Chapter 2791

Xia Leng wants to go up and sweep cloud invincible, but he has already gone to war, so he can only bear it.

Next, the fighting continued. When Xia Li and gaiteng stepped on the stage, there was no more targeting.

It's not that the Xia family and Wenyan mansion dare not target, but that there are not so many people in their family.

The second round ended soon, with 26 shortlisted.

These 26 people are all at the top of the Ninth level of the holy land, and their combat power is very good.

After all, up to now, those who are not strong in combat, or whose cultivation can not reach the Ninth level of the holy land, have been swept out.

Among the 26 people, Yunqing academy has yunwudi, Xiali and gaiteng, xialeng in Xia family and wenyanning and wenyanyu in wenyanfu.

As for the other 20 people, Wang Fan did not know them.

Without too much nonsense, the third round of fighting soon began.

The third round of fighting is more intense and exciting.

The battle seemed to be in white heat, and countless people were excited to see it. Even those aristocratic families, such as yunrou, Muqiu and Duan Xue, are interested in watching it.

Xia Leng, who originally wanted to target Yun Wudi, didn't target Yun Wudi, but Xia Li.

The two men of Xia's surname fight, the result is no accident, Xia Li is defeated, still is defeated by a move.

Xia Li, who had been swept away, was very angry, but he had no choice but to endure.

This is the battle platform. He is inferior to others. What can he say?

Fortunately, after Xia Li was swept away, the former family daughter he talked to actually went to appease him, which made him feel better.

In the same way, Gato was also targeted by Wen Yanfu and Wen Yanping. He was also defeated.

At this point, Yunwudi was the only one left in Yunqing Academy.

Yunwudi's face is not good-looking. In today's battle, Yunqing academy took part in six people's battles, but now it's just the battle of the top 13, and five people have been swept away. It's too shameless.

He didn't hesitate to challenge Wen Yanfu and Wen Yanyu. After a fierce fight, Wen Yanyu was defeated. He was a little angry.

At the end of the third round, 13 people were shortlisted, including Yunqing academy, Xia family and Wenyan mansion, each with only one left.

On the surface, the three forces seem to have reached a certain balance, but in fact, Yunqing academy is still very shameless.

After all, there are six people in Yunqing Academy.

The fourth round soon began, with thirteen men fighting.

When the ten men finished the battle, only Xia Leng, Yun Wudi and Wen Yanping remained at the scene.

Yun Wudi glances at Xia Leng coldly, and is planning to challenge Xia Leng. But at this moment, the Lin family leader suddenly says with a smile,

"in my opinion, Yun Wudi, Xia Leng and Wen Yanping are the strongest three people today. How about making them the top three and fighting the top three directly?"

"Of course, if you think what I said is wrong, you can take it as if I didn't say it and continue to compete."

Master Lin said this to the other five winners. After all, they are not out yet.

The five people heard the words of master Lin, and they all simply nodded and agreed.

After all, they have seen the battle of Yunwudi three, and they are really stronger than them. If it's a real fight, they're definitely not rivals.

What's more, today's war is just a skirmish in Lin's mansion. It's not about honor or disgrace. There's no need to fight for it.

In this way, cloud invincible three people directly into the top three.

At this moment, everyone became excited and looked forward to it.

They all want to know what the outcome of the collision will be.

Yun Wudi stepped into the center of the platform and pointed to Xia Leng and said coldly, "which one of you will come first."

His tone was full of strong confidence.

Xia Leng two people look at this scene, sneer.

However, when Xia Leng wants to make a move, Wen Yanping takes the lead and comes to the opposite of Yun Wudi.

"I heard that some time ago, you were humiliated in Yunqing Academy. I thought you had been polished, but I didn't expect you to be so arrogant."

"In that case, let me sharpen your edges again."

Wen Yanping said with disdain. With a move of his right hand, a fiery red spear appeared in his hand.

The fiery red spear was filled with fiery red air, just like a hot flame, and the burning void began to twist slightly.

When Yun Wudi heard Wen Yanping mention it again, he felt a burst of anger.

Without a word of nonsense, he grabbed the silver sword and killed Wen Yanping crazily.

Heaven and earth are filled with endless sword meaning, extremely violent. Yunwudi is bathed in that violent sword meaning, just like a sword God.

Wen Yanping looks at this scene, sneers, and his spear shakes. It seems that there is a sea of fire all over the sky around him. He also kills Yunwudi with his body. In an instant, the terrible storm shook the world, and the whole platform was hissing.

Master Lin quickly arranged a layer of defense prohibition, which blocked the terrible storm.

Two people fight fiercely in mid air, pull out a remnant shadow.

The fiery red spear and the silver white sword are constantly rubbing and colliding in the void, making an enlightening clang.

After dozens of collisions, at a certain moment, accompanied by another collision between them, in an instant, the sword light flooded the sky. Wen Yanping could no longer resist the violent sword power, and the whole person was blasted out.

He fell to the ground heavily, and his body was full of scars torn by the sword Qi. He was very embarrassed.

Cloud invincible is proud of the void, disdain to look at the fallen Wen Yanping way, "want to smooth my edges, what are you, you also deserve?"

A word falls, just like a slap in the face of Wen Yanping.

Wen Yanping's whole body trembled with anger, his fists clenched, and he was almost ashamed.

But he had no choice but to endure.

Previously, he took the initiative to humiliate and provoke Yunwudi, but in the end, he was humiliated by Yunwudi.

People are looking at cloud invincible that proud figure, eyes complex, worship.

Xia family, Xia Cheng, Wen Yanfu, Wen Yanyu and Wen Yanping are all powerful, but they are all defeated by Yun Wudi.

Yun Wudi seems to be using facts to prove that he is defeated by Wang Fan, not because he is not strong, but because Wang fan is too abnormal.

"The mole ants under other people's feet dare to be so arrogant. They are really thick skinned. Next, let me end you. "

Just at this time, accompanied by a voice, Xia Leng stepped on the platform.

When he said this, people looked strange.

Previously, Xia Cheng and Wen Yanping humiliated Yun Wudi, but they were defeated by Yun Wudi in the end.

Now, how can Xia Leng dare to do this? Is he not afraid of being defeated and disgraced?

Cloud invincible cold look to the summer cold, he did not speak, just burst out of the body of the violent killing. Since he can't shut Xia Leng up with three battles, defeat Xia Leng!

Yunwudi didn't take care of himself too much. He was like a sword and killed Xia Leng crazily.

At this moment, his whole person seems to have formed a sword, a sword that is invincible and unbreakable!

Violent, powerful!

Xia lengliang is unmoved. He grabs a halberd painted by Fang Tian with his right hand. When Fang Tian waves the halberd, the terror is overwhelming the void.

When the cloud invincible body shape of the sword close, he did not hesitate to wave the momentum of the wild out.

Boom!

There was a deep and loud noise, and the terrible sword Qi suddenly tore and smashed.

Fang Tian's painting halberd goes straight ahead and sweeps the cloud invincible.

With another bang, yunwudi flew out and fell to the ground.

Dead silence!

It's a dead silence!

It's so terrifying that you are defeated in one move, which is ·

"what do you want to prove, to prove your strength? No, no, it's not that you're strong, it's that they're weak. "

"At the end of the day, you're just a piece of trash, third and second on the list? In front of me, it's still rubbish, not worth mentioning. "

Xia Leng is proud in the air, overlooking the cloud invincible, disdainful of the opening.

Cloud invincible listen to these words, can't help a mouthful of blood, pale as paper.

He was so invincible that he was humiliated again.

Today's disgrace is very similar to that of the day in Yunqing Academy.

Chapter 2792

Before the appearance of Wang Fan and Xia Leng, how proud and beautiful he was?

Yunqing school palace ranked second in the list. It was very talented. Except for Liu Chaoran, no one could get out of it. It was known as the evil god.

But now, he was first crushed by Wang Fan in the north courtyard of Yunqing academy, and he lost face in front of all the students in the Academy.

Today, in Lin's house, facing the humiliation of others, he responded strongly to prove his strength. But in the end, it is still trampled by Xia Leng, trampled in public.

Two wars, he said invincible has no longer the glory of the past, has become a very humble existence.

His honor, his dignity, has been completely wiped out by these two wars.

Cloud invincible clenched his fist, stifled his humiliation and anger, and slowly raised his head.

However, he did not look at the arrogant Xia Leng in the void, but at a certain location below, which is the location of Wang Fan and Yueru.

Cloud invincible eyes fall on Wang Fan, eyes have complex, have expectations.

