

Mighty Sk 3101

Chapter 3101

That celebrity immortal nine layer friar stares at Wang Fan, the whole body can't help but tremble.

At this time of him, where there is before the anger and killing?

He never thought that Wang Fan just used a knife to kill his companion.

You know, the strength of his companion is a little stronger than him.

"I --" his Adam's apple wriggled a few times, and he was about to ask for mercy.

"Whoosh!"

Wang Fan started again, "since you don't do it, I'll do it first. You can't blame me for giving you a chance."
"

Wang Fan says, the shadow knife in the hand has already chopped out.

Dao mang was crazy again, and the celebrity immortal nine layers had no room for resistance, so they were directly killed by a knife.

Looking at the two bloody bodies on the stage, the friars could not help feeling numb again.

This strength is simply too strong.

Wang Fan didn't pay attention to the shock of those people, and didn't even look at the two dead monks. He put away their space rings and stepped out of the battle.

"Elder martial brother, I have settled the matter. Let's go." Wang Fan looked at the man and said.

"Good, good." The immortal man looked at Wang Fan and nodded quickly.

He no longer treated Wang Fan as casually as before.

This guy is a tough guy.

He even regretted whether he had found the wrong business partner.

If this guy lives in his house and doesn't give him rent, he will lose a lot.

Because he felt that he was not necessarily Wang Fan's opponent, he could not be sure of Wang Fan.

An hour later, Wang Fan followed the man to a courtyard.

This courtyard is not big, but there are more than ten rooms in it, but each room is not big, at most it is only ten square meters.

"Younger martial brother, those rooms haven't been occupied yet. Just choose one." The man points to a few rooms that haven't been occupied and says to Wang Fan.

Wang Fan nodded, picked a room near the corner, and then grabbed a hundred thousand black yuan Dan.

"I'll live in this room. This is the 100000 black yuan pill. Here you are first."

The man took over Wang Fan to pass the black yuan Dan in the past, the heart is finally slightly relieved, "Hey, in fact, don't be so anxious."

"By the way, my name is Qiu Chang. This is my communication pearl. You can call me whenever you have anything."

"Good." Wang Fan nodded, but he despised Qiu Chang.

This guy doesn't have to be in such a hurry. In fact, he has already collected the black yuan Dan, as if he is afraid that he won't give it.

Of course, Wang Fan did not care.

After all, if you rent a house, you have to pay the rent, which is what it should be.

After Qiu left, Wang Fan entered the room.

He arranged numerous prohibitions in the room, and then he sat down to practice.

In this way, a month passed quickly. After three days of observation, he found that the monks living in the courtyard were all human immortals, and there was no one earth immortal.

I don't know if it's Long Qiu who wants to pit these low-level friars, or if he doesn't dare to find high-level friars to live here.

Of course, Wang fan doesn't care about these.

What he cares about now is where to find cultivation resources.

"Younger martial sister, do you want to worry? I can't. I'll buy some pills?" Just as Wang Fan was thinking about this, a man and a woman walked into the yard.

Wang fan knows them. They are also tenants living here, and they are a couple.

About twenty days ago, they left the house and have not come back until now.

But I don't know what's going on. They all have injuries, especially the nun. She has a disordered breath and is obviously seriously injured.

"Elder martial brother Cheng, I have nothing to do. I'd better not buy it." The nun said weakly.

However, her eyes were a little gray, and there was even worry and hatred in them.

"Those sons of bitches, they are so brutes. Even if they snatch the black stone we finally dug, they still want to do that to you. "

"Beast, I just hate that I'm not strong enough to kill those bastards."

The male cultivator helped the female cultivator to walk in and said angrily.

The nun waved her hand. "Elder martial brother Cheng, I don't think it's safe here. They won't let us go. Let's get out of here early. "

When he heard this, he was stunned. "This is the territory of chief Qiu. We live here. Don't they dare to come here?"

"Although they are powerful, they are no more than nine levels of human immortals. Chief Qiu is a strong one."

The nun shook her head. "Who can say that? That Qiu Chang is not a good thing. If those people give him enough benefits, maybe he won't get involved in it. ""What's more, he doesn't have to intervene. As long as he finds an excuse not to show up when those people come here, it's enough."

"Besides, all five of them are immortal. If they add up, they may not be afraid of Qiu Chang."

The male nun was obviously not as careful as the female nun. His eyes narrowed when he heard the other person's words.

In the room, Wang Fan listened to their conversation, but his eyes couldn't help brightening slightly.

Digging black stone?

Isn't he worried that he can't find a place to dig heiyuanshi? Since the couple just came back from digging heiyuanshi, they obviously know where there is heiyuanshi.

Thinking of this, Wang Fan rushed out of the room.

"Brother and sister, please." He was about to ask where he could find the black stone.

With a bang, the courtyard door outside was kicked open.

Then, five fierce friars rushed in with a look of anger.

Wang Fan turned his head and took a look. These five people are all nine level monks of human immortals. Their breath is very cold.

In Wang Fan's opinion, any one of these five people is better than the two who were killed by him.

When the couple saw the five people coming in, their faces turned ugly in an instant.

The nun's face was even paler, and despair appeared in her eyes.

In the eyes of man Xiu, there was an unprecedented anger.

"Run? Where are you going? Damn, you dare to plot against our brothers and rob us of black stone. You are looking for death. "

One of the five, pointing to the couple, said viciously.

But Wang Fan knew that this man was farting.

With the accomplishments of that man and his wife, unless they are out of their mind, how can they provoke the five person group?

"Yao Gao, you are shameless! Even if you rob our black stone and hurt our husband and wife, you still want to occupy my wife. Are you still human? "

"We have cooperated several times. How can you do that?"

