Chapter 2591

I saw Guo Gai Tianzheng and Xiaoman close together, but Xiaoman's face was not very good-looking.

When they see Guo Gaitian and Xiaoman, they naturally see Wang Fan.

Seeing Han Rou with Wang Fan, whether Guo Gaitian or Xiao man, her face changed.

In particular, Guo Gaitian's face was extremely blue, as if he had seen something very angry.

Han Rou, unexpectedly, went with Wang Fan, which is a great shame to Guo Gaitian.

Even if his engagement with Han Rou has been cancelled, Han Rou can't walk with a servant of Han Fu, can she?

Han Rou calms down when she sees Guo Gaitian's anger. She stepped forward, took Wang Fan's arm and said, "let's go."

With that, she no longer went to see Guo Gaitian and took Wang Fan to the service desk.

Guo Gaitian saw this scene, his whole face turned into a pig liver color, and his heart burst out with the impulse to kill.

Shame, it's a great shame for him!

He pulled Xiaoman forward in three or two steps, and said coldly, "shameless bitch, I didn't expect that you should get involved with this dog slave."

Guo Gaitian's voice was very loud, and his spearhead was directed at Wang Fan. So in a flash, Shua, Shua, all the people's eyes came over.

Guo Gaitian saw that he attracted the attention of the people around him, and he was even more energetic. "I said why do you want to cancel the engagement with me so firmly, because you have a crush on this dog slave."

"I really don't understand what's so good about this dog slave that you are willing to cancel your engagement with me."

"If the eldest lady of the Han family in Shuicheng is shameless, she's got mixed up with a dog slave and dare to show up here. You're really beautiful."

Guo Gaitian's words fell, the scene immediately rang out a burst of sobs.

Everyone's eyes are straight to Han Rou, eyes become strange.

Han Rou's pretty face was white with anger. He trembled and pointed to Guo Gaitian, but he couldn't say a word.

Wang Fan didn't want to be fussy at first, but this guy was a dog slave, a dog slave, which really made him angry.

He released Han Rou and calmly looked at Guo Gaitian, "you really can't spit out ivory from your dog's mouth. How dare you have the face to scold others for being such rubbish? "

Wang Fan said, suddenly hugged everyone, "everyone, originally I didn't want to be fussy, but since this young master Guo Gaitian had to find something, I can't blame him."

Speaking of this, Wang fan stopped for a moment, suddenly reached out and pointed to Xiaoman, "excuse me, everyone, do you want to know who this is?"

"I don't know."

"Who is he?"

All of them shook their heads, and some even asked subconsciously.

"You're just a dog slave. You want to die!" Guo Gai was very angry. He didn't expect that Wang Fan, a mere servant, would dare to challenge him.

Let alone Guo Gaitian, even Xiaoman was extremely angry.

As if she had seen something very big and intolerable, she pointed to Wang Fan and screamed sharply,

"dog slave, you are so bold. What are you, dare to talk to Mr. Guo like this, and dare to call Mr. Guo a dog?"

Guo Gaitian listened to Xiaoman's words, and his intention to kill was even more fierce, as if he would rush up and tear up Wang Fan in the next second.

Wang Fan didn't care at all, but looked at Xiaoman and said to himself, "I'm not something, but what you said is wrong."

"How can I call Guo a dog? If I call him a dog, am I insulting the dog?"

Coax.

Wang Fan's voice fell, the scene immediately rang out a burst of laughter, Guo Gaitian's face is also iron

green.

However, Wang Fan did not pay attention to the laughter, but continued, "this is the handmaid of the Han family in Ruoshui City, and also the handmaid of Miss Han in front of me."

"It's just that Miss Han is kind-hearted and never treats her as a maid. Instead, she treats her like a sister."

"As for Mr. Guo, he was from the Guo family in Ruoshui city. He had an engagement with Miss Han before."

"It's just that Mr. Guo, who has an engagement with Ms. Han, has a crush on Ms. Han's maid, and they are still together."

"You say that they are so congenial, should we miss Han be more generous, cancel the engagement and give them a chance to get together?"

When they heard this, they were all stunned and immediately laughed.

"Of course, it's time to give someone a chance."

"People are so congenial that they don't give opportunities to be so mean."

"Scum, it's shameless to be with my fiancée's maid."

"Hum, that maidservant is even more shameless. I feel disgusted when I look at her. Bah!" There was a lot of discussion at the scene, and the saliva was flying.

Anyway, they don't have anything to do. It's natural that they can't be lonely to have such a good play.

"You, you slave dog, dare to abuse me?" Guo Gaitian trembled with anger.

He pointed to Wang Fan, who emerged a strong intention to kill at the same time, Wang Jing three layers of breath is also crazy burst out.

Feeling the strong breath of Guo Gaitian, the scene was quite quiet, and most people could not help stepping back a few steps.

After all, there are not many monks on the third floor of the kingdom.

Only a few people have such strength.

Guo Gaitian saw the scene quiet down, pointed at Wang Fan and said angrily, "dog slave, you provoked me first, so even if I killed you, I still have reason."

Xiaoman was even more angry and turned pale. He screamed sharply, "kill him, kill him for me!"

Wang Fan didn't speak, just looked at Guo Gaitian coldly, and his eyes were full of provocation.

If he didn't know if he could do it or not, he would have slapped him in the face for fear that he would cause unnecessary trouble.

Guo repeatedly called him a dog slave. He couldn't bear it for a long time.

Now, Wang fan is waiting for Guo Gaitian to fight back.

"Dog slave, you die for me!" Guo Gaitian a roar, the whole person has crazy to Wang Fan.

Just a Wang Fan, he didn't see it at all, so he didn't sacrifice his weapons, let alone display his martial arts.

When he approached Wang Fan, his right hand turned into a slap and he slapped Wang Fan in the face.

He plans to slap Wang Fan to the ground first, and then step on it and humiliate him wantonly.

Only in this way can Wang Fan and Han Rou be humiliated and his hatred be eliminated.

Wang Fan looked at Guo Gaitian's slap, and disdain appeared in his eyes.

It's just the third floor of Wang's realm. He dares to slap Wang Fan with such a big slap. It's just death.

At the moment when Guo Gaitian's slap was about to hit him, he just flashed a little and had already dodged Guo Gaitian's slap.

Guo Gaitian was stunned when he slapped him in the face. Obviously, he didn't expect that a mere dog slave could escape his slap.

Without waiting for him to recover, the next second, the same slap had already come, and then fell on his face.

There was a crack, clear and loud.

Chapter 2592

With a hissing sound, Guo Gaitian spewed out a large cluster of blood and blood teeth, and the whole person was directly pumped away more than ten meters away before he fell to the ground.

Looking at this scene, the whole audience was quiet in an instant.

Don't say it's Xiaoman, even those people around are all stunned.

Wang Fan was able to slap Guo Gaitian on the third floor of the kingdom. Is this really a servant?

After returning to his original state, Xiaoman felt as if he had seen a ghost. His face was incredible. "You, you dog slave, dare to beat Mr. Guo?"

Pop!

It's another loud slap. As soon as Xiaoman's words almost fell, he was also patted by Wang Fan.

"For the sake of you being the maid of the eldest lady, I only give you this slap. If you dare to spray feces in your mouth again, don't blame me for being impolite."

Wang Fan's cold voice made Xiao man shiver and dare not speak any more.

Her heart is screaming, roaring!

What's the matter? What's the matter? When did this dog slave become so powerful that he could slap feiguo Gaitian?

"I, I will kill you!" By this time, Guo Gaitian had already got up.

His eyes are scarlet, staring at Wang Fan, as if to eat people in general!

It's a shame that he was slapped by a dog slave in front of the public. It's an unbearable shame!

With a whoosh, Guo Gaitian grabbed a big hammer and roared at Wang Fan.

