Chapter 2581

Wang Fan's eyes flashed to a small alley on the side.

After entering the alley, he quickly turned around a few times, only to find a corner to hide, and then he restrained his breath.

His heart is also depressed, he did not expect to meet Xiaoman and Guo Gaitian outside the Han mansion.

In Han's house, he is sure that he will not be killed by Guo Gaitian, but outside Han's house, that's not good.

The reason why he has to change his position after entering the hutong is that there are Korean government guards behind him.

He didn't want the guard to reveal his location and identity.

Now hiding in the corner, Wang fan can only pray that Guo Gaitian will not sweep this side with his mental strength. Otherwise, even if he converges, the other side can sweep.

After all, his cultivation is far from being restored. It's no problem that he wants to hide Guo Gaitian's perception by restraining his breath. But if you want to deceive Guo Gaitian's mental investigation, it's a fool's dream.

"Hey, Xiao man, you don't have to worry. I'll come early tomorrow and help you clean up the dog slave named Wang Fan."

"Last time, he was lucky to meet rou'er, and I didn't want rou'er to see me kill people, which made him escape."

"When I see him tomorrow, I'll slap him right away. Even rou'er will be useless."

"I don't believe that rou'er will turn against Guo Gaitian for the sake of a mere dog slave."

Guo Gaitian has a sinister smile at the corner of his mouth. When he talks, the big hand has naturally hugged Xiaoman.

Wang Fan's heart sank when he heard this.

If Guo Gaitian killed him as soon as he saw him, he really didn't have much way to deal with it.

The man surnamed Guo is really cruel. He didn't offend the other party at all. The other party wanted to

kill him.

Xiaoman was hugged by Guo Gaitian, not only didn't resist, but also appeared a touch of joy. She held Guo Gaitian in her backhand and said maliciously,

"Brother Guo, don't kill him immediately, just break his limbs for me. Let me do the rest. I'll torture him and kill him. "

At the thought of the humiliation Wang Fan received last night, Xiao man was furious.

In her opinion, if she killed Wang Fan in this way, it would be cheap for Wang Fan.

She won't let Wang Fan die so easily.

Guo Gaitian was stunned when he heard the speech, and then nodded, "OK, listen to Xiaoman."

Said, his hands have begun to unruly, "Xiaoman, I know there is a good teahouse in front, why don't we go in and have a few drinks?"

"Well." Xiaoman said softly, but didn't refuse.

Wang Fan looked at the intimate expression of them from a distance, only feeling nausea.

This is really a pair of dog men and women, it is too shameless.

Guo Gaitian is Han Rou's fiance, and Han Rou seems to like Guo Gaitian.

As for Xiaoman, she is hanrou's maid, and hanrou treats her as a sister.

But now, these two people even mix together. If Han Rou knows about it, she doesn't know whether she will be angry to death.

Especially when he thought of the vicious dialogue between Xiaoman and Guo Gaitian, Wang Fan was even more angry.

He didn't offend these two people at all. Even if Xiaoman humiliated him repeatedly, he endured it again and again.

Only last night, I can't help it. I taught him a lesson, but I didn't kill him.

But this little man is good. He even wants to break his limbs, torture him and kill him. It's so vicious.

Wang Fan looked at the two people's back, and a touch of anger and killing appeared in his eyes.

He gave up the plan to continue to go back to the Han government, but gritted his teeth and followed him secretly.

Since the couple are going to deal with him, don't blame him for being rude.

The bodyguard who followed Wang Fan also saw Guo Gaitian and Xiaoman, and heard their conversation.

He originally intended to go up and respectfully say hello, and then, by the way, Wang Fan hid in a nearby alley.

But when he saw their intimate expression, he immediately gave up the idea of saying hello, and then he hid.

He has not been a bodyguard for a day or two, and naturally he is not a fool without brain.

Xiaoman and Guo Gaitian mix together. If he dares to appear at this time, he may be killed by Guo Gaitian.

Guo Gaitian is the son of the Guo family and the fiance of Han Rou, the eldest lady. There is no pressure to kill him.

It is precisely because the guard did not dare to come forward, but also to hide, also let Wang Fan avoid a disaster.

Otherwise, once the guard goes up to tell them Wang Fan's whereabouts, Wang Fan will be hard to escape. Guo Gaitian didn't use his mental energy to sweep this area. It's normal for him not to be found, but once Guo Gaitian looks for it seriously, he has no escape at all.

Wang Fan converged all the breath on his body and quietly followed them. He soon saw them enter a good teahouse.

It's just that Xiaoman doesn't have no brain at all. She also knows that she can't expose the things that she and Guo Gaitian mix up.

So before entering the teahouse, she took out the silk scarf that had been prepared, and put it on her face to cover her appearance.

Not only she, but also Guo Gaitian put on a black face mask.

The two, especially Guo Gaitian, never thought that Wang Fan would dare to follow him.

You know, in this whole Ruoshui City, few people dare to follow him.

And he doesn't need to release his mental power at all. As long as someone dares to follow him, he will catch his breath.

Two people into the teahouse looks very high-grade, the construction of resplendent, even if it is already late at night, there are still many people in and out.

Wang Fan's eyes swept to those who came in and out, and soon found that those people were basically one-on-one, and most of the men and women covered their faces.

Wang Fan looked at this scene, the heart is despised unceasingly.

This teahouse is obviously a place to sell dog meat with a sheep's head. The people who come in and out are basically dog men and women.

He's a little depressed. People cover their faces and go in pairs. If he goes in and out alone, will he be too abrupt and unusual?

Wang Fan couldn't help frowning. He was thinking about how to get in.

When Wang Fan was thinking about how to enter the teahouse, the guard went back to Han's house with a depressed face.

After returning to Han Fu, he did not immediately go back to his residence, nor to Han Rou's residence, but went to Wang Fan's residence for the first time.

When he found that Wang Fan did not come back, his heart sank to the bottom.

Miss asked him to follow Wang Fan, but he lost him. What can I do?

Originally, it was so late that the guard didn't plan to report to Han rou.

But now he lost Wang Fan, things can not be described as small, can only harden the scalp came to Han Rou's residence.

"Miss, it's useless for her subordinates to lose Wang Fan." After seeing Han Rou, the guard knelt down for the first time and pleaded guilty.

"Lost it?" Han Rou can't help but frown, "how to lose, where to lose, tell me in detail."

"Yes." The guard answered and quickly told the whole story. He didn't even hide the fact that Xiaoman and Guo Gaitian were mixed up.

Of course, he dares to say what happened to Xiaoman and Guo Gaitian. The first reason is that Han Rou has a good temper and won't move their guards. The second reason is that Xiaoman is too unpopular.

When Han Rou hears that Xiaoman and Guo Gaitian get mixed up, and they leave Han's house together this evening, she gets angry immediately.

She's about to break her silver teeth!

"I know about it. Go down first. Don't talk nonsense." She clenched her teeth and left a word. She didn't have the heart to ask Wang Fan about it any more. She left Han Fu in a hurry.

She wants to find Guo Gaitian and Xiao man to see where they have gone and what they are doing.

Wang Fan stayed not far from the teahouse for a quarter of an hour before his eyes brightened and he found a way to enter.

Chapter 2582

Wang Fan clearly saw that two men with black scarves walked into the teahouse. The teahouse staff not only didn't stop them, but also warmly welcomed them.

Is it hard to get in if you are single?

Wang Fan's eyes brightened immediately, and then he took out a piece of cloth to cover his face and went to the teahouse.

He didn't have a black scarf or a mask. He tore the cloth from his clothes.

"This guest, are you alone?" Just let Wang fan depressed is, he just entered the teahouse, was stopped by two guys.

His heart is very puzzled, why did the two people in front not be stopped, but to stop him?

However, he soon understood that his clothes were too shabby and a large piece of cloth was torn. People didn't believe that he was rich at all.

"Yes, I'm alone." Wang Fanfei said quickly, and then without hesitation grabbed five gold coins.

Although he didn't know what the consumption of the teahouse was like, in his opinion, five gold coins were enough.

Sure enough, the two men's eyes lit up immediately after seeing the five gold coins in Wang Fan's hand, and their attitude also changed 180 degrees.

