

Mighty Sk 3041

Chapter 3041

"This, this is the emperor of Fengyun Empire?"

"Wang Fan, he came to participate in the debate on behalf of Fengyun Empire?"

"It's a terrible power. Those who are strong in the human kingdom are really terrible."

There was a brief silence, and there was an uproar around.

It never occurred to anyone that Wang Fan came to participate in the debate on behalf of Fengyun Empire, with the support of Fengyun emperor behind him.

They finally understood why Wang Fan dared to appear in the imperial city of the unparalleled Empire, and was so unscrupulous.

It turns out that people have a strong backstage.

The Fengyun emperor protects Wang Fan, not to mention the pharmacist. Even the unparalleled emperor is afraid to move Wang Fan lightly.

You know, this is an unparalleled empire. If the unparalleled emperor dares to move Wang Fan here, how many people will suffer if emperor Fengyun is angry?

Can an unparalleled emperor keep himself, but can he keep his descendants, the friars of the imperial city?

The consequences of the anger of the strong in the human kingdom are not for fun.

Medicine war embarrassed fall to the ground, is also a face of silence.

He did not expect that Wang Fan came on behalf of the Fengyun Empire, with the support of the Fengyun royal family.

You know, Wang Fan only has five levels of cultivation in the imperial realm. How did he advance to the top five of Fengyun Empire?

Is the strength of friars in Fengyun Empire too weak or that of Wang Fan too strong?

He couldn't imagine.

But he already knew the fact that he could not move Wang Fan any more.

"Father, are you all right?" Yao Gu also ran to Yao Zhan and asked anxiously.

Pop!

A slap is thrown on Yao Gu's face. Yao Zhan hates the iron and says, "don't you get out of here!"

After that, Yaozhan was the first to stand up and leave.

Yao Gu didn't dare to talk nonsense and left immediately.

Medicine war and medicine ancient capital left, Liang Yu and that female, naturally also dare not talk much, quickly slip away.

Wang Fan looked at the departing party and sneered in his heart.

Yao family, Liang Yu, let you be arrogant for a few days. When Laozi becomes the king of man, you will be the first one to sacrifice the sword.

Although he wanted to kill Yao Gu and others, he knew that he couldn't do it now.

If he dares to take the initiative, or even kill the people of the druggist, the unparalleled emperor will never sit back and ignore him. At that time, he is asking for trouble.

Although emperor Fengyun said that there are big people in Luozhou, the unparalleled Empire dare not come here.

But the premise is that when he occupies the truth, once he does not occupy the truth and takes the initiative to kill, that is another matter.

Out of this kind of thing, Wang fan is not in the mood to go back to the palace.

As for fengbahuang and others, they are still wandering.

Wang Fan returned to the palace, arranged a few arrays, then grabbed all the best immortal stones from his family, and began to practice madly.

Frankly speaking, his cultivation is not enough. If he has enough cultivation, how can he need the protection of Fengyun emperor?

Others' is others' after all. Only when we are strong can we be king.

"Elder martial brother Wang, I have a call." However, not long after Wang Fan's cultivation, a bodyguard came to report.

This bodyguard is the strong one of Fengyun empire. He came with them and was responsible for protecting their safety.

"Someone called? Who is it? " Wang Fan couldn't help frowning.

Since someone called on me, I'm sure I'm from the peerless empire. However, in the unparalleled Empire, he did not know a few people at all.

"It's a woman. She said she had something important to do with you. If you don't want to see her, I'll let her go back." Said the guard.

"No more." Wang Fan waved, "let her in."

He wanted to see who wanted to see her and what was important.

Before long, a woman in a Luo skirt came in.

This woman has noble temperament and beautiful face, and she can walk freely in the palace, and her identity is obvious.

"Young master, don't take the liberty to disturb me." The woman appears very polite and says to Wang Fan.

Wang Fan waved his hand, "younger martial sister, please sit down. I don't know what the younger martial sister is looking for. What's the matter?"

"Yao Xuan." The woman just spat out two words, which made Wang fan stand up suddenly.

"Yao Xuan? Do you know where she is? " Wang Fan asked eagerly.

The woman nodded, "she's in cuixuan building. You'll know when you go. Well, I have something else to do, so I'll go first. "

With that, the woman left a note and turned away, as if she was afraid of something. She didn't even sit down.

Wang Fan stands up. Although he doesn't have much friendship with Yao Xuan, Yao Xuan is the key to her bad reputation.

Moreover, he has a good impression of Yao Xuan. If he doesn't know where Yao Xuan is, he doesn't mind going to have a look. Without hesitation, Wang Fan left the palace quickly.

However, he didn't go to cuixuan building immediately. Instead, he turned around the street several times and made sure that there was no one to follow and monitor before he went.

At the same time, he has looked at the note in his hand.

The note clearly says that after Yao Xuan escaped from Yao's house, she changed her face and went to Cuixuan building to be a maid.

One of the reasons why she didn't leave the unparalleled empire was that she was not reconciled, but because the Yao family was watching closely outside the Imperial City, so she had no chance to go out.

After all, not everyone has Wang Fan's ability to change face, which can be ignored.

At the same time, the paper also clearly marked the location of Cuixuan building.

Cuixuan building, an ordinary teahouse in the imperial city of unparalleled Empire, is also visited by some friars at the bottom.

After all, only in such a place would Yao Xuan be less likely to be exposed, because it was impossible for Yao's family to come to such a small teahouse.

An hour later, Wang Fan entered the Cuixuan building. At first sight, he saw Yao Xuan.

Although Yao Xuan changed her appearance, and the method of changing her appearance was good, she was far worse than him.

Yao Xuan became a middle-aged woman with rickets. She was pale and weak, just like a bamboo pole.

At this time, Yao Xuan was bending over to clean the hall, looking humble and submissive.

Wang Fan's eyes widened. If he didn't see it with his own eyes, he couldn't believe that the woman in front of him was the proud daughter of the pharmacist in the past.

I haven't seen you for a long time. Yao Xuan has changed a lot.

Wang Fan didn't immediately come forward to say hello to Yao Xuan. Instead, he asked the waiter for a box.

After a few minutes, he called Yao Xuan in under the excuse of messy box.

"Master, I'll clean the box for you." Yao Xuan's voice was a little silly. She kept her head down when she spoke. She didn't have the style of the proud girl in the past.

If he had not contacted Yao Xuan before, he would not believe that the person in front of him would be Yao Xuan.

"Yao Xuan, I'm wang fan." Wang Fan hit a few prohibitions and said.

Click.

Yao Xuan's rag fell to the ground and raised her head in shock.

Chapter 3042

Wang Fan did not talk nonsense, directly removed the Yirong.

After seeing Wang Fan's face clearly, Yao Xuan's eyes were sour, and she was even more shocked.

"Wang Fan, how can you be here?"

She is very incredible, Wang Fan's situation in the unparalleled Empire, she Yao Xuan is clear.

Although she Yao Xuan also bears endless abuse, at least only the people of Yao family are looking for her. Wang fan is wanted by the whole empire.

"You shouldn't come to the imperial city. You should go, or you will die once you are recognized."

Yao Xuan comes forward to catch Wang Fan, and her voice is very urgent.

Wang Fan looked at Yao Xuan's eagerness and said with a smile, "Yao Xuan, you don't have to worry about me. I have nothing to do. It's you. It's not safe. "

"You're not willing to stay in the imperial city. Are you going to take revenge? But how can you get revenge when you are in such a state? "

"I also have some top grade immortal stones and pills. I hope I can help you."

Wang Fan said that he had already seized some top grade immortal stones and pills.

There are only so many things he can help Yao Xuan. After all, he is also sheltered by Fengyun Empire, so he can't take Yao Xuan away.

As a contestant in the debate of Fengyun Empire, Fengyun emperor has a good reason to protect him, but there is no reason to protect Yao Xuan.

"Thank you, Wang Fan." Yao Xuan is also not polite. She puts away the pills and immortal stones given by Wang Fan.