The six point sledgehammer set off a violent killing power and hit Wang fan head on. This shocking scene made those people around feel a little scared.

But in Guo Gaitian's eyes, there was only madness and killing intention.

Wang Fan sneered. He didn't even want to hide. With a move of his right hand, the shadow knife already appeared in his hand, and then he slashed it hard towards the big hammer from bottom to top.

Dao Lang was torn out one by one. In an instant, he had already torn the killing power of the six point sledgehammer, and then pounded on the six point sledgehammer.

There was a violent energy storm, and the big hammer was blown away.

Guo Gaitian only felt the pain of the tiger's mouth. He could not help but gush out a mouthful of blood again, and his body retreated.

How is that possible? How is that possible?

He looks at Wang Fan with a shocked face. It's hard to believe that he is not a mere domestic servant's opponent.

"You are not as good as a dog. You want to kill me too. You'd better go back to practice for a few years."

The voice of Wang Fan's disdain came out, and his figure had leaped out again, and immediately a big foot had fallen on Guo Gaitian's face.

With another slap, Guo Gaitian's other face became swollen, and he was kicked to the ground.

But this time, before he could get up, the sole of his foot had already stepped down.

"Guo, you call me dog slave. Now you are trampled on the ground by a dog slave, what are you?"

"For Miss's sake, I won't kill you today, but if you dare to speak disrespectfully to me again, don't blame me for being impolite."

Wang Fan said, kick Guo Gaitian out of the inn, spin even with Han Rou to the service desk.

The most cruel way to deal with Guo Gaitian is not to kill him, but to humiliate him.

Now he tramples Guo Gaitian on the ground in public, which is the biggest shame for Guo Gaitian. I think Guo Gaitian has no face to continue to live in this inn.

Guo Gaitian was kicked out of the Inn by Wang Fan, and then felt the fiery sight around him. He almost wanted to find a crack to drill down.

Now he almost hated Wang Fan. He didn't understand how this mole ant slave could become so powerful.

Xiaoman, who was in the inn, had no face to stay here after seeing that Guo Gaitian was kicked away, and then rushed out of the inn.

However, she did not rush to Guo Gaitian, but to the distance.

Her heart is very afraid, afraid of their own before in Han house so provocative Wang Fan.

Fortunately, Wang Fan didn't give her a hard hand. Otherwise, even if she had ten heads, she would have lost them.

"Where are you going, bitch?" When Guo Gaitian saw that Xiaoman dared to escape, he immediately

became angry.

Xiaoman's face was pale, but he didn't look back at all. He only knew that he was running away.

"You want to die, bitch." Guo Gai's weather is shaking! He was beaten and humiliated by a mere slave. Now even Xiaoman, the maid, wants to betray him!

He dashed forward, soon caught up with Xiaoman, pulled Xiaoman's hair and slapped her in the face.

Xiao man screamed bitterly, but there was no one for her at all.

...

of course, Wang Fan didn't know what happened to Xiaoman. They quickly opened the room and then lived in it. "Thank you." After entering the room, Han Rou looks at Wang Fan gratefully and says.

Today, if it is not Wang Fan who accompanies her in Mohe City, she may have been humiliated by Guo Gaitian, and even have no face to stay in Mohe City, so she is really grateful to Wang Fan.

Wang Fan laughed, "it's just a small matter. You're welcome. By the way, when will the spaceship leave for Jingwu City, and how long will we stay in Mohe city? "

"Two days." Han Rou said, and then explained, "because I'm afraid of accidents on the road and delay time, I can't catch up with the spaceship, so I left a few days ahead of time."

Wang Fan nodded, then pointed to the inside of the small suite, "Miss, then I'll go to practice first, if anything, you remember to call me."

Then he went into the suite inside.

Two days of time, Wang Fan naturally can not be wasted, he will continue to practice, restore strength.

Han Rou knows that Wang fan is a monk, so she is not surprised that Wang Fan wants to practice.

She just sighed, Wang fan is really diligent, but unfortunately, the spirit root is too bad, otherwise it would not be only Wang Jing cultivation.

However, she has already vowed in her heart that she must let her cousin give Wang Fan a place to be a disciple of sanshengzong.

Two days passed quickly. On this day, Wang Fan was practicing. Suddenly, Han Rou knocked on his door.

"Miss, are you going to start?" Wang Fan opened the door and came out in a good mood.

After more than ten days on the road, plus two days here, his cultivation has completely recovered, and his injury has completely recovered.

At the moment, he's back at the top again. Naturally, there's nothing happier than that.

"Yes, the spaceship will open in an hour. Let's get there now." Han Rou nodded.

Wang Fan no nonsense, immediately followed Han Rou rushed to the Mohe square of Mohe city.

However, when they arrived at Mohe square, there were not many people on the square. On the contrary, there were many people outside the square.

Wang fan knows that most of those who are outside the square come to see off their families or relatives and friends, while those who are inside the square go to Jingwu city to take part in the assessment.

A group of guards stopped those who were seeing off their relatives and friends from entering the square.

Wang Fan looked at the crowd outside, and was about to enter the square with Han rou. A cold voice suddenly came over, "you humiliated Guo Gaitian in public?"

Chapter 2593

Wang Fan looked up and saw that the speaker was an elegant young man in blue.

The young man was handsome and had a beautiful face, but his eyes were very feminine.

Behind him, there was a man and a woman. The woman Wang Fan didn't know him, but the man Wang Fan was very familiar with him.

It's Guo Gaitian, the genius of the Guo family.

However, at this time, Guo Gaitian was no longer arrogant and domineering as before. He was just like a servant following behind the young man, showing great respect.

"You are right. I humiliated Guo Gaitian in public. What do you want?" Wang Fan didn't care about the young man at all and said with disdain.

The strength of this young man is very clear to him, the eighth floor of the kingdom.

The eighth floor of the king's kingdom is really a strong one in places like Mohe city. However, in front of Wang Fan, he was just like a mole ant, which was not enough to see.

The youth obviously didn't expect that Wang Fan would be so arrogant. His face became ugly instantly,

and his killing intention was uncontrollable.

"Well, you're very good. You're really kind, like you." he pointed to Wang Fan, his voice was very cold.

However, his words have not finished, but has been interrupted by Wang Fan, "don't talk so much nonsense, do it quickly, don't delay my boarding time."

Wang fan is really impatient.

It's just a mole ant on the eighth floor of the kingdom. He even dares to chatter in front of him. If he didn't want to affect Han Rou, he would have slapped him if he didn't want to show his identity.

"You Hearing this, the young man was even more angry. However, at this time, many people have noticed that it is not right, and they are frantically crowded over.

Aware of the crowd, the young man forced his anger down and pointed to Wang Fan coldly, "I remember you. I'll see you on the spaceship."

With that, he turned away without saying a word.

Wang Fan looked at the young man's back, but said with disdain, "if you don't have the seed to start, don't be cocky. There's so much bullshit."

The young man listened to this, his face was even more angry, but he still held back and didn't look back.

He swore in his heart that if he didn't tear Wang Fan to pieces, he would be a friar in vain!

"Let's go in, too." Wang Fan didn't take the young man seriously at all. He said faintly to Han Rou and was about to go in.

Just at this moment, he could not help but frown and pause.

"What's the matter?" Han Rou sees that Wang fan stops and asks.

"I saw that little man. She has become a female slave and is on sale." Wang Fan hesitated, but still said.

His mental power clearly showed that in an area north of the square, several women were being listed for sale, including Xiaoman.

Originally, Wang Fan was extremely resentful of this kind of thing that people were sold as slaves, but when he thought of Xiaoman's hateful face, his resentment was much less.

"Ah?" Han Rou can't help but open her mouth. Obviously, she didn't expect such a thing to happen.

