

## **Mighty Sk 2721**

### **Chapter 2721**

There is no problem in the arrangement of accommodation for only 20 people. Just less than half an hour later, the city Lord's residence arranged for Wang Fan and others.

To Wang Fan's satisfaction, the 20 of them did not live together, but each had a separate courtyard.

After arranging the people's residence, Yunxi left.

She is the first lady of the city master's mansion, while Wang Fan and his party are the people invited by the city master's mansion to help in the war. Their identities are not equal. Naturally, Yunxi can't accompany them all the time.

Wang Fan didn't care. He grabbed a top grade immortal stone and felt its rich aura. His smile was more and more brilliant.

If he can get enough top-grade immortal stones, he will break through to the top of the ninth floor of the holy land, and it's just around the corner.

Once he has reached the top of the Ninth level of the holy realm, he can try to sprint to the imperial realm.

To reach the peak of the Ninth level of the holy land, we need not only enough aura resources, but also the emperor's elixir, and the most important spirit grass for refining the emperor's elixir is the emperor's golden flower.

The reason why many people can't break through the imperial realm is not because of the lack of Reiki resources or talent, but because they can't find the emperor's Golden Flower and the emperor's elixir.

But he is different from Wang Fan. He has the emperor's golden flower, which he got in Wuliang Mountain.

As for how to turn the golden flower into the elixir, Wang Fan never thought about it at all.

He believed that as long as he had set foot in Yunqing academy, he could find a master of alchemy to refine the emperor's elixir.

Even if he can't find it, with his seven level alchemy master's Dan Dao attainments, it won't be too difficult to break through to nine level alchemy master.

Wang Fan did not practice in his residence, but left the city master's residence.

He has a lot of practice, and the city master's mansion is full of experts. Once he gets the attention of

the strong, it's not good.

What's more, in just three days, even if he practiced, his accomplishments could not be improved much.

Walking on the busy streets of Baiyu City, Wang Fan's mood is completely different from that when he first arrived at Baiyu city.

At that time, he was penniless, and knew nothing about Baiyu City, and his heart was still a little uneasy.

Now, he did not have that kind of uneasy feeling.

To some extent, he is already a member of the city Lord's mansion. As long as he is not too ostentatious and provokes the big figures of the five forces, his safety has been guaranteed.

"Brother Wang." Between Wang Fan's feelings, a sudden voice came from afar, and then Wang fan saw Han Qing.

Han Qing saw Wang Fan, seems to be very happy, while calling, while has come up.

Behind him was a girl of seventeen or eighteen.

The girl has a sweet smile, looks very quiet and a little shy.

Although not brilliant, it gives people a sense of the little sister next door.

"It's brother Han. Who's this?" Wang Fan stepped forward and opened his mouth with a smile.

"She's my sister, Han rou. Brother Wang can call her rouer." Han Qing.

And hear Han Qing's introduction, Han Rou's pretty face is to emerge a blush, bow his head, dare not go to see Wang Fan.

Wang Fan felt that the girl was interesting. He looked around and soon saw a restaurant.

Wang Fan pointed to the restaurant and said, "brother Han, let's go there for a while."

Han Qing followed the direction of Wang Fan's fingers to see, his face has changed instantly is not very good-looking.

Baiyu restaurant, the largest restaurant in the central area of Baiyu City, is owned by the city master's mansion.

This kind of restaurant, consumption is very high, is not his Han Qing can afford to consume.

Han Rou can't help but open her mouth and can't speak for a long time.

In that kind of place, the people who go in and out are either the gifted friars or the powerful families. Where are they qualified to go in?

I'm afraid just a meal of wine will be enough to consume all my brother's savings, right?

Wang Fan noticed Han Qing's face. He didn't know what he was thinking. He quickly said, "brother Han was kind to Wang that day. I'll invite you to have this drink. Let's go."

With that, Wang Fan went to Baiyu restaurant.

Han Qing brothers and sisters were stunned, and then subconsciously followed.

They feel like they're dreaming.

Their brother and sister are going to buy in Baiyu restaurant?

Han Qing, in particular, felt a little unreal, but also shocked in his heart.

It's only a long time since I saw Wang Fan. At the beginning, he was so down and out that he could go to Baiyu restaurant?

"Brother Wang, things in Baiyu restaurant are too expensive, or we'd better change one." Seeing that he was about to enter the restaurant, Han Qing finally said in a low voice.

It's not that he doesn't believe Wang Fan. It's just that this scene is too unreal.

If after going in, Wang Fan finds that he can't afford to spend, it's the three of them who are shameful.

Although Han Qing's voice was not big, all the people who came and went were monks. How keen his eyes and ears were, he naturally heard what he said. Hiss.

A sneer suddenly spread, and then the three people heard a harsh voice, "it's really interesting to pretend that you can't afford to consume."

"Baiyu restaurant is not suitable for you. I think you'd better go to the small restaurant over there to avoid shame."

The man's voice was so loud that it immediately attracted the attention of countless people.

In a flash, Shua Shua, countless eyes fell on Wang Fan.

Wang fan is cheeky and doesn't feel anything at all, but Han Qing's brother and sister can't stand it any

more.

Han Qing's face turned red, but he didn't dare to attack at all. Obviously, he knew that the person who spoke was not something Han Qing could provoke.

As for Han Rou, she can't help lowering her head and pinching Han Qing's skirt. There are tears in her big eyes.

Wang Fan didn't want to worry about this kind of people, but he was a little upset when he saw the expressions of Han Qing's brothers and sisters.

He is still very fond of Han Qing, and today's treat is also to return the favor.

Now it's good that he hasn't started to repay his kindness, and he has let Han Qing suffer such humiliation. How can he bear it?

Looking up, I saw that the man who spoke was a young man in his thirties.

The young man was dressed in a gorgeous robe, and his eyes were filled with pride. At first sight, he was born into an extraordinary person.

At his side, he was followed by two men and a woman, who were half a step behind him, obviously with him as the core.

"What? I'm not right? " When the young man saw Wang Fan's eyes sweeping, he was even more disdainful.

He pointed to Wang Fan and said, "look at you. Do you look like people who can consume in Baiyu restaurant? This place doesn't belong to you. I don't think you should tarnish Baiyu restaurant. "

Taint Baiyu restaurant?

Wang fan is angry, he is really angry.

This guy's words are vicious and ugly. He is not provoking any more, but humiliating the three of them.

"Who are you?" Wang Fan took a deep breath, forced down the impulse to walk, asked coldly.

"Oh, why, want revenge?" The young man's face was even more ironic and smiling, "listen, my name is Hong Cheng, a member of the Hong family in Baiyu city."

"The Hong family?" Wang Fan frowned, "five forces, it seems that there is no Hong family?"

He just said this subconsciously, but it was extremely harsh to hear in Hong Cheng's ears.

He felt that Wang Fan was deliberately humiliating him and the Hong family, because what Wang Fan said was right. The Hong family was not really the five major forces.

As for the surrounding crowd, it fell into silence in an instant. All of them believed that Wang Fan was deliberately provoking.

## **Chapter 2722**

"You're right. Hong's family is not really the five major forces, but it's still graceful to teach you a lesson"

Hong opened his mouth coldly, and at the same time he was full of momentum, so he was obviously ready to start.

However, before his words were finished, he had been interrupted impolitely by Wang Fan, "it turns out that your Hong family is not the five major forces. It really scared me to death."

"You are so arrogant. I thought you were one of the five forces. Since you are not, what are you talking about?"

"Is Baiyu restaurant yours? Do I have the right to go in? Do you need to take care of it? What an idiot. "

Hong Cheng only felt his face burning.

He was humiliated by a mole ant in full view of the public.

What a shame!

"You want to die!" Hong Cheng roared angrily and planned to start. Just at this time, Wang Fan suddenly grabbed a gold card.

The card is shining in the void.

Looking at the card, Hong Cheng was stunned, and the people around him were also stunned.

Lingqi overdraft card is also the unique Lingqi overdraft card of the city Lord's mansion.

Is this guy from the Lord's mansion?

Wang Fan, holding the card, approached Hong Cheng step by step, "I want to die? Do you dare to touch me? "

In one word, it made Hong Cheng's face even more livid.

Even the onlookers around, their eyes are becoming playful.

The young master of the Hong family really kicked the iron plate.

Originally intended to rely on identity bullying, but did not expect to bully to the head of the city.

