

## **Mighty Sk 2751**

### **Chapter 2751**

Fang Yu was really angry. He was really going to do it.

As a student of Yunqing academy, he naturally has his pride.

Wang Fan dares to amuse him in public. If he can bear this kind of thing, how can he get along in the future?

Don't anyone dare to amuse him?

Wang Fan felt Fang Yu's fierce momentum, and he was also very depressed.

He almost cursed the Xingshi.

Even if you throw him on the way, even if you don't give him the badge of the students of Yunqing academy, he is so embarrassed now.

"Senior, I'm really a student of Yunqing Academy. If you don't believe me, you can ask Yueru. She can testify to me."

"It was Mr. Xing who assessed me at the beginning, but he forgot to give me his badge. I didn't cheat you." How could Wang Fan start with Fang Yu? He explained with a smile.

He can't help it. Who can't get his badge out?

However, after Wang Fan's voice fell, Fang Yu was even more angry, "boy, is it your own idiot or treat me as an idiot? I think you are looking for death."

He roared angrily, and as soon as he grasped it, a round stick with long arms appeared in his hand.

Mr. Xing, that's a transcendent existence in Yunqing Academy. When did he take charge of the assessment of students?

As for Yueru, although her talent is not the most evil in Yunqing academy, her appearance is goddess level.

This kind of woman, he did not even have the qualification to say a word, how can he have the qualification to ask?

In Fang Yu's opinion, Wang Fan was deliberately hitting him in the face.

"Senior, I really don't have it." When Wang fan saw that Fang Yu really wanted to do it, he was almost

ready to cry.

If he had a fight with Fang Yu here, he would have a lot of fun. He would have abused his seniors before he entered the school. How could he get along after he entered the school?

"No?" Fang Yu sneered, "I think you are deliberately amusing me. If I don't teach you today, I'm not."

Before Fang Yu's voice came down, all of a sudden, a cry of surprise came out.

"Sister Yueru has come out."

"Look, that's Yueru."

"Yueru is so beautiful. She is my goddess."

With the sound, countless people are looking in a certain direction, only to see a woman wearing a red robe on fire slowly came over.

The woman had a delicate and beautiful face. Although she was wearing a flaming red robe, her expression was very cool.

Warm dress, but also cold temperament, contradictory combination, but also gives a unique charm.

At the moment, her body focused countless lines of vision, attention.

However, she did not look at the people around her. Instead, she walked slowly. Where she passed, the crowd separated automatically. No one dared to stand in front of her.

Wang Fan looked at Yueru, but he couldn't help blinking.

This, this is Yueru?

This cool expression is quite different from that in the middle level.

Which is the real one?

But now is not the time to think about that. The most urgent thing is to find Yueru. Only Yueru can prove that he is a student of Yunqing academy and take him in.

"Don't you say you know elder martial sister Yueru? Now that she's here, I want to see if she knows you."

After Fang Yu recovered, he did not continue to rush to start, but looked at Wang Fan and said with a sneer.

In his opinion, what Wang Fan said before was a lie. Now that Yueru appears, everything is naturally self defeating.

If Wang Fan really dares to talk to Yueru, Wang Fan will be miserable.

Yueru, the flower protectors, and countless pursuers, will surely teach Wang Fan a lesson.

"Thank you, senior. I'll be there now." Wang Fan smiles at Fang Yu and then walks to Yueru.

Fang Yu looked at the scene, a little stunned.

He did not expect that Wang Fan actually went.

Is Wang Fan really not afraid of death?

At the moment, Yueru is walking forward, not squinting.

In front of her, has automatically separated a road, that road no one stopped in front.

But there is a figure, very unwise to go to the road, and also toward the moon Ru walked in the past.

The most important thing is that this person still has a smile on his face. Looking at Yueru's eyes is like seeing relatives.

"Who is this man?"

"What does he want to do?"

"Blaspheme our goddess?"

Some people can't help but get angry when they see this scene. They almost want to do it.

Even Yue Ru, also can't help but slightly a Leng, eyes raised, looked at the person.

"Xuejie, I finally found you. It's hard for me to find you." Wang Fan soon came to Yueru and said excitedly. Yue Ru is a little stunned, but she doubts, "who are you? Do I know you? "

Wang fan is silly.

This, this is deliberately pit him?

And with the sound of Yueru, the people around are even more angry.

"Go away, shameless man."

"Son of a bitch, you dare to tease elder martial sister Yueru. Believe it or not, I will kill you."

"Are you qualified to speak, elder martial sister Yueru? Why don't you get out of here? "

They were filled with righteous indignation, and their saliva was about to engulf Wang Fan.

But Wang Fan didn't pay attention to the roaring crowd at all. Instead, he stared at Yueru and said, "Xuejie, you have changed."

Yue Ru looks at Wang Fan's serious expression, and then listens to the angry roar around him. Suddenly, she chuckles.

Dimples like flowers.

She stretched out her green jade finger and thought of Wang Fan's head. She said angrily, "younger brother, you are getting worse and worse."

"I didn't expect you to come to the school so late. My sister is waiting for you so hard."

Yueru's voice, like a thunderbolt, blasted in this space, making the whole space dead.

What's the situation?

Is it difficult for them ·

all of them dare not continue to think about it. They seem to hear the sound of their heart breaking, and they only feel heartbroken.

Wang fan is also a burst of speechless, this woman even points his head with a finger?

Is this treating him like a three-year-old?

He was a little depressed, but it was not easy to dodge. He quickly said, "sister, I want to enter the school, but I don't have a badge. The elder student won't let me in."

Speaking of this, Wang Fan suddenly thought of something, quickly walked a few steps, took Qingxuan to Yueru, "by the way, introduce me, this is my cousin."

"I want to take her to the school. Of course, it's not practice. It's just to be with me to take care of her. Is there anything I can do?"

Looking at Wang Fan's actions and listening to Wang Fan's words, not only Yueru was speechless, but

also the people around him were speechless.

Shameless. It's shameless.

No one else can enter the Yunqing academy without breaking his head. This guy is so good that he even wants to take a woman in. Is there any reason?

Yueru looks at Qingxuan in a daze.

Isn't this bastard's girlfriend Su Luoyan? Why is there such a woman around?

As for cousin what nonsense, Wang Fan cheat others even if, can cheat him on Ru?

Wang Fan came from the intermediate domain, and only two people came from the intermediate domain. Besides Wang Fan, who is Su Luoyan, where is Wang Fan's cousin?

## **Chapter 2752**

"Cousin?" Yueru looks at Wang Fan with a smile, with a playful look on her face.

As soon as Wang fan saw Yueru's expression, he knew that Yueru must have thought of other places.

He quickly stepped forward and whispered in Yueru's ear, "Xuejie, she's not what you think. She's a poor person. I promised her mother to protect her. I can't break my promise."

Wang Fan has no choice but to explain this.

Although he wanted to say that it was Qingxuan who followed him and couldn't drive him away, he didn't dare to say that.

Qingxuan is so mysterious. What if I can hear him?

People around to see Wang Fan even close to the month Ru whispered, the eyes are more angry to squeeze out the fire.

Son of a bitch, this is a blasphemy to the goddess.

But Wang Fan didn't care about other people's feelings at all. The most urgent thing is to find a way to bring Qingxuan into the school.

"You don't have to explain it to me. You should explain it to Luoyan Xuemei." Yueru rolled her eyes, then looked at Qingxuan,

"it's not impossible to take her to the school, but she can't be with you. She has to be with me."

"Of course." Wang Fan was overjoyed and nodded quickly.

Now for him, as long as he can take Qingxuan to the school, how can he manage so much.

What's more, at Yunqing academy, he didn't believe that huiqingxuan would be in danger.

"No way." However, as soon as Wang Fan's words were finished, he was interrupted coldly by Qingxuan, "you said you wanted to protect me, so I want to be with you."

