monks who live in this rental area are scattered monks. In the face of Dai Kun's extortion, they can only swallow their anger and dare not attack.

Even if there are attacks, Dai Kun also found the opportunity to brutally kill.

This is also the reason why the monks outside expressed schadenfreude and regret after Wang Fan and Wang Fan entered the cave.

Three months ago, Dai Kun was pleasantly surprised to hear that someone had moved into No. 18 cave, and immediately rushed over.

But what made him angry was that three months later, the guy who lived in didn't mean to come out at all.

In the past three months, he also tried to force his way in. After all, he has lived here for ten years, and the prohibition of the cave has been thoroughly studied.

However, he found that in addition to the original prohibition, the cave had been added a new prohibition, and the level of prohibition was still very high, so he could not enter at all.

This makes Dai Kun very angry. He just wants to blackmail. He has been waiting for three months like a fool.

And even after such a long time, the other side didn't mean to come out at all.

If he continues to do so, he will not be able to extract much resources from them in the end, won't he lose a lot?

Chapter 2558

No. 18 cave, Wang Fan didn't know that someone was looking for him outside, he was still in full cultivation.

After three months of cultivation, his cultivation has also been promoted from the early stage of the holy land to the middle stage of the holy land.

Even if he felt that his cultivation was constantly rising, the aura in Dantian was more and more powerful, but the improvement of cultivation level was too slow.

Three months of crazy cultivation, let alone the second level of the holy land, even the first level of the holy land, he did not reach.

Wang Fan opened his eyes from the cultivation. He didn't intend to continue the cultivation.

If it goes on like this, he doesn't know that he can't reach the end of the holy land until the age of the monkey. It's even more distant for him to seek revenge from wudaozong.

Just when Wang Fan was thinking about where to look for cultivation resources and how to improve his strength, suddenly he heard a joyful roar from the stone room where the wild goose was practicing.

Hearing this long roar, Wang Fan immediately understood that Su Luoyan must have broken through to the fifth floor of the holy land.

He couldn't help being surprised.

Now he is with Su Luoyan. The stronger Su Luoyan is, the more secure their safety will be.

Sure enough, not long after the wild goose roared, the stone door where she was had been opened, and then the wild goose came out with a happy face.

"Elder martial sister Luoyan, have you broken through to the fifth floor of the holy land?" Wang Fan looked at the plain wild goose that came out. Although she was sure that she had broken through to the fifth floor of the holy land, she still couldn't help asking.

Su Luoyan nodded, also appeared to be very happy, "yes, I have broken through to the fifth floor of the holy land."

She said, suddenly some not very good said, "but, although I broke through to the holy land five layers, but the grade immortal stone is almost used."

She is very grateful to Wang Fan. If Wang Fan didn't give her five million inferior immortal stones, it would be a fool's dream for her to break through from the third level of holy land to the fifth level of Holy Land in such a short time.

Even if she and Wang Fan have been married, even if she is Wang Fan's woman, she is still full of gratitude to Wang Fan.

After all, even a couple may not be able to be so generous as Wang Fan.

In the face of huge interests, there are also many wives who turn against each other.

Wang Fan didn't care and took out a million inferior immortal stone, "no inferior immortal stone is OK, I still have it here, as long as you break through."

Su Luoyan didn't pick up the Xiapin immortal stone that Wang Fan handed over, but said in a soft voice,

"you don't have many Xiapin immortal stones, so you'd better keep them for cultivation. Now my cultivation has broken through to the fifth level of holy land. I can earn it myself. "

With that, Su Luoyan suddenly asked, "haven't you practiced in these three months? How can I see that your realm hasn't improved much?"

Wang Fan shook his head with a wry smile, "ah, I have consumed millions of inferior immortal stones, but it is only from the first level of the holy land to the middle level of the holy land."

"I'm not going to continue to practice here. It's too slow. I'm going to go out and find another way."

"Ah?" Su Luoyan can't help but open her mouth. One million pieces of immortal stone are only promoted from the first level of the holy land to the middle level of the holy land.

It's terrible for Wang Fan to increase the consumption of resources. She has never heard of it.

However, thinking of Wang Fan's terrible fighting power, Su Luoyan was immediately relieved. She quickly said, "my cultivation has just broken through, and I still need to be stable. There is not much significance in further cultivation. I'll go out with you."