Baiyu building is the property of the city Lord's mansion, and Wang Fan holds the unique aura overdraft card of the city Lord's mansion. If Wang fan is not qualified to go in for consumption, who is qualified?

Pa Pa!

At this time, Wang Fan had already walked to Hong Cheng, and holding the golden card, gently threw it on his face.

The clear voice, though not loud, is like thunder in this environment at the moment.

Shame. It's absolute shame.

Let alone Hong Cheng himself, even the two men and one woman behind him, their looks were suddenly solidified, a piece of iron.

How dare Wang Fan humiliate Hong Cheng in such a way?

"Dare to humiliate my son, and seek death!" A man couldn't bear it any longer, and his whole body was full of momentum. With one punch, he rushed to Wang Fan.

At this moment, he can't care where he is or what identity Wang fan is.

He just wanted to teach Wang Fan a lesson and get his face back.

However, before his fist fell on Wang Fan, Wang Fan had already kicked out.

The violent force tore the void, rolled up the incomparable potential, and swept the man's chest.

Bang, the man's mouth spouted a few mouthfuls of blood, when even fell out, the sound of bone fracture came out, the ribs did not know how many were broken.

"You a dog leg, dare to fight me to death?" Wang Fan drank out a word, which made the surroundings fall into silence again.

Everyone's eyes to Wang Fan became dignified.

With one kick, a strong man in the eighth floor of holy land was kicked away, just like an adult abusing a child. This strength is simply appalling.

Hong Cheng also stares at Wang Fan, and his eyes turn red.

At this time, he did not know that he had kicked the iron plate?

This is just a subsequent sneer. Who could have thought that such a situation would arise?

He was a disgrace.

"If you have the strength, and you still have the special overdraft card of the city Lord's mansion, you must be the assistant invited by the city Lord's mansion. You're fine. I'll see you on the stage. "

Hong Chengqiang did not resist the attack, but cold mouth.

He is not afraid of Wang Fan, but here is the site of the city Lord's house, he dare not make a big deal.

What's more, since he has guessed Wang Fan's identity, naturally there are plenty of opportunities to clean up Wang Fan.

He wants to step on Wang Fan in the battle of the five forces in three days' time, a shame before the snow.

"Go away!" Wang fan is simply lazy to talk nonsense with Hong Cheng, just a word, Hong Cheng's face is already iron green again.

He is really angry. He has never seen such a arrogant and overbearing person as Wang Fan.

It's just the cannon fodder invited by a city Lord's mansion. Is it necessary to be so domineering? Where can I get the courage?

"Let's go." However, he did not break out, but gritted his teeth and waved his hand, turned around and left angrily.

"Get out early, it's over. Where's so much nonsense. Remember, those who humiliate others will always be humiliated. It's your own fault. You'll have a snack in the future. "

Wang Fan looked at Hong Cheng's back and disdained to spit out a sentence, which made Hong Cheng's face change again.

However, he did not turn back, but left with anger."Brother Han, rou'er, let's go in. Don't let a little thing affect your mood." After Hong Cheng and his party left, Wang Fan looked at Han Qing and said with a smile.

Looking at the smile on Wang Fan's face, people around him couldn't help being speechless for a while.

This guy really has a big heart. He offends Hong Cheng, but he's just like no one else?

Han Qing brothers and sisters are also shocked looking at Wang Fan, until now, have not come back.

"Go, don't think about it." Wang Fan looked at the expressions of Han Qing's brothers and sisters, patted them on the shoulder, and then entered the restaurant.

They came back to their senses and quickly followed.

"Go in." The onlookers watched the scene and followed them in.

With Wang Fan in the restaurant, the restaurant will be very busy, right? They are all looking forward to it.

The most important thing is that today's Baiyu restaurant is not only for Wang fan or the people invited by the city Lord's house.

Even the other four forces invited many people to help in the war.

There is no way. Although there are many restaurants in Baiyu City, Baiyu restaurant is one of the most.

Those who are pretentious naturally want to enter here to show their extraordinary identity.

"Good wine and good food are served casually. Money is not a problem." After the three found a corner and sat down, Wang Fan took out the gold card and said with pride.

That white jade restaurant's fellow listens to this words, then looks at Wang Fan to take out the card, is simply a burst of shame.

Do you want to have a face, eat and drink for free, and be so righteous?

Even if the card issued by the city Lord's residence, there is no need to squander like this, right?

The people around them are speechless. They only feel that Wang Fan's shameless state has reached a level beyond their expectation.

But Wang Fan didn't care so much.

He's going to fight for the Lord's mansion. He's going to fight with his life. What's the cost of this immortal stone?

You know, it's about the sharing interests of the five families. Three days later, the battle will be extremely fierce, and the casualties can't be avoided.

"Ha ha, it's worthy of being invited by the city Lord's mansion. It's really powerful. Taking other people's immortal stones to act as heroism is so thick skinned that no one can match it. "

A sarcastic voice suddenly came out, making the whole restaurant quiet again.

Those who didn't see Wang Fan stepping on Hongcheng outside were OK, but those who saw them were all bright.

Sure enough, as soon as the goods entered the restaurant, the trouble came again.

They are really looking forward to Wang Fan's next performance.

### **Chapter 2723**

"Brother Han, rou'er, this dish is delicious. You should eat more."

"Oh, this wine tastes good too. I'll pack some later. But don't drink, rou'er. Girls don't drink well. "

However, Wang Fan did not seem to hear each other's taunt at all. Instead, he ate and drank in the sea.

At the same time, he did not forget to greet the Han Qing brothers and sisters.

The faces of Han Qing's brothers and sisters are also somewhat unnatural, but seeing Wang Fan's enthusiasm, they can only eat unnaturally.

When people looked at this scene, they were all shocked.

Ignore.

This guy chose to ignore it.

The man who opened his mouth to ridicule Wang Fan's face became gloomy in an instant, and anger even appeared in his eyes.

He was ignored!

What a shame?

Is there a more humiliating way to beat your face than to ignore it?

"What do you mean, didn't you hear me talking to you?" The young man was not calm at last. He stood up and pointed to Wang Fan's cold road.

Shua, Shua, Shua.

And with his station, in a flash, countless eyes fall on Wang Fan again, eyes become playful.

Since the ruins appeared, the five forces began to recruit talented monks, Baiyu city has become lively. The emergence of all kinds of arrogant figures can be described as an opportunity.

Tianjiao gathered in Baiyu city and belonged to different camps of the five forces, so there was a constant battle. And what they like most is the fight in front of them.

If Wang fan can take out the Lingshi overdraft card of the city master's mansion, he belongs to the city master's mansion.

Most people know the man who opened his mouth. His name is Gu Han, a descendant of a small family.

He joined the Wu camp, representing the Wu family.

In the Wu family's competition for 20 Tianjiao places, Gu Han defeated several strong people in the same place and won the place directly by his early cultivation in the ninth floor of the holy land. It can be said that Gu Han made a big splash.

Although he is not the strongest among the 20 people recruited by the Wu family, he is also the one with the highest strength.

But now, he Gu Han is ignored by Wang Fan, which

"brother Han, what are you doing? Eat quickly. The meat of this dish is delicious, and it also contains rich aura. It's obviously made of big demon's blood and meat. It's a great tonic. "

Wang Fan still ignores Gu Han, who is about to go away, and is still there to eat.

He came here to relax and enjoy, but he didn't have the heart to waste words with these people.

It's just that these guys always come out to ridicule and humiliate him from time to time. It's really annoying.

Seeing this scene, people's eyes become playful again.

The people recruited by the city Lord's mansion are really different. They are more and more interesting.

Pop!

With a light noise, Gu Han finally couldn't bear it. He slapped the table in front of him. The table was smashed and the food and wine were scattered all over the ground.

He looked coldly at Wang Fan, "as the person invited by the city Lord's mansion, you are such a coward.

You are just losing the face of the city Lord's mansion!"

Whoosh, whoosh.

However, as soon as his voice fell, three figures fell directly in front of him and surrounded him directly.

These three people are the guardians of the city Lord's mansion, responsible for the management of Baiyu restaurant.

Some people are fighting against each other here. They won't take care of it, but if someone smashes the table and damages the property, they have to take care of it.

After all, if everyone comes here to smash a table, how can he manage Baiyu restaurant.

"Twenty thousand top grade immortal stones, please compensate immediately, otherwise, don't blame us for being impolite." A guard staring at Gu Han cold mouth, made Gu Han's face more ugly.