"Dear guest, please come inside." One of them said respectfully and directly welcomed Wang Fan into the teahouse.

Hundreds of meters outside the teahouse, Han Rou clearly saw Wang Fan enter the teahouse, frowned slightly, and immediately a touch of disgust appeared in her eyes.

She originally came out to look for Guo Gaitian and Xiaoman, but unexpectedly, she saw Wang Fan.

Originally, she had some doubts about Wang Fan's disappearance, but now she was relieved.

It turns out that this guy is going to come here to have fun. Sure enough, men don't have a good thing.

Others don't know where the teahouse is. Doesn't Han Rou know?

It's a special place for dogs and men, and there are some services. Compared with the brothel, this teahouse is more disgusting to her.

Wang Fan didn't know that Han Rou saw him enter the teahouse. At this time, he had already been welcomed into one of the boxes.

It's a big box. It's full of pink tones, and there's a big round bed inside.

In a word, the whole box is full of ambiguous and dispirited atmosphere. As soon as you enter the box, you can't help dreaming.

"Dear guest, just a moment. The small one will come down to make arrangements for you. You're lucky today. Our girl hong'er is still here. "

After the man welcomed Wang Fan into the box, he said flatteringly and quickly backed out.

Wang Fan was stunned, but he soon understood what this guy meant.

He is a little speechless. This teahouse is not a good place. It can be seen that Xiaoman and Guo Gaitian are not good things.

When Wang Fan secretly criticizes himself, he doesn't know that Han Rou is also criticizing him for not being a good thing.

Originally, Wang Fan planned to sneak out to find out which box Xiaoman and Guo Gaitian were in. Just after hearing what the man said, he immediately gave up the idea of going out.

He just waited in the box for a few minutes, accompanied by the knock, a graceful figure entered the box.

"Brother, it's your first time to come to us. Don't worry, my little sister. I'm sure you'll come for the first time and want to come for the second time."

After the woman entered the box, she immediately made a crisp voice.

Wang Fan listened to these words, even goose bumps are up.

He did not hesitate to go to the woman, while its unprepared, a slap on the forehead.

The poor woman didn't even react. She just felt dark and fainted.

Wang Fan left the woman on the bed and then slipped out of the box.

He began to search carefully in the teahouse. After half an hour, he finally found Guo Gaitian and Xiaoman.

This pair of dog men and women, unexpectedly already lie on the bed.

Wang Fan scolds bad luck in his heart, but he thinks about how to go in and steal Guo Gaitian's jade pendant, and then teach the dog man and woman a lesson.

You know, Guo Gaitian is a monk on the third floor of the kingdom. If he rushes in directly, it's not him who teaches Guo Gaitian, but Guo Gaitian who teaches him.

Just as Wang Fan was thinking about how to get in, and then poisoned the two guys, he suddenly saw a man carrying a pot of tea into a box not far away.

Looking at this scene, Wang Fan eyes a bright, immediately left here.

Half an hour later, he changed into a man's dress, then came to Guo Gaitian's box with a pot of tea, and knocked on the box door.

"Who is it?" When Guo Gaitian heard the sound of knocking on the door, he was very upset. Naturally, his tone was also upset.

Wang Fan pinched his nose, suppressed his voice and said, "Hello, I'm here to deliver tea. Every guest in the box has it for free." There is no way, he can only say that, if Guo Gaitian is not fooled, then he can only think of another way.

Guo Gaitian in the box, listening to this, frowned more severely. He was about to scold Wang Fan for rolling, but Xiaoman suddenly made a sound, "brother Tian, please send him in. I'm thirsty."

Guo Gaitian smell speech, forced to let Wang Fan gun words swallow back, said, "you wait a moment."

With that, they began to wear their clothes. A few minutes later, they sat down at the table. Guo Gai said, "come in."

Wang Fan was greatly relieved, and then quickly lowered his head and took the tea in.

His heart is very nervous, because at this time, he is the most dangerous.

Once Guo Gaitian finds out his identity, he may have ten lives, and it is estimated that he will have to be lost here.

Wang fan can only pray, Guo Gaitian will not use the spirit of careful sweep him, will not recognize him.

He just met Guo Gaitian once, and Guo Gaitian didn't pay special attention to his family at that time, so he thought the chance of exposing his identity was very small.

As for Xiaoman, even if he was familiar with him, it was not Xiaoman, a monk with no mental strength, who could not recognize him at all.

"It's good for you to give me tea. Why haven't I met such a good thing before?" Wang Fan put down his tea and was about to leave when Guo Gaitian suddenly couldn't help asking.

Just as he had just finished his words, he seemed to think of something. He waved and said, "well, you go first, don't be here."

Obviously, he realized that he had said something wrong.

He said that he had never met the spirit tea before, which is equivalent to telling Xiaoman that he is a frequent visitor here. No matter who Xiaoman is, it's not good for him to say such words.

"All right." Wang Fan answered, and then quickly backed out.

After Wang Fan quit, he hid outside to observe.

He wants to watch the dog man and woman drink tea, pass out in a coma, and then go in and take the jade pendant.

After Wang Fan left, Xiaoman poured two cups of tea directly and took one of them to drink.

After drinking, she said, "brother, this tea tastes good. Would you like to try it?"

With that, she took another cup and sipped it, then handed it to Guo Gaitian.

Guo Gaitian saw Xiaoman pass the tea to his mouth. He laughed and drank it.

"Eh, the tea tastes good. Why is it sweet?" After a drink, Guo Gaitian couldn't help frowning, immediately poured out a cup again and drank it.

Wang fan outside was overjoyed to see this scene.

He didn't expect that things would go so smoothly.

At the same time, he also despised the dog man and woman. It was tea, but they were drinking, thinking they were drinking?

Chapter 2583

While Wang fan is secretly watching Guo Gaitian and Xiaoman, Han Rou has already entered the teahouse.

Of course, Han Rou did not come in aboveboard, but covered her face with a silk scarf.

After all, she is the eldest lady of Han's mansion and a celebrity of Ruoshui city. Once she goes in and out of such places and is discovered, her reputation will stink.

Han Rou's goal in the teahouse is to see what Wang Fan wants to do.

If Wang Fan really wants to have fun, she will leave without saying a word, and then go to find Xiaoman and Guo Gaitian.

But if Wang Fan secretly asked someone to meet here to discuss something unfavorable to their Han family, then don't blame her for being impolite.

Anyway, it's impossible for her to find Guo Gaitian and Xiao man now. It's better to follow Wang Fan first.

Wang Fan didn't know that Han Rou followed him into the teahouse. His whole mind was on Guo Gaitian and Xiaoman.

"Ah, my head is dizzy." Inside the box, Xiaoman is talking and laughing with Guo Gaitian. At a certain moment, she suddenly feels dizzy. After shouting a word, she flops and faints.

Guo Gaitian looked at the fainted Xiaoman, first a little stunned, but soon felt the same wrong.

He even felt a little dizzy, but because his friars, the resistance is far stronger than that of Xiaomen, so he has not been in a coma.

"No, it's been calculated. There's something wrong with the tea." Almost in an instant, Guo Gaitian realized something and his face became ugly.

He resisted the impulse of fainting, stood up and planned to leave the box, and then asked the teahouse manager for an explanation.

Just as he just stood up, he couldn't hold on any longer and went into a coma.

Wang Fan was surprised to see Guo Gaitian stand up, but he was relieved to see Guo Gaitian in a coma.

After waiting for a full minute, he found that Guo Gaitian didn't move again, and then he slipped into the box.

"You men and women, you forced me."

Wang Fan coldly looks at Guo Gaitian and Xiaoman, and then kicks them hard. Then he starts to look for the jade pendant.

He had planned to kill these two guys, but he didn't do it in the end.

This is a teahouse. If he kills two people here, it will definitely bring great trouble to the teahouse.

Guo Gaitian's jade pendant is hanging on the clothes he took off, so Wang Fan didn't spend much time to find it.

He grasped the jade pendant and felt the rich aura in it. His whole heart was excited.

With this jade pendant, his cultivation will recover soon.

Wang Fan took a few deep breaths and calmed down the excited emotion. Then he opened the box door and slipped out.

