Chapter 2821

"Get out of here, get out of college."

Wang fan saw that the two strong men from the third floor of the Empire came to kill him, and his face became dignified in an instant. He said to the students behind him in a hurry.

He was very hard on the upper two emperors, not to mention the trainees. Once killed by two people in the crowd, these students will die.

"What do you do?" One student couldn't help asking.

"Don't ask so many questions. If you don't leave, it's too late. Let's go."

Where does Wang Fan have time to talk nonsense with them? While his aura is rampant, his tone is more and more urgent.

"Take care, elder martial brother."

"Goodbye, elder martial brother."

Those students who have been able to practice until now are naturally not idiots and realize the seriousness of the situation.

Looking at the three floors of the two emperors who are getting closer and closer to here, looking at Wang Fan who is blocking in front of them, their eyes are a little wet.

However, this time, they did not continue to talk much, and quickly backed back up.

"If you want to go, can you go?" One of the three layers of the emperor's realm laughed. He was like a roc flying in the air. He directly bypassed Wang Fan and killed the students.

In addition, the third floor of the emperor's territory locked Wang Fan firmly and killed him directly.

Wang Fan did not speak, his mental power spread out crazily, directly communicated with the elements of wood between heaven and earth.

Under his control, the elements of wood condensed madly, and soon formed a towering giant tree.

The branches and leaves of the giant tree expanded wildly, just like straight sharp thorns, directly assassinating the third floor of the Empire.

As for Wang Fan himself, he suddenly soared into the air, his right hand was like lightning, and the

shadow knife set off a bright light, and he chopped at the monk who killed all the students.

"To die!"

"I can't shake the tree, I can't help myself!"

When the two emperors saw this scene on the third floor, they were all furious!

It's a shame that a mole ant, who has just entered the Empire, dares to attack both of them at the same time with one person's strength.

The assassin directly grabbed a knife from the third floor of Wang Fan's empire, and the blade bloomed with dazzling brilliance, cutting at those branches and leaves crazily.

In a clattering sound, the branches and leaves were cut off by the knife light, which turned into elemental molecules and dissipated directly.

In addition, the third floor of the emperor's realm grabs a sword, shakes its body, rolls up the fierce sword, and directly attacks Wang Fan's shadow sword.

In a flash, thousands of sword lights moved with the wind, as if to submerge the whole space. There are terrible sword storms all over the air.

The swords soon collided in mid air, making a harsh sound.

Wang Fan felt a fierce sword coming, and his figure was immediately shaken back.

At the same time, countless sword waves tore on his body, cutting out blood red wounds.

However, the third floor of the emperor's territory was also shaken back. Although he was not injured, Wang Fan's knife also prevented him from entering the crowd.

At this time, the third floor of the other emperor's territory had chopped all the branches and leaves and killed Wang Fan.

"Since you want to die, I'll help you!" He uttered a gloomy voice, and his body was full of horror.

Those knife intention move with the wind, with a wave of his right hand, all crazy cover kill to Wang Fan.

Wang Fan felt this scene, eyelids are also straight jump.

At this time, if he uses the space to move the magic, or uses the lightning skill to avoid, he can completely avoid it, but he can't.

Once he hides, the knife force is likely to affect the students behind him.

The most important thing is that he will make a gap for them and give them a chance to kill those students.

Once one of the two killed the students, the consequences would be unimaginable.

"The great wilderness will be destroyed!" Wang Fan eyes extremely dignified, the whole body aura is the beginning of a crazy rampage.

The shadow knife in his hand also breathed the fury of the sword awn, rolled up scenes of sword Mu storm, mercilessly rolled out.

It's also a harsh roar. The crazy collision of two knife forces in the mid air drowns the whole space.

Wang Fan's body was shocked to fly out again, adding countless wounds to his body.

"Elder martial brother Wang Fan!"

Looking at this scene, those who are retreating school students, eyes are red.

Now Wang Fan in their eyes, is no longer so shameless, no longer so hateful.

At the moment, Wang fan is so tall and mighty. For them, he even blocks sword and sword with his body.

Such a moving move, even their relatives, I'm afraid it can not be done.

"Elder martial brother Wang Fan!"

As they retreated, biting their teeth, they choked and roared. Some female students could no longer control the flow of tears. Wang Fan didn't speak, let alone go to see the students.

He just stood there, while frantically resisting the storm, at the same time, using the terrible sword.

At this moment, his physical strength has been running to the limit. While refining his physical strength, he is also resisting those knives.

Although the fierce attack on the third floor of the Empire has been able to hurt him, he can't do it if he wants to die.

The storm soon dissipated, and Wang Fan had become a blood man.

His whole body is entangled with blood, just like a bloody killing God, one man is in charge, ten thousand

people are not allowed to open.

"Not dead?" When the two emperors saw this scene, their eyelids couldn't help beating and their hearts trembled.

Wang Fan, who just entered the imperial realm for the first time, was still able to stand after two attacks. This is simply ·

"is the imperial realm three layers, but that's it! If I step into the third floor of the Empire and trample on you, it will be like trampling on mole ants. "

Wang Fan coldly looked at the two people, disdained to say a, directly turned towards one of the directions.

At the moment, those students have retreated, and the elders of the school have taken them to leave in person. Wang fan doesn't need to worry any more.

On the third floor of the two emperors' territory, their faces were livid, and they only felt hot and uncomfortable.

Wang Fan's words are like a slap in the face. It's their shame!

"Kill

"I'll see how long you can live!"

Two people's complexion is ugly, have no the slightest hesitation, direct crazy to Wang Fan pursued to kill in the past.

Wang Fan didn't look back at all. The lightning skill was extremely powerful. The thunder and lightning wound around his body, and the whole person was like a god thunder, running away crazily.

Soon, he had escaped from Yunqing academy and went to the opposite open area of Yunqing city.

Are the two emperors on the third floor? That's good. He wants to see if they can afford his killing short guns.

Xuegong, the strong in the war, saw this scene and ignored it.

For the elders of the school, they are very happy. Because Wang Fan saved countless students with his life, this noble character still satisfied them.

For Xia Liancheng and Wenyan Qingteng, if the two emperors went to hunt down Wang Fan on the third floor of their territory, they didn't have to worry at all.

Even if it is a cross-border battle, there is a certain scope to cross. Moreover, the higher the realm, the more difficult it is to cross.

Although Wang Fan's performance is extraordinary, but after all, he just entered the imperial realm for the first time.

Chapter 2822

Wang Fan didn't care what the elders thought. He ran all the way to a desolate area.

In this area, Wang fan stopped. While he was frantically stimulating the aura in his body, he looked coldly to the rear.

He didn't wait long before the two emperors arrived at the third floor.

Both of them look very ugly.

The two of them have three levels of imperial territory, and they are chasing only one level of imperial territory. They haven't caught up with each other for such a long time. In the end, the other side took the initiative to stop. It's a shame.

"Run, aren't you good at running? Why don't you run?" One of them stares at Wang Fan coldly, and his eyes are full of ferocious murders.

Another person didn't speak, his whole body momentum has been crazy burst, the torrential weather breath spread out, firmly locked Wang Fan.

Wang Fan looked at them disdainfully and said sarcastically, "run? You think too much of yourself

"You two grasshoppers are not qualified to let me run." Wang Fan said that he didn't care about their ugly faces at all, and continued,

"do you know why I brought you here? I think it's a good place for you to bury your bones. What do you think? "

"Arrogance

"To die!"

The two emperors heard Wang Fan's words and were completely angry.

It's a great shame that they should be so despised by the emperor!

They don't want to waste time any more. They sacrifice their swords almost at the same time. They

directly roll up the violent killing power and roar to Wang Fan.

The awn of the sword was wildly dispersed and agitated, and the whole void was shrouded in an instant. At this moment, the whole space seems to be bathed in the sea of swords.

It was terrifying enough. Those who are not strong enough in cultivation or physical body will die as long as they are involved in it.

Although Wang fan is challenging these two people, his attention has been focused on them.

Almost at the moment when they started, he also followed. The killing short gun was sacrificed by him in an instant, which madly triggered its prohibition.

At this moment, Wang fandan's immortal spirit in Hanoi roared and rioted madly.

