Chapter 2871

The rumbling sound is still going on, just three impacts, the three people are like shrimps, completely soft down.

They were bathed in blood, as if their bones had been smashed into a sieve, and they could not move any more than a whine.

"Sweep me out? You deserve it, too? " The woman looked indifferently at the three people who could not move even like shrimps, and her expression was full of disdain,

"but you have a saying that is quite right. This kind of fighting and killing occasion is really not suitable for you."

With that, she waved her right hand again. In an instant, the ribbon disappeared all over the sky, but the three people's bodies flew out and fell directly on the edge of the platform.

There was another boom, and the whole audience fell into a dead silence at this moment, and everyone's breathing seemed to stop.

What a violent woman she is. It's true that she can't judge her appearance.

Wang Fan's eyelids can't help choking, and his heart is trembling.

This woman's strength is absolutely the strongest of all the people on the stage except him.

Among other things, the degree of refinement of elemental energy alone is definitely not comparable to that of other people.

The woman swept the three away. Even if she didn't look at them, she was indifferent and returned to her own position.

It was as if she had not swept away three people before, but three mole ants.

"It's interesting." Wang Fan looked at the scene, could not help muttering, and then turned his eyes.

At this time, the battle on the platform was over. Only 16 people were still standing on the platform of Nuo da.

Of the 16, six stood in the middle of the platform, apparently together.

The other ten, on the other hand, were standing in different directions, obviously fighting on their own.

Bai Qianshao, Duan Kaihe, Chu kuangtian, ye Xiaoran, Jiang Wudao, Luo Qinghe, Xing Gao, Dugu Yu, Wang Fan, and the woman are exactly ten.

None of these ten people are weak, and they are all the hot candidates to win the title in this debate.

Among them, Bai Qianshao's eyes were indifferent. He didn't look at the six people in the middle of the platform, as if they didn't exist.

Duan Kaihe is holding a nine ring sword. The sharp sword is intended to be vertical and horizontal all over the body, with a hint of provocation.

Chu crazy day is more arrogant boundless, domineering momentum around the body, eyes are directly swept to six people, as if looking forward to the first World War.

Ye Xiaoran, Jiang Wudao and others are also cold, some of them despise the six, some of them provoke the six, and they don't take them seriously at all.

At this time, the faces of the six people were not very good-looking.

They all come from the same city, and they are always working together against the enemy.

They have cleared countless obstacles and defeated countless enemies before they finally come to the present.

It's just that there are no weak left on the stage, which makes them not know who to deal with next.

The rule of this round of fighting is to decide the top ten, but now there are still 16 people on the stage.

This means that if all six of them want to advance, they have to sweep out another six.

It's just that it's not easy to sweep six out?

Bai Qianshao, Duan Kaihe, ye Xiaoran and Chu kuangtian, which one is not the most powerful?

Even if they challenge each other, are they absolutely sure to sweep them out? I'm afraid even if they can sweep the other side out, they will pay a big price, right?

They originally intended to sweep out the only woman, but the previous battle has proved that the woman is not easy to provoke, which makes them have to give up.

The scene was silent in an instant, and everyone's eyes fell on the six people, waiting for their choice.

Because everyone can see that the choice of these six people is the key.

Because of the pride of Bai Qianshao and others, they obviously disdain to work together to deal with these six people.

In this way, under the expectant and excited gaze of the public, at a certain moment, the six finally made a choice.

I saw six people walking to one of the directions at the same time.

In a flash, Shua Shua, everyone's eyes fell on the young figure in that position, and the color of excitement immediately emerged.

"What a shame

"How can that be?"

"Six to one, that's all right?"

"It's shameless, master. Isn't that a foul?"

Of course, there are also some people who are dissatisfied with this and can not help but make unfair comments.

Xia Jiao is even more pretty and livid. She can't wait to rush up and bite.

Because the target that those six people choose is not others, it is Wang Fan who comes out from her black wind city.

Wang Fan looked at this scene, but also can not help touching his nose, some speechless heart.

What's the matter? I'm just like a soft persimmon? So many people choose him instead of choosing him?"Hum, the weak are not qualified to go on after all. It is wise for these six people to choose him."

"Hehe, is it great to defeat Xia Yuntian? Even if it's on the eighth floor of Zhaoyang building, what can it represent? It turns out that Xia Yuntian is just rubbish. "

"Crazy knife? It's a arrogant name, but that's it. He's not qualified for the top ten

"I wanted to see how crazy the crazy Dao is, but now I don't have a chance. He doesn't even have the qualification to make it to the top ten. He doesn't deserve to fight me

"Fireflies are only fireflies after all. How can they compete with the bright moon? How ridiculous

When Bai Qianshao and others saw this scene, they couldn't help making their own voices.

Obviously, they disdain the sudden rise of Wang Fan and think that Wang fan does not deserve to be compared with them.

Of the nine, the only one who didn't make a sound was the woman.

Only she knows that Wang Fan's strength is really strong, otherwise she will not be able to step on the seventh level. You know, even she stops at the sixth level.

But even so, so what? Wang fan can deal with the six people, or two say.

If single to single, she won't doubt Wang Fan's strength, but one to six, it's a little hanging.

After all, tens of thousands of monks fight, how can there be a weak one who can go to the present?

At the time when people's minds were different, the six people came to Wang Fan step by step.

"Will you go down by yourself or will we send you down?" One of the six people looked at Wang Fan and asked coldly.

If you can sweep Wang fan out of the game without making a move, it's naturally the best. They can also retain their strength. Of course, if Wang Fan didn't know his face, he would have to fight.

"Go down by yourself, or will you send me down?" Wang Fan asked, then slowly shook his head.

"What do you mean?" The man frowned and spoke colder.

"It's not interesting." Wang Fan said, "because I don't want to go down by myself, and I don't want to be sent down by you."

"Do you think it's possible?" The man sneered, and immediately roared, and his momentum suddenly became furious. It was not only him, but also the five people around him.

"Of course not." Wang Fan very affirmative reply, "because I will send you all down!"

Words fall, cold light suddenly appear, Wang Fan's knife, already out of sheath!

Chapter 2872

The bright sword cut through the sky, and the violent killing power spread out at this moment, and directly split to the six young people in the air.

Wang fan is extremely decisive, not half a point of procrastination, not to give six people the slightest reaction time.

Aware of this scene, the faces of the six people also changed at the same time.

Almost for the first time, three of the six chose to retreat and take refuge.

And the other three people are a big drink, suddenly step forward, launched the same rapid attack, facing Wang fan that knife.

Dangdang.

Several harsh sounds rang out, and the fury overflowed in an instant. Under the fury, the three men began to retreat.

At this time, the cold light in Wang Fan's eyes flashed, and the second knife had been cut out.

Compared with the first one, the second one is more powerful and powerful.

The sharp wind of the sword roared, and hundreds of long waves swept across the sky. It set off a trend of destroying the sky and the earth. It cut the three people away, as if they were going to kill them completely.

Where the edge of the sword passes, the air bursts, and there are terrible waves in the space, which seem to be torn in two.

Three people feel that power, the complexion is uglier.

Wang Fan's speed is so fast that they have no way to respond in time.

Just in an instant, the hundreds of feet long sword wave had already rolled on them.

Boom boom!

Three deep explosions, three people were directly shot out, the body splashed out countless blood fog.

Wang Fan didn't go to see them at all. Almost at the moment when the second sword hit the three people, the third sword had already been sacrificed.

A knife is stronger than a knife, and a knife is faster than a knife. If he doesn't make a move, it will be like a storm. He doesn't give his opponent any breathing opportunity.

In the face of this knife, the three monks who chose to retreat from the beginning also turned ugly in an instant.

They did not expect that Wang Fan's sword would be so overbearing and powerful.

With only two knives, the three of them flew away, leaving only the three of them.

Three people's hearts are some regret, they did not regret the choice of Wang Fan, but regret before did not choose to fight hard, but chose to retreat.

If they had not retreated, would they have let the three companions out to give Wang Fan a chance? Just now, it's too late to say anything.

"Fight One of them drank out a word, and his spear directly tore the air in his hand, raised a strong roaring sound, and rolled towards the fierce sword.

The other two were not idle, their faces were fierce.

