Chapter 2911

At this moment, the whole audience was dead.

Everyone was staring at the young man whose cultivation had been abandoned, and he couldn't recover at all for a moment.

How could it be that Yuan Ji of the third floor of the imperial realm was abandoned by Wang Fan of the second floor of the imperial realm?

"Did you abolish Yuan Ji?" After returning to God, the young man surnamed Qiao, who was the leader, looked at Wang Fan coldly and asked moriran.

"Why, he is only allowed to abolish me, but I am not allowed to abolish him? In your opinion, I should stand here and wait for him to be abandoned

Wang Fan feels that the young man surnamed Qiao is funny. Is he an idiot?

During the conversation, his feet had been pointed out again, directly on Yuan Ji's knees.

Click, click.

It was the sound of two cracks again. Yuan Ji couldn't help but utter a shrill cry again, and he was completely paralyzed.

Losing his cultivation, he could not bear the pain of his knees being abandoned. He only felt cold sweat all over his body and wanted to be in a coma.

"Good, good." The young man surnamed Qiao couldn't vent his anger. He looked at Wang Fan coldly, "I remember you. We'll see you later."

After that, he turned around and planned to leave.

"Did I let you go?"

When Wang fan saw the young man's behavior, he felt that this guy was a brain wreck. If you threaten yourself and want to leave, don't you think that Wang fan is brain damaged?

"What do you want? I'll tell you, I'm a student of Liuzhou University. Dare you touch me? Have you ever thought about the consequences? " Joe doesn't hurt to see to Wang Fan, coldly ask a way.

His anger has expanded to the limit, but it has been suppressed.

Yuan Ji's strength is the strongest of the four, but because of his old age and insufficient potential, he has no chance of Liuzhou University.

However, he has the best talent and is absolutely able to enter Liuzhou college. Because of this, Yuan Ji will listen to him.

Now, Yuan Ji is abandoned by Wang Fan. If he doesn't hurt Qiao, he will be no match.

Don't say is Joe don't hurt a person, even if he and behind that three people add up, also won't be Wang Fan's opponent.

"Liuzhou college students?" Wang Fan's eyebrows wrinkled. If this guy is really a student of Liuzhou University, he is not very moved.

Because if you move a student of Liuzhou college here, it means that he has to escape from Liuzhou city again.

"Brother, don't believe him. Students of Liuzhou college can't come to live here, let alone mix with people like LANGPING."

Not far away from the little girl, that is Wu Yun, difficult to get up, said to Wang Fan.

Although she is a friar at the bottom, she has always been humble, but she also has anger? How could she not be angry when these people bullied her and humiliated her like that before?

Originally, even in the face of bullying, in the face of humiliation, she could only endure silently, licking the wound alone.

But now, Wang Fan showed such a strong strength, how can she not want to vent her anger?

What's more, it's not just that she wants to export evil spirit, but that Qiao's lie has obviously threatened Wang Fan.

That being the case, she was going to break Joe's lie.

Wang Fan smell speech, can't help patting head, it seems that he is in the game.

Sure enough, after Wu Yun's words fall, Wang Fan obviously realizes that Qiao Bushang's face can't help changing.

Seeing this scene, Wang fan is more sure that this guy is really cheating him.

"You have a lot of courage. You dare to pretend to be a student of Liuzhou University, and you are still bullying the weak outside."

"It seems that I have a great obligation to help Liuzhou university do justice for heaven and eradicate such scum as you."

"Otherwise, the reputation of Liuzhou University will not be destroyed by such shameless scum as you?"

Wang Fan said with awe inspiring righteousness, and had already walked step by step toward Qiao Bushang.

And listen to his words, not only Joe don't hurt three people a Leng a Leng, even if Wu Yun is also a Leng a Leng.

I tell you, although I'm not a student of Liuzhou University, I can pass the examination 100% and enter Liuzhou University. If you dare to move me, you will die miserably. "

After returning to mind, Joe does not hurt the roar way of hoarseness.

He's a little scared. He's really scared.

He didn't expect that this small civilian area could meet Wang Fan's cruel stubble. If he had known that, he would not have come here.

Wang Fan listened to this, but could not help laughing, "you can rest assured, Liuzhou college will not want scum, and I will not give you this scum, the opportunity to join Liuzhou college."

Said, Wang fan body suddenly emerged a fury breath, then flash body then toward Qiao not hurt killed in the past.

From this guy's performance today, we know that he doesn't know how many weak people he has bullied. Treat this kind of person, if did not meet also just, but since already met, that he Wang Fan will not be polite.

Qiao does not hurt Wang Fan to kill, the facial expression changes greatly, only his actual strength and Wang Fan simply cannot compare.

Wang Fan just gave a punch, then he had already violently blasted through his elixir field and completely abandoned his cultivation.

"Ah." The shrill scream came out, and Qiao Bushang and Yuan Ji fell together, quite pitying for each other.

"Elder martial brother, all this is done by Qiao Bushang. It has nothing to do with us. We haven't done anything."

"Yes, elder martial brother, you can't move us. We are innocent."

When the other two saw this scene, they were already scared out of their wits, and their legs began to shake.

In particular, when I saw Wang Fan's eyes sweeping towards them, I only felt cold all over.

Wang Fan nodded, "well, I believe you, so now I'll give you a chance to abolish your cultivation and get out."

"Otherwise, like them, you will not only waste your accomplishments, but also your legs."

When they heard this, their faces couldn't help changing, and there was a trace of despair in their eyes. Even if they didn't do anything and were soft, would Wang fan not let them go?

If their accomplishments are abandoned, doesn't it mean that they will be abandoned? And once they become useless, how can they survive?

They didn't want to abandon their cultivation. They just looked at Wang Fan's indifferent eyes, but they didn't dare not to do it.

However, just when they had no choice and decided to abolish their cultivation, a cold voice suddenly came, "friend, is that too much?"

With this sound, a line of two people into the courtyard.

These two people, a man and a woman, the man is handsome, the woman is very beautiful.

Men's clothes are luxurious, and one can see that they are extraordinary, while women's clothes are more simple, and they are more like people in civilian areas.

However, they all have a sense of pride, high above, invincible.

"Elder martial sister Wen?" Wu Yun sees that woman, the facial expression immediately Shua of for a while, pale.

However, the woman, who was called elder martial sister Wen, didn't go to see her. She just glanced at Wang Fan disdainfully, and then moved away.

"Too much?" Wang Fan looked at the two people who suddenly appeared and couldn't help frowning.

But he did not answer, but looked at Wu Yun and asked, "do you know him?"

Chapter 2912

"Well." Wu Yun nodded, then whispered, "her name is Luo Jiao. She is a student of Liuzhou college who went out from our civilian areas."

Wang Fan heard Wu Yun's voice, but he was puzzled.

Since this woman is going out from the civilian area, why is she so proud that she doesn't even bother to look at Wu Yun.

As soon as Wang Fan thought of this, he saw Luo Jiao suddenly frown. Then he looked at Wu Yun and snorted coldly,

"my origin is something you can mention. You should not let me dirty your hands."

Obviously, she heard Wu Yun's voice.

Wu Yun hears this words, the facial expression is in the instant pale. But she did not go to palm mouth, but some fear of looking at Wang Fan.

Luo Jiao saw that Wu Yun didn't do what she said. She was very angry and said with a sneer, "why, is my words useless? Do you think he can save you?"

"Bitch, if you don't slap yourself today, I'll smash your face with the sole of my shoe."

This Luo Jiao tone is extremely domineering, very domineering.

When Wang Fan heard this, he frowned and said, "you all live in civilian areas, so it's not like this, is it?"

"Shut up Just, Wang Fan's words haven't finished, have already been interrupted by Luo Jiao, "I talk with her, have you this mole ant to interpose?"

"And who, like this slut, lives in a civilian area? Don't blame me for being impolite unless you slap your own tongue

Speaking of the back, Luo Jiao's face is slightly ferocious. She seems to care about Wang Fan's saying that she lives in a civilian area.

Wang Fan was stunned.

As the saying goes, who won't let the digger eat? This woman is good. Now she's a little promising, and she doesn't even admit that she was born?

