

## **Mighty Sk 3031**

### **Chapter 3031**

Obviously, Huang Sha was the first one to challenge Wang Fan, but he failed, which made the world grow a new heart.

He was afraid that similar things would happen a second time, so he was the first to jump out and put an end to this hidden danger.

The crowd under the stage became excited when they saw gaishitian jumping out first.

They have long been looking forward to gaishitian's teaching Wang Fan, but they are often interrupted, which makes them very uncomfortable.

Now seeing that gaishitian finally has the chance to deal with Wang Fan, how can they not be excited?

"Elder Gong, what can I do? Wang Fan will not be the opponent of the world. Will he give up on his own initiative?"

Ming haozong direction, Hu yingrou is a little worried.

Although Wang fan is powerful, but also gave them a lot of accidents, but his opponent is, after all, peerless God.

Matchless days, first-class Xiaoyao door, the first day arrogant, Phoenix cloud ranking third, just these two, enough to prove his overbearing.

Wang Fan has no chance of winning or even dying, unless he is willing to admit defeat.

But according to their understanding of Wang Fan, it is absolutely impossible for Wang Fan to admit defeat without fighting.

"I don't know. Let's have a look first. Maybe there's a chance." Gong Lu cut in the heart also very have no bottom, opening to say.

"Ha ha." But as soon as his voice fell, a sarcastic voice came from the side.

Gong didn't even have to go to see it. He knew that the guy who opened his mouth was Huo Changshan, the daughter of heaven.

"Have a chance, are you kidding?"

Huo Changshan said with a sneer and looked at the crowd around him. "Did you hear that old man say that Wang Fan has a chance to defeat the world? I really Pooh."

When the crowd around heard this, there was also a burst of laughter and disdain.

Wang fan is really powerful, but few people believe that he can defeat the world.

Huo Changshan humiliated Gong luchan and others, and continued to speak, "just a mole ant, is it worth fighting with the world? You just wait to collect the body for him. "

Gong's face was ugly, but they didn't say anything. They just looked at the platform nervously.

On the platform, gaishitian had looked at Wang Fan, "if you are still a man, don't admit defeat and come up to fight with me."

"Aren't you arrogant? Aren't you arrogant? Don't you look down on me?"

"Now, you have a chance to prove yourself. I hope you don't let me down."

Just a word from the heaven has forced Wang Fan into a corner.

Obviously, he was afraid that Wang Fan would admit defeat directly, which was the only way to motivate Wang Fan with words.

"Fight

"Fight

"How can a man spare a fight, even if his opponent is matchless?"

"Wang Fan, kill him!"

When the audience saw this scene, they were even more enthusiastic and screamed.

For them, this kind of battle with the smell of fire medicine will be more interesting.

If it's just a fight, it won't be so much fun.

Wang Fan got up slowly and walked out towards the platform step by step. He looked at the sky, also extremely disdain.

"Surnamed Gai, put away your little nines. If you want to motivate me, you are not qualified."

"Wang Fan has not paid attention to you from the beginning to the end. Killing you is like killing a dog and a chicken."

"People like you would have been killed 10000 times if they hadn't been in the Xiaoyao gate and had the Xiaoyao gate behind them."

While speaking, Wang Fan had already come to the opposite side of the world.

When the crowd heard Wang Fan's words, they were shocked at first, and then burst into a more crazy scream.

How arrogant!

How arrogant!

What a slap!

It's strange that Wang Fan has such a contempt for the heaven.

Gaishitian's expression was even more gloomy, and his killing intention became more and more violent.

What is Wang Fan?

It's just a mole ant. It's unforgivable to dare to despise him so much.

Boom!

There was a blast. It was the sound of the whole body of gaishitian.

"Death

The next second, his whole body has burst out of terror, crazy towards Wang Fan killed in the past.

The sound of air explosion is continuous.

Countless boxing shadows interweave in the air. Each boxing shadow explodes the air and sets off an unparalleled killing power.

Just in an instant, the sky was already close to Wang Fan, and the surging shadow of the fist completely submerged Wang Fan.

Wang Fan's aura also began to run madly, and his physical body also ran to the extreme.

He didn't have the slightest retreat, a big drink, fiercely killed in the past, directly choose to shake!

Seeing this scene, everyone's hearts were raised, only feeling that their hearts were beating wildly. They all held their breath, staring at the platform, afraid to miss every detail.

It's really wild.

It's really exciting.

Although they haven't really fought yet, the surging momentum has already exploded the battlefield.

Wang Fan hands into a fist, bathed in endless purple lightning, open hand, self created shadow boxing has been crazy.

His creation of Huaying boxing and Fengyun tiannei is an upgraded version of eight step boxing. In fact, it is more suitable for group attack.

However, in the face of such an opponent as gaishitian, he didn't dare to be careless without using the killing shotgun, so he directly used the shadow boxing.

After all, although there is only one person in the world, his boxing shadow has turned into countless, and it is not a simple boxing shadow.

It's like every boxing movie is controlled by a single person. It's terrible.

The roaring sound of explosion is heard, the Lingyuan on the platform bursts, the strong wind roars, and the killing force sweeps across the vast space.

People only see the crazy collision of boxing and shadow, and the crazy crisscross of shadow. They can't tell who is who.

At first, Wang Fan had some difficulty in playing huayingquan.

After all, Hua Ying Quan was just created by him. It has not been used in actual combat and can not be used skillfully.

But with the passage of time, his attack became more fluent, and his power also increased dramatically.

Gai Shitian thought that he could kill Wang Fan with a few punches. After all, what he was good at was close combat.

In addition, his accomplishments are two levels higher than Wang Fan's, so there is no pressure to crush Wang Fan.

But with the fighting, he was a little frightened.

Does Wang Fan really have only five levels of cultivation in the imperial realm?

At the same time, he was very angry.

It was the first day of xiaoyaomen's arrogance. It can crush the existence of the same level.

But now, in the face of Wang Fan, who is two levels lower than him, he can't attack for a long time. It's just a little too humiliating.

Wang Fan didn't pay attention to gai Shitian's frightened and angry mood. After he skillfully used the shadow boxing, he seized the opportunity at a certain moment, directly and crazily tore the endless shadow blocking Gai Shitian and killed him directly.

"Want me to die?" With a sneer of disdain, Wang Fan waved his hands bravely, and his fists bombarded him like a storm.

Bang bang bang!

The sound of explosion was crazy, and the skyscraper defense was torn and blasted out directly.

However, at the moment when he flew backward, he made three blows at Wang Fan.

The style of boxing is rampant. Wang fan can't avoid it!

### **Chapter 3032**

Boom!

A blast, Wang Fan inverted fly out, the body blood churning unceasingly.

He looked up at the sky, looking shocked.

You know, he is a holy body. How strong is that?

But now, he is injured.

This is the first time that he has been injured by people who are high in his two small realms.

From this we can see that this heaven is also a monk of physical training, and it is very unusual.

When the audience saw this scene, they were also shocked.

It's so violent. It's so terrible.

That kind of pure force collision, they just can, feel some horror.

Of course, they are more incredible. It's incredible that Wang fan can fly to the sky.

In their opinion, it's normal for them to fly to wangfan. After all, they are not in the same level in terms of accomplishments and fame.

But Wang Fan flies to the top of the world, which is not enough.

"You are very good. You are the first one who can hurt me." Looking at Wang Fan coldly, the voice was even colder.

Wang Fan did not speak, he just adjusted the state, then crazy again toward the past.

At the same time, he grabs the shadow knife in his hand and directly casts the three sabres of Chayu.

Since in the pure force collision, can't occupy the advantage, that natural must use other means.

Gai Shitian saw Wang Fansha coming, and his eyes were filled with surging mischief.

When he grasped it with his right hand, a halberd appeared in his hand.

The halberd waved wildly and killed Wang Fan.

Boom boom!

The sound of explosion was still violent, and soon the whole platform was submerged by the sword and halberd shadow.

Wang Fan was even more shocked.

If he had not broken through to the fifth floor of the imperial realm one day ago, he would not have been the matchmaker.

