Chapter 2801

Wang Fan took Su Luoyan and they went all the way, and soon came to an area.

There are countless students gathered here. There is a big circle surrounded by mathematicians, looking down at it.

Wang Fan's mental power swept out, and immediately found that it was a circular area, just like a huge pot.

And they are at the edge of the pot, and at the center, they are nearly 100 meters concave.

At the moment, many students are practicing and fighting in the pot.

However, those students seem to be struggling, as if they are under great pressure, and even some of them are not well coordinated.

"Gravity field?" Wang Fan looked at this scene, and a strange color appeared in his eyes. Yunqing academy is worthy of Yunqing Academy. There are still such strange places.

"Elder martial brother Wang Fan, this is not a gravity field, but a physical training field."

"Below, what I feel is not only the gravity pressure, but also the physical and mental pressure. In short, it is very limited."

"Only those students who practice physical training will come here to practice."

A voice came from not far away from Wang Fan. Wang Fan turned his head and saw a student of Beiyuan.

Although he could not name the student, he had seen him in the North Hospital.

Wang Fan nodded and asked, "is there any limitation to practice inside? How many immortal stones do you need to pay?"

"There is no limitation of cultivation, and there is no need to pay for the spirit stone. Because in the physical training field, you can't use aura, you can only use physical strength to fight. "

The North college student said.

Wang Fan nodded, which was a little interesting.

It's obvious that this physical training field is a place for refining the body, especially for those body

refining monks.

"Do you want to go down and have a try?" Plain wild goose beauty Mou sees to Wang Fan, suddenly say.

She is very clear that Wang fan is a physical training monk, and the physical training realm is also very good.

Wang Fan shook his head. "Forget it. Try again some other day."

He has just finished his training. Now he has no mind to practice here. He plans to relax for a while.

Seeing Wang Fan shaking his head, Su Luoyan didn't say much.

At this time, the crowd around, suddenly issued a scream.

Wang Fan looked down curiously, and immediately saw a young man with short hair, shirtless and burly, sweeping across the training ground.

This person's body is extremely powerful, and his muscle lines are full of bronze luster, which is full of explosive power.

His body is like a violent ape, walking in the training field, every step of the fall, will make a rumbling sound.

There was no mathematician to kill him, but he couldn't bear the blow.

In a short time, he had already swept more than ten people. He was extremely violent.

Wang Fan looked at the scene with a twinkle in his eyes.

This guy's great.

At this time, many people have noticed Wang Fan.

"Wang Fan, I didn't expect him to come too."

"Wang Fan, do you want to go down and have a try?"

"Wang Fan, it's rare to meet you here. Do you want to go down and have a fight?"

Many voices came, most of them wanted to challenge Wang Fan.

Wang Fan glanced at these people and found that most of them had reached the imperial realm, and only a few of them were still at the top of the Ninth level of the holy realm.

He touched his nose. Is he so famous?

If these people want to challenge themselves, do they want to step on him with the help of the particularity of the physical training field?

He was speechless, but on the surface he said with a smile, "elder martial brothers, I just came to have a look. I don't mean to practice or compare with you."

"Here we are. Go down and feel it."

"That's right. It's very good for the monk. Even if you're not a body refining monk, if you practice here for a period of time, your body refining realm will advance by leaps and bounds. "

Seeing that Wang Fan had no intention of going down to practice, the students bewitched him one after another.

There's no way. Wang Fan's popularity in Yunqing academy is too big.

First of all, Wang Fan defeated several big Tianjiao and ascended to the top of the holy list. Later, he heard that Wang Fan had broken into the Empire.

This makes many students full of complex emotions towards Wang Fan.

Not to mention the students from the ninth floor of the holy land, even those from the first and second floors of the imperial land, their hearts are very complicated.

After all, Wang fan is from a wild land. How can he be such a monster?

"Forget it, I really don't have the heart." Wang Fan shakes his head with a smile and wants to leave.

Just then, a voice of sarcasm came out of the crowd,

"how dare you? I heard that when you defeated Yun Wudi and others, you were very proud. "Wang Fan frowned and immediately saw a burly young man coming from a distance.

Although this person's figure is not as big as the one in the gym, it's already very good.

His body seems to contain a terrible explosive force, and his cultivation has also entered the realm of the emperor.

"Ma mu, it's elder martial brother Ma mu."

"Elder martial brother Ma mu, what does he want to do, slap Wang Fan in the face?"

"With his strength in physical training, he challenges Wang Fan in the physical training field. Are you bullying people?"

Seeing the appearance of this burly young man, some people can't help but start to talk in surprise.

Ma Mu is a celebrity in Yunqing Academy.

He was violent and straightforward. He once swept many students in the imperial realm.

"It's just a duel. Don't worry, I won't hurt you." At this time, Ma Mu had come to Wang Fan and said.

Wang Fan didn't pay attention to Ma mu. He just glanced at him and turned around.

He really didn't have the heart to fight with the students of Yunqing Academy. Even if he was fighting, he was not a student in the same field like Ma mu.

Now his biggest enemy is Xia family. He has no time to play with Ma mu.

"Ah, I thought you would still be as arrogant as before when you stepped into the imperial realm. I didn't expect that you would become so counsellor after you stepped into the imperial realm. It's really disappointing. "

"Are you not afraid that the beauties around you look down on you and leave you?"

Ma Mu said, and looked directly at Su Luoyan and Qingxuan, "two fairies, I think this kind of counsellor, you don't want to follow. It's insulting to your identity. Why don't you follow me? "

Ma Mu's words are already a naked humiliation to Wang Fan.

At this moment, the whole audience was silent. Everyone couldn't help looking at Ma mu. Obviously, he didn't expect Ma Mu to say such a thing.

It's normal to fight and challenge. You can use this kind of verbal humiliation to force the other party, but it's a bit of underhand.

This shows that Ma Mu's conduct is bad.

At this moment, even those who started to challenge Wang Fan felt that Ma Mu was a little disgusted, especially some female students.

Wang Fan's step is also suddenly stopped, looking back at Ma Mu coldly.

His eyes were a little cold, and there were even murders in his heart.

This Ma mu, even in front of him, said to rob his woman?

I'm really looking for death!

Ma Mu also gazed at Wang Fan, with only abuse and disdain in his eyes. He did not give in and fought against each other.

Even, from time to time, his eyes deliberately fell on the two of them, and there was a sense of provocation in them.

Wang fan saw this scene, suddenly a brilliant smile, and then directly flashed, jumped out of the physical training field, "since you want to compete, then please."

Flat voice resounded through the whole area, in an instant, the area fell into a dead silence.

Chapter 2802

The plain voice was like thunder on the ground. After a short silence, many people became excited.

Wang Fan finally can't stand the fierce general, has he gone down to fight? They finally have a chance to beat Wang Fan.

Wang Fan has become famous in such a short time and even entered the imperial realm. Many students are unhappy, especially those who have been wandering in the ninth floor of the holy land for many years.

Originally, they thought that they would no longer have the qualification to fight with Wang Fan, and they could only look up to Wang Fan.

But today, Wang Fan gave them a chance.

You know, physical training field can't use aura to fight, it can only rely on physical strength.

In other words, cultivation is no longer very useful here.

Of course, some people can't help sighing.

They sighed at Wang Fan's impulse to accept this unfair challenge.

After all, Ma Mu is not an ordinary person.

If he is outside the physical training field, Wang fan may have a fight with his extraordinary talent and the fighting power of demons. But in this training ground, Wang Fan will have no chance.

"Oh, it's impulsive."

"I can't bear to see it."

"How can he be so impulsive and accept the challenge as soon as he is stimulated?"

Many people are sighing.

On the training ground, Wang Fan didn't care about the sighs of those people at all, just staring at Ma mu.

At the same time, he is also adapting to the prestige of the physical training field.

The gravity here seems to have increased dozens of times or even hundreds of times at a time, making his legs feel heavy like lead.

Not only that, his spirit, his body, also seems to be squeezed by the invisible force, extremely uncomfortable.

However, he did not care, but gazed at Ma Mu and moved slowly.

At the same time, his hands are dancing slowly to adapt to the pressure.

Of course, because he is new to the training field, his movements are very uncoordinated. Every time he moves, he feels very difficult.