At this time, Wang Fan finally raised his head and looked at Gu Han.

It was the first time that he looked at Gu Han with a straight eye.

"Are you happy? Idiot Wang Fan spit out five words in his mouth. The people present were stunned at first, and then burst into laughter.

This guy is really out of the ordinary.

"You." Gu Han almost did not hold back, a mouthful of blood directly sprayed out.

How can there be such a mean person in the world? He has never heard of it!

"It's not yours or mine. I'd better make compensation as soon as possible. If I don't make compensation again, I'm afraid my life will be lost here." Wang Fan sneered and responded impolitely.

Gu Han looks more iron green, he coldly swept Wang Fan one eye, then bit his teeth, took out 20000 top grade immortal stone.

This is not only all his savings, but also part of the reward given to him in advance by the Wu family. But now, it's gone.

He hates it!

"It's no exception. If you dare to damage the property of our Lord's mansion again, just throw it out." The guard took the space ring, checked that there was no problem, then left a cold word, and then turned to leave. After the guard left, Gu Han looked coldly at Wang Fan and said, "I want to challenge

you!"

Wang Fan listens to this words, seem to be some doubts, "do I know you?"

Gu Han doesn't speak, just stares at Wang Fan.

He and Wang Fan just met for the first time, and naturally they would not know each other.

Wang Fan also said, "since I don't know you, why should I accept your challenge and deal with you? Do you deserve it?"

Gu shivered, but he couldn't say a word.

In a word, Wang fan not only satirized that he was not worthy to challenge Wang Fan, but also responded to the reason that he ignored him before.

"Go away, don't make a fool of yourself here. If you go on, you will lose face and lose even worse. " Wang Fan's words are sincere and sincere, as if he was very considerate of Gu Han.

Hiss.

Gu Han finally couldn't help it, and a mouthful of blood gushed out.

Around those wine guest, also is dull looking at Wang Fan.

Is this guy confident or arrogant, arrogant and shameless?

Does he really feel that Gu Han is unworthy or dare not accept the challenge?

"Don't you think you're going too far, brother?" Just then, another voice came out, and a young man in blue stood up.

The young man sat in the corner, originally very humble, but as soon as he stood up, he immediately attracted countless eyes.

"Luoyang, it's Luoyang. I didn't expect him to come."

"He is one of the most dazzling people in Baiyu city. It is said that he is the top three of the 20 people invited by the Wu family this time."

"This guy humiliates Gu Han so much, it seems that Luoyang can't see it any more."

After seeing clearly the face of the youth in blue, everyone was shocked and made a startling comment. Obviously Luoyang has a great reputation in Baiyu city.

"Too much?" Wang Fan's eyes swept to Luoyang, "do I go too far?"

Then, without waiting for Luoyang to speak, he continued, "I don't know him, but he insulted me. Is that too much for me?"

"I didn't intend to argue with him, but he was aggressive. Don't you allow me to retort?"

"When he humiliated me, why didn't you come forward and say he was too much? Are you blind or deaf? "

When Wang Fan said this, the whole restaurant was dead.

Countless people's eyes fell on Wang Fan, obviously did not expect that Wang Fan's words would be so sharp.

Wang Fan even dared to question whether Luoyang was blind or deaf, which was a bolt from the blue.

Looking at the young generation of baiyucheng, I'm afraid no one dares to satirize Luoyang like this, except for those Tianjiao who are extremely evil in the five forces?

#### **Chapter 2724**

Luoyang's eyes are also narrowed, coldly looking at Wang Fan, eyes in the emergence of a murderous. He said coldly, "it's reasonable for you to waste other people's money. Don't you allow people to say it?"

Obviously, Luoyang is trying to be reasonable!

Wang Fan listens to words, but smile, he mouth corner a pick, "I squander your money?"? Are you the Lord of the city, or the master of the city, or the son of the city

"If not, what qualifications do you have to come forward, beep beep? Is your face whiter than others? I think you should get out of here as soon as possible, or you will lose face. "

Luoyang Qi's body began to tremble, he finally realized Gu Han's feeling, and was about to explode his chest and lungs.

"You want to die!" Luoyang can't help but be crazy and get into a violent state.

But Wang Fan didn't care at all. He looked coldly at Luoyang and said, "I'm standing here. Do you dare to move me?"

In a word, it is like a basin of cold water pouring directly from the top of the head, making Luoyang stiff there.

Yes, Wang Fan just stood there. Dare he do it?

This is Baiyu restaurant, the site of the city Lord's mansion, and Wang fan is a member of the city Lord's mansion. How dare he fight in Luoyang?

The people around him were speechless and thought that Wang Fan was too shameless to take advantage of the situation.

As a genius, as a strong man invited by the city master's office, is it really good to do this?

"As Tianjiao invited by the city Lord's mansion, are you just so brave? If you don't have the courage to be challenged, what qualifications do you have to fight on behalf of the Lord's mansion? "

In Luoyang's fury, he could only stir up the general with words.

But Wang Fan didn't eat this at all. He said faintly, "am I qualified to fight on behalf of the Lord's mansion? It's not up to you to manage it. Do you really think you are the Lord of the city?"

"What's more, if I don't accept your challenge, how can you have the guts to bite me?"

As soon as these words came out, even the drinkers around could not see them any more.

This guy is so shameless. How can there be such a shameless person in the world.

Luoyang is also very angry, but it has nothing to do.

"I remember you." Knowing that staying here can only continue to be humiliating, he can only leave a cruel word and leave.

Wang fan saw Luoyang leave, but he was disappointed in his eyes. "I didn't do it. This guy belongs to tortoise. I can't bear it."

"I was expecting him to break down some wine tables and compensate some immortal stones. Then I went to ask the eldest lady for a share. Now it seems that there is no hope."

Hiss.

Those people around heard Wang Fan's muttering, and the wine in his mouth spewed out directly.

Luoyang is a stagger, almost fell to the ground.

He is really fed up with it, but what can he do in the face of Wang Fan?

After Luoyang left, Wang Fan continued to eat and drink in the sea, and did not forget to greet Han

Qing's brother and sister.

He didn't seem to care that he had offended others at all, as if it was not him who had just offended others.

In fact, Wang Fan did not take Luoyang and others seriously.

He is eating well here. He even stands up to ridicule him for provoking others.

If you dare to stand up and ridicule him, you will have to pay a price.

Although Luoyang didn't pay much, it can be regarded as a face sweep.

After they had enough to eat and drink, they left Baiyu restaurant.

Outside, Luoyang has already sent people to watch them.

Almost three people just stepped out of the restaurant, Luoyang Gu Han already with a party appeared, stopped in front of three people.

Han Qing's face changed in a moment when they saw the people in Luoyang.

Their brother and sister are originally from Baiyu city. How can they not know the strength of Luoyang people?

Now the three people are blocked, it can be said that they are basically finished, and they are inevitably humiliated.

You know, this is not a white jade restaurant, and Wang fan is just fighting on behalf of the city Lord's mansion, not a member of the city Lord's mansion.

If Wang fan is beaten here, the city Lord's office will never be in charge.

Those onlookers saw this scene, and their eyes were full of banter expectation.

They want to see how Wang Fan will deal with this situation.

Originally, they thought that Wang Fan would show dignified or scared expression, but soon, they were disappointed.

Wang Fan didn't have dignified or afraid consciousness at all, but stared at the Luoyang group and asked faintly, "why, just now the tongue battle was defeated, now you're looking for someone to fight in groups?"

"Do you really think that if you get so many people, you can fight me? I'm enough to sweep you all by myself. "

Hiss.

When people around heard this, they were stunned and then burst into laughter.

What a shame.

It's obvious that people are coming to trouble you, but they have to talk about it. How can people be so cheeky? Luoyang, Gu Han and others are black lines on their faces. They are quite speechless.

"War of words? Who's at war with you? I'd like to see if the people in the city Lord's mansion will come out for you when I beat you down. "

Gu Han a grim smile, can't bear, directly toward Wang Fan killed in the past.

The strong breath of the ninth floor of the holy land spread out in an instant, and his hands were sliding in the void, directly rolling up waves like angry dragons, and rushing to kill Wang Fan.

Those around them feel this breath, subconsciously away.

They all know that Gu Han has been really angry. If he is too close, it may hurt the fish in the pond.

Han Qing brothers and sisters are pale.

Their cultivation is not high, in the face of Gu Han this strong, naturally is worse.

Gu Han's momentum alone has made them feel great pressure.

