Chapter 2731

All the people are dull looking at Wang Fan standing on the platform. For a long time, they can't recover.

When their eyes fell on Zhuge Kai who fell into blood mud again, their hearts were even more trembling.

Zhuge Kai, that is a very strong presence in the ninth floor of the holy land. Even Zhuo Feng is not sure to deal with him.

But now, Zhuge Kai is dead, and still in such a funny way, was crushed by Wang Fan to death.

There was no more disdain or disdain in their eyes, but only respect and awe.

The strong are respected wherever they are.

Even if the outside world rumor Wang Fan how shameless, but now, Wang Fan belongs to the strong.

The direction of the city Lord's mansion, the city Lord's cloud war and other elders can't help but stand up. They are also staring at Wang Fan standing on the platform. It's hard to hide their shock.

Originally, they were already desperate and decided that the last place was a foregone conclusion.

Wang Fan's appearance, but let them see hope again.

Yunxi also stood up, and the eyes looking at Wang Fan were full of splendor.

She never thought that Wang Fan would give her such a big surprise.

She did not expect that the guy she was interested in digging in the battlefield would be so powerful.

However, Wang Fan was the only one left in the city master's mansion, and there were more than 20 other people in the other four forces.

If Wang fan is targeted, can he really come to the end, or not let the city Lord's house become the last?

There is still no answer in her heart.

Relatively speaking, the people of the Wu family look a little ugly.

Zhuge Kai is the most powerful of the rest of the Wu family, but now Zhuge Kai has been killed, and the ranking of the Wu family can be imagined.

"Son of a bitch!" As for Wu Qiu, the head of the Wu family, his fists have been pinched, and his face is

even ferocious.

He thought that if Zhuge Kai killed Wang Fan, he would be defeated, and the city Lord's mansion would be the last. But now, Wang Fan didn't pay attention to the shock of the people. After killing Zhuge Kai, he went back to Yunxi.

There are 25 other forces in total, and he will not challenge them one by one.

He has to wait for others to challenge him. Anyway, as long as he is still there, as long as he is invincible, the city Lord's mansion will not become the end.

After Wang Fan returned to Yunxi, the scene was quiet for a moment, and no one came out to challenge.

Obviously, the strength of Wang Fan brought them great pressure, they are not sure to defeat Wang Fan.

Zhao Yu looked at Ye Jun and asked, "are you sure about this man?"

His face is not good-looking, after all, the perfect plan was broken by Wang Fan, the mood can be good is strange.

Ye Jun glanced at Wang Fan and said calmly, "yes, but it's not very big. This man is very strong."

Ye Jun just a word, make Zhao Yu's face more ugly.

You know, ye Jun killed Zhuofeng easily before. Even in the face of Zhuofeng, he was very confident and even disdained.

But now, he said that he didn't have a great grasp of Wang Fan, which shows that Wang fan is powerful.

Zhao Yu is silent. If ye Jun's answer is sure, he will definitely send Ye Jun to fight without hesitation. But now ye Jun is not sure, he dare not send Ye Jun to fight easily.

Because once Ye Jun is defeated, his Zhao family will face the same situation as Wu family, and will be completely suppressed by Huzhou League and Xu family.

"Why no one challenges? Are you waiting for me to take the initiative?" Wang fan saw that no one challenged him for a long time, and finally he could not help but stand up.

He's not in the mood to waste his time here.

The most urgent thing is to get the map as soon as possible, then go around the ancient ruins, and then go to Yunqing Academy.

Seeing Wang fan stand out, the faces of the other four forces can't help changing.

Except for ye Jun of Zhao family, dun Hao of Huzhou League, and Gou Shan of Xu family, the rest of Tianjiao's face is extremely ugly, even Bai Li of Zhao family.

After all, they are not sure to deal with Zhuge Kai, but Wang fan can easily crush Zhuge Kai. If they are challenged, they have to admit defeat.

Wang Fan didn't pay attention to those people's thoughts. He had come to the center of the platform step by step.

His eyes swept all the Tianjiao present. Except for a few people who dared to look at him, the rest of them lowered their heads subconsciously.

Just momentum, they have lost in a mess.

Wang Fan didn't challenge those people, but looked at Tianjiao, the younger generation of the four forces, and said faintly,

"you four forces can only leave one person, and the rest are all out. Otherwise, I will stand here and challenge one by one. "

The faint sound fell, just like thunder on the ground, and it exploded in this area, which shocked everyone. How arrogant and domineering is Wang Fan's demand that only one person be left in each force, and all the others be out, or they will be challenged one by one?

When Tianjiao, the four forces, heard Wang Fan's words, his face became ugly.

Wang fan is obviously threatening them. No matter how strong Wang fan is, there is no need to be so arrogant, right?

The most important thing is that before their four major forces united against the city Lord's mansion, at least they were still in the dark and did not point it out. But once Wang Fan said this, it was equivalent to directly poking through the window paper.

"Fool!" Cloud Xi listens to this words, then can't help beauty Mou a coagulate, dark scolded a.

Is it not that Wang fan is forcing the four forces to join hands to fight against him?

You know, if Wang fan doesn't say this, the other four forces may not continue to target their city Lord's house.

But Wang Fan said this, the meaning has been completely different.

"It's really a big tone. If you kill Zhuge Kai, you really think you are invincible? I'd like to see if your skills are as good as yours. "

A cold voice came from the direction of the Xu family, and everyone's eyes immediately fell on the mountain.

Ferocious mountain, the peak of the holy land, is a very strong existence.

Today's war, he did not fight, because no one dared to challenge him.

With the sound of his voice, karoshan has stepped on the stage step by step, and his body is filled with powerful pressure, which makes people tremble.

This fierce mountain has a huge body and an amazing physique. At first sight, it belongs to a monk with strong explosive power.

Obviously, after watching his fight with Zhuge Kai, he thought that he was also a monk with strong explosive power, so he dared to challenge.

"Do it, or I'm afraid you won't have a chance." The ferocious mountain soon stood opposite Wang Fan. He looked coldly at Wang Fan and said.

Obviously, this is also a very arrogant guy, even more arrogant than Wang Fan. Even if he has seen the power of Wang Fan, he still dares to let Wang Fan take the lead.

"Good." Wang Fan simply nodded, the next second, it has been like a whirlwind to kill the grim mountain.

Since the requirements of karoshan, he will be satisfied.

Chapter 2732

At this moment, Wang fan is just like a dragon, rolling up the fury and killing furiously to the ferocious mountain without any fancy.

Now that karoshan is confident, he smashes karoshan's confidence.

He wants to let karoshan know that even if it's hard, karoshan is not an opponent!

"Well done!" When he saw Wang Fan coming, he grinned and gave a bang. His aura seemed to explode in an instant. Without any retreat, he rushed to Wang Fan.

In a flash, the two met in midair, fist and foot crazy collision, launched the most direct collision.

One is that he wants to defeat Maoshan in his pride, and the other is that he doesn't want to expose his strength too early.

Sometimes it's not a good thing to be too sharp, unless you are forced into a desperate situation.

Compared with Wang Fan's shock, his heart was not only shocked, but more incredible.

If he had not experienced it himself, he would not have believed that someone in the same realm could meet him so violently.

It's just incredible.

He is confident that even those monsters in Yunqing academy dare not to touch him so hard, right? But now, Wang Fan did it.

What surprised him most was that he had already felt a little lack of back force after such a long time of bombardment. But Wang fan is just like a dope, even more and more brave.

If it goes on like this, he will be defeated.

Boom boom!

It was a few more crazy impacts, and finally karoshan felt numb, and his strength was not good.

Wang Fan, as if seeing his weakness, suddenly became faster, approached his body directly with a speed hard to capture by his mental power, and his fists shot out again.

Ferocious mountain heart big frighten, this guy unexpectedly also concealed strength, his body method unexpectedly such terror?

The pupils were choking sharply. At this time, karoshan didn't have time to think so much.

He madly urged the aura in his body, subconsciously stretched out his arms to block his chest.

Almost as soon as his arms were raised, Wang Fan's fist had fallen.