Outside the gym, those students can't help sighing when they see this scene.

Even the action is difficult, how can we fight?

You know, Ma Mu doesn't spend a day or two practicing in this gym. He is more suitable for the pressure here than Wang Fan.

Ma Mu also raised a sneer at the corner of his mouth. As soon as he stepped on the ground, he had already fallen to the gym.

At the moment, his eyes to Wang fan are like looking at an idiot.

"I thought you were very smart, but I didn't expect you to be such an idiot. I can't bear it when I'm excited. I'm really speechless when I'm sent to find abuse. "

"But since you're looking for abuse yourself, I'm going to help you."

Ma Mu said with a sneer. As soon as he stepped on the ground with his toes, he roared, and the whole

person rushed to kill Wang Fan.

At this moment, his whole body muscles expanded and tightened, and his body seemed to be filled with terrible power, giving people a terrible feeling.

When the people nearby saw this scene, their faces couldn't help changing, and they were all away quickly.

They don't want to be affected.

Wang Fan looked at Ma mu, but a cold smile appeared at the corner of his mouth.

This guy is really cheap. He doesn't accept the challenge and humiliates himself. Accept the challenge and humiliate yourself. It seems that nothing is right.

He didn't touch Ma mu, but when Ma Mu's attack was about to fall on him, his body suddenly flashed to the side.

He has just entered the gymnasium, but he has not fully adapted to the pressure here. He has to adapt to it later. Otherwise, even if he can defeat Ma mu, it will be a tragic defeat.

Ma Mu's fists pressed against Wang Fan's body, and raised a roaring force like a knife.

The energy beat on Wang Fan's face, and Wang Fan even felt a stabbing pain like a knife.

"What, he's hiding?"

"How is that possible?"

"Quick reaction and adaptability."

Those onlookers were surprised to see that Wang Fan had run away.

You know, Ma Mu's fist was very quick and fierce.

Let alone those who enter the gym for the first time, even those who have been in the gym for a long time may not be able to escape.

Ma Mu's face was also slightly ugly.

Because of his accomplishments and reputation in the gym, he failed to beat Wang Fan with one blow. It was a slap in the face.

He didn't talk nonsense. He stepped on the ground again with his legs, raised a roaring voice and killed

Wang Fan again.

Wang Fan still did not fight against Ma mu, but kept avoiding.

Next, there was a very funny scene in the gymnasium.

Ma Mu is constantly chasing Wang Fan to attack, and his momentum is exploding, but Wang fan doesn't touch him hard at all, but evades again and again. Every time he dodged, it was just right, just to let Ma Mu's attack fail.

In this way, several times later, Ma Mu's face has been unable to hang up, more and more fierce and crazy.

However, even so, he still can't attack Wang Fan.

The reason is very simple. With every escape, Wang Fan will be more adapted to the pressure of the physical training field. So, his movements have become faster and faster, and more coordinated and flexible.

"Wang Fan, can you just hide?" At a certain moment, when Ma Mu's attack failed again, he could not help roaring angrily.

Originally, he intended to humiliate Wang Fan and satisfy his evil taste.

After all, with Wang Fan's prestige, if he can step under his feet, it is also a thing worth showing off.

But he did not expect that he not only failed to humiliate Wang Fan, but he was humiliated.

Now he is just like a clown, chasing Wang Fan around the gym, but he can't even touch Wang Fan's clothes.

If Wang Fan, like him, is a well-known person in the gymnasium, it is nothing. But in fact, Wang fan is just a beginner.

It was a great shame to him.

When Wang Fan heard Ma Mu's words, he stopped and asked, "is there anyone who stipulates that you can't hide in this contest?"

"You are good at strength, attacking with strength, and I am good at body method, avoiding with body method. Is there any problem?"

Ma Mu's face turned purple, but he had nothing to say.

Wang fan is still going on, "if you really have the ability, you can ignore my speed and hit me directly. If you don't have that ability, don't talk nonsense here. "

"I'll tell you clearly that I'm just wasting your strength. When your strength is exhausted, I'll fight back. Can't I?"

"If you're afraid, you can admit defeat now, or leave the training ground directly. What nonsense is there? Rubbish

Wang Fan's tone is like a knife, and his words are sharp. He is not polite at all.

Ma Mu was so angry that he didn't want to talk nonsense any more. With a loud roar, he continued to fight Wang Fan. Wang Fan said these words, where can he withdraw?

But Wang Fan didn't care at all and continued to evade.

In this way, about ten minutes later, Ma Mu finally got tired and slowed down.

After all, after such a long time of pursuit and attack, his consumption was much greater than that of Wang Fan.

Wang Fan clearly noticed the exhaustion of Ma Mu's power, but he couldn't help laughing.

Now Ma Mu's strength is exhausted. He has almost adapted to the pressure here and can fight back.

Chapter 2803

On the stage of physical training, Ma Mu is extremely unyielding. This is the most unyielding battle since he entered Yunqing Academy.

No matter how powerful he is, what's the use if he can't attack his opponent?

He felt that he was very tired, and his strength was weakening rapidly. If he went on like this, he could not hold on for long.

Look at Wang Fan again, but he is still in action, as if he has not been affected at all.

"Wang Fan, do you dare to hide? There is a kind of face-to-face fight with me. " Ma Mu's eyes were red, staring at Wang Fan, and roared angrily.

Even the students in the physical training field nearby could feel the tremendous anger on him.

Originally, Ma Mu thought that he had no significance to Wang Fan, and Wang Fan could not be stimulated.

But he didn't expect that his voice had just fallen when he saw Wang Fan stop.

"Rat? Only dare to hide? You think too much of yourself. Since you want to fight head-on, I will do as you wish." Wang Fan's voice fell, and the scene suddenly fell into a dead silence.

Wang Fan, actually agreed to Ma Mu's head-on battle? How crazy it is.

Even if Ma Mu's state is not the best at the moment, it is not something that ordinary people can deal with.

"Good." Ma Mu also can't help but slightly a Leng, immediately grinning.

With a loud roar, his muscles condensed and contracted crazily again, and the strength in his body began to expand crazily.

He clenched his fists and stared at Wang Fan, which was full of madness and excitement.

One hit!

He wants to kill Wang Fan with one second!

He will release all the previous grievances and depression in the next moment. He wants Wang Fan to know who he is!

No matter the students who are practicing in the gym or those who are watching outside, they can't help gasping for air when they see this scene. He even worried about Wang Fan in his heart.

Ma Mu is in a very bad state at the moment. If Wang Fan didn't hide, the consequences would be unimaginable.

"Elder martial brother Wang Fan, don't beat him hard."

"Elder martial brother Wang Fan, don't be impulsive."

"Elder martial brother Wang Fan, you should be careful."

Some of the students who came to Beiyuan could not help but began to give nervous advice and reminders.

"I'd like to see if you can hide or not!"

On the training ground, Ma Mu roared, immediately stepped on the ground with both feet, and went crazy to fight Wang Fan.

At the moment, he is like a black bear, full of terrible explosive force, strong to the extreme.

Ma Mu steps on the ground, raising a booming voice, crazy toward Wang Fan close.

"Hiding? You deserve it, too?" Wang fan is disdain a smile, immediately the same toe step on the ground, followed by rushed out.

His whole body muscle is also in the crazy contraction, the strength is in the crazy condensation.

However, the pressure on the training ground is too great, and he still doesn't adapt to it.

Of course, if he doesn't adapt to it or not, his strength is still very strong.

"What does he want to do? Is that crazy?"

"Crazy, it must be."

"Wang fan is going to be miserable."

Looking at this scene, the people around could not help but be shocked and made a murmur.

Two crazy steps, toward each other, blink of an eye, it has been close.

"There's seed!" Ma Mu raised a grim smile at the corner of his mouth. Without any hesitation, his right fist was like a fire wheel. He rolled up a violent wind and smashed it directly.

That terrible and domineering punch made everyone tremble in their heart, and they were almost scared.

Ma Mu's physique of more than 200 Jin, plus the inertia from the impact, plus the powerful bombardment.

Even in this special physical training field, the power is almost explosive.

Wang Fan looked at Ma Mu's blow like a casserole, but his eyes still didn't fluctuate.

He didn't have the slightest hesitation, and didn't even have the slightest thought to consider whether or not to avoid. His right fist was also raised and immediately smashed out.