He hoped that Wang Fan could win back face for him and Yunqing Academy.

After all, no matter how much he resents Wang Fan and how much he resents Wang Fan, they are both students of Yunqing Academy.

They may have internal contradictions, but externally, they all represent Yunqing Academy.

Today's event is not only about the honor and disgrace of Yunwudi, but also about the honor and disgrace of Yunqing Academy. In this case, Wang Fan has no reason not to fight.

Wang Fan looked at cloud invincible that cast the vision, is also some depressed.

He really wants to teach Xia Leng a lesson, but now his cultivation has entered the realm of the emperor. How can he do it on this occasion?

You know, this is the battle of holy land. If he beats Xia Leng, he will be bullied.

"Wang Fan, this man is too arrogant. Don't you plan to do it?" The month Ru also perceived cloud invincible that slightly some look forward to of eyes, looking at Wang Fan low voice ask a way.

In fact, her heart is also very uncomfortable.

Yunwudi is in the forest house. He is so humiliated in public that Xia Leng even questions the holy list of Yunqing Academy. This is a blasphemy to Yunqing Academy.

In this case, he naturally hoped that Wang Fan would do it.

Wang Fan wry smile, but did not speak, just slowly shaking his head.

Yue Ru looks at this scene, can't help but be stunned.

This is the case. This guy doesn't plan to fight?

Could it be that he saw the strength of Xia Leng and knew that he was not an opponent, so he didn't dare to fight?

If so, doesn't it mean that none of the disciples in the holy land of Yunqing academy will be Xia Leng's opponent?

Yueru thought of it and didn't dare to think about it any more.

It's kind of incredible.

Cloud invincible see Wang Fan shake his head, the heart is also some despair.

What does Wang Fan mean? Does he disdain to help him out, or is he not even Xia Leng's opponent?

If Wang fan is disdain for his cloud invincible, then Wang Fan's mind is too narrow. But if Wang Fan thinks that he is not Xia Leng's opponent, it is even more shocking.

Wang Fan's powerful cloud invincible is personally learned, is not weaker than Xia Leng, is absolutely the power of the first World War.

Yun Wudi's face was even paler and his eyes were even darker. In his heart, however, there was endless humiliation and self mockery.

He didn't think that Wang Fan had no power in the first World War. He preferred that Wang Fan disdained to help him out.

All the people at the scene naturally noticed the eyes of Yun Wudi, and all of them immediately looked at Wang Fan's position.

Almost in an instant, everyone's eyes fell on Wang Fan.

They are all thinking, what is the meaning of Yun Wudi's eyes? Does it mean that Wang fan is stronger than Yun Wudi?

However, Wang fan is so powerful, why didn't he take part in the battle of holy land? Is it disdain or because of Yueru?

After all, although Yueru's talent and strength are not as good as Miss Lin Fu's, her appearance is no worse than Miss Lin Fu's.

In contrast, Yueru is also more charming and enchanting. In a way, it is more attractive to men.

Perhaps, Wang Fan just came to the forest house to accompany Yueru. He didn't mean to fight.

Wang Fan looked at the eyes of the people around him, also a little depressed, just holding a glass of wine to drink.

"Sir, you must be Wang Fan who was famous for crushing yunwudi in Yunqing academy some time ago?"

"It's said that you are a freshman who just joined Yunqing academy this year. Not long after you first joined the Academy, you have crushed all the arrogance under the imperial realm of the Academy. Even Liu Chaoran dare not accept your challenge, do you?"

On the platform, Xia Leng's eyes also fell on Wang Fan, with a sneer at the corner of his mouth.

His voice fell, the scene suddenly became dead, everyone was shocked to see Wang Fan.

Many people have heard of it. After all, it was too much trouble at the beginning. How could these young people not have heard of it?

But no one thought that the legendary existence appeared in the forest house.

In the face of Xia Leng's inquiry and people's attention, Wang Fan didn't respond. He didn't even look at Xia Leng. He was drinking alone.

It seems that he didn't hear Xia Leng's words at all. In his eyes, there was only wine in the glass in front of him.

In a flash, everyone was petrified.

This is, was it ignored?

Wang Fan's action is too proud and doesn't pay attention to Xia Leng?

Yueru, yunwudi, Xiali, gaiteng and other disciples of yunqingxue palace were also stunned, and then they all felt relieved.

They said, Wang fan is so arrogant, so proud, how can he be scared not to fight.

Wang Fan's action at the moment is just like his peerless style.

Summer cold face is also cold down, extremely not good-looking.

His eyes were cold, and there were murders in them. He continued, "I heard that you defeated Yun

Wudi that day, and Liu Chaoran, who was forced by you, didn't dare to accept your challenge. He has become the number one on the list of Yunqing academy palace."

"Now, Xia Leng challenges you. Do you dare to fight?"

Xia Leng's tone is sharp and points at Wang Fan.

When his words fell, everyone's eyes focused on Wang Fan again, and the scene fell into a dead silence in an instant.

Everyone wants to know whether Wang Fan dares to fight or not.

They all want to know what will happen to this evil person who caused a stir in Yunqing academy and even caused a lot of disturbances in Yunqing city a while ago, if it is cold for last summer.

But what makes people speechless is that Wang Fan still doesn't seem to hear Xia Leng's words. He doesn't even go to see Xia Leng. Even if he has a look, he is still drinking alone there.

Is it arrogance or self-confidence or pride?

At this moment, even the master of the Lin family, the daughter of the Lin family, Yunrou, Muqiu and Duan Xue could not help but look stunned.

In particular, the fourth daughter even had a strange look in her eyes.

It's really a little... Too much...

when Xia Leng saw her challenge, she was ignored, and her face was even more gloomy.

If it wasn't for Lin's house, he would have wanted to hit people.

Looking at Wang Fan's face, he really wanted to smash it.

Trying to hold back her anger, Xia Leng continued, "Wang Fan, are all the students taught by Yunqing academy as uneducated as you? I've seen it today

Xia Leng's words fall. Wang Fan, who had always chosen to ignore them, suddenly raises his head.

His eyes are like ice skates, stabbing at the summer cold, freezing to the bone.

Chapter 2793

"Are you talking to me?" Wang Fan's voice was cold, and his tone was full of scorn and contempt.

Even if Xia Leng stands in the void and attracts the attention of all, Wang Fan just sits there. But Wang

Fan's aura is no less than that of Xia Leng.

"What do you say?" Xia Leng stares at Wang Fan coldly, and her heart is extremely upset and angry.

Wang Fan's words are just telling everyone that Wang Fan ignores Xia Leng.

It's like another slap in the face.

"What are you to say that I have no manners?"

Wang fan is still sitting there, voice overbearing strong, "what are you, also qualified to challenge me? You deserve it, too? "

Wang Fan's voice fell, the scene fell into silence again, and everyone trembled.

This is really not to face, there is no beating around the bush ah.

Just, Wang Fan this is also too arrogant?

No matter how powerful Wang fan is, he can't despise Xia Leng so much, can he?

No, it's not contempt, it's dismissive.

In Wang Fan's eyes, Xia Leng seems not to be the pride of Xia family at all, but a common passer-by.

Let alone those people around, even Yueru, Yunwudi, Xiali, Gaiteng and other students of Yunqing Academy who have seen Wang Fan's arrogance can't help but feel speechless when they understand Wang Fan's arrogance again.

This is really arrogant as always, as always, there is no room for it.

Especially Yun Wudi, he seems to think of the scene when he came to the North Court to challenge Wang Fan.

What a similar scene, but the location is changed in the forest house, and the object is not him, but Xia Leng of the Xia family.

Xia Leng listens to Wang Fan's words, almost is about to explode.

When did he suffer such humiliation? Even some people say that he is not qualified and not worthy of challenge. Even some people dare to call him what he is in public?

This has always been proud of Xia Leng, it is no different from the shame!

His eyes turned red in an instant, and his whole body trembled with anger.

He stares at Wang Fan and says coldly, "I don't know if I'm worthy of fighting. Do you dare to accept my challenge

"Joke!" Wang Fan sneered, "if every clown challenges me, I will accept it, then I don't have to practice."

"I'm not afraid to fight with you, but disdain, so as not to say that I bully people after winning you."

Wang Fan's words fall down, not only those people around, even the master of the Lin family, feel that Wang Fan's arrogance is a little too much.

This... Where is not to treat Xia Leng as a person? It's not to treat him as a person at all.

Look at what Wang Fan said. I can't bear it!

"You." Xia Leng was about to vomit blood, and her handsome cheek was even distorted by anger. "Dare not, just dare not, where come so much nonsense!"