Wang Fan hesitated slightly and nodded immediately.

He knew that Su Luoyan was right. He really needed to consolidate his accomplishments.

If you blindly practice and improve, you will only have unstable foundation.

Then they opened the forbidden system of the cave and went out.

Wang Fan plans to go to the mission Hall of shuohai city to see if there are any high reward missions.

If you take on this kind of task, you can not only temper yourself and improve your combat effectiveness, but also earn cultivation resources and kill two birds with one stone.

Su Luoyan didn't talk much, but quietly followed Wang Fan.

In a teahouse a few miles away from their cave, Dai Kun is sitting in one of the places drinking tea with a gloomy face.

He had been waiting here for three months, but he didn't even see Wang Fan's face, which made his anger expand beyond imagination.

At first, he only intended to extract the resources of Wang Fan and Wang Fan, but now, he is not planning to extract resources as simple as that.

He wants to torture them with the most cruel means, and then kill them. Only in this way can he eliminate his hatred.

When Dai Kun was drinking tea with a gloomy face, at a certain moment, his action of drinking tea suddenly solidified.

Then, his black face turned red with excitement.

Out, out at last. He clearly noticed the opening of the forbidden system in Wang Fan's cave. At this moment, he even began to tremble unconsciously because of his excitement.

However, he did not move, but still locked Wang Fan's cave with his mental strength.

This time in the past, he was afraid that Wang Fan would be alert, so he went back to the cave.

Although Dai Kun was strong and fierce, he did not dare to run rampant in Shuohai city.

He can kill people in Shuohai city without knowing it, but he doesn't have the courage to enter the rented cave area unless he can kill them without knowing it.

Soon, Dai Kun saw a man and a woman come out of the cave.

The man looks young, and his cultivation is only one level of Holy Land.

For him, whether it's the early stage of the Holy Land or the middle stage of the Holy Land, it's all mole ants. There's no difference at all.

The woman, however, was a beautiful nun. Her accomplishments had reached the fifth level of the Holy Land.

Dai Kun looks at Su Luoyan with bright eyes.

Such a gorgeous beauty makes Dai Kun feel angry. If he doesn't abuse this woman, he won't be Dai Kun.

For Dai Kun, even if Su Luoyan's strength reached the fifth level of the holy land, he still didn't pay attention to it.

After all, even if it is the same as the five levels of holy land, the combat effectiveness can be divided into strong and weak.

Dai Kun is one of the top figures in the five layers of the holy land, and Su Luoyan, looking at his breath, has just stepped into the five layers of the holy land.

This kind of cultivation, he Daikun enough to easily kill.

Dai Kun resisted the impulse to go out immediately. He didn't leave the teahouse until Wang Fan and Wang Fan were hundreds of meters away from the cave.

Wang Fan just walked out of the cave with Su Luoyan, only a few hundred meters away, a figure suddenly flew from the distance and stopped in front of them.

Wang Fan frowned slightly and swept coldly at the black pockmarked hunchback man standing in front of them.

But after he realized his opponent's accomplishments, his eyelids couldn't help jumping, and his whole body bristled with sweat.

This, this is actually a valiant existence of the five layers of Holy Land!

"Hey, hey, you've really made me wait. I've finally got you waiting."

Dai Kun sweeps Wang Fan with a sneer, especially on Su Luoyan, making a sharp voice like grinding teeth.

Chapter 2559

Su Luoyan is very uncomfortable to be stared at by Dai Kun. If it wasn't for Shuohai City, and she didn't dare to reveal her identity, I'm afraid she would have been unable to help it.

Wang Fan's brow also can't help wrinkling, "who are you? Do we know you? What are you waiting for us to do here?"

Wang Fan's tone is very bad.

Even if it's a monk on the fifth floor of holy land? If they really fight, he and Su Luoyan are really not afraid. It's a big deal to abandon the cave and escape from Shuohai city.

He is not afraid of such a huge thing as Luoshengzong, the Wudaozong. How can he be afraid of a monk with five levels of holy land?

After hearing Wang Fan's words, the friars around who were still watching the opera could not help but gasp.

