

Mighty Sk 2741

Chapter 2741

Wen yanzhuo didn't care about the comments of those people in Yunqing Academy at all. His eyes swept to Guan Yuhai, who fell on the ground. There was only contempt in his eyes.

"I thought that the five evildoers of Yunqing Academy were all the best in the world. They were incomparable in fighting power. But today I saw them, but I was very disappointed."

"It's really sad that the powerful emperor was trampled by a mole ant in holy land."

Wen yanzhuo's voice fell, and Guan Yuhai's face became more ugly.

He looked up at Wen yanzhuo, but he didn't say anything after all.

What can he say if he is inferior to others and is defeated in the hands of Wang Fan of the ninth floor of the holy land?

Does he say that Wang Fan's strength is too adverse, and it is not the general holy land that can be dealt with by the ninth floor?

If you say this, it will only make Wen yanzhuo more sarcastic.

Now, the best way is to let Wang Fan defeat Wen yanzhuo. In that case, Wen yanzhuo will have no face to ridicule him.

And he also believes that Wen yanzhuo and Wang Fan will definitely fight.

Wang Fan killed so many friars in Wenyan mansion. Wen yanzhuo, as the leader of the team, is strange to let Wang Fan go.

Similarly, the faces of those people in Yunqing academy are not good-looking.

Wen yanzhuo's words are not only humiliating Guan Yuhai, but also his Yunqing Academy.

Wang Fan looked at the scene, but did not speak.

He looked rather strange, and thought to himself, is this man from Wen Yan mansion here to give him a space ring?

While Wang Fan was thinking, Wen yanzhuo's eyes had turned to Wang Fan, and his face suddenly turned cold. "It's you who killed my Wen Yanfu friars here and robbed their chance?"

Wang Fan simply nodded, "yes, it's me. But it's not that I robbed them, it's that they wanted to rob me,

but I robbed them. "

Wang Fan said, but also can not help sighing, "inferior skills, but also want to rob others, such people die, there is no good sympathy."

Hiss.

Hearing this, the people of Yunqing academy could not help laughing.

Wang fan is really bad. He dares to hit and smell the face of the people in Yanfu.

However, it seems normal to think that Wang fan doesn't even give face to Yunqing academy, and now he doesn't give face to Wenyan mansion.

On the contrary, the faces of the people who heard about Yanfu were a little black.

Arrogance, it's too arrogant.

Wang Fan obviously didn't pay attention to the people who heard about Yanfu.

"Yes, good. I hope you can be so arrogant when I step on you later."

Wen yanzhuo looks even colder, and an undisguised murderer emerges in his eyes. Wang fan is too shameful. He wants to kill Wang Fan.

But Wang Fan didn't care at all, shrugged his shoulders and said, "don't talk too much nonsense. If you want to start, hurry up. I'm still busy."

"By the way, let me remind you in advance that the price of starting is death. I hope you will consider the consequences clearly."

"This is the site of Yunqing academy, so I can show mercy to the monks of Yunqing academy, but I won't show mercy to you."

As soon as Wang Fan said this, his face was extremely ugly, whether he was from Wenyan mansion or Yunqing Academy.

This face is too loud.

Wen yanzhuo's face is also more iron green, he did not continue to talk nonsense, his right hand a move, a meter long eyebrow pen has appeared in the hands.

eyebrow pen waving in the air, draw a line of eyebrow, those eyebrow line is like a thousand cobwebs, directly toward Wang Fan shrouded and down.

Eyebrow line, the wind raging, space has been cut out of white marks, it can be seen that its sharp fury.

With a faint smile, Wang Fan rose into the air and immediately danced with his hands. A road of palm print also beat out, fiercely blow in those eyebrow line above.

However, his palmprint failed to crush all eyebrow lines, and still a large part of it continued to cover his body.

Wen yanzhuo sneers at the corners of his mouth, and his eyebrow pencil is still shaking, drawing eyebrow lines and making supplements.

Wang Fan looked at the scene, eyebrows slightly pick.

This attack method of Wen yanzhuo is really weird.

He clearly felt that when he hit those eyebrow lines in his palmprint, the eyebrow line would automatically avoid, just like a living creature.

That's why his palmprint can't completely defeat those eyebrows.

Wang Fan didn't speak. His figure flashed, and he threw himself at those eyebrows.

At the same time, the aura in the body is surging, and a piece of armor gathered by the aura covers the whole body to make a good defense.

"To die." Hearing the speech, the corner of the mouth sneers even more. Wang Fan even dare to take the initiative to stick his eyebrow line, in his view, this is pure death seeking behavior. The eyebrow pencil in his hand danced faster, and the eyebrow lines tore out, and all of them merged into the huge network of eyebrow lines in front of him.

Wang Fan did not pay attention to these, his body has entered the network of eyebrows.

Eyebrow line network crazy tearing in his body, just like the general collision of gold and iron, issued bursts of Jinge jiaoming.

Wang Fan's face remained unchanged, and his aura was surging. The demon fire gathered in the aura and went crazy towards those eyebrows.

There was another hissing sound, and those eyebrow threads seemed to meet the enemy, and they began to burn and collapse.

Just for a moment, it's gone.

"Demon fire?" Smell speech Zhuo facial expression to become uglier, Wang Fan's body unexpectedly has demon fire, how is this possible?

But Wang Fan didn't pay any attention to him at all. With a cruel smile, he approached him.

I saw his right fist slowly raised, even if it raised a frenzied and incomparable power, and fell down toward his chest.

Wen yanzhuo's face changed again. He put away his eyebrow pencil directly, clenched his fist, and hit him.

He didn't choose to withdraw. First, he was not allowed to be proud. Second, he didn't think that he could not compete with Wang Fan.

Bang!

The two fists collided in mid air, making a terrible noise.

Wen yanzhuo only felt an unimaginable force coming from him, and his body was flying backward between the cracks of his arm bones.

His eyes were filled with horror. At the beginning of the ninth floor of the holy land, why was there such a terrible power?

However, he didn't have time to think much about it. Wang Fan's body was about to get up again, and immediately his right foot stepped out, directly stepped on his chest, and fell on the ground.

Boom!

The ground trembled and the aura burst.

Smell speech Zhuo chest rib Ka Ka smash, the blood in the mouth is more like a spring burst more than.

As for his face, it was already pale.

Defeated, he was defeated, and also defeated so thoroughly.

At the moment, he finally understood why Guan Yuhai was so embarrassed.

Not because Guan Yuhai is not strong, but because Wang fan is too evil.

"Just now I was still mocking others, but now I've been trampled on myself. How's it going? Is it cool? "

Wang Fan grabs the space ring on Wen yanzhuo's body and steps on him with one foot, joking.

Wen yanzhuo's face was even more ugly. He was speechless for a moment.

"Let us go, Zhuo Shao, or you can't afford the consequences."

"We are from Wenyan mansion. Once we get outside, have you ever thought about the consequences?"

After hearing that the people in Yanfu had recovered, they were furious and could not help threatening.

Chapter 2742

They are all powerful in the imperial realm, and it's really hard for them to tolerate being humiliated in the hands of a mere mole ant in the holy realm. Especially those who were humiliated were the descendants who heard about yanzhuo.

However, this ghost place can only perform the cultivation of nine layers of holy land at most. They can't do anything to kill Wang Fan, so they can only threaten Wang Fan.

Wang Fan listens to this, the corner of the mouth spreads a touch of radian, "threaten me?"

With the fall of the voice, he stepped down his right leg, and heard that yanzhuo Dantian was smashed instantly, and the whole person was reduced to a useless person.

"Ah."

The shrill scream resounded through the air, and everyone could not help but tremble.

How cruel!

The pupils of those famous people in Yanfu couldn't help choking violently, and anger appeared in their eyes.

Wang Fan even abandoned Wen yanzhuo, which ·

"you threatened very well, now, are you satisfied?" Wang Fan's smile is still bright, but in the next second, his eyes have suddenly become cold,

"it's just that you don't seem to understand the situation, no matter how strong you are, how strong your background and influence are outside, but here I say it."

"Here, I'm king. If you offend me, there will be only one price, either to abolish or to die."

Wang Fan said, pointing to those people, "I didn't plan to deal with you, but since you don't know what to do, then I'm not to blame."

