

Mighty Sk 3001

Chapter 3001

Seeing this scene, all the people around became short of breath.

Even some people can't help closing their eyes and looking.

They all know the domineering of the Shi family. Those who dare to offend the Shi Family in Licheng have no good end.

If it's light, the cultivation will be abandoned. If it's heavy, it will be killed on the spot.

Wang Fan looked at the sword cut down by the young man surnamed Shi without hesitation. There was only indescribable indifference in his eyes.

When the sharp light of the sword was about to come, he suddenly put out two fingers, and with a Ding sound, he lightly clamped the other side's sword.

Looking at this scene, the whole restaurant is dead and quiet, the needle can be heard.

Even a fool knows that this time a young man surnamed Shi kicked the iron plate, and even this iron plate is likely to be a person he can't stir up.

"You." The young man surnamed Shi also looked at Wang Fan with a shocked face, and his face was incredible.

"Don't you want to abolish our cultivation? Good. I will abolish your cultivation now."

When Wang Fan looks at the young man surnamed Shi, it's like looking at an ant.

Plain words fall, his right hand holding the sword of the youth surnamed Shi, his left hand directly into a fist, then hit the young Dantian.

The young man watched Wang Fan hit with his fist, but he couldn't avoid it at all.

Bang, accompanied by a scream, the young man surnamed Shi was immediately blasted out, and a blood mist burst out in the Dantian.

Looking at this scene, everyone held their breath.

Fury, it's so fury, it's not merciful at all.

The young man surnamed Shi was also pale, and his eyes were full of disbelief.

How could someone abolish his cultivation?

In this Li City, who dares to abolish his Shiyang cultivation?

"You, you dare to abolish my cultivation?" When the young man of the surname Shi came back to himself, his eyes were almost splitting.

Wang Fan came forward and slapped him in the face. Then he stepped on it again. He said with disdain, "how about abolishing your accomplishments? What can you do to me? "

The young man surnamed Shi almost didn't have a mouthful of old blood when he heard the familiar words.

In the past, it was he who threatened others, but now, he is threatened by others.

What irony is this?

The two men and women, who were following the young man surnamed Shi, couldn't help jumping their eyelids when they saw the scene.

However, they did not dare to move. Instead, they quietly seized the messenger and sent out a message.

Wang Fan looked at their little movements and didn't care.

Now that he has offended, he has nothing to fear.

If the unparalleled emperor could force him to flee, he didn't believe that the Licheng stone family had the same ability.

What's more, looking at the domineering style of the young man surnamed Shi, I think it's not clean to come here.

He wanted to see what would happen when the stone family came, and whether they would do it all at once.

Seeing that Wang Fan didn't run away after abolishing the youth surnamed Shi, the people in the restaurant were secretly shocked by Wang Fan's confidence.

Obviously, Wang fan is not afraid of the Shi family, otherwise he would not be so calm.

"Three elder martial brothers, it's because of me. I'll deal with it. If you're afraid, you can go first. " Wang Fan looked at the three monks in front of him and said.

Thank you, elder martial brother

"Elder martial brother, the ancestor of the Shi family is a strong man in the fifth floor of the imperial realm. He may even have reached the sixth floor of the imperial realm. You must be careful."

"We'll see you later."

After the three men recovered, they were not polite. They left a few words and left quickly.

As local friars, they are really afraid of the Shi family. They are afraid from the bottom of their bones. No matter whether Wang fan can deal with the Shi family or not, they do not want to get involved again.

Now that they have a chance to escape, they naturally don't want to miss it.

Wang Fan looked at the back of the three people, calm expression, not much accident.

He can understand what these three people do, and he doesn't blame them.

What's more, he didn't have such a good friendship with these three people, so there was no need for others to take risks for him.

"How can these people do this?" Li Yun stepped forward, but he was indignant.

Wang Fan laughed, but did not speak, obviously did not care.

"Elder martial brother Wang Fan, why don't we leave first to avoid the limelight?" Li Yun saw that Wang Fan did not speak and said again.

"It's too late." Wang Fan shook his head and looked out the door.

Outside the door, more than a dozen friars with a strong smell have entered and sealed the whole restaurant.

They have a strong sense of killing, and their eyes have locked on Wang Fan.

"You're right. It's too late to leave now."

"In Licheng, you are the first one who dares to touch my Shi family." "It's just the fourth floor of the imperial realm. How dare you be so arrogant in Licheng, or even abolish my Shi family? Have you ever thought about the consequences?"

Led by an old man with a red face, the old man is full of spirit and strong breath. He is a monk of the sixth floor of the imperial realm.

"Grandfather, you must make the decision for me."

"This brute wastes my cultivation. I want him to die!"

"No, no, I don't want him to die. I want him to live like death!"

The young man, surnamed Shi, who was abandoned by Wang Fan, saw the old man and immediately crawled over and screamed.

Pop!

However, his scream, in exchange for two slaps.

"The useless things will only bring shame to the Shi family."

The old man not only didn't feel sorry for the young man, but also slapped him in the face and scolded him.

The young man surnamed Shi was slapped in the face and didn't dare to say anything.

"Boy, I'll give you two choices. One is to surrender to my Shi family, and the other is to die." When the old man finished beating the young man surnamed Shi, he looked at Wang Fan and said coldly.

Wang Fan took a look at the old man, and a touch of disdain appeared in his eyes. "Are you the strongest person in Li Cheng? Is your Shi family the strongest family? "

"That's nature." The old man said with pride, "in Licheng, my Shi family is heaven, and my Shi family's will is heaven's will. No one dares to rebel. Therefore, not everyone is qualified to join my Shi family. "

"Oh, really?" Wang Fan's eyes flashed a touch of fun, "so according to this, the Li family in those years was also destroyed by your Shi family?"

Once Wang Fan's words fell, the scene fell into silence again.

Even the old man with the surname of Shi couldn't help looking a little colder. "Are you a remnant of the Li family?"

At the moment of speaking, the momentum of his body has been madly expanded, and the powerful momentum of the sixth floor of the imperial realm has oppressed people.

"No, I'm not." Wang Fan smiles and shakes his head.

The old man's nerves could not help loosening, but the next second, Wang Fan's fingers pointed to Li Yun, "but she is."

At this time, Li Yun had already faded his face, and a slightly pale face appeared in front of the crowd.

When the old man saw Li Yun's appearance, his face changed again. "Li family's gold, Li Yun?"

"Congratulations, that's right." Wang Fan responded, even though he had already grasped the shadow knife, he chopped the old man.

Preemptive!

Chapter 3002

Wang fan made a decisive move without hesitation.

Even if the cultivation of the Shijia ancestor had reached the sixth floor of the imperial realm, he didn't pay attention at all, but he still didn't have the slightest carelessness.

He had seen too many things in the sewer, and this was Li Cheng, the site of Shi family.

In this case, he naturally wants to take the initiative and kill the old man.

The bright knife awn across the sky, instantly illuminate the whole restaurant.

The waves of swords form a circle after circle of ripples. They roll up the fierce killing power of swords and go straight to the ancestor of the stone family.

"How dare you When Lao Tzu of the Shi family saw that Wang Fan said he would do it, his face suddenly changed.

However, he didn't mean to retreat or dodge at all. Instead, he directly sacrificed a long red gun. The gun trembled, breathed the terrible spear killing power, and madly rolled to the sword waves.

As a strong man in the sixth floor of the imperial realm, it would be a joke to deal with Wang Fan, a mole ant descendant in the fourth floor of the imperial realm, if he still needs to retreat or escape.

What's more, he can't afford to lose that man.

Boom!

The terrible spear rolled up by the long spear roared on the waves of the sword, making an earth shaking sound.

The terrible energy ripples burst, and the whole restaurant was razed to the ground in an instant.

As for the onlookers, their faces changed greatly, and they sacrificed all kinds of defense magic weapons

crazily.

