

Mighty Sk 2771

Chapter 2771

Wang Fan didn't pay attention to the exclamations of the people around him. Instead, he looked at Yueru and asked, "there are 105 stone platforms here. Are they ranked according to their strength?"

Although he is now the third in the holy list, even in terms of strength, he can still sit in the third position, but Wang fan is not satisfied with this position.

With his strength and self-confidence, no one can compete with him in the imperial realm. How can he be willing to stay behind others?

If it's nothing else, how can it be at will when it comes to improving cultivation?

He may not be able to improve his cultivation in this test tower, but he can study those volumes of emperor level martial arts.

This kind of place is rich in spirit, so it will get twice the result with half the effort.

Yue Ru shook her head. "No, it's not like that."

"What's that?" Wang Fan's eyes narrowed and asked.

"After the opening of the Dharma array, if you want to enter it for cultivation, you need to fight for it. Only if you have strong strength can you be qualified to practice. "

"Yue Ru sighed," and in addition, if you have a backer, and your strength is strong enough, you can fight for the stone platform. "

"That is to say, for example, your strength is enough to crush all the people here. Even if you occupy the first few stone platforms, no one dares to say anything."

"Is that ok?" Wang fan is a little stunned. Is this too unfair?

"It is." Yueru nodded, "do you know why Nanyuan is so strong? It's because they're powerful and overbearing. "

As soon as Wang Fan heard this, he immediately understood that most of the trials were opened every year, and the best position was occupied by the strongest South courtyard, while the north courtyard could only practice in the worst stone terrace because of its weak strength.

As time goes on, the South courtyard will be stronger and stronger, while the north courtyard will be weaker and weaker.

Wang Fan squinted at those people in the South courtyard, then looked at Yueru with a smile, "elder martial sister, it seems that you brought me here for an impure purpose."

At the moment, he doesn't understand Yueru's meaning?

Yue Ru brings him here. Although he has the idea of helping him, he probably wants to rely on his strength and occupy a good position.

Yueru heard Wang Fan's words, but her face was not embarrassed. Her beautiful eyes glared at Wang Fan and said, "why, can't you help elder martial sister occupy a good position? Is it true that if you are strong, you will not be able to see elder martial sister? "

Wang Fan was speechless for a moment, and could only sigh, "look what you said, am I such a person? Of course, it's also my business. "

With that, he directly changed the topic and said, "in that case, please inform all the senior brothers of Shengjing in the North Hospital to come here."

"You want to..." Yueru listened to this, and meimou couldn't help blinking, and then a shock.

She has guessed what Wang Fan wants to do, but, is it too crazy?

Although Yueru was shocked, she didn't hesitate. She quickly grabbed the communication bead and sent a message.

With more and more students gathered here, at one moment, an old man with white hair and beard finally fell in front of the Falun.

His turbid eyes swept over the students and said in a low voice, "it's time for the test bench to open. Now, go fight for your own test bench."

With the fall of the old man's words, in an instant, the array opened, and countless students rushed towards the test platform crazily.

In a short time, all 105 test stands have been occupied by people, and there is no vacancy.

Wang Fan didn't move. His eyes swept to those who didn't occupy the test bench. Although they were not willing, they didn't dare to rob them.

"See, fifty percent of these people are from the southern court, and the other fifty percent are from the eastern and Western courts. As for our North Court, there is no one. "

Wang Fan nodded slowly, but in his heart, it was a secret way. The students of Beiyuan were too miserable, right?

He glanced at the man who occupied the first test bench and asked, "who is that man? Is that Yunwudi or Liuchaoran?"

"No Yue Ru shook her head. "He's just a follower of Yun Wudi, but his talent is just as evil and powerful."

"With the support of Youyun, even if Luo Chong is here, he doesn't dare to fight with him."

"Today, if Liu Chaoran and Yun were invincible, he would not dare to take the first place. Only because of the absence of the two men did he go to the first seat. "

"Of course, even so, no one dares to say anything."

"So crazy?" As soon as Wang Fan's eyebrows were raised, the old man walked out again. He looked around at those who did not occupy the test bench and said,

"is there anyone else fighting for it? If there is no one fighting for it, the position will be determined, and I will close the array."

No one spoke, but most people's eyes fell on Wang Fan.

Wang Fan has been in the limelight recently. He stepped on Luo Chong and hit the South courtyard in the face. If he doesn't come today, it's OK. Since Wang Fan appears here, doesn't he plan to fight for a position?

Even if Wang fan is afraid of being invincible and does not dare to snatch the first place, there should be no problem with the second and third place, right?

Dada dada.

Just as they were thinking about it, a figure came out of the crowd and walked slowly towards the test bench.

When people saw this man, they couldn't help looking at him.

Plain wild goose!

Like Wang Fan, from the intermediate domain!

Can't she help it?

Although Su Luoyan is a freshman, he doesn't show his fighting power as strong as Wang Fan. But after all, on the first day of her admission, she also taught a few senior students of Yunqing Academy.

So it's no surprise that she can occupy a seat, but it should be the back position.

However, people soon became silly.

Because Su Luoyan not only did not go to the back position, but went to the second row.

Second row, only two stone platforms, second and third seats.

Those sitting in the second row are two young people.

These two young people belong to the South courtyard people, the strength is extremely strong, they are the terror existence in the holy list.

At this time, the two people can't help but raise their heads and look at the plain wild goose coldly.

If Wang Fan comes to grab their position, they may have no way to fight, they can only give way.

But in the face of the wild geese, they are not afraid at all. Compared with the strength of Su Luoyan, they are more concerned about the appearance of Su Luoyan.

"You, get out of the way." Su Luoyan's beautiful eyes are calm. She looks down at one of them and says coldly.

When the young man heard this, the coldness in his eyes disappeared and replaced by a touch of Senran.

He stood up slowly, stared at the wild goose, licked his lips and said with a grim smile, "are you going to challenge me? Do you think you can challenge me with the support of Wang Fan? It's too much for me

His heart is a little angry, Su Luoyan did not choose another person, but chose him, which makes him feel very humiliating.

At the time of speaking, the aura in his body has been surging wildly, just like the glowing glow on his body surface.

At the same time, a terrible momentum diffused from him, and the whole person immediately felt like a demon God.

Chapter 2772

"If you want my seat, be prepared to pay the price." With a cold hum, the young man suddenly soared into the air and immediately pointed out.

In a flash, a very terrible storm spread out, a road of violent fingerprints tearing the air, crazy towards the wild goose bombardment.

Cruel, cruel!

Looking at this scene, all of us couldn't help sweating for Su Luoyan.

In the face of such a beautiful woman, can Yuan Dong really do this?

They all stare big eyes, want to see how the vegetable falls wild goose to resist Yuan Dong this etc. to kill to move, she again can resist of come down.

You know, Yuan Dong can occupy the second seat, and he is also very famous in Yunqing Academy.

In the holy list, he is ranked fourth, the combat power is extremely terrifying.

All the students in Yunqing academy, except Liu Chaoran, Yun Wudi, Luo Chong and Wang Fan, who just rose a few days ago, will not be Yuan Dong's rivals.

The fury of the fingerprint towards the wild goose crazy swept away, the wild goose's face is not the slightest change.

Her figure flashed, the whole person split into two, two into four, just in a moment, the whole void, there are countless figures.

Those figures flicker in the air, just like thousands of fairies dancing.

The fierce fingerprints pierced through the shadows and tore them to pieces, but they didn't hurt the wild goose.

At the moment when those shadows were torn apart, the rest of the shadows dissipated one after another, and soon only the real body of the wild goose was left.

At this time, a purple sword appeared in the hands of the wild goose.

Without the slightest hesitation, the purple sword cut across the sky, rolled up the bright glow, and cut to Yuan Dong like a purple lightning.

The sword of terror is intended to stir up the void. It seems to split the whole void. The sound of clanging in the air is extremely terrifying.

Yuan Dong felt Su Luoyan's attack, his face suddenly changed, but he didn't avoid it, but at the same time of his body retreating, he made his fingerprints again.

All over the sky, the fingerprints roared towards the purple sword. Then, in the eyes of the people, the fingerprints and the shadow of the sword collapsed at the same time.

