Chapter 2901

"No, I've killed all the rubbish."

When Xia Shichuan plans to lead people to leave, a indifferent voice suddenly comes out, and then Wang Fan appears here.

See Wang Fan, Xia Shichuan and others pupil is can't help a hard shrink, obviously didn't expect, Wang fan can live back.

You know, there were 13 fugitives, and two of them were on the second floor of the imperial realm.

With such a terrible lineup, Wang Fan, who has only one level of Empire, can still come back alive. It's really incredible.

Compared with the shock of Xia Shichuan and others, Xia Han was immediately surprised. He quickly stepped forward and said, "brother Dao, it's really good that you're OK."

Wang Fan nodded toward Xia Han, but he was very disdainful.

When the 13 outlaws killed him in his room, Xia Han didn't dare to come out, just like his grandson.

It's hypocritical to see him return safely, but he is so worried and eager.

"Mr. Dao is OK. That's great. In that case, we'll leave first. You can rest assured that this will never happen again. "

Although Xia Shichuan was shocked in his heart, he didn't show it on the surface, which was against his heart.

In his heart, he was secretly scolding the 13 people for being rubbish. The 13 people killed one of Wang Fan, and he was able to let Wang Fan come back alive. What is this?

As for what Wang Fan said, all the 13 people had been killed. Xia Shichuan didn't believe it.

You know, those 13 people were all carefully selected by him, especially the two second tier emperors who were the best of the best.

Such a lineup, not to mention killing just one level of imperial territory, even killing three levels of general imperial territory, is absolutely no problem.

"Master Xia is very polite, but I hope this kind of thing will happen a few more times. To tell you the truth, those 13 people are really useless. I didn't enjoy killing them just now. "

But what Xia Shichuan didn't expect was that his words fell, and Wang Fan came to such a sentence.

This makes Xia Shichuan's face a little heavy. He looks at Wang Fan deeply. He doesn't continue to talk nonsense and turns to leave directly.

"Mr. Dao, I'm so sorry. I didn't expect that Xia Shichuan would be so bold and dare to attack you."

"But don't worry, it will never end like this. When we return to Xuanyun City, I will report to my father and let him deal with Xia Shichuan. "

After Xia Shichuan left, Xia Han was a little angry.

Wang Fan said with a smile, "why bother your father with such trifles? I can solve them myself. Brother Xia, wait for me here. Next, I'll go to the Lord's mansion. "

When Xia Han heard Wang Fan's words, his face couldn't help changing. He said quickly, "how can this be done, brother Dao? You can't be impulsive."

"Xia Shichuan is a three-tier strong man in the imperial realm. If you go to the city master's mansion, don't you take the initiative to send him to the door?"

Wang Fan laughed, "brother Xia, don't worry. I'll be fine. If I'm not defeated, I can escape."

"It's just, you know, my character. If I'm bitten by a dog for no reason, I can't swallow it without hitting him."

Wang Fan said, without waiting for Xia Han to respond, his figure flashed and left here directly.

Xia Han looks at Wang Fan's back, grabs the communication bead and sends several messages back to Xuanyun city.

In the main hall of Baiyun City, Xia Shichuan sat on the throne, his face was very gloomy.

He did not hesitate to offend Xia Han, risked being suspected by the Xuanyun city master, hired people to kill Wang Fan at a high price, but now he failed.

This let him in the heart hold a breath, very is not smooth.

In the bottom of Xia Shichuan, there are five people sitting. All of them are the elders of Xia family, but their faces are not very good-looking.

For a moment, the atmosphere of the hall was a little dull and depressing.

I don't know how long after that, a hasty step came, and Xia mang came in.

Seeing Xia mang coming back, Xia Shichuan stood up and asked eagerly, "what's up? Have you found out? What's up with the thirteen people now? Where are they?"

But Xia mang shook his head and said with a dignified face, "master, they have all been killed. There is no one alive."

Even though shamang no longer wanted to believe this fact, he had to believe it now.

Because he clearly saw the bodies of the thirteen people, which is an iron fact.

"What?" Xia Shichuan stood up and said, "how can it be that they were all killed by crazy knives?"

I can't help it. Xia Shichuan has to be shocked. Is crazy Dao so powerful?

Summer mang did not speak, just slightly bow.

Xia Shichuan's face was gloomy again. After a long time, he could only sigh and said, "in this case, let's stop the killing of crazy swords. Some day, we'll find another chance. "He is also helpless. He has sent someone to kill him once. Once, he might be able to explain. But if you continue, I'm afraid Xuanyun city will not let him go.

Xia Mang and his party can only nod. Now, what can they do if they don't give up?

Boom!

Boom!

But, just as Xia Shichuan was about to wave his hand and let everyone go, suddenly, a deep sound came from outside.

Then, a quick voice came in, "enemy attack!"

With this voice, everyone's face changed. In an instant, the whole city master's mansion was in a mess.

The city Lord's house was attacked by the enemy, and Xia Shichuan stood up in a rage. The first thing he thought of was Wang Fan.

After all, his front foot just failed to attack Wang Fan, and then someone entered the city Lord's house. Who is this?

"What a maniac! How dare you break into my Lord's mansion! I didn't want to kill you any more, but since you sent me to the door, don't blame me for Xia Shichuan's impoliteness. "

Xia Shichuan was furious and yelled angrily, "kill me, dare to offend my Lord's mansion, no matter who it is, kill me!"

With his voice, everyone in the hall rushed out.

However, these people did not see the enemy attacking them at all.

"Master, it's not good. There, there's a fire." Another flustered voice came, Xia Shichuan's face changed, and then he saw that there was a raging fire in an area.

The fire in the sky made Xia's house more chaotic.

Xia Shichuan's figure flashed, crazy toward there, but still did not see the figure.

"Master, it's not good. Elder shamang, he, he was killed." Just when Xia Shichuan's face was gloomy, another voice came, which made Xia Shichuan's face more gloomy.

Xia Mang, the first elder of Xia family, was killed?

It's bad news.

"Master, it's not good. Elder Xia Jiang was killed, too."

"Master, it's not good, elder Xia MI. He's fallen."

"Home owner ."

next, the news hit Xia Shichuan like a huge hammer.

The elder of his Xia family, as if he had become a prey, was constantly killed.

Just in a flash, five elders fell.

Xia Shichuan's face is even more ugly, and the wind is unstoppable.

But he had some doubts. Was the man who broke into Xia's house really crazy Dao? Is crazy Dao so terrible?

Chapter 2902

"Who comes to my Xia family to be presumptuous and dare to show up?" With great anger, Xia Shichuan roared loudly.

His voice is like rolling sound thunder, clearly spread all over every corner of the Xia family.

However, there was no response at all.

Xia Shichuan saw that there was no response, and his inner anger was nothing to add.

It is ironic and humiliating for someone to enter his city Lord's house, kill several elders and set fire everywhere. However, he doesn't even know who the other party is?

"Rat, do you only dare to use this kind of Yin move? Do you dare to show up?" Xia Shichuan's full of anger has no place to vent, can only roar again.

"Rat? How ridiculous! No matter how crazy I am, I am not like Xia Shichuan. I dare not admit what I have done. "

This time, the other party finally has a response. Only that voice, but is to make the heart of Xia Shichuan tremble again.

Is this man really crazy? But when did the crazy sword become so strong? Killing the elder of the second floor in the imperial realm of Xia mansion was like killing a chicken and a dog. He didn't even make any noise?

"Crazy knife, is that you?" Xia Shichuan roared angrily, "you're right. I sent someone to assassinate you."

"Since you have come to my Lord's mansion, I think the person you want to kill most must be me. Do you dare to show up?"

When Xia Shichuan spoke, his mental strength had already spread out, and he began to investigate the wind and grass around him.

Whenever there is something wrong with Wang Fan, or he is aware of Wang Fan's trace, he will kill him at the first time.

"To kill you? You think too much of yourself. You are such a hypocritical rubbish that you don't need me to do it myself. "

"Today, I just want to ask for some interest. After a while, someone will come to kill you. Just wash your neck and get ready."

