Chapter 2881

Wang Fan opened his eyes and looked at the old man helplessly.

He is now completely immune to the fact that the old man can appear in his residence without being aware of it.

For the old man who knew that he had killed Xia Feng, there was no fluctuation in his heart.

It's no surprise that the other party is so powerful and mysterious, and knows his identity, and seems to know these things.

"Master, don't you think you are impolite? This is my house, private house. You will be scared to death if you always come in without knocking. "

Wang fan is very depressed, and his heart is also very unhappy with the old man.

Because he felt like he was naked in front of the old man and had no secrets at all.

"Cough." When the old man heard Wang Fan's words, he coughed awkwardly for two times. Then he opened his eyes and said, "you little bastard, you really don't know the heart of a good man."

"If it wasn't for me to help you cover up your breath and deal with your traces, do you think you could get away safely?"

"Well, it seems that my old man is being amorous. I really can't do more of this good thing."

"There's no reward for kindness. Since you are ungrateful, I won't be boring. Take care of yourself, young man. Goodbye. "

The old man said unhappily, his figure flashed and disappeared again.

Wang Fan turned his lips, but he was suspicious.

Did the old man really help him?

He's not sure himself.

Dangdang.

At this time, a quick knock on the door suddenly rang out, and then a voice came in, "Mr. Dao, are you there?"

This voice is very gentle, it is the voice of Xia Han.

"Yes." Wang Fan responded, but his eyes narrowed.

The people of Xia family have found here so quickly. Are they suspecting him or simply coming to have a look?

"Mr. Dao, is it convenient for me to enter?" Xia Han is still polite and gentle.

"Natural and convenient." Wang Fan's indifferent reply.

As his voice fell, Xia Han came in with a Xia Fu Qian Jin.

Xia Han saw that Wang Fan seemed to have just woken up from his cultivation and said with a smile, "if you dare to disturb me, please don't blame me."

"Previously, an assassin appeared in my Xia house. After killing an elder of my Xia family, the assassin ran away. I was afraid that Mr. Dao had something to do, so I came to have a look."

"Now I'm relieved to see that there's nothing wrong with Mr. Dao."

Xia Han didn't cover it up, let alone beat around the bush. He directly told what happened at night and showed his kindness to Wang Fan.

Wang Fan nodded and didn't speak, but he couldn't help it.

Although Xia Han seems to care about him, he is actually testing him. What a deep plan.

These big family boys really don't have a fuel-efficient lamp.

But, just a little Xia Han, can you try to find out Wang Fan? It's a joke.

When Xia Han is talking, his eyes are also looking at Wang Fan.

Although he did not believe that Wang Fan had the strength to kill elder Xia Feng, it was necessary to try.

After all, what if Wang Fan did it?

However, he was disappointed. He didn't see tension or unnaturalness on Wang Fan's face. He didn't even notice any abnormal fluctuation of Wang Fan's heartbeat.

Wang Fan was just too calm and indifferent, just like a pool of stagnant water. He was not moved at all.

As before, he seemed to care nothing about everything.

"Mr. Dao, since you have nothing to do, I won't disturb you. If there is any rashness, please ask Haihan. "

Xia Han obviously knows that enough is enough. He doesn't continue to try. He bows with his fist and then turns away.

"Thank you for your concern." Wang Fan replied without any expression, then sat down with his knees crossed, as if to start practicing again.

Xia Han also didn't care, and soon took the Xia family's gold away.

A few words of exploration, he has temporarily dispelled the suspicion of Wang Fan.

Wang fan is too calm. If Wang fan is really the murderer who killed Xia Feng, he doesn't believe that Wang fan can be so calm.

After all, this is the Xia family. How could the murderer not have the slightest fear?

The night passed quickly and the sky began to light up.

This night, the people of Xia mansion didn't have a good rest, but they were looking for the murderer everywhere, and almost turned over the whole Xia mansion.

However, the result disappointed them. Let alone the murderer, they didn't even find any clues.

Even if they asked the guards, they didn't notice that a monk had sneaked into Xia's house, let alone that someone had left. Xia Baishan was obviously not very satisfied with the result.

At the time of the battle of Taoism, Xia family, as the host, sneaked into the assassin and left safely after assassinating an elder of Xia family. This is ridiculous.

If this matter is spread out, the Xia family will definitely become a laughing stock.

After all, the Xia family is in their own territory, and they can't even guarantee the safety of the powerful elders of their own family. How can they guarantee the safety of others? Who dares to join such a Xia family?

"Father, could it be the dean of Yunqing academy. With his strength, it seems normal to want to do all this. "

In a mansion, Xia Han looks at Xia Bai mountain and asks solemnly.

Xia Han is the son of Xia Baishan, but he is an illegitimate child, and few people outside know about it.

"It's impossible. Zhuge was injured a lot that day. How could he recover so quickly?"

"What's more, even if he recovers his cultivation and wants to sneak into my Xia family, it's impossible."

Xia Baishan shook his head for sure, and a deep color appeared in his eyes. "There are only two possibilities for this."

"First, there are too many masters who are stronger than me. They sneak into Xia's house and leave calmly after killing Xia Feng, which leads us not to notice at all."

"Second, the murderer's cultivation was not very high, nor did he sneak into my Xia family, but lived in my Xia family. It's just that he's hidden so deep that we don't have a clue. "

"It's just that the two biggest possibilities are somewhat unlikely, and many places are somewhat unreasonable."

"After all, if the cultivation is better than me, too many experts sneak into my Xia family and come for revenge, why does he want to kill Xia Feng instead of me?"

"This kind of strong man, even if he kills my Xia family head on, he will be able to destroy my Xia family."

Xia Baishan frowned and looked gloomy. "If the murderer lurked in my Xia family, who would it be?"

"There were only 100 foreigners who were invited to my Xia family yesterday, and all of them were friars on the first floor of the imperial realm."

"Just on the first floor of the imperial realm, how can you kill Xia Feng in such a short time and leave safely without leaving any trace?"

Xia Baishan couldn't figure it out. After all, there were too many doubts.

After a little pause, Xia Baishan asked again, "is there anything unusual about the hundred people, including the top five? Especially that crazy knife. What was wrong with him last night? "

"No Xia Han shook his head, "I have been to their residence in person, and the first one I went to was crazy Dao's residence, and I didn't find anything wrong."

Hearing the words, Xia Baishan nodded, and a cold light appeared in his eyes. He said, "send someone to watch them closely. Once you find someone fleeing Xuanyun City, take them immediately. If necessary, you can kill them directly."

Chapter 2882

In the early morning, when the first ray of sunshine fell on the earth, Xuanyun city became lively again. Countless people left their homes and went to the central square of Xuanyun city.

Today, there will be a battle for the ranking of the top five.

Everyone wants to know, who can really go to the end, to the peak, Xiaobao Xuanyun city.

Wang Fan also came out of the palace and went to the square with Xia Han and others.

His expression was as calm as ever, and he didn't seem to care about anything, but he couldn't help being vigilant.

Because he obviously found that there were many more secret sentries in Xia's residence, and those secret sentries were like falcons, hiding in the dark and staring at them, staring at their every move.

Wang fan does not move the facial expression, as if does not feel, the peaceful advance.

He knew it was the result of last night's time.

The elder of the Xia family was killed in the Xia family's residence, which is absolutely a big event for the Xia family. Before they can't get the murderer, the Xia family will definitely find out.

Soon, the party came to the central square.

The square, which can hold tens of thousands of people, is already full of people.

Countless people were excited, as if it was not Wang Fan's five who took part in the decisive battle today, but they.

"Here they are. Here they are."

"The battle of the top five ranking is really good to look forward to. You say, who can go to the end and win the first place?"

"I think it must be Kuangdao. Kuangdao is arrogant and overbearing. If he is strong, he will be strong. I have a premonition that he will be the biggest black horse in this Taoist war. He will be proud to the end."

"I don't think so. I feel that Chu kuangtian may win the first place. Chu crazy day's strength, that but is obvious to all, all the way crush, strong incomparable

"Haha, is that Xiaojun wild goose weak? Don't forget, in the scuffle of the top 100, three strong players wanted to kick him out, but what happened? I think you can see that. "

Seeing Wang Fan and his party coming, there was more discussion in the crowd, and they began to argue about who would be the champion.

It can be seen from their mouths that Wang Fan, Xiao Jun Yan and Chu kuangtian have the highest voice among the top five.

