Chapter 2971

Yao Gu was so badly injured that he couldn't do it at all.

He grabbed out a communication bead and sent out several messages by special means.

Since Yao Xuan is gone, it will be exposed that he and others are killing Zhu Tianjiao.

At this time, he had to ask the villain to tell the truth and pour dirty water on Yao Xuan to confuse black and white.

...

Wang Fan didn't know what happened to Yao Xuan at all. At this time, he was already in a cave and began to recover madly.

If there is no accident, he does not intend to leave the cave, let alone explore other dangerous places.

He just wants to wait until the end of the year and then go out on his own.

As for Yao Xuan and other people's life and death, he naturally has no time to care.

He can help, has all helped, if so Yao Xuan and others can not survive, then he has no way.

On the whole, he was very satisfied with his harvest during this trip.

He not only improved the level of array and Dan, but also got two roots of Xianpei. He has no regrets.

In this way, unconsciously, two months have passed, and it has been almost a year since he entered the valley.

In these two months, Wang Fan's injury had already recovered. His cultivation not only recovered completely, but also came a step closer to the middle of the third level of the Empire.

Instead of staying in the cave to practice, he left the cave.

Because he didn't know if he would feel the breath of transmission if he stayed in the cave.

If he didn't leave the cave and missed the transmission, or was not transmitted, that would be bad.

Wang Fan just left the cave not long ago, he was acutely aware that the two breath ran towards him.

Feeling this scene, Wang Fan's eyebrows couldn't help wrinkling.

Is it hard to say that the master of these two breath is the second of the six levels of the five emperors? Are they crazy to kill because they feel their own breath?

It's just that it's a bit too far away. I just left the cave, and I was noticed. What's the other party's means?

Wang Fan thought, mental power has been crazy spread out, soon he knew he wanted to be bad.

The two men who approached crazily did not come for him, but were chasing and fleeing.

They ran to their own position coincidentally when they were chasing and escaping.

What makes Wang Fan speechless most is that he knows both of them. The one who runs ahead is Yao Xuan, the proud daughter of the Yao family.

And the person who chased after him was Gaiji, who was forced to retreat by him, and then used the talisman to escape.

When Wang Fan's mental strength fell on them, they also noticed Wang Fan.

Seeing Wang Fan, Yao Xuan couldn't help but be stunned at first, and then she was overjoyed.

She did not expect that Wang Fan was still alive, and she met Wang Fan.

Without hesitation, Yao Xuan ran towards Wang Fan crazily, and yelled, "younger martial brother Wang Fan, help me."

"Ha ha, mole ant, I didn't expect that you are still alive. I want to see if you can escape from me this time."

Gaiji laughed and ran to Wang Fan's direction.

However, in his eyes, there was no smile at all, and there was only violent killing intention.

In a flash, Yao Xuan had already run to Wang Fan.

At this time, she looked a little embarrassed, pale, not to mention, the body is still full of blood, a ferocious wound, is horizontal in her waist and abdomen, blood flow.

Seeing Wang Fan, Yao Xuan's nervous mood finally relaxed a little.

Although Wang Fan's accomplishments are only three levels of the imperial realm, they are not the general three levels of the imperial realm.

It can be seen from the fact that Gaiji, who he was able to force that day, escaped by using the rune, and then calmly led away a strong man of the sixth floor of the imperial realm, but he was safe.

"Elder martial sister yaoxuan, I have some healing pills here. Take them first." Wang Fan grabs several three-level elixirs and hands them to Yao Xuan. Then he looks at Gaiji.

He sneered scornfully, "run away? You're a little shameless, aren't you? Who was seriously injured by me last time and then escaped by using talisman?"

In the face of Gaiji, Wang fan is really not afraid.

Don't say that he has made a small breakthrough in his cultivation now. Even if there is no breakthrough, he is not afraid of this taboo.

If the other side had five people, he would take Yao Xuan to escape without saying a word, but now there was only Gai Ji, so he didn't have to escape at all.

"Little beast, if I hadn't been careless last time and caught your cunning move, how could you force me away?"

"This time, I won't give you another chance. If you want to die, so will her Yao Xuan."

"But you are just a mole ant on the third floor of the imperial realm. If you can die with the proud daughter of the Yao family, even if you die, you will be happy enough."Gai Ji laughs and grabs the lamp with his right hand.

The magic weapon of the remnant lamp gives off a fiery red light, and the burning air is scorching and hot.

Wang Fan disdained to see cover bogey one eye, right hand a move, shadow knife has appeared in the hand.

"If you want to do it, come on. Last time I could blow you into a serious injury, this time, I can still do it."

With that, Wang Fan's momentum had already begun to surge madly, and his aura was even more violent.

In the sky, it seems that all the auras have turned into Dao meaning, and they are crazy to gather towards Wang Fan's shadow Dao.

The terrible sword power is formed in an instant, and the stirring space is illusory. The killing power is amazing.

"Dao Yi Dacheng?" Feeling Wang Fan's sharp sword, not only Gaiji was shocked, but Yao Xuan was also shocked.

It's just the third floor of the emperor's realm, and the Dao's meaning is already so terrible. If it's refined to perfection, how will it be in a few years?

"Hey, hey, you're right. Next, take my knife."

With a smile, Wang Fan grabs Yao Xuan with his left hand and takes her to a safe area. Then he grabs the shadow knife with his right hand and blasts out.

The terrible blade spread in the air, and there was a roaring sound in the air.

Illusions emerge in the middle of the sky. The whole void is just like being abruptly split into two parts.

It is at this moment that tens of thousands of sword ideas are stirred up to form a river of swords, rolling to Gaiji.

"Kill Gaiji felt the fury of the sword, and his face became dignified.

He roared out a word, and the residual lamp in his hand was shining even more. He flew out of his hand directly, enveloping Wang Fan's sword intention.

At the same time, a black halberd appeared again in his hand. The halberd cut out a black awn in the air, which was also crazy to Wang Fan's sword.

Wang Fan clearly felt that the light overflowing from the residual lamp was surging towards the Dao meaning, and his Dao meaning began to loosen and collapse, just like he couldn't bear the terrible high temperature.

At the same time, the light is not affected by Dao Yi. It directly penetrates Dao Yi and comes to his body.

Feeling this scene, Wang Fan's face changed slightly, an aura shield formed on the body surface instantly, and then split out again.

Almost at the moment when he split the second knife, Gaiji's lacquer black halberd awn, which had been torn by Wang Fan's first knife, was already on top of his intention.

Chapter 2972

Boom!

The frenzied explosion was loud, and the terrible spirit yuan spilled out, directly tearing everything around into nothingness.

Under the terrible Lingyuan explosion, the wave of Wang Fanying's knife tore the void, directly scattered Gaiji's spear, and then continued to split towards him crazily.

"How is that possible?" Gai Ji looked at the scene stupidly. He couldn't believe his eyes.

As if like two peas, he can clearly feel that Wang Fan's practice is only three layers of the emperor's land, exactly the same as two months ago.

However, Wang Fan's fighting power is several times stronger than that of two months ago. Not only that, but even Lingyuan is more powerful.

It's just the third floor of the emperor's realm. Its spirit is as good as his. Gaiji's scalp is numb.

"Nothing is impossible. I said that at the beginning, I could force you away with three knives. Now, I still can."

"No, no, because this time, I won't give you another chance to escape, so you can die."

Wang Fan disdains the voice to spread out, the shadow knife dances again, the crack domain third knife smashes the sky crazy to blow out.

This Gai Ji, relying on his strong cultivation, killed Wang Fan several times. If Wang Fan didn't kill this guy, he would be sorry for himself.

So, he has nothing to show mercy for.

"Hum, it's ridiculous that you dare to say you want to kill me even though it's just the third floor of the Empire." Gaiji's crazy grin came back to him.

He madly urged the magic weapon of the remnant lamp to influence Wang Fan with the fiery light emitted by the magic weapon of the remnant lamp. At the same time, he agitated all the spirit yuan and madly sacrificed the long gun in his hand.

Although Wang Fan's strength greatly exceeded his expectations, it did not mean that he was afraid of Wang Fan.

He Gaiji was a strong man in the sixth floor of the imperial realm. It would be ridiculous to be afraid of Wang Fan, who had only the third floor of the imperial realm.

