Chapter 2891

With a loud bang, everyone was trembling for it.

Violence. It's too violent.

No one thought that Wang Fan had trampled on Jiang Yidou's dignity in such a violent way.

At this moment, Jiang Yidou's head is full of blood, miserable.

His eyes were red, his hands were palms, and he tried to raise his head. But Wang Fan's feet are like a huge mountain, which makes him unable to do it at all.

"Waste, what a waste! Before I saw you so arrogant, I thought you were so strong, but I didn't expect that you were really useless. "

"You are such a blatant waste. Even if you are alive, I think you can only lose the face of rock city. It's better to die."

Wang Fan's sarcastic voice fell, and he didn't give Jiang Yidou a chance to speak at all. His fierce aura breathed on his toes and took Jiang Yidou's life in an instant.

At this point, I heard the battle of Yancheng, and the fifth man on the first floor of the Empire, Jiang Yidou, died!

Looking at this scene, people tremble.

Cruel, it is too cruel, Wang Fan's killing is too decisive.

Xuanyun City Tianjiao, Chu crazy day looking at this scene, eyelids also can't help but hard jump for a while, only feel the whole body has a chill.

Fortunately, in Xuanyun city that day, Wang Fan didn't give him a hard hand, otherwise, I'm afraid he was already a dead man.

As for hearing the pride of Yancheng, it was also tremulous.

They were not only shocked by Wang Fan's strength, but also by Wang Fan's decisiveness.

You know, this is Wenyan mansion. Jiang Yidou is also a member of Wenyan mansion. How dare Wang Fan kill him directly?

Wang Fan stepped on Jiang Yidou and turned his eyes to those who had provoked him before, "now he

is dead, can I challenge you?"

"I know you are all useless and dare not accept my challenge. But don't worry. I won't bully you. You can do it together. "

Wang Fan's words fell, and the whole audience was in an instant uproar.

What does Wang Fan say, those people can go up together, is this crazy?

No matter how strong Wang fan is, he can't be the opponent of more than ten or even dozens of strong people in the imperial realm?

This is crazy.

When those people heard Wang Fan's provocation, their faces were extremely ugly.

They didn't expect that they could not suppress Wang Fan even by Jiang Yidou. On the contrary, they were killed by Wang Fan in a humiliating way.

Now Wang Fan challenges them. Can they fight?

Because whether they win or lose, it's a shame for them.

"Since Tianjiao of Xuanyun city is so elegant, why don't you help him. It's just that the space here is too small to be used. Go to the Daotai. "

Just when those people were a little angry and didn't know how to respond, Wenyan Castle Peak suddenly opened his mouth.

Today, in front of so many people, Wang Fan even killed two talented people in Wenyan city and humiliated Tianjiao, which made him angry.

However, because Wang Fan killed the two men in a fair fight, even if he was angry again, he could only bear it.

As the leader of Wen Yan mansion, if he didn't have this kind of bearing, wouldn't he be laughed at?

However, now Wang fan is so arrogant that he wants to challenge several people. This is Wang Fan's death. If he didn't succeed Wang Fan, he would have spent so many years in vain.

After all, Wang fan is the enemy of Xuanyun city. Naturally, it is better to nip this enemy in the cradle as soon as possible.

Hearing the words of Wen yanqingshan, those Tianjiao were slightly stunned at first, and then they

understood each other's meaning.

They nodded, and then looked at Wang Fan, "since you want to die, we will help you."

"Come on, let's go to the platform."

"I really don't know that the sky is high and the earth is thick. I want to challenge dozens of us with one person's strength. I'm looking for death."

Those guys who used to clamor the most, clamor again, while clamoring, but also to the outside.

Wang Fan looked at the scene and couldn't help shaking his head.

This is really a group of "geniuses". I don't know how these geniuses have been cultivated to the present level.

When Xia Baishan and others saw this scene, their faces were not very good-looking.

They are not satisfied with Wang Fan's arrogance, and they are not satisfied with the shamelessness of hearing about yanqingshan.

This is really a person who dares to fight and one who dares to fight.

But now, even Xia Baishan can't say much.

He could only pray for Wang Fan's victory, and then he would preach to Wang Fan and tell him not to be so arrogant.

They soon walked towards the platform of the martial arts arena of Wenyan mansion.

When Wang Fan arrived at the bottom of the platform, 17 people had already stood on the platform.

These 17 people are not all the arrogants who have provoked Wang Fan.

Obviously, some of them deliberately stepped on the platform to take Wang Fan's life in the scuffle. "Shameless!"

"What a shame

"Seventeen people fighting one person is really the pride of Wen Yanfu."

Looking at the awe inspiring seventeen people standing on the platform, even those Tianjiao of Xuanyun City, who was not happy with Wang Fan, couldn't see it any more.

These 17 people have the face to go to the battlefield. How thick is the face?

Originally, in their view, there were more than ten people standing up, which was already quite a lot.

Wang fan is not a bit strange, everything is expected.

Wen yanqingshan agreed to his challenge, which is bound to win back face.

In this case, how could Wenyan Castle Peak not make arrangements?

He must have heard that yanqingshan sent a message to some Tianjiao, and arranged for them to fight against Wang Fan.

Seventeen people stood on the platform, standing in a row, their momentum was also madly agitated, awe inspiring.

At this time, they are staring at Wang Fan coldly, it seems that they are just waiting for Wang Fan to come to the stage and die.

Wang Fan looked at them indifferently, but he didn't disappoint them. He stepped on the stage step by step.

"Arrogant guy, you will soon pay for your arrogance."

"You dare to challenge 17 of us. I really admire your courage!"

"Rat, are you ready to die?"

They stare at Wang Fan coldly, some of them sneer and shout.

But what made them angry was that Wang Fan didn't pay any attention to them at all. Instead, he looked to the direction of Tianjiao in the rock city under the stage,

"is there anyone else who wants to come up? If so, hurry up and I'll solve it together."

Boom!

Wang Fan in this sentence, just like a bomb, hard blow over in the audience.

What does this guy mean? Do you think the seventeen people are not good enough? It's just too arrogant, too arrogant, too contemptuous.

"What an arrogant son of a bitch, I'll take my share."

"Damn, I can't stand it. I'll go too."

"I want to see how many heads you have."

A series of angry calls and curses came out, and five people really stood up and flew onto the platform.

As for the seventeen people on the stage, their faces were as black as the bottom of the pot.

It's intolerable that Wang fan should not treat them as human beings.

"Just five?" Wang Fan seems not satisfied, more did not care about those people's murderous face, and said, "there is no, seize the time."

At this moment, not to mention hearing that Tianjiao in Yancheng couldn't stand it, even Tianjiao in Xuanyun city was speechless. They finally saw what was crazy!

Chapter 2892

Shua Shua!

With the fall of Wang Fan's voice, another three people couldn't bear it, so they flashed and swept onto the platform.

Crazy, it's crazy.

Wang Fan's madness made them unbearable.

Wang Fan's madness made them angry.

In an instant, the original 17 people became 25.

Wang Fan's opponent, eight more.

Looking at this scene, everyone's heart trembles again.

That's twenty-five Tianjiao, and they all stand out from tens of thousands of people.

Maybe one-on-one, none of these 25 people will be Wang Fan's opponent, but if all of them come together, it will be different.

Let alone the first level of the imperial realm, even the top people of the second level of the imperial realm are hard to fight against, right?

Wang fan saw another three people plundering onto the battlefield, and finally stopped his provocation.

He looked at the twenty-five people and said with disdain, "a group of ants who only dare to fish in troubled waters dare to shout at me? Do you think more people can beat me? "

"Soon you will pay for your ignorance and ignorance, and soon you will know that waste is always waste, even if you join hands."

Wang Fan's voice was filled with deep disdain and disdain. He didn't treat the 25 people as human beings at all.

The voice falls, he did not give those 25 people an opportunity to speak again, launched an attack directly.

The benefit of words is only the benefit of words after all. It can only be used for a short time.

Here, after all, we have to talk with our fists. Whoever has big fists can laugh to the end.

The fury burst, and Wang Fan's aura began to March wildly.

"Wood In a flash, the endless snake like rattan branches and chains suddenly emerged from the void and rolled towards the 25 people crazily.