With such a terrible fighting momentum, they couldn't even get close.

Once it's caught in the aftershocks, it's a dead end.

In that terrible energy storm burst, Wang Fan was bombed back a few hundred meters, this can stabilize the body.

He looked at the old man with a surprised face, and there was only unspeakable shock in his eyes.

When he was in the third level of the imperial realm, he could be in the fifth level of the imperial realm every second. Now his cultivation has reached the fourth level of the imperial realm. In addition, he is sneaking attack, so he can't reach the sixth level of the imperial realm every second?

It's just incredible.

Compared with Wang Fan's shock, the Shijia ancestor was even more shocking.

Under the terrible energy explosion just now, he was not only blasted backward for hundreds of meters, but also torn a knife mark on his chest.

It can be said that he is more embarrassed than Wang Fan.

He didn't expect that the fourth floor of the imperial realm would be so terrible and could hurt him.

The fourth floor of the imperial realm and the sixth floor of the imperial realm are two different realms. Even if it's a sneak attack, it can't be so abnormal, can it?

Compared with the shock of Shi's ancestors, those who followed him were unbelievable.

Their ancestors were injured in a fight. They only felt that their three outlooks were being severely impacted.

"Who are you, and what good did the girl of Li family give you?"

"If you are willing to stop fighting for her, my Shi family is willing to pay double."

"If you like her beauty, there are fairies more beautiful than her in my Shi family. I'd like to offer them with both hands."

After calming the rolling Qi and blood, Shijia Laozi looked at Wang Fan and said.

He did not continue to start, because he felt that Wang Fan's life was not simple.

Wang fan is so young and powerful. If he can't kill Wang Fan today, it will be a disaster for his Shi family.

As for Wang Fan's killing him, he never thought about it.

How is it possible for the fourth floor of the imperial realm to kill the sixth floor of the imperial realm?

Even if there is such a rebellious monk, it is absolutely impossible to appear in such a place as Li Cheng, let alone help Li Yun.

After all, what is Li Yun? How can you move that kind of arrogance?

If Wang Fan could have the upper hand in the case of sneak attack, it would have been quite against the sky.

When Wang Fan heard the words of Shi's ancestors, he couldn't help but have a strange look in his eyes.

He has met a lot of people who have no bottom line, but it's the first time for him to meet people like shijialaozu who have no bottom line.

Now they are just fighting each other once, and Wang fan is just a little bit superior.

The old man surnamed Shi was about to sacrifice his family members as gifts. Wang Fan really didn't understand how the Shi family survived to the present with such a family leader.

The onlookers were shocked when they heard this.

They did not expect that after a move, the ancestor of the stone family bowed his head.

Is he still the patriarch of the overbearing Shi family?

This is still rampant, overbearing stone family?

"Grandfather, you can't do this. He's just a mole ant. Why should you give in to him?"

"In front of so many people, he not only hit my Shi Family in the face, but also abolished my cultivation. How can you let him go?" "If our Shi family doesn't get back this place, how can we get a foothold in Licheng in the future?"

Others did not dare to speak, but the young man surnamed Shi, who had been abandoned by Wang Fan, had no such worries.

He couldn't help crawling out, pointing to Wang Fan's nose and roaring.

Anyway, his cultivation has been abandoned, even if he is alive, he has done nothing, and it is impossible for the Shi family to continue to cultivate him.

In that case, he had nothing to be afraid of. Anyway, he had to take revenge.

Pop!

However, as soon as his words came to an end, Shi's ancestors slapped him in the past.

"Waste, if it wasn't for you, how could my Shi Family provoke this young Xia?"

"What's more, when will it be your turn to cut in when I'm working?"

"No more nonsense, now I'll kill you."

The young man surnamed Shi was so angry when he heard this. He didn't understand when his grandfather became so suspicious.

Just as he was about to continue to speak, he was knocked unconscious by a Shi family man on his side.

Wang Fan looked at the scene with a sneer in his heart, but he didn't move his face on the surface, and said,

"Shangpin Xianjing, a billion. In an hour, bring me your beautiful fairy. If I'm satisfied, I'll do what you say. "

Since you want to fight in the face, it's natural to fight harder.

If we can humiliate the Shi family before destroying them, let them suffer humiliation and ruin their reputation, why not?

"Good." Shijialaozu nodded without hesitation, then grabbed out the communication and sent out several messages.

No matter what Wang Fan said is true or false, he is willing to try it once.

The reason why his Shi family is so domineering and still stands up to now is because of his prudence.

He is not sure to keep Wang Fan, so he is not willing to take risks.

Once he offends Wang Fan and is left by Wang Fan, his Shi family will be finished sooner or later.

Not far away, Li Yun looked at the scene, his heart thumped, his face turned pale in an instant.

How did it happen? Why did it happen?

She stares at Wang Fan, tears can not stop sliding, soon wet eyes.

She didn't believe that Wang Fan would be such a person, but she had to believe the fact before her eyes.

After all, this kind of thing is too common in the world.

For the sake of interests, brothers and brothers can hurt each other, let alone Wang Fan.

Despair ·

at this moment, there is only despair in her heart ·

Chapter 3003

Seeing Li Yun's reaction, Wang Fan couldn't help sighing.

After all, they didn't know each other for long. Li Yun obviously didn't trust himself.

If you change to be plain wild goose and cold green clothes and so on, even if you hear yourself say so, you will definitely believe in yourself.

He suddenly lost his interest, and no longer had the idea of humiliating the Shi family.

Just as he was about to kill the old ancestor of the stone family, he heard the sound of breaking the air, and then five people appeared here.

Of the five, one man and four women.

The man's accomplishments on the fourth floor of the imperial realm are the same as those of Wang Fan.

The four women's accomplishments were very poor, only holy land.

These four women are really beautiful, charming and have their own merits.

However, at the moment, their faces were very ugly, and despair even appeared in their eyes.

Wang Fan has seen at a glance that their bodies have been forbidden and they can't speak.

Seeing that the fourth daughter had been brought, the ancestor of the stone family seized a space ring and threw it to Wang Fan. Then he said with a smile, "little friend, are you satisfied with the fourth daughter? If you like it, I can give it to you. "

His words were very casual, as if it was not four people who wanted to send Wang Fan, but four items.

Wang Fan took the space ring, made a satisfied posture, and looked at the ancestor of the stone family with a smile.

When the Shijia ancestor thought that Wang Fan wanted to respond, the shadow knife in Wang Fan's hand had been sacrificed again.

This time, Wang Fan didn't simply blow out his sword as he did last time, instead, he directly used the three sabres of split field.

The first of the three sabres in the Chayu area, all the killing power in the surrounding world seems to have been rolled up. With Wang Fan's sabre, he rolled to the ancestor of the Shi family.

At this moment, it seems that the whole space has become Wang Fan's world, and Wang Fancheng is the absolute master.

In a flash, the knife wave rolled and the waves were rough, just like a continuous river waterfall, trying to destroy everything.

"You don't talk about credibility." Shijia Laozu's face changed greatly. He didn't expect that Wang Fan would do it again.

He roared out crazily, the whole person had already grown up, the long gun rolled in his hand, tearing to Wang Fan crazily.

However, this time, his spear, which was torn by his long spear, failed to blow open Wang Fan's Dao Yi River. Instead, he was directly wrapped by the Dao Yi River and torn into nothingness.

Shijialaozu was shocked, and the whole person retreated madly. At the same time, he decisively burned his blood essence and shot a second shot.

As soon as the second shot appeared, it rolled up a huge pattern of killing power. Compared with the previous shot, its power was more terrible.

Obviously, the old ancestor of the Shi family displayed his martial arts skills, which were extremely powerful.

The roaring sound came out, and Wang Fan's Dao river was blocked, torn and smashed.