Driven by Gaiji's madness, the light overflowing from the magic weapon of the remnant lamp instantly enveloped Wang Fan.

When the high temperature of terror and blazing hit, Wang Fan immediately felt a trace of stagnation in the operation of aura in his body.

Feeling this scene, his heart secretly startled.

This magic weapon of the remnant lamp is too terrible. Even if he swallowed and fused the demon fire, he was affected by its high temperature.

It seems that last time Gaiji didn't have time to stimulate the power of the magic weapon to the extreme, otherwise, he might not be able to force it away.

Wang Fan didn't dare to neglect, the spirit in his body was agitated crazily, and the mixed grain trace also ran crazily.

No matter whether the mixed pattern trace is useful to the blazing light or not, it is not a bad thing to run it. After all, what if it is useful?

Boom.

There were several dull blasts, and the knives and guns collided in the air, sending out terrible ripples.

In that kind of violent Lingyuan agitation, Wang Fan's third knife will be directly torn, and then the spear with a sharp kill, directly toward Wang Fan.

Wang Fan felt the scene and his face changed in an instant.

He knew that he was still affected by the blazing light emitted by the magic weapon of the lamp, otherwise, his knife would never be so destroyed.

Of course, the most important thing is that his accomplishments are still lower after all. It is very difficult to fight across three realms.

Wang Fan didn't dare to hesitate. Almost at the moment when the blade was torn, the elemental energy of earth ran around him crazily, forming hard stone armor.

However, although Wang Fan's reaction is fast, it is still not as fast as that of Gaiji.

His stone armor had just been formed, and before it was completely stable, the long gun had already hit him.

Hissing, a blast came out, immediately accompanied by a series of blood mist sputtering, Wang Fan was blown out directly.

In his right rib, a bloody hole was torn out by the tip of the gun, and his clothes were dyed red with red blood.

However, Wang Fan was blasted out of the moment, then forced to lift a breath, the moment to show up the space to move the magic.

Now that he's been blown away, Gaiji is definitely the most relaxed time. In this case, the sneak attack will definitely have an unexpected effect.

As for the display of space moving magic will expose their understanding of the law of space things, Wang Fan has been ignored so much.

Are you kidding? I'm dying. How can I manage so much?

"Boy, I'll see how you live." Gaiji looked at Wang Fan who was shot away and couldn't help laughing.

However, before his laughter fell, he was shocked to find that Wang Fan had disappeared.

Before he could recover, a sense of extreme danger came from behind him.

He hardly hesitated. His figure suddenly turned upside down and he just punched out.

Bang!

With a bang, Gaiji's fist hit a lacquered black handprint. When the fists and palms intersect, the palmprint and boxing style break up almost at the same time.

However, Gaiji didn't have time to relax at all, and his pupils suddenly contracted.

Because he blocked one of the palmprints, but not the other.

Almost at the same time that he scattered the lacquered black handprint, another lacquered black handprint rushed to his Dantian with lightning speed.

He was scared out of his wits, but there was no time to avoid and resist, so he had to twist his body subconsciously.

It was also because of his twist, bang, bang that the palm print was solid and solid in his abdomen.

Gaiji was forced to fly out, and his whole body couldn't help sweating.

Almost, just a little bit, that's his Dantian.

Once the palm print hits his Dantian, he will be completely abandoned.

On the other side, Wang Fan, who flies backwards, looks at the scene, but he can't help saying it's a pity.

He uses the space to move the magic, and at the same time blows out two Shura seals, the purpose is to kill this guy, but now, he did not succeed, it seems that he just hit him hard.

However, looking at Gaiji's appearance, even if he had combat power, he would not have much. Yao Xuan was enough to deal with it.

Thinking of this, Wang Fanqiang held back his weakness and looked in the direction of Yao Xuan.

But when he saw that Yao Xuan was in a daze, his anger suddenly came out.

"I said you are still in a daze. Why don't you go and kill him quickly? Are you still waiting for him to recover and kill you?"

Wang fan is really a little annoyed. How can this woman, who is the pride of the pharmacist, not even have this look?

If it wasn't for his heavy injury and weakness, he would have done it by himself. Yao Xuan would not have done it at all.

Yao Xuan, who was still wondering why Wang Fan was so powerful that she could even hurt the six layers of Gaiji in the imperial realm, immediately recovered after hearing Wang Fan's words.

Her pretty face slightly a red, and then no longer dare to have the slightest hesitation, the whole body aura crazy rage, flash to kill Gaiji.

When Gaiji saw Yao Xuan coming, his face became ugly immediately.

Just give him dozens more breathing time, he can recover some strength, and then escape.

It's just that Wang Fan and his wife don't even want to give him dozens of breathing time.

Boom!

With a blast, Yao Xuan's attack fell on Gaiji. Poor Gaiji, even without a chance to resist, was killed directly.

At the moment before his death, there was only reluctance and anger in his heart. He goes after Yao Xuan. Why don't he provoke Wang Fan?

It's a pity that he's gone and there's no room for regret.

Chapter 2973

"Elder martial sister Yao Xuan, why are you alone, others?" After Gaiji was killed, Wang Fan went to yaoxuan and asked.

He was very confused. At the beginning, he forced Gaiji away, and also led a man from the sixth floor of the Empire.

In that case, Yao Xuan and the other three monks on the sixth floor of the Empire were not afraid.

But now, how could Yao Xuan look so miserable, and even be chased by Gaiji?

Yao Xuan heard Wang Fan's question, and a sense of sadness appeared in her eyes. "I don't know what happened to other people, but I think it's more bad than good."

"How can it be more dangerous than good?" When Wang Fan heard this, he was startled, "can't you deal with the six levels of the three imperial realms?"

Then he couldn't help whispering, "it shouldn't be. I've seen the moves of the three emperors in the sixth floor. Even if you can't deal with them, as long as they are united, they should not be able to help you."

Yao Xuan's expression was even more gloomy, and even in the gloom, there was a touch of extreme anger.

She sorted out her emotions and tried to use a peaceful language. "Originally, they couldn't help us, but Yao Gu suddenly betrayed us and started to fight against her own people, which led to the other party seizing the opportunity."

"Yao Gu betrayed?" Wang fan is more puzzled, but this matter has been related to the pharmacists, Wang fan knows it must be not simple, so he did not continue to ask.

He is just a friar on the third floor of the imperial realm. His accomplishments are still too weak. He doesn't want to get involved in the dispute of the pharmacists.

Thinking of this, Wang Fanli even changed the topic, "elder martial sister Yao Xuan, what's your plan next?"

"What are you going to do?" Yao Xuan made a self mockery at the corner of her mouth, but she soon remembered something and said, "I remember you have been in the valley of medicine king for almost a year."

"I want to be with you in the days to come, and then take me out when you go out."

"Take you out?" Wang Fan Leng God, "after entering the valley of medicine king, don't you need to stay for at least one year? Can you take people out?"

But this is just the export, Wang Fan will know that he said is nonsense.

Yao Xuan is the proud daughter of Yao family, and Yao Wang Valley is the secret place of Yao family. She must know more about Yao Wang Valley than herself.

"In general, Yaowang Valley is really unable to take people out."

"But I have my own way. As long as you hold me when you are transported, you can take me out."

Yao Xuan said.

Finish saying, she is a little embarrassed again, "I know to follow in your side, will certainly let you fall into danger."

"But don't worry. We'll find a place to hide and try not to go out. It should be OK."

"By the way, you are stronger than me. Don't call me elder martial sister in the future. Just call me by name or younger martial sister."

When Wang Fan heard Yao Xuan's words, he couldn't help wondering for a moment, but he soon understood what the other party's danger meant.

Yao Gu betrayed. It's obvious that the five people were in collusion with Yao Gu.

In this case, Yao Xuan, as an insider, must die. Otherwise, Yao Gu will be in big trouble after he goes out.

Wang fan doesn't need to ask at all. He knows that Yaogu and the other four emperors must be searching for yaoxuan all over the world.

Because of this, Yao Xuan said that she would bring danger to herself if she followed her.

Wang Fan thought of these, indifferent smile, "no matter, since you have a way to go out with me, then follow me."

