Chapter 2781

Wang Fan didn't pay attention to the sensation outside. After staying in his residence for another three days, he left Yunqing Academy.

He planned to find a place to break through the cultivation to the emperor's realm. This matter can't be delayed any longer.

As for why he did not attack the imperial realm in Yunqing academy, it was because he also had concerns.

He has too much movement in his practice, and there are mixed lines on his body. It's not good if it's exposed.

Wang Fan soon left Yunqing academy and Yunqing City, but he was only a few hundred miles away from Yunqing city. He was keen to find that he was being followed, and there was more than one person following him.

However, these people who are following him are well versed in the way of concealment, and their breath is extremely perfect. Even he almost didn't notice it.

"Are they from the South courtyard?" Wang Fan thought to himself, but he thought something was wrong.

Because in his perception, the strength of those who followed him was in the Ninth level of the holy land, and they did not enter the imperial realm.

The people in the South courtyard knew that he was powerful. Even Yun Wudi was easily crushed by him, and Liu Chaoran did not dare to fight.

In this case, who dares to follow the people of Nanyuan or the students under the Empire?

But if the other party is not from Nanyuan, who is it?

He just entered heaven, and he didn't offend anyone.

Wang Fan had no clue in his mind, so he simply stopped thinking and continued to fly forward, but slowed down.

Another hour later, those who followed him no longer covered up. In the air, they chased him crazily.

Wang Fan noticed this scene and raised a sneer at the corner of his mouth. He simply stopped at the same place instead of moving forward.

Bang Bang Bang Bang Bang Bang.

The terrible force swept over the seven people. They all retreated, but they didn't get much hurt.

They raised their heads and looked at Wang Fan with great shock. Obviously, they did not expect that Wang Fan had such terrible fighting power.

The young man who didn't move could not help changing his face.

Just for the first time, the seven men fell into a disadvantage. Obviously, they all underestimated Wang Fan's fighting power.

Wang Fan's eyebrows are also slightly picked. He thought that his knife was enough to cut the seven people, but he didn't expect that he just beat them back.

The short silence, seven people again at the same time, crazy kill to Wang Fan.

The weapons in their hands were wildly waving, stirring the general trend of heaven and earth. In an instant, a series of terrible storms appeared in the air, sweeping towards Wang Fan.

At this moment, the whole void was shaken up, bathed in the frenzied tide, and the killing power was enormous.

Wang Fan frowned and his aura surged wildly. When he stepped on the ground with his right foot, he burst into the sky.

The shadow knife in his hand is to set off a touch of extremely bright sword awn, directly killed one of them.

This time, his attack was not against everyone, but only one.

The man felt the horror of Wang Fanying's sword, and his face finally changed and became a little ugly.

He felt as if he had been drowned by the endless waves of swords. There was no place to retreat, no place to avoid. If he wants not to be torn by the sword, he can only tear a gap in the sea of sword, otherwise, he will die.

Think of here, he crazily condenses the whole body aura, in the hand weapon waving, crazily splits to that knife sea.

But to his despair, with a bang, his attack fell on the sea of knives, not only failed to tear out the gap, but was stirred to pieces.

His face changed. He became extremely ugly and pale.

But just then, the sword like the sea came to him, tearing his body to pieces in a hissing voice.

The blood blooms in the mid air, just like the blood rain, a nine layer strongman in holy land, meteorite!

This scene made the young man who was watching the battle in the distance couldn't help but pick it up, but then he laughed sarcastically.

Wang Fan knew that he would die, so he planned to pull a few cushions before he was temporary?

You know, although Wang Fan killed one person, but the attack of the other six people has also come. How should Wang fan guard against it?

As soon as the young man thought of it, his face couldn't help changing.

Because he found that Wang Fan had mysteriously disappeared.

The six men's attack fell on Wang Fan, but only the remnant was torn.

"Who are you? In that case, let's all die. " A cold voice came out from somewhere. In an instant, the light of the knife bloomed again.

One of the six people's faces changed greatly, and the spirit in his body stirred, and he began to retreat crazily.

Because that Dao mang is aimed at him.

However, there is still time. How can his speed be faster?

With another hiss, the fierce sword stabbed directly into his eyebrows, and at the same time, his body fell down slowly.

Another one, dead, six, five!

The young man looked at the scene and his face changed slightly.

A bad feeling sprang up in his heart.

But Wang Fan had no time to pay attention to the young man. He had come to a man again. He raised his right leg and swept at him furiously.

At this moment, countless thunder and lightning appeared on his right leg, and the thunder and lightning shrouded the whole right leg, crackling and shocking.

That person feels this scene, the pupil slightly contracts, crazily swings double fists to want to resist.

But when Wang Fan's right leg fell, his arms had been smashed directly, and he was almost vulnerable.

Chapter 2782

The shrill scream resounded through the air, which made the other five people's hearts tremble.

However, the cry has not yet fallen, a knife light has passed his throat like lightning, so that his voice suddenly stopped.

The red blood bloomed like a sword, which made the whole void dead.

The young man who was watching was completely dull.

In a short period of time, it turned out that three of them were killed, which is almost unimaginable.

You know, the seven nine levels of the holy land are not the strongest among the nine levels, but they are also extremely strong.

Wang fan is also the Ninth level strength of holy land. Why is he so powerful?

The other four couldn't help but stop one after another, and the look in Wang Fan's eyes became dignified and scared. Even, there are two people's eyes, but also emerged a sense of fear.

"Don't you want to kill me? Why did you stop? Why, don't you still refuse to say who you are? If you don't, you'll die. "

Wang Fan looked at the four people who had stopped. With a cold smile and a flash of body shape, he killed them again.

He never knew or even met these people, but they wanted his life.

In that case, be ready to die.

Of course, if we can find out the identity of these people, it is naturally the best. But if you really can't find out, Wang fan doesn't care.

He believed that sooner or later he would know.

Four people didn't speak, just stare at Wang Fan, body aura crazy rampage, even some people are burning blood essence, crazy to meet up.

They are just servants, and they are not qualified to answer Wang Fan's questions. And the young master didn't say stop, even if they knew they were not opponents, they could only fight.

"It's hard to be stubborn, it's hard to measure yourself." Wang fan saw four people ushered in, a cold smile.

The shadow knife in his hand was raised again, and the endless sword was intended to condense in the air, and rolled up the towering momentum, sweeping toward the four people.

This time, Wang Fan didn't just wave the shadow knife, but showed a sword.

In mid air, the terrible Sabre force condensed into a whole, as if forming a bright light, and the speed reached the extreme.

The four only felt a flash in front of their eyes, even though two of them covered their necks and fell down.

Their bodies fell to the ground, their eyes wide open, and they couldn't close their eyes.

In their throat, the red blood is constantly flowing out, how can not block.

As for the other two, although they were not dead, there was a knife mark on their chest, deep bone visible.

They were beaten back, their faces turned pale.

When the young man saw this scene, his face finally changed, and fear appeared in his eyes.

"Stop him at all costs!" He no longer had the calm before, but roared wildly, and then ran towards the distance.

Obviously, he realized something was wrong and wanted to escape.

The injured two heard the youth's order, although some unwilling, but still carried out.

They resisted the pain of the injury, madly urged the aura in their bodies, and chose to explode without hesitation.

In the process of self explosion, their bodies rose to the sky, and they rushed to Wang Fan without death.

"Self explosion?" When Wang fan saw this scene, he felt awe inspiring.

Who are these people? Because of the young man's command, they chose to explode without hesitation.

Feeling the coming terrible storm, he didn't dare to hesitate a little. The space moved wildly. In a moment, he flashed for dozens of miles.

Boom boom!

Almost Wang Fan just flash away, the terrible explosion sound has been frantically spread.

Under the terrible storm, the earth was destroyed and began to collapse madly.

As for the trees, rocks and so on, it is the beginning of a violent smash.

Above the void, the aura storm is crazy burst, everything is like the end.

Wang Fan looked at this scene, his pupils couldn't help contracting violently.