The rattan branches and chains covered the sky and covered the sun. In the blink of an eye, they submerged the whole platform and wound around everyone.

When the 25 people saw this, their faces changed greatly.

They didn't expect that Wang Fan didn't sacrifice his sword, but used elemental energy to attack.

They didn't expect that Wang Fan, as a demon Dao Xiu, would be so evil in his comprehension and application of elements.

Not to mention the 25 people on the stage, even those under the stage are all dull.

Among the waves, there are so many rattan branches and chains. It's just too evil.

Even those Tianjiao in Xuanyun city didn't expect that Wang Fan's understanding and application of elemental energy would be so abnormal.

"Chop!" Although the twenty-five men's faces changed greatly, they were not so stupid as to forget to resist.

They roared wildly. In an instant, all kinds of weapons appeared in their hands, and they cut the rattan branches and chains wildly.

They must not let those rattan branches and chains entangle their bodies, or they will be in real danger.

With their crazy shivering, for a moment, the sound of clack clack clack came out crazily.

Innumerable rattan branches were cut into pieces and turned into elemental energy to dissipate.

However, the rattan branch chain is too many, it is endless, even if they cut a lot, but there are still countless.

Not only that, but also a small number of people have been entangled in the rattan branch chain, completely locked.

"Gold Wang Fan looked at the scene, indifferent, he is a word out, the element of gold energy crazy convergence, in mid air to form a golden arrow.

"The wind After the appearance of the golden arrows, Wang Fan drinks a word again. In an instant, there is an endless element of wind energy on those arrows.

In a moment, the arrows, like rain of arrows, assassinated the twenty-five men.

At this moment, the twenty-five people's faces became more ugly, and even some people's faces were pale.

Wang Fan's attack is not only violent and strong, but also like a storm, one after another, it doesn't give them a chance to breathe.

Once they lose the opportunity, they will be reduced to a very passive situation.

Whoosh, whoosh.

Countless golden arrows fell in front of the 25 people, two of whom were killed on the spot.

Another 23 people, five seriously injured, three slightly injured, only 15 uninjured.

Looking at this scene, everyone's face changed.

Hearing that the people in Yancheng were trembling, they were almost shocked.

Perverted. It's perverted.

Wang fan not only has the power of the sword to communicate with the spirit, but also has the ability to understand and use the energy of elements. It's unimaginable.

The face of Yan Qingshan was even more gloomy. It was hard to see the extreme.

Originally, in his view, there was no suspense in the fight between 25 people and Wang Fan alone. In an instant, Wang Fan could be wiped out. But he never thought of it, but reality slapped him in the face.

The 25 people not only failed to kill Wang Fan, but also were killed by Wang Fan, forcing the rest of the people so embarrassed.

"This son is really evil. He must be killed, and he must not stay!" Hear Rock Castle Peak eyes staring at Wang Fan, eyes Sen cold.

Compared with hearing the gloomy face of Yan Qingshan, Xia Baishan felt a little more comfortable when he was shocked.

He really deserves to be the first person in the battle of Xuanyun city. His strength is really strong. This kind of evil person, he must try his best to win over, completely take it for his own use.

Wang Fan didn't know what all the people under the stage thought. Almost at the moment when the golden arrow fell, his whole body also rushed out.

He is bathed in thunder and lightning, and has the element of wind energy blessing, the speed is almost to the extreme.

The five seriously injured people had not even reacted, and Wang Fan had rushed to them.

Hand knife, bright light across, in a burst of hissing voice, five people were directly ripped belly, fell from mid air, life on the spot!

Wang Fan killed the five seriously injured people, and then came to the three slightly injured people.

"Get out of here!"

"Go to hell!"

"Kill

The three people see Wang Fan kill to them, the pupil is can't help but ruthlessly shrink, while crazy roar at the same time, while extremely decisive crazy burning blood essence.

However, their reaction is still a little slow.

The broad sword in Wang Fan's hand is like the sickle of death. It rolls up endlessly and sweeps down.

The sharp point of the knife directly wore the throat of the three people, and completely took away their lives.

All of this happened between lightning and flint.

Just in a flash, another eight people were killed. Plus the three people who had fallen before, a total of 11 people had been killed.

Twenty five. Now there are only fourteen.

And there were seven of the fourteen who were surrounded and killed Wang Fan.

The weapons in their hands breathed violent killing mischief and rolled to Wang Fan.

Wang Fan killed eleven of them in a short time. They want Wang Fan to die!

And they also believe that in the face of their siege, Wang Fan will die.

Because Wang Fan has been surrounded, it is impossible for him to escape from Shengtian.

Even if Wang Fan takes action against one or two of them, he will be attacked by others.

As long as those attacks fall on Wang Fan, Wang Fan will surely die!

Chapter 2893

"No, it's dangerous."

"He's under siege. It's not good."

"What to do?"

Under the stage, the spectators are also aware of Wang Fan's danger, and Xuanyun city people can't help but cry out.

Xia Baishan's face is also very ugly. His aura is surging wildly. He wants to rescue Wang Fan immediately.

Wang Fan's talent is so evil that he can't do anything.

However, when he wanted to start, he clearly felt that the smell of rock and green hill was locked on him.

Obviously, if he makes a move, he will also intervene when he hears about it.

On the platform, Wang Fan has been surrounded by seven people and is in great danger.

However, Wang Fan's face is still calm, without any fluctuation.

Just as the attacks were about to fall on him, he suddenly yelled, "ray."

A word out, in an instant, endless thunder crazy from his whole body emerged, forming a terrible thunder dragon, crazy toward all directions bombed out.

At this moment, there was a lot of thunder and thunder on the platform.

At a glance, the whole platform seems to be wrapped in a sea of thunder and lightning, making a crackling sound, extremely terrible.

Boom boom!

The sound of explosion spread out madly, and then everyone was shocked to find that under the crazy bombing of the Thunder Dragon, all the seven people who encircled Wang Fan were shocked out.

Their clothes, hair, and even their bodies were blackened by the terrible thunder and lightning, and their mouths gushed blood, which made them extremely embarrassed.

"Lightning element, he even understood the energy of lightning element."

"How is that possible?"

"Perverted. It's perverted."

Looking at this scene, countless people's hearts trembled wildly.

Wang Fan's means, repeatedly hard impact on their hearts, so that they simply can not accept.

Especially those who have heard of the pride of Yancheng are even more difficult to accept this reality.

Why is it so evil? Is it really a person who comes from a small place like Xuanyun city?

Although Wang fan used lightning energy in the battle with Jiang Yidou before, because Jiang Yidou's spear covered his sight, no one saw it at all.

Even if the strong people such as Wen Yan and Qingshan were aware of it, Wang Fan didn't care too much because he didn't use much lightning power.

But it was different at this time. Wang Fan directly used the lightning element energy to repel the seven people's full-scale attack, which was already against the sky.

"Kill me? Do you deserve it? " On the platform, Wang Fan stands in the air, with a cold and proud look.

He snorted with disdain, and his figure flashed. The whole person turned into a thunder and lightning in an instant, and killed the seven people.

At the same time, the broad sword in his hand had been sacrificed, rolled up the terrible sword that tore everything, and cut off those people.

Whoa!

A young man was unable to dodge, and was cut by the tip of a knife and died on the spot.

However, this is only the beginning, far from the end.

Wang Fan's whole person seems to have turned into thunder and lightning, flashing crazily on the platform.

People only see a dazzling knife light constantly flashing, followed by a blood sword shot.

When Wang fan stopped, all the seven people who besieged Wang Fan died miserably.

So far, 25 people, only seven!

Looking at Wang Fan, who was bathed in thunder and lightning all over his body, the seven people felt as if he were a Thor.

There was fear in their eyes, only numbness in their scalp.

Twenty five strong men besieged Wang Fan, but now they were killed by Wang Fan, leaving only seven of them. It's frightening to think about it.

Their fighting spirit dissipated crazily and soon disappeared completely. They had no courage to fight any more.

I can't help it. Wang fan is so terrible. It's so terrible.

If the seven of them go up again, what is their intention to seek death?

Under the platform, both Tianjiao in Yancheng and Xuanyun were shocked.

Especially those Tianjiao in Xuanyun City, even they didn't expect Wang Fan to be so powerful.

Who can compete with such a terrifying force?