There was a deep hatred in her eyes. "You're right. I really want revenge, but it's too hard."

"Yao Zhan Yao Gu, father and son, killed the pride of heaven and destroyed my father's pulse. If I don't get this revenge, I can't be at ease. "

Wang Fan felt Yao Xuan's hatred and said, "stay in the Castle Peak, not afraid of no firewood. I suggest you leave the imperial city first, or even leave the unparalleled empire."

"With your talent, it's estimated that in a few years, your accomplishments will surpass the battle of medicine, and it's not too late to come back for revenge."

Yao Xuan breathed deeply, "I don't know these things, but I can't leave at all."

"The strong of the medicine family are outside the Imperial City, and I am in this situation. Once I get out of the city and they find out, I will die."

The corners of her mouth are bitter, obviously helpless to fate.

"It's easy. I'll take you out." Wang Fan patted his chest and said.

Half an hour later, they had already changed their appearance and left Cuixuan building, heading for the outside of the imperial city.

On the wall of the Imperial City, there is still a wanted portrait of Wang Fan, but Wang fan doesn't mind and turns a blind eye to it.

Don't say that he has changed face now, even if he walks around the imperial city with his true colors, who dares to take him?

He invited the war to be protected by Fengyun royal family. I'm afraid it has already spread all over the imperial city. He didn't believe that there was anyone who didn't have eyes to provoke him.

Wang Fan didn't even bother to change her face if she wasn't afraid that it would bring danger to Yao Xuan.

Half an hour later, they had already left the imperial city.

Only after a hundred miles or so, they were stopped by two monks.

"Yao Xuan, I didn't expect that you really couldn't stand loneliness and ran out." One of the monks pointed to Yao Xuan's nose and said.

While talking, his eyes are fixed on Yao Xuan, paying close attention to her reaction.

Yao Xuan felt a thump in her heart, and her body trembled immediately.

Wang Fan couldn't help sighing. For a long time, Yao Xuan didn't even have the most basic determination.

Can't she see that these two guys are testing her?

"You are Yao Xuan!"

"Come back to the drugstore with us, bitch!"

When the two Yao family members saw Yao Xuan's reaction, they immediately identified Yao Xuan and became excited.

They were just ordered to stay here and didn't have much hope of catching Yao Xuan.

After all, after a long time, Yao Xuan did not appear. In their opinion, Yao Xuan would not leave the imperial city.

However, they did not expect that the blind cat ran into a dead mouse today and met Yao Xuan.

when they talked, their momentum had been agitated wildly, and they rushed to Yao Xuan.

Yao Xuan was shocked to see that he had no strength. How could he be the opponent of the two.

"Just two little grasshoppers on the sixth floor of the Empire dare to hop here and die." With a sneer, Wang Fan stepped out and stood in front of Yao Xuan directly. Raising his hand was two fingerprints.

The two running dogs of the medicine family were very angry. A mole ant on the fifth floor of the Empire dared to call them grasshoppers. If they were so big, they were just looking for death.

But when they felt Wang Fan's palmprint, their faces suddenly changed.

This, this is really the fifth floor monk of the imperial realm?

Boom! Two blasts spread out, and Wang Fan's palmprint was on them. Even if they were blasted out, they had no combat effectiveness.

"Who are you?" They were shocked to see Wang Fan, his face was incredible.

"You garbage don't deserve to know my name. Die." Wang Fan sneered scornfully. His figure flashed forward and his two fists burst out again.

They didn't even have a chance to resist, so they were completely blown into blood fog.

They are just the ordinary six levels of imperial realm, which is far worse than the six levels of Tianjiao in Fengyun Empire debate.

So Wang Fan had no difficulty in picking them up.

As for why the Yao family only sent two people from the sixth floor of the imperial realm to guard here, it's even simpler.

Yao Xuan's cultivation was on the sixth floor of the imperial realm, and he was in a state of hiding. It was enough for the Yao family to send two people to guard here.

Yao Xuan looked at this scene, it was unbelievable.

How long has it been since I saw Wang Fan?

You know, when he was in Yaowang Valley, Wang Fan was chased by Liang Yu, who was on the sixth floor of the imperial realm. He almost couldn't leave.

"Yao Xuan, I'll send you here. Good luck." Wang Fan once again sent thousands of miles, found no threat, said to Yao Xuan.

Yao Xuan nodded, "well, you should have a chance to see you again."

With that, she bowed deeply to Wang Fan and left quickly.

Wang Fan watched Yao Xuan leave and then returned to the imperial city.

The next day, Wang Fan stayed in the palace and didn't go anywhere.

However, it's a huge explosion outside. Whether Wang Fan came to participate in the debate of the Three Kingdoms on behalf of Fengyun Empire, or there's something else about the valley of the king of medicine, it's widely spread.

Unparalleled Imperial Palace, within one palace.

The unparalleled emperor Chu he stood in front of the window, his face was very ugly.

"Wang Fan came on behalf of the Fengyun Empire, obviously aiming at the valley. What should we do now?"

"Is it up to him to go on like this? Once he enters the canyon, it will be a disaster for us when he comes out again. "

Chuhe's voice is very low, it seems that he is telling people and talking to himself.

"Hey, Chuhe, he hasn't entered the valley yet. What are you worried about? It's just the sixth floor of the imperial realm. Don't you just let people kill him on the platform of debate? "

A voice of Jie came out, followed by a shadow like illusory figure appeared behind the Chu River.

Chapter 3043

A day goes by in a hurry, and the day of debate among the Three Kingdoms will soon come.

Because it was about the five places in the valley, the three empires attached great importance to it.

In the early morning, countless friars of the unparalleled Empire rushed to the central square to watch the ceremony.

The debate of the Three Kingdoms was held in the unparalleled Empire, which is hard for them to meet even in a thousand years, let alone a hundred years.

It is a great honor for them to witness the top Tianjiao debate in the Three Kingdoms.

Similarly, under the leadership of Fengyun emperor, Wang Fan and his party went out of the palace and rushed to the central square.

"Don't put too much pressure on all of you, just try your best. If you are not an opponent, don't fight hard, or you will lose your life."

On the way, Fengyun emperor told Wang Fan five people.

It's important for him to fall, but for him, the lives of Wang Fan's five people are even more important.

All of them are the future pillars of Fengyun empire. Every time they fall, it will be a huge loss to Fengyun empire.

"Don't worry, we will do our best." Wang Fan nodded and his eyes were firm.

It's not only about how much the empire is rewarded, but also about their future. Naturally, they will do their best.

Feng cloud emperor Jun nodded, did not say anything more, a group of people continue to move forward.

Before long, Wang Fan and his party came to the central square. The square was full of people.

The unparalleled Empire, the dantai Empire, and the fighting friars have all arrived.

The three friars occupy one position and have a clear distinction.

In the center, there is a huge battle platform. The battle platform is golden and shining, which is very

eye-catching.

"Look at the direction of Fengyun empire. Is that Wang Fan?"

"I have long heard that Wang Fan took part in the war on behalf of the Fengyun Empire and came to the imperial city. I thought it was just a rumor, but I didn't expect it to be true."

"Hum, such rubbish can break into the top five of Fengyun empire. It seems that Fengyun empire is not so good. Today it is destined to be a foil."

"You can't say that. Wang fan is still very powerful, otherwise he would not have escaped safely under the imperial wanted."

Many people's eyes have fallen on Wang Fan and made a startled comment.

Those voices reached Wang Fan's ears, but Wang Fan didn't have any emotion fluctuation at all, as if everything had nothing to do with him.

His heart is in sneer, so despise yourself, then give them an accident.

At a certain moment, there was a sound in the void. People looked for the sound and immediately saw a huge dragon approaching from afar.

The Dragon exudes terror and pressure, which is no less powerful than the three emperors.

"Human king level demon?"

"What a terrible monster. It's worthy of being a strong one in Luozhou. Even the mount is a king level demon."