Wang Fan's face turned black when he heard this.

Yueru also looks at Qingxuan in surprise. The woman seems to be poisoned deeply.

Wang Fan had a big head. He looked at Qingxuan and said, "aunt, don't make trouble, OK? It's not easy for me to bring you into the school. "

"Don't worry, you won't be in danger in Yunqing academy, and I will visit you often."

He is really speechless.

Yunqing academy, he has to go.

This is the turning speed of his foothold in Tianyu .

Wang Fan was completely defeated, and quickly nodded with a black face, "OK, OK, I promise not yet."

"That's good." Yueru's smile is more brilliant.

Three people all the way toward the palace, Yueru first placed Qingxuan in her residence, then took Wang Fan to a majestic hall.

This is where Xingshi is. Since Wang Fan has passed the examination of Xingshi, the badge is naturally awarded by Xingshi.

When Wang fan saw Xing Shi, he was eating roast chicken and drinking wine. He looked very happy.

Wang Fan's eyes widened. He really wanted to scold the thick and black teacher Xing, but he didn't dare to scold him in the end.

"Teacher Xing, Wang fan is here. He's here to get the badge of the student." Yue Ru became respectful and said.

"Student badge?" Xing Shi raised his eyelids and glanced at Wang Fan. Then he put his greasy hand into his pocket and began to look for it.

Wang Fan's face is speechless. Shouldn't it be put in the space ring?

After several minutes of searching, master Xing couldn't find his badge. Then he patted his head and said, "Oh, I lost your badge by accident. But don't worry. I'll give you a badge for three days at most. "

"In any case, the assessment of Yunqing academy will start soon this year, and you can have a look at the arrogance of those examiners in these three days."

Is that ok?

Wang Fan was really defeated. If he didn't have enough strength, he really wanted to beat the Xing teacher.

Yue Ru's beautiful eyes can't help blinking. Then she gives Wang Fan a deep look. She gives a respectful gift and leaves.

"Xuejie, don't go. Where do I live?" Wang Fan wants to cry, but he suddenly feels that there are some holes in Yunqing Academy. Isn't it true that Yunqing academy is a holy land for practice?

"Why did you tell her not to leave? Of course you live with me. Do you still want to live with her? I said, "what are you thinking?"

Yue Ru didn't speak, but Xing Shi rolled his eyes and didn't feel angry.

"I don't know." Wang Fan was completely defeated.

"Here, see the room over there, you live there. This is communication bead. I'll call you if I have something. It's OK. You can just stay there, or you can go around the college. "

Xing Shi pointed to the room not far away, threw a jade plate and a communication bead to Wang Fan, and said slowly.

### **Chapter 2753**

Yunqing city is very busy these days. With the coming of the annual enrollment examination of Yunqing academy, countless people are pouring into Yunqing city.

Some come to participate in the assessment, and some come to witness your pride. In a word, Yunqing city is a gathering of pride.

As the holy land of Yunqing City, Yunqing academy is the place that countless young people want to enter. If they can enter Yunqing Academy for practice, it will be a great honor.

On this day, just after dawn, countless people woke up from practice or sleep, left their homes and set

foot on the holy land of their hearts, Yunqing Academy.

The examination of Yunqing academy will start today. The place of examination is the Academy square outside Yunqing Academy.

At the moment, the school square is already overcrowded, and countless young people have expectations and visions in their eyes.

Today is a very important day for them, and it is very likely to change their life. Whether they can enter the holy land of Yunqing academy depends on today.

Shao Zhao, Wu Qiang and Yuan Li were among the crowd, but Xia Li was not with them.

After all, Xia Li is a student of Yunqing academy, not a participant in the examination. Naturally, he can't be here with them.

Wu Qiang and Yuan Li look better, but Shao Zhao's face is extremely ugly.

Although he has recovered from his injury, he won't have any problems after passing the examination and entering the school.

But the insult he suffered in Yunqing city yesterday has swept most of Yunqing city like the wind.

Although many people haven't seen him, they already know that Shao Zhao, who is said to be one of the top three candidates in this assessment, was forced to step on his feet by an unknown shameless man yesterday, humiliating and trampling.

For Shao Zhao, it was an unbearable humiliation.

Wang fan is more like a sharp thorn, directly stuck in his throat.

Even if he Shao Zhao in this assessment again dazzling, again outstanding, so what?

After hearing the name of Shao Zhao, I'm afraid the first thing others think of is that he was trampled on.

His scenery, his glory, will only make Wang Fan more successful.

In this case, how can Shao Zhao's face look good?

In addition to Shao Zhao, Jiang Jun, who met Wang Fan, and Langya, who lived in langwangfu of flame City, are also among them.

Langya, as always, is arrogant and arrogant. It seems that he doesn't care too much about everything.

Yunqing academy seems that he can enter if he wants to.

However, Jiang Jun is not as proud and confident as before.

Looking at the countless screams around Tianjiao, he felt just great pressure.

With the passage of time, many great figures of Yunqing academy came one after another.

On the high platform, many elders of Yunqing academy have already taken their seats and intend to watch this assessment.

After all, those who can be elected to the Academy will be the fresh blood of Yunqing Academy.

They also want to see how many amazing people and how many good seedlings will appear in this assessment.

If there is such a very evil character, they will not hesitate to rob people and recruit them to their own door.

In Yunqing academy, there is competition among tutors.

Who has stronger students and who has more outstanding students will naturally have more face.

In addition to the elders of Yunqing school palace, some of the great figures of Yunqing city also came to the square one after another.

Some of them come to cheer for their children, while others just want to see the event.

Wang Fan also followed Xing Shi to the square, but they were not on the square, but on the high platform.

Xing's face was dignified, and he sat in one of the seats, looking very proud and cold.

Wang Fan stood quietly behind him, as if he were his disciple. As long as he was not a fool, he could see that Wang Fan was a member of teacher Xing.

Wang Fan looked at the high cold and dignified Xingshi in front of him, and his heart was extremely upset.

He didn't want to watch the examination of Yunqing academy, but the old man insisted on him.

Come on, come on. The old man said that he was recruited. It was a back door for him. In fact, he was not qualified to enter the school.

Compared with the Tianjiao who participated in the assessment, the gap is more like a natural moat.

In a word, the old man belittled him, and then elevated those who took part in the assessment, and insisted that he come to see the so-called real pride.

Not only that, Wang Fan originally planned to watch the examination quietly in the crowd under the stage. But the old man didn't want to take him with him.

Now, the old man is sitting, but he is standing, and he is watched by so many people.

It's not so good.

"Mr. Xing, I didn't expect you to come here. It's really rare. I see that the one behind you is very fresh. Is he your new recruit this year?" An old man who is close to master Xing looks at master Xing and Wang Fan and opens his mouth with a smile.

But his tone, however, was not right. It was obviously ironic.

After hearing the old man's words, master Xing laughed, "why, can't you come, Mo Hai? Can't I come?"

Then he looked at Wang Fan, "as for him? He is not my disciple. His talent is so poor and his strength is so bad that I haven't decided whether to accept him or not

Damn it.

Wang Fan listened to this, really want to beat this old man.

Do you want to be such a jerk? Do you want to be so hateful?

It's unreasonable to dare to despise yourself.

What's more, can anyone accept him as a disciple? Even if Xing Shi wants to accept it, he may not agree.

However, no matter how upset he was, Wang Fan could only endure such an occasion.

"Ha ha, is that right? This assessment will start soon. I hope I can look forward to you as a disciple at that time." Mo Hai laughs, then turns his head and doesn't talk.

Xing naturally didn't want to continue talking with Mo Hai. He glanced at Wang Fan faintly, and then Wang Fan heard his voice, "see, this tutor despises you. You're really the one who lost me."

I can't bear it!