Wang Fan's voice is very disdainful, and with his voice, followed by another exclamation, "master, elder Xia Jie has been killed."

When Xia Shichuan heard Wang Fan's disdainful voice and the bad news, he felt that his whole blood was about to burn and boil, and he couldn't help his crazy rampage.

He really wanted to find out Wang Fan, and then he was broken into pieces. However, he could not detect the trace of Wang Fan.

Who on earth is this crazy Dao? It's abnormal to have the ability of hiding breath and the speed of body method?

"Ah Xia Shichuan screamed madly, "good, good, you just kill me, Xia Shichuan swears, I will never give you the chance to leave Baiyun city."

Wang Fan didn't bother to pay attention to him at all. He had a big space to move. The magic was constantly playing and harvesting the life of an elder.

These people are people who have appeared in the inn before.

Since they appeared in the inn before, they obviously took part in the attack on Wang Fan, so Wang Fan was merciless.

As for those who didn't go to the inn, Wang Fan didn't move. He didn't want to be contaminated with too much innocent killing.

For an hour, all the people in the whole city master's mansion were in a panic, whether they were the elders or the servants.

Especially those elders, they are very afraid, afraid that the next second, Wang Fan will appear in front of them, take their lives.

An hour later, Wang Fan left, but he did not return to the inn, but ran directly to the outside of Baiyun city.

When he arrived at the gate of Baiyun City, there were hundreds of guards stationed at the gate of Baiyun City, and Xia Shichuan personally guarded here.

Not only that, but also the city protection array of Baiyun city has been opened.

Xia Shichuan will check all the people who leave the city, no matter who they are, and no mistakes are allowed.

Wang Fan dares to be so presumptuous in his city master's mansion and slaughter the elders of the city master's mansion. It is strange that Xia Shichuan can swallow this tone.

If Wang fan is not killed, how can he feel at ease?

Obviously, Xia Shichuan wanted to trap Wang Fan to death in Baiyun city.

From the city gate dozens of miles away, Wang Fan looked at the scene, sneered in his heart.

Xia Shichuan also wanted to stop him, which was a joke.

If Xia Han had not been in Baiyun City, he was afraid to expose his identity. Xia Shichuan would have been killed by him long ago. How could he live to now?

As for the city protection array of Baiyun City, in Wang Fan's eyes, it is garbage in the garbage. He can break it easily.

Wang Fan looks at this scene with a sneer, grabs the communication bead and sends a message to Xia Han.

He wants to see if Xia Shichuan dares to stop Xia Han.

Not long after Wang Fan sent the message, Xia Han appeared at the gate of the city.

Xiashichuan see Xiahan appear, pupil can't help but slightly shrink, he is thinking, whether to let Xiahan leave.

Xia Han did not speak, but walked out of the city step by step.

The guards couldn't help changing their faces when they saw Xia Han and looked at Xia Shichuan.

They don't know if they should stop the summer cold."Master Xia Han, are you in a hurry to leave so soon? Now that I'm in Baiyun City, why don't you stay a little longer? "

Xia Shichuan did not keep silent, but said.

"Just stay a little longer. I just received the news from Xuanyun city that there is something urgent over there. I want to go back immediately."

Although Xia Han was very angry, he didn't tear his face.

As a last resort, he didn't want to tear his face with Xia Shichuan. Otherwise, if Xia Shichuan killed him in a rage, wouldn't he die in vain?

When Xia Shichuan heard Xia Han's words, he frowned slightly and then stretched out, "since master Xia Han is going to leave, naturally I dare not stop him and let him go."

With Xia Shichuan's voice, the guards let him go, and the gate opened.

As soon as Xia Han's mind relaxed, he also stepped out of the city.

The most important thing is that looking at the whole Baiyun City, he is not afraid of anyone except Xia Shichuan.

In other words, even if someone finds him, as long as he is not Xia Shichuan, he is not afraid at all.

Even if Xia Shichuan finds him, as long as he is not besieged by Xia Shichuan and many experts, he is still sure to kill him.

Xuanyuncheng, Xia family.

A maid ran out of a room in a hurry, looking very flustered.

"Xiao He, what's the matter? What happened?" A maid saw Xiaohe's expression in a hurry and couldn't help asking, but Xiaohe didn't respond at all.

She soon ran into a hall, even anxious to have no knock on the door for instructions.

There are three people sitting in the main hall, and the one sitting in the first place is Xiabai mountain.

It is rumored that Xia Baishan was seriously injured and escaped in the encirclement and suppression of Wenyan mansion, and even disappeared.

But not many people know that he has returned to the summer home.

In addition to Xia Baishan, there is another person named Xia Bailiu, who is now the second person in the Xia family. The last one was Xia Gaoyuan, the elder who escorted Wang Fan and his party to escape.

Xia Gaoyuan has just returned to Xia's home. With his three-tier strength in the imperial realm, it's not so easy to hear that those people in Yanfu want to chase him.

However, in addition to Xia Gaoyuan, more than 90 people, including Wang Fan and Xia Han, have not come back so far, which makes Xia Baishan and others look a little ugly.

Let alone the others. Xia Han and Kuangdao can't do anything.

Xia Han is Xia Baishan's illegitimate son, or even his favorite son. How can something happen?

Crazy Dao is the hope of Xia family in the future. They put everything on crazy Dao. How can it happen?

It can be said that in Xia Baishan's eyes, even the more than 90 Tianjiao can't compare with Wang Fan and Xia Han.

"Still no news?" Xia Baishan frowned and asked.

Just as his words had just fallen, he saw Xiao He rushing in and plopping down on his knees.

"master, elder, it's not good. Master Xia Han, his soul card is broken."

"What?" Hearing this, Xia Baishan could not help but stand up and his face suddenly changed.

Xia Han was killed? This is just bad news for him, unbearable bad news.

"Newspaper!"

However, before xiabaishan could speak, another elder ran in, looking very anxious.

"What's the matter, say it." Seeing the elder's anxious expression, Xia Baishan can only suppress Xia Han's being killed first, looking at the elder and asking.

"Home Lord, just now there came news from Baiyun city. Crazy Dao killed master Xia Han in Baiyun city. Now he is running away."

The elder said tremblingly.

Boom!

His voice fell, as if there was a thunder here, which made everyone's face changed greatly.

Crazy Dao killed Xia Han. Xia Han was killed by crazy Dao. How can it be?

"Who and when did the news come from? And what about crazy knife?" Xia Baishan forced himself to calm down and asked.

"The news from Xia Shichuan, the master of Baiyun City, was just now. As for crazy Dao, he didn't say, and I don't know." The elder replied.

"Go, lead me to Baiyun city." Xia Shichuan has no nonsense. He immediately grows up and runs directly to the direction of Baiyun city.

Xia Bailiu and Xia Gaoyuan do not neglect for a moment. Xia Bailiu is responsible for summoning the elders, while Xia Gaoyuan flies out directly.

Xia Han was killed, and he was killed by a crazy knife. This is a big event. Anyway, they must have a look at Baiyun city.

However, Xia Gaoyuan doesn't believe the news. Wang Fan and Xia Han leave together. He knows it.

If Wang Fan wants to kill Xia Han, when can he not and why in Baiyun city?

Of course, because Xia Baishan walked too fast, Xia Gaoyuan had no time to say these words.

Baiyun city.

At this time, Wang Fan has changed a pair of Yirong, swaggered into the Baiyun inn.

Even if there are countless guards on the street patrolling, searching for Wang Fan, Wang Fan did not care. Just a group of ants, want to find him Wang Fan, it's a joke.

If he didn't want to expose his identity, he would have gone out long ago. How could he have stayed more in Baiyun city.

Wang Fan didn't know it at all. Almost as he approached Baiyun Inn, his party also stepped into Baiyun city.

If he saw those people, he would be surprised. Because those people are actually the strong people in Wenyan mansion, and the leader is the leader of Wenyan mansion.

After hearing that Yan Qingshan and his party entered Baiyun City, they went straight to the city master's residence without any hesitation.