He set off the flame of battle in his heart, madly urged the aura in his body, triggered the killing power between heaven and earth, and continued to attack the world.

Gaishitian didn't flinch at all. His halberd tore out arcs in the air, mixed with a whirlpool of terror.

The halberd shadow completely covered the awn of the sword, so it didn't give Wang Fan any chance to hurt him.

Of course, although Wang fan can't hurt him, it's impossible for him to hurt Wang Fan.

Looking at the fierce battle between them, whether they were the monks or the other 18 Tianjiao, they were all stupid.

It never occurred to anyone that Wang Fan, who was not well-known, was able to fight against the heaven.

It's incredible.

With the battle, Wang Fan could not help but frown.

He knew that if he could continue to do so, even if he could defeat gaishitian, he would surely pay a great price. Unless he directly exposed his cards and used a killing shotgun.

However, until the last moment, Wang Fan must not use the killing shotgun.

Now is the battle of the top ten, he uses the killing shotgun, then how to fight next?

Boom!

With another strong collision, Wang Fan pretended to be a poor spirit and began to retreat.

When gaishitian saw Wang Fan retreating, he immediately became crazy.

"It's just the fifth floor of the emperor's realm. You dare to fight with me. I want to see if you will die next."

A grim smile, gaishitian is crazy toward Wang Fan killed in the past.

He didn't doubt that Wang fanlingyuan Buji was pretending. After all, Wang Fanxiu had been fighting crazily for such a long time, and Lingyuan Buji was normal.

Wang Fan a strength of retreat, not only Ling Yuan began to be poor, and even face pale up, the body began to empty shake.

However, his eyes are extremely calm, mental power is crazy diffuse out, completely shrouded in the sky.

He's looking for opportunities. He's looking for one shot.

Whoosh!

Heaven is like a god of war, with endless intention to kill hit, the halberd in the hand is drawn out to kill awn, crazy roar to Wang Fan.

Wang Fan crazy retreat, crazy escape, but the speed is obviously slower, it seems that there is no way to escape.

Seeing this scene, everyone under the stage was boiling.

They all know that the battle is likely to end.

As long as Wang fan can not escape this halberd, the next thing he will face is probably death.

The halberd carries the huge killing power to attack madly. However, just when it is about to hit Wang Fan, Wang Fan disappears strangely.

That's right. It just disappeared.

The fierce halberd tore through, but it didn't hit Wang Fan at all.

Gaishitian was aware of the mistake at the first time, and his face became ugly in an instant.

It's the law of space. He's taken in! Gaishitian knew that he was in the trap for the first time, but it was too late for him to recover.

If it's just the beginning of the fight, even if he blows out a halberd, he will still have a spare force.

But now, at this time of fighting, even if it was him, the consumption of spirit yuan was extremely terrible.

And that halberd was the halberd that he would kill Wang Fan with all his strength.

At the moment, let alone taking back the offensive, he couldn't do it even if he was madly far away from this position.

"Wang Fan!"

"He, he turned up behind the heavens."

"God be careful."

Under the stage, the screams of countless people came suddenly, and gaishitian was also aware of the danger.

A frenzy to the extreme of killing him, it seems that the next moment, he will be killed.

Gaishitian's face changed greatly. Subconsciously, he wanted to avoid it, but it was too late.

Whoa!

A sharp knife light flashing, directly cut his waist ribs, split him in two.

"He gave up!"

At the same time, a low roar came from the audience, but it was too late.

Bang!

Gaishitian's body fell to the ground and died completely.

Tick, tick ·

Wang Fan's blade is dripping with blood, shaking everyone's mind.

World War I, heaven, meteorite!

The first day of xiaoyaomen was arrogant, and the third strong existence in Fengyun list fell on the platform.

The most ridiculous thing is that he didn't even break into the top ten.

"Dare to kill me, xiaoyaomen genius, little beast, this is your death!" However, without waiting for people to calm down, a roar of terror and killing intention had already come.

Then, a figure, like a murderer, rushed towards the platform with lightning speed.

Wang Fan felt a sense of extreme danger. His spirit in the instant communication kill short gun, posture will be crazy sacrifice.

In this case, he can't keep it. If he doesn't sacrifice his killing short gun, that's death.

"When will it be your turn to run wild in the debate of Empire, to seek death!" However, just when Wang Fan was going to sacrifice his killing short gun crazily.

A majestic voice suddenly came, and immediately a huge slap appeared in the sky.

Even Wang Fan felt a touch of palpitation.

Boom!

A blast, the person who rushed to the battle platform, had not boarded the battle platform, had been slapped and turned into meat sauce.

There was a dead silence.

**Chapter 3033**

No one thought that the emperor of Fengyun Empire, who was very gentle before, would become so violent at the moment.

Even if it's the first-class emperor of xiaoyaomen, it's also said to kill without mercy.

At this time, they realized the strength and dignity of a monarch, and also reminded the other patriarchs.

This is Fengyun square, and it's also the place of Empire debate. No one is allowed to go wild.

After all, the imperial debate was held by the imperial family, with the aim of electing Tianjiao to compete for the number of people.

If anyone dares to break the rules and kill those who are promoted to the top in such matters, he is beating the king of a country in the face.

"Hum, let's forget this time. Next time, if anyone dares to break the rules and kill the arrogance of our empire, let's wait for the clan to be eradicated."

Fengyun emperor Jun killed the xiaoyaomen strongman. He snorted unhappily, and then waved, "the game continues."

Wang Fan looked at the scene stupidly, which was also extremely shocking.

Is this the strength of the strong in the realm of man and king? Even the nine strong in the realm of emperor have no resistance?

He is afraid now. Fortunately, he has not been caught by the king of the unparalleled empire. Otherwise, even if he has ten lives, he will not be able to survive.

After a short silence, the battle began again.

Fengbahuang, fengjiurou, Jiang Hongtu, Bai Qianyao, Huo Yidou, Zhou mushui, Dan Taiyao and Yu Xianji, all of which were originally at the top of Fengyun list, have successfully defeated their opponents and entered the top ten.

In addition to Wang Fan, it can be said that the top nine people in the top ten, except Yu Xianji, are in the 12th place, and the other eight people are in the top ten of Fengyun list, which is worthy of the name.

Only Yunfeng was a big accident.

His Phoenix cloud ranking in more than 100, but a strong defeat of the Phoenix cloud ranking eighth youth, won the other side's position, into the top ten.

In the same way, he became the biggest black horse in the Empire debate so far.

Wang Fan Yun Feng promotion and no accident, he has long felt that this cloud Feng some strange, promotion of the top ten is naturally no problem.

Under the stage, Gong luchan and others are also completely shaking up, it is excited shaking.

Although they knew for a long time that Wang Fan was very powerful, they never thought that Wang Fan was so powerful.

What's the concept of cutting the sky into the top ten?

They are basically sure that Wang fan is enough to be in the top five.

You know, gaishitian is a very strong existence, and can definitely be in the top five.

Unless we say that among the people present, there are dark horses like Yun Feng who still retain their strength.

"Congratulations, you have successfully occupied the top ten seats. Next, the rules of the fight will remain unchanged. Go on."

"Therefore, the purpose of this debate is to select five people to take part in the Three Kingdoms debate and win the number of people."

"Therefore, the next battle will be the last battle of the Empire debate, only the top five will be decided, not the ranking."

"In addition, those who enter the sect represented by the top 100 will be rewarded according to their ranking."

The old man in charge stepped on the platform and said in a loud voice.

Then he stepped back.

The first five battles, open.

Wang Fan did not move because he was not in a hurry.

In addition to fengbahuang, fengjiurou, Yunfeng and he, the others were not his opponents at all.

Even if it's Feng Ba Huang and Feng Jiu Yun Feng, he's sure to win, so he's not in a hurry.

Wang fan is not in a hurry, but some people are.

Whoosh.

With the sound of a broken wind, one person has appeared on the platform.

When people's eyes fell on this man, there was a little bit of an uproar.

Because this person is not those people who are at the bottom of Fengyun list, but fengbahuang who is at the top of Fengyun list.