When the shadow of the purple sword came in front of Yuan Dong, it had all collapsed and disappeared into nothingness.

Yuan Dong's face is a little ugly.

He didn't expect that he was so strong that he fought with him to such a degree.

To him, it was just unbearable.

It's just two mole ants from the wild land. Wang Fan's evil is gone. Why is the wild goose so evil?

"Big tablet palm!" With a low roar, Yuan Dong stepped forward and beat out his right hand.

In a flash, a huge palm print was formed in the air, setting off a devastating storm, directly sweeping away towards the wild geese.

This time, the palmprint is stronger.

Compared with the previous fingerprints, they are more powerful than several times?

"Big tablet palm? How could Yuan Dong use his big tablet

"It seems that he felt the threat from the wild goose."

"I just don't know if this wild goose can block his big tablet palm."

"It's about to be decided."

When people looked at this scene, their hearts trembled.

Big tablet palm is the top martial art of Saint level. Its power is needless to say.

At the same time, this big tablet palm is also Yuan Dong's famous means, the strongest card.

In the last Shengbang ranking war, Yuan Dong defeated countless Tianjiao with this palm.

The plain wild goose face that terror of palm print, the facial expression still doesn't have how many changes.

Her eyes stare at Yuan Dong, who is in the void, and those eyes actually become monstrous and profound.

Yuan Dong looked at him and felt as if his mind had fallen into a huge whirlpool of terror. He was slightly

absent-minded.

"This, this is a mental attack?" Yuan Dong's face changed greatly. He urged his mental power crazily and resisted the mental attack from Su Luoyan's eyes.

However, in spite of this, his big tablet palm was still affected by some factors, and its power was weakened.

Su Luoyan didn't miss the chance. Almost at the moment of Yuan Dong's absence, the purple sword in his hand had been cut out again, and he cut out two swords one after another.

Green Moon sword formula, second sword, third sword!

The sword light whistling, set off the whole space into a piece of purple, two purple sword light rolled up a more terrible storm, toward the huge palm print.

The roaring sound came out, and the first light of the sword directly tore more than half of the huge palm print.

Almost as soon as the huge palmprint was torn, the more terrifying second sword light had arrived.

The huge palmprint completely collapsed, and the remaining sword light continued to stab Yuan Dong like lightning. Looking at this scene, Yuan Dong's face changed greatly. But at this time, he was trying to remedy it, but it was too late.

With a hiss, the purple sword light directly penetrated his chest, bringing out a red blood mist.

Then, before he could recover, a real purple sword had already reached his throat.

Yuan Dong's face was stiff and he did not dare to move.

As for the surroundings, there was a dead silence.

Yuan Dong, unexpectedly defeated, defeated in the hands of Su Luoyan who came from the intermediate domain.

Everyone was shocked to see the wild goose, as if it was the first time to really know the wild goose.

It's just that Wang fan is so evil, but so is Su Luoyan.

What kind of monster are the two people recruited from the intermediate domain this time?

In the first World War, Yuan Dong was defeated, and Su Luoyan directly occupied his seat.

Even if the cloud invincible attendant who sits in the first place, although his eyes are gloomy, he doesn't dare to speak.

If Wang fan is not here, he may dare to fight against Su Luoyan with the power of the people in the South court and force Su Luoyan to give up his seat again.

But Wang Fan was standing in the distance, and he did not dare to do so.

Yue Ru's beautiful eyes are also staring at Su Luoyan without blinking, and their eyes are also shocked.

Even the wild geese are so strong?

Did she hide her strength in the intermediate level examination, or did she have an adventure after she came to Tianyu?

She has no answer.

Wang Fanxiao looked at this scene, he also shocked the strength of Su Luoyan, this woman is really stronger and stronger.

Since Su Luoyan has won the second place, Wang fan can't fall behind.

Thinking of this, Wang Fan stepped out of the crowd, but before he could reach the Falun formation, a beautiful shadow was already fast. He stepped into the Falun formation.

Wang Fan looked at this beautiful shadow, his eyes couldn't help blinking.

Does Qingxuan want to join in the fun?

When people looked at the scene, they were speechless.

Wang Fan came with three beauties, who naturally saw them.

Now, Su Luoyan has shown her terror and won the second seat. What does Qingxuan want to do now?

Qingxuan didn't care about all kinds of people's eyes around her, so she soon came to one of them.

People can't help squinting when they see this scene.

Because the position of Qingxuan was exactly the position where Su Luoyan stood before challenging Yuan Dong.

However, it's obviously impossible for Qingxuan to challenge Su Luoyan. Obviously, what she challenges is another youth.

"I'll take the seat." Qingxuan looked at the young man not far away from Suluo and spoke slowly.

Her tone is very calm, but like a command, high above, not disobedient!

Chapter 2773

The young man slowly raised his head and gazed at Qingxuan. His eyes were full of dignity and anger.

If not for the battle between Su Luo and Yuan Dong, he might not have paid attention to Qingxuan.

However, Su Luo defeated Yuan Dong strongly, which made him dare not underestimate Qingxuan who also followed Wang Fan.

"If you want me to give way, you can, but you have to see if you have the ability." The young man got up slowly. With his voice, his momentum began to gather madly.

It's absolutely impossible to let him give way if you want a word. No matter what, you have to fight again.

Qingxuan didn't speak. With a move of her right hand, a Guqin was already suspended in the void.

She is just like a fairy, her body soars up and floats in front of Guqin.

I saw his ten fingers plucking the strings, and in a flash, the melodious sound came out, and the beating notes seemed to turn into sharp blades, which directly surged towards the youth.

When the young man saw this, his eyes were fixed, his right hand grasped, and a giant axe appeared in his hand. He wielded the axe with both hands.

The fury surged in the air, and the axe patterns tore out and rolled toward Qingxuan.

Two people are not much nonsense, a hand, it is launched a fierce confrontation.

The axe pattern is surging, tearing the air, and the fierce killing power is blooming, rushing to Qingxuan.

On Qingxuan's side, however, the sound of the zither was curling, and each note was also like a storm, covering the youth.

Two streams of energy collide in mid air, making a loud bang. The axe shaped notes are all broken.

All the people trembled when they looked at the scene.

Is Qingxuan a monster again?

If so, the strength of Wang Fan and his party will be a little terrible.

Qingxuan didn't pay attention to the shock of the people around her. She still lowered her head, as if there was only Qin in front of her eyes.

However, the speed of her fingers plucking the strings is faster, and the sonic boom is also more fierce.

The sound waves are like waves, one after another, whistling madly to the youth.

The young man's face suddenly changed. He held the axe in both hands and danced quickly, trying to resist the sound explosion.

However, the speed with which he waved his axe was faster than that with which Qingxuan's fingers moved the strings?

At first, he could barely resist Qingxuan's sonic boom attack, but with the sound getting louder and louder, the sonic boom became fiercer and fiercer, he finally began to lose.

After all, his attack power is not strong enough, otherwise, as long as he smashes all the sonic booms, he can defeat Qingxuan, but obviously, he does not have that strength.

All the people around us are shocked when they look at this scene.

Sure enough, Qingxuan is a demon again.

Moreover, the war between Qingxuan and the young man was more direct and violent.

Although the previous battle between Su Luoyan and Yuan Dong was wonderful, there was also a turning point in the middle, which gave people a kind of expectation.

But Qingxuan is different. She is crushing her opponent. From the beginning, the opponent did not occupy any advantage.

Finally, with another sound burst, the young man couldn't bear it any more. He spewed out a mouthful of blood and flew out with a scream.

He was defeated by Qingxuan.

The audience fell into silence again.

In the past, with the opening of the training platform every year, Nanyuan would be the absolute protagonist, and all the people in Nanyuan would occupy a better position.

But this year, with Wang Fan three people to join the North Court, this pattern seems to have changed.

Su Luoyan takes the second seat, and then Qingxuan takes the third. What about Wang Fan?

Su Luoyan and Qingxuan didn't grab the first seat, because they didn't know in advance, or did they specially leave it for Wang Fan?

Everyone looked at Wang Fan with some expectation.

If Wang Fan takes the first place, today's events will be more interesting.

Wang Fan didn't disappoint them either, and soon walked out of the crowd to the first seat.