The self explosion of the nine strong men in holy land is really terrible to the extreme.

Wang Fan did not look at the scene of the explosion, but coldly glanced at a certain direction.

In that direction, the young man is driving a spaceship and running madly, with strange speed.

This spaceship is obviously a good magic weapon. If he doesn't control the law of thunder and lightning and the magic of space, he may not be able to catch up.

But now, that young man wants to escape, it is a fool's dream.

Without hesitation, Wang Fan's body flickered, and endless lightning shrouded his whole body and chased him like electricity.

At this moment, he was completely bathed in thunder and lightning, just like a real Thor. On the spaceship, the young man saw Wang Fan coming from the thunder and lightning, and his face was even more pale as paper.

He didn't think that Wang Fan would be defeated, which was something he had never thought of before.

You know, Wang Fan came from the intermediate realm, and it hasn't been long since he stepped into heaven.

Wang Fan bathed in the light of thunder and lightning, and shuttled through the void like electricity. In a short time, he had caught up with the spaceship.

With a move of his right hand, he directly grabbed the shadow knife, lifted it up, pointed to the spaceship, and said coldly, "stop, or die!"

Looking at this scene, the young man's heart trembled wildly.

He wanted to continue to run wildly, but fear still made him stop.

"Don't kill me, don't kill me, as long as you don't kill me, I can meet any of your conditions, and even give you the imperial elixir."

The young man said in fear and walked out of the spaceship with fear in his eyes.

"The emperor's elixir?" Wang Fan's eyes and eyebrows pick. It seems that this guy's identity is really unusual.

You know, the emperor's elixir is the necessary elixir for the breakthrough from the holy land to the emperor's land. Not everyone can take it out.

"Yes, as long as you don't kill me, I can give you the imperial elixir." As if the youth saw the hope, he quickly nodded.

"Who are you and why do you want to kill me?" Wang Fan did not say whether he would answer the youth's request, but asked coldly.

"I'm from the Xia family. The master asked me to kill you in Yunqing city. I'm also under orders." Young people dare to hide a little, said quickly.

"The Xia family?" Wang Fan frowned, but he soon thought of the words that Mohan, the master of the three saints, had said to him.

The former Sansheng sect leader offended the Xia family. The Xia family not only pursued the former Sansheng sect leader, but also came to the intermediate level to kill the Sansheng sect disciples.

Wang Fan thought of this, it is a burst of anger, the so-called one person to do things when one person, the Xia family is somewhat overbearing.

"Yes, I'm a member of the Xia family. As you are a disciple of Sansheng sect, your master killed a legitimate member of the Xia family, so the young man nodded his head and said in fear.

Wang Fan listened to this, but he could not help a burst of anger.

He didn't expect that the reason why the Xia family killed the former leader and disciples of Sansheng sect was just because of this.

"Who are you and who are you in Xia's family? What's the matter with the master of Sansheng sect? Have you killed him? "

Wang Fanqiang held back his anger and asked.

Chapter 2783

"My name is Xia Qing. I'm just a minor collateral of the Xia family. As for your patriarch, he, he · "

when Xia Qing talked about the back, his tone was a little huff and puff, but he didn't dare to go on.

In front of Wang Fan, he did not dare to lie at all, because once Wang fan saw it, he would surely die.

"How is he?" Wang Fan eyebrows pick, cold asked.

"He, he was killed by our strong Xia family." Xia Qing's answer was trembling.

Boom!

As soon as he said this, Wang Fan suddenly showed a sense of killing, which was extremely violent.

At this moment, Wang Fan was really angry.

Rage!

The reason why he was angry was not that he was killed. After all, he didn't know the leader at all.

The reason why he was angry was that the former patriarch had been killed, and these people were still killing the Sansheng sect disciples. It was inhuman.

What does the Xia family want to do, Zhulian jiuzu?

Perhaps in the eyes of the Xia family, this is a normal thing.

After all, for the superior Xia family, sanshengzong was nothing more than a mole ant.

"What do you want to do? You can't kill me. I have already answered your question, and I didn't kill your patriarch."

"What's more, although I'm only a collateral of the Xia family, if I die, the Xia family will be angry and will never let you go."

Xia Qing feels Wang Fan's astonishing power. She is so scared that she trembles all over.

He was really afraid, afraid that Wang Fan would kill him.

"I can't kill you?" Wang Fan sneered, "I have said, you answered my question, I will let you go?"

"As for killing you, the Xia family won't let me go. If I don't kill you, the Xia family will let me go?"

"I haven't offended your Xia family, and I don't even know you, but you all want to kill me. In this case, go to die."

Wang Fan cold finish, right hand a move, shadow knife has appeared in the hand, immediately without hesitation toward Xia Qingjian in the past.

Xia Qing's face changed wildly, and her heart was a burst of despair.

He wanted to blow himself up, but sadly he found that he didn't even have the chance to blow himself up.

Hissing a, shadow knife from Xia Qing throat across, Xia Qing eyes open, straight toward the ground below fell down.

Die!

Wang Fan didn't look at the dead Xia Qing again, and didn't even touch his space ring and the spaceship.

He burned Xia Qing to ashes with a fire and left here immediately.

Xia family, he Wang Fan remember.

One day, he will definitely go to Xia's house.

Xuanyun city is as famous as Yunqing city.

Xuanyun City, Yunqing city and Wenyan city are all under the jurisdiction of Liuzhou city.

However, the holy land of Yunqing city is Yunqing academy, the holy land of Wenyan city is Wenyan mansion, and the holy land of Xuanyun city is Xia family.

Xia family has absolute status and authority in Xuanyun City, and is the real master of Xuanyun city.

In Xuanyun City, the Xia family is the king. No one dares to disobey the will of the Xia family.

At this moment, Xuanyun City, Xia family mansion, a maid who guards the soul card hurried out to the residence of an elder.

Because just now, Xia Qing's soul card was broken.

This means that Xia Qing is dead.

When the elder of Xia mansion knew this, he was immediately angry.

Without any hesitation, he directly sent the emperor to Yunqing city.

He wants to directly ask Yunqing Academy for help and investigate who killed Xia Qing and his party.

He would not believe that Wang Fan, who had just come to Tianyu, would have such strength.

As for important people, he believes that Yunqing academy will still give them face. After all, they are just unimportant students.

Originally, his Xia family just wanted to solve Wang Fan secretly. After all, it was only a small matter. But now, there was a collateral in the Xia family who died because of this, and the nature of it was immediately different.

...

Wang fan doesn't know what happened in the Xia family, let alone the fact that the Xia family has sent the strong emperor to Yunqing city.

At this time, he had found a more hidden place, opened the cave and drilled in.

After laying out layers of prohibitions, he took out all the immortal stones and the two superior immortal veins.

He didn't dare to have the slightest carelessness when he attacked the imperial realm, and he didn't want to be affected by such trifles as lack of aura.

After everything is ready, Wang Fan grabs out the immortal elixir, breathes deeply, and swallows it into his mouth.

Emperor Xiandan into the abdomen, immediately turned into a torrent, directly toward his four limbs and bones turbulent past.

Under the impact of this torrent, Wang Fan clearly realized that many small and obscure veins he didn't know started to dredge. Not only that, but also his empire barrier began to loosen slightly.

Aware of this scene, Wang Fan was shocked. Without any hesitation, he immediately began to absorb the surrounding immortal aura and began to impact.

The strong immortal spirit formed a whirlpool around Wang Fan, and soon wrapped his body completely.

In his body, those immortal spirits turned into a torrent of terror, and madly attacked the imperial barrier.

Boom!

With a loud noise, the barrier trembled, but it did not shatter.

Wang fan can't help but tremble and almost spit out a mouthful of blood.

Pain!

To the marrow!

Wang Fan's face became a little crazy. He continued to absorb those strong immortal aura crazily, and continued to gather the torrent of terror in the city.

However, the torrent is more rapid and fierce.

Boom!

Another impact, the barrier is still not broken, just shaking violently.

Wang Fan couldn't help but spit out a mouthful of blood, and his whole body almost fell down.