Don't say it's Xiaowen Rock City, even if it's the Imperial City, I'm afraid nobody can rival it?

Wang fanao stood on the platform, not in a hurry to kill the last seven.

He said with a sneer, "I said you are rubbish. Is there any problem? One on one, you don't dare to fight, but you only dare to encircle. "

"But is the siege useful? What can a group of rubbish do to me even if they go together? "

Wang Fan's voice is like a rolling thunder. It comes to all people's ears and makes their hearts tremble again. Arrogance, it's too arrogant.

However, the fact has proved that Wang fan does have arrogant capital.

One by one, he killed 18 people while fighting 25 Tianjiao in the same territory. Who can do that.

If so, Wang Fan has no arrogant capital, who has arrogant capital?

"I know you seven junkies are afraid to fight. I can give you another chance." Wang Fan disdain to the seven people said a, then looked at the other who smell Rock City Tianjiao.

"Aren't you upset that I slapped you in the face like this? If you don't like it, come on up. I'll give you a chance to revenge. "

Wang Fan's words fell, and the scene fell into a dead silence.

What does Wang Fan want to do? With one person's strength, did he choose the 100 Tianjiao selected from Xuanyun city's debate on Taoism?

This is crazy!

You know, except for Jiang Yidou and the 18 who were killed by Wang Fan before, there are still 80 people left.

Is it crazy for Wang Fan to fight 80 with one?

"You can't be unreasonable. You've proved your strength. Now step back for me. "

Xia Baishan's heart also couldn't help shaking, and he quickly cheered to Wang Fan.

One on eighty, are you kidding me?

Even if Wang Fan killed 17 people when he was fighting 25 people, it doesn't mean he can fight 80 people alone.

This is crazy.

Wen yanqingshan did not speak. This time, he did not agree with Wang Fan's challenge.

Wang Fan's strength, he has seen, is indeed extremely strong.

Even if 80 people can really kill Wang Fan, I'm afraid the price will not be small, at least dozens of people will be killed or injured. This is not what he wants to see.

What's more, do those 80 people really dare to challenge Wang Fan?

Once they challenge Wang Fan, even if Wang Fan will eventually die, they are very likely to die with him.

No one wants to die, so no one dares to fight.

"Well, it's ridiculous to dare not fight, but only to humiliate others with words. I don't think you should be called Tianjiao of debate. You should be called Tianjiao of tongue. "

Wang Fan once again hit the face with words, and then flashed off the battlefield.

At the moment, he has successfully aroused the hatred of Wen Yan's house. I think Wen Yan's house will send someone to move him.

If the people of Wen Yan mansion touch him, the Xia family will never sit back and ignore him. In this way, he can watch the dogs bite the dogs on both sides.

It can be said that Wang Fan's goal has been achieved.

Chapter 2894

Looking at Wang Fan who left the battle platform, he heard that the faces of all the people in Yanfu were extremely ugly.

This is Wenyan mansion. It's their home court. They should have been the ones to shine brilliantly and crush the Tianjiao of Xuanyun city. It's Yang Wenyan mansion's power.

Now, however, there is only one person in Xuanyun City, and they are completely swept away, making all people dare not fight. What a shame?

Even Wen Yan Qingshan's smile had disappeared, and his face was slightly ugly.

In his territory, he heard that Tianjiao of Yanfu was crushed by Tianjiao of Xuanyun city and killed more than ten people. It's strange that his face looks good.

However, these battles were first provoked by the people of Yanfu, and he acquiesced in them. So no matter how upset he is, he can only hold it down for a while.

"Brother Wen Yan, I think it's better to come here? We've been running around for several days. We're all tired. We're going to have a rest. "

On the contrary, Xia Baishan was very comfortable.

He did not expect that Wang Fan would be so strong, so give him a long face, directly strong crush wenyancheng Tianjiao.

Of course, he also understood that Wang Fan's dazzling performance would surely arouse the resentment of Wen Yan.

However, what about jealousy? If Wen Yan Fu dares to send someone to move Wang Fan, Xia Baishan will let Wen Yan Fu know that his Xia family is not easy to provoke.

"Oh, it's wrong of me to forget that you've come all the way here and didn't arrange for you to have a rest in time. I'll let someone arrange your accommodation."

Hearing what Xia Baishan said, Yan Qingshan's eyelids jumped slightly and immediately said.

He made a hospitable appearance, his face also regained a fox like smile, it is very hypocritical.

When Xia Baishan heard this, he called the old man shameless in his heart, but he said, "brother Wen Yan is very polite. My Xia family has a residence in Wen Yan City, so I don't need to bother brother Wen Yan."

"Let's go." Xia Baishan said, and without waiting to hear the response from Yan Qingshan, he took all the people out.

Living in Wenyan mansion, are you kidding? Don't you put your life in Wenyan mansion? He would not be so stupid to do such a stupid thing.

"In that case, I won't force brother Xia. Qingmu, don't you hurry to see him off."

Wenyan Qingshan knew that it was useless to retain him. Instead of wasting his breath, he said something to Wenyan Qingmu.

Smell rock green wood, quickly nod, followed out.

When Xia Baishan saw this scene, he felt a little uncomfortable.

He is in the same position as Wenyan Qingshan, but the old man sent Wenyan Qingmu to greet him. He was just hitting Xiabai mountain in the face.

However, no matter how unhappy he was, he didn't have an attack at this time. It was a self inflicted unhappiness.

Wang Fan and his party soon left Wenyan house, but they did not go to Xia's residence. Instead, they sacrificed their spaceship and rushed to the outside of Wenyan city.

Wang Fan showed extraordinary talent in Wenyan mansion, but he must be envied. It's not easy for him to get out of trouble. Xia Baishan decided to return to Xuanyun city immediately.

After all, Wen Yan city is Wen Yan Fu's territory. Even if he is not afraid of Wen Yan Fu's people, he should be careful.

"Master, are we going to leave Wenyan city?" On the ship, someone couldn't help asking.

"Well." Xia Baishan nodded, "the old fox in Wenyan Castle Peak must have been full of us. If he continues to stay in Wenyan City, I'm afraid it will change."

That person smelt speech to nod, did not continue to ask.

However, everyone's heart is a little uncomfortable.

They were invited, but now they want to leave. What's the matter?

Wen Yanfu.

Almost at the moment when Wang Fan and his party left Wenyan City, Wenyan Qingshan had already received the news.

At this time, Wen yanqingshan was already in front of a teleportation station and put on his black night clothes.

Behind him, there were 20 strong men in black.

All of them are powerful, fierce and full of evil spirit. Obviously, they are all the strong among the strong.

Among the 20 people, there are 10 emperors in the second tier, 8 emperors in the third tier and 2 emperors in the fourth tier. In addition, Wenyan Castle Peak, the fifth floor of the imperial realm, is already a very strong lineup.

Such a terrible lineup, even to destroy a good force, is more than enough.

"As I expected, the old man of xiabaishan really planned to go back to Xuanyun city in the night. But now that I'm here and want to go, I'm afraid it's not so easy. "

Smell rock green hill grab out a hat to wear on the head, eyes in fierce light twinkle, said with a grim smile.

He invited Xia Baishan to come, just to take the opportunity to kill Xia Baishan.

As long as Xia Baishan is dead, the Xia family in Xuanyun city will be in the bag of his Wen Yan mansion and will never pose a threat again.

Now, there is a crazy Dao in Xia family. In this case, he can't let Xia Baishan leave. He heard that yanqingshan was ambitious and wanted to rule Xuanyun City, Yunqing city and Wenyan city for a long time.

Now Yunqing academy has been destroyed. If Xia family were destroyed again, he would be able to unify the three cities.

Now, only one step away from his success, how can he give up?

"Let's go!" After hearing that the rock green hill drank out two words, he directly threw out the top grade immortal stone to start the transmission array, and the party set foot on it.

The 21 strong men in Wenyan Prefecture, including Wenyan Castle Peak, disappeared in a flash.

At this moment, thousands of miles away from Wenyan City, a spaceship is galloping forward, as fast as lightning.

Although Xia Baishan and his party were not happy, they had relaxed a little.

In Wenyan City, they will face great pressure. Now that they have left Wenyan city for thousands of miles, they will be much safer.

Wang Fan sat in one place and remained aloof as always.

However, his heart is very depressed.