When Xia Shichuan saw that the man of Wenyan mansion had come to his city master's mansion, his face became ugly, and he was extremely frightened.

Although Xia Shichuan is the Lord of the city, he is arrogant, but he also depends on the target.

He can be arrogant in front of Wang Fan, or he can be arrogant in front of those whose accomplishments are not as good as his scattered cultivation. But how can he be arrogant in front of Wenyan Castle Peak?

If you hear that Yan Qingshan is willing, you may crush him at any time.

"You killed Xia Han?" This is Wen yanqingshan's first words to Xia Shichuan.

When Xia Shichuan listened to this, he immediately felt that his scalp was numb and cold sweated.

He clearly spread out the news that it was Xia Han who was killed by a crazy knife, and he killed all the people who knew about it. But now, how did Wen yanqingshan know that he killed Xia Han?

The most important thing is that when you hear about Yan Qingshan, you know that Xia Shichuan killed Xia Han. How can Xia Bailiu not know?

If so, Xia Shichuan felt his legs tremble when he thought of it. It seems that he is still too impulsive. He is

dazzled by anger.

"If you kill Xia Han, Xia Baishan will never let you go. If you want to survive, you can only cooperate with me. "

Smell Rock Castle Peak, looking at xiashichuan that slightly some fear expression, light said.

"How to cooperate?" Asked Xia Shichuan.

He didn't deny it because it didn't make sense.

Now that Wenyan Qingshan has found him, he has no choice. If he dares to refuse, I'm afraid he may kill him next second.

"Xia Han died in Baiyun city. I think the old Xia Bailiu will come here. If he comes, he will be the first to come to your Lord's house. "

"I will set up an ambush in a main hall. You only need to cheat Xia Bailiu into the main hall where I set up an ambush."

"Of course, I won't let you do things for nothing, as long as you don't do anything to satisfy me. After the death of Xia Baishan, you will be in charge of the Xia family in Xuanyun city. "

Wen Yan Qingshan said calmly.

Chapter 2904

After Xia Baishan died, he was in charge of the Xia family in Xuanyun city?

When Xia Shichuan heard the speech, he was suddenly moved.

Although he knew that even if he was in charge of the Xia family in Xuanyun City, he was just a puppet, but at least it was much better than now?

You know, the resources of Xia family in Xuanyun city can't be compared with his little Baiyun city.

"I can cooperate with you, but on one condition." Xia Shichuan did not ponder for long, he said with his teeth clenched.

When I heard the words, I couldn't help frowning.

To be honest, the reason why he wanted to cooperate with Xia Shichuan was just to take advantage of the event of Xia Han's death.

As for Xia Shichuan, it's just mole ants. He didn't see them at all.

In Wenyan Qingshan's opinion, it is Xia Shichuan's great luck that he seeks cooperation with Xia Shichuan and promises that Xuanyun city will be in charge of Xia Shichuan after it is completed.

But now, Xia Shichuan even has to talk about terms. Just a mole ant, what's the qualification to talk about terms with him?

"What conditions?" Hearing that Yan Qingshan's face was gloomy, he asked in a light voice.

He wants to see what terms Xia Shichuan wants to discuss with him. If this guy doesn't know what to do, he doesn't mind directly killing him.

He heard that yanqingshan would rather not cooperate with Xia Shichuan than be led by the ants.

"I want you to help me kill a man." Xia Shichuan said.

"Who?" Although Wen yanqingshan has guessed who Xia Shichuan is going to kill, he can't help asking.

"Crazy knife." Xia Shichuan replied.

"That's no problem." Wen yanqingshan did not hesitate to nod and agreed, "as long as xiabaishan died, just a crazy knife, I will help you kill."

Although Xia Shichuan wanted to say that he asked the people who heard about yanqingshan to help find the crazy knife first and then kill it, he did not dare to say it in the end.

He could only nod, "OK."

In this way, Wenyan Qingshan and Xia Shichuan soon reached a cooperation. Wenyan Qingshan and people set up an ambush in a main hall. Xia Shichuan, as usual, searched the city for Wang Fan.

However, with Xia Shichuan's energy, it is obviously impossible to find out Wang Fan.

Wang Fan didn't know that the people of Wen Yanfu had come to Baiyun City, and he also reached cooperation with Xia Shichuan.

On this day, he was drinking in Baiyun restaurant, the largest restaurant in Baiyun City, when he heard two monks talking.

"Hey, have you heard that Xia Baishan, the leader of the Xia family in Xuanyun City, has come to Baiyun city. It is said that he has brought a group of strong people with him."

"When did it happen? Why don't I know?"

"Just now, Xia Baishan has taken people to the city Lord's residence. I think it's mostly for Xia Han and crazy Dao."

"Eh, you say, is it really possible that Xia Han was killed by a crazy knife? How can I feel that something is very wrong?"

"Well, whether it's right or not, just think about it in your heart. Don't talk about it outside. Otherwise, if it comes to the Lord's residence, your life will be lost. "

The two friars were talking in a low voice, but they didn't realize that their voices had been heard by Wang Fan.

"Did Xia Baishan bring people to the Lord's mansion?" Wang Fan heard the news, but his eyes couldn't help brightening for a while. Then he got up slowly and walked out of the restaurant directly.

Since Xia Baishan has come to Baiyun City, he has no scruples.

In his opinion, Xia Shichuan's death is coming.

The Lord's mansion.

Xia Shichuan is smiling with Xia Bailiu and his party walking towards the mansion, but his heart is very uneasy.

Because since Xia Baishan appeared, his face has been very gloomy, which made him feel great pressure.

What's more, selling Xia Baishan is easy to say, but he is still under great pressure.

Because once Xia Baishan detects something wrong, the first one to die will definitely be Xia Shichuan.

"Xia Shichuan, you'd better tell me how Xia Han died. What's more, where is crazy Dao now, and why does he want to kill Xia Han? "

"If I find out that you have half a word of lies, you will know the consequences."

On the way, Xia Baishan asked as he walked, his tone was extremely cold.

When Xia Shichuan heard Xia Bailiu's question, he immediately felt a huge pressure on his face. He only felt that he was sweating all over.

But he didn't dare not answer, so he just said, "someone assassinated crazy Dao that night. Crazy Dao suspected that I sent someone to do it, so he asked young master Xia han to be the master and punish me."

"But young master Xia Han didn't agree, so crazy Dao was dissatisfied with young master Xia Han. Two people are in quarrel, mad knife draws a knife directly, killed Xia Han young master

Xia Shichuan also thought of this reason after careful consideration, because only this reason seems to be perfect.

After all, crazy Dao is eccentric and proud, and no one cares about it, because it's very possible to kill Xia Han in such a case."As for where the mad knife is, I don't know yet. But I'm sure he's still in Cloud City, but he hasn't been found yet. "

Xia Shichuan saw that Xia Baishan was silent, so he quickly went back to the road.

While talking, the party had already reached one of the main halls.

This hall is exactly the main hall of Wenyan Castle Peak.

Xia Baishan, the head of the Xia family in Xuanyun City, is much higher than Xia Shichuan, so he is naturally the first one to step into the hall.

Originally, after Xia Baishan stepped into the main hall, Xia Shichuan should be the second one. Because Xia Baishan had something to ask him, he always followed him closely.

However, Xia Shichuan did not go in, but a slight pause.

He just stopped for a moment, and he had let all the elders brought by Xiabai mountain into the hall.

Although xiabaishan is at the front, he is still very concerned about xiashichuan.

Xia Shichuan's strange behavior made him frown.

However, as he was about to speak, he suddenly realized that several extremely violent breath came towards him.

Xia Baishan's face changed greatly!

Almost at the first time, his momentum had gone up crazily, and his aura was even more violent.

At the same time, his fists have turned into shadows, and he has gone crazy.

However, no matter how fast he reacts, he is still slow.

Rumble of the explosion, crazy spread out, he was directly bombarded by the number of violent energy, mouth spray blood, the body fell back out.

"On the fifth floor of the emperor's territory, you can smell the rocks and green mountains?" Xia Baishan's eyes are splitting.