As for ye Xiaoran and Xing Gao, they seem to be a foil. There is no sense of existence at all, and no one mentions them.

Listening to those voices, Wang Fan's face was as calm as ever, without any change.

Xiao Jun Yan and Wang fan are almost the same, the expression is always cold, as if did not hear those comments.

Chu crazy day some proud, his face overflowed with a brilliant smile, as if the first is his general.

Ye Xiaoran and Xing Gao were a little gloomy.

As the top five, they have become the foil of the population. No one will be happy about it.

You know, they are also the top five. They are also fighting all the way from tens of thousands of people. What a monster?

But now, they should enjoy the supreme glory, but they are so despised by the public. How can they be happy?

In the eyes of excitement and expectation, Wang Fan quickly stepped on the highest platform in the middle.

At the same time, Xiabai mountain also fell on the platform.

He first took a look at Wang Fan's five men, then looked at the crowd, "today, it's the battle of the top five, that is, the decisive battle."

"I think we all want to know, who can laugh to the last and win the first? In fact, not only are you looking forward to it, but also I am looking forward to it. "

"Well, I will not be here to entertain everyone's appetite. Now I announce that the top five ranking war will start now."

"The rules of the ranking war are also very simple. Five people choose the opponents they challenge and then fight each other. The winner and the winner, the loser and the loser, decide the ranking. "

With that, Xia Baishan left the platform.

And Chu crazy day four people, then began to examine each other, picked up the opponent.

Wang Fan felt a little boring. Instead of choosing his opponent, he waited for others to choose him.

For him, the first World War on Taoism already belongs to him. No matter who he is against, he can win.

"I quit." Ye Xiaoran is the first one to say something about quitting.

And hear his words, everyone's face is can't help a change, some inexplicable.

Ye Xiaoran has already come to the present, which is extremely difficult. Don't you plan to fight for it again?

It's a pity to quit now.

Of course, some people understand ye Xiaoran's practice. He was injured a lot yesterday. I'm afraid he hasn't recovered yet.

Even in the war, he is likely to be the fifth and even die.

In this case, exit is the best choice.

"Yes." Xia Baishan did not refuse ye Xiaoran's withdrawal, but nodded his head to allow it.

At yesterday's banquet, ye Xiaoran has indicated that he is willing to join his Xia family. Naturally, he does not want ye Xiaoran to risk his life to fight to the death. When ye Xiaoran withdrew, there were only four people left on the stage.

Wang Fan, Xiao Jun Yan, Chu kuangtian, Xing Gao.

The top five ranking war has also become the top four ranking war.

"I challenge Xing Gao." Originally intended to challenge ye Xiaoran, Chu Fantian sees this scene and takes the lead to step out and points his finger directly at Xing Gao.

Obviously, he thinks Xing Gao is the weakest.

Chu crazy days choose Xing Gao, Wang fan can only fight with Xiao Jun Yan, they have no choice.

Wang Fan's expression is still flat, and Xiao Jun Yan's eyelids can't help changing slightly.

Among the four people present, Wang Fan was the last one she wanted to fight.

But now, she is right on Wang Fan.

There is no way, she can only accept.

"Well, since you have chosen your opponent, let's start the battle between Chu kuangtian and Xing Gao first."

"Although the fighting is silent, I still hope you can be more restrained. If you feel defeated, just admit defeat and don't be too persistent."

Xia Baishan said.

Chu kuangtian and Xing Gao have also indicated that they are willing to join his Xia family, so he naturally does not want to see something happen to them.

Wang Fan glanced at Chu crazy day, then went to the corner of the platform.

He is very despise Chu crazy day this kind of person, only dare to choose the weak, but dare not touch the strong.

This guy originally intended to choose ye Xiaoran. Ye Xiaoran quit, so he chose Xing Gao. With such a mind, his future achievements will never be too high.

After Wang Fan and Xiao Jun Yan gave up the middle battlefield, Chu kuangtian and Xing Gao started a war.

Chu kuangtian's body shape is like a beast. He is extremely fierce. His fist and foot are extremely terrible. It seems that he can penetrate the heaven and earth.

Although Xing Gao was also very powerful, he was dwarfed by Chu kuangtian.

He was almost beaten by Chu kuangtian. If not for his excellent body method, he would have been defeated.

Wang Fan also found that the body of Chu kuangtian was also extremely strong. Although it was not the holy body, it was at least the peak of the king's body.

Because even if he was occasionally hit by Xing Gao, he would not suffer much injury. On the contrary, if Xing Gao was hit by him, he would spit blood in his mouth, and the injury was not light.

At a certain moment, accompanied by another blow of Chu kuangtian, Xing Gao was shocked out again in a roaring sound, and his blood spilled all over the ground.

He stares at the Chu crazy day in front of him, only feeling a little weak.

This kind of perversion, he has no possibility to overcome.

"Don't you give up yet?" Chu kuangtian looks at Xing Gao who has been hit and flies, with a rebellious look.

He stepped out, the whole platform began to roar, and the violent killing force seemed to collapse the sky.

Chapter 2883

The fury came to Xing Gao, and before the mad man of Chu arrived, Xing Gao felt a strong pressure again.

It was like a towering mountain pressing on his heart, suffocating him and making him gasp.

"I give up." Looking at Chu crazy day step by step, Xing Gao's face is very ugly, very unwilling to say the word admit defeat.

He doesn't admit defeat, can't ah, this Chu crazy day is really too abnormal, he is not an opponent at all.

Think about yourself, at least is also promoted to the top four evil characters, but in the face of Chu crazy days, but still so powerless, Xing Gao has a deep sense of frustration.

"Xing Gao gave up!"

"Xing Gao is defeated!"

"Chu kuangtian is very strong. It seems that they are the top four. There is still a gap between them. At least Xing Gao can't compare with Chu kuangtian. "

And see Xinggao admit defeat, the scene is the emergence of a burst of uproar.

Xing Gao, what a dazzling monster. Before he faced any opponent, he almost crushed him with a very strong attitude.

But now, in the face of Chu crazy days, he would be so powerless and unbearable, which made everyone very surprised.

Chu crazy days see Xinggao admit defeat, nature will not continue to be aggressive. His momentum converged in an instant and then fell to the edge of the platform.

Although Xing Gao was unwilling, he had no choice but to leave the battlefield.

He has been defeated. This platform no longer belongs to him. There is nothing for him.

Xia Baishan stood up with a smile on his face and said, "congratulations to Chu Kuangtian's promotion to the top three. Next, let's fight Xiaojunyan by Kuangdao. Let's start."

The voice of Xiabai mountain falls, and Wang Fan and Xiaojun wild goose fall in the center of the battle platform.

Two people have not yet started, the body emerged a very strong momentum.

Their momentum collided in mid air, and it seemed as if there was a roar, which made the whole platform become more and more fierce.

Wang Fan calmly looked at the woman in front of him, with the same expression as before.

This woman's talent can be seen when she can reach the sixth floor of the soul tower.

And last night, she didn't hesitate to refuse Xia Baishan's invitation. It seems that she didn't pay attention to the Xia family in Xuanyun City, which proves her extraordinary identity.

This woman is so mysterious, Wang Fan guessed that she must come from a big power or family, and her background is at least not weaker than that of Xia family, or even stronger.

Of course, even so, Wang fan does not have any pressure.

It won't be a problem for him to defeat Xiao Junyan. The only difference is how many cards to use.

Compared with Wang Fan's calmness, Xiao Jun Yan's pressure is a little big.

Throughout all the participants, even Chu crazy Tian Xing Gao, she did not care. But she couldn't see through the crazy knife in front of her.

This person is just like a fog, revealing the mystery all over his body, and when he is strong, he will be strong.

Every time, you think he is going to lose, but in the end, he wins.

Wang Fan's body, revealed strange, let her feel great pressure.

The onlookers are also staring at Wang Fan and looking forward to their collision.

Crazy Dao, the biggest dark horse in the war of Taoism.

He is just like a dazzling comet. He was born in the sky. First, he rose in Zhaoyang building and became famous. Then he went up all the way with an irresistible attitude and stepped into the top three in the

battle of tens of thousands of people.

Xiao Jun Yan, also a black horse, was born in the sky.

She had no fame before, but she also swept all the way to the top three.

The collision between these two people can be said to be the collision between the black horse and the black horse, but it needs to wait and see who will be darker.