He didn't expect that Xia Baishan would be so vigilant. He didn't dare to stay for a night, so he chose to leave decisively.

He couldn't help sighing to himself that his plan was going to fail.

Xia Baishan so decisively chose to leave, and has successfully left Wenyan City, Wenyan house just want to start, I'm afraid it's not so easy to catch up, right?

Just as Wang Fan thought of it, he suddenly found that the spaceship had stopped.

That is in the most front of the summer white mountain is suddenly stand up, face become incomparable iron green ugly.

Wang Fan noticed this scene, first slightly also Leng, then immediately felt, around 21 extremely strong breath.

Twenty one strong men have surrounded their spaceship, leaving no gap.

Inside the spaceship, everyone was on the alert.

At this time was stopped, and the other side is still so strong, obviously well prepared.

Then, the identity of these people is ready to come out.

Xia Baishan's face was livid. He opened the cabin door in an instant, stepped out, and cheered coldly, "Wen Yan Lao Er, what do you mean? Is Wen Yan Fu such a hospitality?"

"Don't think you've covered your face, I can't recognize you. Is the person who hears about the rock such a shameless person? "

Xia Baishan pointed to the group of people drinking, the momentum of the body has also begun to crazy expansion.

Just in a flash, the five layers of terror in his empire had spread and covered the whole space.

Chapter 2895

Under the terrible and powerful power of Xiabai mountain, the rest of the people in Wenyan mansion feel great pressure except for Wenyan Qingshan.

Their highest accomplishments are only four levels of the imperial realm. How can they bear the pressure of Xiabai mountain?

"Do it, not one!" Hearing that there was no nonsense in yanqingshan, he gave a cold drink and rushed to Xiabai mountain crazily.

"You go first, leave me alone!" Seeing this, Xia Baishan's face changed slightly, and his momentum rose wildly. He also rushed to Wenyan Castle Peak.

Wenyan Castle Peak wants to stop him and prevent him from dealing with other powerful people in Wenyan mansion. Why is he not like this?

He did not dare to attack other people in Wenyan house, and let Wenyan Castle Peak go to the spaceship to slaughter.

Don't say Wang fan is on the spaceship, even his son Xia Han can't die.

The roaring sound of crazy spread, terror and violent energy crazy rampant, in an instant it swept the whole world.

Just in an instant, the battle became white hot, and the scene was completely chaotic.

On the spaceship, there are ten strong Xia family members.

Among the ten, eight of them had their accomplishments on the third floor of the imperial realm, and two of them had their strength on the fourth floor of the imperial realm.

Xia Baishan is afraid that this trip will be dangerous, only brought so many people, it can be said that the lineup has been very strong.

However, the people he brought with him are far from the people Wen Yan and Qingshan brought with him.

"You take them away, and we'll stop those shameless people." An elder of the Xia family yelled at the other one and rushed out without hesitation.

With his rush out, in addition to the three-tier elders who were named, the other eight also rushed out.

Rumble of the explosion, crazy tremor, for a time, the scene of the battle more intense.

The terrible storm, like the end of the general, crazy swept the whole space.

The ground collapses, the mountain peaks break, and even the sky seems to be pierced through a hole.

"Let's go." The elder of the third floor of the imperial realm didn't talk nonsense. He looked at the fierce battlefield with red eyes, and then drove the spaceship away crazily.

He knew that this kind of scene, even if he took part in the war, could not affect anything at all.

What's more, protecting the future of the Xia family is also a top priority. He must not let these people lose anything, especially crazy Dao and Xia Han.

Spaceship in the sky across a streamer, fast crazy away.

Just as the spaceship had just left, there were three strong men in wenyangfu coming out and catching up with them crazily.

The three people, one of the four levels of emperor territory, two of the three levels of emperor territory.

The number of the strong in Wenyan Prefecture is more than that in Xuanyun City, and their accomplishments are not weak at all. It's more than enough to divide them into three.

When Xia Baishan saw this scene, he could only be anxious, but he could not do anything.

He once again crazy blow out a palm, and smell Rock Castle Peak collision, angry shout, "smell Rock Castle Peak, you mean."

"I, xiabaishan, once again swear that if I don't die today, I will step on your Wenyan mansion in the future."

The angry and ferocious voice came from Xiabai mountain pass, which showed his inner anger.

Hearing that Yan Qingshan disdains to sneer, he doesn't bother to talk nonsense and continues to attack Xia Baishan crazily.

Although they had the same accomplishments, they were still slightly stronger in combat power.

Of course, even so, it is not so easy for Wenyan Qingshan to kill Xiabai mountain.

Hearing the crazy battle between yanqingshan and xiabaishan, it's really dark.

Although Wenyan Castle Peak has a small advantage, but it is also limited, they are in a deadlock.

But other battlefields are different. Hearing that seventeen strong men of Yanfu surrounded and killed nine strong men of Xia family, they naturally gained the upper hand.

The battle didn't last long at all. Under the siege of two well-known strongmen in Yanfu, one of Xia's parents on the fourth floor of the emperor's territory had been killed, and their spirits were destroyed.

The red blood is flying in the sky, and the elder of the Xia family falls to the ground, completely destroyed.

It was the fourth floor of the imperial realm. It was a great loss to the Xia family.

When a Xia family strongman was killed, the two men immediately took up their hands and joined other battle circles.

With the addition of these two people, the strong Xia family is in danger, and the situation is not optimistic.

After dozens of breaths, another Xia family strongman on the third floor of the imperial realm was hit by the blast and fell to the ground in the scream.

Almost at the moment when he fell to the ground, a bright sword light had suddenly emerged, directly through his throat.

Another strong Xia family, meteorite!

When Xia Baishan saw this scene, his eyes almost split.

The anger in his chest was like a raging flame, which could not be contained.

Miserable, it's too miserable.

If it goes on like this, I'm afraid none of the strong Xia family can leave alive. Even if it's him, it's here.

"Hearing about the rock and green hill, you are deceiving people too much!" Xia Baishan is not willing to roar, directly burning blood and essence, leaving the battle circle, and killing two famous Yanfu strongmen.

Facing Xiabai mountain on the fifth floor of the Empire, the two famous strongmen in Yanfu had no resistance at all. They were directly killed by their two palms. It was a terrible sight.

"Xia Laoer, you dare!" Hearing this scene, Yan Qingshan's face changed in an instant.

He roared angrily and killed Xiabai mountain regardless of everything.

But Xia Baishan didn't fight with him at all. He just kept rushing to those who were strong in Wenyan mansion.

In the case of burning blood essence, every time Xia Baishan rushes in front of a famous man who is famous in Yanfu, the man who is famous in Yanfu will be killed, even if he is on the fourth floor of the imperial realm.

Just in a flash, another eight famous strongmen in Yanfu were killed, including two of them in the fourth floor of Dijing.

When the others saw this scene, they all stopped and hid behind Wenyan Castle Peak.

Burning blood essence of Xiabai mountain, is an invincible madman, they simply can't match.

With the stop of those who heard of the strongmen in Yanfu, the strong Xia family also released their hands, but there were only three left.

The other six have all fallen.

"Let's go!" Xia Baishan, with red eyes, coldly looked at Yan Qingshan, drank out a sound, and left here with three people.

"Want to go? Kill me When I heard Yan Qingshan sneer, I was furious.

He burst out, flashed and ran after him crazily.

Seeing this, Xia Baishan's face changed and his figure flashed. He rushed around Wenyan Castle Peak and killed those who were strong in Wenyan mansion.

Obviously, he wanted to force Wenyan Qingshan to stop in this way.

However, this time, Wen yanqingshan ignored him, but killed the three remaining strong men of his Xia family.

The three strong men of Xia family changed their faces in an instant when they saw the killing of yanqingshan.

They united and wanted to resist crazily, but they saw and heard that Yan Qingshan did not hesitate to burn his blood essence, and the whole person became furious.

The terrible palm force is like the crazy pressure of millions of mountains. The three people can't resist the violent palm force at all. They are directly blasted out and killed on the spot.

Here, I heard that Yan Qingshan killed three Xia family strongmen in a very violent manner, but Xia Baishan was not so lucky.

Twelve famous Yanfu strongmen unite together, even if he is burning blood essence, it is difficult to do.