With a bang, the violent force pressed on his arms and hit him on the chest.

He couldn't help it any more. He immediately spat out a mouthful of blood, and the whole person flew out.

With another bang, his body fell on the platform, making the whole platform tremble.

"Is karoshan defeated?"

"Oh, my God, how can it be that Karoshan is defeated?"

"So powerful!"

The audience looked at the scene, first in a daze, then in a scream.

Karoshan, unexpectedly defeated, but also defeated in the collision of pure power, this is really too incredible?

If Wang Fan defeated Maoshan by other means, they might accept it, but they couldn't accept that Wang Fan defeated Maoshan by his best power.

You know, looking at the scene, all Tianjiao, even Dunhao and Ye Jun, are absolutely impossible to defeat Maoshan in a frontal collision.

But now, Wang Fan has done it.

Shock, death shock.

They all stare at Wang Fan standing on the platform, as if looking at a monster. What kind of terrible power is hidden in Wang Fan's not so big body?

Wang Fan did not pay attention to the shock of those people, his body suspended in the air, just like a king, overlooking the grim mountain, asked coldly, "do you want to continue?"

"I'll give up." Ferocious Mountain looking at the high Wang Fan, complexion complex, finally, or difficult to say these three words.

He lost.

He was defeated.

I'm convinced of defeat.

"Good." And hear ferocious Mountain admit defeat, Cloud Xi is difficult to control that excited mood finally, can't help roaring out a good word.

The elders of the city master's mansion were also greatly relieved, as if the huge stone in their heart had fallen to the ground.

Comparatively speaking, the faces of the Xu family are a little ugly.

Maoshan is a member of the Xu family, and also the strongest member of the Xu family. Now that

Maoshan is defeated, what will he do next?

The faces of the other three forces are not good-looking. They have realized that even if the number of people in the city Lord's mansion is the least and only Wang fan is left, they are likely to come to the end and win the first place.

Wang Fan has defeated zhugekai and Maoshan successively, which can be said to be the God of two battles. He has proved his strong strength.

Now, even if ye Jun and dun Hao fight against Wang Fan, I'm afraid they have to weigh it up?

At the moment, the four forces have already begun to envy the city Lord's mansion, and they have even recruited such a strong figure as Wang Fan.

"Next." Wang Fan did not pay attention to the shock of the people, his eyes have swept to the rest of Tianjiao, indifferent mouth.

He didn't specify who to challenge, just the next one.

Obviously, no matter who it is, he is not afraid.

How confident and arrogant is this?

With the fall of Wang Fan's voice, everyone's eyes fall on Ye Jun of Zhao family and dun Hao of Huzhou League.

Because they all know that except these two people, even if they go up, they will be crushed.

"Good arrogant guy, Zhang Heng, you go." Zhao direction, that Zhao Tianjiao ferocious mouth.

People listen to this voice, first a Leng, then understand his idea.

He wanted to consume Wang fan through the wheel fight, and then sent the strong to suppress him at one stroke.

With the voice of Zhao Tianjiao falling, a young man quickly stood up, but his face was very ugly.

Although Zhao's idea is good, he is not willing to fight.

After all, the price of defeat is likely to be death.

Wang Fan looked at this face a little bit white Zhang Heng, light way, "you are not my opponent, go down, otherwise, I will not stay."

Wang fan is talking at the same time, in the heart also sneer: want to deal with him through the wheel fight? He wants to see who dares to come up and die!

Chapter 2733

With the fall of the voice, Wang Fan suddenly spread a sense of terror and killing, and went directly to Zhang Heng's oppression.

Zhang Heng face a change, the heart that silk only fluke instantly collapse, blurted out, "I give up."

Having said that, without hesitation, he left the Zhao camp directly, stepped down from the battle platform, quickly penetrated into the crowd and disappeared.

Looking at this scene, the faces of the Zhao family were as ugly as they were.

It's a shame.

Zhang Heng's action is a shame to his Zhao family.

"Those who dare to fight, stay. Those who dare not fight, go away." Wang Fan's voice is indifferent, but his tone is very sentimental.

Want a wheel fight against him? It doesn't exist! Whoever dares to do so must be prepared to bear the cost.

And listening to Wang Fan's words, except ye Jun and dun Hao, other people's faces were as ugly as they were.

Although they also know that the wheel fight against Wang fan may really defeat or kill Wang Fan. But the first few who went up must have been sent to death.

No one is willing to die, and no one is willing to go up to die knowing that they will die, so they are afraid.

"Ha ha, domineering! As a monk, it should be so! " The city leader Yun Zhan came back from the shock and couldn't help laughing.

At this moment, he was too relaxed. All the previous depression was swept away, and some of them were just unspeakable.

However, compared with the city leader Yun Zhan's pleasure, the faces of the other four forces are a little ugly.

They thought that Wang Fan, the only one left in the city, would be at the bottom of the list.

But he never thought that Wang Fan, with the power of only one person, would frighten all the arrogance and make everyone dare not fight.

How arrogant is this, and how domineering is this?

At this time, they almost want to rush up and crush Wang Fan to death.

But because of the rules, because of the city Lord's residence, the elders are also here. In the end, they can only endure.

"Dun Hao, are you not sure?" Huzhou League direction, a young man finally can't help looking at Dun Hao, dignified mouth.

Dun Hao shook his head and said directly, "I'm not his opponent. If I fight, I will lose."

What he said was not from a hollow source, but from the bottom of his heart.

Because he had more than one fight with the ferocious mountain, but he didn't get any advantage.

But now, Wang fan can defeat Maoshan, which shows that he will not be Wang Fan's opponent.

When the young man heard Dun Hao's words, his face suddenly turned ugly.

Even Dun Hao said frankly that he was not Wang Fan's opponent. Doesn't that mean that his ranking of Huzhou League must be behind the city leader's mansion?

Zhao direction, Zhao Tianjiao also looked at Ye Jun, "Ye Jun, do you want to try?"

Ye Jun smell speech, face slightly a change, but still nodded, "good."

With that, he landed directly on the platform.

At this time, he faced Wang Fan, not before the face of Zhuofeng relaxed, some just dignified.

Because he is not sure about Wang Fan.

The people under the stage are all excited when they see ye Jun going out.

"Ye Jun has gone to war."

"Ye Jun went to war, but I don't know if he can suppress Wang Fan."

"I'm really looking forward to this battle."

Wang Fan looks at Ye Jun, also can't help but smile, his smile is a little strange.

But ye Jun sees Wang Fan's smile, his heart is more and more uneasy, but he is not afraid to fight.

Accompanied by a sound of breaking the wind, ye Jun's body suddenly disappeared out of thin air, and killed Wang Fan with the terrible speed that is difficult for the naked eye.

He did not dare to let Wang Fan take the lead, but chose to take the initiative.

"My God, it's so fast."

"Ye Jun took the initiative to fight. It seems that he is serious."

The people under the stage look at Ye Jun, whose shadow has disappeared. His face is even more changed.

At this time, they realized that ye Jun didn't show all his strength when he fought against Zhuofeng.

"Specific speed?" Wang Fan looks at Ye Jun's disappearing figure, with a sneer at his mouth.

I saw his body shaking slightly, a flash of electric light around the whole body, the next second, it has also disappeared in the same place.

Almost when Wang Fan's figure disappeared, a bright light of the knife crossed in a semicircle, directly penetrating Wang Fan's previous position, but what was torn up was the shadow.

Ye Jun's knife stabbed in the shadow of the moment, the heart is unable to help a sink.

He knew that he had been defeated, and that he had been completely defeated.

With such a terrible speed and the terrible power shown before, ye Jun is absolutely unable to defeat Wang Fan, but Wang fan is likely to defeat him.

"Ye Jun, although you are very strong, you are not my opponent. I heard you use a knife, and so do I. Now I'll show you what a real knife is." Wang Fan's calm voice falls, and the whole person has disappeared like a ghost again. Ye Jun's eyelids can't help jumping and subconsciously retreats madly.

It's a pity that he retreated only a few meters. He felt a very strong sense of danger coming. Before he could react, a knife point had already pointed to his back.