Thinking of this, Wang Fan secretly grabbed a crystal ball and began to record it. At the same time, he politely said,

"two elder martial brothers and sisters, you must not be very clear about the things here. Because of the shortage of houses in Liuzhou City during this period of time, I lived here in Wuyun, and also paid the top grade immortal stone. "

Wang Fan's words still haven't finished, was interrupted by Luo Jiao again, "who wants to listen to your nonsense, quickly palm mouth."

At this time, Wang Fan's disgust for this woman is not as simple as that. He almost wants to smoke this woman's two big mouths.

However, thinking of the identity of the other party, he still put up with it and planned to convince others by reason.

Therefore, he did not shut up, but pointed to several people surnamed Qiao on the ground and continued, "but they came here arrogantly and domineering. They not only beat the Master Wu Yun here, but also wanted me to get out of here."

"If it's just like that, I can bear it. I can go away as if nothing happened."

"But these guys are even higher than me in their accomplishments, and they want to kill me. You say, where is there such unreasonable thing in the world?"

"So, am I going too far to abolish them? If I don't have some cards, I'm afraid I'm the one who's been killed and abandoned now, right

At this time, there were already some people around, who also did not find accommodation in the city, so they lived nearby.

Some of them come to participate in the examination of Liuzhou University, while others just come to have a look.

They all came here because they heard what was going on here.

Hear Wang Fan's words, those people look to Qiao surname several people's eyes, all become disdain.

Arrogant and domineering, bullying others, their end can only be said to be self inflicted, deserved.

If the transposition, they will not be merciful, or even more ruthless.

After all, as Wang Fan said, if Wang Fan's strength is not enough, it will be Wang Fan who will be abandoned and killed at the moment.

But is it possible to reason with the students of Liuzhou university?

You know, sometimes, truth is not necessarily truth, but big fists are truth.

As students of Liuzhou University, Luo Jiao and Wang fan are obviously on the strong side. If they think Wang fan is unreasonable, Wang fan is unreasonable.

"If I say you are too much, you are too much. Is there a problem?" At this time, the young man beside Luo Jiao finally spoke again. He looked haughty and had a strong disdain in his voice.

It's just a mole ant. Is it funny to reason with him?

He looked at Wang Fan and said in a light voice, "don't you hear jiao'er's words? Don't let me say it again."

"If you do it simply and to my satisfaction, I will save you a dog's life today. If you don't know what's interesting, I'm sorry. You'll be worse than them. "

The young man looked down on Wang Fan. He was superior and invincible. It was like a king's edict. Disobedience would lead to death.

Wang Fan laughed angrily. He was more arrogant than before.

He has just seen the arrogance of the young people surnamed Qiao, and now he has seen the arrogance of the students of Liuzhou University.

There is no truth to be said in this world of strength. Wang Fan laughed and laughed at himself, "are the students of Liuzhou university so unreasonable and so contemptuous of others? What a disappointment. "

"I thought that as a holy land of practice, Liuzhou University's students must be knowledgeable and reasonable. Now it seems that, ha ha · "

Wang Fan's words did not finish, but it was like a slap, directly fell on Luo Jiao's face.

Their faces became ugly, incomparably blue.

Obviously, I didn't expect that Wang fan not only dared not to do what they said, but also dared to slap in the face in public, and also insinuated the college.

The onlookers were shocked by Wang Fan's bravery.

Hit the face of Liuzhou college students, but also insidious Liuzhou college, this is not fatal, it is really a great courage ah. It can be imagined that Luo Jiao and her husband will never give up.

If they don't kill Wang Fan, it will be hard for them to get rid of their hatred.

Relatively speaking, Wang fan does not have so many scruples.

He is reasonable, the other side doesn't listen, even still want him to slap, even abandon cultivation. In that case, I don't care.

He doesn't want to offend the students of Liuzhou University, but it doesn't mean that the students of Liuzhou university can ride on his head to shit.

"Mole ant, you want to die!" The young man was angry and roared. His breath rose crazily, and his aura flew away in an instant. He killed Wang Fan directly.

This is not only a three-tier monk in the imperial realm, but also a powerful three-tier monk in the imperial realm. At least he is much more powerful than the wolf pole before.

The terrible momentum directly changed the faces of the onlookers, and then quickly began to retreat.

Most of them have to take part in the assessment of students of Liuzhou University. Naturally, their strength is not as good as the real students of Liuzhou University, and even their momentum and prestige can't bear it.

Wu Yun's face is more pale up, she did not expect, Luo Jiao and this young man, even so domineering arrogance, bullying.

No matter how to say, Luo Jiao, like him, comes from civilian areas. How can she be so ruthless?

"I've heard that all the students from Liuzhou university are Tianjiao. They didn't have the chance to learn from it. Today, let's take this opportunity to learn from it."

Wang fan is not afraid at all, and his violent momentum surges from his body. The next second, he rushes towards the other side.

Chapter 2913

Nie Yang sees that Wang Fan dares to speak so wildly and pours at him. He disdains to sneer.

As a three-tier strong man in the imperial realm and a student of Liuzhou University, is his combat effectiveness comparable to that of ordinary people?

If he is not a student of Liuzhou University, he will not be afraid of the second floor of the imperial realm, even if the general strong people of the fourth floor of the imperial realm come.

What's more, he dares to kill Wang Fan. Does Wang Fan dare to kill him?

He is a student of Liuzhou college. If you kill him, can Wang Fan bear the consequences?

The spirit of fury flies away in itself. Nie Yang grabs it with his right hand, and a two meter long halberd appears in his hand.

The halberd is light gold in color, and is full of mighty power.

"Kill He drank out a word, and the halberd in his hand immediately fell into the air, directly toward Wang Fan.

When a halberd falls, it is powerful.

The terrible and violent energy storm is raging, and it is squeezing towards Wang Fan.

Even the overflow of energy, but also the entire courtyard of the destruction of the scattered, instantly reduced to a piece of ruins.

As for the room where Wang Fan lived, it had already become fly ash and disappeared.

The onlookers felt this scene, and their hearts trembled again and again. They couldn't help retreating crazily, fearing that they would be affected.

However, some people who retreated slowly and had low accomplishments were still affected, and their mouths gushed blood and were overturned.

Most of the people who live in civilian areas are people with no background or weak background. Otherwise, they will not succumb to civilian areas.

Therefore, Nie Yang did not pay attention to them at all, and would not care about their life or death.

Some mole ants without background, let alone hurt, even kill in vain. What can they do to Nie Yang?

What's more, if you dare to see Nie Yang's play, you will have to pay a price.

Wang Fan felt the scene and was angry.

He stopped rushing forward in time and began to retreat madly.

He retreated, not because he was afraid of Nie Yang, but because Wu Yun was not far behind him.

Wu Yun's cultivation is only in the realm of the king. If he is seriously injured, even if he is hit by the afterwave, he will probably die.

Just in an instant, Wang Fan has rushed to Wu Yun and directly brought her to the distance.

At the same time, the terrible halberd fell on Wang Fan's previous position.

With a roar, the earth and rock splashed, and the ground ravines sprang out like a spider web. A thousand feet deep pit emerged quickly, shocking.

Nie Yang's Halberd failed. He was a little surprised. Obviously, he didn't expect that Wang Fan's speed was so fast that he escaped his halberd.

He did not attack again, but looked at Wang Fan with disdain and sneered, "don't you want to understand my strength, then why do you want to hide?"

"Originally, I thought you were really kind and dare to challenge me, but I didn't expect that you would just show off."

Obviously, in his opinion, Wang Fan felt the power of his halberd before and didn't dare to shake it, so he chose to avoid it.

Even the halberd that he blew out at random did not dare to shake it. This kind of mole ant is also worthy of learning the strength of Nie Yang?

Those onlookers are more and more far away from here. Although they secretly hate Nie Yang's innocent involvement, no one dares to say anything.

Luo Jiao also looked at Wang Fan with great disdain. There was a trace of disgust in her eyes. She said in a soft voice, "brother Yang, what are you talking about with this mole ant? Kill it quickly."

"I don't like him very much, and I don't like his smelly mouth. Looking at him, I feel sick."

Nie Yang heard this and said with a smile, "Jiao Jiao, don't worry, he will disappear in this world soon. But since you don't like his bad mouth, I'll break it first and then kill him. "

The conversation between them is very casual. Obviously, Wang fan is a mole ant that can be killed at will in their eyes.

