

MIGHTY SK 301

Chapter 301

"Instructor, are you ok?"

"Stop and apologize to our instructor at once!"

"How can you treat instructor Leng like this? I'll challenge you!"

Those soldiers saw that Leng Wan'er was crying by Wang Fan. Is that really cool?

Hula, they all stopped in front of Wang Fan, staring at Wang Fan.

These people are all top soldiers selected from thousands of miles. They have experienced countless trials of life and death, and they are all arrogant.

Even if they heard Leng Wan'er call Wang Fan as the head, they knew that Wang Fan was not simple, and they didn't have much awe for Wang Fan.

Wang Fan frowned and looked at Leng Wan'er.

But Leng Wan'er evaded Wang Fan's sight, as if acquiesced in all this.

Seeing Leng Wan'er's acquiescence, the top soldier who threatened to challenge Wang Fan was more confident and jumped out directly.

"I'm going to challenge you. Let's do it!"

Liu Hu, leader of xuanzijian barracks, is a strong and famous spearhead. Among the soldiers present, he is also the strongest.

Wang Fan took a look at Li Hu and shook his head. "You are not my opponent. Step back. I don't want to hurt you."

He can see through Li Hu's strength at a glance. His inner strength is at the top of four levels. It's only one step away from the day after tomorrow.

This strength is really good, but it's still not good enough for Wang Fan.

Wang fan can even beat Liu Wuli into a dog in the early days of the day after tomorrow. What's the peak of his inner strength? He really doesn't want to attack his former colleagues.

However, Li Hu misunderstood Wang Fan's meaning and thought that Wang Fan looked down on him, and his face turned red in an instant.

"it's a big tone. I'd like to see how many pounds you have and how many liang you dare to speak wildly!"

He said, without waiting for Wang Fan to reply, he rushed to Wang Fan crazily. One hand boxing is very powerful. It has a certain amount of heat.

"You're not my match. Step down. Don't say it's you. Even if you, together with your instructors, are not my opponents. "

Wang Fan frowned again and began to dodge as he spoke.

He didn't fight back because he was afraid that he might hurt Li Hu accidentally.

"Don't hide from me if you have the ability." Li Hu's nose is crooked. He obviously looks down on them.

Don't mention Li Hu. Even the top soldiers were a little upset and became very angry.

"Team Li, blow him up and show him some color!"

"Dare to look down on us so much, let him see your power!"

"If you have the ability, don't hide. Fight with our team. What is the ability to hide?"

Wang Fan's words aroused thousands of waves and public anger.

Wang Fan has some helplessness. It seems that he can't go without some strength today.

Think of here, he is not in Dodge, jump over Li Hu to wave of fist, a palm clapped on Li Hu body.

Li Hu was directly photographed flying up and sat on the stone bench in the distance as if he had been sitting there all the time.

Looking at this scene, the top soldiers suddenly felt as if they had been strangled by the neck, and they could no longer call out.

Li Hu is a burst of shame, this, this is too bullying people, right?

However, his eyes to Wang Fan, but there is no hostility, but a trace of worship.

He is not a man who can't afford to lose, and as a soldier, he always respects the strong.

"Why, do you really want to stop me?" Wang Fan looked at Leng Wan'er and said bitterly.

"I'm sorry, this is the order of the chief. I've already issued a military order. Please come to him." Leng

Wan'er said firmly.

"But I don't have time, or I will visit the chief when I have time to go to the capital in a few days? You can rest assured that since I have promised you, I will never break my promise. "

"Don't be so troublesome, and it won't delay you too much time. Besides, you don't have to go to the capital. The chief is in Ye's manor now."

"What did you say?"

Ten minutes later, Leng Wan'er takes Wang Fan to a small room.

A dignified old man who looks like he is in his seventies but has a strong body and strong eyes is drinking tea while facing a chessboard.

"Chief, people have arrived." Leng Wan'er respectfully made a military salute and stood behind the old man.

Wang Fan looked at the old man, his eyes flashed a touch of complexity, hesitated again and again, and finally respected a standard military salute.

Although it made him feel cold, Wang Fan still respected the old man. This old man is really nice to him.

"I'm glad that you can give me a military salute to show that I'm still an old man in your eyes. I know that matter to you "

" chief, don't mention the past, I have forgotten. "

The old man's words had already been interrupted by Wang Fan's wave, which was the first time in his life. Wang Fan's eyes flashed a touch of extreme anger, but he forced down, "chief, if you have anything to say, if I Wang fan can do it, I will not refuse."

"Just, if you want me to go back, forget it. I'm really tired and tired. I just want to live a peaceful life now. "

"Do you really think so?" The old man raised his head and looked into Wang Fan's eyes seriously. "Have you really thought about revenge?"

"Yes! Even think about it all the time Wang Fan clenched his fist, but in an instant he loosened it again,

"however, what's the use of thinking? If my strength is poor, I can only think about the strength of those people. I'm afraid I can't get revenge in my life."

Wang Fan's voice is somewhat decadent.

It is true that he is the king of war and powerful, but he can only dominate the world. In front of that group of abnormal bastards, his strength is not enough to see, even only by seconds.

But will Wang Fan be willing to be mediocre all the time? No, he will not be reconciled! Now the advance is just for the future!

If one day, he has the strength of revenge, he will definitely not hesitate to take up the butcher's knife and kill all those damned bastards!

"It's a bit bloody. I thought you were going to stay here all the time. I've come here with a message for you. "

"A hundred year old green leaf appeared in Jiyan, Hanzhong, which aroused the prying of all forces. Even our army sent people to pass by."

"If you have time, take the time to go. Although the chance is slim with your strength, it is at least an opportunity. If you can get a hundred years of green leaves, your strength will be greatly improved

"Here are your documents and guns. You should take them first. Don't be too busy to refuse. To give you these things is not to ask you to come back, but to make it convenient for you to go out. "

"I know your conduct very well. I know you won't make use of these things, otherwise I dare not give them to you."

"Well, that's it. You go down. There's only so much I can do for you. It's up to you. "

Then the old man closed his eyes.

"Thank you." Wang Fan was moved. He gave the old man a standard military salute, put away his certificate and left with his gun.

He knew from the old man's words that the old man had already investigated that he was in Jinzhou City. It was only today that he found such an opportunity to meet him.

Also, although the old man can't speak in front of those people, in the secular world, energy is still terrible. It seems not difficult to find out his foothold.

Even Wang Fan could guess that the old man had already known that he had offended the Song family, but he didn't care about it.

Leng Wan'er looks at Wang Fan leaving. She wants to catch up, but she is stopped by the old man's wave.

The old man looked at Wang Fan's back, and his eyes flashed with meditation.

Those guys are really getting more and more arrogant recently.

I hope Wang fan can really rise up and have the strength to fight against those people.

"Wang Fan, dare to abolish me song Shaolong, I'm not finished with you!" In the hospital, song Shaolong was roaring, but soon his face changed, "what, you say that guy's name is Wang Fan? Is that Wang Fan who killed Shaojun? "

"Yes." The subordinate nodded respectfully.

"Not good." Song Shaolong's face is even more ugly. "Call Shaoxuan immediately and ask him to cancel the plan for song Rumei. Moreover, this matter should be reported to the family immediately and the strength of Wang fan should be reevaluated."

"Yes Subordinates should be respectful, quickly dial up the song Shaoxuan phone, but that face soon changed, "Xuan less phone can't get through."

Chapter 302

"What, can't get through?" Song Shaolong was surprised and almost jumped up. He was only involved in the wound, and then he lay back in pain,

"what are you still doing? Don't you think of a way to stop him! Although the family's dark endure is fierce, how can it be Wang Fan's son of a bitch's opponent! "

"It's too difficult for the family to cultivate a secret tolerance. It will cost countless efforts and costs. Go and find a way to stop him immediately."

Song Shaolong bared his teeth and yelled at his subordinates.

This guy has been injured like this. He is still thinking about his family. I have to say that he is still a filial grandson.

-

Song Shaoxuan is in a very excited mood now. He even threw his mobile phone. He can finally get revenge, and finally he can hang Wang Fan.

Song Shaoxuan, as a young man in the capital, has not been beaten much even in the capital. But he just came to Jinzhou less than two months, he was beaten twice, or was beaten by the same person in full view of the public, this tone does not know how to do.