They don't understand why fengbahuang is the first one to come out. With his strength, no one dares to challenge him even if he doesn't come out.

Along with the first out of fengbahuang, except fengjiurou, Wang Fan didn't worry at all, others were worried.

Because they are not sure about Shangfeng.

But at this time, the Phoenix eight wasters have already said, "since the horizontal and vertical can't avoid a war, over there by my Phoenix eight wasters first start."

Said, his eyes have fallen on Dan Tai Yao, "Dan Tai Yao, come out, I challenge you."

When tantaiyao heard the words of fengbahuang, his heart was suddenly cool.

No matter how strong he is, no matter how conceited he is, he is not sure of such a strong man as Shangfeng Bahuang.

"Please give me some advice." However, even if he knew that he was not an opponent, Tan Taiyao could not admit defeat without fighting.

He arched his hand politely, then without hesitation, offered a magic weapon and blasted out.

In the face of Feng Bahuang, he didn't dare to have any reservation or carelessness. He had to seize the opportunity. The magic weapon roared, set off a buzzing sound, and shot madly towards the Phoenix eight wasteland.

Phoenix eight waste body a shock, unexpectedly appeared behind a pair of illusory Phoenix wings.

This is the first time for him to display his Phoenix wings. At least in the battle ahead, he has never displayed them.

Phoenix wings waving, Phoenix eight wasteland body has been flying, at the same time, a fire Python is

like a fire dragon general, crazy boom to dantai Yao.

The roaring sound resounds. Although the attack of dantaiyao sweeps down a lot of flames, it is still enveloped by endless flames.

Just for a moment, let alone the platform, even the whole platform was bathed in the fire.

The scorching sound of high temperature is constantly coming out, and people can only hear the sound of thump in the fire.

It's a pity that Dan Taiyao can't break through the cage of fire at all.

"I give up." At a certain moment, with an unwilling roar, Dan Taiyao directly chose to admit defeat.

Phoenix eight wasteland also did not continue under the killer, take back the flame wings, light clouds back to his seat.

Looking at this scene, everyone is trembling.

It's terrible. It's terrible.

The flame of fengbahuang is enough to destroy everything, which makes people tremble.

Even though Tan Tai Yao is the pride of heaven, his strength is extremely powerful. But in front of this evil, fengbahuang is still vulnerable.

Phoenix eight waste just returned to the position, a purple Phoenix nine soft has followed the flash, but with her flash, there is a person, ranked sixth Huo Yidou.

Huo Yidou is sixth in the Phoenix cloud list. It's very difficult for him to advance to the top five.

He has to go out quickly and challenge those who are behind him in order to have a chance.

However, he did not expect that Feng Jiurou's speed was the same, and they almost fell in the middle of the platform at the same time.

Huo Yidou sees Feng Jiurou and his face changes. Then he embraces his fist slightly. He is going to go back and give the chance to Feng Jiurou.

But at this time, Feng Jiurou said, "since you've come up, don't rush back. I'll challenge you."

Feng Jiurou's words fall down, the scene is dead and silent, and Huo Yidou's face is as pale as ashes.

For Feng Jiurou, he has no chance of winning.

## Chapter 3034

Phoenix nine soft Huo fight soon, and the result is just as everyone expected, just in a few minutes, Huo fight was Phoenix nine soft whip hit, directly injured fly out.

Wang Fan looked at the scene and couldn't help shaking his head.

The strength of Huo Yidou is still a little too poor. Compared with Feng Jiurou, it is too far away. He even suspects that Huo Yidou does not force Feng Jiurou to have 70% strength.

The third person to stand up is Yun Feng, and the object of his challenge is beyond everyone's expectation: Wang Fan.

Even Wang Fan himself was shocked.

He thought that he was killing the world. God knows, no one dares to challenge him.

Even if it's Phoenix eight wild and Phoenix nine soft, want to challenge him also have to weigh.

After all, this is the last one, as long as you win, you can advance to the top five.

They have insurance rivals. Why should they challenge themselves and create accidents for them in case of failure?

But now, this cloud front just stands out, and the person who challenges is Wang Fan.

Wang fan is not afraid of war, step out, the moment has come to the cloud front.

He didn't do it immediately. He just took out the shadow knife.

Cloud Feng is looking at Wang Fan, sneer, "do you know why I challenge you?"

"I don't need to know, I don't want to know." Wang Fan shook his head, "don't talk nonsense, let's do it."

Yun Feng sneered, "because everyone compares you with me and thinks I'm inferior to you. They don't know that you, Wang Fan, are nothing but rubbish in my eyes. "

Wang fan can't help frowning when he hears Yun Feng's words. In fact, he also hears someone comparing him with Yun Feng.

The first is Yunfeng Taihei, the biggest black horse in the Empire debate, while Wang fan is a third-class disciple of Minghao sect.

Two people who should not have appeared on the most dazzling stage appear on the stage at the same

time. Naturally, they will be compared.

Second, Yunfeng defeated Shijiao, and Wang Fan beat Shijiao with a slap at the beginning, so there are more people talking about it.

"Well, I'll see how dark your black horse is and whether it's as strong as you say."

Wang Fan also doesn't mind, sneer of finish saying, shadow knife in hand already took up endless knife power to kill mang to blast out.

Most of the audience were excited to see this scene.

Because compared with the two unpredicted battles of fengbahuang and fengjiurou, this battle seems to have more suspense.

Although most people don't think Yunfeng will be Wang Fan's opponent since Wang Fan killed the matchless queen.

But Yunfeng dare to challenge Wang Fan, which means that he has great confidence.

After all, Yunfeng witnessed Wang Fan's killing the world.

In this case, he dares to challenge Wang Fan. If he is not sure, no one will believe him.

"A small skill in carving insects." Cloud front see that crazy split to kill awn, eyes emerge a touch of disdain.

He grabbed it with his right hand and directly pulled out a triangular claw, which was painted black. The triangular claw ran across the void, tearing the air directly, and roared toward the sword.

Under the attack of the triangle claw, Wang Fan's sword was defeated, and even some of the aftershocks rolled back to Wang Fan.

Looking at this scene, everyone can't help but gasp.

The cloud front really gave them a big surprise.

Wang Fan's brow also can't help wrinkling. He immediately pats the shamang which is rolled back, and immediately the shadow knife is offered again, and directly displays the three sabres of Chayu.

Split domain three knives crazy wave cut out, but also three knives together, a knife after a knife.

In an instant, the killing power in the surrounding space was all stirred up and gathered into a sense of terror.

That terrible knife meaning crazy rotation, soon formed a whirlpool, formed a piece of knife River.

Dao river turns upside down, rips the sky and the earth, rolls up the fierce killing power, and goes to the cloud front.

Yun Feng felt the scene, his eyes still disdained.

The triangular claw in his hand also surged out, rolled up the mighty power and roared to the terrible Dao river.

At the same time, he also sacrificed a piece of cotton magic weapon, covering the triangular claw.

Wang Fan clearly felt that the cotton shaped magic weapon was just like the sea surface, absorbing 30% or 40% of his intention to kill. The remaining 60% or 70% of the killing power was blocked by the triangle claw.

The roar of fury resounded and shocked the whole world.

"I've said that this is a trick to carve insects. Next, you can die for me." Yunfeng roared wildly.

Almost after the triangle claw scattered Wang Fan's three sabres killing power, his body shape had already rushed out and approached Wang Fan crazily.

At the same time, layers of Lei mang appeared around him. The thick Lei mang roared with the wind, and soon formed a huge python, which went to kill Wang Fan. Wang Fan felt the scene, but his face still didn't change much.

His heart read a move, the whole body also appeared endless purple thunder, immediately put away the shadow knife, two palms raised, crazy shot out.

Kaitian palm of left hand, Shura palm of right hand.

One heart two uses, the heart moves with the will, extremely violent.

The Kaitian palm, which exudes terror and prestige, and the Shura palm, which exudes strange black awn, bombard the python crazily.

In a roaring sound, ray mang fell apart.

But the cloud front is the trend is not reduced, has been like a meteor general approach to Wang Fan's body, and a blow over.