At the moment, he finally understood why it was so difficult to enter the imperial realm, and the emperor's elixir had to be used to attack the imperial realm.

Dixiandan is the elixir that can loosen the barrier of the imperial realm. The energy of dixiandan can greatly loosen the barrier of the imperial realm.

Even so, Wang Fan absorbed that terrible immortal spirit, formed a torrent of shock, and failed twice. It can be imagined that it would be difficult to break through the barrier without the elixir.

This is not the key. The most important thing is that every impact is like an explosion inside the body. It can be imagined that a careless person will directly explode and die.

Wang Fan did not give up, he is still crazy to absorb the aura around the fairy, crazy impact on that layer of barriers.

If he does not break the Empire, he will die without regret!

Boom boom!

Wang Fan in the madness, again and again the impact of that layer of barriers, but each time it is all

ended in failure.

At this time, his bones, his muscles and even his blood vessels have been broken, and even his internal organs have been affected.

But he was still biting his teeth, grimly twisted face, crazy impact again and again.

Finally, after the 12th impact, with a click, the barrier has been smashed.

Wang Fan also couldn't help spouting a mouthful of blood again, and the whole person fell to the ground in pain.

But just when he fell to the ground, a strange energy surged in and instantly recovered all the injuries on him.

At the same time, his elixir field is directly turned into Dan River, and began to devour the surrounding strong immortal aura.

"Have you finally broken through?" When Wang Fan noticed this scene, he was very happy.

However, his joy had just appeared, and the roaring sound had already come, and thunder came.

Chapter 2784

A big thunder disaster came from the air and fell directly on the cave where Wang Fan was. The sound of bang and clatter came out, and the cave was suddenly smashed by the bombardment.

The earth and rock collapsed and rolled down, as if to submerge Wang Fan.

The thunder robbery was even more overwhelming, directly penetrating the rolling earth and stone, falling on the forbidden system arranged by Wang Fan.

Wang Fan's ban was like a fragile tissue in front of the thunder robber. It was smashed in an instant, and it was vulnerable.

Wang fan is afraid of trembling. He dares to hesitate. He directly and crazily stimulates the aura in his body and mobilizes the lightning elements in the surrounding world.

The vast aura in his body is like an angry dragon, swimming between his bodies crazily, and countless lightning elements encircle his body.

At this time, the thunder has fallen on him.

There was a loud bang again. Wang Fan snorted. The whole person was taken out and his mouth was overflowing with blood.

All he felt was tingling and numbness, as if there were endless power and electric current roaring in his body, which was extremely uncomfortable.

However, he is crazily biting his teeth, crazily urging the aura in his body, the lightning elements in the surrounding heaven and earth, assimilating and absorbing the terrible energy of the thunder.

At the same time, he is also crazy with the help of the thunder.

In this kind of madness, soon, the first thunder robbery has been spent by Wang Fan.

However, Wang Fan was not allowed to take a breath at all. The second wave of thunder disaster had already come.

This time, there was not only one thunderbolt, but two.

The two thunder robberies fell into failure and turned into innumerable in an instant. They swept to Wang Fan crazily.

The roar came out again, Wang Fan's mouth gushed blood and fell back again, and the bones in his body broke up.

Wang fanmulu is crazy, biting his teeth. While absorbing the surrounding aura to repair the injury, he continues to absorb and refine the terror energy in the thunder robbery.

The sky clouds separated again, the third wave of thunder came, this time it was four.

Wang fan is almost desperate. Does this thunder robbery want to kill him?

When he first set foot in the holy land, although he also suffered from thunder robbery, the thunder robbery was nothing compared with the present thunder robbery.

Crackling sound spread out, four thunder robbers came down, turned into countless terror thunder snakes, crazy swept in Wang Fan.

Wang Fan's whole body was a little bit burnt black, and even the smell of scorching appeared on his body.

At this moment, his body not only aura in the crazy walk, washing the injury.

Even the strange golden energy, which had already been integrated into the blood, was automatically stripped out and began to swim madly in his body and repair the injury.

In this way, Wang Fan painstakingly support, pain and happiness.

But it's far from over.

Next, the fourth wave, the fifth wave, the Sixth Wave ·

when all the nine waves of thunder came, for a moment, Wang Fan's void seemed to be completely bathed in the world of thunder and lightning, and the crackling sound was constantly coming out, which made people tremble.

The terrible thunder snake seemed to destroy everything in this space, and it was extremely violent.

Some passers-by in this area are trembling when they see this scene.

What kind of thunder robbery is this? Is it too terrible?

Could it be that the top of the Empire broke through here and stepped into the realm of man and king?

It's just that it's obviously impossible.

How can there be a king of people in a small place like yunqingcheng? And it's not right. The thunder robbery of the king of people should be stronger than this?

Wang Fan didn't know that someone had noticed him. He didn't have the heart and time to pay attention. And even if he noticed, he didn't have time to pay attention.

At this time, his whole body has been scorched black, there is no human form.

His bones are broken again and again, and repaired again and again. The pain is beyond description.

If he hadn't had a firm mind and strong willpower, he would have been unable to bear the pain and fainted.

Nevertheless, he still felt that his consciousness was constantly falling into darkness.

I don't know how long later, at a certain moment, Wang Fan only felt a very comfortable feeling. When he looked up, he saw a huge nine color auspicious cloud.

That nine color auspicious cloud blooms bright light, just like the divine light generally falls on him, his injury, his aura, all started the crazy recovery.

Just for a moment, he had recovered as before, and his cultivation had reached the level of the Empire, and began to consolidate madly.

At this moment, his whole person was bathed in the nine color divine light, just like a God.

A terrible will of coercion came from him, which was the will of the emperor.

The onlookers trembled wildly when they saw the scene.

Nine color thunder rob, unexpectedly is legendary nine color thunder rob! In such a small place as Yunqingcheng, how could there be such an evil genius?

You know, the nine color thunder robbery only exists in the legend, and no one has ever seen it.

Let alone the little Yunqing City, even the whole empire and even the more vast central area, there was no such evil genius.

It is said that those who can arouse the nine colored thunder robbers will surely be able to set foot in the immortal position.

Immortal, what a legend is that?

Wang fan doesn't know what nine color thunder robbery means, and doesn't know what those people think.

He only knew that he had already set foot in the imperial realm and became a real emperor.

I don't know how long after that, the energy in the nine color auspicious clouds was completely absorbed and dissipated by him.

His strength was also consolidated in the imperial realm.

At this time, his Dantian was no longer Dantian, but turned into a Danhe.

Feeling the vast Danhe River and the terrifying aura contained in it, Wang Fan's mind trembled wildly.

Powerful. It's too powerful.

Holy Land and imperial land are hardly comparable.

He looked up into the distance. There were several people looking at him with shocked faces.

However, when those people felt his eyes, their hearts suddenly trembled, and then they clasped their fists slightly and went away quickly.

Although some of them were strong in the imperial realm, they obviously did not want to offend Wang Fan.

Wang Fan looked at the cave area where he was before, and saw that the area had completely become a mess.

His immortal stone, his immortal pulse, has been completely turned into fly ash, disappeared.

I don't know whether it was destroyed by thunder or completely absorbed by him.

Wang Fan some helplessly sighed a breath, after slightly tidied up a turn, then dodged to leave here.

Yunqing academy, a powerful group has arrived.

These people are from the Xia family of Xuanyun city. They set foot in Yunqing city for two things.

First, kill Wang Fan. Second, look for the killers who killed Xia Qing and others.

The leader of the Xia family was a strong man of three levels in the imperial realm. Although he was not the absolute core of the Xia family, he also had some discourse power.

When Yunqing academy learned that the Xia family was strong, a teacher level person personally received them.

His name is Mo Xi. He is the teacher of Nanyuan.

"I don't know what happened when brother Xia came to Yunqing Academy? If my school can help, I won't refuse. "

A hall, Mo Xi looked at the Xia family, said politely.