He and Wen Yan Qingshan are old rivals. How can he not recognize the smell when Wen Yan Qingshan starts?

He didn't expect that Wenyan Qingshan would appear here. Obviously, Xia Shichuan has betrayed his Xia family.

However, Xia Baishan still didn't have time to fight back, and a bright sword light suddenly appeared, and he chopped directly at his head.

Xia Baishan's face changed again, and he could only retreat madly.

However, even though he was quick enough, the sharp sword light still passed through his chest and brought up a blood mist.

At the same time, at least five of the more than ten elders of the Xia family who followed him have been directly killed.

"Xia Shichuan!"

Looking at the five dead elders, Xia Baishan's eyes almost split.

He suddenly turned his head, just like a wolf, staring at Xia Shichuan, killing furiously!

Chapter 2905

It was this beast who betrayed Xia Baishan and led to the death of five strong Xia family members.

Originally outside Wenyan City, his Xia family had already lost nine strong men, but now they have lost another five. It can be said that the Xia family has suffered a heavy loss.

Xia Shichuan looked at Xia Bailiu's vicious eyes, only felt that his scalp was numb and his heart was scared.

What a pair of eyes, it's terrible.

Whoosh.

At this time, several strong men in Wenyan Prefecture, led by Wenyan Castle Peak, have gone crazy again to attack Xiabai mountain.

However, Xia Baishan didn't pay any attention to the attack of Wenyan mansion. Instead, he flashed and

killed Xia Shichuan.

Even if he died, he would kill the traitor.

He wants to let the traitor know the price of betraying him!

Xia Shichuan saw that Xia Baishan didn't care about the attack of the people behind him. Instead, he rushed towards him crazily, and his soul was shattered.

He is only three levels of the Empire, and where can he be the opponent of Xia Baishan, the five level strong emperor? He can only retreat madly.

It's just, does it work?

Just for a moment, almost at the moment of hearing the strong attack of xiabaishan in Yanfu, xiabaishan's fist had already hit xiashichuan's head.

The fury was so strong that Xia Shichuan was killed before he could even scream.

In the same way, Xia Baishan bravely withstood the attack of several people from Wenyan Qingshan, and he could not help but gush out a few mouthfuls of blood and flew out.

But soon, he stood up again, reached out to wipe the blood from the corner of his mouth, and looked coldly at Wenyan Qingshan, "I, xiabaishan, finally understand what it means to seek skin with a tiger."

"One of the things I regret most in my life is to work with you to destroy yunqingxue palace. Today, even if Xia Baishan is dead, he will never make you feel better. "

Xia Baishan roared low, and his momentum began to soar wildly.

In the middle of the fifth floor of the Empire,

the top of the fifth floor of the Empire,

the sixth floor of the Empire!

Just in an instant, his cultivation has broken through the shackles of the five levels of the imperial realm and reached the six levels of the imperial realm.

However, everyone knows that xiabaishan not only burns blood essence, but also Shouyuan. Otherwise, his accomplishments would never have been so violent.

"Let's withdraw first. As long as his life is exhausted, it will be his death." Smell Rock Castle Peak see, pupil can't help but suddenly shrink, crazy back began to retreat.

At the same time, the more than ten elders of Wen Yan mansion also began to retreat.

Even though there are many of them, they still can't see Xiabai mountain on the sixth floor of the Empire. In particular, at this time, Xiabai mountain was extremely violent.

"Is it that easy to withdraw?" Xia Baishan grinned grimly. His body flickered like lightning. He went straight at an elder.

The elder's pupils contracted suddenly, and without hesitation, he burned his blood essence crazily, and intended to resist with a fist.

However, his power, in Xia Baishan's eyes, was as weak as slag.

Bang, click, click.

With only one blow, the elder was shocked out, and his body burst out like fireworks. He died!

Xia Baishan killed the well-known elder of Yanfu. Without any hesitation, he went to another man.

A fierce palm strength huff and puff, that elder still can't resist of live, immediately kill.

At this time, Xiabai mountain is a killing machine, and has become a red eye.

In his mind, it seems that there are only words to kill, regardless of the consequences.

In other words, he has completely ignored life and death.

In just a short time, eight famous elders of Yanfu were killed, which was terrible.

The main hall has been collapsed, and the whole city hall is filled with a pungent smell of blood.

Hearing the scene, the eyes were gloomy and terrible.

He never thought that xiabaishan would be so crazy and reckless.

He did not expect that the joint attack of more than ten of them failed to kill Xia Baishan.

Obviously, he heard that yanqingshan had miscalculated, but the cost of miscalculation was a little tragic.

After hearing that the rock green hill saw that Xiabai mountain rushed to an elder again, he couldn't avoid it any more and killed him madly towards Xiabai mountain.

He has clearly felt that the flavor of Xiabai mountain is weakening, that is to say, the strength of the sixth floor of Xiabai mountain will soon be gone.

Xia Baishan seems to have been waiting for Wenyan Qingshan to kill him. Almost at the moment when Wenyan Qingshan pounced on him, he resolutely gave up the elder and killed Wenyan Qingshan crazily.

The roar of the explosion spread out, xiabaishan again ejected a few mouthfuls of blood, his face is extremely pale.

Of course, it's not easy to hear about Yan Qingshan. His chest was blown through a hole, and his red blood was pouring out. It's obvious that he was also badly hurt.

As for the remaining three elders of Wenyan mansion, they had already been scared out of their wits, and they hid far away. At this time, Xiabai mountain in their eyes, is a god of killing, unable to resist the God of killing, they dare not go up.

Hearing this, Yan Qingshan spits blood and roars, "Why are you still in a daze? Why don't you join hands with me to kill him? Are you waiting for him to kill you

Hearing that Yan Qingshan was really angry, he saved the elder, but the elder was scared to one side. What is this?

Hearing the roar of Yan Qingshan, the three elders couldn't help changing their faces. They immediately bit their teeth and planned to kill Xia Baishan.

However, at this time, Xia Baishan's Scarlet eyes swept towards them.

Just at a glance, the little fighting spirit in their hearts completely collapsed, and they could not help shivering.

The smell of rock and green hill is about to explode. These three dogs are so unreasonable. If they were not useful, they would have been killed by Wen yanshan.

However, although the three men are the elders of Wenyan mansion, they are also flesh and blood. How can they not be afraid of death?

"Die." Xia Baishan didn't give them any chance to communicate. With a roar of anger, he killed Wenyan Qingshan crazily again.

He can clearly feel that his strength is weakening and his cultivation is declining. Once his power dissipates completely, it will be death waiting for him.

Xia Baishan did not escape, and he did not want to escape again, because he knew that he could not escape.

Now he only hopes to kill Wenyan Castle Peak before his strength dissipates.

Roaring sound crazy spread, xiabaishan and Wenyan Castle Peak crazy war together.

A series of violent energy chains ravaged madly. Just a few breath, the whole city Lord's mansion has been reduced to ruins.

As for the maid guard in the city Lord's mansion, I don't know how many people died. It's not clear how many people died.

At a certain moment, accompanied by a sound of explosion, two people's bodies were separated, and they were extremely weak.

At this moment, the fierce momentum of Xiabai mountain has completely disappeared, and even his face has begun to become old, just like an old man in twilight.

Although it's not as miserable as Xiabai mountain, the wound is very serious. The whole body is covered with blood, and the breath is very weak.

When I heard that yanqingshan was staring at xiabaishan, I laughed and said, "xiabaishan, you still failed. I heard that yanqingshan is the winner."

"After today, when I heard about Yanfu, I was able to unify the three cities and become the absolute overlord of the three cities. Don't worry. I will take good care of your wives and concubines. Ha ha. "

Hear the rock green hill shape if crazy, incomparably arrogant uninhibited.

However, his voice just fell, but a voice of disdain suddenly sounded,

"Oh, yeah, I'm afraid you're going to be disappointed. He said, "Xiabai mountain will die, but you can't live even when you hear about Yanqing mountain."