The male repair points to that opening Yao Gao, angry opening.

The nun's face was also gloomy. She said coldly, "yaogao, this is elder martial brother Qiu's territory. How dare you make trouble here?"

The young man named yaogao didn't pay any attention to the couple at all. Instead, he looked at Wang Fan coldly, "it's just a mole ant. If you don't want to die, get away from me, or I don't mind killing you first!"

Chapter 3102

"Younger martial brother, please leave here quickly. Don't let my husband and wife get involved. They are animals."

"Younger martial brother, this is Yujian. What you just asked is in it. Take it and leave quickly."

When the couple heard Yao Gao's threat, they remembered the existence of Wang Fan and the problem of Wang Fangang.

They hurriedly said to Wang Fan, at the same time, the injured nun also threw out a jade slip.

Wang Fan held the jade slip in his hand, but he didn't leave. Instead, he looked at Yao Gao calmly, "you just threatened me to roll, otherwise you don't mind killing me?"

His tone is very insipid. It seems that he doesn't care about Yao Gao's five people at all.

Yao Gao said angrily, "that's right. I want you to go away. What do you want? You're just a fairy. Believe it or not, elder martial brother Qiu won't come out for you if I kill you now? "

"I don't believe it." Before Wang Fan spoke, a cold voice came from the door.

Then, Qiu Chang came in.

In fact, Qiu long knew Yao Gao's arrival, but he didn't want to meddle.

After all, Yao Gao's five people are all nine levels of cultivation of immortals, and they all have some means. Even if he fought with the other side, he would not be able to gain an advantage.

Therefore, he did not want to offend the five people for the sake of the couple, but planned to be a tortoise.

However, the appearance of Wang Fan, but he had to stand up.

Because he knows the strength of Wang Fan. If Wang fan is also involved, it would be bad if his landlord doesn't show up.

Yao Gao five people hear Qiu Long's words, the facial expression immediately chills down.

"Elder martial brother Qiu, what do you mean? Do you want to offend our brothers for these three mole ants?"

"Elder martial brother Qiu, although you are the strong one of the immortals, my five brothers are not so easy to be provoked. You have to think about the consequences."

"Chief Qiu, don't blame us for not reminding you that we also know the strong one of the earth

immortals."

Five people look at Qiu Chang and threaten in unison.

That couple is also slightly a Leng, and then quickly forward respectfully say hello, "brother Qiu."

They didn't expect that Mr. Qiu would really stand up at the critical moment, but now that Mr. Qiu has stood up, their danger will be less.

Qiu nodded to the couple, then looked at the five yaogao people calmly, "this is my site, they are my tenants."

"You can go out to solve your problems, or go directly to the duel table. When we get outside, no matter what you do, I'll never interfere. "

"But not here. If you want to do it here, I have only one word, go away. "

Qiu Chang can be said to be awe inspiring and resolute.

"Are you serious?" Yao Gao's face was even more ugly. He even saved his calling.

"Don't you understand me? Do I have to say it again? " Qiu Chang's face was colder.

"Good, good." Yao Gao five people gloomy face nods, finally did not start.

Yao Gao looked coldly at Wang Fan and said, "mole ants, if you are really capable, you will stay in this corner all your life."

Said, Yao Gao also specially looked at Wang Fan, "mole ant, dare to provoke my brother, you are really big courage, this time Qiu Chang can save you, next time, I hope you still have this kind of good luck."

"Let's go!"

With that, he was about to leave with a wave of his hand.

Just at this time, Wang Fan said, "go? Do I want you to go? Threatening me and wanting to leave, are you thinking too simply? "

As soon as Wang Fan said this, everyone's face could not help changing.

The couple looked at Wang Fan inconceivably. They didn't understand why all the five Yao Gao were going to leave. Wang Fan dared to say that.

Is it difficult for Wang Fan to think that with Qiu Chang here, he can stand up and threaten?

Yaogao five people's faces also can't help but suddenly change, and their steps suddenly stop.

They look back and stare at Wang Fan coldly, "what do you say? You won't let us go? "

They are incredible and angry at the same time.

This mole ant, is live impatient?

"Do you think we can't touch you with chief Qiu here?" Yao Gao's eyes are full of fierce murders.

Wang Fan disdains to smile, "whether Qiu Chang is here or not, you can't move me."

Then he moved.

He grabs the shadow knife with his right hand and cuts directly at yaogao.

The light of the sword is bright, just like a thrill, and it comes in an instant.

Yao Gao saw this scene and laughed angrily, "good, good, what a big dog."

However, his face had changed greatly before his last word "courage" came out.

He was aware of the power of the knife, which he could not resist at all. Unfortunately, he wanted to dodge, he wanted to resist, but it was too late.

With a hiss, the shadow knife cut his throat like a vegetable.

Red blood splashed, his whole person fell to the ground, died on the spot.

"With your strength, you dare to threaten me. I don't know where you got the courage."

"Is it difficult to think that if you are a human immortal, you can do whatever you want without paying attention to me?"

Wang Fan disdained to see the body of Yao Gao one eye, the vision is icy cold to see to another four people.

These people have just shown a murderous attitude towards him, and he will never leave any trouble behind.

At this moment, except for Qiu Chang, all the people in the whole scene were dead and their brains were blank.

Seven layers of human immortals killed nine layers of human immortals at random. Are you kidding?

That couple is more incredible, looking at Wang Fan, heart set off a storm.

This combat effectiveness is really against the sky. No wonder people are not afraid of yaogao five.

If they have the strength of Wang Fan, they will not be afraid.

"How dare you kill Yao Gao?"

"You killed Yao Gao?"