At the same time, the gun pattern all over the sky also collapsed in the collapse of Dao river.

However, Wang Fan didn't wait for Shijia's ancestors to breathe, and the third Dao of the third Dao of

Chayu had already followed him.

When two swords come out together, the world will change color.

In a flash, this area seemed to be a sea of knives, drowning everything and dominating everything.

"No, no!" Shijialaozu's face changed greatly. He burned the blood essence in his body crazily, and stabbed a long gun crazily.

At the moment, his heart was only shocked.

Originally, he thought that although he might not be able to keep Wang Fan, it was absolutely impossible for Wang Fan to kill him. But now, he doesn't think so.

Wang Fan's three powerful and terrifying swords alone are enough to threaten his life.

He did not understand how the world could have such a terrible fourth tier monk in the imperial realm.

The sound of roaring and clattering came out continuously, and the Dao river was like a continuous stream, which set off a frenzied killing trend, and stirred wildly on the gun pattern.

Under the terrible knife River tearing, the gun pattern is difficult to stop, and all of them are crushed.

Shijialaozu face changed, crazy began to retreat.

He didn't expect that he burned his blood essence and couldn't resist Wang Fan's tyrannical three sabres.

Whoa!

A harsh voice sounded, even if the speed of shijialaozu retreat again fast, are still by the knife River volume.

During the blood spraying, he flew backward and fell to the ground like a dog.

Not dead, but seriously injured.

Looking at this scene, everyone breathed cold air, and the whole scene was silent.

All the people are staring at the Shijia ancestor who fell on the ground like a dog. It's hard to connect with the powerful Shijia ancestor in the past.

You should know, at the beginning, when the Shijia ancestors destroyed the Li family, they were so energetic and powerful.

However, today ·

is indeed a cycle of cause and effect. After a long period of arrogance, something will happen sooner or later."Laozu."

"Laozu."

A line of people in the stone family after reaction, are crazy rushed to the ancestors of the stone family.

This is the pillar of their stone family, but the root of their stone family standing in Licheng.

If Laozu has something to do, how can they survive?

"You don't talk about credibility, you are mean and you are too deceiving!" However, the ancestor of Shi family didn't pay any attention to those clansmen at all. Instead, he glared at Wang Fan fiercely, and his eyes were full of malice.

"Credibility? Mean? Too much deception? " Wang Fan coldly looked at the ancestor of the stone family, but his expression was full of disdain.

"When you killed the Li family, did you ever think that you cheated too much?"

"When the people of your Shi family were arrogant outside, they would destroy people's cultivation and take their lives. Did you ever think that your Shi family was deceiving people too much?"

"You Shi family are so arrogant. I didn't even say you cheated people too much. Now you say I cheated people too much. Don't you think it's ridiculous?"

Wang Fan said sharply, "as for reputation, it's even more ridiculous. In order to survive, your Shi family is willing to force and sell their own people. For people like you, you need to be trustworthy? "

"If you go too far at night, something will happen sooner or later. Today is the day when your stone family will perish. "

Wang Fan said with a sneer, shadow knife directly raised, it has been chopped to the ancestors of the stone family.

"No, you can't!"

"You can't kill my grandfather!"

"Shijiao is a disciple of tiannvzong. How dare you touch my ancestors?"

Seeing that Wang Fan had killed his ancestors, the stone family changed their faces.

However, Wang Fan did not pay any attention to them at all, and the shadow knife still cut them mercilessly without half stagnation.

When those people saw this, there was despair in their eyes.

They retreated one after another and did not dare to stay next to their ancestors for fear of being implicated.

Hiss a, the blood fog spatters, the stone family ancestor, dies!

Wang Fan did not ask the ancestor of the Shi family why he wanted to destroy the Li family, because it was meaningless.

He came here just for Li Yun's revenge. After revenge, he would try to get into the valley.

Weak cultivation is mole ant.

The people around looked at the scene and fell into silence again.

No one thought that the old ancestor of Shi family, who had been domineering and arrogant in Licheng for several years, should have died like this.

In the face of Wang Fan, who is two levels lower than him, he has already died miserably in less than ten moves, just like a child's play.

"On that day, who participated in the destruction of the Li family? Let's stand up."

However, this matter is not over, Wang Fan's eyes cold sweep to those stone people, cold mouth.

Chapter 3004

The stone family did not speak.

After all, to stand up in this situation is to seek death.

However, although no one stood up, but Wang Fan was acutely aware that some people's faces could not help changing.

Obviously, these are all participants, at least they have something to do with it.

Wang Fan noticed this scene, the corner of his mouth across a cold radian, shadow knife directly out, then cut to those people.

The sword awn sprang up in the air, and the fierce killing momentum stirred up, which made those people's faces changed greatly.

"How can you do that?"

"You're going to die like this!"

They all roared with anger and despair, but with a few sounds, there was no sound soon.

"How can I die? When you Shijia destroyed the whole clan, why didn't you think you would die hard? "

Wang Fan snorted with disdain, and then looked at the others, "the Shi family will be dissolved from today on. In half an hour, if there are still people in the stone family who dare to stay in Licheng, kill them! "

In a word, the people of the stone family were like birds in shock, flying away.

Even the people in Shijiazhuang garden have been informed that they are crazy and have fled the Shi family.

Even the ancestors of the Shi family are dead. How dare they stay here?

It is the so-called tree down Hu loose, but so.

In a short period of time, in the sun like Shijia of Licheng, the smoke disappeared.

Wang Fan looked at the scene, calm heart, no waves.

He thought about killing the whole Shi family, but he didn't do it in the end.

So he just killed the strong one in Shijia's imperial realm, but below the imperial realm, he didn't move.

"Brother Wang Fan, I'm sorry." Li Yun came forward, red eyes at the same time, also full of apology.

Wang Fan stands out for her, but she doubts Wang Fan. She is very ashamed to think of it now.

Wang Fan waved his hand, "there's nothing to be sorry about. I can only help you. I hope you don't blame me."

"Elder martial brother, Li Yun is unforgettable. How dare you blame him?" Li Yun said quickly.

She naturally knew that Wang Fan was referring to the fact that he didn't kill all the family members.

However, she didn't care at all. For her, at the moment when the ancestor of the stone family died, her

revenge on the Li family had already been avenged.

"Well." Wang Fan nodded, "next I plan to go to the Imperial City, you follow me first."

"I heard that there's another one named Shi Jiao in the Shi family. She seems to be very capable. I'm afraid it's not safe for you to stay here."

"Good." Li Yun nods her head simply. As a native of Li Cheng, she naturally knows about tiannvzong.

In the Fengyun Empire, the clan forces are also divided into different levels, with the lowest level being grade 8 and the highest level being grade 1.

Tiannvzong, on the other hand, is a real third-class sect. It is said that there are strong people on the eighth floor of the Empire.

There are even children of the Shi Family practicing in tiannu sect. If she stays in Licheng, it's not safe.

Next, the two did not continue to stay in the city, but directly toward the direction of the Imperial City in the past.

Wang Fan's goal is very simple, that is to find a way to enter the valley, obtain resources, and improve cultivation.

Once his cultivation reached the Ninth level of the Empire or the realm of the king, he would directly return to the unparalleled empire.

He wanted to ask the emperor of the unparalleled Empire why he wanted to kill him.

He wants to let the emperor know that he is not so easy to kill.

Li city belongs to a small city in Fengyun Empire, and it is even more thousands of miles to get together in the imperial city.

Even if you take the transport array, it will take more than a month, and you even have to go through many big cities.

Half a month later, they have come to a place called Youyan city.

Although you Yan city is not a big city, it is much bigger than Li city.

Originally, they didn't plan to stay in Youyan City, but planned to take the teleport directly to the next transit city.

However, when they planned to take the transport array, they were told that there was something

wrong with the transport array here, and it would take three days to repair it.

In desperation, Wang fan can only decide to stay here for three days.