Wang Fan didn't find out. He just slipped out of the box. Han Rou, who came from the other side, just saw him.

However, this time Han Rou didn't recognize Wang Fan, because Wang Fan had already changed into a man's clothes.

She just wondered, why is this guy sneaking around?

Han Rou thinks that she is curious and comes to the box door where Guo Gaitian and his wife are. She just looks inside, and her face turns black immediately.

She saw Xiaoman and Guo Gaitian!

Originally, she held a glimmer of hope, that is, Xiaoman and Guo Gaitian did not mix up, just went out to have something to do, but now ·

Wang Fan didn't know that Han Rou had followed him to find Guo Gaitian and Xiaoman. At this time, he had changed his clothes again and returned to his box.

After he entered the box, he didn't care about the sleeping woman at all. Instead, he sat down and began to practice.

The rich aura in the jade pendant was absorbed by him and poured into his body along his pores. After Zhou Tian's movement, it flowed into the Dantian.

With a click, just for a moment, he had already broken through his inner strength and recovered to the free state.

At the same time, his mental strength has become strong.

Wang Fan felt the long lost feeling, and his heart was almost excited.

He continued to absorb the aura of the jade pendant crazily, warming his whole body and recovering his cultivation.

Two hours later, with a click, the aura in the jade pendant was exhausted, turned into powder and dissipated, and his cultivation also recovered to the level of position.

Wang Fan opened his eyes, took out the space ring, frantically mobilized his mental strength, and began to bombard the prohibition in the ring.

Even so, it took him more than an hour to open the ban in the ring.

When a pile of inferior and intermediate immortal stones were taken out by Wang Fan, he was almost filled with tears.

He finally opened his own space ring. With these resources, his cultivation recovery will be around the corner.

Just when Wang Fan was going to use the inferior immortal stone to restore his cultivation, he suddenly woke up with a scream. Then he found that the woman who was knocked unconscious by him woke up.

Wang Fan was startled. With a move, he quickly put away the immortal stone. Then he took out ten gold coins and threw them in front of the woman.

"Thank you for your hospitality last night. Take these gold coins. Now I'm leaving." Said, he did not stop for a moment, leaving the confused woman, directly left the box.

The woman looked at the ten gold coins in front of her and didn't know what happened.

In another box, Guo Gaitian has already woken up, but the first time he wakes up, he sees Han rou.

Seeing Han Rou, Guo Gaitian's face suddenly changed and his heart sank to the bottom.

The reason why he is obsessed with Han Rou is not only because she is considerate and kind-hearted, but also because she has a cousin who is a disciple of sanshengzong.

It is also because Han Rou has such a powerful cousin that he can make an exception to join sanshengzong.

Of course, other people don't know about it. Only the Han family and the Guo family know about it. But now Han Rou has discovered the scandal between him and Xiaoman. It's not like that, rou'er. It's the slut who seduces me

Guo Gaitian reacted for the first time, and then quickly knelt on the ground, splashed the dirty water on the comatose little man.

It's a great chance for him to join sanshengzong. If it's ruined, he will regret it all his life.

Han Rou takes a cold look at Guo Gaitian and says coldly, "Guo Gaitian, you are so shameless that you have mixed up with my servant girl."

"As a man, looking for a woman outside, I can understand it, or I can treat it as if I don't know and don't care. Can you, unexpectedly shameless and small man mix together, I Han Rou can't stand

"From today on, your engagement with me will be cancelled. You are you and I am me. We will break up completely and have nothing to do with each other."

"As for this woman, take it if you like. But you help me tell her that she will not be my Han family in the future, so that she will not go back to Han family. "

Han Rou said angrily, then turned and left.

Guo Gaitian listened to this, a heart is like falling into the ice cellar.

Looking at Han Rou's leaving back, he has a fierce look in his eyes. He is going to turn over Han rou. But just then, he saw the man who was guarding outside.

Chapter 2584

See Wen Bo, Guo Gaitian can't help but take a breath of cool air, forced to resist the idea of hand.

Although his strength is better than Wenbo, it is absolutely impossible to kill Wenbo in a short time.

Once he can't get rid of Wenbo and make things worse, he or Guo Gaitian, or the Guo family, will be in danger.

...

Wang Fan didn't know about Han rou. After leaving the teahouse, he didn't go back to Han Fu, but went to an inn.

He still has some gold coins with him. It's no problem to open a room in the inn.

He plans to restore his accomplishments in the inn first. After his accomplishments are restored, he will go to the Han family to see Lou Bufan, and then refine more liquid for the Baiyao Pavilion.

Without strength, there would be nothing. Now he has been able to take out the resources in the space ring, so the first idea is naturally to restore strength. Otherwise, even the mole ant Guo Gaitian can threaten him.

Wang Fan found an inn nearby and stayed in it.

He simply arranged some low-level prohibitions in the room, then took out the inferior immortal stone and began to practice and recover.

...

after leaving the teahouse, Han Rou went directly back to Han's home and locked herself in the room.

Her face was very ugly and her heart was very uncomfortable.

Guo Gaitian, who she has always liked, is actually engaged with her maidservant Xiaoman. It is strange that she can be comfortable with this kind of thing.

Rabbit does not eat grass at the edge of the nest, and Guo Gaitian doesn't even let go of Xiaoman. Han Rou really sees Guo Gaitian.

Han Rou feels extremely angry and aggrieved at the thought that she didn't dislike Guo Gaitian because of his ugliness, and that she has always been gentle and considerate to him.

Dong Dong Dong.

The sound of knocking on the door rings. Han Rou opens the door and finds her father standing outside.

"Father, how did you come to me? What's the matter?" Seeing her father, Han Rou frowned and asked.

"Rou'er, just now Gai Tian told me that there seems to be a misunderstanding between you. You also said that you want to cancel the engagement. What's the matter?" Han's father did not beat around the bush, but asked directly.

When Han Rou heard this, she immediately knew that it must be Guo Gaitian who had found her father, but she didn't tell the specific process.

She resisted the anger in her heart and secretly scolded Guo Gaitian for being shameless. At the same time, she replied, "father, don't worry about this. In short, Guo Gaitian and I are impossible. Please forgive me."

Han's father can't help frowning when he hears Han Rou's words. He can hear the determination in Han Rou's tone.

Although he knew that his daughter seemed gentle and kind, he was actually very independent and stubborn. Generally, the things he decided would not be changed easily.

But growing up, Han Rou has never been so determined to talk to his father. Han's father realized that something might be really bad, and immediately asked,

"rou'er, can you tell me what happened?"

"No matter how big things are, there will be times in the past. Is there no room for relaxation between you?"

"Your engagement with Guo Gaitian is well known in Ruoshui city. If you just cancel the engagement, it's not Guo Gaitian, but you and our Han family

"After all, that Guo Gaitian is a monk, and he is also a monk in the third level of the kingdom. In other people's eyes, we have climbed up to his Guo family and Guo Gaitian."

"If your engagement is cancelled like this, people will think that Guo Gaitian doesn't look up to you and gives you up. By then, our reputation will be rotten. "

Han's father is sincere and persuades Han rou.

Although Han Rou has a cousin who is a disciple of sanshengzong, it is also because of Han Rou's cousin that Guo Gai is expected to join sanshengzong.

But no one else knows about it. They think it's the Han family who has climbed up to the Guo family.

Han Rou listens to her father's words, Liu Mei frowns again, and her heart is also impatient.

She really didn't want to tell the story between Guo Gaitian and Xiaoman, but her father had already said it. She couldn't do without saying it.

"Father, Guo Gaitian and Xiao man got mixed up and went to the moon tea house last night. I can't stand him doing such a thing, so it's definitely impossible between us.

"Even if my reputation is destroyed, I will not regret it. This kind of man is not the man that Han Rou can trust for her whole life. "

"What? How could such a thing happen? " Listening to these words, father Guo could not help opening his mouth, and his face turned cold immediately.

"what a beast you are. It seems that you are right. You are really not suitable. I'm going to tell the Guo family about the cancellation of the engagement. "

Han's father said coldly and left Han Rou's room directly.

Originally, it was not a big deal for Guo Gaitian to find a woman, but the person he was looking for was Xiaoman, so he couldn't.