Wang Fan still didn't care, he was very calm way, "ah, this is why.". We are all people with status. How can we do it when we don't agree with each other? "

Wang Fan sighed, but his right fist had been swung up, and then he went out like a whirlwind.

The sound of hissing burst out suddenly, and the fierce boxing style tore the air in an instant, rolled up the unparalleled terrible power, and went directly to the huge waves like angry dragon.

Boom boom!

Then, in a burst of deafening explosion, people were shocked to see that Gu Han's angry dragon waves, which were bombarded with all his strength, began to break.

In front of Wang Fan's fierce and terrible boxing style, he was not vulnerable at all.

Everyone showed the color of shock, no one thought, this shameless Wang Fan, even has such a terrible strength.

Gu Han's face became ugly in an instant. He didn't dare to keep close to Wang Fan, but retreated strongly.

Wang Fan see this scene, sneer, "now retreat, still have time?"

With that, he grabbed Gu Han's chest with his right hand.

Gu Han is crazy and scared. He drives the aura in his body and wants to get rid of it.

But at this time, Wang Fan has one hand to him directly down, the next second, it has been hard to hit the ground.

With a bang, the earth vibrated. Gu Han fell down on the ground like a dead dog. While his bones were broken, his blood ran out like money.

He fell to the ground like an octopus, his face like ashes.

The whole scene was dead.

He is as strong as Gu Han. He is vulnerable in Wang Fan's hands.

Now looking back on Gu Han's sarcasm to Wang Fan, how ridiculous is that?

## **Chapter 2725**

In the eyes of the crowd, Wang Fan stepped forward slowly, then stepped on Gu Han and said with disdain,

"I said, why do you need it? Is it not enough to lose face? "

Whoa!

Gu Han was in a hurry to attack his heart, and his blood gushed out again, and he fell into a coma immediately.

Han Qing brothers and sisters staring at this scene, obviously did not expect that Wang Fan would be so powerful, but they are still not happy.

Because although Gu Han fell, there was a more powerful Luoyang.

The strength of Luoyang is not comparable to that of Gu Han.

They have no idea whether Wang fan can handle Luoyang.

Luoyang stares at Wang Fan, and his fist has been pinched subconsciously.

He originally intended to let Gu Han clean up Wang Fan, but he didn't expect that Gu Han was cleaned up by Wang Fan.

This makes him feel shame, but also very no face.

"I didn't expect that you still have some strength, but I want to see when you can be rampant."

Luoyang heart scold Gu Han waste, at the same time he stood out, strong breath diffuse out, instantly has locked Wang Fan.

Today, if he does not trample on Wang Fan, he will not be Luoyang.

"Luoyang is going to be real."

"It looks like that guy's going to have bad luck."

"Haha, I can't help it. Who let him be so arrogant and shameless?"

"Luoyang is the top three of the Tianjiao invited by the Wu family. Now, it's a good play to watch."

People around feel the flavor of Luoyang, and there is a lot of discussion.

But no one is optimistic about Wang Fan.

After all, Luoyang is well-known, and they have seen all the outstanding figures in Luoyang. For example, Zhuo Feng, ye Jun, Bai Li, Zhuge Kai and so on.

But they haven't met Wang Fan, so it can be seen that Wang fan can't be Luoyang's opponent at all.

Wang Fan didn't care about the comments of the people around him. Even in the face of Luoyang's oppressive and fierce atmosphere, his face still didn't change much.

He said with a disdainful smile, "when can I be rampant, I don't need you to manage. At least, you can't stop me from being rampant."

In one word, Wang Fan's contempt for Luoyang has been revealed. Obviously, Wang Fan didn't pay attention to Luoyang.

People around have been used to Wang Fan's arrogance, but did not say anything, just looking forward

to the next war.

Luoyang didn't disappoint them either. Suddenly, a killing opportunity appeared in his eyes. After saying three "good" words in succession, he had already stepped forward to Wang Fan.

He didn't charge like Gu Han, but step by step.

His pace is steady, but it's intimidating.

Every step on the ground, his momentum will be more powerful. After a few steps, it is like a rough wave, rolling to Wang Fan.

Some monks who are closer to each other, under the rising momentum of Luoyang, can't help but start to retreat pale.

It's terrible. It's terrible.

Just momentum gives people such strong pressure. If they face Luoyang, they will not have the courage to fight.

"It's really lively here. What happened?"

However, just when Luoyang's momentum was about to reach its peak and the war was about to be lit, a cold voice suddenly came.

Then everyone saw that a noble and cool woman came slowly with six people.

Looking at the woman who appeared, everyone couldn't help but be stunned at first, and then made a startled comment.

"The lady of the Lord's mansion."

"I didn't expect her to come. It seems more and more interesting."

"The first lady appeared. I don't know if she can still fight."

Luoyang's face also can't help changing. His eyes suddenly fall on Yunxi. Especially after seeing Zhuofeng beside Yunxi, his face can't help changing. It's extremely ugly.

He looked at Yunxi, "Miss Yun, this is a personal grudge between us. Do you want to intervene?"

It is said that Yunxi is the most outstanding demon Tianjiao in the city Lord's mansion, and his combat effectiveness is amazing.

But because no one has seen Yunxi, Luoyang is not too afraid of her.

What he really fears is Zhuo Feng beside Yunxi.

Cloud Xi coldly swept Luoyang one eye, and saw that fall on the ground of Gu Han one eye, this just looked at Wang Fan asked, "what's the matter?"

She didn't pay attention to Luoyang at all, obviously disdainful to talk with Luoyang.

Wang Fan said quickly, "elder martial sister Yun, these people bully me with so many people. You should make the decision for me."

"Did you see the guy who fell on the ground? He tried to deal with me before, but I accidentally beat him down." "But I didn't expect that as soon as he got down, this guy named Luoyang came out again."

"They obviously want to fight against me, and they don't pay attention to our Lord's mansion."

Wang Fan was filled with righteous indignation.

When his words fell, not only his face turned pale, but also the people around him were speechless.

Do you want a face? Even if it's shameless, it can't be so shameless, can it?

Just think about it carefully, it seems that what Wang Fan said is really right, because at the beginning, Gu Han and his party were constantly challenging Wang Fan.

Yunxi is also a little stunned, and she is almost defeated by Wang Fan's thick skin.

But in this case, she naturally has to defend Wang Fan.

She looked at Luoyang and said coldly, "is that so?"

"Full of nonsense." Luoyang angrily replied, and then looked at Wang Fan, "I said, can you still point your face, how can you be such a shameless man?"

"People like you can even reach the Ninth level of the holy land. God is blind."

"Look, young lady, he insulted me again." Wang Fan was very aggrieved, and then pointed to Luoyang,

"aren't you fighting against me? Did you come out when I beat the guy down? "

"What's more, when I was in Baiyu restaurant just now, did I provoke you? Who provoked who? "

When Luoyang heard Wang Fan's question, it was speechless.

He was speechless.

"Luoyang, if you want to challenge, you can challenge openly and justly in three days' time. Now, what is the ability to fight against the people of our city Lord's mansion?"

"This time I don't care. If there is another time, don't blame me for being rude. I believe that if you abolish Luoyang, the Wu family will not go to war with our Lord's mansion for you. "

"Go away!"

Yunxi cold mouth, especially the last rolling word, is domineering.

Luoyang is called to roll in front of everyone by Yunxi, and his face is even more iron blue to the extreme.

Just in the face of Yunxi, he did not dare to be as unscrupulous as Wang Fan.

Wang fan is just the person invited by the city Lord's mansion to help in the battle, but Yun Xi is the eldest lady of the city Lord's mansion. Naturally, her identity is different.

"I remember you. I'll see you in three days. I hope you will be as arrogant as you are today. " Luoyang doesn't dare to be angry with Yunxi, but stares at Wang Fan and threatens with anger.

"Let's go." With that, he no longer had the face to stay here, turned around and left.

Wang fan is very disdainful, "you should be glad that the first lady came, otherwise it is not only Gu Han who lies on the ground."

Luoyang almost vomited blood when he heard this.

I can't bear it!

He swore that if he didn't step on Wang Fan and humiliate him severely after three days, he would be a friar in vain.

In this way, the storm soon dissipated, Wang Fan also bid farewell to Han Qing brother and sister, with Yunxi and his party back to the Lord's house.

He didn't worry about Hanqing brothers and sisters. After all, it was Wang Fan who offended Luoyang people. Hanqing brothers and sisters never spoke from beginning to end.