After they opened a room in the inn, Wang Fan entered the room and began to practice.

Li Yun couldn't bear loneliness and went to the city for a stroll.

After half a month's journey, both physically and mentally, he was very tired. In addition, Youyan city was far enough away from Li City, so Wang Fan didn't need to worry about Li Yun's safety.

As the falling gorge is about to open, the Fengyun empire is about to hold a debate on Tianjiao and select the strongest Tianjiao to participate in the Three Kingdoms quota competition, so many large-scale departments have also started to take action and go to each big city to select talents.

This wild goose City is no exception.

At this time, in the big square of Youyan City, there are zongmen selecting talents. This sect, named Ming haozong, which selects talents in Youyan City, belongs to the third class sect.

Even if you look at the Fengyun Empire, it's a very good clan.

The selection of Ming haozong is divided into two kinds, one is talent selection, the other is strength selection.

Obviously, the talents selected through talent will be cultivated in the future.

And through the strength of the talent selection, mingyuezhong will be sent directly to the Imperial City, to participate in the imperial Tianjiao debate.

At the moment, the square is already overcrowded, whether it is the talent selection place or the strength selection place, are full of people.

Among the crowd, Li Yun looked at the selection scene of the crowd, and there was a change in his eyes.

Although she wanted to follow Wang Fan in the future, she knew that it was impossible.

Wang Fan, a person like this, will not be condescended to the Fengyun Empire, let alone take her with him all the time.

In particular, since Wang Fan told her that she decided to go to the Imperial City, she knew that Wang Fan wanted to enter the valley.

Once Wang Fanzhen enters the valley, where should she go?

Li Yun thought, then involuntarily came to the talent selection place, began to line up.

She wants to know whether her talent can join Ming haozong. If she can join, it will be a good destination.

After a long time of waiting, it was finally Li Yun's turn.

When Li Yun put his hand on the test crystal instrument, the bright light beam lit up instantly, which made the whole room quiet.

"The gift of good evil."

"What's your name? From today on, you will be the true disciple of Ming haozong."

"Yes, yes, this trip to Youyan city is not in vain."

In the short silence, several elders of Ming haozong, who were in charge of the examination, could not help but stand up excited, and their eyes were blazing.

Then, there are several Ming haozong disciples impulsively around Li Yun, and the hearts of all hold the moon.

Li Yun looked at this scene stupidly, his eyes were moist.

She did not expect that her talent would be so evil, just like a dream.

The inn.

Wang fan doesn't know what happened to Li Yun. He is still in cultivation.

And this practice is three days.

When Wang Fan opened his eyes, he realized that Li Yun had not returned to the inn for three days.

"Is something wrong?" Wang Fan was surprised and could not help standing up.

Chapter 3005

Wang Fan just walked out of the Inn and met a man and two women.

What surprised Wang Fan most was that he knew the woman who was walking in the middle. It was Li Yun that he was going to go out to look for.

On both sides of Li Yun, a man and a woman, their accomplishments have reached the second level of

the imperial realm. Not only that, they seem to be very arrogant and full of the air of superiority.

"Elder martial brother Wang Fan." Li Yun saw Wang Fan and immediately welcomed him with surprise.

The man and woman followed her closely, and their eyes fell on Wang Fan at the same time. At the same time, there was a slight disdain.

Wang Fan did not care about their eyes, but looked at Li Yun and asked, "Li Yun younger martial sister, what's the matter?"

He naturally refers to the two people beside Li Yun.

He and Li Yun were both Cheng Yi, who said, "Sister Li Yun, in fact, it's a great thing to be able to do miscellaneous work in our Ming haozong."

"Do you know how many casual practitioners want to go to our Ming haozong to do chores? You can't think of it at all."

"It's a pity that we can't do whatever we want. It has been a lifetime honor for him to be a worker. "

Hearing this, Li Yun couldn't help frowning and felt a little uncomfortable.

She really can't hear that the two elder martial brothers and sisters look down on Wang fan so much, but now she is also a disciple of Ming haozong, and she may have to rely on each other in the future. It's not easy to offend, so she can only bear to be unhappy.

Wang Fan's face didn't change much.

In his eyes, both Zhao Rong and Cheng Yi are mole ants. To this kind of mole ant, he can't even raise the interest of angry.

What's more, he hasn't experienced anything for so many years, and how can he care about his opponent's attack?

If Li Yun was not here, he would not even look at them.

Seeing Li Yun's red face, but he couldn't say a word, Wang Fan quickly said, "Li Yun's younger martial sister, my talent is limited. I'll join Ming haozong."

"Since you have decided to join Ming haozong, let's part now. We'll see you later."

Wang Fan said, turning to leave.

He can see that although Zhao Rong and Cheng Yi look down on him, they are good for Li Yun. Maybe Li

Yun is a good choice to join Ming haozong.

"Elder martial brother Wang Fan."

When Li Yun saw that Wang Fan was going to leave, he was in a hurry. He quickly grabbed Wang Fan and said, "the recruitment of Ming haozong disciples will be over soon. Tomorrow morning, he will leave for the imperial city. Let's go together."

She knew that this time Wang Fan left, they would probably never meet again, so she wanted to stay with Wang Fan as much as possible.

Zhao Rong and Cheng Yi can't help frowning when they see this scene.

They didn't expect that Li Yun would be so dependent on Wang Fan, which was far beyond their expectation.

Zhao Rong's face changed for a while, and she soon showed a smile and said, "yes, anyway, we are going to the imperial city. Let's go together."

She had planned to tell the elder about it and see how he would decide.

Cheng Yi's face is not good-looking. He doesn't speak.

Although Li Yun is not very beautiful, he is kind-hearted and has a simple atmosphere.

In addition, Li Yun was gifted with demons, so he had some ideas about Li Yun.

Now seeing that Li Yun was so attached to Wang Fan, he was naturally very upset.

"Elder martial brother Wang Fan." Li Yun also looked at Wang Fan, with a touch of prayer in his eyes.

Wang Fan see this scene, can only helplessly nodded, "well, then you come to the inn to find me."

To tell the truth, he didn't want to go to the imperial city with Ming haozong. It was too much trouble.

Just looking at Li Yun's way of praying, he couldn't refuse.

In the early morning of the next day, the three of them came to the inn again and took Wang Fan to the location of the Ming haozong spaceship.

When they boarded the spaceship, there were many people on board.

Those people include the elder of Ming haozong, the disciples of Ming haozong, and the newly recruited disciples.

Chapter 3006

Not long after Wang Fan and his party boarded the spaceship, Zhao Rong found an excuse and left with Li Yun.

Although Li Yun wanted to stay with Wang Fan for a while, he couldn't decide all this, so he had to leave.

"Are you Li Yun's elder martial brother?" Li Yun just left not long ago, a celebrity model dog like triangle eye youth came with two people.

While he was talking, he looked up and down at Wang Fan with a disdainful look.

"What's the matter?" Wang Fan swept that triangle eye youth one eye, light ask a way.

"It's OK. I just want to give you some advice." Triangle eye youth did not care about Wang Fan's attitude, said with a smile.

With that, without waiting for Wang Fan to speak, he continued, "I don't care what relationship you had with Li Yun before, but you have to figure out one thing."

"Now she is not only a disciple of Ming haozong, but also a true disciple of Ming haozong."

"Do you know what that means? It means that you are no longer people in the same world, and you can only look up to her future. "

"So, I hope you stay away from her in the future and don't pester her, OK? As for a toad who wants to eat swan meat, I advise you not to have such a mind, do you understand

"Her talent, destined to be extraordinary in the future, and you, not qualified to climb."

Although the tone of triangle eye is not sharp, it can be said that it is extremely firm, superior and can not be disobedient.

When Wang Fan heard this, he couldn't help picking. Just as he wanted to refute, a middle-aged woman suddenly landed on the deck.