You know, Xiaoman is Han Rou's maid. If Guo Gaitian does this, what will others think if things get out?Guo family.

Guo Gaitian has gone back to his room and brought Xiaoman back, but he just threw Xiaoman into the maidservant area.

He was nice to Xiaoman before, because Xiaoman was Han Rou's maid, and they were as close as sisters. He and Xiaoman play a good relationship, can be closer to please Han rou.

But now, Xiaoman has been abandoned by Han rou. How can Guo Gaitian take Xiaoman seriously?

It's just a maidservant. She doesn't deserve to be Guo Gaitian's woman, and she's not qualified to enter the master area of the Guo family.

At this time, Guo Gaitian's face is very gloomy. He really can't figure out where the problem is. How can Han Rou know that he and Xiaoman went to the moon teahouse and could find his box.

What's more, who was the one who stung him and Xiaoman last night? Could it be Han Rou?

The most important thing is that the jade pendant on his waist is missing, which is the certificate for entering the outer gate of Sansheng sect.

Now the jade pendant is missing. Was it taken back by Han Rou when he was in a coma or stolen by others?

Because Han Rou's cousin got the jade pendant and gave it to him by Han Rou's hand, it's normal for him to suspect that Han Rou took it away.

At this time, Guo Gaitian is very angry. He is angry with Xiaoman's seduction and Han Rou's unfeeling.

Creak.

When Guo Gaitian looked very gloomy, the door opened and a middle-aged man came in.

The middle-aged man looks like he is in his fifties, but he is full of energy and energy. His temples are also full, just like he is in his prime. At first sight, he is practicing his family.

His body exudes a sense of hostility, which is obviously also a character who often licks blood at the edge of the knife.

"Father, what's the matter? What does the Han family say?" Guo Gaitian saw his father and immediately stood up and asked anxiously.

He has to be in a hurry. It's about whether he can join sanshengzong.

You know, sanshengzong is one of the top ten in the whole intermediate field, and the ranking is very high.

If he can join sanshengzong, not only his accomplishments will have a lot of room to improve, but also their Guo family will follow the tide.

However, he wants to join sanshengzong, but also through Han Rou's cousin Han Yu.

If Han Yu knows that his engagement with Han Rou has been cancelled, he wants to join sanshengzong, but it's just a dream.

Chapter 2585

"Just now, the old man from Han Qi has sent news that he has clearly announced the cancellation of your engagement with Han rou. His attitude is very firm." Guo Fu said with gnashing teeth.

When Guo Gaitian listened to this, his face became ugly. "What should I do? If the engagement between Han Rou and I was cancelled, would it not be that I entered sanshengzong..."

Guo Gaitian didn't say the following words, but his father understood what he meant.

Father Guo sighed, and then said, "cancel it. Anyway, you have the qualification to be a disciple of Sansheng sect."

"As long as the jade falls in your hand, even Han Yu, Han Rou's cousin, knows that your engagement with Han Rou has been cancelled, it can't stop you from entering sanshengzong."

"But after you join sanshengzong, you should be more careful about that Han Yu."

Guo Gaitian listened to this, not only did not surprise, but his face was even more ugly.

Seeing his expression, Guo Fu immediately realized that something was wrong and asked, "what's the matter? Isn't that jade pendant on you?"

Guo Gaitian clenched his fist and nodded, "yes, I was drugged last night in Yuese teahouse, and the jade pendant was stolen."

"Ah?" Guo's father was shocked when he heard this.

He glared at Guo Gaitian fiercely. If Guo Gaitian had not been his son or the only gifted monk in his family, he would have slapped him in the face.

It's a big joke that the three strong men in tangtangwangjing are dazzled in the romantic places of the secular city and lose their most important things.

"Well, I know about it. It seems that we have to take risks." Guo Fu glared at Guo Gaitian fiercely for a long time, then he said with his teeth.

"What do you mean by taking risks? Father, what are you going to do? " Although Guo Gaitian was staring at by his father, he still couldn't help asking.

Although he is a three-tier monk in the Kingdom, he is far superior to his father in terms of strength, but in terms of means and conspiracy, he is still far away.

Guo Fu's eyes twinkled with a cold light, "destroy the Han family and stop the Han family from spreading the news about the cancellation of the engagement between you."

"Well, I won't talk to you any more. I'll send someone to keep an eye on the Han family now, and then contact the people of Heifeng village to destroy the Han family together."

Guo Fu said, no longer have the mind to stay here, quickly left here.

Naturally, this kind of thing should be done as soon as possible. If it's too late, once the Han family says that the engagement between Guo Gaitian and Han Rou has been cancelled, it will be terrible.

Guo Gaitian looked at his father's back, first in a daze, and then his face also became cold.

Heifeng stronghold is a bandit force thousands of miles away from Ruoshui city.

This bandit force is very powerful, enough to easily destroy any family in Ruoshui city.

If not for the unity of the families in Ruoshui city in dealing with Heifeng village, I'm afraid these families in Ruoshui city would have been eroded.

Now Guo Fu goes to Heifeng stronghold to deal with the Han family, which is naturally the most appropriate. And with the Guo family as an internal agent, it's easy for Heifeng village to enter Ruoshui city.

After Guo's father left Guo Gaitian's residence, he immediately sent a group of Guo family members to watch each exit of the Han family.

And he left Ruoshui city and rushed to Heifeng village thousands of miles away.

One day later, he came to Heifeng village.

The leader of Heifeng stronghold is a middle-aged man with a scar on his face. He looks very fierce and full of strong bandit spirit.

However, in fact, he was a monk, and he was also a monk in the fifth floor of the Kingdom, much more powerful than Guo Gaitian.

It is also because of his existence that Heifeng village can dominate this area, which makes the big families of Ruoshui City dare not easily provoke.

"Ha ha, the master of the Guo family is really a rare guest. I don't know why the master of the Guo family came to me?"

The leader of Heifeng stronghold, scar, sees the arrival of Guo Tingbei and laughs to welcome him to the guest hall.

Although he is laughing, the way he laughs is ferocious. Especially the scar on his face, accompanied by his smile, is creeping, which gives people a kind of shivering feeling.

Guo State in front of scar, can't have the slightest airs, quickly said with a smile, "brother Dao, this time Guo came here, is a business talk, brother Dao, is absolutely good."

...

Wang Fan didn't know about the Guo family and the Han family, let alone the existence of Heifeng village. At this time, he was still practicing in the inn.

Because of his serious injury, he still needs to recuperate his internal injury in the process of cultivation, so even if there is Xiapin Xianshi, his strength will only recover to the level of the Kingdom after three days.

When his cultivation was restored to the Kingdom, Wang Fan was not so nervous.

Because in Ruoshui City, the strongest one he saw was Guo Gaitian's three-tier kingdom.

He felt that in Ruoshui City, he had the strength to protect himself. Wang Fan didn't continue to practice. He planned to go back to Han's home first, and then go to Baiyao pavilion to help Zhang Zequan purify some liquid medicine.

Guo Gaitian found that the jade pendant was lost. I don't know if he will be mad.

Wang fan is also afraid that the guy will investigate him, and then can't find him, and vent his anger on Lou Bufan.

After Wang Fan left the inn, he went straight back to the Han family.

Only less than half an hour later, he returned to Han Fu.

Han Fu's two guards saw Wang Fan with strange eyes, but they didn't stop him. Instead, they put Wang Fan in.

Wang Fan didn't care about their eyes at all. After entering Han Fu, he ran directly to Lou Bufan's residence.

But before he ran to Lou Bufan's house, he saw Han Rou first.

Han Rou seems to have something on her mind. She looks very haggard.

She was not followed by Xiaoman, but by Wenbo.

When Wang fan saw Han Rou, he naturally didn't go out of his way. Instead, he went forward and said respectfully, "Hello, miss. Hello, uncle Wen."

Anyway, hanrou and Wenbo are both his saviors. He should be polite to them.

"It's you. How did you come back?" Han Rou is surprised to see Wang Fan.

You know, in the past three days, she has been to Wang Fan several times, even to Baiyao Pavilion, but she has not found Wang Fan.