The leader of the Xia family is Xia Zhong. After hearing Mo Xi's voice, he said with a smile,

"if you dare to disturb me, please forgive me. Today, Xia came here just for one thing. He wanted to ask Yunqing Academy for one person. "

Chapter 2785

"Important people?" Mo Xi eyebrows a pick, "want who?"

"This year's new student, Wang Fan." Xia Zhong didn't hide, "he is a disciple of sanshengzong in the intermediate level, and brother Mo must be aware of the gratitude and resentment between sanshengzong and our Xia family, so he didn't go on with the following words. He believes that Mo Xi understands what he means.

When sanshengzong took office, he killed his Xia family nephew. At the beginning, there was a lot of noise. All the cities nearby knew about it.

Because the master of sanshengzong was not a nephew of Xia family, but a legitimate son who was highly valued by the master.

When Mo Xi heard Xia Zhong's words, he immediately understood what Xia Zhong meant.

Xia Zhong wants to take Wang Fan and kill him.

The smile on Mo Xi's face disappeared with a trace of coldness.

"Xia Zhong, the so-called misfortune is not as good as his relatives, let alone his disciples. Don't you think it's too much for the Xia family to do so? "

"Of course, I'm not qualified to manage what you do in the Xia family. I'll also care about it. It's your Xia family's business."

"But now Wang fan is a disciple of Yunqing Academy. Now you come to Yunqing academy to kill him. What do you think of Yunqing academy as?"

"If I hand over Wang Fan to Yunqing academy and ask you to kill him, wouldn't it be chilling? What qualifications does Yunqing academy have to call it the holy land of Yunqing city? Who dares to enter Yunqing academy to practice

Mo Xi's voice is extremely cold, and his heart is filled with extreme anger.

He is a good teacher of Nanyuan, and Wang fan is a good student of Nanyuan. But anyway, Wang fan is a student of Yunqing Academy.

What is it that Yunqing academy hands over the students to others to kill them?

Don't mention that Wang Fan has shown his amazing talent. He is the peerless evil genius of Yunqing Academy. Even if Wang Fan was just an ordinary disciple, they would not make friends at Yunqing Academy.

Xia Zhong did not expect that Mo Xi's reaction would be so big, and his face immediately became ugly.

He stood up directly, and his voice became cold. "So, you Yunqing academy don't want to hand over people?"

With just a few words of dialogue, the atmosphere of harmony between the two sides has been swept away.

"Yes." Mo Xi could not resist the anger in his heart. He only said one word, but he was so firm.

Who are you?

How is that possible?

What a joke!

If it wasn't for the existence of the Xia family, he would have called Xia zhonggun directly.

"Good." Xia Zhong also said only one word, then coldly looked at Mo Xi, turned and left, and the rest of the Xia family followed.

Looking at their faces, it's not going to end there.

Mo Xi coldly looks at the back of Xia Zhong and his party, clenching his fists and feeling angry. He wants to kill the important people in Yunqing academy, which is really overbearing.

Xia Zhong was also upset and angry.

At least their Xia family is not inferior to Yunqing Academy. They just come here to get a freshman, and they come from the middle-level frontier.

Yunqing academy didn't even give this face. He didn't even think of it.

But Xia Zhong didn't think how arrogant and ridiculous he was. What did they regard Yunqing academy as?

After Xia Zhong and his party left, Mo Xi also left the main hall. Naturally, he was going to talk to the palace master about this.

...

Wang Fan didn't know what happened in Yunqing academy, and he was rushing back to Yunqing Academy.

He has no money now. Naturally, he has to go back to the school first, and then try to get some immortal stones.

No matter where you are, you can't move without money. It's the same in the secular world, and it's the same here.

Wang Fan soon stepped into Yunqing City, but before he had time to enter the Academy, a voice suddenly came into his ear, "elder martial brother Wang Fan."

Wang Fan turned around and saw Xia Li, Gai Teng and three students of Beiyuan who he could not name.

After that day's practice, Xia Li and Gaiteng had no more hostility to Wang Fan. On the contrary, they had only gratitude and respect.

Not only they, but also the students in the imperial realm of Beiyuan have absolute respect for Wang Fan.

"Why are you here?" Wang Fan asked with a smile. Although he didn't like Xia Li very much, he didn't need to hit other people's smile.

What's more, now that he has set foot in the realm of the emperor, there is no need to worry about the unpleasant things.

"Elder martial brother Wang Fan, Miss Lin is celebrating her birthday today. The master of the Lin family has a big feast for the younger generation Tianjiao, so we are going to join in the fun."

Said, Xia Li also a face cheap smile close to Wang Fan, "that Lin's eldest daughter, not only strength talent is extremely outstanding, but also skin white beauty, is our Yunqing city famous beauty, have interest to see together?" The black line on Wang Fan's face, is he that kind of person?

However, he has some doubts, "what does the Lin family host do for the younger generation on their birthday?"

"Shouldn't it be Miss Lin's banquet? Besides, what level of influence is the Lin family? Is it very strong? "

"Very strong." Xia Li nodded, "it's a very strong family in Yunqing City, with a strong foundation."

With that, his face again showed a cheap smile, "it is said that because of Miss Lin's height, she is still single."

"This is the only woman under the master Lin's knee. He wanted her to get married soon, so he personally invited Tianjiao from all sides to see if anyone could be liked by Miss Lin."

"Moreover, master Lin also said that if you perform well at the banquet, you can get a lot of rewards. It is said that among the visitors invited this time, there are many other city's pride. "

"Elder martial brother Wang Fan, with your talent and strength, you have a great chance to get the beauty back. At that time, the rich industry of the Lin family will be yours. "

Xia Li's voice is getting smaller and smaller, but her smile is getting cheaper and cheaper.

Wang Fan listened to this, and then looked at the face of Xia Li, it was a black line.

He really wanted to slap it.

He some speechless said, "Xia Li, you don't joke, I'm not that kind of person, also don't have that mind."

"However, since there are rich rewards, it's OK to go and have a look. It happens that I'm a little short of money recently."

Wang Fan's face is very serious, but also said the truth.

He is really not interested in that Miss Lin family, and has no heart to appreciate the beauty.

Just because he heard the rich reward, he is really a little poor now, so he wants to see it.

But Xia Li didn't think so. His look at Wang Fan even showed disdain.

Pretend, continue to pretend, this serious expression, even he almost believed.

Not that kind of person, not that kind of mind? Then why are the beauties like Su Luoyan and Qingxuan willing to follow Wang Fan.

Of course, Xia Li did not dare to say that.

The party soon walked towards a certain direction of Yunqing city. Lin Fu was in that direction.

Half an hour later, they came to a huge and magnificent mansion. It was Lin's mansion.

Just looking at the mansion, you can see that its owner must be different.

At the moment, there is an endless stream of people coming at the gate of the huge mansion, most of them are outstanding young people.

Chapter 2786

These young people are all in high spirits with red eyes.

What Wang fan saw was a speechless animal. It was a group of animals.

Of course, in addition to youth, there are also some white and beautiful family members.

The temperament of those aristocratic families is also extremely extraordinary, noble, cool, charming, delicate, all kinds of.

Such a grand event, even if the protagonist is Lin Fu Qian Jin, they will not miss it.

Moreover, they are all local people in Yunqing City, and their status is extraordinary. Naturally, the Lin family leader will not drive out people.

The maid of the forest house was greeting the people who came to the forest house, with a respectful smile on her face.

Xia Li and others were excited when they looked at those aristocratic families, and their saliva was about to flow out.

Wang Fan was speechless when he looked at the scene.

He is really ashamed to be with these people. If it wasn't for xianlingshi, he really wanted to turn around and leave.

"Look, yunrou is here."

At this time, a sudden voice suddenly sounded, Wang Fan turned to see, immediately saw three beautiful women in white.

The woman in the middle has the most outstanding temperament, with a shallow smile on her face, which makes people feel very gentle.

Although the two women around her were also very good, they were a little pale compared with her.

"That, that is Muqiu of Mufu."

Another voice came abruptly, and several women came from a distance.

This time, there were four women.