"It's the first time I've seen a king level demon."

Countless monks looked up at the sky and talked about it one after another, with a look of shock.

Wang Fan was also shocked. He didn't expect that the people from Luozhou came by the king level demon.

The Dragon soon stopped in the sky, singing.

The three figures jumped down from the dragon's back and sat on the main position of the middle platform.

After the three people sat down, the giant dragon once again uttered a dragon chant, and then the body flashed and quickly disappeared.

These three men, two men and one woman, wearing luxurious robes, are all strong in the realm of human and king.

In the land of the Three Kingdoms, the strong man is the supreme existence and the only existence.

But today, they saw six at a time, plus a dragon.

Everyone was so excited that it was worth the trip.

The only woman got up, gave a little smile, and said, "it's my honor to be able to host the debate of the Three Kingdoms and witness the top pride of the Three Kingdoms."

"Well, no more nonsense. Now that we are all here, let's start the debate."

"The rules of polemics are also very simple. Each of the three countries has one person to fight among three people. The winner will get one place in the valley."

"Fifteen Tianjiao, five battles, the top five. In battle, you can do whatever you want, as long as you can laugh at the end. "

The woman's voice fell and the whole audience was in an uproar.

No one thought that it would be such a competition system.

After all, all the 15 people in the three kingdoms are the top of the Three Kingdoms.

If two of them join hands, the other is bound to be out.

In this way, it is unfair.

It's just that although it's unfair, no one dares to say anything.

Wang Fan could not help but frown. He suffered the most from this kind of fighting rule. You know, his cultivation is the lowest, and he will be the first to be swept out by the other two. Of course, the rules are set by others. Even if he is upset, there is no way.

At the same time, he has realized that the three strong men in Luozhou are not willing to preside over the Three Kingdoms debate, but they just have no way.

Otherwise, they will not use the simplest and quickest way to decide the top five.

"The first fighter of the unparalleled Empire, the criminal demon."

As the home court of the unparalleled Empire, the unparalleled emperor is naturally the first to speak.

With his voice down, a young man immediately fell on the platform.

This young man has a cold and stern look. He has eight layers of cultivation in the imperial realm. He is full of the intention of killing. Obviously, he is a strong man who has come out of countless killing.

"Hu palace, the first fighter of the dantai empire."

The second opening of emperor dantai, accompanied by his voice, a burly young man fell on the platform.

He is a big man with explosive muscles and wild spirit. He is obviously a strong man.

Fengyun empire.

"Master, I'll go. This first scene is up to me." Feng eight waste looking at Feng emperor Jun said.

Fengbahuang's strength is the strongest in Fengyun Empire, at least fengbahuang thinks so.

The first battle was crucial, which was related to the face and morale of the Empire, so he did not hesitate to stand up and decided to be the first to fight.

"Well, be careful." Fengyun emperor nodded, and then said in the same voice, "Fengyun empire's first fighter, fengbahuang."

Along with the sound, the Phoenix eight waste flies to fall on the platform.

So far, the three strong, Qi Zhi.

The three men's accomplishments were all on the eighth floor of the imperial realm, standing in three directions, and each of them was staring at the other.

They did not immediately hand, but in a crazy agitation Xianyuan, condensing momentum.

This kind of top fighting, they dare not have the slightest carelessness, are ready.

Those who watched the ceremony also became dignified and breathed quickly.

Fierce fighting is about to begin, and they will wait and see.

Boom!

At a certain moment, the Hu palace of the dantai empire was the first to move.

He is like a dragon, who released a terrible power, in the earthquake tremor, frantically rushed to the Phoenix eight wasteland.

Chapter 3044

"The Hu palace of the dantai Empire killed the eight wastelands of Fengyun Empire?"

"The battle between the strong and the strong has finally begun."

When the monks saw this scene, they couldn't help but get excited.

No one thought that Hu Gong would be the first one to do it, and the object he chose was fengbahuang.

You know, this is the home of unparalleled empire. According to the normal situation, the first war should be the other two people fighting against the criminal demons of the unparalleled empire.

Feng eight waste look dignified, but there is not much accident.

For him, since fighting is inevitable, it's the same for everyone.

With a sharp roar, the Phoenix wings suddenly appeared from behind, and the flaming flames penetrated through the body and covered the whole body.

Phoenix wings crazy fight, Phoenix eight wild as if the real incarnation of the Phoenix, also killed to Hu palace.

"Roar!" When Hu Gong saw that Feng Bahuang was coming, his momentum became more violent. With a roar, he suddenly stepped on the ground with his right leg.

Boom!

In a burst of startling sound, at the moment of the shaking of the battle platform, he rushed to fengbahuang and blew out with one punch.

With one blow, the mighty authority roamed the whole battle platform, imposing great influence on the whole world.

The terrible boxing style rips out dazzling whirlpool ripples in the air, as if as long as it is rolled in by the whirlpool, it will sink into it and die.

Fengbahuang didn't retreat. The flame on his body was more red and dazzling, emitting a terrible high temperature.

At the same time, with a clap of wings, he directly bent down and bravely collided with Hu Gong's iron

fist.

Fist to fist, bang -

the two of them retreated with the same hand, and suddenly retreated to both sides.

However, at this time, the criminal demon of the unparalleled Empire moved.

The evil spirit of punishment, like a ghost, killed Hu Palace which was closest to him without hesitation.

"Son of a bitch, no shame."

"Mean."

When the other four people in the dantai Empire saw this scene, their faces changed and became extremely ugly.

In their view, the criminal demon is taking advantage of others' danger.

Although the monks at the ceremony also wanted to swear, they didn't dare to speak out when they thought that the criminal demon was the unparalleled imperial friars and that the fighting rules were like this.

Where does the criminal demon pay attention to the four Tianjiao's feelings? At the moment, he has rushed to the Hu palace, and a demon picture flashed out of his hand, and directly went to the Hu palace.

The scroll is very strange, there are mountains and water on it, and there is a strange woman.

At this time, the strange woman seemed to be alive, waving to Hu palace in the picture.

"Witchcraft?" Hu Gong's expression stagnated, but soon returned to normal.

He gave a loud drink and a blow to the scroll.

Boom!

The terrible sound of explosion came, the scroll was broken, and the landscape woman disappeared.

But at this time, the criminal demon flashed behind the Hu palace, a long halberd passed through the palace, and roared to the back of the Hu palace.

Fast, it's too fast.

Boom!

With a blast, Hu Gong was staggering and bleeding from his mouth.

"Die for me." But at the same time, he also red eyes suddenly turned back, regardless of the injury, a blow to the criminal demon.

Xing Yao's face suddenly changed, but he couldn't avoid it.

Hu Gong's fist fell, and Xing yaodang flew out like a broken kite and fell to the ground.

The earth trembled and everyone held their breath.

Although their fight was simple, it was very exciting. It was really wonderful.

Feng eight waste looking at this scene, is also some silly eyes.

He didn't expect that the criminal demon would attack Hu palace secretly, leading to both of them lose.

He didn't waste this rare opportunity. With a flash of his wings, he went crazy and killed the criminal demon.

At this time, the criminal demon is the most seriously injured. Naturally, it is necessary to kill the criminal demon first.

Hu Gong also looked at the criminal demon and killed him without hesitation.

The criminal demon should attack him so despicably. Naturally, he won't let this guy go.

The punishment demon sees two people kill to oneself at the same time, the facial expression matchless ugliness.

He had a miscalculation.

According to his idea, in that case, he is bound to be able to sneak attack Hu palace, and then sweep it out first.

But he never thought that he not only failed to sweep Hu palace out, but also made himself into such an embarrassing situation.

Feng Bahuang and Hu Gong join hands to deal with the criminal demon. Naturally, the criminal demon is losing. With only a few dozen breaths, he has been severely injured and swept out of the battlefield.

At this point, the top 15, unparalleled Empire criminal demon, the first out.

After the criminal demon is out, the next is the battle between Fengbahuang and Hu palace.