"Son of a bitch, you are looking for death!"

"As you can see, chief Qiu, it was he who killed first. No wonder we did."

The other four came back to their senses, shouting angrily.

Their murders have sprung up, and their magic weapons have been seized in their hands.

Obviously, they are ready to completely frustrate Wang Fan.

Qiu Chang didn't speak, but he took a few steps back quietly.

Now things can't be solved simply by his words.

Of course, Qiu Chang did not think that these four men could beat Wang Fan.

His heart was also shocked again. This man is so abnormal.

Wang Fan grabbed the shadow knife and looked at the four people with disdain, "people have been killed, what else dare?"

"You don't have to ask elder martial brother Qiu. It has nothing to do with him. If you want to kill me, just come up. I'll see if you have that ability. "

"To die!"

"Boom!"

Wang Fan's voice fell, and the momentum of the four immortals had risen wildly, and they came over with magic weapons.

Chapter 3103

Looking at the four people killed crazily, Wang Fan's eyes flashed a touch of disdain, and his right hand suddenly moved forward to swing away the violent energy storm.

Then, with a flash of his body, he appeared in the sky.

He lives here. He doesn't want to fight and destroy it.

"Where to go?"

"Stay."

When they saw Wang fan flying up into the air, they were all angry and flew up.

The magic weapons in their hands flashed out again, and set off a series of fierce killing awns, strangling Wang Fan.

Wang Fan cold smile, this time, he did not continue to avoid, but a wave of shadow knife, directly cut out.

The sword awn raised by shadow knife first blew on one of the magic weapons. With a click, the magic weapon was smashed, and a mouthful of blood came out of his mouth.

He didn't even have the chance to react. Those late comers had already hit his body and crushed him completely.

A knife, a second kill.

After Wang Fan killed the man, the other three attacked him.

Wang Fan directly a space big move dodge past, the next second appear, already to three people behind.

Three people feel this scene, almost have some scalp numbness.

The seven levels of human immortals, the metamorphosis with strong fighting power, even controlled the rules of space. How the hell do you fight?

They felt the cold sweat coming out of their bodies.

But Wang Fan didn't stop at all. He had already cut it off.

Blood began to rain in the sky, and another monk was killed mercilessly.

In a short time, Wang Fan has killed two people.

At this time, the only two monks were completely afraid, and they had no intention of fighting.

See Wang Fan raise shadow knife again, they can't help roaring, "stop, we admit defeat."

Wang Fan sneer, he not only did not stop, but also more sharp attack.

Stop it? Admit defeat?

That's funny.

Is this a game?

When they thought they could kill Wang Fan, they joined hands to kill Wang Fan mercilessly.

Now he killed two people and knew they were not his opponents, so he said he would admit defeat.

What's the truth?

Seeing Wang Fan cut off, the two monks were dead.

They burn blood essence crazily, they wave magic weapon crazily, want to avoid, want to resist, but it's too late.

After the two hissing sounds passed, their bodies were directly smashed by the sword, and their spirits were destroyed.

After Wang Fan killed four people, he fell to the ground.

Qiu Chang and the couple, looking at Wang Fan, were completely stupid.

It's really a terrible person. The seven levels of immortals are abnormal.

It's like killing a chicken or a dog.

"Thank you, elder martial brother Qiu. Thank you for your jade slips. I'll go back to my room and have a rest first." Wang Fan hugged the three and went back to the house.

He will go back to see the jade slips, and then go out to look for heiyuanshi.

Qiu Chang laughed awkwardly, didn't say anything more, and left directly.

"Thank you, elder martial brother." The couple gave thanks.

Although they gave Wang Fan jade slips, Wang Fan saved their lives. This is a great kindness.

If there were no Wang Fan today, they would surely die.

Because they have already guessed why the chief Qiu appeared.

Not because of them, but because of Wang Fan.

After Wang Fan returned to the house, he took out the jade slips and swept away his mental strength. He knew where the couple had dug the black stone.

It's a continuous mountain range, also known as the death mountain range. It's said that poisons are everywhere. If you are not careful, you will be poisoned to death.

And that couple, it was there that they dug the black stone.

As a matter of fact, not only the couple, but also many low-level friars who didn't mix well were digging black stone there to survive.

After all, it's hard to cultivate for the non high cultivation, and the cultivation resources are even more difficult to find.

Moreover, it is precisely because the mountain is full of poisons and has the name of "death mountain", that there is no big family to follow.

Otherwise, they would have been occupied by those powerful families, and it would not be their turn to seek opportunities.

Wang Fan frowned and kept silent for a moment, intending to go and have a look by himself.

Because he also needs heiyuan stone and heiyuan Dan. Without these things, his accomplishments would be impossible.

After Wang fan made the decision, he did not stay in his residence. That night, he left his residence and went to the death mountain.

At the moment when he left his residence, in the solemn meeting hall of Zhaojia, a friar had handed the investigated information to the dignified man sitting in the first place.

The dignified man sitting in the first place is no one else. It's the Zhao family, Zhao Tangchun."The master of the family has been investigated. The man who killed two people on the duel platform not long ago is a monk on the ninth floor. His name is Wang Fan."

"He came to the land of tunyun more than two years ago and was led to the Mohist castle."

"In less than three years, this man has gone from the cultivation of the emperor to the seven levels of immortals, and he has killed many high-level strong men. Even if it's a monk of the earth immortal level, he has killed two. "

"according to the current investigation, he mostly killed the boy."

The friar respectfully handed up the information and said.

"Pa!"

Zhaotang pure listen to this, a slap on the table, look ferocious up, "really big courage."

"It's just seven levels of immortals. I dare to kill my family. Do you think it's great to be able to cross the level?"