Chapter 2896

Xia Baishan saw Wenyan Castle Peak and killed the three strong men of Xia family in an instant. His eyes almost split.

But even if he was angry again, he didn't dare to work hard at this time. Instead, he burned his blood essence crazily and ran away towards the distance.

If you want to go, you must go. Otherwise, I'm afraid Xia Baishan will also be here.

One can't bear to hear of the rock and green mountain. If you add the twelve strong men, if you fight again, he will surely die.

"Chase Hearing the gloomy face of Yan Qingshan, he just spat out a word, then he did not hesitate to catch up.

Although he seems to have won the battle on the surface, he has lost both sides.

The Xia family lost nine strong men, and he heard that Yanfu lost eight strong men, which is half the weight.

If Xia Baishan died, he could barely accept the price, but if Xia Baishan really ran away, it would be more than worth the loss.

As for Wang Fan's group of people who fled, Wen yanqingshan didn't care at all.

In his eyes, Wang Fan and others are already dead.

On the ship, everyone's faces were heavy.

They can clearly feel that there are three famous Yanfu strongmen in the crazy pursuit behind, and the distance between the two sides is still close.

If it goes on like this, they will be caught up in two hours at most.

And once they're caught up, it's a dead end.

It's not a joke that one emperor has four levels and two emperors have three levels.

Even though there are many of them, there is only one emperor in the three levels, which is hard to stop.

"Third uncle, it's not the way to go on like this. Sooner or later we will be caught up." At a certain moment, Xia Han couldn't help looking at the elder of the Xia family and said.

"According to the young master, what should we do?" The elder of Xia family naturally knew this truth. Even if he continued to escape, it was just a delay.

"I don't think it's better for us to run away separately. We'll have a better chance of running away. After all, there are only three of them." Xia Han said.

The elder of the Xia family heard the words, pondered a little, and then looked at the others, "what do you mean?"

Although Xia Han's method seems good, it is not so simple.

After all, most of the people here have only one level of strength in the imperial realm. How can they escape from the pursuit of the three or even the four powerful people in the imperial realm?

It can only be said that Xia Han's method is slightly better than that of continuing to escape together.

Because if it's scattered, if you're lucky, you'll still have a chance to escape.

If they continue to be together, they can only be punished in one pot.

"I have no objection."

"I don't mind either."

When everyone heard the question from the elder of the Xia family, they all nodded and said they had no opinion.

Naturally, they also know that it is better to disperse the crisis.

"In that case, let's separate from here and remember not to go in the same direction."

The elder of Xia family didn't talk nonsense either. He opened the cabin door decisively as he spoke.

"Go

When they saw that the cabin door was opened, there was no nonsense. They rushed out and fled in all directions.

Just in a moment, most of the people rushed out of the spaceship, and there were only three people left on the spaceship.

Wang Fan, Xia Han and the elder of Xia family.

"Why don't you go?" The elder of the Xia family asked when he saw that Wang Fan was still on the spaceship.

"The Xia family is in trouble. How can I escape? I'd rather die than live." Wang Fanyi just said.

When the elder of Xia family heard Wang Fan's words, his face changed slightly and his heart was moved.

He didn't expect that Wang Fan could be so loyal just after he joined the Xia family.

To tell you the truth, he was a little disappointed with those Tianjiao who escaped faster than rabbits.

Those people joined the Xia family in order to cultivate resources, but now, the Xia family is in trouble, and they run faster than rabbits.

Can such a person be loyal to his Xia family even when he grows up?

If the Xia family is in great trouble in the future, won't they still run faster than rabbits?

Such people, even when they are cultivated, can never share weal and woe.

"Crazy Dao, I can understand your intention. I'm also moved that you can stay."

"But as you can see, the situation today, even if you stay, doesn't make much difference. Although you are gifted with demons and have strong fighting power, your accomplishments are too low after all. "

"Throughout all the pride of the Xia family, including the Xia family, your talent is the best, so you must not have anything to do."

"Only if you are alive, can our Xia family have hope and revenge today."

The elder of the Xia family looked at Wang Fan and said earnestly.

When Wang Fan heard what he said, he felt sick and wanted to throw up. He is the hope of the Xia family, revenge for the Xia family?

It's ridiculous. He wanted to destroy the Xia family immediately.

Of course, Wang Fan will not say that.

He was very hypocritical and said, "elder, I can't go. I heard that Yanfu was deceiving people too much, even desperately"

before Wang Fan's words were finished, he was interrupted by the elder of Xia family. His face was gloomy,

"crazy Dao, didn't you hear my order? I now order you as an elder to leave at once and get out of here. "

Xia Han also said, "young master Dao, there isn't much time left now. Let's go. I'll be with you."

Wang Fan sees this, also can nod, "good."

After that, he and Xia Han left the spaceship and went away quickly.

However, at this time, Wang Fan was thinking about the war situation in Xiabai mountain and whether the dog in Xiabai mountain was dead.

Wen Yanfu and Xia family join hands to destroy Yunqing Academy. Wang Fan naturally doesn't want Xia Baishan to live.

Of course, it would be better if the dog died with the smell of rock and green hill.

After Wang Fan and Xia Han left, the elder of Xia family took a look at the direction of their departure and sighed, "I hope they can live well."

Having said that, he also did not hesitate, continue to crazy control of the spacecraft, such as electricity left here.

Half an hour later, the three famous elders of Yanfu appeared here.

They stopped, looking a little ugly.

"The people of Xia family are really cunning. Unexpectedly, they are scattered and left. What should we do now? Which direction should we chase?"

One of the famous elders of Yanfu asked the only elder on the fourth floor of the imperial realm.

The face of the elder on the fourth floor of the Empire was also very gloomy, because he didn't know which side to pursue.

Although their primary target was Wang Fan, more than 100 people scattered and fled. They didn't know where Wang Fan was going.

"You disperse to chase those mole ants. Don't waste time. I'll chase the spaceship. Now, it's just a matter of luck. "

The strong man on the fourth floor of the empire made a quick response, then he flashed and chased the spaceship madly.

He chased the spaceship because he was afraid that Wang Fan would hide on the spaceship and didn't leave.

Wang Fan and Xia Han ran all the way, and they didn't dare to stop at all.

Wang Fan looks at Xia Han in front of him and wants to kill him several times, but he finally puts up with it.

Although Xia Han is Xia Baishan's illegitimate son, he is only a small man after all. He might as well continue to lurk and kill more Xia family elders. Those talents are the mainstay of Xia family.

Chapter 2897

I heard that Yan Qingshan led people to ambush Xia Baishan and his party secretly. Although they did it in a very hidden way, it still spread out in the shortest time.

As soon as it came out, it caused a great sensation.

Not long ago, Wen Yan mansion and Xia family joined hands to destroy Yunqing Academy. But in a twinkling of an eye, there was such a war between the two forces. How can we not feel sad?

It is said that the war was a dark day, and the sun and the moon were not shining. The losses of both sides were also half the weight, which could be described as extremely tragic.

Not only that, Xia Baishan, the head of the Xia family, was seriously injured and fled. So far, he has not returned to Xuanyun city and is missing.

With the spread of this incident, the story of Xuanyun city's mad sword fighting in Wen Yanfu and hearing about the pride of heaven in Yan city was also spread.

It is said that at the dinner party at Wenyan mansion, Kuangdao first killed Tu lunatic, who ranked ninth in Wenyan city's debate on Taoism, and then killed Jiang Yidou, who ranked fifth.

Not only that, after that, Kuangdao fought alone against 25 super arrogants, but also killed 18 people, which directly led to the other seven people's fear of fighting again.

After this incident came out, the sensation was even more intense, and the hearts of countless people trembled.

Even some people are doubting whether it is true or not and whether it is exaggerating on purpose.

After all, no matter how strong the imperial realm is, it can't be so strong?

Let's not talk about the strength of Kuangdao. Let's talk about Tianjiao, who is one of the top 100 in Wenyan mansion. Countless people who have heard about Yancheng have witnessed their elegant demeanor.

As for Tu lunatic and Jiang's fight, they were extremely talented and impressed.

Now, however, someone has killed them forcefully and killed 18 people when they were fighting against 25 Tianjiao alone. What a perversion?

In Xuanyun City, when did such a rebellious figure appear?