He looked at the gloomy young man sitting on the first seat and said with a brilliant smile, "do you want to go away by yourself or do I want to send you away?"

Direct, overbearing!

Hearing this, the young man's face was even more gloomy, and he felt extremely angry.

Although he is not Wang Fan's opponent, he has a very good relationship with Yun Wudi. Even Luo Chong, who is the third in the holy list, has to give him some thin noodles.

But Wang Fan asked him directly, is it his own roll, or personally send him roll, this is what kind of shame?

"You are so overbearing, have you ever thought about the consequences?" The youth did not give way immediately, but raised his head and said ferociously.

"Consequences?" Wang Fan smile more brilliant, "it seems that you are not going to roll, but want me to send you to roll.". In that case, it will help you. "

Having said that, without any nonsense, he grasped the youth with his right hand.

When people around saw this scene, they were all stunned. Wang fan is a bit too bullying. How can he catch Queshan like an eagle catching a chicken? Is he not afraid of Kuishan's anger and yunwudi's anger?

No matter how to say, Kuishan is also one of the top ten evils in the holy list. Can he catch them if he wants to?

Wang Fan didn't care about the shock of the people around him. His big hand had cut through the void and came directly to Kuishan.

Looking at this scene, Kuishan's face was even more ugly, and his anger was even worse.

Wang Fan's behavior is a shame to him.

With a roar of anger, his aura went wild, and his fist went out, and he went straight to the palm of Wang Fan's hand.

Wang Fan smiles and doesn't care too much.

The aura in his body runs, mixed with the hot demon fire energy, and converges madly towards the palm of his hand.

With a bang, the fists collided and made a loud noise.

The next second, Kuishan felt as if his fists were on a red hot iron, as if he was about to be baked.

At the same time, the surging force in his fist arm was also affected and began to weaken.

Wang fan is a little smile, right hand holding his fist cleverly forward a pull, is to vent the surge of strength.

Immediately, his right hand quickly loosened Kuishan's fist, moved forward like lightning, and grasped directly on Kuishan's collar.

The next second, Kuishan's body was lifted by Wang Fan with one hand, and immediately smashed to the ground outside the array.

This series of actions, are flowing, fast as lightning.

Even Kuishan himself was confused.

Bang, the earth trembled, and the violent sound seemed to hit everyone's heart.

Kuishan was directly thrown out of the array, and his whole body spattered with blood.

When people around looked at the scene, they felt chilly.

Do you want to be so rude? Do you want to be so savage?

Kuishan's face is even more ugly. He stares at Wang Fan with bloodshot eyes, as if to kill. But he knew that he didn't have the strength.

Wang Fan did not go to see Kuishan again, nor to the stone platform of the first seat, but swept his eyes to the other 102 people on the stone platform.

He once again showed a bright smile on his face and said, "all the senior students of the South College,

your position, I want to borrow from the senior students of the North College, please give way."

In a word, the whole audience was dead and silent.

Wang Fan, he even wants to let all the people who occupy the South courtyard of Shitai give way. Is that crazy?

The faces of those people in the South courtyard were extremely ugly and gloomy.

Whoosh, whoosh!

Suddenly, there were forty or fifty people standing up at the same time. They looked at Wang Fan coldly and angrily, and their voice was so loud, "do you want us all to give way?"

Frenzied killing power, at this moment diffuse, war, like a hair trigger!

Chapter 2774

Although Wang fan is strong, it is absolutely impossible to let them all abdicate with one word.

So many of them are the nine peaks of the holy land. If they fight together, why are they afraid of Wang Fan?

Wang Fan's eyes swept towards those people, feeling the terrible momentum diffused from them, but his face didn't change much.

He said faintly, "yes."

Just a word, space suddenly dead.

This is Wang Fan's strong response to them!

"Good, good! It seems that after you defeated Luo Chong, your self-confidence expanded a little. In that case, let's see if you are qualified to make us all abdicate. "

Among the 40 or 50 people, the person at the top of the list laughed angrily, with a cold voice.

There are so many of them, even if Liu Chaoran comes, it is absolutely impossible to deal with them.

But now, Wang fan face them, but still so strong, this is simply arrogant, did not put them in the eye.

Wang Fan didn't speak, but his momentum had already begun to surge.

Meanwhile, Su Luoyan and Qing Xuan, who occupied the second and third seats, also stood up slowly.

They left and right, standing beside Wang Fan, just like fairies.

Outside the moon Ru looking at this scene, the heart is slightly heavy, but she is no way to intervene.

Only those who challenge and those who are in the 105 battle platforms are qualified to intervene in the contest for seats, and the rest are not allowed to intervene.

She has no challenge now, and she has not occupied 105 seats. She can only watch.

"Quick fight, quick decision, kill!" The atmosphere of the scene became delicate in an instant. At a certain moment, with a low roar, a young man stepped out directly and killed Wang fan like a bomb.

At the moment of killing Wang Fan, there were some lightning lights on his body. Those lightning lights were like thunder snakes, winding around his body, making a loud crackling sound, which was extremely terrible.

And with the killing of this man, the rest of the people did not dare to neglect, also rushed out.

Wang Fan, Su Luoyan and Qing Xuan are all terrible beings. Even if there are 40 or 50 of them, they will never be careless.

The young man who rushed to the front was bathed in thunder all over his body, and he was just like a thunder god.

Just in an instant, he has come to Wang Fan, endless thunder and lightning crazy surge, swept toward Wang Fan in the past.

Wang Fan looked at the scene, the corner of his mouth appeared a touch of irony, his right hand out, a firm grip forward.

In a flash, a thick lightning is also diffuse, just like a lightning python.

Moreover, Wang Fan's thunder and lightning is more solid and powerful than that of the young man's thunder and lightning.

After all, the young man only used magic weapons and martial arts skills to bloom lightning, while Wang Fan understood the law of lightning to bloom lightning.

The power of the two, of course, is not in the same breath.

Big thunder Python across the air, directly toward the young roll, accompanied by a crackling sound.

They were shocked to see that all the thunder and lightning around the young man was swallowed by the lightning python, which became more terrible.

The young man's face turned pale and his aura ran away, and he wanted to retreat.

It's just that his speed is faster than that of the thunder python?

In an instant, the huge thunder Python had already come to him. With a roar and a scream, the man flew out directly.

Several people who followed behind him were directly hit by him before they had time to attack. The aftereffects of thunder and lightning exploded on them, and they also fell to the ground and began to roll.

Su Luoyan is not idle, almost in the moment of Wang Fan's hand, she will also follow the hand.

I saw his body flash, and in an instant, he had already appeared in the last position of the forty or fifty people. Immediately, the purple sword appeared in his hand, tearing out the bright purple sword awn, and rolled towards those people.

Those people can't help their faces when they look at this scene.

Su Luoyan killed them off guard.

Their pupils contract, crazy retreat, just, where can it be?

Several people were directly pierced by the sword and fell to the ground.

A Guqin also appeared in front of Qingxuan. Her body and Guqin were suspended in the air.

When the strings are plucked, the sound is agitated. However, this time, the sound is not soft, but extremely violent at the beginning.

The violent piano sound surges in this space, and the beating notes seem to be a terrible sonic boom, which is crazy to burst towards those people.

Those with strong will are better and can barely bear it, but those with weak will are miserable.

Without waiting for the musical storm to come, they had been affected by the music, their ears and nose were congested, and they fell down screaming.

Even those who are able to withstand the attack of rhythm, their mind is affected, the power of the attack is greatly weakened. All in all, these people are miserable.

Under the joint efforts of the three people, just in a moment, the forty or fifty people in the South courtyard had already fallen half. There are still less than 20 people with combat effectiveness.

"What a terrible power."

"The three men are invincible."

"The sound of the zither can affect people's mind and weaken their attack, which is..."

looking at this scene, it's a shock from the outside.

The combination of Wang Fan, Su Luoyan, Qing Xuan and these three evildoers has created a power beyond everyone's expectation.

Especially looking at the beautiful shadow of the two peerless beauties, some people are jealous of Wang Fan.

This guy is really lucky to have two beautiful and powerful fairies.

Wang Fan looked at the scene, but also a burst of speechless.