"Now I'll give you a chance to live. Give up the space ring and get out of here."

Wang Fan's voice fell, and the faces of those who heard about Yanfu were even more ugly and livid.

Even if they have three people, but in the face of Wang Fan at the moment, they still have no courage to fight.

They stare at Wang Fan with hatred, as if they want to tear Wang Fan apart.

It's a pity that his eyes can't kill Wang Fan after all, and Wang fan is still safe.

In the end, they obediently handed over their space ring, and then left with the abandoned Wen yanzhuo.

When Guan Yuhai and his party saw this scene, their faces were just as ugly.

They know that it's almost impossible for them to find a place in it.

Without waiting for Wang Fan to speak, the people of Yunqing academy took the initiative to hand over the space ring, and then picked up Guan Yuhai and planned to leave.

The chance here has no chance with them, only belongs to Wang Fan.

However, before they went far away, Wang Fan's voice suddenly came out, "see, I didn't snatch their space ring, they gave it to me on their own initiative. You didn't believe it just now. Do you believe it now? "

When the people of Yunqing academy heard this, they staggered and almost didn't fall to the ground.

Crown jade sea is full of black lines, he naturally knows, Wang Fan this words is to say to him.

At this moment, Guan Yuhai and his party had the heart to kill.

Shameless. It's shameless.

Just think about it carefully, it seems that what Wang Fan said is really right. They really gave it to Wang Fan on their own initiative.

After everyone left, Wang Fan again focused on the forbidden system of the main hall in front of him.

It took him more than two hours to find the base, and then another hour to break the ban.

At the moment of breaking the ban, Wang Fan was stunned.

In this hall, there are two immortal veins several Zhang long.

The two superior immortal veins are like two serpentine dragons with sharp visual impact. The rich spirit of immortals diffuses from the two veins, which makes people feel comfortable to the extreme.

In the center of the two fairyland veins, there are nearly 100 kinds of fairyland grass, many of which he has never seen.

Wang Fan looked at this scene, his heart trembled wildly.

This hall is actually a fairy herb garden?

I'm rich. I'm really rich this time.

With so many resources, as long as he refines the imperial elixir, let alone impact the imperial realm, it is not impossible even to break through to the middle of the imperial realm.

Without hesitation, Wang Fan directly involved the fairy grass in the space ring, and then began to absorb the spirit cultivation crazily.

It's too wasteful if you don't need to put the top-grade immortal pulse in front of you.

With his cultivation, the strong spirit of the immortal was involved in his body and went to the Dantian.

In just a few days, his cultivation had already broken through the initial stage of the ninth floor of the Holy Land and reached the middle stage.

Wang Fan didn't stop, but still absorbed and practiced crazily.

Half a month later, his cultivation crossed the middle of the Ninth level of the Holy Land and reached its peak.

When he felt that his cultivation could no longer be improved, he stopped practicing.

At this time, the two immortal pulse, each has been shortened by one tenth.

Wang Fan looked at the shortened Xianling pulse, and could not help feeling a little distressed. It's a high-quality immortal pulse. He just broke through the ninth floor of holy land to the peak. He used one tenth of it. Is that terrible?

But Wang Fan also has no way, who let him so consume resources?

He felt the full and surging aura and power in his body. At last, he comforted a lot, and immediately closed the two immortal veins.

As soon as the Xianling pulse was put away, Wang Fan immediately felt something was wrong.

A roaring sound came out, and the whole hall began to collapse.

"Not good." Wang Fan's heart screamed or not, caught up with the twinkle of tight body shape, and ran wildly towards the outside.

He knew that he must have put away the immortal pulse and touched some prohibitions, which led to the collapse of the palace.

However, he did not run for long, a light has covered him, when he reappeared, has come to the dark hole.

At this time, countless monks had gathered outside the ancient cave.

These monks were divided into two camps, one was from Wenyan mansion, the other was from Yunqing Academy.

At the moment, people in Wenyan mansion and Yunqing academy look very ugly.

Because the chance they got in this ancient relic was robbed by others.

This is a great shame and irony.

The faces of the people in Yunqing Academy were slightly better. After all, they were only robbed of resources, and there were no casualties.

But it's different to hear about Yanfu. They were not only killed by many powerful people in the imperial realm, but even Wen yanzhuo was abandoned.

This is a huge loss for Wenyan government, which can not be tolerated.

The two sides of the people and horses are so blocked outside the ancient cave, and their mental strength is all firmly locked in the cave.

As long as the maniac dare to come out, they will immediately rush up and tear each other to pieces.

"Look, the ancient cave seems to have collapsed."

"What's the matter? Why did the ancient cave collapse?"

At a certain moment, suddenly, a shocking sound came out, and then everyone saw that the ancient cave began to collapse.

Not only that, they also felt the vibration of the earth.

"Give me more attention, don't let a mosquito fly out."

"Don't let that maniac run away."

"If you dare to abolish me, I will see how many heads this man has."

A series of angry voices came out again, and everyone's mental power locked the surrounding space crazily.

Such a terrible array, let alone a person, even a mosquito, will never fly out.

It can be said that the net is all over the world.

Chapter 2743

In the ancient cave, Wang Fan naturally noticed the array outside, and his heart was also anxious.

Although he thought that the strongmen of Wenyan mansion and Yunqing academy might be stuck here and settle accounts with him in the future. But he did not expect that the array would be so big.

It's almost a dead end.

Rumbling sound constantly spread out, the ancient cave is still fast collapsing, and it is about to collapse to his side.

Wang Fan bit his teeth and made a quick decision. He went straight to the bottom of the earth and rushed out in the opposite direction.

In this case, if he fled to Yunqing academy and Wenyan mansion, he would be dead. So he had to run in the opposite direction, that is, deep in the mountains.

In this way, although the probability of escape is not high, but at least there is a glimmer of life.

A few minutes before Wang Fan's escape, the powerful on both sides were not aware of the abnormality.

After all, the ancient cave is collapsing and Wang fan is escaping from the ground, which greatly affects their perception.

But when the ancient cave collapsed, soon someone noticed his breath.

"There's movement over there."

"No, the maniac ran that way."

"Chase

"This man has killed so many powerful people in Wenyan mansion. It's hard to get rid of him if he doesn't kill them. He can't escape."

Hearing that all the people in Yanfu were filled with righteous indignation, a famous and powerful man's body flashed and ran after Wang Fan madly.

Although the people of Yunqing academy didn't speak, they were not slow at all. They also chased Wang Fan in the direction of escape.

All the opportunities in this ancient relic have been taken away by Wang Fan. Naturally, it is impossible for them to watch the people of Wenyan house kill Wang Fan and take it for themselves.

After all, who knows what chance Wang Fan got?

If Wen Yanfu gets these opportunities and his strength goes further, it will not be a good thing for his Yunqing Academy.

Wang Fan madly urged the aura in his body and fled forward without death. He didn't dare to have half a silk of slack.

Especially when he felt that the strong on both sides were chasing him, he was even more desperate.

He did not hesitate to drill out from the ground, a ray of lightning shining around the whole body, the whole person is like lightning in general, crazy toward the distance.

Lightning skill, he has been to the extreme.

"Hum, I'm worthy of being able to kill the Tianjiao of my Wenyan mansion. In such a state of cultivation, I can understand the law of thunder and lightning."

"But what if you understand the law of lightning? It's just holy land cultivation. I want to escape from us. It's just a dream. "

A famous Yanfu strongman looked at Wang Fan, who fled like lightning. He was stunned at first and then grinned grimly.

Holy realm and imperial realm are two completely different concepts. The huge gap of cultivation can not be made up only by body method.

Wang Fan didn't have time to pay attention to the people behind him. He just knew how to run away without looking back.

However, even if he is desperate and crazy again, the distance between the two sides is constantly shortening.

In just half an hour, the distance has been shortened from hundreds of miles to less than 200 miles. If it goes on like this, in half an hour at most, Wang Fan will be caught up.

Wang Fan felt this scene and lamented in his heart.

It's really a world where strength is the most important. If strength is not enough, everything will be useless.

However, as a monk in holy land, it's a kind of ability to be chased by so many powerful people in Imperial territory.

"Roar ·"

"mole ants, dare to invade our kingdom, go away!"

In Wang Fan's self mockery, a roar of the earthshaking beast suddenly came out, and then a sound as thick as a bell spread wildly.