Wang fan can only bite his teeth.

At the same time, Shao Zhao has seen Wang Fan.

He stares at Wang Fan, and a strong sense of killing emerges in his eyes.

Wang Fan seems to have a sense, light sweep to Shao Zhao direction, but just look at each other, then directly turn away the line of sight, lazy to pay attention to.

It's just a loser. It's not worth noticing.

When Shao Zhao saw Wang Fan's performance, he naturally knew what Wang Fan meant. He became more and more angry and gnashed his teeth.

At the same time, Jiang Jun and Langya also saw Wang Fan.

"Why is he up there?" Jiang Jun some doubts, "can't it be, he took a dog's luck, became the mentor's boy?"

Jiang Jun would never believe that Wang Fan was able to join Yunqing academy, and he joined in advance.

You know, he looks down on Wang Fan. Even he didn't have this kind of honor. Why would Wang Fan have it?

As for Wang Fan's humiliation of Shao Zhao, although he had heard about it, he didn't know that the person who humiliated Shao Zhao was Wang Fan. So he thought that Wang Fan had a bad luck and became a boy of Xing Shi.

Although the boy can not be compared with the students, but for some people, it has been a great fortune.

"It's interesting." Wolf Ya is a playful look at Wang Fan, spin even ignore.

Wang Fan, such a small figure, is not worthy of his attention.

No matter how Wang Fan got to the top of the stage and what his identity was, he would not care.

What he cares about is the next assessment.

## **Chapter 2754**

Dong.

At a certain moment, accompanied by the sound of a bell, a middle-aged man in the clothing of Yunqing academy fell on the platform.

There is only such a platform in this square, but it is huge enough to hold hundreds of people fighting at the same time.

After the middle-aged man stepped on the platform, he pressed his hands down slightly. In an instant, the whole audience became silent.

The middle-aged man scanned the crowd and said slowly, "time flies. In a twinkling of an eye, the annual enrollment day of Yunqing academy is coming again."

"Here, I hope that all those who take part in the assessment can show their style and successfully pass the assessment."

"Well, I won't say any more nonsense. Let's start the assessment. As for the rules of assessment, as in previous years, I challenge the first year students of Yunqing Academy. "

"Those who can persist in ten moves can pass the examination. Here, I look forward to your good performance. "

With that, the middle-aged man left the platform without hesitation.

After he left the battle platform, whoosh, in an instant, 100 first-year students of Yunqing academy flew to the battle platform.

The 100 students stand in a straight line. There is a large distance between them, which is enough for fighting.

Wang Fan looked at this scene, but it was a little stunned.

He took a subconscious look at master Xing, thinking, when the old man went to the intermediate level to assess them, did he deliberately increase the difficulty?

You know, although these freshmen are strong, they just insist on ten moves, which is not so difficult.

If at the beginning in the intermediate domain also such examination, that announcement examination, absolutely not only he and Su Luoyan two people.

"What do you think this kind of assessment is simple? It's ridiculous. If you go up, I'm afraid you can't hold on to ten moves. "

Xingshi seems to know Wang Fan's idea, light swept Wang Fan one eye, no good Spirit said.

Although his voice was not very loud, all the elders of Yunqing academy could hear him.

Their eyes to Wang Fan and Xing Shi became strange.

Wang Fan's heart is very disapproval, but this occasion, he has no way to say anything.

"Next, please get the people from the 1st to the 100th, and go on the stage for examination." After the hundred students of Yunqing academy stood still, the middle-aged man on the high platform said slowly.

With the fall of his voice, a hundred figures fell on the platform in the crowd below.

Wang Fan glanced at those people, but there was no one he knew.

No matter Jiang Jun, Shao Zhao or Langya, he didn't see it.

The 100 participants soon stood in front of a student of Yunqing Academy.

Some of them are nervous, some are uneasy, some are very calm, and some are full of strong self-confidence.

The next battle is not just a battle, but determines whether they can pass the examination and enter the school to practice.

This will directly change their destiny.

Comparatively speaking, the students of Yunqing academy are very calm. Even in the eyes of many people, there is a little arrogance and disdain.

It seems that for them, these people who take part in the assessment simply do not deserve to be their rivals.

You know, some of these people who take part in the assessment are not inferior to the first grade students.

"Are you ready? If you're ready, let's go. Remember, do your best and show all your strength, because this is a battle that will change your destiny. "

The middle-aged man saw that both sides had stood still and said again slowly.

And with his voice, in an instant, the 200 people on the platform all burst out with a sharp momentum.

Soon, someone attacked the students of Yunqing Academy.

For a moment, the whole platform was full of aura, storm and sword.

The roaring sound came from the platform, and the whole platform was like a battlefield filled with

smoke.

Wang Fan Light looking at this scene, expression no sad no happy, very calm.

For him, there is nothing to see in this level of fighting.

Of course, Wang Fan thinks so, but others don't think so, especially those young people who haven't taken part in the examination.

They are all staring at the 100 students of Yunqing Academy on the battlefield. It seems that they want to see their strength and means clearly, so as to evaluate their probability of passing.

Unfortunately, these people are disappointed.

Because only two of them couldn't breathe, and even the students of Yunqing academy didn't show their strength, all the figures had already flew out like sandbags and fell on the platform.

In a short moment, at least 70 or 80 people fell down and no longer had the strength to get up. There is no doubt that these 70 or 80 people have been strongly crushed by the students of Yunqing academy, and they have no strength to fight back.

It also means that they have been eliminated and there is no possibility that they will be selected.

Among the remaining 20 people, more than a dozen insisted on three or four moves, and four or five insisted on six or seven moves. But in the end, they did not insist on ten moves and were directly defeated.

In the end, only one person survived ten moves and then fell to the ground.

So far, the end of the first round of assessment, 100 people, only one barely selected, through the assessment.

Looking at this scene, the rest of those who are about to participate in the assessment, most of the hearts are covered with a shadow.

One hundred people passed only one. Is the success rate too low?

On the contrary, those who just come to see the excitement are very excited.

This kind of scene is too shocking, too intuitive, let people see the blood boiling.

"Well, see, the passing rate of the examination is 100 to 1. You should know now how lucky you are?"

"If according to the probability of 100:1, you think you can pass the examination and stand in front of

me?"

Not willing to be lonely, Xing Shi jumps out again and says to Wang Fan with complacency.

His meaning is very obvious, that is to open the back door for Wang Fan, otherwise Wang Fan simply can't pass the examination, can't enter the school.

I want Wang Fancheng to give him a favor.

Wang Fan a face of black line, life can also be so shameless?

"Mr. Xing, you can watch it here. I'll go down there." He was really too lazy to listen to the old guy's taunt. He left the stage directly.

"Well, you can't teach a child." Master Xing sighed, while Mo Shi and other elders of yunqingxue palace beside him were blinking in their eyes and didn't know what they were thinking.

On the stage, the assessment is still going on, but what makes Wang Fan speechless is that none of the 100 people who stepped on the stage for the second time passed.

With this high-efficiency assessment method, soon, nearly 10000 people participated in the assessment.

However, only a few people passed, only 70 or 80 people, even less than 100 people.

Finally, with the appearance of another 100 people, Wang fan saw two acquaintances.

Jiang Jun, Langya.

Wang Fan stood at the bottom, looking at Jiang Jun and Langya, finally came some spirit.

Although he didn't have much interest in this level of fighting, since he saw acquaintances, it didn't hurt to pay attention.

## **Chapter 2755**

The battle soon began, and all the 100 examiners stirred up their whole body momentum, gathered the strongest attack and roared toward their opponents.

At this time, they dare not have any reservation. They have to do their best.

Langya's attack was very violent. He was holding a heavy golden scepter. When the scepter was waved, it set off a series of violent waves, and rolled madly to the first grade student opposite, with amazing momentum.