Luoyang and his party are not so bad. Go to take Han Qing brothers and sisters to vent their anger.

For the next two days, Wang Fan didn't leave the city Lord's residence, but kept practicing in his residence.

But his shameless reputation has spread in Baiyu city. Many people have already known that a shameless person to the extreme has been invited to the city Lord's mansion.

### **Chapter 2726**

Wang fan doesn't know these things at all. Even if he does, he won't care.

These two days, he has been staying at his residence and has not gone anywhere. It can be said that the two ears don't hear things outside the window. They only know how to practice.

As for the other 18 people who were invited by the city Lord's office, they all respected Zhuo Feng as a lone traveler, and no one came to take care of him. Obviously, they didn't want to be with him.

Yunxi did not appear, as if to forget him in general.

Wang Fan didn't care about it, and he was happy and quiet.

In the twinkling of an eye, three days passed, and the battle between the five forces came.

In the early morning of this day, Yunxi took another 19 people to his residence.

Wang Fan had already been ready. When he saw the group coming, he welcomed them with a smile, "elder martial sister Yun."

Yunxi nodded to him, "now that we are ready, let's go."

As for other people, they didn't pay attention to Wang Fan. Even the look in his eyes was contemptuous.

Wang Fan didn't care. He followed a group of people to leave the city master's mansion and went to the fighting place.

The battle of the five forces was held in the square of the Eastern District of Baiyu city.

Because it involves the allocation of the ancient relics, the war is also very eye-catching.

When they arrived at the square, the square was already a sea of people. It looked dark and full of heads.

After all, this kind of battle, even in Baiyu City, is a rare event in several years.

"It depends on you whether our city master's office can achieve good results. I wish you all can defeat your opponents and return triumphantly."

Near the battle platform, Yunxi's expression also becomes dignified, looking at Wang Fan and his party seriously said.

Wang Fan and his party all nodded.

They all know what this war represents.

If you can be outstanding in the battle of the five forces, you are likely to be valued by the city Lord's office and directly join the city Lord's office.

"Look, the people from the Lord's mansion are coming."

"Zhuo Feng, it turns out that he is a lone walker. I've heard that he joined the camp of the city Lord's mansion for a long time. It seems to be true. "

"There is Pang Ji, who is also a very strong presence. Unexpectedly, he joined the camp of the city Lord's mansion."

When people saw Wang Fan and his party, they began to talk one after another.

However, the focus of their discussion is Zhuo Feng and Pang Ji.

Zhuo Feng, the lone traveler, has the greatest strength and fame among the 20 people in the city Lord's mansion.

As for Pang Ji, although he is not as famous as Zhuo Feng, his strength can not be underestimated, and he can be called the second person in the twenty.

As soon as they entered the square, they immediately attracted attention.

Wang Fan listened to the comments of those people, and his face did not change at all.

He is a low-key person and naturally doesn't mind giving his aura to others.

Just then, another voice came out.

"Eh, didn't you say that there was a shameless person in the Lord's mansion? Who is it? Where are the people?"

"I don't know. Ask someone later."

"You don't know that? The news is really backward. Do you see the man standing on the right side of the first lady? He is Wang Fan. "

"It's him. I don't know why he looks so shameless."

Wang Fan listen to this, in the heart that anger.

Do these people have the vision to say that they are so outstanding, so extraordinary and so amazing that they are shameless?

If there were not so many people here, he couldn't help it.

As for Yunxi and his party, except Yunxi, the rest of them looked at Wang Fan unhappily. Obviously, they thought Wang Fan had lost them.

As for Zhuo Feng, there was a chill in Wang Fan's eyes.

"Look, the people of the Wu family are here. Are they Zhuge Kai and Luoyang?"

"It is said that there was a conflict between Luoyang and Wang Fan in Baiyu restaurant three days ago. There is really a good play to see next."

"Hey, I don't know if he can be arrogant when he meets Luoyang on the battlefield."

There was another commotion, and another party came to the square.

When Wang Fanxun went to Luoyang, he saw Luoyang at a glance.

Only at this time Luoyang, but not the core of the pedestrian, but closely behind the two.

Luoyang seems to be aware, that cold eyes also swept to Wang Fan, eyes in the emergence of an undisguised intention to kill.

Wang fan doesn't care, smiles and goes on.

Before long, Huzhou League, Xu family and Zhao family have all arrived. By now, the five forces have arrived.

Yunxi with Wang Fan and his party soon came to a high platform, the city Lord and other city Lord mansion elders have also been waiting here. As senior figures, they did not come with Wang Fan and others, but came ahead of time.

The master of Baiyu city is named Yunzhan, the father of Yunxi.

After seeing the arrival of the group, Yun Zhan laughed and said, "don't put too much pressure on you, just try your best."

"As long as you are outstanding enough, even if our city Lord's mansion doesn't get a good place in the end, there will be no less rewards. If you feel that you can't compete, you should quickly admit defeat and don't give up your life. "

yunzhan seems to be very approachable, without the dignity of the superior. In one word, he won everyone's favor.

"Please rest assured, I will do my best." When people listened to this, they all nodded their heads one after another, showing their full sense of war.

Wang Fan looked at the scene and sighed that the cloud war was not simple.

At a certain moment, accompanied by a melodious bell reverberating, an old man has fallen on the platform.

The old man did not belong to the five forces, but was elected by them to preside over the war.

After he stepped on the platform, the noisy square quieted down, and everyone's eyes fell on him.

The old man did not talk nonsense. He looked around the crowd and then said, "I think everyone is looking forward to this battle."

"Well, I don't want to say much nonsense. Now I announce that the battle of distribution of the five forces will begin. Now, let's invite you to come on stage. "

With his words, Yunxi has already taken Wang Fan and his party to the battlefield.

At the same time, people from the other four forces also stepped on the stage.

In a flash, hundreds of Tianjiao had already gathered on the battlefield, attracting attention.

The people of various forces are all standing in the same area, with a clear distinction. Fortunately, the battle platform is big enough, so it doesn't seem crowded.

After the five forces all stepped on the stage, the old man continued to speak, "let me talk about the rules of the game."

"Our rule is one-on-one challenge. You can challenge anyone, no matter who you are, until the last person. The first force to be annihilated is at the bottom of the list, and so on. "

As soon as the old man's words fell, the whole audience was in an uproar.

This kind of competition system seems to be cruel, and this kind of competition system is not only in

fighting strength, but also in fighting wisdom.

It's better in the front. The strong can eliminate the weak. But once they get to the back, which force will stay behind will be the target of public criticism.

Wang Fan's face is not much change, he is not afraid of any opponent.

What's more, if he can't fight, he can admit defeat. He doesn't have to fight for the city Lord's house. He only needs to win three games and get the map to achieve his goal.

### **Chapter 2727**

With that, the old man left the platform immediately.

He did not say from which side to challenge, let alone how to challenge and whether he could refuse the challenge.

Obviously, this battle is just a battle made by the five major forces in order to fight for interests. Even the rules of the game are far from perfect.

Anyway, which side of the people out of the first all, on the bottom of the ranking, and so on.

The old man almost just flashed off the platform, and a figure appeared on the platform.

And looking at this figure, the faces of many people under the stage have become strange.

This guy can't bear it for a moment. Are you going to shoot so soon?

The man who appeared on the stage was Luoyang, not others.

At this time, Luoyang is like a god of war, standing aloof on the platform, enjoying the glory of attention.

His eyes from the presence of more than 100 Tianjiao swept, except for a few Tianjiao, most people are subconsciously lowered their heads.

Obviously, they don't want to face Luoyang.

As for the people in the city Lord's mansion, most of them look ugly.

They knew why Luoyang was the first one to jump on the platform, obviously aiming at Wang Fan.

But they were worried. What if Luoyang didn't fight Wang Fan for the first time, but took it out on them?

"It's all you!" Some people have looked at Wang Fan unhappily, with hostility in their eyes.

Wang Fan didn't care, just sat there quietly, as if everything had nothing to do with him.

The sight of Luoyang swept over all the people in the hall. It took a while to install it, and finally it fell in the direction of the city Lord's mansion.

His right index finger slowly raised, and then pointed to Wang Fan, "roll out, I want to see if you, who can only show off your tongue, can be arrogant on this platform."

"If you don't dare to stand up, go down immediately and don't continue to be shameful here."

"Three days ago, you were sheltered by the people of the Lord's mansion. I'd like to see if there are still people sheltering you today."