On the platform, Wang Fan and Wang fan are staring at each other, and their momentum is constantly rising.

None of them took the lead, as if they were preparing for strength, and as if they were waiting for each other's flaws.

However, this immersive platform is extremely depressing.

Because their strength is getting stronger and stronger, as if they are going to crush the whole battlefield.

At a certain moment, xiaojunyan finally took the lead.

Her slender hand came out and pointed to Wang Fan across the air, saying, "Ning."

All of a sudden, a colorful ribbon, suddenly just like a road of rosy clouds, across the sky, directly roaring volume to Wang Fan.

Dozens of colorful ribbons, just like heavy chains, set off a frenzied killing force. Everywhere, the space seemed to be split, and the sound of explosion came out.

Before that, Xiao Jun Yan did the same to the three young men who provoked her.

But this time, the ribbon she condensed was more terrible than before.

See this scene, all people's breathing can't help but stop, eyes dead stare at Wang Fan.

They want to see if Wang fan can break the iron chain and ribbon. Wang Fan didn't disappoint them either. He grabbed the back of his right hand, and the broad sword behind him had already appeared in his hand.

In a moment, the broad sword was flying in the air, splitting out a bright glow, and the endless sword meaning was madly condensed. It rolled up the violent killing power and split toward the dozens of ribbons.

The sword awn, tearing the sky and the ground, in a burst of hissing voice, the dozens of ribbons, actually began to shatter.

The ribbon condensed from the energy of the elements is like a real ribbon. It is torn by the awn and dissipated into thousands of light spots.

Just in a moment, all the ribbons have disappeared, everything seems to have returned to the origin.

Xiao Jun Yan's face is more dignified. Although the previous blow was just a test, it can prove Wang Fan's strength.

Her figure soared up in the air, and her whole body was covered with bright rays, just like a fairy, bathed in the dazzling rays.

"Kill It is a word to drink out again, her hands began to move crazily, that speed is so fast that people can't see her gestures clearly, they can only see a shadow.

With the touch of her hands, all kinds of attacks condensed by the energy of gold, wood, water, fire, earth and five clocks were roared out and directly enveloped Wang Fan.

There are golden spears, wooden vines, thousands of ice arrows, endless sea of fire and meteorites.

This shocking scene, hard to stimulate people's eyes, make people tremble.

It's a terrible talent. It's abnormal to understand and use elemental energy, isn't it?

The first day of Baiyun city is proud of Xia Yuntian. He has a good talent. He has a deep understanding of elemental energy. Compared with Xiao Junyan, he is just like a dreg. There is no comparability at all.

The endless terrorist attack, handling the terrible storm of killing power, turned to Wang Fan, as if to completely submerge Wang Fan.

There was even a rumble on the platform. The solid ground cracked. The whole body of the platform could not stop the crazy shaking and rolling, as if it might break at any time.

As for that stand in the corner of Chu crazy day, previously still invincible he, at the moment the facial expression unexpectedly is matchless pale.

Even if he had tried his best to resist the storm, the corners of his mouth were still full of blood.

Even the aftershocks he could not resist, it can be seen that the gap between him and Xiao Jun Yan was not at a level at all.

Chapter 2884

Wang Fan felt this scene, his face also became slightly dignified.

This Xiaojun wild goose's understanding and application of the elemental energy has almost reached a terrible point. Although there is still a gap with him, it can not be underestimated.

Wang Fan did not let the violent attacks fall on him, but when those attacks were about to get close, he stepped on the ground and rushed out.

All kinds of swords are condensed and wrapped around the body. At this moment, it seems that Wang Fan has become a sharp, domineering and powerful sword.

His body shape is like a knife, and he has a violent killing force. He has no way forward and rushes directly to the terrible storm.

All the people saw a dazzling sword, which had been torn out of a deep gap in the terrible storm.

Let alone the terrible storm, even the whole space seems to have been split in two.

The roaring sound is constantly exploding in the space. Xiao Junyan's violent attack is abruptly split in two by Wang Fan.

Wang Fan's whole body is more like a knife, directly tearing and destroying everything, in an instant has come to Xiao Jun Yan.

His right hand into a palm knife, set off a threat of terror, toward Xiaojun wild goose and down.

Zhang Dao broke the air, and a roaring sound came out. The space burst. It seemed that this knife would split Xiaojun goose in two.

Hard work? So determined?

The crowd watched the scene, their hearts trembling wildly.

This crazy Dao is really powerful and decisive.

In the face of such a beautiful woman, there is no trace of mercy and pity.

Similarly, they were shocked by Wang Fan's abnormal forces.

Those violent terrorist attacks, Wang Fan unexpectedly strong break, all the way to kill and cut Xiaojun wild goose body.

They ask themselves, they can't do it.

They don't want to say is to break the attack of Xiao County wild goose, in front of that etc. violent attack, they seem to have only a dead end.

Xiaojun wild goose see Wang Fan Palm knife split, beautiful eyes also can't help but ruthlessly constrict for a while, the facial expression becomes extremely dignified.

"The wind She spewed out that the elemental energy of the wind gathered around her body, and the whole person drifted away at a very fast speed under the package of the wind.

"Dirt At the same time, the elemental energy of the earth converges, forming powerful stone armor defenses on her body surface.

"Kim." In the same way, the energy of the gold element also converged to form a sword and spear, which cut Wang Fan's palm knife crazily.

Xiao Jun Yan's reaction is extremely fast, fast to the point of outrage.

Just in a flash, she has condensed three kinds of elemental energy, forming a perfect confrontation.

Xiao Junya had just finished all this, and Wang Fan's palm knife had already arrived.

Boom!

A deafening explosion sound came out, Wang Fan's palm knife set off a terrible killing power, split on the sword and spear which was gathered by the energy of the gold element.

Click!

The sword and spear, facing Wang Fan's palm knife, were like fragile rotten wood, which broke and disappeared one after another.

Wang Fan split the sword and spear from the slaughter with his hand knife. He kept on moving forward and cleaved on the stone armor on the body surface of Xiaojun wild goose.

The stone armor burst, and the wild goose of Xiaojun flew out with blood.

At this moment, Wang Fan's knife flashed in his hand, and he had already cut the throat of Xiaojun wild goose like electricity.

Xiaojun wild goose face crazy change, can want to avoid or make a counterattack, it is too late.

She only felt a touch of cold coming from her throat, and her delicate body was stiff in the air, and she didn't dare to move.

Her eyes fixed on Wang Fan, only feel that all this is so unreal.

She Xiaojun wild goose, unexpectedly defeated, defeated just Xuanyun city out of the territory of the little people.

"You are defeated." But Wang Fan didn't pay attention to Xiao Jun Yan's ugly face. He put away his knife and said indifferently.

Xiao Jun Yan took a deep look at Wang Fan. Without speaking, she left the battle platform.

Yes, she lost.

She was not only defeated, but also completely defeated, almost crushed and defeated.

Wang Fan's understanding of Dao is not only abnormal, but also his understanding and application of elemental energy, which is even more abnormal than her.

Even, Wang Fan has perfectly integrated the use of element energy into the sword, which is not comparable to Xiao Jun Yan.

Previously, Wang Fan's every strike, every knife, even palm knife, were perfectly integrated with the elemental energy.

Otherwise, it's just a simple knife attack, how can it easily break the attack of Xiaojun wild goose?

All the people at the scene listened to Wang Fan's words, and then looked at Xiao Junyan who left the battlefield without saying a word. It was a moment of silence.

How could xiaojunyan fail? They feel like they're dreaming. It seems that this crazy Dao really wants to go all the way to the end.

Xiaojun wild goose was defeated. On the platform, only Wang Fan and Chu kuangtian were left.

The two of them will fight for the championship.

Wang Fan's eyes moved slowly and fell on the pale Chu kuangtian. He said coldly, "I want to be the first. Do you have any opinions? Do you give up and go down, or do I do it? "

One word fell, and the hearts of the people trembled wildly.

What a crazy guy. Before the war, he even threatened to be the first. He also asked Chu kuangtian whether he wanted to roll down or make him do it.

How arrogant and overbearing is this?

Chu crazy day's facial expression is also extremely ugly, originally he is really going to admit defeat.

After all, he can't even bear the aftereffects of xiaojunyan's attack. How can he be Wang Fan's opponent?

But now Wang Fan despises him so much, how can he admit defeat?