In a word, the reason why he was able to raise his eyebrows was thanks to his brother song Shaojun.

Without song Shaojun's foreshadowing, how could the family owner send two of them to take revenge on himself.

He was surrounded by two skinny men, who had little breath, and could not even hear the sound of breathing and footsteps. Following him was like two ghosts.

Yes, they are the dark tolerance of the Song family. The Song family spent a lot of money and time to cultivate it.

After so many years of training, the Song family has only trained 20 people in total. Now, in order to deal with just one Wang Fan, they send out two people at once. They are very fond of Wang Fan.

"Damn it, Wang Fan, you son of a bitch. I don't beat you to shit today. I don't want to do it in your face. Song Rumei is a bitch. I'm your son of a bitch."

Song Shaoxuan gnaws his teeth and murmurs. Soon, he takes two people who come to the villa where song Rumei lives.

Looking at the closed door of the villa, he pretended to raise his chin to one of them, who came directly to the door of the villa and kicked in the past.

Under the foot of the dark bear, the thick villa door, just like the bean curd dregs, opened.

Inside the people subconsciously jumped up, and even one person issued a scream of panic.

"Ah, who are you? Why do you want to break into my daughter's house without permission? Bodyguard, blow them out for me."

Wang Suzhen, song Rumei's stepmother, screamed. She used to be very mean to song Rumei.

But after hearing Wang Fan's amazing deeds, he didn't dare any more. Instead, he took song Rumei's father, song Guo, to visit Song Rumei from time to time to show his closeness.

The two bodyguards standing nearby didn't move. They were the bodyguards of the state of song, not Wang Suzhen's bodyguards. They didn't listen to Wang Suzhen.

In the state of song, song Rumei's father and daughter's faces are also very ugly. Especially song Rumei, in broad daylight, someone broke in. It's terrible.

Fortunately, today my father came to see me with his bodyguard. Otherwise, I would be alone. I really don't know how to deal with these goods.

"Ha ha, they're all here. Even uncle song and aunt song are here. That's right. We'll solve them one by one. I'll go to find them one by one."

Song Shaoxuan licked his lips, and his eyes twinkled with a proud smile. "By the way, why didn't Wang see him? If you don't say he lives here, call that silly boy down for me right away. "

"What do you say? You dare to call my son-in-law shabby. You are impatient. Be careful that my son-in-law will come back and hurt you."

Wang Suzhen heard Song Shaoxuan dare to call Wang Fan silly than, immediately angry, pointing to Song Shaoxuan's nose threatened.

Since learning about Wang Fan's ruthlessness, she is very proud of her son-in-law Wang Fan, and even everyone who knows that she has a relationship with Wang Fan has a different attitude towards her.

Now the bear child dares to call her dearest son-in-law shabby. How can she bear it.

"Song Shaoxuan, Wang Fan is not here. If Wang Fan were here, I'm afraid you wouldn't dare to come? I advise you to get out of here now. I can take it as if nothing happened

"Otherwise, when Wang Fan comes back, you can't leave even if you want to. Don't tell me you want to be the second Song Shaojun. "

Song Rumei interrupts Wang Suzhen's clamor and says coldly to Song Shaoxuan.

"Threaten me?" Song Shaoxuan eyelid son a pick, a flash of rage, "all tied to me!"

"Damn, let me be the second Song Shaojun. Does Wang Fan have such great ability? When he comes back, I'll do you a good job in front of him, and you'll know that Wang Fan is just a pile of shit. "

Song Shaojun shouts loudly, and the two men who get the order have already rushed to Song Rumei.

Naturally, the two bodyguards of the state of Song would not watch their employers being tied up and stop them at the same time.

However, a face-to-face, they are as if in the general evil, body a bow, Mouth Spitting foam, soft fell down."Ma Dan, you are such a waste bodyguard. You dare to stop me from doing something important. It's not an eye-catching thing."

Song Shaoxuan scornfully rushed up to give two bodyguards each foot, and then took out a circle of hemp God from his carry on bag.

In the state of Song, Song Rumei's father and daughter were gloomy, but they didn't say anything any more. They were directly tied up without resistance.

Wang Suzhen can't do it. She's been in good health for so many years. Now she has Wang Fan's son-in-

law. How can she be tied up?

Struggle two, immediately roared, "give me stop, careful my son-in-law back to kill you."

Pop.

Song Shaoxuan slapped down, Wang Suzhen could no longer speak, and was easily tied up.

Song Shaoxuan walked up to Wang Suzhen with an evil smile and hooked her chin with his hand. His tone was very frivolous,

"you old lady, you are so old. I didn't expect that the maintenance is good. Just now you called it Huan, right? I just don't know if it's still so Huan when you're done. "

Wang Suzhen's old face is ashamed and angry. She begins to struggle madly, but she has been tied into a zongzi. How can she break free from Song Shaoxuan's clutches.

Although Wang Suzhen was shrewd and powerful, she was still loyal to the state of song. She never betrayed the state of song.

At the thought of being teased and even insulted by this bastard who is more than 20 years younger than herself, she is disgusted.

"Song Shaoxuan, if you have something to say, you can take revenge. Come straight to the Song Kingdom. Don't insult Su Zhen."

Looking at this scene, the state of song couldn't keep calm any more. There was a flash of anger in his eyes and he said.

Song Rumei also couldn't bear it. She said angrily, "song Shaoxuan, are you still human? You are a beast! If you have the ability, come to me, not my stepmother

Song Shaoxuan laughs, "ha ha ha, I just want to play with this old lady. Why did I drop it? Come and bite me!"

"Why, song Rumei, you can't itch now. Are you in such a hurry? Don't worry. I won't let you wait too long. When Wang comes back, I'll be in front of him. "

"Now, anyway, if I'm idle, I'll play with this old lady first." Song Shaoxuan said, looking at the two men, he said,

"now you call Wang Fan and ask him to come back to die. You drag the old man song down and kneel down to the ground. I want to kill the old woman in his face."

Chapter 303

That dark endure although also feel song Shaoxuan very abnormal, but still did.

Soon the state of song was forced to kneel on the ground, while song Shaoxuan pulled Wang Suzhen's clothes arrogantly.

"Oh, no, stop it!" Wang Suzhen cried.

"Song Shaoxuan, you are a beast, you are not human! You will be punished, you will be The state of song roared angrily.

That's his wife. Now a beast over 20 years younger than himself makes himself kneel down to watch him humiliate his wife. How can the state of song endure this?

Song Rumei is also angry, "song Shaoxuan, it's Wang Fan who offends you. It's me. It has nothing to do with my parents. You have the ability to rush at me."

"My stepmother is so old. Are you interested in her like this? It's not good for your reputation. And I'm not only young, but I haven't even been touched by a man. Come to me. "

Song Rumei clenched her teeth and said the words that made her feel sick. She only felt that her whole heart was dripping blood.

I can't help it. She really can't bear to be insulted by her stepmother because of her own affairs, so she will feel guilty all her life.

She was so generous that she even said that she was a young girl.

"Ha ha, it's true or not. It seems that I've got a bargain today. Don't worry, I will be gentle to you later. But now, let's play with the old lady first. "

Song Shaoxuan listen to song Rumei's words, although a little excited, but still tear the talons to Wang Suzhen.

He has a bad reputation. I'm not afraid it's even worse. Anyway, the owner said, how to shame Shuang, even if all killed it doesn't matter.

With a stab, Wang Suzhen's clothes were torn down, but tied by the hemp God, only half of them were torn down.

But it was only a small half, which was enough for Wang Suzhen to be ashamed and angry. Large black bra exposed, but also exposed a small piece of white rabbit.

"Song Shaoxuan!"

"Son of a bitch!"

Song Rumei trembles with song Guoqi, but he can't stop song Shaoxuan's brutality.

"The old lady is quite white. She is so big. It seems that she is often caught by men outside."

He said insultingly and grabbed it directly.

"Ah Wang Suzhen screamed angrily, turned her eyes and fell into a coma.

She couldn't stand the shame and the excitement.

"Damn, did I make you pass out? It's a wet blanket. You think it's ok if you pass out. Even if you pass out, I'll do it to you. "

Song Shaoxuan angrily called, this time directly into two hands to grasp.

Whoosh!

But when his hand was about to touch Wang Suzhen's white rabbit, he felt a pain in both hands at the same time and then drew back.