The voice was rolling like thunder, and Wang Fan's eardrum was trembling, almost deaf.

Wang Fan's face changed wildly, but he didn't have time to think about it. With a violent hurricane, he saw a huge shadow coming from the sky.

The shadow was huge and covered the sky and the sun. Nevertheless, what Wang fan saw was only part of his body, but not all his true face.

Wang Fan's face turned pale in an instant, and he felt the extreme breath of death.

Whoosh!

There was another sound, and a dark claw fell from the sky, directly towards him.

Where the claws pass, the mountain peaks burst open, the trees are broken, and everything is invincible. The momentum is amazing and unstoppable.

Wang Fan's scalp was numb. He didn't dare to hesitate at all. He gritted his teeth crazily and burned his blood essence without hesitation.

The dark claws clap on his shadow and smash his shadow, but Wang Fan appears nearly a hundred miles away.

In his left rib, there was a bloody wound, the red blood constantly dripping, shocking. Almost, he'll be cut in two.

Wang Fan's fear is really terrible.

The terrible monster didn't seem to think that Wang Fan could escape its attack. He was a little dull for a while.

When he regained his mind, he burst into a rage.

"Just a mole ant, dare to hide and seek death!" Another sound fell, and its black claws were raised again.

But just when it was about to blast down, it was aware of the crazy pursuit of the two sides not far away.

Seeing that dozens of people had invaded their territory, the monster was even more angry. Especially when we feel the strength of these ten people, it is even more violent.

The roar from heaven and earth came out continuously. It resolutely gave up to kill Wang Fan, and the dark claws directly patted the people of both sides.

It is obvious that these two forces are much more threatening than Wang Fan. Naturally, they have to deal with these people first.

"Evil animal, seek death." Hearing that a strong man in Yanfu saw this scene, he was also furious.

His figure suddenly flashed out, and he went to kill the monster, but he was not the monster's opponent at all.

The lacquer black claws directly tore his attack and fell on him. His thin body was immediately smashed.

Looking at this scene, everyone can't help but be stunned.

No one thought that there was a terrible demon king here.

People who heard about Yanfu were bleeding even more.

It's a kind of irony that there is another one missing from their empire.

At this time, the demon king once again said, "roll, dare to step forward again, kill!"

Hearing this, the people of Yunqing Academy were slightly stunned and immediately withdrew without hesitation.

They all realized that the demon king's life was not simple. If he fought to death, he would suffer heavy losses.

Yunqing academy is just a university. Unlike the forces of Wenyan academy, they are desperate for their interests, so they choose to retreat without hesitation.

Hearing that the people of Yanfu saw the people of Yunqing academy retreating, their faces were a little ugly.

They originally wanted to discuss how to deal with the demon king. After catching Wang Fan, they divided things equally, but the people of Yunqing academy didn't give them a chance at all.

"Demon king, we have no intention of offending. We just want to catch the mole ant just now. Please borrow the way." A well-known Yanfu strongman pondered and looked up at the demon king, and spoke slowly.

If he retreated, he would not be reconciled.

"Go away! Don't test my patience. The monster didn't give face at all. When he roared, his killing intention had already exploded.

Chapter 2744

Hearing this, all the powerful men in Yanfu looked more gloomy. But after hesitation, they still didn't dare to do it. They just didn't want to retreat.

This vast mountain, even hidden such a terrible demon king, this is they never thought of.

After all, Baiyu city is only a small city, and this deep mountain is the jurisdiction of Baiyu city. This kind of small place, unexpectedly appeared so demon king, who can think of?

Wang Fan didn't pay any attention to Wen Yan Fu and others who were stopped by the demon king. He just ran wildly and didn't dare to relax at all.

Not only that, he even became more cautious.

There are many dangers in this deep mountain. The deeper you go, the greater the danger.

He was afraid that he would meet the demon king again and be killed directly by him.

Fortunately, he was lucky. After a few hours, he didn't meet any monsters, and he didn't feel the pursuit of the strong men in Wenyan mansion.

At this time, he was finally relieved.

Finally, I escaped the disaster, but it seems impossible to arrive at Yunqing academy within the specified time.

There are countless dangers in this mountain. Even if he goes out, it will be very difficult.

Although he has countless resources, his cultivation has reached the bottleneck. Without the immortal elixir, he can't get in at all.

This makes Wang Fan directly into an embarrassing situation, even if it is closed, there is not much significance.

Just as Wang Fan was thinking about what to do and how to leave the mountain, he went to Yunqing Academy.

All of a sudden, a melodious sound came. The sound curled up like fairy music. It was very pleasant.

The melodious music seems to contain a kind of magic, which makes people feel relaxed and happy.

However, when it is pleasant, it seems that there is a trace of loneliness, contradiction and reality.

"Do you want to hide high men in the mountains?" Wang Fan stayed for a while, then raised his feet and went towards the direction of the piano sound. Soon, he came to a beautiful canyon.

Inside the canyon, there are green mountains, green waters, lush trees, and many unknown flowers, which are in full bloom, just like a fairyland.

In the center of the flowers, there is a beautiful shadow.

When she was dressed in white, it seemed that she didn't eat people's fireworks. Her face was so beautiful that it was suffocating.

She is just like the fairy on the nine days, high above, not stained with dust, so that life can not afford the heart of blasphemy.

At the moment, this fairy like beauty is bowing her head to play the piano.

She didn't seem to feel Wang Fan's approach at all, as if the whole world had only the piano in front of her.

Even if Wang Fan's state of mind is like a demon, looking at the beauty in front of him, he can't help but be a little stunned for a moment.

After a long time, he was inspired and suddenly recovered.

In the boundless mountains, there is a beauty who has brought disaster to the country and the people. Is she a goblin?

Thinking of this, Wang Fan thinks it is possible.

After all, it's normal for monsters to cultivate to a certain extent and turn into human figures.

Wang Fan shivered. He didn't dare to stay any longer. He stepped up and began to retreat quietly.

However, he only stepped back two steps, the melodious music is suddenly broken, suddenly stopped.

Wang Fan's heart trembled and he quickly raised his head.

He more clearly saw that peerless face, only at the moment, the woman has raised her head, eyes fell on him.

The woman's eyes are clean and clear, just like her people, not stained with dust.

Her eyes seemed to be able to directly penetrate Wang Fan's heart, which made her deeply trapped.

"Don't I look good?" The woman looked at Wang Fan with red lips and clear voice, just like a yellow warbler.

Just that vomit out of the voice, but almost let Wang Fan a stagger fall to the ground.

Wang fan body rigid in situ, scalp numb way, "no, you misunderstood, you look very good."

He suspected that it was a goblin, and his scalp was numb.

"Since I'm good-looking, why are you in a hurry to leave? Isn't it good to be here with me?"

Woman voice again, this time, her eyes, unexpectedly emerged a touch of loneliness and sadness.

Wang Fan Leng for a while, quickly said, "I would like to accompany miss again, but I still have something to do, had to leave ah."

"Are you going outside?" The woman's voice did not fluctuate half a minute, and she spoke again.

Wang Fan nodded, "yes."

He was about to cry.

"My mother told me that it's very dangerous outside, and the people outside are also very bad. What do you do outside? Is it not good to stay here without intrigue and intrigue? "

The woman asked again.

Wang fan is speechless. He wants to say that it's dangerous here, but he doesn't dare to say it. Seeing that Wang Fan didn't speak, the woman sighed and said, "since you don't want to accompany me here, can you take me to see the outside world? I, I'm so lonely. "

Looking at the woman's lonely and sad eyes, Wang Fan actually felt a trace of intolerance for no reason, subconsciously nodded, "yes."

But, speaking out, he regretted it.

If he went out with such a woman, wouldn't he make trouble for himself?

If it's in the intermediate domain, maybe it's nothing.

But this is heaven.

There are so many strong people here that they are more powerful than Wang Fan.

What can he do to protect this woman?

The most important thing is that the woman said it was dangerous outside. Why did she go out with him?

"It's too late today. Let's go out tomorrow." Said the woman.

"Good." Wang fan can only harden his head and nod, but after all, he still couldn't hold back and asked weakly, "I don't know how your cultivation is. You look so good. I'm afraid I can't protect you."