He Chu crazy day can go to now, that is to rely on the strength of the fierce kill over.

He should have enjoyed the supreme glory.

Even if it is defeated, it should be glorious.

But now, Wang Fan's words, but he looked down on even the pig and dog.

If he is defeated, he will be ridiculed. But if he doesn't fight, he will be called cowardly and despised.

Chu crazy day stares at Wang Fan, the eyes are red, as if want to swallow Wang Fan down.

He didn't understand why Wang Fan humiliated him. Was it because of his provocation and insult to Wang Fan yesterday?

"Go away or not, I'll give you only three breaths." Wang Fan disdained to look at Chu crazy day, a little did not put his anger in the heart.

His tone is still extremely arrogant and overbearing, and he has already begun to count, "three, two, one."

Boom!

A word falls, Wang Fan never give Chu crazy day any chance to choose, with a roar, the whole person has toward Chu crazy day killed in the past.

"Too much deception! Even if I am not your opponent, I will let you know that I am not someone you can despise and trample at will! "

"I'm not Bai Qianshao, let alone duankaihe. I'm the crazy heaven of Chu. How can you despise and trample on me?"

Chu crazy days roar, the momentum in the body also follow the crazy rampage, and then in the roar of the tremor, furious toward Wang Fan killed in the past.

He had a fierce killing power all over his body, which was even more terrifying than when he fought

Xinggao before.

In the blink of an eye, their bodies were close.

Chu kuangtian's right fist was raised like the fist of God and man, and immediately fell to Wang Fan.

Wang Fan sneered. He didn't mean to hide at all, and he didn't intend to sacrifice the sword. He raised his fist and blew it out!

Chapter 2885

"What is he going to do? Is he crazy? "

"Crazy Dao, crazy Dao, he didn't sacrifice his own Dao, but shook Chu crazy heaven with his physical strength. What was in his mind?"

"It's crazy to be good at others with your own shortcomings."

And looking at Wang Fan's action, countless people are trembling for it.

They all don't understand why Wang Fan did it.

You know, Wang Fan's previous performance, as long as the sword, even Chu crazy days, is definitely defeated. This is a battle without suspense.

But now, Wang Fan didn't give a knife, but chose the physical strength to shake.

This kind of action, in the eyes of the public, is extremely stupid.

Although Wang Fan's fighting power is stronger than Chu kuangtian's, no one will think that he is Chu kuangtian's opponent if he doesn't sacrifice the sword.

This kind of pure physical and spiritual collision, Wang fan is sure to be defeated.

Of course, this is only their opinion. It is not known what the facts are.

Xiao Jun Yan, who had just stepped down from the battle platform, couldn't help but pass a touch of splendor in her eyes.

He also did not understand why Wang Fan did this. Was it his self-esteem?

Soon, in the crowd's unreasonable eyes, Wang Fan and Chu kuangtian's fists have been smashed together.

Boom!

With a low explosion, the air flow in the air is rapidly rolling, and a series of extremely violent energy storms are raging out, and cracks are cut out of the space.

"Since you want to die, I'll help you." Chu crazy day's eyes, is full of poison and kill read.

Originally, he thought it was a humiliating battle. After this battle, he would not be able to raise his head.

But he never thought that Wang Fan was so arrogant that he did not sacrifice his sword and chose to shake his body.

For him, it's an opportunity, a big one.

Since Wang Fan has given him this kind of opportunity, he naturally wants to take advantage of it, otherwise it will not be disappointing?

He is crazy about heaven and wants Wang Fan to die!

However, very soon, Chu crazy day's facial expression changed.

He felt a force so violent that his heart trembled, like a roaring dragon rushing into his arm.

Click.

The next second, he heard the sound of his arm bone breaking.

Without waiting for him to react, Wang Fan's figure had suddenly turned to one side, and his iron fist moved up slightly.

Afterwards, Wang Fan's fist has already continued to move forward, fiercely blows in his shoulder rib.

Click.

This time, the sound of bone fracture came out clearly, and the shoulder bone of Chu kuangtian had been smashed in an instant.

His mouth is more can't help but gush blood, the whole person was directly hit fly out, and then fell on the platform.

The roar of the body hit the ground was like a heavy hammer, which fell on people's hearts, making them tremble.

Wang Fan's body soared in the air, just like the God of heaven. He fell from the sky, and his feet

trampled on Chu kuangtian's body, which made him spew out a mouthful of blood again.

However, compared with the surface of the injury, he suffered more in the heart.

How humiliating is he to be trampled by Wang Fan, or in full view of the public?

It's just that he's not as good as a man. He can only bear it.

Wang fan is condescending, the expression is indifferent of scan Chu crazy sky, opening a way, "deceiving a person too much"? contempt? Trample on it? "

"You say you are not Bai Qianshao and Duan Kaihe, but what's the difference between you and them? You can't get in the top ten if I want to. "

Wang Fan said, a foot point out, directly will Chu crazy day's body kicked out of the battle platform.

Chu crazy day's body how falls under the battle platform, raises a burst of dust.

His face was extremely ugly and humiliating.

Wang Fan's remark is really a slap in the face.

That is to say, his second is given by Wang Fan, otherwise, let alone the second, even if it is the top ten, he can't enter the Chu crazy heaven.

What a shame it was for him to be proud of. It was unbearable.

It's just, can he retort?

As a matter of fact, he is not Wang Fan's opponent at all. Who will question Wang Fan's words?

Strength is everything. His strength is not as good as Wang Fan's. naturally, he can only bear the shame.

Vast void, a dead silence.

All the people were staring at the figure standing on the platform, which attracted the attention of all the people.

This Dao Xiu, who came out of Heifeng city and killed all the way, showed an extremely strong posture, swept down tens of thousands of Tianjiao, and went straight to the top.

His glory is incomparable, and his strength is surpassed by five people.

Crazy Dao is crazy, but it has the capital and qualification to be crazy. "Crazy knife!"

"Crazy knife!"

The short silence, the scene heard the sound of the tsunami, tens of thousands of people boiling, screaming in unison.

At this moment, all the glory, all the glory, only belongs to Wang Fan.

As for what Chu crazy days, Xiao Jun Yan, have been ignored by the public, although their light is also good, but compared with Wang Fan, it is still far worse.

At this moment, everyone's eyes, there is only one person, that is crazy knife.

Wang fan face tens of thousands of people's screams and cheers, the expression is still so calm, without the slightest fluctuation.

He turned his eyes and fell on Xia Baishan. He said, "last night, you asked me if I would like to join your Xia family. Now I can answer you, I do, but I have a request

Although Wang Fan's voice is not high, but it is through the tens of thousands of people's tsunami, clearly spread to everyone's ears.

The first battle of Taoism is only the first step of his plan.

The road to revenge is just beginning.

When Xia Baishan heard the speech, he was stunned at first, and then with a bright smile on his face, he said, "you say."

Wang fan is so evil, he is naturally willing to income Xia family.

After all, this is the purpose of his war on Taoism.

Wang Fan alone, enough to withstand all the other Tianjiao.

He was not surprised at Wang Fan's offer.

So evil people into his Xia family, if not put forward conditions, it will make him suspect.

"I want your Xia family to recommend you to Liuzhou college." Wang Fan said.

In a word, the scene became silent again.

It's so direct that there is no taboo.

Xia Baishan is also slightly a Leng, immediately without hesitation nodded, "of course, as long as you enter my Xia family, my Xia family is willing to recommend you to Liuzhou college."

"However, this is not a request, because this is what our Xia family promised. You can ask for it again."

Wang Fan couldn't help laughing. "Thank you, master Xia. I need strong martial arts skills and cultivation resources."

Since Xia Baishan said so, he would not be polite.

"There are ten mediocre immortal veins in it, one volume of emperor level inferior Dao skill, which can be regarded as a reward for you."

Xia Baishan is not stingy either. He throws a space ring directly.

Since we want to attract talents, we must be willing to pay. If you search, you will be dissatisfied.

This kind of stupid thing, he xiabaishan obviously can't do.

"Thank you, master Xia." Wang Fan took over the cultivation resources impolitely, and a smile finally appeared on his indifferent face for the first time.

Ten Chinese immortal veins, one volume of emperor level inferior Dao skill? This is really a big hand. I hope that in the near future, Xia Baishan will not be so angry that he will vomit blood.

Those who watched the war trembled when they heard Xia Baishan's reward.