The wind stirred the air, tore and roared.

That boxing style, even with a touch of light yellow and dead, it is palpitating.

Wang Fan's brow wrinkled and his scalp felt numb.

This Yunfeng is actually a evil practitioner who cultivates dead Qi.

He didn't dare to let those dead spirit close to him, but directly showed his space to move and avoid the past.

Because once the dead air is stained on the body, it will pull away the vitality.

Wang Fan dare not let his life be taken away.

Almost as soon as Wang Fan disappeared, Yun Feng had already reacted. His body moved the same way. Without hesitation, he turned back and punched again behind him.

Boom!

A blast, air explosion, Wang Fan's body was bombed back.

Wang Fan stares at Yun Feng, his eyes become dignified.

This cloud front, compared with that peerless sky, simply don't know how many times stronger.

What surprised him most was that this person's feeling was so sharp that he could detect the location where he was about to appear.

You know, what he did was a big move in space, and the magic of space disappeared. In general, it is impossible to perceive or predict the body position.

Wang Fan felt some dead air flowing into his body, and then his life began to withdraw.

Although the speed of withdrawal is very slow, it will be seriously affected if it goes on for a long time.

"Wang Fan, what are you? You are qualified to compete with me? Today, I will let those who have no eyes know that you, Wang Fan, are better than mole ants in front of my cloud front. "

Cloud Feng is laughing, body flicker, has killed Wang Fan again, don't give Wang Fan breathing opportunity.

### **Chapter 3035**

Wang Fan's figure flashed and began to retreat at top speed.

He was bathed in the light of thunder and lightning, and the lightning body method was applied to the extreme.

But, his speed is fast, cloud front's speed is not slow at all.

In addition, Yun Feng's whole body is lifeless, and just a moment's effort has narrowed the distance between him and Wang Fan.

Wang Fan knew that he could not hide any more, so he sacrificed his killing short gun without hesitation.

Before he used the killing short gun, he never thought that his killing short gun would be used on Yun Feng.

But now, he can't use it.

If there is no dead air into the body, Wang fan may also be able to rely on means to defeat Yunfeng.

But this kind of death is too terrible, constantly devouring the vitality.

For a long time, the situation will be even worse for him.

With each passing day, he will only be more and more difficult. In the end, he will have to sacrifice a short killing gun or be defeated by Yun Feng.

With the short killing gun, the terrifying killing power spread.

At this moment, not to mention the friars under the stage, even the nine strong men in the imperial realm, and even the Fengyun emperor in the high position, could not help but look at Wang Fan.

As for Yun Feng, his scalp became numb, and even his movements stopped.

He can't believe looking at Wang Fan. It seems that it's hard to imagine that Wang Fan still has this kind of mace.

A breath of death permeated the bone marrow. He knew that he had to escape, or he would die.

However, he has been completely locked by the terrible murderer, and the murderer has even locked the whole space.

Even if he wanted to escape, he couldn't.

"If you want me to die, let's see who died!" Wang Fan didn't give Yun Feng any chance. He yelled out coldly, and then the killing short gun had already set off countless gun patterns and blasted wildly.

The whole platform began to buzz, and even the prohibition around the platform had been completely torn apart.

If it wasn't for Fengyun emperor's timely move to stabilize the ban, I'm afraid those people watching the ceremony would be affected.

Yun Feng only saw the endless gun pattern sweeping, his pupil gradually widened.

He wanted to escape, but he found that he could not.

Boom.

A blast, all over the sky gun lines through his body, with a series of blood fog.

The cloud front whole person is torn to pieces, ashes.

Wang Fan took the gun and fell on the platform. At the first time, he grabbed the vital pulp and swallowed it in his mouth.

He didn't know if vital pith was useful to those dead Qi, but now he had to try.

At the entrance of vital wood pulp, it immediately turned into spirit liquid and poured into his whole body.

His injury began to heal quickly, and the vitality began to supplement, and those dead Qi completely dissipated under the impact of vitality.

Wang Fan was completely relieved when he felt the dead spirit dissipated.

Instead of staying on the stage, he returned to his position.

Looking at Wang Fan's emaciated figure, the whole audience fell into silence again.

The shot just now was so terrible that it was beyond imagination.

Even fengbahuang and fengjiurou were shocked to see Wang Fan. They were all thinking about what would happen if they faced that shot.

The battle is still going on. Jiang Hongtu, who ranked fourth in Fengyun list, fought Yu Xianji, who ranked twelfth. Jiang Hongtu won and successfully occupied the top five seats.

After Jiang Hongtu's battle, only Bai Qianyao and Zhou mushui remained.

They had no choice but to fight directly.

However, it is surprising that Bai Qianyao, who is at the top of the list, failed to beat Zhou mushui, who is at the top of the list. Instead, he was defeated by Zhou mushui.

So far, all the top five candidates have been decided.

Wang Fan, Feng Bahuang, Feng Jiurou, Jiang Hongtu, Zhou mushui.

Looking at the five people who finally stood on the platform, the whole audience cheered and screamed.

They witnessed the rise of these five heavenly arrogants, especially Wang Fan, whose rise gave people unimaginable surprise and surprise.

Wang Fan five people can be said to be the focus of attention.

Although everyone is not happy, I still want to see the battle between Wang Fan and the five.

However, they also know that this debate is not a simple one, but a contest for the number of people in the valley.

If Wang Fan fights among five people, resulting in serious injury or loss of combat effectiveness, it will be unfavorable for the next peak battle of the Three Kingdoms.

Fengyun emperor also flew down on the platform and said, "well, thank you for coming to watch the ceremony. Now that the top five have been decided, this debate is over."

"Those who have reached the conditions for receiving the reward can go directly to the foreign affairs hall of the emperor's palace to receive the reward after they leave later." "As for Tianjiao who is promoted to the top five, he can go to the palace with Wang, or he can find a place to rest himself."

"But after five days, we have to fight here and go to the debate of the unparalleled Empire together."

When Wang Fan heard the words of emperor Fengyun, his eyelids jumped.

He did not expect that the peak war of the three kingdoms would be held in the unparalleled empire.

If he didn't see emperor Fengyun slapping the ninth floor of emperor xiaoyaomen's realm like a mole ant, maybe he wouldn't care.

But he had to pay attention to the strength of the strong in the human kingdom.

Thinking of this, Wang Fan quickly looked at emperor Fengyun and said, "master, I have something to say."

Hearing Wang Fan's words, not only the people at the scene were stunned, but also the Fengyun emperor.

But Fengyun emperor did not care, but asked with a smile, "if you have any words, just say it."

He witnessed Wang Fan's battle with his own eyes and was very satisfied with Wang Fan.

With Wang Fan's strength, especially the short killing gun, it is possible to win a place for Fengyun empire.

"Elder, actually younger generation is not friars of Fengyun Empire, but friars of unparalleled empire."

Wang Fan's first words, like a bomb, detonated the whole audience.

What, Wang fan is not a person of Fengyun Empire, but a person of unparalleled empire. What do you mean?

Countless people were shocked, obviously by Wang Fan's words.

Even emperor Fengyun's face could not help changing, but he didn't speak.

He knew that Wang Fan must have the following.

"I was intrigued by villains in the unparalleled Empire, and even chased by the royal family of the unparalleled empire. I fled all the way to Fengyun empire."

"I didn't know about the falling gorge until I arrived at Fengyun Empire, so I wanted to sign up. The purpose was to enter the falling gorge."

Wang Fan was outspoken and did not conceal anything.

After all, if he dares to hide now, he will be in great trouble once he reaches the peerless empire. Therefore, he has to make some things clear.

"According to the younger generation's guess, it is very likely that the royal family of the unparalleled Empire wanted to kill the younger generation, so they set up the Bureau. As for why the royal family of the unparalleled Empire wanted to kill the younger generation, the younger generation is not very clear."  
"

"The reason why I said this was that I was afraid that when I arrived at the unparalleled Empire, I would cause trouble to my predecessors."

Wang fan is very careful.

## Chapter 3036

Feng cloud emperor a listen to this words, where still don't understand Wang Fan's meaning, Wang Fan this is to fear to arrive after matchless Empire, he can't protect Wang Fan.