The woman was slightly stunned, and immediately said, "I have no accomplishments, I can only play the piano."

With that, she thought carefully and said, "I'm going out with you. You should protect me naturally."

"Although I have no accomplishments, my mother is very powerful. If you don't protect me, my mother will trouble you. "

The woman's expression is as before, her voice is calm, but the words that she spit out almost make Wang Fan collapse.

Is this, is this a threat?

Wang Fan's scalp is really numb. He is really unlucky. He just escaped from the tiger's mouth and fell into the wolf's nest.

He can only change the subject and say, "can you get out of here? There are many monsters in it. They are very dangerous. "

"Yes." The woman nodded, "they and my mother are friends. They won't hurt me."

Wang Fan completely speechless, at the same time has also believed that this woman is absolutely a fairy.

As for the woman's saying that she had no self-cultivation, Wang Fan naturally listened to it, even though he would never believe it.

In this way, they spent a night in the canyon, and the next day, they left here together.

Wang Fan side more such a beauty, the mood is not any happy, but also more dignified.

With such a woman by his side, he said there was a lot of pressure.

Because both of them are on foot, they are very slow.

Wang Fan wanted to fly out with the woman, but he finally held back.

He was afraid that his slight carelessness would offend the woman.

Although they walked slowly, they seemed very quiet.

Along the way, they didn't even meet a monster.

Those monsters seemed to have fallen asleep and never appeared.

Wang Fan felt this scene, and at the same time, he was convinced that this woman's life was not simple.

Chapter 2745

Three months later, they finally walked out of the mountains.

At this time, the woman had put on a veil to cover her beautiful face.

Obviously, she was also afraid that her appearance would cause unnecessary trouble.

At the same time, Wang Fan also knew from the chat that this woman's name was Qingxuan, but he

didn't know her identity, age and cultivation.

Although this woman is very simple, does not dye the world fireworks, but is extremely intelligent, in addition to the name, did not disclose any other information, can be described as dripping.

"Qingxuan, we're going to Yunqingcheng now. The journey may be dangerous. You should be prepared." After walking out of the mountains, Wang Fan sacrificed a spaceship and said.

Qingxuan nodded, but she didn't say much. She just looked at Wang Fan calmly.

That means as if to say, anyway, you protect me, I'm afraid of nothing. Anyway, as long as I have something to do, my mother will not let you go.

Looking at this scene, Wang Fan couldn't help but have a headache.

However, in the past three months, he was used to the woman's attitude and didn't say anything more.

The spaceship quickly soared into the clouds and sped in the direction of Yunqing city.

Baiyu city is tens of thousands of miles away from Yunqing city. It is absolutely impossible to reach without a month's time.

Of course, Wang Fan did not plan to fly directly to Yunqing city.

According to the map, between Baiyu city and Yunqing City, there is a city called flame city. In flame City, there is a transmission array directly leading to Yunqing city.

Wang fan is planning to go to flame City, and then go to Yunqing city by teleportation array.

Half a month passed by. During this half month, Wang Fan often told some funny stories to Qingxuan. As a result, Qingxuan's face was not so cold, and a smile often appeared.

Although they had been hiking in the mountains for three months before, Wang Fan's nerves were in a tense state all the time, and he didn't have the heart to make Qingxuan happy.

After all, the mountains are dangerous, the monsters are rampant, and they are all powerful monsters in the imperial realm. How could he have the heart to tell jokes.

Now on the ship, everything is different.

His mood was relaxed, and he didn't want to see Qingxuan's cold face all the time, which made Qingxuan happy.

Under the guidance of Wang Fan, Qingxuan not only smiles more, but also talks more. She will respond

to a few words from time to time.

During the period, they also met some monsters and robbers, but the strength of those monsters and robbers is not very strong, so there is not much danger, they are easily resolved by Wang Fan.

This day, Wang fan is talking with Qingxuan, suddenly, his mental power is aware of a city.

This city is not much more magnificent than Baiyu City, but look at the big words on the stone plaque of the city gate, Wang Fan already knows that the city of flame has arrived.

He became excited.

Is the flame city finally here? As long as we get to the flame City, he will be closer to Yunqing city.

"Qingxuan, we're in flame city. Cover your face. Let's go to the teleport array." Wang Fan said, looking at Qingxuan.

Hearing this, Qingxuan rolled her eyes, but she didn't refuse. She took out the gauze again and covered the face of the country and the people.

Ten minutes later, the spaceship landed dozens of miles away from the city of flame. Wang Fan took off the ship and took Qingxuan to the city of flame.

Flame City, like Baiyu City, belongs to the small city under Yunqing city.

However, because flame city is closer to Yunqing City, and there is a special transmission array leading to Yunqing City, the overall strength of flame city is naturally better than Baiyu city.

Similarly, people and snakes are mixed here, which is more chaotic than Baiyu city.

When Wang Fan and his wife stepped into the flame City, they did not attract much attention.

Although Wang Fan's appearance is good, his accomplishments are only nine levels in the holy land. This kind of accomplishments is nothing in the city of flame, which is not enough to attract people's attention.

As for Qingxuan, although she looks like a demon, she can't cause a sensation.

Most of the women who practice are not bad in appearance. Even if they are bad in appearance, they will never be bad in figure. So even if Qingxuan is graceful, it's hard to attract people's attention.

The only difference between her and others is that she has a good temperament, pure as a fairy and free from dust.

But this kind of temperament, if not carefully look, it is difficult to detect.

Wang Fan didn't waste time. After asking, he ran towards the direction of the transmission array.

From flame city to Yunqing City, you need 100000 high-grade immortal stones per person.

This kind of price is not too outrageous, the general Empire strong can take out.

Wang Fan got a lot of high-grade immortal stones from the ruins, and 200000 high-grade immortal stones were nothing to him.

The two soon entered the transmission hall, and after paying 200000 high-quality immortal stones, they entered the waiting area to wait. When they entered the waiting area, there were dozens of monks in the waiting area.

Most of these monks are very young, and their accomplishments are on the eighth and ninth floors of the holy land.

Only a few of the elders have reached the realm of the emperor.

The elders, obviously the elders of the youth, obviously escorted the younger generation to yunqingcheng.

Wang Fan looked at the scene and couldn't help blinking.

Are these people going to practice in Yunqing academy, or are they all disciples of Yunqing academy?

After all, with so many young people going to Yunqing City, he had to think so.

As soon as they entered, Wang Fan immediately attracted the attention of all the young people.

Those young people's eyes first swept around Wang Fan, and then they all fell on Qingxuan.

If they didn't look at it carefully, they didn't feel anything, but when they looked at it carefully, they immediately felt the extraordinary and refined temperament of Qingxuan.

Feeling the temperament of Qingxuan, many young people couldn't help blinking.

Soon, a pretentious young man came up with a smile.

"Excuse me, are you going to Yunqing city to take part in the examination of Yunqing academy?" A young man spoke slowly.

He is handsome and aloof. His cultivation is at the top of the ninth floor of the holy land. His eyes are full

of confidence and pride.

"Assessment?" Wang Fan couldn't help being stunned.

Isn't the assessment of Yunqing academy started yet? Shouldn't it? In terms of time, shouldn't this year's assessment be over?

"Why, didn't you go to the examination?" Seeing Wang Fan's expression, the young man frowned and asked.

Wang Fan shook his head, "no, I just want to take my cousin to see the world."

Naturally, he would not say that he was already a disciple of Yunqing Academy. That would be a slap in the face. Maybe these people would think that he was pretending to be mocking others.

"I see. I'm Jiang Jun. I don't know what to call you two." Jiang Jun smiles as before and speaks again.

The pride in his eyes was more and more obvious. Even when he was talking, his eyes glanced at Qingxuan from time to time.

It is obvious that he is a drunkard. His intention is not to drink, but to Qingxuan.

"My name is Wang Fan. This is my cousin, Qingxuan." But Wang Fan didn't care at all and answered.

He was laughing in his heart. This guy wanted to show his pride and attract Qingxuan's attention. It was really for the blind.

From the beginning to the end, Qingxuan lowered her head behind Wang Fan. She didn't even look at Jiang Jun at all.

Chapter 2746

"It turns out that it's younger martial brother Wang Fan and younger martial sister Qingxuan. I don't know what your accomplishments are. Since you are going to Yunqing City, why don't you take this opportunity to take part in the assessment of Yunqing academy?"