"In less than three years, we can cultivate from emperor to immortal. This speed is really good, but it's far from genius."

He was angry and disdainful.

Obviously, he's seen a lot of talent.

But the monk who reported the situation didn't agree. Wang Fan came from a low position. There was no backstage. In this case, after three years of cultivation, he was no longer a genius, but a pervert.

But the geniuses who have been seen by the home owners all have deep backgrounds, and the resources are inexhaustible. How can they be compared?

If the same exchange conditions, they simply can not compare with Wang Fan.

"Where is Wang Fan now? No matter whether he killed my son or not, bring him to me first."

"Just a fairy, dare to be so arrogant, I want to let him know, my Zhao family, not he can cause, my Zhao family, not he can kill."

After a while, Zhao Chun said.

"Yes." The friar nodded quickly and then took the order.

Before long, the strong of Zhao family had come to the courtyard where Wang Fan lived.

But Wang Fan has disappeared.

After learning about this, Qiu arrived tremblingly, but he didn't know where Wang Fan was.

The couple had some doubts about Wang Fan's mining in the death mountains, but they would not tell.

Wang fan is their life-saving benefactor.

Fortunately, although the strong of the Zhao family were domineering, they didn't vent their anger on the little people like Qiu Chang.

They just told Qiu Chang that once Wang Fan came back, he would inform Zhao's family immediately, and then left in a hurry.

Wang Fan didn't know that he was lucky to escape the disaster. At this time, he had already appeared tens of thousands of miles away from the imperial city.

Chapter 3104

It's gray here, and there are many monks shuttling in it.

The monks were wearing masks and even wrapped up, as if they were afraid of being eroded by this poison.

Wang Fan felt it for a moment and couldn't help frowning.

He has not entered the mountain of death yet, but he has felt the strong poison gas. If he goes in, is that great?

This is not a simple poison gas, it will not only corrode the channels and blood vessels, but also corrode the viscera.

"Elder martial brother, are you going to mine in the dead mining area? Is this your first time here? I have excellent antidote pills and protective clothing here. Would you like a set? "

Wang fan is feeling the poisonous gas in the air. A monk greets him with a smile and says to Wang Fan with a smile.

Wang Fan took a look at the man and immediately knew that he was here to do business.

And he also knew why this man came to him, because he was the only friar who came here without any protection.

"I don't know how to sell your antidote pill and protective clothing?" Originally, Wang Fan intended to wave the monk away, but he changed his mind after thinking about it.

No matter how useful the other's protective clothing and antidote pill are, it's not a bad thing to buy one.

The friar heard Wang Fan's words, immediately surprised, "I here detoxification Dan and protective clothing are divided into three grades."

"The first level needs 10000 black yuan, the second level needs 100000 black yuan, and the third level needs one million black yuan."

This guy really dares to offer. The lowest price is ten thousand black yuan Dan, and the most expensive one is even one million black yuan Dan.

Wang Fan sneered in his heart. He really bullied him. This is his first time here.

Even if he doesn't understand the market, he knows that this guy's asking price is not only high, but also high.

You know, the monks who come here to mine are risking their lives. How many of them are so rich?

If they really spend so much money on "equipment", I'm afraid they won't be able to earn money back from digging here for a year.

"You are too expensive. I think you'd better go to someone else. If I have so many black yuan Dan, I'll come here to dig black yuan stone. "

Wang Fan curled his lips and turned his head to leave.

As soon as the friar saw that Wang Fan was going to leave, he was immediately worried, "elder martial brother, don't worry about going. The price can be discussed again."

Wang fan made a painful expression and grabbed ten black yuan pills. "I only have so many black yuan pills. Do you think I can sell them. If you can sell, you can trade. If you can't sell, you can pull down. "

When talking, Wang Fan has secretly used mixed lines to try to erase the poison that has penetrated into the body. To his surprise, the mixed pattern trace can really do it.

So the poison here is no threat to him.

But even so, he still wants to buy the equipment he should buy. Otherwise, if it causes doubt, it will die?

Wang Fan also didn't expect that the mixed grain trace was so against the heaven that even the poison could be swallowed and dispersed.

It's really a good thing that appeared at the beginning of the universe.

"Ah?" The friar opened his mouth and looked a little ugly.

It's not that he's never seen one who can bargain, but it's the first time he's seen one like Wang Fan.

But even so, he finally bit his teeth and nodded, "OK, I'll sell you the cheapest set."

"I can tell you that I'm losing money. When a friend comes, you can introduce him to me."

The friar said, grabbed the black stone, then threw out a black clothes and black pills.

"I see." Wang Fan said this in his mouth, but he sniffed in his heart.

Losing money? It's a trick.

At the same time, he also sighed the dark belly of this guy.

Even if he didn't want ten black yuan pills, he dared to ask for ten thousand, even one million.

It's too dark to say.

Wang Fan did not take the pill, but put it away, but he put it on his body.

In Wang Fan's opinion, this dress is really not very good. It just depicts some simple isolation and prohibition.

It's just that Wang Fan's idea of isolating the poisonous gas from the forbidden system is just a fool's dream.

As for the pill, it's rubbish. Wang fan made any pill, which is 100 times stronger than the dark pill.

It's just that everyone here is wearing this kind of clothes. If he doesn't, it's too conspicuous.

Wang Fan did not continue to talk nonsense, but intended to go inside, it is to start mining.

But he still didn't have time to go in, there were three monks coming.

"Younger martial brother, are you going to dig the black stone too? How about we form a team together?"

This is the ninth floor of the three immortals. From the breath point of view, the strength is barely enough. Wang Fan Leng for a while, "dig black stone, there are teams, a person can't dig it?"