The full-bodied immortal aura seemed to be engulfed. In an instant, it surged out crazily and went straight to the killing shotgun.

Under the crazy injection of immortal aura, the killing short gun blooms with dazzling brilliance, and the terror spreads to the palpitating killing frenzy.

A gun pattern is tearing out in the air, rolling the terrible killing power, roaring to the oncoming sword storm.

Boom boom!

The sound of explosion continued to spread out, and in an instant, the storm flooded the world.

Huge ravines, constantly being bombed out, like a spider's web like crazy outward spread, do not know where to extend.

There was no suspense under the terrible situation of the killing spear. The sword storm was directly torn, withered and decayed.

At this moment, the faces of the two emperors changed and became extremely pale.

They just feel that they are covered by a terrible killing intention, and there is no room for resistance.

In the face of that terrible killing power, they feel like mole ants, which is not worth mentioning at all.

"How can it be, how can it be?"

"How could such a terrorist attack be carried out on the level of the Empire?"

Their faces were pale and their eyes were very ugly and scared.

They want to retreat, they want to avoid, they want to resist, but they can't do anything.

Finally, the endless gun pattern, set off a terrorist killing potential, fell on them.

Hiss, hiss.

A series of blood mist splashed out, and they were torn to pieces.

The blood mist was diffused, and there were no bones.

At the moment before their death, regret and unwillingness emerged in their hearts.

They are the pride of the family, and they all have brilliant prospects and future. They don't want to die.

Unfortunately, they can't help it at all.

Wang Fan's face is also slightly pale, but it did not lose combat effectiveness, and did not fall into absolute weakness as before.

After breaking through to the emperor's territory, his elixir field has formed a Danhe river. The quality and quantity of his aura are far from comparable in the past. He has been able to bear the consumption of killing short guns.

When the storm dissipated, Wang Fan looked at the area where there were no bones, and he also sighed. It's a pity that their space rings were destroyed.

Wang fan is very helpless shook his head, also did not think much, after swallowing a few pills, quickly left.

He also wants to go to Yunqing Academy. Not to mention that Su Luoyan and Qingxuan are still there, he can't leave because of the kindness of Yunqing academy to protect him.

When Wang Fan returned to the Academy again, the whole Academy had become a Shura hell. Bones and debris were everywhere, and blood almost dyed most of the school buildings red.

In addition to the students who can walk, the students who are still alive and the elderly have gathered together.

The people of Xia family and Wen Yan mansion surrounded them.

The eyes of the two forces are indifferent, and the intention of killing is monstrous. They are constantly approaching, as if they are fighting a trapped beast.

In the surrounded crowd, Wang fan saw Su Luoyan, Qing Xuan, Guan Yuhai, Xing Shi, and vice president.

As for Xiao Yun, the other one of the five immortals, Wang Fan didn't know him, so he didn't pay much attention to him.

"Wang Fan, you didn't die?"

"Wang Fan, what about the two people who are after you? What happened to them?"

At the moment when Wang Fan appeared, the faces of ivy and Xia Liancheng changed. They had a bad feeling.

Two powerful men from the third floor of the Empire went to hunt down Wang Fan. Now Wang Fan has come back. What does it mean?

"Wang Fan, go quickly."

"Wang Fan, go quickly. If you succeed in your future cultivation, don't forget to avenge the school."

When the elders of the school saw Wang Fan, they were surprised at first, and then they could not help roaring wildly.

"Go! Can he leave? " Wen yanqingteng stepped out and fell directly on the void above Wang Fan's head.

He looked down at Wang Fan with a high attitude. His killing intention was wild. It was obvious that he was really angry.

How can Wang Fan even kill the three levels of the two emperors? How can he stay?

He plans to solve Wang Fan's problem by himself!

"Smell the Ivy, you're lying too much!"

However, without waiting for Wenyan ivy to start, the vice president had already stepped out and directly swept Wenyan ivy.

"You go first, and I'll get behind you!"

Vice president while crazy roar, while crazy dancing hands.

At this moment, it was as if a flame of the sun was burning in his body, and his whole body was bathed in the blazing flame in an instant.

At the same time, the breath of his body, also in the crazy rampage, rampage, and then rampage!

At this moment, he was covered with a devastating storm of terror, which seemed to be able to burn everything and destroy everything.

"Madman, what are you doing?" Smell the face of rock green vine changed, this old thing, unexpectedly want to explode?

"Back, back!" Xia Liancheng is shivering all over, in the scream at the same time, the whole person has been crazy back up.

He did not expect that the vice president would be so decisive, even to blow himself up!

It's not for fun that the five strong men in the imperial realm explode themselves.

Looking at this scene, the people in the Academy could not help but tremble, full of solemn and stirring.

Chapter 2823

"Xia family and Wen Yan mansion, you are so ambitious that you dare to fight against our academy together. Since you don't give me a way to live in the school, I'm ready to pay the price. Let's die together! "

The vice president's eyes were full of ambition to die, which seemed so solemn and stirring. The fire around him is also more and more vigorous, and the momentum is more and more terrible.

I saw the palm waving, a terrible chain of energy crazy surge out, just like a dragon in the air, rolling down.

Those Wen Yan Fu and Xia Jia Qiang, who were slow to escape, were all affected by the terrible energy chain. In a bang bang sound, their bodies burst into nothingness.

The people of the two forces who had been surrounded were killed by the terrible energy chain.

"Dean, you go!"

The vice president roared again, and his body was already soaring up. Along the way of killing, he rushed directly to Wen yanqingting.

At this moment, his eyes, only crazy, only killing!

The academy is a holy land of practice, which mainly teaches and educates students and never participates in power disputes.

But now, the two families are coming together, and they are going to blood wash his school. Even the

innocent students and disciples are going to be slaughtered. As the vice president of the college, how can he bear it?

Therefore, even if he died, he would let the two forces pay the price. He would use his own life to protect the academy and the pure land, though he died without regret!

Vice president while frantically rushed to the smell of rock ivy, his hands while blowing out a road of terror to kill the felling chain, the whole person has been completely into a frenzy.

At the same time, his breath has been stronger, almost to the critical point, to the edge of the explosion.

Smell rock Ivy's face is also extremely ugly, he did not expect, vice president will be so crazy.

You know, under normal circumstances, with the strength of the president and vice president, if you are willing to give up those students, you have a good chance to escape.

However, he underestimated the belief and determination of the vice president.

"Madman, this madman, get out of here!"

At this time, Wen yanqingteng didn't care to continue to kill Wang Fan. His body twinkled, and he had gone to the distance crazily.

Not only he, Wen Yanfu's people, Xia's people, the dean and others, but also Wang Fan, all ran away crazily for fear that the speed would be too slow to be affected by the storm.

"Go, ha ha, can you go? Let's die together. " Vice President see this scene, crazy laugh.

Almost at the moment when the laughter came out, he did not hesitate to burn the blood essence of Shouyuan, to shorten the distance with Xia Jiawen Yanfu, at the same time, make the self explosion ahead of time.

With a bang, the vice president's body was smashed, and in an instant, the air was surging.

The stormy waves, just like the unstoppable sky destroying storm, swept out crazily.

The surrounding buildings were destroyed and collapsed one by one, and the schools were burned one by one. Where the waves passed, everything was lost to nothingness.

Although those who heard about Yanfu and Xia family fled very quickly, some of them were not strong enough. They were swept away by the storm and disappeared in an instant.

Hundreds of miles behind the vice president, looking at the raging waves in the distance, the eyes of the president and others were moist.

"Vice president."

"Vice president!"

Especially those students, they can't help crying for the first time and can't control their emotions any more.

In order to protect them, in order to let them leave safely, the vice president did not hesitate to die. What kind of courage is this?

Vice president, he is an elder worthy of respect. They are proud to have such a vice president!

"Let's go. If we don't, I'm afraid there will be no chance. The death of the vice president will be meaningless."

Dean's eyes are also a little dry, he said hoarsely, while quickly sacrificing a spaceship, with people away.

They are able to come here safe and sound, because the vice president is not against them.

Moreover, the direction of their escape from Xia Jiawen's house is just the opposite, otherwise, they will also be affected.

On the other hand, I heard the ivy and Xia Liancheng, looked at the stormy school and the people around me.