"Although you may not be selected, it is not good for you to know the strength of Zhu Tianjiao."

Jiang Jun didn't seem to care about Qingxuan's attitude at all. He still said with a smile.

Look at his confident expression, as if he would be selected as long as he participated in the examination. He is very confident that he can be selected into Yunqing Academy.

Wang Fan didn't care about Jiang Jun's attitude. He shook his head and said, "elder martial brother is gifted. It must be no problem to be selected into Yunqing Academy."

"My cousin and I can't do it. Our strength is low and our talent is dull, so we won't be humiliated."

"How can you have this mentality?" Jiang Jun heard Wang Fan's words, as if very unhappy.

He said in the tone of an elder, "as a monk, you are against heaven. How can you be so self-confident? If you don't try, you will be defeated. This is a big taboo of our friars. "

"What elder martial brother teaches is." Wang Fan sneered in his heart, but he was still polite.

Then he took Qingxuan to a place and sat down.

According to the number they got, it should be a while before they get on the transmission array. He doesn't want to stand all the time.

Jiang Jun was very proud and satisfied when he heard Wang Fan's words, but when he saw that Wang Fan took Qingxuan to sit down not far away, his brow immediately wrinkled.

Wang Fan, what does that mean? He Jiang Jun is still talking here, but Wang Fan has taken Qingxuan to sit down?

Just as Jiang Jun's eyebrows were slightly raised and he was about to speak again, another group of people came in with a sound of footwork.

This group of people are all young people, and their eyes are also full of pride. Moreover, their cultivation is not weak. They have reached the Ninth level of the holy land, and their momentum is compelling.

The leader was a young man in a red robe.

Young people are not handsome in appearance, but they are very tall, especially their short hair. They are very capable.

His body was full of violent power, and his whole body was like a wild animal that could go away at any time.

"He's Langya. He's Langya from langwangfu in flame city. I didn't expect that he would also take part in the Yunqing academy examination."

"It's said that Langya's cultivation has already reached the peak of the Ninth level of the holy land, and his fighting power is even worse. Even the first grade students of Yunqing academy are not his opponents. If he goes to take part in the examination, won't he be sure to get in? "

When people saw the young man, they were shocked.

Even that originally proud Jiang Jun, eyes are unable to help squinting up, eyes in the emergence of a trace of fear.

Langya, this is Tianjiao, the descendant of the wolf king's mansion in the flame city. He has a good reputation. He can't compare with Jiang Jun at all.

After entering, Langya's eyes swept all the people in the room, with a slight disdain in his eyes.

He didn't seem to pay attention to all the people here. After glancing around, he took them back and ignored them. Even if it was Wang fanqingxuan, he didn't look at it more.

Wang Fan also looked at Langya, and did not pay too much attention.

As for Qingxuan, she didn't even look at Langya.

As if in her eyes, in addition to Wang fan can also reluctantly see, other people are not even worth a look.

Wang Fan was speechless when he looked at the scene.

This kind of action of Qingxuan, but naked ignore and slap face.

In case of those who are rude and unreasonable, they will certainly come to look for trouble.

But what can he do?

As time goes by, more and more young people come here, apparently for the examination of Yunqing Academy.

Wang Fan also saw a lot of Tianjiao, but he didn't know how many of them could be selected.

Jiang Jun seems to feel the pressure, did not continue to entangle, but left here.

About an hour later, it was Wang Fan's turn.

The teleportation array can teleport a total of ten people, so Wang Fan and the other eight people are together.

Jiang Jun and Lang Ya happened to be among the eight.

Ten of them stood on the transmission array, a bright light flashed by, and their bodies disappeared. When they reappear, they have come to the transmission Hall of Yunqing city.

"You two, shall we go together?" Out of the transmission hall, Jiang Jun stepped forward and said.

Wang Fan shook his head, was about to refuse, a voice suddenly came, "Jiang Shao, you are finally here, can really let me wait. Why, who are these two

The man who opened his mouth was a slightly fat young man. His cultivation was also on the ninth floor of the holy land. He obviously knew Jiang Jun.

"Oh, they are the two friends I met on the road. They came to see the world." Jiang Jun responds with a smile. As soon as the fat young man heard this, he immediately lost interest and said, "we don't care what these people do. I know a lot of Tianjiao here. Let's go, I'll introduce them to you."

But as soon as his words fell, his eyes were fixed on Qingxuan.

What a pure fairy.

Her purity, her beauty, is the only thing in a fat young man's life.

The fat young man stared at Qingxuan without blinking. In the bottom of his eyes, a touch of evil thoughts appeared.

"Two elder martial brothers, we have something else to do, so we'll leave first." Wang fan saw the fat man's eyes, a touch of displeasure appeared in his heart. He left a word coldly and left with Qingxuan.

The fat man had evil thoughts about the pure fairy like Qingxuan. It's unreasonable.

If it wasn't for Yunqing City, he would have hit people.

Qingxuan did not say a word, followed Wang Fan to leave, but Wang Fan did not notice, the wisp of murder in her eyes.

"How did you leave?" Jiang Jun see two people leave, look in the emergence of displeasure, but two people speed is too fast, here is on the street, he is not easy to chase.

The face of the fat young man was even worse. He couldn't help humming, "what is it? I don't know how to praise it."

"I wanted to introduce you to Tianjiao, but now I don't think it's necessary. It's just rubbish. I dare to be conceited. It's ridiculous. "

In his opinion, since Wang Fan and Wang fan are here to see the world, they don't even have the courage to take part in the examination, so they are certainly not powerful people.

This kind of person, even dare to handle in front of him, is simply not worthy of praise.

"Qingxuan, don't care about that kind of people. You'll get used to it if you see more." Far away from Jiang Jun, Wang Fan said with a smile.

"Well." Qingxuan nodded, then suddenly said, "that fat man, I don't like him very much. If you have a chance, you will help me kill him."

Wang Fan listened to this, first can not help a Leng, then realized what, suddenly become some big head.

He knew that Qingxuan must have noticed the evil thoughts in the fat man's eyes and said quickly, "Qingxuan, it's wrong for you to be like this. There are so many such people that we can't kill them all."

Qingxuan did not speak, as if thinking about Wang Fan's words.

"Why, it's you? I didn't expect that you really came to Yunqing city. Did you get 30000 top grade immortal stones? "

"Hey, how long has it been since I saw you? There's only one more woman around. Is it the immortal stone that this woman gave you? I don't see. You still have the means. "

Wang Fan did not stay away for a long time, another harsh voice came, and then Wang fan saw a familiar young man.

This is really a narrow road.

Chapter 2747

This young man is no one else. He was the one who ridiculed Wang Fanchu when he bought the map.

At the beginning, he asked the man to buy a map from Baiyu city to Yunqing city. The man told him that there was no place to sell this kind of map, and that if he wanted to go from Baiyu city to Yunqing City, he needed 30000 high-quality immortal stones.

The young man was on the side at that time, and he also sneered at him that he wanted to go to Yunqing academy even if he couldn't take out 30000 top-grade immortal stones. He was really a man who didn't know the greatness of heaven and earth.

Not only that, when Wang Fan was angry, he said with disdain that Yunqing Academy was the place where Wang Fan could go if he wanted to, and he didn't see what he was.

At that time, Wang Fan was a newcomer to Baiyu city and was not familiar with the place of life, so he forbore this anger.

Later, Wang Fan went to the battlefield and met Yunxi, the eldest lady of the city master's mansion. In

addition to the following series of things, Wang Fan almost forgot this person.

But he never thought that this man also came to Yunqing City, and they met again. What makes him speechless even more is that this guy once again made sarcastic remarks.

I can't bear it!

"Whether or not I've got 30000 top grade immortal stones, whether or not I rely on women, it's none of your business. Get out of here."

This time, Wang Fan did not have the slightest politeness, directly angry way.

From Baiyu city to Yunqing City, it really takes 30000 high-grade immortal stones, but it's by merchant ship. Moreover, merchant ships do not set out at a fixed time, but from an irregular time, which is very dangerous.

So Wang fancai didn't go to Baiyu city to take a merchant ship, but went to flame city to take a transport array.

Although the price is higher, it is safe after all.