"Brother, go away quickly. Don't worry about me. They are students of Liuzhou college, and they are also very strong. You can't afford them. "

Wu Yun is looking at Wang Fan, moved at the same time, said in tears.

How long has it been since she felt the warmth of being cared for.

Since her parents died, when she was eight years old, all her good things have disappeared.

Because her parents owed a lot of Lingshi to LANGPING's family, she began to work as a cow and horse,

and constantly earned Lingshi to repay the debt. However, even so, her debts are more and more.

Because of this, LANGPING yelled at him from time to time, and her fists and feet were similar, which led to her being humble all the time.

But today, humble her, but it is in Wang Fan here to feel the care, how can she not be moved?

"Go, that's a joke. Can he go? Not only he will die, but you too! But you have a sentence to say is right, he really can't provoke me Nie Yang

Nie Yang is disdain a smile, in the hand war halberd once more brandish. A bright halberd awn tears the air in an instant, rolls up the mighty divine power, and rolls down to Wang Fan. Halberd awn, space tremor, a wave of illusory clearly visible, as if divided into two in general, extremely terrible.

The torn space is shaking people's mind.

"Go? Can't annoy you? You think too much of yourself! In the face of your garbage, I don't need to go, and I never want to go. "

Wang Fan's inner anger swells, and a force surges out of him. He sends Wu Yun to a safe area and grabs the shadow knife.

The shadow knife waved, the awn flickered, the bright awn lit up the whole void, directly toward the halberd awn bombing in the past.

Thousands of swords gather together, and the fierce killing power covers the vast void.

Boom! Boom! Boom!

The sound of explosion came out one after another, and the terrible sound seemed to shake the sky.

In the eyes of all the people, the bright sword even blocked the pale golden halberd. Not only that, but they are even tearing it apart inch by inch.

Although the speed is very slow, but at least on the surface, Wang Fan has the upper hand.

"A little bit of strength, but do you think you can deal with me in this way? Just now that was just a halberd I used casually."

Nie Yang sees this scene, the facial expression is a little bit not very good-looking.

He did not expect that Wang Fan even blocked his halberd, and even had the upper hand.

Of course, he just didn't look very good. After all, the halberd was really thrown out of his hand. He still

didn't pay attention to Wang Fan.

"You also have some strength. Under my random knife, you just fell a little bit. Looking at the three-tier students of Liuzhou University, you really have some strength."

Wang fan is very upset about Nie Yang's disguise. You say you can fight. You can't finish anything. Are you afraid that others won't know you're good?

Since Nie Yang likes to dress up, he doesn't want Nie yang to dress up, so he doesn't hesitate to fight back, and he bites hard on the six words of the third floor students of the imperial realm.

The onlookers looked at the scene and felt shocked. At the same time, they all wanted to laugh.

Wang Fan seems to be flattering Nie Yang, but in fact, he is sneering that Nie Yang is not as good as Wang Fan.

You know, Nie Yang's strength is in the three levels of the imperial realm, but Wang Fan has only two levels of the imperial realm, which is a whole level lower.

Nie Yang's face is also gloomy down, "Jiao Jiao said sure enough right ah, you do have a smelly mouth, now even I, want to tear it."

Chapter 2914

But Wang Fan didn't care about Nie Yang's ugly face at all. With a wave of shadow knife in his hand, thousands of knives were intended to gather in an instant.

At this moment, it seems that the whole sky is bathed in the sea of the sword. The awning of the sword is roaring and the river of the sword is rolling. It's extremely terrible.

Nie Yang felt this scene, and a touch of ridicule appeared in his eyes.

Facing the terrible Dao River, he didn't even have the idea to hide. As soon as he stepped on it, he waved his halberd.

The pale gold halberd tore out terrible halberd awns in the mid air, tearing madly towards the river of Dao.

In a burst of rumbling sound, Dao river was abruptly split into a big gap.

As soon as the hole was torn out, Daohe's momentum seemed to have a defect. It collapsed and dissipated in an instant.

At the same time, the halberd was also bombarded by the endless sword force and completely collapsed.

Wang Fan looks at this scene, heart slightly trembles, this Liuzhou university student, the strength really is not simple.

Although the character of Nie Yang is not good, his strength is really strong.

You know, with his current fighting power, the three levels of the leisurely emperor's territory are not enough to see. With all his strength, he will be able to kill. But now, he couldn't kill Nie Yang.

"Do you have such strength? If so, you can die next." Nie Yang's face is gloomy, but he is still high above the others and disdains Wang Fan.

But this time, Wang Fan didn't care about him at all.

Almost at the beginning of Nie Yang's words, a series of vines with pale golden light appeared quietly around Nie Yang's body, and then they wound up madly.

Nie Yang see this, first slightly a Leng, followed by disdain sneer, "carving insects trick, also dare to show off?"

As he spoke, the halberd in his hand had been waved out again, tearing at the vines.

Jingle jingle sound came out, countless vines were torn into pieces, but there are still countless behind.

The vines are dense, as if they are endless. They can't be cut off at all.

"Kill all halberds, kill them!" Nie Yang sees this, the facial expression is more gloomy, a low drink, on his body suddenly erupts bright brilliance, at the same time halberd awn turns into thousands of, crazy tear out.

Hiss, hiss, hiss.

The countless vines suddenly seemed to be suppressed and began to collapse.

Nie Yang is very clear that if he wants to completely kill these vines, he must have enough strength.

Only when his speed of cutting vines exceeds Wang Fan's speed of condensing vines, can these vines be cut out.

Sure enough, under Nie Yang's madness, just a few dozen breaths, the vines had already dissipated.

However, after the cane was cut off, Nie Yang didn't have time to relax when he saw countless meteorites surging towards him.

Although Nie Yang has destroyed many meteorites, he is still bombarded by many meteorites, and the whole person flies out in a mess.

Those meteorite bombing on him, although did not let him suffer much injury, but it let him lose face.

In full view of the public, Nie Yang, a strong man on the third floor of the emperor's realm, or the pride of Liuzhou University, was forced to be so embarrassed by a mole ant on the second floor of the emperor's realm.

It was a great insult to him.

"I want you to die!" Nie Yang was furious and roared wildly.

However, before he could kill Wang Fan, Wang Fan was already close to him like electricity, and he clapped his hand.

The dark palmprint blooms in the space and makes a hissing sound. A breath of terror disperses from it and makes people tremble.

Nie Yang feels the power of that palm, and his anger is forced down. His face is also slightly ugly, because he actually feels the dangerous breath.

He gave a loud drink, waved the halberd in his hand again, and frantically cleaved toward the palm.

Boom!

With a bang, the halberd collapsed, and the halberd flew off.

That paint black palmprint is castrated, continue to crazy to his body.

Nie Yang's face is ugly. He wants to avoid it, but where can he avoid it?

Boom!

Accompanied by a low voice, the palmprint is fiercely excited on Nie Yang's chest. Nie Yang only feels a corrosive and violent breath pouring into his body, spitting out a mouthful of blood, even when he flies upside down.

Bang, he fell heavily on the ground, his face pale at the same time, no longer fighting.

Looking at this scene, countless people trembled and the whole scene was silent.

No one thought that Nie Yang, the Tianjiao of Liuzhou University, was defeated in the hands of Wang Fan.

What a demon's fighting power it is. If it's spread out, it will surprise everyone.

They all saw Nie Yang's fighting power. It can be said that he is not strong. Even the general monks on the fourth floor of the imperial realm are not necessarily more powerful than Nie Yang. However, now Nie Yang is defeated, and also defeated very miserably, very thoroughly.

Wang Fan strides forward, points at Nie Yang's throat directly, and says with disdain, "how dare you be arrogant outside even if you have such strength?"

"You should be glad that you are a student of Liuzhou University, otherwise, you are so arrogant that you can't live till now."

After Wang Fan finished, he drew back the knife and then said, "roll, roll as far as you can."

Nie Yang heard such humiliation, clenched his fists, his face was blue, but he didn't say a word, so he got up hard.

As for that Luo Jiao, there was no pride and supremacy in her eyes, only incredible and inconceivable.

This mole ant defeated Nie Yang. How can it be?

What makes her more intolerable is that Wang Fan did not even look at her after he defeated Nie Yang. He said how far away she was. This is the disdain and contempt for Luo Jiao.