They don't understand that Wang Fan, who is just on the first floor of the holy land, has the courage to talk to Dai Kun, who is on the fifth floor of the holy land?

If Su Luoyan said that, they might be able to understand that, after all, Su Luoyan also has five layers of powerful cultivation in holy land.

Dai Kun also couldn't help but be stunned for a moment. Obviously, he didn't expect that Wang Fan would dare to talk to him like this.

In his heart, he was even more angry, but he forbore and said patiently, "the cave you rented was where I lived before. Before I left, I lost something in it."

Dai Kun forbore to say the reason to stop Wang Fan and give himself an excuse to blackmail or start. But before he finished his words, he had already finished Interrupted by Wang Fan.

"It has nothing to do with me that you lived before. Now the cave has been rented by me, that is, it belongs to me."

"What's more, if you lose something in it, it has nothing to do with me. What do you want to do with me? I haven't seen what you lost. You should go to the landlord."

Wang Fan said that he didn't care about Dai Kun's dark face at all. He pulled Su Luoyan around Dai Kun and wanted to leave.

With this kind of person, he is really not polite. He doesn't believe it. Dai Kun dares to fight him here.

What's more, even if Dai Kun really dares to fight him, he is not afraid at all.

Although Dai Kun didn't understand what the landlord meant, he could probably guess.

When he heard Wang Fan's words, his anger could no longer be restrained, and his anger broke out.

It's just a holy land, a layer of ants, dare to be so reckless in front of him Dai Kun, he is really the first time to meet.

"You want to die, young man!" Dai Kun didn't want to suppress his anger any more. With a roar, he punched Su Luoyan and grabbed Wang Fan with his other hand.

His heart is in sneer, if Wang Fan thinks he Dai Kun dare not do it here, that is Wang Fan blind.

Even if we look at the whole Shuohai City, there is no place where Dai Kun dare not do it, as long as he can deal with each other in a very short time, and do not make things big.

Because Dai Kun didn't pay attention to Wang Fan in the Holy Land at all, he just grasped Wang Fan casually, and 90% of his strength was used on the blow to Su Luoyan.

As for Wang Fan, even if he only used 10% of his strength, he could deal with it.

Wang Fan has been on guard against Dai Kun for a long time. At the moment Dai Kun starts, he has already reflected.

He didn't hesitate to let go of Su Luoyan, immediately clenched his right fist, slapped Dai Kun's hand and went out without reservation.

At the same time, Su Luoyan is also a flash of delicate body, body shape suddenly whirl at the same time, condense the whole body strength, a fist to meet Dai Kun.

With a bang, Dai Kun's fists and Su Luoyan's fists hit each other, making a deep explosion.

The violent energy wave exploded and overflowed. Under the terrible power, Su Luoyan's face turned white and spat out a mouthful of blood. The whole person was blown out.

She has just broken through to the fifth floor of the Holy Land, and her cultivation is not completely stable. Compared with Dai Kun, she is still a little worse. She is not an opponent at all.

Dai Kun is slightly surprised, obviously did not expect, his fist, unexpectedly just let the wild goose spit out a mouthful of blood.

Just as he thought of it, there was another bang. Wang Fan's fist followed him tightly, and it was already on his palm.

A terrible force, crazy attack, it even contains the thunder and lightning breath.

When the crackling sound came out, Dai Kun's face suddenly changed. He felt a numbness in his arm, a pain in his mouth, and spat out a mouthful of blood. At the same time, the whole person began to retreat in an instant.

He looked at Wang Fan with a shocked face, as if he had seen a ghost alive.

When did the Holy Land level become so terrible?

Let alone the first level of the Holy Land, even the second level of the Holy Land, can't blow out Wang Fan's terrible blow?

The monks who watched the play around were even more surprised, and they were also shocked by this scene.

Their eyes looked at Wang fan like a monster, full of disbelief.

"You have a black pockmarked face and a hunchback. You dare to attack me secretly. You should take my fist." But Wang Fan roared, and did not give Dai Kun any chance to react. As soon as his body flashed, he rushed to Dai Kun like crazy.

Dai Kun listened to Wang Fan's address to him, but he didn't dare to entangle with Wang Fan.

He already knew that it was absolutely impossible for him to deal with Wang Fan in a short time.