One of the women was wearing a purple skirt and a phoenix crown. Her temperament was extremely noble, and her appearance was not inferior to that of yunrou.

But her body is full of a faint sense of pride, Lianbu light move between squint, as if to ignore the existence of everyone around.

Obviously, she is mu Qiu.

"That, that's Duan Xue of Duan family."

Another cry of surprise suddenly came out. Almost at the moment when the cry of surprise came out, it seemed that the temperature of the whole space suddenly began to drop, making people feel like falling into the ice cellar.

Wang Fan turned his head and saw a woman in white walking over from a distance.

She is not only better dressed in white than snow, but even her hair is white, and her body is full of cold breath.

Beside her, there was only one person, and a young man.

Young people are handsome and elegant, and they are also extraordinary.

"It's cold. It's cold."

"It's just like the proud snow and the cold plum. I dare not approach it."

Looking at this figure, countless people sigh.

Wang Fan's eyes are also the emergence of a strange color.

A woman with such a temperament also comes to join in the fun? It's a real shame.

"Yunrou, Muqiu, duanxue, I didn't expect that they all came." Xia Li was even more excited and didn't speak very quickly.

Wang Fan looked at him scornfully and said, "go in."

"Good." Xia Li returned to his senses and nodded quickly.

They walked towards the gate of the forest house, but before they entered the gate, a voice of surprise suddenly came, "Wang Fan, you're here, too."

Wang Fan turned his head and immediately saw an acquaintance.

Yueru.

Today's Yueru is dressed in a red robe, just like before, still enthusiastic.

Her face put on light makeup, make originally beautiful and charming she, more charming and charming.

And her hair has been high up, the whole person has a mature noble temperament.

Wang Fan looks at Yueru and almost thinks he's wrong.

Is this the Yueru he knew?

He blinked, "sister Yueru, how can you be here?"

"You can come, why can't I?" While Yueru was talking, she also glanced at Xia Li and others,

"I didn't expect you to get together. Men really don't have a good thing."

Wang Fan listened to this, some unhappy, "Yueru Xuejie, you make a mistake, I'm not the kind of person you imagine."

"Not the kind of person I imagined?" Yueru despised her very much. "Then tell me, what are you doing here? Don't say that you know Lin Yiyi. "

Lin Yiyi, of course, is the daughter of Lin Fu.

Wang Fan opened his mouth and didn't know how to answer.

He can't say that he's poor. He just wants to earn some rewards here, right?

"All right, all of you are here. Let's go in together. Don't worry. I won't tell younger martial sister Luoyan and younger martial sister Qingxuan about this. "

Wang fan is about to cry.

This misunderstanding is really big.

What depressed him most was that he didn't want to be Lin Fu's son-in-law. Even if he did, did it have anything to do with Qingxuan? Ah, I really want to explain it, but I can't explain it clearly.

Wang fan is very simple to get rid of the Xia Li and others, directly followed the month Ru into the forest house.

Xia Li and his party looked at the scene and despised it.

This guy, he's really hot on color and light on friends.

You know, they brought Wang Fan here. But after seeing Yueru, Wang Fan dumped them.

How shameless!

A group of people soon entered the forest house. From the outside, the forest house was magnificent enough, and even more so inside.

Pavilions and white jade buildings are full of luxury atmosphere.

Rockery waterfall, grass lake, but also for the entire manor are decorated with a lot of color, like fairyland.

If this is put in the past, put in the secular, Wang fan is afraid can't help but scold the dog big family.

On the ground, there is a fire red carpet, and the carpet is obviously new, extending from the entrance of the forest house to the inside, I don't know where to go.

Wang Fan and his party walked along the carpet while enjoying the surrounding scenery.

"Well, isn't Lin's house very good?" Yue Ru looks at Wang Fan and asks with a smile.

Wang Fan nodded, "it's really good."

Looking at Yueru beside him and Yingyan around him, Wang Fan thought of his secular life and seemed to return to the past.

I miss you so much!

"Do you have any idea of joining the redundant Lin family? If you can join the redundant Lin family, all these things will be yours in the future." Yue Ru asked again.

"What's in it?" Wang fan is the black line of a face simply, "what are you thinking? What kind of person am I? "

"Yes." Yueru nodded seriously.

Wang Fan turned his head. He didn't want to talk.

When some young people around see this scene, they can't help but feel some consternation.

When did you get so close to a man? Who is this man?

Some people even have jealousy in their eyes.

Like the Lin family, the Yue family is a great family in Yunqing City, and Yueru is the daughter of the Yue family. So she not only pursues a lot in Yunqing academy, but also in Yunqing city.

Wang fan doesn't know what those young people think. He has come to a huge square while chatting with Yueru.

This square, at the moment, has been set up as a banquet venue. Countless young beauties have gathered here, and some people have even begun to talk.

Among them, the beautiful maids in the forest house are carrying delicious food and wine, constantly shuttling, a scene of happiness.

Chapter 2787

Wang Fan and his party went to a seat and sat down. Then they began to drink and talk.

In the banquet field, many young people's arrogant eyes have fallen on those aristocratic families, and some people have already started to take action.

After all, although today's Lin family is the leading role, the other family members are also very attractive. Even if they can't be Taoist lovers, it seems good to be friends.

What's more, this kind of gathering is rare. It's a good thing to get to know some contemporaries.

Some Tianjiao in those aristocratic family in front of the wall, there are also some Tianjiao is successful, and the beautiful started a conversation.

However, Wang Fan noticed that Yunrou, Muqiu and Duan Xue, whom he had seen before, met the three girls the most, but none of them succeeded in arousing their interest.

Especially in that period of snow, the young Tianjiao who went to chat with him was ignored by him and directly retreated.

Wang Fan looked at this scene and felt more and more interesting.

This scene is really familiar.

Xia Li and his party were also eager to try when they saw the family members present.

After all, they don't come here to drink.

Especially looking at Wang Fan and Yueru, who are chatting and laughing beside them, they all feel very hurt, it's too shocking.

Xia Li and his party soon went to some aristocratic families. Of course, they didn't go to Yunrou, Muqiu and Duan Xue.

Obviously, they also know that it's no fun to find those three people.

I have to say that although Xia Li's character is not very good, he still has some means.

I saw that he soon came to a small family in front of a daughter, just a few minutes later, they began to talk and laugh.

Wang Fan looked at this scene, it is a little dumbfounded.

This is really a secular sentence, men are not bad, women do not love ah.

Some of them were not so lucky. They accosted several Qianjin in a row, but they were all declined.

In the end, even they were embarrassed to continue to chat up other talents. Instead, they sat down with several young people who were also frustrated. A group of frustrated guys comforted each other.

Wang Fan looks at this scene, the corner of his mouth expands a touch of radian.

He wanted to laugh, but he held back.

Just then, suddenly, a young man came to him.

Wang Fan turned to see that the young man was wearing a blue shirt. He was very handsome and had extraordinary temperament.

There was a faint smile on the corner of his mouth, and his eyes fell on Yueru beside Wang Fan. He was neither hot nor cold, just right.

As for Wang Fan, this young man is directly ignored, it seems that there is no existence at all.

Looking at the young man coming, Wang Fan smiles. He looks at Yueru and says, "it seems that your charm is not small. Do you want me to let you go?"

Yue Ru listens to this words, beautiful Mou can't help but white Wang Fan one eye, "do you say?"

At this time, the young man had already come to the front of the two people, to be exact, he went to Yueru and nodded slightly, "I'm in Xiahan. I don't know if I can make a friend."

He appeared to be a great gentleman with good manners.

Yueru, one of the most dazzling women present, is no inferior to Yunrou, Muqiu and Duanxue.

Even her charming style and enchanting posture are more attractive than the three girls.

Cold summer?

Wang Fan listened to the name, but his brow couldn't help wrinkling.

Xia? Is he also a member of the Xia family in Xuanyun city?

Wang Fan, however, heard from Xia Li that many Tianjiao from outside the city came to Lin's Qianjin's birthday party.