"Miss, are you going to save her? If you save her, we'll get there. If you don't want to talk to him, we'll go aboard." Wang Fan said.

Han Rou hesitated for a while, but still nodded, "now that we see it, we'd better go and help her."

"In any case, she has lived in my Han government for more than 20 years. She can be unkind, but I can't be unjust."

"Good." Wang Fan nodded, immediately without hesitation, took Han Rou to the place where Xiaoman was sold.

Six women knelt down on the ground in a zigzag shape, each with a sign behind them marked with the price.

Their faces were pretty good, but their faces were very pale, and their eyes were full of despair and numbness.

Obviously, they did not expect that their fate would be so miserable.

Behind them sat a fat man in a green robe, and on both sides of the fat man stood two strong young men.

Just at a glance, Wang Fan had seen that the fat man's cultivation was on the first level of the Kingdom, while the strength of the two strong young men had reached the second level of the kingdom.

At this time, those who came to see off their relatives and friends, who are not qualified to enter the square, are surrounded by the six women, pointing.

"No.1, for a hundred gold coins."

"No.2, for 150 gold coins."

"No. 3, for 210 gold coins."

Wang Fan two people after approaching, swept the price on that brand.

He found out that Xiaoman's price was the highest among the six, which had reached 210 gold coins.

At this time, Xiaoman's eyes were also numb, and even despair appeared in the numbness.

At the moment when she saw Wang Fan, her eyes couldn't help brightening, and a touch of hope sprang up in her heart. But soon, she lowered her head, and the hope in her heart had disappeared.

In the face of Han Rou, she has only guilt.

She finally realized how good miss was to her and how bad Guo Gaitian was to her.

In any case, she also accompanied Guo Gaitian for a period of time, and gave herself to Guo Gaitian unconditionally.

Even if Guo Gaitian couldn't give her a place, she never thought that she would be sold as a slave by Guo Gaitian.

"I've bought all the six. Do you think the price is enough?" Wang Fan went to the six women and said to the fat man in the green robe.

Said, he directly took out a top grade stone, throw garbage in front of the fat man.

Fat man at first saw Wang Fan throw over a thing, unexpectedly want to buy six female slaves, or some disdain.

But when he saw what Wang Fan had lost, and felt the strong aura above, he was excited.

"This, this is the Zhongpin Lingshi? No, no, it's not a medium grade stone, it's a high grade stone. " The fat man was so excited that his heart was almost beating out.

Not only he, but also the two stout youths on the second floor of the Kingdom looked at the top grade spirit stone with shortness of breath and couldn't move their eyes any more.

In places like Mohe City, for these low-level friars, inferior spirit stones are extremely rare, not to mention intermediate spirit stones.

As for the top grade spirit stone, it's a legendary treasure. They haven't even seen it.

The fat man grabbed the top grade spirit stone, threw it into the storage bag, and tried his best to calm down. Then he said, "this elder martial brother, I'm sorry, this one is not enough."

In his opinion, since Wang Fan came here to buy female slaves, it means that Wang fan is definitely not qualified to go to Jingwu city to participate in the selection.

In addition, Wang Fan's aura is not obvious. He guesses that Wang fan is only a low-level monk at most. He just doesn't know what kind of luck he took to get a top-grade spirit stone.

He wants to blackmail Wang Fan to see if he still has the top quality spirit stone.

Wang Fan listened to the fat man's words, but he couldn't help but be stunned for a moment, and immediately he couldn't help laughing.

The price of six female slaves didn't add up to a thousand gold coins, but he took out a top-grade spirit stone to buy it. The fat man said it was not enough. He was really greedy.

"Since it's not enough, I won't buy it. Give me back what I just gave you." Wang Fan sneered and said decisively.

Chapter 2594

"Well, you said you wanted to buy it just now. Is it entertainment for me? Take out two more of them, or you won't leave. "

The fat man in the green robe was even more arrogant. As soon as he stared, he yelled at Wang Fan.

When he scolded Wang Fan, he stood up straight, and the strong breath of the king came out, directly oppressing Wang Fan.

The two stout youths, seeing the fat man in green robe, asked Wang Fan for three top-grade spirit stones, and they seemed to want to move them. Their eyes lit up immediately, and they also stepped sideways. The breath oppressed Wang Fan madly.

Wang Fan sneered, "so, if I can't take out two of those spirit stones, are you not going to let me go?"

"Hey, we didn't say that. If you want to go, you can go now. But what you have just brought out is to compensate you for cheating us. "

The green robed fat man said with a serious smile.

"Good." When Wang Fan heard this, he didn't have any idea to continue talking nonsense with him.

Almost when the word "good" came down, he had already stepped out and immediately clapped three times in a row.

Green robed fat three people see Wang Fan even dare to so arrogant even wave slap to them, face immediately green.

This is just looking down on them.

Ferocious and sneer appeared on their faces. They were planning to kill Wang Fan directly, and then search Wang Fan's storage bag.

But soon their faces changed.

Because they found that they could not move, just as if they were tied into zongzi by countless invisible ropes.

At this time, if they don't know that Wang fan is a monk far better than them, they will be pigs.

Cold sweat instantly covered their whole body, but without waiting for them to speak, Wang Fan's slap had already fallen on their face.

Pa Pa!

Three times in a row, the three fat men in green robes were all pulled out and fell to the ground, spitting out a mouthful of broken teeth and blood foam.

People around to see this scene, is a burst of uproar, quickly can not help but start to retreat.

As they all know, I'm afraid it's a big deal today.

This is the square where the talents of the major cities board the ship and go to the assessment place of Jingwu city. It's too courageous for someone to dare to fight here.

"You, how dare you do it here?" The fat man in the green robe had already forgotten his fear and cheered at Wang Fan.

However, there was no need for Wang Fan to answer at all, and a cold voice with killing came over, "who dares to do it here?"

With the sound, a middle-aged man with a Friar's bun appeared from mid air, and immediately came to Wang Fan and others.

The middle-aged man's face is cold and fierce, and his eyes are extremely cold. He looks at Wang Fan, fat man and others coldly, and his body is full of killing intention.

"Deacon Hong, it's deacon Hong."

"Oh, my God, this incident has startled deacon Hong. It seems that the guy who started is going to have bad luck."

Those people around to see people, first a Leng, followed by a burst of uproar.

From their tone and attitude, it is obvious that this middle-aged man is not simple.

"Zhi, deacon, this guy wants to buy my female slaves by force. I don't want to, so he hit us and asked the deacon to decide."

When the fat man in green robe saw the Deacon coming, his eyes lit up immediately. He quickly told the villain.

When the middle-aged man heard this, his face became colder. He turned to Wang Fan and said, "how dare you do it here?"

With that, he had already grasped Wang Fan with a big wave and a slap, and he didn't even give Wang Fan a chance to speak.

Anyone who dares to sell female slaves here has some background, otherwise it is impossible to sell female slaves here.

Now it's boarding time. Since Wang Fan bought female slaves here, it means that Wang fan is definitely not a genius to board.

After all, those geniuses have to go to Jingwu city to assess their talents. Where can they afford to buy female slaves.

Most importantly, he also knew that most of the female slaves here were sold by those geniuses because they could not take the spaceship with them.

Wang Fan originally intended to explain a sentence, only to see that the Deacon did not give him the opportunity to speak, but directly chose to do it, so he immediately did not want to explain again.

Wang Fan didn't care about the Deacon at all. He stepped out one step and blew out with one punch.

Bang!

Click!

Two low sounds, the Deacon's arm in an instant was blasted apart, blood spray sputtering at the same time, the whole person flew out.

After he fell to the ground, he couldn't help hissing and spitting out a few mouthfuls of blood, and looked at Wang Fan with a look of horror.