She thought that Wang Fan left Han Fu, or left Ruoshui City, and would not come back, but she never thought that Wang Fan would come back.

When Wang Fan heard this, he was slightly stunned and immediately said, "Miss, you and uncle Wen have saved my life, and they have taken me in. Naturally, I want to come back."

"Even if I want to leave Han Fu, I will repay you for your help before I leave."

Han Rou listens to this, slightly a Leng.

At this time, she found that Wang Fan seemed different from three days ago, but she couldn't see the difference.

Han Rou looks at Wang Fan and is about to ask a few questions when she suddenly sees Wang Fan's face change and suddenly turns to look out of Han's house.

At the same time, boom, a loud noise came in from outside Han's house, followed by a burst of hiss and screams.

"No, this is an attack on the Han government." As soon as Han Rou's face changed, she coldly looked at Wang Fan, and her tone became angry,

"well, it's really good. Is that how you repay the kindness of saving lives? I've been taught by Han Rou!"

Chapter 2586

Han Rou is extremely angry and cold.

Wang Fan didn't show up for three days, and there was nothing wrong with Han Fu. Now, as soon as Wang Fan appeared, someone attacked Han Fu.

In addition, this kind of attack was just after Wang Fan just said that she wanted to repay the kindness of saving lives. If she didn't doubt Wang Fan, it would be a strange thing.

Han Rou stares at Wang Fan coldly, and her heart is cold.

She is really blind, first like Guo Gaitian so shameless man, and then save Wang Fan such a white eyed wolf.

"Miss, it has nothing to do with me. I don't know them." Wang Fan was even more depressed. He really jumped into the Yellow River.

At the same time, he is also depressed, because as far as he knows, the Han family is one of the powerful families in Ruoshui city.

Who on earth dared to attack the Han government, and it was still in broad daylight.

"Enemy attack

"Alert

"Kill these dogs together!"

"Puff, puff, puff!"

"Ah, ah

At this time, the sound of war and scream outside has become one, and even the sound of blood light sputtering can be heard.

Wang Fan's mental power is clear. A large number of masked people rush into Han's house. They all carry machetes in their hands and are killing the guards of Han's family crazily.

These masked people are full of fierce breath. They are not simple people.

In the eyes of these people, the guards of the Han government are not enough. They are just like cutting wheat. In just a dozen breaths, they have killed a lot of people.

"Wenbo, go and kill the white eyed wolf." Han Rou's pretty face is very white. She says to the next Wenbo.

Wenbo's face is also a little ugly, but just as he was about to start, Wang Fan had already said, "Miss, Wenbo, this matter really has nothing to do with me, I don't know them."

Wang Fan said, did not continue to stay, but quickly grabbed a cloth to cover his face, rushed out.

At this time, his heart is also very angry, who is this in the end, even at this time attack Han Fu?

"Who?"

"Hide your head and show your tail, and die for me!"

Before Wang Fan got close to those masked guys, two people saw him.

At the moment when they saw Wang Fan, without any hesitation, they killed him crazily with a machete stained with blood.

"To die!" Wang fan is very angry. Two ants who are not even monks dare to attack him?

He didn't talk nonsense at all. Before they killed him, his right leg had been swept out.

Bang bang!

Two deep explosions, two sternum was crushed, directly kicked fly out, spit out a large cluster of blood.

They fell to the ground, rolling and wailing in pain, with more air in and less air out.

Several guys who are slaughtering the guards of Han mansion can't help changing their faces when they see this scene. Then they give up the guards without hesitation and fight against Wang Fan crazily.

"If you dare to kill our people, you will die!"

Wang Fan didn't want to talk with these guys at all. When his right foot was a little on the ground, a bloody machete flew up, and then he caught it in his hand.

"If you dare to attack Han Fu, I think you are looking for death!" Wang Fan said coldly, not retreat but advance, and kill those enemies.

At the moment of approaching each other, the machete in his hand crossed an arc in mid air and split out like lightning.

Hiss, hiss, hiss!

With the sound of numbing scalp, more than ten heads rose up in an instant, and the bodies of more than ten people also fell to the ground.

The red blood splattered several meters high, red dazzling, dyed the ground red.

Looking at this scene, for a moment, everyone was stunned.

Those enemies stopped slaughtering and looked at Wang Fan in horror.

On the other hand, the guards of the Han family were all very excited.

Who on earth is this? He has killed more than ten enemies with one knife. Is the combat effectiveness too terrible?

Wang Fan didn't care about the stop of both sides at all. Holding a machete, he strode forward and took the initiative to kill those invading enemies.

The hand rises knife falls, is again flutters several voices, blinks of an eye, then has ten people to pour in the blood pool.

It's just a group of ants. Wang fan doesn't care at all.

It's because he didn't dare to open his mouth to kill. Otherwise, his cultivation at the moment would be enough to kill all the enemies in a few breaths.

Han Rou and Wen Bo, who are running to this side, are shocked by this scene.

They didn't expect that Wang Fan would be so powerful. He killed nearly 30 strong enemies in breathing.

Han Rou, in particular, blushed while she was shocked. Just now, she suspected that these people were brought by Wang Fan, and asked Wenbo to kill Wang Fan.

But now, Wang Fan has told her that these people have nothing to do with Wang Fan.

Whoosh!

Han Rou and Wen Bo can't help looking at the sky.

Their faces are becoming extremely ugly, a heart is like falling into the ice.

Walking in the air is the sign of a monk. Is there a monk who wants to destroy his Han family?

Especially Wenbo, the whole heart infarction has been completely sunk to the bottom.

He could clearly feel that the monk who came from the air was more terrifying than Guo Gaitian.

If Guo Gaitian wants to kill him, maybe it will take some time, but if this guy wants to kill him, it won't take much effort.

When did the Han family offend such a terrible strongman?

"You should not be from the Han family. Do you want to be an enemy to the king by slaughtering his subordinates so wantonly?"

After the man came to the Han mansion, he immediately looked at Wang Fan coldly, and saw moriran's killing opportunity in his eyes.

The man was tall and burly, with a strong evil spirit. He also covered his face with a black cloth.

Just, he covers the face, also just can let Han Rou and other mortals can't see his true face.

Wang Fan just used his mental power to know what this guy looks like.

This guy has a striking scar on his face, which is hideous. At the same time, he is also a monk on the fifth floor of the kingdom.

Wang Fan secretly congratulated himself that his cultivation had recovered to the first level of the kingdom. At the same time, he sneered and said with disdain,

"it's none of your business whether I'm a member of the Han family. What are you? Besides, I'm the

enemy of you. What can you do?"

"As a monk on the fifth floor of the Kingdom, you have carried out such inhuman slaughter on a mortal family. Today, I'm really in charge of it."

It was no one else who came from the air. It was the scar of Heifeng village.

Scar originally just intended to say a word, and then immediately killed Wang Fan.

Because he has seen Wang Fan's hand, in his opinion, Wang fan is not his opponent at all, even far from it.

Just after hearing Wang Fan's words, scar forced to hold back his idea.

He looked at Wang Fan with a shocked face. Obviously, he didn't expect that Wang Fan could see through his accomplishments at a glance.

Is it difficult? This guy is also a monk, and he is also a stronger monk than him, just hiding his accomplishments?

Chapter 2587

Even if scar is still in a state of uncertainty, he is infuriated by Wang Fan's words.

He has been scarred on the beach for countless years. When did anyone dare to speak to him like this?

Moreover, he did not believe that there would really be more powerful monks than him in just a Korean mansion.

"Go to hell!" A roar, scar face body shape a vertical, grab out a huge black hook, to Wang Fan killed in the past.

The hook was thrown, tearing the wind. Even the guards of the Han family around, as well as Wen Bo and Han Rou nearby, felt a sharp chill.

"You can't do it if you want me to die." Wang Fan disdains to sneer a, shadow knife grasps in the hand, didn't half cent retreat of meet to the black hook of scar.

With a bang, the frenzied explosion came out, and the rampant energy instantly collapsed the door of Han mansion, and the ground was rolled up with ravines like cobwebs.

Under the violent force, scar's body retreated quickly. He felt a pain in the mouth of the tiger and almost couldn't hold back a mouthful of blood.