"Who the hell dares to plot against Lao Tzu? Don't you want to live?" Song Shaoxuan was very angry and raised his head to scold him.

On his hands, there were two embroidery needles. The needles were thick and long. He felt that they were killing him.

"Song Shaoxuan, you are very capable. You have come here to show off your power. It seems that the lessons from the first two times are not enough."

Wang Fan, with a gloomy face, stood at the door, with only crazy anger in his chest.

He didn't plan to come to song Rumei, but when he left, Kong Wucheng said that song Shaoxuan came here with the Song family, and he rushed back.

But he never thought that although he was fast enough, he seemed to be a step slower.

Wang Fan looked at Song Rumei, who was tied into zongzi, Wang Suzhen, who was being humiliated, and Song state, who was kneeling on the ground. His anger could not be restrained.

Is this guy still human?

What a beast!

He was praised by all the animals!

"Wang Fan, is that you? Damn, you're back at last. I've been waiting for you for a long time! Today, I'm going to beat you to shit, and then do these two women in front of you and your father-in-law! "

Song Shaoxuan saw Wang Fan's moment, the whole face was also distorted in an instant.

He pointed at Wang Fan with endless resentment in his eyes!

"Do you have that ability? Song Shaoxuan, originally I didn't want to step on you grasshopper, but since you want to send me to death, I don't mind stepping on you. "

"Joke, you come here, step on me, ignore me, you are sun"

"pa!"

A loud sound, song Shaoxuan's words were hit back.

He only felt a flash of shadow in front of him, his collar was scratched, and a sharp pain came from his face.

His teeth all flew out, even if it was not for Wang Fan's collar, he felt that the whole person would fly.

"How dare you hit me? I kill "song Shaoxuan closed his eyes to raise the next God, and then is more crazy shouting.

He was beaten by Wang Fan again. He was beaten in front of him. How angry! The script shouldn't be that he beat Wang fancai with dark tolerance, right?"Pa!" Wang Fan slapped again, "hit you? Are you still young? Since you are cheap and want to fight, I will help you! "

Wang Fan said, left a punch, another punch, and a few hard.

Song Shaoxuan's tears came down, and he rolled his eyes and screamed. Fortunately, Wang Fan had already stopped after a few punches, which gave him a chance to breathe.

"I'll give you a break, and I'll take care of you later." Wang Fan said, first to the foot of Wang Suzhen untied, and then went to the song Rumei father and daughter.

As for the dark bear beside, he didn't even look at it. He didn't pay attention at all.

"Are you pigs? Why not! Hurry up and kill him Song Shaoxuan took a slow breath and began to roar at the two men.

He was so angry that he was about to explode.

He song Shaoxuan is beaten like this, but the two dark endure are still there in a daze, are they coming to see the play?

The two dark bear also no nonsense, at the same time toward Wang Fan rushed. Their eyes are dull, but their bodies are full of killing intention, just like killing machines.

"Get out of here!" Wang Fan eyes a cold, Pa Pa Pa two feet throw out, two murderous dark bear as if by the cannon in general, mouth gushing blood of inverted fly out.

Their sternum has been stepped down a concave, mouth open, spit out blood viscera.

Scream resounded through the villa, song Shaoxuan is staring big eyes, eyes flashing a strong incredible.

Two feet, kicked to fly two dark endure, this is a mother tease me? Is this the secret tolerance that the Song family spent countless efforts and time cultivating?

Song Shaoxuan is about to vomit blood.

His contribution to the Song family is not worth it!

The two dark endure also very shocked, they are the peak of inner strength, dark endure that crawls out from the dead, so they are two feet dry fly?

They are also very embarrassed.

"I'm sorry I'm late. I'll take care of the next thing." Wang Fan ignores song Shaoxuan and other people's ideas, and after loosening the ties between Song Rumei's father and daughter, he says with some apology.

"It doesn't matter. Just come." Song Rumei said.

Wang Fan did not talk to song Rumei, but turned to song Shaoxuan, "song Shaoxuan, this time, you successfully angered me, I will let you know, what is the real pain, what is the real skin cramp."

Chapter 304

"You dare!" There was a strong panic in Song Shaoxuan's eyes. "I tell you, my cousin song Shaolong has come to Jinzhou, but he is the top master of Neijin."

"He also has a friend of Han nationality around him, who is even more powerful. I heard that he has already reached the realm of the day after tomorrow. If you dare to touch me, they will definitely "

Wang fan can't stand song Shaoxuan's wordiness and beat his words back with one punch.

"What do you want to say about them? Is it absolutely to let me die? I'm sorry to disappoint you. "

"I just abandoned them at an old man's birthday party. You can see them in the hospital later."

Wang Fan said, one foot stepped on Song Shaoxuan's thigh, and began to grind it slowly.

Song Shaoxuan's leg bone was slowly smashed. He couldn't describe the tearing pain. He could only bite his mouth and scream.

The creaking sound of broken bones is very harsh in this quiet villa.

The state of Song couldn't bear to see it. He picked up Wang Suzhen and walked to the second floor. Song Rumei followed him.

The two dark endure also only feel scalp numbness, some fear.

It's not that they haven't seen people smashing their bones, but it's the first time they've seen Wang Fan grind them so slowly and thoroughly.

"How about it? Is it still delicious?" Wang Fan opens Song Shaoxuan and asks with a smile, but it's a sneer.

"Grandfather Wang, grandfather Wang, please, please give me a good time, kill me." Song Shaoxuan began to cry, his father called his mother up.

He's just a dandy. He hasn't been trained at all. How can he bear this kind of pain? He immediately softens and is even willing to die.

"Kill you? No, no, it's against the law to kill. I won't do that. What's more, I don't have to go to jail for people like you. "

"Just now, it's just the beginning. Next, it's just the beginning."

Wang Fan said with a smile and stepped down again.

In the next hour, the screams in the villa never stopped, and the screams were louder and sadder than before. The wild cats and dogs in the neighborhood ran away.

An hour later, the scream slowly weakened, but it turned into a howl.

Another hour later, the scream finally stopped.

Wang Fan pulled a body, tied behind the three Song Shaoxuan, swaggered out of the villa.

Song Shaoxuan's whole body is full of blood, and his whole body is soft as if he had no bones. He has been in a coma.

Even if they have been in a coma, the face is still a twisted expression of fear, people are afraid to see broken teeth.

Another hour later, Song Shaolong sees Song Shaoxuan three people glued together in a coma at the door of the ward.

"Ah Looking at the three people's tragedy, Song Shaolong screamed and was in a coma. The doctor rescued them for more than half an hour.

Song Shaoxuan, who was found, was also sent to the operating room for rescue.

"Who can tell me what's going on? Who can tell me what's going on? I'm Song Shaolong, who's surnamed Wang

Song Shaolong starts to roar wildly when he wakes up. Only when he roars, he feels that his head is hit.

He turned to look angrily, but at this moment, he felt a wind blowing, and his head was covered by the quilt.

Then, he felt a bout of kicking and punching.

Poor Song Shaolong, who had been abandoned by Wang Fan, was not good. This time, he was abandoned again in a mess, and he was in a coma.

Song family.

When Song Qilin heard the news, he smashed the blue and white porcelain bottles, which had been collected for many years and even had a value of 80 million.

"Is it difficult for Wang Fan to force the Song family, one of our eight families, to play the final card?"

Song Qilin's crazy roar is so angry that he wants to vomit blood.

He didn't expect that Wang Fan, who was just a Wang Fan, had turned the world upside down. He had already sent out two of them, and they couldn't clean up.

"It's getting more and more serious. It seems that I should go to see Mei Mei." Outside, a woman murmured in a low voice, listening to Song Qilin's roar.

Song Shaoxuan was paralyzed and thrown at the door of Song Shaolong's ward, and Song Shaolong was

beaten up by the mysterious person's ward, which spread all over Jinzhou again.

The whole circle vibrated again.

Wang fan is so ruthless in choosing the Song family. Is this the rhythm of declaring war on the Song family?

It's a good match for Wang Fan. Even if he died immediately, he would be proud of the world.

Wang Fan became the idol of many people in an instant.

Originally, they all thought that the Song family could easily deal with Wang Fan, but Wang Fan's miracles again and again made them numb.

From the beginning is not optimistic about scorn, has become the present worship.