This time, the vice president blew himself up, directly killing more than half of their strong men, and even two strong men in the fourth floor of the imperial realm.

These people are the mainstays of their family.

Now, I'm dead.

The price is too high!

"Lunatic, that old Wang Ba is really lunatic, cruel enough!"

"You must not let those bastards run away."

Wen yanqingteng growls low and leads the people of Wen Yanfu to chase and kill. At the same time, he grabs the communication bead and sends out a message.

Xia Liancheng also did not hesitate, led the Xia family strong pursuit at the same time, sent a message out.

Things have come to such a point that they have no way back. If the president and Wang Fan do not die, they will have trouble sleeping and eating.

A few hundred miles away, Wang Fan's figure appeared here, and his face was very pale.

The vice president was really cruel. The previous self-exploding storm almost involved him and killed him directly.

If he hadn't burned blood essence crazily at the first time, moved the space and flashed continuously, he would have been dead long ago.

However, Wang Fan can not blame vice president.

Because he knew it was out of control.

"Cough." Wang Fan coughed up a mouthful of blood, and his body twinkled. He directly chased the direction of their departure.

Xing Shi, Guan Yuhai, Xiao Yun, Su Luoyan, Qing Xuan and others were on the spaceship where the president was located.

Their faces were very ugly, and the atmosphere was heavy and depressing.

There are thousands of students in the whole Yunqing academy, except for the hundreds who left under the protection of Wang Fan.

How tragic it is that the number is less than 20?

"Xia family, Wen Yanfu, why do you want to do this?" The dean's eyes are also a little red, full of grief and indignation.

All of them bowed their heads and did not speak, but they were also very indignant.

I don't know how long it took, but she finally said, "Dean, I want to go down."

She had wanted to say this sentence for a long time, but she had been trying to bear it and was embarrassed to say it.

Previously, Wang Fan was in the school when the vice president blew himself up. She didn't know what happened to Wang Fan. She was very worried.

Qingxuan didn't speak, but she also stood up.

She was originally brought out by Wang Fan and joined the academy because of Wang Fan. Now Wang fan is not here, even if she doesn't know her life or death. Naturally, she doesn't have to stay here.

The Dean took a look at Su Luoyan and Qingxuan, but he didn't understand what they meant?

He looked at them and said, "I know you are worried about Wang Fan, but if you go down at this time, I'm afraid you will die."

"I know something about Wang Fan. He's smart and slick. I'm sure he'll be OK."

Although he said so, he was worried?

He knows Wang Fan's talent, especially his performance today.

When he first entered the imperial territory, he was able to escape safely from the three-tier strong men in the two imperial territories, and even killed the two three-tier strong men.

It is absolutely impossible to achieve such a monstrous and terrifying fighting power in the same territory, with the five heavenly arrogants of Guan Yuhai and Xiao Yun.

It can be said that Wang Fan's talent has far exceeded that of Guan Yuhai five.

However, even if he worried about Wang Fan, he could not turn back at this time, otherwise he would die!

Chapter 2824

"Dean, I know that if I go down at this time, I will probably die, but I still want to find him. It's hard for me not to see him. "

Su Luoyan looked at the dean and said firmly.

Her feelings with Wang fan are beyond other people's understanding. In Su Luoyan's heart, even if she died, she didn't want Wang Fan to die.

Now Wang fan doesn't know whether to live or not. Where does she have the heart to continue to run for her life and live alone?

When the president heard Wang Fan's words, he couldn't help being moved. He did not expect that the feelings of Su Luoyan for Wang Fan would be so deep.

Not only the Dean, but also the college students can't help shaking.

They all don't understand, the vegetable falls wild goose is actually in what poison, unexpectedly so care Wang Fan.

However, they seem to understand Wang Fan's efforts to protect the students.

"Well, in that case, let's go back and have a look together, hoping to find Wang Fan. But you'd better not hope that much. "

The Dean hesitated a little, then said.

As the head of the court, how could he let Su Luoyan go back alone knowing that he would die? Since Su Luoyan had made up his mind, he naturally wanted to go back with him.

"How can this be done, Dean? It's hard for us to escape. If we go back, will we die? Maybe the people of Xia family and Wen Yan mansion are chasing after them. "

"Vice president, in order to let us escape, does not hesitate to explode. If we go back like this, how can we pay for vice president?"

Hearing that the dean said he wanted to go back, Guan Yuhai was the first one who couldn't help but said eagerly.

After that, without waiting for the dean to speak, he looked at Su Luoyan again. "Sister Luoyan, I know you and Wang fan are Taoist partners, and they have deep feelings."

"But now it's a special situation. We can't all die because of Wang Fan alone?"

"Wang fan is a student of the Academy, aren't we? All of us are going to die for him? "

"What's more, if it wasn't for Wang Fan's wanton killing of the Xia family, would it lead to today's changes? Will Yunqing academy be destroyed? "

"He is the cause of everything today. Because of him, the vice president was killed and countless students were slaughtered. He is the culprit! "

"As for his desperate efforts to protect the students, shouldn't he? If it had not been for him, would our school have suffered today? "

Guan Yuhai's every word is eloquent, pointing at Wang Fan.

Students who originally thought that there was something wrong with Guan Yuhai's words could not help but silence after hearing the words behind Guan Yuhai.

Yes, if it wasn't for Wang Fan, would the school have suffered today's disaster?

If Wang Fan hadn't slaughtered the Xia family's descendants, if the Academy hadn't been determined to

protect Wang Fan, would they have been in such a situation?

"Shut up When the Dean heard this, he could not help frowning and yelling. He did not expect that Guan Yuhai would say this.

Xing Shi's face was also cold. He looked at Guan Yuhai coldly. "Guan Yuhai, as a senior brother, you should pay attention to your words and don't talk nonsense."

When Guan Yuhai heard that the dean and teacher Xing scolded him, he couldn't help saying, "is there anything wrong with what I said? If it wasn't for Wang Fan, would the Xia family come to my school? "

"The Xia family came to our school several times for Wang Fan's sake. If our school handed over Wang Fan, what would happen today?"

"You Xing Shi was furious when he heard that he was going to retort, but he was interrupted by Su Luoyan. "Xing Shi, Dean, don't quarrel any more. Open the hatch and let us down."

Su Luoyan's voice was determined, and she had made up her mind.

She didn't go to see Guan Yuhai, and she didn't discuss anything with him.

Because she knew it didn't make sense.

"Let's go back together." Said the dean. However, as soon as his voice fell, several voices followed.

"No way!"

"If they want to go back, they will go back by themselves. We can't go back."

"Yes, we can't go to death."

"Wang Fan's life is life, but our life is not life. We can't die with him."

This time, it's not just Guan Yuhai who is talking. Many students have begun to follow suit.

Obviously, these people have wavered.

In the face of life and death, who can be truly fearless? If there is a choice, of course, it's the way to die.

"Dean, don't say any more. You don't have to follow us. Let's go back by ourselves." Plain wild goose is also timely opening.

She still didn't go to see Guan Yuhai, let alone those students who agreed with him.

This kind of thing, she has experienced too much, already used to.

"Good." The Dean had no choice but to nod, but just as he was about to open the hatch and let the two of them go down—A whimpering wind suddenly came, followed by a terrible storm swept the front space, and then there were two figures in the air, appeared in front of the spaceship.

Both of them are middle-aged.

A man in a black robe, thick eyebrows and big eyes, his face is like a knife cut, his whole body is filled with terror, and his eyes are filled with extreme chill.

Only one person is like a thousand troops, giving people a sense of unshakable.

The other was dressed in white, elegant and elegant. In his hand, he also held a folding fan, with a smile at the corner of his mouth.

However, the smile, it is to give people a sense of extreme danger, hidden knife in the smile.

His momentum was no less than that of the middle-aged man in black robe. They stopped the spaceship and sealed the way directly.

Looking at these two people, Dean, Xing Shi, Guan Yuhai, Xiao Yun, their faces changed at the same time, and became extremely ugly.

I heard the Lord of Yanfu, I heard the Castle Peak.

Xia Bailiu, the owner of Xia family.

Both of them are the top five in the imperial realm!

These two people did not appear in Yunqing Academy. I didn't expect that they would block the way here!