Fast, it's too fast.

Incredibly fast, incredibly fast.

This speed is more than several times faster than his Ye Jun.

"I'll give up." Ye Jun did not hesitate, is simply to admit defeat.

He had realized that it was easy for Wang Fan to kill him. In that case, why should he die?

"Ye Jun was defeated?"

"Why did ye Jun lose so fast?"

"How is that possible?"

"Wang Fan, who has incomparable strength and speed, is in the same realm. It's hard to imagine who can suppress him."

Hear ye Jun admit defeat, after a short silence, the whole scene is in an uproar, a shock.

Everyone's eyes are focused on Wang Fan. At this time, Wang fan is peerless and attracts attention.

"Who else?" Wang Fan didn't pay attention to Ye Jun, but looked at the others.

At this moment, everyone bowed their heads, and no one dared to look at Wang Fan, even Dun Hao.

No one talks, no one dares to challenge.

The scene became strange and quiet, and the atmosphere was terrifying.

"It's really troublesome." Wang Fan muttered and looked up at the cloud war on the high platform, "master of Cloud City, how do you want to rank? Who is the last, who is the fourth and who is the third?"

A word makes everyone's eyes slightly change again.

Wang Fan was about to decide his place, and the other four leaders of the big forces looked as ugly as they could.

Although Wang Fan seems to be arrogant at the moment, they know that Wang Fan already has this kind of strength.

They really hate it. What's the bad luck of the city Lord's mansion to attract such people as Wang Fan?

"Ha ha!" Cloud war listen to this words, first is a Leng, then laugh again, way, "Wu family last, Zhao family fourth, Xu family third."

"Good." Wang Fan nodded and looked directly at the location of Wu Tianjiao, "are you going to be out of the game by yourself, or do you want me to do it?"

With the fall of Wang Fan's words, the people of the Wu family suddenly fell into the ice cellar. They only felt that their whole body was cold and piercing.

Chapter 2734

Zhugekai and Luoyang, the most powerful of the Wu family, have been defeated. How can they be Wang Fan's opponents with the rest of them?

Tianjiao, the leader of the Wu family, couldn't see the extreme. Finally, he couldn't bear it. He said angrily, "Wang Fan, don't deceive people too much and offend the Wu family. Have you considered the consequences?"

"Too much deception? The consequences? " Wang Fan sneered, "when you asked Zhuge Kai to kill me just now, why didn't you think about deceiving others too much? Why didn't you think about the consequences?"

"Don't talk nonsense. Since the people of the Wu family are not willing to admit defeat, stand up and die one by one. I will never be merciful."

Wang Fan said with a sneer, pointing directly at a person, "you, get out."

The man was pointed by Wang Fan, and his face became ugly immediately.

As for the pride of the Wu family, he was even more angry.

At this time, even Wu Qiu, the head of the Wu family on the high platform, could not help but stand up.

Unfortunately, as soon as he got up, several elders stood up and looked at them with a sneer.

In such an array, it seems that if you don't agree with a word, you have to start.

Wu Qiu's face was even more livid and his chest began to rise and fall uncontrollably.

He first stares at the elder of the city master's residence for a few seconds, then sweeps to Wang Fan coldly, which is not willing to sit down.

He knew that he could not fight Wang Fan on such occasions. If he wanted to kill Wang Fan, he had to ask for another chance.

Although the other three forces formed a short-term alliance with the Wu family, if the Wu family went to war with the city Lord's mansion, the three forces would never interfere. These old foxes were happy to watch the tiger fight on the mountain.

"I give up." A slightly frightened voice came out, and the person who was pointed by Wang Fan directly admitted defeat.

He's scared!

He's really scared!

In Wang Fan's sense of terror, he really felt the breath of death.

And with his surrender, the others' psychological defense lines were also defeated one after another. They began to bow down and admit defeat, and then left the battle platform and left here.

None of them has the courage to fight Wang Fan.

Looking at this scene, Wu Qiu felt his heart was bleeding, but he had nothing to do.

It's an ancient relic, and they're out of touch with it.

Originally, they thought that it was inevitable for the city Lord's mansion to be at the bottom, but the changes in the world were free of charge. Who could have imagined that such a big reversal had taken place in the twinkling of an eye, and the Wu family was directly at the bottom.

"He's so handsome."

"Wang Fan, how tough!"

The audience looked at the scene and was shocked. The look in Wang Fan's eyes was full of heat and worship.

In a word, it directly determines the outcome of the bottom of the Wu family. How overbearing is this?

Wang Fan didn't pay attention to the iron blue face of the Wu family. His eyes had swept to the Zhao family. "Are you fighting or giving up?"

"I give up." A friar answered directly. After that, he didn't even dare to see Zhao Tianjiao. He flew down the platform and disappeared.

The monk's surrender seemed to set off a chain reaction, and the rest of the Zhao family also admitted defeat one after another and left quickly.

Xu's direction, those Tianjiao looking at this scene, without waiting for Wang Fan to ask them, has followed to admit defeat, and then leave.

The same is true of Tianjiao in Huzhou League.

So far, the five forces have come to an end in such a funny way.

Wang Fan, however, became the one who decided the ranking of the four families.

In the direction of Gaotai, the eyes of the elders of the four forces looking at Wang fan can no longer be described as cold. They all hate the marrow and want to kill them.

However, Wang fan is now standing behind the main house, they have no courage to fight.

After the end of the battle, Wang Fan followed the people of the city master's mansion and returned to the city master's mansion.

Wang Fan got the map he wanted and the top ten thousand immortal stones.

These are extra rewards from the city Lord's office.

However, when Wang Fan was invited to join, Wang Fan refused.

He is a student of Yunqing academy, but he is not interested in joining the city leader's mansion in a small city.

The city Lord's office didn't make any trouble about it. It was still very polite to treat Wang Fan as the guest of honor, and the greeting was very good.

On the second day, the four forces, namely the city Lord's mansion, Huzhou League, Xu family and Zhao family, set out together and rushed to the site of the ancient ruins.

Because Wang Fan was too strong on the stage, Tianjiao who stayed behind had already given up before fighting, so naturally he had no face to follow them to the ancient ruins, so the number of people was not very large.

Nevertheless, Wang Fan clearly felt that the eyes of the other three forces looking at him were full of bad and even murderous.

However, Wang Fan didn't care. After this trip to the ancient ruins, he would go to Yunqing academy, so he didn't care to offend these people at all. As long as he finds the right opportunity to leave secretly, he will not be followed by the strong in the three forces.

The ancient ruins are located in a deep mountain, where there are many monsters and beasts, and there are many monsters above the imperial realm.

Wang Fan and his party just walked thousands of miles in the mountains, and they met more than a

dozen big coats whose accomplishments had reached the realm of the emperor. As for the monsters under the realm of the emperor, they met countless.

Fortunately, there are many powerful people in the four major forces, and even family leaders have followed them, so they are not in danger. But even so, the faces of the people of the four forces are a little ugly.

Because if this trend continues, they will not be able to get close to the location of the ancient ruins.

"We are still nearly a thousand miles away from the location of the ancient ruins. Do we want to go further?" At a certain moment, under the instruction of Zhao mu, the leader of the Zhao family, a strong man in the imperial realm, finally could not help asking.

This strong man on the first floor of the Empire has already been decorated and suffered some injuries. He was injured in a battle with a python demon. If it wasn't for the help of the strong at the critical moment, I'm afraid he would have been killed.

The reason why Zhao Mu instructed him to ask this question is that he really felt the danger of this trip, and that his Zhao family ranked fourth in this ranking. According to the agreement, only 10% of the relics can be divided. His heart is very unbalanced.

"We've already walked more than half the distance. If we give up, all our previous achievements will be wasted. I'm not reconciled." Huzhou alliance leader red fishy said.

Although Huzhou League did not surpass the city leader's office this time, it achieved the second best result. According to the agreement, it can share 30% of the relics.

So naturally, he didn't want to miss this chance.

"We finally got here. If we don't get close to it, we are really not reconciled." Zhao mu, the master of the Xu family, also spoke in this way, and obviously did not want to miss such an opportunity.