Just as everyone was excited and quietly looking forward to the good play, Wang Fan finally "couldn't bear it" to make bold remarks. It's said that the Song family name deceives people too much. Within three days, Wang Fan will visit.

This time, the whole circle is not shaking, but boiling directly.

Wang Fan declared war on the Song family in public. Isn't that too much? Does he really think that he can challenge the whole song family with one person?

For a short time, there were all kinds of comments. Most of the people who were idle and didn't worry about big things got up one after another and rushed to the capital to see the good play.

Wang Fan vs Song family, this is a rare play in a hundred years. How can they miss it?

Wang Fan beat song Shaolong again and then returned to song Rumei's home.

Those words were released by heiluocha. He was tired of the endless provocation and the despicable means of the Song family to attack the people around him.

If he doesn't go to the Song family to make a scene and make the Song family afraid of Wang Fan, who knows if this kind of thing will happen again.

What's more, he has planned to go to Jiyan, Hanzhong, to meet the chance of a century old green leaf. He just passed by the capital, and it didn't delay him.

However, before he left, he had to arrange the head and tail of Jinzhou, which was just three days.

"Wang Fan, do you really want to go to Jiyan, do you really want to go to the Song family? The Song

family is no better than Jinzhou. It's their territory. Don't do anything stupid. "

Song Rumei looks at Wang Fan with a worried look.

"It's all right. I have a sense of propriety. Meimei, don't worry. I have a friend who happens to be in Jinzhou these days. I will let her protect you. "

Wang Fan refers to Leng Wan'er. With her strength and energy, there is no problem in protecting song Rumei and others.

"But."

"No, but I'm fine." Wang Fan interrupted song Rumei.

Wang Suzhen, who was sitting on one side, also said, "that is, the son-in-law said it's OK, so it must be OK. The son-in-law is very powerful."

"That little son of a bitch insulted me. My son-in-law must help me vent my anger and let the song man see our strength."

Wang Suzhen angrily said, but also a son-in-law called, let Wang Fan and song Rumei are a little embarrassed.

When Wang Suzhen gritted her teeth and said the three words "surnamed song", the state of song and song Rumei were covered with black lines.

They are also surnamed song.

But Wang Suzhen didn't know it. She still spoke with hatred there. At last, she looked at Wang Fan with a smile,

"son in law, you must vent your anger for your stepmother. By the way, the three bastards you beat just now are so miserable. Your stepmother will make you delicious tonics. At the same time, you have the strength to deal with Meimei in the evening."

Wang fan is speechless, song Rumei is speechless, and the state of song is speechless.

Wang Suzhen is really a wonderful flower. The tense atmosphere was lost by her words.

Song Rumei blushes with shame. She has the strength to deal with her. However, he has to leave. Should he let his strength out in the evening in case of an accident

Chapter 305

"Meimei, I've discussed with your father. We won't go back tonight. Let's have a rest early. Son in law, come on, it's better for us to have grandchildren as soon as possible. "

After dinner, Wang Suzhen seems to have forgotten what happened in the afternoon and said carelessly.

Song Rumei blushed again.

Do you want to dedicate yourself to Wang Fan? It's not good to do this kind of thing under such circumstances.

If you don't offer it, Wang Fan will leave. What if you can't come back? Wang Fan has paid so much for her, and her heart has already belonged to Wang Fan.

Ah, no matter. Anyway, I love him, and my heart can't accommodate others. Just give it to him.

"Come up with me." Song Rumei said with a red face, and went upstairs bashfully.

Wang fan is not embarrassed.

Is that ok?

"Son in law, why are you still in a hurry? I'm waiting for my grandson. " Wang Suzhen saw that Wang Fan didn't respond and said with a stare.

The state of song didn't speak, but it seems that he acquiesced.

Although this kind of thing happened, Wang Fan paid too much for his daughter. Now he has to go to the Song family in the capital for his daughter. It's not too bad to sacrifice his life.

Wang Fan was a little speechless by Wang Suzhen. He got up and went upstairs.

He didn't go upstairs to do that kind of thing with song Rumei. Now he's burning his eyebrows. Wang fan is not in the mood.

But when Wang Fan stood at the door of the room, he was in a daze. Song Rumei sat at the head of the bed, smiling. Her hair was taken away, and she was so messy and charming.

"What are you doing in a daze? Why don't you close the door?" Song Rumei saw that Wang Fan was just like wood. She stamped her feet in shame and said discontentedly.

This son of a bitch can't understand the amorous feelings. He has taken the initiative and has no response. Where is the old rascal style.

Wang Fan turned and closed the door to Song Rumei.

At this time, Song Rumei had begun to untie her coat buttons, and her whole heart was beating.

Wang Fan's breath also became dignified, and finally could not help saying, "Mei Mei, what are you doing? I'm not here to see if you're hurt well, and I'll give you a massage."

"Nani." Song Rumei opened her mouth wide.

She finally summoned up the courage to devote herself. Now she is about to take off her pants. How can Wang Fan tell her this?

Song Rumei's shame, anger and bad taste can hardly be mentioned.

"Meimei, button up first, and then I'll show you if you've hurt your wrist or something."

Wang Fan goes to Song Rumei, can't help but cast a few eyes under the collar, and resist the temptation to speak again.

Song Rumei is so angry that she buckles up and turns her head to one side. She doesn't want to talk to Wang Fan.

Wang Fan touched a nose ash, but not embarrassed, still sat down to help Song Rumei check up.

Song Rumei didn't have any serious injuries, only some slight red marks. He rubbed it a few times and it was OK.

It's just that Song Rumei was tied up. Although the trace is not deep, her body is everywhere. Wang Fan kneaded Song Rumei's body.

Song Rumei was kneaded to feel, and even could not suppress the hum, but Wang Fan was still as indifferent as an old monk.

Song Rumei was a little bit broken.

It took Wang Fan more than an hour to get rid of the traces on Song Rumei's body. After comforting Song Rumei for a few words, Wang Fan fled and left the room.

He's not a saint, and he can't sit still, but in this case, if he really wants Song Rumei, he's not human.

"Uncle and aunt, I'll go first. You can rest assured that someone will protect you immediately. You will be absolutely safe."

Wang Fan didn't even stay in the living room. He said a word to the Song couple sitting in the living room

and left the villa.

The door of the villa has already been repaired by a specially assigned person, and this time, the anti gun door has been specially installed at a high price.

"Old song, do you think this son-in-law can't do it? Why did he come down so soon. It seems that God is fair, there are strengths and weaknesses. Ah, Xiao Wang is so skillful that he can't do that. He just wronged us and flattered us. "

The state of song has a black face. Is it like the words of the elders?

Wang fan leaves song Rumei's home and calls Leng Wan'er. Leng Wan'er agrees to Wang Fan and sends someone to come.

In two days, Wang Fan didn't stay idle. Instead, he went to Yindi in person to train all the security guards.

These security guards, except for some older ones, have a certain foundation. In two days, although they can't become top experts, they can improve their strength by a large margin.

Wang Fan has decided to cultivate a group of forces. Only in this way can he protect the safety of his "relatives" in Jinzhou as much as possible. Even if Wang fan is not in Jinzhou, don't worry. Two days passed in a flash. Early in the morning of the third day, Wang fan set foot on the high-speed railway to Beijing.

At the moment when Wang fan set foot on the high-speed railway to Beijing, countless people who paid close attention to Wang Fan's Song family were shocked again and became more excited.

"Miss, are you 32D?" On the high-speed railway, Wang Fan stood in front of a beautiful woman and asked coldly.

Shua!

Listen to this question, everyone is shocked.

Even some young people couldn't help giving Wang Fan a thumbs up.

Cow, this brother cow, even openly asked if the big breast sister is 32D.

"How can you ask? Are you polite, rascal?" The beauty blushed and stood up to slap her.

Pop.

A sound, her wrist accurate fell in Wang Fan's hand.

"Be careful, miss. I'm not polite. I'm a rascal. I just want you to be sure, are you really 32D? "

Wang Fan frowned, and his eyes were angry.

Why is this woman so unreasonable? She's still so upright when she takes her seat and scolds herself as a rascal.

"You, can you confirm this? Let go, or I'll call the police." The beauty was also angry, struggling and crying out in shame.

"Damn, it's reasonable for you to take my seat. It's unreasonable. You open your eyes. I'm 32D. "

"Well."