One man offered a long sword to Wang Fan, while the other offered an axe. The terrible axe awn surged and fell on Wang Fan.

"Stubborn." Wang Fan looked at this scene, the corner of his mouth raised a sneer, his broad knife pointed forward and said, "broken!"

In a flash, Dao Mang's huff and puff became more violent, and his killing power became more violent.

The terrible sword was the first to surge on the spear storm. In the sound of a click, the spear storm suddenly collapsed and was vulnerable.

The sword was castrated and moved on.

The sharp sword could not stop the violent and domineering sword. It also broke in the breath.

Dao mang is still charging forward and surging on the ax mang. The sky ax awn was a bit of knife awn, directly split, into light spots dissipated.

A knife, cut three offensive, unstoppable!

"Back up!" The faces of the three changed greatly and began to retreat madly.

But how can their speed compare with the speed of the sword?

In a flash, the extremely sharp knife had already slapped on the three people. In a burst of sound, the three people screamed and flew upside down, and fell on the platform.

Three Dao, Wang Fan just three Dao, that arrogant six people have all been defeated.

This kind of strong visual impact is shaking everyone's heart.

Wang Fan's strength once again refreshed their cognition and made their hearts tremble.

"Now, do you know how stupid you are? Putting so many weak people out of the challenge, but trying to provoke me, is really beyond our ability. "

Wang Fan disdained to sweep those six people one eye, the voice that the mouth sends out is to make the heart of all people present however, can't help but shake fiercely once more.

Wang Fan's remark is already a blatant provocation to the other nine strong men, and he does not hide it.

Arrogance, it's too arrogant. It's worthy of his name.

Bai Qianshao and others listen to Wang Fan's words, and their face can't help choking, and then they become gloomy.

They judged that Wang Fan didn't deserve to stand here, suggesting that Wang Fan was the weakest among the ten. Now, is this a response from Wang Fan? In addition to the mysterious woman, the other eight people's eyes all fell on Wang Fan, and their expressions became bad.

Wang Fan looked at this scene, but he was not afraid at all. Seeing his eyebrows picking, he said defiantly, "why, do you want to have a try? I don't mind your company

With that, the broad sword in his hand was raised again, and the terrible sword was fierce and domineering.

In the face of Wang Fan's provocation, Bai Qianshao and others couldn't help looking more ugly.

If they looked down on Wang Fan before, but when Wang Fan defeated six people, they did not dare to underestimate Wang Fan any more.

Even they may not be able to do it.

What's more, they don't know how much strength Wang fan used.

At this time, Xia Baishan fell on the stage again. He first took a deep look at Wang Fan, and then he said, "well, the top ten has been decided now. Do you want to rest for a while before the ranking war, or continue?"

"Go on."

"Go on."

Bai Qianshao and others answered one after another that in the previous scuffle, they didn't fight at all. Naturally, they didn't need to rest.

"Good." Xia Baishan nodded, "next, the top ten ranking war will begin. The rules of the ranking war are also very simple, one-on-one challenge, victory, promotion, defeat and exit. "

"The only requirement is not to challenge the same person continuously. Of course, if you are a challenger and confident in your own strength, you can challenge others continuously. "

With that, Xia Baishan left the battlefield.

Almost as soon as Xia Baishan left, a figure had already fallen in the middle of the platform, and the speed was extremely fast.

This man is carrying a broad sword. Who else is there?

At this time, there were only ten people left.

Bai Qianshao, Duan Kaihe, Jiang Wudao, ye Xiaoran, Chu Fantian, Luo Xinghe, Xing Gao, Dugu Yu, the mysterious woman and Wang Fan.

Wang Fan flew to the center of the platform, his eyes slowly swept over Bai Qianshao and others, his mouth crossed a slight arc, and said,

"who just said that the weak are not qualified to go down, the six people choose me wisely, get out by yourself!"

Wang Fan's voice fell, and the whole audience was silent at first, then suddenly boiling.

Get out of here! How overbearing and arrogant is this?

Before the battle started, the smell of gunpowder was strong.

Bai Qianshao's fist had been clenched tightly, and his face was so gloomy that he was about to drip water.

Because that's what he said.

He looked at Wang Fan grimly, stepped out, and had already come to the opposite of Wang Fan.

"I said it. What can you do? How dare you tell me to get out! You will pay for your arrogance soon

Chapter 2873

Bai Qianshao stares at Wang Fan coldly, the killing intention in the eyes does not hide.

He Bai Qianshao is the proud son of heaven. How proud of his existence?

But now, in full view of the public, Wang Fan even dare to ask him to get out. What a slap and shame?

What is Wang Fan, who dares to humiliate him like this? If he doesn't step on Wang Fan and then kill him, he won't be Bai Qianshao.

Wang Fan feels the killing intention of Bai Qianshao, and then looks at Bai Qianshao's angry eyes, but he can't help laughing.

"What can I do?" He said slowly, "soon you will know what I can do. Well, now that you've come up, don't talk too much nonsense. You can do it. "

Wang Fan looked at Bai Qianshao, put on a high posture, as if the king was overlooking the ants, invincible.

Isn't Bai Qianshao shameful? Then Wang Fan didn't give Bai Qianshao face.

He would like to see what Bai Qianshao can do.

And listening to Wang Fan's arrogant words, and then looking at Wang Fan's scornful expression, not only Bai Qianshao's face was more gloomy, but also the spectators were speechless.

Crazy!

It's crazy!

They have seen a lot of crazy people, but it's rare to see such crazy people as Wang Fan.

However, Bai Qianshao didn't do it, but coldly said, "if you want me to do it first, do you deserve it?"

"Draw your knife! Let me see how overbearing your knife is and whether it can block my attack. "

What is his status and pride? If Wang Fan wants him to do it, will he do it? How shameless is he?

Some of the people watching the war can't stand it any more. Can these two really pretend to be grandsons?

Wang Fan smile more brilliant, continue to despise, "knife? You deserve it, too? My knife, don't cut waste! "

In a word, Bai Qianshao despised even Xia Yuntian and the six people just now.

"Good, good." Bai Qianshao finally couldn't stand it, and his anger broke out.

He suddenly stepped forward, his right hand was a little empty, and he said, "Ning!"

In a flash, the frenzied elemental energy converged wildly, forming a terrible demon in mid air.

These big demons are full of endless power, ferocious and ferocious. They look down on the world as if they are enough to destroy everything.

Wang fan can clearly feel that these monsters are not formed by a single element of energy, but by a variety of elements of energy.

Its power is naturally more terrifying than that of the monster condensed by single element energy.

For example, the Tyrannosaurus Rex is composed of three elements: gold, earth and water. It not only has the shape of dragon, but also has the charm of Dragon God, which is extremely terrifying.

"It's terrible to use multi-element energy together."

"Bai Qianshao is more powerful than Xia Yuntian. It seems that those who can stay till now are really mediocre. Xia Yuntian is not wronged for being eliminated. "

Those who watched the battle could not help but shake out their voices and look surprised.

This makes the face of Xia Yuntian not far away from them even more ugly, and I don't know what it's like in my heart.

"Don't you really sacrifice your sword? If you don't do it again, I'm afraid you won't have a chance. " Bai Qianshao's whole body was bathed in the terrible demons, just like a demon king, invincible.

Wang Fan's face was still incomparably indifferent. He said with a brilliant smile, "you don't deserve my knife. Do you think I'm joking?"

"As for no chance without a knife? Ha ha, I can only say that you think too much of yourself. "

Wang Fan said, hands slowly raised.

In a flash, endless thunder storm crazy emergence, in the air formed a terrible dragon, bathed in thunder power.

Around the dragon, there are pale golden scales, which are obviously composed of the energy of gold.

Not only that, the dragon's mouth, but also breathed electricity, ice thorns, and even flames.

Obviously, each of these dragons also contains a variety of elemental energy, not a single one.

The spectators were even more excited when they saw this scene.

Evil, evil.

I don't know who will be stronger in the collision between the two.

Bai Qianshao looked at this scene, the pupil also can't help choking, his face is a little ugly.

Isn't Wang Fan Dao Xiu? It's just a Dao Xiu. How can his understanding of elemental energy go against the sky?

"Kill However, Wang Fan didn't give him the time to be surprised. He just listened to the word and drank it out. The Thunder Dragon had torn the air and swallowed it madly towards Bai Qianshao.