He has just defeated seven people, but Su Luoyan and Qingxuan have already defeated less than 20 people. This made him feel very shameless. He was compared by two women.

Depressed, Wang Fan no longer reserved, body crazy flash, just like lightning toward the enemy in the past.

At the same time, his physical energy, Reiki energy, has also been running to the extreme, crazy bombardment out.

Under Wang Fan's madness, how could those people be Wang Fan's opponents?

With a scream, where Wang Fan passed, all the enemies flew out and fell directly outside the array.

Unstoppable!

"Wang Fan, when he was fighting luochong, he even hid his fighting power?"

"With such fighting power, even if Liu Chaoran came, he might not be able to fight the enemy?"

Looking at this scene, people tremble.

At the moment, Wang fan is not as strong as a person, but more like a monster.

Yueru, Xiali and gaiteng in the crowd were equally shocked.

Even if they all know that Wang fan is powerful, and Wang Fan has stirred up some troubles in Yunqing Academy. But they still did not expect that Wang Fan would be so powerful.

Especially Xiali and gaiteng, they feel bad at the same time, but also some fear.

Fortunately, I didn't do anything to Wang Fan in the intermediate domain. Otherwise, I don't know how miserable it would be.

Wang Fan's three men are storming and attacking those enemies crazily. They are extremely violent and invincible.

Just a short time later, all the 40 or 50 people in the South courtyard had been sent out of the FA formation.

They fell to the ground one by one, their faces very ugly.

Today, it's a shame.

On the other hand, Wang Fan's three people are proud of the void, just like gods, invincible.

The emptiness of the surroundings is silence.

Chapter 2775

No one thought that Wang Fan's three men were so strong that they directly expelled all the people in the South courtyard above the stone platform.

How powerful and overbearing is this?

In the past, when the trial platform was opened every year, it was almost the South court that held more than half of the seats. But this year, with Wang Fan three people to join the North Court, seems to have completely changed.

Not only that, as long as Wang Fan three people can not set foot in the imperial territory for one year, I am afraid this situation will continue.

"Elder martial sister Yueru, come here." Just when everyone's heart trembles, Wang Fan's eyes have swept to Yueru.

And listen to this words, all people can't help a Leng, spin even if it is envious to see to month Ru.

They all know what Wang Fan will do next.

Yueru was also a little excited, but at this time, she didn't wriggle. Instead, she walked quickly to Wang Fan and was in the fourth seat under Wang Fan's arrangement.

Wang fan arranged Yueru, and looked out at the students of Beiyuan, "all the seniors of Beiyuan, come in, these vacant seats are optional."

The students of Beiyuan were excited when they heard this.

They have never had such treatment.

For a moment, everyone's eyes to Wang Fan were filled with gratitude.

On the other hand, the people of the other three courtyards, especially the people of the South courthouse, looked very ugly.

Because those positions were taken from them.

Xia Li and gaiteng looked at each other, but they came close to the array and occupied a stone platform.

With their fighting power, though not enough to fight with Wang Fan.

But according to the combat power ranking, there are another 40 or 50 vacancies here, and they are fully qualified to occupy one seat.

But their mood is a little uneasy, after all, they and Wang Fan had an unpleasant time. If Wang Fan drove them away, they would have to go away.

It's just that they obviously think too much.

Wang Fan just looked at them and laughed. He didn't say anything more and didn't mean to rush them, which made their mood a little complicated.

Naturally, Wang fan can't drive away Xia Li and gaiteng in public. His mind is not so narrow-minded.

When the 105 seats were full, the old man with white hair and beard came to the front of the Falun again.

If he had a meaningful look at Wang Fan, he said faintly, "is there anyone else who wants to fight for it? If not, he would close the array."

No one talks, no one dares to fight.

There are more than half of the members of the northern court in the Falun, and they are still strong. How dare they fight in this case?

As for the other things, it seems that only the students of Nanyuan are qualified to compete for the

positions of the students of the two academies? Just, do they dare to fight?

Wang fan made it clear that it was aimed at the South court. If they went to fight, what if they were robbed by Wang Fan again? In the end, it will not only be empty, but also offend the eastern and Western courts.

"In that case, I will close the Falun. The opening time of Falun lasts for one month. Please hurry up. "

As the old man spoke, he waved his hands, accompanied by the appearance of array patterns, agitated on the array, and directly closed the array.

Looking at this scene, the people outside are reluctant to leave.

However, the figure of Wang fan is deeply imprinted into their mind, I'm afraid it's hard to forget in this life.

Some time ago, Wang Fan defeated Luo Chong and others and became famous in Yunqing academy, which has already caused a sensation.

Today, Wang Fan once again, is to let people see his strength, such a character, people do not want to remember are difficult.

When the Dharma array was closed, Wang Fan only felt a terrible immortal spirit pouring into his body, which madly washed his meridians.

Wang Fan felt this scene and his heart trembled.

What a terrible immortal aura. If his cultivation doesn't reach saturation, it will be perfect.

However, Wang Fan soon regained his mind. He simply arranged an array around him to block the mental investigation, and casually began to practice Shura seal.

Whether it's Shura seal or Kaitian palm, it's a very spiritual skill. If you practice in this kind of environment, you will get twice the result with half the effort.

Not only Wang Fan, but also su Luoyan, Qingxuan and Yueru are practicing crazily.

Especially for Yueru, this kind of opportunity is not easy, and she will not waste her time.

You know, in the past, she could only occupy the back position. As for the fourth seat, she didn't even dare to think about it.

Moreover, the reason why she can occupy the back position is not by strength, but by family and appearance.

Now that she is in the fourth seat, how can she waste her time?

At the time of Wang Fan and his party's cultivation, the people in the South courtyard had already returned to the South courtyard.

South courtyard, there is a mountain like a sword. The peak is not in the deepest part of the South courtyard, but on the periphery, it is already regarded as the core area.

Moreover, the spirit of immortality on this mountain peak is extremely strong. Many students of the South College look at this mountain peak with endless yearning and worship.

There is no other reason, because the people living on this mountain are the second evil in the holy list, and the cloud is invincible.

Cloud invincible, the existence of demons in general, under the emperor, only weaker than the legendary demons Liu Chaoran.

He has great talent and excellent sword skills. He is the object of worship of countless students in Nanyuan.

At the moment, on the mountain, in a canyon, Yunwudi is practicing sword.

He was dressed in a white suit, and his clothes were very elegant.

Especially with his handsome face, the whole person is extremely outstanding.

His figure is constantly flashing in the canyon, and the silver sword in his hand is also constantly waving.

With his waving, the sword Qi rips out from the empty air, and the fierce and terrible sword power fills the whole space.

This violent sword force seems to be able to destroy everything, to destroy everything, to be invincible, to be unbreakable without a sword.

In the cloud invincible practice sword, a burly figure came here.

However, the burly figure did not dare to get close to the fierce sword area, but only stood on the periphery.

His face was very gloomy, and there was a rage in his eyes.

Only when he looked at Xiangyun invincible, the gloom and fury in his eyes would dissipate a little.

This person is no other than Kuishan, who was thrown out of the first seat of the test bench by Wang Fan in a humiliating way.

How can Kuishan be willing to be humiliated in public?

He came here naturally to tell Yunwudi about it, and then let Yunwudi help him out.

Although Yun Wudi felt the arrival of Kuishan, he didn't stop his sword immediately, but stopped practicing after a while.

He walked to mount Kui and asked with a smile, "shouldn't you be practicing on the test bench? How did you come back? What happened?"

His tone is very calm and soft, it sounds like spring breeze.

Kuishan bit his teeth, "my position was robbed, and I was thrown out in public."

Cloud invincible eyebrows a pick, but soon recovered as usual, that face is still with a smile, "Wang Fan do?"

"Yes." Kuishan nodded, then said angrily, "that Wang fan is arrogant and domineering, especially the two women around him."

"They not only took away my seat, but also all the seats of the students in Nanyuan."

Chapter 2776

Kuishan this words fall, Rao Shiyun invincible mood again good, the face is also can't help but gloomy down.

Some time ago, Wang Fan stirred up the storm in the north courtyard, even stepping on the demons on the holy list of his South courtyard, which made his South courtyard unhappy.

Today, Wang fan is even more excessive. He even expelled all the students from the South College on the test platform. This is a blatant provocation.