Of course, although Xia Li was also surnamed Xia, he was not a member of the Xia family. Wang Fan already knew that.

"I'm sorry." Yue Ru hears Xia Han's chatting up, her eyes sweep Wang Fan's eye, then she nods slightly and says apologetically.

Although her tone is gentle, her meaning is obvious.

With Wang Fan, she doesn't want to make friends with Xia Han.

Xia Han didn't get angry, but said again, "I'm a member of the Xia family in Xuanyun city."

He still keeps his demeanor, but when he talks about the Xia family, his eyes twinkle with pride.

Obviously, the Xia family's background, even in all the conceits on the scene, is very strong.

Yue Ru still shook her head apologetically, "sorry."

Xia Han didn't say anything more. Instead, he took a deep look at Yueru and swept Wang Fan. Then he turned and left.

Wang Fan clearly felt that in the eyes of Xia Han who swept to him, there was a chance to kill.

This makes him a little confused. Does Xia Han come here to know his identity and deliberately aim at him, or just want to chat up Yueru?

"Did Xia Han fail?"

"No, that woman's vision is so high that she even refuses Xia Han?" "Does she not know the identity of Xia Han?"

"Is it because of the man beside her?"

Not far away, a group of young people with extraordinary temperament also pay attention to this side. When they see Xia Han hit the wall, they can't help being shocked.

You know, Xia Han can definitely be ranked in the top three of all the conceits, whether it's talent, strength, temperament, appearance or family background.

But even so, he met a wall in Yueru, which is almost incredible.

Wang Fan looks at Xia Han's back, but his eyes can't help squinting. Xia Han is really a member of the Xia family, which is interesting.

Yueru seems to know some of the grudges between sanshengzong and Xia family. She looks at Wang Fan and says in a low voice, "Xia Han is one of the most outstanding descendants of Xia family. Her

talent can definitely be ranked in the top five. Now her cultivation has reached the realm of the emperor. Don't provoke him."

She had seen Wang Fan's pride and arrogance with her own eyes.

At the beginning, when Wang Fan stepped on Luo Chong in the north courtyard, a student from the imperial realm of the South courtyard provoked Wang Fan. Wang Fan was not polite at all.

At the moment, Yueru is afraid that Wang Fan will make trouble with Xia Han, which will not end well.

No matter how strong or evil Wang fan is, after all, he is only a holy land. How can he be the opponent of the emperor? What's more, Xia Han is not an ordinary imperial realm.

"Emperor realm?" Wang Fan murmured, then nodded and said with a smile, "I know."

"Just know." Yue Ru heard this, a little relieved, but still a little uneasy, "or, let's leave here and go back to the college?"

Wang Fan looked at Yue Ru with a speechless face, "the protagonist hasn't come yet, how can I leave? What's more, I haven't had enough."

Hearing this, Yueru became speechless.

She is thinking in her heart, is it possible that Wang Fan really has an idea for Lin Yiyi?

"Look, master Lin and Miss Lin are here."

At this moment, a voice suddenly came, and then everyone saw that the group of people came towards this side.

The first two men are a man and a woman. The man is nearly middle-aged, dignified, with a trace of the upper breath.

Women are very young and beautiful, but the face is not very good-looking, it seems that some uncomfortable.

Obviously, these two people are the master of Lin's family and Miss Lin's family. As for the people behind them, naturally, they are the family members of the Lin family.

The master of the Lin family soon took Lin Yiyi to a high platform in the middle. He looked at the crowd and said with a smile,

"it's a great honor for you to come to our Lin house for Miss Lin's birthday. I hope you can have a good time today."

"Of course, you are all young people. If anyone is willing to show his talent, I will be more happy. If you do well, you will be rewarded."

This master of Lin's family, for his daughter's sake, even said this in front of a group of young people. It's hard for him.

Obviously, he has broken his heart about the only daughter's life. Otherwise, how can he accompany a group of younger generations and ask them to show their strength and talent?

Chapter 2788

"Uncle Lin, you're welcome." All of them got up one after another and responded with fists, showing their due courtesy.

In any case, the master of the Lin family is an elder. Naturally, a group of younger generations should respect him.

"Sit down, no need to be polite, no need to be restrained." The master of the Lin family nodded with a smile, then waved his hand, "good wine and good food."

With his voice, many beautiful maids immediately came forward and offered good food and wine for each table.

Wang Fan poured a glass of wine and sipped it gently. He couldn't help praising the wine.

This wine is obviously brewed from the best fairy fruit. It not only tastes pure and beautiful, but also contains rich Fairy Spirit and Taoist flavor.

He couldn't help sighing in his heart that a big family is a big family, and the inside information is profound. He even entertained guests with this kind of wine.

This is just the big family of Yunqing city. If those more prosperous families in the main city, wouldn't the inside information be more terrible?

"Uncle Lin, today is Miss Lin's birthday. I happen to be good at piano music. I'd like to play a song to celebrate Miss Lin's birthday."

At a certain moment, a young man with extraordinary temperament got up slowly and said to the master of the Lin family.

Obviously, he's going to be the first to show himself.

"Good." Lin's eyes brightened and he nodded with a smile.

The young man stepped forward and went directly to the high platform in the middle. He was graceful and outstanding.

With a wave of his right hand, a Guqin already appeared on the high platform. Then, with his hands plucking the strings, the melodious sound immediately rang out.

The music is long and contains a cheerful atmosphere, which is very beautiful.

Under the melodious music, the atmosphere of the scene is more cheerful and enthusiastic.

Some aristocratic families feel the music mood, and even can't help stepping on the stage and dancing.

In a flash, on the high platform, YingGeYanWu, formed a very beautiful picture.

Wang Fan's eyes could not help falling on the high platform, enjoying the scene.

It seems that he hasn't been so relaxed for a long time, let alone enjoyed the beautiful scenery.

Seeing Wang Fan's expression, Yueru could not help but despise him and said in a low voice, "how come all the souls are gone?"

In a word, the beautiful artistic conception was destroyed immediately, and Wang Fan almost had the impulse to beat people. This woman, on purpose?

At the end of the song, the young people and those aristocratic families withdrew, but the Lin family leader couldn't help clapping and laughing, "it's good, it's good, everyone will enjoy two thousand high-quality immortal stones."

"Yes." With his voice down, immediately a maid came out and sent the top grade immortal stone to those people.

Wang Fan looked at this scene, eyes are about to kick out.

How can you be so generous? It's really rich.

Just as Wang Fan sighed, with a whoosh, a young man had already landed on the high platform.

First, he bowed slightly to the master of the Lin family. Then he looked at the rest of the young people and said in a loud voice,

"in lower fan Hao, the eighth floor of the holy land, I don't know which Tianjiao of the same realm can join us to celebrate Miss Lin's birthday?"

Although the words are nice, they are obviously challenging.

As soon as his voice fell, a monk on the eighth floor of the holy land had followed him out, and soon they started a war.

Next, there were all kinds of wonderful battles, but the most outstanding Tianjiao didn't show up.

In this regard, the master of the Lin family only gave a symbolic reward to several winners, but not everyone gave a reward.

At one moment, with the sign of the Lin family, a young man stepped on the stage and said with a smile,

"it's rare that so many proud people get together. Why don't we start a competition among all of us."

"The contest is divided into two levels, the battle of Holy Land and the battle of emperor's land. We will divide the battle of each level into three levels. What do you think?"

"Of course, if you don't want to participate, you can choose to give up."

With the voice of the young man, the eyes of all the people under the stage became bright. Especially those conceited and powerful Tianjiao, the eyes are hot.

"I think so."

"I think so, too."

A lot of people are responding.

After all, they are here today just to show themselves, and it is obviously a good opportunity for the youth to put forward this kind of contest.

Hearing that most of the people agreed with him, the master of the Lin family stood up and said with a smile, "it's rare that everyone is so interested. As the master of the Lin family, I can't be too stingy, so I'll give you some more color."

"In the battle of the holy land, the first prize is 100000 high-quality immortal stones, the second prize is 50000, the third prize is 30000, and the fourth to the tenth prize is 10000."