"Brother Zhuge, I haven't seen you for many years. Don't you come here to talk about the past?" Xia Bailiu looks at the spaceship with a smile and speaks in a loud voice.

His eyes seemed to be able to penetrate the layers of prohibition on the spaceship and see all the people inside.

Hearing that Yan Qingshan didn't speak, he just stood there and didn't move.

"Xia Bailiu, I didn't expect that even you came out. It seems that in order to destroy our Yunqing academy, you've really lost money. "

The Dean raised a cold smile at the corner of his mouth, directly opened the hatch and stepped out.

He knew that they had little chance to escape when they heard that the green hills and xiabailiu appeared at the same time.

He only hated the injustice of heaven, but he didn't give them a way to live.

Even if the vice president blew himself up and gave them a way of life, the end of the life was still a dead end.

Xing Shi, Guan Yuhai and other people's faces are also extremely ugly.

Xia Bailiu and Wenyan Qingshan are all the five strong men in the imperial realm.

On their side, only the dean is on the fifth floor of the Empire.

One on two, the president has no chance to win. What's more, the president was injured before.

As for them, they are not qualified to take part in the war at all. To take part in the war is just to die.

The higher your accomplishments are, the more terrifying and difficult it is to fight across borders.

Even though he is already in the three levels of the imperial realm, he is not enough to be slapped by Wen Yan, Qingshan and Xia Bailiu.

That's the gap.

Chapter 2825

In the spaceship, Guan Yuhai's eyes twinkled, and from time to time he looked at Su Luoyan and Qingxuan, as if thinking about something.

Su Luoyan and Qingxuan naturally noticed Guan Yuhai's look. They became more cautious and subconsciously stepped back.

"Today's affairs are all due to Wang Fan. Take them down and give them to the Xia family and Wenyan mansion. Maybe there is a way to live."

Crown jade sea see two people have vigilance, immediately don't hesitate, he crazy shout, people have toward vegetable wild goose and green Xuan lightning killed in the past.

This sudden scene, so that all people can not help but Leng for a while.

Su Luoyan and Qingxuan's face changed greatly.

The long sword in the hand of Su Luoyan waved immediately, rolled up the bright purple sword wave, and cut fiercely to the crown jade sea.

At the same time, the Guqin appeared in Qingxuan's hands, and her hands quickly plucked the strings. When the sound came out, the notes all over the sky also went to kill Guan Yuhai.

However, how can they block the three-tier crown jade sea in the imperial realm?

In the face of the sword of Jinghong and the storm of notes, Guan Yuhai didn't mean to escape at all. His double fists were like angry dragons.

Bang bang a few low sound, sword light burst, notes jump to pieces.

Su Luoyan and Qingxuan were also affected. They were like broken kites flying towards the rear. Even the wild goose could not help but spit out a mouthful of blood.

Looking at Su Luoyan and Qingxuan, Guan Yuhai didn't stop thinking. His body flashed and he had already killed them again.

But by this time, master Xing had already reacted. He was furious.

"Guan Yuhai, what are you doing?" Xing Shi is very angry, roaring, the body has been like a bomb, crazy to kill the crown jade sea.

The fierce power of the fist surged, rolled up the terrible killing power, and went to kill Guan Yuhai.

Guan Yuhai feels the killing power. He can't help wrinkling his brow. He doesn't dare to pursue su luoyan and Qingxuan any more. Instead, he escapes quickly.

He was very angry. He was angry at Xing Shi's meddling.

He was also shocked that Su Luoyan and Qingxuan didn't lose their fighting power under his fist.

Because of Guan Yuhai's evasion, Xing Shi hit the spaceship with his fist.

With one blow, the spaceship burst, and everyone was in the void.

Guan Yuhai, who was steady, looked coldly at master Xing, "what are you going to do? In today's situation, we can only survive if we hand them over. "

"Do you want all of us to die for them?"

Guan Yuhai said, looking at Xiao Yun and his party, "what are you still doing? Don't you hurry to catch them?"

"Beast, I'm really ashamed to have a student like you in Yunqing academy! I didn't expect that you, Guan Yuhai, would be such a person. "

When Xing Shi heard Guan Yuhai's words, he was furious.

He didn't expect that Guan Yuhai's conduct would be so bad. At the critical moment, he would betray his classmates to survive.

On the other side, the Dean, who was confronting Xia Bailiu and Wen yanqingshan, could not help frowning when he saw this scene.

"What's the matter?" He looked at Xing Shi and Guan Yuhai and asked coldly.

"Dean, the beast wants it." Xing Shi looked at the dean and was about to tell him what had happened. But at this moment, Guan Yuhai had followed him.

"Master Xia, master Wen Yan, I'm Guan Yuhai. I'd like to join the Xia family or Wen Yan."

Guan Yuhai said quickly, and pointed to Su Luoyan and Qingxuan, who were frantically fleeing in the distance,

"they were all close relatives of Wang Fan and had a close relationship with Wang Fan. If you can take them, as long as Wang fan doesn't die, he will certainly take the bait. "

"Guan Yuhai!" Dean listen to this, all can't help but anger, is simply angry, "do you know what you're talking about?"

"Of course I do." Guan Yuhai was not afraid of the dean at all, and his face was ferocious. "If it wasn't for Wang Fan, what would have happened today?"

"In order to protect Wang Fan, the Academy put us in such a dangerous situation. Have you ever thought about our feelings? Is the Dean going to watch us die? "

Guan Yuhai's ferocious roar, the inferiority of others, at this moment, is obvious.

As he said, he did not forget to bewitch the other students, "you elder martial brothers and younger martial brothers, as the saying goes, those who know current affairs are heroes. Why should we die for Wang Fan? Everybody, why don't you join the Xia family or Wen Yan mansion with me? "

Then he looked at Xia Bailiu and Wen yanqingshan and said, "if you are willing to accept us, you are willing to work hard for us."

"Son of a bitch!" The Dean was almost furious at this.

Is this one of the five evils taught by Yunqing academy? Is this the outstanding offspring taught by their school?

Shame!

This is a disgrace to their school!"Ha ha!" Compared with the anger of the president, Xia Bailiu and Wen yanqingshan couldn't help laughing.

Xia Bailiu looked at Guan Yuhai and said, "children can be taught."

Then he looked at the Dean again, "old man, look at you, you are so stubborn, even a younger generation is inferior."

"The younger generation still knows that those who know the current affairs are outstanding and conform to the trend. It's better for you to go against the trend. What's the trouble?"

"If you were willing to hand over Wang Fan, how could it be today, and how could the academy be destroyed?"

The dean's face was extremely cold.

He doesn't pay attention to Xia Bailiu's sarcasm at all, but stares at Guan Yuhai. In his eyes, there was pain, disbelief and intention to kill.

When the school was faced with a dilemma, this excellent talent, who was trained by Yunqing academy, wanted to live by betraying his classmates and joining the enemy.

As the president of the hospital, how can his heart not hurt?

"Guan Yuhai, you really let me down. The academy has devoted all its resources and worked hard to cultivate you for several years, so that you can have today's cultivation status. "

"But now, when the school is in crisis, you want to live by betraying your classmates and joining the enemy. It's really a shame for our school."

"In that case, I will take back what I have given you."

The president said coldly that he had already stepped out one step and went directly to Guan Yuhai.

At this moment, his heart was cold and painful.

Guan Yuhai saw the Dean killed him, his face suddenly changed.

He didn't expect that the Dean would kill him.

Feeling the violent killing power of the dean and the terrible pressure, he was as if he had been locked by thousands of ropes. It was very difficult for him to breathe and move.

The fifth floor of the empire is so terrible, let alone fighting. He can't even bear the pressure.

"No, you can't kill me. Why do you want to kill me? Everything I have comes from my own efforts and talents. Why do you want to deprive me? "

Guan Yuhai is not willing to roar, he is crazy to urge the aura in the body, crazy burning blood essence, want to retreat.

Unfortunately, compared with the speed of the Dean, he is too far away.

The Dean did not speak, but his heart was more painful.

At this moment, he finally understood what it means to raise unfamiliar white eyed wolf.

At the same time, he also strengthened his heart to kill Guan Yuhai.

However, when the Dean was about to kill Guan Yuhai, Xia Bailiu stopped him.

He looked at the dean and said with a smile, "he is now a servant of my Xia family. You can't kill him."