He's a strong man in the Ninth level of Wang Jing, but now he's blown away by a blow. However, he soon stopped thinking about it so much. Instead, he grabbed a message and crushed it. The dazzling red light burst into the sky, and in an instant, it attracted the attention of all the people around.

"What happened?" After the messenger was crushed, only a few of them could not breathe, so three friars flew over.

These three people, all of whom have some years of age, are full of breath and cold, and have obviously stepped into the realm of respect.

"My Lord, this man, this man does it to me!" The Hong deacon, who had his arm broken, pointed angrily

at Wang Fan.

Hearing this, the three strong men immediately looked coldly at Wang Fan.

The little friar with small eyes in the middle asked, "Why are you doing it here? If you can't give a reasonable explanation today, you don't have to go."

"Oh, really?" But to his surprise, Wang Fan didn't explain. Instead, he snorted scornfully, and he had already punched him.

At this moment, not to mention the people around, even the small monk with small eyes who opened his mouth was completely confused.

It's too crazy to start a fight. Is it the rhythm of seeking death? Soon, the little monk was not thinking about it, but became angry.

He didn't want to say a word any more, and the momentum of Zun Jing came out in a frenzy, with the same blow.

He wants to blow Wang Fan away. He wants to let Wang Fan know the price of being arrogant in front of him.

However, the ideal is very full, but the reality is very bony.

Bang.

Click.

After the two sounds, in the eyes of the people, the little monk with small eyes was also blown out, and his arm was broken.

At this moment, the scene finally quieted down.

Everyone realizes that Wang fan is a cruel man, and also a powerful cruel man.

The other two monks were also shocked. They were shaking Wang Fan's power.

As for the fat man in green robe, his face suddenly turned pale with a Shua. He had offended such a powerful and cruel man. I can imagine that he was miserable.

"If you want to ask what happened, just ask directly. Don't threaten me. This time I'll just break your arm, but next time I'll kill you. "

Wang Fan's cold voice came out, and the squat monk Zunjing, who was abandoned by Wang Fan, was like falling into an ice cave for a moment.

Chapter 2595

"I don't know you're here. Please forgive me." When the other two people saw this scene, they dared to continue to fight and quickly apologized.

Their hearts are set off a storm, even Zunjing a layer of Qi Chengxuan were Wang fan blow fly, this is at least Zunjing late strong ah.

This kind of strong man, even if they go together, is not enough to see.

As for Wang Fan's strength to reach the holy land, they did not even dare to think about it.

That kind of strong, for them, is the existence of legend, it is impossible to come to Mohe city this small place.

As for what Wang Fan did here, they had already been afraid to investigate.

Even if Wang Fan has no reason, what? In this world where the strong are respected, everything is fist talk.

Wang Fan glanced at the two people and said faintly, "I'm not a senior, and don't think I'm deceiving people by strength."

He pointed to the fat man in green robe, "this man is a vendor selling female slaves here. You can see the price of the six female slaves, too."

"At a price of less than one thousand gold coins, I gave a piece of high-quality spirit stone. This guy didn't think it was enough, and he wanted to swallow my spirit stone and give it to me."

"You say, should I do something like this?"

At the moment, even if Wang Fan only needs a word, he can easily take away the six female slaves and take back his own top grade spirit stone, but he didn't do that.

Wang fan is a reasonable person, not a bully. He doesn't want to bear those bad names.

"Ah, how could such a thing happen? How dare this man treat his predecessors like this? It's really a punishment. The elder just slapped him. It's just too kind. "

"I really didn't expect that there should be such scum in Mohe city. Don't worry. We must be fair to you."

When they heard Wang Fan's words, they immediately became angry and looked at the fat man with green robe.

It's just a mole ant in the king's kingdom who dares to challenge the late monks of Zunjing. It's like looking for death.

Even the monk Zunjing, who opened his mouth later, was about to rush to the fat man in green robe after his words, but he was stopped by Wang Fan.

After Wang fan stopped the monk Zunjing from doing it, he pointed to the first deacon of Wang Jing's eighth floor, surnamed Hong, "as for this man, as a deacon, there is no justice."

"He just listened to the one-sided words of the green robed friar. He didn't even give me a chance to explain it, so he started directly at me."

"You say, in the face of his provocation and action, should I fight back? Can I just stand there and let him punch me?"

Wang Fan's voice fell, and the Deacon surnamed Hong's face also changed. His whole life was like falling into the ice cellar.

He knew that he was finished, and he was sure to be finished.

If he had known that Wang Fan was such a powerful monk, even if he had given him the courage, he would not dare to do it.

He couldn't help shaking his body and looked at the fat man in green. Unfortunately, the fat man in green was paralyzed and even more afraid than him. He didn't notice his cruel sight.

"Son of a bitch!" After hearing Wang Fan's words, the two monks became angry again. One of them couldn't help but step forward and step on the Deacon Hong.

A sound of bone fracture came out. Just in a moment, the skeleton of the Deacon Hong's whole body had been crushed, and he uttered a shrill scream.

Wang Fan had no sympathy for the monk surnamed Hong. He had looked at the fat man in green again.

The fat man in green robe couldn't help shivering when he saw Wang Fan's sight sweeping. He didn't wait for Wang Fan to speak, so he said quickly,

"master, I'll give you your things back, and those female slaves will also give you. Please be kind."

At the same time of begging for mercy, he also quickly took out the top grade spirit stone, quickly climbed forward and handed it to Wang Fan.

Wang Fan didn't pick up the top grade spirit stone. Instead, he grabbed two and threw them in front of him. Then he said, "I don't need you to return my spirit stone or send me a slave."

"Didn't you say that only three top grade spirit stones could buy them? Now I'll give you two more. I'll take them with me. "

With that, Wang Fan went to Xiaoman's six people, "clean up and follow me."

Six people listen to this, complexion is more pale, but also did not dare to resist, quickly throw away the sign inserted in the body, and cleaned up the clothes, stood behind Wang Fan.

They are a little uneasy, do not know what Wang Fan bought them to do, waiting for their fate.

You know, Wang Fan just strong, but they can see clearly, fall in the hands of Wang Fan, then they are no chance to escape.

Even Xiaoman was flustered and uneasy. She also does not know, waiting for their own will be what the outcome.

After seeing Wang Fan leave with six female slaves, the fat man in green robe is even more scared. He knew that he was finished. He was really finished.

Sure enough, as soon as he thought of it, he heard a cold hum. Then he grabbed him like a chicken and left here quickly.

A hundred miles away from Mohe City, Wang Fan has laid down six people.

He looked at the six and said calmly, "well, you're free. Run for your own life. I can only help you so much. "

With that, he didn't wait for six people to reply. He took Han Rou with him. As soon as his body flashed, he disappeared.

Six people stare at this scene, can't believe their eyes.

Especially Xiaoman, she is in a trance at the same time, the heart is more bitter.

She knew that she would never go back.

Since some things have been done, they can no longer be erased.

After returning to God, six people, including Xiaoman, fell on their knees one after another and knocked their heads three times toward the direction of Wang Fan's departure. Then they turned and left.

After Wang Fan and Han Rou returned to the square, they boarded the spaceship.

The spaceship is very big, but in Wang Fan's opinion, it is rubbish.

If he and Han Rou could not find the way to Jingwu City, he would not have taken the spaceship.

Because there are thousands of people going to Jingwu city to take part in the assessment, Han Rou and other people were arranged in the lower class.

As for Wang Fan, because of the appearance of Han Rou's servant, he was arranged in the servant area.

The so-called servant area is also a spacious hall, in which all the shops are placed, and all the people are crowded on them.

Wang Fan looked at the shop, very speechless.

He didn't expect that his treatment would be so poor that he was arranged to rest in the shop.

However, Wang Fan did not provoke the Deacon on the spaceship because of this. He went straight to a corner near the inside and sat down.