"Our spaceship is about to open, now arrange your residence, all the new students, follow me."

When the middle-aged woman finished, she no longer said one more word and went straight ahead.

Wang Fan frowned and did not move.

Just at this time, the triangle eye has opened his mouth again, "waste, what are you still doing? Haven't you heard the elder's words? Don't you follow quickly?"

The other two couldn't help saying:

"it's ridiculous to think that if you rely on the relationship between Li Yun's younger martial sister, you will have privileges."

"He's nothing but rubbish. He's qualified to compete with younger martial Sister Li Yun?"

Wang Fan's face changed as he listened to this.

He really wanted to punch these three self righteous guys, but he finally put up with Li Yun.

He did not say a word, mixed in the crowd, followed the middle-aged woman, and soon left the deck.

A few minutes later, Wang Fan and his party were arranged in a big room.

There is a shop in the room, and ten people can live in one room.

Wang Fan looked at this scene, can't help but frown, because there is no way to practice in this place.

But he also knew that in his capacity, even if he went out to find the elder of Ming haozong, people would not care about him, so they could only accept him.

Now he really regretted that he had been on the spaceship. Even he didn't want Li Yun to join Ming haozong.

Although Ming haozong's disciples only met three of them, they all looked up and looked down on anyone.

It's said that the upper beam is not right and the lower beam is crooked. The disciples are so arrogant that the elders must not be there.

Sooner or later, such a clan will be kicked to the iron plate and destroyed.

Wang Fan did not talk to the other nine people. Instead, he found a bed close to it and sat down. Then he began to close his eyes.

The other nine are new people, but they don't bother Wang Fan. Instead, they find their own places and sit down.

A slight shaking came. Wang Fan knew that the spaceship had been opened.

In the blink of an eye, a few days later, no one came to their shop, and none of them went out.

As for Li Yun, he did not appear, nor did he come to Wang Fan.

On this day, Wang Fan finally couldn't help getting up and walking out of the shop.

He wants to go out and look for Li Yun to see how Li Yun is.

After all, Li Yun didn't come to him for such a long time, which was obviously abnormal.

You know, Li Yun told him to take this spaceship just to stay with him for a long time.

But now, a few days later, Li Yun didn't appear, which made Wang Fan feel at ease.

The shop where Wang Fan lives is in the bottom warehouse. When he goes to the stairway leading to the upper floor, he sees two young people guarding there.

When two young people saw Wang Fan coming, their faces immediately cooled down. One of them asked, "what's the matter with you? Where are you going? Don't you know the rules?"

That person's voice is very cold, the tone is also extremely not good.

Those who live in Dicang are all new disciples with poor talent. Naturally, they are not polite to such new disciples.

Wang Fan had been used to the domineering attitude of Ming haozong's disciples, but he didn't care. Instead, he said, "My younger martial sister just joined you in Ming haozong and became a true disciple. I haven't seen her for several days. I want to see her."

"Your younger martial sister, zhenzhuan disciple?" Hearing this, the man's face immediately changed and his attitude eased a lot. "What's her name?"

"Li Yun." Wang Fan replied.

"Then you go up. Zhenzhuan disciples live on the third floor."

"But I want to warn you that in addition to the core disciples and zhenzhuan disciples, there are also elders living in the third floor."

"We can't offend them. Even if your younger martial sister is a true disciple, we can't offend them."

Said the man.

"Thank you." When Wang Fan heard this, he had some good feelings for the young man. With a word of thanks, he ascended to the first level.

This spaceship is big, no less than a small town. After Wang Fan went to the first floor, he found the

entrance to the second floor after searching for a long time.

The entrance to the second floor was not guarded by the monks, so he easily climbed it.

More than ten minutes later, Wang Fan went up to the third floor, but he also had some silly eyes.

The third floor was so big that he didn't know where Li Yun lived.

It's easy to find it if you use your mental energy.

It's just that there are so many strong people on this spaceship that he dare not sweep with his mental power.

"Well, it's you. Why are you here?"

A surprised voice suddenly spread out, Wang Fan looked back and saw three young people.

The young man who opened his mouth looked like a dog with triangular eyes.

When Wang fan saw the three, he could not help sighing about their bad luck, but he said, "I'm here to find my younger martial sister. Do you know where she is?"

Hearing Wang Fan's words, the triangular eye's face immediately became cold.

He stared at Wang Fan and said, "it seems that you didn't pay attention to my advice."

When Wang Fan heard this guy's words, he immediately knew that it was impossible to find out where Li Yun was from the other side's mouth.

So he didn't wait for the other party to finish talking, he just turned around and left.

Triangle eye see Wang Fan unexpectedly don't wait for him to finish saying to want to leave, immediately will attack, only a person nearby but whispered a few words in his ear.

Triangle eye heard each other's whisper, the corner of his mouth immediately widened a sinister arc, staring at Wang Fan's back, "I know where she is, I'll take you."

Chapter 3007

With triangle eye, he turned and left without saying a word.

Although Wang Fan knew that this guy didn't have a good heart, he didn't care and followed him calmly.

Triangle eye saw Wang Fan to follow up, in the heart sneer.

Immediately he will let Wang Fan know the gap between genius and waste.

A few minutes later, Wang Fan followed the triangle to a place similar to a football field.

It's a noisy place with a lot of people.

In the front, there is a battle platform, on which people are fighting.

Wang Fan just glanced at it and knew that it was not a real battle, but a simple exchange of views.

"Wang Fan, don't you want to see younger martial sister Liyun? Here, it's over there." The triangle eye stops in one of the directions and points not far away.

In fact, there is no need to say that Wang Fan has already seen Li Yun.

At this time, Li Yun was dressed in a luxurious robe and looked like a noble princess.

Around her, there are many Ming haozong disciples.

Although the accomplishments of those disciples of Ming haozong were higher than those of Li Yun, Wang Fan could see at a glance that they were centered on Li Yun.

It is obvious that Li Yun's talent is very evil, and he is highly valued by Ming haozong. Otherwise, there would not be so many Ming haozong disciples around her.

In addition, Wang Fan also obviously noticed that Li Yun was absent-minded and seemed to have something on his mind.

Moreover, her eyes also looked around from time to time, as if looking for someone.

Wang fan knows that Li Yun is looking for himself.

He can't help but feel relieved. No matter what the character of Ming haozong's disciples is, Li Yun can be valued, and he can rest assured.

"Younger martial Sister Li Yun, let's go. It's impossible for Wang Fan to come here. It doesn't belong to him."

"Yes, younger martial Sister Li Yun, you are so gifted that you and Wang Fan will eventually be people of two worlds. Together with him, you will not only delay you, but also harm him."

Zhao Rong and others obviously knew what Li Yun was thinking, and said in a low voice.

Li Yun's eyes twinkled with helplessness, and he was very sorry.

However, she also knows that what Zhao Rong and others say is very reasonable, so she can only swear in her heart that she must strive to cultivate and make herself strong.

She did not say much, but followed Zhao Rong and others to leave here.

Wang fan saw that Li Yun left, naturally he didn't mean to stay here, so he turned around and planned to leave.

But just then, the two men on the platform finished their fight and jumped off the platform.

At the same time, the voice of the triangle eye started to ring, "Wang Fan, I heard that you are very powerful. Now I want to learn from you. Do you dare to teach me?"

The triangle eye said, already flew to fall on the battle platform.

His voice was so loud that it caught the attention of countless people in an instant.

A brief silence was followed by a burst of laughter.

"Wang Fan, very powerful, ha ha."

"Elder martial brother Yan, as a core disciple of Ming haozong, you challenge an unknown sanxiu. Is that too bullying?"

"Yes, no matter what, they are also the elder martial brother of Li Yun's younger martial sister. How can you do that?"