He must leave here at the first time, otherwise, once the escort of shuohai city is disturbed, Dai Kun will be finished.

Dai Kun didn't pick up Wang Fan's fist at all. As soon as his figure flashed, he had already fled to the distance.

But when he ran away, he only focused on anger and Wang Fan, but he forgot the plain wild goose behind him.

Similarly, Su Luoyan slapped him on the back, and immediately patted him faltering. He spat out a mouthful of blood again. At the same time, the whole person was gone madly.

"You two animals, I Dai Kun remember you, I will come back again, and then you will die."

Dai Kun crazy away, but that sharp and with a murderous voice, but it is like thunder spread back.

Wang Fan snorted coldly, "black pockmarked face hunchback, you hurry to give me how far, roll how far, next time you dare to come back, I will make you pockmarked."

Hearing this, Dai Kun, who was far away, faltered and almost fell.

He was determined to kill Wang Fan, but he went faster.

After Dai Kun left, Wang Fan quickly went to Su Luoyan and asked, "are you ok?"

"It's OK." Su Luoyan shakes her head. She is only slightly injured. It's OK.

Wang fan saw that Su Luoyan was ok, so he relaxed a lot.

Nevertheless, he took out a healing pill and forced it into Su Luoyan's mouth. Then he took Su Luoyan away quickly.

Dai Kun is afraid that things will make a big difference, and he is also afraid of Wang Fan.

Looking at Wang Fan's back, the friars could not help feeling numb.

It's the first time they've seen Dai Kun, a black pockmarked boy who kills and deceives countless people, suffer so much in a holy land.

Shuohai City, when did you come so cruel?

If it wasn't for Su Luoyan's cultivation in the fifth level of the holy land instead of the fourth level of the holy land, and Wang Fan seemed too young, they would even suspect that they were the cruel men who abandoned Jiang Yi and killed Gu Xin.

Shuohai City Mission hall, which is the only and largest mission hall in shuohai city.

A lot of tasks will be announced here every day for the casual practitioners to receive, so as to earn a reward.

Some of these tasks are sent out anonymously by individuals, while others are sent out by large-scale departments.

There are treasure hunters, people seekers, and people who help kill people to get revenge. In a word, the tasks here are various and everything.

Chapter 2560

"To find the sanxiu couple who killed the lonely heart in the dark forest, those who provided clues would be awarded one million pieces of immortal stone, and those who caught them would be awarded ten million pieces of immortal stone."

What Wang fan saw at first sight was such a task. Looking at it, he could not help but gasp.

Who the hell is this? Is it too cruel? Even if the task of catching him and Su Luoyan is released, the reward is so rich.

Wang Fan's first thought is wudaozong and luoshengzong, but the task behind the show is anonymous release, only to provide clues or catch their own two people can see the release of the task.

So Wang fan is not sure whether they are the two sects.

Wang fan can't help but become alert. It seems that he must be more careful. Otherwise, I'm afraid even if he died, he doesn't know how he died.

Wang Fan kept quiet, then looked down, and soon saw the following tasks.

"We are in urgent need of an ice rhino Python gall, and reward 300000 inferior immortal stones."

"Seek to form a team and enter the dark forest to hunt monsters. The materials of monsters are distributed according to their output."

"Killing mission, target, Lei Xiao, the core disciple of Tianjian sect, reward, 500000 lower grade immortal stone."

Wang fan is more see heart more sink, because he found that although this task is more, but reward is very poor.

For example, the ice rhino python, which is equivalent to the sixth or even seventh level of the holy land, is a strong one. Killing such a monster and gaining its guts can only get a reward of 300000 inferior immortal stones, which is too few.

Another example is Lei Xiao, the core disciple of Jianmen. Although Wang Fan didn't know Lei Xiao, he had heard of tianjianmen.

Tianjian sect is not inferior to luoshengzong sect, and its core disciples' strength can be imagined.

Wang Fan didn't have the mind to continue to watch, let alone to earn a high reward by collecting tasks.

These tasks are either too difficult or too little reward. Or the difficulty is very small, the reward is less, there is no way to pick up.