For a moment, the Thunder Dragon was vast and covered the sky and the sun, and the whole battlefield seemed to be bathed in endless thunder.

"Kill Bai Qianshao is not willing to be outdone. He points out that the monsters around him rush to the thunder dragons. Then, with the shock and excitement of the people's eyes, the big demons, which are composed of different elements of energy, fight madly together.

This is not only the competition of aura between the two sides, but also the competition of element energy refining degree and control degree.

Under the control of Wang Fan's aura, the Thunder Dragon is vast, blocking the sky and the sun, and the flames are puffed out of the sky, combined with the terrible energy of gold element and the killing of thunder.

Just for a moment, several of the demons condensed by Bai Qianshao were torn and turned into elemental light spots to dissipate.

The Thunder Dragon is overbearing, invincible, and continues to have a crazy impact.

Just a dozen breaths, with the annihilation of a Thunder Dragon, all the big demons gathered by Bai Qianshao collapsed and disappeared.

The remaining thunder dragons are castrated and continue to bombard Bai Qianshao crazily.

"The element of gold, congealing!"

"The element of wood, congealing!"

"Earth element, congealing!"

Bai Qianshao's face was pale and ugly.

As he retreated, he drank crazily, and with his drinking, on his body surface, there were armor formed by various elements and energy.

Wang Fan looked at the scene and sneered, "is this useful? You are right. The weak are not qualified to stay here, so you'd better go down first. "

Said, Wang Fan's body aura is crazy to emerge, completely into the rampage.

At the same time, the impact of Thunder Dragon is more violent.

In a clattering sound, just for a moment, the armor gathered by Bai Qianshao had been scattered by Thunder Dragon, and the whole person was shot out.

His hair and clothes were scorched by Thunder Dragon's terrible thunder, and he fell down on the platform.

Wang Fan stepped forward and trampled on Bai Qianshao. He said with disdain, "now, do you know who is the weak?"

Finish saying, he tiptoe a pick, white thousand Shao's body flies directly, mercilessly smash to fall in the battle platform below.

His eyes had been completely gloomy, and his face was pale.

How ironic that he was defeated by Dao Xiu who didn't give a knife?

It's a shame that Bai Qianshao was defeated in public. Everyone will remember his humiliating battle, which is hard to wash away forever.

Wang Fan did not go to see Bai Qianshao at all, but looked at the other eight people and said in a loud voice,

"which genius just said that Xia Yuntian was a waste. Get out on your own. Let me see how much better you are than Xia Yuntian. "

With the fall of Wang Fan's voice, the vast space fell into silence again.

What does Wang Fan mean? Is he going to challenge the past one by one?

You know, before, in addition to the woman, the rest of the people are open provocation of Wang Fan.

Chapter 2874

Duan Kaihe's face was gloomy and extremely ugly.

Because before, it was he who said that Xia Yuntian was a waste.

Slightly raised his head, his eyes in the emergence of a sense of ferocious, immediately step a cross, it has come to the opposite of Wang Fan.

The majestic and fierce fighting spirit surged out of his body, and the nine ring sword in his hand seemed to feel the master's fighting spirit, and began to clank.

"Tell me to get out of here. Soon you will know how much better my Kaihe river is than Xia Yuntian's rubbish. "

Duan Kaihe stares at Wang Fan, cold mouth.

As the voice fell, his whole body momentum had suddenly gone crazy, and the fury of the sword was all over his body in an instant.

It was like the essence of the horror of the knife, around his body, with the wind and Ming, the air seems to be torn out of the illusion.

"Kill A word to drink, Duan Kaihe hands nine ring knife instantly dance, toward Wang Fan horizontal split away.

The fierce killing power swept across at this moment. Just for a moment, Wang Fan seemed to be submerged in the sea of thousands of swords.

"What an overbearing sword."

"Duan Kaihe's Dao is so powerful. It seems that Kuangdao has met his opponent this time."

"I don't know which one of them is better than the other."

Feeling the terrible force of the overbearing sword, all the spectators trembled.

Their eyes are staring at the boss, staring at the platform, do not want to miss every detail.

"Kill? How ridiculous! Just you, can you kill me? " Wang Fan's face was like a wave of horror, and a touch of sarcasm appeared in the corner of his mouth.

Without any hesitation, he took out the wide knife behind his back and slashed it out.

The awn of the sword surges, rips and tumbles. It vibrates in the meaning of thousands of swords and makes a rumbling sound.

I saw that a scar appeared in the mind of thousands of swords. Wang Fan's sword made no progress and directly killed Duan Kaihe's real body.

Duan Kaihe felt this scene, his face changed slightly, but he didn't panic at all.

He raised his left hand and pointed forward. In a flash, another blade idea came out crazily, swinging towards Wang Fan's sword.

The sound of crackling came out, and the meaning of the knife and the awn were smashed at the same time.

But just then, Duan Kaihe's face changed again.

His pupils couldn't help shrinking crazily, and his eyes became big.

Because in this instant, a figure had come along the tear and directly deceived him.

"Death A cold voice came into his ear, and then he saw a bright sword cutting his throat.

The speed of that knife was not very fast, and the force of the knife was not very fierce. However, he felt that he was slow and could not avoid it.

With a slight hissing sound, Duan Kaihe's expression suddenly becomes stiff. He stares at Wang Fan, and his eyes are filled with regret, reluctance and disbelief.

Clusters of ·

red blood gushed from his throat like a column, and he slowly fell down with reluctance and regret.

Meteorite!

Duan Kaihe, as the son of heaven, came to participate in the polemics with high spirits. He was superior and invincible.

He thought that he was the absolute protagonist in this debate, and no one could surpass his elegance. But now, he was cut throat, forever fell on the platform.

Looking at the slowly falling section of Kaihe River, the vast void, a dead silence.

No one thought that Duan Kaihe would fall like this and seal his throat with a knife.

Wang Fan's sword is as powerful as ever. But Duan Kaihe's sword was left on the platform forever and went with his master.

"It's ridiculous that you dare to abuse others for your strength. It's not worth your death."

But Wang Fan has no the slightest pity, disdain of him, Xuan even once again looked at the others.

This time, the faces of the other seven changed, including the mysterious woman.

Two wars, Wang Fan has proved his strong, at the moment, no one dare to underestimate Wang Fan.

Even if it is the kind of Madman of Chu kuangtian, in the face of Wang Fan's indifferent eyes, there is no more rebellious.

He is very low that arrogant head, obviously dare not fight with Wang Fan.

"Just now, who said that I am not qualified to advance to the top ten, who said that I am not worthy to fight against one of the world's top ten, and who said that I am firefly and not worthy to compete with Haoyue. Let's roll up together."

But Wang Fan didn't care about people's expression, indifferent words came out from his mouth again, the scene was silent.

Previously, Wang Fan was a person to challenge, but now, Wang fan is going to challenge all the people who challenge him.

Crazy, really crazy!

With such courage and courage, I'm afraid Wang fan is the only one on the scene, right?"Cough." Just, don't wait for Chu crazy day etc. to respond, a light cough then interrupted this silence.

Xia Bailiu stood up awkwardly on the high stage. He gave Wang Fan a deep look and said, "well, you've played two games in a row and you can be promoted to the top five. You go down first and give the chance to others."

Wang Fan looked up at Xia Bailiu, his eyes were cold, without any fluctuation.

However, he did not refute Xia Bailiu, but turned around silently and went to the corner.

Now, it's not the time to turn against Xia Bailiu. Of course, he can't disobey Xia Bailiu at this time.

Seeing that Wang Fan finally left the center of the platform, the other seven were relieved.

In their opinion, Wang fan is a madman, and also a powerful madman.

This kind of madman, they don't want to provoke, don't want to fight.

Chu crazy days have enough crazy, but in the face of Wang Fan, he felt is a small Witch see big witch.

At least, if the two sides exchange positions, he will never dare to provoke everyone.

After Wang Fan left, ye Xiaoran came out and challenged Jiang Wudao.

Although ye Xiaoran defeated Jiang Wudao in the first World War, he was seriously injured and could not continue to take part in the next battle.

After ye Xiaoran's battle with Jiang Wudao, Luo Qinghe came out and challenged Xing Gao.