Shua, Shua, Shua.

With the sound of Luoyang, in an instant, countless eyes fell on Wang Fan.

In most people's eyes, there is schadenfreude.

After all, most people have heard of the conflict between Wang Fan and Luoyang.

Wang Fan's face did not change much in the face of people's eyes.

He sighed helplessly, then slowly got up and went to the center of the platform.

Before long, Wang Fan had come to Luoyang.

He looked at Luoyang and said helplessly, "Why are you doing this? Isn't it good to win a few games first and then challenge me again? "

"Why do you have to be kicked out in the first place? I don't know what your head thinks

The light floating voice spread out, and the whole audience fell into a dead silence.

What a crazy guy. He dare to be so arrogant on such a grand platform. He is so arrogant.

Luoyang's face is also a burst of iron blue, he thought, Wang Fan will worry, will be afraid, even will beg for mercy.

But he never thought that Wang Fan was still so arrogant.

Is it true that Wang fan knows that he is not his opponent, so he wants to be arrogant again before he is humiliated? That's a great idea.

"Pretend, you continue to pretend. I'll see if you can still pretend when I step on you."

Luoyang spit out a ferocious sentence, immediately the momentum of the whole body crazy dispersion, just like the eruption of the volcano in general, in an instant has climbed to the peak.

The next second, his hands danced sharply. In a flash, red waves of fire broke out from the sky and the earth, just like giant fire boa constrictors. They raised the mighty power and directly killed Wang Fan.

Obviously, Luoyang has a strange fire and is a master of playing with fire.

At the moment when the red Python appeared, the whole space of the platform was scorched, and everyone seemed to be in the magma.

"Is Luoyang going to be serious?"

"The dance of fire boa is a unique skill of Luoyang. It seems that Luoyang is serious. "

"I'm afraid that guy is miserable. I don't know how he will deal with Luoyang's fierce attack."

Wang Fan calmly looked at the huge fire Python coming from the sky, his face unchanged, but in his heart, a touch of strange appeared.

Fire him?

You know, there is demon fire in his body.

Even if he can't mobilize the demon fire to attack the enemy alone, it's absolutely impossible to hurt him with the fire. Unless the opponent's fire level is far higher than the demon fire level fused in his body.

Obviously, the strange fire in Luoyang is not as good as the demon fire in his body. Demon fire is the spirit of all things, born from heaven and earth. How can ordinary strange fire be compared?

It's no exaggeration to say that Wang Fan just stood there and let the fire Python wrap around his whole body, and the fire Python couldn't hurt him at all.

Countless huge fire boa came in a flash, opened the big mouth of the illusory blood, and tore down at all parts of Wang Fan's body, as if trying to tear Wang Fan to pieces.

Everyone looked at the scene and gasped.

They don't know how Wang Fan copes and resists in this situation.

Some people even scold Wang Fan as an idiot in their heart. Even Zhuo Feng and Zhuge Kai dare not let

these fire boas get close to them.

They will only gather in advance to defeat it, and even don't give Luoyang the chance to perform the fire Python dance.

But Wang Fan, not only let Luoyang show the fire Python dance, but also let those fire Python dance close.

What's the difference between this and seeking death?

"Idiot."

"Brain damage."

"There is no suspense in this game. I didn't expect that this shameless guy would only show off his power."

Some comments came from the crowd, but at this time, they saw an incredible scene.

Wang Fan raised his fists to the huge fire boa.

He didn't use any weapons, and he didn't use any martial arts, so he used a pair of meat fists to bombard the fire python.

Looking at this scene, everyone was stunned, the brain simply can not turn around.

As for Luoyang, it was even more astonished.

Use the meat fist to deal with his fire python. Is that a death wish?

Boom boom!

After several rounds of frenzied explosion, Wang Fan's fists rolled up and blasted on the countless fire python.

The terrible style of boxing surged in the air, rampant out, just listen to a click sound, the huge and terrible fire python, even in the blink of an eye began to collapse.

Just for a moment, the fire python, which was fierce and terrifying before, had been completely torn into innumerable light spots and dissipated.

Destroy the withered and decadent, the momentum is like a broken bamboo!

Everyone's face changed, and it became very wonderful.

As for Luoyang, his face became extremely strange.

Someone smashed his fire python with a pair of meat fists?

How is that possible?

How did he do it?

When numerous question marks appeared in Luoyang's mind, Wang Fan had already stepped out and rushed directly to him.

As soon as Luoyang's face changed, he couldn't think of anything else any more, so he planned to retreat madly, but how could his speed compare with Wang Fan?

Just for a moment, Wang Fan had been forced in front of him, and immediately he saw that a huge fist went directly to his head.

### **Chapter 2728**

Bang, Wang Fan's fist pounded on Luoyang's head, and his skull broke in an instant.

The red blood splashed wildly and dyed the small battle platform red.

Looking at this scene, the scene bursts of silence, and even some people can not help but stand up.

No one thought that Wang Fan was so strong that he killed Luoyang.

What's more, they didn't expect that there would be death after the war.

Wang Fan looked at Luoyang, which was dead on the ground and could not die any more, and sighed, "why is it necessary to live well? Why should we rush to die? It's true."

With that, he turned around and went to the direction of the Lord's mansion.

At this moment, all the people who looked at him no longer had the previous disdain, some just fear, even fear.

To be able to second kill Luoyang, this kind of strength, even in the presence of more than 100 Tianjiao, can definitely be among the best.

How can they not be afraid of such people?

Now looking back on the provocation of Luoyang to Wang Fan, I feel that it is so ridiculous and absurd.

As Wang Fan said, Luoyang is looking for death.

The location of the city Lord's mansion, Yunxi also shocked looking at Wang Fan, she also found that she underestimated Wang Fan. Such strength has even been able to compete with Zhuofeng.

"Congratulations on your triumphant return. Don't worry. I'll give you your map when the battle is over." Cloud Xi deep breath, looking at Wang Fan said.

She also had some surprises in her heart. After all, Wang fan is recruited by her, which represents her vision of Yunxi.

Wang Fan nodded and did not speak.

On the high platform, the faces of the people in the Lord's mansion also showed a bright smile. They thought that Zhan Wang Fan would be defeated.

After all, Wang Fan's opponent is Luoyang. But they never thought that Wang Fan gave them a surprise.

The victory of this war, Wang Fan undoubtedly gave them a long face.

As for the death of Luoyang, no one cared. No matter how talented you are, if you die, you are nothing.

On the contrary, the faces of the people of the Wu family are not very good-looking. They are still challengers, but they are defeated. What a shame?

If they are the challengers, it's not so humiliating to lose.

After all, the challenger can choose his opponent according to his strength, while the challenger has no choice. If he does not fight, he will admit defeat, which means he will be out.

In this case, the general challenger is sure to win.

But now, they are defeated.

It's a blow to them.

After Luoyang's corpse was carried down, it was soon challenged.

Soon, more than a hundred Tianjiao began to fight fiercely.

The accomplishments of these 100 heavenly arrogants are all on the ninth floor of the holy land. The difference is only the gap between the small realms. So when they fight, it seems very fierce.

At first, there were no casualties in the battle, only victory and defeat.

At the end of the day, with the strength of those left behind becoming stronger and stronger, the fighting became more and more uncontrollable, and casualties began to appear.

In this way, there was an immediate fury among the five forces.

Almost every battle has become a desperate battle, either you die or I live.

Wang Fan watched the battle with relish.

As no one continued to challenge him, he was relaxed and became a real spectator.

In addition to him, Zhuo Feng, Pang Ji, and Li Bai, who are on the side of the Lord's mansion, have never been challenged.

Obviously everyone knows that these people are very strong and don't want to start colliding now.

As the fighting continues, the five forces have left less and less pride.

At dusk, only Wang Fan, Zhuofeng, pangju and Libai were left on the side of the Lord's mansion.

As for the other four forces, they are more than the city Lord's office.

There are five in the Wu family, six in the Huzhou League, seven in the Zhao family and eight in the Xu family.

Comparatively speaking, the number of people left in the city Lord's mansion is the least, which makes it the most likely force to be out ahead of time.

At this time, no matter Yunxi or the elders of the city master's mansion, their faces were not very pretty.

Since Wang fanzhan's strong attack on Luoyang, their faces have never looked good.

Because if they go on like this, they are likely to be the first to go out and the last to be ranked. And once ranked at the bottom of the list, the ancient ruins have nothing to do with them.