There is no doubt that crazy Dao has become the most discussed object in Wenyan city. Everyone is talking about who this crazy Dao is and whether it is a disciple sent by some big forces.

Wang Fan didn't know that he was listening to the sensation caused by the rock city. At this time, he had already appeared in a city, a city that he had never been to, but was not strange to, Baiyun city.

Wang Fan didn't come to Baiyun City intentionally, but in the process of escape, he came to the city unconsciously.

Standing outside the towering tower and looking at the three huge handwriting of "Baiyun city" on the stone plaque, Wang Fan hesitated to go in.

After all, he killed several Tianjiao in Baiyun City, but Xia Shichuan, the master of Baiyun City, wanted to kill him. If he enters Baiyun City, in case Xia Shichuan kills him, what should he do?

Although he is not afraid of xiashichuan, it's someone else's territory after all, so he has to stop it.

"Brother Dao, what are you thinking? Now that we have reached Baiyun City, our safety has been guaranteed. "

"Running for life for several days in a row, why don't we go to Baiyun city for a night's rest?"

Xia Han saw that Wang Fan didn't enter Baiyun City, but stood there thinking, and couldn't help saying.

Wang Fan took a look at Xia Han, but he hesitated. "You must know the grudge between me and Baiyun city. It's nothing for you to go in, but I ."

as soon as Xia Han heard Wang Fan's words, he immediately understood Wang Fan's meaning. He said with a smile, "brother Dao, relax, I have Xia Han. Even if you give Xia Shichuan a hundred courage, he doesn't dare to touch you. "

Xia Han's tone is very proud, but he also has the capital to be proud.

As a direct member of the Xia family, even the younger generation, he had a sense of superiority in front of Xia Shichuan's collateral system. He didn't believe that Xia Shichuan dared to move Wang Fan in front of him.

"Well, let's go in and have a rest." Wang Fan smell speech, also nodded.

In fact, he was a little tired. It was not easy for him to run for his life for more than ten days in a row.

You know, on several occasions, they were almost overtaken by a three-tier strong man in the imperial realm. Fortunately, they responded very quickly, so they got away with it.

After Wang Fan decided to enter the city, he did not continue to drag, and followed Xia han to Wenyan city.

"Stop coming! Who are you? Don't you know the rules? "

However, before they entered Wenyan City, they were stopped by two city guards. One of the guards

cheered coldly towards them.

Wang Fan looked at the two guards standing in front of him and didn't speak.

One is that he disdains, the other is that he has Xia Han. Naturally, this kind of thing should be dealt with by Xia Han.

"Rules? What are the rules? " Sure enough, Xia Han took the initiative to stand up. His eyes narrowed slightly, looking at the two guards, he asked condescensively.

"Provide identity certificate and pay 100 top grade immortal stones." The city guard said without hesitation.

"To provide proof of identity, to pay the immortal stone?" Xia Han laughs, "do you know who I am? Do you dare to ask me to provide identification and my immortal stone?"

Speaking, Xia Han's momentum has suddenly bloomed, directly oppressed the two city guards. The two guards felt the momentum of Xia Han, and their faces suddenly changed.

Without the slightest hesitation, a city guard directly grabbed a signal bomb and released it. He yelled, "alert, someone's breaking into the city."

Whoosh, whoosh.

And with his voice, in an instant, dozens of city guards rushed to this side.

Not only that, in the direction of the city Lord's mansion, several strong men who saw the signal bomb rushed over crazily.

Those who had planned to enter the city suddenly changed their faces when they saw this scene.

They no longer dare to enter the city, but hide far away, waiting for the development of the event.

Xia Han is so arrogant that he irritates the city guards. They dare not get too close to Xia Han, otherwise they will be suspected to be accomplices.

Wang Fan looked at this scene, but he couldn't help being speechless. Don't you just go into a city and get into trouble?

He originally wanted to keep a low profile, not to let Xia Shichuan know that he came to Baiyun City, but now it seems to be extravagant.

However, this little Baiyun city is greedy for those who want to enter the city to provide identification and pay 100 high-quality immortal stones.

That's a hundred top grade immortal stones. Although it's nothing to him, it's a large number for ordinary monks.

Think about it. You have to pay 100 high-quality immortal stones for one visit to the city. How much do you have to pay if you enter the city several times a month?

"You do it yourself." Wang Fan also did not stand with Xia Han. He quickly whispered to Xia Han, and then immediately retreated to the crowd outside the city gate.

Originally a face gloomy summer cold, hear Wang Fan this words, can't help but some depressed.

Wang Fan, did you abandon him? It's really unfair.

However, he can understand Wang Fan. After all, Wang Fan has a grudge against Xia Shichuan. It's normal that he doesn't want Xia Shichuan to know that he has entered Baiyun city.

Just in a short time, dozens of people appeared at the gate of the city, including the city guards and the elders of the city Lord's house.

An elder quickly came to Xia Han, but he didn't start immediately. Instead, he asked coldly,

"who are you? Take the initiative to report your identity. Otherwise, don't blame our city planning."

Chapter 2898

The reason why the elder didn't do it immediately was not because he was kind and didn't want to do it. It's because he hasn't found out the details of Xia Han, so he doesn't dare to do it.

Xia Han can't help laughing when he hears the elder's words, but the smile is strange.

All of a sudden, he stepped forward and slapped his face.

PA PA.

The elder was caught off guard, and was directly drawn into the old face by Xia Han. Even if he fell out, he vomited his bloody teeth.

At this moment, everyone was stunned.

No one thought that Xia Han was so arrogant and bold. In this situation, he even dared to slap the elders in the face.

The elder's eyes were scarlet after he recovered. He was staring at Xia Han and wanted to break him up.

However, the more arrogant Xia Han was, the more he dared not move.

Because without a strong background, Xia Han could not dare to be so arrogant. He could clearly feel that Xia Han's cultivation had only one level of imperial realm.

"What kind of thing do you deserve me to take the initiative to report my name? As for the city planning to deal with me, it's even more ridiculous. Now you ask Xia Shichuan to come and ask him, does he dare to deal with me? "

Xia Han is extremely disdainful to stare at the elder of the second floor of the imperial realm. His words are full of arrogance.

Xia Han, as a direct son of Xia family, is also the son of the head of the family. He is just a collateral elder. He dares to be presumptuous in front of him. It's ridiculous.

Boom!

And hear Xia Han's words, the scene once again fried the pot.

No way, Xia Han's words are too amazing.

He not only dared to call Xia Shichuan by his name, but also said that Xia Shichuan did not dare to be dealt with by the city planning. What's his identity?

Obviously, the background of summer cold is terrible.

The elder heard Xia Han's words, and his face turned red, but he didn't dare to do it after all.

"Xia Lao, you are so presumptuous that you don't even know Master Xia Han. You are blind."

When the elder's face was uncertain, another voice came abruptly, and then another elder appeared here.

The old man yelled at the elder, and immediately walked to Xia Han with a smile on his face. "Xia Shao, the people below are not sensible. Please don't blame me."

"I don't know if Xia Shao has come here. It's really a pity to welcome him. Please come inside quickly. I've informed elder martial brother Xia Shichuan to prepare a banquet for you."

When people around see that the old man is respectful to Xia Han, they also scold the elder of the Xia family. They are shocked again.

They all know this old man. He is Xia Mang, the first elder of Xia family in Baiyun city.

Xia Mang's status in Xia family is second only to Xia Shichuan.

Now, Xia mang is so polite to Xia Han that he respectfully calls him young master, and his identity is about to come out.

Xuanyun city people of the Xia family, that is, Xia's legitimate family.

"Hum, this kind of dog, let him wipe his eyes later."

Xia Han saw that someone recognized him, and he was polite. His face softened a lot, but he still pointed to the nose of the elder of Xia family and scolded.

When the elder of Xia family heard this, his face turned blue and white. He was almost angry, but he didn't dare to attack.

"Yes, yes. Don't worry, Xia Shao. There won't be another time." Summer mang quickly bows body to say.

Xia Han nodded, "well, you go, I won't go to the Lord's residence first. I still have some things to deal with in Xuanyun city. If I have time, I'll go to your Lord's mansion again. "

Xia mang heard Xia Han's words, but he didn't dare to talk nonsense. He quickly nodded his head.

Then he told the guards, and then he turned and left.