"As for the danger, I also have some gains in your Yaowang Valley, just as a reward."

Wang Fan said, has quickly got up, toward the distance.

I've just experienced a big war here, and even they killed Gaiji here, so the other four people and Yaogu will come soon.

In this case, it is not suitable to stay here for a long time.

Yao Xuan doesn't talk nonsense either. She follows Wang Fan quickly.

She is very grateful to Wang Fan, after all, in this case, with her is equivalent to carrying a time bomb, may die at any time.

As for what Wang Fan said, she didn't care at all.

In Yaowang Valley, the top-level resources in other places have been collected except for those dangerous places that they cannot enter.

As for those who are not put away, but are restrained and protected, even if they are precious, they are absolutely not top-level resources.

Therefore, even if Wang Fan gains something in Yaowang Valley, in her or pharmacists' eyes, it is nothing at all.

Compared with the life of Yao Xuan and the danger Wang Fan will face, it is nothing.

As soon as Wang fan saw Yao Xuan's expression, he knew what Yao Xuan was thinking, but he didn't explain.

Anyway, he has already said what should be said. As for Yao Xuan's indifference, it's not his business. Anyway, he will not take the initiative to say that he has obtained the resources of the two dangerous places. First of all, the resources of the two dangerous places have been used by him except for the root of Xianpei.

Even if it's not used up, once he says it, it will definitely cause trouble again.

Wang Fan just ran for less than a hundred Li, then stopped and dug a cave on the ground.

Yao Xuan looked at Wang Fan's action and asked, "Wang Fan, is it unsafe for us to hide here? After all, it's too close to the place where Gaiji was killed."

Wang Fan said with a smile, "as an old saying goes, the most dangerous place is the safest place."

"Since you think it's dangerous here, you shouldn't hide here. Then Yao Gu, they certainly don't think we dare to hide here, but they think we have run away. "

"So, before we go out, we hide here. I believe that as long as they stay here, Yaogu will definitely not find us. "

In the conversation, Wang Fan has quickly dug a hole in the ground, and then jumped in.

Yao Xuan heard Wang Fan say so, and saw that Wang Fan had already jumped into the cave, so she said nothing more, but jumped down with him.

After they went in, Wang Fan spiritually rolled up the hole, sealed the top of the hole, removed the excavated soil, and then began to set up a ban.

It wasn't until two hours later that Wang fan stopped and asked Yao Xuan, "elder martial sister Yao Xuan, we are hiding under the ground, won't it affect the transmission?"

"No Yao Xuan shook her head. "In Yaowang Valley, except for those special dangerous places, no other place will be affected by the transmission."

Wang Fan was relieved to hear this.

At the moment, they didn't know that in the place where Gaiji was killed, five people had already appeared here.

These five people are the five people of ancient medicine.

They gawked at the guy who was killed and couldn't die any more. They couldn't believe it.

In Yaowang Valley, someone can kill Gaiji. How is that possible?

What's more, didn't Gaiji say that he was chasing Yao Xuan? Why did he die suddenly?

They know the strength of Yao Xuan very well.

Not to mention that Yao Xuan's injury has not fully recovered, he is still injured. Even if Yao Xuan's injury has fully recovered, he can't kill Gaiji.

Chapter 2974

"I know who killed gage." After a long time, a dull voice suddenly came out.

This is one of the monks on the sixth floor of the Empire. When he speaks, there is a deep hatred in his eyes.

If Wang fan is here, he must be recognized as the man who chased and killed him on that day, but was severely damaged by him in the 18th floor.

"Who is it?" This person's words almost just fell, Yao Gu couldn't help asking.

Because he really can't believe that someone can kill Gaiji in Yaowang valley.

"It's the mole ant on the third floor of the imperial realm. I'm really familiar with his intention to kill." The man replied.

"The mole ant?" Yao Gu also incised his teeth, and Wang Fan's appearance appeared in his mind.

If it is said that other three-tier monks in the imperial realm can be killed, Gaiji will certainly scorn it. But when this man was Wang Fan, he had to believe it.

On that day, Wang fan forced Gai Ji back with three knives. He saw the ancient medicine with his own eyes. In addition, Wang Fan was able to walk away calmly in Liang Yu's pursuit. All these have proved Wang Fan's extraordinary.

Liang Yu didn't say anything about Liang Yu's being badly damaged by Wang Fan with the help of the eighteen stairs, so Yao Gu didn't know.

Of course, if he knew this, he would be even more shocked.

You know, although Liang Yu's accomplishments are the same as Gaiji's, his strength is much stronger than Gaiji's.

It's terrible that Wang fan should be able to hit Liang Yu hard.

As for why Liang Yu has no face to say this, the reason is very simple.

He went to hunt down Wang Fan on the sixth floor of the emperor's territory, but Wang Fan escaped, which made him lose face. If he says again by Wang Fan with the aid of dangerous things, that he also want shameless?

"Look at Gaiji's appearance, it should be not long after he died. They certainly haven't escaped. Let's go after them quickly." Yao Gu soon recovered and said quickly.

He didn't care much whether Wang Fan died or not, but Yao Xuan did.

With him, Yao Xuan must die, otherwise he will have endless troubles.

"Don't worry, they can't escape. Not only Yao Xuan is going to die, but also the mole ant on the third floor of the Empire. I will make him fly ash. "

Liang Yu nodded and said. After that, they stopped talking nonsense and went away crazily.

If Wang Fan were here, it would be even more shocking, because the direction of these people's departure was exactly the direction he and Yao Xuan left.

Soon, Yao Gu and his party had chased hundreds of miles, but they didn't even see the shadow of Wang Fan and Wang Fan.

Let alone the shadow of Wang Fan, they didn't even notice the fluctuation of their escape.

"What's the matter?" Yao Gu saw Liang Yu stop and couldn't help frowning.

"I think we're going in the wrong direction. They're not coming this way."

Liang Yu's face is not very good-looking, low said, he on his own speed and tracking ability, has always been very confident.

The reason why they were able to accurately find those Tianjiao in Yaowang Valley and then kill them one by one was that although the information provided by Yaogu was valuable, his tracking ability also played an important role.

But now, he didn't catch up with Wang Fan. How could it be?

Either Wang Fan's escape means are too clever, even he cheated, or Wang Fan changed his direction in the middle.

Because he was sure that at the beginning, Wang Fan fled in this direction.

"Ah?" When Yaogu heard Liang Yu's words, he couldn't help opening his mouth, "elder martial brother Liang Yu, we have to hurry up."

"The day when Wang Fan was sent out is coming. Once Yao Xuan is sent out with him, we will be in great trouble. "

Yao Gu was really in a hurry, because Yao Xuan didn't die, and the consequences were too serious. So anyway, they can't let Yao Xuan go out alive.

Liang Yu's face was gloomy, but he didn't speak. He turned directly and returned to the place where gaige had been killed.

Seeing this, Yao Gu's four people didn't say anything more, so they quickly followed.

In this way, three days passed in a flash.

In these three days, Liang Yu and his party have been tracking along several directions for a long time, but they have not found any trace of Wang Fan.

At this moment, not to mention Yao Gu's heart is more and more heavy, even Liang Yu's face is also extremely ugly.

Especially Liang Yu, that face is gloomy, even can drip water.

Just a mole ant on the third floor of the empire can escape from his pursuit even when he runs away with a man. It's really shameful.

"No! Maybe they didn't run away at all, but hid nearby! "

At a certain moment, Liang Yu seemed to think of something. His face suddenly flashed over and ran to one of the directions. Only ten minutes later, he stopped in the void of an area, and then began to probe around carefully.

This place is less than 1000 meters away from the place where Wang Fan and Wang Fan were hiding.

In the cave, Wang Fan has been practicing and feeling the elemental energy of heaven and earth.

He seems to be nothing, nothing to worry about in general, no distractions, extremely calm.

However, compared with his unfocused mind, Yao Xuan was a little restless, let alone practicing. She couldn't even sit still.

If she doesn't get out of Yaowang Valley for a day, her life will be in danger. How can she be at ease and have the mood to practice in this situation?

She did not understand why Wang Fan was so calm. Was Wang fan so confident in this place?

Until three days passed, but they were safe and sound. Even Yao Gu and others still didn't find here. Yao Xuan couldn't help but feel relieved.