When the man heard what Huzhou League and Zhao family said, he immediately said nothing more. Even Zhao mu, the head of the Zhao family, did not continue to inspire.

They all know that the city Lord's mansion, Huzhou League and Xu family are determined to explore the ruins, and nothing they say can be changed.

In this case, they can only follow. Otherwise, if they quit, there will be no Chengdu.

Wang Fan listened to the dialogue of the four forces, but he was not happy.

He knows he's been trapped.

What the four forces say is good. The income from the relics belongs to individuals.

But it's so dangerous before we get close to the ruins. If we enter the ruins, what should we do?

What can he get from such a dangerous relic?

Even if he can get something, it's better if it doesn't go against heaven. Once it goes too far, will the four forces let him go?

Chapter 2735

Wang Fan followed the people of the four forces to move forward again, and he was very low-key all the way.

Even if he met a monster, he didn't do it.

One is that he is not willing to fight. The other is that most of the monsters in this place are monsters above the Empire. Let alone that he can't deal with them, even if he can, he will pay a great price.

Wang fan is not mentally handicapped. In this situation, he does not want to consume his aura or get hurt.

Yunxi has been staying at Wang Fan's side, there is not a word and Wang Fan talking.

Wang Fan clearly felt that since yesterday he showed great strength, Yunxi's attitude towards him was much better.

However, Wang fan doesn't have much heart to chat with Yunxi. His heart is always thinking about how to escape once he and these people turn over.

With the passage of time and the eradication of a powerful monster, Wang Fan and his party soon approached the location of the ancient ruins.

"Here we are."

"Well, there's someone over there."

At a certain moment, with a few exclamations, people immediately saw that a huge ancient cave appeared in front of them.

There are layers of forbidden border guards outside the ancient cave, emitting a bright light. Occasionally, a strong aura comes out from inside, and everyone feels very comfortable.

Obviously, the ancient cave is where the ancient relics are.

What makes people frown is that there are dozens of people guarding the ancient cave.

Obviously, someone has come here one step ahead of time, and is likely to enter the ancient cave.

"Who are these people? When did they come here? Why didn't we get any news?"

Red fishy, the leader of Huzhou alliance, frowned at the dozens and asked in a low voice. Obviously, there was something wrong with him.

Also, originally they had regarded the ancient relics as their property, and after damaging countless experts, they finally came here.

Now it's strange to find that someone else has taken the lead and is comfortable.

No one answered her words, because when she opened her mouth, the dozens of people had already seen them.

The dozens of people were filled with the power of killing, and the terrible and powerful pressure diffused between heaven and earth. They were oppressed by them. Even the most powerful city Lord Yunzhan felt the great pressure.

Obviously, these people are strong.

One of them, a middle-aged man with a cold face and serious expression, gave them a cold glance and cheered coldly,

"this is not the place you can come to. Give you three breath time and leave here as soon as possible. Otherwise, there will be no mercy."

The overbearing voice is just like thunder, reverberating between heaven and earth, giving people a feeling that they can't refuse.

Especially those who are slightly weak in cultivation, even can't help retreating, and their mouth is full of blood.

Wang Fan also felt the attack of the sound wave. His face was ugly, and he stepped back a few steps to stabilize himself.

Yunxi is even more unbearable, retreating at the same time, has been spouting blood.

If it wasn't for Wang Fan to help her in time, and make a few barriers to block a lot of sound waves for her, I'm afraid she would have been seriously injured.

It's just a casual word. It has such terrible attack power. This middle-aged man's cultivation can be seen.

The faces of the people of the four forces are even more ugly when they listen to this.

In Baiyu City, they are also dignified people. Now they are threatened here, which they can't bear.

The most important thing is that the ancient ruins are just around the corner. Now these people want them to leave. How can they be reconciled?

"I don't know who you are? We are the white jade city. " The city master Yun Zhanqiang tries to hold back his anger and takes the next step to ask.

But before his words came down, the middle-aged monk couldn't help looking cold. Then he stepped forward and waved to Yunzhan.

A terrible hurricane suddenly appeared, set off a very terrible storm, toward the crazy surge of cloud war.

In a flash, it had already arrived.

Cloud war face is also a big change, while frantically urging defense, while waving his hands to make several seals.

But even so, he still only defeated some of the hurricanes, and the rest of the hurricanes still rolled on him, driving him back tens of meters directly.

After Yunzhan stabilized his figure, he was shocked to the extreme.

With a wave of the other side, he had to resist with all his strength. It can be seen that the strength of the other side is much stronger than that of him.

The strength of the people who guard outside is so strong. How strong should the monks who enter the ancient cave be?

"Go away." At this time, even if Yunzhan is no longer reconciled, he can only make this decision.

No way, the strength is not as good as people, even if you stay here, you will die. The other three forces, such as the leader of Huzhou alliance, Red Fishy, naturally saw the facts clearly, and could only reluctantly nod their heads.

"Ha ha, you people who smell Yanfu are really overbearing. This ancient relic is an ownerless thing. When did you become the one who smell Yanfu?"

"Today, I just don't want to go away. I want to see what you, the loyal dog of Wenyanfu, can do to me."

However, just as the people of the four major forces were going to retreat, a voice of disdain suddenly came, and then they saw that dozens of people appeared here.

These ten people are mighty and powerful. They are obviously strong, and their strength and identity are quite good.

However, the leader was a young and handsome young man with a smile on his lips, full of evil and unruly demeanor.

If some girls see his smile, they will be fascinated.

"Wen Yanfu?" When Yun Zhan and others heard these three words, their faces changed.

You know, Baiyu city is just a small city. Strictly speaking, it is under the jurisdiction of Yunqing city.

And Wen Yan city is as famous as Yunqing city.

As for Wenyan mansion, it's even worse. It's the absolute overlord of Wenyan City, and the powerful force controlling one side of the city is not necessarily weaker than Yunqing Academy.

Is this kind of powerful force that their four major forces can contend with? No wonder people dare to tell them to go away.

Before the attack on cloud war, the famous Yanfu strongman heard the young man's words, his face also changed.

He glanced at the young people and said, "who am I? I'm from Yunqing Academy."

"I have heard for a long time that there are five evil geniuses in Yunqing academy, one of whom is handsome and has extraordinary bearing. When I see you today, it really deserves your reputation. "

Speaking of this, his tone suddenly became cold, "Guan Yuhai, everything has a first come and then come, this place is my Wenyan house first come, I don't think you need to intervene in Yunqing academy?"

Yunqing academy? Five evils? Guanyuhai?

These words made the faces of the four forces change again, and then the whole tribe focused on the handsome young man.

Guanyuhai, the name in the whole Baiyu city and even Yunqing City, is a legend.

He is full of so many auras that many people can only look up and worship him.

Although he is only a younger generation, even the white jade city leader Yun Zhan is definitely not his opponent.

Yunxi's beautiful eyes are shocked to see the crown jade sea, as if to see the distant idol in general, no pride on the body.

For her, to be able to see this legend with her own eyes seems to be a kind of glory.

Chapter 2736

"It's a joke. When you heard that Yanfu came to my yunqingcheng site to rob resources, you even told me to come first and then come. Don't you think it's ridiculous?"

"Do you want people from Yunqing academy to visit Yancheng to make a profit, grab some resources, and then tell you about first come, second served?"

Guan Yuhai sneers, not to mention that this is yunqingcheng's territory, he simply can't give up resources.

Even if this is not the site of Yunqing City, he has led the public to come here. Can't he leave because of the other party's words? Isn't that ridiculous?

Crown jade sea finish saying, don't wait for the person of Wen Yan mansion to talk nonsense at all, direct wave a hand, "Wen Yan mansion already someone enters, we don't waste time, start."

With his orders, the people behind him immediately rushed out and killed the people in Wenyan mansion.

"Kill

Hearing that the people in Yanfu would not stay at home, they also killed the people in Yunqing Academy.

Seeing this, the people of the four forces retreated one after another, far away from the battlefield, but they did not leave.