He looked at Wang Fan with a shocked face.

When was such a powerful monk born in the Han family? How could he never know?

However, Wang Fan didn't give him time to think at all. He had killed him once again with the shadow knife.

Even if Wang Fanxiu didn't recover, there was not much problem to kill the scar on the fifth floor of the kingdom by his means.

The shadow knife cuts a bright arc in the mid air and rushes towards the scar. The fierce wave of killing power is like a waterfall.

Scar's face was shaking wildly. He urged the aura in his body and waved the black hook wildly, trying to stop Wang Fan's killing power.

Unfortunately, it can't be stopped at all.

In a whirring sound, a large piece of knife awn rolled on his body after flying his black hook, and instantly rolled up countless blood mist.

This is the reason why Wang Fan wants to ask the scar why he wants to attack the Han family, and there is no killer. Otherwise, he only needs to cast the seven kill Liuyun sword, which is enough to kill scar easily.

Scar's body retreated madly, and his heart had set off a trace of fear.

At this time, his heart simply hated the old man of Guo Tingbei.

If it wasn't for Guo Tingbei, how could he attack the Han family?

This is not to give him the benefit of scar, but to let him die.

Just as scar was frightened, another blade flashed by. Scar didn't even react. He just felt cold tears on his face. The next second, the black towel on his face had been taken away.

"Scar?"

"The scar of Heifeng village?"

When Han Rou and Wen Bo see scar's face clearly, they are all dull.

How can they not recognize the famous scar of Heifeng village?

No matter Han Rou or Wen Bo, they never thought that it would be scar who attacked his house.

They did not expect that Wang Fan could crush scar.

You know, scar is a powerful monk on the fifth floor of the Kingdom, not to mention in this small Ruoshui city. Even if you look at the whole beach, it's a famous existence.

Wang fan is just a person they found on the way, and he was half dead at that time. Now he can crush the scar. It's ridiculous to think about it.

"Scar, I have no grudge against you. Why do you want to kill me? And how did you get into Ruoshui city?"

Wenbo was the first one to recover. He glared at scar and said angrily.

Han Rou wakes up by Wen Bo's question and looks at scar coldly.

She had some fear in her heart. If Wang Fan didn't come back in time, I'm afraid her Han family would be destroyed.

Scar doesn't pay attention to Wenbo and hanrou at all, but looks at Wang Fan in horror.

Now he is not thinking about killing Han Fu or Wang Fan. What he has to consider is how he can survive.

"Who are you and how can you get around me?" Scar stares at Wang Fan and asks word by word.

Wang Fan sneer, disdain said, "you such garbage, not qualified to know my identity."

"Now you've answered uncle Wen's question, and then we'll talk about how to spare your life."

Wang Fan didn't pay attention to people like scar.

If he didn't want to find out why scar wanted to deal with Han Fu, he would have killed this guy.

Scar deep breath, he can not put Wen Bo in the heart, but dare not put Wang Fan in the heart.

He took a look at Uncle Wen, and answered with some hesitation, "it was the Guo family who asked me to destroy your Han family. As for why I entered Ruoshui City, it was also because of the help of the Guo family."

In this case, there is no need to hide scar. Let's not say that he didn't have a deep friendship with Guo Jiagen. Let's just say that now that his scar is shriveled here, he can't make Guo's family feel better.

"The Guo family?" Wenbo was slightly stunned, and then he became angry.

As for Han Rou, she can't help but tremble and almost fall to the ground. Her pretty face is as white as paper.

Is this the Guo family that Han Rou almost married?

She was almost blind!

At this time, Han Rou even began to appreciate Wang Fan. If it wasn't for Wang Fan, she would not have found out the scandal between Guo Gaitian and Xiaoman, let alone resolutely broke the engagement.

If she doesn't break her engagement and marry into such a vicious and despicable family as the Guo family, it can be imagined that she will not be happy in the future.

She is more fortunate that she saved Wang Fan on the way, and Wang Fan appeared in time today, sparing her Han family.

Wang Fan listened to scar's answer, but it was a little strange. He couldn't help asking, "is that Guo family, the Guo family where Guo Gaitian is?"

He's really weird.

Guo Gaitian has an engagement with Han rou. Why should he join hands with Heifeng village to kill the Han family?

"Yes, that's the Guo family. As for why they want to destroy the Han family, you have to ask them. I don't know." Scar nodded.

Wang Fan looks at Han Rou and Wen Bo. Han Rou looks at Wang Fan's eyes and says, "you don't have to ask him. I know what's going on."

When Wang Fan heard this, he would not ask any more questions.

He just came to repay his kindness. As for the things between the Guo family and the Han family, he didn't need to know and didn't want to know.

"Now, may I go?" Scar see Han Rou seems to know the reason of the Guo family, can't help but relax, looking at Wang Fan asked.

"Of course." Wang Fan laughs, but the next second, his shadow knife has been drawn out again, cutting directly to scar's throat.

People like scar don't have to think that their hands are covered with innocent blood. It's strange that they can let go.

Scar was relieved when he heard Wang Fan's voice, but when he saw Wang Fan's shadow knife coming, his face changed.

Only at this time, he was relieved that he could not fight back.

With a hiss, a blood mist splashed and a plop, scar fell to the ground and died in a flash.

At the moment of his death, he heard the last two words in Wang Fan's mouth: strange.

The fierce scar of a generation of heroes who have been dominating Mogo Beach for more than ten years has been killed.

Looking at this scene, the whole scene is a dead silence.

Chapter 2588

Everyone was shocked!

Especially those guards who survived by chance have been completely petrified!

Where is Heifeng village?

Who is scar?

Even if they have not seen it, they have definitely heard of it.

But it was such a cruel man who died in Han's house, which really shocked them.

They did not expect that such a strong man was hidden in the Han government.

Of course, this is because Wang Fan has covered his face. Otherwise, they would be even more shocked if they knew that the person who killed scar was Wang Fan, the new member of the Han family.

"Miss Wen, I'll leave the next thing to you. If you need me, just go to my residence or Baiyaoge. Remember, don't reveal my identity and strength. "

Wang Fan ignored the shock of the crowd and said a word to Wen Bo and Han Rou. Then he waved out several handwinds to kill the bandits of Heifeng stronghold, and left here.

Not to mention that his strength is far from being recovered, even if it is recovered, he does not dare to expose his identity.

Because although the water city belongs to the mortal city, it can also be regarded as the territory of Sanshengzong.

Most importantly, it seems that Guo Gaitian still has a chance to join sanshengzong. In this case, once his identity is revealed, it is definitely not a good thing.

Han Rou and Wen Bo look at Wang Fan's back. Their eyes are complicated.

Although they are not monks, they can also guess that Wang Fan must have some powerful enemies, otherwise they would not have been so seriously injured that day.

As for Wang Fan's identity, only she and Wenbo are clear, so as long as they don't tell each other, no one else will know.

"Get rid of the bodies now, and then block all information. We can't tell whether Heifeng stronghold is attacking our Han government or someone who helped our Han government kill scar. "

"All the dead monks and those who took part in today's battle will be rewarded by our Han government."

Han Rou immediately said.

"Yes." The guards heard the words and answered quickly, then went to deal with the body.

Naturally, they are not fools, and they don't talk too much to make trouble for themselves. What's more, the first lady also told me in person.

The Guo family, Guo Tingbei and Guo Gaitian, as well as several senior members of the Guo family, are in the highest meeting hall of the Guo family.

The atmosphere at the scene was a little lively, and all their faces were full of bright smiles.

Because they know that the people of Heifeng village have entered Ruoshui city and killed the Han family, and it's scar who leads the team himself.

In this case, only the Han government could not resist at all and could only be destroyed.

After all, if Heifeng village can't even destroy a Han family, it won't have such a great reputation.

"Ha ha, congratulations. After today, there will be no Han family in Ruoshui city. As long as the Han family is destroyed, we will immediately try to spread the news to Han Rou's cousin Han Yu'er. "

"At that time, we can not only win Han Yu's sympathy and make Gaitian join sanshengzong again, but also use Han Yu to destroy Heifeng village. This is killing two birds with one stone."

An elder of the Guo family laughs, and his excitement is undisguised.