The reason why he is relieved is not only that he has been safe for the past three days, but also that the time for Wang Fan to be sent out is coming.

Yao Xuan walked up to Wang Fan, blushed slightly and said shyly, "Wang Fan, the time for you to be sent out is coming soon, I, I."

Yao Xuan didn't say anything after a long time.

After all, as a woman, she can't say we're ready. Why don't you hold me?

What made Yao Xuan speechless was that after Wang Fan opened his eyes, he said something that almost made her vomit blood, "is it going to be transmitted so soon?"

Fortunately, Wang Fan had reacted quickly and said, "elder martial sister Yao Xuan, I offended you."

Then he hugged Yao Xuan.

Boom!

It was almost Wang Fan Gang, the overlord of Yao Xuan, and a violent roar had already been heard.

As soon as Wang Fan's face changed, he immediately knew that this was the prohibition that someone was bombarding him.

But before he released Yao Xuan, boom, there was another loud noise, and then there was a click, and the prohibition was completely smashed.

The ban was smashed. Wang Fan didn't dare to hesitate. He picked up Yao Xuan and rushed out of the ground crazily.

In this case, if they continue to stay underground, they are looking for death.

However, just as they rushed out of the ground, a sarcastic voice with cold and murderous intention came out,

"thanks to my hard work in finding you, you are really happy in this cave."

Chapter 2975

This mouth of person is Liang Yu, at the moment he looked at Wang Fan two people, eyes only cold kill meaning and kill machine.

He didn't expect that Wang Fan and Wang Fan were hiding in a place less than a hundred li away from Gaiji's death. If he hadn't known later, I'm afraid he would not have been able to find them now.

When Yao Xuan heard Liang Yu's words, her face turned red in an instant.

When was she so ridiculed as the proud daughter of the pharmacist?

Just, at the moment she is really being held by Wang Fan, there is no way to refute.

Wang Fan's heart is also extremely shocked, he also did not expect that he would be found.

This guy is really great. He not only found himself, but also broke the ban.

However, Wang Fan soon stopped thinking so much. The most urgent thing is to think about how to get away.

If Liang Yu was the only one on the other side, he would not be afraid, but the other side had six levels of four famous emperors and four levels of Yao Gu.

No matter how conceited Wang fan is, this kind of powerful lineup is impossible to fight. Even if he sacrificed his killing short gun, it would be enough.

"I said who it is. It turns out that it's you garbage. It's none of your business whether I'm happy or not."

"Why, it's not enough for me to run away last time when I was taught by Lao Tzu. Now I have to send them to the door to look for abuse?"

While Wang Fan was talking, the shadow knife was already in his hand. At the same time, the momentum of his body suddenly expanded and he was full of killing.

When Liang Yu heard Wang Fan's words, his face turned pale.

He thought of his last humiliation.

In contrast, Yao Gu's four people were shocked.

Wang Fan taught Liang Yu how to run away? Why don't they know about it?

Wang Fan noticed the shock of Yao Gu's four people. First, he was slightly stunned, and then he understood immediately. It must be that Liang Yu was afraid of losing face and didn't say it.

Wang Fan, who had decided to run away immediately with Yao Xuan, gave up the escape decisively after he realized the situation, but directly attacked Yao Gu.

He naturally knew that among these people, Yao Gu had the highest status and could never have an accident. So he did not hesitate to choose the attack medicine Gu, rather than others.

Although Yao Gu had four levels of cultivation in the imperial realm, there was a big gap between Yao Gu and Wang Fan.

Even if Wang fan does not sneak attack, he will never be Wang Fan's opponent, let alone Wang fan is still sneaking attack.

"Master Yao Gu, be careful."

"Little beast, dare you!"

When Liang Yu and the other three emperors recovered from the sixth floor of the imperial realm, they were immediately shocked and yelled to remind Yao Gu.

Of course, they just had time to remind, and they didn't have time to help Yao Gu.

However, their voice just came out, and the awn of the shadow knife had already approached Yao Gu's body in an instant.

At this time, Yao Gu finally recovered, and his face suddenly changed.

Unfortunately, he didn't have time to respond.

With a bang, Wang Fan's shadow knife hit Yao Gu heavily. Yao Gu immediately spattered a bunch of blood, and then flew out with a scream.

"You want to die!" Liang Yu see, pupil can't help but suddenly shrink, body shape a flash, and then has to kill Wang Fan.

He didn't sacrifice any weapons, just shot out of thin air. But only in this way, the power of his fist is shocking enough.

The violent style of boxing tore in the space, forming a terrible vortex, and directly blasted to Wang Fan.

Wang Fan feels Liang Yu's terrible fist, and his heart is dark.

This guy's grasp of the timing is really good. At this time, he just shot out, and his strength just vented, so he has no ability to shoot out a second shot.

Seeing that the style of boxing was about to surge on the body, Wang Fan suddenly took a breath, and madly displayed the magic of space moving.

Unfortunately, his speed is still slower.

Bang, at the moment when his body disappeared, the fierce boxing style surged in his chest, and directly spat out a mouthful of blood fog.

"Elder martial brother Wang Fan." Yao Xuan saw this scene, her face suddenly changed, and she called subconsciously.

At this time, Wang Fan's body shape has suddenly appeared behind her, and immediately put his arms around her waist and left.

"Want to go?" Liang Yu see this scene, sneer.

But when he was about to catch up, Wang Fan's voice suddenly came out, "I advise you to go to see the ancient medicine first. If it's too late, I'm afraid he will die."

Liang Yu heard Wang Fan's words and stopped abruptly.

He knew that Wang Fan didn't mean that Yao Gu's injury needed his treatment, but that if he dared to chase him, Wang Fan would immediately kill Yao Gu.

If the other three levels of the imperial realm said this, Liang Yu would certainly despise it. But it was Wang Fan who said this. He didn't dare to ignore it.

Wang fan is really too evil, not only fast, and even understand the law of space.

With his terrible fighting power, if Wang Fan wanted to kill Yao Gu, his three younger martial brothers might not be able to protect him.

After all, killing and protecting a person is not a concept at all.

"You three go after it." Liang Yu's gloomy face took a look at Wang Fan's back as they left. He turned back and said to the three emperors who had already run to Yaogu's side.

The three people smell speech, quickly nodded, and then did not say a word, body shape a flash, has disappeared.

But in spite of this, Liang Yu's face is not good-looking. Kai

Wang fan is treacherous and cunning. His three younger martial brothers may not be able to catch up with him, let alone kill him.

When Wang fan saw that Liang Yu didn't come after him, he was relieved.

He knows the speed of Liang Yu. If Liang Yu pursues him, he is really under great pressure.

But now that Liang Yu didn't come, he was not afraid.

He doesn't believe these three people have Liang Yu's speed.

Wang Fan with medicine Xuan crazy escape, soon will be behind the three completely away.

Until they feel safe and stop at the same place, Yao Xuan can't help asking, "brother Wang Fan, are you ok?"

"It's OK." Wang Fan shook his head.

However, he just finished these three words, his face suddenly changed, and immediately hugged Yao Xuan.

Almost at the moment when he hugged Yao Xuan, a flash of light suddenly appeared, directly rolled their bodies, and disappeared in an instant.

When Wang Fan felt his feet landing again, they had already appeared at the entrance of Yaowang valley.

Looking at the familiar entrance of Yaowang Valley, not only Wang Fan was greatly relieved, but also

yaoxuan was greatly relieved.

It's not easy to come out at last, but now that they have come out, they will be safe.

"Yaoxuan fairy, since she has come out, I'll leave first. We'll see you later."

Wang Fan said goodbye to Yao Xuan, and immediately his figure flashed and disappeared.

"Wang Fan, wait." Yao Xuan wants to stop Wang Fan, but it's a pity that Wang fan is walking too fast. She's still a step late.

Wang Fan saved her, she wanted to thank Wang Fan, but unfortunately Wang Fan did not give her a chance.

Chapter 2976

"Miss, are you out?" Just as Wang Fan left, an old voice had already sounded in Yao Xuan's ear.

Yao Xuan recovered and saw an old man coming.

She nodded and was about to say something when she was shocked to find that the old man patted her back.

...