They all know that since the people of Yunqing academy and Wenyan mansion are here, the relics here have nothing to do with them.

But, let them leave like this, they are still some unwilling.

Wang fan is far away to one side, no intervention.

Even when he heard that the other party was a member of Yunqing academy, he didn't have any surprise, and didn't come forward to say that he was also a student of Yunqing Academy.

When he was at the intermediate level, he had already seen the attitude of Xia Li and other students of Yunqing academy towards him.

Who knows if Guan Yuhai will believe him after he says he is a student of Yunqing academy?

Even if it is believed that in front of such ancient relics, he is entitled to a share?

That's out of the question.

It is impossible to have an equal dialogue without equal strength.

The strength of Yunqing academy is obviously better than those who heard about Yanfu.

After all, there are some big people in Wenyan mansion, and the only people who are guarding here are the minions.

Yunqing academy is not the case. They have just arrived here, and the strong are all here.

It's just a short time. Nearly half of the people in Wenyan mansion have fallen into a pool of blood. They can't resist the attack of the strongmen of Yunqing Academy.

As for Guan Yuhai, he is even more formidable.

Just counting the interest, he had already injured the middle-aged man led by the famous Yanfu, and then killed the others.

The jade sea with golden halberd is like a killing God, sweeping all the way unstoppable.

Ten minutes later, all the people who heard about Yanfu had fallen down, with heavy casualties.

Although many people died and injured in Yunqing academy, the cost is much smaller than that of Wenyan mansion.

"You should be the people of Baiyu city. I'll go down to the jade sea and meet you." After the people of Yunqing academy defeated the people of Wenyan mansion, Guan Yuhai looked at Yunzhan and his party and opened his mouth with a smile.

He has a soft voice. He doesn't look down on the four forces, such as Yunzhan, because of his strong strength. He seems very modest and polite.

"I met Mr. Guan in xiayunzhan." Cloud war and his party heard Guan Yuhai's words, quickly nodded and bowed back.

Even in terms of seniority, Guan Yuhai is regarded as a descendant, but they dare not have the slightest discretion in the face of Guan Yuhai.

"It's the Lord of the city and the leaders of the families. It's so good. As you can see, the wolf in the rock mansion is so ambitious that he comes to our Yunqing city to rob resources. "

"Now, to enter the ruins, we need you to guard here. If there is a fish out of the net and killed directly, I don't know if you can agree. "

"You can rest assured that if the relics are really profitable, Yuhai will never treat you badly."

Guan Yuhai is still very polite and elegant.

Yun Zhan and others listen to this, even if they don't want to agree, they don't dare to refuse. They can only nod.

"Thank you very much. This is Yuhai communication pearl. You can inform Yuhai of any abnormality."

Seeing that Yunzhan and his party agreed, Guan Yuhai smiles with satisfaction, grabs a communication bead and throws it to Yunzhan. He takes people to the ancient cave.

I saw his eyes closed to explore a little, with both hands waving, made a strange seal knot.

Those strange seals fell on the border prohibition, just a few breaths, it is tearing out a gap.

"Go Almost at the moment when the gap appeared, Guan Yuhai gave a low drink, and then flashed into the ancient cave, followed by the others.

In the blink of an eye, the people of Yunqing academy went into the ancient cave and disappeared.

The torn boundary of prohibition closed slowly and recovered as usual.

Yunzhan and others saw that Guan Yuhai and his party entered the ancient cave, and their faces were even more complicated.

It's really sad that they, who wanted to be the owners of the ruins, have become gatekeepers for others. However, they can only accept that their skills are inferior to those of others.

"Well, we really lost a lot this time. Now I envy the Wu family a little. When we won the last place, we became the force with the least loss."

Zhao Mu Chang, the head of the Zhao family, sighed and said.

The rest nodded.

The world is changeable, who can expect this scene?

You know, in the past, even if relics were found around Baiyu City, they would never disturb the people of Yunqing academy and Wenyan mansion.

But this time, it was a shock.

It can be seen that the ancient ruins this time must be extraordinary.

"Why, Wang Fan, why is he missing?" In the midst of everyone's depression, Yunxi's voice suddenly came out.

At this time, people found that Wang Fan, who was originally in the camp of the city Lord's mansion, had disappeared.

"Xi'er, what's the matter? Isn't he with you all the time? Why did he disappear suddenly?" Yunzhan was a little shocked and couldn't help asking.

You know, this mountain range is extremely dangerous for Wang Fan.

Even if Wang Fan goes against heaven, his accomplishments are not enough for the emperor.

This kind of cultivation is impossible even if you want to leave this mountain alone.

"I don't know. He was still with me before, but he disappeared after the battle between Yunqing academy and Wenyan mansion."

Yunxi shakes her head. Her mind is on Guan Yuhai. She doesn't pay attention to Wang Fan at all.

"Well, maybe he was afraid of danger and left alone. Don't worry about him Cloud war hears these words, did not continue to tangle, but sigh a, way.

Anyway, Wang fan is not a member of their city leader's mansion. They just cooperate with each other, so he doesn't care too much about Wang Fan's sudden disappearance.

Everyone doesn't know that Wang Fan has entered the ancient cave and the ruins.

He is not afraid that the people of the four forces dare not set foot on the ruins because of the strength of Yunqing academy and Wenyan mansion.

Others have come, and if they just leave, he will not be reconciled.

What's more, this ancient relic can attract people from Wenyan mansion and Yunqing Academy. It's

obviously not simple. How could he miss this chance?

So, at the moment when Guan Yuhai broke the boundary prohibition just now, he used the magic of big space move and flashed in ahead of time.

After the flash in, it was dark.

Wang Fan didn't have time to adapt to the darkness, so his mental strength was frantically sweeping out, and then he found a corner to run past.

Chapter 2737

Wang Fan has almost just gathered his breath. With the sound of breaking the wind, Guan Yuhai and his party have already appeared in the ancient cave.

They only felt that their eyes were dark, and it took them a long time to get used to it.

"Is this the ancient relic? Why is it so dark?" One of them could not help but ask.

At the same time of questioning, he subconsciously released his mental power, but his mental power seemed to be suppressed, and the scope of investigation was still very small.

"No, there's a ban on mental repression. We'd better be careful." Aware of the scene, the man said immediately.

Guan Yuhai didn't care about the man's exclamation, but frowned, "how do I feel like someone has entered here before us? Do you have any feelings?"

Previously, when he stepped into the ancient cave, he seemed to feel a strange breath, but the breath appeared for a short time and disappeared quickly. He was not sure.

"No

"It shouldn't be. There were only so many people outside just now. How could anyone come to us without knowing it."

People shake their heads one after another, obviously not noticing.

Wang Fan in the corner listened to this, and his heart was also shocked.

You know, what he used to do before was the magic of space moving, which disappeared without any sound. It would not leave any trace at all.

But even so, Guan Yuhai was aware of his breath, obviously this guy is really not simple.

"Maybe I'm suspicious. It's said that someone has entered the Yanfu. Let's be more careful and have a look. "

Guan Yuhai also released his mental strength. After investigating, he found no abnormality, and then he said.

Everyone nodded, and then walked carefully towards the depths of the ancient cave.

Wang Fan didn't move, and he didn't show his mental strength to investigate these people, so he honestly hid in the corner.

After about a stick of incense, he came out from the corner and went deep.

Just a few minutes later, Wang Fan came to a huge stone gate.

There are countless raptors and fierce dragons carved on the stone gate, and the Raptors and fierce dragons put on all kinds of postures, as if they were fighting madly.

The vicissitudes of time and endless pressure spread out. Even Wang Fan almost lost his mind.

There was a shock in Wang Fan's heart.

It's just a sculpture. He almost fell into the enemy's hands and lost his mind. It's a little too terrible.

Who on earth is so capable of carving this fierce Raptor dragon?

How terrible is the other's cultivation?

Wang Fan didn't think much about it. His mental power spread out carefully and shrouded in the stone gate.

He wants to break the ban on the stone gate, and then go in and have a look.

However, his mental power just shrouded in the stone gate, and a terrible picture appeared in his mind.