"If you really have seed, give your name and history, dare to touch the people of Liuzhou University, this matter is not so easy to end." In anger, Luo Jiao looks at Wang Fan and threatens coldly.

Wang Fan heard this, slightly a stagnation, and then looked at Luo Jiao.

He never thought that this woman would dare to threaten him even at this time.

How stupid it is to think that Wang Fan did not dare to touch her?

"Jiaojiao, don't talk too much. Let's go." Nie Yang's face is changed, in the heart secretly scold Luo Jiao stupid at the same time, a pull Luo Jiao, then intend to leave.

However, at this time, Wang fan is suddenly step out, came to the front of Luo Jiao.

Immediately, he did not have half of hesitation and pity, his right hand has turned into a slap, photographed out.

PA PA.

Two crisp slaps in the face, Luo Jiao directly spit out blood full of mouth, fell to the ground.

She looked at Wang Fan in shock, obviously did not expect that Wang Fan would dare to hit her, and still hit her in the face.

"Threaten me, you are something, if there is a next time, directly break your mouth." Wang fan is disdainful of the way.

Luo Jiao looks at Wang Fan bitterly, but she doesn't dare to say a word.

Nie Yang's face is also not good-looking. He has vowed in his heart that he will definitely kill Wang Fan and kill him in the most cruel way.

He did not dare to say the same word, picked up Luo Jiao and left here.

It's a shame today. It's just a shame to stay here. But it's not over.

"Are you going to leave like this?" Just, two people just walked a few steps, Wang Fan's voice, make their footstep stiff in the original place.

"What else do you want?" Nie Yang's face was ugly, and he asked a gloomy question.

Chapter 2915

"What do you mean I want to do? You've ruined someone's yard. Are you going to leave like this?"

"That's what Liuzhou college, or your parents, taught you?"

Wang Fan disdains of looking at Nie Yang, very despise of say.

Nie Yang heard this, the corner of his mouth choked, almost want to find a crack to drill down.

Nima, you didn't take part in the war just now. Why do you want me to pay for it? But he didn't dare to say that.

Nie Yang hate hate to see Wang Fan one eye, no nonsense, throw out a space ring, with Luo Jiao flash away.

He felt that he had never been so subdued in his life. He came in high spirits, but finally he left in despair. If he didn't wear the coat of a student of Liuzhou University, he would even die.

What a shame.

It can be imagined that this incident will soon spread all over Liuzhou City, and the names of Nie Yang and Luo Jiao will also ring through Liuzhou.

"Everybody, don't you leave yet? Are you waiting for my treat?" Wang fan saw Nie Yang two people leave, turned to look at those onlookers.

When those people heard Wang Fan's words, they all laughed and left quickly.

Wang fan is a ruthless man who even Tianjiao of Liuzhou university can defeat, and he is still a cross-border conqueror. They dare not provoke him.

I just don't know how old Wang fan is and whether he is qualified for Liuzhou University.

"Thank you, big brother." After those people left, Wu Yun went to Wang Fan, very embarrassed to say.

At this time, she was still seriously injured, and her face was very pale.

"Thank you. I'm just forced to resist. Ah, a good place has been destroyed and has to be rebuilt. "

Wang Fan some depressed said, hands waving, in an instant, endless stones crazy surging, toward this side gathered.

With Wang Fan's strength in the cultivation of the imperial realm, it's still very simple to build a courtyard.

Only in places like Liuzhou City, if there is no land, it is not allowed to build houses without permission.

Otherwise, if every friar builds his own house, isn't Liuzhou a mess? If the land was not owned by Wu Yun, he would not dare to rebuild his house without permission.

Under Wang Fan's reconstruction, only ten minutes later, a more solid courtyard was built.

Of course, due to the limited area, even if it is strong and imposing, it will not go anywhere.

"Wu Yun, why did Lang Ping beat you and bring people to your residence?"

After rebuilding the house, Wang Fan looks at Wu Yun and asks suspiciously.

"Because my parents owe a lot of immortal stones to his family, I can't afford them, so ..."

Wu Yun heard Wang Fan's words, and seemed to think of something sad. When she talked about it, she couldn't go on.

"Well, don't go on. Now that Lang Ping is dead, you don't have to pay his debt."

Wang Fan sees Wu Yun this appearance, hastily says.

What he said was right, because in the previous war, Lang Ping and the four young people surnamed Qiao who he brought had already been bombed into ashes by the storm, and they could not die any more.

Those five guys were unlucky. They were in the center of the storm and didn't even escape.

Of course, Wang Fan will not have any pity on them.

In the following days, Wang Fan's life was calm again.

After the experience of Nie Yang, no one dares to disturb Wang Fan. Even Nie Yang doesn't know why, so he doesn't come to revenge.

In this way, more than ten days passed in a flash. Not only Wang Fan was practicing, he also gave Wu Yun some pills and immortal stones to improve her accomplishments at home.

For Wu Yun, Wang Fan just holds the attitude of helping if he can.

Of course, he can help Wu Yun, it seems that only so much.

If he doesn't live here one day, he can't help Wu Yun any more.

On this day, Wang Fan was practicing, but suddenly he realized that many monks living nearby had left their houses and rushed to Liuzhou city.

Wang Fan felt this scene, moved in his heart, and soon understood that most of the enrollment of Liuzhou University began.

But he didn't care, because he didn't come to Liuzhou college.

Creak ·

a slight sound once again startled Wang Fan. He swept out mentally and immediately saw Wu Yun come out of the room.

With the help of Wang Fan's elixir, after more than ten days of recuperation, Wu Yun not only disappeared, but also had a mellow and vigorous breath.

Moreover, her skin was not so withered and yellow as before, but looked white, tender and ruddy.

"Brother, today is the first day for Liuzhou college to recruit students. Don't you go and have a look?"

Wu Yun carefully went to the door of Wang Fan's room, saw Wang Fan open the door, timidly

asked. "Have a look?" Wang Fan shook his head. "I didn't come here to join Liuzhou college, so I'm not interested. What do you want to see? "

"I, I want to take part in the examination to see if I can pass." Wu Yun said with courage.

"You take the test?" Wang Fan froze, "Liuzhou college, also recruit Wang Jing friars?"

"Well, as long as the talent is enough, monk Wangjing can join Liuzhou college, but it's very difficult." Wu Yun said.

Before, she had been living in a humble life, and was suppressed by LANGPING. She had almost no freedom, so she never thought of taking part in the examination of Liuzhou University.

But now that she was free and no longer oppressed, she naturally had this idea.

As a child living in Liuzhou City, she naturally yearns for Liuzhou college. If she can join, she will be able to make a smooth progress and leap to the sky.

"In that case, I'll go with you. I hope you can pass it smoothly." Wang Fan knew that Wu Yun wanted him to go with him, so he said simply.

As for Nie Yang, he didn't care at all. He believed that even if Nie Yang wanted to kill him again, he would never dare to do it at the place where Liuzhou college assessed monks.

"Thank you, brother." Wu Yun heard Wang Fan's words and nodded excitedly. At the same time, he was greatly relieved.

They soon left the courtyard and came to Liuzhou city.

When they stepped into the street in the center of the city, the street was already overcrowded.

However, due to the wide streets of Liuzhou City, even if there are many people, there is no crowded situation.

Countless talented young people, arrogant demons, are walking on the streets of Liuzhou City, their destination is only one, that is Liuzhou college.

Because the location of Liuzhou college assessment is in Liuzhou college.

After nearly three hours, they came to Liuzhou college.

When they arrived at Liuzhou college, it was already full of people outside.

Not far from the gate of Liuzhou college, dozens of talent testing points have been set up.

The real assessment of Liuzhou college is in Liuzhou college, and the outside testing point is only to test the monks who are qualified to participate in the assessment.

If you can't even pass the test point outside, you don't have to take part in the real assessment of Liuzhou college.

After all, Liuzhou University, as a holy land of practice, is not something anyone can take part in if they want to take part in the examination.

Wang Fan looked at the long dragon standing behind the dozens of inspection points and couldn't help touching his head, some of which were big.

He has some regrets to accompany Wu Yun to come over, because this simply is suffering.

Chapter 2916

"Big brother, you can just watch on the side. I'll line up." Wu Yun seems to be aware of Wang Fan's depression, some embarrassed said.

After all, Wang Fan came with her. Now Wang Fanming doesn't like this kind of occasion. It's strange that she can be nice.