Chapter 2906

"Who?" Hearing the change of Yan Qingshan's face, he suddenly looked at the direction of the voice. However, he did not see people, but saw the most brilliant knife.

The fierce killing power surged in the awn of the sword, cut through the sky, and directly chopped down at his head.

Hearing this scene, I felt very angry.

He can clearly feel that the power of this knife is not strong at all. If it's at its peak, he doesn't care at all.

Now, however, he's been hit hard, and that's a big threat to him.

Smell Rock Castle Peak did not dare to neglect, can only be crazy to urge the body that a few immortal aura, crazy clap a palm, toward the knife shot.

However, he underestimated the power of the knife.

In the middle of the air, his hasty hand had been torn violently by the blade awn, and immediately countless blade awns fell on Wenyan Castle Peak.

The sound of hissing came out, and when I heard that Yan Qingshan was cut into countless wounds, blood splashed wildly.

At this time the smell of Rock Castle Peak, injury on the injury, the breath is more dispirited.

At the same time, he finally saw the person who appeared.

It was a young man, a very handsome young man who looked young.

The young man was holding a shadow knife as thin as a cicada's wing in his hand and carrying a wide knife on his back. He walked here step by step, just like walking in a leisurely court.

"Wang Fan!" Hearing that Yan Qingshan looked at the man, his heart trembled wildly.

Naturally, he didn't know Wang Fan, but he never thought that Wang Fan would appear at this time.

Compared with hearing the tremor of the Rock Castle Peak, Xia Baishan also fixed his eyes on Wang Fan. He couldn't believe his eyes.

He is no stranger to Wang Fan, but he is more familiar with crazy Dao.

He recognized at a glance that the broadsword behind Wang Fan was exactly the broadsword behind crazy Dao.

Is it Wang Fan who killed Kuangdao and took away his sword, or is it Wang Fan who is Kuangdao?

If Wang fan is a crazy Dao, Xia Baishan would not dare to think about it.

"You're right. I'm wang fan."

"I didn't expect that your front feet just joined hands to destroy Yunqing academy, and the back feet even fought by themselves. It's really funny."

Wang Fan sneered at Wen Yan Qingshan and said faintly.

Smell rock green hill face ugly, directly turned to look at the three well-known rock house elder, "you still Leng do what, still don't kill him?"

The three elders were shocked and immediately came back to God.

Their body aura crazy rage, breath crazy oppression to Wang Fan.

They are afraid of Xiabai mountain, but it doesn't mean they are afraid of Wang Fan.

Just, they just intend to move, but Xia Baishan suddenly opened his mouth, "I want to know if you are crazy knife, Xia Han is not you kill."

He looked at Wang Fan with complicated eyes, including anger, reluctance and regret.

"Yes, I am crazy Dao, but Xia Han was not killed by me, but by Xia Shichuan." Wang Fan replied that he didn't hide it, and he didn't need to.

"Ha ha." When Xia Baishan heard the words, he suddenly laughed wildly. He seemed to laugh at his own stupidity and his own stupidity.

Wang Fan turned into a crazy sword and killed the first person in Xuanyun city's Taoist war. The person he liked most was also the one he wanted to kill most, Wang Fan of Yunqing Academy.

Is this retribution? How fast you came!

"Wang Fan, I admit that I was blind in mieyunqing academy, and I don't expect you to let me go."

"Now I just want to ask you not to kill my Xia family, because many of them are innocent."

"In return, I'll help you with the three dogs in Yanfu."

Xia Baishan said, and without waiting for Wang Fan to respond, he burned his last strength and killed the three people madly.

The three people felt the terror of Xiabai mountain, and their faces changed in an instant.

At this time, it's too late for them to retreat. They just bite their teeth crazily and burn their blood.

However, in the face of absolute power suppression, no matter how crazy it is, it is useless.

Xiabai mountain is just a blow, the rumbling sound comes out, the three people have been torn in the storm, completely fall.

At the same time, Xia Baishan's body also fell to the ground, his face was older and dying.

Wang Fan took a deep look at Xia Baishan, "OK, I promise you that you will not destroy Xuanyun city. But I can't let go of your Xia family. "

Wang Fan won't do such things as cutting grass without removing roots. He can't leave hidden dangers for himself.

He won't kill all the people of Xia family in Xuanyun City, but his blood is bound to be killed. For nothing else, for the dead students and teachers of Yunqing Academy. They cannot die in vain, nor can their blood be shed in vain.

Wang Fan said, did not pay attention to Xiabai mountain, but went to Wenyan Castle Peak, "Wenyan old dog, say it, how do you want to die?"

Hearing Wang Fan's words, Yan Qingshan was furious.

It's just a mole ant. How dare you call him an old dog and ask him how to die?

Does Wang Fan think that if he is seriously injured, Wang fan can kill him?

It's ridiculous.

If he is forced to smell the Rock Castle Peak, he can also burn the blood essence Shouyuan and kill Wang Fan. It's just that I don't want to do that until I have to.

"Wang Fan, pay attention to your words. As the saying goes, rabbits have to bite when they are in a hurry, let alone when I smell the rock and green mountains. "

"I'll give you a chance now. Get out of here. I won't kill you. Otherwise, I'll kill you even if I'm fighting for Shouyuan. "

The voice of the mountain is low, and the canthus of the eyes are splitting.

Originally, with full confidence, he came to kill Xiabai mountain and wanted to unify the three cities and become the absolute overlord of the three cities.

But he didn't expect that the reality would be so cruel. Not only the people he brought were destroyed, but even he was severely damaged, and even threatened by a mole ant Wang Fan.

Wang Fan heard what Yan Qingshan said, but he was stunned. He immediately nodded his head seriously, "you're right. You remind me."

I don't know what Wang fan means when I hear that.

But at this time, he saw Wang Fan grab a rusty broken shotgun. It seems that the short gun can kill everything.

"I also want to thank you for reminding me, but you don't have a chance to bite." Wang Fan once again said, immediately without hesitation inspired the ban in the short gun.

In an instant, the terrible killing force breathed, thousands of spears tore the air, mixed in the terrible killing force, rolled towards Wenyan Castle Peak.

Hearing that the face of yanqingshan had changed greatly, the horror of the killing was beyond his imagination, and it was far more than he could bear now.

"To die!" A burst drink, smell Rock Castle Peak crazy long body, directly burned Shouyuan blood essence.

Up to now, even if he didn't want to burn Shouyuan's blood essence, he couldn't.

He doesn't want to die, let alone die.

"Out!"

"Boom!"

The sound of explosion is shaking, and the endless spear is tearing on the top of the energy storm from the Rock Castle Peak. It seems that the whole world has come to an end.

The surrounding buildings are constantly collapsing, and the main halls of the houses are more like paper paste, which burst into ruins one after another.

Chapter 2907

Hear the Rock Castle Peak is to send out a shrill scream, and then the whole person was completely torn up, dissipated in this piece of heaven and earth.

A generation of Xiaoxiong smell Rock Castle Peak, smell rock house master, meteorite!

Not far away, the dying Xia Baishan saw this scene and felt his mind trembling.

Wang Fan's strength is beyond his expectation.

With such a terrible strike, even the four strong in the imperial realm will be threatened.

After Wang Fan killed Wenyan Castle Peak, he turned his head and looked at xiabaishan, "xiabaishan, it's good for you to fight against crazy swords for so many days. I'll leave you a whole corpse. You can do it yourself."

When Xia Baishan heard the speech, he couldn't help choking for a moment, only feeling a little ironic.

Once upon a time, a mere emperor, a layer of ants, dare to let him self-determination?

Who would have thought that Wenyan Qingshan and his Xiabai mountain would die directly or indirectly in the hands of a mole ant in the emperor's territory.

However, at the moment, he has no choice.

He looked up at the sky and let out a long cry, and immediately clapped his hand on his own Dantian. In an instant, his breath leaked out and his life died out.

Another hero fell.

Wang Fan Light swept Xia Bai Shan's corpse one eye, did not pay attention to, the body shape a flash then disappeared in the original place.