"As for the imperial realm, the first place is 200000, the second is 100000, the third is 50000, the fourth to the tenth is 30000. What do you think?"

"Of course, if there are outstanding people who are interested in little girls, they can also put forward it. Maybe I will agree."When it comes to the last sentence, master Lin is half serious and half joking.

As the protagonist Lin Yiyi listen to this, the discomfort in the eyes is more and more strong, but did not

say anything.

Wang fan is a little speechless, secretly scolding the master of the Lin family. At the same time, he is also thinking about how much he wants to marry his daughter.

As the saying goes, women don't stay. This old man is so good that he is in a hurry to push his only daughter out.

"Good."

"Uncle Lin is so polite."

"Thank you, uncle Lin."

And listen to Lin's words, countless young people are responding, obviously very satisfied with Lin's extravagance.

"In that case, let's start with the battle of holy land. Because my strength is relatively low, I will not take part in the battle and have the courage to be a host. "

"The challenge rule is very simple. One on one, the winner goes to the next round, and the loser is eliminated until the top three is decided. Of course, every loser has a chance to challenge the top ten. "

"But since it's Miss Lin's birthday today, I hope you'll stop by and not kill anyone."

The young man, who came to the stage to fight with the Lin family leader, saw that everyone agreed and said.

Then, seeing that no one had any objection, he directly asked, "Dear Tianjiao, who would like to come to the first battle?"

"Me A young man joined in and flew directly to the platform. He said in a loud voice, "Xing Feng, the ninth floor of holy land, please give me your advice."

Obviously, this is another guy who was paid by the owner of the Lin family.

Otherwise, how can he play in the first game, or even the opponent does not know who it is.

You know, the first appearance is very bad, others can choose whether to play or not according to your strength.

Of course, no one knows you unless you're not well-known.

As soon as Xing Feng stepped on the platform, a figure fell down. The man turned out to be Xia Li.

"Xiali, the holy land of nine levels." Xia Li also arched his hand and said that the two sides immediately started a war.

There was no accident. In the end, Xia Li won.

After all, although he is not as good as Wang Fan, he is just not as good as Wang Fan.

Anyway, he is also a student of Yunqing Academy. In the same situation, few people who are not as powerful as yunqingxue palace can defeat him.

Next, the battle was much more wonderful, and many people began to fight on the stage.

Wang Fan even saw an acquaintance.

Yunqing academy, once ranked second in the list, is yunwudi.

He didn't expect this guy to join in the fun.

Chapter 2789

Although Yun Wudi was defeated in his hands, he was still defeated in an almost humiliating way, but it does not mean that Yun Wudi is not strong.

His appearance is extremely amazing, the hand is thunder sword, the opponent did not even have time to respond, the sharp sword point has pointed to the other party's throat.

The fighting power of the two sides is not at the same level at all. Yunwudi's hand has already stunned the whole court.

"Who is he?"

"You don't even know him? The clouds are invincible

"Cloud invincible, cloud invincible of Yunqing academy, the second in the list?"

"No, no, he's in third place now."

Looking at the amazing cloud invincible, the scene broke out a startling discussion.

Obviously, although many people have never seen Yun Wudi, he is still very famous.

After all, Yunqing academy is an evil and the second most terrible place on the list. How can the younger generation not know?

Wang Fan also looked at Yun Wudi with great interest, but his heart was thinking, is it possible that Yun Wudi is also interested in Miss Lin?

After winning a battle, Yun Wudi directly flashed off the battlefield, ignoring the comments of those around him, and seemed extremely proud.

The battle of holy land is still going on fiercely, and Wang Fan has seen many figures with good fighting power. But it's just good.

Seeing that the first round of the battle of the holy land was coming to an end, Yueru looked at Wang Fan with a smile and asked, "don't you go for such a show?"

"No Wang Fan shook his head, very direct.

Now that he is a strong emperor, wouldn't it be a shame to fight with these holy places?

What's more, Lin's office has made such a big battle. Wang Fan has no intention to show himself.

He had no interest in Miss Lin Fu at all, and the reward was not very generous. He had given up the idea of fighting.

Otherwise, it would be very troublesome for an excellent person like him to be liked by Miss Lin.

"Really not?" Yueru has some doubts.

It's not like Wang Fan's style. The most important thing is, if Wang fan doesn't have the idea to do something, what's his purpose here?

This time, Wang Fan did not answer, just shook his head.

In this way, the first round soon ended, and the battle of Holy Land entered the second round.

Xia Li, Gai Teng, Yun Wudi and other members of Yunqing academy all entered the second round without any suspense.

As a holy place of practice in Yunqing City, Yunqing school palace naturally does not have a false name. Where can ordinary young people's arrogance and the same realm be their rivals?

Only Xia family and Wenyan family, who are as famous as Yunqing academy, have been able to fight the first World War.

"Yunqing academy is worthy of being the holy land of Yunqing City, and its students are really powerful. In the first round, there were six players, all of whom were shortlisted for the next round. It's so strong."
"

"That is, if it's not strong, it's still the holy land of practice. It's a pity that I don't have enough talent to practice in the palace. "

Many people are also praising the power of Yunqing academy and the power of Yunwudi Xiali group.

When Xia Li and his party heard these comments, they were naturally very happy. The frustration of being rejected in the previous chat up was also swept away.

There were more than 100 people in the first round. After the end of the first round, there were only more than 50 left and half eliminated.

Next, the second round starts, and the rules are the same as before. It's still a two-way elimination.

The fighting is still very fierce, everyone is watching with relish, enthusiasm.

But Wang fan is a bit sleepy, if not now is not suitable to leave, he would like to leave.

After all, it's really boring to see these people fighting in his realm.

When another young man fell on the platform, Wang Fan finally had some spirit.

Because this person is a member of Yunqing academy, who was with Xia Li before.

However, as soon as this person jumped on the platform, a young man fell on the platform with the same speed, almost in any order.

Seeing this scene, everyone couldn't help but be stunned at first, and then their eyes became playful.

Obviously, the young people who came on the stage after that have been staring at this man, otherwise they would not jump onto the stage so soon.

"Zhang Yun of Yunqing academy, the summer family is cold in summer. It's a little interesting."

"Their collision will be wonderful."

"Hey, hey, are they going to collide now?"

Countless people are looking forward to the war.

"I've heard for a long time that Yunqingxue palace is the holy place for practicing in Yunqingcheng. I'm not talented, but I want to ask for advice." Xia Leng, as his name is, is extremely arrogant, and his eyes are full of invincibility.

"Please." Zhang Yun didn't talk much, just a word, the whole body momentum is already beginning to bloom, the whole body aura cohesion.

Xia Leng glances at Zhang Yun scornfully, and his figure suddenly flashes. The whole person is like a sharp sword cutting through the sky, directly towards Zhang Yun. Fast, fast to the extreme, fast to the naked eye can not see his real body, but can only see the shadow.

His body that terrible momentum, is like a storm, crazy rush to Zhang Yun.

Zhang Yun's face changed greatly. He murmured, and his aura went wild, forming armor defenses on his body surface.

At the same time, he clenched his right fist tightly, and the spirit of terror enveloped his fist body and blasted forward crazily.

Almost his fist just burst out, Xia Leng's sword like figure had already rushed in front of him, and his right hand also became a fist, and he didn't have the slightest taboo to fight.

Bang!

There was a loud noise, a short silence, and then in a clattering sound, the armor defense condensed by Zhang Yun began to disintegrate.

The corner of Xia Leng's mouth is to emerge to put on a sneer, the footstep steps before again, the fist descends a mistake, then directly blew to his chest.

Another low voice, Zhang Yun issued a stuffy hum, the whole person was directly blasted up, toward the stage, the blood in the mouth, can't help but began to spray.

One punch, Zhang Yunbai, second kill!

Looking at this scene, the surrounding space fell into a brief silence.

No one thought that it would be such a result.

Zhang Yun, a genius of Yunqing academy, has no power to fight against Xia Leng.