What's more, Wang Fan just got the relics, and many people in Baiyu City knew him. Especially in the battle of the five major forces, he also strongly attacked the other four major forces besides the city Lord's mansion, and had a grudge against many people.

That's why he didn't choose to go to Baiyu city by merchant ship.

When the young man heard Wang Fan's words, his smiling face suddenly cooled down, and a violent momentum suddenly gushed out of him. He said coldly,

"what do you say? Can you say it again? You are just a mole ant relying on a woman. You dare to be reckless in front of me. You are just looking for death. "

The young man's voice was cold and his whole body was violent.

If other people, he really dare not start in Yunqing City, but Wang Fan, he is not afraid.

Because he knows that Wang Fan has no background and no followers.

Such a person, even if killed, will not be taken care of.

Wang Fan felt the killing intention of the youth, and his mood was much better. He showed a bright smile on his face and said,

"if you say it again, just say it again, will I be afraid of you? I told you to go away, didn't you hear me? "

"To die!" When the young man heard that he was furious, his aura burst out suddenly, and his whole body was full of momentum. His body had already rushed to Wang Fan.

A purple gold half moon shovel appeared in his hand, which directly raised the endless shovel awn, whistling to Wang Fan.

When people around saw this scene, they retreated to the distance, but they did not leave.

At the moment, Tianjiao of Yunqing city is gathering, mostly for the examination of Yunqing Academy.

Now there are people fighting on the street. Naturally, they won't miss such a good play.

Wang Fan sneered. With a probe of his left hand, he directly put a series of prohibitions on Qingxuan. Then he stepped forward with his right leg. During the earthquake, he rushed out like a bomb.

The right fist clenched tightly, and the violent power filled his whole body. In the face of the roaring fierce shovel awn, he did not dodge at all, but chose to blow it out.

"What is he doing? Do you want to use your body to shake each other's skills? "

"I'm looking for death? What a crazy guy

When people around saw this scene, they couldn't help talking in a startled voice.

It's crazy and arrogant for Wang Fan to act like this. He didn't pay attention to that young man.

When the young man saw this scene, he was stunned at first and then grinned grimly, "you are looking for death!"

With the sound of a boom, Wang Fan's boxing style has been with the sky's shovel mang bombing together.

The roaring sound, the crazy concussion, the storm all over the sky, the crazy raging surging, the whole space, are submerged in the storm.

At this moment, people's eyes, but they are all frozen.

All they saw was an arm thick passage emerging in the void, where the style of boxing had gone, and where the shovels had gone, they all burst and disappeared into nothingness.

Wang Fan's fists came directly to the young man along the way.

"It's impossible, it's impossible." The young man's face also changed suddenly, as white as paper.

His eyes were full of fear and murmured.

How is it possible for Wang Fan to smash his shovel with his fist? You know, his shovel awn was torn out by his martial arts skills. Wang Fan didn't use any martial arts skills, but used his meat fist to fight.

In this case, his shovel awn was torn, and the fighting capacity between them was obviously not in the same level.

"Nothing is impossible." Wang Fan cold smile, all the way forward, just a moment, the cool boxing, it has come to the youth.

With a bang, the blood mist burst, and the young man's armor was as fragile as paper.

There was a click, his sternum broke, and he fell to the ground.

Bang, like a dog fell to the ground.

There was a moment of silence.

Everyone looked at the shocking scene and couldn't recover for a long time.

Rolling, this is real rolling.

This battle is not even the slightest ornamental, as soon as the battle starts, it seems to have been doomed to the end.

"What a great strength."

"With such strength, I'm afraid there will be absolutely no problem to be selected into Yunqing Academy."

"It seems that this session of Yunqing academy will be more interesting in recruiting and assessing students."

After returning to God, people talked about it one after another.

Their eyes that look at Wang fan are full of blazing and respect.

As for the young man who was attacked by Wang Fan, his eyes were gray and his face was pale.

He did not expect that the mole Ant King fan he looked down upon would be so powerful and abnormal.

If I had known that, even if I had given him ten courage, he would not dare to challenge Wang Fan.

It's like sending someone to the door.

Wang Fan stepped forward and stepped on him with one foot. He said with disdain, "now, do you know what you are?"

"That day in Baiyu City, you humiliated me with your words, but I didn't bother to pay attention. Did you really think I was afraid of you?"

Wang Fan cold finish saying, is a foot to fall again, then take not far away green Xuan, leave quickly.

Although today's affairs are reasonable, who knows what the rules of yunqingcheng are, and does the young man have a backstage?

The most urgent thing is to leave at once so as not to cause trouble.

"Thank you." Qingxuan quietly followed Wang Fan. Suddenly, her beautiful eyes blinked and her mouth floated out two words.

Wang Fan a Leng, immediately relieved, "you are too polite, said to protect you, I naturally want to do."

When Wang Fan was talking, he didn't notice that a young man in blue shirt also saw this scene in a restaurant not far away from him.

The young man in blue shirt is handsome, but his face is a little twisted at the moment. His eyes are fixed on Wang Fan, which is full of killing intention.

This person is Xia Li, a student of Yunqing Academy.

Chapter 2748

At the beginning, when he was in the intermediate level and was assessed by Yunqing academy, Xia Li saw that Wang Fan was very upset, but he was not sure how to deal with it, so he could only keep his unhappiness in his heart.

Now seeing Wang Fan in yunqingcheng, his heart is naturally even more upset.

Just a guy from the intermediate domain, he is so arrogant. It's unreasonable.

Xia Li's side, there are four young men and women.

The four young men and women, obviously centered on Xiali, were very polite to Xiali.

They are all Tianjiao who took part in this assessment. Only because they knew Xiali, they would be

invited out to get together.

"Brother Xia, what's the matter? Do you know that man?" Seeing Xia Li's gloomy face, one of the youths couldn't help asking.

This young man was named Wu Qiang. His accomplishments were also on the ninth floor of the holy land. He was equal to Xia Li, but his fighting capacity was not comparable.

Xia Li is a student of Yunqing academy and has been practicing in Yunqing Academy for a year. He is far from equal in both aura and means to the enemy.

"Brother Xia, this man is so arrogant. Do you want to teach him how to be a man?" Another young man followed.

His name is Shao Zhao. His cultivation is also on the ninth floor of the holy land. His fighting power is much stronger than Wu who spoke before.

He is confident that Shao Zhao will definitely be among the top three in the Yunqing academy examination this time.

When Xia Li heard their voices, he finally regained his mind. He shook his head and said, "I can't talk about it, but I've seen it once."

"This man is very arrogant. He doesn't even give me face because he knows Yueru."

"What, does he know Yueru?"

"How could he know Yueru?"

"Just a mole ant, even relying on the understanding of Yueru Xuejie, so arrogant, it is unreasonable."

When those people heard Xia Li's words, they were even more angry and disdainful to Wang Fan.

Yueru, that's a flower of Yunqing Academy.

Even if they haven't entered the school, they have heard of Yueru's name.

This kind of Goddess level figure, even the goddess level figure they have no way to know, even knows Wang Fan, which makes them very unbalanced.

"I just heard that the trash said that this guy came to yunqingcheng relying on the woman around him. It's really a good method. What I despise most is this kind of coward relying on women."

Wu Qiang indignant, very unhappy said.

Xia Li listened to this and said with a smile, "Wu Qiang is right. This guy really has some means for women."

"You must have heard of Su Luoyan who joined the academy a few days ago. That woman is also fascinated by this man. They are very close."

"What?" Xia Li's words are just like thunder on the plain. Even Shao Zhao is a little restless.

He has been in yunqingcheng for some time, and happened to witness the elegant demeanour of Su Luoyan with his own eyes.

Su Luoyan is not only incomparable in beauty, but also a demon with great talent and strength.

On the day of entering the palace, she even challenged several first-year students who were disrespectful to her and beat them all, making a big splash.

Shao Zhao even fantasized about whether he would have a chance after entering the palace.

After all, it would be a blessing in life if we could practice together with Su Luoyan.

But he never thought that the woman he had fantasies with was very close to other men and seemed to have a relationship.

This ·

"beast, what a beast."

"This son of a bitch cheated Yueru and Luoyan. Now he's still cheating other women. He's a scum."

"Damn, I can't bear it. I'm going to teach him a lesson and expose him in public."