In the high cabin, in a luxurious room, the young man stood at the window. Behind him stood Guo Gaitian and another middle-aged man with a face full of flesh.

No matter Guo Gaitian or the middle-aged man with a face full of flesh, he is very respectful to the feminine youth.

The other monks who took part in the examination all lived in the lower class, while the feminine man lived in the higher class, which shows that his status is unusual.

Chapter 2596

"Did you find out which room those two guys lived in?" The soft young man gazed out for a long time, then slowly asked.

"The investigation is clear." The fleshy middle-aged man quickly bowed to answer, "that Han Rou lives in room 132 of the lower cabin, and that Wang Fan lives in the Tongpu of the domestic servant area."

"Good." Yinrou young man nodded, "you go to the servant area immediately, kill the man named Wang Fan, and then bring hanrou to me."

"By the way, when you go to the domestic service area, let Jia know. If that Wang Fan dares to fight back, and you can't help him, let Jia directly come forward. "

"Yes." The middle-aged man with a face full of flesh answered respectfully and immediately backed out directly.

His eyes, is the emergence of a touch of disdain and cold.

It's just a domestic servant. If you can't deal with him, it's too funny. It's just that since the young master has given such orders, he naturally has to do so.

After the middle-aged man left, Yinrou looked back at Guo Gaitian, "does that woman named hanrou really have a jade pendant that goes into the outer gate of sanshengzong?"

"Guo Gaitian, I know the hatred between you and them. You should never use me, or you will know the consequences."

Guo Gaitian could not help shivering when he heard the young man's words. He said quickly, "it's true. I'm sure they have jade pendants that enter the outer gate of Sansheng sect."

"But I don't know whether the jade pendant is on Han Rou or on Wang Fan."

When Guo Gaitian was talking, there was a ray of hatred in his eyes.

He has now guessed that Wang fan or Han Rou were the most likely victims of the poisoning that night. Since it is two people poison fainted him, that is very obvious, jade pendant also fell in two people's hands.

In addition, Wang Fan and Wang Fan both ran to Jingwu City, so he was sure that the jade pendant was on them.

But Guo Gaitian didn't know. Wang Fan took the jade pendant just to absorb its aura and recover his strength. As for the function of the jade pendant, he really didn't know.

As for the jade pendant, Wang Fan had already lost it after absorbing its aura. He didn't take it with him at all.

"Very good!" Yinrou young man heard Guo Gaitian's words and nodded. There was an undisguised excitement in his eyes.

No matter how noble his status is, it is only relative to the people on these spaceships. In front of sanshengzong, he is nothing.

Let alone a disciple of sanshengzong, even a servant disciple of sanshengzong is much more noble than him.

Domestic service area.

After Wang Fan lay on the shop, he closed his eyes and planned to sleep.

There's no way. This kind of place is not suitable for cultivation. It's not pleasant even if you secretly take out the Zhongpin immortal stone for cultivation.

The domestic service area is very large, and there are many people in it, with a total of two or three hundred people.

Two or three hundred people crowded in a main hall. Naturally, the scene was chaotic.

Fortunately, the area of this hall is relatively large, even if it seems a little crowded, it can at least ensure that everyone has a full bed.

Otherwise, it would be even funnier if two people were in one bed, or three people were in two beds.

After Wang Fan closed his eyes, no one bothered him.

The servants gathered in groups and began to chat.

We are all domestic servants. Naturally, there are not many domineering people. No one is making trouble here, and no one is looking for Wang Fan's trouble.

Wang fan automatically shielded those disorderly sounds, and soon entered a state of false sleep.

However, this state lasted only half an hour, and he opened his eyes.

His mental power clearly swept to a middle-aged man with a face full of flesh, following a spaceship deacon, walking towards the domestic servant area.

It's just strange that the Deacon stopped when he was hundreds of meters away from the domestic servant area, and then arranged several prohibitions to hide himself.

As for the middle-aged man with a face full of flesh, he went on to the domestic servant area.

Wang Fan looked at the scene and couldn't help frowning.

It's so mysterious that he feels that these two guys are not holding their farts.

But he didn't care, because he didn't think the two men were coming to deal with him.

He just got on the spaceship and didn't offend anyone. It's impossible for anyone to trouble him.

As for the young man he offended under the spaceship, Wang Fan didn't think he had such great energy

to command the spaceship deacon.

In just a few minutes, the middle-aged man with a face full of flesh walked into the servant area.

In the moment of entering the domestic servant area, the fierce momentum of the seven layers of the king's realm on him was frantically diffused out.

In an instant, all the servants in the hall were quiet, and looked at the middle-aged man with shock and fear.

Most of these servants are martial arts practitioners. Even if they are monks, their accomplishments are very poor. They can't go to the Kingdom at all. Otherwise, they will not appear here as domestic servants, but live in the lower cabin as examiners.

Therefore, for these people, the strong in the king's realm is the existence above.

The middle-aged man's momentum gave them a kind of extreme depression and uneasiness.

When the middle-aged man saw that everyone was quiet, he just glanced at Wang Fan in the innermost corner.

He raised a smile at the corner of his mouth and walked directly to Wang Fan.

Wang Fan sat up. He was really speechless.

Is this guy really here to get in trouble with him? He couldn't figure out when he had offended such a person.

"I like this position. Get out of the way." The middle-aged man walked up to Wang Fan in three or two steps. He cheered coldly while pressing Wang Fan with great momentum.

He has heard the young master say that Wang Fan has a strong character and is not willing to suffer losses at all.

So he thought that if he told Wang Fan to go away in public, Wang Fan would not be able to bear it, and then he would do it.

By that time, his goal would have been achieved.

Just to his surprise, Wang Fan just looked at him, then stood up without saying a word, and then went to another shop.

Seeing Wang Fan's behavior, there was no accident at all for those servants around him.

Because in their view, this is normal, otherwise, I'm afraid that waiting for Wang Fan will be the pain of flesh and blood or a bloody lesson.

The middle-aged man was a little confused when he saw Wang Fan's obedience, but he soon recovered and pointed to Wang Fan again,

"you can't sleep there either. I feel sick when I see you. Roll to 5000 meters away."

Five thousand meters away?

Wang Fan listened to this, his heart set off a touch of anger, but he still put up with it, and walked out directly.

There's no way. Five thousand meters away, that means let him leave the hall. As long as he is still in the hall, it will be within 5000 meters.

"Can it all be tolerated?" The middle-aged man was a little stunned. Now he even doubts the young master's words. This kind of rubbish can also be regarded as a strong character?

To tell you the truth, if the young master didn't have orders, he would be too lazy to bully such a waste.

"Get back here!" As Wang Fan was about to walk out of the hall, the middle-aged man spoke again.

However, this time Wang Fan did not listen to him, but walked out of the hall without looking back.

"Garbage, you dare not listen to me and seek death!" The middle-aged man was angry, he finally found the opportunity to start, roared, and rushed directly to Wang Fan.

Chapter 2597

Wang Fan noticed that the middle-aged man killed him, and his heart set off a sneer.

He's not afraid that this guy will come out, but he's afraid that this guy won't come out.

It's just seven levels of a king's realm. I dare to challenge him, the strongman of the holy realm. I'm just impatient.

He would have killed the middle-aged man in the servant area if he hadn't been afraid that there would be a top strong man on the spaceship. How could he have endured it until now?

Almost when the middle-aged man rushed out, Wang Fan had already quickened his pace towards the distance.

His hands were also dancing, and he set out a series of boundary prohibitions, which were on top of the prohibitions set by the Deacon.

While preventing the Deacon's mental investigation, it also blocks his perception.

Because the speed of Wang Fan's arrangement of prohibition was too fast, and the difference between the middle-aged man and his cultivation was too big, the middle-aged man didn't see it at all.