However, Luo Qinghe was not Xing Gao's opponent. After a fierce war, he was defeated.

At this point, there were only Chu kuangtian, Dugu Yu and mysterious woman left on the battlefield.

As long as one out of the three, the first five will be decided.

Finally, Chu kuangtian comes out, and the object of his challenge is Dugu Yu.

Chu kuangtian is indeed worthy of the name of kuangtian. He is arrogant and uninhibited, and his attack is also extremely overbearing.

His physical strength has been tempered to the point of extreme terror. Every punch and every foot seems to contain the general trend of heaven and earth.

Although Dugu Yu is also very powerful, he is obviously not as good as Chu kuangtian. After a hundred moves, Dugu Yu has fallen into decline. At last, Chu kuangtian takes the opportunity to blow him out of the battle.

At this point, the top five came into being: Wang Fan, ye Xiaoran, Xing Gao, Chu kuangtian and mysterious woman.

Among them, because Wang Fan defeated two people in a row and no one challenged the mysterious woman, the mysterious woman got into the top five without fighting.

Tens of thousands of people fought, and finally decided the top five. It can be said that these five people are all the strong among the strong and the evil among the evil.

It's just that the strong has its own strong hand, and the evil has its own evil among the demons. Among the five people, there still needs to be a ranking. Everyone is looking forward to the next ranking war.

Chapter 2875

Wang Fan, ye Xiaoran, Xing Gao, kuangtian of Chu and mysterious woman, among them, ye Xiaoran has been seriously injured and has lost the qualification to participate in the war. So there are only four people left to fight.

Four people are very strong, no matter who against whom, will be a very wonderful battle.

"Ladies and gentlemen, you must be very tired from the debate. I'll give you one day of cultivation time, and we'll have the next ranking war tomorrow. "

"In addition, those who are in the top 100 can go to our Lord's mansion if they are interested. Our Lord's mansion will hold a banquet for you."

"Well, that's all for today's debate. Let's get rid of it."

However, when people are looking forward to the top five ranking war, Xia Baishan's voice is like a ladle of cold water, watering in people's hearts.

Hearing Xia Baishan's voice, everyone wants to curse their mother. Do you want to be so hateful.

They are all ready to watch the next wonderful battle. How could Xia Baishan come here?

However, no matter how angry or unhappy they are, they can only endure it.

In Xuanyun City, Xia family is the heaven, and Xia Baishan is the absolute master. No one dares to refute and question his words.

With reluctance, with displeasure, people reluctantly scattered, soon left only a small number of people.

Wang Fan five people are still standing on the platform, dazzling.

In the direction of Heifeng City, xiamo, the city leader, and Xiali Xiajiao all look at Wang Fan, who has boundless scenery on the battlefield. Their eyes are very complicated.

They didn't expect that Wang Fan could come to this stage and even be promoted to the top five.

Besides Wang Fan, all the people in Heifeng city have been destroyed. Even Xiang junyueqing Zen is just a stop in the top 100.

As for Xiali, Xiajiao and yezhao, it's even more sad that they didn't make it to the top 100.

In the direction of Baiyun City, Xia Shichuan, the leader of Baiyun City, stares at Wang Fan, and his eyes are full of strong murders.

It was this man who killed several Tianjiao in Baiyun city and took away the aura that should have

belonged to Xia Yuntian.

If it had not been for Wang Fan's birth, Xia Yuntian would not have been defeated in Zhaoyang building, let alone suffered from mental damage.

If Xia Yuntian's mood had not been damaged, he would not have stopped in the top ten.

It has to be said that Xia Shichuan's heart has been a little distorted. He has counted all this on Wang Fan's head.

Of course, it is impossible for Wang Fan to care about what Xia Shichuan thinks. He has stepped down from the battlefield and headed for the Xia family in Xuanyun city.

Xia family banquet, this opportunity, of course, he will not miss.

After all, how can he get in touch with those enemies and get revenge if he doesn't come to Xia's home?

As for the people of Heifeng city and Baiyun City, Wang Fan has directly ignored them, and even didn't take a look at them.

"This son of a bitch, a white eyed wolf, has he forgotten how he came to Xuanyun city?"

"Damn, without Heifeng City, can he have today's glory? It's ungrateful, even worse than animals

"This kind of bastard doesn't deserve today's glory. It's a shame!"

And see Wang Fan's performance, Xiali Ye Zhao and others can't help gnashing their teeth, very angry in the heart.

Although summer Mo did not speak, but that gloomy face, also proved that he was not happy.

Wang Fan, as a monk from Heifeng City, has made brilliant achievements now, but he doesn't care about him. It's strange that he's in a good mood.

The crowd around heard the words of Xiali and others, their faces could not help changing, and immediately looked at Wang Fan with disdain.

An immature white eyed wolf? devoid of gratitude? Not even animals?

This kind of word is like a needle, which is the biggest insult to a person's character.

Wang Fan's promotion to the top five should have been dazzling and become the pride of Heifeng city.

But now, the people of Heifeng city think so about Wang Fan, which makes their impression of Wang

Fan change, and they don't respect him as much as before.

Wang Fan's forward step is also slightly stopped, and then turned to look at the side of Xiali.

The corner of his mouth raised a touch of sarcastic radian, light way, "raise unfamiliar white eyed wolf? devoid of gratitude? Not even animals? Are you talking about me? "

Wang Fan's words suddenly attracted countless onlookers.

After all, Wang fan is promoted to the top five, and with his performance, there is a great possibility that he will win the championship.

Therefore, his words and deeds, every move, naturally by all people's attention.

Xia Li saw that Wang Fan had heard what he said, and also questioned him in public. At first, her face changed slightly. But soon, it returned to normal.

He looked at Wang Fan and said with a sneer, "yes, I'm just talking about you. Is there anything wrong?"

"Of course not." Wang Fan nodded, "I'll ask you, you say I'm an unfamiliar white eyed wolf. How can I say that?" "Is it difficult for me to accept the favor of Heifeng City, or is it because I was cultivated by Heifeng city?"

Xiali's face changed and she was speechless.

Wang Fan's cultivation is based on his own cultivation. When did he receive the favor and cultivation of Heifeng city?

Just then he wanted to say that although Wang Fan did not receive the favor and cultivation of Heifeng City, he was Xuanyun city brought by Heifeng City, and his residence in Xuanyun city was also provided by Heifeng city.

But at this time, Wang Fan has spoken again,

"don't tell me that I went to your Heifeng city to participate in the selection, followed your Heifeng city people to Xuanyun city to participate in the debate, and lived in your Heifeng city station, that is to accept your Heifeng City's favor."

"In that case, it will only make people laugh. With my strength, even without your help, can't I take part in this debate? "

"With my strength, can't I find a place to live without your shelter in Heifeng city?"

"I can get to the eighth floor of Zhaoyang building. I can find a place to settle down in Zhaoyang building.

I'm afraid it won't be a problem, will it?"

Charley's face was choked purple, but there was no way to argue.

People listen to this words, also all suddenly, can't help but despise of looked at Xiali.

They originally thought that Wang Fan was trained by Heifeng City, but he had made good achievements in the debate, which was ungrateful and intended to draw a clear line with Heifeng city. But I never thought it was just like this.

Just as Wang Fan said, with his strength, can't he come to Xuanyun city and find a place to live? Is that a favor?

As for Xiali's so-called ungrateful and unfamiliar white eyed wolf, it's a joke.

Since there is no favor, how can we be ungrateful?

But they still don't understand why the relationship between the two sides is so stiff, since Wang fan is from Heifeng city? It shouldn't be.

At this time, Wang Fan has opened his mouth again, "as for the ingratitude you said, I do not agree."

"Who was chased and killed by Xia Yunxuan and others in Baiyun city in zhenhun tower before? It was like a lost dog, almost killed. Who saved you?"

"If it wasn't for me, I'm afraid you would have been killed by Xia Yunxuan and his party and become the souls of their subordinates?"

"I have saved your lives. Instead of being grateful, you have to pour dirty water on me. I want to ask, who is ungrateful?"

"No, no, you are not ungrateful any more, but you have already avenged your kindness."

"You should be so righteous when you avenge kindness. Don't you blush and be ashamed?"

Wang Fan's words, the scene once again set off an uproar, all the people that look at Xiali and others face, have changed.