This time, it was the three men's turn to be stunned.

After a long time, one of them came back to his senses and said, "younger martial brother, you don't

know. Everyone who goes in to dig the black stone has a team."

"Otherwise, if you dig by yourself, you will be easily robbed if you don't take care of it."

Wang Fan suddenly realized that he finally knew why these three people wanted to form a team with him.

He waved his hand and said casually, "even if we form a team, I just came to have a look. I'm not sure if we can dig the black stone. The poisonous gas here is so powerful that I'm afraid I can't bear it."

With that, he didn't wait for the three people to respond, he had already flashed into it.

Three people looking at Wang Fan's back figure, the facial expression is can't help but gloomy down.

"It's just a man with seven levels of immortality. He dares to refuse us. He's really looking for death."

"Bastard, I wanted to find a free labor force, but I didn't expect this guy to be so ignorant."

"Damn, he runs fast, or I will skin him."

The three swearing and angry.

Obviously, these three guys are not looking for Wang Fan purely for cooperation, but want to squeeze Wang Fan.

Wang Fan, who was walking inside, also sneered at the words of the three.

He said, these three people are immortal nine layers, how can they find him immortal seven layers to form a team.

After all, the team should be equal in strength. How can the high-level friars see the high-level friars as the low-level friars.

It turns out that these three guys have no good intentions at all.

These three guys are lucky. Wang Fan has no leisure to do it.

Otherwise, if you change to another location, these three guys must have been three bodies.

Wang Fan soon arrived at the dead mining area. The dead mining area was so big that his mental strength could not reach the end, and the poison was more than ten times stronger than the outside.

There are many friars in groups of three or five, or even more than a dozen, digging the black stone.

There are also some monks who are constantly wandering around, obviously trying to snatch the black stone excavated by others.

Wang Fan just came in and was thinking about whether he would dig here first or go deep.

Because there must be more biotites in the deep than in the periphery.

But before he could figure it out, a friar came over.

Chapter 3105

"How dare you come here alone? Get out there for me. When you can dig a thousand black stones for me, and when you can dig for yourself. "

"Don't worry, as long as you dig a thousand pieces of black stone for me, I will cover you in this area."

The friar pointed to Wang Fan's nose and said arrogantly.

Wang Fan was dumb.

Outside, although the three friars were paying attention to it, they didn't say it clearly.

But here, some people began to be blatant.

How unreasonable.

Wang Fan also clearly saw that when the monk was talking, five monks also stood up not far away and looked at him with bad intentions.

However, perhaps because he had only seven layers of human immortals, the five people thought that the monk could eat him, so they didn't come.

Wang Fan looked at the friar in front of him and said, "roll!"

The word rolled down, and the friar became angry.

"What did you say? Mole ant, have seed you say again He is almost canthus to crack, speak at the same time, the body has been crazy to kill the surging, people fairy nine strong breath also crazy diffuse.

"Don't you understand me? Didn't you hear me tell you to go away? But since you don't want to go away, I don't think you need to

Wang Fan disdains of say, the shadow knife in the hand has already delimited a bright light, directly split to that friar.

In this kind of place, it's useless to reason, only to cultivate and strength.

"You want to die!" When the friar saw that Wang Fan dared to take the initiative, he was furious.

Just as he just roared out "you want to die", his face suddenly changed.

He felt that he was bound by an invisible force and even slowed down.

The next second, hiss, shadow knife has cut his body, tearing his whole person to pieces.

The other five people looked at the scene and their faces changed greatly.

Obviously, I didn't expect that Wang Fan, a man with seven levels of immortality, had this kind of ability.

But they didn't come, as if they didn't see the situation here.

Obviously, they didn't want to offend Wang Fan.

Some of the mine diggers were also aware of this scene, and they were also shocked.

No wonder this man is just a man of seven levels of cultivation. He dares to come here alone to mine. It turns out that he has strong strength.

Wang Fan ignored the shocked expression of those people. When he got to a place where there was no one, he began to look for the black stone.

Not only that, he also set up a shielding system around himself to isolate other people's eyes and mental investigation.

He didn't want to cause trouble when he found the black stone.

After all, those five people didn't come here just now, and no one else bothered him, just because the interests were not big enough.

Once he dug a lot of black stone, everything would be different.

When he was in the Mojiapu mining area, Wang Fan's spiritual power could penetrate 20 meters underground with the blessing of mixed grain trace.

Now that his accomplishments and mental strength have been improved, he will not be worse than before.

Even in the mountain of death, his spiritual power can penetrate 20 meters.

Just a short time later, Wang fan saw dozens of black stone.

But the dozens of black stone are scattered, not together.

Although the black stone is easy to dig, Wang fan can easily dig up dozens of black stone, but he is really lazy to dig.

If we dig and look for them one by one, it would be meaningless for him to come here.

Wang Fan walked around for a long time and found that there were no piles of black stone in this area.

Obviously, it's because there are too many people digging here every day that this happens.

He is not going to stay on the outside, but to go deep.

Because the deeper you go, the stronger the poison will be, and there will be fewer monks going in to dig, so naturally, there will be more black stone.

When the friars around saw that Wang Fan had not been around for a long time, they could not help but feel speechless.

Is this guy crazy? He dares to go deep.

You know, if you enter the immortal cultivation, you will surely die.

Let alone the cultivation of human immortals, even the early strong of earth immortals dare not enter it easily.

Wang Fan didn't know that. At this time, he had already gone deep into thousands of meters.

There are few monks in this area, only a few of them, but all of them have reached the third level of the earth immortal.

When they saw Wang Fan, who had only seven stories of human immortals, coming in, they were all a little surprised.