It has to be said that Feng Ba Huang's strength is really strong. In just ten minutes, he defeated Hu Gong and won the first battle. Fengbahuang successfully won the first place.

On the high platform, the matchless emperor's face was very ugly, and he was about to drip water.

Here as his home court, his people are the first out. Is there anything more humiliating than that?

However, even if he is not happy, he can only bear it.

The face of emperor dantai was also not pretty. He didn't expect that Hu palace would be defeated.

You know, Hu palace is the most powerful of the five people in the dantai empire.

Unfortunately, he failed.

"Well, the first battle is over. Let's go on to the second." The nun in Luozhou spoke lazily.

This time, the unparalleled Empire sent the king of Chu, the eight level cultivation of the Empire, and the Royal heirs.

The dantai Empire sent Wuchen, a powerful Dao Xiu, whose accomplishments were also on the eighth floor of the Empire.

Phoenix cloud Empire side, Phoenix nine soft is going to the second, but was stopped by Wang Fan.

"Elder martial sister Jiurou, I'll take this one." Wang Fan looked at Feng Jiurou and said.

He did it because he saw Chu Jun.

Wushuang emperor wanted to kill him, which made him die. Now he has a chance to wreak havoc on his descendants. How can he miss the chance?

"Well, be careful." Feng nine soft also didn't care, nodded to say.

Anyway, sooner or later, there will be a war, and we all don't know who is the strongest, so everyone is the same.

"Be careful. If you lose, give up." Fengyun emperor also told.

Wang Fan nodded, then stepped out and landed on the platform.

"Wang Fan?"

"I didn't expect him to play."

"Hum, it's just five floors in the imperial realm. Is this going to seek death?"

The following friars of the unparalleled Empire saw Wang Fan appear on the stage, first in a row, and then yelled.

Even the three strong men in Luozhou on the high platform couldn't help frowning.

They really don't understand how the five level monks of the imperial realm appeared on the stage of the Three Kingdoms debate.

It seems that it's really a wild land. The cultivation is too bad.

"Wang Fan, I didn't expect you to come out. Just in time, I Chuhe take this opportunity to get rid of you, the unparalleled traitor. "

Chu Jun also stares at Wang Fan with a sarcastic voice.

Wang Fan disdains to smile, "traitor? How ridiculous! Do you know why I came up here to kill you rubbish, idiot? "

With that, he had already seized the killing short gun, and he didn't intend to give Chu Jun any chance at all.

Chapter 3045

"It's just five stories in the imperial realm. It's just mole ants. I dare to talk big." Chu Jun sneered, and his murder was even worse.

With a bang, his aura was crazy, and he killed Wang fan like lightning.

On his back, a huge illusory demon ape appeared. The demon ape roared up to the sky, roared furiously and oppressed the sky.

"The power of blood, this is the power of the Royal Chu family's blood?"

"It's a terrible talent. It's said that the power of blood has a powerful bonus, which can assist combat."

"It seems that Wang fan is going to die. It's just five levels of the emperor's realm. His cultivation is lower than that of Chu Jun. now Chu Jun is directly releasing his blood power. He will surely die."

"Well, he deserves to be arrogant even though he is just five stories in the imperial realm."

Click.

The ape's arm broke in an instant.

After the ape's arm was broken, his body was broken.

Click, click.

A sound diffuse out, his body was also torn to pieces, instantly disappeared.

Poof.

When the demon ape was dispersed, Chu Jun was the first one to be attacked, and a mouthful of blood essence came out immediately.

It's impossible, it's impossible!

He murmured and growled. It was hard to believe that his blood demon ape would be ruthlessly torn and destroyed.

Wang Fan just looked at Chu Jun with disdain, and his face didn't change. After tearing the demon ape, the countless gun pattern whirlpool had continued to tear Chu Jun's body.

"No, no!" Chu Jun roared wildly. He wanted to retreat, but he couldn't.

On the high platform, Chuhe, the unparalleled emperor, could not help but stand up, shocked and murderous in his eyes.

The king of Chu is not only the first pride of the royal family, but also the most powerful one among the five people in the state of Chu.

But now, Chu Jun is going to fall on the platform?

Murderer in the heart crazy rage, see gun pattern whirlpool is about to tear Chu Jun, unparalleled emperor body momentum began to flow away abruptly.

But at this time, a cold killing machine suddenly locked him, making him shiver.

Turning around, she saw the nun in Luozhou, her eyes swept coldly.

"The king of Chu, the unparalleled Empire, gives up!" After the unparalleled emperor came back, he quickly cheered.

But everything is a little late.

Boom!

A blast, all over the sky gun pattern tore Chu Jun's body, directly tore his body into blood fog, torn into nothingness.

There was a dead silence.

Unparalleled emperor is a brain boom, the body bloomed out of the sky to kill.

On the platform, Wang Fan calmly turned his head and looked at the unparalleled emperor, "I'm sorry, what you said is a little slow, I didn't have time to stop."

When the matchless emperor heard this, he almost burst out with a mouthful of blood.

"Chu Jun is dead?"

"Chu Jun was killed by Wang Fan?"

"How is it possible to have five levels of Empire and eight levels of Empire?"

The short silence set off a startling discussion under the stage.

It's crazy, it's shocking, it's incredible. No one can accept it. Wang Fan killed Chu Jun.

Wang Fan did not pay attention to the unparalleled monarch, and even more did not pay attention to the following monks.

He looked at Wu Chen of the Tantai Empire and asked, "are you fighting or giving up?"

He directly raised the killing short gun, "if you fight, I will not give you a chance, I will directly use the mace."

"To remind you, once the assassin's mace is used, I can't stop, so there can only be one, I die, or you die."

When Wuchen heard Wang Fan's words, his eyelids jumped straight, "just that kind of means, can you still use it for a second time?"

There was some doubt in his words.

If Wang fan can really use that shot, no matter how strong he is, he is not an opponent and will surely die. But he didn't believe that Wang Fan could make a second shot.

If it was a normal battle, he would not gamble. He would lose one.

But the problem is, this battle involves the fall of the canyon.

If he admits defeat, he will lose the chance to enter the valley.

"You can try." Wang Fan's expressionless and indifferent response.

Of course, he can sacrifice the killing spear for the second time. With his current cultivation, he can sacrifice it twice in succession.

"I don't believe it." Finally, Wuchen decided to give it a go.

Almost the moment his voice fell, the whole person had disappeared from the original place like a ghost, and then killed Wang Fan.

Fast, fast to the extreme, fast to the mental and naked eye are difficult to identify.

In his opinion, as long as his speed is fast enough and he does not give Wang Fan the chance to kill, Wang Fan will surely die.

Wu Chen is like a ghost. He rushes to Wang Fan in an instant, then blows out.

But when his fist fell on Wang Fan, his face suddenly changed.

Because he didn't hit Wang Fan's body at all, he hit Wang Fan's shadow.

The thunder flashed, and Wang Fan appeared in another direction of the platform. At the same time, he had already grasped the killing short gun, and his aura began to surge wildly.

When Wu Chen saw this, his eyelids jumped and he cried out, "I give up."

When he called out this sentence, he was a little bit subdued, helpless and powerless.

Wang Fan's assassin's mace, he can't fight, his speed is not as fast as Wang Fan.

He almost wanted to vomit blood.

Where on earth did such a perverted fifth floor of the imperial realm come from.

In other words, is this really a monk on the fifth floor of the Empire?

Chapter 3046

Wang Fan heard Wuchen admit defeat, and without any nonsense, he put away the killing short gun and left the battle platform.

"Fengyun Empire, Wang Fansheng." Meanwhile, the nun of Luozhou stood up again to announce the winner of the competition.

"Wang Fan, I just found out now, you are really shameless."

"It's more than shameless. It's shameless."

As soon as Wang Fan returned to the position of Fengyun Empire, Feng eight wasteland, Feng nine Rou and other four couldn't help but stand up and give Wang Fan a thumbs up.