Xiali's face was even more livid. She almost wanted to find a crack in the ground, so she couldn't argue.

Chapter 2876

Wang Fan's voice didn't stop because of Xiali's pale face, but he still continued,

"what's more, most people here must have heard about what happened in Zhaoyang building?"

"You don't have enough strength, but you still have to go out and brag. I was humiliated and asked to come out. If all of you are defeated and humiliated, I'll take the lead. "

"But you don't dare to do it, even if you never do it, but you want me to do it. What do you mean, aren't you using me?"

"That day in Zhaoyang building, I have returned the so-called kindness of Heifeng city. Today in zhenhun tower, I have saved your life."

"You have the face to say that I'm an immature white eyed wolf. It's ridiculous to say that I'm ungrateful and a beast."

"I'm crazy about Dao. I really disdain to be associated with scum like you. I feel shame when I get to know you."

"In the future, you go your way, I go my single wooden bridge, we have nothing to do with each other. If I hear you ruin my reputation behind my back again, don't blame me for pulling a sword at you. "

Wang Fan said, no longer bother to pay attention to the face of the iron green Xiali and others, directly turned away.

People around them could not help but burst into an uproar, and their eyes all fell on Xiali and others, which was full of disgust and contempt.

No one thought that Xiali was such a villain. They almost believed Xiali's words.

Xiali's behavior is like this. The hand that feeds the hand that feeds the hand that feeds the hand. It's worse than the beast.

"Wait a minute." However, before Wang Fan took a few steps, another voice came, and then a figure stopped him.

He was stopped by a middle-aged man, Xia Shichuan, the leader of Baiyu city.

At the moment, Xia Shichuan stands in front of Wang Fan, his face is extremely gloomy, and the murdering opportunity in his eyes is not covered up at all.

Wang Fan looked up at Xia Shichuan. His eyes were still calm, without any fluctuation. He asked coldly, "what's the matter?"

"Of course." Xia Shichuan tone gloomy, "just what you said is true, you killed my Xia family's Xia Yunxuan and others?"

When Xia Shichuan spoke, his fists had been clenched, and his fierce momentum spewed out, directly oppressing Wang Fan.

As if, as long as Wang Fan dare to admit, he will be the first time to kill Wang Fan.

Looking at this scene, people around can't help shaking up again.

What does Xia Shichuan want to do, kill Wang Fan?

Wang Fan looked at Xia Shichuan, but a touch of sarcasm appeared in the corner of his mouth. "You're right. I killed Xia Yunxuan and others. What's the matter?"

Boom!

He just said here, Xia Shichuan's momentum had been completely burst, and his killing intention suddenly became violent.

"What's the matter? not very! Since you admit that you killed my Xia family, be prepared to bear the cost. "

Xia Shichuan's every word is like a knife. His every word seems to be squeezed out of his teeth.

"Ha ha."

Wang Fan felt the killing power of Xia Shichuan, but he was not afraid. Instead, he laughed wildly, "what's the price? What's the price? You're going to kill me? How dare you kill me? "

Wang Fan was fearless. He pointed out his finger and pointed directly to Xia Shichuan's nose. "I'm crazy about Dao, but it's the first five years of Xuanyun city's argument."

"The battle of Xuanyun city was held by the Xia family of Xuanyun city. And before the game, the rules have made it very clear that life and death are destiny

"Now, you, friar of Baiyun City, are not as good as others. You have died in the debate, but you want to kill me. Whose face are you hitting?"

"Do you not pay attention to the Xia family in Xuanyun City, or do you despise the authority of Xia family in Xuanyun city?"

"Now, I'm standing here. Dare you kill me? It's really good. You can try to kill me? "

"There are so many monks who died in this Taoist war. If the people behind them come out to seek revenge like you, isn't that a mess? Where is the face of the Xia family in Xuanyun city?"

"If you can't afford to lose in Baiyun City, you will shrink in Baiyun city and don't come out. It's a shame."

Boom!

Wang Fan's voice, like a bomb, exploded again in the crowd.

All people's eyes fall on Xia Shichuan, and the color of playfulness emerges in his eyes.

People in Baiyun city are really insulting themselves.

At the same time, they also admire Wang Fan's courage. They not only dare to humiliate Xia Shichuan, the leader of Baiyun City, but also dare to pull the Xia family of Xuanyun city to block the sword.

Wang Fan's courage is not ordinary enough.

Xia Shichuan's face was ugly, and his whole body was more violent.

However, he did not dare to move.

As Wang Fan said, the battle of Taoism was held by the Xia family in Xuanyun city.

Now he comes out to find Wang Fan for revenge. This is the face of Xia family in Xuanyun city.

If he really dares to move Wang Fan, the Xia family in Xuanyun city will definitely take Xia Shichuan or the Xia family in Baiyun city. Even if they are of the same clan, the Xia family in Xuanyun city will never be merciful.

After all, this kind of thing will never be allowed by the Xia family of Xuanyun city. Otherwise, if there is another debate in the future, who dares to participate in it?

"If you want to kill me, you can do it now. If you don't dare, get out of my way. "

Wang fan saw that Xia Shichuan was silent and continued to stab. His words can be said to be merciless and impolite.

Joke, Xia Shichuan is going to kill him. What is he polite about?

The people around him were also speechless.

Crazy, it's crazy.

This crazy knife is fearless and reckless. Anyone who dares to provoke him will beat him in the face and leave no face.

You know, it's the master of Baiyun City, the powerful existence of the three layers of the Empire.

Even if Wang fan is evil again, he will be promoted to the top five of the friars' debate in the first tier of the imperial realm.

Why did he dare to speak to Xia Shichuan like this? Did he really have no awe at all?

"I stand here and ask you to kill me. You don't dare to do it. What are you going to do? That's ridiculous."
"

Wang fan is too lazy to pay attention to Xia Shichuan again. After dropping a sentence again, he directly bypasses Xia Shichuan and leaves.

Before leaving, he took a look at the direction of the people in Heifeng City, and said sarcastically, "the reason why I offended Baiyun city is because of you, Heifeng city."

"But now, the master of Baiyun city is going to kill me, and no one in Heifeng city comes out to help me?"

"Do you think your black wind city deserves my respect? What a joke

This words a, black breeze city public's facial expression is also instantaneous solidification, the facial expression can't say of ugliness.

But Wang Fan didn't pay any attention to them at all. He had already gone away.

He left in the direction of Xuanyun city's Xiajia residence. Obviously, he was planning to go to the banquet.

In the crowd, a slovenly old man looked at Wang Fan's back when he left, and an interesting color appeared in his old eyes.

"This little doll is not only powerful, but also has a sharp mouth. Is he really the one who ascended the soul tower?"

Behind him, a beautiful and noble woman nodded slightly, her mouth wriggled, a voice like a trickle, into the ears of the slovenly old man, "yes, if someone really climbed the summit, it must be him."

This woman is no other than the mysterious woman who has also been promoted to the top five.

But at this time, she was still a long way away from the slovenly old man, and only the old man could hear her voice.

Chapter 2877

If the Xia family can become the overlord of Xuanyun City, the mansion is naturally built with great magnificence.

Outside the mansion, two huge stone lions stand proudly, as if they were real monsters and lions, full of fierce charm.

Just a look, it seems that there is a fierce air coming, impacting the hearts of the people.

"Mr. Dao, please come inside."

As soon as Wang Fan arrived at the Xia residence, a soft voice came, followed by several young men and women with extraordinary temperament.

Wang Fan looked up at these people, the corners of his mouth slightly raised, and an interesting color appeared in his eyes.

He even knew that the young man who was the leader was Xia Han, the direct family of the Xia family in Xuanyun city.

At that time, in the Lin family residence in Yunqing City, Xia Han was so high and invincible that he even wanted to step on Wang Fan's head to prove his heroism.

But in the end, he was not so good. He was not only defeated by Wang Fan, but also won 100 million top grade immortal stones by Wang Fan.

Because of this, the people of Xia family came to Yunqing academy and forced Yunqing academy to make friends, but they were rejected in the end.

Wang Fan Light swept Xia Han and his party one eye, indifferently nodded, then walked toward Xia's mansion.

Xia Han and others are not upset because of Wang Fan's attitude, and smile Yingying follows closely.