Servant?

Guan Yuhai's face was pale and his heart was cold.

As one of the five evils in the Academy, he is the son of heaven. Now he takes the initiative to take refuge in the Xia family. Does Xia Bailiu say that he is a slave?

Chapter 2826

Guan Yuhai only felt his brain humming and his brain was blank.

What a shame it was. It was too much for him to bear.

But the Dean didn't pay attention to Guan Yuhai's pale face at all. He stared at Xia Bailiu, who was standing in front of him, and didn't give in.

"Go away!" He drank out a word and stepped forward suddenly. In a flash, the thunder was shining all over his body and the thunder was rolling in the sky.

His clothes are windless and automatic, and his aura converges wildly, as if forming a certain general

trend, and the rage reaches the extreme.

At this moment, he was like a supreme god of killing, with great fighting spirit.

Guan Yuhai felt this scene, only feel pale, heart is cold.

Looking at the situation of the president, he is determined to kill him.

Xia Bailiu's face became cold, and a terrible pressure diffused from him. His breath was firmly locked in the dean's body.

The president of Yunqing academy asked him to leave?

He is the owner of Xia family. He is as famous as the dean. Why does the Dean dare to let him go?

What's more, beside him, there is also the wind from the rock.

In this situation, why did the Dean dare to humiliate him? Is it because of Guan Yuhai's betrayal?

Xia Bailiu didn't pay attention to the Dean, but looked at the guanyuhai not far away from his side, "kneel down, surrender, I guarantee your safety."

His voice was extremely cold, without any emotion.

Obviously, even if he wants to protect Guan Yuhai, he must see Guan Yuhai's attitude.

What about the son of heaven and the five evils of Yunqing academy? Now in his eyes, Xia Bailiu is just a mole ant. He can kill it at will.

However, since Guan Yuhai chose to surrender, he could also save the other side's life, but he had to see the other side's attitude.

Kneel down?

Surrender?

Guan Yuhai's face was more ugly, and his fists could not help clenching.

He didn't expect that he would be so humiliated when he betrayed Yunqing academy and chose to submit to Xia family and Wenyan mansion.

You know, he's the son of heaven. He's a monster.

Even if you choose to be obedient to the Xia family, you should also be focused on training, right?

It's a pity that he thinks too much of himself. He thinks that no matter where he goes, he will be reused and have boundless scenery.

But in fact, in the eyes of the Xia family, he was insignificant, humble as a mole ant, only worthy of being a slave.

Feeling the violent killing intention of the Dean, and then looking at Xia Bailiu's cold eyes, he knew he had no choice.

He can only kneel!

As for death rather than surrender? He doesn't have that kind of courage!

After struggling for a long time, Guan Yuhai began to bend his knees slowly. At this moment, he only felt that his legs weighed ten million pounds.

Finally, with a plop, he knelt down.

One of the five evils of Yunqing academy, the man of the year of Yunqing academy, knelt down in front of Xia Bailiu.

Xiao Yun and his party watched the scene, their hearts could not help shaking, and their faces became ugly.

Guan Yuhai's kneeling insulted not only himself, but also them and the Academy.

Looking at this scene, the Dean felt cold and violent.

Is this the one he cultivated in Yunqing academy? How ridiculous it is!

"Die Where can the Dean endure it? With a roar, his body has been killed like lightning, straight to guanyuhai.

"Old Zhuge, you are presumptuous!" However, how can Xia Bailiu, who has been staring at the Dean, tolerate the dean's killing Guan Yuhai?

Almost at the moment when the Dean moved, he had followed him out and stood in front of Guan Yuhai.

The Dean didn't retreat at all, and his right hand danced. In an instant, endless stone storm appeared in the air.

The stone flow is like a meteor, rolling up the violent killing power, crazy toward the summer white flow.

This is a stone storm formed by the elements of earth. It is extremely powerful and terrifying.

Endless stone storm rolled to xiabailiu and guanyuhai, but xiabailiu had no fear.

With his hands dancing, the gold elements gathered in an instant, and soon formed a golden shield in front of him and Guan Yuhai.

That endless stone storm crazy bombing in the golden shield, issued a tremor of the roar of heaven and earth.

In the roaring sound, countless stone streams disintegrated, turned into earth elements, and the Golden Shield began to become illusory.

The Dean didn't stop. Almost at the moment of the Golden Shield in the storm of stone flow, his right hand had already poked out and pointed to the shield.

At that point, a spear composed of gold elements suddenly appeared, directly out of the air, stabbing at the golden shield.

Under the attack of the spear, the unreal Golden Shield was smashed with a click. However, after the golden shield, there was another stone shield.

Obviously, this is the stone shield formed by Xia Bailiu using the elements of earth.

However, the stone shield seems to have just come out, and its defense is not so strong.

The golden spear came out, and the stone shield just insisted on a few breath, and then it was broken.

At the moment when the stone shield broke, Xia Bailiu's face suddenly turned white, and he couldn't help retreating a few steps.

But at the same time of retreating, he had grabbed guanyuhai and directly threw it to the side where Wenyan Castle Peak was.

The dean's face was a little ugly. He knew that it was hard for him to kill Guan Yuhai.

Although his combat power is stronger than Xia Bailiu, it is also limited. If Xia Bailiu and Wen yinqingshan, he will surely lose.

Compared with the president, Xia Bailiu's face is more ugly.

He did not expect that he would fall behind in the short-term exchange with the president.

It's just a short fight. If it's true, doesn't it mean that he won't be the president's opponent at all?

Just a short fight, he knew that his understanding and application of elements were not as good as the dean. At least the attack speed of condensed elements is slower.

"Kneel down, don't kill!" At this time, Wen yanqingshan's eyes had turned to Xiao Yun and others, and his voice was cold.

Xiao Yun and others face the sight of Wen Yan Qingshan, only feel a terrible pressure, breathing began to become short.

They madly urged the aura in the body, resisted that kind of pressure, but no one spoke.

Guan Yuhai's lesson from the past, how can they submit to this situation? What's more, the president has not been defeated, let alone injured.

"You've been deceiving people too much when you heard about the rock and the green hill!" When the Dean saw this, he was furious.

He didn't know that when he heard about Yan Qingshan, it was a deliberate humiliation to him and a blow to his faith and heart.

You know, he worked hard for countless years. While he was devoting himself to practice, he was also teaching and educating people.

But now, Wen yanqingshan asks his educated students to kneel down to survive. What's the shame?

If Xiao Yun and others really kneel down, wouldn't it be a great blow to his heart?

Smell Rock Castle Peak did not speak, just cold looking at that not far away Xiao Yun and his party, the body's pressure is more and more terrible.

Xia Bailiu's breath is coldly locking the president. As long as the president moves, he will move.

Even if he is not the rival of the president, he can still do it.

Wen yanqingshan, as long as he gets rid of the students, whether it's killing or humiliating, will be able to help him in a very short time.

He joined hands with Wen Yan Qingshan. No matter how strong the dean is, he will die!

Chapter 2827

Xiao Yun and others, faced with the more terrible pressure, only felt that the aura in their body began to rage uncontrollably, and their blood began to burn and boil.

They just feel as if their bodies are out of their control and may explode at any time.

Xiao Yun is relatively better. After all, his accomplishments have reached three levels of the Empire, and his resistance is also the strongest. But the rest of the disciples were suffering.

Some weak willed disciples even fell to the ground with a ferocious face and began to wail in pain.

"Smell the rock and green mountain, you are presumptuous!" President looked at this scene, only feel the heart of incomparable pain!

He roared angrily, and walked wildly, as if to burst the void.

Summer white flu by this scene, eyebrow a pick, step out, pose to block the president.

But just then, the Dean moved.

He is like a straight sword, directly pierced the air, crazy toward the smell of Rock Castle Peak killed in the past.

At the moment of approaching Xia Bailiu, he didn't stop at all. With his right hand dancing, a thunder chain suddenly burst into the air and went straight to Xia Bailiu.

"Combustion life?" Xia Bailiu looks at the thunder chain and feels its internal pressure. His face changes wildly!

Madman, this is another madman.

His aura roared wildly in his body, and his body began to retreat rapidly. At the same time, his hands also began to dance wildly, and the terrible energy storms were just like the angry dragon fearing the shore, facing the thunder.