The first grade student felt Langya's attack, and his face could not help changing. He was not lazy and

casual before, and became a little serious.

His palms in both hands turned into countless violent palms and bombarded Langya, but they were all scattered by the golden scepter of Langya.

One move,

two moves,

eight moves,

ten moves,

soon, the ten moves had passed, but Langya was still attacking furiously.

The freshman felt the scene, and a strange color appeared in his eyes.

When Langya's golden scepter came down again, he didn't choose to fight hard, but stepped back lightly.

When he retreated, he grabbed a sword with his right hand, and the blade of the sword roared. In the crazy agitation, he directly penetrated the shadow of Langya's impenetrable scepter, and then pointed to his throat.

Feeling this scene, Langya's attack suddenly stopped, and his face became ugly.

It's hard for him to believe that his opponent, who was equal to him in the past, defeated him in seconds after taking out his weapon. This is ·

"OK, you're very good. You've passed the assessment. We don't need to fight any more." The first grade student looked at Langya and said slowly.

According to the unspoken rules, the student has actually fouled.

Because the above tutor's request to them is not to use weapons.

Otherwise, even those who take part in the assessment will never survive ten moves. And he, now because Langya took out his weapon, it can be seen that Langya is really powerful.

If Langya can practice in Yunqing Academy for one year, and his accomplishments are equal to his, I'm afraid it's hard to say whether he can win.

"Who is that? It's so powerful."

"Is he the first one who calmly insisted on ten moves and forced his opponents to take out weapons?"

"Fierce, it's really too fierce. This person is definitely the best among the people who participated in the assessment this time. If he had been practicing in Yunqing Academy for several years, he would be a demon again."

Many people under the stage naturally noticed Langya. There was no way. Among the hundred people, Langya's performance was too brilliant.

In the eyes of most people who looked at Langya, envy and worship emerged.

It's so strong.

Wang Fan looked at this scene, but also a smile, eyes is not much waves.

In his opinion, Langya's performance can only be regarded as OK, far from amazing.

Not to mention compared with Wang Fan, even compared with Shao Zhao who provoked him yesterday, Langya was much worse.

Thinking of this, Wang Fan's heart is a little depressed, this is the old man's so-called pride? You want him to see it? It's really speechless.

Compared with Langya's fierce attack, Jiang Jun's performance is much more gentle.

He didn't dare to attack Langya like that. Instead, he was constantly using his body method to avoid. Only occasionally he would find a chance to attack.

In the same way, he didn't force his opponent's weapon. In the end, he just passed ten moves and passed the examination.

When the freshman announced that he had passed the examination, he was obviously relieved, and then there was a touch of excitement and even pride in his eyes.

Wang Fan looked at the scene and couldn't help shaking his head.

The strength is not good, the disposition is also bad, this kind of person really does not deserve his attention.

I really don't understand where Jiang Jun's superiority and pride come from.

Of course, all this is from Wang Fan's own point of view.

For others, Jiang Jun and others who have passed the examination, even if they barely pass, are already

enviable.

After all, the pass rate is 100 to 1. Not everyone is as evil as Wang Fan.

The game is still going on. At a certain moment, Wang Fan's eyes are directly fixed there when hundreds of people are on the stage.

He saw two acquaintances among the hundred.

One is Shao Zhao, who was trampled on by him, and the other is Qingxuan.

Wang Fan blinked his eyes and was surprised to see the beautiful shadow. Suddenly, he had an unreal feeling.

Qingxuan, she even wants to take part in the examination?

Why don't you know about it, and when did she sign up?

Besides, didn't she say that she didn't have accomplishments? Since she didn't have accomplishments, what assessment would she take? When Wang Fan noticed Qingxuan, many people had already noticed her.

Almost for the first time, everyone's eyes fell on Qingxuan and could not move away.

There's no way. Qingxuan is so beautiful. She's so beautiful that she can't breathe.

Delicate to perfect pretty face, curved moon like willow eyebrows, just like the founder's masterpiece general eyes, all these are so perfect, can't pick out any defects.

This is not the most important, the most important thing is that her extraordinary temperament.

Her whole feeling is just like a fairy standing high above, spotless, spotless, and even makes people unable to have a half silk heart of blasphemy.

"It's beautiful. Who is she?"

"I didn't expect that there was such a beautiful fairy in the world."

"I found that I was occupied, and all I had was her."

"Oh, my God, my goddess, but why do I feel that the goddess is a little familiar, a sense of déjà vu."

After a long time, the voices came out, which made Wang Fan blink and hide in the corner.

Most of those who said that Qingxuan was familiar with him were those who witnessed him step on Shao Zhaozhi that day.

At that time, Qingxuan was on the side. Don't they feel familiar with her?

Fortunately, Qingxuan covered her cheek at that time, otherwise she would have been recognized now.

Not to mention the people under the stage, even the freshman standing in front of Qingxuan was stunned and his mind was blank.

Such a fairy, how do you want him to do it? Does he have the heart to eliminate it cruelly?

But if he doesn't do it, or let go of water, he will not be able to take it. Will the tutor of Yunqing academy let him go?

What a headache.

On the other side, Shao Zhao's face was also ugly, and it was extremely gloomy.

Originally, he intended to show all his strength in the assessment, and then get back some face for himself.

But now, before he started, he was robbed of all the limelight by others.

It's not unacceptable for him to be robbed of his limelight by others.

But the one who stole his limelight was Qingxuan.

Those who were in the inn that day didn't recognize Qingxuan, but Shao Zhao did.

Isn't this the woman who follows Wang Fan? He remembered that he still satirized Qingxuan for not loving herself.

Shao Zhao is really about to explode. He feels that Wang Fan and Qingxuan appear just to hit Shao Zhao in the face.

It's just too bad.

"Assessment starts." The middle-aged man, who presided over the examination, didn't care about the shock of the crowd and issued the instruction to start the examination.

With his voice, Shao Zhao's aura suddenly burst, and the whole person rushed out like an arrow.

He is now in a very bad mood, he just want to vent, just want to ruthlessly out of the heart of evil!

## Chapter 2756

Shao Zhao's aura was surging wildly, and his five fingers curled into a fist. He attacked his opponent like a storm.

The strong wind whistling, the raging waves surging madly, as if to tear the whole space apart.

Shao Zhao in front of the opponent, the face is extremely ugly.

He does not know, Shao Zhao this is what madness, why does the hand is so violent? Not only that, he clearly felt the killing intention from Shao Zhao.

For Shao Zhao, he naturally knows that his strength is absolutely not weaker than him. This is a serious opponent.

In the face of Shao Zhao's stormy attack, he did not dare to reserve any more. He grabbed his weapon and fought with it.

"That's Shao Zhao?"

"So powerful."

"Before entering the school, the strength is no less than that of the first grade students. It's terrible."

Shao Zhao's battle naturally attracted the attention of countless people. The people under the stage were shocked one after another, obviously shocked by Shao Zhao's performance.

Wang Fan just glanced at Shao Zhao's battle, then he ignored it and turned his eyes to Qingxuan.

For Qingxuan, he is also very curious, because Qingxuan is too mysterious.

He also wanted to see how Qingxuan fought against her opponent.

"Offended." Just listen to the students of Yunqing Academy in front of Qingxuan, finally can't help but sigh, immediately began to move.

Even if he didn't have the heart to fight against Qingxuan, he had to because of the blame.

Qingxuan's face was very calm, without any waves.

Almost at the moment of her opponent's hand, her right hand was a painting of void.

In a flash, the turbulent aura roared. Just for a moment, she drew a Guqin in front of her.

As the Guqin floats in front of her, she reaches out her delicate hand and starts to move on the Guqin.

Wang Fan was just stunned. Is that ok?

The melodious sound of the zither resounds, and the sound waves spread out, reaching the student of Yunqing Academy.