This guy is just a fairy. How did he come here? Is he impatient? Of course, they just thought about it. They didn't meddle in their business, let alone trouble Wang Fan.

It's not that they are kind-hearted. It's really that they are just seven layers of immortals. There's nothing to bully.

In addition, the poisonous gas here is very strong. Every extra minute is the most harmful to the body.

When they have time, they naturally want to spend it on digging black stone, but they don't want to waste time on Wang Fan.

Wang Fan did not care about those people, he deliberately away from the strong of those immortals, and then began to find up.

It didn't matter. In just a few minutes, he saw a place with at least a thousand black stones. However, Wang Fan did not dig, but continued to find.

A few minutes later, he saw at least a few thousand black stone.

Wang Fan still did not dig, still in constant search.

It doesn't matter. He found that this mining area is a treasure, and there are black marble almost everywhere.

In less than half an hour, he found hundreds of thousands of black stone, but he didn't dig any.

Half a day later, Wang fan saw a pile of at least a million black stone.

The black stone, it is a dense together.

Wang Fan's heart is pounding. He knows that he has found his treasure.

If he can find and dig unlimited resources here, he won't have to worry about the cultivation resources in the next few years at least.

However, if you want to dig out these black stone safely, you still need to make a good plan.

After all, there are so many three-tier strong men around, Wang fan is sure that once they see that they have dug up hundreds of thousands or even millions of black stone, they will come to rob them regardless of their identity.

Wang Fan thought about the countermeasures and continued to look for them.

Half a month later, he found more than 100 million heiyuanshi, but they were all 20 meters underground.

However, he didn't dig a piece, just looking for it.

On this day, Wang Fan didn't plan to look for it. He began to set up a ban.

He began to ban all the places where he had surrounded them with black stone.

He wants to be just in case. Once the monks of the immortals around him notice his situation and come to rob him, he needs to have enough means to deal with it.

Chapter 3106

All the prohibitions were arranged by Wang Fan. It took him less than half a month to arrange them.

On this day, Wang fan stopped arranging the prohibition and started digging the black stone.

"Boom -"

with a sound, a large piece of black stone was dug up by Wang Fan and sent into the space ring.

The monks around felt the movement here, and their mental power swept over one after another.

But Wang fan arranged the prohibition, and they didn't see anything.

Several earth immortal friars noticed that Wang Fan had set up a ban. They immediately suspected that their mental power had broken the ban. The next moment, they were stunned.

They felt the strong smell of black stone.

Wang Fan has no mind to pay attention to them. At this time, he has reached the second position.

Another boom, another large piece of black stone was dug up by Wang Fan and sent into space.

This time, although the monks still did not see how many black stones Wang Fan had collected, they just got a lot of them.

"Whoosh, whoosh -"

without any hesitation, almost at the same time, two earth immortal friars flashed in front of Wang Fan.

"Did you dig a lot of black stone just now? I'll see how many." One of the friars looked at Wang Fan coldly and said directly.

Although the other monk didn't speak, his breath was locked on Wang Fan. It was obvious that he was not able to say the same thing.

In the distance, those earth immortal friars were watching from afar, and they didn't rush to come.

They plan to wait for the two monks to finish exploring Wang Fan, and then come back no later.

Wang fan saw that there were only two earth immortals on the third floor, but he couldn't help but feel relieved.

It's just two earthly immortals in the third floor. It's not a big threat to him.

With a clang sound, he took out the killing shotgun without hesitation, looked coldly at the monk, and said with disdain,

"It's none of your business how many black yuan stones I've dug up. Get away from me. Stay where you're cool. Don't bother me."

When Wang Fan said this, everyone was dumbfounded.

No one thought that Wang Fan, a man with seven levels of immortals, would dare to challenge three levels of immortals.

That's a lot of guts.

"What did you say? You are looking for death. The monk of the earth immortal was furious, and his killing intention was wild.

It's just a person who dares to talk to him like this. It's just hitting him in the face.

"Whoosh!"

This time, Wang Fan didn't even bother to talk nonsense, so he directly sacrificed his killing short gun.

Any words are pale, only strength, can let others shut up.

At the same time, he also needs a battle of power. Otherwise, once all the other earth immortal friars come, he will not be good.

The killing short gun rolled up a series of gun patterns in the mid air. The gun patterns were wildly circulating and turned into a whirlpool, tearing out a terrible killing force and shooting at the monk.

When the friar saw that Wang Fan started without saying a word, he was even more furious.

With one of his right hands, he had already caught a huge hammer, which flew in the air and smashed Wang Fan.

Boom boom!

The fury of Xianyuan explodes, the awn of the sword collapses, and the huge hammer is overturned.

Wang Fan only felt a strong attack, the whole person fell back, and flew back hundreds of meters.

He had some blood in his body, and his face was pale.

The third level of the earth immortal is much better than the Ninth level of the human immortal. Just for one fight, he already knew that he would not be able to deal with this guy if he didn't inspire the terror in the killing short gun.

Compared with Wang Fan, the monk was even more shocked.

It's just a seven story fairy. It can block him. Is he right?

You know, under normal circumstances, not to mention the seven layers of human immortals, even the nine layers of human immortals and even the first layer of earth immortals can never catch his hammer.

"No wonder you dare to rob me. You mole ant really have some skills. Take another shot from me."
Wang Fan immediately made a decision, and at the same time, he offered a second shot.

And this time, he did not encourage Xianyuan to blow out at will, but directly led to the prohibition of killing power.

The red spear pattern roared, the killing power turned upside down, and the fierce killing intention locked the three layers of the immortal, which made his face pale in an instant.