It's so big that it's suffocating.

Chapter 2886

No one thought that Xia Baishan would be so generous. It seems that in order to attract talents, he is also paying a lot of money.

Xia Baishan saw Wang Fan accept his reward, the smile on his face is also more rich. Since Wang Fan has accepted the reward, it means that Wang fan is already his Xia family.

He believed that Wang Fan would be grateful for the great kindness he received from the Xia family and would sincerely serve the Xia family.

You know, in heaven, ungrateful people are despised and despised by all.

Now Wang Fan has accepted the favor of his Xia family in full view of the public. If he dares to be ungrateful in the future, he will be despised and infamous.

After Xia Baishan rewarded Wang Fan, he rewarded the top 100 people, and then began the debate between the second and third tier monks in the imperial realm.

Since there are not many monks on the second and third floors of the imperial realm, the speed of debate is naturally faster.

In just two days, the curtain has come to an end.

After the end of the Daoist war, Xia Baishan took all the people who were willing to join the Xia family to the Xia family, while the others scattered separately.

Among the top 100 people on the first floor of the imperial realm, except for a few dozen people such as Xiao Junyan who did not choose to join the Xia family, the rest chose to join the Xia family.

In the banquet hall of Xiafu, the banquet has already been prepared, and countless senior members of Xiafu family have been seated.

Among them, Wang fan saw several enemies who participated in the destruction of yunqingxue palace. However, he is a good cover up his intention to kill, without the slightest show.

The party seemed boring to Wang Fan, but others were very interested.

Especially those who are promoted to the top 100, they are not only strengthening each other, but also flattering the elders of Xia family and their lineage.

After all, if you have already joined the Xia family, you will be a member of the Xia family. It is necessary to have a good relationship.

Wang Fan looked at those guys who were lying to others, and he felt a little disdainful.

He adheres to his own consistent style, independent, proud and eccentric, and is too lazy to deal with others. But even so, many people came to toast him.

Wang fan is just a polite response, too lazy to give in vain.

"All of you here are the elites of Xuanyun city. You are willing to join my Xia family and work for my Xia family. It's even more fortunate for my Xia family."

"After that, we will all be a family. We also hope to put down the grudges of the debate and join hands to create the brilliance of our Xia family."

"There's another thing. The debate on Taoism in Wenyan mansion is over. Three days later, I plan to take some people to Wenyan city to see Tianjiao in Wenyan city."

"If anyone would like to come, let me know. I'll take you there in three days."

At a certain moment, Xia Baishan stood up and said to everyone.

When they heard Xia Baishan's words, they all became a little excited and expectant.

Go to hear Rock City, see the pride of rock city?

It's just too attractive for them.

As a monk, who doesn't want to see the pride of the outside world and see how wonderful the outside world is?

Even though they heard that the specifications of rock city were the same as Xuanyun City, they were still outside.

Because many people have never walked out of Xuanyun city.

Chu kuangtian, ye Xiaoran, Xing Gao and others are also very excited in their eyes, but when the remaining light from the corner of their eyes sweeps to Wang Fanzhi not far away, they are no longer excited.

With these bastards, no matter how outstanding and dazzling they are, I'm afraid they can only serve as a foil?

Of course, they are very happy to see Wang Fan stepping on other arrogant people.

"Brother Dao, you are the biggest ace in Xuanyun city. You can't be absent in three days." I'm still waiting for you to stand on the debate stage of Wenyan city and raise the prestige of Xuanyun city. "

Next to Wang Fan, Xia Han raised his glass and touched Wang Fan, drank it all, and then said with a smile.

Wang Fan listened to these words, calm on the surface, but in his heart he couldn't help sneering.

How can you promote the prestige of Xia family in Xuanyun city? Ha ha, then don't dream, as long as the Xia family don't blame him for offending others.

Wang Fan thought so in his heart, but he said indifferently on the surface, "it's natural. With my crazy sword, I can definitely raise the prestige of your Xia family."

Xia Han couldn't help laughing when he heard that he didn't care what Wang Fan said about the power of your Xia family, not that of me.

After all, Wang Fan has just joined the Xia family. It's normal to make such a slip of the tongue.

After the banquet, they all went back to their homes to have a rest.

Wang Fan returned to the palace where he lived yesterday and continued to practice.

He didn't take out the Chinese immortal pulse for cultivation, but he realized the elemental energy between heaven and earth.

In this way, three days have passed quickly.

In these three days, Wang Fan has never left the temple, let alone stepped out of the summer home.

Similarly, he did not continue to fight against the elder Xia family. He killed Xia Feng that day. The people of Xia family must have been on guard. Maybe they are waiting for him to do it.

In this case, if he continues to do it, he is obviously very unwise.

Early in the morning, at dawn, Xia Han came to Wang Fan's residence.

"Brother Dao, you are really diligent. You have practiced for three days." Xia Han saw Wang Fan and said with a smile.

He really admired Wang Fan. His strength was strong. He worked so hard.

It can be imagined that if the cultivation resources can keep up, Wang Fan's future achievements will never be too low.

"Xia Shaomu praised it." Wang Fan indifferent back a, did not say much.

Xia Han didn't care. He said with a smile, "let's go. Everyone is ready to go to Wenyan city."

"I believe that the name of daogongzi will soon become famous in Yancheng and shake the pride of heaven"

"that's nature." Wang fan is not modest at all. He nods with pride.

As they walked and chatted, they soon came to the Xiajia martial arts arena. When they arrived, a magic weapon of flying boat had been parked in the arena.

The magic weapon of flying boat is not big, but it can accommodate hundreds of people.

After more than 100 people, such as Wang Fan, boarded the magic weapon, the magic weapon directly

soared into the sky and disappeared in the vast sky.

Seven days later, the magic boat came to Wenyan City, but it didn't stop. Instead, it went on and rushed to Wenyan house.

It seems that the guards in Wenyan city have already received orders and have not intercepted them.

However, seeing this scene, I heard that the people in Yancheng were boiling.

"Someone flew into Wenyan city by flying magic weapon, but Chengwei hasn't stopped it yet?"

"Who is that? It's arrogant, isn't it?"

"Well, that's why you're so ignorant, isn't it? They are the people of Xuanyun city. If my guess is right, the people sitting on them are Tianjiao of Xuanyun city. "

"Xuanyun city? What are they doing here? "

...

it was impossible for Wang Fan and his party to hear the comments. At this time, the boat had stopped outside Wenyan mansion and they came down.

"Brother Xia, I've been waiting for you for a long time. I think these are the Tianjiao of Xuanyun city. Please come inside."

They had just fallen outside Wen Yan's house when a middle-aged man came up.

However, this person is not the leader of Wen Yan mansion, but the third person of Wen Yan mansion, Wen Yan Qingmu.

This person also participated in the encirclement and suppression of Yunqing academy, and was also one of the great enemies.

Wang Fan's eyes just glanced at the green wood of the rock, and he had already taken back his sight and didn't look at it any more.

Even if there is a big intention to kill, he must resist it.

Chapter 2887

Xia Baishan looks at Wen Yan Qingmu and feels a little upset.

As the head of the Xia family in Xuanyun City, he personally led people to Wenyan mansion. However, it was not Wenyan Qingshan, the head of Wenyan mansion, but Wenyan Qingmu, the third person who

welcomed him. Is this contempt for him?

You know, although Wenyan Qingmu is the third person in Wenyan mansion, his status is totally different from that of Xiabai mountain.

Let alone Wen Yan Qingmu, even Wen Yan Qingteng, the No. 2 figure in Wen Yan mansion, is not equal to his status as Xia Baishan.

Hearing that Yan Qingmu seemed to feel Xia Baishan's displeasure, he said with a smile, "elder martial brother, because he is arranging a banquet, he can't come out to meet him personally. I also invite Xia Haihan."

"Let's go." Xia Baishan snorted coldly, but he didn't attack. He took a group of people to go inside.

Chu crazy day a group of people looking at this scene, the heart is quite dignified.

They have just arrived at Wenyan City, and they feel the pressure before they even enter Wenyan mansion. It seems that this trip will not be so easy.

It's said that the Xia family and Wenyan mansion have become friends, and their relationship is unbreakable. They even joined hands to destroy Yunqing Academy.

Now it seems that the rumors are not true.

How long has Yunqing academy been extinct, and the relationship between the two forces has become so delicate?