"You dare to bully me, Xia Leng. It's ridiculous! I just want to ask, do you dare to fight. If you don't dare, shut up and stop putting gold on your face. "

"Maybe you think that when you say that, others will only think you are proud and confident. As everyone knows, in other people's eyes, your behavior is just arrogance and idiocy. "

Although the people around didn't speak, they all agreed with Xia Leng's words. Even many of them were unhappy with Xia Leng.

No way, who let Wang fan so arrogant?

"Is it?" Wang fan is not angry, but also laughed, "are you sure you want to challenge me, do not regret?"

"That's nature. It's a challenge, and it's a regret." It's cold in summer.

"Even if my cultivation has reached the realm of the emperor, you still have to challenge me. Won't you say I bully people?" Wang Fan asked again.

"Imperial realm?" Xia Leng laughs angrily!

Is the imperial realm so easy to enter?

What's more, how long did Wang Fan come to Tianyu and join Yunqing academy?

Taking Yunqing academy as an example, there are so many arrogant people who have been unable to

set foot in the imperial realm for many years. How can Wang Fan, who has just entered the Academy, say that he has already set foot in the imperial realm?

This is ridiculous!

Not to mention anything else, Xia Leng was also the first person under the emperor's realm.

Even so, he has been hovering at the peak of the holy land for several years, but he still can't take that step. Why can Wang Fan say that he has already set foot in the realm of the emperor?

Can't Wang Fan want to use this way, let him Xia Leng dare not challenge again?

How ridiculous!

If Wang fan is holding such an idea, then Wang fan is blind, looking for the wrong person.

"That's nature. Even if you have set foot in the realm of the emperor, I still have to challenge you!"

"Although I am not talented, I am the pride of Xia family. Even in the face of the Empire, I am confident that I will be able to fight the first World War!" Xia Leng said with a sneer without hesitation.

When people around listen to this, they can't help blinking.

Is what Xia Leng said true or on purpose?

These two guys are really crazy and proud. But relatively speaking, the arrogance of Xia Leng is more acceptable.

"Well, in that case, I'll take your challenge." Words have said this, Wang Fan naturally will not say anything more, he directly nodded, and then slowly got up.

His clothes fluttered, the clouds were light and the wind was light, and he walked toward the platform without caring. It seemed that he didn't care about the next battle at all.

At this moment, everyone's eyes fell on Wang Fan. They didn't know whether Wang Fan pretended to be calm or really despised him.

Cloud invincible looking at that road to the battlefield figure, eyes very complex.

How similar is the scene today to that in the north courtyard?

Just, can Wang Fan defeat Xia Leng as he defeated him in the North Court that day?

There is not much in his heart.

Of course, at the moment, he is hoping that Wang fan can win, but also with an absolutely strong attitude to win.

Miss Lin Fu, Yunrou, Muqiu, Duan Xue and other aristocratic families are all rich. Meimou also looks at Wang Fan without blinking.

They were also curious whether the man who came to the forest house today but kept silent could create his own glory and glory like Yunqing Academy.

The month Ru is beautiful Mou to blink, secret way, this guy is really as before can pretend.

Wheezing.

In the silence of the whole audience, a burst of laughter suddenly broke out, which instantly destroyed the serious atmosphere.

Some people couldn't help looking and found that it was a 14-year-old girl.

At the moment, the girl seemed to feel very embarrassed. She covered her mouth with her hands and blushed, but she couldn't help laughing.

Next to her, a beautiful family daughter was also embarrassed. She looked at everyone apologetically and said in a low voice, "be serious. If you do this again, I won't take you out next time."

The girl was very aggrieved and said in a low voice, "I can't help it. What's more, I didn't mean to. That guy can pretend so much."

Although her voice is low, the people here are all monks. How keen are their eyes and ears?

The girl's words spoke their heart.

Wang fan is a faltering, almost fell to the ground.

Did he pretend? Do you want to look down on him? He wants to hit people!

In this way, under the gaze of everyone, Wang Fan soon came to the battle platform, came to the opposite of Xia Leng.

At this moment, the atmosphere suddenly became delicate and tense.

Chapter 2794

"Do it." Wang Fan looked at the front of the summer cold, expression as always calm, no waves.

He is still so disdain, so contempt, it seems that Xia Leng did not mind.

Xia Leng looks cold and stares at Wang Fan.

However, he didn't talk nonsense. With a move of his right hand, the painting halberd of Fang Tian had been in his hands again.

Xia Leng's aura is surging wildly, and Fang Tian's painting halberd is dancing slowly.

In a flash, the general trend of heaven and earth seemed to be affected, and it was crazy to rush towards Fang Tianhua halberd, with amazing momentum.

In just a moment, Fang Tian's painting halberd had gathered a great momentum. It seemed that there were dragons singing and tigers roaring in the air, shaking the void.

The terrible killing power was more powerful than when Yunwudi was defeated. I don't know how many times.

Feeling the scene, Lin shouts, "everyone back up, back up!"

As he yelled, he soared into the air, his hands tied with each other and covered the forbidden area around the platform.

The people around them were also frightened. As they retreated, they could not help muttering to themselves: is this really the great momentum that the monks in holy land can gather? It's horrible!

At the moment, in their eyes, it seems that they have seen the scene of Wang Fan's defeat.

Xia Leng is so strong, how can Wang Fan resist?

And they also vaguely believe Xia Leng's words, even in the face of the emperor, he has the power of the first World War.

They thought that the previous words were just Xia Leng's arrogant words, but now it seems that it is really possible.

Yueru, Xiali, gaiteng, Yunwudi and others were also secretly frightened, especially Yunwudi. They didn't know what it was like.

They looked up at Wang Fan who was enveloped in the storm.

At this time, Wang Fan seems to be so lonely and helpless, just like a boat in the sea, which may overturn and die at any time.

"The mole ants from the wild land dare to say that I am not qualified to challenge you. Now I want to ask again, am I worthy of summer cold? "

Between the heaven and the earth, the fury is gathering more and more fiercely, and the fury wave and the trembling void seem to be illusory.

Xia Leng is holding a painting halberd, standing in the void, he looked down at Wang Fan, just like a God.

Wang Fan raised his head and looked at Xia Leng, who was proud in the void.

At this time, the summer cold is so high, is so invincible.

Wang Fan did not speak, but his eyes still disdained.

When Xia Leng saw this scene, she looked a little ferocious.

He wanted to see Wang Fan fear, wanted to see Wang Fan beg for mercy, but in the end, he did not see.

If so, then go to die!

"Kill Xia Leng roared out. Without hesitation, Fang Tian suddenly waved his halberd forward.

In a flash, the terrible storm immediately burst the void and went crazy towards Wang Fan, as if to engulf Wang Fan.

Looking at this scene, some aristocratic families, are unable to help but closed their eyes in horror, as if they could not bear to see the next scene.

Yueru and others are pale, but they are forced to endure the inner uneasiness and panic, looking up at the terrible storm on the platform, looking at the arrogant figure in the void on the platform.

Lin's heart is also extremely shocked. His aura is surging wildly, but his eyes are staring at Wang Fan on the platform.

This is talin mansion. Wang Fan, as a demon of Yunqing academy, how can he have an accident in talin mansion?

He wanted to save Wang Fan, just looking at Wang Fan's calm eyes, he finally chose not to move.

I don't know why, he felt strong self-confidence from Wang Fan's eyes.

In the eyes of all the people, Fang Tian's painting halberd came with the power of terror and appeared in front of Wang Fan's eyes.

Just then, Wang Fan, who had not moved since he appeared on the platform, suddenly moved.

I saw it slowly raised his right hand, casually toward the front of a beat.

It's just a random shot, but on the platform, the situation is changing.

The terrible storm, as if it had been destroyed by some invisible trend, began to tear and shatter madly in a roar.

The next second, people will see that Wang Fan's right hand has penetrated the storm, flying Fang Tian painting halberd, directly came to Xia Leng's body.

"How can it be, how can it be." Xia Leng looks at this scene, his face changes wildly, full of disbelief.

He madly urged the aura in his body, and madly wanted to retreat, but where could he have time?

Pop!

A clear sound, Wang Fan's right hand directly on his face.

Xia Leng only felt a hot stabbing pain coming, spewing out a mouthful of blood teeth, and the whole person had been pumped out.

Bang, his whole body fell heavily to the ground, shaking in the earthquake, his face as if dead. The scene, at this moment, is silent.

Everyone was staring at the scene, as if in a dream.

Time, as if static.

How could it be?