"Now that we're all here, I'll line up with you." Wang Fan looked at Wu Yun with a smile and said.

However, before his words were finished, his eyes suddenly lit up and saw an acquaintance.

Wenwanyi, who met him outside the city, even invited him to sit at home.

At this time, Wen Wanyi was dressed in a light green dress, pure and refined, and extraordinary. Beside her, there were several men and women.

The men and women were also dressed in luxurious robes, with pride and extraordinary temperament.

However, Wen Wanyi is the core of those men and women. Obviously, Wen Wanyi has a higher status among them.

"It shouldn't be a problem to ask her for a little help." Wang Fan thought so in his heart, but he said to Wu Yun, "maybe we don't have to wait in line, you wait for me."

After that, Wang Fan quickly ran to wenwanyi.

Wu Yun heard Wang Fan's words, some inexplicable, but when she saw Wang Fan ran to Wen Wanyi and others, her face turned white.

She met one of the young men in the party.

It was in a chance that she saw with her own eyes that the young man killed a friar on the first floor of the Empire in the center of the city.

You know, killing people in a city is totally different from killing people in a civilian area.

Civilian areas belong to remote areas, even if someone is killed, as long as things are not noisy, no one will take care of them.

The center of the city is different. Monks who dare to kill people in the center of the city will never have a simple background.

Otherwise, no matter how strong you are, you don't dare to kill people in the center of the city, unless you are strong enough to surpass all the people in Liuzhou city.

At the moment, Wu Yun saw that Wang Fan ran to that group of people. How could she not be afraid?

You know, those people are not like Nie Yang.

If Wang Fan really had an intersection with that group of people, would he not find a place to live with her?

Just, because Wang Fan's speed is too fast, she wants to remind Wang Fan, but it's too late at all.

"Elder martial sister Wen."

Wen Wanyi was walking when she heard a slightly familiar voice. Then she saw Wang Fan standing in front of her.

Seeing Wang Fan, Wen Wanyi showed a soft smile on her face and said, "brother Wang, it's you. Why, you're here to take part in the college examination?"

Although she remembers that Wang Fan said that she did not come to take part in the examination, she would not say that.

After all, Wang Fan has already appeared here. If Wang Fan really takes part in the assessment, isn't it embarrassing?

Wang Fan shook his head, "where do I have that talent? I accompany my sister to take part in the examination."

"Your sister?" Wen Wanyi has a strange look in her eyes. Is Wang Fan and his sister in Liuzhou city?

"Yes, elder martial sister Wen." Wang Fan nodded, then took a look at the young people beside Wen Wanyi, and made a pair of words and stop.

As soon as Wen Wanyi saw Wang fan like this, she knew that Wang Fan had something to say alone. She said to the people beside her with a smile, "you wait for me here, I'll come right away."

Then she looked at Wang Fan again, "let's go there."

"Thank you, elder martial sister Wen." Wang Fan quickly nodded and apologized to the group, which followed Wen Wanyi to one side.

Those young people all looked at Wang Fan with great interest and guessed Wang Fan's identity in their hearts.

Who is this man? Why does he look familiar with Wen Wanyi, but they haven't seen him yet?

"Elder martial sister Wen, can you go through the back door? Don't worry. I don't need your help. My sister will join the college. I just need a favor from you. Don't wait in line

"You know, I'm very lazy. I really don't want to queue up."

After they went to one side, Wang Fan didn't wait for Wen Wanyi to ask, so he took the initiative to say.

"Who is your sister?" Wen Wanyi looked at Wang Fan with a smile and asked.

"That's her." Wang Fanli even pointed to Wu Yun.

"It's you?" Just, don't wait for Wang Fan to call Wu Yun to come over, a gloomy voice then spread over.

Wang Fan hears this voice, the brow can't help wrinkling, turn head to see Nie Yang.

At this time, Nie Yang is staring at him with a gloomy face. In front of Nie Yang, there is a young man standing.

Judging from the position, the young man's status was obviously higher than Nie Yang's.

But in the young man's arms, he was still holding a woman, who turned out to be Luo Jiao.

Wang Fan was a little confused when he saw this scene.

Isn't Luo Jiao Nie Yang's woman? How can she throw herself into other people's arms now? What's more, Nie Yang is still behind that person? Is this Luo Jiao's empathy or that Nie Yang has sent Luo Jiao out for revenge? It's a mess.

"brother Lu, it's him. He stepped on Nie Yang and hit me in the face." Luo Jiao also looked at Wang Fan with a ferocious face.

Wang Fan blinked, but he didn't pay attention to the youth surnamed Lu and Luo Jiao. Instead, he looked at Nie Yang and said, "ah, as a man, you are really sad."

"Your woman betrayed you and threw herself into other people's arms. You are still behind other people's buttocks like a dog. What do you want me to say about you?"

After that, Wang Fan didn't pay attention to Nie Yang's ugly face. He looked at Luo Jiao and said, "to tell you the truth, I feel sick even if I say one more word to you."

"I only give you one word, roll, roll away from me as far as possible, otherwise, I don't mind giving you a few slaps."

Wang Fan's voice is not big, but even if it is not big, it is still heard by many people around.

After all, we are all monks, and we are also monks in the imperial realm. How keen are our eyes and ears?

Shua, Shua, Shua.

For a moment, many people gathered around to see what was going on.

Wen Wanyi is also stunned, obviously did not expect, Wang Fan even dare to satirize Nie Yang, also called Luo Jiao roll.

Nie Yang and Luo Jiao, she naturally knows, after all, they are all students of Liuzhou University. Not only Nie Yang and Luo Jiao, but also the young man surnamed Lu.

However, she didn't speak. On the contrary, she took a few steps back and opened some distance with Wang Fan.

It's not that she doesn't stand up for justice, but that she wants to see how the guy who makes her curious will deal with it.

By Wang Fan in public ridicule hit face, Nie Yang face ugly, Luo Jiao's face is even more ugly.

But they did not speak. Instead, the young man surnamed Lu spoke.

His voice is very calm, even calm to no half a minute waves, "Oh, really, then you are to hit her a few slaps in the face for me to see?"

With that, the young man surnamed Lu also pushed Luo Jiao in front of Wang Fan, and he stepped back

a few steps, "she won't roll, just stand in front of you, you move her to have a try."

Luo Jiao's face turned white when she heard Lu's words, but when she thought of Lu's identity and strength, she felt a little relieved.

Wang fan is stunned, how to drop, and take the initiative to send the door for a fight?

He looked at the young man surnamed Lu and asked weakly, "do you really want to fight?"

Chapter 2917

"What do you say?" Lu said with a sneer, "if you don't dare to fight, just give it to me"

however, his words haven't finished yet -

PA!

A clear sound came into the ear.

Then he saw that Wang Fan's palm firmly fell on Luo Jiao's face.

Luo Jiao is a scream, directly fell on the ground, spit out a mouthful of blood.

Luo Jiao was stunned, the youth surnamed Lu was stunned, and the onlookers were also stunned.

How dare you fight?

After slapping Luo Jiao in the face, Wang Fan clapped his hands and said shyly,

"I forgot to introduce myself. What I like to do most is to help others, make them beautiful and satisfy their wishes."

"Since you are all bent on fighting, I am going to fulfill myself as a person who is happy to help others, who is beautiful and who satisfies people's wishes."

"You can rest assured that I will satisfy your wishes free of charge."

When people around heard this, they were speechless.

Nima, I've seen thick skinned people. I haven't seen such thick skinned people.

That Lu surnamed youth's facial expression is also gloomy down, extremely ugly, "good, very good, you are very kind."

"Do you think Lu qiaosan would not dare to touch you in Liuzhou City, at the gate of Liuzhou students? If

you dare to beat me, I'll let you know what life is like to die. "

Lu qiaosan is really angry.

Wang Fan's action was just like hitting him in the face in public, and he was still very cruel.

If Lu qiaosan could swallow this breath, he would not be Lu qiaosan. In the future, even in the college, he would not look up again.

When Wang Fan heard Lu qiaosan's words, he was puzzled, "didn't you tell me to fight? How could you be so insidious?"

"You told me to beat your woman. I did, but you want me to live as if I were dead. Are you so shameless?"

Wheezing.

Some people couldn't help laughing when they heard this.