With the fist to fist, blast out, extremely decisive.

Looking at that, without hesitation, he chose Wang Fan who was a strong opponent. Those onlookers all admired him.

They admire Wang Fan's courage, even more so.

However, no one is optimistic about Wang Fan.

Bang!

The two fists collided in mid air, making a deep explosion.

They both felt a very violent force coming, and then began to retreat at the same time.

Ma Mu retreated six steps.

Wang Fan took three steps back.

Looking at this scene, the onlookers choked and couldn't believe their eyes. Ma Mu's face changed wildly. He never thought that Wang Fan had such terrible physical strength. You know, he has been practicing in the physical training field for a long time. Wang fan is just a newcomer to the physical training field.

Even if Wang Fan's physical strength is really stronger than him, how can he be defeated here?

Wang Fan didn't care about Ma Mu's shock at all. After three steps back, he just buffered for a moment, and then he rushed to Ma Mu again.

Ma Mu's heart trembled wildly, and he had a feeling of fear.

Before that kind of expansion, even he felt some numbness and pain in his arm. Didn't Wang Fan feel it?

He didn't care to think so much. He couldn't help but start to retreat and concentrate on hitting again.

However, without the blessing of inertia, how can his fist surpass Wang Fan?

The two fists collided again, and Wang Fan stood in the same place, as steady as Mount Tai.

Ma Mu's huge body began to retreat again.

Not only that, his face was beginning to turn pale.

"With this power, do you want to fight me head on?" Wang Fan disdained to sweep that complexion pale Ma Mu one eye, didn't have the slightest hesitation, kill again.

Looking at this scene, everyone is dull.

Shock, death shock.

As strong as Ma mu, in front of Wang Fan, is he so unbearable?

Ma Mu's face is even more pale as paper, looking at the furious Wang Fan, he can only retreat again and again.

Just, the speed that he retreats, where can have Wang Fan fast again?

Along with the distance between them, Wang Fan's impact on the power of nature is also greater.

With him approaching Ma Mu again, his fist smashed out again.

This time, he didn't blow one punch, but two.

The first fist, Wang Fan's fist smashed on Ma Mu's arm, and the violent force oppressed Ma Mu's chest. He couldn't help spouting a mouthful of blood.

His figure retreated again, but just as he retreated, Wang Fan's second punch was already solid and solid in his chest.

Bang!

There was another deep explosion.

Click.

Followed by a crisp sound of bone fracture.

Ma Mu's sternum was smashed and cracked.

He spewed out a mouthful of blood, could not help but utter a scream at the same time, the body directly flew out, and then fell heavily on the ground.

He fell to the ground in great distress and struggled for a long time, but he didn't get up and looked as if he was dead.

Originally, he wanted to use the special environment of the physical training field to step on Wang Fan, who is famous outside, so as to satisfy his inner vanity.

But now, as a result, he was trampled on by Wang Fan and his reputation was ruined.

Chapter 2804

Wang Fan step by step forward, went to Ma mu, then stepped on him, sneered, "frontal battle, this is your strength? Or is that the end you want? "

He sighed, "I thought how strong you were. Now it seems that you are really disappointed. You are just vulnerable."

Wang Fan said, his right foot suddenly stepped on the ground, and immediately put the tip of his foot on Ma mu.

In a flash, Ma Mu's body was directly picked up by his toes, flew into the air, and then fell outside the gym.

Boom, the sound of landing, like a bomb, hard bombing in the hearts of the people.

Everyone's heart is unable to help a violent tremor, the scene a dead silence.

Tough as Ma mu, he was defeated by Wang Fan in the physical training field? Ma Mu's arrogant words before association are really ironic.

Wang Fan didn't care about the shocked people, let alone the humiliating Ma mu.

It would have been too much for Ma Mu to humiliate him. He, a student of Yunqing academy, would never have humiliated Ma Mu so much.

It's a pity that Ma Mu didn't know how to praise him. He just humiliated him. He was also accompanied by Su Luoyan and Qingxuan. He couldn't bear it.

Wang Fan defeated Ma Mu strongly, but he didn't leave the gym. Instead, he looked up at the crowd.

He hugged his fist with a bright smile. "Before, many elder martial brothers wanted to challenge me here, didn't they? If you are not talented, please give me your advice. "

Wang Fan's words fell, and the scene fell into silence again.

What is Wang Fan doing? Is it crazy to challenge him?

There was a short silence, and schadenfreude appeared in some people's eyes.

It seems that there is a good play today.

And those students who wanted to challenge Wang Fan before all turned ugly.

Just now Wang Fan showed his strength, but they all saw it with their own eyes.

He is as tough as Ma mu, and he is defeated by Wang Fan. It can be said that most people are no longer Wang Fan's opponents.

At the very least, those who are in the ninth floor of the holy land are no longer qualified to fight Wang Fan, even in this training ground.

After all, Ma Mu was not only a student of the imperial realm, but also a famous physical exerciser.

Even he was defeated by Wang Fan. How could those students from the ninth floor of holy land be Wang Fan's opponents?

Of course, the ninth floor of the holy land is not good, and the first floor of the emperor's land can still fight. Although Ma Mu is strong, he is not strong enough to beat all the students in the same field.

"Nanyuan, Zhang Tianpeng, please give me your advice." The short silence, accompanied by a voice, a young man has fallen on the training ground.

This person's figure is not burly, the muscle line also does not appear to explode, does not seem to have how strong physical strength.

However, since he dares to appear here, he is by no means an ordinary person. At least, he is not inferior to Ma mu.

"Please." Wang Fan nodded and looked at Zhang Tianpeng.

Zhang Tianpeng doesn't talk nonsense either. As soon as his body flashed, he was like a roc spreading his wings and rushed to kill Wang Fan.

His body shape is like electricity, and his speed is like thunder. The cutting air is hissing, and he is furious to the extreme.

Just in an instant, Zhang Peng had already come to Wang Fan. His right hand suddenly became a fist, five fingers curled up and smashed out.

A blow to break the air, it is earth shaking, the air has been torn out of a white mark.

Wang Fan felt the scene, his eyes didn't fluctuate, and his expression was calm and terrible.

Instead of avoiding, he took a step back, but his right arm had been raised. The powerful force in the body surged out, converged on the whole right arm, and immediately smashed out.

With his punch, the golden energy in his body began to surge like a roaring dragon.

Bang.

The two fists collided, sending out a terrible explosion.

Zhang Peng only felt a terrible force coming, and the whole person flew out like a shooting star.

After landing, his legs still stepped back a few steps to stabilize his body, and his mouth overflowed with blood.

He looked at Wang Fan as if he were looking at a monster.

How is it possible? How is it possible?

How can Wang Fan suddenly become so strong?

If Wang Fan really had such a powerful and terrifying power, how could he avoid it when he was fighting against Ma mu?

"Yes." But Wang Fan did not go to see Zhang Tianpeng at all. He just said politely and looked at the people around him, "next."

The reason why he challenges people here is not just a simple challenge.

Because he feels that his physical strength has reached a bottleneck, and if he wants to break through that bottleneck, he must break through his own limit.

Fighting is undoubtedly the most direct way to break through self limitation.

Now he has reached the body of the king. If he goes further, he is the holy body. Once his training body reaches the holy body, it will be a huge increase in his combat power.

"I'll do it." A voice soon spread out, and a young man fell on the training ground.

"Dong Yuan, Dai Zhan!" After this person arched his hand to report his name, he didn't hesitate at all, and stepped forward to fight Wang Fan.

Wang Fan still did not evade, did not retreat, chose the most direct hard shake.

Bang Bang two sound came out, this time, Wang Fan with two fists, will wear battle hit fly.

Those onlookers were shocked to see this scene.

Others in this training ground are more and more tired, but Wang fan is just the opposite.

He's getting stronger and stronger.

Countless students can't help but jump off the training ground one after another to launch the most

direct collision bombardment with Wang Fan. But the ending is the same, they are swept away by Wang Fan one by one.

For a time, a large area of the gymnasium had fallen.

Of course, none of them suffered much injury or humiliation.

Wang Fan felt that his body was more and more heavy and his spirit was more and more tired.

In this stressful physical training field, such a long time of physical fighting will naturally consume a lot.