It's a pity that the thunder chain is too terrible. Just in a moment, it completely tore up the storm raised by Xia Bailiu, and then exploded on Xia Bailiu.

Xia Bailiu's defense is broken, his body is blown out, and the corner of his mouth is overflowing with blood.

He was not as good as the president. Now the president is burning Shouyuan crazily. Naturally, he is even more invincible.

That's burning Shouyuan. The sequelae is terrible. It's more severe than disability and death.

Hearing the scene, Yan Qingshan's face changed and began to retreat.

At this moment, he thought of his former vice president.

The people at the helm of Yunqing academy are crazy.

It's just that so what? At most, it's just a matter of delaying some time. It still can't change the ending.

Instead of chasing Wenyan Castle Peak who retreated and dodged, the Dean came directly to Xiao Yun and his party.

His arms spread out, just like the wings spread out, directly wrapped Xiao Yun and his party, and quickly went to the distance.

He burned Shouyuan, regardless of life and death, naturally not to kill Wenyan and Qingshan.

He knew that he couldn't kill them. They couldn't fight him hard at all. They would only stay away from him for a while.

Therefore, he can only take the last group of students to leave by overdrawing his life.

The president's body was like a meteor, which suddenly broke through the sky and disappeared.

Almost as soon as he disappeared, there were two figures flying in the distance.

These two people are not others. They are Wen Yan, Qingteng and Xia Liancheng.

They did not bring the family elders and their descendants, but they came alone.

The crazy self explosion of the vice president reminds them that they dare not bring extra people.

"Master, where are they?" Xia Liancheng soon came to Xia Bailiu and asked in a low voice.

However, when he saw Xia Bailiu's pale face and the blood on the corner of his mouth, he couldn't help trembling.

Is it possible that Qiang Ru, the owner of the family, was injured?

Is it hard to be, the head of the family is not the rival of the dean?

"ZHUGE Laoer, that bastard, ran away at the cost of burning Shouyuan. Now I'm going to go after Zhuge Laoer with the leader of the rock mansion. You go there and catch two young people. "

"It's said that those two young people are the closest relatives of Wang Fan. They must be taken down. And this jade sea, which he has submitted to, is willing to be my Xia family servant. Take it with you. "

Xia Bailiu said, did not continue to talk nonsense, flash pursuit.

Wenyan Qingshan also arranged a few words for Wenyan Qingteng, and then left.

For a moment, there were only Wenyan, Qingteng, Xia Liancheng and Guanyuhai left.

At this time, Guan Yuhai was still kneeling on the ground, his face was extremely pale and ugly.

Servant? Slave again?

This harsh words, like a sharp arrow, are incomparably penetrating.

Once the son of heaven, he is now reduced to a slave. What a humble irony.

Xia Liancheng didn't care about Guan Yuhai's ugly face. He stepped in front of Guan Yuhai, then picked him up like a chicken and went away.

Smell rock Ivy eyes twinkle, but there is no nonsense, followed up.

Thousands of miles away from here, Su Luoyan and Qingxuan are running frantically.

At the moment, the plain goose was pale and very weak. Her black hair is completely turned into purple, looks very strange and desolate.

At the moment, she is being held in her arms by Qingxuan, running forward crazily.

Qingxuan was just like a different person. Her hair was beautiful and her clothes were fluttering in the wind.

She stepped on a guqin, holding the wild goose in her left hand, and playing with the void in her right hand.

Under her teasing, the melodious music of Guqin comes out at her feet, and the endless storm of notes envelops them and guqin, and they march forward like electricity.

At this moment, Qingxuan was just like a fairy in the world. She was noble and extraordinary.

In the distance of nearly a thousand miles away from them, Wen Yan and Qingteng are frantically chasing each other.

They have already felt the spatial fluctuation of Qingxuan's escape.

The distance between the two sides is also getting closer. Just within an hour, the distance between the

two sides is less than 100 li.

"Qingxuan, put me down. You can go alone." Su Luoyan is also aware of the smell of ivy. Her face is incomparably ugly, weak toward green Xuan say.

Qingxuan didn't speak or stop. She was still running.

Even, her expression is still so calm, without the slightest waves, as if she had not heard the words of Su Luoyan.

Su Luoyan looked at this scene and was even more anxious. As she struggled, she said, "let me down, or we'll all die!"

Feeling the struggle of Su Luoyan, Qingxuan finally has a reaction. She looks down at Su Luoyan and spits out two words in her mouth: "no way." And then keep running.

"Qingxuan, I can't stand any longer. If it goes on like this, none of us can leave. Now, only by putting me down can you escape. "

"His life and death are uncertain now. I don't have a chance to find him. It's up to you. So, you must not be in trouble. "

The vegetable falls wild goose is more anxious, she one side crazy struggle, one side says again.

"He said that if he wanted to protect me, he would protect me."

Qingxuan still doesn't pay attention to the struggle of Su Luoyan. This time, she doesn't even say she can't do it. She just said a irrelevant word, and then continued to run crazy.

Su Luoyan is about to cry, but in the face of such stubborn Qingxuan, she has no way at all.

Weak, she couldn't break away from Qingxuan.

Finally, another hour later, Qingxuan stopped.

It's not that she wants to stop, but there's a person in front of her, someone she doesn't know.

At the same time, behind her, Wenyan and Qingteng have appeared, blocking their way.

Wen Yan Qingteng looked at Qingxuan and said coldly, "is it you who take the initiative to follow us, or do we do it?"

Chapter 2828

For a moment, the space was quiet, and the face of the wild goose was even paler.

She's not afraid to die, she just doesn't want to die now.

She didn't know what happened to Wang Fan now. How could she die?

"Qingxuan, you go, I'll stop them." Su Luoyan said to Qingxuan, and a touch of determination appeared in her eyes.

Almost as soon as her words fell, her body burst into purple glow. At the same time, she also broke away from Qingxuan's body and flew into the air.

Her momentum, also at this moment, began to climb crazily.

The first floor of the Empire!

The second floor of the Empire!

The second peak of the Empire!

In a short moment, her breath had risen to the peak of the second level of the Empire.

Feel this scene, smell the face of rock ivy and others can't help but change, eyes in the emergence of a shock.

The reason why they were shocked was not because of fear, but because of the secret method of Su Luoyan.

With their eyesight, naturally, they could see that Su Luoyan did not burn Shouyuan and blood essence, but used the secret method.

But a secret method can make the Su Luoyan on the ninth floor of the holy land reach the peak of the second level of the emperor's realm. What secret method is this? They've never heard of it!

Now the wild goose, a purple hair fluttering with the wind, the whole body is bathed in the purple glow, the whole person looks incomparably bright, incomparably sacred.

"Go She suddenly yelled at Qingxuan, immediately grabbed the purple sword with her right hand, and then killed the interceptor in front of her like a purple lightning.

Wen yanqingteng and Xia Liancheng, whose strength is at the top of the fourth floor of the imperial realm, naturally can't be shaken. Even if she uses the secret method, her accomplishments will increase suddenly, it will not be able to shake.

Her only breakthrough was the man in front of her.

Green Xuan looked at this scene, that originally calm without wave eyes, also finally had a trace of fluctuation.

That's moving.

She didn't expect that Su Luoyan would perform this kind of secret method with great sequelae for her.

Su Luoyan doesn't have the heart to pay attention to Qingxuan's moving. At the moment, she has killed the man like lightning.

"Green moon sword formula, the first move!" There was a cold voice in her mouth, and the sword in her hand was dancing fast.

In an instant, the sword wave broke through the air, and the torn sword wave was like a violent purple Stegosaurus, rolling up its boundless killing power and roaring out.

The terrible power, the thrilling breath, even the three-tier crown jade sea of the emperor's realm, trembled in his heart.

The man standing in front of them was an elder of the Xia family. He was only ordered to stay here, and his cultivation was on the third floor of the Empire.

He felt the terrible power of the sword, and a dignified look appeared in his eyes.

His hands began to dance rapidly, and the elements of wood in the air suddenly gathered, forming a chain of branches and leaves, winding towards the purple Stegosaurus.

However, the sword was really terrible. The purple Stegosaurus cleaved down, and the chains of the branches and leaves all over the sky were torn into pieces in an instant, and then they turned into elemental molecules and dissipated.