Lu qiaosan only felt his old face burning.

Shameless? Who the hell is shameless?

Who can't recognize that his words were threatening Wang Fan just now?

"To die!" Lu qiaosan's anger could not be vented. With a bang, he suddenly burst out a violent killing power, and he was about to kill Wang Fan.

Wang Fan sneered, and his aura began to surge wildly, ready to fight back at any time.

However, before Lu qiaosan had time to start, a clear voice came out.

"Lu qiaosan, you really have great prestige. Don't you think you can do whatever you want if you are the Lu family?"

When Lu qiaosan heard this, his face suddenly changed. He turned his head and saw Wen Wanyi.

See Wen Wanyi, his pupil can't help but slightly shrink, "Wen Wanyi, what do you mean, is it difficult for you to stand up for him?"

Wen Wanyi simply nodded, "you're right. I really want to stand out for him. Do you have any opinions?"

When Lu qiaosan heard this, his face suddenly became ugly. Obviously, he didn't expect Wen Wanyi to stand up to Wang Fan.

Luo Jiao and Nie Yang are even more stunned.

They did not expect that Wang Fan even knew Wen Wanyi, and it seemed that the relationship was not general.

You know, Wen Wanyi is a miss of the Wen family. How can she make friends so easily?

The most important thing is that Wang Fan and Wen Wanyi have such a good relationship, how can they live in such a place as a civilian area.

At this time, in the heart of the complex of them, already vaguely some understand, Wang fan why dare to be so presumptuous.

It turns out that there is wenwanyi behind.

Nie Yang and Luo Jiao think so, and Lu qiaosan naturally thinks so.

He looked at Wang Fan and said coldly, "do you only dare to hide behind women? Or do you dare to be so arrogant with the support of Wen Wanyi behind you? "

"That day, you beat Nie Yang arrogantly, snatched the immortal stone, and hit Luo Jiao in the face. Is all this just because you have wenwanyi behind you? "

Lu qiaosan's words are not poisonous. They not only humiliate Wang Fan, but also implicate Wen Wanyi.

The people around them could not help but burst into an uproar when they heard Lu qiaosan's words.

They all looked at Wang Fan with disdain, and even in some people's eyes, disgust emerged.

After all, the vast majority of the monks present had little identity background. What they hated most was that kind of bullying.

At this time, Lu qiaosan said that Wang Fan undoubtedly became such a villain.

"Scum!"

"Beast

"Shameless!"

"Damn it, it's just a bullying dog. No status, no fart."

"If there is no support for this kind of dog, I will crush a lot of it."Innumerable people scolded one after

another, only to throw eggs at Wang Fan.

Wen Wanyi's face was slightly ugly. She didn't expect that Lu qiaosan would be so poisonous.

The most important thing is that she doesn't know what happened between Wang Fan and Nie Yang Luo Jiao.

If it's true, as Nie Yang said, her reputation will be affected.

Comparatively speaking, Wang fan is going to be much calmer. He disdained to sweep around those who scolded him and said sarcastically,

"it's really sad for you. When he spoke on one side, you should humiliate me like this, and you such a parrot should be admitted to Liuzhou university?"

In a word, Wang Fan included all those who abused him.

With that, Wang Fan ignored the ugly faces of those people and looked at Lu Qiao and said, "bullying others? It's ridiculous. Who is bullying people? "

"You just said that even here, you can make my life worse than death. I'd like to ask, do you dare to say this? Do you have the strength in your mouth

"Don't tell me that you dare to ignore the authority of Liuzhou city just by virtue of the three peaks of your empire."

Wang Fan voice sarcasm, disdain eyes, "in the face of me, you arrogant bossy, said even in Liuzhou City, can also let me live as if I were dead."

"Now that elder martial sister Wen appears, if you can't provoke her, you start to say that I am bullying others. Do you think you are ridiculous?"

"I really want to ask, are you a student of Liuzhou university?"

When Lu qiaosan heard Wang Fan's words, he turned pale. For a moment, he found that he could not refute them.

Wang Fan didn't wait for Lu qiaosan to refute, so he pointed to Nie Yang and Luo Jiao, "you said me so evil, but they said so pitiful."

"Well, now I'll show the world what these poor people have done."

With a wave of Wang Fan's right hand, a huge crystal ball immediately floated in the air, and then a scene of muying began to appear.

Countless people's eyes fell on the image. When they saw what happened and Nie Yang's arrogance, their faces turned green.

Nie Yang and Luo Jiao became extremely pale, and they both hated Wang Fan.

They never thought that Wang Fan even recorded the crystal ball. It's so insidious.

As for that Lu qiaosan, his face was also very blue. He didn't expect that Wang Fan even recorded the crystal ball.

"What a bully. What a poor couple. You, Lu qiaosan, really know right and wrong."

When Wen Wanyi saw the crystal image, she couldn't help laughing. Wen Wanyi, like her, felt relieved at this moment.

Chapter 2918

"Good, good. I remember you. I hope wenwanyi will always be with you."

Lu qiaosan did not continue to stay here more, he left a grim word, turned around and left.

He knew that with Wen Wanyi here, he could not move Wang Fan at all.

At the same time, his words also ridicule Wang Fan, who needs to rely on women to protect him.

"Without elder martial sister Wen, I would be afraid of you. It's just bullying rubbish. You should be glad that this is Liuzhou City, and your surname is Lu. "

Wang Fan did not hesitate to fight back.

His meaning is also more obvious, that is, if this guy's surname is not Lu, and this is Liuzhou City, Lu qiaosan is already a dead man.

When Lu qiaosan heard Wang Fan's words, he suddenly turned back and looked at Wang Fan, "so, your strength is stronger than mine?"

He pointed to a distant direction, "there is a challenge platform over there. Do you dare to accept my challenge?"

His voice was full of provocation, and he obviously wanted to kill Wang Fan with the help of challenge.

When people around hear Lu qiaosan's words, they can't help but stagnate, and immediately everyone's eyes fall on Wang Fan.

At the time of Liuzhou University's examination, some people started the challenge first, and it was the students of Liuzhou University who started the challenge, which undoubtedly excited many people.

Because they can just take this opportunity to see the talent strength of Liuzhou University.

"Challenge?" Wang Fan looked at Lu Qiaosan disdainfully, "what are you, are you qualified to challenge me?"

Lu Qiaosan's face turned black, and the people around him were speechless.

This NIMA, too shameless?

But Wang Fan didn't realize it at all. He continued, "if you want to fight, you will fight for life and death. Dare you?"

A language startles thousand layer wave, Wang Fan unexpectedly wants to fight with Lu Qiao three lives!

When Lu Qiaosan heard Wang Fan's words, his eyelids suddenly jumped, and he even stares at Wang Fan.

Wang Fan wants to fight with him. Is Wang Fan really confident to kill him?

At this moment, Lu Qiaosan hesitated.

The battle of life and death is not a joke. Once it is taken, only one person can walk down the battlefield alive, and the rest can not interfere. Not even his family.

Wen Wanyi heard Wang Fan's words, but she was worried. She quickly said, "Wang Fan, you have some impulse. Lu Qiao's three accomplishments have reached the third level of the imperial realm, and they are very strong."

Wang Fan heard Wen Wanyi's voice, but he was a little moved. He said with a smile, "I'm also very strong."

When Wen Wanyi heard this, she didn't know what to say.

At this time, she heard Wang Fan's voice again, "elder martial sister Wen, you don't have to worry about me. Just remember to take care of my sister for me."

After that, Wang Fan looked at Lu Qiaosan and said, "aren't you very arrogant? Do you want to challenge me? Why, now I'm fighting against you, but you don't dare to fight? Can't you just brag on your background? "

Lu qiaosan was so ridiculed by Wang Fan, and his face was even hotter.

He took a deep look at Wang Fan. Instead of speaking, he turned around and left.

Lu qiaosan, unexpectedly left, he did not dare to accept Wang Fan's life and death battle.

When people around them saw this scene, they were in an uproar.

Tianjiao, a descendant of the Lu family, and Lu qiaosan, a strong man on the third floor of the imperial realm, did not dare to accept the life and death challenge of a mere monk on the second floor of the imperial realm. This ·

the departure of Lu qiaosan made Wang Fan feel stunned.

He did not expect that Lu qiaosan should have left like this.