Under the impact of the sound wave, the violent killing of the student of Yunqing academy began to collapse.

At this moment, the student of Yunqing Academy was dignified at last.

He has realized that Qingxuan is not simple, and maybe she is no less than his opponent.

Thinking of this, he didn't dare to be careless any more. His aura was surging wildly in his body, and his hands were making a seal in the void.

A monster turned from aura appeared in the air, tearing the air and madly headed for Qingxuan.

Seeing this scene, everyone under the stage wanted to rush up and tear the Yunqing academy student to pieces.

In the face of such a beautiful woman, the hand should be so violent, do you know how to pity?

But Qingxuan didn't move.

Her fingers are still plucking the strings, and the speed is getting faster and faster.

Suddenly, the sound of the zither became high pitched, and the sound waves were tearing out more quickly, penetrating the air and meeting the monsters.

Boom, boom.

One after another, the explosion of crazy spread, in the people's gaping eyes, all the monsters were scattered by the sound wave, into pieces.

Qingxuan, however, seemed to know that she was still plucking the strings. The sound of the piano was more sonorous and the sound wave was more violent.

The student of Yunqing academy felt this scene, and his face was ugly at last.

He grabbed it with his right hand and without hesitation pulled out a pentagonal shovel.

Dragon shovel dance, in an instant, the terror of killing out, a shovel shadow tear out, stir the space began to appear illusory.

However, just when he was about to shovel out, the terrible sound was just like a sharp stab into his mind.

At this moment, he only felt a pain in his head, and the whole person suddenly became confused.

Similarly, under his subconscious action, the spatula was extremely weak and easily broken by the sound wave.

When his mind was clear again and he wanted to gather momentum again, a straight string, which was like a sword, had already wrapped around his throat.

He's a loser!

At this moment, the whole audience was dead.

Even the elders of Yunqing school Palace on the high platform could not help but stand up with a look of surprise.

In a short time, Qingxuan defeated the freshman. What a monster and how powerful it was?

Qingxuan is still the only student who has defeated the students of Yunqing academy so far. The most important thing is that she has always been very relaxed, and others don't even know how much strength she has exerted.

Wang Fan was also a little stunned. He didn't expect that Qingxuan still had this kind of means.

This kind of attack is not only terrible in physical attack, but also terrible in mental attack. The former freshman was defeated because all the attacks were defeated by the sound wave of Qin Yin, and later by the penetration of Qin Yin into his mind.

Shao Zhao, not far away, was madly attacking his opponent. He is confident that if he is given another quarter of an hour, he can beat his opponent and win.

But, not to mention half a quarter of an hour, just a few seconds, he has not defeated his opponent, he noticed that the atmosphere on the scene has become wrong.

When he realized that Qingxuan had already defeated her opponent and won, he almost lost his breath.

At this time, because of his distraction, his opponent found a chance to hit him directly on the chest and fly him out.

Hiss.

Shao Zhao spat out a few mouthfuls of blood, and then flew back tens of meters to stabilize himself.

His face was pale.

He failed. He failed.

His fame was taken away by Qingxuan.

What a shame!

At this moment, he really hated Wang Fan and Qingxuan.

This pair of dog men and women simply exist to humiliate Shao Zhao.

This round of assessment soon ended, but without waiting for many people to take part in the assessment, several elders of yunqingxue palace stood up on the high stage.

"What's your name? Would you like to practice in our east courtyard? "

"What to do in the east courtyard? Come to our West courtyard. Our West courtyard is suitable for you."

"It's shameless. Our Nanyuan is the best one in the fourth courtyard of Yunqing Academy. This kind of talent should come to our Nanyuan."

Three elders spoke directly and began to rob people.

Qingxuan is such a monster. Naturally, they want to earn money.

In Yunqing academy, there are four academies, East, West, North and south. There is competition among the four academies. The south academy is the strongest, followed by the East and West Academy, and the north academy is the weakest.

Now, except for the weakest people in Beiyuan, all the elders of the other three hospitals are invited.

And listen to their words, countless people's eyes have become hot up, full of envy to see Qingxuan.

She even let the elders of the three hospitals rob each other at the same time, and began to tear each other. What a monster?

Qingxuan was the first one to make the elders of the school tear and rob people in public.

Shao Zhao looked at this scene, the heart is not right.

This kind of glory should have belonged to him, but now it was taken away by Qingxuan.

Wang Fan looked at this scene, but he was a little stunned.

Just when he was in a daze, a voice that made him very uncomfortable suddenly came,

"Hey, here you are. I didn't expect that your brother and sister would be so lucky. You were chosen as a boy by the elder of the school, but your cousin was robbed by the third hospital. "

Wang Fan turned to look, his eyes immediately narrowed.

Jiang Jun.

It's such an annoying fly.

### **Chapter 2757**

Wang fan is really lazy to pay attention to that opinionated Jiang Jun, light swept him one eye, then no longer pay attention to, turned and left.

When Jiang Jun saw Wang Fan's expression, he could not help frowning, and his face suddenly became cold.

"what do you mean? Do you think you are great because your cousin was robbed by a big man in the school?"

"Don't forget, no matter how outstanding your cousin is, it's your cousin, not you. As for you, you are just a boy. "

Jiang Jun's voice was cold, his eyes were still cold, and his voice was very loud. In an instant, it attracted the attention of countless people around him.

When those people saw Jiang Junzhi clearly, their expression suddenly became excited.

Jiang Jun has just passed the examination of Yunqing academy and become a disciple of Yunqing Academy. Everyone can see that.

Even if he was not as brilliant as Langya, Shao Zhao, Qingxuan and others, he passed the examination after all.

Jiang Jun can pass the examination with a probability of 100 to 1. Naturally, it's not easy. He is the envy of many people.

Jiang Jun felt the eyes of the people, especially the envy in the eyes of the people, and he looked proud and proud.

Similarly, the look at Wang Fan was even more ironic.

Just a boy, dare to pretend in front of him Jiang Jun, it is unreasonable.

Wang Fan sighed helplessly and turned to look at Jiang Jun, "which eye do you see that I'm great? Do I know you well? "

"Don't you think that if you pass the examination, others will have to flatter you? Sorry, I'm not like that."  
"

Wang Fan finished, no longer bother to pay attention to Jiang Jun, but turned to go.

He is really too lazy to talk nonsense with such self righteous people as Jiang Jun, and even too lazy to start.

He disdains, and Jiang Jun doesn't deserve it.

Jiang Jun heard Wang Fan's words, and his face was even more gloomy and terrible. He sneered, "it's just a boy. It's really a great prestige."

"It's just because I have a great cousin. Hum, without your cousin, I'll crush you like an ant."

He is really unhappy. He is the one who passed the examination.

Wang Fan dares to ignore him like this. It's unreasonable.

At this time, on the high platform, Qingxuan heard the elders fighting for her, and the insipid voice also came out, "sorry, I want to follow him. I'll go wherever he goes."

With her voice and the direction of her fingers, in a flash, Shua Shua, countless eyes all fell on Wang Fan, even those senior students.

They want to know who Qingxuan is going to follow. Who on earth is so charming.

However, when those people saw Wang Fan clearly, their faces changed.

No matter who knows Wang fan or doesn't know Wang Fan, his expression becomes strange.

Especially those who saw Wang Fan step on Shao Zhao with their own eyes, they suddenly understood.

No wonder they think Qingxuan is a little familiar. Isn't that the beauty who followed Wang fan that day?

Thinking of this, they were even more indignant. How many wooden fish had been broken by this despicable and shameless son of a bitch to get such good fortune.

It was able to make such evil people as Qingxuan follow with a firm heart. They even politely refused the invitation of the elder. They felt that their hearts were breaking.

Those friars who heard Jiang Jun's sarcasm at Wang Fan but didn't know that Wang Fan was the one who stepped on Shao Zhaozhi were even more brilliant.