As soon as Wang Fan directly came to power, he didn't hesitate to use his mace. Even after he killed Chu Jun, he directly threatened Wu Chen and didn't give him any chance.

This kind of hooligan play is shameless to the extreme.

If they were to go up to Wang Fan, they would have to kneel down.

Wang Fan didn't care about the four people's ridicule at all. He said with disdain, "you can also learn from me."

All four shut up at the same time.

They can't learn this method.

What's more, they don't have the weapon of killing short guns.

Besides, although Wang Fan's playing style is somewhat shameless, he has the strength to do it.

Otherwise, how can he inspire such a powerful killing short gun, and how can he avoid the sudden attack of dust-free?

"The third battle, start." With the voice of the nun in Luozhou, the three empires sent Tianjiao on the stage again.

This time, Phoenix cloud empire is out of Phoenix nine soft.

For no other reason, Fengyun Empire won two consecutive games, and the other two empires must have been unhappy.

Therefore, in the third battle, the two empires will surely send the strong to confront each other and fight for the victory of the third battle.

In this case, it is also normal for Fengyun Empire to fight from fengjiurou.

Because the strength of Feng Jiurou is stronger than that of Jiang Hongtu and Bai Qianyao. If they fight, they will lose.

Sure enough, in the third scene, both the unparalleled Empire and the dantai Empire sent out extremely powerful men.

Three people on the stage, not much nonsense, launched the most crazy war. Moreover, the matchless Empire and the dantai Empire joined hands to fight against fengjiurou.

Obviously, the two successive shows of Fengyun Empire have angered them.

No matter which country won the third victory, they were not willing to give the winner to Fengyun empire.

Wang Fan and others can't help but scold the two empires for being shameless.

Two men besieged a woman.

However, they can only vent their discontent in their hearts, and nothing can be changed.

Unexpectedly, in the face of the joint attack of the two strong men, Feng Jiurou not only failed, but also became more and more brave.

She is showing her fierce fighting power and incomparable talent, behind her, there is also a pair of Phoenix wings.

Her body shape is like a phoenix of fire, constantly shuttling on the platform, bathing in the blazing fire, just like a Phoenix Nirvana.

The two strong men are in the flame world of fengjiurou. Even if they try their best to condense the water elements and turn them into icicles to resist, they still can't do anything and are accepted everywhere.

In the end, they failed to defeat Feng Jiurou one by one.

Fortunately, Feng Jiurou didn't kill her, so they didn't lose their lives.

Looking at this scene, on and off the stage, there is no deathless silence.

Three times in a row, Fengyun Empire won three times in a row.

Fengyun empire was the biggest winner in the Three Kingdoms debate, which was no surprise.

Fengyun emperor also couldn't help laughing. He didn't expect that it would be so smooth.

Five places, now Fengyun Empire has monopolized three, which is a great advantage.

In the fourth scene, Fengyun Empire Jiang Hongtu went to war.

Due to the brilliant achievements of Fengyun empire in the first three games, people are also looking forward to Jiang Hongtu's performance.

Jiang Hongtu didn't disgrace the Fengyun empire. Even in the face of the two Tianjiao's cooperation, he was still not afraid. It was hard for the two sides to separate.

It can be imagined that if he had fought one-on-one, Jiang Hongtu would have won the battle long ago.

Unfortunately, this is not a one-on-one battle, but a joint attack by two powerful men.

Although Jiang Hongtu was strong enough, he was still much worse than Feng Jiurou. In the end, he was defeated by them.

However, although Jiang Hongtu was defeated, his name was still remembered.

In the last scene, Bai Qian Yao, the fighter of Fengyun empire.

Compared with Jiang Hongtu, Bai Qian Yao is not so outstanding. In the face of the joint efforts of the two imperial masters, he has lost the battle and is out of the game.

Fortunately, I'm lucky that I didn't lose my life. In the end, the five places were determined, with Fengyun Empire occupying three, and the other two empires being one country.

"It's still a month before the canyon opens. After a month, we'll gather here. In addition, no matter who dares to move into the canyon, there will be no amnesty for killing. "

The nun in Luozhou stood up again, left a word coldly, and left.

The other two left without a word of nonsense.

Obviously, they come here to take charge of the battle and just deal with it. They are not willing to waste their time here at all.

The end of the war, Fengyun empire is undoubtedly the most dazzling, out of the limelight, attention.

Wang Fan spread all over the Empire again.

No one thought of the villain who was wanted by the unparalleled Empire and was beaten by everyone not long ago.

In a short period of time, it turned into Fengyun empire.

Not only that, but also on the most dazzling stage, he shot and killed the emperor Chu.

The name of Wang Fan once again created a sensation in the unparalleled Empire, and the momentum of the limelight was unique for a while.

An inn, Wang Fan and others stay, he looked at the Phoenix cloud emperor said, "emperor, I have two friends in the unparalleled Empire, I want to see them."

Because of the controversy among the Three Kingdoms, there was already a smell of gunpowder between the Three Kingdoms. In addition, Wang Fan killed the Chu king. Naturally, they had no choice but to move out of the palace.

Wang Fan's friends are naturally Su Luoyan and Qingxuan.

When Yunqing Academy was destroyed, they were forced to hide in the mysterious mountain, where Qingxuan lived.

Later, Wang Fan left Dashan and went to Liuzhou college, while the two stayed in Dashan for a long time.

After that, they never met again.

In fact, Wang Fan has long wanted to find Su Luoyan and Qingxuan, but he can't talk about the coming of the war, and he's sensitive to his identity, so he has to endure it until now.

"Well, let's go with you. It's a good time to see the mountains and rivers of the unparalleled empire." Fengyun emperor laughed and agreed without hesitation.

"Thank you, Emperor." Wang Fan rushed to give thanks.

He naturally understood what emperor Fengyun meant. He was worried that he was in danger, so he had to protect himself.

"Don't thank me. Let's start tomorrow." Fengyun emperor waved his hand.

"Good." Wang Fan nodded.

Chapter 3047

Baiyun city.

Wang Fan looked at the ruins in front of him. He couldn't believe his eyes.

In a short time, Baiyun City, which used to be full of flowers, has turned into a ruin?

Wang Fan stepped forward and grabbed a friar who was passing by in a hurry. "Elder martial brother, what's the matter? How did Baiyun city become a ruin?"

The friar was stopped by Wang Fan. He was still a little angry, but after feeling that Wang Fan was stronger than him, he immediately said,

"I don't know what happened. In a word, Baiyun city was destroyed overnight. It's not only Baiyun City, it's said that the mysterious mountains are also ravaged. "

"What?" Wang Fan's eyes immediately turned red. "Thank you, elder martial brother."

With that, he couldn't care about anything else, or even say hello to Emperor Fengyun, and rushed to the mysterious mountains.

Qingxuan and suluoan are both inside. He is worried that the second daughter will have an accident.

Wang Fan didn't need to ask at all. He knew that it must have been done by the imperial family.

It's mostly to find Qingxuan and suluoan.

But now it seems that the matchless emperor should not have caught Su Luoyan, otherwise it is absolutely impossible not to threaten him.

Phoenix cloud emperor Jun also has no nonsense, a group of people hurriedly followed up.

The endless mountains and endless monsters are still roaring wildly.

The roar trembles in the mountains, but there is a phoenix cloud emperor who is strong in the king's realm. There is no monster who dares to come out and do mischief.

The body of a group of people flickers, the speed is extremely fast, only when they arrive at the place where Qingxuan lives, Wang fan is silly again.

In front of him was also a piece of ruins. The old wooden house was no longer there. As for Qingxuan and suluoan, they disappeared.

Wang Fan's head blows, only feels a little puffy.

He tightly clenched his fist, his anger filled his whole body, and his breath was extremely violent.

The matchless emperor is deceiving people too much.

How much hatred does it have to be for an unparalleled emperor to treat him like this.

Not only did he get a red warrant, but even his friends refused to let him go.

Boom!