A month later, the Xia family of Xuanyun City, several descendants and elders died one after another.

This matter has caused a great sensation in the whole Xuanyun City, but no one knows who did it.

Of course, no matter who did it, everyone knows that the Xia family is doomed to decline. The era of the Xia family is over.

Three months later, Wen Yancheng and Wen Yanfu also met a similar situation with the Xia family.

Countless lineage and elders of Wenyan mansion were killed and fell for no reason.

At this time, everyone was already doubting whether the mysterious man was a member of Yunqing Academy.

Just because there is no evidence, the identity of the mysterious man can only become a mystery after all.

Yunqing City, the ruins of Yunqing academy, a young man has been standing here for three days.

For the past three days, he has been standing on the stone without moving.

When some friars saw this man, they were very curious about who he was and why he was standing in the ruins of Yunqing Academy.

However, no one dares to ask, and no one dares to approach the youth.

During this period, the news of the extermination of the Xia family and Wen Yanfu has swept through the three cities.

Now someone is standing in the ruins of Yunqing Academy. In this case, who dares to be fussy? Don't you want to live?

You know, before the Xia family and Wen Yan mansion were weak, no one dared to go near the ruins of Yunqing Academy. It has become a forbidden area.

Because everyone is afraid that they will be treated by the Xia family and Wenyan house as the remaining evils of Yunqing Academy.

Three days later, the youth still stood there and did not move.

However, in the past three days, the news that someone has been standing in the ruins of Yunqing academy has spread like the wind and attracted countless people's attention.

Countless friars secretly came to the ruins to see who the young man was.

With the arrival of more and more monks, the identity of youth is finally recognized. Wang Fan, a gifted student of Yunqing Academy.

When people knew Wang Fan's identity, they were shocked.

You know, Wang fan is a legend in Yunqing Academy. Even in the whole Yunqing City, he is famous.

How can his sudden appearance not shock people?

Wang Fan didn't pay any attention to the people around him. He was waiting for the return of the president of Yunqing academy and the students.

He believed that no matter what he heard about Yanfu and Xia family, or what he appeared in Yunqing City, it would spread all over the three cities in a very short time.

In this case, as long as the dean and others are still in the three cities, they will receive news and return in time.

However, Wang Fan waited for three months, but did not wait for the return of the dean. Let alone the Dean, he didn't even see a student of Yunqing Academy.

Wang Fan was a little impatient. He finally sighed, then bowed deeply and left.

For three months, the president has not returned. There are only two possibilities. First, the president has been killed; second, he has left Yunqing city.

So Wang fan doesn't plan to wait any longer. He plans to find a place to shut up for a while, and then go to Liuzhou city.

Liuzhou City, one of the eight cities of the unparalleled Empire, is extremely prosperous.

The power and genius of Liuzhou are far beyond the small cities like Yunqing, Xuanyun and Wenyan.

If he wants to reach a higher level of cultivation and find the great enemy Xu Daozi, he must go all the way.

The most important thing is that after so many years of practice, with the continuous improvement of strength, Wang fanyue understood the endless practice.

The stronger the strength is, the more awe and fear will be.

After one year's closure, Wang Fan's cultivation finally came from the first level of the imperial realm to the second level of the imperial realm after consuming countless resources. However, he was very dissatisfied, because he consumed too many cultivation resources, and those resources were obtained from the elders of Yanfu and Xia family.

He really can't imagine how he will continue to practice in the future when he consumes so much resources.

At this time, Wang Fan was on his way to Liuzhou city. He did not take the transport array or the merchant ship, but sailed by himself.

The second level cultivation of his empire, if all the cards are played, is enough to shake the general five level strong. So, even if he was on his way alone, he was not afraid at all.

Twelve days later, Wang Fan came to Liuzhou city.

Liuzhou City, as one of the eight main cities of the unparalleled Empire, is indeed extremely prosperous, with an endless stream of people coming and going.

The grandeur and vastness of the city are much better than those of Yunqing, Xuanyun and Wenyan.

However, Wang Fan found that the people who went in and out of Liuzhou city were all young men and women.

All the young men and women were extraordinary and aloof, and even many of them had reached the second level of the imperial realm. Even Wang fan saw many of the third level of the imperial realm.

Obviously, these people are geniuses of geniuses.

"Is there any grand event being held in Liuzhou City, or why it will attract so many young men and women?"

Wang Fan couldn't help muttering to himself, but he didn't care.

He looked at the queue into the city of long, simply came to Liuzhou city outside a temporary construction of the restaurant.

Anyway, he has nothing to do and is not in a hurry. He might as well go to a restaurant and wait for people to come back to the city. He doesn't want to be crowded with those people.

The business of this restaurant is also very hot. When Wang Fan entered, there was not much position left.

Countless young men and women are drinking and whispering.

Wang Fan casually a listen, then know is how to return a responsibility son, originally Liuzhou college these days is enrolling students.

When he thought of Liuzhou college, he couldn't help thinking of the slovenly old man. He remembered that the old man gave him a token, saying that with this card, he could enter Liuzhou college to practice.

Of course, Wang Fan didn't believe it and didn't care.

After the incident of Yunqing academy, he didn't want to join the college. He just wanted to find cultivation resources and practice quietly.

"Elder martial brother, may I sit here, please?" Just as Wang Fan was thinking, a clear and pleasant voice suddenly came. Then he saw a woman standing in front of him.

Chapter 2908

Women look more than 20 years old, beautiful appearance, noble temperament, a look at the birth of extraordinary.

However, she did not have the bad temperament of those aristocratic ladies. She was not superior and invincible, but she was very gentle and polite.

Wang Fan looked around and found that the restaurant was full in just a short time. He's the only one in the seat. He's the only one sitting. There's still room left.

Wang fan is naturally not a cold and rude person, he nodded with a smile, "if you don't mind younger martial sister, I naturally have no problem."

He did not expect that he could meet such a beautiful woman when he came to the restaurant to sit for a while.

However, he didn't mean to talk to the woman, but still drank wine and listened to the comments of the people around him.

"My name is Wen Wanyi. I don't know what to call my elder martial brother. Is he also here for the examination of Liuzhou university?"

When the woman saw that Wang Fan didn't mean to chat up, she found it very interesting and couldn't help asking.

You know, in the past, no matter where wenwanyi went, she was the master of all the stars.

If she takes the initiative to sit next to any of her peers, the peers will be excited.

However, Wang Fan did not mean to chat up. How could she not be surprised?

Wang Fan shook his head, "my name is Wang Fan. I didn't come here for the examination of Liuzhou University, just for other things."

First of all, he didn't mean to enter Liuzhou college. Even if he wanted to, he couldn't.

Liuzhou college is the holy land of Liuzhou city. It needs not only talent, but also recommendation.

How can he enter Liuzhou college without recommendation from Wang Fan?

"Oh, so it is." Wen Wanyi nodded, then instead of asking more questions, she ordered a pot of tea and tasted it.

In her opinion, the reason why Wang Fan didn't plan to enter Liuzhou university is definitely not because he didn't want to, but because he didn't have enough talent.

In this case, she naturally will not continue this topic, it will be very impolite.

Next, the two fell into silence.

Wang Fan's drinking, gentle and pleasant tea, looks rather strange.

While Wang Fan was drinking, another group of three came in.

The breath of these three people is very rich. One person's cultivation is in the third level of the emperor's realm, and two people's cultivation is in the second level of the emperor's realm.

After entering the restaurant, they glanced around and saw that there was a vacancy on Wang Fan's side.

Without any hesitation, the three men strode directly towards this side.

Wang Fan lightly swept these three people one eye, did not pay attention to, but his in the heart is actually sighing, really is where all can't do without this kind of fly, simply annoyed to death.

"Boy, we need this table. Let us have it." The young man on the third floor of the imperial realm glanced over Wen Wanyi, then looked at Wang Fan and threatened to say.

With that, he threw out a space ring.

Wang Fan frowned and did not speak.

However, he didn't speak, but Wen Wanyi said, "three, you've gone too far. Don't you even understand the minimum politeness?"