How could Xia Leng, who was so arrogant that he was invincible, and who held Fang Tian's painting halberd and gathered the great momentum like a God, be defeated?

It's just a defeat. If Wang Fan defeats him with the same domineering attitude, maybe everyone can accept it.

But in fact, Wang Fan just slapped him in the face and beat him. What a dream, what a satire?

Everyone felt like they couldn't believe it.

Those family gold, is the heart crazy jump, as if there are countless deer in the collision, delicate body light tremble unceasingly.

"Ah."

In this silence, suddenly, an angry roar came out, just like thunder.

They looked up and immediately saw the Xia Leng lying on the ground.

At the moment, he was covering his face with one hand, and his handsome face had been completely twisted, which was terrifying.

He stares at Wang Fan as if he wants to eat people.

He Xia Leng was slapped in the face by Wang Fan in such a humiliating way, which is a great shame!

He wants to kill, he wants to kill!!!

Wang fan is a little don't care, he is so calm looking at Xia Leng, way, "how, not convinced, also want to come?"

The insipid voice makes Xia Leng's heart tremble and recover some reason.

However, he is still staring at Wang Fan.

Wang Fan still does not care, "I have said that you do not deserve to challenge me, nor are you qualified to challenge me. I have even told you that I have set foot in the Empire. "

"But you don't listen, and you say that you are confident that you have the strength to fight against the Empire. What can I do?"

"You're the one who brought the end. And you can't blame me, let alone bully people. "

Wang Fan's tone is full of helplessness, but then, how do you feel a little cheap?

Hit a person, still so aggrieved helpless, still need not point a face? This makes Xia Leng, and even the people of Xia family, how can they feel.

Xia Leng pinches her fist and stares at Wang Fan.

He had the heart to die.

However, in the face of Wang Fan's words, he really can not refute. Because this challenge is what he forced Wang Fan to accept step by step.

Wheezing.

At this time, all of a sudden, it was the girl again.

However, at this time, the woman beside her had covered her mouth, and her expression was very embarrassed.

Chapter 2795

Xia Leng listens to the sound of that puff Chi, feel the facial expression is fiery afflictive only, lose face.

Is this laughing at him?

However, the other side is just a little girl, he can't care, can he?

Wang Fan turned his head and looked at the little girl. With a brilliant smile, he asked, "little sister, do you still think I can pretend too much?"

When the little girl heard Wang Fan's question, her pretty face turned red. She bowed her head and didn't dare to speak any more.

Xia Leng has even the heart to die. Wang Fan's words are equivalent to another slap in the face.

Shame!

Cloud invincible is dead under the fist, the heart is also a lot of happy.

Although he looks at Wang Fan very unpleasant, but have to say, looking at this guy humiliate Xia Leng, that feeling is very cool.

Xia Li, gaiteng and others are also secretly happy, Xia Leng this kind of person, should suffer such humiliation.

What's more, the humiliation was not from Wang Fan, but from Wang Fan himself.

Of course, their hearts are also extremely shocked.

How could it be that Wang Fan stepped into the realm of the emperor?

You know, some time ago, Wang Fan, like them, was at the top of the ninth floor of the holy land.

Even if they all know that Wang Fan has the elixir of the emperor, it's not so easy for him to enter the realm of the emperor, is it?

Wang Fan didn't have the heart and time to pay attention to people's thoughts. He stepped up and planned to leave the battlefield.

But at this time, a cold voice, but suddenly came out, "how, hit my Xia family, do you want to leave like this?"

Shua, Shua, Shua.

With this sound, everyone's eyes were looking at the person who opened his mouth, and their eyes became strange.

Because he is no one else, it is the evil of the Xia family, Tianjiao, Xia Han.

Xia Han, whose cultivation has reached the first level of the imperial realm, is also the pride of the Xia family. His status in the Xia family is even higher than Xia Leng.

"What do you mean?" Wang Fan looked at Xia Han and asked faintly.

"It doesn't mean much. I just don't like you." Xia Han didn't have any false feelings, so he spoke directly,

"as a strong emperor, what can you be proud of when you defeat Xia Leng in the ninth floor of the holy land?"

"Of course, since this is Xia Leng's active invitation to fight, I won't say anything more, let alone say that you bully people."

"It's just that the emperor's realm is unfair to the holy realm. As it happens, my cultivation of Xia Han is also on the first level of the imperial realm. Just like you, I want to understand your strength now. Do you dare to fight? "

Xia Han doesn't hide his purpose at all. He opens his mouth directly.

At the same time of speaking, he has already dodged and landed on the platform.

Originally, Wang Fan, as a monk in the imperial realm, defeated Xia Leng, which was really a bully. However, because all this is forced by Xia Leng, he can't make use of it.

But, Wang Fan here, in full view of the public, humiliated his Xia family, do you want to leave?

How ridiculous!

What's more, he was not happy with Wang Fan for a long time.

Wang fan stopped and looked at Xia Han, "do you want to challenge me, too?"

"Yes." Xia Han nods without hesitation.

Wang Fan looked at Xia Han seriously, "if you want to challenge me, you can do it. If you lose, how about leaving 100 million top grade immortal stones? After all, not all dogs and cats are qualified to challenge me. "

"What's more, if everyone challenges me, I will accept it, then I won't have to practice in the future."

Wang Fan's voice fell, and the whole audience was dead.

Is it crazy to challenge him and need a hundred million high-quality immortal stone?

Xia Han's face is also cold down, but it is not because of Wang Fan's lion mouth, but because of Wang Fan's insult.

Wang Fan even described him as a cat and a dog, which is unreasonable.

And listen to Wang fan that meaning, as if to his summer cold, is also disdain. If he fights, he will lose. It's like ·

"OK, I promise you. But what if you lose? " Xia Han clenched his fists tightly and tried to hold back his anger.

"At your disposal." Wang Fan said.

"Good." Xia Han nods again, and then grabs a space ring with his right hand.

"there is a hundred million high-quality immortal stone in this space ring. How about I give it to master Lin for safekeeping first? If you win, master Lin will give you the ring. "

If it wasn't for the Lin family, and if it wasn't for the master of the Lin family sitting there, where would Xia Han talk so much with Wang Fan? He would have killed Wang Fan.

It's unreasonable that the aborigines from such a barbarian land dare to be so arrogant.

"If I lose, I'll be at your disposal. What else do you want to give the space ring to master Lin? Isn't it a waste of time to take off your pants? "

"You give me the ring directly. If I win, I'll take it away. If I lose, you're taking it back, won't you?"But Wang Fan shook his head and said.

Naturally, he also wanted to kill Xia Han, not only Xia Han, but even Xia Leng and Xia Cheng.

It's just that this is Lin's house. He can't kill it. So we have to go back and get some fairy stones.

At the same time, his heart is also sneering, this guy even want to give the ring to the Lin family in charge, really when he Wang fan is an idiot? Who knows if there is a hundred million top grade immortal stone in the space ring?

What's more, if the ring is in the hands of master Lin, even if Xia Hanbai, does Master Lin dare to give it to him?

Although the Lin family is good, it is much worse than the Xia family.

After all, the Xia family is comparable to the existence of Yunqing Academy.

Xia Han hears Wang Fan's words and stares at Wang Fan for a while. After a long time, he bites his teeth and nods, "OK."

Then he threw the space ring to Wang Fan.

Wang Fan's mental power penetrated into the space ring, and immediately felt a resistance.

He raised a sneer at the corner of his mouth, and his mental power instantly condensed into a sharp stab, and fiercely went towards the forbidden bombardment.

Just for a moment, with a click, the prohibition had been violently destroyed.

Later, Wang fan saw a hundred million high-grade immortal stone.

No more, no less. It's a hundred million.

The children of the aristocratic family are worthy of being the children of the aristocratic family. They are really rich.

Wang Fan thought so.

He didn't know that Xia Han had survived for several years.

Whoosh!

Just as Wang Fan sighed, Xia Han suddenly moved.

His eyes were filled with extreme cold and killing intention. A terrible storm moved with his body shape, shrouded in the void, wrapped his body, and rushed to kill Wang Fan.

Xia Han, as the peak of the Empire, is also the pride of the Xia family. He doesn't pay attention to Wang Fan at all.

After all, some time ago, Wang Fan's cultivation was only on the ninth floor of the holy land. Even if we set foot in the imperial realm now, we are just entering the imperial realm, and even the realm is not necessarily stable.

In this case, how could he treat Wang Fan?

Is there any suspense for those who enter the imperial realm at the beginning of the war?

This is also the reason why he dare not hesitate to promise Wang Fan to bet.