Wang Fan hit a huge tree with one blow, and the tree smashed into nothingness.

He could not help roaring and roaring angrily, "Chuhe, you son of a bitch, if I don't cut you, I will swear not to be a human being!"

Feeling Wang Fan's anger, Fengyun emperor and his party are all a little frightened.

How much hatred does Wang Fan have to be so angry.

What's more shocking to them is that Wang fancai, who is only on the fifth floor of the imperial realm, dares to kill the unparalleled emperor. What courage is it?

"Let's go." After a long time, Wang Fan calmed down his anger and turned to leave.

Fengyun emperor Jun and his party did not speak, but quietly followed Wang Fan. They all knew that Wang Fan was in a bad mood.

Even Fengyun emperor did not care about Wang Fan's irrationality.

When Wang Fan and his party entered the mountains, they were in the same hall as the imperial palace.

"Son of a bitch, if you dare to kill my Chu descendants, I will not let you go." The unparalleled emperor is also roaring madly.

He had a ferocious, frightening look.

If anyone saw this scene, they would be trembling.

It's really incredible why the emperor is so unruly and powerful.

"Jie Jie, Chuhe, if I were you, I would send someone to kill him."

"Don't you keep many unknown dead men in captivity? Are you afraid that they will be exposed if you want them to kill him?"

A voice of Jie came, and the unreal figure appeared again behind the Chu River.

Chuhe heard this, immediately burst into a rage, "Xu Daozi, you are an asshole, if it wasn't for you, how could I kill Wang Fan. I'll tell you, I'm dead in Chuhe, and you can't run away. "

"It's so easy to send the dead to kill Wang Fan. The strong people in Luozhou have spoken. No one dares to move them. There's no amnesty for killing them. Do you think I have the strength to fight against the three powerful people in the kingdom? "

Chuhe roared wildly and was furious, which made him look very impolite.

Xu Daozi said with a smile, "I'm like this now. Do you think I'm still afraid of death? If you hadn't destroyed the whole family, how could you have done so much? "

"Destroy the whole family and rob Ye Nan of the weather. You did all this. How much benefit do I get?"

"Damn it." Hearing this, Chu he was even more crazy. "If it wasn't for your improper employment and Wang Fan's knowledge of your existence, how could there be so many things?"

"It's good for you to get rid of the roots. Instead of getting rid of the roots, you've made him grow to such a state. You said, "are you deliberately biting me?"

When Chu he said this, he couldn't help being clever.

He felt that Xu Daozi was really trying to deceive him. Otherwise, how could Xu Daozi leave so many hands and tails and make Wang Fan such a disaster?

"Hey, hey." Xu Daozi disdains to sneer, "Chuhe, you are really shameless, but I don't want to explain."

"If you think it's my intention to leave a hidden danger, then think so. In a word, if you don't get rid of Wang Fan, you won't be safe in the future. "

"You can see the speed of his growth. Once he enters the valley and is still alive, you can wait to die."

The empty way son finishes saying, again Jie smile a, immediately disappear without a trace.

Chuhe slaps Yu Zhuo in front of him, and he can only be angry alone.

Wang Fan soon returned to the imperial city. After he entered the inn, he began his crazy closed door cultivation.

Now he just wants to cultivate, advance to the human kingdom as soon as possible, and then kill that son of a bitch in Chuhe.

But he also knows that it's very difficult for him to be promoted to Wang Jing. First of all, he doesn't have enough resources. Even Wang Dan, he can't get it.

Renwangdan is a necessary pill for the promotion of renwangjing. There is no such thing in the Three Kingdoms.

Only the land of Luozhou, as well as the mysterious valley, can be found.

In those years, Fengyun emperor went to Luozhou. After dying, he finally got a human Wang Dan. Fortunately, he succeeded in breaking the boundary.

Otherwise, he's still just a little monk on the ninth floor of the Empire.

In the palace, in a secret room, Chuhe came here. Behind him, there were three dead men with expressionless faces.

These three men's accomplishments have reached the peak of nine levels in the realm of the emperor. They are one step away from entering the realm of the king.

However, Chuhe knew that they could not enter into the realm of human kings all their lives, even if they owned Wang Dan.

Because their talent potential has been overdrawn, the ninth floor of the empire is the end.

These three people are all dead men who have been kept in captivity for countless years in Chuhe, and their loyalty does not need to be doubted at all. Even if Chu River let them die now, they would not frown.

"Remember what I said, kill Wang Fan at all costs. After you kill him, you should immediately make your own decisions without leaving any clues. "

At a certain moment, Chuhe said coldly.

The three nodded, "follow the orders!"

Chapter 3048

Half a month went by in a hurry. Wang Fan didn't go anywhere in the half a month, but stayed in the Inn and practiced crazily.

Unparalleled monarch is like a mountain, hard pressure on his head, he did not dare not work hard.

He wants to improve his cultivation regardless of everything. He wants to ascend the realm of the king as soon as possible. Only in this way can he get revenge.

Fengyun emperor, fengbahuang, fengjiuou and others seem to know that Wang fan is not in a good mood, but they did not disturb Wang Fan.

Even emperor Fengyun seldom leaves the inn, but guards it quietly.

On this day, late at night, the night wind is bleak.

Fengyun emperor is meditating. Suddenly, he opens his eyes.

"Who is it?" His mental power spread out crazily, and swept away in a flash.

Fengyun emperor brow lock, but it is ignored.

But before long, the illusory shadow came again, Fengyun emperor spirit swept out, but the shadow disappeared again.

Fengyun emperor's heart becomes dignified, he can feel that the illusory shadow cultivation is not weaker than him, which means that Fang Nairen is an expert in the realm of king.

Looking at the whole empire, there are only five masters in the human kingdom he knows now.

There are three strong men in Luozhou: matchless emperor, dantai emperor, taifengyun emperor and Luozhou emperor.

But this person's breath obviously does not belong to these five people, then who is this person?

Phoenix cloud emperor Jun face dignified think, still ignore.

But before long, the mysterious strong man appeared again, and this time, the other party launched a mental attack on him.

Repeatedly provocative, even if the Phoenix cloud emperor is very generous, are still some angry, he did not hesitate to chase out.

It's just that the mysterious strong man is so fast that he can't catch up with him and can only fall far away.

"Who are you and why are you provoking me again and again?" Fengyun emperor asked loudly, but the other side didn't pay attention at all.

After Fengyun emperor left the inn, outside the inn, three hidden figures came out.

These three people are all wearing black robes and hats. Not only that, their faces under the hats have

been completely disfigured, and they can't recognize their appearance.

They are the three dead men sent by the unparalleled emperor. They have been hiding outside for half a month and have been looking for opportunities.

It's a pity that Wang Fan didn't go out of the gate, and the second gate didn't go out. In addition, Fengyun emperor was here, so they didn't go out at all.

Seeing that half of a month passed, Chuhe could not bear it. This was the only way for xudaozi to help.

The illusory shadow just now is the illusory Taoist. His purpose is to lead away the Fengyun emperor.

As long as he leads the Phoenix cloud emperor away from the inn, even if the Phoenix cloud emperor feels wrong, it's not so easy to come back.

The three dead men went straight to the inn. Seeing this, the Inn staff wanted to ask. One of them slapped the staff directly and turned them into ashes.

After the man killed the man, the three went straight upstairs to Wang Fan's room with a clear goal.

Xu Daozi provoked Fengyun emperor three times. At the same time, he knew which room Wang Fan lived in and told them.

In the room, Wang Fan was practicing. At a certain moment, his eyes suddenly opened.

He felt three strong breath coming towards his room.

Feeling this scene, Wang Fan did not dare to hesitate at all, and madly began to set up the array prohibition.

However, he just began to decorate the prohibition. With a bang, the door of his room was exploding, and then it cracked.

Then the figure of three wearing bamboo hat suddenly appeared, and directly recklessly killed him.

Wang Fan looked at this scene, his eyelids straight jump, he did not hesitate to grab the killing short gun, crazy excited. But it's still a little late.