Even if his cultivation had reached the realm of the emperor, his whole body was full of sweat and panting under the high load of fighting.

At this time, he seemed to be extremely difficult with every move.

What happened in Yunqing academy and gymnasium has spread like the wind, and soon swept the whole Academy.

The students of the four academies, whether they are physical training monks or not, all come to the physical training field one after another.

Some of them want to see Wang Fan's style, while others want to challenge Wang Fan in the gym.

After all, Wang Fan's reputation is too great. I'm afraid no one in Yunqing academy is aware of him, except the elders and the most evil students.

Although Wang Fan had a good reputation, he could only cultivate in holy land. Even if they were not happy, they could only look at him.

But now it is different. Wang fanxiuwei has broken through to the realm of the emperor. Even if he first entered the realm of the emperor, he is still the realm of the emperor.

In this way, those students from the first and second levels of the imperial realm naturally want to try Wang Fan's strength.

Beiyuan, Yueru, Xiali, gaiteng and others, after learning about the sports training field, could not help but speechless at the same time, also quickly rushed to the sports training field.

They can't help but feel bad in their hearts. This guy really doesn't know how to keep a low profile. He even makes trouble everywhere.

South courtyard, Liu Chaoran, cloud invincible, Luo Chong, also learned the news, one after another toward the body refining field.

They also want to see if Wang Fan, who once oppressed them, can stir up the storm as before after his cultivation and stepping into the realm of the emperor.

For a moment, the whole gymnasium was full of people. At a glance, it was a sea of people. Even, some idle college elders come quietly.

Chapter 2805

At this time, only Wang Fan was left in the physical training field.

He stood alone on the training ground, but he was like a thousand troops, full of mighty power, and looked down on the world.

Outside, the crowd has gathered more and more, countless eyes fell on the lonely but arrogant figure.

At this moment, Wang Fan has attracted much attention.

Whoosh!

At a certain moment, a sudden wind breaking sound came out, and immediately everyone saw that a burly young man fell from a height and landed directly on the exercise field.

Standing there, he was like a hill, giving people an extremely heavy pressure.

His short hair was upright, like a sharp blade, and his eyes were like a sword, piercing Wang Fan in front of him.

He was shirtless, even wearing only a short circuit, and his muscles were as strong as steel.

"Barbarian army, is he going to fight?"

"He's a well-known physical exerciser. He's also born with divine power and pure physical strength. Few people can match him."

"It seems that Wang Fan's arrogance has caused many people's dissatisfaction. It's really unexpected that this body refining maniac in the West courtyard should have the idea of making a move. "

Looking at the big figure, everyone was shocked.

The barbarian army is definitely one of the famous ruthless men in the physical training field. In his eyes, Ma Mu was not worth mentioning.

Throughout the whole Yunqing academy, among the students in the imperial realm, there is absolutely no one who will be the opponent of the barbarian army.

As for why it's limited to the realm of the emperor, it's because even if the physical training field limits the cultivation and can't use aura, if the realm is high, it will naturally occupy some advantages.

Because the higher the state, no matter the reaction, eyesight, or the grasp of the opportunity, is absolutely not comparable to people with low state.

What's more, the higher the realm is, the stronger the physical strength will be. Even if it's not a pure body refiner, the physical strength will increase, let alone a body refiner.

The barbarian Army stood opposite Wang Fan, snorting, and said, "let's go."

When he stood there alone, he was like a god of war. One man was in charge of the pass, and ten thousand people could not open it.

Wang Fan took a look at the barbarian army and nodded his head impolitely. Then he suddenly stepped on the ground with his right leg. The whole man rushed towards the barbarian army crazily.

Since the barbarian army asked him to do it, he would not be polite.

At this moment, the strength of his whole body is madly condensed, the muscles are tight, and the bones contract. And there was a crackling sound on his body.

Even at this time of Wang Fan has been extremely tired, but he is still in a crazy urge the body's strength, charging forward.

He must break through his physical limit, otherwise, if the limit is not broken, how can he break his body and become a saint?

Wang Fan raised his arms and danced wildly.

He's building strength, he's building strength.

In this preparation, the sound of clack clack came out, and his sleeves began to crack, revealing his arms directly.

The explosive force poured into his arms. Wang Fan had already come to the front of the barbarian army, and his fists were pounded out one after the other.

Looking at this scene, countless people hold their breath.

However, there was no one to speak, they were just watching quietly.

They all want to know whether Wang Fan, who has swept so far, can cross the mountain of the

barbarian army.

In the face of Wang Fan's violent attack, the barbarian army did not move.

His eyes were like bronze bells, staring at Wang Fan in front of him, without any waves.

No matter you storm or storm, I'm still.

Seeing that Wang Fan's fists were about to fall on him, he began to move.

His arms swung up suddenly, then swung in the same place, one before and one after, hurling his fists at Wang Fan.

The speed of his fist is so fast that others can only see the shadow.

Bang bang!

There were two loud noises, and the soldiers stepped back three steps.

Every time he stepped back, the earth would tremble and roar.

Wang fan is back two steps, only feel a sore arm.

His eyes were fixed on the barbarian army in front of him, and his heart was shocked.

This person's physique, unexpectedly also has reached the king body top?

He deserves to be born with divine power. He is really invincible.

Wang Fan did not hesitate too much, but after buffering the pain, he rushed out again.

Now, he attacked with pure physical strength, and did not mobilize the strange golden energy in his body. Since we want to break through the limit, we can't rely on external forces.

The face of the barbarian army was dignified. Instead of passively accepting Wang Fan's attack, he began to charge.

For a moment, a very shocking scene happened in the gymnasium. Wang Fan and the barbarians are fighting wildly.

Their every punch, every foot, is so direct, so overbearing.

Rude, violent!

The two people constantly impact, collide and separate, and the whole body refining field is making a roaring sound.

Those who watched the scene trembled.

Wang Fan, is he so tough?

His fighting power is already so powerful. Is his physical body so powerful?

Isn't this monster invincible in the same territory?

With the crazy war between them, Wang Fan feels that he is getting closer to the limit.

He was biting his teeth, suffering from that kind of fatigue, frantically shaking, impacting his limit.

Under this kind of encouragement, he is more and more brave and has no decadence.

At first, he was able to compete with Wang Fan.

Can be accompanied by a collision, his heart could not help but emerged a chill.

Especially feel Wang fan that fight more braver momentum, his momentum, even weak down.

He naturally retreated from strength to strength.

Click, click.

At one moment, Wang Fan seemed to hear a sound coming from his body. The next second, there was an irrepressible surprise in his eyes.

He knew that his goal had been achieved.

He has reached the limit and reached the body.

Feeling the difference of Wang Fan, the barbarian army naturally realized something, and his face suddenly became ugly and pale.

Wang Fan, is he breaking through the limit?

This is humiliation.

The barbarian army became furious. He was just like a mad angry Beast. He could not help roaring, and immediately killed Wang Fan.

Wang Fan looked at this scene, eyebrows pick, toes suddenly point, direct impact and up.

At this moment, everyone was stunned. What are they doing? Are they all crazy?

Boom!

A blast, two people's bodies directly hard hit together.

The next second, the barbarian army let out a scream, and the whole person was like a broken kite flying backwards.

He, who was equal to Wang Fan before, is now vulnerable.

The scene, at this moment, fell into silence.

Wang Fan seriously looked at the fallen barbarian army, slightly bowed and said, "thank you very much."

The barbarian army looked ugly and had complicated eyes. They didn't know what to say.

"Well, that's the end of today's challenge. If you have a chance, I'll ask you for advice. "

Wang Fan didn't go on fighting. Instead, he hugged the crowd and planned to leave.

It's just that if he wants to leave, no one will.

Whoosh, whoosh!

More than ten figures, just like meteors, came directly to the training ground. One of them said, "since you're here, why hurry to leave. Younger martial brother is so powerful that I don't mind if we go together. "

Chapter 2806

Ten figures came down from the sky and fell directly in front of Wang Fan, with the potential of encircling Wang Fan. When people saw this scene, strange ideas appeared in their eyes.

Yueru and others are extremely angry.

"What do you want to do?"

"A group of high level senior brothers of Nanyuan have joined hands to deal with the freshmen of Beiyuan. Is this your example?"