But Wang fan is clear to see, this summer mang is leaving, the vision intentionally or unintentionally swept him one eye. Although very obscure, he was sensitive to the detection.

Wang fan is a little depressed. This NIMA is really afraid of anything.

"These people, do not provide identification and pay the top grade immortal stone."

"Hum, there are not so many rules in Xuanyun City, but there are many rules in Baiyun city."

After Xia mang left, Xia Han pointed to the location of Wang Fan and said coldly.

Although the city guards were depressed, they didn't dare disobey Xia Han. They nodded quickly.

Are you kidding? Even Xia mang is respectful to Xia Han. How dare they not listen to Xia Han.

"Thank you, master Xia Han."

"Young master Xia Han is wise and powerful."

After hearing Xia Han's words, those who entered the city were stunned, and then they were all happy

to thank.

That's a hundred top grade immortal stones. It's quite a lot for them.

Xia Han nodded and then stepped into Baiyun city. Wang fan is among the crowd, followed by.

However, Wang Fan's mood is not very good, because he knows that Xia mang has seen him.

"Brother Dao, let's stay in this inn, shall we?" Soon, Wang Fan two people then came to a look good inn, Xia Han toward Wang Fan asked with a smile.

In the face of Wang Fan, he has no previous arrogance, is very kind and polite.

Wang Fan nodded indifferently, "I don't care."

He really doesn't matter. Anyway, he has been found. Now it depends on whether Xia Shichuan will, or dare to fight him.

They entered the inn, opened two rooms and stayed.

Xia mang has come to a courtyard in Baiyun City, where Xia Shichuan is painting.

Xia mang saw that Xia Shichuan was painting, so he did not disturb him. Instead, he stood aside respectfully.

After a long time, Xia Shichuan stopped his action, looked at Xia Mang and said, "elder, what's the matter with you coming to me?"

As the owner of his family, Xia Shichuan didn't ask about any trivial matters, so he didn't know about the little disturbance at the gate of the city, and no one would report it.

Of course, because this matter involves Xia Han and Wang Fan, Xia mang came here specially.

Xia mang nodded, "yes, just now, Xia Han and crazy knife entered my Baiyun city."

"Crazy knife?" Xia Shichuan heard these two words, face suddenly changed, the previous smile swept away, replaced by a touch of cold murder.

"Where is he now?" Xiashichuan's voice is like the piercing ice cold from Jiuyou.

He thought of the death of Xia Yunxuan, Xia Yunyi and others. They all died by the hand of crazy Dao.

Xia Han, another name in Xia Mang's mouth, has long been ignored by Xia Shichuan.

"He lives in Yunxuan inn now, but he comes with Xia Han." Summer mang answers a way, and also specially mention a summer cold.

But Xia Shichuan didn't care at all. He hummed coldly, "what's the matter with us? As long as the people of our city Lord's mansion don't do it."

"Hum, that crazy knife killed four Tianjiao in Baiyun City, and their crimes should be punished. You go to some outlaws and remember that your cultivation should be at the top of the first level of the Empire, or even at the second level of the Empire. "

"The man who killed me in Baiyun City dares to come to Baiyun city. He doesn't pay attention to Xia Shichuan."

"Don't you think that when I am with Xia Han, Xia Shichuan won't dare to move him. It's ridiculous."

"By the way, you can call some more people and be on call at any time. Once Kuangdao is killed, he will go over immediately under the pretext of protecting Xia Han. "

Chapter 2899

"Good." Summer mang smell speech, eyes suddenly a bright, nod to accept order and go.

He couldn't help sighing in his heart. He really deserves to be the leader of Baiyun city. This means is brilliant.

First, he hired some outlaws to kill Wang Fan at a high price, and then he used the excuse of protecting Xia Han. In this way, even the Xia family in Xuanyun city could not say anything, could he?

After all, Kuangdao was killed by an outlaw. What's the matter with the Xia family in Baiyun city?

...

in the inn, Wang Fan has arranged the forbidden border in the room, took out two Chinese immortal veins and began to practice and recover.

After more than ten days of running, his consumption is also very large, and he needs to be recuperated.

The dense Fairy Spirit formed a white fog, which poured into every cell of Wang Fan's body, making Wang Fan feel comfortable all over.

However, Wang Fan did not practice for long, his eyes suddenly opened.

He clearly felt that more than ten strange breath poured into the inn, and was still approaching his room.

These people's breath, with a strong evil spirit, are obviously some hands covered with blood.

"Is it coming so soon? It seems that Xia Shichuan can't wait for a moment. I wish I could die."

Wang Fan felt those breath, could not help muttering, eyes in the emergence of a touch of cold.

And outside his room, more than ten fierce looking friars have rushed over crazily.

They didn't cover up their true colors, and they didn't cover up their identity at all. Obviously, they were bold and fearless.

In the room, Wang Fan's mental power naturally swept these people. He immediately knew that these people were not from the Xia family in Baiyun city.

In other words, even if these people are from the Xia family in Baiyun City, they are definitely cultivated secretly. No one knows that they are from the Xia family.

Even if Xia Shichuan wanted to kill him again, he would not be so stupid and dig his own grave.

The ten fugitives soon rushed to the room where Wang Fan was. Without any hesitation, the first murderer burst into the door of Wang Fan's room with one punch.

Boom!

Click!

There were two deep blasts, and the door broke.

"Kill And with the door broken, the population drink a word, when even the first to kill in. The rest did not hesitate and followed.

After they rushed into the room, they didn't deliberately look for Wang Fan. All kinds of weapons and martial arts were blooming wildly, and they went straight to all directions. It can be said that there was no dead angle of 360 degrees.

There was a loud bang. It was just an attack, and the whole room was riddled and smashed.

They are all powerful in the imperial realm. There are even two people on the second floor of the imperial realm. It's more than enough to smash a room with all their strength.

If they didn't control it, I'm afraid the whole Inn would be overturned.

Soon, however, their faces changed.

Because the room in ruins was empty and there was no one.

What about the target? Why isn't it in the room?

Everyone is a little confused, you know, before they sweep, Wang Fan in the room.

"Search for him, and never let him go! Crazy knife this son of a bitch killed my brother, I must let his blood pay

For a short time, the second floor of the first emperor came back to his senses. With a roar, he rushed out of the inn. At the same time, his mental strength also spread out.

Naturally, his words were meant for the people living in the inn, or Xia Han.

It's just an excuse. He killed Wang Fan.

However, after a few breaths, his face changed, because he did not find Wang Fan at all, and did not know where Wang Fan was.

In another room, Xia Han was also awakened, his face suddenly changed, but he did not dare to move.

He can clearly feel that the breath of those people outside is relatively strong, even extremely fierce.

And since the other party dares not to hide his face, he is obviously not afraid of exposing his identity, that is to say, he is not a person of Baiyun city.

No matter how noble his Xia Han status is, no matter how confident he is that these people dare not move him, he dare not go out at this time.

After all, his cultivation can't suppress these people. If these people attack him, he will be miserable.

It's so-called dilemma to see the character all the time. Before Xia Han, brother Dao called Wang Fan every mouthful. Now when he is in danger, he has become a turtle with a shrunken head. It's ironic to think about it.

"There's someone over there. Crazy knife is running in that direction." At this time, an outlaw suddenly gave a loud drink and pointed to one of the directions.

In fact, there is no need for him to say that the rest of the people also noticed Wang Fan's trace at the same time.

"Chase Almost without hesitation, they rushed out crazily and chased Wang Fan directly.

It was not until these people left for a long time that Xia Han dared to walk out of the room. His eyes

were ferocious and his face was not good-looking...

Wang Fan deliberately revealed his whereabouts after he left Baiyun city and was far away from Bai Li. His goal is to attract these people and then kill them one by one.

These days, Wang Fan has been pursued and killed by the strongmen of Wenyan Prefecture.

What makes him most frustrated is that he clearly has the strength to kill the other side, but he has to run away. His heart is already full of anger.

At the moment, since the group of brain disabled took the initiative to send them to the door, he naturally didn't need to be polite.

It's just two stories of two emperors and one story of eleven emperors. Wang fan is not afraid. He has the strength to kill him.

His only pity is that the old bastard Xia Shichuan didn't come here in person, otherwise he could send Xia Shichuan back to the West together.