Wang Fan didn't know what happened to Yao Xuan. He had already left the entrance of Yao Wang Valley and left for Yao's home.

Now that yaowanggu is finished, he naturally doesn't want to stay at Yaojia.

Yao Gu dares to commit mischief in Yaowang valley. He unites Liang Yu and others to kill Zhu Tianjiao and even Yao Xuan. Wang fan doesn't believe it if there's no one behind him.

He doesn't want to get involved in this kind of internal dispute.

But Wang Fan did not leave the pharmacy, he felt wrong, he even smelled a very strong smell of blood.

Feeling this scene, Wang Fan's heart sank, his mental power swept out in an instant, and he immediately found more than ten corpses.

Looking at the dozens of corpses, Wang Fan couldn't help but stay, and sped up to run out of Yao's house.

Because of the dozens of corpses, he actually saw three of them, all of them were pharmacists' guards.

"Yao SA, you brute, dare to entrap the master of the family and seek to usurp power."

As Wang Fan sped to the outside of Yao's house, an angry voice suddenly came, followed by a roar of magic weapon collision.

Wang Fan felt the spatial fluctuation of that kind of war, and immediately knew that the two men in this battle were much more powerful than him.

He did not dare to stay, directly and crazily used the space to move the magic, and rushed out of the drugstore.

Almost as soon as he rushed out of the drugstore, an old man in black appeared at the door of the drugstore.

"Is there anything unusual here, but has anyone gone out?" After the old man in black appeared, he looked at the two gatekeepers and asked.

"No, No." The two quickly shook their heads.

They had only two levels of cultivation in the imperial realm. In addition, Wang fan used the magic of moving space, so they could not be aware of it.

"Well, I'm going to turn on the guard now. You are responsible for guarding here. Don't let anyone leave. If anyone dares to leave by force, report immediately. "

The old man in black nodded with satisfaction and said.

"Yes." The two guards bowed quickly, and did not dare to talk nonsense.

At the moment, Wang fan doesn't know what happened to the Yao family, let alone that he was almost left behind.

After he left Yao's home, he left the imperial city and rushed to Liuzhou city without stopping.

There was an internal fight among the famous pharmacists. Even some guards were killed, and he just came out of the valley. Therefore, for Wang Fan, the imperial city has become a place of right and wrong, and it is not suitable to stay for a long time.

Wang Fan did not know, he just left the imperial city less than two hours, medicine family came out a shocking news.

Among the more than 100 Tianjiao who entered the valley of medicine king, except for the four who survived by luck, all the others fell.

This is not the most shocking, the most shocking is that those Tianjiao did not fall when they were exploring a dangerous place, but were killed by the pit. And the person who killed them was Yao Xuan, the proud daughter of the Yao family.

As for why Yao Xuan wanted to kill Zhu Tianjiao, the reason was that Yao Xuan fell in love with a male monk.

And that man's identity was just a student of Liuzhou college, and his accomplishments were only three levels of the imperial realm, named Wang Fan.

It is said that Wang Fan, with his outstanding talent, ran rampant, and even engaged in the business of killing people and seizing treasure in the valley of medicine king, which aroused public anger.

Tianjiao doesn't like what Wang Fan has done and wants to eradicate Wang Fan. Unfortunately, Yao Xuan is infuriated. Therefore, it happened that Yao Xuan and Wang Fan killed Zhu Tianjiao.

At the beginning, many people didn't believe in the reason for absurdity, but when they saw the crystal image, Wang Fan and Yao Xuan were holding together, they had to believe it.

Because everyone can see that the crystal image is true, there is no fraud.

As for why Yao Xuan fell in love with Wang Fan and did such crazy things for Wang Fan, the reason has also been dug out.

That's because Wang Fan showed his amazing talent in the examination of pharmacists, and passed the 18th level examination with the three-level cultivation of emperor realm.

It was because of Wang Fan's amazing talent that Yao Xuan was impressed and even fell in love with him.

At the same time, Wang Fan was arrogant and domineering in the examination, and even slapped Ziyu in the face of the pharmacist in public.

For a time, the name of Wang Fan caused a sensation in the whole imperial city. It was just infamous and became a street mouse that everyone called to fight.

At the same time, the Yao family reported to the royal family at the first time, and then blocked the city gate.

...

Wang Fan didn't know what happened in the Imperial City, let alone the news from the pharmacists. He did not know that he had become a notorious Street mouse.

At this time, he had already left the imperial city and rushed to Liuzhou.

Also thanks to his extremely decisive, in the first time chose to leave.

Otherwise, I'm afraid he really can't leave the imperial city and is directly taken by the pharmacists.

Of course, Wang Fan didn't know this at all, even he was in a good mood.

He had already thought in his heart that after giving the root of Xianpei to the slovenly old man, he must ask the slovenly old man to order more high-quality immortal stones, and then go to the immortal refining tower to practice.

For Wang Fan, Xianlian pagoda is a good place. If he practices there for a few years, his accomplishments can definitely advance by leaps and bounds.

Liuzhou college, at the moment, the high level of the college also knows what happened to the pharmacists.

In one hall, ten college celebrities, including Liu Yuan, all looked very gloomy.

These ten people are the most authoritative ones in Liuzhou University. They are the chief and Deputy palace leaders of the five emperors' palace.

"Liu Yuan, Wang fan is a disciple of your Dao emperor palace. What do you think of this?"

At one moment, one of the old men, who was full of fierce sword spirit, looked at Liu Yuan like a sword, broke the silence and asked.

Liu Yuan, the slovenly old man, also recruited Wang Fan into Liuzhou college and even into Daodi palace. Similarly, it was he who asked Wang Fan to go to Yaowang Valley to find the root of Xianpei.

The one who opened his mouth was the leader of Jiandi palace, named jianjiqian. At the moment, his eyes looking at Liuyuan were very cold.

Liuyuan listen to this, that old face rare no cynicism, some just can't say dignified.

He didn't expect that such a thing would happen, but he didn't believe it at all.

Wang Fan attaches great importance to love and righteousness. Even for the sake of Yunqing academy, he is not afraid of life and death. How can he do such a thing?

He looked at jianjiqian and said, "jianjiqian, do you believe the news? Let's not say that Wang fan is not this kind of person at all. Even if he is this kind of person, with his cultivation, he can pit and kill so many Tianjiao? "

"As far as I know, Tianjiao, who entered the valley of medicine king this time, had the worst accomplishments on the fourth floor of the Empire?"

When Jian Jiqian heard this, he couldn't help sneering, "why don't I believe it? If other three levels of the empire can do this, I may not believe it, but I have to believe Wang Fan. "

"What did he do in Liuzhou college and how powerful his fighting capacity is? Don't you know that

Chapter 2977

"You're trying to be reasonable." Liu Yuan stares at Jian Jiqian. He is angry.

He naturally knew that Jian Jiqian was aiming at him on purpose, and the reason was very simple.

One is that the Dao emperor palace and the Jian emperor palace are not at the same time. The other is that Wang Fan did something not long ago.

At the beginning, Wang Fan blocked the gate of Jiandi palace and slapped him in the face. When the great figures of Jiandi palace intervened, Liu Yuan came forward to take Wang Fan away safely.

No doubt, Jiandi palace was extremely dissatisfied with this matter. It was only because he knew that Liu Yuan was injured and had not many years to live that he didn't want to be provoked.

Now, Wang Fan has made such a big deal in the imperial city. Jianjiqian naturally wants to take the opportunity to make trouble.

It would be better to take this opportunity to eradicate Daodi palace.

Although the five imperial palaces belong to Liuzhou University, the factional disputes are very serious, far less harmonious than the original four courtyard of Yunqing Academy.

Although there were disputes in the four main courtyards of Yunqing academy, when the Academy had something to do, they were united.

Liuzhou college is different. The five imperial palaces are in charge of each other.

As for the president, there is no president at all in Liuzhou University, only the top ten palace leaders and vice palace leaders.

"Well, don't make any noise." Just as Liu Yuan and Jian Jiqian were pinching, Emperor Wu's palace master suddenly opened his mouth.

He looked at Liu Yuan and said, "I know that Wang fan is the genius of your Dao imperial palace. It's a great loss for your Dao imperial palace to abandon him."