He only saw Wang Fan turn into a corner, and then followed him.

When he rushed to the corner, his figure suddenly stopped and his eyes became stunned.

Because he found that Wang Fan did not continue to run, but stood there.

"Who asked you to deal with me? As long as you say it, I'll give you a good time." Wang Fan calmly staring at the middle-aged man, while talking, once again arranged a few prohibitions.

"A piece of rubbish, dare to speak up!" Hearing Wang Fan's words, the middle-aged man suddenly recovered.

He roared, a right hand, directly grabbed a chilling ice sword, ice sword waving, even stirred up the frost, crazy stab to Wang Fan.

The fright of terror diffuses on Wang Fan. If Wang fan is any worse, he will be frozen into ice sculpture.

It's a pity that the middle-aged man's cultivation is not good enough, or the level of the ice sword is not enough. Although the chill is pressing, it's far from a threat to him.

Wang Fan snorted coldly. He didn't even mean to start. He just reached out and put out two fingers, and suddenly waved a clip.

The chill in the sky had been dispelled, and the ice sword was caught by Wang Fan.

The middle-aged man was stunned and couldn't believe his eyes.

It's too bad that someone can clamp his ice sword so easily, and it's still under the condition that he splits it with all his strength, isn't it?

The cold sweat overflowed from his forehead, and the middle-aged man finally realized that he was far from Wang Fan's opponent.

At the moment of realizing this scene, the first thing the middle-aged man did was not to ask for mercy, but to shout to the Deacon not far away, "deacon Liu, help me."

It's a pity that although his voice is very loud, it's blocked by the border prohibition arranged by Wang Fan, and there's no way to spread it.

"Come on, who sent you to kill me? I'll only give you one last chance. If you can't grasp it, don't blame me for being rude." Wang Fan didn't care about the middle-aged man's shouting at all, and made a sound again.

The middle-aged man finally realized that it was wrong.

Deacon Liu is not far away. There's no reason why he can't hear his cry for help. But now, Deacon Liu didn't respond at all. Could it be that the middle-aged man thought of it and said, "it's Zhuang Cheng..."

Unfortunately, only half of his words, Wang Fan's fingers had already touched his eyebrows.

Come on!

A blood light overflowed and the middle-aged man died here.

Wang Fan burned the body of the middle-aged man with a fire, and immediately left here and ran to the Deacon.

His heart was a little depressed. The middle-aged man's answer was too slow, so he didn't have time to stop.

Within the boundary prohibition, a tall and thin man was standing there bored, staring at the direction of the domestic servant area.

He was a little upset. He was only dealing with a domestic servant. He even asked him to come here in person. It was like killing a chicken with a bull's knife.

It's a pity that Zhuang's identity is a little unusual. He doesn't dare to offend him, so he can only come here once.

"It's really useless that the garbage is so slow that he hasn't finished the servant yet"

deacon Liu couldn't help cursing, but soon his face changed and his voice stopped abruptly.

Because in front of his eyes, there was a person without a sound.

He didn't know who this man was and when he appeared.

As if, this person has been staying in front of him, but he did not find the general.

"You, who are you? I'm the deacon of the spaceship. If you touch me, it won't come to a good end. " Deacon Liu said in a trembling voice, at the same time, he wanted to encourage Lingqi to leave here.

Unfortunately, he was shocked to find that Rao did his best and could not move.

"You don't care who I am, just answer me a question. Who sent you here, and where is the man who sent you? "

Wang Fan looked at the Deacon Liu and asked with a smile."Yes, it's Zhuang Chengjie. He, he asked me to come. He lives in room 3 in the high cabin." Deacon Liu didn't hesitate at all. He trembled back.

"Well, you can go away."

"Remember, don't tell us what happened between us, or you will know the consequences."

Wang Fan left a word and disappeared.

He didn't kill the Deacon surnamed Liu. First, he didn't have time to fight him. Second, he was afraid that killing the Deacon would have a big impact.

What's more, it's just a mole ant, and he's really lazy to kill before he can challenge him.

Wang Fan's mental power spread out crazily, and soon spread all over the whole spaceship. At the same time, he also saw the people in room 3 of the high cabin.

At the moment of seeing this man, Wang Fan immediately understood. It's the tender young man. No wonder.

The other monks who took part in the examination lived in the lower class, but this guy was in the higher class.

Not only that, he was able to let the ship deacon work for him. Obviously, it's not easy.

It's just that, no matter how simple it is, it's just mole ants for Wang Fan. Since this guy wants to deal with him, don't blame him for tit for tat.

Wang Fan thought of these at the same time, the whole person has flashed on the high class.

As for the spaceship guard guarding the entrance, it's just a decoration for Wang Fan, which has no effect at all.

High class room three.

The young man, Zhuang Chengjie, frowned and seemed to be displeased.

Guo Gaitian was still standing respectfully behind him, not daring to say a word.

"What's the matter? It's been such a long time. Why hasn't Wang Fan been solved and Han Rou brought here? Is there something wrong?"

Zhuang Chengjie can't help asking. Unfortunately, Guo Gaitian can't give him an answer.

He cursed again. At a certain moment, Zhuang Chengjie finally couldn't help saying, "Guo Gaitian, go and see what's going on, and then report to me immediately."

"Yes." Guo Gaitian is just like a obedient pug. He doesn't dare to refute at all, and he can't see any arrogance in his body.

He answered respectfully and turned to walk out.

Unfortunately, before he left the room, a cold voice came in, "you don't have to look, those two wastes have been solved by me."

Chapter 2598

The sudden voice changed the faces of Zhuang Chengjie and Guo Gaitian, and immediately they saw a young man in the room.

"It's you?"

"Wang Fan!"

Zhuang Chengjie and Guo Gaitian speak out almost at the same time. While they are angry in their hearts, they are also making waves.

How did Wang Fan show up here and how did he show up?

The most important thing is that since Wang fan is here, doesn't it mean that all the people they sent out have been solved?

Zhuang Chengjie's reaction is the fastest. When he comes back to himself, he doesn't start at the first time, but rushes to the door.

Wang fan can appear here, which means that Wang fan is not simple.

Even if he thinks that Wang Fan must have used some means to come in quietly, in fact, his strength is not so good. But at this time, he did not dare to fight with Wang Fan.

This is the high class area. As long as he can rush out of the room and activate the top deacon on the spaceship, Wang Fan will be finished.

However, Zhuang Chengjie had not rushed to the door when he heard a loud bang. Then he felt as if he

had been hit by a copper wall and bounced back.

His head is burning pain, as if to be broken in general.

Wang Fan stepped forward and sat down on the only chair. Then he said faintly,

"Zhuang, don't you want to kill me? Now that I've delivered it myself, why do you have to leave instead? It's not right. "

Zhuang Chengjie rubbed his painful head. Then he looked up at Wang Fan and yelled, "Wang Fan, this is a high class cabin. How dare you come here?"

"Believe it or not, as long as you dare to touch my hair, you will die within half an hour?"

Wang Fan looked at Zhuang Chengjie and shook his head seriously. "Sorry, I don't believe it."

With that, his figure suddenly flashed. In a twinkling of an eye, he had already come to Zhuang Chengjie, and immediately took a picture with his right hand.

Pop, pop, pop.

Just in an instant, he slapped Zhuang Chengjie in the face and beat him.

Finally, Wang Fan grabbed Zhuang Chengjie's hair and threw it on the ground. After all this, he said,

"you see, now I have moved your countless hair, how do you want me to die without a place to die?"

Zhuang Chengjie fell to the ground, feeling the burning pain on his face and head, and his face became extremely ferocious.

Zhuang Chengjie was beaten by a little servant. It's an insult. It's an unbearable insult!

He was so angry that he had forgotten how Wang Fan, a mere servant, could be so powerful.