He laughs and says, "it's just a small matter. It's no trouble. The Three Kingdoms debate, the unique emperor dare not come here."

"However, since the matchless empire can't accommodate you, I ask you, would you like to join our Fengyun Empire?"

Wang Fan quickly nodded, "younger generation is willing."

If he doesn't nod his head at this time, he doesn't appreciate it.

After all, he wanted to participate in the debate on behalf of the Fengyun empire. Wouldn't it be embarrassing if he was pointed out to be a person of unparalleled empire on the debate stage?

The reason why emperor Fengyun asked was just to add an insurance.

"Well, now you are a member of our empire. In three days, I will give you the identification. Now, do you plan to go to the palace, or... "

Wang Fan didn't wait for emperor Fengyun to finish, so he quickly said, "senior, junior, there are still some things, so I won't go to the palace. "

He has a lot of secrets and doesn't want to enter the palace.

Most importantly, he believed that no one would dare to touch him even in the imperial city.

You know, this is the imperial city. Under the eyes of emperor Fengyun, Wang fan is going to represent the Fengyun empire in the Three Kingdoms debate. Who dares to touch him?

"Well." Phoenix cloud emperor Jun nodded, also did not force, then step out, boarded the car, quickly left.

After Fengyun emperor left, the crowd in the square began to recede.

Wang Fan went to Gong Lu and his party and said, "old Gong, let's go back."

"Good, good." Gong Lu Zhan nodded excitedly.

He never thought that Wang Fan could break into the top five and even participate in the Three Kingdoms debate on behalf of Fengyun empire.

It was incredible for him.

At the same time, with Wang Fan's excellent performance, he is bound to get more abundant resources. At that time, not to mention that the clan level will not drop, he may even go further.

Therefore, Gong luchan is really grateful to Wang Fan.

He did not expect that a person he met by chance would bring him such a big surprise.

Hu yingrou is also very excited, but the bigger thing is regret and fear.

That day on the spaceship, fortunately Wang Fan didn't kill her, otherwise she would have been dead.

Not far away, Huo Changshan and others look at Wang Fan's side, and they are gnashing their teeth in hatred.

They want to rush over and tear up Wang Fan immediately, but they also know that Wang fan is not something they can move.

Don't say they don't have the ability to kill Wang Fan. Even if they have the ability, they dare not.

Wang Fan felt the hostility of Huo Changshan and others, light swept one eye, but did not care.

Just like tiannvzong, he didn't pay attention to it before, let alone now.

Wang Fan and his party did not take a few steps, but they suddenly felt a feeling like a needle pricking their back.

At this moment, Wang Fan only felt as if he had been targeted by a poisonous snake, and the terrible murderer locked himself in.

His heart is a little shocked. Who dares to kill him here.

You know, this is Fengyun square, and it's still in full view.

Subconsciously, Wang fan is going to turn around to see, but he finally put up with it.

He exuded his mental energy carefully and went in the direction of the murderer. Soon, he locked a long browed friar.

The long browed Friar's eyes were very fierce, and he didn't hide his killing.

At his waist, there is a sign clearly reading "xiaoyaomen".

Just at this time, the killing opportunity of monk Changmei suddenly disappeared and his normal expression was restored.

Wang Fan was also relieved and sped up to leave the square.

He killed Xiaoyao gate, and it's normal for the strong men of Xiaoyao gate to show their killing intention to him. However, he still didn't believe that the other party dared to fight in the Imperial City

as long as the other party didn't dare to fight in the Imperial City, he would leave Fengyun empire in three days and enter the valley after participating in the debate.

Once he comes out of the valley, even if his cultivation is only improved by one level, he will not be afraid.

"Let's go, too." After Wang Fan and his party left, the friar with long eyebrows said a word to the people around him and also turned to leave.

But he did not intend to leave the Imperial City, but intended to kill Wang Fan.

Gai Shitian is not only his apprentice, but also his illegitimate son. He has high hopes for gifted demons. But now, heaven is dead.

He couldn't bear the pain of killing his son.

Even if this is at the foot of the emperor, so what, he is to kill Wang Fan, even if it is to pay his own life, also without turning back.

No one can stop his determination to kill Wang Fan, even if it is Wang Zhiwei.

After Wang Fan returned to his residence, he immediately began to practice in seclusion. Not only that, he also set up countless trapped and killing formations in his residence, just in case.

Although he didn't believe that xiaoyaomen dared to take revenge, it was necessary for him to take precautions.

One day passed quickly, Wang Fan's injury completely recovered, and his cultivation also recovered to the peak.

On this day, nothing happened, and there was no revenge in xiaoyaomen.

Wang Fan was a little relieved.

He didn't think much about it and continued to practice in his residence.

Now there are less than 20000 of the best immortal stones on him, so it's natural to use them quickly.

Only when these things become accomplishments can they be the most cost-effective. Otherwise, they may make wedding clothes for others.

Another day later, Wang Fanxiu was more powerful, but he was far from a breakthrough.

After all, he has just broken through to the fifth floor of the imperial realm. If he can break through to the sixth floor of the imperial realm in just two days, it would be outrageous.

Gong Lu and his party also knew that Wang Fan was practicing, so they didn't bother Wang Fan at all.

On this day, Gong luchan and others were talking about their cultivation experience. A long eyebrow monk suddenly came to their residence quietly.

The appearance of the long eyebrow friar was very abrupt and obscure. Gong Lu Zhan and others didn't notice it at all.

Long eyebrow friar didn't pay attention to Gong Lu and his party, but ran directly to the place where Wang Fan lived.

Just a short time later, he had come to the place where Wang Fan lived.

But he did not immediately start, but quickly arranged around the array.

He wants to use the array to lock all the fluctuations and breath here, so as to prevent him from being perceived by others when he kills Wang Fan.

At the same time, he also set up some traps to avoid Wang Fan's cunning escape.

Even if he doesn't do it, as long as he does it, he can't lose. Wang Fan must die.

It took the friar with long eyebrow half an hour to arrange all kinds of array.

After arranging the array, he made a direct blow to Wang Fan's door.

Boom!

With his full force, Wang Fan's low-level defensive array was just like bean curd, and the door was directly smashed.

"Beast, die Long eyebrow is a fury to drink, killed directly go in.

**Chapter 3037**

Whoosh!

Long eyebrow friar words just fall, a sharp knife awn has already rolled up endless killing power crazy split.

The long eyebrow Friar's face changed greatly. He didn't expect that Wang Fan had already known that he was coming and made preparations.

As early as when the friar with long eyebrows was arranging the array outside, Wang Fan already felt his arrival.

Wang Fan's array level outside may not be high, but once touched, he can still feel it.

The reason why he didn't stop the long browed friar from arranging the array was that he had already seen that the array arranged by the long browed friar was not very good.

This kind of array, he can easily burst.

The sword ran across the void and cut at the friar with long eyebrows.

Long eyebrow monk soon recovered from the shock, he did not avoid, but a direct blow past.

It's just the fifth floor of the imperial realm. Even if he knew what happened to his arrival, he didn't pay attention to it.

You know, he is a strong man at the top of the nine levels of the Empire. He is infinitely close to the existence of the king. How can he be afraid of Wang Fan.

Boom!

The fury of the crack sounds, and Wang Fan's fury knife is intended to crack directly under the long eyebrow Friar's fist.

The next second, the friar with long eyebrow had already flashed to kill Wang Fan.

He has to kill Wang Fan as fast as he can and then retreat.

Although he came here to kill the king, he was ready to be found and executed by the emperor.

However, if we can not die, who is willing to die.

Wang Fan was also shocked.

The strength of this long browed friar is far beyond his imagination.

He originally thought that he could kill the heaven of the eighth floor of the emperor's realm, so even if he fought against the ninth floor of the emperor's realm, he would not have too much effort.

At least it's not so easy for the ninth floor of the Empire to kill him.

But now he knew that he was wrong, and it was very wrong.

The strength of this monk with long eyebrows is more than ten times stronger than that of the peerless heaven?