If you want to say who is most willing to see this scene, it is naturally Wang Fan.

As a student of Yunqing academy, he doesn't like the Xia family and Wenyan mansion. Now that the relationship between the two forces has become delicate, he is naturally very happy.

He even wished that these two forces could fight here, so that he could take advantage of them.

Under the leadership of Wenyan Qingmu, the party soon entered a reception hall.

When they entered the hall, there were more than 100 people in the hall.

Most of them are very young, and their accomplishments are on the first floor of the imperial realm. And their eyes were filled with rebellious color.

Obviously, these people are the top 100 figures in the war of "Wen Yan Cheng Lun Dao".

When they saw Wang Fan and his party stepping in, they all looked at Wang Fan and his party, with a

sense of war on them.

Obviously, they also want to see the Tianjiao of Xuanyun city and what level of its strength is.

In the middle of the house, the leader of Wen Yan mansion, Wen Yan Qingshan, sat there with a smile on his face.

When he saw Wang Fan and his party coming in, he immediately stood up and said with a smile, "brother Xia is coming. Welcome. Please sit down. I've been waiting for brother Xia for a long time."

Although Wen yanqingshan spoke politely, his face was also full of smiles, but he looked very proud.

He said welcome words, but in fact he didn't move at all.

This shows that this is also a very hypocritical guy.

"You're welcome, brother Wen Yan." Xiabai mountain is also an old fox. How can we not feel the subtle attitude of Wenyan Qingshan?

Busy? Trivia? How ridiculous! This son of a bitch obviously despises him.

The party soon sat down, and the banquet began to be served. Everyone began to enjoy it.

Of course, in fact, no one is in the mood to enjoy the delicious food and wine.

They are paying attention to each other's top 100 figures, as if they want to see through each other's strength.

Only Wang Fan, who is not polite at all, is enjoying delicious food and wine at the same time.

As for paying attention to the pride of Wen Yan city? It's ridiculous. Can these people threaten him?

Xiabaishan also has a conversation with Wenyan Qingshan without a word. Their faces are covered with fake smiles, which seems so ridiculous.

"Well, I thought all the top 100 Xuanyun cities were extraordinary. Now it seems that they are disappointed."

"Are all the people in Xuanyun City aborigines who have never enjoyed good food and wine so unbearable?"

"It's a great disappointment. It's a shame."

At a certain moment, a loud voice suddenly came out from a young man's mouth. With his voice, in a

flash, Shua Shua, everyone's eyes looked at one of the directions.

There was a man drinking and tasting meat on his own, which was a bit out of place with the delicate atmosphere here.

The people in Xuanyun city could not help reddening when they saw the man who drank and tasted meat. He was a little ugly, but he felt very shameful.

The people who heard about Yanfu couldn't help laughing.

"Vulgarity and disgrace. Is Xuanyun City deserted? How can such an unbearable figure appear?"

"Hehe, this kind of people can also break into the top 100 of Xuanyun city. It seems that Xuanyun city is not worthy of its name, but it is so."

Another few chuckles fell, and Xuanyun city's people's faces became even worse. These bastards were even thinking, what would they think if the other party knew that the guy who was drinking and tasting meat alone was the first person on the first floor of Xuanyun city's empire? Didn't they lose face to grandma's house? When they heard Yan Qingshan and Xia Baishan's sarcasm, they did not speak.

Obviously, Wen yanqingshan acquiesced in this kind of sarcasm and provocation.

After all, they invited Xuanyun city people to come here just to compete with each other? If so, why stop it?

As for Xia Baishan, he was able to cultivate to the present level and become the head of the Xia family. Naturally, the city hall would not be so shallow, and he would not care with the younger generation.

Otherwise, doesn't it seem that he is the overlord of Xuanyun city?

Under the people's sarcastic eyes, Wang Fan finally slowly raised his head and looked at the young men with indifferent eyes, "are you talking to me?"

"Hey, hey, what do you say? If you look around, who else is drinking and eating meat besides you, a native

The young man who was the first to open his mouth laughed and replied sarcastically.

Wang Fan also laughed. He pointed directly to Wenyan Castle Peak on the first seat, "isn't he also drinking and eating meat? Why, in your eyes, is he a native? "

When Wang Fan's words fell, the whole audience suddenly died.

Whether they are the younger generation or the elder generation, their eyes fall on Wang Fan.

No one thought that Wang Fan, as a junior figure in the imperial realm, had the courage to direct the spearhead to the master of Wenyan mansion.

The smile on the young man's face also disappeared and became cold. "What are you? Can you compare with the master of Wenyan mansion? It's ridiculous."

"Just a mole ant, how dare you point the spearhead at the master of Wenyan mansion? Are you the people of Xuanyun city so impolite?"

The young man's sharp words, in a word, directly put a big hat on Wang Fan.

And listen to your sharp words, Xuanyun City People's heart can't help mentioning.

After all, the other side's words are too sharp. If one doesn't do it well, Wang Fan will be in danger if he annoys the master of Wenyan mansion.

Wang Fan's expression is still calm, Gu Bo is not surprised, "I will point the spearhead at Wen Yan mansion master, are you an idiot?"

"Wen Yanfu invited us to a banquet and served us so many delicious dishes. Isn't it for eating, just for seeing?"

"You are not allowed to eat and drink at the banquet. Eating and drinking are aborigines. I want to ask, how did you get into the top 100 of Wenyan city with your IQ?"

"As for not knowing etiquette, it's even more ridiculous. As a guest, you not only didn't get up to greet me, but also humiliated me with idiotic words. I'd like to ask, "who doesn't understand etiquette?"

Chapter 2888

When Wang Fan's three words fell, the whole hall was shocked.

Wonderful. It's really wonderful. Wang Fan's Refutation is absolutely impeccable.

No one thought that Wang Fan, who had been forced into a desperate situation by the young man's words, could still keep so calm and say such words.

Xia Baishan's eyes to Wang Fan were even more satisfied.

This son is not only strong, but also gifted. He is calm in case of trouble. If he is trained more, he will become a great weapon.

Hearing the fox like smile on Yan Qingshan's face, no one knows what he is thinking.

"Hum, you're so clever. You're just a native. You dare to question how I got into the top 100 of Wenyan city."

"Since you question me, I'm like you inviting me to fight now. How dare you dare to fight?"

The young man's face was red, and he could not come down.

He knew that if he continued to entangle in this matter, he would only fall into the disadvantage, so he simply took advantage of Wang Fan's humiliating words and put forward a challenge.

Xia Baishan and Wen Yan Qingshan and other two high-level forces did not speak, just calmly watching the scene, let the incident happen.

Hearing the young people's words, whether they heard the arrogance of Yancheng or Xuanyun City, their faces changed and became strange.

Xuanyun City Tianjiao looked at the youth as if he were looking at an idiot. I dare to invite you to fight with crazy Dao. Is that impatient?

The same is true of the eyes that Wen Yancheng's heavenly pride looks at Wang Fan. But they are thinking, Wang Fan dare to fight. If Wang Fan dares to fight, it will be interesting next.

Shua, Shua, Shua.

Countless people's eyes fall on Wang Fan, who seems to be looking forward to Wang Fan's response.

However, Wang Fan looked at the young man with great disdain, and then took a sip from his glass, which made him disdain to say,

"you invite me to fight? What kind of thing are you? What's your ranking after hearing about the battle of Yancheng? Do you deserve it? "

With that, Wang Fan didn't bother to take a look at the youth any more and continued to taste the fine wine and food.

Listening to Wang Fan's response, everyone was speechless.

Of course, although the people of Xuanyun city were speechless, they were not too surprised.

This son of a bitch has always been like this. They are used to it.

On the contrary, people who heard about rock city don't think so.

In their opinion, Wang Fan did not dare to fight, so he refused the youth's invitation in this way.

Their hearts are very angry, damn, you dare not fight directly said dare not fight, but also pretend to be so high sounding, it is ridiculous.

The young man who invited the war was even more angry, "why, don't you dare to fight? Since you are afraid to fight, shut up and don't come out to make a fool of yourself. "

"I thought that although you are a native, at least you have some strength. Now I know that you are nothing."

"What else can you do but talk with one mouth? I dare not fight. If I were you, I would not like to sit here. "

At the same time, he stood up and pointed his hand to Wang Fan's nose.

The rest of them echoed the pride of Yancheng.

"Yes, it's nothing but a good mouth."