Wang Fan's eyes narrowed slightly as he looked at Xia Han, who was suddenly killed by a terrible storm like lightning.

He didn't hesitate at all. When his right hand suddenly danced, a ray of thunder had already risen at his feet, and soon the whole person disappeared in the original place.

Almost as soon as Wang Fan disappeared, Xia Han rushed to the place where Wang Fan had been before, carrying an endless storm of terror.

Chapter 2796

The terrible storm attacked and killed Wang Fan, and the shadow of Wang Fan was directly torn into pieces.

Summer cold's facial expression is suddenly a sink, suddenly turn a head, looked to the body side.

There, Wang Fan's figure has slowly appeared, in his body around, but also pulled out countless residual shadow.

Obviously, this is due to the speed.

"What a speed

"Xia Han's strength has reached the peak of the imperial realm, and I heard that he has been in the imperial realm for many years. Wang Fan just entered the imperial territory for the first time. How can he avoid the attack of Xia Han? "

"It's so strong that it's worthy of being number one on the list."

When people around them look at this scene, they are all trembling.

The eyes of those aristocratic families are unable to help but brighten up, even Duan Xue's cold beauty, such as the proud snow and plum blossom, is full of splendor.

Although Wang Fan hasn't done it yet, his terrible speed alone is shocking enough.

Xia Han's face was gloomy, his body was floating in the void, and his right hand suddenly grabbed forward. In an instant, the fierce aura was madly condensed. Just a moment later, a golden sword was condensed in the air.

The golden sword is like a magic sword, bathed in golden light, incomparably bright, which contains a very terrible killing power.

Summer cold ice looking at Wang Fan, right hand suddenly forward a bit, "go."

In a flash, the golden sword was already through the void, piercing Wang Fan.

The speed is amazing.

They could not even see the sword. What they saw was a huge golden shadow.

The golden sword soon came to Wang Fan and tore his body to pieces.

At this moment, everyone's heart can't help shaking.

Did Wang Fan die like this?

It's a pity that even though Wang Fan's talent is amazing, he will still die young in the face of Xia Han, who has been in the imperial realm for many years and whose cultivation has reached its peak.

Heaven is jealous of talent.

It's just that they just thought about it and they felt something was wrong.

Because they clearly see that Wang Fan's body appears in another direction, which is so clear.

This made them very surprised. What body method is it? What body method can be so fast that they can't even see the shadow?

Yueru and his party watched the scene, and their desperate heart was rekindled.

Wang Fan really worries them.

Xia Han's face is more and more heavy. He is the top of the Empire, and he is also the evil of Xia family.

In the face of Wang Fan, who had just entered the realm of the emperor, he couldn't even kill him with two blows. He didn't even touch Wang Fan's clothes.

What a shame!

His body suddenly soared up, and his hands began to dance fast.

All of a sudden, a terrible aura swept through the space.

The aura of heaven and earth around him seemed to gather in front of him, and began to revolve around him.

Before long, those auras under the control of Xia Han formed all kinds of attack weapons.

There's a knife, a sword, a spear, a gun.

They all seem to have been completely turned into essence, crazy to kill Wang Fan, drowning the whole space.

For a moment, Wang Fan seemed to be completely wrapped by the sword and spear, and fell into the cage, and there was no room to retreat.

He is just like a trapped animal. He can't retreat, he can't avoid, he can only wait for death.

"This..."

"how does he hide this time?"

"Is there no way back?"

Looking at this scene, everyone can not help but stand up, the whole heart is also mentioned.

Yueru and his party are even more so.

Summer cold is the same complexion gloomy, extremely dense, "I pour is to see, this time you how to hide."

The low voice falls down, that innumerable violent and terror attack, then already fell on Wang Fan.

The roaring sound came out, and the whole space where Wang Fan was was destroyed by the storm.

At this moment, master Lin could not help but stand up, and his heart was cold.

If Wang Fan died here, how could he explain to Yunqing academy?

However, he did not dare to rescue Wang Fan.

Wang Fan himself agreed to fight. What can he do?

If he does, the Xia family will not let him go.

Even if he is strong, the Lin family is powerful in Yunqing City, but he still can't see the huge things of Xia family.

Wang Fan's previous space, the storm is still surging in a frenzied sweep, tearing and destroying everything.

People's eyes are staring there, as if to see clearly whether Wang fan can survive.

Gradually, the storm stopped and everything returned to calm. That piece of space, but it has been completely without the shadow of Wang Fan.

Looking at this scene, all of them were suffocated and their hearts trembled wildly.

But Xia Han's brow, but can't help wrinkling.

Because he felt something was wrong.

"Look there."

"He, he was there. How did he do it?"

"I'm not dazed, am I?"

At this time, all of a sudden, a voice suddenly came out, Xia Han turned his head again, immediately saw Wang Fan's figure again.

At this moment, Rao is him, his pupils can't help contracting violently and his mind trembles.

How is that possible?

"Do I have to hide from you? As the saying goes, it's good to come instead of going. I've asked you to do three moves. Next, it's my turn. "

The voice of disdain came from Wang Fan's mouth. The next second, his right hand, which was carried behind him, had floated slowly.

All they could see was a huge black handprint floating in front of his palm, which was so terrible.

The smell of black filled the air crazily, and it made a hissing sound in the air, as if it was being corroded.

"Go ahead." Wang Fan grinned brightly and pushed his right hand forward slowly.

With a whoosh, the black palmprint immediately penetrated the air and went towards the summer cold.

In the air, the hissing sound is constantly coming out, where the palmprint passes, there are many black lines that make the scalp numb.

Xia Han's face finally changed, and his hands danced wildly, gathering powerful martial arts attack again.

This time, it was a terrible monster.

In his hands dancing, a white tiger monster first appeared to meet the black handprint.

Unfortunately, just a brief collision, boom, the white tiger has been palmprint pat scattered.

A snow color demon ape followed to save, rolled up endless terrible storm, crazy came.

But the end is still the same, still be black handprint strong crush, vulnerable.

Another dragon appeared. The Dragon raised its head and roared. It seemed that a dragon was singing in the sky, swinging its huge body to kill the black palmprint.

It was a series of roaring sounds, the Dragon burst, turned into aura and disappeared.

Black palmprint with the power of terror, unstoppable!

Looking at this terrible scene, all people are suffocated.

What kind of handprint is that so horrible?

Summer cold is pale, heart a cold.

He had never heard of such terrible martial arts, let alone seen them.

He retreated crazily, gathering all kinds of attacks again, but still useless.

At last, the black handprint fell on his chest.

Bang!

With a loud noise, Xia Han spewed blood from his mouth, and the whole person flew out directly.

All he felt was that his internal organs were going to break.

However, before his body fell to the ground, he saw a scene of despair and fear.

Wang Fan was approaching like lightning. He raised his right leg and stepped down his big foot towards his face.

Chapter 2797

At this moment, everyone held their breath.

What does Wang Fan want to do to trample Xia Han in a humiliating way?

They just thought of here, with a roar, Wang Fan's right foot has been trampled on Xia Han's face. Immediately, he stepped on his face and stepped down.

With another bang, Wang Fan stepped on Xia Han's face and fell to the ground. The earth was shaking and everyone's heart was shaking.

This ·

the whole audience died down in an instant and became extremely quiet.

Xia Han, who was trampled on the ground, roared angrily. He wanted to struggle, but unfortunately, he was trampled by Wang Fan and couldn't move at all.

Cloud invincible looking at this scene, as if he remembered the scene when he was in the north courtyard. At this moment, he did not dare to hate Wang Fan any more.

"The emperor's realm is at its peak, and the Xia family is proud of it. Today, I understand it. But since you have lost, I will accept this immortal stone. Thank you very much. "

Wang Fan looked at the twisted face of Xia Han, said sarcastically.

With that, he didn't wait for Xia han to respond, so he raised his foot and went to the stage.

Everyone looked at him, speechless.

The people of the Xia family, with their fists clenched, trembled, as if they wanted to fight with Wang Fan.

It's just that they don't dare.

Wang Fan didn't care about Xia Han who was humiliated, and even less about Xia Leng and other Xia family members.

If it were not for Lin's residence, they would not have been humiliated.

Before, how high were these people and how did they humiliate him?

Those who humiliate others will always be humiliated.

Since they want to humiliate others, they should be prepared to be humiliated.

Wang Fan believes that if he is defeated, the other party will definitely humiliate him without hesitation, and then kill him.

Now, he just asked for some fairy stones, which were too kind.