After Lu qiaosan left, Wang Fan moved his eyes slowly, looked at the crowd around him and said in a low voice,

"who just called me scum, brute, shameless, fart, dog, can crush a large area, get out by yourself."

Wang Fan's voice, like a record of thunder, once again blew over in the audience.

What does he want to do and settle accounts in the future?

However, no one stood up and no one rolled out.

On the contrary, those who abused Wang Fan before all got into the crowd and disappeared quickly.

Just now in the crystal image, they have seen Wang Fan's strong strength, how dare they be presumptuous?

It's just humiliating to stand out.

"No seed."

Wang fan saw those people go away, naturally did not hold on. He disdained to hum a, then smile to not far away Wu Yun waved.

Wu Yun saw Wang Fan waving and immediately trotted over.

Just now, she was really worried about Wang Fan. She just knew that she would only make trouble for Wang fan when she came over. That's why she didn't come over.

"Wu Yun, this is elder martial sister Wen Wanyi. Just call her. She will take you to the test, you should remember to listen to her," Wang Fan said, looking at Wu Yun.

"Wu Yun met elder martial sister Wen." Wu Yun nodded, and then quickly said hello to Wen Wanyi. "Come with me." Wen Wanyi sighed helplessly, then took Wu Yun to the test point.

Wang Fan didn't go there because there were too many people at the test site. He didn't want to be surrounded.

As for those young people who had been with Wen Wanyi before, they did not have a past, just stood not far away. They all looked at Wang Fan curiously, but they didn't come to make friends.

Obviously, Wang fan is not in their eyes. Not everyone has the right to let them make friends.

"Hello." Just when Wang Fan was bored, suddenly, another crisp voice came into Wang Fan's ears. Wang Fan turned around and saw a cold and familiar face.

This is another woman. Her appearance is no worse than wenwanyi, but she is younger than wenwanyi. Of course, her cultivation is weaker.

If Wen Wanyi is gentle and amiable, then this woman is definitely the kind of cool and aloof.

"What's the matter?" Wang Fan looked at the woman and couldn't help touching her nose.

But he thought in his heart that this woman should not recognize herself?

You know, he is not crazy Dao now, but Wang Fan. This woman has no reason to recognize him.

This woman is no other than Xiao Junyan, who won the second place in Xuanyun city.

When Xia Baishan invited her to join Xia family, she refused directly. After that, Wang Fan never saw her again.

"Where have we met? How do I feel that you are familiar, but I can't remember where we met you?"

Xiao Jun Yan stares at Wang Fan and asks with some doubts.

The young men and women who had been with Wen Wanyi before were stunned when they saw this scene.

Who on earth is this guy? How can he know not only Wen Wanyi, but also the second miss of the Xiao family?

Wang Fan looked at Xiaojun wild goose, very simply shook his head, "I think you must have recognized

the wrong person, because I haven't seen you, so you can't have seen me."

"I can't feel wrong. I'm sure I've met you." But Xiao Jun Yan shook her head, and then stared at Wang Fan up and down.

Wang fan is a little depressed. What else can he do?

He said bitterly, "elder martial sister, don't make trouble for me, OK? I'm in a lot of trouble now. "

He is really speechless. What's the matter?

Xiao Jun Yan stares at Wang Fan suspiciously and is about to speak. Suddenly, there is a commotion in the distance.

She turned to look, and immediately saw a column of light rising from the sky, followed by a click.

Chapter 2919

"My God, how could that be?"

"This is what talent, how to even test crystal instrument all burst."

"It's terrible."

After the click sound, there were one voice after another.

Wang Fan noticed the situation over there, quickly flashed over, and immediately saw a test point, the crystal instrument of the test talent had burst, and everyone was staring at a direction.

Wang Fan followed their eyes to see, immediately saw a series of hesitating Wu Yun.

Wen Wanyi is standing beside Wu Yun, also incredible looking at Wu Yun, extremely shocked.

Is Wu Yun responsible for this?

Wang Fan was a little confused. He quickly squeezed in front of Wen Wanyi and asked in a low voice, "elder martial sister Wen, what's the matter?"

When Wen Wanyi heard Wang Fan's words, she finally came back to her senses. She said with a look of horror, "she's a heaven level talent. She's a heaven level talent. You have a good sister."

"Well." Wang fan is more muddled, he Zheng Zheng of looking at Wu Yun, he really didn't see, this wench talent unexpectedly so adverse day.

"You wait here, and I'll inform them. You can rest assured that with your talent, you don't need the next

assessment, you can directly join Liuzhou college, and even have special teachers to guide you. "

The young man in charge of the test recovered and quickly said a word to Wu Yun. Then he grabbed the communication bead and sent out a message.

Wu Yun heard each other's words, just nodded his head, as if he didn't come back.

Back to God, she was hit by a huge surprise, directly ran to Wang Fan's side, said, "brother, I succeeded, I succeeded."

Wang Fan nodded with a smile, "congratulations."

He is also very happy for Wu Yun.

As the saying goes, Wu Yun suffered so much in her childhood. Maybe now this is God's compensation for her.

Originally, Wang Fan was still worried that if Wu Yun could not pass the examination of Liuzhou college, what should he do next.

Now, he doesn't have to worry.

It wasn't long before the young man in charge of the test sent out the news that several middle-aged men with dignified temperament ran out.

When they asked about what happened here, they checked it in person and immediately looked at Wu Yun with fiery eyes.

"Little girl, would you like to be my disciple?"

"Cut, what's good about being your disciple? Such a good seedling should be my disciple."

"Old fool, if you still want to teach disciples, I think it's a mistake."

"Old slovenly, if she becomes your disciple, that's wrong."

In order to fight for Wu Yun, a group of tutors quarreled with each other without any manners.

Wang Fan looked at the scene and couldn't help blinking.

Are the tutors of Liuzhou college so ungrateful? Why are they so dignified when they quarrel in public?

Let alone Wang Fan, even Wen Wanyi was speechless.

As for those around waiting for testing, it is mu Lu envied to see Wu Yun, secret way this little girl is really good luck.

In the face of the competition of several tutors, Wu Yun is a bit of a wushenwuzhu. She can't help but look at Wang Fan and seems to be asking for Wang Fan's opinions.

Wang fan saw Wu Yun's eyes and was about to speak. Suddenly, a slovenly old man appeared in front of him.

After the slovenly old man appeared, he immediately grabbed Wu Yun's hand and said, "little girl, would you like to be my disciple?"

This scene makes everyone speechless.

Do you want to be so direct? Do you want to be so ungracious?

Wang Fan's pupil is unable to help choking for a while, then carefully began to retreat.

He knew the slovenly old man and was very impressed.

It was the guy who appeared at Xia's home late at night, stabbed his identity and gave him a token that was said to be a student of Liuzhou college, but Wang Fan didn't believe it.

He never thought that he would meet this slovenly old man here.

It can be said that the last thing he wants to see is this slovenly old man. Because he felt that he had no secret in front of the slovenly old man, who was so evil.

"Wan Yi met Liu Shi."

"Jun Yan met Liu Shi."

Wen Wanyi and Xiao Junyan stepped forward and said hello to the old man respectfully.

From this point alone, we can see that the identity of the slovenly old man is not simple, at least higher than that of the tutors just now.

"Well." The slovenly old man nodded solemnly, then his eyes turned and fell on Wang Fan, "I want to accept her as a disciple, do you have any opinion?"

Shua, Shua, Shua.

With the old man's question, everyone's eyes could not help falling on Wang Fan.

They all didn't understand that the old man took Wu Yun as his disciple and asked Wang Fan what he did. Wang Fan's body slightly stiff, quickly said, "you always accept her as a disciple, I naturally have no opinion."

His heart was a little depressed. Did the old man recognize him again? What's more, even if he has an opinion, does he dare to say it?

"Well." The old man nodded with satisfaction, then looked at Wu Yun, "how about you, would you like to be my disciple?"

"I, I will." Wu Yun answers quickly.

She is not a fool. Naturally, she can feel the identity of the old man from the reactions of all parties.

The old man nodded, suddenly his eyes turned, looked at Wang Fan again and said, "little bastard, where are you going?"

When Wang Fan heard this, he immediately had ten thousand horses running by.

He stopped, looked at the old man with some depression, and said, "elder, there's nothing to do here. I'm going to go back and have a rest."