"Ha ha, Brother Yun, it seems that your situation is not optimistic." The master of the Wu family looks at the elder of the city master's mansion and talks with him across the air.

Their faces were full of pride.

"Well, it's too early to say that. Let's see." The Lord of the city, Yun Zhan, snorted in a bad mood, looking very unhappy.

"What should we do next? Should we take the initiative to challenge?" Zhuo Feng also noticed that the form is not optimistic, looking at Yunxi asked. The current situation, want to move back to the situation, they must take the initiative to challenge, but also to challenge those confident to beat the opponent.

Otherwise, if we have been passively accepting challenges, the situation will not be optimistic.

"Yes." Yunxi nodded, and then his eyes slowly swept to the four remaining forces.

However, she didn't know who to send and who to challenge.

After all, those people who can come here have proved their strength.

Except for Pai Zhuofeng, she would not have much confidence in sending anyone.

Once the choice is not right, the city Lord's house will face even greater pressure if one more person is out.

However, it seems too early to send Zhuofeng out now.

After all, the final figures of the other four forces have not been on the stage yet. If he sends Zhuo Feng, it is likely that the four forces will target him.

In that case, the outcome will be even worse.

Just as Yunxi hesitated, one of the Xu family jumped onto the platform.

Now, among the five forces, the Xu family has the largest number of people left, up to eight, so there is no pressure on the Xu family.

After climbing on the platform, without hesitation, the man looked to the direction of the city Lord's mansion.

When people under the stage see this behind the scenes, they are all stunned.

Is it possible that the Xu family is now targeting the city Lord's mansion?

Otherwise, why don't the people of the Xu family look at the other forces, but at the location of the city Lord's mansion?

Yunxi's face is also hard to see the extreme, she did not expect that the people of the Xu family had the idea of challenging the city Lord's house.

The city Lord Yun Zhan's face is not good-looking, because once the city Lord's house is targeted, it will definitely be out.

The eyes of the Xu family swept around Wang Fan and his party, and finally fell on Wang Fan.

And to see this scene, everyone is even more shocked.

Is this man going to challenge Wang Fan?

Wang Fan's eyes also can't help but slightly squint, his mouth turned up a radian, immediately stood up without hesitation.

He is worried that he can't find anyone to fight and win two more games. Now it's a good thing for him that this guy wants to challenge him.

Just, Wang Fan just stood up, that person's facial expression just can't help a change, immediately issued a voice, "I challenge Li Bai."

Once the words fell, the whole audience was dead.

That's ok?

Wang Fan was also a little surprised, and immediately began to be upset.

Is this guy playing with him?

That's ridiculous.

Li Bai is also slightly stunned, even if he stands up.

He is challenged. If he refuses, he will give up, so he has to fight.

Soon, Li Bai came to the center of the platform.

The two of them, who were looking at the center of the platform, were also a little hot.

Who will be out in this war?

## **Chapter 2729**

Under the expectation of the people, the two sides soon fought together.

The weapon of the Xu family is a magic weapon in the shape of a fish's mouth. When the magic weapon is waved, it rolls up its violent power and is extremely terrifying.

Li Bai's weapon is a heavy nine ring machete. When it's wielded, the machete also tears out the waves of Dao, and its power can't be underestimated.

However, Li Bai's aura was more powerful than that of the Xu family.

In addition, the people of the Xu family were cunning and cruel enough. Finally, after more than ten minutes of persistence, Li Bai could not bear to lose.

Fortunately, he just lost, not lost his life.

In this battle, Xu Jiasheng and the city master's office were out again.

In a twinkling, only Wang Fan, Zhuo Feng and Pang Ji were left in the city master's mansion, and the situation was even more precarious.

"Zhuo Feng, you go and kick the Xu family out." Up to now, Yunxi can't care to think so much more and says directly to Zhuo Feng.

Zhuo Feng nodded, and without hesitation, he boarded the platform.

He glanced at the people of the Xu family who had not left, "I challenge you."

When the man heard Zhuo Feng's words, his face didn't change much. On the contrary, a strange smile appeared.

"I give up." He did not hesitate to say three words, immediately very free and easy to leave the battlefield.

At this moment, no matter Yunxi or the elders of the city master's residence, they all felt a touch of conspiracy.

Can't it be that the other four forces have already reached a consensus that they want to target his city Lord's mansion?

Sure enough, almost the Xu family just admitted defeat, a figure has fallen on the battlefield.

"Zhao Jia Ye Jun, challenge Zhuo Feng." The insipid voice spread out, so that the scene fell into a dead silence in an instant.

Ye Jun is an absolute figure in this area. His fame is not weaker than Zhuo Feng, even bigger.

It is said that ye Jun's weapon is a knife, an invisible knife, and also known as an invisible killing knife.

If you don't put out a knife, you will kill people.

It is said that everyone who saw his knife had died.

Zhuo Feng saw Ye Jun on the platform, and his face changed slightly.

Rao is as strong as he is. In the face of Ye Jun, he feels a strong pressure.

To tell you the truth, the last thing he wants to meet is Ye Jun.

Because no matter how tough others are, their reputation is no less than that of them, and their attack means are traceable.

But this ye Jun is not. Everyone knows that his weapon is a knife, but no one has ever seen his knife. Everyone who has seen his knife has died.

How can he not be afraid of such a character?

"If you dare not fight, you can abstain. No one will laugh at you." Relative to Zhuo Feng's dignified, ye Jun seems very relaxed.

His expression is calm, tone is insipid, as if did not put Zhuofeng in the eye at all.

"Abstaining? You think too much of yourself. It's said that everyone who has seen your knife has died. I'd like to see if it's true today. "

As a famous figure, how can Zhuo Feng endure such contempt?

He cold drink, the whole has been like a bomb, toward Ye Jun killed in the past.

Shape like a tiger, potential like thunder!

Obviously, Zhuo Feng wants to take the lead and not give ye Jun a chance. He plans to kill Ye Jun in the shortest time.

Zhuo Feng's speed is extremely fast. In an instant, he has already swept to Ye Jun's body. Immediately, he appears in his hand and smashes his head.

The fierce axe pattern tears the space, and there is a harsh hissing sound in the whole platform. The sharp axe pattern surges on the platform, and cracks appear on the platform.

"It's a powerful axe. It's worthy of Zhuo Feng. It's really powerful!"

"Hey, although Zhuo Feng is strong, ye Jun is not weak. He just doesn't know how to deal with it."

In the eyes of everyone's exclamation, the fury of the axe pattern has been surging in Ye Jun's body, tearing Ye Jun to pieces.

However, there is no sound coming out. It is obvious that what Zhuo Feng tears is just the shadow of Ye Jun.

"Look there, ye Jun has already appeared on the side of Zhuo Feng." Someone pointed to an area of the platform and was shocked.

See ye Jun's body shape, already appeared there, that dark eye son is still calm and terrible.

Zhuo Feng's face is also slightly changed. Without hesitation, he immediately turns and continues to boom to Ye Jun.

However, what he hit was still the shadow of Ye Jun.

Fast, it's too fast.

Ye Jun's speed is incredible.

Zhuo Feng's face is also a little ugly. He can't even hit Ye Jun. how can he fight?

Just, want him to admit defeat like this, he is a little unwilling. Next, a very funny scene appeared on the stage.

Zhuo Feng's crazy dance and bold bombard Ye Jun, but ye Jun is like a ghost, constantly avoiding calmly.

After a few minutes, Zhuo Feng didn't have the body of Zhongjun.

Looking at this scene, everyone can't help sighing.

They know that Zhuofeng's defeat is inevitable and irreversible.

After all, his consumption is huge. Once he lacks strength, ye Jun can find a mobile phone. And ye Jun once shot, Zhuo Feng will be defeated.

Yunxi's face is also more iron green, her beautiful eyes stare at the center of the battle platform, looking forward to Zhuo Feng can win, move back to a game for her city Lord mansion.

Unfortunately, she was disappointed after all.

The gap of strength can not be changed by prayer or expectation.

At a certain moment, when Zhuo Feng once again blew out an axe, he finally had something to lose, revealing a great flaw.

At this time, ye Jun has quietly appeared in his side, immediately everyone only saw a flash of light and shadow, Zhuo Feng's body has solidified there.

After a long time, the red blood fell from his chest. With a plop, Zhuo Feng fell down.

He was defeated, and the price of defeat was death!