"It's just rubbish. I dare not fight, but it's so high sounding. The pride of Xuanyun city? Ha ha, I've been taught. "

"It's a piece of rat excrement. It's bad for the soup."

These words of Tianjiao in Yancheng are extremely ugly, wantonly humiliating Wang Fan, with no bottom line.

Wang fan doesn't think there is anything, but the arrogance of Xuanyun city can't stand it.

In any case, Wang fan is the first person in the debate on Xuanyun city. Now that Wang fan is so humiliated, how can their faces shine.

However, Wang Fan didn't answer, and they didn't dare to say anything.

They don't want to offend Wang Fan.

"Ah, it's really troublesome. After a meal, there are so many flies. Can people eat well?" Wang Fan's face was calm, but he was whispering.

However, his voice, in this quiet banquet hall, is extremely loud, everyone can hear clearly.

Hearing these words, Tianjiao of Yancheng looks a little ugly, especially the previous ones who were shouting and cheering.

However, before they could speak, Wang Fan looked at the young man again, "do you really want to challenge me?"

"Nonsense, of course it's true. Do you think I have time to joke with you?" The youth's cold response.

"Well, in that case, I will promise you. It's just that I don't have eyes. If I kill you by accident, I won't be blamed by the senior people of Wenyan mansion? "

Wang Fan seems to be worried.

When the young man heard this, he was almost furious.

Kill him? How ridiculous! Just a native. Can you kill him? It's not sure who kills whom! You know, he is the ninth man who has heard about the controversy in the imperial realm of Yancheng. He is very powerful. Who can kill him if he wants to?

"You don't have to worry about this. If I'm killed by you, I'll blame my poor strength. No one will blame you."

"Of course, you're just dreaming after all. You haven't killed me yet."

Roared the young man.

However, Wang Fan did not look at him at all. He just looked at Wen Yan Castle Peak on the throne.

Young people see this scene, simply want to rush up immediately to unload Wang Fan into thousands of sections.

Nima, this is just looking down on people.

Wen yanqingshan saw that Wang Fan's eyes fell on him. He didn't want to pay attention to it. After all, Wang Fan didn't have the qualification to talk with him.

However, Wang Fan's eyes were too direct, and many people's eyes fell on him, so he had to express his position.

"You may fight. If he dies, I heard that rock city will not pursue him. Of course, if you die, I believe brother Xia will not pursue it. " Wen Yan Qingshan said.

Xia Baishan nodded with a smile, "that's nature."

When the young man heard this, he could not hold back his anger and stood up directly. He pointed to Wang Fan, arrogant way, "roll out a war!"

With that, he walked out of the hall.

After all, the space here is too small for us to fight here.

But Wang Fan shook his head and said, "it's just a matter of one or two knives. Why bother? How tired is it to go out and come back? I think it's right here. "

Wang Fan's words fell, the whole audience was in an uproar, and everyone was shocked.

Xuanyun City Tianjiao's face is a little black. This guy is as crazy as ever. He kills people without blood.

There's nothing wrong with the words.

It was also a shock to hear that Tianjiao in Yancheng was arrogant. They had never seen such arrogance as Xiang Wang Fan.

This NIMA didn't regard them as the ninth person in the debate about the Empire in Yancheng.

The young man also looked back at Wang Fan coldly. His anger was burning in his heart, and his violent killing intention could not be restrained.

It's really irritating. If he doesn't tear Wang Fan to pieces, it's hard to get rid of his hatred.

Boom!

The fury burst on him, roaring like an angry dragon going out to sea, and rolling madly to Wang Fan.

"Kill At the same time, he roared out a word, his toes re stepped on the ground, with a click, the ground was cracked, and the whole person was crazy to kill Wang Fan.

Chapter 2889

Frenzied momentum, crazy rampant, and feel that momentum, all people can not help but tremble for it.

Especially when he heard about the pride of Yancheng, he could not help but mourn for Wang Fan.

I don't know what this guy thinks. It's his bad luck that he dares to provoke Tu madman so much.

The elders of Wen Yan mansion also show sarcasm, but they are not idle. Instead, they set up a border crazily to prevent hurting others.

The young man charged towards Wang Fan crazily, and his momentum became more and more violent.

When he was about to approach Wang Fan, he suddenly opened his mouth and drank a lot. In a

moment, a bright golden light appeared on him.

The golden light was like armor, bathed in his whole body, making him look like a god of war.

"Kill The young man drank out a word, and the Golden Arm danced, crushing the air and rolling towards Wang Fan.

Where the Golden Arm passed, there was a blasting sound in the air, which was very powerful.

If this fist is smashed down, the emperor will be killed.

At this moment, everyone's eyes can't help falling on Wang Fan, want to see how Wang Fan corresponds.

Even some people who heard of Tianjiao in Yancheng seemed to have seen the tragic scene of Wang fan being killed by one blow.

"Sure enough, he is a fool with developed limbs and simple mind. Do you think he can be invincible if he shouts louder like a pig? How ridiculous

However, when people were worried about Wang Fan, a voice of great disdain came out of Wang Fan's mouth.

Immediately everyone saw that a bright sword cut through the void, rolled up the boundless and violent killing power, and cleaved to the young man's golden arm.

It is like a thousand angry horses galloping in the sky. It seems that they want to split everything and destroy everything.

Soon, the bright sword had collided with the young man's golden arms, and the roaring sound came out madly, which was deafening.

Click ·

another harsh sound followed, and then everyone saw that the gold on the surface of the golden arm began to explode.

Just in a flash, the golden light outside the arm had all been shattered, revealing the arm inside.

Looking at this scene, people's hearts trembled, especially those who heard the pride of Rock City, and their pupils couldn't help choking violently.

How fierce and hard the golden energy on the young people's body surface is, others don't know, but they know it very well.

Now, Wang Fan has broken the defense outside the young man's arm with one knife. We can imagine how strong the power of that knife is.

The young man's face also became ugly. He could not help but shout again and planned to withdraw his arm.

It's just, where can I be in time? Just half of his arm had been taken back, Wang Fan's broad knife had been cut off violently.

Half of his arm was cut off and fell to the ground.

Wang Fan stands with a knife, strides forward, and moves with his heart. The broad sword in his hand breathes out endless and terrifying awn, which is extremely powerful.

Wang Fan's eyes were cold, and he looked directly at the young man. He stepped out with one step and raised the broad knife in his hand again, so he planned to split the second knife.

But just then, the young man's face changed. He retreated crazily, and planned to open his mouth and say "admit defeat".

The reason why he dared to be so arrogant was that he relied on the invincible strength and defense.

Now, his defense and strength have no effect in front of Wang Fan, so he naturally has no chance of winning.

However, just when he was about to admit defeat, Wang Fan's knife had split out again.

Endless Dao mang huff and puff, just like Dao River upside down, has already submerged him in an instant, so that he has no time to admit defeat.

His face changed greatly, he retreated crazily, and the golden light around him was more and more dazzling.

However, in front of Wang Fan's knife, all his efforts were useless.

The fury of the sword came to him, and in an instant, it had torn all the defenses on his body and bombed him severely.

Red blood splashed, this arrogant youth, in a flash, has been cut into countless sections.

When the light of the sword dissipated, Wang Fan stood on the spot, but only blood was left in front of him.

Looking at this scene, all people's hearts can't help shaking for a while.

How ironic that Tu Lunatic was defeated, and so thoroughly and casually?

I can't believe my eyes. Until now, it seems that I can't accept the reality.

Although Tianjiao in Xuanyun city had seen Wang Fan's power for a long time, when he saw it again, his heart also trembled.

Strong, it's too strong.

Previously, Wang Fan said that one or two knives could solve the problem of youth. Now, he has really done it. How tough and domineering is it to crush and kill?

"It's wonderful and powerful. It's worthy of being the pride of Xuanyun city. It really deserves its reputation. Today, I'm really knowledgeable."

The clapping sound suddenly came out, but Yanqingshan stood up and clapped his hands.

He didn't seem to feel sorry for the young man's death at all. He didn't feel angry. Instead, he seemed to appreciate Wang Fan very much.

"The Lord of the mansion praised me falsely." Wang Fan's indifferent response, his eyes swept to the people who insulted him the most.

He pointed out, directly fell on a person, "you just humiliated me, now I challenge you, do you dare to fight?"