"Shameless, it's shameless."

They are really very angry, because the people who surround Wang fan are all the students of Nanyuan, and they are all the students who have reached the second level of the imperial realm and practice their body.

These people besieged Wang Fan, and the people in the North Court were naturally aggrieved.

It's a bully.

"You are not right. Although younger martial brother Wang fan is a freshman, his fighting power is obvious to all. Is it not too much for us to fight him together? "

The ten people didn't care, and even one of them fought back with a smile.

His words fell down, and all of them were shameless.

It's rare to be shameless.

Of course, except for the members of the North University, no one is willing to talk. They just want to watch the fun.

The young man did not continue to waste his words. Instead, he glanced at Wang Fan faintly, and then said, "do it!"

With his voice, there seems to be a strong wind whistling on the exercise field. Ten figures from all directions, directly toward Wang Fan in the middle, kill at the same time.

They are extremely decisive action, no bit of procrastination, there is no sense of embarrassment.

As if they besieged Wang Fan, it was a very normal thing.

"Hateful, it's so hateful."

"The people of the South courtyard are shameless."

"I'm so angry."

The students of Beiyuan were very angry. Some of the senior brothers who were also on the second floor of the imperial realm could not help rushing down.

The people in the South court were so shameless that they besieged Wang Fan. Naturally, they couldn't help watching.

However, even if they have rushed down, it seems too late.

The ten people in the South courtyard came directly to Wang Fan with extremely violent power.

Wang Fan looked at the besieged ten people, but his eyes were as calm as water.

There was not the slightest fluctuation in his heart, not even the slightest panic.

Together?

In that case, don't blame him for being rude.

Whoo!

An arm carrying the wind of tearing came from Wang Fan's back. The terrible spirit and the shaking air were all hissing.

Wang Fan was aware of this scene, and his figure suddenly flashed. His arm crossed his left ear and directly appeared in front of his eyes.

As soon as the man's face changed, he decided to withdraw his fist.

But at this time, Wang Fan's right hand has been suddenly out, a hard grasp of its wrist.

The next second, his body suddenly bow, right hand force, that person's body was suddenly swung up by Wang Fan, directly a shoulder fall, then fell to the front.

At this time, the person in front of the attack also happened to come in front of Wang Fan, is a handprint.

It's a pity that his palmprint was on the young man who was thrown out by Wang Fan. There was a roaring sound. They both screamed and fell to the ground at the same time.

Looking at this scene, the scene suddenly fell into a dead silence.

Even the students who just jumped down from Beiyuan were stunned.

However, they were stunned, but Wang Fan didn't.

He dodged again and escaped another man's attack. The next second, his fist was like a meteorite and hit the man's right leg.

Bang!

A loud noise, accompanied by a crack of bone fracture sound, the man screamed, was blasted out, eyes in the emergence of a strong incredible.

But Wang Fan didn't pay any attention to him at all. He pointed his toes on the ground and killed the others.

Take the initiative.

Next, a very shocking scene happened in the gymnasium.

Wang fan is like a god of war. His fists and feet are dancing and his hunting style is strong.

Where he passed, the students of Nanyuan were smashed out one after another, but they had no strength to fight back.

In a short period of time, the ten strong students of Nanyuan who came to the training ground had been all bombed and had no power to fight again.

Dead silence!

It's a dead silence!

This is just too powerful.

Wang fan is so evil that he can suppress the students of the second level of the imperial realm. Is it only those senior brothers of the third level of the imperial realm who can suppress Wang Fan?

"Yes, I don't know if there is any elder martial brother who wants to teach me?" Wang Fan ignored the students who fell to the ground, but looked up at the people outside.

His body has reached the holy body, and with the golden energy in his body, he is invincible in this field. It's no exaggeration to say that if the body training does not reach the holy body, even if the three-tier students of the imperial realm come, they will surely be defeated.

However, if he was outside, he would not be able to defeat the three-tier students of the imperial realm without playing his cards.

Of course, if it's a battle of life and death, it's another matter.

After all, simple competition and life and death war are two completely different concepts.

Looking at Wang Fan's arrogant figure and listening to his domineering rave, everyone was speechless.

This guy is as arrogant as ever.

At this time, even those three-tier students in the imperial realm were not very good-looking. In

particular, the students of the third floor of the imperial realm in Nanyuan.

Wang Fan's strong defeat of ten second floor students in the imperial realm of Nanyuan is just a slap in the face.

And with so many people watching here today, the South courtyard has almost wiped out its face.

How similar is this scene to Wang Fan's strong crush on the students in the holy land of Nanyuan when he was in the holy land?

It can be said that after today, the South court will be discredited again.

There are three figures at a certain place outside the training hall.

They are two men and one woman.

The young man in the middle is especially handsome, handsome as a demon.

He was dressed in white, dressed in hunting clothes, standing there, even if he didn't release any breath, he was still outstanding.

As if, as long as he goes there, he is the absolute protagonist, and no one can compete with him.

The young man on his left side, though equally handsome and extraordinary in temperament, was a little dim compared with him.

As for the woman on his right, she was also extremely beautiful. She was dressed in green clothes and moved with the wind.

"Elder martial brother Guan Yuhai, I didn't expect that even he was attracted."

"And elder martial brother Yang Xiao and elder martial sister Lou Yi, what's the matter today."

"Just a Wang Fan, as for attracting their attention?"

At this time, many students noticed the three, and immediately couldn't help but exclaim.

Guan Yuhai is one of the five evils of Yunqing Academy. His cultivation has reached the top three levels of the imperial realm, and his fighting power is incomparable.

He is a legend in Yunqing Academy.

No one thought that today's event would attract him.

As for Yang Xiao and Lou Yi, although they are not as evil as Guan Yuhai, nor as powerful and famous as Guan Yuhai, they are also very powerful figures.

Looking at the whole Yunqing academy, few people can compare it.

Every step forward in the imperial realm is extremely difficult.

As students, their cultivation can reach this step, which is a very adverse thing in itself.

You know, the accomplishments of many teachers are only three levels of the imperial realm.

Of course, as the three levels of the imperial territory, the combat power is naturally strong and weak.

"Elder martial brother Guan and younger martial sister Lou, what do you think of this man?" Crown jade sea body side, Yang Xiao looking at that station on the body Lian field of Wang Fan, suddenly open mouth to ask a way.

Chapter 2807

Lou Yimei stared at Wang Fan. After a long time, she vomited out, "very strong. At least, he has a strong constitution. "

Crown jade sea but don't speak, he just so calm of looking at Ao stand in the body Lian field of Wang Fan.

After a while, he turned his head and floated away.

When Yang Xiao and Lou Yi saw this scene, they couldn't help shaking their heads.

Guan Yuhai really deserves to be one of the five evils of Yunqing Academy. His vision is really high.

Even if Wang Fan showed such evil talent and strength, he still didn't seem to pay attention.

They looked at each other, did not stay here, turned and left.

In the physical training field, Wang Fan naturally did not see the crown jade sea outside. He still stood there, arrogant and arrogant.

The vast space is in an uproar.

However, there is no one to fight, no one to challenge Wang Fan.

The ten strong men in the second level of the imperial realm of Nanyuan were all defeated by Wang Fan. There were not many people who would be Wang Fan's opponents in this arena.

As for those three-tier students in the imperial realm, even if they are not happy with Wang Fan, their pride will not allow them to challenge.

It's meaningless to win. After all, the realm of their cultivation is there, and it's reasonable to win. But once they lose, it's a big shame.

Wang fan saw that no one continued to challenge for a long time. A sneer appeared at the corner of his mouth. His figure flashed and he jumped out of the training ground.

When people around see Wang Fan coming up, they can't help but give way.

Su Luoyan, Qing Xuan, Yue Ru and others rushed to Wang Fan and surrounded him.

The three women surrounded Wang Fan, and the people around him could not help sighing. Some people even scolded shamelessly in their hearts.

This shameless bastard, although he is gifted with demons and has powerful cultivation, is he too fraternal?

Wang Fan did not pay attention to the people's eyes. He had been used to it and left with three girls.

However, before he went out of the physical training field, he saw the oncoming teacher Xing.

See Xing teacher is very displeased of stare Wang Fan, black face ferocious way, "boy, the limelight, happy?"