Night wind slowly, an open area, Wang fan stopped.

It was not long before he stopped, and the thirteen men had come after him.

They didn't have half a word of nonsense at all. Their aura ran wild in their body and killed Wang Fan directly.

In an instant, the violent energy overflowed, and the sword light and sword shadow crisscrossed, illuminating the whole night sky.

"Just a group of mole ants dare to kill me. It's killing me." Wang Fan sneered and grabbed the shadow knife directly. His shadow knife has not been stained with blood for a long time.

"Kill A word to drink, bright knife across the sky, illuminate the whole void.

The dazzling blade awn, rolled up the terrifying killing power, swept away towards the roaring energy storm.

In a roaring sound, those energy storms disappeared one after another and broke up. Just after a few breath, they had been split up.

This scene was like a bomb, which hit the hearts of 13 fugitives.

Their eyes were dull, and they were afraid of trembling ·

with one knife, they broke the violent attack of their 13 people. However, Wang Fan didn't pay attention to their trembling at all. His body flashed, his space moved, and his whole person disappeared in an instant.

The next second, he had appeared in front of a strong man on the second floor of the imperial realm. The shadow knife crossed the bright edge and rolled directly to the man's throat.

The fury of the sword swept all over the body, and the man's face suddenly changed.

This kind of power is too terrible for him to resist.

"No, no!" He couldn't help but scream in despair, and crazily set up a defense on his body surface.

It's just that it doesn't work.

The Dao mang had torn everything, directly split his defense, chopped to his throat!

Whoa!

The awn of the sword dissipated, the blood splashed, his head suddenly flew up, and his body fell to the ground.

Die!

Chapter 2900

Looking at Wang Fan's strong performance, the other 12 people are all dull.

Just smash the joint attack of 13 of them, and kill a second-class strong man in the imperial realm in a short time.

Is it true that this crazy Dao has only one level of cultivation in the realm of the emperor?

"Xia Shichuan really looked down on me. He sent a group of rubbish like you here. But since you are willing to die for him, I don't mind helping you

Wang Fan disdained of sweep that 12 people one eye, talk of, the body shape already once again uncanny of disappear.

"The law of space, this is the law of space."

When the twelve people saw this scene, they finally reacted and knew how Wang Fan disappeared.

It's just the emperor's realm, and it controls the law of space. It's so shocking.

They didn't believe it unless they saw it with their own eyes.

The only remaining strong man in the second floor of the imperial realm turned crazy because he had an intuition that Wang Fan was coming for him.

Almost disappeared in the moment of Wang Fan, he was extremely decisive crazy burning blood essence, body began to run crazy.

If we don't run away at this time, when will we stay?

Wang Fan, a strong man, is no longer what they can deal with. Even if there are many of them, they can't see enough.

But his heart was a little depressed. He also saw the battle of Xuanyun city. Wang Fan didn't use the law of space.

It is obvious that Wang Fan has hidden his strength in the battle of Taoism.

No, it seems that this crazy Dao's Dao is not the wide one at the back, but a shadow Dao as thin as cicada wings, plus the law of space .

"Wang Fan, the evil of Yunqing academy?" When the strong man on the second floor of the Empire thought of it, his pupils suddenly shrank, and finally he thought of someone.

At the moment when he guessed Wang Fan's identity, he was even more scared and didn't dare to stay any longer. He fled to the distance crazily.

"Can you escape?" However, he did not escape far away, a indifferent voice had already entered his ears, at the same time, a bright light of the sword came down from his eyes.

The fury of the sword's intention is rolling wildly, which sets off a powerful sword force and seems to destroy everything.

Feeling this scene, the strong man's face changed again.

But, he is crazy forward, at the moment want to stop body shape are some difficult, let alone back to avoid Wang Fan this fast as lightning knife.

With another hiss, the red blood was flying in the air. The second floor of the emperor's territory was cut into two sections and fell to the ground.

He never thought that he would fail even if he killed just a crazy knife.

If he had known that, even if Xia Shichuan paid him twice as much, he would not dare to take the task.

Unfortunately, there is no regret medicine in the world.

In addition, when the eleven emperors saw this scene on the first floor, they could not help shivering.

"Run away!"

"Spread out and run!"

They roared crazily, and immediately without hesitation, all of them burned their blood essence crazily and ran away in 11 directions.

Wang Fan looked at this scene, eyes in the emergence of a touch of disdain.

Escape? Can we get away?

The endless thunder light suddenly surged into his body, and his whole body had been bathed in the thunder light in an instant, just like a thunder god.

Thunder resounded through the sky.

Wang Fan bathed in thunder light, and then controlled the elemental energy blessing of wind. As soon as his body flashed, he caught up like electricity.

Just in the blink of an eye, he caught up with the fastest escapee and killed each other.

Next, this is a battle without suspense.

Wang Fan's is fast to the extreme, the 11 people simply can't match.

If they fight to death and join hands to fight against Wang Fan, maybe they can live another time.

But they scattered to escape, and they all became Wang Fan's targets.

Wang fan is just like harvesting grass and mustard. His body is flashing like electricity, and the light of the knife is also constantly on.

And every time the light of the knife passes by, it will take away a person's life, just like killing a chicken and a dog.

Just a dozen breaths, the eleven emperors were slaughtered by Wang Fan on the first floor, and there was no one left.

Wang Fan's body stopped and looked at the dead thirteen people coldly, with a blank look in his eyes.

It's not that he's cruel and ruthless.

After all, these people came to kill him. If he was defeated, he would die today. Therefore, these people should die, and he has no psychological pressure to kill them.

"Xia Shichuan, since you want to kill Wang Fan, don't blame Wang Fan for his ruthlessness." Wang Fan coldly looked at the direction of Baiyun City, cold spit out a word, immediately body shape a flash, directly disappeared in place.

Revenge is not a gentleman. Since Xia Shichuan wants to kill him, don't blame him. Wang fan is merciless. He killed the Xia Yunxuan brothers, it was on the platform of the debate on Taoism, dignified. What's more, don't xiayunxuan brothers deserve to die?

Originally this matter has already passed, should end at this point, however, Xia Shichuan unexpectedly asks someone to kill him?

In that case, don't blame Wang Fan for his reciprocity.

Baiyun City, the inn. At this time, Xia Shichuan has arrived at the inn with a group of Xia family strongmen.

As soon as they entered the inn, they saw the gloomy summer cold standing at the gate of the inn.

"Young master Xia Han, are you ok? I just heard what happened here, so I came here quickly. Now I'm relieved to see that master Xia Han is OK. "

Before Xia Shichuan ran to Xia Han, his voice came out first. He also pointed to the humanity behind him,

"next, you will stay here and be responsible for protecting young master Xia Han. If there is anything wrong with master Xia Han, I'll ask you. "

"By the way, have they all been identified? You must give me a hard check. If you dare to commit a murder in the inn where young master Xia Han lives, you must not be spared. "

Xia Shichuan's tone was cold, indignant and hypocritical.

Xia Han looked at that face of hypocritical Xia Shichuan, just light nodded, but did not speak.

He can't help sneering in his heart. Does Xia Shichuan treat him as mentally retarded? How can he fool him like this?

Tonight, if there is no Xia Shichuan behind the scenes, then there is a ghost.

Of course, Xia Han won't say these words. He just needs to keep them in mind.

After all, although his status is noble, his strength is limited. Once he gets angry with Xia Shichuan, it is inevitable that Xia Shichuan will jump over the wall and wipe him out.

Think of before oneself still clap chest to say to Wang Fan, have him Xia Han in, Xia Shichuan dare not move rashly. Now, Xia Han only feels his face a little hot.

This is a slap in the face, he did not expect that Xia Shichuan would be so bold.

"Young master Xia Han, you go to have a rest first. I'll send someone to find the murderer and rescue crazy Dao to see if it can be retrieved."

When Xia Shichuan saw that Xia Han didn't say anything, he said it again. He planned to leave some people and then take some people away.

He did not expect that the 13 fugitives would be so useless that Wang Fan escaped from Baiyun city. Even now, he does not know whether Wang fan is alive or dead.

This matter, he must go to confirm, even if Wang fan does not die, he Xia Shichuan also wants to make up a knife.

Kill him Xia Tianjiao, hatred, he must revenge!