"But now, Wang Fan has to be abandoned, otherwise, Liuzhou college will be in great trouble."

"You say that Wang fan can't do those things. Even if what you say is true, you have to believe in the pharmacists and other families involved."

"I think it won't be long before those people will come to my Liuzhou college and directly make trouble. Although Liuzhou college is good, it can't provoke so many families. "

"So I now decide to expel Wang Fan from Liuzhou college. From now on, he will no longer be a student of Liuzhou college. What do you think?"

The words of Emperor Wu's palace leader fell, and several other palace leaders began to make their stand.

"I agree."

"I agree."

Without any hesitation, they directly agreed to expel Wang Fan from Liuzhou University.

Let's not say that Wang fan is a member of the Daodi palace. It doesn't have much to do with them. Let's just say that this time, it's really too big.

If one is not handled properly, the consequences will be extremely serious.

"I don't agree." However, Jian Jiqian put forward the opposite opinion: "Wang Fan's bad conduct even brought trouble to Liuzhou University. Is it just the end of expulsion?"

"What's more, even if we expel him, is there nothing to do? What if the families still come to trouble? "

"So according to my idea, not only will Wang Fan be expelled from Liuzhou University, but also Liuzhou University will issue a wanted warrant for Wang Fan and issue a task to kill him."

"Only in this way can those families see our attitude and not make trouble. Of course, if we do so, they will continue to make trouble, and it will be borne by the Dao emperor palace. "

Sword extremely thousand say, still looking at Liu Yuan cold hum a, "don't think I don't know that Wang Fan goes to medicine King Valley to do what."

"Since he is for you to enter the valley of the king of medicine, you Liu Yuan will naturally take full responsibility."

Liu Yuan hears this words, the facial expression is extremely uglier, but can't refute at all.

The five great emperors' palace was originally an independent individual. These people were already very polite if they didn't unite to attack the Dao emperor's palace directly. What else could he say?

However, the sword is too fierce. Even if Wang fan is expelled from the college, he even has to issue a wanted order to kill Wang Fan.

"Well, do as the master of the sword palace says."

"I have no objection."

There was a brief silence, and once again some people expressed their views.

Liu Yuan looked at this scene and knew that the situation was over. He could only squeeze his fist and pray that Wang Fan would not come back.

As for the root of Xianpei, he didn't even think about it.

In this way, the party soon dispersed. Not long after they dispersed, Liuzhou University issued two shocking notices.

First, Wang Fan, a student of Daodi palace, was expelled from Liuzhou university because of his bad conduct.

Second, Liuzhou University issued a warrant to arrest Wang Fan and wanted Wang Fan in an all-round way. If anyone could arrest Wang fan or kill him, the reward would be generous.

After these two pieces of news came out, Liuzhou college was a complete sensation, and no one knew what was going on.

Wang Fan, this is a genius who has just entered the college.

Such a person was expelled from the college and wanted? It's a blockbuster.

Because what happened to Wang Fan in the imperial city has not yet spread to those students, so they will be so shocked. It's just that there's no point in whether they're shocked or not.

Many Tianjiao figures at the top of the Imperial Palace have gone out of their cultivation and are going to kill Wang Fan.

Among these Tianjiao, the first Tianjiao in Jiandi palace, qiongbi sword, and the second Tianjiao, Zhuo sword.

Compared with those Tianjiao who planned to kill Wang Fan, the students of Daodi palace were a little

worried.

In particular, some who have fought side by side with Wang Fan and had friendship with him are even more worried.

They want to go out to look for Wang Fan and send out a message to tell Wang fan not to come out, but when they plan to do so, they find that they have been monitored.

...

Wang Fan didn't know what happened in Liuzhou University at all. At this time, he was almost in Liuzhou city.

But, I don't know why, there is a kind of uneasiness in his heart, and as he gets closer to Liuzhou City, the uneasiness becomes more and more intense.

"What's the matter? How can I feel uneasy? Is there any crisis waiting for me?"

Wang Fan murmured to himself, also some puzzled, "should not ah, I am in Liuzhou City, it seems that only the sword emperor palace offended, is it the sword emperor palace to kill me?"

"But how could the great man of Jiandi palace know that I am going back to Liuzhou today? Once I go back to the Dao emperor palace, who can still move me with that sloppy old man protecting me? "

Wang Fan thought for a long time, but did not come up with a reason.

But with the growing uneasiness, he changed his face for the sake of safety. But despite this, the feeling of uneasiness is still strong.

Wang Fan began to be vigilant and leaned toward Liuzhou City carefully.

An hour later, he finally arrived outside Liuzhou City, but he did not find any abnormality.

"Maybe I'm too sensitive." In this regard, Wang fan can only comfort himself, and then mixed in the crowd, into the city of Liuzhou.

Chapter 2978

Liuzhou city is still as prosperous as ever, as if everything is as usual, without any change.

But Wang fan is a keen discovery, Liuzhou city many more powerful monks. Most of those monks' accomplishments have reached the fifth floor of the imperial realm or higher.

"What happened in Liuzhou City, or what grand event will be held soon, that's why so many monks are attracted?"

Wang Fan keenly felt this scene, and his heart was more confused.

You know, in the past, although there were many high-level monks in Liuzhou City, there were few monks on the fifth floor or above of the imperial realm. Most of them were on the third and fourth floors of the imperial realm.

However, although Wang Fan was confused, he didn't think much about it. Instead, he speeded up and ran towards Liuzhou University.

I don't know why, his uneasiness has become more and more intense, so in his opinion, he can only be safe if he returns to the college as soon as possible and the Dao emperor palace.

"Hum, that Wang fan is really vicious. I didn't expect that he killed so many Tianjiao in the medicine King Valley pit. It's cruel and vicious. It's inhuman. "

"Who said no, such scum? No wonder even Liuzhou university wants to expel him and issue a warrant. Such scum, even if it's ten thousand times, it's not too much. "

Just as Wang Fan was running, two abrupt voices suddenly came into Wang Fan's ears. Wang Fan's face suddenly changed and his steps suddenly stopped.

"The medicine King Gu Keng killed Zhu Tianjiao and was expelled by Liuzhou University, and Liuzhou University also issued an arrest warrant?"

Wang Fan extracted the key information in those two sentences, and his heart suddenly sank to the bottom of the valley. At the same time, he was full of doubts.

These things were all done by Yao Gu and the strong men of the sixth floor in the realm of the five emperors. How could they all be pinned on him, and even spread to Liuzhou city?

Just for a moment, Wang Fan knew that he could not go back to Liuzhou college.

Liuzhou college has already expelled him and issued a warrant for him to return to Liuzhou college at this time, which is to seek death.

Wang fan is very decisive, he immediately turned the direction, toward the largest restaurant in Liuzhou City ran in the past.

The most urgent thing is to find out what's going on first, otherwise everything will be false.

Over the years, Wang Fan has also experienced a lot of ups and downs. Even if he is wanted, it is not the first time.

Therefore, although he was shocked and confused, he was not in a panic, but extremely calm.

Just for a moment, Wang Fan entered the largest restaurant in Liuzhou City, Liuzhou restaurant.

When he entered Liuzhou restaurant, it was already full of people.

Wang Fan looked for a long time, but he didn't find a vacancy, so he went to a monk who didn't have a full table.

In front of the table sat three monks, who were talking in a low voice and had a good time.

But when they saw that Wang Fan, the uninvited guest, was approaching, they immediately became alert.

They stopped talking, eyes all fell on Wang Fan, it is extremely bad.

Because Liuzhou college issued a warrant for Wang Fan, it attracted many monks to Liuzhou city. Therefore, this restaurant is also a mix of people and snakes, and there are all kinds of people.

In this case, it's natural that people who don't know should approach them because they are not careful.

"Three elder martial brothers are invited. As I have just arrived in Liuzhou City, I am a little tired, so I want to have a rest here."

"It's just that the restaurant's business is so good that there are no vacant seats. When I saw that there were more than three people here, I came uninvited."

"I don't know if the three elder martial brothers want me to sit here. If they don't want me to, I'll leave immediately. I won't disturb them."

Wang Fan towards the three, the language is very polite, in the conversation, he even grabbed a space ring on the table.