He raised the huge hammer to resist, and the roaring sound kept coming out, but it didn't help at all.

Under the terrible red gun pattern, his huge hammer had no effect at all, and it was hard to stop.

Hiss a, the red gun grain easily tears the other party to kill a potential, mercilessly split on his body.

A spatter of blood, the monk fell down.

Die!

This scene, make other those strong mouth corners of the earth immortal can't help but choke hard for a while, all dead silent.It's incredible that the seventh level of human immortals killed the third level of earth realm, and it's still so weightless.

Of course, with their eyesight, we can see that the killing short gun in his hand played a key role in the reason why Wang Fan was able to kill the immortal seven layers at will.

Nevertheless, Wang fan is no longer simple.

Wang Fan didn't have the mind to pay attention to the idea of those strong earthly immortals. He looked coldly at the other earthly immortals and said, "how, do you also plan to rob my black stone?"

The corner of his mouth couldn't help sobbing and said, "yes, if you don't want to die, just give up half of what you get. And I don't believe that you can still split the previous terrible shot. "

Although this guy's words seem tough, they are actually soft.

In his opinion, he not only gave himself enough steps, but also gave Wang Fantian great face. Wang Fantian could not be ignorant.

"Half of you?" Wang fan is to smile, "you calculate what thing, also want to divide my half black yuan stone.". Do you think your ass is whiter than his face and you can rob me at will? "

Wang Fan said that the killing short gun had been split out again.

That friar heard Wang Fan's words, equally thoroughly angry.

"I don't appreciate it!" He snorted coldly, then flashed and killed Wang Fan.

In his opinion, Wang fan is too arrogant and shameless.

In that case, he is welcome.

He didn't believe that Wang Fan could still split the previous terrible shot.

The red spear pattern oppressed the world and soon tore the air and blasted on the monk's magic weapon.

Boom!

The monk's magic weapon was blown away. The next second, the red spear was close to him.

Feeling the violent killing power, the monk's face changed wildly, "no, no, I admit defeat, I don't want you black stone."

He was really afraid. The horror of this shot was beyond his tolerance. He couldn't catch it.

"It's late." Wang fan is disdainful to spit out two words, and then the red gun pattern has been torn in his body.

Another series of blood mist splashed out, and the monk also fell down and died miserably.

Wang Fan coldly looked at the rest of the monks around. They all lowered their heads and did not dare to look at Wang Fan.

Obviously, Wang Fan's strength has made them dare not to trouble Wang Fan in a short time.

"I don't know you. We're not in a team. How can we talk too much and eat alone?"

He impatiently waved, "go away, I'm leaving, don't stand in front of me, or you will bear the consequences."

"Well, what a man! I'll take the consequences!"

"To die!"

Hearing Wang Fan's impolite words, everyone was angry.

Even a friar was more direct hands, a toward Wang Fan caught in the past.

Wang Fan sneered, his body flash, directly disappeared in the same place, the next second, in the hands of the killing shotgun has been blasted out.

Boom!

With a sound, the friar retreated.

Wang fan is taking advantage of this opportunity, a space big move to dodge at the same time, in the mouth drinks a way, "explode!"

Boom!

A burst of earth shaking explosion, these days Wang fan arranged those prohibitions, all began to explode.

The prohibition of self explosion has become one after another, and the momentum is amazing.

Two of them couldn't dodge and were killed directly. Although the others reacted quickly enough, they were still seriously injured or slightly injured. Few of them were injured at all.

"Son of a bitch, he secretly set up a ban!"

"Son of a bitch, I'm going to skin you!"

"Beast, where to go!"

After returning to God, the friars burst into a rage, and their killing intention collapsed.

Whoosh!

Wang Fan a flash, direct flash to high altitude, across the air down is a shot.

"If you want to rob me of the black stone, you are still a little young. Do you think it's great to reach the third level of the earth? Let's have a shot first. "

With the sound, the red spear was surging towards the friars.

The terrible killing swept the vast space, and immediately a monk was overturned out and died on the spot.

Two other monks were blown upside down and seriously injured.

Wang Fan did not stop, but three shots in a row, which was crazy to leave.

After three shots, three more monks were killed.

In the face of the terrible gun pattern, even if their cultivation reached the third level of the earth, they couldn't deal with it at all.

Wang Fan soon arrived at the peripheral area.

"Look, that man, friar Xian, has come out."

"It's not easy for him to stay in it for such a long time."

"Looking at his face, he was not affected by much poisonous gas."

Seeing Wang Fan come out, some monks who have seen Wang fan can't help talking about it.

After all, it's very rare for the seven layer friars of human immortals to be here, let alone the seven layer friars of human immortals to enter the depths.

Wang Fan didn't pay attention to those people, and didn't stay much. Instead, he left quickly.

"You men and women, dare to defy the Zhao family, dare to come here to tell the truth and seek death."

As soon as Wang Fan went out, an angry voice came into his ear. Then, with a bang, a man fell in front of him with blood spurting from his mouth. Wang Fan looked down and was shocked.

The man he knew was the male of his neighbor's husband and wife.

"Elder martial brother, are you all right, elder martial brother?" When the nun saw that her Taoist partner was blown away, she wanted to come and have a look at the situation.

"Pa!"

But before he could move, a slap had already fallen on her face, and she was also whipped to Wang Fan's feet.

"I don't know if I'm going to die, but I dare to disobey you. Today is the day of your death."

What blew them away was a thin faced friar whose cultivation was in the third floor of the earth immortal. The thin faced Friar's breath was cold, and his body was filled with the intention of killing.

Just as he was going to kill the couple, he suddenly saw Wang Fan.

"It's you?" There was a look of consternation and then excitement in his eyes.