"Master Lin, the truth today is sorry. I didn't mean to be in the limelight, but I was forced by the situation. Please forgive me

"Next, I won't bother and leave first. Finally, I wish Miss Lin a happy birthday."

Wang Fan said that, he had already walked toward the forest house. When he left, he did not forget to say hello to Yueru Xiali and others, "Hey, do you want to go or not, I can go first."

Listen to Wang Fan, everyone is petrified.

Wang fan is just mending the sword. How can this make the Xia family feel embarrassed?

But what he said was that there was nothing wrong with it, because he really didn't intend to be in the limelight. Whether it's Xia Leng or Xia Han, the humiliation is all his own.

"Uncle Lin, Yiyi, I'll go first." Yue Ru quickly said a word to the master Lin and Qian Jin, and then followed.

"Master Lin, let's leave first." Xiali, gaiteng, yunwudi and others also keep up with each other.

Wang Fan has gone. What are they doing here?

Today, if it wasn't for Wang Fan, they would not have been able to stay here and continue to be humiliated?

Soon, Wang Fan and his party left the forest house, leaving chicken feathers all over the ground.

Xia Han and others look ugly, but they don't dare to stop them.

Soon after Wang Fan and his party left, they also left.

Originally, they came here for the sake of Miss Lin Fu and her family, but when things turned out like

this, they had already been disgraced. How could they have the face to stay?

"Wang Fan, you are not bad. You have stepped into the realm of the emperor." On the way, Yueru looked at Wang Fan and couldn't help praising him.

Even now, she feels like a dream.

"That's natural. You don't want to see who I am. Is there any pressure in the imperial realm?" Wang Fan got a hundred million high-grade immortal stone. He was in a good mood and said with a smile.

Listening to this, Yueru and his party can't help rolling their eyes. Yunwudi only feels heartache. It's too shocking.

"When did you break the border?" Yue Ru couldn't help asking.

"Just a few days ago." Wang Fan replied.

With that, he took out some healing pills and handed them to Xia Li, gaiteng, Yun Wudi and others behind him. "These are some healing pills. Take them first."

Xia Li, gaiteng and other students of Beiyuan naturally won't refuse. They quickly thank them for taking over.

Cloud invincible is slightly hesitant after a turn, also took the past.

He really needs healing pills.

However, when they saw what pill it was, they immediately cried out in shock.

"Six kinds of healing pills, to Qingdan, are all special?"

Zhiqingdan is the best pill for repairing bones and muscles. As long as bones and muscles are not completely broken, they can be repaired.

The most important thing is that Zhiqing pill is difficult to refine. Although it is a level 6 pill, even a level 7 master can't refine it.

But now, Wang Fan takes out so many special talents to Qingdan, what does it mean?"Elder martial brother Wang Fan, are you still a level 7 or level 8 alchemy master?" After taking the pill, Xia Li asked in shock.

Other people's eyes also can't help falling on Wang Fan, want to know the answer.

They have already seen Wang Fan's cultivation talent, which can be said to be extremely rebellious.

If Wang fan is still a level 7 or level 8 alchemy master, it would be too evil.

Wang Fan listened to this, but it was not very interesting, shook his head and said, "no, I'm not so strong. It's only level 6, which is far from level 7 and level 8."

Looking at Wang Fan's embarrassed expression, Xia Li and his party all have the impulse to beat others.

It's embarrassing?

You know, the sixth level alchemy master is very good, especially for Wang Fan's evil genius in cultivation. But Wang fan made such an expression. How could they be embarrassed? It's too much to beat.

In this way, the party soon returned to Yunqing academy, yunwudi returned to the South courtyard, and Wang Fan and his party returned to the north courtyard.

When Wang Fan went back, Su Luoyan was practicing in the training room, and only Qingxuan was playing the piano outside.

When she saw Wang Fan, her eyes couldn't help brightening for a moment, and she immediately returned to normal. After a smile, she continued to play the piano.

Wang Fan sat on the stone bench and began to appreciate the music.

His cultivation has just broken through to the realm of the emperor, and it also needs the precipitation of the state of mind.

However, Wang Fan didn't appreciate it for long, so Xing Shi came to Wang Fan's courtyard.

When Xing Shi saw Wang Fan, his eyes couldn't help but brighten, "boy, have you broken through to the Empire?"

"Well." Wang Fan nodded, "I want to thank Master Xing for his pills. By the way, is there anything wrong with master Xing coming here?"

"Well." Xing Shi nodded, his expression suddenly became serious, "the people of Xia family have been to Yunqing Academy."

Wang Fan Wen Yan, eyebrows a pick, "they come to Yunqing academy to do?"

"They wanted to take you away, but they were driven away." "Teacher Xing replied," I've come to remind you to be careful in the future. "

As he said that, he seemed to think of something and asked, "by the way, several of the Xia family's collateral members were killed outside Yunqing city. Did you do this?"

"Yes." Wang Fan nodded, "they followed me and wanted to kill me, so I killed them."

He had nothing to hide about it, and there was no need to hide it.

"Well, you have to be more careful. Xia Zhong of the Xia family is now taking someone to investigate this matter. I think he will be able to find you soon. "

"Xia Zhong's accomplishments are on the third floor of the imperial realm. If you stay in the college, he will not threaten you, but once you go out, it's hard to say."

Wang Fan nodded, "I know."

However, as soon as his words came down, his mental strength had already been swept, and a group of people appeared at the entrance of Yunqing Academy.

Those people are full of terrible killing power and rage!

Not only that, among those people, Wang Fan also saw Xia Han, Xia Leng and Xia Cheng.

Chapter 2798

Wang Fan didn't need to ask at all. He also knew that the Xia family came to Yunqing Academy for him.

"You're here. Don't go out." Wang Fan was aware of the arrival of the Xia family, so was Xing Shi.

After he left a word, his figure flashed and disappeared.

At the same time, there are also elders outside the Yunqing Academy.

The leader is a middle-aged scholar, dressed up with outstanding temperament and extremely sharp breath.

His eyes were like a knife. He swept the people of Xia family coldly and said, "I don't know why the people of Xia family came to our school?"

Xia Zhong, the leader, heard the inquiry and said with a sneer, "we come here naturally to take people."

"Some time ago, Xia Qing, a member of my Xia family, and several subordinates died thousands of miles away from Yunqing city. After investigation, the murderer was a student of Yunqing Academy."

"And just now, the murderer robbed Xia Han's space ring. Do you want to give us an account? "

Xia Zhong's whole body is full of linglie momentum, and his words have not been polite when he came to Yunqing Academy for the first time.

His Xia family wants to come to Yunqing academy to get people. Since Yunqing academy doesn't give face, why be polite?

Originally, he was investigating the murder of Xia Qing, and also suspected that it was Wang Fan.

However, Wang Fan's weak strength is not enough to kill Xia Qing and others, which makes him confused and unable to reach a final conclusion.

But just before, Xia Han and his party came back to the residence and told what happened in the Lin family.

When he learned that Wang Fanxiu had already set foot in the realm of the emperor, all doubts in Xia Zhong's heart had been swept away, and everything suddenly became clear.

Since Wang Fan has set foot in the imperial realm, there is no problem in killing Xia Qing and his party.

Then I learned that Xia Qing had a hundred million high-grade immortal stone taken away by Wang Fan. Xia Zhong couldn't bear it.

He made a quick decision and directly led people to Yunqing Academy.

He would like to see if Yunqing academy would hand over people in this case.

At this time, many students of Yunqing academy have gathered outside Yunqing Academy.

After they heard Xia Zhong's words, they all burst into an uproar.

Unexpectedly, a student of Yunqing academy killed the Xia family, robbed the Xia family's space ring, and let the Xia family find the door?

Who is this man? Is he too brave?

The book grower can't help frowning when he hears the words.

A student of Yunqing academy killed the Xia family, but he didn't care.

After all, no matter which side of the force, there will be a fight among the younger generation of disciples, so it is inevitable to die.

Since the people of Xia family were killed, it can only prove that the people of Xia family who were killed are useless. Who can blame them?

What's more, he also knew that it was not so simple. After all, Xia Zhong and his party came to Yunqing academy some time ago.

However, Xia Zhong even said that the students of Yunqing academy robbed the rings of Xia's descendants, which was a bit too much.

You know, it's not surprising to snatch other people's space rings, even if it's common in the friars' world.

However, once you get it on the surface, and you are approached, you will still be despised.

"Oh, I don't know which student is in my school?" The book grower asked aloud, even if he had great anger now, he could only endure it.