The three people's mental power is just a sweep, they already know that there are 100000 top grade immortal stones in the space ring.

Although it was nothing to them, it showed Wang Fan's attitude.

"You're welcome, elder martial brother. Since elder martial brother wants to have a rest, it doesn't matter to sit here, please."

When the three monks heard Wang Fan's words, they couldn't help but feel relieved. Immediately one of them pointed to the empty seat opposite and said.

Wang Fan's attitude has shown that there is no malice. Naturally, there is no need for him to offend, let alone slap in the face.

"Thank you, elder martial brother." Wang Fan thanks again, and then sits down.

After sitting down, he called the young man over and ordered two pots of immortal wine worth millions of top grade immortal stones without hesitation.

After the immortal wine came up, Wang Fan took the initiative to fill all three people, and then he poured it on himself.

When they saw Wang Fan's performance, they also had a good feeling for Wang Fan. One of the friars couldn't help saying, "this elder martial brother, are you here for Wang Fan?"

When Wang Fan heard this, he felt a slight movement in his heart. Then he immediately made an appearance of gnashing his teeth and nodded, "Yes, Wang fan is cruel and ruthless. Of course I'm here for him. Aren't the three elder martial brothers?"

Although he didn't know what happened, he could still hear the scattered comments of the people on the table around him.

At the moment, almost 90% of the monks in this restaurant are talking about Wang Fan, and they gnash their teeth at him one by one, hoping to kill him.

In this case, he naturally has to conform to the will of the people and show his attitude.

Only in this way can he find out what happened.

"Of course we are." The friar immediately replied, and immediately said solemnly,

"I just heard that Wang Fan was cunning and powerful, even if he was not so easy to deal with. I don't know where elder martial brother's cultivation is, how about we join hands?"

"Of course." Wang Fan nodded without hesitation. In this case, only by getting closer to each other can he say more.

After nodding, he continued, "my cultivation is not high, only the fourth floor of the imperial realm."

Speaking of this, he couldn't help sighing, "in fact, I just came to take a chance. With my strength, I'm afraid I can't beat Wang Fan at all."

What Wang Fan said is a big truth, because the general four levels of the imperial realm is really not Wang Fan's opponent.

As for the reason why he said that his cultivation was on the fourth floor of the imperial realm, the reason is very simple, that is because the three men's cultivation was also on the fourth floor of the imperial realm. Only when the cultivation is equal, can we cooperate equally.

If he said he was in the third tier of his empire, the three men would immediately change their faces, disdain to cooperate with him, and even doubt his identity. After all, Wang Fan's accomplishments are three levels of the Empire.

If he said that his cultivation was on the fifth floor of the Empire, the three men would be afraid to cooperate with him. Therefore, he said that his cultivation was in the fourth floor of the imperial realm, which was the most suitable.

Anyway, as long as he doesn't release his breath, these three people can't see his cultivation, so he's not afraid of being exposed.

Next, the four of them started a harmonious conversation. When Wang Fan felt that the time was almost right, he suddenly asked in a low voice,

"three elder martial brothers, I just heard that Wang Fan killed Zhu Tianjiao in the medicine King's Valley pit, was expelled by Liuzhou University, and issued an arrest warrant."

"But I don't know exactly what's going on. I don't know if the three elder martial brothers are clear about it, and whether they can solve my younger brother's doubts. "

Chapter 2979

Hearing Wang Fan's question, one of them immediately laughed and said, "elder martial brother, if you ask us about this, you really ask the right person."

As he said that, he subconsciously approached Wang Fan, and his voice became much lower.

"according to one of my friends in the Imperial City, Wang Fan was extremely arrogant and domineering. Before he entered the drug King Valley, he had already offended several Tianjiao, even Ziyu of the purple family."

"After entering the valley of medicine king, he was more powerful and domineering, and started the business of killing people and seizing treasure."

"It was because of this that Wang Fan aroused public anger and was surrounded and killed by the arrogance of all heaven. Originally, under the encirclement and killing of the arrogant people, Wang Fan would surely die. "

"But who knows, at the critical moment, Yao Xuan, the proud daughter of the Yao family, stood up. She openly defended Wang Fan, and even helped him deal with the arrogance. "

When Wang Fan heard this, he immediately interrupted the monk's words and couldn't help wondering,

"why should Yao Xuan help Wang Fan to deal with the Tianjiao, because she is the proud daughter of the Yao family? Do they have a good relationship, or have known each other before?"

"Also, as far as I know, Yao Xuan's accomplishments are only five levels in the imperial realm. Even with her help, they can kill so many Tianjiao?"

When Wang Fan said this, his heart was also shocked.

He didn't understand. Who was the source of the news? How could it be so outrageous? What's more, he didn't expect that this incident involved not only him, but also Yao Xuan.

Even, he didn't have to think about it at all. He knew something must have happened to Yao Xuan. Otherwise, in the face of such rumors, Yao Xuan could not have come forward to clarify.

However, the next sentence of that man made Wang Fan's eyes stare again, and even nearly stood up.

"Why does Yao Xuan want to help Wang Fan? Hehe, I'm afraid you can't even guess that. "

"Because it's rumored that no one can pass the 18 levels of assessment ladder of the medicine family and the four levels of cultivation of the emperor."

"However, Wang Fan just passed the three-tier cultivation of the emperor's realm, which shows his natural evil."

"Yao Xuan just saw Wang Fan's amazing talent and fell in love at first sight. Then she stood up to help Wang Fan without hesitation."

"As for how they can kill so many Tianjiao, you know, Yaowang Valley belongs to Yao family. Who can know better than Yao Xuan?"

"If it's another five level monk in the imperial realm, maybe he can't do it, but Yao Xuan and Wang Fan join hands, that's not necessarily."

When the man was talking, he was even very complacent. Finally, he added, "elder martial brother, these things are all told by my friends in the imperial city. Most people don't know."

"Because it's about Yao Jia and Yao Xuan, don't go out and talk nonsense."

Wang Fan nodded, his heart is speechless, this reason is too ridiculous, right?

He didn't want to ask again, but finally he didn't hold back and asked, "Yao Xuan fell in love with Wang Fan and was so crazy. How can I feel strange?"

When the man heard Wang Fan's words, he immediately said, "what's so strange about this? Even the crystal image of two people holding together in the cave has been recorded. Can there be any fake?"

Wang Fan listened to this, once again a stay, and then no longer asked the mood.

This is really funny. It makes him feel ridiculous and speechless.

In the valley of Yao Wang, Yao Gu and the sixth floor of the five emperors assassinated Zhu Tianjiao, even Yao Xuan and Wang Fan.

In order to protect Yao Xuan, Wang Fan almost lost his life, and finally brought Yao Xuan out safely.

But in the twinkling of an eye, Wang Fan became a villain who killed all the arrogant people. He became the target of everyone's shouting and beating. He was even expelled and wanted by the college.

This makes Wang Fan feel unreal.

Life's fortune is ridiculous.

"Boy, don't ask more questions here. Leave Liuzhou city and unparalleled empire as soon as possible. The farther you go, the better."

Just as Wang Fan was pondering, a weak voice suddenly floated to his ears, and his face suddenly changed.

He had changed his face, and someone recognized him. It was terrible.

But soon, Wang Fan's look has returned to normal, because he has recognized who this person is, it is the slovenly old man, Liu Yuan.

"Elder martial brother, what's the matter with you? Are you ok?" Seeing the change of Wang Fan's face, the three men couldn't help asking.

"I'm fine. I just thought of something. Three elder martial brothers, I have something else to do, so I'll go first. This is my communication bead. I'll contact you at any time. "

Wang Fan quickly replied, then grabbed out a communication bead that had never been used at all, left it, and then got up and left.

He was so cautious, but the slovenly old man still knew him. It can be seen that Liuzhou city is indeed unsafe. After all, if the slovenly old man can recognize him, it means that other strong men are likely to recognize him.

In this case, once his identity is identified, he will surely die.

"Boy, remember, leave Liuzhou city and Liuzhou Empire, or you will die."

"Now not only the strong people of Liuzhou university know that you have returned to Liuzhou City, but even the unparalleled Empire has issued a warrant for you."

"So, even if it's a peerless Empire, it's not safe for you."