One of them had already got closer to him than the other two, and he slapped him on the chest.

Even Wang Fan felt a touch of suffocation.

Although this man's strength has not reached the realm of human king, he is definitely the top power under the realm of human king.

Boom!

With a blast, he spewed out a mouthful of blood essence, and the whole person flew out backwards.

At the same time, his killing pistol has also been sacrificed.

The horror of the killing power crazy swept, endless spear pattern tearing out, turned into a whirlpool of spear pattern, toward the man crazy volume.

But that person didn't have the meaning of avoiding at all, still brazenly forward.

Boom.

There was another burst sound, and the gun pattern all over the sky surged on the man, and the man's chest was immediately blasted out of a blood hole.

Then the gun pattern all over the sky wrapped him up and completely torn him.

The other two are charging forward to see the dead, hastened to crazy agitation true yuan retreat, but a step late. They were also twisted by the whirlpool of the terrible gun pattern, and their bodies were torn out of blood.

Fortunately, it's just a slight injury.

"Who are you and why do you want to kill me? The strong people in Luozhou have spoken. Who dares to move us will kill the whole people. "

The house had already burst. Wang Fan was in the void, and his voice was extremely cold.

At the same time, his voice was just like the mighty heavenly power, rolling out, instantly resounding in most of the imperial city.

It is impossible for Xu Daozi to arrange the forbidden air array and the shield array outside the inn even if he is a bull.

After all, Fengyun emperor is not a vegetarian. He dares to arrange this kind of array outside the inn. Fengyun emperor can detect it at the first time.

"You are so brave, how dare you assassinate Tianjiao of Fengyun empire."

"Hidden rat, aren't you afraid of being killed once you implicate your master?"

At the same time, Phoenix eight wasteland, Phoenix nine Rou has also felt wrong, rushed to the air.

They surrounded the two dead men with horns.

But only they knew that even if they were many, they might not have been able to beat the two dead men.

Both of them have strong breath. They are definitely the top nine in the imperial realm, and they are also the kind with extremely abnormal combat effectiveness.

If the former slain had not been too close to Wang Fan and had been killed with a short gun, I'm afraid that Wang Fan might not have been able to kill him.

The two dead men were surrounded by Wang Fan and their faces did not change at all.

They didn't even go to see fengbahuang. Like fengjiurou, they had killed Wang Fan crazily again.

Their goal is very clear, the heart of killing Wang fan is very firm, anyone can see their determination.

Wang Fan's face changed greatly. He madly urged the spirit in his body, and his body soared into the air. The killing short gun in his hand was even more violent.

It's not that he doesn't want to use the space to move to avoid, it's the other side's speed is too fast, he has no time to use.

After all, if in any case, in the face of any opponent, he can easily make a big move, then he will be invincible, and he is afraid of any unparalleled monarch.

Chapter 3049

All over the sky gun pattern swept out, tearing out endless gun pattern killing potential vortex, toward the two crazy bombardment.

Boom!

The violent cracking sound exploded at the top of their fists, and their fists tore Wang Fan's gun pattern whirlpool to pieces.

Wang Fan looked at this scene, a heart can not stop sinking.

Although he didn't trigger the killing short gun to kill, the power of the simple Lingyuan's shot can't be underestimated.

But these two guys, even relying on the meat fist, have already torn his gun pattern. What strength is this?

"To die!" Phoenix eight wild and Phoenix nine soft see this scene, the facial expression is also in the instant become ugly.

Almost at the same time, there were Phoenix wings behind them, endless flames around the whole body, crazy towards the two people killed in the past.

However, the two did not pay attention to fengbahuang and fengjiurou at all. As soon as their bodies flashed, they had killed Wang Fan again.

Obviously, they have only one goal, that is Wang Fan.

In any case, Wang fan should be killed here.

Wang Fan looked at this scene, eyelids can't help jumping, in the end is how much hatred, just let these two guys regardless of their lives to kill themselves.

In fact, he had already guessed that most of them were sent by the unparalleled emperor, but even if he knew, what could they do?

Let's not say that the three strong men in Luozhou are not here. Even here, he has no evidence.

At the same time, so long, Fengyun emperor did not appear, obviously, the other side is after careful calculation, Fengyun emperor was transferred.

Seeing that the two dead men were about to kill themselves, Wang Fan dared to have other thoughts.

He once again reckless crazy triggered the killing short gun kill potential, crazy to one of them.

The tremendous killing power diffuses out, and the endless gun pattern completely tears the air.

In a whimpering sound, the terrible gun pattern with violent killing force rolled towards the dead man.

However, in the face of such a crazy and terrible situation, the dead man didn't even blink his eyelids.

He stepped out with one step, holding out a long black knife in his hand, aiming at the gun pattern all over the sky.

Boom!

The violent cracking sound sounded again, the knife awn collided with the gun pattern, and the knife awn smashed.

Although the gun pattern was also broken up by the agitation, the afterwave still rolled towards the dead man.

A blast rang from the dead man's chest, his chest spattered with a mass of blood mist, falling from a height.

However, before he fell on the ground, he had no hesitation and slapped his head with a slap.

Boom.

There was another explosion, and the dead man fell from the sky.

What Wang Fan looked at was his heart trembling wildly.

He finally thought of a word, death.

At the same time, the other dead man had rushed to Wang Fan's side, and his long gun rolled up sharp gun lines and stabbed Wang Fan in the heart.

At the same moment, fengbahuang and fengjiurou had already killed him, and their fists with endless flames were blown out.

Obviously, they need to force the dead man to stop.

However, they underestimated each other's determination.

The dead man didn't even look at Feng Bahuang. They didn't even bother to hide.

His spear was torn apart, stabbed forward, and went straight through.

Wang Fan's eyelids jump straight, and a touch of despair also emerges in his heart.

The current situation is really a dead end for him.

Two times in a row, he started to kill with a short gun. In addition, he had been injured before. In the face of this shot, he could not escape.

Unparalleled emperor, it's really a cruel means.

He really couldn't understand why the unparalleled emperor could not wait to kill him. He even took the risk of being found out by the strongmen of Luozhou.

Seeing that the gun pattern all over the sky was about to fall on him, Wang Fan closed his eyes in despair.

He has no power to resist, no power to hide.

"Rat, seek death." However, at this time, a low voice suddenly came from the void.

The next second, all the killing power that shrouded Wang Fan had completely dissipated.

Wang Fan opened his eyes, only to see the dead man stiff in place, motionless, long gun raised the gun pattern, also completely disappeared. The tip of the gun was less than one meter away from him.

The distance of one meter, for monks, is not much different from one centimeter between ordinary people.

Looking back, Phoenix eight wasteland, Phoenix nine soft, also be imprisoned in place, can't move.

Their eyes were full of horror.

In the void, a middle-aged man, with a gloomy face, stepped down slowly, and his body was rippling with endless dignity.

The land of Luozhou is a place where people are king and the territory is strong. "Thank you for your help." Wang FA couldn't help but feel relieved. He said thanks and fell down.

The man Wang Qiang nodded and looked at the dead man, "who are you and who gave you the courage to kill Wang Fan?"

The dead man didn't speak at all and his face was expressionless.

"Hum!" Seeing this, the strong man in Luozhou gave a cold hum, grabbed it out with a slap, and directly took down the dead man's hat. Can be printed into the eye, but it is a face beyond recognition.

Whoa!

At this time, the dead man who felt a little loose seized the opportunity and directly cut off his meridians. He fell down completely.

Fall.

"Well?" The celebrity Wang Jingqiang frowned and wanted to stop it, but it was too late.

Whoosh, whoosh.

At the same time, the sound of three breaking winds resounds. The unique emperor, Fengyun emperor and dantai emperor all appear here.

They look at the scene in front of them, and they are all shocked.

"Wang Fan, are you ok?" Fengyun emperor is the first to rush to Wang Fan and ask.