"Shame me, I'll kill you!" Zhuang Chengjie roars angrily and pours at Wang fan like a wolf.

Wang Fan looked at Zhuang Chengjie, disdain a smile, just raised his foot, bang, Zhuang Chengjie just like a sandbag to fly out.

He rushed fast and flew backwards faster. The whole person fell to the ground with a thump, spitting out a mouthful of blood, but he couldn't get up for a long time.

Guo Gaitian saw this scene, at the same time, his heart also became scared.

Once upon a time, the dog slave, who was not seen by him, became so powerful?

At this time, he finally understood why the scar of Heifeng stronghold could not destroy Han Fu.

With Wang Fan as an expert, not to mention one scar, even ten scars can't destroy the Han family.

"Mr. Guo, we meet again." Wang Fan did not pay attention to Zhuang Chengjie, but looked at Guo Gaitian with a smile.

Guo Gaitian saw Wang Fan's eyes sweeping, and he couldn't help clapping, "you, what do you want?"

His voice trembled as he spoke.

Even Zhuang Chengjie, who is on the eighth floor of the Kingdom, is like a suckling baby in front of Wang Fan.

With his three-tier strength, even the suckling babies are inferior.

"I don't want to do anything." Wang Fan shook his head, then pointed to Zhuang Chengjie who fell to the ground, "you and he, only one person can live, you can do it by yourself."

Guo Gaitian listened to these words, first in a daze, and then he gritted his teeth and turned to Zhuang Chengjie.

Zhuang Chengjie saw that Guo Gaitian dared to pounce on him and was furious, "Guo Gaitian, do you want to die?"

Bang!

Just as his words had just come to an end, Guo Gaitian already had a fist on his mouth.

Zhuang Chengjie whimpered, his teeth were knocked off, and his blood was spit out.

He was about to explode.

Just a Guo Gaitian, just a guy he used as a dog, dare to beat him? He madly agitated the aura in his body and wanted to kill Guo Gaitian immediately.

Unfortunately, soon he was shocked to find that he could not pick up any aura.

"To die? I think it's you who are looking for death! I'm a monk in the third floor of the Kingdom, but I'm treated like a dog by you son of a bitch. Who the hell do you think you are

"What's more, you even dare to offend Wang Shao. You are looking for death! How dare you offend

At this moment, another scream came. Then he saw that Guo Gaitian, not far away, was just slapped by another deacon, and he swallowed his breath.

"This..." looking at this scene, he immediately had some creeps.

...

at this time, Wang Fan has swaggered back to the domestic servant area.

The hall, which was originally very noisy, quieted down strangely after seeing Wang Fan enter.

All the servants looked at Wang Fan as if they had seen a ghost.

Chapter 2599

But they saw with their own eyes that the fierce monk of Wangjing pursued Wang fan out, but now, how did Wang Fan come back safe and sound?

Although people are confused and shocked, but no one dare to ask more, no one dare to continue to speak.

Once Wang Fan really killed the monk in the Kingdom, it means that Wang fan is at least a monk in the kingdom. For this kind of ruthless man, these servants still dare not offend.

Wang Fan didn't pay attention to the shocked servants. He went back to the corner shop again and sat down.

It's just a few mole ants. If you kill them, you'll kill them. He hasn't paid attention to them yet.

As long as he can ensure Han Rou's safety.

Spaceship, high class, in a very luxurious hall.

More than 20 deacons gathered here, their faces were very dignified.

Sitting in the first place is a round faced man in a yellow robe. His strength has reached eight levels of Zunjing, and his breath is extremely strong. At the same time, he is also the most powerful person on the ship.

His name is Yong Lanhai. He is the seventh elder of he daocong and the highest leader of the spaceship.

He daocong is one of the affiliated sects of sanshengzong. However, among the numerous affiliated sects of sanshengzong, he daocong ranked first in strength.

Because sanshengzong didn't pay much attention to the talents selected from the mortal City, so

naturally he would not personally send elders to escort such things.

Therefore, this kind of thing naturally falls on the affiliated sect like he daocong.

After all, just because sanshengzong didn't like talents, it doesn't mean they didn't like them either.

Although the intermediate territory is vast and has many talents, there are many clans of big and small forces.

Under this kind of competition, it is difficult for these clans to recruit good talents.

In this spaceship, Zhuang Chengjie's qualification is good, and he is a banker of the big family in desert water city.

So before he got on the boat, he had already been favored by Yong Lanhai, and was directly appointed as a disciple of he daocong.

But now, the genius he likes is inexplicably killed. How can he bear this kind of thing?

"What's the matter? Who killed Zhuang Chengjie?" Yong Lanhai's face is not good-looking. He stares at the six deacons standing in the middle and asks coldly.

These six people are the people who went to Zhuang Chengjie's room before and accidentally "helped" Zhuang Chengjie and "patted" Guo Gaitian.

At this time, they face the yonglanhai's questions, only feel cold all over, and tremble all over.

Although their strength has reached Zunjing, they are still far behind yonglanhai, the eighth floor of Zunjing.

Most importantly, they were not from he daocong, but from other small sects. They were just sent to assist Yong Lanhai.

If Yong Lanhai killed them in anger, they would die in vain.

"Master Yong, it's like this." One of the deacons, who had a quick reaction, said it in detail.

However, although he said it carefully, in fact, he didn't say it, because he didn't know what was going on.

When the six of them rush into Zhuang Chengjie's room, Zhuang Chengjie is being beaten by Guo Gaitian. Then, they both die inexplicably.

"What did you say? When you went in, Guo Gaitian was beating Zhuang Chengjie? Who is Guo Gaitian,

what is his cultivation, and why can he beat Zhuang Chengjie? "

Yong Lanhai's whole body is more murderous. He is almost angry.

"That Guo Gaitian has only three levels of cultivation in the kingdom." When the Deacon said that, he couldn't go on.

A mole ant on the third floor of the kingdom can beat Zhuang Chengjie on the eighth floor of the kingdom. If he didn't see this with his own eyes, he would not believe it, let alone someone else.

"Check, check for me. From Mohe city to the spaceship, check for me. Anyone who has had a festival with Zhuang Chengjie will be found out for me. "

"I dare to kill people on my spaceship, and I kill them in the high cabin. I'm a genius in the eyes of yonglanhai. I'm so brave!"

"No matter who he is, he must die! Such people must not be let go! "

Yong blue sea also did not continue to ask the mind, angry roar way.

"Yes When the deacons listened to this, they didn't dare to say a word of nonsense.

Immediately, they all quickly out of the hall, began to investigate like crazy.

In the high cabin, a room in the corner, a deacon was sitting on the bed, a little fidgety.

This person was the Deacon surnamed Liu who had gone to the servant district to find Wang Fan before, but Wang Fan did not kill him, but let him go after threatening him.

The Deacon surnamed Liu knew for the first time that such a big thing had happened in the high cabin.

He didn't have to think about it at all. He knew that it must be Zhuang Chengjie, who was killed by Wang Fan's servant. But he did not understand how Wang Fan killed Zhuang Chengjie and how he was not found.

The Deacon surnamed Liu was very worried because he told Wang Fan the room number where Zhuang Chengjie lived.

Once this kind of thing is found out, not to mention that Wang fan is sure to die, even he will not be spared.

He is just a deacon with the worst status. Yong Lanhai doesn't have any scruples about killing him.

However, if Wang fan is reported in this way, he does not dare. So now he's very nervous and doesn't

know what to do.

This spaceship was not big at all. Now all deacons are frantically involved in the investigation. Naturally, they soon find the Deacon surnamed Liu.

They all found out that Zhuang Chengjie sent people down to find the Deacon surnamed Liu, and also went to a servant area in the bottom warehouse.

It's just that they can't find out what happened later.