"Don't you know to keep a low profile? The wood is beautiful in the forest, and the wind will destroy it. Don't you understand? "

Xingshi seems to be very dissatisfied with Wang Fan, is a crackle of reprimand.

Wang Fan heard teacher Xing's reprimand, but he was very aggrieved, "teacher Xing, you blame me wrong, I am very low-key, OK?"

"If they didn't force me again and again, how could I go to the gym? What's more, it's not my intention that they besiege me. "

"Oh, you have a point?" Seeing Wang Fan's reply, Xing Shi couldn't help but widened his eyes and rolled up his sleeve.

Wang Fan a burst of amazement, "Xing teacher, as a teacher, you should know how to be a teacher, and set an example for the students."

"There are so many people watching here. What do you think it's like to roll up your sleeves all the

time?"

He was a little depressed. If it wasn't for the master Xing who helped him block the Xia family, he would be moved. He really wanted to work hard with the old guy. How could he target and bully him like this every time?

"Are you teaching me a lesson, you son of a bitch?" Mr. Xing's face was darker and he was very angry.

But he turned to look around the crowd, or forced to resist the impulse to beat Wang Fan.

Wang Fan was too lazy to talk with teacher Xing. He quickly left here.

After returning to the courtyard, Wang Fan chatted with Su Luoyan for a while and then entered the cultivation room.

This time, he didn't study martial arts or improve his accomplishments. Instead, he felt the elemental energy between heaven and earth.

There are all kinds of elemental energy in heaven and earth. When you reach the realm of the emperor, you can try to feel and control the elemental energy to fight.

Elemental energy includes: gold, wood, water, fire, earth, wind, thunder, electricity, darkness, light, etc.

Although there are also monks who can cast fire attack, lightning attack and other magic under the emperor's territory, they are basically brought about by the martial arts themselves, and their power is not too great.

Only when all kinds of elemental energy between heaven and earth are really activated and used to attack, will the power be really powerful.

Among these elements, gold, wood, water, fire, earth and wind are the easiest to understand and communicate.

Thunder, electricity, darkness, light and so on are relatively difficult to understand or even communicate.

Especially the last three, it is more difficult to communicate and use.

When Wang Fan was in the holy land, he understood the law of thunder and lightning. In fact, he communicated with the elements of thunder and lightning, which was extremely adverse to heaven.

Even in the later stage of the Empire, the general monks are not necessarily able to communicate with lightning elements.

Wang Fan closed his eyes, mental power shrouded in the surrounding space, carefully felt the elemental power between heaven and earth.

Soon, he felt the three elements of wind, water and fire. Of course, these three are also the best of the five elements.

Wang Fan did not continue to feel, but began to try to control the two elements of water and fire, and soon gathered a fireball and a water shield in front of him.

The fireball that he condensed is not comparable to the fireball that those low-level friars condensed by using martial arts skills.

Even if he just felt the element of fire, the fireball condensed was more than ten times stronger than the fireball condensed by those low-level friars.

Wang fan control the fireball, crazy toward the water shield.

The water and fire collided and made a loud noise, then the flame began to go out, and the water shield began to evaporate.

After a moment, both disappear.

Wang Fan opened his eyes, a bright light appeared in his eyes, and immediately he continued to communicate and gather together.

These will be his future attack means, he must be skilled, and control more elements, in order to achieve more powerful.

In this way, Wang Fan immersed in the perception and cultivation of water and fire elements, completely forgetting the passage of time.

Outside, Su Luoyan and Qingxuan are also practicing. Su Luoyan is practicing sword skills, and at the same time, she is also strengthening her accomplishments. She wants to prepare for the impact on the imperial realm.

Qingxuan, on the other hand, plays the piano every day, never slacking off. Maybe this is her way of practice.

Wang Fan's life became calm.

There is no dispute, there is no fighting, everything is very quiet and peaceful.

And with Wang Fan's seclusion, those students gradually no longer talk about Wang Fan, but talk about other deeds.

Only by chance will I think of Wang Fan and have a chat.

Three months passed by in a flash. In these three months, a sensational event happened again in Yunqing Academy.

That is to say, Yun Wudi, who is the second in the holy list, is one step ahead of Liu to break the border and enter the emperor.

After entering the imperial realm, Yun Wudi only practiced for one month, and then began to challenge the first level students of the imperial realm of the Fourth Academy.

He has challenged a total of 20 people, 20 battles, all victories, no defeat.

They even included three students at the top of the imperial realm.

When he first entered the imperial realm, he was so strong. This kind of fierce achievements directly set off a huge sensation in Yunqing Academy.

All the students could not help sighing that they were the second evil in the holy list. When they first entered the imperial realm, they set off such a big wave.

In the end, it was a very powerful student at the top of the imperial realm who defeated Yunwudi.

At this point, the challenge of cloud invincible has finally come to an end.

On this day, the weather was fine and the sky was clear.

Yunqing academy, a huge pengniao suddenly spread its wings, came directly over the Academy.

Chapter 2808

"That's the ROC bird?"

"Who dares to be so presumptuous and directly control the ROC bird to come over Yunqing academy?"

"It's so arrogant. Is this challenging Yunqing academy?"

Countless students looked at the huge pengniao blocking the sky and couldn't help but make a shocked comment.

Yunqing academy is not only the holy land of practice in this area, but also the absolute master of this area, which is respected by countless people.

In this area, everyone is proud to practice in Yunqing Academy.

Today, however, it is a scorn and provocation for someone to drive the ROC bird directly over Yunqing Academy.

How can the students of Yunqing academy not be shocked when this happens?

Whoosh, whoosh.

Almost at the moment when the students made comments, countless figures had already flown into the air and landed directly in front of Mrs.

These people are all from the depths of the students. They are obviously the elders of the Academy.

"Who are you from? I don't know if you have any advice when you come to Yunqing academy?" A majestic voice came out. It was a senior scholar asking questions.

The giant pengniao's wings spread and the wind roared open, revealing the people on it.

In pengniao, there are dozens of figures, some old and some young, quite strange.

The leader is an old man. The old man is dignified and full of strong breath. Obviously, he is a very powerful person.

Looking at the elder of Xiangyun Qingxue palace, he put a smile on his old face and said, "Xia family, Xia Liancheng, take the liberty to visit. Please don't blame me."

After that, without waiting for the elders to speak, he continued to say, "I heard that the remaining evils of sanshengzong practiced in the Academy, and they killed my Xia family's nephews a few days ago to take away the resources of my Xia family's descendants, so they came here to take people."

"I believe that the Academy must be extremely resentful and ashamed of people with bad conduct and no sense of propriety. Surely the Academy won't mind if I take this person away?"

The old man's face was smiling and his tone was gentle, but the words he said were extremely unpleasant.

On hearing this, the elder of the Academy didn't understand what Xia Liancheng meant?

In fact, when they learned that they were from the Xia family, they had already guessed each other's purpose.

After all, the events of the past few days are still in my mind. Xia Zhong and his party were forced to leave. How could the Xia family give up so easily?

"There is something wrong with Xia Daoyou's words. I heard that it was your Xia family's nephew who chased and killed the students of our school, and then they were killed by the students of our school."

"What's more, your nephew Xia's resources were lost to the students of our college in the gambling war. How can you snatch them?"

"As the saying goes, right and wrong are just in the heart of the people. You must have the bottom of your heart, so please go back."

An old man sneered and said.

The people of the Xia family are so brazen that they are shameless.

If you can't kill someone, you'll be killed. If you don't win a gambling war, you'll lose resources. It's ridiculous that you're so righteous and high sounding.

Xia Liancheng heard this, the smile on his face suddenly disappeared, cold way, "so, the school is not going to pay people?"

"Yes." The elder nodded in a direct and decisive tone.

Who are you? Joke! Is he really afraid of the Xia family?

"Good." Xia Liancheng sneered, and his voice was even colder. "In that case, I won't take people by force."

"However, I have long heard that Yunqing academy is extremely arrogant, and all the students and disciples are extremely beautiful. So today, I specially bring my Xia family to ask for advice. How dare the Academy agree?"

"Yunqing Xuegong has a good reputation as a holy land of practice, and it is also a place where countless arrogant demons gather. I don't think it would dare to answer such a small request?"