In the competition of tens of thousands of monks, Wang fan can stand out and be a strong candidate in the top five, so there is no doubt about his talent and strength.

Moreover, they have investigated Wang Fan and know that Wang Fan's character is like this, so their attitude towards Wang fan is not surprising.

Genius has a weird personality, which is understandable.

"Mr. Dao, it's my Xia family's honor that you can come to the banquet held by my Xia family. I'm here to wish you a brilliant future in the ranking war and win the first prize at one stroke. "

Summer cold face contain smile, very is compliment of say.

At this time, his face has no longer had the original pride, but also did not have the original supremacy and domineering.

His posture is very low, without any arrogance.

This is also very normal. For Xia Han, who is high above the world, arrogance naturally has to be divided into different objects.

At the beginning, he was in front of his peers in Linfu, and he was the pride of Yunqing city. Naturally, he didn't have to keep a low profile.

But now, what he is facing is Tianjiao in Xuanyun City, and he is also the peerless Tianjiao in the top five.

If this kind of person can attract him to the Xia family, it will definitely be a great help to the Xia family.

"That's natural. The first one is my crazy sword. If I want to fight, who can fight with me?"

Wang Fan heard Xia Han's compliment, but he was not modest at all. He said arrogantly.

When he spoke, a touch of strong self-confidence appeared on him, just like the selfishness of heaven and earth.

"I believe in Mr. Dao." Summer cold hears this words, is a Leng at first, immediately smile to answer a way.

He didn't feel disgusted because of Wang Fan's arrogance. On the contrary, he admired Wang Fan's self-confidence.

After all, Wang Fan has come to the present. If he doesn't have the confidence to compete for the first place, it's too disappointing.

They walked towards the depth of Xia's mansion. Along the way, there were pavilions, rockeries and lakes everywhere. The environment was very beautiful, just like a paradise.

In this environment, people's mood will not naturally relax a lot.

Of course, it is impossible for Wang Fan to relax.

Although he seems to be walking carelessly, he is always paying attention to the surrounding environment and terrain.

All this is very important to him. After all, this is the Xia family. If his identity is exposed, how can he

escape?

About ten minutes later, they came to a huge garden.

At this time, the garden has been arranged as a banquet hall, which looks beautiful.

Countless beautiful maids constantly shuttle back and forth in the crowd, delivering wine and food to each table, providing meticulous service.

Some friars have also been seated, began to push the cup for the cup, talking and laughing.

"Mr. Dao, let's go there." Xia Han pointed to a front position and said to Wang Fan.

There were already seven people in the position he pointed to.

Of the seven, four were just like Wang Fan, who was promoted to the top five. The other three were the Xia family's direct family of Xuanyun city. But those three people, Wang Fan, have never met.

"Good." Wang Fan nodded, did not say anything more, toward the direction.

When the friars around saw Wang Fan and his party, their eyes were filled with envy, but no one dared to say anything.

After all, Wang fan is a tough player in the top five. Now it's normal for Xia han to invite him to lead the way.

The strength is inferior to the person, they certainly have no qualification to show displeasure. After Wang Fan found a place to sit down, he didn't say a word more, even to the mysterious woman and the five promoted by Ye Xiaoran and Chu kuangtian.

Ye Xiaoran and Chu crazy day see Wang Fan's attitude, in the heart all some displeasure, but also didn't say much.

"Ha ha, all five are the most outstanding elites of the young generation in Xuanyun city. It's a great honor to be here today. "

"You don't have to be restrained. If you let go of eating and drinking, just take it as your own home. If you have any requirements, please put forward them, and my Xia government will do its best to meet them. "

Xia Han showed his good public relations ability, and said with a smile that he was full of wine for everyone.

At the same time, his side that a few good-looking Miss Xia Fu Qian Jin, also began a polite toast.

Since ancient times, beauties love heroes. Although these Xia family members have a special status, why not?

Naturally, they also hope that their men have extraordinary strength and talent. They are heroes of the world. No one wants their other half to be rubbish.

At the moment, Xuanyun city's most dazzling Tianjiao appears here. Naturally, they also need to lower their identity to fight for it. Because only these people can match them.

Wang Fan's expression was indifferent, and he was as proud as ever. He raised his glass and drank it in one gulp.

He incarnated himself as crazy Dao. Naturally, he wanted to show enough arrogance and arrogance. How could he keep a low profile and follow the trend just because he faced the overlord of Xuanyun city?

That's not in line with his identity.

"You are welcome, Miss Xia. It's our honor to be able to attend the banquet of Xiafu. "

"It's a shame that the Xia government entertains us like this."

Chu kuangtian and his party are much more sensible than Wang Fan. They respond politely and reciprocate.

In this way, the group began to push the cup to change the cup, talk and laugh about the wind, and soon all the monks who could come came.

Wang fan saw Xia Yuntian, Xiang Jun and Yueqing Zen.

But they are all sitting at the table below, obviously not qualified to be in charge of Wang Fan's table.

Of course, Wang Fan didn't pay attention to them. He didn't even look at them. It was like a stranger.

After some time, Xia Baishan and a group of senior Xia family elders appeared and began to congratulate and woo.

After all, the purpose of the Xia family's debate on Taoism is to absorb fresh blood and to attract talented elites.

Now, those who are invited by the Xia government are all the top 100 in this debate. Naturally, they are all the elites among the elites.

Wang fan saw Xia Baishan and his party appear, calm and calm on the surface, but his heart couldn't help shaking.

Because in the group, he saw several Xia family members who encircled Yunqing academy that day.

Chapter 2878

"Welcome to my Xia family's banquet. It's my Xia family's good fortune. All of you are the leading figures in Xuanyun city. Naturally, I don't need to say much about my talent. "

"Xia doesn't beat around the bush. The only reason why he invited everyone here is to attract talents."

"Anyone who wants to join my Xia family will be welcomed by my Xia family with both hands, and I, Xia Baishan, promise here that those who join my Xia family will have the same status as the legitimate family and enjoy the legitimate treatment."

Xia Baishan exchanged greetings with the people, and then went straight to the theme instead of lying to others.

The reason why he invited these people here was to attract talents. There was no need to avoid them.

What's more, if you can cultivate to the level of the emperor, there will be no fool. How can you not understand Xia Baishan's intention?

It can be said that Xia Baishan's directness not only didn't arouse the public's antipathy, but also promoted the public's favor for him.

After all, to solicit is to solicit. Why cover it up? It will only fall into the inferior position.

"The master of Xia family is so polite. Thanks to the master of Xia family, I'd like to join the Xia family and work for the Xia family."

"It's our good fortune that the master of Xia family can see us. I'm willing to join the Xia family and work for the Xia family."

"Thank you for your injury. I'm willing to join the Xia family and help you."

Countless people responded one after another without any taboo, indicating their willingness to join the Xia family.

After all, the purpose of the Xia family's argument war is to attract talents, and they also participate in the argument war to find a backer and pave the way for their own future.

If they can join the Xia family, no matter in terms of resources or other things, they are far from being comparable to their family. How can they miss this opportunity.

In just a moment, nearly 80% of the people agreed to join the Xia family and would like to work for the Xia family.

Only 20 percent of the people didn't make a statement.

Seeing this, Xia Baishan was also very satisfied, and the smile on his face was even more brilliant.

Not only him, but also the senior members of the Xia family beside him, as well as Xia Han and others, all of them had bright smiles on their faces.

It's definitely a big boost for his family to join them.

These people are all fresh blood. Once they grow up, their future will be more prosperous and powerful.

"OK, OK, thank you for joining me. You can rest assured that although you don't have the surname Xia, your status will be equal to that of your lineage. I can absolutely guarantee that. "

Xia Baishan heroic dry cloud, again patting chest said. Only in this way can people be relieved.

Wang Fan looked at the scene indifferently, but he could not help feeling.

Although Xia Baishan was the enemy, he had to admit that he had certain means and courage.

Nearly 100 people joined his Xia family, and he even dared to say that the status resources he enjoyed were equal to the Xia family's direct family.

You know, this kind of talk is not enough. Once Xia Baishan can't do it in the future, these 100 people are likely to become hidden dangers.