They only know that Zhuang Chengjie's subordinates who went to the domestic servant area with Liu's deacon have disappeared for no reason. Only Liu's deacon safely returned to the high cabin.

As for how Zhuang Chengjie's subordinates disappeared, where the people went or where the corpse went, no one knew.

But it doesn't matter. They just need to find the Deacon surnamed Liu.

Soon, the deacons found the Deacon surnamed Liu.

In the face of many more powerful monks, Deacon Liu didn't dare to hide anything under great pressure, so he quickly told the whole story.

After hearing the words of the Deacon surnamed Liu, the deacons immediately locked in a name: Wang Fan.

Although they are very suspicious, just a domestic servant how can have such means and strength, can quietly sneak into the high cabin to kill, but also can leave without trace.

But now, these are also not important, they just need to ask Wang Fan.

More than ten deacons didn't drag the mud and water at all. They directly took the Deacon surnamed Liu and rushed to the servant area.

Along the way, no matter those genius living in the medium class or those living in the low class, they were shocked and dull when they saw the fierce deacons.

They all know that something big must have happened on the ship. But no one dares to ask more.

In the lower cabin, Han Rou is naturally aware of this scene.

There was a little uneasiness in her heart.

She had a hunch that these people were going for Wang Fan.

But she didn't understand that Wang Fan had caused something serious.

Chapter 2600

Domestic service area.

Wang fan is closing his eyes, all of a sudden is a frown, and then stood up.

He noticed that dozens of spaceship deacons came running towards here, and the leader was Liu deacon who had been spared his life.

Wang fan doesn't need to ask at all. He also knows that it must be the fact that he killed Zhuang Chengjie.

He was a little speechless. He should have killed the Deacon surnamed Liu.

Wang Fan didn't wait for the deacons to rush into the servant area. He first used his mental energy to sweep Han Rou's room.

When he found that Han Rou had nothing to do, he was relieved. Then he got up and went out to the servant area.

Now that the matter has been revealed, we have to face it.

If his strength is not enough to shake the strongest here, he will take Han Rou directly.

He believes that with his own strength, even if he is defeated, it is easy to escape.

After all, even if the four strong men of the holy land come, I'm afraid they can't stop him.

What's more, he didn't believe that there would be four strong men in holy land on this kind of spaceship.

A group of Deacons are walking towards the domestic servant area. Suddenly, they see a young man standing in front of them. Seeing that someone dared to block their way, all deacons were furious.

"Get out of here!" A deacon walking in front of him couldn't help roaring and slapped him in the face of the young man. There was no nonsense at all.

Seeing this scene, Deacon Liu's heart was trembling wildly.

Others don't know the young man, but he does. Isn't the young man Wang Fan they are looking for?

However, in this case, it is too late for him to export.

Because the Deacon had slapped him.

Wang Fan had planned to reason with these deacons to see if he could ease up.

But before he spoke, someone told him to go away and even started without hesitation, which made him unhappy.

Wang Fan's heart is very angry. He doesn't want to talk nonsense any more. He slaps his hand and shoots it.

There was a bang, followed by a loud click.

The Deacon didn't have the ability to resist at all. When his arm broke in an instant, he spat out a mouthful of blood and flew out.

Even the deacons behind him were also knocked upside down and retreated.

This is because Wang fan is merciful. Otherwise, his slap will be enough to kill the Deacon.

"Who are you?"

"How dare you do it to the deacon of our spaceship

After the deacons recovered, they were in a rage, and the whole body was crazy.

Their hearts are also very shocked, how can there be such a strong person on the spacecraft, is this person also to participate in the assessment?

It's just that they haven't heard of this kind of tough genius?

"Everyone, my Lord, he is Wang Fan." Without waiting for Wang Fan to answer at all, Deacon Liu was already shaking his voice.

At this time, his heart is also very afraid.

Because what he wants to see is that Wang fan is killed or suppressed without suspense.

Only in that way, even if he betrayed Wang Fan, Wang Fan did not have a chance to trouble him.

But now, Wang Fan slapped a deacon on the second floor of Zunjing, which ·

"are you wang fan?"

"You killed Zhuang Chengjie?"

The deacons were even more shocked when they heard that Wang Fan was the servant.

When did a servant become so powerful?

The most important thing is that the domestic servants are so powerful, then the master of this domestic servant is even more rebellious?

Wang Fan Light swept those deacons one eye, did not half conceal the answer, "yes, I am Wang Fan, is also I kill Zhuang Chengjie."

Although Zhuang Chengjie was not killed by him, he would not have died without him.

So Wang Fan took all the responsibilities together, and he didn't explain at all, let alone waste his words.

"You killed Zhuang Chengjie. Now deacon Yong wants to see you. Do you want to go with us or do you want us to do it?"

Wang Fan did not see half of the hidden recognition, a deacon directly asked.

He felt that Wang Fan was not simple. After all, being able to slap a deacon on the second floor of Zunjing, and being only a domestic servant, it was strange to be simple.

So he decided not to do it if he could, and let Yong Lanhai deal with Wang Fan directly.

Wang Fan did not want to fight against these mole ant deacons. He said without hesitation, "lead the way."

The deacons were a little stunned when they heard that Wang Fan was so happy, but they soon recovered and led the way ahead. At this time, they feel that Wang fan is not simple.

In the face of dozens of them, Wang Fan was not half afraid. This is not what ordinary people can do.

Wang Fan was surrounded by deacons in the middle and walked towards the high cabin.

Along the way, those who saw Wang Fan were shocked.

They did not understand what Wang Fan had done and how he could disturb so many deacons.

As for Han Rou, when she saw Wang Fan, she was as anxious as an ant on a hot pot.

She is not afraid that Wang Fan will be involved in her, but she is afraid that Wang Fan will be in danger.

Anyway, Wang Fan has saved her Han family. She doesn't want to save her benefactor.

"Don't worry, miss. Just wait for me in the room. If I'm not sure about the deacons, I'll come back immediately and take you

In Han Rou's anxious moment, a soft voice suddenly came into her ear, and she immediately realized that it was Wang Fan who was transmitting the sound.

But what shocked her was that Wang Fan voiced to her, and none of the deacons surrounded by Wang Fan was aware of his expression. A few minutes later, Wang Fan had been taken to the hall where Yong Lanhai was.

"Master Yong, I've brought you Zhuang Chengjie, who was killed by him." After entering the hall, a deacon immediately pointed to Wang Fan and said respectfully to Yong Lanhai.

When Yong Lanhai heard this, he saw Wang Fan in an instant.

It's just, very soon, he was shocked.

Because he found that he could not see Wang Fan's accomplishments at all, or in his eyes, Wang Fan had no accomplishments at all, but was a real ordinary man.

Just, an ordinary person can kill Zhuang Chengjie? This is obviously impossible.

The most important thing is that Wang Fan's expression is very calm even in front of him, just like the superior facing the inferior, and there is no fear or embarrassment.

Yong Lanhai was very upset. He was very upset about Wang Fan's calmness.

However, he was forced to kill his heart, but looked at Wang Fan and asked, "how did you get into the high cabin? Why didn't we notice at all? Was there someone to meet you?"

When Wang Fan heard this, he felt funny.

When this guy saw him, his first sentence was not to ask why he wanted to kill Zhuang Chengjie and how he killed him, but to ask if he had someone to take care of him.

However, at the moment of seeing yonglanhai, Wang Fan was greatly relieved.

If this guy is the strongest on the ship, he doesn't have to worry.

It's only eight stories of respect, and it can't pose a threat to him.

Wang Fan took a look at Yong Lanhai and answered honestly, "I entered the high cabin and no one

answered. It's just that you don't know because you don't have enough strength."

This is a shocking remark.

As for the blue sea, it was almost a mouthful of blood.