Everyone is angry, Shao Zhao can not help but stand up directly, directly out of the restaurant.

Xia Li didn't stop him. He just looked at the scene calmly, and there was a sneer in his eyes.

He knew that Shao Zhao would not be Wang Fan's opponent. He was just abused when he went to find Wang Fan, but he didn't remind him.

For him, the more people Wang Fan offends, the better.

There are many people who have offended. Even if Wang Fan enters Yunqing academy, he will have a hard time. There are enemies on all sides.

You know, Shao Zhao is not a young man who was attacked by Wang Fan before, but he has some background.

Wang fan doesn't know Xia Li's insidious intention, and even less does he know that someone has been looking at him and chased him.

He has now found an inn and intends to go in.

He is going to Yunqing academy to practice. Naturally, he can't take Qingxuan with him, so he plans to arrange her first.

"Man, do you have any more rooms here? I want two." After entering the inn, Wang Fan said to the man. He wanted two rooms for his convenience. Because he must come to see Qingxuan from time to time.

However, his words fell, and before the man spoke, Qingxuan could not help saying, "what do you want two rooms for, just one room."

Man, listen to this, you're a fool.

This woman looks so pure and beautiful, just like the immortal in the sky, how can she be so active? It's really human.

Wang fan is also very speechless, this... But he did not think much, simply said, "then open a room."

"Good." The man nodded.

But, just about to go through the formalities, a strange voice came over.

"Sure enough, he is a master at cajoling women. I really admire him. You scum, living in the world, is just losing the face of our friars. "

With this voice, a young man in white has walked in slowly. His eyes looking at Wang fan are full of disdain and disdain.

Wang Fan frowned slightly. What's the matter today? Why do people want to bully him? Is he so good at bullying?

However, before Wang Fan had time to speak, the young man in white had already looked at Qingxuan, "Miss, I think you are pure and beautiful. You don't seem to have deep experience in the world, but you can't be cheated by this scum."

"This man, I know, is a lecherous and shameless man who takes pleasure in cheating women. He cheated you with tens of thousands of high-quality immortal stones. He just came to Yunqing city. He

even wanted to cheat you out. It's really reprehensible. "

Shua, Shua, Shua.

With the voice of the young man in white, the innumerable eyes in the inn have already been on Wang Fan and Qingxuan.

Those who look at Wang Fan's eyes are full of contempt and disgust.

Especially when she felt the pure breath of Qingxuan, the scorn and disgust became more obvious.

Cheat money or cheat sex? What a shame!

Even Qingxuan, a pure and flawless fairy, even gave her a hand. She was not as good as a beast. She was a shameless and shameless person.

Wang Fan's face turned black.

It's obvious that this guy is deliberately picking fault and damaging his reputation.

Hearing this, Qingxuan's face became cold. She looked at the young man in white and said coldly, "I'm willing. It's none of your business. Get out of here."

Wang Fan listened to this, but he couldn't help his head.

Is this not harming him?

It's like jumping into the Yellow River.

At the same time, he is also very speechless, this woman just followed him for a long time, even learned the essence of his language.

Sure enough, he who is close to Zhu is red, and he who is close to Mo is black.

The young man in White's face was stagnant, and then became gloomy.

It's very kind.

"Well, since you don't love yourself, I don't care." After that, he swept at Wang Fan coldly,

"I don't like you in Shao Zhao's life. Now I challenge you, do you dare to accept it?"

Shao Zhao's words fell, and the scene was dead.

The reason for death is not Shao Zhao's challenge, but Shao Zhao's name.

Chapter 2749

"Shao Zhao, he is Shao Zhao."

"It's said that Shao Zhao is one of the demons who participated in the examination this time. He can be ranked among the top three. I didn't expect to meet him here."

"Ha ha, it seems that scum is going to have bad luck. Such scum should be punished. "

After hearing Shao Zhao's challenge, the people around him could not help talking in a startled voice after a short silence.

No one thought that they would meet Shao Zhao here. Especially when they thought that they would see Shao Zhao's hand soon, they were very excited.

"Scum who can only cajole women will accept elder martial Brother Shao's challenge."

"Is it difficult that scum like you can only trick women? Dare you accept the challenge?"

"Elder martial Brother Shao Zhao, this kind of scum should be cut to pieces. I expect elder martial Brother Shao Zhao to punish scum."

Some people can't help but angrily reprimand Wang Fan. At the same time, they don't forget to compliment Shao Zhao.

No way, the image of Wang Fan has already been destroyed in Shao Zhao's words.

In people's eyes, Wang fan is a shameless person who will cheat women.

Even the staff of the inn stopped to go through the formalities for Wang Fan.

After all, Wang Fan has aroused public anger. It seems that it's not good for him to open a room for Wang Fan now?

Even if their inn is not afraid of trouble, they are not willing to cause public indignation and help tyranny.

"You're going to challenge me?" Wang Fan narrowed his eyes and looked at Shao Zhao. His heart was very upset, and he was very upset.

Who did he recruit, who did he provoke, who did he cheat, how could he become a scum?

This is a disaster.

"Yes, I want to challenge you. Do you dare to accept it?" Shao Zhao also feels like the incarnation of justice, righteousness and righteousness.

"Do you deserve it?" However, Wang Fan's next sentence directly made Shao Zhao's face gloomy.

Not only Shao Zhao, but also the people around him became angry.

"If you don't dare to accept the challenge, just say that you don't dare to accept the challenge. Don't you think you are too pretending?"

"It's the first time that I've seen such a brazen and arrogant person as you. It's just unreasonable."

"I'm so angry. Elder martial Brother Shao, I don't think you need to challenge him. Just punish him."

"Yes, elder martial Brother Shao Zhao, challenging such scum is an insult to you. He doesn't deserve to be challenged by you."

The voice of indignation spread out, the saliva is about to submerge Wang Fan.

Shao Zhao's face is also gloomy and terrible, and his anger has expanded to a limit.

Qingxuan looked at the scene from the beginning to the end. Although she didn't say a word, she thought in her heart: the outside world is really chaotic. These people are as bad as my mother said.

"Son of a bitch, since you dare not." Shao Zhao's whole body breath is expanding wildly, and it has become cold in an instant.

However, before his words were finished, he was interrupted by Wang Fan, "since you are determined to challenge me, I will try my best to accept it."

"But before the challenge, I want to ask, are you ready to be trampled on and be humiliated?"

"Madman, you die!" Shao Zhao really can't stand Wang Fan. He just feels that every cell in his body is going to explode and he wants to vomit blood.

This son of a bitch is so arrogant, arrogant and shameless.

A roar, Shao Zhao no longer lazy and Wang Fan nonsense, directly to Wang Fan killed in the past.

At this time, he didn't even care if he was in the inn.

"I really have no quality. I started in other people's Inn. Let's go outside." Wang fan saw that Shao Zhao said he would do it. He sneered again, and then flashed out of the inn.

Shao zhaona's forward body suddenly stopped, and his soaring momentum suddenly stagnated. He was almost bitten back to spit out his old blood.

If, originally, he was just bewitched by Xia Li, he was upset and wanted to teach Wang Fan a lesson, now, he really wants to kill Wang Fan.

This son of a bitch is really hateful.

However, Wang fan is very right, can't do it in the inn, he really can't refute.

Those people around were also choked by Wang Fanqi, but they didn't say anything.

Only the man in the inn is more grateful to Wang Fan. You know, if you fight here, even if you damage the inn, the boss can ask for compensation. He will also be responsible.

He didn't expect that Wang Fan, a shameless man who was accused by thousands of people, even did a good deed and helped him a little.

"Son of a bitch, I'll see what you have to say next. Let's die."

After Shao Zhao rushed outside, his body was already empty, and his momentum gathered again.

The surging aura in his body was even more terrifying and powerful as the strong wind and tsunami. His right hand was sliding rapidly in the void. In a flash, a huge wave of aura suddenly appeared, which directly turned into a golden long gun.

The golden spear stirs the space, making the space appear illusory, and the violent killing power disperses from it.

"Kill After the formation of the golden spear, Shao Zhao pointed a little, whizzed, the golden spear immediately tore the air and went directly to Wang Fan.

Fast, fast to the extreme, fast to incredible.