Kill short gun, must use kill short gun, otherwise will die without doubt.

Wang Fan in the first time has figured out these, and did not hesitate to grab the killing shotgun, crazy blast out.

At the same time, the endless gun pattern has torn the air and rolled towards the monk.

The long eyebrow Friar's pupil suddenly shrank, and he felt a touch of danger.

But he did not flinch, but hands of palm, palm shadow like the wind, violent bombardment to those gun lines.

"I'm going to die for you." There was a roar.

Boom!

Then there was a frenzy.

The endless gun pattern collided with the shadow of the fist, and instantly it tore everything around it.

Even those arrays arranged by the long eyebrow friar were torn to pieces in an instant and completely turned into nothingness.

Whoa!

A mouthful of blood spurted out, and the long eyebrow flew upside down.

Wang Fan was no better than the monk with long eyebrows. He also spewed out a few mouthfuls of blood and flew backwards. He only felt that his internal organs had shifted.

Powerful. It's too powerful.

The long browed friar not only resisted his killing short gun, but also seriously injured him.

It's incredible to think about it.

"Go to hell!" The friar with long eyebrow just stopped for a moment, then he continued to kill Wang Fan.

So far, he had to kill Wang Fan and leave as soon as possible, otherwise he would disturb others immediately.

Wang Fan looked at the crazy long browed friar, and a touch of despair appeared in his eyes.

At the moment, he really did not have any strength, and even the great space moving fairy art could not show.

As long as the long eyebrow gives him three more breaths, no, it only takes two breaths, and he can use the space to move the magic to avoid.

Just, this long eyebrow friar is really too fierce, also too decisive, even don't give him two breathing time.

"Stop it

The sound of breaking the wind came, followed by a roar.

Unfortunately, it's still late.

Long eyebrow Friar's fist blasted on Wang Fan's body, and Wang Fan was overturned again.

At the same time, the figure of Gong luchan and others has also appeared here.

Hu yingrou and Li Yun pounce on Wang Fan crazily, while Gong luzhan looks at the friar with long eyebrows, "who are you, why do you want to fight him?"

The friar with long eyebrow didn't pay attention to Gong Lu, but snorted with disdain. A string of blood mist suddenly splashed out of his body, and then disappeared without a trace.

"Blood escape?" Gong luchan looked at the scene, his face was very ugly.

Someone killed Wang Fan in the residence of Ming haozong, but he didn't know. This is a great irony and slap.

"Xiaoyaomen!" Gong Lu clenched his teeth. Even if the long eyebrow monk didn't say his identity, Gong Lu could guess it.

After all, it's not hard to guess how many people Wang Fan offended.

"Wang Fan."

"Elder martial brother Wang Fan."

At this time, Hu yingrou and Li Yun have already run to Wang Fan, and Li Yun even hugs Wang Fan.

Looking at Wang Fan's bloody body and his pale and weak face, she felt heartache.

She only hated her incompetence and her useless.

Wang Fan helped her so much and was very kind to her, but she couldn't help Wang Fan.

Hu yingrou's face is not good-looking, but there is no way to help.

She can't help Wang Fan without good pills.

Gong Lu chopped it, quickly grabbed a few pills and threw them into Wang Fan's mouth. Then he began to use xianlingyuan in his body to heal Wang Fan.

It's a pity that Wang Fan's injury is so serious that it's a question whether he can even survive.

Just when Gong luchan and his party were suffering, a vast pressure enveloped the area. They could clearly feel that the vast pressure contained extreme anger and killing intention.

When they looked up, they saw emperor Fengyun in his royal robe and appeared in the void.

At the moment, Fengyun emperor's face is very ugly, and his prestige is all over the sky.

It's very brave that someone should dare to fight against the top five of the Empire.

No, no, it's not as simple as daring, but it doesn't pay attention to him.

It's a provocation to his dignity, it's a contempt for his dignity.

"This pill is for him to take and let him recover." Fengyun emperor left a pill, and then turned away.

A moment later, with bursts of roaring sound, countless strong people poured out from the palace, mighty.

Some people rush to the xiaoyaomen station directly, while some people kill xiaoyaomen directly.

At the same time, from the palace, came a emperor's will.

"Xiaoyaomen ignored the imperial authority, ignored the imperial rules, harmed the imperial pride, and destroyed it!"

The whole country trembles when the will comes out!

Is the royal family going to destroy xiaoyaomen? This is a real bomb!

You know, Xiaoyao gate is a first-class sect. It has a profound foundation. How can they not be shocked that such a sect should be destroyed by the royal family.

### **Chapter 3038**

Imperial City, xiaoyaomen residence.

With a roaring sound, a large number of Royal strongmen came directly.

Those who are still in the camp of xiaoyaomen see this scene, their faces turn pale in an instant.

They have recognized that these people are strong Royal, but they do not know what the strong Royal will do when they come to xiaoyaomen.

"Everyone, I don't know to come to our xiaoyaomen station..." a strong xiaoyaomen man went forward and asked.

"Xiaoyao gate violates taboo, no one will stay." But before his voice fell, he was interrupted by a strong Royal.

Listening to this, the faces of those strong people in xiaoyaomen changed greatly.

Xiaoyao gate is a first-class sect, but it is far worse than the royal family.

"Why?" The strong man of xiaoyaomen was unwilling to ask.

It's just that the Royal strongmen don't bother to explain at all, and they have been killed crazily.

The magic weapon roared and the spirit was rampant. In a roaring sound, the two sides immediately launched a war.

There are not many strong people in xiaoyaomen, so they can't resist the Royal strong people.

Just a cup of tea, all the strong members of xiaoyaomen have been slaughtered, not even an ant left.

After destroying the people in xiaoyaomen, the powerful Royal family reduced the camp to ruins, and then left.

In the distance, some friars watched this scene, their hearts trembled wildly, and their faces changed wildly.

They all know that something big is going to happen and Xiaoyaomen is going to end.

Thousands of miles away in the Xiaoyaomen, there are also countless Royal strongmen came here.

Knowing this, the master of Xiaoyao gate quickly got up to meet him. However, he was mercilessly destroyed.

The Royal strongman didn't want to talk nonsense at all. He killed them crazily, and the two sides had a fierce fight.

One night later, all the strong people in Xiaoyaomen were killed, and the top of Xiaoyaomen mountain was crushed.

Since then, Xiaoyao gate has been destroyed!

One of the first-class sects was destroyed by saying so.

This event caused a sensation in Fengyun Empire, at the same time, everyone felt the authority of the emperor again.

The emperor's anger, blood thousands of miles, this is absolutely true.

No matter how powerful you are, no matter how rich you are, compared with the emperor and the royal family, you are still not good enough.

Some sects with strong and inflated self-confidence no longer dare to inflate and begin to keep a low profile.

Once again, they felt the power of the royal family and the power of the emperor.

...

at the residence of Ming haozong, Wang Fan didn't know what was happening outside. After taking the pills given by Emperor Fengyun, his injury had improved a lot.

He took another drop of vital marrow, which made the injury completely healed.

Thinking of the monk with long eyebrows, he was afraid.

The long browed friar was so powerful that he almost killed him.

At the same time, he was also deeply aware of the gap between himself and the strong in the human kingdom.

He can't even deal with the nine levels of an emperor's realm. If he wants to deal with the strong people in the king's realm, it's a fool's dream.

Gong Lu cut may be guilty, once again gave Wang Fan ten thousand best immortal stone.

Wang Fan did not refuse, he really needs this kind of thing to restore strength.

One day later, his body recovered to 7788, even Gong Lu was surprised.

You know, such a serious injury, according to the normal situation, at least a few months of recuperation.

But Wang Fan, just spent more than a day, has recovered, how can he not shock. But he was relieved to think of the pills given by the emperor.

It must be that the pills given by the emperor were extremely adverse to heaven, which made Wang Fan recover so quickly.

In fact, Gong's guess is not wrong, but it's not all right.

The reason why he can recover so quickly is not only due to the pills given by the emperor, but also his strong refining body and vital pulp.

Without these, even if the emperor's pills were against the heaven, he would not have recovered so quickly.