Xia Liancheng said coldly, and did not forget to ask the young people behind him, "today I will show you the elegant demeanor of the students of Yunqing Academy. Are you interested?"

"Of course I'm interested."

"Hey, I just don't know if the students of Yunqing academy are really so excellent, but don't let me down."

"Well, in my opinion, it's just self praise. It's just a school student. How can I compare with my Xia Tianjiao?"

Those young people speak one after another, and their words are full of contempt and provocation.

Seeing this scene, the elders of the school couldn't help looking a little ugly.

They naturally know that the Xia family didn't have a good heart when they came here.

However, if the Xia family wants to take away the students from Yunqing academy, they can strongly refuse, but if the Xia family asks for such a contest, they can't refuse.

After all, the two have completely different meanings.

The former concerns the reputation and face of Yunqing Academy. Why should Yunqing academy students be taken away by others? If anyone wants to take it away, then where else would anyone dare to go to the school to practice?

The latter is just a competition between the younger generation. If Yunqing academy refuses, doesn't it mean that it's afraid of the younger generation of Xia family? If this kind of thing spreads out, won't others think that Yunqing academy is inferior to Xia family?

It's just that the Xia family is obviously well prepared for this. If they agree, they seem to fall into each other's trap.

However, in any case, the other party has already made such a request, which naturally can not be refused.

Even if they know that the other party is well prepared and is likely to be a trap, they can only agree.

"There's no problem. I've heard about the arrogance of the Xia family for a long time, and I've recruited a lot of evil descendants. Today, I'd like to let the students of our school understand."

Without much hesitation, the elder said.

With that, he glanced directly at the students below, and the next wonderful thing was that the thunder like voice had already resounded through the whole school,

"today, the elder of Xia family in Xuanyun city specially brought the younger generation of Xia family to visit our school, in order to appreciate the elegant demeanour of the students."

"If you are interested in seeing Xia family, please go to Xuegong square as soon as possible. Don't miss this opportunity."

The elder's voice immediately shocked the whole school, and countless students were shocked by it.

Even those students who are in the process of cultivation, most of them are awakened and shocked to

look out into the sky.

Xuanyuncheng, Xia's family, even specially brought their descendants to the Academy for advice. Many students left their homes, left the place of cultivation, and went to the vast square in the center.

It's a long way to practice, and it's extremely boring. When such a big event happens, they won't miss it.

Wang Fan was also awakened by the voice of the elder of the Academy, and a touch of extreme edge suddenly appeared in his eyes.

Xia family, did someone come again?

It seems that the Xia family is really determined to kill him.

Wang fan is not a fool. He naturally knows why the Xia family came.

Yunqing academy high altitude, the elderly students in the notice to go down, look at Xia Liancheng and his party, said, "everyone please."

"Please." Xia Liancheng answered with a smile, and then Dapeng spread his wings and flew to the school square.

"Ha ha, today's Academy is really lively. It happened that I heard that the younger generation of Yanfu also wanted to see the elegant demeanor of the academy students. Why don't we join them?"

However, before the party came to the square, another voice suddenly came from the distant sky, and then a huge green Luan came whistling.

"Green phoenix? Wen Yan's people? "

Looking at this scene, the faces of the elders in the school were all a little ugly.

They actually smell an unusual smell of conspiracy.

Chapter 2809

What does it mean that the people of Wen Yan mansion are coming at this time? When did Wen Yan mansion and Xia family join hands?

Just a Xia family, Yunqing academy is not afraid. They don't believe that Xia family dares to fight.

After all, once a war begins, it will involve a wide range of issues. Even if the Xia family wins in the end, they will suffer heavy losses and lose both sides.

In this case, the rest of the covetous forces will be cheap.

It can be heard that if Yanfu and Xia family join hands, everything will be different.

Once the war starts, the Yunqing academy will be defeated. No matter how strong the Yunqing academy is, it is impossible to resist the joint efforts of the two forces.

After all, Yunqing academy, Wenyan mansion and Xia family are all equally famous forces.

The elders of Yunqing school Palace are dignified, but now they can only be soldiers.

After all, the two forces have not yet shown the idea of jointly attacking the Yunqing Academy. They just want to be led by the future generations and compete with each other.

Thinking, qingluan had stopped in front of the group from far to near.

There are also ten figures above qingluan. The leader is Wen Yanfu, a very powerful elder, Wen yanqingteng.

Like Xia Liancheng, Wenyan ivy has reached the fifth floor of the emperor's realm. It is the second person of Wenyan mansion and Xia family. It is absolutely strong.

Today, they personally led the public to come, obviously with deep meaning.

After Wen Yan's Ivy, there are also ten elders of Wen Yan Family and a group of younger generation.

Obviously, like the Xia family, they all came prepared.

Looking at the lineup of the two forces, the elder of Yunqing Xuegong is more deep in heart, but he doesn't show anything on his face.

An elder of Yunqing Academy said with a smile, "since Wen Yanfu also has this idea, my academy naturally has no opinion."

With that, he winked at one of the senior students, who immediately stepped back and left.

Obviously, there is something wrong with the atmosphere today. The elder of the school went to inform the dean.

It is a great event that the two major universities come together, and we have to pay attention to it.

No matter Wen Yanfu or Xia family, they didn't pay attention to the old man who left the school. Instead, they came to the place of the school square while chatting and laughing.

At the moment, numerous students of Yunqing academy have gathered in the Academy square.

There are a lot of students from holy land to imperial land.

Even the five evils of Yunqing academy came to two people, one named Guan Yuhai, the other named Xiao Yun.

Guan Yuhai has a handsome face and outstanding temperament. Standing there, he seems to be the absolute protagonist, and instantly attracts the attention of countless people.

Although Xiao Yun is not as handsome as Guan Yuhai, his temperament is equally outstanding.

He is just like a dust covered peerless blade. He is also the absolute focus of attention.

At the moment, both of them looked up at the sky, looked at the two forces, and felt an unusual atmosphere.

The Xia family, Wen Yan Fu and Yun Qing academy have always been fighting against each other. This is a normal thing.

But the Xia family came to Yunqing academy together with Wenyan mansion, and they are still in such a big array, which is not normal.

Is it because of the ruins of Baiyu city on that day, coupled with the contradiction between Wang Fan and Xia family, that indirectly contributed to today's scene?

Guan Yuhai couldn't help thinking about it. The more he thought about it, the more likely it was.

But he was still puzzled. After all, the contradiction between Wang Fan and Xia family was the real contradiction. Can he crown jade sea and Wen Yan mansion, don't seem to calculate how big contradiction?

At the beginning, although he had a conflict with Wen yanzhuo of Wen Yanfu, they did not get the heritage resources.

The relic resources they got were seized by a mysterious man, which can be said to be cheap.

In this case, if Wen Yanfu wants to vent his anger, he should find the mysterious man. What can he do with Guan Yuhai and Yunqing academy?

"Ha ha, I've always heard that Yunqing academy is so proud that it even set up a so-called holy list."

"Today, I heard that Yanfu and the Xia family are coming together. I just want to appreciate the elegant demeanour of the students. I hope you don't mind."

As Guan Yuhai ponders, Wen Yanfu's No. 2 man Wen yanqingteng looks at the students below and opens his mouth with a smile.

With that, he suddenly pointed to a person behind him and said, "smell the rock breeze, don't you want to see the characters on the holy list? Now, the opportunity has come."

With the smell of ivy, the smell of wind behind him is a strange arc.

He stepped forward, immediately landed from qingluan, and directly flew to the middle platform.

"Hearing the wind of the rock, the nine peaks of the holy land, please give me your advice." Wen Yanfeng said in a loud voice after he stepped on the platform and threw a fist at the students below.

He declared that he was in the realm of self-cultivation and obviously intended to challenge the people in the same realm. The following students of Yunqing Academy were all eager to have a try when they heard the words of Yanfeng.

But they also know that since Wen Yanfu dares to let Wen Yanfeng fight, Wen Yanfeng must be extraordinary. Those who are not the top fighting forces in the same territory will certainly not be rivals.

"I'll try." A voice came from the crowd, and immediately a young man had already risen and landed on the platform.

Looking at this person, the students could not help but make an uproar.

Because he is no one else, but he was the third in the list, and now he is the second in the list, Luo Chong.