Beauty moment silly than, do for a long time, this son of a bitch asked is the seat, but you how not ask clear!

She was furious.

Wang Fan loose beauty, beauty quickly looked at his ticket, it was found that he really is not 32D, but 32c, her face a red, quickly moved in the past.

People around them suddenly realized, and they said, how can anyone be so good and dare to ask other girls such questions in public.

However, there are still some young people deliberately laughed loudly, "ha ha, it's 32c."

Beauty immediately feel more shy can't see people, can only Huhu lowered his head.

Wang Fan also did not pay attention, sat on the seat and closed his eyes.

There's a hard fight coming up and he needs a good rest.

Looking at Wang Fan's cool expression, the beauty felt very bad.

There is really no gentlemanly demeanor, not even a word of apology, pretending to be anything.

Chapter 306

Naturally, Wang Fan didn't know what the beauty was thinking, and he didn't care. He soon fell asleep. These two days of special training, he is really tired.

But Wang Fan didn't sleep long, and a commotion came.

A beautiful looking woman ran into the car in a panic, and looked back in horror from time to time. Her face was very haggard.

In the process of running, she ran into many passengers, which made them complain.

Wang Fan opens his eyes discontentedly and looks at the woman who wakes him to sleep.

However, just a glance, Wang Fan's eyes will show surprise.

When the woman was about to run past him, he pulled the woman back. The woman staggered and sat in his arms.

The people around looked at the scene, almost silly again.

This guy is really awesome. Just now he was just teasing, but now he just started. I just don't know what better excuse he has this time.

Originally, Wang Fan's previous statement has led everyone to believe that Wang fan made a slip of the tongue. But now, they have overturned the original conclusion.

The big breasted beauty next to her also opened her mouth wide. The rascal was really a rascal. Just now, the rascal was really intentional.

"What's so flustered, or is it because of last time?" Wang Fan looked at the woman and asked.

He was also embarrassed to pull a woman to sit on him, but now is not the time for embarrassment.

Those people around listen to Wang Fan's words, a burst of disdain in the heart.

What are you pretending to be? This way of chatting up is too old-fashioned. Next, do you want to say, oh, I'm sorry, I recognize the wrong person.

The woman is also a little angry, she is now anxious to run, but someone caught her, also eat her tofu, this is not harm her?

The woman turned her head and slapped her hard, looking at the bastard who dares to eat her tofu.

But when she saw Wang Fan, her movements were frozen, "you, you are Wang Fan."

There was excitement in her heart.

"Yes, it's me. If you have something to tell me, I'll see if I can help you." Wang Fan's face didn't change. He said with a smile.

For Xu Ruyun, he is still very grateful. Last time, without Xu Ruyun's help, it was really difficult for him to successfully rescue a Biao from Dong pengde in brilliant entertainment.

That's right. The woman who is down and charming is Xu Ruyun.

"It's so nice to meet you. It seems that I can be saved. I can be saved." Xu Ruyun grabs Wang Fan's hand, and is excited and speechless.

"during this period, Dong pengde has been chasing me, and I don't even have a chance to find you."

"Today, I managed to get on this high-speed train, but I didn't expect that those people would catch up."

"You must save me, you must save me, but you promised to meet any of my requirements." Xu Ruyun said excitedly, and suddenly her voice stopped.

She pointed to the front of the car and said in horror, "he, they're coming."

"Come on, just sit here and I'll see what they dare to do with you."

Wang Fan gives the seat to Xu Ruyun, looking at the two aggressive men, said with a sneer.

He was somewhat apologetic and somewhat depressed. This matter has a lot to do with him.

Xu Ruyun nodded and sat down.

At this time, people around suddenly realized that it was another unpleasant misunderstanding.

They also realized that something was wrong. They looked at the two men who were running fiercely and became nervous.

Those two people look vicious. They are not easy to be provoked. Does Wang Fan really have the ability to save beauty?

Under the gaze of all the people, the two men quickly walked up to Xu Ruyun. One of them grinned, stretched out his big hand and grabbed him,

"you coquettish girl, you can run. You're going to run out of Jinzhou. Don't you think about him? Can you run? If I let you run away, how can I get along? I "

" Pa Pa Pa Pa "

slapped the man in the face with four hands, so that he could not speak any more.

"That's all right?" Wang Fan stepped the man on the ground without any scruples, and his tone was

extremely indifferent,

"do you think it's very glorious to chase a woman in broad daylight? Is she a criminal or are you a policeman

The man spat out blood foam, opened his mouth, could not say a word, but spat out his teeth full of blood.

He pointed at Wang Fan, shaking all over.

The passengers were shocked.

It's too cruel and arrogant. It's on the high-speed railway, but there are police officers.

In addition, the man was also very shocked, even more simply after he recovered.

He didn't hesitate at all. He didn't even give up his cruel words. He turned around and left. As for the man who fell to the ground, he did not even pay attention.

"Where are you going? Take another step. Believe it or not, I'll blow you up?" Wang Fan's voice sounded again, but the man did not stop, but ran faster. Wang Fan frowned and was about to catch up, but a police officer suddenly appeared in the carriage.

When the man saw the police, he was relieved. "Police, there's a fight over there. Go and have a look."

"What, fighting?" The policeman was surprised, and immediately saw the guy who fell on the ground and spat his teeth. He didn't dare to hesitate any more and ran quickly.

The man gritted his teeth and continued to run, but he only took two steps. A bottle of mineral water hit him on the head and almost knocked him to the ground.

The man was startled, staggered and ran faster.

Wang fan is angry!

He just didn't want to be too ferocious in front of the police. He just hit the man slightly to warn him to stop. But if this guy doesn't stop, he can run faster. He doesn't know the time!

Wang Fan didn't talk nonsense. When he looked around, he directly grabbed most of the bottles of drinks on the big chest beauty table and smashed them again.

Whoa.

The drink passed through the air and hit the man's head again. The man directly covered his head and

fell to the ground and couldn't get up again.

He just twists and turns, his head is dizzy.

The passengers around looked at the scene and were stunned.

This flying bottle skill is almost catching up with Xiao Li's flying knife. It's too accurate.

Even the big breasted beauties who are very uncomfortable with Wang fan can't help but cheer for Wang Fan's unique skill, and even forget to chase the drink.

Xu Ruyun is also relieved, the crisis is finally contact, these days she is going to be unable to carry.

The policeman was a little angry. He was so angry that his lungs exploded.

It's not that he is despised as a policeman. Is he just a decoration?

Arrogance, too arrogant!

The policeman looked at Wang Fan angrily, took out the handcuffs and went over, "what are you doing, openly fighting, deliberately hurting people, disturbing the high-speed rail order, come with me."

"Sorry, I'm not free." Wang Fan's voice almost made him vomit blood, and the people around him were even more shocked.

Crouching trough, it's too arrogant and arrogant. It's like crass, but I'm afraid the boy is going to end up.

Sure enough, the police officer was even more angry. He pointed to Wang Fan tremblingly and yelled at the walkie talkie angrily.

Had it not been for the man on the ground who was still spitting blood and wailing, he was afraid that he would not beat Wang Fan, so he would have rushed over and started to fight.

Chapter 307

"Where is Dong pengde? Is he on this train?" Wang Fan did not pay attention to the police, looking at the man who was knocked down by the drink bottle.

Originally, Wang Fan thought that Dong pengde had been caught by the police, but now it seems that he has not been caught. In this case, if Dong pengde is on the train, Wang fan doesn't mind helping the police catch him.

"I won't betray Mr. Dong. Kill me." The man looked very hard, quite hard, and said, lifting his neck high.

"Pa Pa Pa" Wang Fan clapped his hands and went to the man, "yes, you are very good. I like your kind of

backbone."

He said, took out the silver needle and stuck it on the man's head. The man's face twisted instantly. After a moment, his eyes became dull.

"Slap yourself in the face, and then tell me where Dong pengde is. By the way, what bad things have you done in recent years?"

Wang Fan looked at the man and asked again.

Listening to Wang Fan's words, no matter the well-known police officer nearby or the passengers around, they could not help but turn their mouths.

Who do you think you are? Why do people listen to you? It's ridiculous to slap yourself in the face and take the initiative to say what you've done. It's not stupid.

But soon they opened their mouths wide, because the man had already started slapping himself, and his voice was very loud.