In the early morning of this day, Wang Fan went out of the residence of Ming haozong and went to Fengyun square.

Today is the day to go to the peerless empire. As one of the top five, he can't be absent.

The thought that he would soon return to the unparalleled Empire, and that he might even see the unparalleled emperor, Wang Fan's heart would be filled with anger.

He didn't understand why the royal family of the unparalleled Empire wanted to kill him. He didn't offend the royal family at all.

When Wang Fan arrived at Fengyun square, all four of them had already arrived.

"Brother Wang."

"Brother Wang."

"Congratulations on your recovery."

They all came to greet Wang Fan politely, as if they had been friends for many years. "Thank you." Wang Fan also nodded politely and began to exchange greetings with the four.

In the debate of Fengyun Empire, the five are all rivals and can compete with each other.

But the five are going to fight on behalf of Fengyun royal family, so they must unite.

After all, it's an external fight.

Before long, Fengyun emperor has also brought a group of strong people to come, he first looked at Wang Fan, nodded slightly, and then said, "let's go."

With that, he was the first to board the spaceship.

Wang Fan five people also dare not neglect naturally, hurriedly followed up.

When all the people boarded the spaceship, the spaceship turned into a remnant shadow, which rushed to the sky and disappeared.

Fengyun emperor's spaceship is a top flight magic weapon with extremely fast speed.

Along the way, Wang Fan and other five people did not have much communication. They were all practicing in isolation.

Ten days later, they finally entered the territory of the unparalleled empire.

Wang fan stopped practicing. He looked at the familiar city below and sighed.

These places, when he was on the run, he had passed by.

Now I return to my hometown with great emotion.

Another day later, they finally came to the palace of the unparalleled empire.

The royal family of the unparalleled Empire had already received the news and was welcomed by the unparalleled Emperor himself.

After all, Fengyun emperor exists in the realm of human beings. Looking at the unparalleled Empire, who is qualified to meet Fengyun emperor besides the unparalleled emperor?

This matchless emperor is a middle-aged man who looks more than 50 years old. He looks much older than Fengyun emperor.

He has a pair of sharp eyebrows and a mustache. He walks like a tiger and wears a royal robe and crown, which is quite dignified.

Wang Fan looked at the unparalleled emperor from a distance, and he had completely calmed down.

Even though he had ten thousand questions in his mind, he knew that he was not qualified to talk with the unparalleled emperor.

But he has secretly decided that one day, he must ask the old man why he ordered to kill himself.

The unparalleled emperor naturally saw Wang Fan, but he didn't pay any attention to Wang Fan, and didn't even look at Wang Fan more.

Wang Fan's affairs, he will slowly solve, but it is not now.

After all, Wang Fan now represents the Fengyun empire. With Fengyun emperor behind him, he can't help Wang Fan.

The two emperors exchanged greetings for a while, and the unparalleled emperor brought everyone into the palace, and specially arranged a palace. The etiquette was very considerate.

If we didn't know that the two countries were not friendly, I'm afraid we would have thought that they were good friends for many years.

### **Chapter 3039**

"The debate of the Three Kingdoms will be held the day after tomorrow. During this time, you can stay in the palace to practice, or you can go out for a walk."

Fengyun emperor Wang Fan and his party into the palace, said.

Wang Fan and his party nodded, then Feng Ba Huang looked at Wang Fan and asked, "I'm going to the matchless imperial city. What about you?"

Only one day, even if it's practice, it can't improve cultivation at all.

What's more, it was a rare opportunity to come to the unparalleled Empire, so he planned to go out for a walk.

"I'm going out for a walk, too."

"Me too. Let's go together."

Feng Jiurou, Bai Qian Yao and Zhou Mushui responded one after another. Only Wang Fan frowned and said nothing.

"Brother Wang, don't you plan to go out for a walk?" Seeing that Wang Fan didn't respond, Feng Ba Huang asked again.

Wang Fan was a little embarrassed. He said to go out for a walk, and he was afraid that something might happen to the matchless royal family, such as assassination. But if he doesn't go, he seems to be out of group.

Everyone came together, and he was sensitive and came out of the unparalleled Empire, so he didn't want to leave a bad impression on everyone.

"Wang Fan, you don't have to worry. You are here on behalf of our Fengyun empire. No one dares to touch you."

"The people of the unparalleled Empire dare not fight at this juncture even if they want to kill you again. Otherwise, the strong people in Luozhou will not let them go."

Fengyun emperor seems to know what Wang Fan is thinking and says.

Wang Fan heard this, immediately relieved, nodded and said, "I'll go out with you."

Think about it. He came to fight on behalf of the Fengyun empire. With the support of the Fengyun emperor and the powerful power of Luozhou, the unparalleled Empire would not dare to do anything to him.

Wang Fan and his party left the palace and soon came to the streets of the imperial city.

"Wang Fan, have you ever been to Wushuang imperial city? Are you familiar with Wushuang imperial city? If you are, you can be our guide."

A group of people walking in the street, Feng Eight Waste smile looking at Wang Fan said.

Wang Fan shook his head, "I've been to the Imperial City, but I haven't been around much, so I'm not familiar with it."

He didn't lie. He really didn't go shopping.

Feng Eight Wasteland also didn't care, a group of people at will walked up in the imperial city.

There are many different things between Wushuang Empire and Fengyun Empire, with different

customs and cultural conflicts, so Feng Bahuang and others are also interested in visiting.

For them, this is a rare leisure opportunity and also a rare opportunity to experience the culture of the unparalleled empire.

"You, are you Wang Fan?" A sudden voice came out, and then a young man stood in front of Wang Fan.

All five of Wang Fan stopped and looked up at the man.

This is a tall young man with six layers of cultivation in the imperial realm. Beside him, there is a man and a woman.

The man and the woman were well-dressed and full of pride. Obviously, they were all born extraordinary figures.

Wang Fan looked at the three people, immediately couldn't help squinting.

Among the three, he knew both of them, Yao Gu and Liang Yu.

At the beginning, these two men united with the other four emperors and six strong men to kill Zhu Tianjiao in the valley pit of the medicine king, but in the end, they put the blame on Wang Fan.

It was at this time that Wang Fan became a street mouse and was even wanted by the royal family of the unparalleled empire.

"Do you know him?" Feng Eight Waste and others see this scene, are very interested in laughing, even Feng Eight Waste also looked at Wang Fan asked a sentence.

They are all the top of the country. Naturally, they will not pay attention to Yao Gu.

What's more, with their eyesight, they can naturally see that Wang Fan and Yaogu are in conflict, so naturally they are very interested.

"Yes, just a few shameless scum." Wang Fan returned to the Phoenix Eight Wasteland with a smile, and then looked at Yao Gu, "yes, it's your grandfather Wang Fan. Why, do you have an opinion?"

Wang Fan is very disdainful, tone is also full of provocation.

"Wang Fan, you are such a good-looking scum. I didn't expect that you dare to appear here."

"Believe it or not, as long as I shout, the scum of Wang Fan is here, and you will be torn to pieces by the friars immediately?"

Yao Gu was furious. He never thought that Wang Fan would not only admit it in public, but also

humiliate him.

It's just rubbish coming out of a small place. If you dare to challenge him, it's just death.

Wang Fan looked at Yao Gu, but he looked very disdainful. "You, who are surnamed Yao, really make me look down on you, and even use such mean and dirty means."

"What's the matter with Yaowang Valley? You and Liang are clear about it."

"You killed Zhu Tianjiao, but you poured dirty water on me after you came out. Your medicine family is also a respectable family of the Empire without frost. Are you doing such shameless things?" "I don't have to ask at all. I know that Yao Xuan has been killed by you scum, right?"

"If you are still a man, and have some backbone, dare you come to a decisive battle with me instead of bewitching people?"

Wang Fan pointed to Yao Gu's nose, and his tone became cold.

If it wasn't for the unparalleled Empire, he would not have been able to stop talking with Yao Gu.

He wanted to ask the son of a bitch why he spilled dirty water on Wang Fan. He also wanted to ask the son of a bitch where Yao Xuan had gone.