At this point, a generation of figures, the lone Walker Zhuo Feng, died!

He didn't even have the chance to ask for mercy.

At this moment, the scene fell into a dead silence, and everyone's eyes focused on Ye Jun's body, looking very solemn and shocked.

This ye Jun is really terrible.

In the face of Zhuo Feng's strong attack, although he has been passive Dodge, but just one shot, it will take Zhuo Feng's life, and even the public did not see his knife clearly.

Cloud Xi looked at this scene, the whole person is also like a complete collapse in general, powerless against the back of the chair.

Zhuo Feng has been defeated and died miserably, and the situation that the city Lord's mansion is at the bottom of the table can no longer be violated.

On the high platform, the elder of the city Lord's mansion was even more ugly and blue.

However, they can't say anything, they can only endure.

With Zhuo Feng out, now, on the side of the city Lord's mansion, there are only Wang Fan and Pang Ji left. As for Yunxi, she won't fight.

The atmosphere, too, becomes oppressive at this moment.

"Zhuofeng alone? Well, that's all Ye Jun in a knife after killing Zhuo Feng, disdain of hum a, and then returned to the Zhao family position.

His look at Zhuofeng's corpse was extremely disdainful. It seemed that he was so superior and invincible.

"Huzhou mengdunhao, challenge the city master's mansion Almost as soon as ye Juncai left, another voice came out, and then a figure appeared on the platform.

At this moment, the face of the people in the city master's mansion can't be described by hard words. It's a shame!

It is obvious that the other four forces have reached some consensus and intend to take the lead in kicking out the city Lord's office.

### **Chapter 2730**

Among the five forces in Baiyu City, the city Lord's office is the strongest, so the other four forces do not want to see the city Lord's office continue to grow.

Now that they have this opportunity, they naturally can't let it go, and they have chosen to join hands with each other decisively.

"Pang Ji, give up. The end is doomed. You don't need to fight any more, or you will lose your life in vain."  
"

Cloud Xi looking at that challenge Pang Ji of shield Hao, helpless sigh tone, toward Pang Ji said.

Although Pang Ji's strength is strong, he doesn't have much chance of winning in the face of Dun Hao.

What's more, even if he wins dunhao, can he still defeat the other four forces in a row? It's absolutely impossible, so it's better to give up.

Pang Ji heard Yun Xi's words, but shook his head, "I Pang Ji even if it is not the enemy to admit defeat, will never be afraid of war."

Then he stepped out and landed in the center of the platform.

Pang Ji had just landed in the center of the platform, and dun Hao had already launched a stormy attack.

See his body surface curl up paint black light, the whole person is like a mountain, crazy toward Pang Ji pressure in the past.

Pang Ju's momentum has not yet fully condensed, so he has been forced to fight with dunshan.

The end of such a battle is needless to say.

Just a few breath of Kung Fu, in Dun Hao's continuous fierce attack, Pang Ji has already spewed out blood and is in danger.

"I give up." Fortunately, he responded quickly, and at the last moment he yelled out the word "admit defeat". Otherwise, he would lose his life.

"Yes." Dun Hao glanced at Pang Ji sarcastically, arched his hand to say two words, and then turned away.

Pang Ji left the battlefield with a gloomy face.

It's a fight that's too difficult.

He has not gathered momentum, has been the other side began to beat, it is not happy.

However, he knew in his heart that even if he completely gathered momentum, he would not be the opponent of dunshan, but he would not be so embarrassed.

After another war, Pang Ji was out.

So far, Wang Fan was the only one left in the city master's mansion.

Yunxi's face is also more pale, ugly to the extreme.

In today's battle, she was full of confidence that she could get a good place.

But I never thought it would be such a shame.

Now there are five left in the Wu family, six left in the Huzhou League, seven left in the Zhao family and eight left in the Xu family. But Wang Fan was the only one left.

So far, she has no hope of getting a good place in the city Lord's mansion.

Let alone get a good place, it can be said that the end of the ranking is doomed.

The faces of the elders of yunzhan's mansion are also very ugly.

They did not expect that the battle would evolve into such a situation, and the four forces joined hands to target his city Lord's mansion.

However, since they have chosen this rule, even if they are not happy, they can only bear it.

Compared with the ugly faces of the people in the city Lord's mansion, the faces of the other four forces are much better.

In any case, as long as the first to kick out the city hall, then they do not have to worry about the bottom of the ranking. As for the ranking between them, we will see their respective strength later.

Whoosh!

Another figure fell on the platform. He was Zhuge Kai, no less than Zhuo Feng. He represented the Wu family.

After Zhuge Kai stepped on the platform, his eyes fell directly on Wang Fan. He said faintly, "do you

admit defeat and go down, or do I send you down?"

His tone is incomparable domineering, as if there is no Wang Fan in the eye.

And listen to this, although people are surprised, but also can accept.

After all, Zhuge Kai is stronger than Luoyang. Even if Wang Fan kills Luoyang, they don't think Wang fan is qualified to fight against Zhuge Kai.

"Give up. Even if you fight again, you can't change anything. You can rest assured that I will still give you your map. "

Cloud Xi see Zhuge Kai challenge Wang Fan, has no anger.

This is already expected. Why should we be angry?

Wang Fan listened to Yunxi's words, but her senses were much better again. He said with a faint smile, "if you promise to win three games, how can you say nothing?"

With that, Wang Fan got up and walked slowly towards Zhuge Kai.

He looked at Zhuge Kai with a smile in his eyes and a faint way of saying, "if you kneel down and admit defeat, maybe I can spare you from death, otherwise, you will not have the chance to go down the battlefield."

As soon as Wang Fan said this, the scene was dead.

Arrogance!

Domineering!

They did not expect that, even in the face of Zhuge Kai, Wang Fan was as arrogant and domineering as ever.

Zhuce Kai asked Wang Fan to admit defeat and roll down. Wang Fan was not afraid and directly fought back. He not only asked Zhuge Kai to kneel down and admit defeat, otherwise he would kill Zhuge Kai. How bold is this?

When Zhuge Kai heard Wang Fan's words, his face was blue with anger. He stared at Wang Fan and said coldly,

"do you really think that if you kill Luoyang, you will be invincible? It's just a clown. Next I'll let you know the gap between us! "

The words fall, Zhuge Kai body has already drum up the terror momentum, the monstrous killing will diffuse out, and then crazy toward Wang Fan killed in the past.

Zhuge Kai's weapon is a huge golden feather. When the golden feather dances, it seems that there are fierce birds all over the sky, and they are tearing at Wang Fan crazily.

Just in an instant, countless fierce birds appeared on the platform. Those illusory fierce birds covered the whole platform and rushed to Wang Fan.

"Invincible? clown? The gap? " Wang fan is not afraid, but the corner of the mouth also emerged a touch of evil smile, "is really an idiot."

With that, the breath of his body suddenly spurted out, and the terrible momentum filled the world.

At this moment, he seems to be incarnated into an ancient giant god, extremely overbearing.

With the crack of the earth, the whole person had already soared into the air in an instant, and rushed directly to those illusory fierce birds.

Bang bang!

Next, in the eyes of the people, Wang fan used his body to smash those illusory fierce birds!

At this moment, Wang fan is like the ancient god of war, invincible, unmatched!

Zhuge Kai's face also changed greatly. He didn't expect that his attack would be so vulnerable in front of Wang Fan.

At this moment, Wang Fan had already stepped in the void, directly towards Zhuge Kai's body.

"You want me to give up and get off the stage? What are you? You deserve it, too? "

The thunder like voice came from Wang Fan's mouth and reverberated in the whole space. The next second, Wang Fan's right hand had been raised and directly grabbed Zhuge Kai's neck.

Come on, it's so fast!

When Zhuge Kai retreated madly, a layer of thick defense condensed on his body surface. However, his defense was not vulnerable in front of Wang Fan.

In a clattering sound, Wang Fan's right hand was like tearing a piece of paper, tearing those defenses to pieces, and then grabbing them on his throat.

"I don't know." Zhuge Kai was so shocked that he tried to admit defeat. Only when he said two words,

his throat was blocked, which directly led to the failure of the last word.

"Now, do you know who the clown is? Do you know the gap between us?"

Wang Fan's indifferent voice echoed again, and then directly picked up Zhuge Kai's throat, then smashed it down.

With a roar, the battle platform vibrated, the blood mist splattered, and Zhuge Kai's body turned into meat mud in an instant.

At this moment, the whole audience was dead!