If Wang Fan only asks for one or several seats, even if he is not happy with Yunwudi, he will only be unhappy.

After all, with Wang Fan's strength, occupying one or several seats, no one can say anything. But Wang Fan even expelled all the students of Nanyuan, which is a bit too much.

"Is the woman beside Wang Fan Su Luoyan and Qingxuan? What are their strengths?" Cloud invincible forbore his anger and asked.

"Very strong." Even if Kuishan hated Wang Fan, he couldn't lie about it.

His eyes are very dignified, "that plain wild goose's weapon is a sword, and the body method is strange, very difficult to deal with."

"As for that Qingxuan, it's more terrifying. Her music seems to have a strong spiritual attack, which can affect other people's mind."

Cloud invincible listens to this words, eyebrow can't help but pick for a while, but soon returned to normal.

After a long silence, he said, "you can bring a word to Liu Chaoran for me. In January, you can go to Beiyuan with me and tell him what happened today."

"At the same time, you ask people to go to the test bench again, just wait there and send me a letter of war to Wang Fan. I will challenge Wang Fan in January. "

"Good." Kuishan listened to this, his eyes brightened, he immediately nodded, and then turned away.

Cloud invincible looking at Kuishan that turned away from the back, eyes in the emergence of a touch of extreme cold awn, "new to the Academy, really when they are invincible, actually deceive my South courtyard nobody?"

"Well, as the saying goes, the higher you climb, the worse you fall. A month later, when you are trampled by me, I want to see how you end up and what face you have to practice in the Academy. "

...

with the departure of Kuishan, a piece of news soon swept the whole Yunqing academy like thunder.

Yunwudi, a student of the South Institute, challenges Wang Fan.

Not only that, some people have already been waiting outside the test bench with their war letters. When the test bench is closed, they will send out the war letters.

The news immediately set off a sensation.

Not to mention the students of holy land, even some students at the level of emperor's land paid great attention to it and began to look forward to it.

Wang Fan, a newcomer to the Academy, is an absolute evil.

When he entered the palace, he defeated 32 people in the same territory. On the second day, he directly crushed three ruthless people in the holy list, including Luo Chong, who ranked third.

Not only that, when the test platform opened this year, he joined hands with the two fairies around him to expel all the students of the South College. It can be said that the strength of the limelight was almost unmatched.

Cloud invincible, that is the myth of Yunqing Academy. The second most evil person in the list is Liu Chaoran.

Although he is only one rank higher than Luo Chong in the holy list, everyone knows that Luo Chong is not the invincible opponent of Yun Chong at all, and there is a big gap in combat power.

Today, cloud invincible is a direct challenge to Wang Fan. Obviously, Wang Fan has repeatedly provoked the Nanyuan, and the Tianjiao of the Nanyuan can't sit still.

Everyone is looking forward to it. Wang fan is invincible to shangyun. How will it end? Who will lose and who will win?

There is no answer.

Both Wang Fan and Yun Wudi are extremely powerful beings in the nine levels of the holy land, and they are not even weaker than those in the one level of the emperor's territory.

Now they are going to fight, and they really don't know what the end will be.

Some people think that Wang Fan has a better chance of winning, while others think that yunwudi has a better chance of winning, but these are their own ideas.

After hearing the news, the students in Beiyuan looked a little ugly.

Cloud invincible even sent out a challenge to Wang Fan, which is a bit too bullying.

You know, Yun Wudi is an old man who has been in the palace for two years, while Wang Fan has just been in the palace for more than a month.

This kind of challenge is not fair at all.

However, no matter how upset they are, there is nothing they can do.

Who made Wang fan so powerful, and repeatedly against the provocative Nanyuan?

They can only pray in their hearts that Wang fan can win.

After all, it's a battle of honor for the North Court.

Of course, even if Wang fan is defeated, they will not say much.

The reason why Wang Fan repeatedly provoked the South court was for the honor of the North Court, not for personal enmity.

For the first seat of the test platform, Wang fan doesn't know what's going on outside, let alone that Yun Wudi has sent out a letter of war from the South court, and directly asked people to wait here, just waiting for him to go out. At the moment, he is concentrating on cultivating Shura seal.

Now, it is the 18th day that he entered the test bench, and the seal of Shura has been used more purely, and the black mark has been more solid.

But in spite of this, Wang Fan did not stop practicing and was still studying it carefully.

Shura seal, he's just beginning to see the way, far from Dacheng.

Five days later, Wang fan stopped practicing Shura seal and began to practice Kaitian palm.

Kaitianzhang, like Shura seal, is an emperor level martial art. Naturally, he can't spend all his time on cultivating Shura seal.

Comparatively speaking, the cultivation of kaitianzhang is not as dangerous, difficult and complicated as that of xiuluoyin.

It's just that Kaitian palm needs more immortal aura. Even with his powerful spirit, it can only be used three or four times at most at one time.

Wang Fan with the help of the test platform on the terrible Fairy Spirit, in front of the body condensed a very huge handprint.

The palmprint is pale gold, and a terrible energy diffuses from it. It seems that it can destroy everything.

Wang Fan was aware of the terrible palmprint, and his heart was shaking.

He didn't expect that the color of the seal would change with the enhancement of the understanding of Kaitian palm and the enhancement of the aura.

Originally, it was just a milky handprint, which seemed to be composed of aura. Now, it has formed a pale gold.

He was thinking, what if the palmprint were golden?

But Wang fan knows that this situation is impossible in the short term. With his current strength, it is absolutely impossible to make the palmprint appear golden.

Don't say it's gold. If he comes out of the test bench, he can't even be light gold without such a strong support of immortal spirit.

Time flies, a month's time blinks.

On this day, Wang Fan was practicing. All of a sudden, he felt that the immortal spirit of his whole body became weak.

He opened his eyes and soon found that the Falun outside was closed, and the old man with white hair and beard appeared not far away again.

"One month has come. Please leave the area of the test platform." The old voice came from his mouth, and most of the students' eyes were a little reluctant.

This is a good place, but it can only be practiced for one month. The time is too short.

Outside, a group of people had already been surrounded. They all looked at Wang Fan in the Dharma array with bright eyes. There was some expectation in their eyes.

The array has been closed, and yunwudi's letter of war will be delivered to Wang Fan immediately.

Chapter 2777

In their excited and expectant eyes, Wang Fan and his party walked out of the array slowly.

On both sides of Wang Fan, Su Luoyan and Qingxuan were like fairies on earth, quietly following.

Looking at this scene, everyone is a little envious.

How can Wang Fan be so beautiful?

However, Wang Fan's evil, Wang Fan's powerful, but they did not dare to say anything.

Wang Fan three people step out, he just toward not far from the moon Ru said hello, then lift step toward the direction of the North Hospital, did not pay attention to the students around.

However, Wang Fan just walked a few steps, and a young figure quickly stopped in front of them.

I saw the young man holding a letter of war, in the hand to Wang Fan at the same time, said, "the second cloud of the South court holy list is invincible, like you challenge, this is the letter of war."

His voice is very loud, spread in the whole void, all of us can hear it clearly. In particular, the second four words in the holy list are very hard to bite.

And perhaps because the war was delivered by Yun Wudi, his attitude was not friendly. He was superior and domineering.

That expression, like cloud invincible sent out a letter of war to Wang Fan, is Wang Fan's honor in general, and Wang fan does not accept also have to accept.

Wang Fan lightly swept this youth one eye, smile, way, "have no interest."

Then he turned and went on.

He is really not interested in fighting against yunwudi. He might as well study more emperor level martial arts at this time.

What's more, he also wants to take time out to go out and find a place to fight against the emperor. Where can he have time to fight with others?

Even if he is confident, it won't take long to defeat yunwudi.

Hearing Wang Fan's words, the void around suddenly stagnated, and then everyone couldn't help being in an uproar.

Yunwudi challenges Wang Fan, but Wang Fan says he is not interested. Is this disdain for yunwudi, or dare not fight?

That's a tough answer!