"Mr. Dong started his business by kidnapping the famous tycoon Chen Dongsheng 13 years ago, extorting 100 million yuan, and then setting up brilliant entertainment"

the man said with a dull face, starting from before Mr. Dong pengde made his fortune and talking about everything in detail recently.

When the police and the passengers listened to the man's story, they were shocked and then angry.

Drug trafficking, homicide, forcing women to sell y, selling female migrant workers and so on, these people are not afraid to do anything. It's just lawless and animal behavior.

Many of the murder cases that were so popular in those years and have not yet been solved have now become clear. It's Dong pengde who did it.

"Scum!"

"Beast

"This group of people should be shot, absolutely not merciful."

"It's cheap to shoot them. In my opinion, we should follow the top ten torture of the Qing Dynasty. Let them try the pain of life as death. "

The passengers were filled with indignation and indignation.

However, the man seemed to have no consciousness at all, and he was still there to narrate,

"two days ago, we tied up three women. Originally, we intended to let them run with us for us to vent for a long time, but they didn't know what to do, so we killed them in a rage."

"There are also two police officers who dare to arrest us alone after they find us, and we don't hesitate to cut off their heads. And "

when Wang Fan heard this, he didn't ask the man to talk about it any more. He just kicked him in, and he was stunned.

The passengers around were even more angry, especially the female passengers, who almost wanted to kill the man with a knife.

They're human beings. They're not tools for those bastards to vent. They just kill them if they don't follow. Are they killing chickens?

He killed two policemen. He's just a jerk. He's lawless. Everyone is angry!

In anger at the same time, they have a deep awe of Wang Fan, this person is too terrible, just two suddenly let people all recruit, it is really evil.

Even the big breasted beauty, also felt inexplicable chill, no longer dare to curse Wang Fan in the heart.

The man who was beaten and couldn't get up was staring at the top of the car. Although he didn't know why all his companions wanted to recruit, he knew that he was finished.

"You have heard what he said just now. These two people are under Dong pengde. If you don't know who Dong pengde is, you can contact Jinzhou police."

"I'll give them to you. It's your chance and your luck. It depends on whether you can grasp it. Now I'll catch Dong pengde."

Wang Fan said to the same shocked policeman and ran directly to the third car.

If not, it would be OK, but now, Wang Fan will never let Dong pengde go.

Car three.

A middle-aged man with popular clothes and glasses is reading a newspaper.

If you observe carefully, you will find that his eyes are flickering, and from time to time he looks to the front of the car, vaguely uneasy.

He is Dong pengde.

However, Dong pengde's position is not 013e, but 003E. He is a smart person, but also a cautious person, in the next chase Xu Ruyun, he has changed seats, but also changed more than once.

Here, he can not only see the situation of seat 013e, but also deal with the danger coming at any time. He will not put himself in danger.

Moreover, he was wanted by the police and escaped to the high-speed railway after many security checks. I have to say that this guy is also very capable. There is also a reason why Dong pengde has made great efforts to pursue and kill Xu Ruyun.

Without Xu Ruyun, Wang Fan would not be able to save ah Xuan, let alone make him look like this.

So the person he hates most now is Xu Ruyun besides Wang Fan.

He wants to let Xu Ruyun become a slave to him, and let Xu Ruyun live in darkness all his life.

However, Dong pengde is a little uneasy at the moment.

His subordinates have been chasing Xu Ruyun for a long time. Why haven't they come back yet? Xu Ruyun has been chased to the high-speed railway. Can she still run?

Dong pengde was a little uneasy when his pupils suddenly shrank and suddenly looked forward.

A man he didn't want to see the most, and he hated the most, appeared.

Wang Fan!

He clearly saw that after Wang Fan appeared, he went directly to seat 013e. Obviously, his subordinates had sold his position.

"Damn, how could he be on the high-speed train? Fortunately, I'm smart enough to change my position more than ten times, or I'll be caught by that son of a bitch, but it's over. "

There was a cold sweat on Dong pengde's back, but he didn't move. Instead, he pretended to be calm and read the newspaper.

If the police came, he would get up and run without hesitation. But in the face of Wang Fan, he does not dare to move. If he moves, it will attract Wang Fan's attention.

However, his heart was beating very fast, nervous and angry!

At the same time, Wang fan is also very depressed. Seat 013e is not Dong pengde. Where has Dong

pengde gone?

"Hello, where's the man who changed seats with you? Which seat is he in now?" Wang fan can only ask.

But after asking six people in a row, Wang Fan didn't want to ask any more. At this time, even he admired Dong pengde.

This guy is a talent. He is so cautious. No wonder the police haven't caught him.

Wang Fan thought, directly back to the front of the car, while paying close attention to those who leave the seats of the guests, while one by one to find up.

If Dong pengde is in this carriage, he will catch him. If not, he will have no choice.

Dong pengde looked at Wang Fan, who began to look for seats one by one. For a moment, he became a little alarmed.

If it goes on like this, he will be found sooner or later.

But he still did not dare to get up, because there was no passenger standing now. Once he stood up, even if he pretended to go to the toilet, he would be exposed.

Chapter 308

Dong pengde became very nervous, and his mind also quickly looked for countermeasures.

Wang fan is getting closer and closer to him. With Wang Fan's eyesight, you don't have to go to him at all. You can see him just a few steps forward.

Dong pengde did not dare to continue to sit down, but gritted his teeth and planned to stand up and run behind him.

Maybe God is also helping him. As soon as he plans to get up, there are several men in front of him who plan to go to the toilet at the same time.

Where does Dong pengde dare to hesitate? While Wang Fan's sight is blocked, he quickly stands up and walks towards the back.

It's just that he didn't have to go. As soon as he left, Wang Fan immediately saw him.

Even though Dong pengde didn't run, but pretended to be an ordinary person and walked back slowly, Wang Fan still felt something was wrong.

Because the toilet is in front of the train, others stand up and walk forward, but Dong pengde is walking backward.

It's abnormal.

Holding the idea of rather killing the wrong, Wang Fan directly scanned the passengers on both sides and chased Dong pengde.

When Dong pengde heard the news, he was shocked and subconsciously took a few steps.

His run doesn't matter. Wang Fan directly confirmed that he is Dong pengde.

Wang Fan gave up to continue to check the passengers on both sides, but with faster speed to catch up with Dong pengde. But he didn't dare to do his best, because it was too shocking.

However, even if Wang Fan didn't do his best, the speed was fast enough.

Dong pengde was so surprised that he began to run away.

He may know that he can't escape in front of Wang Fan. As he passed a woman passenger, his right hand suddenly took out a gun in his pocket, and his left hand strangled the woman's neck, pointing to the black muzzle.

"Ah The woman screamed in horror, and the passengers around her covered their mouths in horror.

Guns!

The gun appeared on the high-speed train. Who suffered?

"Wang, stop! Do you dare to step forward, believe it or not, and I'll blow her head out? "

Dong pengde turned his head and yelled at Wang Fan.

He was not sure if Wang Fan would let him go because of ordinary passengers. Once Wang Fan didn't stop, he immediately killed the woman and shot Wang Fan.

If Wang fan can't be killed, he will kill several more passengers.

The passengers were even more frightened and screamed. They quickly covered their mouths and did not dare to make any more noise. They were afraid that they would disturb Dong pengde and fired directly at them.

Wang Fan's face darkened and stopped at the same time.

Although he was no longer a soldier, he could not despise life.

Wang Fan did not expect that Dong pengde had a gun in his hand.

Is this teasing him? If it is said that when Dong pengde got on the bus, no one was acting as an insider, then there was a ghost.

"Dong pengde, do you think you can threaten me with a stranger? If Wang fan is afraid of threats, he will not live until now. "

"You're lucky today. Let you go first. I'm not afraid of your threat, I just don't want to make things too big. "

Wang Fan said indifferently, without any nonsense, turned and left.

Dong pengde did not expect that Wang Fan would be so easy to speak, even let him go, but also directly turned away.

He didn't bother to think whether Wang Fan really planned to let him go. Now Wang fan is going in the opposite direction. If he doesn't seize the opportunity to escape, it's a real fool.

"Don't stretch out, don't call the police. From now on, when I see someone with a mobile phone in his hand, I will blow his head directly."

Dong pengde threw the woman to the ground, threatened the passengers around, and fled quickly.