The purple Stegosaurus was castrated and continued to kill him.

His face suddenly changed, his body began to retreat quickly, and his whole body condensed countless defenses, and even the shield condensed from the elements of gold and earth.

However, the speed of purple Stegosaurus was so fast that it didn't give him much time at all.

His shield, which had been coagulated, was almost in its embryonic form, and it had been split by the purple Stegosaurus.

Boom!

Click!

There were two more sounds. The purple Stegosaurus cleaved on him. The fierce power stirred him, and his aura armor broke instantly.

Almost at the moment when the aura armor was broken, the purple Stegosaurus had already cut him.

Another hiss, his body was directly divided into two, the red blood bloomed, the whole person fell down powerlessly.

At this moment, his eyes were filled with fear, reluctance and disbelief.

He never dreamed that he would die in the hands of a girl on the ninth floor of the holy land.

The most ridiculous thing is that he was so unbearable and fragile in front of the girl.

The other side just a sword, he already body meteorite.

From Su Luoyan's hand to the third floor of that emperor's realm being cut off, all this happened very quickly, and it was over.

When Xia Liancheng and others reacted, the third floor of the emperor's realm had already died.

Looking at the Xia family who was cut into two sections, Xia Liancheng's face was extremely ugly.

Their Xia family has fallen into the third floor of an emperor's realm!

"To die!" Xia Liancheng yelled angrily, and the whole person immediately fell into a violent state, killing the wild goose.

It's unforgivable that a mole ant in holy land killed the powerful Xia family emperor. Xia Liancheng's body burst out a very violent atmosphere, the whole person is like a bomb.

That terrible speed, in the air pulled out a shadow at the same time, but also set off a continuous harsh sound explosion.

Su Luoyan felt the fury of Xia Liancheng, and her face turned pale suddenly.

Even if she uses the secret method and her accomplishments have been greatly improved, she is still powerless in the face of Xia Liancheng.

"Go She yells at Qingxuan again, and immediately bites the tip of her tongue. The purple sword in her hand splits out again.

Green Moon sword formula, second move, third move!

Two terrible purple sword lights tear the air, roll up the violent sword power, and cleave toward Xia Liancheng.

At this moment, the whole space seems to be bathed in the purple sword ocean.

"Stubborn!" Xia Liancheng was not afraid at all, and he didn't even slow down.

While he continued to kill the wild goose, he raised his right fist and smashed it out.

One punch broke through the air and rolled up the extremely violent whirlpool of boxing style. In the whirlpool, there seemed to be countless boxing shadows roaring.

In that terrible fist, the space appeared illusory, appeared a small crack.

Boom!

The fist style soon surged in the first purple sword wave, and the roaring sound came out. Just in a moment, the first sword wave had been smashed. At the same time, the purple sword ocean collapsed.

The fist continued to march forward, bombing on the second purple sword wave. With another click, the second sword wave was smashed. That purple sword meaning sea, is also completely annihilated, dissipated.

Xia Liancheng's speed did not decrease at all. He continued to rush to the wild geese, and at the same time, he made a second blow.

Hundreds of miles away from here, a young man with a ferocious face is frantically running forward.

His whole person is bathed in the endless thunder, the whole person is just like a thunder god, the speed is fast to the extreme.

All the way he passed, lightning lights and shadows were pulled out of the air, and the crackling sound was heard all the time.

This young man is no other than Wang Fan.

Wang Fan has seen the scene over there.

Looking at Xia Liancheng, who violently defeated the sword wave of the wild geese with the power of destroying the withered and decaying, and looking at Xia Liancheng, who hit the wild geese with his fist, he only felt the incomparable coldness and resentment in his heart!

At this moment, Wang Fan only wants to kill people!

He only hated that he was not fast enough and that he was short of two legs.

Even if the distance of hundreds of miles is not long for him, it is still too late to save Su Luoyan.

Chapter 2829

Xia Liancheng blows out with a fist, and his terrible fist is powerful. He rolls up his violent killing power and sweeps away towards the wild geese.

Plain goose face in the moment become more pale, her body fast back at the same time, the fingers crazy point to his body.

With the touch of her fingers, the purple light on her body is more bright, and soon there will be a purple armor.

However, this is still unable to resist Xia Liancheng's full blow.

Boom!

With a bang, Xia Liancheng's fist came, but it was not on Su Luoyan's body, but on a Guqin made of aura.

Guqin was hit by the style of boxing. In an instant, it broke up and disappeared as aura.

At the same time, the violent style of boxing was blocked and dissipated.

Whoa!

Not far away, Qingxuan couldn't help gushing out a mouthful of blood. The blood was red and white, and she looked so beautiful.

But she didn't stop, instead she ran to the wild goose, hugged the wild goose and started running.

"Why not, why not?" Su Luoyan looks at Qingxuan's beautiful white face and the bloodstain on her mouth. She just feels her heart trembles.

Qingxuan didn't speak, she just ran forward in a crazy way.

At the same time, a series of illusory notes floated out of her body, which surrounded her and made her faster.

Su Luoyan looked at the scene and couldn't help sighing. She didn't say anything more.

She knew that it was meaningless to say anything now.

Today, they are afraid that they will inevitably die.

"If you want to go, can you go? Since you are looking for death, I will help you. " Xia Liancheng looked at the two people who ran wildly, and there was a touch of irony in his eyes.

It seems that these two women are not simple.

Su Luoyan can use secret methods to make his accomplishments soar.

Qingxuan was able to block his full blow. What's more, he couldn't find out Qingxuan's accomplishments.

In his eyes, Qingxuan was like an ordinary woman. There was no aura fluctuation in her body, that is to say, she had no cultivation.

But how could it be?

Xia Liancheng didn't think much about it. As soon as his figure flashed, he had already killed them again.

No matter what secrets they have, as long as they are captured or killed, everything is meaningless.

Just in an instant, he had narrowed the distance between him and the two girls. This time, he did not punch, but clapped a hand across the air.

The huge palmprint appeared in the air, set off a devastating storm, tore the void, and killed them.

If this palm falls on two people, I'm afraid both of them will lose.

Qingxuan noticed this scene, her face changed, and her notes suddenly began to surge.

Those notes in the rapid surge, soon formed a wall of notes, blocking the two behind.

Boom!

Huge handprint shot to kill, dense notes began a crazy tremor, and then boom, burst.

Whoa!

Qingxuan couldn't help gushing out a mouthful of blood, and her face was even paler.

The huge palmprint did not dissipate, but continued to move forward and patted the two delicate bodies.

Qingxuan felt this scene, and her delicate body was slightly shocked. She directly protected the wild goose behind her.

Just at this time, she felt that the wild goose in her arms suddenly moved, even though she had already got rid of her arms, and then flew to the palmprint.

"What are you going to do?" Looking at this scene, Qingxuan's face changed greatly, but it was too late. The huge handprint had been photographed on Su Luoyan.

With a slap, the purple armor on the surface of the wild goose bloomed brilliantly and began to shake rapidly, as if resisting the strong force.

But, just a few breath, in a click sound, purple armor has been broken.

The wild goose can't help but spurt out several mouthfuls of blood, and the whole person is shot to fly out, powerless falling towards the distance.

At this moment, she looks so sad, so gorgeous, so pitiful.

Looking at this scene, Qingxuan could not help shivering in her heart, and her eyes suddenly became cold.

Her hair began to flutter, her eyes began to become strange, and her body surface began to be filled with strange air of dead ashes.

Even Xia Liancheng felt a touch of fear.

"You all should." Qingxuan's monstrous eyes stare at Xia Liancheng in front of her and smell the ivy and guanyuhai. Her voice is cold and indifferent.

However, she did not say the last dead word, her face just couldn't help changing and suddenly looked into the distance.

Over there, a figure is carrying a very terrible momentum, toward this side of the crazy rush. The violent killing intention swept the whole space, making her feel a palpitation."At last?" Looking at the figure, Qingxuan couldn't help murmuring, and a soft smile bloomed on her cold face.

"You said to protect me, so you can't break your promise." She murmured in a low voice, the demonic pupil began to become normal, and the air of dead ashes on her body also began to close quickly.