"Seek to form a team, seek to form a team, and go to the Moon Lake millions of miles away. At the end of the mission, each person will be rewarded with a million pieces of immortals. It is required that the cultivation level should not be lower than the first level of the holy land, with a quota of 100. "

Just as Wang Fan could not help but shake his head secretly and planned to leave the mission hall to think about his Dharma, suddenly, a voice suddenly sounded in the hall.

Wang Fan turned around and saw a middle-aged friar in black.

The middle-aged friar was thin and small, but standing there gave people a feeling that could not be ignored.

His breath is solid and sharp. He is at least a strong man in the seventh level of holy land.

Wang fan is a little strange. Isn't the release mission announced on the big screen through that array? How can this guy call people directly here?

"I'll go."

"I'll go too."

"I sign up."

Just when Wang Fan was stunned, countless friars rushed to him with red eyes. Obviously, one million inferior immortal stones are very attractive to them.

They didn't even ask what they were going to do in the Moon Lake, so they rushed over with red eyes.

Wang Fan looked at the scene and couldn't help gasping.

It's true that people die for money and birds die for food. If he yells here, he and Su Luoyan are the couple who killed Gu Xin. I don't know what will happen.

"We'll be there, too." For a short time, Wang Fan catches Su Luoyan and rushes to the middle-aged man.

Anyway, his cultivation is of little use now, and Su Luoyan also needs to consolidate his cultivation through fighting.

They might as well join the team with more rewards and rich tasks and go out to experience.

"Don't panic, don't rush, according to the order, one by one line to get the team jade card, if there are those who don't comply with the order, directly deprive the qualification of the team."

The middle-aged man looked at the noisy scene, just a word, it made everyone behave.

But Wang fan knows that this is not the middle-aged man's words, but his strength.

If he didn't have the strength of the seventh floor of the holy land as the backing, these people would not behave so well.

Wang Fan told Su Luoyan to hide his accomplishments on the second floor of the holy land, and immediately began to line up to get the jade Medal of team forming qualification.

Although Su Luoyan's cultivation is not as good as that of this middle-aged man, as the second saint of Qingyue palace in miracle City, she still has some means to hide her cultivation, at least this middle-aged man can't see it.

They soon followed behind the crowd and got the jade medal for the team. Then, like others, they stood aside and waited for the arrangement.

A hundred jade medals were soon handed out, and those friars who didn't get them were not happy."Master, many of us have reached the second level of the holy land, or even the third level of the

holy land, which is better than the first level of the holy land. Why don't you consider replacing them with us?"

"Yes, senior, the stronger your strength is, the more secure your mission will be. Even if you go to those holy places, you will die."

In the face of the high reward of one million inferior immortal stones, those who did not receive the jade medal in the second or even the third floor of the holy land could not help jumping out, pointing to Wang Fan and other holy land first floor and starting to provoke.

Wang Fan's face was calm, and he didn't seem to hear the provocation of those people at all.

Anyway, he is not the only one in the holy land, and these people did not point the spear at him. There is no need for him to show his unhappiness, let alone stand out.

Wang fan can keep calm, but other holy places can't keep calm.

One by one, they all showed angry expressions, but they could not resist the attack. They looked at the middle-aged monk with a worried face.

"From time to time, we will seek to form teams here to do high reward tasks. Since you didn't get the jade medal this time, wait for the next chance. If time is urgent, there will be no replacement. "

The middle-aged friar said indifferently, then waved to Wang Fan and his party, "all those who get the jade medal, follow me."

After that, he was the first to leave the mission hall.

Wang Fan and his party followed closely.

The monks of the second and third floors of holy land who didn't get the jade medal were a little confused, but the middle-aged monks said so, and they couldn't help it.

On the other hand, those friars on the first floor of the holy land who got the jade medal were all relieved.

This kind of task with high reward and a large number of team members is not easy to meet. They are really afraid of being brushed off.

Wang fan can't help but frown. He feels that this team is not simple.

A million inferior immortal stones are more like a gimmick, but they are more like cannon fodder. Otherwise, the middle-aged monk really has no reason not to replace the weak monk.

After all, even Wang Fan was not happy with those two and three levels of provocative holy land, but at least they didn't say the wrong thing.

The higher your accomplishments are, the more secure your safety is. The lower your accomplishments are, the higher your natural death rate will be.