The young man's face also changed, and immediately became colder. He stood in front of Wang Fan and said,

"not interested? Are you afraid to fight or are you avoiding? If you don't dare to fight, you can just admit defeat. "

"Hum, what was your prestige when you defeated Luo Chong, and what was your arrogance when you snatched the position of the test platform for the students of our southern college? Are you afraid of elder martial Brother Yun? "

Wang Fan Light swept this youth one eye, this time is even words are lazy to say more, lift step to bypass him to leave.

"Coward!"

However, Wang Fan just took two steps, and a harsh voice came out of the young man's mouth again. In his eyes, there was more disdain.

"Originally, I thought how proud and powerful you are, but I never thought that you are such a coward. It's really disappointing."

The youth's voice is very harsh, and everyone around can hear it clearly.

All of a sudden, everyone's eyes couldn't help falling on Wang Fan. They wanted to see if Wang Fan still wanted to avoid fighting in the face of such aggressive youth.

Under the expectant gaze of the crowd, Wang Fan slowly turned back and looked at the young man, "are you challenging me?"

The young man's expression stagnated when he faced Wang Fan's cold eyes, but just as he was going to speak, Wang Fan moved.

With a loud bang, the sole of Wang Fan's foot heavily stepped on the ground. The next moment, during the earthquake, his whole body came to the youth like a god of war.

Without waiting for the young man to respond, Wang Fan had already reached out his palm and directly picked up the young man. The next moment, he smashed the young man to the ground in the distance.

Boom!

The earth trembled again, and the young man could not help but scream. He felt that his bones would be broken.

Looking at this sudden scene, there was a dead silence in the void around.

No one thought that Wang Fan would deal with the young man.

You know, the young man came to deliver the war letters. How could Wang Fan do that?

However, they seem to be able to understand the young people's sarcasm and humiliation to Wang Fan.

"What are you, who dare to ridicule me? Why don't you think it's to help Yunwudi deliver the letter of war, and I dare not move you? "

"Go back and tell Yun Wudi that I'm not interested in taking his letter of war. If he has to fight, he can come directly to the North Court to find me. It's a waste of time."

With that, Wang Fan ignored the young man's ugly face and walked away.

At this moment, no one dared to say anything more, even the rest of the students did not dare to stop Wang Fan.

However, the faces of the students in Nanyuan were extremely ugly.

Wang Fan's action is just like hitting Yun Wudi's face. He doesn't pay attention to Yun Wudi at all. Arrogant to the extreme!

The faces of the people in the other two houses were also shocked and speechless.

They have seen the arrogant, but also have not seen Wang fan so arrogant.

Wang Fan didn't answer yunwudi's letter of war, but asked yunwudi to go to Beiyuan to find him. What's the waste of time?

What contempt is this? Did he really take the second evil cloud invincible in the holy list into consideration?

Yue Ru also couldn't help rolling her eyes, and her heart trembled wildly.

This guy ·

in the South courtyard, yunwudi almost stormed out after knowing this.

No matter how good his disposition is, he is not lightly agitated by Wang Fan.

He said that he was invincible. He personally sent out the letter of war and asked people to send it to Wang Fan. But Wang Fan beat the person who sent the letter of war violently. Not only that, Wang Fan even said such crazy words.

"Good, very good. I want to see if you are so arrogant and powerful."

He murmured darkly. With a flash of his body, he left the mountain where he lived.

Soon after, he came to another mountain, which is the top of the list, Liu Chaoran's mountain.

On the top of the mountain, there are even some students who follow Liu Chaoran.

However, those people did not dare to stop the arrival of yunwudi.

These people all know that the relationship between Yun Wudi and Liu Chaoran is very good, and they often compete with each other.

Cloud invincible, familiar with the road, all the way forward, soon came to a pavilion.

In the pavilion, a young man was sitting.

At this time, the young man was tasting tea. His appearance was not as handsome as Yunwudi, but his temperament was excellent. He was no worse than Yunwudi.

He sits there, even if it is motionless, no one dares to ignore his existence. In his body, he is full of strong self-confidence and pride.

This person is Liu Chaoran.

"Invincible, shouldn't you be ready to challenge Wang Fan at this time? How can you come to me when you have time?" Liu Chaoran saw the arrival of Yun Wudi, turned his eyes and said with a smile.

Cloud invincible in see Liu Chao, then, originally in a slightly better mood, can hear this, anger can't help but burst out again.

He said all about what happened, and finally said, "that Wang fan is too arrogant. Let's go to the North hospital now."

He really can't bear it for a moment.

If he had not been afraid that he was not Wang Fan's rival, he would not even have invited Liu Chaoran.

"If you're really an arrogant freshman, in that case, let's go." Liu Chaoran said casually, and then slowly got up. It seemed that he didn't care about Wang Fan at all.

In this way, soon, Liu Chaoran and Yun Wudi left the South courtyard together and went to the north courtyard.

At the same time, the fact that they went to Beiyuan hand in hand, just like the wind, spread all over Yunqing Academy in a very short time.

Chapter 2778

In an instant, Yunqing Academy was shocked.

Countless students have come out of the cultivation and go to the North College.

Liu Chaoran and Yun Wudi went to the North Court together. They didn't have to guess what they wanted to do.

Everyone wants to know what will happen to Wang fan when the two demons who are the first and second in the holy list attack at the same time.

Can Wang Fan, the ruthless man who has just entered the school, become strong and famous in the whole school, be as strong and arrogant as ever.

In a short period of time, countless students came to Beiyuan one after another, and even some students from the first and second floors of the imperial realm rushed to Beiyuan.

Obviously, they are very interested in this matter.

Beiyuan, when those students heard about it, their faces became extremely ugly.

Liu Chaoran and Yun Wudi come to the north courtyard together. This scene can't help but make them tremble.

Even if they are confident in Wang Fan, even if Wang fan is good enough and strong enough, when his opponents are Liu Chaoran and Yun Wudi, no one still has confidence in him.

No way, no matter Liu Chaoran or Yun Wudi, among the students under the emperor of Yunqing academy, it's really legendary.

Liu Chaoran, in particular, is said to have made few moves and never lost a single time.

How can such people not be afraid?

In a flash, the whole Yunqing Academy was full of ups and downs, and Beiyuan became the focus of most of the students.

Numerous students flocked to the Beiyuan, and the whole Beiyuan was the focus of attention.

Wang fan doesn't know what happened outside. When he returns to his residence, he simply talks with Su Luoyan and Qingxuan, and then goes to the training room.

He planned to practice Luo Yin and Kai Tian Zhang for another period of time, and then left Yunqing academy to find a place to attack the imperial realm.

However, Wang Fan just stepped into the cultivation room, and before long, even before he had time to practice, a group of people suddenly came to his residence.

These people are all students of Beiyuan. The leader is Yueru. After Yueru, Wang fan knows Xiali and gaiteng.

They are all from the North Court, and naturally they attach great importance to this kind of thing.

"Elder martial sister Yueru, what happened?" The vegetable falls wild goose to see the month Ru a group of people come in a hurry, can't help of some doubts.

From Yueru's look, she could see that something was wrong. Something must have happened.

"Liu Chaoran and Yun Wudi are coming out of the mountain towards the north courtyard." Yue Ru said in a hurry.

With that, she didn't wait for Su Luoyan to ask, "where is younger martial brother Wang Fan?"

"I'll go to him." Without any nonsense, Su Luoyan went directly to the training room where Wang Fan was.

She didn't come to Yunqing Academy for a day or two. Naturally, she understood the seriousness of this matter.

Only Qingxuan, still indifferent to sit there, even heard the news, the calm eyes did not produce any waves.

Before long, Wang Fan followed the wild goose.

At the moment, Wang Fan's face is very ugly, and his heart is also very upset.

Liu Chaoran and Yun Wudi come to the north courtyard together. What do they want to do? Do they want to practice at ease?

"Wang Fan, are you sure to deal with Liu Chaoran and Yun Wudi? If you are not sure, you can refuse them later."

"After all, you're just a freshman, but they're all old students. Even if you refuse to fight, no one can say anything."

Yue Ru looks at Wang Fan and says with a dignified face.

She had contact with Wang Fan and had a little understanding of Wang Fan's temperament. She really didn't want to see Wang Fan have an accident.

After all, it's such a big array, and the opponents are Liu Chaoran and Yun Wudi. Although they can't kill or abolish Wang Fan in the process of fighting, there's no problem in humiliating them in public.