They finally know why Jiang Jun says Wang fan is relying on his cousin. It turns out that Wang Fan's cousin is the fairy on stage.

No wonder a boy dare to be so arrogant.

However, Wang fan is just a boy, but Qingxuan is the proud girl of heaven. Does Qingxuan want to be a boy like Wang Fan? Everyone is a little stunned.

Xing Shi also looked at Wang Fan in amazement, and then couldn't help laughing.

This boy is really able to surprise him. It seems that this gifted evil woman is destined to belong to him.

The boy really has a good hand in dealing with women. He can't be underestimated.

If Wang Fan knew what master Xing thought, he would go all out with him.

This old product is simply disrespectful for the old.

"Fairy, he's just a boy, but you're the best girl in the world. You follow him, aren't you mistaken?"

"Fairy, you should think twice. You shouldn't be delayed by people like him."

"Fairy, you are destined to be people of two worlds. There is no result. Don't be cheated by him."

The people around Wang Fan were even more indignant and could not help roaring.

Jiang Jun listens to this words, is full of complacency.

Wang Fan's face is covered with black lines.

As for those who know that Wang Fan stepped on Shao Zhao, they have a strange face.boy? How can you say that Wang fan is a boy? Which son of a bitch made a rumor?

Does that son of a bitch have a grudge against Shao Zhao? How can Shao Zhaoqing be embarrassed?

Sure enough, some people have seen that Shao Zhao's face is black, black want to kill.

"Shut up, everyone." A roar came from Shao Zhao's mouth. In an instant, all the people who were shouting that Wang Fan was a boy shut up.

Shao Zhao's eyes coldly swept those people, cold way, "who said he was a boy, all stand up for me."

Those people listen to this, all can't help a stagnation, subconsciously shrunk head, then all looked at Jiang Jun.

Jiang Jun's face is also a little ugly. He never thought that Wang Fan had a relationship with Shao Zhao. Moreover, it seems that the relationship is very unusual.

Shao Zhao's cold eyes also fell on Jiang Jun's body. He could no longer restrain his anger and said, "did you say he was a boy?"

Shao Zhao's voice was gnashing his teeth.

Of course, only a few people know why Shao Zhao is so angry.

Jiang Jun's face changed when he faced Shao Zhao's question and said, "yes, it's really what I said. Why, do you want Shao Zhao to stand up for him? "

"It's just that even if you stand up for him again, you can't change the fact that he is a boy."

In full view of the public, Jiang Jun naturally can't recognize the coward. After that, he gave Wang Fan a cold look. "I didn't expect that you had a lot of means, and even climbed up to Shao Zhao."

Wang Fan a face of astonishment, originally intended to start him, now suddenly did not start the meaning.

Shao Zhao is angry, "son of a bitch, are you deliberately humiliating me? I think it's like you challenge! "

Shao Zhao roars angrily and has killed Jiang Jun crazily.

Jiang Jun saw Shao zhaosha coming, his face suddenly became ugly and began to retreat.

You know, Shao Zhao is not inferior to the first-year students of Yunqing Academy. Jiang Jun is just barely able to make ten moves in the hands of the first-year students, and it's still the case that the other side didn't use weapons.

We can imagine the gap between the two sides.

"Shao Zhao, don't deceive people too much! Even if you have a good relationship with him, am I wrong?"

Even if you beat me, it won't change the fact that he is a boy. "

Jiang Jun's ferocious roar, and also tries to let the elder of yunqingxue palace stop Shao Zhao's action.

It's a pity that before his words came down, Shao Zhao's slap broke his defense and hit him in the face.

With a slap, Jiang Jun only felt his cheek burning, and the blood in his mouth could not help overflowing.

Without waiting for him to recover, there were several clear sounds. Immediately, he felt that his chest was caught, and then he fell on the ground.

Boom!

Jiang Jun's whole body trembled. He felt that all his internal organs were going to be broken.

However, he still did not come back to his senses, and then he gave a bang, followed by a pain in his chest and a gush of blood. At the same time, a big foot had stepped on his face.

It's not humiliating any more. It's crushing sadism. It's still in full view.

Jiang Jungang's joy and pride in passing the examination were swept away at this moment, replaced by only gloom and resentment.

But at this time, he heard Shao zhaona's angry voice to the extreme, "you garbage, also deserve to say that he is a boy? Even I am not his opponent, but you say he is a boy. What are you

Dead silence!

It's a dead silence!

## **Chapter 2758**

Everyone looked at Shao Zhao and Wang Fan with a shocked face. They couldn't believe their ears.

What does Shao Zhao say? He is not Wang Fan's opponent? How is that possible? It can be said that except for a few people, no one believed Shao Zhao's words at all.

After all, it's too ridiculous to believe.

The same is true of Jiang Jun, who was trampled by Shao Zhao.

He also didn't believe Shao Zhao's words, but now that he was trampled under his feet, what could he say?

"Ha ha." Just at this time, a burst of laughter, and then everyone saw that an old man stood up on the

stage.

This old man is no one else. It's Mr. Xing.

At this time, Xing Shi was very happy. He looked at Wang Fan and said with a laugh, "yes, you are very good. You have brought a genius to our North Hospital."

Listening to this, the faces of the elders of the other three hospitals were all black.

Wang Fan was recruited by Xingshi in the intermediate level. According to the agreement, Wang Fan naturally belonged to the North Court of Xingshi.

But now, Wang Fan wants to take Qingxuan to join the North Hospital, and the other three hospitals are not happy.

"Master Xing, don't say it too early. When did she promise you to go to the North Hospital? Even if it's competition, we should compete fairly. "

The elder of the South courtyard stood up directly. He first said a word to master Xing, then looked at Qingxuan and threw out the bait directly.

"Qingxuan, in Yunqing academy, our South courtyard is the strongest, and his north courtyard is the weakest. You have to think about it clearly."

"If you are willing to join our South Hospital, the president of our south hospital will accept you as a personal biography and devote all resources to training you."

Having said that, the director of the south hospital also looked at Wang Fan, "if I remember well, it seems that you have not chosen which hospital to join, you can also join our South Hospital, and there is no need to assess."

When the elder of Nanyuan said this, the whole audience fell into silence again.

In order to attract Qingxuan, Nanyuan made an exception to let Wang Fan join in, and didn't need to take the examination. This is too much for Qingxuan.

Xingshi listened to this, his face was suddenly black, "mohai, what do you mean, do you want to break the rules?"

"I recruited him personally. According to the agreement, he should belong to our North Hospital. What do you mean by digging people now?"

At the moment of speaking, master Xing's momentum can't help walking, and the aura of the surrounding space is becoming violent.

Obviously, he was angry.

Mo Hai gives a cold smile and ignores Xing Shi. He just looks at Wang Fan.

Not only Mo Hai, but also Xing Shi looked at Wang Fan, obviously wanting to listen to Wang Fan's choice.

At the moment, Xing Shi's heart is also a little bottomless.

After all, the fourth courtyard of Yunqing academy is the strongest in the South and the weakest in the north.

Although according to the agreement, Wang fan should belong to his north courtyard, once Wang Fan himself chooses the strongest South courtyard, he has no way.

The South courtyard recruits Wang Fan, perhaps is only for the indirect solicitation Qingxuan this genius.

But master Xing knew that Wang Fan's talent was no worse than Qingxuan's, and Wang Fan was also a monster. Even if he doesn't want Qingxuan, he can't let Wang Fan be poached.

When Wang Fan was watched by the public, he couldn't help being speechless.

He didn't expect that because of Qingxuan, he became the focus of attention, even the examination was temporarily suspended.

He touched his nose and looked at master Xing. With a smile, he said, "master Xing, you can see that the strongest Nanyuan is fighting for me."