Between heaven and earth, dragons roar and birds of prey roar. They are attacking a middle-aged monk who reminds Kui Shuo.

Under their violent attack, the mountains collapsed, the ground fell, and even the sky was dark, as if it was the end of the day.

But the middle-aged man, just like a pine, stands between the heaven and the earth, no matter how terrible the storm is.

The folding fan in his hand kept waving, creating a dazzling halo. Those dazzling halos surged on the Dragon raptors, and the Dragon Raptors fell one after another.

Blood will dye the earth red, the sky is a bloody rain, a doomsday scene.

Wang Fan looked at this terrible picture, his face couldn't help being pale. He just felt as small as a mole ant.

Not to mention compared with the middle-aged monk, even compared with those dragons and raptors, he was weak and terrible.

The picture in my mind soon disappeared, and Wang Fan finally felt the prohibition on the ancient cave.

It took him more than half an hour to break the ban and enter the stone gate.

In the eye, is a huge tower palace, the palace construction of resplendent, very luxurious.

Looking at the palace, Wang Fan even doubted his eyes.

Deep mountains, ancient caves, even such a magnificent palace, this scene is too strange.

Wang Fan looked up at the entrance of the palace, where there were 13 bloody bodies.

These bodies have just died, and the blood has not completely dried up.

Wang Fan immediately recognized that six of them were from Yunqing Academy who had followed Guan Yuhai before.

As for the other seven people, he didn't have to think about it at all. He knew that they must be from Wenyan mansion.

If his guess is right, it must be the people of Wenyan mansion who are here. When Guan Yuhai and others enter, there is a conflict between the two sides and a war begins. The only strange thing for him is that he killed seven people in Wenyan mansion. Why did six people in Yunqing academy die?

You know, Guan Yuhai and his party occupy the number advantage, and the strength of Guan Yuhai itself is also very strong.

Wang Fan did not think carefully, he quickly refined a mask on his face, and then stepped into the palace.

If he continues to waste his time here, he can't even drink soup.

Stepping into the ancient hall is a long ladder.

Strong aura of heaven and earth came, Wang Fan immediately felt a burst of refreshing.

He resisted the impulse to stop and practice immediately and went on.

About ten minutes later, Wang Fan was disappointed to find that all the houses he passed had been swept away, and not even half of the resources were left.

Along the way, Wang Fan soon stopped.

In front of him, there was a dead body and a man standing.

The man was staring at him coldly, his face full of alert and vigilance.

Wang Fan immediately recognized that this man was a man of Yunqing Academy who followed Guan Yuhai, and he was also a master of the imperial realm.

But he is a little strange, why does this person give him the feeling that his cultivation is not enough for the imperial realm?

"Stop. This place is owned by Yunqing Academy. I hope to leave soon. I can let bygones be bygones."

The man looked at Wang Fan step by step forward, a moment, finally can't help, cold mouth.

Wang Fan did not speak, still in a step forward.

The man frowned, and a cold sense of killing appeared in his eyes. Then his body flashed, and he had already killed Wang Fan.

Originally, he was sent here to stop outsiders, but he was already very upset. Now Wang Fan would not be polite if he offered a toast.

"Not enough for the emperor?" Feeling each other's turbulent breath, Wang Fan finally couldn't help murmuring, and immediately his eyes were bright.

He has already affirmed that the other party's cultivation at the moment is not enough for the imperial realm, and should be suppressed by the rules here.

Wang Fan's heart was so fixed that he didn't hesitate at all. He killed the other side like a whirlwind.

The roaring sound is rampant, and the violent energy storm impacts on the walls of the surrounding buildings, but it can't damage them at all.

Wang Fan's eyes are more and more bright, the more fighting, the more brave.

If the other side still has the cultivation of the emperor's realm, he may not be the opponent, only to retreat. But now, he is happy and fearless.

Just after more than ten moves, Wang Fan had already hit the man's chest with a blow, and the blood mist burst out, and the man fell down immediately.

"At the beginning of the ninth floor of holy land?" He stares at Wang Fan, shocked at the same time, is a burst of frustration.

Chapter 2738

He is a monk on the second floor of the imperial realm. Even if his cultivation is suppressed in this ghost place, it is also the peak of the ninth floor of the holy realm.

But now, he, the peak of the ninth floor of the holy land, was suppressed at the beginning of the ninth floor of the holy land. What a humiliation?

However, his skill is inferior to others, and he has no choice but to threaten, "I'm a member of Yunqing Academy. This is already my Yunqing Academy. Do you really want to be the enemy of Yunqing academy?"

Wang Fan listened to each other's words, but did not care, disdain the way, "less wordy, the body's space ring to hand out, otherwise, die."

Even if he has become a disciple of Yunqing academy, this guy is likely to be his predecessor. He is not polite.

Anyway, he is wearing a mask now, and the other party doesn't know him. What are you afraid of? What's more, it's not Yunqing academy, and he doesn't have to care about this guy.

"You." When the man heard Wang Fan's words, he almost burst out with a mouthful of blood.

He stares at Wang Fan for a long time, which is not willing to take out the space ring and throw it to Wang Fan.

He did not ask the identity of Wang Fan, because he knew that Wang Fan would not answer.

However, he has already remembered Wang Fan's figure and voice. He swears that once he meets Wang fan outside, he will definitely be angry today.

"That's right. For the sake of your obedience, I won't kill you. I'll let you sleep first."

Wang Fan took the space ring, a smile, immediately slapped on the other side's head.

The man didn't even have time to say a word, so he felt black in his eyes and fell into a coma.

It's so sad to be a strong emperor.

Now, Wang Fan's mood has been much more balanced and settled, and there is no more heavy and pressure.

Since everyone's cultivation was suppressed in the holy land, what else was he afraid of?

Once someone dares to get in the way, he will fight directly to grab it. Whoever dares to compete with him for resources will seize it.

He is not afraid of any friars in the same area.

More than ten minutes later, Wang Fan finally saw a hall that was not completely hollowed out.

However, there are four people in the hall. At this time, the four people are in a crazy war, obviously seizing the resources here.

Wang Fan didn't care about the four people in the war at all and stepped into the hall step by step.

There are not many things in the hall, except some top-grade immortal stones, there is only one jade box.

The jade box is shining, and there is a scroll in it, which is a good thing.

The reason why the four fought was obviously for the scroll in the jade box.

When they saw Wang Fan enter, they immediately stopped fighting and looked at Wang Fan.

"Who are you? Since you are here, what's the matter with elder martial brother Fang?" A man from Yunqing academy looked at Wang Fan and asked coldly.

As for the man who heard about Yanfu, he was even more impolite. He directly threatened, "this is not your place. Get out of here now, or don't blame us for being impolite."

Wang fan light smile, first look at the two Yunqing academy, "you don't worry, I didn't kill your elder martial brother Fang, just let him sleep for a while."

After that, he looked at the strong man in Wenyan mansion and said sarcastically, "why, is this your house? Can't I come yet? If I just stand here and don't roll, what can you do for me? "

"To die!" The man was furious at this.

He a fury, body momentum crazy agitation, the whole person has been like a whirlwind toward Wang Fan killed in the past.

As for the people of Yunqing academy and the famous Yanfu strongman, they did not move, but quietly watched the scene.

They also want to take this opportunity to see Wang Fan's strength. In this ghost place, everyone's strength is suppressed at the top of the ninth floor of the holy land.

Even if it is not an opponent, it is impossible to kill the enemy in a short time.

"Looking for death?" Wang Fan also laughed, his body aura crazy surge, toes suddenly step on the ground, the whole person is also like angry dragon general fierce kill.

The boxing style dances, sets off a violent killing momentum, tears the air, and directly kills the opponent.

"At the beginning of the ninth floor of holy land?"

At this moment, everyone's face became a little strange. They all clearly felt that Wang Fan's cultivation was only at the beginning of the Ninth level of the holy land.

As for the man who killed Wang Fan, he was stunned at first, and then the killing was out of control.

At the beginning of the ninth floor of a holy land, the mole ants who didn't even step on the emperor's land dared to be arrogant in front of him. They were just looking for death.