The fierce killing power exploded at this moment. Where the golden spear passed, it pulled out a deep white mark.

"Golden spear martial arts, is this Brother Shao's golden spear martial arts?"

"What a terrible power. It seems that the son of a bitch is going to have bad luck."

"It seems that elder martial Brother Shao Zhao didn't intend to fight at all, but wanted to kill this guy at one stroke."

"Hum, that kind of shameless person, see how he hides, prepare to die."

In a shocking voice of discussion, the golden spear cuts through the void and comes directly to Wang Fan.

"A small skill in carving insects." However, Wang Fan didn't care at all. He snorted with disdain and stepped heavily on the ground with his right foot.

With a roar, the whole person rushed out like an arrow. A terrible killing force spread all over him, which was extremely frightening.

"Broken!" There was another sound. Wang Fan's right fist burst out at a speed invisible to the naked eye, pointing straight at the tip of the gun.

Bang!

With a loud bang, Wang Fan's fist tip collided with the golden gun tip in mid air.

A series of terrible energy ripples spread wildly like ripples. At the same time, in a clattering sound, the golden spear began to crack.

Just in a flash, the golden spear from the tip of the gun, has been cracked to the handle, all split into light spots.

When people around see this scene, they can't help but open their mouths wide, as if they were living to see the ghost, and their faces are incredible.

They all felt like they were dreaming and couldn't believe it.

As for Shao Zhao, he was also stunned. Obviously, he didn't expect that his golden spear skills would be so vulnerable in front of Wang Fan.

However, Wang Fan didn't care about the look of those people. Before they all recovered, he rushed to Shao Zhao and hit him with his body.

Bang!

With a loud noise, people can see that Shao zhaoru flies like a kite with broken line. Blood gushes out and falls to the distance.

Another bang, he fell to the ground. He felt that his internal organs were about to crack and his face was like ashes.

Chapter 2750

He lost shaozhao, he lost shaozhao!

So simple, so easy, he Shao Zhao was defeated in the hands of a shameless man.

It was hard for him to accept.

Shao Zhao's face is pale, and his hands are clinging to the ground. He wants to stand up.

Unfortunately, his injury was so serious that he couldn't stand up for a while.

Wang Fan didn't pay attention to Shao Zhao's pale and ugly face. He walked forward step by step and soon came to Shao Zhao.

Without hesitation, Wang Fan stepped down decisively.

With a bang, Shao Zhao's body was immediately trampled down, just like a mole ant.

Shame, this is a great shame!

Shao Zhao's heart is angry! He suddenly raised his head and stared at Wang Fan like a wolf, as if he wanted to eat people.

Unfortunately, Wang Fan is not afraid at all. He just stepped on Shao Zhao and said with disdain, "I said that you don't deserve to challenge me, but you don't believe it. Do you believe it now?"

An understatement is like a slap on the face of Shao Zhao.

At this moment, there was a dead silence around.

Those people seem to have not recovered from the shock.

They remembered Wang Fan's arrogant words: you don't deserve it.

Previously, they thought it was Wang Fan's arrogance, but now?

Wang Fan has a strong crush on Shao Zhao. From this point of view, Shao Zhao really doesn't deserve to challenge Wang Fan.

"I said that if you challenge me, you should be ready to be humiliated. Now you know what I said is right? Why is that? Are you satisfied? "

Wang Fan's voice is still the same, Shao Zhao's face is more and more pale.

Wang Fan's words are just like a sharp thorn in his heart.

Pain, incomparable pain.

When Wang Fan finished, he didn't bother to pay attention to Shao Zhao any more. He raised his foot and walked towards the inn step by step.

He didn't hurt the killer. He didn't need to. He didn't want to cause trouble.

Killing and trampling are two completely different concepts.

"Is my room ready?" After entering the inn, Wang Fan looked at the man and asked.

Guys are a little dull, he is also very shocked looking at Wang Fan, obviously did not expect that Wang fan should be a strong step on Shao Zhao.

Although he didn't go out to watch the battle, he had mental strength. He could see the war clearly.

"All right, all right." Back to God, where do you dare to have a little nonsense, quickly opened the room, and gave the forbidden jade to Wang Fan.

No matter where the strong go, they are respected. No matter how shameless Wang fan is, no matter how powerful he is. The strong are naturally privileged.

If Wang Fan knew what the man thought, he would slap him in the face.

He is so pure that he should say that he is shameless and not a thing. It is just unreasonable.

Unfortunately, Wang Fan didn't know what he thought.

After he took the jade card, he took Qingxuan upstairs and came to the room.

"Qingxuan, you should live here first. I'm going to report to Yunqing Academy. Don't worry. I'll come to see you often when I have time. "

After entering the room, Wang Fan looked at Qingxuan and said.

This woman is as beautiful as ever, as busy as ever, as calm as ever.

Even if such a big thing happened just now, she had a indifferent expression, as if everything had nothing to do with her.

Wang Fan couldn't figure out what the woman was thinking.

You know, when Shao Zhao slandered Wang Fan, he was also undermining Qingxuan's reputation.

"You go to Yunqing academy to report what I am doing here. Of course, I want to go with you."

After hearing Wang Fan's words, Qingxuan stood up, as if she didn't understand it. She also said, "you said you wanted to protect me, but you left me here. What's protection?"

Wang Fan opened his mouth and didn't know what to say.

Because he felt that what Qingxuan said seemed very reasonable.

After a long time, Wang Fan said, "I'm a freshman, and I don't have the right to take people in. Why don't you wait here and I'll find a relationship and see if I can bring you in? "

For Qingxuan, Wang Fan's head is really big. He really doesn't know how to arrange it.

"No, I'll follow you wherever you go. Otherwise, once I have something, my mother will not let you go. " Qingxuan said naturally.

Wang Fan covered his head and had a headache. He asked weakly, "if Yunqing academy doesn't let me take you in?"

"Then you can't go to Yunqing Academy." Qingxuan answered without hesitation.

Wang Fan was completely speechless.

In the end, he still can't persuade Qingxuan. He has no choice but to take Qingxuan to Yunqing Academy. Yunqing academy, located in the east of Yunqing City, is the holy land of Yunqing city.

Every year, countless people from the small towns under Yunqing city go to Yunqing academy to take part in the assessment, and they are all proud to be able to enter Yunqing Academy.

When Wang Fan takes Qingxuan to Yunqing academy, many young people have gathered outside.

These young people are all students who come to take part in the assessment. The worst ones have reached the eighth level of the holy land, while the strong ones have reached the Ninth level of the holy land.

However, whether they are high or low in cultivation, standing at the gate of Yunqing academy, their eyes are extremely hot and full of longing.

Obviously, they all want to practice in Yunqing academy and are proud to enter it.

Wang Fan didn't pay attention to the young people who lined up to sign up, but directly took Qingxuan to the gate.

It's very crowded on both sides of Yunqing academy, because it's the registration office.

But at the gate, it seemed a little empty, and there were not many people.

Even some people, but also full of yearning to look inside.

"Hey, wait, what do you want to do? This is the holy land of Yunqing Academy. No admittance. Sign up for the two sides. "

However, before Wang Fan entered Yunqing academy, he was stopped by a young man.

The young man was wearing the badge of Yunqing academy students and looked very proud.

Although his cultivation is also at the top of the Ninth level of the holy land, his breath is much stronger than those who signed up for it.

Obviously, the combat effectiveness of both sides is not at the same level at all.

Wang Fan was stopped, but did not get angry, but said with a smile, "this senior, I'm not here to sign up, but to report. I have passed the examination and am a student of Yunqing Academy. "

"You have passed the examination. Are you a student of Yunqing academy?" The student of Yunqing Academy was a little stunned, and those who signed up around him were also shocked.

This has not started the assessment, Wang Fan even said that he passed the assessment, is this a joke?

However, the student of Yunqing Academy was not angry. Instead, he said, "since you are a student of Yunqing academy, please show me your badge."

"Badge?" Wang fan is a little depressed. Doesn't that old man give it to him?

Seeing Wang Fan's expression, the student of Yunqing academy immediately knew that Wang Fan had no badge.

His face finally can't help but cold down, "no badge, how can you prove that you are a student of Yunqing academy, you are not amusing me?"

At the same time, the aura in his body began to surge, and the breath of terror spread out, as if ready to move at any time.