Wang Fan ran, Liu Yuan's voice again into his ears, so that his heart is sink to the bottom.

The senior management of Liuzhou college knows that he has returned to Liuzhou. How is this possible?

Wang Fan didn't speak, let alone transmit sound. He already knew where Liu Yuan was.

At the moment, Liu Yuan was sitting in a corner, as if he had fallen completely. He was drinking.

Not only that, Wang fan is also acutely aware that around Liuyuan, there are several monks monitoring him.

Wang Fan see this scene, a heart is straight to sink.

Because of his affairs, even Liuyuan, such a strong man, has been monitored?

At the same time, there was a trace of warmth in his heart.

Liu Yuan was monitored, and he also reminded him that it had proved Liu Yuan's state

he finally did not pay for Liu Yuan's entering the valley of medicine king, and he had no reason to carry such a big pot.

See Liuyuan, Wang Fan slightly changed the direction, then close to Liuyuan position.

At this time, because there are many monks in and out of the restaurant, Wang fan is not impressive at all, and his behavior is not noticeable.

When Wang fan passes by Liu Yuan, his finger talks vaguely. A space ring has already fallen into Liu Yuan's wine cup, but he doesn't stop at all. In an instant, he has walked out of the restaurant.

His action is extremely obscure, and those monks who monitor Liuyuan don't notice it at all.

There are a lot of people coming and going here, even though they pass by Liuyuan.

In addition, their accomplishments are not as good as Liu Yuan's, so with Liu Yuan's cover, it is strange

that they can detect.

Of course, the most important thing is that it's not the first day for Liu Yuan to drink in this restaurant, so they have already relaxed their vigilance.

Chapter 2980

Liu Yuan's mental power infiltrates into the ring of space. When he sees clearly what is inside, his heart can't help jumping.

The root of Xianpei. It's the root of Xianpei.

He never thought that Wang fan not only found the root of Xianpei, but even sent it to him in this situation.

He resisted his inner excitement and turned to look at Wang Fan's back. Deep gratitude appeared in his eyes.

With the root of Xianpei, he is sure to repair the injury within one year. By that time, Liu Yuan will be at the top again.

No one wants to die, even Liu Yuan.

...

Wang fan doesn't know Liu Yuan's excited mood. At this time, he has already run out of the restaurant.

Dong Dong Dong.

Almost as soon as he ran out of the restaurant, the sound of shaking hooves came, and then he felt a tremor on the ground.

Wang Fan felt the scene and his face changed slightly.

He hardly hesitated. With a flash of his body, he was far away from the restaurant and mixed into the crowd.

After he mingled with the crowd, when he looked back, he saw that a group of powerful soldiers in armor had moved from far to near.

The iron hooves were trampling, and the smoke and dust were billowing in the street. All the soldiers were soldiers of imperial cultivation.

They are full of iron and blood, obviously an extraordinary iron and blood army.

"The silver armour regiment is the Royal silver armour regiment. Is it also for Wang Fan?"

"I think it must be so. Wang Fan killed many Tianjiao in Yaowang Valley, and those Tianjiao had a special background. In this situation, it is reasonable for the imperial family to come forward."

"It's said that the silver armour army are all soldiers of iron blood. If you want to join the silver armour army, you have to achieve the cultivation of the emperor's realm at least, and you have to go through many examinations. Today, I see that it really deserves its reputation."

"That's right. Although the cultivation of these sergeants is not high, their individual combat ability is definitely better than that of the ordinary monks in the same territory. If they join hands, it will be even more terrifying."

"No, why did the silver armour army appear here? Did Wang Fan return to Liuzhou and still be nearby?"

At this time, the crowd has come to talk, those comments fell in Wang Fan's ears, is to make Wang Fan's face ugly incomparable.

Even the Royal Legion has come. Obviously, Liuzhou city is under martial law. Under such circumstances, how can he get out?

During Wang Fan's deliberation, those silver soldiers had surrounded Liuzhou restaurant, and several people rushed in directly.

Wang Fan sees this scene, the facial expression is uglier, at the same time also very grateful Liu Yuan.

He didn't know how these sergeants knew he was in Liuzhou restaurant. But if there is no Liu Yuan's reminder, I'm afraid he has been trapped in Liuzhou restaurant.

In fact, even if Liu Yuan reminded him, if he was not more decisive, he chose to leave at the first time, he would still be blocked now.

Once he is blocked, the consequences can be imagined.

Wang Fan no longer dare to have the slightest stay, directly speed up the crazy towards the city gate ran in the past.

However, Wang Fan, who only cares about running, doesn't find out. Not far away from him, a woman looks at his back and suddenly frowns.

If Wang fan saw this woman, he would recognize that she was Luo Feiyan, his cheap neighbor in Daodi palace.

Luo Feiyan is arrogant, and she feels very good about herself. At the beginning, there were some

unpleasantness between them.

Beside Luo Feiyan, there was a handsome young man who looked extraordinary.

The handsome young man noticed the abnormality of Luo Feiyan and couldn't help asking, "Feiyan, what's the matter?"

Luo Feiyan frowned, pointed to Wang Fan's back and said, "I don't know why. I feel that person's back is familiar. It seems that I have seen him somewhere."

The handsome young man looked in the direction of Luo Feiyan's fingers, and immediately saw Wang Fan's back, but he shook his head, "Feiyan, it's just a back, why so serious?"

Luo Feiyan shakes her head. She knows people very well, especially her back.

As long as she met people, even if it is easy to face, or by means of shrinking bones to change the body, she can recognize at a glance.

Luo Feiyan frowned and pondered for a moment, and soon his face changed. He immediately said, "I remember, he is Wang Fan, but it's easy."

"Yes, there's absolutely no mistake. I said why this person's back is so familiar, but I've never seen him before. If he is Wang Fan after the change of appearance, all this will make sense. "

The handsome young man's face changed when he heard this, "flying geese, what you said is true, and you won't admit it?"

"Doesn't it mean that Wang fan is in Liuzhou restaurant and has been surrounded by the imperial army? Flying geese, this kind of thing is not a joke. "

Luo Feiyan is gnashing his teeth, "I'm sure I won't admit it."

Wow. At this time, a noisy voice suddenly came, the group of soldiers who rushed into Liuzhou restaurant had already rushed out, and frantically ran towards the city gate.

At the same time, the chief Sergeant also said, "ladies and gentlemen, Wang Fan has escaped from Liuzhou restaurant. If anyone finds his trace, he will be rewarded."

With that, the man had gone away with all the soldiers.

Luo Feiyan heard this, immediately more sure of his guess, directly pointed to the direction of Wang Fan left, screamed, "Wang fan is over there, I see him running toward that side."

With that, Luo Feiyan raised her hand and drew Wang Fan's face in the void.

For a moment, Wang Fan's projection after changing face was directly across the void, and all the monks nearby could see it clearly.

Wang Fan also heard the voice of the Friar and Luo Feiyan. He suddenly turned his head and looked at the location of Luo Feiyan.

When he saw Chu Luo flying geese and the handsome young man, his face suddenly changed.

He did not expect, Luo Feiyan even recognized him, and also betrayed him, announced his appearance after changing face.

We are all from the Dao emperor palace. As for being so cruel? Even if there are some small grudges, it's not like this, is it?

As for the handsome young man beside Luo Feiyan, Wang Fan didn't care.

He remembers that Zhang Yuan said that Luo Feiyan climbed up to the seventh floor of Emperor Wu's palace, and Tianjiao asked Yao. He must be the one who asked Yao.

"Wang fan is here."

"God, Wang fan is here. He is Wang Fan."

A cry of surprise let Wang Fan come back to God, around him, there have been several monks sacrifice magic weapon, kill the intention of linglie locked him.

Wang Fan Light swept those people one eye, did not hesitate to grasp the shadow knife, directly to the body around split a circle.

The fury of the sword was rolling, and the wind was howling. The friars could not help but change their faces, and subconsciously began to retreat.

Wang Fan, on the other hand, took advantage of those people's retreating Kungfu and madly displayed the magic of space moving, which disappeared without a trace.

"The law of space, that's right. It's the law of space. He's Wang Fan. He won't be far away. Come on

The monks could not help roaring wildly after they recovered. In an instant, the crowd was in chaos.