"Falling wild goose, Qingxuan." Wang Fan hoarsely roared, and soon he had run to the body of the wild goose and held the body of the wild goose.

Looking at the pale face of the plain wild goose, the bloodstain on the body, his eyes are more red.

"I'm sorry I'm late." He holds Su Luoyan and flies to Qingxuan. He apologizes and then looks coldly at Xia Liancheng.

Xia Liancheng looked at Wang Fan's eyes and couldn't help trembling again.

What kind of eyes, how could they be so terrible, even made him feel palpitation.

But soon he came back.

He is the top four in the imperial realm. Wang fan is just entering the imperial realm. Why can he be afraid?

"Wang Fan, I was worried that I couldn't find you. Since you came here on your own initiative, don't blame me for sending you on the road ahead of time."

Xia Liancheng forcibly expels the fear in his heart and looks at Wang Fan coldly.

At the same time of speaking, his aura has gone crazy, and his momentum has also begun to rise.

"Qingxuan, help me take care of her!" Wang Fan gives suluoyan to Qingxuan, then gets up and walks forward slowly.

He stares at Xia Liancheng, just like a peerless God of killing. His voice says, "you're all going to die!"

With that, as soon as he grasped it with his right hand, the killing rifle had already appeared in his hand.

When the killing short gun appeared, a more terrible killing frenzy spread, and Xia Liancheng three people were locked in the moment.

This terrible killing power, together with Wang Fan's killing power, seemed to form a resonance, and set off a terrible storm of killing power.

At this moment, Xia Liancheng's face changed in an instant.

It was not only him, but also Wen yanqingting, who was standing behind him carelessly, and his face also changed.

They were so stiff that they did not dare to move again.

As for Guan Yuhai, because Wang Fan's killing intention did not lock him, it was the most relaxed.

"What's the magic weapon?" Xia Liancheng and his wife murmured and turned pale.

At this time, they finally affirmed that the three levels of the imperial territory where the two men pursued Wang Fan had already died.

Even they felt palpitation in such a terrible storm, not to mention the third floor of the Empire?

"I said, you are all going to die! Not only you, the Xia family and Wen Yan Fu, will live in fear in the future! "

With the sound of suppressed roar, the killing short gun in Wang Fan's hand finally waved out.

Chapter 2830

In a flash, the whole space was shrouded by a dense storm of gun patterns and killing power.

Xia Liancheng and Wen yanqingteng feel this scene. Their faces can't help but change. They burn blood essence madly and start to run away.

This is even more true of guanyuhai, which is far away.

Such a terrible killing storm, even they felt a kind of insignificance and powerlessness. If you don't run away, you will die.

However, the killing storm was too terrible, and the gun pattern seemed to annihilate everything. The speed was incredible.

Even if they tried their best to escape, they were still drowned by the killing storm, and then the endless gun pattern surged on them.

"Let's go." Wang Fan did not see the results, at this time he has been extremely weak.

Before that, he had triggered a killing shotgun, but now the second time, it was overloaded.

Whether Xia Liancheng and Wenyan Ivy will die or not, they have no ability to kill them.

The most important thing is that there is so much noise here. In case the Xia family and Wen Yanfu strongmen come, they will have to die.

Qingxuan and suluoyan nodded at the same time, and then the three of them soared into the air and went away quickly.

Not long after they left, the storm here had dissipated, but there was no shadow of Xia Liancheng, Wen yanqingteng and Guan Yuhai.

Apart from the huge ravines on the ground, and the ruins of the scene, there was nothing else.

Once the wind blows, it seems to be quiet.

I don't know how long later, several figures rushed here, led by Xia Bailiu and Wenyan Qingshan.

At this time, whether it was Xia Bailiu or Wenyan Qingshan, their faces were not very good-looking, because they could not catch up with the Dean, and they were escaped by the dean.

Now looking at the area in front of them as if it had been destroyed, they had a bad premonition.

What's going on here? What about Xia Liancheng and Wenyan Ivy?

Because they all know that with the strength of Xia Liancheng and Wenyan Qingteng, they can never cause such a terrible storm of destruction.

"Brother Wen Yan, now we have to order people from our family to block this area. Whether it's Zhuge Laoer or Wang Fan, it will be our disaster if we really escape. "

After a long time, Xia Bailiu said to Wenyan Qingshan.

"That's what I mean." Smell rock green hill nod.

Although they destroyed Yunqing academy and killed the vice president of Yunqing academy, their action today is still not a success.

Because the Dean ran away.

The dean is as famous as them. Once they really escape and recover, they don't care, but the younger generation will be miserable.

In addition, there is Wang Fan. Wang Fan, the evil person who was able to cut off three levels of the Empire when he first entered the Empire.

Once Wang fan does not die, if he grows up in the future, it will be a disaster for their two families, and even a direct threat to them.

What's more, besides Wang Fan, Su Luoyan and Qingxuan seem to be quite different.

The destruction of Yunqing academy should have been a happy thing for them.

But at the moment, they are not happy at all. The hidden danger is too big.

Even if they mobilize strong people from the family to block this area? Only they know that it's just a mending.

If Xia Liancheng and Wen Yan's Ivy don't have an accident, it's OK to take Wang Fan. But once Xia Liancheng and Wen Yan's Ivy have an accident, their chances of taking Wang fan are slim.

Under the orders of the two masters, countless strong people soon entered the area under the jurisdiction of Yunqing academy and blocked it strongly.

Especially on the way to Liuzhou City, the two forces were under close control and laid a net.

Liuzhou city is the superior city of Yunqing City, Wenyan city and Xuanyun city.

Xia Jia and Wen Yan Fu may have a great influence in Yunqing, Wen Yan, Xuanyun and the three cities, and they can also ignore all the rules and make strong deployment and arrest.

But if it comes to Liuzhou City, the influence of Xiajia and Wenyan is very small.

As for ignoring all the rules and instigating murder in Liuzhou City, it's even more an act of seeking death, which is tantamount to digging one's own grave.

Therefore, they will never allow Wang Fan and others to escape to Liuzhou City, otherwise they will have to act in secret.

If Wang Fan three people join the big power of Liuzhou City, even in the dark, they dare not do it again.

Xia's family and Wen Yan's family made such a big move. Naturally, they couldn't hide it from others. In an instant, the three cities became a sensation.

At this time, many people realized that Yunqing Academy had been destroyed and become history.

Yunqing academy is the holy land of practice in this area. Countless people are proud to enter Yunqing Academy for practice. But now, under the strong attack of the Xia family and Wenyan mansion, Yunqing academy is destroyed. It's just like a big bomb. It's unbelievable.

Countless friars are trembling, especially those who once practiced in the Academy. They don't know whether the Xia family and Wenyan mansion will find them.

There are also some people who are going to leave secretly to make a living in another place.

Once this area changes owners, they no longer have the same sense of security.

However, most of the monks who fled, except for a few, were not able to fulfill their wishes and were taken down.

As for the few people who escaped, they were monks who practiced in Yunqing city at the time of the

incident.

They were the first to find something bad and left in time, so they could avoid a disaster.

Today's Yunqing City, also has no past prosperity, become empty.

There are only some children left in yunqingcheng, except for those old people who are not willing to travel.

As time went by, the monks in this area began to panic. Xia Bailiu and Wen yanqingshan's face became more and more ugly.

After such a long time, they not only did not find any trace of Wang Fan and his party, but also did not even hear from Xia Liancheng.

It's obvious that Xia Liancheng's three people really had an accident.

But how could it be?

What is the strength of Wang Fan and Xia Liancheng? How can such an accident happen?

No one knows the answer.

The only thing they feel at ease about is that they are sure that Wang Fan did not go to Liuzhou City, but they can't find out Wang Fan.

After all, the territory of the three cities is endless, they are controlled by them, but it's not easy to find a person from them?

At this time, outside Baiyu City, in the deep of a continuous mountain, in a quiet Canyon, the three are practicing here.

These three men, one man and two women, were Wang Fan and them.

After they left that day, they did not go to Liuzhou City, but came here directly.

This is the place where Qingxuan once practiced. It was Wang Fan who came here by mistake that he met Qingxuan.

In this mountain range, there are endless demons, and Qingxuan's status is very mysterious.

So for them, today, this is the safest place.