If he does not frustrate this man, he will be a monk in vain.

Without the slightest retreat and hesitation, he was also crazy to stir up aura, and his boxing style was hard to blow out.

Bang bang!

Click!

After several terrible explosions, people were shocked to see that the famous Yanfu strongman had broken his arm bone and was blown away. Looking at this scene, everyone was shocked.

What a terrible beginning of the ninth floor of holy land. Where did this man come from? Why did he go against heaven?

Wang Fan did not have time to pay attention to the shock of the crowd. When he blasted the other side off, he had already followed him like lightning, kicked his right leg out like thunder, and directly pointed

to the other side's chest.

Bang.

There was another explosion. The man's sternum was crushed directly, and blood gushed from his mouth. His whole body exploded in mid air and turned into blood mist.

A local voice, a space ring fell on the ground, was put away by Wang Fan.

At this moment, the whole audience was dead.

All the people were staring at the strong man of Wenyan mansion who was killed by the strong man. For a long time, they couldn't recover.

In the ghost place where the cultivation was suppressed, there was such a rebellious holy place. The nine level monks felt a chill for no reason.

"You, you're just a mole ant in the holy land. How dare you kill the strong one in the imperial territory of Wenyan mansion?" In addition, the well-known Yanfu strongman was furious after he recovered.

Wang Fan disdained to sweep his one eye, light way, "I just killed him, what can you do to me?"

"Do you think the people in Yanfu are great? Here, in front of me, you still have to pretend to be a grandson. "

"Now, give me your space ring, and I will spare you. Otherwise, I'll kill you next. "

Hiss.

Wang Fan a word falls, that person can't help but directly, a mouthful of gas blood spurted out.

Arrogance, it's too arrogant.

As a strong emperor, he never thought that one day he would be threatened by a mere mole ant in holy land.

But now, he really has no way, even if Wang fan is arrogant, he can only bear it. Who let Wang Fan say is very reasonable, here he can't suppress Wang Fan?

"I remember you." He resisted his intention to kill, threw out the space ring without hesitation, and immediately turned to leave.

Wang Fan took the space ring and nodded with satisfaction. His eyes swept to the other two monks of Yunqing Academy.

The two men's faces were also ugly. Without hesitation, they threw the space ring on their family background and turned to leave.

They didn't even say a word.

Wang Fan looked at this scene, but he couldn't help but be stunned.

He originally just wanted to let these two guys go, and did not intend to ask for their space ring, but unexpectedly, the other party took the initiative to hand it in.

In that case, he could only accept it reluctantly.

Chapter 2739

After the two monks of Yunqing academy left, Wang Fanli put away the top grade immortal stone and went to the jade box.

This jade box also has a forbidden guard, but the forbidden system is relatively weak. Wang Fan just took a few breathing time to break it.

He opened the jade box, took out the scroll, and printed a line of simple characters into his eyes.

"Emperor level martial arts, Kaitian palm, Kaitian palm, a total of eight styles, eight styles together, can open the sky and split the earth."

Looking at this line of characters, Wang Fan's whole heart jumped up.

What he lacks most now is the means of attack. It's just a surprise to get this opening palm.

Without any hesitation, Wang fan folded up the scroll and left here quickly.

It's still outside the palace, and there are emperor level martial arts skills. If you go deep inside, what's the chance?

Wang fan can't wait to have a look inside.

In the deepest part of the palace, guanyuhai is walking forward, searching for all the resources.

During this trip, he gained a lot, not only a volume of emperor level martial arts, but also countless immortal stones and elixirs.

At this time, his mood is also extremely excited and excited.

With these resources, he will soon be able to step into the four levels of the imperial realm, directly

from the early stage to the middle stage.

You know, in the early and middle stages of the Empire, there were two completely different concepts.

This is a cut. Countless strong people in the imperial realm are stuck in the early days of the imperial realm and can't cross it all their lives.

Once he entered the middle of the imperial realm, he would surpass the other four evildoers of Yunqing Academy.

At that time, there will be no more five evils in Yunqing academy, but only one proud son in Yuhai.

Crown jade sea think of here, in the heart is also more excited.

Soon, he came to another hall.

This hall is bigger than the one he met before, and the prohibition is stronger.

Occasionally, a little aura overflowed from the weakness of prohibition, and he seemed to feel that his cultivation began to grow.

Just a glimmer of aura, let him have this feeling, can imagine, inside the resources will be how rich.

Guan Yuhai closed his eyes, and his mental power spread out crazily, shrouded in that layer of prohibition.

Just as he was going to search for the array base and then crack the ban, his communication bead suddenly heard the news.

Guan Yuhai grabs the communication bead and sweeps it, his face suddenly becomes gloomy.

Unexpectedly someone entered the palace and robbed the space ring of the people in Yunqing Academy. It's just unreasonable.

Crown jade sea anger can't vent, but forced to suppress the impulse to go back to find the strong friar.

He didn't want to miss the chance. He wants to get the chance in the hall in front of him first, and then go back to find the place.

However, he still did not have time to crack the ban, and several messages came from the communication bead again.

See this several news, crown jade sea thoroughly blow up.

In a short period of time, he went so far as to find that several people were robbed in Yunqing academy, which is simply intolerable.

"Bastard, no matter who you are, I will kill you." In anger, Guan Yuhai couldn't solve the forbidden system in the main hall any more and flashed directly towards the periphery of the palace.

When Guan Yuhai received the news and returned to the outside of the palace, another young man who was also in the depth of the palace also received similar news.

The young man was dressed in a blue shirt and his face was as beautiful as jade. There was always a strange smile on his mouth. He looked very strange.

His name is Wen yanzhuo. He is one of the most outstanding demons among the descendants of Wen Yanfu. His accomplishments are similar to those of Guan Yuhai. He is also on the third floor of the imperial realm.

This time, Wen Yan Fu is his leader.

Wen yanzhuo had known for a long time that Guanyu kelp of Yunqing academy came here, but he didn't pay much attention to it.

One is that he is not sure how to deal with Guan Yuhai. The other is that the opportunity is just around the corner, and he doesn't want to miss it.

But now, his face was slightly distorted.

Because he received the news that a strong friar on the ninth floor of the Holy Land entered the palace, almost sweeping the palace, killed countless people who heard about the rock mansion and robbed the ring.

Wen yanzhuo looked at the news and was furious.

At the beginning of the ninth floor of the holy land, doesn't it mean that the other party's cultivation was only in the holy land, not in the realm of the emperor?

Just a mole ant in the holy land, how dare he be so arrogant and kill so many powerful people in the imperial realm in Wenyan mansion? How can he not be angry?

Wen yanzhuo also can't calm down, straight back to the original road, rushed to the outside of the palace.

He wanted to see how many heads had grown at the beginning of the ninth floor of the holy land, and how dare he kill the strongmen of Wenyan mansion.

As for worrying that he is not the opponent of the other party, Wen yanzhuo never thought about it. He was not inferior to Guan Yuhai, the evil of Yunqing Academy.

Even if his cultivation is suppressed at the top of the Ninth level of the holy land, it is definitely not something that the normal top of the Ninth level of the holy land can deal with, let alone the other side is just at the beginning of the Ninth level of the holy land.

Wang fan doesn't know that Guan Yuhai and Wen yanzhuo have turned back in anger. He is still walking in the palace.

Along the way, all the friars in Wenyan mansion who he met were killed and never survived.

It's not that Wang fan is cruel, but that the monks of Wen Yan mansion are too arrogant, either threatening him or trying to kill him.

In this case, he and Wang Fan naturally need not be polite.

As for the monks of Yunqing academy, most of them took the initiative to hand over the space ring after seeing Wang Fan's strong strength. Wang Fan didn't even take the initiative to ask for it.

Along the way, he has got 18 space rings, which can be said to be equally fruitful.

On the contrary, I got a little from this palace.

In addition to some top-grade immortal stones and the volume of emperor level martial arts Kaitian palm before, he never got any other resources in the palace.

He had never seen any fairy grass, elixir, magic weapon, etc.

Boom, boom.