Although Yao Xuan is also cold and proud, she is still very good. It would be a pity if Yao Xuan was killed by these people.

"What, there's something else about Yaowang Valley?"

"What's going on?"

"Wang Fan, this son of a bitch, how dare he still appear here?"

At this time, someone has noticed the movement here, and quickly surrounded.

The friars, who had planned to rush up, could not help stopping their impulse after hearing Wang Fan's words.

Everyone is not a fool, they all have their own ideas.

Although Wang fan is already notorious in the unparalleled Empire, it does not mean that everyone will believe him.

"Don't listen to his nonsense, he is slandering." Yao Gu's face also became ugly, he pointed to Wang Fan's nose,

"son of a bitch, do you think this can clear your suspicion? You'll only make people look down on you more! "

Yao Gu said, trying to explain to the crowd around him, "it's him. He's Zhu Tianjiao who killed Yao Xuan. He's trying to bite back and win everyone's sympathy. Don't believe it."

Wang Fan didn't speak. He just looked at Yao Gu and explained.

Until Yao Gu shut up, he said, "well, since you said I killed Zhu Tianjiao and I said you killed Zhu Tianjiao with others, do you dare to swear with me?"

"Wang Fan dares to swear that if I kill Zhu Tianjiao in Yaowang Valley pit, it will be destroyed by five thunderbolts. Do you dare to take the same oath as me? "

Wang Fan a word, make the scene into a dead silence, medicine ancient face is also a pale.

It's not like the secular world. The vows will come true. The friars who go against the heaven are especially taboo to the oath.

Swear five thunderbolts, it will be five thunderbolts, there will be no fluke.

### **Chapter 3040**

Yao Gu's face is ugly. How dare he take this oath?

It was Zhu Tianjiao who was killed in the sixth floor pit of the five great emperors. If he swears, doesn't it mean that he will be hit by the five thunderbolts?

Under the guilty heart, he pointed to Wang Fan's nose and said, "son of a bitch, I won't play this boring game with you."

"As the wanted object of the Empire, you dare to appear here. It's really audacious. You just don't pay attention to the authority of the Empire. "

"Now, I'll kill you scum for the Empire and the people."

Yao Gu said that he really killed Wang Fan.

He was full of momentum, and his aura went wild. The killing momentum was even more violent.

When people around looked at Yao Gu, they immediately knew that there was something else about Yao Wang Gu.

It's just that it's a matter of fighting within the family, and they won't stand up and say anything

foolishly.

At this time to see medicine Gu Sha Wang Fan, all the people are like beans back, just quietly watch the play, are afraid of being affected.

Feng eight waste four people also smile, and then all began to retreat.

Yao Gu is such a little guy, they don't care to do it.

What's more, they who have seen Wang Fan's strength don't worry about Wang Fan at all.

If Wang fan can't even clean up such a small role, how can he break out of the siege in Fengyun Empire? The debate of Fengyun empire is too funny.

Liang Yu, who is behind Yao Gu, is still worried about Feng Bahuang, and the four of them have already made preparations.

But when he saw that Feng eight wasteland four people not only did not start, but also far away from Wang Fan, immediately relieved.

It seems that even his companions dislike him.

At this time, Yao Gu has already threatened endless killing power and killed Wang Fan crazily. At the same time, a quadrangular hammer is offered to Wang Fan.

The quadruped hammer roared through the air, making a violent cracking sound. The sound was terrifying and frightening.

But Wang Fan didn't frown. Just when the four point hammer was about to hit him, he had already grasped the shadow knife and waved it.

It's just a random knife, but it's rolling up the huge killing power, crazy rolling to the four corner hammer.

In the sound of a bang, the four point hammer was directly split into two by Dao Yi and overturned.

However, Wang Fan's Sabre power was not affected, and he was still indomitable, taking only the ancient head of medicine.

Yao Gu's face changed greatly and he was sweating all over.

At this time, does he not know that he is not Wang Fan's opponent at all?

There was a great shock in his heart. When did Wang Fan become so powerful.

You know, when he was in Yaowang Valley, although Wang Fan was powerful, he was far less powerful than he is now.

Boom!

A blast, Wang Fan's knife back on Yao Gu body, Yao Gu body immediately splashed a Peng of blood, the whole person flew out.

It's because of Wang Fan's mercy. Otherwise, the ancient medicine would have been dead.

Wang Fan's disdain flashed forward and stepped on Yao Gu, "what are you, dare you kill me?"

"I've said that you're such a rubbish. You can't do anything except to be a shady person behind your back. If I hadn't killed you, it would have made me more passive. You would have been a dead man. "

Wang Fan disdained to say, kick out, medicine Gu a scream, instantly kicked away.

There was a dead silence around.

No one thought that Wang Fan was so powerful, as strong as Yao Gu, and he was not the enemy of his sword.

Liang Yu looked at this scene, the same heart is trembling.

At the beginning, Wang Fan was chased by him in Yaowang valley. He was as embarrassed as a dog. He even needed the help of the forbidden area to escape.

But now, he has clearly found that he is not Wang Fan's opponent, and there is still a big gap.

His eyes were wide open. It was incredible.

How can a person grow up so fast?

"Wang Fan, as the most wanted criminal in the Empire, you dare to appear in the Imperial City, even if you dare to be a member of my pharmacy family."

"Do you look like an imperial authority, or are you deceiving me?"

An angry drinking sound came, and then the figure flickered. A middle-aged man had already appeared in front of Wang Fan.

The Yao family is now the leader of the family.

"Yao Zhan, why is he here?"

"The medicine war is coming. It seems that Wang fan is really dead."

"After listening to their previous conversation, the story of Yaowang Valley obviously has another secret. Maybe Wang Fan was wronged. However, even if it is wronged again, I am afraid it will be difficult to clear up the injustice. "

"Yes, the battle of medicine is here, and Wang fan is not spared. When he dies, who will wash away his grievances? "

Seeing the coming of the drug war, the people around talked again. Yao Zhan's face is gloomy. He looks at Wang Fan coldly, and his whole body has already begun to gather madly.

Wang Fan disdained of swept a medicine war, "I pour who, originally is you this old man."

"This ancient medicine killed Zhu Tianjiao in the valley pit of the king of medicine. Maybe you are the old man who gave us some advice?"

"But also, I heard that after the incident of Yao Wang Gu, Yao Xuan was all killed, but you succeeded in the battle of medicine. If you weren't behind the scenes, how could it be you?"

Wang Fan every word, every word to heart.

Around the crowd is also eyelid straight jump, in an uproar.

Wang Fan's words are too straightforward, too naked, and there is no face at all.

But think about it, others are dying, what are you afraid of? Naturally, you dare to say anything.

"I don't know what you're talking about, but since you dare to ignore the authority of the Empire and the authority of my pharmacist, you can die for me."

Yao Zhan's eyelids also couldn't help jumping, and then he gave a grim smile, and his whole body turned upside down. The whole person had already killed Wang Fan.

People in mid air, his right hand has been rolled up endless storm, crazy towards Wang Fan killed in the past.

The momentum is so great that it's daunting!

Wang Fan's face is still calm, his mental power has been in the first time communication kill short gun, and caught out.

How could it be so easy for the old man to kill him?

Wang fan may be able to fight against the strong of the nine levels of the Empire, but he is not afraid of the eight levels of the Empire.

However, just when the fist of medicine war was about to blow on Wang Fan, and Wang Fan was about to sacrifice his killing short gun, a vast and terrifying majesty suddenly came, followed by a voice of supremacy.

"Even those who take part in the debate in Fengyun Empire dare to move. You are so brave!"

With a shout, there was already a slap in the air, and it went straight to Yao Zhan Quan Wei.

Yao Zhan felt the power and his face changed wildly.

He felt as if he were in the mire and could not move.

"In the face of the unparalleled emperor, I will spare you this time. If there is another time, I will kill you. Go away!"

There was another sound, followed by a bang. The style of medicine fight was like paper paste. It was broken and vulnerable.

And the body of the medicine war, is also like a shooting star, spraying blood to fly out.

There was a dead silence.