"Five, would you like to come into my Xia family? If you are willing to enter my Xia family, my Xia family will certainly do everything to cultivate them, and their status will be equal to that of the legitimate elders. "

After Xia Baishan recruited those people, he turned his eyes to Wang Fan.

As soon as he said that, boom, in an instant, the whole audience burst into flames.

What is the concept that status is equal to that of the elder?

You know, the resource treatment enjoyed by the legitimate elders is far from comparable to that enjoyed by the ordinary legitimate elders.

Xia Baishan is really bold.

It seems that in order to absorb fresh blood for the Xia family, he also took great pains.

"Thank you for your kindness. I'm willing to join the Xia family." Ye Xiaoran was the first to make a statement.

"I, Chu kuangtian, would like to join the Xia family." Then, it was Chu kuangtian.

"I, Xing Gao, would like to join the Xia family." The third is Xing Gao.

Among the five, three of them expressed their views one after another, and the only one who didn't do so was Wang Fan and the mysterious woman.

Everyone's eyes fell on Wang Fan and the mysterious woman, as if waiting for their response.

Xia Baishan and other members of the Xia family look forward to it.

You know, Wang Fan and that mysterious woman, but the top five, even very likely will be the existence of the top three.

They are far more important than the average top 100.

The mysterious woman smiles and shakes her head. "Thank you for your kindness, but I'm afraid Jun Yan has to say sorry. The county wild goose has already lived in the family, and he has deep feelings. He doesn't want to join the Xia family for the time being. "

Mysterious woman, that is xiaojunyan, said euphemistically.

Her expression is not humble, extremely calm, seems to refuse the summer home for her, there is nothing. "No, she refused?"

"It's worthy of being one of the top five. It's really courageous to be able to refuse the Xia family's solicitation."

"The status and resources are equal to those of the elder. Can't that move her? That's quite a surprise. "

Xiao Jun Yan's words fell, causing a burst of uproar again.

No one thought that Xiao Junyan turned down Xia Baishan's invitation.

You know, her refusal is not only a simple refusal, but also equivalent to hitting Xia Baishan in the face.

Xia Baishan is likely to hold a grudge and directly fight behind his back.

After all, if genius can't be used by his Xia family, it's better to get rid of it. Otherwise, in case of antagonism with his Xia family in the future, wouldn't it be a great disaster?

Xia Baishan's eyes could not help but squint a little, but soon returned to normal.

He said with a smile, "no harm, no harm. Since Miss Xiao is not willing, I will not force Xia Baishan. After all, this is voluntary."

"Thank you for your understanding." Xiaojun wild goose heart sneer, but the surface is plain said.

Just like Xia family, also want to attract her? What a joke.

Xia Baishan had better not have any bad ideas because of her refusal, otherwise, the consequences can not be borne by the Xia family in Xuanyun city.

"This little brother, would you like to join my Xia family?" Xia Baishan looked at Wang Fan again and said with a smile.

Wang Fan first nodded, then shook his head, "I would like to join the Xia family, but not now, but after the ranking war."

"I'm crazy. I want to join the Xia family as the first person in the debate. I want to prove that I am the first and the best man. "

Wang fan is very arrogant said, did not put the other four of the top five in the eye.

"Don't be ashamed."

"Arrogance, it's arrogance!"

Chu crazy day and Xing Gao listen to this words, the facial expression is a little not very good-looking, can't help but not satirize a way.

Everyone is one of the top five. How can Wang Fan be so arrogant and despise them?

It is Xiao Jun Yan and ye Xiaoran, want to appear indifferent a lot, did not show any dissatisfaction.

Xiao Jun Yan knows that Wang Fan has ascended the soul tower, so she understands Wang Fan's arrogance. She doesn't want to offend Wang Fan.

Ye Xiaoran has been seriously injured and knows that he can't beat Wang Fan in the next ranking war, so he doesn't dare to talk nonsense.

Otherwise, if Wang Fan wants to kill him, it will be bad.

Chapter 2879

Xia Baishan's look was also irresistible. It was obvious that Wang Fan would give him such an answer.

He was silent first, then nodded slowly, "well, in that case, I'm looking forward to your performance tomorrow."

Wang Fan's words have already said this. Naturally, Xia Baishan can't say anything more, and can't show his displeasure.

After all, he knows Wang Fan's madness. And he also knew that Wang Fan was probably the one who ascended the soul tower.

In the face of such a demon, he didn't want to kill him until he had to, not to mention that Wang Fan didn't refuse him.

However, Wang fan is too arrogant.

Although each of the five powers is the first level of the imperial realm, the first level of the imperial realm is also divided into the early, middle and late stages.

Wang fan is just the beginning of the imperial realm, while the other four are the peak of the imperial realm. Why dare Wang Fan say that he can win the championship?

He can only hope now that Wang Fan will not be killed in tomorrow's ranking war.

With the passage of time, the banquet soon came to an end. People left the banquet one after another and went to the place where they were arranged.

It's not a problem to arrange the residence of more than 100 people in tangtangtangxia.

Xia Han personally accompanied Wang Fan and brought him to a temple.

Wang Fan did not care, directly into the palace.

When Xia Han leaves, Wang Fan begins to practice with his eyes closed.

"Hey hey, little guy, it's good. It's hard to practice." However, before Wang Fan had practiced for a long time, a funny old voice came into his ears.

Wang Fan couldn't help but tremble. He suddenly opened his eyes and saw a slovenly old man. I don't know when he appeared in front of him.

At this time, the slovenly old man was sitting in a chair in front of him, drinking tea by himself, looking very comfortable.

"Who are you?" Wang Fan looked at this scene, eyelids can't help but beat hard, only feel behind the exudation of cold sweat.

When did this man appear in his room? Why didn't he notice? If this guy wants to do something to him, Wang fan doesn't dare to think about it any more.

"It doesn't matter who my old man is. The important thing is, old man, I know who you are." The old man took another sip of tea and said with a smile.

His expression, it seems very much to beat, at least Wang Fan would like to beat him, but did not dare to act rashly.

"Oh? Who am I, then Wang Fan's tone gradually calmed down.

He knew that no matter how nervous he was, it would not help.

If the old man wants to kill him, he probably has no ability to resist. In this case, it's better to face it calmly.

Moreover, he also has an intuition that the old man is not here to kill him, otherwise, it is impossible to talk so much nonsense with him.

"Well, you little fellow are very calm." The old man was surprised to see that Wang Fan had gradually calmed down.

His old eyes dribbled around Wang Fan a few times, and then he said with a smile, "Wang Fan, a freshman of Yunqing academy, comes from the intermediate level, isn't my old man right?"

"Hey, you little guy, you are so brave that you dare to enter Xia's house. If Xia Baishan knew you were in his family, what would you think? "

The old man is very disrespectful for the old. He stares at Wang Fan without blinking. It seems that he wants to see Wang Fan's nervousness.

But he was disappointed.

Wang fan is not only not nervous, but more calm, "master, I think you didn't come here to scare me, did you?"

"If you have any orders, please tell me. If you can do it, you will not refuse."

"Of course, if the elder wanted to expose the identity of Xiao, he would not dare to have any opinions. He could only accept his fate."

Wang Fan believed that the old man did not come here to scare him, but for a purpose. Otherwise, it will not be the old man, but Xia Baishan or the strong Xia family.

"Hey, you are a bachelor." The old man was speechless when he saw Wang Fan's performance.

Are young people so calm now? This makes him feel a little embarrassed.

However, the old man's face was obviously not generally thick, his expression suddenly became solemn, his waist was straight, and he said seriously,

"boy, now the old man gives you an opportunity, are you willing to accept it?"

"What chance?" Although Wang Fan's expression was calm, he was a little alert in his heart.

He came from the secular world and experienced so many hardships. Naturally, he knew very well that there would be no pie in the sky. Now the old man said that he would be given a chance, and the devil would believe it.

"Would you like to join Liuzhou college?" The old man stared at Wang Fan without blinking and said seriously. He wanted to see if the little guy would still keep calm after hearing these words.

Liuzhou college is a place that many people dream of.

It's no exaggeration to say that in front of Liuzhou college, the Xia family of Xuanyun city can't even count as a fart.

Wang Fan heard the slovenly old man's words, but he couldn't help blinking his eyes, and immediately said, "master, are you teasing me? Are you sure you're not joking?"