Several explosion sounds suddenly came, but Wang Fan didn't even move his eyelids.

He knew that it must be the friction and collision between the people of Yunqing academy and those of Wenyan mansion.

This kind of scene, he has met more than once.

Wang Fan's body twinkled and quickly went to the battle direction, and soon came to a hall.

Inside the hall, two monks are fighting, the scene is very fierce.

As for the resources in the hall, Wang Fan did not see it.

I don't know whether there are no resources in the hall or whether the resources have been taken away by these two people.

"It's you?"

"It's you?"

The two men of that war also saw Wang Fan, and their faces became ugly immediately.

They have known for a long time that a fierce monk with a mask entered the palace and almost swept all the way in a crushing manner, snatching countless rings.

It can be said that the mask on Wang Fan's face is the best symbol.

Wang Fan didn't speak, just looked at them calmly.

The two men's faces were very ugly. For a long time, the famous monk of Yanfu could not bear the pressure. He threw the space ring and left.

Wang Fan's achievements are too fierce, and he has killed countless strong men in Wenyan Prefecture who are better than them. He dare not fight.

The monk of Yunqing academy, seeing this scene, also called for bad luck. He also didn't dare to talk nonsense. After throwing out the space ring, he turned around and left.

Wang Fan put away two space rings and couldn't help touching his nose.

This, oneself have so terrible?

Chapter 2740

Wang Fan went all the way and soon came to the front of a main hall.

This hall is exactly the one that guanyuhai didn't have time to open before.

Because the palace was built like a labyrinth and the roads were more complicated, he did not meet Guan Yuhai and Wen yanzhuo at all.

"This hall has not been opened yet. It seems that we will get something." Wang Fan looked at the hall in front of him, felt the rich immortal spirit, and murmured to himself with satisfaction.

He quickly closed his eyes, and his mental power diffused out, shrouded in the confinement outside the hall.

"Stop it

However, just when he was going to find the base and break the ban, an angry voice suddenly came out.

With this sound, followed by a burst of wind sound flickering, and then a handsome figure will appear here.

Wang Fan looked at the man, his eyes slightly frozen.

Guan Yuhai!

If he is outside, facing one of the five evils of Yunqing academy, he will not be an opponent, and he will not even be qualified for equal dialogue.

But now, Wang fan is not afraid at all.

"What's the matter?" He glanced at Guan Yuhai lightly and asked blandly, as if he didn't put the evil of Yunqing Academy in his eyes at all.

Although Guan Yuhai looks elegant and polite on the surface, he gives Wang Fan the feeling of hypocrisy. He doesn't like this person.

Guan Yuhai feels Wang Fan's attitude and frowns slightly.

How many years, no one dare to speak to him so arrogantly?

"Who are you? Why do you want to snatch the space ring of the people in Yunqing academy so often that you have a grudge against Yunqing academy?" Guan Yuhai's cold questioning.

When he spoke, his aura had been agitated wildly, and his momentum was even more violent, as if he would take action at any time.

"Snatch?" Wang Fan laughed, "it's clear that they offer it on their own initiative. How can they snatch it?" "If I rob, how can they live?"

Wang Fan, this is a big truth. He really didn't grab the space ring of the friars in Yunqing Academy. They all took the initiative to take it out.

It's just that it's not right to hear this in Guan Yuhai's ears. He feels that Wang fan is very arrogant, which is a contempt for Yunqing Academy.

Guan Yuhai's whole body momentum is more violent, cold said, "is it? Well, now you also offer all the space rings on your own initiative. I won't let you die. "

Wang Fan smile, that is disdain of smile, "you calculate what thing, also have the qualification to let me

offer space ring?"

"To die." Crown jade sea see Wang Fan dare to insult him, anger broke out in an instant, body flash, directly to Wang Fan killed in the past.

The aura of his whole body was surging wildly, and his hands were making a seal knot, which formed a ribbon of aura in the air, and he wrapped it madly towards Wang Fan.

This is a binding martial art. Obviously, he didn't intend to kill Wang Fan.

Wang Fan sneered. His right hand was like a palm knife. The aura in his body flew away, and he chopped directly at the ribbons.

Palm knife raised the momentum of fury, hit on the ribbon, like a sharp knife.

A bang bang sound came out. Just in a flash, the ribbon that twined around Wang Fan had already broken into pieces and disappeared into light spots.

Guan Yuhai's eyes narrowed and his heart became shocked.

Although he had already received the message that the person in front of him was very powerful, he did not expect that the other party was so powerful.

His body moved again, and his whole body breathed and breathed aura. A python of aura formed in mid air, and set off a frenzy to kill Wang Fan.

Since we can't restrain Wang Fan, we can only kill him.

However, Wang fan is still not afraid.

He didn't even hide in the face of the violent waves he was fighting.

Clenching his fists, he just heard a bang, and his body suddenly rose up, facing the python.

The fierce fighting style surged and bombed on the Python's head. With a bang, the Python's huge body stagnated first, and then burst from the head.

The sound of clack clack continuously spread out, just for a moment, the python has completely collapsed.

Crown jade sea facial expression changes again, facial expression finally is dignified a few minutes.

No wonder this man is so arrogant, but he does have arrogant capital.

His hands dance again, is going to continue to attack, but at this time, Wang Fan has been like lightning, toward him to kill.

"I've already given you two moves. Next, it's my turn."

With the fall of a cold voice, Wang Fan's fists have been transformed into countless shadows and smashed into Guan Yuhai.

Guan Yuhai's face changed greatly. As he retreated, he fought madly, but he couldn't stop it at all.

Wang Fan just nine fists fall, crown jade sea can no longer bear the terrible force like storm, mouth gushing blood fly out. With a bang, his body fell heavily to the ground, and his face suddenly turned pale.

I lost.

He was defeated by Guan Yuhai.

But also defeated in a did not set foot in the emperor's territory of the holy nine layer early hands.

What a shame!

Those who followed Guan Yuhai came here, their pupils couldn't help choking, and their hearts were shocked.

Wang Fan defeated Guan Yuhai, whose cultivation was suppressed at the top of the ninth floor of the holy land.

At this time, this one is just like a joke.

"Give me your ring. I'll spare you." Wang Fan looks at Guan Yuhai with a smile and slowly opens his mouth.

Even if the other party is one of the five evildoers of Yunqing academy, he dares to snatch Wang Fan, and naturally he wants to snatch him back.

The cultivation here has been suppressed. At most, everyone can only exert the strength of the nine highest levels of the holy land. What's the fear of Wang Fan?

"You, you dare to rob me?" Guan Yuhai seems to be hard to accept this reality, that handsome face has slightly distorted.

Wang Fan didn't want to talk nonsense at all. As soon as his body flashed, he came directly to Guan Yuhai, and then stepped down.

Pounce on the ground a, crown jade sea mouth in blood spray again, only feel endless humiliation.

He was crowned with jade sea, and was trampled by a mole ant in holy land. This ·

"if you don't hand over the space ring, believe it or not, I will kill you?" Wang Fan didn't care about Guan Yuhai's twisted face, and his tone was still very cold.

With the sound, the killing machine itself surged out, directly shrouded in the crown jade sea.

Crown jade sea color can't help but change again, he stares at Wang Fan for a moment, finally biting teeth to hand over space ring.

At this moment, his heart is dripping blood.

The resources in the space ring are enough to make him step into the middle of the Empire. He had even planned the happy scene of equinox when he stepped into the middle of the Empire.

But who can predict that the world changes freely, just a few hours, his space ring has been taken away.

His hard work, his everything, has made wedding clothes for others.

"Ha ha, it's really lively. I didn't expect everyone to be here." Almost Wang Fan just put away the space ring, accompanied by a banter of laughter, another party appeared not far away.

Wang Fan turned his head and saw that the leader was a strange young man. In terms of his handsome degree, he was no worse than Guan Yuhai.

He didn't need to ask at all, and he knew that this group of people must be the people who heard the rock mansion.

Sure enough, the shocking comments of the people of Yunqing academy soon confirmed his conjecture.

"Wen Yanfu, Wen yanzhuo?"