Guo State North listen to this, the face is also full of smile, "hum, just Han family, also dare to open the mouth to cancel the engagement, it is to seek death."

"If it wasn't for Han Yu, Han Rou's cousin, who could make Gaitian join sanshengzong, with our aptitude for Gaitian, how could we see that Han Rou? She is not worthy to be our concubine

As soon as Guo Tingbei's words came to an end, an elder echoed, "that's, that's, just a waste without spiritual roots. He even dares to cancel the engagement. It's just death."

"It's a blessing for Gaitian that we can take a fancy to her. She really thinks she's great. She's a real self offender."

In the meeting hall, all the elders were talking, and the atmosphere was very warm.

They all disdain the Han government. They think that the Han government is in favor of the Guo family, and they are not qualified to cancel the engagement.

Guo Gaitian, sitting in the starting position of Guo State north, did not speak, but his face was also full of smile.

According to Guo's spy report, so far, the Han family has not spread the news. In other words, Han Rou's cancellation of the engagement is unknown to Han Yu of sanshengzong.

Now, Heifeng stronghold has already entered Han's mansion. It is conceivable that this incident can not be exposed at all.

Since things can not be exposed, there will be no problem for him to join sanshengzong.

After a long discussion, Guo Tingbei suddenly frowned and asked, "what's the situation now? Why hasn't the news come yet?"

"According to the normal situation, scar personally leads the team to kill Han Fu. Han Fu should have been destroyed."

The elders were stunned when they heard this. At this time, they remembered that several hours had passed since scar killed Han Fu, and these hours were enough time for scar to kill Han Fu.

"I'll ask." An elder said quickly, immediately stood up and left the meeting hall.

A quarter of an hour later, he returned, but his face was not very good-looking.

Guo State north see this elder's facial expression, in the heart immediately is can't help clapping for a while, "how to return a responsibility son, what accident happened?"

The elder's face was dignified and nodded, "yes, according to the spy's report, everything in Han's house is normal now. It seems that it has recovered calm again. Even the guards have come out again."

"As for the scar who killed in Han's house and the people in Heifeng village, they have never come out since they went in."

"What?" Guo State north can not help but stand up, "how is this possible? Is it hard to be a scar? That son of a bitch is going against the water and doesn't want to destroy the Han family? "

"Or did Han Qi take out something to make him change his mind?"

Because of scar's strength and Guo Tingbei's knowledge of Han Fu, he doesn't think Han Fu can kill scar at all.

The elder shook his head and didn't know what was going on.

"What did he say about the man who was in Han's house?" Guo State north see elder shake head, eyebrow a pick, ask again.

"I can't get in touch." The elder replied in a low voice.

Guo State North hear this words, a heart suddenly like drop ice cellar.

The development of things has obviously exceeded his expectation, and he has a bad feeling.

Guo Gaitian was very happy at first. Now when he heard this, he couldn't help but ask, "father, what should we do now?"

Guo State North clenched his teeth, "immediately sent a group of elite, give me into the Korean house, to explore the news. Gai Tian, you can't stay here any longer. You go now and leave Ruoshui city. "

"If our Guo family is destroyed, Heifeng village and Han family are still in good condition. In the future, you will come back to destroy them and take revenge for our Guo family."

"Ah?" Guo Gaitian couldn't help opening his mouth.

Han Fu.

Wang Fan has found Lou Bufan.

when he found Lou Bu fan, Lou fan was grasping his face with a tight shovel and staring at the outside.

Not only Lou Bufan, but also the rest of the family.

Obviously, they also knew that someone had come to attack the Han government, but they didn't go out because of their poor strength.

Chapter 2589

"Extraordinary, what are you doing? It's frightening." Wang Fan looked at Lou Bufan and made a surprised expression.

Lou Bufan was more surprised than Wang Fan. He couldn't help asking, "Wang Fan, how did you come back? Didn't you meet those people who attacked Han Fu?"

Wang Fan frowned and shook his head, "no, I've come all the way. Han Fu is very calm and normal."

"Ah?" At this time, not to mention Lou Bufan, even the servants were a little surprised.

After a short period of consternation, a servant rushed out, but soon came back to tell everyone that there was nothing wrong.

Everyone was relieved to hear that.

Lou Bufan then said, "your luck is really good. It should be that you just didn't meet those people. Someone attacked our Korean government just now. It should have been solved. "

Lou Bufan said that he had already welcomed Wang Fan into his room.

After entering the room, Wang Fan looked at Lou Bufan and said, "Bufan, do you want to be a monk or a rich man?"

Lou Bufan was stunned when he heard Wang Fan's words. Then he laughed and said, "of course I want to be a monk, but it's a pity that I don't have any spiritual roots. I'm destined to be a mortal."

In the end, his eyes came to an end.

No matter he is Lou Bufan or other mortals in Ruoshui City, no one doesn't want to be strong, no one doesn't want to be a monk.

It's just that monks are so far away from them that they can only think about it.

Wang Fan said with a smile, "well, since you want to be a monk, I'll give you a chance to meet your wishes. It's not in vain for you and me to get to know each other."

Say, Wang Fan right hand a move, a Dan medicine already appeared in his hand, at the same time, the floor of the room also many tens of thousands of top grade spirit stone.

"As long as you take this elixir and practice with these spirit stones, you will soon step into the world and

become a monk."

"As for how far you can grow in the future, it's up to you."

Wang Fan looked at Lou Bufan and said.

In fact, he wanted to give Lou Bufan a low-grade spirit stone. After all, Lou Bufan is just an ordinary man and has not been involved in cultivation. It is a waste to give him a medium grade spirit stone, let alone a high-grade one.

It's a pity that the worst stone on Wang Fan's body is also the top grade spirit stone. He really can't get a lower spirit stone than the top grade spirit stone.

Lou Bufan looked at the pile of top quality spirit stones that appeared out of thin air. He was completely stupid.

With one move, there are so many things out of thin air, which only friars can do.

It's hard for him to believe that Wang fan should be a monk.

"You, you are immortal master?" After a long time, Lou Bufan came back to his senses and stammered.

Wang Fan shook his head. "I'm not an immortal, I'm just a monk."

Then he grabbed a storage bag. "This is a storage bag. You can put things in it."

"Remember, before you have no strength, you must not expose your storage bag, let alone these spirit stones. Otherwise, you will be killed."

Wang Fan's face was dignified.

It's not that he didn't want to give Lou Bufan a space ring, but that the space ring is too precious for low-level friars, let alone Lou Bufan.

If you give Lou Bufan a space ring, it will hurt Lou Bufan again.

"Thank you, thank you." After Lou Bufan recovered, he finally realized that he was not dreaming.

He was full of gratitude toward Wang Fan said thanks, and then excited will Dan medicine in the past, a swallow into the mouth.

Next, Wang Fan helped Lou Bufan refine the pills, told Lou Bufan how to practice and use the storage bag, and left here.

Of course, before leaving, Wang Fan also arranged a border ban in Lou Bufan's room.

After Lou Bufan's business here, Wang Fan went to Han Rou's residence again.

His mental power has recovered, so even if he has not been to Han Rou's residence, as long as his mental power is swept away, he can still find Han rou.

When he was in the past, Han Qi, Wen Bo, Han Rou and even some Han elders were there, so in order to avoid unnecessary trouble, Wang Fan covered his face again.

"Wang Er, here you are." When Han Rou saw Wang Fan, she immediately stood up and almost called out Wang Fan's name. Fortunately, Wenbo gave her a hand in time, and she just finished in time.

As for Han Qi and the elders of the Han family, their faces became respectful after seeing Wang Fan, and no one dared to speak any more.

Even if Wang fan is a benefactor of the Han family, they are still in awe of a powerful monk who can kill scar in Heifeng stronghold.

Wang Fan nodded, "Miss, I came to ask if I need to destroy the Guo family. If I need to go to destroy the Guo family, I will go now. "He came here to inquire about it.

The reason why he didn't ask when he killed scar was because he knew the relationship between the Guo family and the Han family and wanted to give Han Rou time to think.

Han Rou shook his head, "no, his Guo family can be unkind, but I can't be Han family."