Naturally, those passengers did not dare to offend Dong pengde, so they directly put their mobile phone on the small table. Some people even held up their mobile phone for fear that Dong pengde could not see it.

Dong pengde naturally ignored them. Now it's most important for him to run for his life.

It's just that he didn't take a few steps. He felt that he was suddenly patted on the back, and then he was lifted up.

Dong pengde was in a cold sweat, and then he struggled and yelled, "who, who, I dares to move me, I'll shoot him with a gun"

as soon as he said this, he felt a sharp pain in his wrist, and his gun fell to the ground.

Dong pengde's face changed greatly!

Who is this? Why is he so powerful? Why does he meddle?

Dong pengde never thought it would be Wang Fan. Wang Fan was so far away from him. How could he catch up so quickly?

However, just as he thought it was not Wang Fan, he saw Wang Fan's face. His eyes twinkled with disbelief. "Didn't you leave so fast?"

"Disappointed? I just didn't expect you to have a gun in your hand. I'm just careless. Come with me. "

Wang Fan said, pulling a piece of cloth from Dong pengde, grabbing the gun, and carrying Dong pengde to his car.

Around the passengers to see Dong pengde subdued, finally relieved, at the same time, Wang fan is more worship. This person's speed is too fast. They just felt a shadow passing by. Wang Fan picked up Dong pengde.

In addition, Dong pengde's physique is 200 Jin. He can carry it with one hand without admiration.

"Wang Fan, you don't mean what you say. Didn't you just let me go?" Dong pengde struggled, and his tone was very unwilling.

"Yes, I said I would let you go, but now I want to catch you again, can't I? From now on, if you dare to struggle again, I will directly break your bones, believe it or not. "

Wang Fan said indifferently, but Dong pengde almost died of anger, but he did not dare to struggle.

Wang Fan carrying Dong pengde, a carriage by carriage, as if in a parade in general, shocked everyone's line of sight.

They don't understand why Wang fan doesn't hold on to Dong pengde and wants to carry it. Is it for the sake of pretending?

Wang fan is really wronged. He's not pretending to be more than that. He just thinks it's too slow to hold Dong pengde, but faster to carry him. That's all.

Besides, he did not feel tired.

A few minutes later, Wang Fan returned to his car, where there were more than a dozen policemen.

"He is Dong pengde." Wang Fan didn't say much. He threw Dong pengde and his gun into the ground, showed his ID card and returned to his seat.

The police wanted to investigate Wang Fan's responsibility, but when they saw Wang Fan's certificate, they immediately shut up.

The passengers in the carriage also suddenly realized that Wang Fan had a background for beating people so badly.

"Thank you." Xu Ruyun's face also changed. It seems that she didn't expect Wang Fan to have such a background, but she didn't ask much.

"You're welcome. What are you going to do next?" Wang Fan asked.

"I don't know. In fact, the thing I want you to promise me is to kill Dong pengde. Now that Dong pengde is arrested, I think it's not far from death. I've got my revenge. I don't know what to do."

"Why don't you go to the capital with me for a night's rest and go back to Jinzhou tomorrow to help me." Wang Fan brain flash, said.

It's obvious that Xu Ruyun has some ability to escape Dong pengde's pursuit for such a long time, to get revenge and to have a relationship with Dong pengde's famous men, and to endure so long without being found out.

Wang Fan now wants to develop his own power, it is time to employ people, so he has the heart of soliciting.

However, after Wang Fan finished, he found that Xu Ruyun turned red, and the passengers around looked at him strangely.

Chapter 309

"What's the matter? Since you don't want to, don't think I said it Wang fan is a little depressed. He doesn't understand what he said wrong and how these people look like this.

"Oh, no, since you want me, I can give it to you at night, but only for one night." Xu Ruyun blushed.

"What do you say? You can give it to me at any night, what and what." Wang Fan has a big head.

"Didn't you say you wanted me to accompany you to the capital for a night's rest?" Asked Xu Ruyun.

"I see that you are tired. I let you have a good night's rest, but I didn't ask for your health. What a mess. You're not healthy. "

Wang fan is a little speechless.

Xu Ruyun made a big red face, almost embarrassed.

The train soon arrived in Beijing. Wang Fan and Xu Ruyun were waiting to get off the train, but a nervous voice came from the side.

"Hello, can you help me with the box?" The big breasted girl looks at Wang Fan and asks nervously.

"Yes." Wang Fan nodded and helped the big breasted girl take down the box.

"Thank you." The big breasted girl gave a thank you and did not dare to speak any more.

Originally, she didn't want to ask Wang Fan for help, but the male passenger who helped her put on the box had already got off the bus. Now there are all female passengers next to her, so she can only ask Wang Fan for help.

The train soon became stable, the doors opened and the passengers began to get off.

Wang Fan took two steps and found that the big breasted woman holding the box behind her was a little bit hard, so she was kind again and helped her drag up the box.

"Thank you." The big breasted girl didn't expect that Wang Fan would be so enthusiastic. She quickly said thanks.

This time, she no longer dare to guess what Wang Fan likes about her. Xu Ruyun around Wang fan is so beautiful that she has no shame.

Wang Fan, holding the idea of being a good man to the end, has been helping the girl put the box in a taxi before taking a taxi with Xu Ruyun to leave.

But Wang Fan didn't notice that he took Xu Ruyun and helped the big breasted girl pull the box. This scene has been photographed.

Song family.

The moment Wang fan set foot on the high-speed railway to the capital, song Qilin already knew.

Now that Wang Fan has entered the capital, he knows it like the back of his hand.

At this time, he is holding a mobile phone in his hand. There are several photos on the mobile phone. There are only three people in the photo, Wang Fan, Xu Ruyun and big breasted girl.

In addition, some of the photos are close-up of Wang Fan's chest for a woman.

"Wang, you are so brave. You have really come to the capital. If I, song Qilin, can let you walk out of the capital alive, then my song family will not exist. "

Song Qilin said, quickly issued an order, "action begins, no matter what, we can't let Wang Fan come to the Song family alive. Pay close attention to the two women around Wang Fan. If you have a chance, catch them all! "

At the same time, those dignitaries who rushed to the capital from Jinzhou, as well as those who learned

the news in the capital, also became nervous and excited, and began to pay close attention to everything.

They knew that from the moment Wang Fan stepped into the capital, the struggle with the Song family had already begun.

They want to know whether the boy who came from Jinzhou City, who didn't know where, could shake the big tree of the Song family.

The exciting part is coming. They have been waiting to see. They just hope that Wang Fan won't let them down too much and they will be lost in a second.

"Shangri La." In the taxi, Wang Fan said to the driver and closed his eyes directly.

"All right." The taxi driver promised and started the car quickly.

"Wang Fan, what shall we do in Shangri La? It's too expensive there. By the way, what are you doing in Beijing this time? Is there anything wrong? "

Xu Ruyun couldn't help asking.

She is busy running for her life these days. She doesn't know what happened in Jinzhou City, let alone that Wang Fan came to the capital to deal with the Song family.

"It's no big deal, just find an enemy to calculate the total. I'm afraid that enemy will be angry and come to you, so it's safer to go to Shangri La. "

Wang Fan said.

Since Xu Ruyun doesn't know about him and the Song family, there's no need to tell Xu Ruyun. It will only make her afraid and worried.

"Oh." Xu Ruyun nodded and did not ask again.

The taxi driver's eyes couldn't help squinting. The cold light in his eyes flashed away and instantly returned to normal.

Wang fan is still keeping his eyes closed. He didn't notice it at all.

The car was driving fast. At a certain moment, Wang Fan opened his eyes, "don't make any small moves if you don't want to die. Take me to Shangri La. If you dare to play tricks, I'll twist your neck directly."

In front of him, the taxi driver who was secretly taking out his gun broke out in a cold sweat when he heard Wang Fan's words.

He quickly returned to normal, made a puzzled expression to look at Wang Fan, "brother, what do you say, how can I not understand." "You'd better not understand. I really don't want to fight against your cannon fodder." Wang Fan said.

As soon as he got on the bus, he knew there was something wrong with the taxi driver. It's just that the driver didn't move all the time, and he was walking in the direction of Shangri La. He didn't talk nonsense.