Countless friars who knew triangle eye began to coax. At the same time, the look in Wang Fan's eyes was full of disdain and disdain.

From their point of view, Wang fan is not qualified to stand with them, let alone fight.

Triangle eye challenge Wang Fan, obviously want to humiliate Wang Fan.

Wang Fan stepped slightly, looked back at the triangle eye, and said calmly, "elder martial brother is the core disciple of Ming haozong and a genius."

"But I'm just a casual practitioner. How can I accept the challenge of elder martial brother?"

"I'll give up and leave."

With that, Wang Fan turned and continued to leave.

Although he also wanted to beat this triangle eye severely, it was the territory of others after all, and Li Yun had to stay in Ming haozong in the future, so he had to be cautious.

"Give up?" Triangle eye laughed, "as a monk, are you so spineless? Even if you don't dare to fight, you are not only a waste, but also a counsellor. "

The triangle eye monk didn't leave any room for Wang Fan at all. His words were more harsh, vicious and humiliating.

When the disciples of Ming haozong heard this, they couldn't help laughing, and the look in Wang Fan's eyes was even more sarcastic.

Waste is waste. If it is waste, it can be.

Wang Fan's eyelids beat slightly, but he still held back. He didn't turn back and went on.

Triangle eyes see this scene, the irony in the eyes is even more, "waste, since you dare not fight, then I will give you a chance to get out of our ship."

"Our ship, no waste! If you don't leave our spaceship within an hour, don't blame me for being rude. Triangle eyes looking at Wang Fan, voice and color are fierce, "previously gave advice, let you away from Li Yun younger martial sister, since you don't listen, then don't blame me not to give you face!"

Wang fan stopped again, then turned back and walked towards the platform step by step.

Those Ming haozong disciples who are watching Wang Fan's jokes are all a little flustered when they see this scene. Even triangle eye himself was stunned.

What does he mean? Is he going to accept the challenge?

It's really rubbish. I know that accepting the challenge is humiliating, but I still don't deserve to die.

Wang Fan ignored the expression of those disciples of Ming haozong. Soon, he came to the battlefield.

He looked up at the triangle eyes and said calmly, "since elder martial brother is so aggressive, he wants me to accept the challenge, then I will accept it. I can also see the gap between me and the genius of Ming haozong. "

"Ha ha." Triangle eye heard Wang Fan's words, laughing more wantonly, "soon you will know."

With that, he didn't want to talk nonsense any more, and his fierce aura ran wild all over his body. In a flash, he had killed Wang Fan crazily.

The fierce murderous spirit is wanton, and the concussion of the war platform prohibition is buzzing.

"Elder martial brother Yan is powerful."

"Elder martial brother Yan, since he wants to know the gap, please help him."

"Waste also dare to fight, ready to be ravaged."

Those disciples of Ming haozong were beaten with chicken blood and roared.

However, Wang Fan looked at the triangle eye, which was killing himself crazily, but it was so calm that he didn't even move his eyelids.

Until the attack of triangle eye was coming, he slowly raised his fist and blew it out.

This fist did not set off a terrible killing power, nor did it set off the aura of rampage, nor did it set off the explosion of Lingyuan.

It's like an ordinary punch.

However, it was this fist that smashed the triangle eye attack, smashed his killing power, penetrated everything and hit him.

Bang!

A loud noise, accompanied by a scream, triangle eyes fly backwards like a broken kite, and blood gushes from the mouth.

He fell heavily on the ground, his body choked, blood spilled, embarrassed as a dog.

Looking at this scene, everyone's heart leaped wildly, and the whole audience was dead

in silence

Chapter 3008

How could it be that only a sanxiu defeated the core genius of Ming haozong, and still beat him like a dog?

Everyone was staring at the scene, unable to believe their eyes.

In their eyes, this is too ridiculous, too ridiculous, too untrue.

However, the reality is like a loud slap in the face, which makes them have to believe.

"It's worthy of being the genius of emperor haozong of Ming Dynasty. I've learned it and I'll leave."

Wang Fan disdained to sweep an eye, that falls on the ground to sob not only triangle eye, coldly leaves a word, turns head to walk.

He didn't care about this kind of goods, but he didn't mind being provoked again and again.

Hiss.

That just difficult to climb up half of the body of the triangle eye, after hearing Wang Fan's words, in a flash very angry attack heart, can't help a mouthful of blood spray out.

He looked maliciously at Wang Fan's back and felt his cheek tingling.

"Stop!"

"After beating someone, do you want to leave like this?"

"I, Xue Xianmao, challenge you. Do you dare to fight?"

Before Wang Fan walked out of the square, angry voices came, and then a young man in white fell on the platform.

The man was dressed in white, handsome and elegant.

But his body is full of a soft breath, just like a poisonous snake, it is very uncomfortable.

Xue Xianmao, a true disciple of emperor haozong of the Ming Dynasty, has five levels of cultivation in the imperial realm, and is extremely strong.

His appearance made the scene quiet at first, followed by a thunderous discussion.

"Brother Xue, it's brother Xue."

"Elder martial brother Xue is a genius who took part in the Empire debate on behalf of our Minghao college this time. With his help, there is no doubt that sanxiu will die."

"Hum, what's the qualification to challenge elder martial brother Xue? If it wasn't for his arrogant behavior to irritate elder martial brother Xue, he wouldn't even bother to look at him. "

"In my opinion, if he was able to defeat elder martial brother Yan just now, he was in bad luck, or he used some mean means. Otherwise, he's just a scattered mole ant. How can he defeat elder martial brother Yan? "

The crowd was excited, and everyone began to denounce Wang Fan.

This is the territory of Ming haozong. They are all disciples of Ming haozong. How can they watch their own people being beaten in the face?

When Xue Xianmao heard this, he could not help nodding slightly, and his eyes showed satisfaction.

Even if it is the triangle eye that struggles again, the face that originally furies to suppress to bend is all good-looking many, even in the heart also begins to suspect Wang Fan to use mean means.

Wang Fan listened to those people's comments and sneered.

These people insult him, even if they want to elevate elder martial brother Xue. It's ridiculous to say that he used mean means to defeat triangle eye.

What's that triangle eye? He's using mean means?

Wang Fan scornfully glanced at those disciples of Ming haozong, then looked up at Xue Xianmao,

"elder martial brother, I have just learned the core talent of Ming haozong, and I know the huge gap between us."

"In my opinion, let's forget the challenge between us?"

Xue Xianmao is just five stories in the imperial realm. In his eyes, he doesn't see it enough. He really doesn't bother to bully such people.

The most important thing is that this is the territory of emperor haozong of the Ming Dynasty. However, there are strong people on the seventh floor or even the eighth floor of the Empire. He doesn't want to make things big.

"Forget it? Forget it. You just challenged elder martial brother Yan's prestige. Why didn't you? "

"That's to say, if you hit me in the face of Ming haozong, you want to forget it. Are you dreaming?"

"I was so arrogant when I was fighting with elder martial brother Xue just now. How can I help you now? If you don't dare to fight, then kneel down and apologize, and then abandon your cultivation. Maybe elder martial brother Xue can spare your life. "

When the Ming haozong disciples heard Wang Fan's words, their faces were a little hot. At the same time, they began to denounce again.

Wang Fan even dared to say that he had learned the genius of Ming haozong and knew the difference. This is a shame.

You know, just now, Wang Fan was very powerful.

Xue Xianmao's face also became heavy. He swept cold at Wang Fan, and his body was full of strong breath. Word by word,

"I'm Xue Xianmao challenging you, didn't you hear me?"

"If you don't dare to fight, it's not impossible. Kneel down and apologize and abandon your cultivation."

"I'm Ming haozong. Not all rubbish can be insulted."

"If you beat the people of Ming haozong, you have to pay the price."

His words are sharp and aggressive. When he speaks, he even shows his powerful and domineering power.