When the old man heard this, he couldn't help but stare big, his beard cocked up, and his former noble demeanor disappeared in an instant.

He couldn't help pointing at Wang Fan, some of whom were blowing their beard and staring, "are you kidding? Are you kidding? Do you think I'm that kind of person? What kind of look do you look down on my old man

He was very angry. He thought the little guy would be excited when he heard him. But this little guy is so good that he dares to doubt him. It's unreasonable.

"Master, I dare not, but you invited me to Liuzhou college. What's your status?" Wang fan is still very vigilant.

"Old man, I'm a big man in Liuzhou college, do you understand?" The old man was not happy.

"I see. I see." Wang Fan nodded quickly, but his eyes still looked suspicious. It's like saying, are you a big shot in Liuzhou university? I Pooh, who believe it!

The old man was almost angry. As soon as he waved, a bronze garden order appeared in his hand. Then he slapped it on the table.

"This is the admission order of Liuzhou college. You can report to Liuzhou college at any time with this order."

"I'm so angry that I don't believe my old man. If you don't like me, I'll beat you up."

After that, the old man's figure disappeared as soon as he flashed.

Wang fan is a face of amazement, speechless look at the sky.

Is it so easy to join Liuzhou university? What about the so-called talent test? What about the so-called big power recommendation? He just felt his brain was in a mess.

"Well, whether it's true or not, I'd better put it away first. Maybe it can be used in the future. But this token is well made. Maybe you can bluff people with it. "

Wang Fan murmured, very casually put away the token and threw it into the space.

Not far away, the old man, who was flying, almost staggered when he heard Wang Fan's words.

The token he sent out was taken as a fake and became something that could scare people. How ridiculous! This little bastard really deserves beating!

Wang Fan didn't know that the old man heard what he said. After a period of practice, he put on his night clothes and left the temple.

The moon is dark and the wind is high. It's a good night to kill people. Since he has entered Xia Fu, he naturally wants to do something.

Chapter 2880

As the night wind slowly blows, the whole summer palace has fallen into silence.

Some are practicing with their eyes closed, while others are already asleep.

In short, the whole summer palace is quiet.

However, in this silence, a ghost like figure is constantly flashing.

His body shape is like the wind, constantly shuttling in the night, the whole person seems to be integrated with the night, if you do not carefully explore, it is difficult to detect his body shape.

Soon, the figure came to a temple.

This temple is the residence of Xia Feng, the elder of Xia family.

Xia Feng's accomplishments are at the top of the three levels of the imperial realm. In the Xia family, although he is not the most powerful, he has a high status.

At the time of mieyunqing academy, Xia Feng also participated in it, so he naturally became Wang Fan's target tonight.

At this time, Xia Feng was practicing with his eyes closed. He didn't notice the arrival of Wang Fan, and there was no guard outside his palace.

After all, this is the Xia family. Who dares to make mistakes in the Xia family?

What's more, Xia Feng is a strong man at the top of the three levels of the Empire. How can ordinary people deal with him? So he doesn't need a guard at all.

Not only him, but all the elders of Xia family have no guards.

Only those lineages with low accomplishments will have a symbolic guard outside the residence.

"Xia Feng is the top of the three levels of the imperial realm. If I take it by surprise, I am 90% sure to kill him."

"The Xia family destroyed Yunqing academy that day, and Xia Feng's hands were also stained with countless blood. Tonight, I'll take his knife and get back some interest first. "

Wang Fan stares at the palace where Xia Feng is, and his eyes twinkle with a touch of cold.

Then he moved, and his whole body disappeared with the wind.

When he reappeared, he had already entered the temple, and according to the fluctuation of immortal spirit between heaven and earth, he came to the summer peak not far away.

As an elder of Xia family, Xia Feng is in Xia mansion. He never thought that someone would dare to break into his residence and kill him.

It was not until Wang Fan appeared within 100 meters of him that he felt something was wrong.

"Who?" Xia Feng's closed eyes suddenly opened, and his mouth spat out a cold voice.

Almost at the moment when his voice came out, he had already seen a figure whose whole body was wrapped under the black robe.

No, someone's going to kill him.

Seeing the figure, Xia Feng's face couldn't help changing and subconsciously planned to retreat.

But at this time, the figure not far from him suddenly disappeared.

The other party disappeared out of thin air, as if it had never appeared.

"The law of space, this is the law of space." Xia Feng noticed this scene, his face could not help a change, suddenly became ugly.

As a three-tier strong man in the imperial realm, he naturally would not believe that the shadow he saw before was his own illusion.

He would not believe that someone could disappear out of thin air.

His inner aura is crazy, and the elemental energy between heaven and earth is agitated in an instant, forming a series of defenses on his body surface.

But at this time, his body is suddenly stiff, only feel behind a fierce wind, hit his body.

"Go away!" The summer peak complexion is greatly startled, burst out a word in the mouth at the same time, already rushed forward to go out.

He wants to avoid the blow.

However, his speed is slower.

Boom!

With a bang, Xia Feng only felt a violent force coming. He couldn't help spouting a mouthful of blood, and the whole person was shot out.

His face was a little ugly, and he knew he shouldn't avoid it.

Think of here, he did not hesitate, crazy burning blood essence, suddenly turned around, intend to work hard with the man who attacked.

But at this time, a very bright sword has hit, almost to the extreme.

Xia Feng felt the terrible sword force and killing force, and his face changed again.

The other side's attack is too sharp, and one move after another, does not give him breathing time at all.

Even if he has already burned blood essence, he can't gather the potential to the peak at the first time to resist this knife.

Xia Feng can't help but start to retreat again, and drum up the whole body aura, crazy blow out a punch.

However, his punch did not have much effect at all.

That violent knife, directly with the power of hegemony, cut off his arm, and then hit him.

The clattering sound came out continuously, Xia Feng's body surface defense layer upon layer was broken, the whole person was blasted out, and his body was torn by the knife.

"Help Xia Feng didn't dare to fight any more. He roared wildly and rushed out of the hall.

Just at this time, the shadow in the rear disappeared again. When it reappeared, it had already reached him, and a dark palm print came over, Shura seal!"Emperor level martial arts?" Xia Feng's face changed greatly. He was in despair.

Where on earth is this abnormal? It is clear that there is only one level of cultivation in the imperial realm. Why is the method so violent and sharp?

With full of anger and despair, he madly agitated his whole body aura and blew out a punch to resist the fist seal.

The roar of the explosion came out, and the fury of the spirit was rampant, which razed the whole hall to the ground.

But at this time, another spatula light illuminates the void and cuts directly to Xia Feng's throat.

Xia Feng looked at the bright knife light, and despair emerged in his eyes.

He wanted to hide, but he couldn't, so he couldn't.

The bright knife cut his throat and took his life in an instant.

Almost at the moment when the edge of the knife crossed his throat, a flash of fire had followed him and directly enveloped his body.

"It's such a sharp means, such a treacherous person." Xia Feng's heart is dark, but his consciousness is in the dark.

When the people of the Xia family arrived here after hearing the wind, Xia Feng and the whole temple had been burned to ashes, and there was no bones left.

As for the man who killed Xia Feng, he had already left, leaving no clue or trace at all.

Xia Baishan looked at the scene with a gloomy face.

It's a shame that someone sneaked into his Xia family and killed an elder at the top of the third floor of the Empire.

If this matter is spread out, it will definitely become a laughing stock.

Come without a shadow, go without a trace, the other party this is his summer home as what place, own back garden?

"Send the order down. Martial the whole summer palace. Check it for me! The murderer must be found out. He must not be allowed to go unpunished! " Xia Baishan orders angrily.

And with his command, the whole summer palace has become full of people.

The house where Wang Fan lived, Wang Fan has returned and changed into his own clothes.

He was not injured, but the consumption is not small, Xia Feng's reaction and strength exceeded his expectations.

If he hadn't used several emperor level martial arts skills in one breath, and had a lot of space to move the immortal body method, it would be difficult to kill Xia Feng, let alone escape.

At this time, Wang Fan's face is a little pale. He grabs several healing pills and swallows them into his mouth. Then he begins to close his eyes.

Just, he just didn't cultivate how long, a banter voice suddenly spread out, "boy, you are not small, dare to kill people in Xia mansion."