With that, Han Rou suddenly looks at Wang Fan and asks, "I want to ask you for help. I don't know if you can agree."

Wang Fan Leng for a while, and then quickly said, "miss is too polite, something you say, as long as I can do, absolutely will not refuse."

Han Rou breathed a sigh of relief, "three days later, I'm leaving for Jingwu city. I hope you will go with me."

As soon as Wang Fan heard this, he knew that Han Rou wanted him to be a bodyguard.

Wang Fan of Jingwu city still knew that it was the place where sanshengzong and other major schools recruited disciples a year later.

"Of course, there is no problem. Three days later, I will escort the eldest lady." Wang Fan said without hesitation.

Now that his cultivation has begun to recover, it is impossible for him to stay in Ruoshui city all the time.

Now Han Rou wants him to escort him to Jingwu City, which is a good opportunity for him.

However, before going to Jingwu City, he needs Han Rou to help him find a new identity. In this way, he won't worry about exposing himself.

Of course, it's impossible for Wang Fan to talk about identity in front of so many people. He needs to talk to Han Rou alone.

"That's settled." Han Rou also became surprised, "don't worry, I won't let you help in vain."

"My cousin is in sanshengzong. As long as you escort me, I will find a way to get her to help you get a place for your disciples."

"Thank you very much, miss." Wang Fan listened to this, first a Leng, then quickly thanks.

In fact, he has no interest in the disciples of sanshengzong.

After all, he has three holy orders, which is enough to make him a core disciple or even a true disciple.

However, he can't refute Han Rou's face here.

Wang Fan stayed here for a while, and then found an opportunity to entrust Han Rou to help him find a new identity. After that, he left Han Fu and went to Baiyao Pavilion.

He has only three days left in Ruoshui city. In these three days, he plans to stay in baiyaoge to purify the liquid medicine and study the ancient book given to him by Zhang Zequan, the manager of baiyaoge.

Chapter 2590

In Baiyao Pavilion, Zhang Zequan almost jumped up in excitement after seeing Wang Fan. Wang Fan didn't come to Baiyao Pavilion for three days. He thought Wang Fan would not come back.

You know, it's hard to meet a powerful pharmacist like Wang Fan. He was able to meet one in Baiyao Pavilion, which was a great fortune.

"Shopkeeper Zhang, go and take all the herbs here. I will stay in Ruoshui city for three days. After three days, I will leave. "

Instead of chatting with Zhang Zequan, Wang Fan opened his eyes to the mountain.

"Ah?" Listening to this, Zhang Zequan couldn't help but open his mouth wide, looking a little lost. However, he soon put down the loss and ordered people to take the herbs.

It's really impossible for Wang Fan, a powerful pharmacist, to work for his Baiyao Pavilion all the time. In fact, he had expected that Wang Fan would leave sooner or later.

But he did not expect that this day would come so soon.

Ten boxes of herbs were quickly carried over and piled up all over the house.

Wang Fan didn't waste time either. After lighting all the medicine stoves in the room, he began to purify the liquid medicine crazily.

Now his strength has been restored to the level of the Kingdom, and he is also a level 6 alchemist. It's too simple to purify the liquid of these common herbs.

Just in less than one day, Wang Fan had purified all the herbal liquid and began to read the ancient book.

Two days later, Wang Fan's powerful spirit and memory had already memorized all the contents in the ancient book. After returning the ancient book to Zhang Zequan, he left Baiyao Pavilion.

He promised Han Rou that he would go to Jingwu city with her. Naturally, he would not break his promise.

When Wang Fan arrived at Han Fu, Han Rou had already been waiting outside the door, and several carriages were ready outside.

Han Rou saw Wang Fan coming, and a surprise immediately appeared in her eyes. She quickly welcomed him, "are you here?"

Wang Fan nodded and then asked in surprise, "do so many people go to Jingwu city?"

"No Han Rou shook his head. "They only sent me to Mohe city thousands of miles away. In Mohe City, there will be a special spaceship to send us to Jingwu city. "

Wang Fan nodded and said nothing more.

Not far away, the head of the Han family, Wen Bo and other senior members of the Han family all smile and nod to Wang Fan to show respect.

Wang Fan also returned one by one.

They set out quickly. Wang Fan and Han Rou got on the same carriage, while Wen Bo continued to rush.

"Here's your new identification. Now your name is Han fan. You are the guard of our Han government. Sorry, I can only help you get this identity. Please feel aggrieved. Don't mind. "

On the carriage, Han Rou hands Wang Fan an identity jade plate and says something apologetically.

She really did her best.

The middle level domain has strict control over anyone's identity. It's very good that the Han family can help Wang Fan get this guard identity.

This is because if the water city is a mortal City, otherwise, if you want to get an identity in a place like a friar City, you can't do it without an absolutely strong background.

Wang Fan nodded, "you're welcome, miss. I'm very satisfied that you can help me get a new identity."

Han Rou was relieved to see that Wang Fan was not displeased at all.

Since she experienced the attack of Heifeng village scar on Han's house, she has been more cautious.

They chatted again for a while, then fell into silence.

Wang Fan closed his eyes and began to practice in secret.

Because Han Rou is around, he doesn't dare to practice crazily, and he doesn't dare to take out many immortal stones at once.

He just held the immortal stones in his hand one by one, slowly recovering from cultivation.

Because the carriage was too slow, they arrived at Mohe city ten days later.

Before they entered Mohe City, Wang Fan couldn't help opening his mouth.

There are too many people, right?

Outside the city of Mohe, there are a lot of people. There are thousands of people queuing into the city.

The long line stretched at least ten miles away and looked terrible.

On both sides, all kinds of carriages have piled up like mountains, and there is no place for them.

"Don't be surprised. Every time sanshengzong and other sects recruit disciples, it's like this."

"Because there are too many people going to take part in the test and too many people seeing them off, the carriage is not allowed to enter the city and can only be left outside."

Han Rou is not surprised, looking at Wang Fan said.

After that, she looked at her father, Han Qi, Wen Bo and other Han family elders, "father, Wen Bo, uncles and uncles, go back first. Don't worry, we won't have anything

"Rouer, then you should be careful and pay attention to safety."

"Take care all the way, miss. When you arrive, remember to write back to us." "Eun Gong, next rou'er will trouble you to take care of her."

Han Qi, Wen Bo and other elders, after hearing Han Rou's words, are reluctant to say. Han Qi and Wen Bo, in particular, made a solemn bow to Wang Fan.

Wang fan saw this, quickly stepped forward to help them up, "you can rest assured, I will protect the young lady."

Han Rou also waved, "don't worry, we're all right, you go back."

After watching Wen and his party leave, they went to a place more than ten miles away and began to queue up for a long time.

Han Rou can't help but feel relieved to see that Wang fan is not dissatisfied with the large number of people and is even willing to line up obediently.

She was afraid that Wang Fan was not willing to line up and had to go in directly. In that case, it's really embarrassing her Han Rou, or her Han family.

Although her cousin Han Yu is a disciple of sanshengzong, she is only an inner disciple. Even if she can speak here, she can't trouble her cousin Han Yu with everything.

The party lined up for several hours before entering the city of Mohe.

After entering Mohe City, Wang Fan also took off his mask.

He doesn't want to let the Han family know his identity. Now that the Han family has left, they have no scruples.

The streets of Mohe city are even more crowded.

On both sides of the street, rows of armored guards are maintaining order. Although the strength of these guards is not good, they are backed by the clan.

"Miss, can we find a place to live Wang Fan looked at the dense stream of people and couldn't help asking.

"Yes, I had a reservation six months ago." Han Rou said without hesitation.

But after that, her face could not help changing. It was obvious that she thought of something unhappy.

Wang Fan himself is a smart man. When he looks at Han Rou's expression, he knows that Han Rou must think of Guo Gaitian.

If he is not wrong, it is very likely that Guo Gaitian and her rooms are all reserved in an inn.

They walked for more than two hours before they came to an inn.

When they entered the inn, the hall was also full of people.

But before they could get to the desk, they saw two familiar faces.

Han Rou looked at the two familiar faces, and the pretty face immediately became black and blue, with endless anger in her eyes.

Guo Gaitian, Xiao man!