After all, as an elder of Yunqing academy, he represents Yunqing Academy. Naturally, he has to be reasonable.

"Wang Fan." Xia Zhong said coldly.

Xia Zhong's words immediately caused a sensation among the students around him.

"What, Wang Fan?"

"How is that possible?"

"How could he be so bold?"

All the students were shocked.

They did not expect that the person the Xia family wanted to take would be Wang Fan.

I can't help it. During this period, Wang Fan's reputation in the academy is really too big.

However, there are also some people who know the inside story, but they are dismissive of Xia Zhong's words.

"Sure enough." The book grower couldn't help sighing in his heart, but on the surface, he said quietly, "OK, I know about this matter in Yunqing Academy."

"We will investigate as soon as possible and deal with it seriously. Now, please come back. "

The book grower's words fell, and Xia Zhong and his party were all stunned.

What does Yunqing academy mean that they should come back first?

"What do you mean?" Xia Zhong's whole body suddenly burst out a violent momentum, and the aura in his body flew away in an instant. He asked coldly,

"is it hard to succeed? You Yunqing academy want to protect Wang Fan, do you want to fight with my Xia family?"

Feeling the fury of Xia Zhong, no one will doubt that he will do it next moment.

The book grower frowned again, but this time, without waiting for him to speak, a scornful sneer suddenly came. "Cover up? make war? Are you threatening Yunqing academy? If you're threatening Yunqing academy, you can go away. Yunqing academy doesn't mind fighting. "

With the sound, Xing Shi's body has fallen at the entrance of the school.

His eyes cold scan Xia Zhong and others, only sneer in his eyes, "can't you just rely on your one-sided words, our school is going to make friends? Funny, not funny

"I also said that the people of your Xia family killed the students of Yunqing academy and robbed the rings of the students of Yunqing Academy. Are you going to hand them over and let us take them away?"

"What's more, you say killing is killing, you say robbing is robbing. In a word, we are not allowed to investigate. Where does your Xia family regard Yunqing academy as?"

Xing Shi is extremely strong, a word falls, Xia Zhong unexpectedly all some speechless.

He stared at Xing Shi with his eyes. After a long time, he said coldly, "is it true? As long as you let Wang fan out, you will know why you want us to leave?"

"You are so angry that you drive us to leave. Does that mean that Wang Fan killed my Xia family? It's your Yunqing Academy's command and your Yunqing Academy's will?"

When Xing Shiwen heard the speech, he couldn't help picking his eyebrows.

This is really a big hat. Xia Zhong is insidious.

He was about to speak, but he seemed to feel something and turned to look in a certain direction.

I saw, in that direction, a young figure is coming towards this side.

Looking at the figure, master Xing couldn't help scolding the bastard. Didn't he tell him not to come out?

Not only Xing Shi, but also the surrounding students and even the people of Xia family noticed the visitors.

"Wang Fan!" Xia Han, Xia Leng, two brothers in the eyes is the emergence of incomparable resentment, killing read monstrous.

Not long ago, it was this person who gave them a great shame and trampled their dignity under their feet.

Xia Zhong's eyes also fell on Wang Fan, and there was a cold killing intention in his eyes.

Kill him Xia Qing and take his Xia Han ring. This son must die!

The most important thing is that not long after he entered the realm of heaven, he broke through the shackles and entered the realm of the emperor.

If you don't get rid of it, you'll have endless troubles!

Wang Fan step by step forward, the crowd took the initiative to divide a road, all the eyes, are falling on him.

They couldn't figure out what Wang Fan was doing at this time and how dare he show up at this time.

But Wang Fan didn't pay attention to the students around him. Step by step, he soon came to the front of teacher Xing and Xia Zhong.

Chapter 2799

The Xia family and others stare at Wang Fan coldly, with endless killing in their eyes.

Especially Xia Han and Xia Leng, if not for reason, I'm afraid they would have been unable to restrain themselves and killed directly.

But Wang Fan didn't see Xia Han and Xia Leng in the crowd at all, as if they didn't exist in his eyes.

He just looked at the head of Xia Zhong, eyes calm to no fluctuation, "what do you want to ask?"

Plain voice, no emotion.

But at this time of Xia Zhong, it is strange to feel a touch of cold, a touch of thorn into the heart of the cold.

His body trembled, forced the cold out, sneered, "I xiajiaxiaqing, whether you killed?"

All the students around are silly when they listen to this question.

Will Wang Fan admit it? Only an idiot would admit it.

Just as they thought of it, they were shocked to see that Wang Fan nodded and spat out a word, "yes."

Only a word, the scene completely into a dead silence.

No one thought that Wang Fan would nod his head and admit it without hesitation.

Xia Zhong also can't help but slightly a Leng, immediately corner of the mouth sneer even more.

However, before he said anything, he heard Wang Fan say, "don't you think he should die if he takes people to chase me? Since he wants to kill me, I want to kill him naturally. What's the problem? "

Xia Zhong was stunned when he heard that he was speechless.

He naturally believed that Xia Qing was killed by Wang Fan only when he went after Wang Fan. Only in this way can he explain it.

And he can think of these, the elders of Yunqing academy can naturally think of them, no one is an idiot, and there is no point in denying them.

Just, can Wang Fan compare with Xia Qing?

Xia Qing is a member of the Xia family. Wang fan is just a mole ant from a barren land. How can he compare?

Of course, he can't say that.

"I'll ask you again, are you in the forest house, robbing Xia Han of my Xia family's space ring?" Xia Zhong did not continue to entangle in Xia Qing's death, but asked again.

"Snatch?" Wang Fan raised a sneer at the corner of his mouth, then turned to look at Xia Han, "is that what you said?"

Xia Han's face was ugly for a while, because he did say so.

Wang Fan didn't wait for Xia han to open his mouth and continued, "I thought you were despicable, but as a proud Xia family, there was at least a little bottom line. But now it seems that I think highly of you. "

"It's clear that you lost the ring to me in gambling. When did it become my snatch? Are you Xia's descendants so shameless? "

Wang Fan said, and looked at Xia Zhong, "I don't dare to snatch these two words. Previously, many

people in the forest house saw Xia Han's ring. I took my life to gamble for it. "

"If you can't afford to lose, just say you can't afford to lose. Don't label me as a snatcher! Are you insulting me or your Xia family? "

When Wang Fan's words fell, Xia Zhong's face suddenly turned ugly.

He turned his head and looked at Xia Han. Just one glance, he knew that what Wang Fan said must be true.

He was annoyed at Xia Han's failure to tell the truth and the attitude of Yunqing academy and Wang Fan.

But even so, he looked at Wang Fan coldly and said, "who can testify for you?"

"I don't know."

"I can, too."

"And me."

Yueru Xiali and other people who had been in Linfu came out.

Xia Zhong sneered, "you are all students of Yunqing Academy. Don't you think it's ridiculous to testify to him?"

He looked at Wang Fan again, "since you said you didn't rob, how can you prove it?"

Obviously, Xia Zhong didn't intend to be reasonable.

"I don't need proof, and I don't need proof. Now that you have identified me as a Snatcher, consider me a snatcher. "

With that, Wang Fan didn't want to talk with these people any more, so he turned around and went to Yunqing Academy.

He came out, on the one hand, to clarify the facts and not to be stigmatized, on the other hand, to reason. But since Xia Zhong is unreasonable, can he still talk nonsense with him?

Since the people of Xia family have to talk about his plunder, then he is plunder.

"Want to go? Well, since they are all out, come with us Xia Zhong sneered.

As he spoke, his body flashed, and he rushed to Wang Fan. Meanwhile, his right hand had already

followed him out, and he grabbed Wang Fan directly.

"Bold!"

"To die!"

The elder of Yunqing Xuegong was angry.

Xing Shi and the book grower also shot in an instant, directly left and right to Xia Zhong.

But just then, two figures flashed out of the Xia family and rushed directly at Xing Shi and stopped them.

Xia Zhong, on the other hand, went straight ahead and killed Wang Fan.

Looking at this sudden scene, all the students of Yunqing Academy were shocked. Wang Fan was attacked by the three-tier strong in the imperial realm. Does Wang Fan have the ability to resist?

No matter how powerful or evil Wang fan is, how can he resist it?

Xia Zhong's body with endless pressure, directly approaching Wang Fan, and his right hand, has also quickly grasped Wang Fan, as fast as lightning, as close as a foot.

However, just when his right hand was about to grasp Wang Fan, Wang Fan disappeared strangely.

Silent, as if out of thin air.

Xia Zhong's palm grasps Wang Fan's remnant shadow above, the remnant shadow is torn inch by inch smashes.