And she didn't have to think about it at all. She also knew that if Liu Chaoran and Yun were invincible, it would be inevitable to humiliate Wang Fan in public.

Wang Fan beat Nanyuan in the face several times, and still stepped on Nanyuan students. If they won, would they miss the opportunity to humiliate Wang Fan?

"Refuse to fight?" Wang Fan took a look at Yueru and said with a sneer, "what are they that deserve me to refuse to fight?"

"Originally, I didn't want to talk to them, but they were so good that they didn't give up and came to the door on their own initiative."

"Do they want to die?"

Wang Fan's words fell, and there was a dead silence around him.

The students of Beiyuan were stunned.

What does Wang Fan say in the face of the first and second evil in the holy list? How contemptuous of him to say, do they want to die?

After returning to God, everyone was shocked to see Wang Fan. They didn't know whether Wang Fan had the strength or arrogance to despise each other.

You know, that's the invincible existence of the students in the holy land of Yunqing Academy. Who dares to say that they will win? Yueru is also speechless for a while. After she recovered, she rubbed her head powerlessly and said, "younger martial brother Wang Fan, that's Liu Chaoran and Yun Wudi."

"Cloud invincible is better. After all, it's only the second one. But naliu is aloof, but he's very strong. It's said that he has never been defeated."

"Listen to elder martial sister a, really can't, refuse to fight, don't disgrace."

Wang Fan looked at Yueru's worried expression and knew that the elder sister was really worried about herself.

He crossed a warm current in his heart and said, "elder martial sister Yueru, I know you mean well, but I really don't need to refuse to fight."

"Just Liu Chaoran and Yun Wudi, what are they? They are also qualified to let me refuse to fight. Do they deserve it?"

"As for that Liu Chaoran, he didn't lose because he didn't meet me. Soon, he will lose."

Wang Fan's words are full of strong self-confidence and contempt, as if he despises the two superior beings in the eyes of the public.

When Yueru heard this, she felt a deep weakness.

When she was about to continue to persuade, her face suddenly changed and she looked up not far away.

Not only she, but the rest of the people also seemed to have a sense of it, and they all looked to that

location.

I can see that on the void, a group of people step forward, mighty and powerful.

The leaders are two young people.

One person carries a sword, and his body is full of extremely sharp sword meaning. It is obvious that he is a sword repairman, and he is very sharp.

On the other hand, he seems to be a lot more peaceful. He doesn't have any momentum around him, but when he stands there, he seems to be the absolute focus, and no one dares to ignore his existence.

Behind them are countless young men and women, at least hundreds.

A group of people on such empty step from, extremely arrogant domineering, high spirited, invincible.

Soon, they stopped at the height of Wang Fan's courtyard and looked down at Wang Fan and others.

A moment later, a young man walked out from behind Liu Chaoran and Yun Wudi, looked at Wang Fan and said with a sneer,

"I've heard that you are extremely arrogant for a long time, but now it seems that you are. You dare to say that elder martial brother Liu has never been defeated. He didn't meet you. It's ridiculous and shameless! "

He pointed to Wang Fan and said in contempt, "you are just a native from a wild land. I don't know where you come from."

"I'd like to see if you can be so arrogant if you are defeated by elder martial brothers Liu and Yun later."

Obviously, this group of people have heard Wang Fan's previous rave.

Chapter 2779

Wang Fan looked up at the void and the young man. He suddenly gave a brilliant smile and asked, "who are you?"

"South courtyard, Wang Tao!" The young man replied coldly.

Wang Tao, the 11th in the holy list, is also one of the disciples of Yunqing Academy.

However, in front of Liu Chaoran and Yun Wudi, he is not so conspicuous.

"It's Wang Tao." Wang Fan's smile is more brilliant, "since you think I'm arrogant, think I'm not ashamed, I don't know if you can personally teach me?"

When a word falls, all the emptiness around is dead.

Wang Fan, this is really unusual.

Everyone can see that today, Liu Chaoran and Yun Wudi are the absolute protagonists. But Wang Fan has to challenge Wang Tao. The most important thing is that even Luo Chong, who ranks third in the holy list, is crushed and trampled by Wang Fan. How can Wang Tao be an opponent?

If he does it himself, isn't he looking for abuse?

Wang Tao's face is also very ugly, but soon returned to normal, sneer, "you also deserve my advice, it's a joke."

He naturally knew that he was not Wang Fan's opponent, but how could he show weakness at such a time.

What's more, with Liu Chaoran and Yun Wudi around him, why should he be afraid of Wang Fan?

"I am not worthy of your instruction?" Wang Fan laughed, "then you say, who is worthy to teach me? Who do you want to send when you are so inspiring? "

As soon as these words fell, Wang Tao's face became more ugly, and the onlookers around him also had some fun in their eyes.

Wang Tao said something wrong in his anger and fell into Wang Fan's pit.

He didn't dare to fight, so he said that Wang Fan didn't deserve to fight. His intention was to humiliate Wang Fan. But now, if Liu Chaoran and Yun Wudi fight, doesn't it mean that they are not as good as Wang Tao?

This guy is really insidious.

Wang Tao's face is also very ugly. How can he not know that he said something wrong?

His eyes fixed on Wang Fan, the strong murderous, it has no cover up, "I take back what I just said, I also admit that it is not your opponent."

"However, you dare not take Brother Yun's letter of war, but come here to challenge me. Don't you feel shameless?"

Wang Fan's face is also cold down, "take back what you said? It's a joke. Your mouth is your ass. do you fart if you want to? "

"Since you don't dare to fight, shut up and don't chatter here. As for the cloud invincible? When am I afraid to take his afternoon? I just disdain it. "

"What is Yun Wudi? Who does he think he is? Do I have to fight when he sends out a letter of war?"

When Wang Fan said this, the void around him fell into silence again.

This guy dare to humiliate Yun Wudi like this. He really doesn't give any face. How arrogant!

"What a conceited fellow

"Jokes, dare not is dare not, unexpectedly still said so straightforward, high sounding."

"Damn it, I've seen such a brazen person before, but I've never seen such a brazen person before. I really appreciate it today."

The short silence, countless people have a voice, but most people are scolding.

As for Yun Wudi, his face was even blacker, and a powerful sword came out of his body. In a moment, it swept the whole space.

In his eyes, there was even more violent killing intention.

How dare Wang Fan humiliate him in public!

How can pride be tolerated like him?

Dada dada.

Cloud invincible walks in the void, and soon comes to Wang Fan. He says coldly, "what's the meaning of being eloquent? I cloud invincible now challenge you. Do you dare to fight?"

His voice spread all over the surrounding space, like thunder, concussion.

At this time, he is high above, overlooking Wang Fan, is so invincible.

Wang Fan dared to humiliate him like this. He wanted to see. In full view of the public, he invited Wang Fan to fight. He also wanted to see why Wang Fan was so arrogant!

"Challenge?" Wang Fan laughed, "do you deserve it?"

Wang Fan's voice fell, and the whole space fell into silence again.

At this moment, not to mention those in the South courtyard, even the disciples in the north courtyard

could not bear Wang Fan's arrogance.

This guy, do you want to be so shameless, do you want to be so arrogant?

"Son of a bitch, dare not is dare not, where come so much nonsense?"

"Dare not fight, still so arrogant, you can't be more thick skinned."

"I really can't stand this guy. I really want to beat him up."

Cloud invincible's face is also extremely gloomy, almost gas of vomit bleeding. However, just as he was going to speak again and ridicule Wang Fan, Wang Fan suddenly said, "but since you sent me to find abuse, I can help you."

This words a fall, all people's voices all suddenly stop, eyes all dead stare at Wang Fan.

Did Wang Fan accept the challenge of yunwudi?

However, Wang fan does not seem to think that this is a challenge at all, but that this is the cloud invincible sent to find abuse.

Isn't that arrogant?

However, in any case, Wang Fan has already met the challenge of yunwudi.

In this way, they don't like to ridicule Wang Fan any more.

Yun Wudi is really going to vomit blood. He feels that if he asks Wang Fan to say a few more words, I'm afraid he doesn't need to fight and will be angry to death.