Ming haozong disciples see this scene, but only feel blood surging, extremely excited.

It's worthy of elder martial brother Xue and true disciple. It's overbearing and powerful! They looked at Wang Fan and began a fierce campaign.

"Do you hear me? If you dare to fight, go up. If you dare not fight, kneel down and abandon your cultivation!"

"Hum, I'm a third-class sect of Ming haozong. You are just a little bit of a loose cultivator. You dare to hurt my Ming haozong disciples with despicable means. You're looking for death!"

"I was so powerful and overbearing just now, but now I'm facing the challenge of elder martial brother Xue, and I'm afraid not to fight. It's a shame to our friars."

Wang Fan deep breath, he finally understood, what is shameless and shameless.

In the past, it was the triangle eye that provoked him first, and it was the humiliation and provocation again and again. He had no choice but to do it, but now it's good. It's his active provocation.

He was clearly in the arena, a fair and aboveboard punch to defeat the challenge of his triangle eye, but now it has become his use of despicable means.

The most ridiculous thing is that these people still don't let him go. They have to accept Xue Xianmao's challenge. Otherwise, they have to kneel down and abandon their cultivation.

This is shameless. There is no lower limit.

He looked up at Xue Xianmao and said slowly, "according to your meaning, I have to fight. I have no choice?"

"That's right." Xue Xianmao nodded his head and looked down on Wang Fan.

"Aren't you afraid, you are just like the triangle eye, and I blow you up, and you lose face, and you can't end it?" Wang Fan said calmly again.

Wang Fan's voice fell. Before Xue Xianmao spoke, the disciples of Ming haozong could not help talking.

"What are you that can blow my elder martial brother Xue with one blow?"

"That's right. My elder martial brother Xue is a true disciple. He is not comparable to elder martial brother Yan. To crush you is like to crush mole ants. Don't be arrogant. "

"If you want to use this method to make elder martial brother Xue give up fighting, I advise you to die."

"You hit my elder martial brother Xue with one blow. I Pooh. I think it's my elder martial brother Xue who hit you with one blow

Xue Xianmao also recovered, his face even colder, he pointed to Wang Fan, word by word, "roll up, deal with you this mole ant, I can't do more than three punches!"

"Good." Wang Fan nodded, stepped out and flashed to the platform in a flash.

Since there is no way to avoid it, let's fight!

Chapter 3009

"Mole ant, I will let you know the gap between you and the gifted disciples of the main sect." Xue Xianmao saw Wang Fan on the stage, and a cruel sneer appeared at the corner of his mouth.

Immediately, his breath went wild, and the strong momentum of the five strong men in the imperial realm surged.

The next second, his whole person has set off a thunder storm and killed Wang fan like a sharp arrow.

For a moment, the whole platform was full of thunder, as if the whole platform were bathed in a terrible thunderstorm, tearing everything apart and destroying everything.

"Elder martial brother Xue is powerful."

"It's worthy of being elder martial brother Xue. If you don't do it, you'll get it. It's so sharp."

"I'm afraid that mole ant scattered repair has been stunned at the moment. He is bound to be blown to pieces by the thousands of thunder."

Ming haozong disciples see this scene, short dull, immediately become excited.

They seem to have seen the scene of Wang fan being robbed and blasted to pieces by thousands of thunder.

"Ray elemental energy monk?" Wang fan saw this scene, eyelids also can't help beating for a while, but it is not care.

He calmly looked at Xue Xianmao, who was as close as thunder and lightning. He raised his right hand and grabbed forward.

Just this grab, the crazy thunder, just like being pinched seven inches, suddenly began to stagnate.

Even Xue Xianmao's face changed a little.

He just felt as if he had rushed into the adverse weather, even with endless thunder, his speed was affected.

"The true disciple of Ming haozong? Genius? "

"Since you want to force me to fight, I will help you."

Wang Fan's sarcastic voice spread slowly, and the whole body began to crackle.

His bones, his meridians, his flesh and blood, in an instant, began to move and condense crazily. In an instant, they had condensed to the extreme.

At the same time, Wang Fan has grown up, clenched his right fist and smashed it out.

With his punch, the endless thunder, which was coerced by Xue Xianmao, no longer controlled by Xue Xianmao, rushed towards Wang Fan's arm.

In a flash, Wang Fan's whole right arm had been wrapped in endless thunder, as if it had been transformed into the arm of Thor.

"How can it be, how can it be? This is the thunder element energy condensed by me. It should be controlled by me. How can I be controlled by him? "

Xue Xianmao watched this scene, his pupils couldn't help contracting violently, and even his heart was cold.

It's so weird, it's so unbelievable.

This is the first time that he has encountered such a situation since his debut.

Seeing that the huge Thor's arm was about to get close, Xue Xianmao was not willing to roar. He also raised his right fist and blasted it out.

"Drink!"

A big drink ·

"boom!"

In a flash, the thunder storm completely rampaged.

In the endless sea of thunder, two thunder arms collided with each other with incredible speed!

Boom!

In a crazy explosion -

in a flash, the thunder light annihilated the sky and destroyed it.

Wang Fan's thunder arm is like an invincible steel knife. It directly tears Xue Xianmao's thunder defense and his thunder arm.

Click.

The thunder's gone, the arm's broken!

"Ah

Xue Xianmao couldn't help but scream.

However, he just had time to make a scream, Wang Fan's thunder arm, has continued to furiously forward, blasted in his chest.

Bang!

With a bang, Xue Xianmao spewed out a few mouthfuls of blood, and the whole person was blown out, his face as white as paper.

One punch, still one punch, and he was defeated by Xue Xianmao.

Defeat so thoroughly, defeat so no suspense, simply vulnerable.

"Elder martial brother Xue is powerful."

"Kill that mole ant San Xiu, let him know the price of provoking Ming haozong."

"Just a mole ant, dare to provoke me, Ming haozong, this is his death."

"Kill him!"

Under the stage, those Ming haozong disciples are still roaring excitedly.

Because the whole battle platform has been annihilated by thunder, their eyes can't penetrate, and their mental power will be destroyed if they penetrate into it, so they can't see the scene of two people fighting at all.

However, in their view, with Xue Xianmao's help, Wang Fan would surely be defeated.

Because of this, although they can't see the fighting scene, they have already thought of the ending in their mind, and then they have cheers.

Boom!

Just as they roared, a figure suddenly shot out of the thunder, which made everyone's breath suffocate.

The next second, they saw the figure hit the border prohibition on the edge of the platform, and then fell to the ground, spewing out several mouthfuls of blood. Then, on the platform, the thunder dissipated like water.

"Is it over?"

"Elder martial brother Xue solved that mole ant so quickly?"

"Hum, just a mole ant, dare to challenge elder martial brother Xue too much!"

Someone couldn't help humming, but as soon as the sound fell, it was interrupted by a scream.

"Ah, that, that, that is elder martial brother Xue. He failed?"

With this scream, the people finally saw clearly that Xue Xianmao was the one who was blown to the edge of the platform and fell to the ground like a dog.

"How can it be, how can it be?"

"Elder martial brother Xue is a strong man in the five levels of the Empire. He is also a true disciple of emperor haozong of Ming Dynasty. How can he be defeated?"

"No, no, I must have read it wrong, I must have read it wrong."

The scene became silent again, and countless people began to roar in their hearts.

They don't want to believe it. They can't take it.

They are the core disciples of Ming haozong. In their opinion, they are the best and the most powerful.

How can a good man like them be defeated in the hands of only a few scattered practitioners?

It's unacceptable.

In particular, thinking of what Wang Fan said before, they felt a sharp pain in their cheeks.

"Aren't you afraid that you, like the triangle eye, will lose face when I blow you up?"

Although they didn't see that Wang Fan was defeated by Xue Xianmao with a few punches, they only guessed from the time of fighting that it would not be more than two punches at most.

What a shame?