Looking at this scene, people around can't help shivering.

How close!

Xia Zhong's face can't help but look ugly. Does Wang Fan escape from his palm?

"The Xia family, I Wang Fan remember. You'd better kill me and don't let me grow up, or it will be the end of your summer family. "

Wang Fan's cold voice came out of his mouth, but he was gone.

He didn't enter the Yunqing academy and went away from it.

"Chase." Xia Zhong's face is even worse. They no longer have the heart to fight with Xing Shi. Instead, they chase Wang Fan at full speed.

"Son of a bitch, where are you going? Get back to me." Xing Shi is also a burst of anger, while roaring madly, while following the full speed chase out.

He knew that Wang Fan didn't want to lead Yunqingxue palace, so he left behind a cruel word and fled to the outside.

Just, what place does Wang Fan regard Yunqing academy as?

Yunqing school palace is a holy land of practice. If even one student can't be protected, what holy land can we talk about?

The book grower didn't go after it, but flashed into the inside of the school, which he needed to report.

Wang Fan ran all the way. He didn't dare to slack off.

At the moment, his eyes were very cold, and there was endless anger in his heart.

What is deception? That's it!

He didn't even know anyone of the Xia family, but they wanted to kill him.

Even if you kill him, now you come directly to Yunqing academy, bully Yunqing academy, and take him away by force.

The world of monks is really the biggest fist. There is no reason.

Wang fan is surrounded by endless thunder light, the whole person is like bathing in the thunder storm, he is crazy to show lightning, toward the distance.

He is not sure how to deal with the three strong men in the Empire.

What's more, even if he can deal with it, who knows if there is a third tier or even stronger character in the Xia camp?

Therefore, Wang Fan did not dare to stop at all, he could only escape.

Yunqing city is still very prosperous. Countless friars shuttle on the streets, which is very lively.

"Look, what's that?"

At a certain moment, some people couldn't help but look up at the void.

Only in the void, a figure wrapped by thunder, is frantically running away, flash away.

Behind him, there are a number of terrible strong pursuers.

Chapter 2800

When Wang Fan fled to the outside of Yunqing City, he issued an order in the depth of Yunqing Academy: "those who dare to kill the students of Yunqing academy within the jurisdiction of Yunqing city will be killed without mercy!"

The majestic and mighty voice spread all over Yunqing Academy. In an instant, Yunqing academy vibrated.

With this order, the elder of no math palace left the school and rushed to the outside of Yunqing city.

Outside Yunqing City, Xing Division has caught up with Xia Zhong and launched a fierce battle with them.

For a moment, the area was shattered, as if everything would be destroyed.

"Have you ever thought about the consequences of Yunqing Academy's doing this?" Xia Zhong's face was very ugly. He fought with Xing Shi and roared angrily.

He did not expect that someone in Yunqing academy would dare to intercept them, and such a war broke out.

He did not expect that the Xing division would be so powerful, one person against the three of them, not a bit down.

"Well, what's the consequence? What are the consequences? Is it reasonable for the people of Xia family to pursue and kill the students of Yunqing Academy under the jurisdiction of Yunqing academy? "

Division Xing disdained to sneer, the attack is more and more violent.

Xia Zhong three people feel this scene, the facial expression is more gloomy incomparable.

They didn't want to talk nonsense any more, and they started a crazy battle with Xing Shi.

However, the battle between them did not last long, and more than ten figures had appeared here.

Not only that, each of the more than ten people was carrying one person.

And those who were held in their hands were all pale, full of anger and humiliation.

Seeing the sudden appearance of more than ten figures, Xia Zhong's faces were even more ugly.

Especially looking at the person who was held by the other party, they were even more furious.

"Yunqing academy, what do you mean, you really want to fight with my Xia family for a student?"

Xia Zhong was extremely angry, and the anger could not even be controlled.

He really couldn't figure out why Yunqing Academy was so determined for the sake of Wang Fan.

"Within one day, get out of the jurisdiction of Yunqing Academy. I don't care about this day, but if you dare to have another one, don't blame us for being rude. "

One of them stares at Xia zhongsan coldly, then throws Xia Han on the ground and says coldly.

With his rejection, the rest of the Xia family were also severely dumped on the ground, extremely embarrassed humiliation.

"You." Xia zhongsan's face was even more ugly. He clenched his fists tightly and was almost mad.

But they also know that in this situation, it is impossible to pursue Wang Fan.

"My Xia family has remembered this matter. I will report it to the owner truthfully. I'll see you later." Xia Zhong unwilling to leave a word, and then take people to leave.

Today, his Xia family is too humiliated to bear.

Thousands of miles away, Wang Fan suddenly stopped.

Because he couldn't feel the breath of the Xia family.

Wang Fan feels a little strange. Did the Xia family chase in the wrong direction, or was stopped by Xing Shi?

Thinking of this, he no longer hesitated and began to turn back.

Before long, he came to an area and saw teacher Xing.

Wang Fan looked at Xing Shi and couldn't help asking, "Xing Shi, where are the people of Xia family?"

"You son of a bitch, who let you escape from the school? Now come back to the school with me immediately, and you are not allowed to leave the school for three months. " Xing Shi looked at Wang Fan, but said angrily.

Wang Fan shrunk his head and was not allowed to leave the school for three months. It's a bit cruel.

But he also knew that although master Xing didn't give him a good face, he was really good to him. This

can be seen from the attitude towards the people of the Xia family just now.

Wang fan is also very helpless, can only follow Xingshi back to Yunqing Academy.

After returning to Yunqing academy, Wang Fan learned the order issued by the academy and whether the elder of the mathematics Academy had left the Academy.

He immediately understood why he didn't see the Xia family. It was obvious that he was forced to withdraw by the elders of the school.

Wang Fan couldn't help rising a warm current in his heart. It seems that it's right to join Yunqing Academy.

He did not expect that the school would do this for him.

The next time, Wang Fan began to close down in the courtyard where he lived.

If you don't use it, it will be useless.

When Wang Fan closed the door, Xia Zhong and his party returned to Xia's home in great anger.

The owner of the Xia family was named Xia Baishan. When Xia Baishan learned what happened in Yunqing City, he was furious.

Yunqing academy should offend his Xia family for the sake of Wang Fan. It's just unreasonable.

In a rage, Xia Baishan immediately plans to send troops to Yunqing Academy. He wanted to see whether the Yunqing academy would dare to fight for a mere Wang Fan.

However, just when Xia Baishan wanted to do so, a man came to visit Xia's family.

This man is an elder of Wenyan mansion. He talked with Xia Baishan for more than an hour before leaving.

Yunqing Academy.

With Wang Fan's crazy cultivation, his immortal spirit in Danhe also began to grow rapidly.

However, it is still a little far away from the middle of the imperial realm.

Wang fan is also very helpless about this. His speed of absorbing immortal aura is not fast. However, the Danhe river is too big, but there is no way to break through it.

He simply stopped practicing, but began to study the emperor level skills.

After a few days, Wang fan stopped studying the emperor level skills and walked out of the training room.

When he went out, Su Luoyan and Qingxuan were outside.

Wang Fan took a look at them and said with a smile, "I want to walk in the school. Do you want to go with me?"

It's a shame that he has been here for some time, but he hasn't turned around yet.

"Well." Su Luoyan nodded and went to Wang Fan.

Qingxuan didn't speak, but she also came down.

So the three left the courtyard and wandered around in Yunqing Academy.

When the students saw the three people, their eyes were filled with envy and jealousy.

This guy is really blessed to have two such outstanding beauties.

Wang Fan didn't pay attention to the students. He just took her two daughters to stroll around the school and enjoy the school.

It has to be said that the environment of Yunqing academy is very good, giving people a very comfortable feeling. In this environment, his state of mind seems to be sublimated, which is very wonderful.

If you set foot in the realm of the emperor, you can not only improve the realm of cultivation, but also need the sublimation and promotion of the state of mind.

Not only that, after reaching the realm of the emperor, cultivation can try to communicate the attribute elements between heaven and earth, and attack with the help of attribute elements.

Because before the Empire, Dantian was only Dantian, and the stored aura was limited, so it was impossible to control the elemental power to attack.

When the cultivation attains the realm of the emperor, the Dan river will be formed in the Dan field, and the quality and quantity of the immortal spirit stored in the body will also be improved.

Therefore, there is no pressure to attack with the help of elemental power.

Of course, the premise is that you have to be able to feel the elements between heaven and earth.

Otherwise, you can't even feel the elements between heaven and earth. How can you control and attack?