Wen Wanyi looked at them with a gentle voice, but disgust appeared in her eyes.

Three people a Leng, obviously did not expect, Wen Wanyi will stand up to speak.

Let alone them, even Wang Fan was surprised.

The young man of the third floor of the emperor's realm returned to his senses. He laughed and looked at Wen Wanyi. "Beauty, I really don't know etiquette. Can you teach me?"

Obviously, he was already teasing.

When Wen Wanyi heard this, her smile disappeared and her eyes suddenly cooled down.

"Go away!" She just spat out a word, and then, the green palm had been patted out, and it was on the face of the three-tier youth in the imperial realm.

With a slap, the third floor of the emperor's kingdom was caught off guard, and was directly photographed. Even if he spurted a mouthful of blood, he flew upside down.

The people in the tavern were completely dull when they saw this scene.

Obviously, I didn't expect that Wen Wanyi, such a shy beauty, would be so violent.

The young man from the third floor of the imperial realm was even more worried. After he stood up, he looked maliciously at Wen Wanyi,

"do you know who I am? You are looking for death. If we don't let you know, if we dare to fight me, we will die "

before the young man's words were finished, a group of people swarmed into the restaurant again.

After that group of people appeared, they immediately saw Wen Wanyi, and then strode over.

"Miss." After running to Wen Wanyi, the leader nodded and saluted with great respect.

Wen Wanyi nodded, but the three young people were stunned.

Because there are more than a dozen people in this line, the lowest accomplishments are all in the third floor of the imperial realm, and even two in the fourth floor of the imperial realm. Obviously, Wen Wanyi's origin is unusual. Wang fan is also stupefied for a moment, that look at the three young people's eyes become playful. These three guys are pigs. Did they kick the iron plate?

The people who saluted Wen Wanyi naturally saw the situation here.

The head man's brow couldn't help wrinkling. Gong Sheng asked, "Miss, what's the matter?"

Wen Wanyi shook her head. "It's OK. It's just three garbage. Let's go."

Then she stood up and looked at Wang Fan, "elder martial brother, if you don't mind, let's go into the city together."

Wang Fan listened to these words, but had some good feelings for this woman.

Obviously, the woman was afraid that after she left, the three people would vent their anger on Wang Fan, so she invited him into the city.

No, but Wang Fan did not immediately agree, but asked, "need to line up?"

Wen Wanyi was stunned for a moment, then shook her head with a smile, "no need."

"Well, in that case, let's go together." Wang Fan heard that there was no need to queue up and immediately stood up.

Then the group left.

After they left, the restaurant was completely fried.

"Were those people from Wen's house just now?"

"My God, I didn't expect that the woman was actually Miss Wen in the rumor."

"It's said that Miss Wen's family is not only beautiful, but also close to the moon. When I see her today, she really deserves her reputation."

"Hey, those three idiots dare to offend even the Wen family. It's thanks to the Wen family's gentle character, otherwise they would have died ten thousand times."

"That's right. I heard that Miss Wen's family, even in Liuzhou University, is the pride of heaven, with countless pursuers. If her pursuers knew about it, and the three of them went to school again, the three young people would be ashamed when they heard the comments of the people around them.

They have no face to stay here, but quickly left the restaurant.

Wang fan doesn't know what he said in the restaurant after he left.

Of course, he knew that wenwanyi's identity must be extraordinary, but he didn't care at all.

As Wen Wanyi said, they didn't queue up. She just took out a jade card and entered Liuzhou city smoothly.

"Elder martial brother Wang Fan, what's your plan next? Do you want to go to my Wen's house?"
Walking on the street of the city, Wen Wanyi looks at Wang Fan and asks.

She felt that Wang Fan was more interesting, because even now, Wang Fan did not have the slightest formality, neither humble nor overbearing, very casual.

Chapter 2909

"Go to Wen's?" Wang Fan's eyes flashed a strange color, but he shook his head with a smile. "Next time, thank you for your kindness."

Although he has never heard of the Wen family, just look at the guards around Wen Wanyi, and you will know that the Wen family is definitely not simple.

Wenwanyi is kind to others, but it doesn't mean that other people in the Wen family are kind to others. He doesn't want to go to the Wen family to be looked down upon.

What's more, he and Wen Wanyi just met each other, far from being familiar with the situation of going to Wen's house.

"Well, in that case, we'll meet again. This is my communication bead. If you encounter something in Liuzhou City, you can come to me. "

Wen Wanyi did not continue to invite, but said with a smile, and then took out a communication bead.

Wang Fan took a look at the communication bead handed by Wen Wanyi, took it with a smile, and then turned to leave.

He knew that Wen Wanyi didn't really want to make friends with him when she gave him the communication bead. Most of them were afraid that the three people would make trouble for him.

Wen Wanyi looked at Wang Fan's back, her eyes twinkled with a strange color, and then she also turned to leave.

But the guards behind her are a little puzzling. When did the young lady want to make friends so much?

You know, although Wen Wanyi is gentle and kind to others, it is very difficult for her to get to know each other deeply.

The most important thing is that this is the first time that Wen Wanyi has invited her peers to come home. But speechless, he was rejected.

Wang Fan didn't know what the guards thought. At this time, he had come to an inn, but he didn't go in.

He only had to look at the crowded people in the inn hall to know that there must be no room.

Wang Fan went to several more inns and found that they were full and there were no vacant rooms at all. This made him regret that he refused Wen Wanyi's invitation.

After all, it's better to go to Wen's house and be despised than to sleep on the street?

"Sir, do you want to stay?" When Wang Fan was a little depressed, suddenly, a weak voice came into Wang Fan's ears.

Wang Fan turned to look, and immediately saw a bony little girl.

The little girl looked no more than thirteen or fourteen years old, but she was so thin and terrible, her face was withered and yellow, and even her hair was a little sparse.

What puzzled Wang Fan most was that the little girl clearly had the cultivation of Wang Jing, but her eyes were a little dark, obviously she didn't sleep well.

The friars on the first floor of the kingdom are down to such a state?

"Are you talking to me?" Wang Fan was puzzled, but he asked.

"Yes, sir, I think you just came out of an inn and guessed that you want to stay, so I'll ask."

The girl said timidly. When she spoke, she did not dare to raise her head, even her voice trembled.

This made Wang Fan even more confused. How did the little girl feel inferior to herself to such a degree?

"Little sister, do you think I look like a senior? Just call me big brother. By the way, how much does it cost to stay with you?" Wang Fan asked.

"It's not expensive. It's only a month for a hundred high-quality stones." The little girl did not dare to call Wang Fan big brother, but lowered her head and said.

"Lead the way." Wang Fan said.

"Good." The little girl nodded and then led the way.

Wang Fan followed the little girl for more than an hour, and then came to a civilian area.

Looking at this civilian area, Wang fan can't help feeling that there are poor people everywhere.

The little girl seems to be aware of the change of Wang Fan's look, and quickly said, "master, don't worry, my house is very clean."

Wang Fan smiles and doesn't speak.

The little girl took Wang Fan to a small courtyard in a civilian area.

There are only two rooms in the courtyard, a grocery store, but one of the rooms is occupied, and the other room and the grocery store are empty.

The little girl directly took Wang Fan into another vacant room and said, "master, are you satisfied?"

Wang Fan took a look, this room is not big, only a dozen square meters, but just as the little girl said, clean up very clean.

Wang Fan didn't care. He nodded and said, "I'm satisfied with the room, but if I live here, where do you live? Is your family living in the other room?"

Wang Fan has to ask this question. After all, if the other room is also a guest, and he lives here again, the little girl will have no place to live.

"Don't worry about me. I'll just clean up the grocery store and sleep there." Said the little girl.

"Sleeping at the grocery store?" Wang Fan frowned, his mental power swept out in an instant, and immediately saw the scene in the grocery store.

It's not only dirty, but also humid. Where can people live. Even if a friar lives in it, he will be depressed

and irritable, right?

"Well, I don't usually rest at night. I just squint a little. It's enough at the grocery store."