"Now you dare to say that my talent is average, my strength is average, and I'm not good at all?"

Listening to this, not only Xing Shi's face is black, but Mo Hai's face is also black.

As for the onlookers, they despised it.

Can this son of a bitch be more shameless?

As long as you are not a fool, you can see that the reason why Nanyuan recruited Wang fan is purely for Qingxuan.

To put it mildly, Wang fan is the light of Qingxuan. He is just a foil, and Qingxuan is the leading role.

But now to Wang Fan's mouth, how did Cheng Nan yuan rob him?

I've seen shameless people. They really haven't seen such shameless people.

However, Wang Fan didn't care about the contemptuous eyes of the people around him, and didn't even care about the fact that the South court robbed people for his consciousness. He continued to say with pride,

"master Xing, why don't you speak? See I'm so good, don't you know what to say? "

"My requirements are not high, if you are willing to give me one, oh no, two imperial elixirs, I will immediately agree to join the North Court, OK?"

Master Xing's face is blacker. Isn't this guy taking advantage of the fire?

As for the onlookers, they could no longer bear Wang Fan's shamelessness and shamelessness. They could no longer bear to scold him.

"Shameless, shameless!"

"Can you be more cheeky and take advantage of the fire?"

"If it wasn't for Qingxuan, you'd think the South court would want you. You really have no self-knowledge." "Why don't you die if you want something?"

Wang Fan didn't care about the irony of the people around him at all, but looked at Xing Shi with a smile.

In his opinion, although the imperial elixir is precious, it should still be available to master Xing.

That's why he made such a request and took advantage of the fire.

Now that his cultivation has reached saturation, he will never be able to enter without the emperor's elixir, so naturally he has to do everything he can.

As for why he wanted two, it was because he wanted one for Su Luoyan.

Su Luoyan's strength has also reached the Ninth level of the holy land. He will soon be able to attack the imperial land and use it.

Wang fan saw that master Xing didn't speak for a long time, so he was a little depressed. "I said, master Xing, do you want to give it or not? If you don't give it, I won't go to the North Hospital."

"Here you are." Xing Shi is very angry. He bites his teeth and throws a jade bottle to Wang Fan.

Looking at the jade bottle thrown out by Xing Shi, everyone's eyes are a little hot.

If it had not been for Yunqing academy, and if there were not many elders in Yunqing academy, I'm afraid some people could not help snatching it.

It's the emperor's elixir. It's a necessary thing for the nine strong in the holy land to attack the emperor's realm.

Most of the young people present are on the eighth and ninth floors of the holy land. How can they not be jealous?

Wang Fan didn't care about those people's hot eyes. He grabbed the jade bottle, opened it, and immediately couldn't help laughing.

He put away the jade bottle and gave a serious cough. Then he said in a loud voice, "I decided to join the North Court."

People see Wang Fan's expression, more despise, almost want to throw eggs in the past, but no eggs in the hand, can only give up.

Mo Hai was also gloomy. He looked at Qingxuan and said, "what about you?"

His focus is not on Wang Fan, but on Qingxuan.

Qingxuan took a look at Mo Hai and said, "I'll join the north yard, too."

Mo Hai's face was ugly and sat back without saying anything.

The examination continued quickly, and Wang Fan took Qingxuan to the side of Xing Shi.

At the moment, he did not dare to stay below, afraid of being beaten black stick.

Two hours later, the examination of Yunqing Academy was finally over.

More than 15000 people participated in the examination, but only 123 people passed it.

This shows the severity of the assessment.

And in the next assessment, there are many powerful people, and even a few people are no less than Shao Zhao.

Of course, Wang Fan did not care about those people.

Now he just wants to finish the examination quickly, and then find a place to shut up and impact the Empire.

The examination soon ended, and everyone was going to leave, but at this moment, Mo Hai suddenly stood up and looked at teacher Xing with a sneer,

"teacher Xing, it seems that the only new recruit in this term is the one you recruited, who hasn't shown his strength yet?"

"Why don't you let him compete with the best one who passed the examination today, and let us have a look at his strength?"

Mo Hai's voice was so loud that it swept the whole square in an instant that those who were going to leave suddenly stopped.

### **Chapter 2759**

Mo Hai, the elder of Yunqing Xuegong, wants to force Wang Fan to fight?

Obviously, he was very upset about Wang Fan's choice to join the North Court.

Everyone is looking forward to it, and they also want to see if Wang Fan's strength is as strong as his face.

Only a few people feel that their eyelids are twitching and their hearts are chilly.

They all know that Mo Hai's original intention is to take the opportunity to teach Wang Fan, but will Wang Fan really be taught?

If the result is not as good as Mo Hai imagined, how ugly should Mo Hai's face be?

Wang fan is also a black line on his face.

He did not expect that this assessment has ended, Mo Hai even want him to do it, this is to take the opportunity to humiliate Wang Fan.

However, before Wang Fan could speak, he suddenly saw that Xing Shi's face became a little ugly.

"He, his talent is general, the strength is not very strong, I think even it." Xing Shi said in embarrassment, reluctantly, as if fearing war.

Wang Fan was stunned. This old man can pretend too much, right?

"How can that be? All the palace cadets have shown their strength. How can they do without showing it? "

"At the beginning, you recruited two people, namely Su Luoyan and this son. Su Luoyan's strength has been shown, and we don't need to see it again."

"But he, we haven't seen his strength yet. Why did you take advantage of him to recruit him to the school?"

When Mo Hai said this, everyone's face became strange.

In full view of the public, Mo Hai even said this kind of words, it is to hit Xing Shi's face, and let Xing Shi down.

Today is the day of the examination of Yunqing academy palace, which attracts people's attention.

Not only that, more than 10000 people participated in the assessment, but only more than 100 people were selected, which is one in a hundred.

Under such circumstances, Mo Hai even said that Xing Shi opened the back door for Wang Fan. What a big hat is that?

Once this incident is spread or confirmed, what is the majesty of Yunqing academy and what will people think?

It can be said that with Mo Hai's words, Wang Fan has to fight even if he doesn't fight!

Wang Fan's face was also a little ugly.

How difficult was his assessment when it was, and how simple is today's assessment?

In this case, Mo Hai said that he came in through the back door, which is unreasonable.

Wang Fan's heart sneers, but on the surface, he looks at Mo Hai and says, "do you have to show yourself?"

"Of course." Mo Hai nodded without hesitation.

From the expression of Xing Shi and Wang Fan, he had already determined that although Wang Fan didn't come in through the back door, he couldn't be stronger. Otherwise, they would not be afraid of war.

"All right." Wang Fan nodded helplessly and immediately stepped on the platform.

He looked around at all the people, "in the next Wang Fan, the strength is low, forced to fight, please show mercy."

Finish saying, he just carefully way, "ask who to come to teach?"

"I don't know." When Wang Fan's words fell, a voice containing hatred came out, and immediately a human shadow had fallen on the battlefield.

Wang Fan looked up and saw that this man was Jiang Jun.

He couldn't help being a little speechless.

This guy is a disgrace. It's not big enough to lose him. It's not tragic enough to be abused. He came out at this time.

At the same time, he is also very unhappy. Shao Zhao has already abused this guy. How can this guy still fight?

"Idiot." Shao Zhao looked at Jiang Jun who jumped on the platform and couldn't help shaking his head in silence.

It's a sin of its own. You can't live.

He has personally told Jiang Jun that even Shao Zhao is not Wang Fan's opponent. Now it seems that Jiang Jun obviously did not believe it.

"Do it." Wang Fan swept Jiang Jun one eye, the previous cowardice seems to be swept away, very proud said.

Jiang Jun see Wang Fan's expression, is almost angry explosion.

This product was a little timid just now. How could he be so arrogant after seeing Jiang Jun on the stage? This is not to treat Jiang Jun as a human being.