Since he was defeated by Wang Fan on that day and witnessed that Yun Wudi was trampled down by Wang Fan, Luo Chong was no longer as active as before, but began his crazy practice.

In the past half a year, Luo Chong has not even appeared in public. Today, it is the first time that he has appeared in public.

At the moment, seeing Luo Chong on the stage, the students of no math Palace are very excited.

"Elder martial brother Luo Chong, you must win!"

"If elder martial brother Luo Chong comes out, he will lose miserably when he hears the rock wind!"

"Support elder martial brother Luo Chong."

Countless voices resounded, obviously, they still recognized the strength of Luo Chong.

After all, Luo Chong was the third in the list, but now he is the second.

Even if he was not worth mentioning in Wang Fan's hands and even lost miserably, it does not mean that he is not strong.

After all, how many people can there be in Wang Fan's evil, let alone Yunqing academy?

"Luo Chong, the nine peaks of holy land, please teach me." Luo Chong faces the cheering tsunami under the stage, and his expression doesn't fluctuate much.

Obviously, after what happened last time, he has changed a lot.

His eyes dignified looking at the front of the smell rock wind, did not dare to have a little careless.

Because he knows that since Wen Yanfeng dares to challenge, he is definitely not a weak man.

Moreover, this battle is not only between him and Wen Yanfeng, but also between Yunqing academy and Wen Yanfu.

He and Yunqing academy will coexist with honor and disgrace.

"Luo Chong, right? I know you were the third in the list, and now you are the second."

"I just don't know how much weight you are second in the list, and how much strength you can force me to be."

Wen Yanfeng looked at Luo Chong and said with a smile.

Although his voice was soft, his words were extremely sharp, full of contempt and invincibility.

It seems that in his eyes, victory is inevitable, the difference is only with a few percent of the strength.

This is disdain and contempt!

Chapter 2810

Luo Chong hears the contempt of Wen Yanfeng, his face changes slightly, but he soon returns to normal.

He knew that even if he argued with the other party and retorted, it was meaningless. The best proof is to defeat it with strength.

However, although Luo Chong can still keep calm, the students in the following schools can't keep calm.

How can these people be so arrogant when they come to his Yunqing academy? Who can bear it?

"Arrogance! Arrogance

"Elder martial brother Luo Chong, beat him down and let him see your strength."

"Son of a bitch, you dare to despise my elder martial brother Luo Chong. You're looking for death."

Countless students began to abuse, filled with righteous indignation.

Wen Yanfeng listened to the innumerable abuse, and a touch of coldness appeared in his eyes. He looked at Luo Chong and said, "are you ready?"

Luo Chong didn't answer, but his momentum had burst up, and his aura had begun to rage.

In an instant, it was as if he had undergone some transformation, as if he had changed completely.

"Kill A word roars out, Luo Chong's body shape is quick to flash, crazy toward Wen Yanfeng to kill.

At the same time, a huge golden hammer has appeared in hand.

The huge hammerhead danced in the air, blooming with dazzling brilliance, rolled up a series of terrible power storms, and went directly to Wen Yanfeng.

In an instant, it was like a storm wave, and the situation changed.

"Unexpectedly, he used his weapon. It seems that elder martial brother Luo Chong is serious."

"That son of a bitch is going to be miserable."

"Damn, if you dare to come to my Yunqing academy, you're looking for death."

The students of Yunqing academy are very excited when they look at this scene.

Hearing the wind of the rock on the battlefield, there was not much change in the complexion.

He raised a sneer of disdain at the corner of his mouth, waved his right hand in the void, and in an instant, a pestle stick appeared in his hand.

The pestle stick was black, and I didn't know what material it was made of. However, it sent out a cold breath and terrible oppression.

Hearing the shaking of Yanfeng's right hand, the pestle directly smashed at the golden hammer without any retreat.

At this moment, the fury rolled, and the wand was so fast that it turned into a black shadow.

Just in a moment, the black pestle rod was already on top of the storm raised by the golden hammer.

The roaring sound came out, and the terrible waves raised by the golden hammer, swept by the pestle stick, completely disappeared and collapsed.

Pestle stick is castrated, still rolling up the terrible power, continue to move forward, unstoppable.

With another bang, the pestle rod surged on the golden hammer. Luo Chong only felt a terrible force coming. He couldn't grasp the golden hammer any more, and the hammer was blown away.

The next second, the pestle had already set off a frenzied power and hit him on the chest.

Bang!

With a loud noise, Luo Chong spewed out several mouthfuls of blood in his mouth, and the whole person flew out directly.

People in the air, his face has been completely pale, pale.

He Luo Chong was defeated again, but he was completely crushed without any suspense.

Humiliation. It's humiliating.

It seems that since meeting Wang Fan, Luo Chong is no longer the Luo Chong he used to be.

Once upon a time, how proud and graceful was he?

But now, with a roar, Luo Chong's body fell on the edge of the platform and spewed out several mouthfuls of blood again. He couldn't say a word.

This hit, his ribs have not known how many broken, completely seriously injured, completely lost combat effectiveness.

The emptiness around is also a dead silence.

All the students of Yunqing Academy were staring at Luo Chong, who was swept away by a stick. His brain was blank.

They couldn't believe their eyes.

As powerful as Luo Chong, did he fail like this?

What irony is this?

Wen Yanfeng didn't pay attention to the dullness of the crowd. He had come to Luo Chong step by step and trampled on him with one foot. He was extremely arrogant and contemptuous.

"Arrogance? Arrogance? Hum, am I arrogant? Am I arrogant? Yunqing academy is second in the list, but that's all

He didn't go to see Luo Chong. Instead, he looked down at the students below. His voice was very strong.

"Asshole, what a asshole!"

"What a hateful fellow! I really want to kill him!"

"I miss elder martial brother Wang fan so much now. How can he step into the imperial realm so early?"

Countless students are angry but helpless.

As powerful as Luo Chong, he is vulnerable to the wind of the rock. Among all the Holy Land students in Yunqing academy, Liu Chaoran may be the only one to fight against. Wen Yanfeng kicked Luo Chong off the stage. He said, "isn't there a first place in the holy list? Now the second place in the holy list has been defeated. Let's get the first place in the holy list."

His tone was aloof and aloof, as if he didn't pay attention to the so-called number one on the list at all.

Among the crowd, Liu Chaoran was also there. When he looked at the scene, his face was extremely ugly.

Because he found that he was not sure to defeat Wen Yanfeng. If he went out, what if he lost?

How proud and powerful was he? Since stepping on the first position in the holy list, there has never been a defeat.

But the appearance of Wang Fan broke his pride and myth of invincibility, which made him afraid to accept the challenge for the first time.

Now, this is the second time.

Wen Yanfeng sees people's eyes and immediately notices Liu Chaoran.

He pointed to Liu Chaoran and said with disdain, "are you the number one on the list? Why, don't you even have the courage to fight?"

Liu Chaoran's face was even more ugly. He pinched his fist, then slowly raised his foot and went to the

platform.

However, he felt that his legs were a little heavy, and his heart was like a mountain.

There's a lot of pressure.

Before he stepped on the stage, his momentum had weakened so much, and his hope of defeating Wen Yanfeng was even lower.

"Ha ha, brother Wen Yan, why. You have already shown your strength. Let me do this. I also want to see the style of No.1 on the list of Yunqing academy palace. "

However, before Liu Chaoran got on the platform, a roar of laughter came suddenly, and then a figure floated down on the platform.

This person came out from the camp of Xia family. Obviously, he is a member of Xia family.

Smell rock breeze see a shape, tiny a Leng, immediately smile a way, "well, that give to elder brother Xia."

Having said that, he went straight back to Wen Yan's camp.

When the following students heard the conversation, they felt extremely angry and humiliated.

Then give it to brother Xia? What do these two people regard Liu Chaoran as, and what do they regard his college students as? What a shame!

Not only they, but also the elders in the school were very ugly and angry.

In their territory, their students are so crushed and humiliated by the two sides, it's strange that they are in a good mood.

"Xia Hui, the peak of the holy land. You don't have to name yourself. I know you. What's more, it's just one or two moves. "

Xia Hui looks at Liu Chaoran, who is on the stage. Without waiting for Liu Chaoran to speak, he has taken the lead in speaking.