"Master, if there is nothing else, I will go first. This is my communication bead. You can come to me if you have something

The little girl was afraid that Wang Fan would continue to ask. She finished in a hurry, dropped another communication bead and planned to leave.

"Wait a minute." But Wang fan stopped the little girl.

The little girl steps a meal, that look to Wang Fan's eye socket, tears are about to fall out. Obviously, she was afraid of Wang Fan.

"Here's the room rate. Take it." Wang Fan also didn't say much, directly threw out a space ring.

The little girl was relieved when she heard Wang Fan's words, but when she saw the immortal stone in the space ring, she was shocked and dropped the space ring on the ground.

Aware of her gaffe, she hurriedly picked up the space ring and handed it back to Wang Fan, saying,

"master, there are too many. I can't take it. The one hundred top grade immortal stone is one hundred top grade immortal stone."

When Wang Fan heard this, he had some good feelings for the little girl. He didn't care and said, "put it away. OK, you go. I'm going to have a rest."

"Thank you, master." The little girl looked at Wang Fan with red eyes for a long time. Then she bowed deeply and left.

Wang Fan lived in the room and began to practice.

The next three days, Wang Fan's life is very calm, no one to disturb, even the little girl, also did not appear.

However, Liuzhou city is more noisy.

With the day of Liuzhou college enrollment getting closer and closer, Liuzhou city is already overcrowded, so that many people can not find a place to live, and came to civilian areas.

On this day, Wang Fan was practicing. Suddenly, a loud voice came. Then Wang fan saw a group of people walking into the courtyard.

This group of people, a man and a woman walking in the front, dressed in ordinary clothes, were obviously from the civilian areas, while the woman was the little girl.

But the little girl seemed to be very afraid of the man, submissive and trembling.

Behind them, there were four people, all dressed in luxurious clothes and their faces were full of pride.

When the civilian man faced the four people, he was very respectful, flattering and bowing.

Chapter 2910

"Lang Ping, you can't do this. They are all my guests. I've accepted xianlingshi."

See a group of people into the courtyard, although the little girl is afraid, but still hard headed, toward the civilian man said.

Pop.

However, her voice fell in exchange for a loud slap in the face.

The common man raised his hand directly, fanned the little girl to the ground mercilessly, and then stepped on her delicate body bone with one foot. Then he said fiercely,

"Wu Yun, Qiao Shao can look up to you here. Don't be shameless. Don't be so wordy, or I'll scratch your skin. "

"You have to think it over for me. You owe me those debts. Even if I kill you, no one will take care of it."

The civilian man said maliciously, then nodded and looked at the four young people behind him, "young masters, I'm sorry, this bitch is not sensible, please don't care."

"Well." The young man nodded indifferently, then looked up at the room where Wang Fan lived with the other man,

"the people inside come out. We are going to live in these two rooms, and we hope you can find another place."

With that, he pointed out two fingers and blew to the eaves of the two rooms.

There were two blasts, the eaves of the window cracked and the sound trembled.

In the room, Wang Fan looked at the scene, his anger could not help rubbing straight up.

He was not only angry at Lang Ping's humiliation to the little girl, but also angry at Qiao's arrogance.

There are people in the room. They dare to be so unscrupulous. Obviously they don't pay attention to the people in the room.

You know, if you are in the critical moment of cultivation, just the other party's action will be enough to make the people in the room suffer.

With a creak, the door of the other room opened, and then a young man with a lunar face came out.

His face is very cold, tone is also very bad, "what do you mean, do you want to force me away?"

As he spoke, a strong breath suddenly appeared on his body. The majestic degree of that breath was already the second peak of the Empire.

The young man surnamed Qiao felt the breath of each other, but he disdained to smile and said, "what you said is right, just to drive you away, what can you do?"

"Originally, I just wanted to let you go. Now it seems that you are not very smart."

Then he pointed to a man behind him and ordered, "go, abolish his cultivation, and then throw it out."

With his voice, a young man behind him suddenly has been out, toward the lunar youth killed in the past.

The fury bloomed at the same moment, and the youth's cultivation was already three levels of the Empire.

The young man's face changed greatly. He didn't expect that if he came out at will, his strength would be stronger than him.

What's more, he didn't expect that these people were so cruel and even wanted to abolish his cultivation.

However, he didn't admit his advice. Instead, he madly urged his aura and launched a war with the three-tier youth in the Empire. However, the suppression of cultivation made him fall into the disadvantage in a very short time.

Finally, he was directly patted by the young man and flew out upside down.

After the young man fell to the ground, he bit his teeth and quickly grabbed a talisman, which inspired him.

A touch of brilliant brilliance appeared, and soon rolled up his body, disappeared without a trace.

"Well, you can run fast." The young man of the third floor of the imperial realm was a little upset when

he saw that the other side was running so fast.

You know, Qiao Shao asked him to abolish the other's cultivation, but he didn't do it.

With displeasure, he looked at the room where Wang Fan lived, "the people inside, don't you roll out, do you want us to go in and invite you?"

Creak.

The door opened and Wang Fan came out with a helpless face.

He looked at the young man and sighed, "what's the need? Can't I be quiet for a while?"

"Quiet?" The youth of the third floor of the imperial realm laughed jokingly, "don't worry, you will be quiet soon. Because I will send you to hell, let you sleep completely

"Send me to hell?" Wang Fan's eyes narrowed, "are you going to kill me?"

That anger in his heart, is there such a unreasonable person in the world? Grab his room and kill him?

"Congratulations, you're right." The young man replied with a sneer and walked to Wang Fan step by step.

"No, no, he's my guest. You can't do that."

Seeing this scene, the little girl couldn't help crying out again. At the same time, she rushed forward and hugged the young man's leg.

When the young man saw that the dirty little girl held his leg, he was very angry. He just kicked Xiao out.

The little girl's body and bones are weak, and her cultivation is only one level in the king's realm. How can she stop the three strong men in the emperor's realm?

With a bang, her body was directly kicked against the wall. With a click, the wall was smashed, and the little girl spat out several mouthfuls of blood. This is the young man's mercy, otherwise, the little girl will not be injured as simple as that.

Wang fan saw this scene, his face suddenly cold down, "don't you think you are a little too much?"

He pointed to the little girl, "don't talk about your bullying me, just talk about her."

"She is the master of this courtyard. Don't you think it's shameful to have your hands on her when you want to live here?"

"Even if it's bullying people, you can't bully people to your point, can you? What about your shame? "

Wang Fan's voice fell, and the four young people were stunned for a moment. It was obvious that they did not expect that Wang Fan would say this.

After returning to God, the young man of the third floor of the Empire laughed grimly, "say we are despicable and bullying others? Good. Then I'll be despicable and bully others. What can you do? "

"Originally, I just wanted to kill you, but now it seems that I can't let you simply die."

"I will abolish your cultivation, break your legs, and then let you kneel in this courtyard and repent forever."

The young man said, the momentum of crazy bully surging, and then killed Wang Fan.

Wang Fan's cultivation, his perception of the clear, just two levels of emperor territory.

This kind of cultivation is rubbish in his eyes. He didn't pay attention to it at all.

At the moment of approaching Wang Fan, the young man waved his hand, and a huge handprint suddenly appeared in the air. He patted Wang Fan's head hard.

"Eternal repentance?" Wang Fan also laughed, and at the same time his body rose with his long body, and he clapped it out.

Emperor level martial arts, kaitianzhang.

Open the sky palm to shoot, between the heaven and earth infinite aura crazy surge gather, the prestige trembles the heaven and earth.

Kaitianzhang, he has already refined a great realm, its power is naturally not the same as before.

Boom!

With a bang, Wang Fan's opening palm rolled up the power of creating the world, and hit hard on the huge seal of the youth.

In the young man's fear and despair eyes, his condensed palmprint was torn to pieces.

Wang Fan's handprint is not reduced, continue to move forward, hard printed in the youth's Dantian.

Another low sound, followed by a shrill cry, the young man flew out and hit the ground heavily.

His face was very pale, and his cultivation had been abandoned.