"The students of Yunqing academy are just like that." Xia Leng is a cold and arrogant glance at the fallen Zhang Yun, turns around and goes away.

There was only contempt and disdain in his cold eyes.

If it had not been for Lin's house and Yunqing City, he would have been cruel. How could Zhang Yun have been injured?

"Zhang Yun."

"Zhang Yun."

When Xia Li and his party saw this scene, their faces were extremely ugly.

This is an insult, not only to them, but also to Yunqing Academy.

On the other side, Yun Wudi's face was slightly cold. But when he saw Wang Fanzhi sitting in front of Yueru, the coldness in his eyes dispersed a lot.

Wang Fan's eyes can't help but squint slightly. This guy seems to be picking things up.

"Ha ha, you are all here today to celebrate your little girl's birthday. Don't hurt your friendship for small things."

"Xia Leng, it's just a duel. Don't make verbal attacks, or I'll deprive you of your qualification."

Lin Jia Zhu saw this scene, quickly got up, half seriously half jokingly said.

Chapter 2790

The fighting is still going on, it is still very fierce.

However, when another student of Yunqing academy came to the stage, he was targeted by people from Wenyan Prefecture.

The student of Yunqing Academy was also with Xia Li, named Zhao Xun, and Wen Yanfu was named Wen Yanping.

Wen Yanping, like Xia Leng before him, is extremely violent and overbearing. With just one blow, he has already sent Zhao Xun to the stage. He is also defeated in seconds, and is still seriously injured.

But maybe it's because of what master Lin said before. After hearing that Yanping defeated Zhao Xun in seconds, he didn't say much.

He just glanced at Zhao Xun lying on the ground with contempt and jumped off the platform.

This time the defeat, Xia Li and his party's face more ugly, it is difficult to see the extreme.

Don't say it's them, even Yueru's delicate pretty face is angry.

It's just a duel. You can win. What are you doing so hard? It's obviously aimed at you.

Other people naturally feel unusual, most of the eyes, are the emergence of anger.

After all, this is Yunqing City, and Lin's family is also Yunqing city. Most of the people who come here to attend the banquet are Tianjiao of Yunqing city.

Now, the students of Yunqing academy, the holy land of practice, are treated with such humiliation. It's strange that they are not angry.

The battle continued. Sure enough, when another student of Yunqing academy stepped on the stage, he was once again targeted by Wenyan mansion and Xia family.

Wen Yanyu, another member of Wen Yanfu's family, and Xia Cheng, another member of the Xia family, almost fell on the battlefield at the same time.

This scene made everyone's expression very wonderful.

The summer hedgerow and the vine are very green.

On the platform, Xia Cheng took a look at Wen Yanyu. Without saying a word, he jumped down from the platform.

Wen Yanyu fought against the student of Yunqing academy, but there was no suspense about the result. The student of Yunqing Academy was defeated, but he was still killed and seriously injured.

It's more than a miserable word.

In fact, it can be understood that although the Yunqing academy is full of pride, its combat power is also divided into three, six and nine levels.

That person is just a student of North University. How strong can he be?

What's more, Wen Yanyu, his opponent, is the pride of the descendants of Wen Yanfu. Even in the whole Wenyan Prefecture, they can rank in the top ten.

At this time, as long as they are not fools, they have realized that the Xia family and Wen Yan house are all aiming at Yunqing Academy.

In the first round, the students of Yunqing Academy were so amazing that they were all shortlisted and praised by everyone.

But now, before the end of the second round, three people were swept down.

Relatively speaking, this is a kind of irony.

However, who can say what if he is defeated on the battlefield?

When everyone felt that the atmosphere was not right, a figure came out of the air and fell directly on the platform.

When people saw this man, they couldn't help being stunned, and then their faces became wonderful.

Yunqing academy is proud and invincible.

It seems that Yun Wudi can't stand the provocation of Xia family and Wen Yanfu. He has a strong hand.

However, this time, Xia Cheng, who had been on the platform before, did not move again. He did not know whether he knew that he was not Yunwudi's opponent or he did not want to collide with Yunwudi at this time.

However, Xia Cheng can't go to the battlefield, but Yun Wudi doesn't want to let him go.

Cloud invincible eyes did not cover up at all, directly fell on Xia Cheng, the meaning of provocation is self-evident.

When Xia Cheng saw this scene, his face was also very cold.

He did not continue to be silent, but fell on the stage with a flash of his body.

"Cloud invincible? Is Yunqing academy a monster? Second on the list

Xia Cheng stares at Yun Wudi and says sarcastically, "I heard that you were humiliated in Yunqing academy some time ago. I don't know what it's like?"

"I didn't want to collide with you now, but since you look for humiliation yourself, I don't mind humiliating you in public again."

Xia Cheng's voice was extremely contemptuous, and he didn't look at Yun Wudi at all.

Cloud invincible listens to this words, the facial expression becomes twisted in an instant, extremely ferocious.

The trip to Yunqing academy and Beiyuan is a disgrace to him, which can't be forgotten all his life.

Today, Xia Cheng dares to tear his scar in public, which is to touch his scales.

Yun Wudi didn't say a word, and his aura suddenly ran away, and the horror of the sword shrouded his whole body.

With a move of his right hand, a long sword appeared in his hand, then the sword danced and directly assassinated Xia Cheng.

Xia Cheng sneered, his hands began to dance, a long dragon formed by aura appeared, around his whole body began a crazy rotation.

The terrible sword Qi falls on the spirit dragon. It is entangled by the dragon and then torn.

The long sword of Yunwudi shakes wildly, and the whole sword is more powerful. He stepped out step by step. In an instant, bursts of cracking sound came out of the void, and thousands of sword waves suddenly appeared. All of them were under the touch of his sword tip, and they went crazy toward Xia Cheng.

Facing the attack of cloud invincible, Xia Cheng's body is covered with endless silver light, his hands are silver white, and his dancing is faster.

Even, people can't see his hands clearly, they can only see the shadow when his hands dance.

Under this kind of dancing, there are more and more spiritual dragons winding around the body.

In a short moment, he seemed to have been bathed in the aura Long Dragon Storm.

Thousands of sword Qi come, and those aura long dragon crazy interweave together, send out hissing burst sound.

The spirit dragon and the sword Qi disappear together. When all the spirit dragons disappear, all the sword Qi will disappear.

However, Xia Cheng's face was very ugly and pale. He could see some wounds torn by the sword Qi, and there were shallow blood stains.

Obviously, although he resisted the attack of Yunwudi, he didn't completely block it.

Yun Wudi didn't give Xia Cheng the chance to react at all. The whole person seemed to turn into a sword and galloped towards Xia Cheng.

His speed is faster and more powerful than before.

Xia Cheng felt this scene, his face changed greatly, and began to retreat madly.

However, he did not retreat from the distance, the whole body has suddenly stagnated, completely solidified in the void.

I saw a long sword, which had been pointed at his throat. With a slight movement, he could seal his

throat with a sword.

The cloud is invincible, standing aloof in the void.

He didn't speak. He just raised his foot and stepped out.

In Xia Cheng's angry and venomous eyes, Yun Wudi's feet step on Xia Cheng's chest.

Bang!

A sound, summer is inverted fly out, just like a meteor, fell to the ground, blood gushing.

Looking at this scene, the scene fell into silence again.

All people's eyes, are looking at the void that road proud and standing figure.

What a terrible sword repair. It's so violent and terrible!

Cloud invincible still did not speak, body shape a flash, has already fallen the battle platform.

As for Xia Cheng, he climbed up with difficulty. He clenched his fists tightly and his face was livid.

In the past, he was so arrogant and invincible that he even humiliated Yun Wudi. But now?

It's humiliating!

When Xia Li and others saw this scene, they finally felt that they were furious.

Cool. It's so cool.

Even if there are constant disputes between the northern and southern academies, and even if the students of the northern and southern academies do not deal with them all the time, they are just internal contradictions.

Externally, they are still on the same line.

Xia Leng looks at this scene, the facial expression is also cold come down, ice cold piercing bone!