The man saw Wang Fan pointing at him, his face suddenly changed, and he quickly lowered his head, only feeling endless shame.

He went to fight Wang Fan? Are you kidding? Tu madman was killed twice by Wang Fan. If he went, I'm afraid he couldn't catch a knife.

"Why, just now I was very happy. I really want to do it, but I have no seed? Rubbish Wang fan saw the man lowered his head, could not help but humiliate, and then pointed to the others.

"You, you, and you. I remember you all humiliated me just now. Now I challenge you. Get out of here."

This time, Wang Fan did not have the slightest politeness, directly used the rolling word.

Those who were pointed by Wang Fan's fingers, their faces were red, and they lowered their heads in shame.

Even if they were challenged by Wang Fan, they would not dare to fight.

The previous two sabres, brought them a huge shock, they have no courage, no courage to fight.

At this moment, not to mention those who were named, even those who were not, their faces were ugly.

In full view of the public, Wang Fan dared to humiliate him so much. When he heard about the pride of the rock city, wasn't he beating them in the face?

On the contrary, Tianjiao in Xuanyun city felt relieved.

It's really a crazy sword. It's as arrogant as ever, even in Wen Yan mansion.

They seem to recall that Wang Fan challenged Bai Qianshao, Duan Kaihe and others one by one on the battlefield that day.

How similar is this scene?

"If you don't dare to fight, shut up. Will you only benefit from words?"

"Before, you looked down on me and humiliated me. Now I stand up, but you dare not fight. Is this the so-called arrogance? In my opinion, it's just rubbish. "

Wang Fan's voice was like a slap in the face, which made them crazy, but they could only suppress it.

Maybe Wang fan is too arrogant. Finally, someone can't see it and stands up, "don't you think it's too much?"

Chapter 2890

Wang Fan turned to see, and found that this mouth is a handsome young man in gorgeous clothes.

He is graceful and distinguished. From the attitude of people around him, we can see that he has a high prestige.

Prestige, of course, comes from strength. It can be seen from this that the strength of this young man must be extraordinary.

"Too much?" Wang Fan smile, the smile is extremely brilliant, "I was too much, how can you?"

He did not explain, did not refute, but directly provocative face.

When those people humiliated him before, this guy didn't stand up to speak. Now he humiliated each other, but this guy stood up to speak. It's ridiculous.

Of course, Wang Fan also knows that without strength, there will be no dignity.

Therefore, he does not need to do those fearless explanations, because if the fist is not hard enough, the explanation is a waste of saliva.

Xuanyun City Tianjiao heard Wang Fan's words, the expression has not changed much.

Wang Fan's character has always been like this. They have been used to it for a long time.

And smell Rock City Tianjiao, the face is a little ugly.

I just went too far. What can you do?

This is how arrogant, this is how arrogant ah, it is defiant.

The young man's face was also slightly changed, and immediately his face became chilly.

He stares at Wang Fan, cold way, "I can't how, since you want to challenge, then I accompany you, how?"

He also declared war without any nonsense.

"You?" Wang Fan glanced around at the young man in gorgeous clothes, with a faint disdain in his eyes, "are you ok? Don't be like that guy before, it's useless. "

Wang Fan this words fall, hear rock city all Tianjiao almost gas explosion.

"Arrogant, presumptuous!"

"I really don't know the superiority of heaven and earth. Do you really think that if you win the slaughter of madman, you will be invincible?"

"You son of a bitch, you're looking for death!"

Even those who didn't humiliate Wang Fan before can't help jumping out at this moment.

Anyway, there are young people in gorgeous clothes. What are they afraid of?

This young man in Huafu, named Jiang Yidou, is the fifth in the debate on the emperor's territory of Yancheng. He is extremely powerful and far from the previous Tu lunatic.

"Arrogant, presumptuous, ignorant of heaven and earth, looking for death?"

"It seems that you don't have a long memory. Since you are so aggressive with me, how dare you challenge me now?"

When Wang Fan heard these provocations, he had a strange smile at the corner of his mouth, and the spearhead swept directly at the shouting youths.

Those youth see Wang Fan unexpectedly come again, the facial expression is all cannot help but rise of red, more ugly.

This son of a bitch is just too hateful and arrogant.

As people of Xuanyun City, now they come to Wenyan City, they are so arrogant. I can't bear it.

But what can they say? Even Tu lunatic, who is the ninth in the debate, has been killed by Wang Fan, and not many of them are Wang Fan's opponents.

Jiang Yidou's face has also begun to turn blue.

Wang fan is so arrogant that he compares him with Tu lunatic.

What kind of thing is Tu lunatic? Can he compete with him? If he wants to fight Jiang, he can easily kill Tu madman.

"Even if you want to challenge them, you have to accept my challenge first. Even if I dare not take my challenge, what qualifications do you have to challenge others? "

Jiang Yidou's tone is cold, and his body is even more cold. Wang fan is so arrogant. Today, he will take Wang fan out of his hatred in order to raise his prestige of Wen Yanfu.

"That is, if you want to challenge us, you have to accept elder martial brother Jiang's challenge first, right?"

"You dare not take the challenge of elder martial brother Jiang. What qualifications do you have to challenge us?"

"Trash, trash, coward!"

Those who heard the Tianjiao of Yanfu and heard Jiang Yidou's words, they yelled again.

Wang Fan looked at the scene and couldn't help laughing again.

When did he say that he did not dare to accept the challenge of Jiang Yidou? These people really put gold on their faces.

Of course, he also understood what those people meant. As long as this fight can kill him, he will have no chance to challenge others.

Obviously, this battle of Jiang is indeed a bit of strength, at least much more powerful than that crazy butcher.

Otherwise, these people will never have such confidence in Jiang Yidou after seeing him kill Tu madman twice.

"Get out of here." Wang Fan did not continue to waste words, but looked at the river.

Jiang Yidou heard these harsh words, his eyes narrowed slightly and stepped out directly.

He was furious, and his aura went wild. A long black gun appeared in his hand.

The black spear was cold all over the body, and the tip of the spear was even colder. It was obvious that the quality of the spear was extraordinary.

Wang Fan looked at the long gun, but his eyes couldn't help brightening slightly. He said, "this gun is good. It belongs to me." All of us are speechless.

This NIMA, too arrogant, too contemptuous of the opponent, right?

Hearing the trembling of the people in Yancheng, I wish I would swallow Wang Fan alive.

Xuanyun city people are a little depressed. Isn't this guy Dao Xiu? What does he want a gun for?

Jiang Yidou has long been too tired to talk. He shakes his long gun in his hand and directly kills Wang Fan in the air.

Boom!

The sharp spear cut through the air and burst into brilliant light, sweeping towards Wang Fan.

The fury of the huff and puff, in an instant, has been transformed into thousands of, submerged the whole space.

Just in a moment, Wang Fan's whole body has been completely wrapped by the spear, and his shadow can no longer be seen clearly.

Looking at this scene, everyone can't help trembling.

It's really terrible. Just this shot, there are few people on the scene who can take it.

Wang fan is in the center of the storm, but his body is as loose as a pine.

His physical strength, has been crazy operation, in an instant has been running to the limit.

At the same time, endless purple lightning around his body, began to crackle crazy walk.

The thousands of spears were torn on him, and there was a violent roar, but it didn't break the thunder armor defense on his body, let alone hurt him.

Jiang Yidou also can't see Wang Fan's shadow, he can only vaguely feel Wang Fan's position.

Not long after the endless spear was torn on Wang Fan's body, the long spear in his hand had already pierced Wang Fan's body.

At this time, his eyes only sneer, only contempt.

The pride of Xuanyun city? What a joke! The maniac will pay the price soon.

If you dare to be so arrogant in Wenyan mansion, there is only one price for Wang Fan, that is death.

However, the sneer in his eyes has not dissipated, the expression has been slightly solidified.

Because he clearly saw that a hand appeared in front of him, which seemed like a thundering hand, and directly grasped the tip of the gun.

He tried his best to stab a gun, but the tip of the gun was caught. Is this a joke?

Jiang Yidou has an unreal feeling. After all, it's really incredible.

However, he was not allowed to think about it at all. Countless thunder Python had been bombed on him along the long gun.

With a bang, he could not help spouting a few mouthfuls of blood, and the whole person was blown out directly. Even the long gun had already been taken off.

Still wait for him to react, a big foot has broken the air, directly trampled on his face, trampled on his face and fell to the ground.