"Rest?" The old man widened his eyes. "As a practitioner, how can you be so lazy?"

"Oh, by the way, old man, I asked you to report to the college last year. Why didn't you come?"

Wang Fan a face of black line, quickly said, "elder, I have been busy, did not have time."

He now believed that the token the old man gave him was true.

But now he is no surprise, only regret, he regret to accompany Wu Yun here.

"What's the matter?" The old man laughed meaningfully, "xiabaishan and wenyanqingshan are dead, and Xiajia and wenyanfu are declining one after another. You're right. You really have something to do."

"What, Xia Baishan and Wen yanqingshan were killed by him?"

"He did everything about the Xia family and Wenyan house?"

"It's said that xiabaishan and wenyanqingshan have disappeared one after another, and there is no news. The Xia family and wenyanfu strongmen have been hunted by mysterious people one by one, and the two forces have declined one after another. Are they all related to this man?"

"I know who he is, Yunqing City, Yunqing academy, Wang Fan."

When people around heard the slovenly old man's words, they were stunned at first, and then all of them were shocked.

Originally, they did not understand why the old man, who seemed to have a different identity, was so special to Wang Fan. But now, they all understand.

"Yunqing academy, Wang Fan?" Wen Wanyi is shocked to see Wang Fan, in addition to the eyes of shock, or shock.

She never thought that the young man she got to know in the restaurant would be the legendary figure.

"Are you crazy knife?" Xiao Jun Yan's pupil suddenly shrinks. At this moment, she finally knows who Wang fan is.

Chapter 2920

Wang fan is a little depressed to see to that slovenly old man, in the heart secretly scold its shameless.

This old man's move is obviously forcing him to enter Liuzhou University.

You know, he indirectly destroyed the Xia family and Wenyan house. Once it came out, there would be a lot of trouble for him.

What's more, although he killed many strong people in Xia family and Wenyan mansion, who knows if there are still strong people living outside?

Once those people know that he has come to Liuzhou City, can they come to trouble him?

In this case, if you want to avoid trouble, you must find a backer.

Liuzhou university is undoubtedly a good backer.

"Come on, follow me into the college. You are already a student of our college, and you don't need to be assessed."

The slovenly old man looked at Wang Fan and said with a smile.

However, his smile fell in Wang Fan's eyes, but how to see how to beat.

Wang Fan had no choice but to nod his head and say hello to Wen Wanyi. Then he followed the slovenly old man into Liuzhou college.

Liuzhou college is very big, with many students coming and going.

Those students all look very young, have strong cultivation, and obviously have extraordinary talent.

However, Wang fan is not in the mood to see those people, just depressed with the slovenly old man behind.

To be honest, he really didn't want to enter Liuzhou University.

Because he felt that Liuzhou college would not be of great help to his cultivation.

He doesn't lack emperor level martial arts. His own is enough.

He can make pills himself, not to mention Liuzhou college.

As for weapons, he has shadow knives and killing rifles. He doesn't want to change them, so he doesn't need them.

If you want to say what he lacks, there are only cultivation resources such as immortal spirit, stone immortal spirit vein and so on.

It's just that he consumes too much resources. He doesn't believe that Liuzhou University will give him so many resources.

"Why, did you feel aggrieved when you joined Liuzhou college? How can you look so unhappy?"

The slovenly old man seemed to feel Wang Fan's sullen look and glared.

When Wang Fan heard the slovenly old man's words, he was even more depressed, but he did not dare to offend the old man. He could only answer against his heart, "where is it?"

"There is no best." When the slovenly old man heard Wang Fan's words, he nodded with satisfaction.

Soon, they came to a huge and majestic palace.

The slovenly old man pointed to the palace, looked at Wang Fan and said, "this is our Dao emperor palace. You will practice here in the future."

"In our Liuzhou college, in addition to Dao Di palace, there are Jian Di palace, gun Di palace, Wu Di palace and FA Di palace. The five great emperors' palace just formed a complete Liuzhou college. "

"In the five palaces of the great emperors, contradictions are inevitable, and there are frictions among the disciples of the great palaces. Of course, as long as you don't kill yourself and get rid of your accomplishments, no one will take care of you. "

"So, you have to change your arrogant temperament a little, or you will be taught by other imperial

palace people in the college. Don't come to me. My old man can't afford to lose his face."

The slovenly old man said directly.

When Wang Fan heard this, he rolled his eyes.

He's arrogant? There is no mistake, he is very low-key good.

However, Wang Fan was too lazy to argue with the old man. Instead, he asked, "swords, guns, martial arts, five emperors palace?"

"Is it difficult that all the disciples of Dao emperor's Palace are Dao Xiu, all the disciples of Jian emperor's Palace are Jian Xiu, and all the disciples of gun emperor's Palace are gun Xiu?"

"If so, what do the disciples of Wudi palace and Fadi Palace major in?"

Hearing this question, the old man looked at Wang fan like an idiot and said, "Wudi palace is naturally a body refining monk, while Fadi palace is naturally a major in elemental energy."

"I said, you guy, how do you practice for so many years? Why don't you even know the simplest things?"

Wang Fan was speechless for a while. After a long time, NIMA asked weakly, "so, you are the elder of Daodi palace, and I will be a student of Daodi palace in the future?"

"Nonsense." The old man spits out two words, obviously despises Wang Fan's brain damage.

Wang Fan choked at the corner of his mouth and continued, "master, then I think, am I in the wrong palace?"

"In fact, in addition to knives, I am also good at using guns. I am also a body refining monk. I even have a strong understanding of elemental energy."

"Should I go to other palaces first, compare which imperial palace is the strongest, and then make plans?"

Wheezing.

Hearing Wang Fan's words, Wu Yun couldn't help laughing.

This guy is obviously trying to amuse the teacher.

The old man's face was a little black. He glared at Wang Fan and said, "you can have a try."

He is very upset, this little bastard just joined the college, even to give him trouble, it is

unreasonable. Joke, he Liu Yuan personally dig disciples, how can enter other imperial palace?

This Dao emperor's palace is very big. After entering it, there is another cave.

Inside, there are layers of stairs and buildings, which are magnificent and extraordinary.

And the space of each floor is very large, which is like a small town.

Originally, the slovenly old man intended to bring Wang Fan to the top, but after hearing Wang Fan's words, he was a little upset and left Wang Fan on the first floor.

He took Wang Fan to one of the courtyards on the first floor and said, "you will live here in the future."

"No matter which Imperial Palace you are in, the more you go up, the stronger your spirit will be, and you will get more resources."

"So, if you want to get stronger quickly and have more cultivation resources, you can find a way to live in the high level."

Wang Fan didn't agree, but he nodded and asked casually, "how can I live in a high-rise building?"

"Beat the Deacon." Slovenly old man says, finish saying, he hey a smile, don't wait for Wang Fan to ask again, then already took Wu Yun to leave.

Wang Fan rolled his eyes, but he didn't care at all. Instead, he entered his own yard.

"Younger martial brother, you are new to the college." Just as Wang Fan entered the courtyard and sat down, a voice came in. At the same time, a young man appeared at the gate of the courtyard.

This young man looks very thin and weak. It seems that a gust of wind can blow him down, but his cultivation is no worse than Wang Fan. He is already on the second floor of the imperial realm.

"Yes, I don't know what to call elder martial brother?" Wang Fan nodded.

"My name is Zhang Yuan." Zhang Yuan replied, then looked around, quietly approached Wang Fan and said, "younger martial brother, you are blessed. Do you know who lives next to you?"

"Who?" Wang Fan asked.

"The third miss of the Luo family, Luo Feiyan." Zhang Yuan replied obstinately, "as the saying goes," if you can get the beauty, younger martial brother, you will be speechless. ". I don't know. This guy is obscene.

Just as he thought of it, a cold hum came from outside. Then he saw a cold woman standing in front of

the courtyard.

This woman has a melon face and willow eyebrows. She is really beautiful. However, compared with gentle and pleasant, Xiao Junyan is still a little worse.

She looked at Wang Fan in disgust and said, "if I hear those disgusting topics behind your back in the future, don't blame me for being rude."

After that, she pointed to Wang Fan again, "don't think you will have a chance if you live next door to me. If you dare a toad to eat a swan, you will die miserably. "

After that, the woman looked up and left arrogantly.