"What's the matter, and who are they?" The emperor of dantai asked.

The unparalleled emperor also said, "who has the courage to act in the king's territory?"

Wang Fan cold swept matchless emperor one eye, then looked to the Phoenix cloud emperor said, "let the elder worry, I'm ok."

Seeing the arrival of the three emperors, the strong man in Luozhou gave a cold hum and looked directly at Wang Fan, "do you know who did it to you? You can tell if there are any suspects. "

Wang Fan looked at the strong man in Luozhou and shook his head slightly. "Back to the elder generation, the younger generation didn't know, and there was no object of doubt."

Even if he doubted the unparalleled emperor, he could not say it. After all, there was no evidence.

What's more, who knows what the strong man in Luozhou thinks. If someone is just being polite, and he says that he is a matchless emperor, won't he offend others?

The strong man in Luozhou nodded, then his eyes fell on the matchless emperor, "matchless emperor, give you half a month to find out the murderer, otherwise, I will ask you."

"Yes." Matchless emperor quickly nodded, but his heart was also relieved.

Naturally, he knew that since the strong in Luozhou said so, he did not intend to thoroughly investigate the matter. Otherwise, the other party could not be so friendly.

Chapter 3050

Wang Fan sneers, the land of Luozhou is really peaceful here.

But he can't say much.

At the end of the matter, the party soon dispersed. Because the inn was destroyed, Wang Fan and others had to find another inn to stay.

Unparalleled imperial palace.

"Waste, it's really waste. Such a good opportunity didn't succeed." The matchless emperor is roaring wildly.

He is really angry, three imperial realm nine peak dead men hand, or empty Taoist son personally lead away Fengyun emperor.

Such a good opportunity, even failed to kill Wang Fan, that want to kill Wang Fan again, I'm afraid it's very difficult.

After an assassination, Fengyun emperor will never leave Wang Fan again, and he will never have another chance.

What's more, once an assassination, the strong in Luozhou may not be investigated, but twice, that's not the same.

Even if the strong people in Luozhou no longer want to take care of the bad things here and stay here more, they will be angry if they slap their faces twice in a row.

"Jie Jie, up to now, we can only go one step at a time." Xu Daozi's figure appeared and Jie said with a smile.

He successfully led away the Fengyun emperor, and the three dead men failed to kill Wang Fan. Even if he was a false Taoist, there was no way. It can only be said that the three dead men are too useless.

"Up to now, we have to go step by step." The matchless emperor can only sigh, "by the way, your identity has not been seen through."

Xu Daozi said with a smile, "don't worry. I haven't come out for many years. He won't recognize me."

The unparalleled emperor nodded, which was a relief.

In the Inn room, Wang Fan looked at Fengyun emperor and asked, "master, do you know who led you away?"

Wang fan doesn't have to think about it at all. He also knows that the other party must be strong in the human kingdom.

But he had some doubts. There were only five people here. How could there be a sixth one.

Can we say that the unparalleled Empire has two powerful people?

That's unlikely.

If there were really two strong kings in the unparalleled Empire, I'm afraid they would have unified the Three Kingdoms long ago. Where would they be in a corner.

Fengyun emperor frowned and said a moment later, "although I don't know who he is, I think of a famous person many years ago."

"Who?" Wang Fan asked.

"Empty Tao Zi." Fengyun emperor replied.

Boom!

Almost as soon as his words fell, Wang Fan stood up and felt that his head was about to burst.

His eyes, the emergence of blood scarlet, violent murderous gas is swept across the room.

Xu Daozi, this is the name of a dream devil. Wang fan is too familiar with it.

"Why, do you know him?" Phoenix cloud emperor Jun aware of Wang Fan expression is not right, but some doubt, can't help asking.

"Years ago, this man sent someone to kill me, but he failed." Wang Fan deep breath, slowly answer.

At this time, he already knew why the unparalleled emperor couldn't wait to kill him. It turned out that this guy was in collusion with Xu Daozi.

Perhaps, when they sent people to the secular world to kill themselves, the unparalleled emperor also participated.

Because only in this way can everything be explained.

Others don't know the speed of Wang Fan's growth, but Xu Daozi is clear.

After all, when he sent the Nie family to die and the secular world killed him, he had only a little inner strength.

But in just a few decades, he grew up to the fifth floor of the imperial realm. This speed has already made Xu Daozi and Xu Daozi fear, even fear.

"Oh, there are such things. Are you a descendant of the Wang family?" Phoenix cloud emperor Jun eyes can't help but squint for a while, surprised of ask a way.

"Wang's descendants?" Wang Fan some doubts, but still said, "I don't know, because I never know who my parents are."

"I see." Fengyun emperor nodded, "if I guess it's good, you must be the only orphan of Wang."

"A hundred years ago, the unparalleled empire was not controlled by Chuhe, but by Wang Huang. At that time, Wang Huang level was powerful and suppressed ZhuXiong. "

"Even those who are strong in Luozhou are afraid of Wang Huang level. At that time, Wang's pulse was even more at its peak. "

"It's just that Wang Huangji is too sentimental and headstrong. He got two pieces of human Wang Dan. He didn't keep them in secret, but publicized them."

"When the house slave Xu Daozi and the general Chu he learned about this, they were greedy. Then they took advantage of the trust of the king and the emperor, and attacked the king and the emperor secretly."

"It's just that this king level is also an extraordinary person. He spared no effort to protect the only orphan. On his deathbed, he used a secret method to send away the orphan and general Ye Nantian."

"Since then, ye Nantian and the orphan have not heard from each other, and they are missing."

"And the fall of Wang Huang level, Wang's pulse split in an instant, overnight was slaughtered clean, Wang's luck is ruthlessly taken away." "Later, Chuhe occupied the unparalleled Empire, ascended the throne and occupied the unparalleled empire."

Fengyun emperor said so much in one breath, and then sighed, "I said why Chuhe planned to kill you. It turns out that you are the orphan of Wang family."

Wang fan can't help but clench his fist. He only now knows that Chuhe and xudaozi have killed his family.

And these two people, once they were just slaves of the Wang family.

What a dog slave.

Wang Fan's intention to kill is enormous.

The next half month, Wang Fan quietly stayed in the inn to practice, where did not go out.

At the same time, his cultivation became even more crazy.

If he doesn't take Chu he and Xu Daozi out of their souls to refine their spirits, he will be a son of man in vain.

Bearing the hatred of extermination, Wang Fan tried his best to cultivate himself.

Half a month passed in a hurry. During this half month, Chuhe did not send anyone to kill Wang Fan.

Obviously, he also knew that if he could not kill Wang Fan the first time, it would be more difficult the second time.

What's more, the Fengyun emperor is always by Wang Fan's side. In addition, there are three famous kings in Luozhou.

Even if Chu he wanted to kill Wang Fan again, he didn't dare to do anything.

On this day, the time appointed by the land of Luozhou was up. Wang Fan, Feng Jiurou and Feng Bahuang came to the central square.

Central square, the land of Luozhou, has long been waiting for the strong, and unparalleled emperor, dantai emperor and Fengyun emperor are seeing off in person.

Wang Fan looked at the unparalleled emperor from a distance. He was calm on the surface, but his heart was full of murders.

The unparalleled emperor noticed Wang Fan's eyes and glanced over, not only not angry, but also showed a smile.

This hypocritical old thing, dog slave.

Wang Fan scolded in his heart.

Whoosh.

At this time, Wang nuxiu, the famous woman in Luozhou, stepped onto the high platform, took out a spaceship with her hands open, then looked at Wang Fan and said, "well, since all the people have arrived, let's go."

"Master, let's go first." Wang Fan three people toward the Phoenix cloud emperor bow body embrace fist, then step on the spaceship.

The other two Tianjiao didn't waste their time, so they set foot on it.

On the spaceship, Wang Fan once again coldly looked at the unparalleled emperor, and vowed in his heart: this trip down the canyon, will achieve the realm of man and king.

When he came back, it was the time when the dog slave died!