He didn't want to talk nonsense any more. With a whoosh, his sword came out of its sheath and pointed at Wang Fan obliquely. Immediately, his figure soared up into the sky.

"In that case, come on. I want to see how you abuse me." Cloud invincible said that, on the body that terror sword potential kills the potential then already to disperse but.

At this moment, everyone seems to have an illusion.

In the void where yunwudi is, it seems that it has become a world of sword. The meaning of the sword is surging and the sword is powerful.

"It's a terrible sword power. It seems that elder martial Brother Yun's fighting power has been improved a lot."

"I'm afraid it's not weaker than elder martial brother Liu?"

"Under the emperor's realm, how could he have such a terrible momentum? It's really terrible?"

Feeling the terrible momentum of Yunwudi, everyone is shocked.

It's just, it's horrible.

Those students of Nanyuan, after admiring Yunwudi for a while, looked at Wang Fan with a sneer.

They want to see how Wang fan can fight in the face of such a terrible cloud invincible.

Wang Fan felt the sword power of Yun Wudi, but his face didn't change much.

He even ignored the various eyes of the people around him and flew directly into the space.

These people were so annoyed that they even came to Beiyuan and caused such a big disturbance.

He Wang Fan if don't let these people good long memory, then he is not Wang Fan.

He wanted to see for whom the momentum of Liu Chaoran and Yun Wudi was created today.

"Kill

When Yun Wudi saw Wang Fan coming from the sky, his killing was even more intense in his eyes. He just listened to his word and drank it out. With the shaking of his sword, he immediately stirred the space and frantically cleaved to Wang Fan.

He is extremely decisive, without the slightest bit of procrastination!

Chapter 2780

"What a terrible sword."

"It seems that elder martial Brother Yun is really angry. That guy is dead."

The people in the South courtyard felt the tremendous sword power, and they were all excited. They seemed to have expected the outcome of Wang Fan.

Comparatively speaking, the people of Beiyuan are worried.

This battle is also related to the honor and disgrace of the North Court, Wang fan can not be defeated.

However, in the face of such a strong cloud invincible, Wang Fan has a chance to win? What's his chance?

Wang Fan didn't care about people's thoughts at all, let alone the fierce sword.

As if he did not see the storm in general, void step, step by step towards the clouds invincible.

However, with his every step out, his momentum will be more violent and strong.

In just three steps, his momentum was so fierce that it was unimaginable. He was like a god of war. He seemed to be able to destroy everything.

Finally, the fierce sword wave came to Wang Fan.

At this time, Wang Fan slowly raised his head and saw his whole body's aura suddenly run away. He raised his right hand and pointed to the fierce sword wave.

Whistling with the wind, it seems to be able to destroy everything.

The sharp finger wind, in an instant, has torn a channel in the overwhelming sword power, and directly blasted to the cloud invincible.

At the same time, the terrible sword wave of yunwudi also fell on Wang Fan.

However, at this time, Wang fan is strange disappeared, the terrible sword wave boom, just Wang Fan's shadow.

Hiss.

A sound, sharp wind through the cloud invincible chest, directly tearing out a blood hole.

Cloud invincible a scream, the body can't help back.

But at this time, Wang Fan's figure has come quietly behind him, and immediately blew out a punch.

Looking at this scene, the whole scene is a dead silence.

It's terrible, isn't it?

With a bang, Wang Fan's fist fell on Yun Wudi's back again.

Cloud invincible only felt a violent force pouring into the body, a mouthful of blood immediately spewed out, and the whole person directly fell down.

However, Wang Fan's speed was faster. He didn't wait for yunwudi's body to fall to the ground, but his body shape had caught up like lightning, and immediately stepped on yunwudi's body with his right foot.

He just stepped on the body of cloud invincible and fell to the ground from high altitude. All the people he saw were trembling.

With a loud bang, Wang Fan stepped on the cloud and landed invincibly. The trembling sound was like a huge hammer hitting everyone's heart.

The cloud is invincible again gush out blood, feel five zang organs and six Fu organs seem to want to break, miserable incomparable.

When people looked at this scene, their hearts were trembling.

It's crazy. It's crazy.

But what shocked them most was the strength of Wang Fan.

Is he so strong? It's just crushing. Yunwudi has no power to fight back!

Originally, they thought that Wang Fan refused to accept the letter of war because he did not dare to fight. But now, no one dares to think that?

Wang Fan said that Yun Wudi was not qualified to challenge him. Everyone thought Wang Fan was arrogant. Now it seems that this is not arrogant, it has been modest, can no longer be modest.

He is as strong and invincible as a cloud. The second most terrible person in the holy list was crushed by Wang Fan. Wang fan is so strong that he can't imagine.

"I have said that you are not qualified to challenge me. Do you believe it now?" Wang Fan stepped on the cloud invincible, joking.

Cloud invincible did not speak, only feel a sad heart.

His spirit, his pride, his strength, as if all with Wang fan that step, disappear.

It was not only him, but also Liu Chaoran, who was not far away.

Originally, he came with self-confidence, self-confidence is absolutely sure to beat Wang Fan, but now, seeing Wang Fan strong, that self-confidence has completely disappeared.

Don't say it is self-confidence to beat Wang Fan, even he has a feeling that he will lose to Wang Fan.

Wang Fan did not continue to pay attention to Yun Wudi, but looked up at Wang Tao, "I just said that Liu Chaoran had never been defeated, because he did not meet me, but you said I was arrogant and shameless."

"In this case, I will challenge Liu Chaoran. I will tell you whether I am arrogant or not."

Wang Fan said, turned to look at Liu Chaoran, "Liu Chaoran, originally I was not interested in challenging you. But since some people think that I'm not ashamed, I'll challenge you once, and just ask, "do you dare to fight?"

With Wang Fan's voice falling, the surrounding void fell into dead silence again.

As for Wang Tao, his face was as white as paper.

Wang Fan said this in public. Once Liu Chaoran took the fight, it was OK to win. Everything didn't matter. But once Liu Chaoran is defeated, he is afraid that Wang Tao will be hated by Liu Chaoran. Now he only regrets that he shouldn't have provoked Wang Fan before. Unfortunately, regret is useless.

With Wang Fan's voice, countless people's eyes fall on Liu Chaoran. Liu Chaoran's face also becomes extremely ugly.

Wang fan is such a strong challenge, and he also asks if he dares to take the challenge. There is no room for him.

Liu Chaoran's face, which was always calm, is now completely gloomy.

He first took a cold look at Wang Tao, and then looked at Wang Fan. After a long hesitation, he bit his teeth and said, "I give up."

The whole audience was silent.

Liu Chaoran faced Wang Fan's challenge and chose to admit defeat.

Give up if you don't fight?

This ·

many people didn't expect this, but they can understand Wang Fan's strength before.

Liu Chaoran's face is also extremely ugly, he is also weigh again and again, just decided to admit defeat.

Because he is not sure to defeat Wang Fan, and once he is defeated, if he is trampled to the ground by Wang Fan, it will be more humiliating. It's better to admit defeat.

After admitting defeat, Liu Chaoran naturally has no face to stay here, but leaves here with hatred.

He didn't even look at the cloud on the ground.

Today, it can be regarded as a face sweep.

Everyone looked at Liu Chaoran's back, which was also in an uproar.

Liu Chaoran joined hands with Yun Wudi and came to the north courtyard with high spirits. He wanted to step on Wang Fan, but now?

Cloud invincible was directly crushed and trampled under his feet. Liu Chaoran, the No. 1 evil in the holy list, admitted defeat without fighting. It's ironic to think about it.

Is this still Liu Chaoran, who is proud and the top one in the holy list?

No, now Liu Chaoran is not the first one. From the moment he admits defeat, the first one in the holy list is that he has changed his master and belongs to Wang Fan.

Everyone couldn't help looking at Wang Fan and the proud figure. Their eyes were full of complex, adoring, blazing and other emotions.

He is still so proud and powerful, even in the face of Liu Chaoran and Yun Wudi.

This new comer has become a legend.

At last, all the people in the South courtyard left with no temper.

The onlookers, too, sighed and scattered.

But what happened here, in a short period of time, spread throughout the whole Yunqing academy, set off a strong sensation.

Wang Fan's name has been pushed to the top again, and no one can match him.