On the platform, Wang Fan disdainfully glanced at Xue Xianmao, who had fallen to the ground. Then he looked at the shocked disciple of Ming haozong. Then he turned around and walked away.

This time, he didn't say a word of sarcasm, let alone a word more.

Similarly, when the Ming haozong disciples saw Wang Fan leave, no one dared to speak out or stop him.

After two wars, the core biography of emperor haozong of the Ming Dynasty was exploded. What qualifications do they have to challenge?

The most important thing is that no one present is Xue Xianmao's opponent.

They can't even beat Xue Xianmao. If they continue to challenge Wang Fan, won't they be humiliated?

This time, Wang Fan left more smoothly, just a few minutes, then left the third floor, back to the bottom of the warehouse where his shop.

At the same time, on the third floor of the spaceship, in a luxurious room, two elders watched the scene through the monitoring of the forbidden projection. Their hearts trembled and could not be calm for a long time.

Chapter 3010

"Who is this man? Why haven't I met him? Is it my new recruit of Ming haozong?" After a long time, the old man in purple on the left murmured.

"I don't know, but it's certain that he is not my Ming haozong disciple."

"This man is so powerful that even Xue Xianmao doesn't have the ability to fight back. If he can represent Ming haozong, maybe Ming haozong can achieve good results."

"Brother Gong, you wait here. I'll investigate the identity of this man and see why he appeared on the spaceship of Ming haozong."

The old man in white on the right shook his head and said.

With that, he did not wait for the purple robed old man to reply. He got up and left the room in a hurry.

"With such a strong skill, if you meet the conditions to participate in the war, you will have a chance to break into the top five." The old man in purple can't help muttering to himself.

At the same time, another luxurious room, Li Yun is chatting with a middle-aged woman.

The middle-aged woman looked very kind and had a good attitude towards Li Yun, just like Li Yun's elder.

She did not put on a high posture, also did not put on the appearance of the senior, so chatting with Li Yun, as if just pulling home.

At a certain moment, the door of the room was suddenly knocked, and then a woman came in in a hurry.

"Elder martial sister Zhao Rong." Li Yun saw the girl and quickly got up to salute.

The middle-aged woman took a look at Zhao Rong and asked, "what happened?"

Although her tone was still calm, it was already dignified.

Obviously, even if Zhao Rong's accomplishments were higher than Li Yun's, her status in her heart was far lower than Li Yun's.

Zhao Rong takes a look at Li Yun and doesn't answer immediately. Instead, she rushes to the middle-aged woman and starts to deliver the sound.

After hearing Zhao Rong's voice, the middle-aged woman's expression didn't change much. Instead, she stood up.

She looked at Li Yun and said, "Li Yun, take a rest first. I'll deal with some things."

Then she left the room with Li Yun.

Li Yun looks at the figure that two people leave and frowns slightly. She faintly feels that something bad has happened, and it is also related to Wang Fan, but she is not sure.

"Zhao Rong, is that true? Then Wang Fan really beat Yan Yong and Xue Xianmao with one punch? "

Out of the room, the middle-aged woman's face immediately became cold, even the tone, but also with the intention of killing.

"Elder Huihu, what the disciple said is absolutely true, without exaggeration." Zhao Rong quickly bows to answer.

"I dare to hurt my Ming haozong disciples on my spaceship. It's really brave."

The middle-aged woman snorted coldly, "go and bring that Wang Fan to me. I want to see whether he has three heads or six arms. How dare he be so arrogant."

"I thought he would be a man with his tail between his legs, and I planned to give him a way to live. But since he wants to die, don't blame me for being rude."

"Yes." Zhao Rong did not dare to say more, but respectfully should a, then quickly left.

...

not long after Wang Fan returned to the shop, Zhao Rong came in.

Seeing Zhao Rong come in, the originally noisy shop became quiet in an instant. Everyone except Wang Fan stood up and said hello respectfully.

"Hello, elder martial sister Zhao."

These people who live in Tongpu are either outside disciples or miscellaneous workers. Compared with Zhao Rong, the core disciples, they are very different. They dare not disrespect them.

Zhao Rong nodded, eyes directly fell on the motionless Wang Fan, "Wang Fan, Hu Chang wants to see you, come with me."

Zhao Rong's words made the faces of the people at the scene couldn't help changing, and then their eyes fell on Wang Fan.

When they saw Wang Fan sitting there with a golden sword, they were all surprised.

Who the hell is this guy? When the core disciples come, they don't even stand up to salute.

But Wang Fan couldn't help frowning and asked, "who is Hu Chang, what does she see me do?"

He had a bad feeling in his heart. You know, he had beaten triangle eye and Xue Xianmao before.

Zhao Rong frowned slightly, just thought of Wang Fan's strong, or did not dare to attack, "what I don't know, anyway, I've brought my words, whether to go or not is your business."

Then she turned her head and left.

Seeing this scene, the people in the shop were shocked again.

Wang Fan such attitude, Zhao Rong did not dare attack, what is the symptom?

Wang Fan ignored those shocked guys, hesitated slightly, and left the shop with Zhao Rong.

To tell you the truth, with Li Yun's relationship, he really didn't want to get too stiff with Ming haozong.

However, some things are not what he wants to be. Wang Fan had already thought that if the elder of Ming haozong wanted to make trouble for him, he would have to take Li Yun out.

A few minutes later, Wang Fan followed Zhao Rong to the deck.

When he arrived on the deck, there was already a middle-aged woman in a blue skirt.

Just at a glance, Wang Fan had already seen the cultivation of this beautiful woman, the seventh floor of the Empire.

He can't help but feel relieved that the seven levels of the Empire are nothing but threats to him.

"Mr. Hu, I've already brought people here." Zhao Rong walked quickly to the beautiful woman and said respectfully.

"You go down first." The beautiful woman nodded, and Zhao Rong bowed back.

After Zhao Rong retreated, the beautiful woman's eyes fell on Wang Fan and said coldly, "Wang Fan, do you know the crime?"

At the same time of speaking, her body suddenly surged out a strong breath, overwhelming the cover to Wang Fan.

Wang Fan felt the breath and sneered.

It's ridiculous that he even wants to crush him with momentum.

He made a puzzled appearance, "Hu elder, I don't know what the crime is."

"Presumptuous!" However, as soon as Wang Fan's voice fell, the middle-aged woman's voice suddenly rose, "Wang Fan, do you dare to do it or not?"

"It's not a crime for you to humiliate my two disciples of Ming haozong on board my spaceship one after another?"

The middle-aged woman's voice was domineering and aloof. "You are so domineering and arrogant. Are you bullying me? Is there no one in Ming haozong?"

"I don't want to embarrass you. I want you to abandon your cultivation within ten breaths, and then jump down from here. In this way, maybe you still have a chance to survive. "

"Otherwise, if I do it myself, I'll make you dead."

Wang Fan heard the middle-aged woman's words, but he couldn't help laughing.

The people of emperor haozong of Ming Dynasty are more and more arrogant. They always want others to abandon their cultivation.

So is the disciple and so is the elder.

He looked at the middle-aged woman and laughed angrily, "is there some misunderstanding, elder Hu?"

"You Ming haozong disciples want to challenge me, even humiliate me, and force me again and again. I have no choice but to fight. Is it wrong?"

"I'm guilty if I'm forced to fight, and I've defeated them fairly?"

"In your opinion, I'm not guilty if I stand still and let them kill me?"

Wang Fan really wanted to point at the woman's nose and scold her shamelessly. He just thought of Li Yun and other people's territory, so he could not help it.

But even so, the middle-aged woman was still angry when she saw that Wang Fan didn't abandon her cultivation and even dared to talk back.

She pointed to Wang Fan and said, "if you're guilty, you'll be guilty. You'll abolish your cultivation immediately, and then jump down. Otherwise, don't blame me for doing it myself."