"Son of a bitch, don't think you have Qingxuan and shaozhao behind you. I, Jiang Jun, will be afraid of you."

"Even if I try to offend them, if I go on fighting and get beaten up by them, I will trample on you today."

"I want you to be discredited in full view of the public. I want everyone to know how humble you are."

Jiang Jun stares at Wang Fan, gnashing his teeth. Unfortunately, his words haven't finished yet. With a bang, Wang Fan has appeared in front of him like a whirlwind, and then his fist hit him in the face mercilessly.

Jiang Jun a scream, the whole person directly flew out.

He only felt that his eyes were full of Venus, and the bridge of his nose was about to be broken. In his heart, he was even more furious. He wanted to destroy Wang Fan immediately.

It's a pity that before he could even get up, he felt another pain in his chest, and then a big foot had stepped on his face.

A mouthful of blood spurts out, Jiang Jun has even the heart of death.

Wang Fan stepping on Jiang Jun is like stepping on a mole ant.

He stood high, overlooking Jiang Jun, disdainful of the way, "want you to do it, where do you come from so much nonsense?"

"I really don't know how a weak garbage like you passed the examination and joined Yunqing Academy."

"It's a shame for me to be in school with people like you, or to be in school at the same time."

Wang Fan's voice of ridicule came out, and the whole audience died down in an instant.

Jiang Jun's face was also pale.

What a shame.

He was on the examination platform of Yunqing academy and was trampled by Wang Fan in such a humiliating way.

If Wang Fan beat him head-on and stepped on him again, he might be able to bear it. But Wang Fan attacked him secretly. He didn't even have time to show his strength.

"Why not? Unfortunately, no matter how unconvinced you are, you can only be trampled on. Now you'd better go down. You're not qualified to challenge me. "

Wang Fan disdains to say, the toe suddenly a little, bang a, Jiang Jun whole person is like sandbags, directly kicked under the platform.

In an instant, the whole audience was in an uproar.

"Mean, you're mean."

"It's shameful of you to sneak attack

"Despicable little man, I will destroy you!"

There was a brief silence, and there was a tsunami like sound.

However, those voices were not strong enough to shock Wang Fan, but they were mean enough to scold

Wang Fan.

Most of the people present wanted to see Wang fan being trampled on.

But now, things just don't work out as they want them to. How can they accept it?

In particular, Wang fan is not a strong positive defeat of Jiang Jun, but used the means of sneak attack, which they can not accept.

Wang Fan listened to the abuse, his eyes narrowed, and directly swept at the people who yelled, "mean? Sneak attack? shame on you? Kill me? Come on, all of you. I'll deal with it all together. "

Wang Fan arrogant those people, extremely arrogant, "really have the ability, you stand up, don't shout below."

"A group of trash who are barely selected by the school or eliminated are also qualified to humiliate me? How ridiculous

Wang Fan's words directly offended more than half of the people present.

Especially those who didn't announce the examination, or barely passed the examination, their faces were even more angry and purplish.

They have never seen such arrogant people as Wang Fan.

"What a big tone."

"I'll meet you."

"I also want to learn about your strength."

With a lot of rebuke, whoosh, in an instant, dozens of figures fell on the platform.

Looking at this scene, the whole audience was dead silent.

## **Chapter 2760**

In a short moment, 32 people fell on the platform, which shocked everyone's eyes.

You know, these 32 people are the pride of the young generation.

Even if some of them did not pass the examination of Yunqing academy, it does not mean that they are not strong.

What's more, three of the 32 passed the examination of Yunqing Academy.

Such a terrible lineup, how does Wang Fan fight?

Let alone Wang Fan, even Shao Zhao, Qingxuan, and even the first year students of Yunqing Academy who are responsible for the assessment, I'm afraid no one dares to say that they can defeat the 32 people by one person, right?

"Hey, hey, I'll have fun."

"That guy deserves to be so arrogant. I'd like to see how arrogant he can be next. "

"Well, there must be something hateful about the poor man. He was arrogant just now, but now he can't end it?"

The short silence made countless people gloat.

Even Shao Zhao and those who have seen Wang Fan's strength can't help but have some expectations.

In this case, what should Wang Fan do?

They really want to see if Wang fan can be arrogant and can be defeated.

Xing Shi's face was also slightly black.

Even though he knew that Wang Fan was powerful and powerful, he didn't think that Wang Fan could challenge 32 people of the same rank.

This time, the fun is really a little big, it's not a good ending.

On the platform, Wang Fan lightly glanced at the 32 people who came on the stage, and then his eyes fell on the crowd below, "is that the only way to order people? Does anyone want to come up?"

His tone was flat, as if he didn't pay attention to the thirty-two people at all.

Listen to this, everyone is stupid.

It seems that they underestimated Wang Fan's arrogance, or the thickness of his face.

Many people are even more upset, but no one is on the stage again.

After all, there are already 32 people on the stage. If they go up again, it will be a bit humiliating.

"You're a big mouth maniac, you can do it."

"I really don't understand what else you can do except sneak attack and show off."

"I'll kill you alone."

Thirty two people were filled with righteous indignation. Among them, there are several people step out, directly in front of the people, the momentum of fury has gone.

Wang Fan see no one on stage, light sweep to the 32 people, grin, "hand it, or I'm afraid you don't have a chance."

"Arrogance

"To die!"

With Wang Fan's voice, the three youths could not bear it immediately. As soon as they stepped on the ground, they killed Wang Fan crazily.

They are surrounded by aura, and they are just like monsters.

They look at Wang Fan's eyes, but also cold to the extreme.

"Kill

One of them blows out directly, and the violent style tears the air instantly, just like the roar of an angry dragon, and goes directly to Wang Fan's body.

Another young man threw out his right leg. His right leg was like a steel whip, which set off a sound explosion in the air, sweeping to Wang Fan with great speed.

The other one is more overbearing. He has already flown to the top of Wang Fan's head. His hands turn into palms. Thousands of palms are scattered and fall from the top of Wang Fan's head.

Three people, left, right, up, three directions, issued a rapid attack, although the merger is not so tacit agreement, but it is not the slightest left hand, violent to the extreme.

The audience was shocked by the scene.

No one thought that the battle was so fierce just at the beginning.

Look at the attack of the three people, it's obviously aimed at Wang Fan's life.

Only three people, the offensive has been so terrible, if 32 people together, then what will the scene be?

The next moment, his fist had been on the young man's feet.

Bang.

A loud noise, accompanied by another crack of bone fracture sound.

The young man screamed, and his body was roared upward.

It's a pity that Wang Fan's right hand has already become a fist and grasped his corner before he was blasted out.

Under the recoil of the two forces, there was another click. The young man felt as if he was going to be torn in half, and the pain was unbearable.

The scream came out of his mouth again, but at this time, Wang Fan had already grasped his bare feet and left him under the platform.

Just in an instant, Wang Fan defeated three people from the ninth floor of the holy land, and he almost crushed them.

How powerful and violent is this?

The whole scene was dead.

This time, everyone finally can not help but start to re-examine Wang Fan.

With such strength, who dares to say that they can't enter the school?

Even some people have begun to believe Shao Zhao's words.

This person is better than Shao Zhao.

In addition, the twenty-nine people's faces were also quite ugly. Obviously, they did not expect that Wang Fan would be so powerful.

They had planned to kill Wang Fan one by one, even if they could not defeat Wang Fan. But now, they have no such idea.

After all, Wang fan is so powerful. If they go up one by one, isn't it going to find abuse?

"Together!"

They no longer care about what face, no face, directly choose to work together.

In a flash, twenty-nine people stepped forward at the same time, the breath of terror diffused in the space, and the aura of heaven and earth around them suddenly stormed away.

The people under the stage were even more excited when they looked at this scene, and they were all boiling with enthusiasm.