"You die!" The taxi driver, who was still pretending to be innocent, immediately became crazy when he heard Wang Fan's words. He suddenly grabbed the gun and was about to shoot back.

As soon as Wang Fan's eyes were cold, he smashed the protective fence with a blow, and then shot the gun out with a backhand.

Suddenly, this kind of thing happened in the car. Xu Ruyun was in a daze at first, and then recovered calm. She is also a person who has been in the dark. Naturally, she will not be afraid of such scenes.

But the taxi was out of control. The gun in the taxi driver's hand was shot away, and his hands were so scared that they left the steering wheel.

"Give me something shameless." Wang fan is not in a hurry, angry scolded, picked up the taxi driver, threw to the co pilot, and then jumped over.

"You die!" The taxi driver still refused to give up. When he was relieved, he immediately threw himself at Wang Fan, apparently intending to die together.

Wang Fan was so angry that he took control of the steering wheel with one hand and pulled back the taxi driver's hair with the other hand. Then he turned it into a palm and threw it away.

It's ridiculous that such cannon fodder wants to play the same game with him without even training his inner strength.

At the same time, Wang Fan also realized the energy of the Song family. A small taxi driver is willing to work hard, which is really terrible.

The taxi driver was slapped a few times. He was stunned. He didn't have a chance to slow down this time, so he was stunned by Wang Fan's last slap.

But Wang Fan did not have time to relax, at the moment of passing the intersection, an off-road vehicle on the side was out of control, ran through the red light and ran into it crazily.

Wang Fan was so surprised that he didn't care about anything else. He jumped directly into the back seat, grabbed Xu Ruyun with one hand and kicked the door open, then jumped out of the taxi crazily.

Boom!

There was a loud noise, followed by fire all over the sky.

The taxi was blown up and flew up, which shows how crazy the SUV is.

Wang Fan was in a cold sweat behind his back. Fortunately, he had a quick reaction. Otherwise, if he was slow, even half a shot, he might die.

Wang fan can't help but feel relieved, but soon, his face changed again!

Chapter 310

The two vehicles that were running normally were just like taking stimulant suddenly. They turned around in an instant, and set off a roar. One after the other, they ran into him.

Zizi

the tire rubs the ground and makes a harsh sound, which makes people feel numb.

Wang Fan looked at this scene, almost want to scold a, "return him, there is no end!"

He did not expect that the Song family was so arrogant that they staged such a series of murders on the street.

In a short period of time, he had to admire the energy of the Song family.

Wang Fan did not dare to neglect, his hands suddenly hugged Xu Ruyun, the soles of his feet on the ground a little, instantly soared into the air, toward the distance.

He can't be so passive, and he can't be on the street anymore.

With so many people and so many cars, this is still the capital. Once it attracts the attention of the relevant departments, there will be a lot of trouble.

When the drivers of those two cars collided with Wang Fan, they already held the heart of death, but they didn't expect that Wang Fan jumped up high, holding a person and jumping two or three meters high.

They really want to ask: is this him? Is he making a movie?

It's just that they don't have time to think so much. Boom, two cars that hit Wang Fan collided with each other, and the car overturned.

The two cars were crushed. There were pieces on the ground, and a lot of blood flowed out of the car. The people in the car couldn't live.

"Damn Song family, if I don't kill you today, I won't be Wang Fan."

Wang Fan holding Xu Ruyun quickly into an alley, face gloomy said.

Xu Ruyun was also in shock and turned pale.

Although she was a gangster before, she had never experienced such a crazy attack.

"Ah She suddenly cried out in a brief panic.

Wang Fan quickly looked at Xu Ruyun, "what's the matter with you? Are you ok?"

"You, me." Xu Ruyun's face was flushed, but she bared her teeth. It was obvious that she was in great pain.

"What's yours and mine? It's time. If you don't feel comfortable, just say it." Wang fan is a little speechless.

"You pinched my chest and buttocks." Xu Ruyun had to blush and say helplessly.

"Ah." This time, it was Wang Fan's turn to be silly. He felt that his hands were in a position full of elasticity. He was not embarrassed.

"I'm sorry, but I didn't notice the emergency just now." Wang Fan quickly released his hand and put Xu Ruyun down.

Just as he just put down Xu Ruyun, he suddenly frowned and looked forward.

Many fierce men in black clothes and black hoods appeared from the front, each carrying a three edged spear.

Wang fan is furious, "I say you he of still have end?"? When the tiger doesn't get angry, do you really think I'm a sick cat? "

"Song is really arrogant. He dares to be so rampant at the foot of the emperor. He is also a killer driver and a black faced man. What do you want to do?"

His heart is full of shock, NIMA, the 50 masters in the middle of Neijin, the Song family is also the next blood.

"Kill

The man in black didn't bother to pay attention to Wang Fan's clamor at all. He was full of murderous spirit. With a wave of the three edged spear in his hand, he went crazy to fight Wang Fan without any delay.

"My God!" Wang fan is angry and speechless. He clenches his teeth. Without a word of nonsense, he picks up Xu Ruyun and runs away!

Well, that's right. It did turn around and run.

Wang Fan didn't run because he was afraid of these big men in black. It's just that this is the capital and the street is outside. If he is fighting with these people here, how can he go to the Song family once he is surrounded by special police?

Wang Fan just wants to go to the Song family for revenge. He doesn't want to kill people in the street and challenge the dignity of the country.

The group of people in black thought that Wang Fan would fight with them, but they didn't expect that Wang Fan chose to run away. For a moment, they were a little silly. They just wanted to scold.

Wang Fan was so fast that he ran out several hundred meters in the blink of an eye. Just as he was about to rush out of the alley, several fierce men in black with three edged spikes suddenly appeared on both sides.

Wang Fan didn't show any mercy to these fierce men in black. He kicked them aside and rushed out of the alley.

Seeing that Wang Fan rushed out of the alley, the man in black was unwilling, but he could only stamp his feet and call to report the situation.

This is the capital. No matter how arrogant they are, they don't dare to chase Wang Fan in the street. Once people panic, even the Song family will have to drink a pot.

"Wang Fan, who on earth did you offend? I just heard you say that the Song family is not one of the eight families, is it?"

Xu Ruyun is held by Wang Fan, his hands tightly around Wang Fan's neck, and asks with a pretty face in shock.

"Yes, it's the Song family of the eight families." Wang fan is very angry, "did not expect, just a song family is really against the sky, even in the street on me." "Ah?" Xu Ruyun opened her mouth wide. "You, you came to the capital to get into trouble with the Song family? We'd better hurry back. You can't play the Song family. "

"Just a song family is a fart. You don't have to worry. I'll settle you down later and go to the Song family for a walk. If he dares to do this to me, I'll have to be polite. "

Wang Fan said, while holding Xu Ruyun from another test through the street, soon ran to the nearest Shangri La Hotel.

Although Xu Ruyun wanted to persuade Wang fan not to die, she thought that she was not Wang Fan, so she didn't persuade him again.

Wang Fan at the door of the hotel has put down Xu Ruyun, two people toward the hotel.

The reason why Wang Fan chose Shangri La is that Shangri La is safe. This kind of five-star hotel has a lot of famous political figures in and out, and the Song family probably doesn't dare to mess around here.

Before they got to the door of the hotel, a couple came out of the hotel. The couple are very affectionate, embracing each other. They are intimate with each other as if no one else. They are walking towards Wang Fan.

Wang Fan takes a look at the couple and ignores them. They are very common, and they are not murderous.

Xu Ruyun is blushing, the two people's scale is too big, the man's hands are from the woman behind the pants into.

She spat and scolded shamelessly in her heart, and quickly turned her face away, embarrassed to look again.

The four passed quickly, but Wang Fan's face suddenly changed at the moment of passing.

See a man unexpectedly from the woman's pants inside pulled out a wrist thick needle tube, without warning, crazy toward Xu Ruyun pierced in the past.

At the same time, the woman, who was flushed and slightly panting, suddenly had a sharp blade in her hand, which also pierced Xu Ruyun's neck.

Both of them look crazy. The target of attack is Xu Ruyun. They are cruel, quick and decisive!

Because their speed is too fast, there is no sign, Xu Ruyun did not even react.

Wang Fan looked at the scene, it is both angry and shocked.

He is angry, did not expect these two people disguise so well, even he has been cheated.

What he was dull about was how the thick needle came out of a woman's trousers and how it was hidden?