"Elder martial brother, why are you here? Run away, the Zhaos are chasing you!" At the same time, the nun also saw Wang Fan, she was a Leng at first, then said in a startled voice.

Wang Fan nodded, took out two pills and threw them into the two people. Then he looked coldly at the thin faced monk.

"You know me? Are you from the Zhao family?" His heart is full of murders, and his anger is rising and burning.

He didn't expect that the Zhaos knew about his killing zhaoyuanhua and began to chase him.

He did not expect that because of his affairs, the couple almost died here.

It can be imagined that as long as he comes a little later, the couple will be killed.

"That's right. You're so brave that you dare to kill Mr. Zhao. If you don't want to die, come with me and go to Zhaojia."

That thin face friar cold of say, big hand already toward Wang Fan to grasp to come over.

Wang fan is just a person with seven levels of immortality. He has not paid attention to it and can kill it at will.

Wang Fan looked at the thin faced Friar's action, but he was sneering.

It's just a three-tier fairy. I dare to be so arrogant. I'm just looking for death if I arrest Gu Lai without any defense.

If this guy knew how many monks he had killed in it, I'm afraid he would not be so big.

"Go away, you are not qualified to take me to Zhaojia." Wang Fan's voice fell, the immortal yuan in his body suddenly condensed, and immediately the shadow knife frantically split out.

Although his shadow knife is not as sharp as the killing short gun, there is no problem in dealing with the situation of no defense and hurting the other side.

Chapter 3108

"To die!" The thin faced friar was angry when he saw that Wang Fan dared to take the lead.

But he also had time to shout out two words, Wang Fan's shadow knife has been frantically split on him.

The furious Xianyuan exploded on him, and his whole body was shot out in an instant, splashing blood all over his body.

Not dead, but seriously injured.

Looking at this scene, the friars around were dead.

Even a few friars who had planned to come to take advantage of the fire stopped their thoughts.

Wang fan is so fierce, and a word does not agree with the next killer, this kind of person is better not to provoke.

That couple saw Wang Fan unexpectedly so fierce, is also some dismay.

In their opinion, Wang Fan's ability to cut down the nine layers of the killing immortal is already against heaven.

But they never thought that Wang Fan could hurt the third floor of the earth immortal.

At this time, if they don't know that their neighbor is not simple, they will be mentally handicapped.

"Beast, how dare you hurt me?" The thin faced monk got up and burst into a rage.

Wang Fan disdains to smile, "hurt you? Ha ha, I not only dare to hurt you, but also dare to kill you. "

Say, Wang Fan already grasped shadow knife to kill again in the past.

This son of a bitch almost killed the couple because of his affairs. How can Wang Fan let it go?

Wang Fan's hand is extremely crazy, the immortal yuan in the body has completely burst, shadow knife is one knife after another.

The thin faced friar never thought that Wang Fan would be so crazy.

If he is not injured, even if Wang fan is crazy, as long as he doesn't have to kill a shotgun, he can resist.

But now, seriously injured, he could not resist Wang Fan's stormy attack.

After counting the knives, with a hiss, one of his arms was cut off directly.

Wang Fan took advantage of his hard work, moved a large space to his side, and then hit his Dantian.

Bang!

The thin faced friar flew out and fell to the ground like a dog. His face was dead.

Around the friars looking at this scene, are also shocked.

This man has seven levels of immortality. He is really too fierce and fierce.

However, they can understand Wang Fan's action when they think that the thin faced monk almost killed the couple.

At the same time, those friars who also had the idea of picking up cheapness no longer had the idea of picking up cheapness.

"Waste, you deserve to help the Zhao family catch me? Go back and tell the man surnamed Zhao that Zhao Yuanhua was killed by me. So what? "

"Today's account, I remember. In the future, I will definitely go to Zhao's house."

Wang Fan said, did not continue to stay, but with the couple left quickly.

There is so much noise here that he dare not stay long.

The most important thing is that once there is a strong person in the Zhao family, he will die.

The thin faced monk looked at Wang Fan's arrogant figure. Although he gritted his teeth, he had nothing to do.

He's already useless. What else can he do?

It wasn't long before Wang Fan and his family left that the strong of Zhao family came here.

"Where is the mole ant who dares to kill my master Zhao? Why didn't he see him?" A strong man of Zhaojia asked coldly.

But no one answered him. Everyone looked at the thin faced friar.

Seeing the expression of the crowd, the strong man of the Zhao family also glanced at the thin faced monk, "what's the matter? Who abandoned you? Even you dare to move, don't you know you are working for my Zhaojia? "

The friar with a thin face said sadly, "my Lord, I was abandoned by Wang Fan. He also said, "what can you do with the zhaoyuanhua child he killed?"

"And he also threatened, today this matter he remembered, has the time he will go to the Zhao family to turn around."

Boom!

Hearing this, the strong man of the Zhao family was furious. "What, what did he say? Go to my Zhao's and threaten my Zhao's? "

The strong one of this family is about to explode.

Arrogance, it's too arrogant.

It's a shame for a loose mole ant to dare to threaten his family.

But soon he came back to himself and asked, "you just said that your cultivation was abandoned by him?"

"Isn't he the seventh floor of human immortals? How could he waste you? Did he hide his accomplishments? "

He was really shocked.

You know, under normal circumstances, it is impossible to discard the third floor of the earth immortal.

At least he had never heard of such a strong monk.

After all, the gap between realms is too big to make up for.

The thin faced friar bit his teeth and nodded, "my accomplishments are wasted by him. He should be the seventh level immortal. In other words, he hid his accomplishments, but I didn't realize it. "The face of the strong man in the Zhao family also changed slightly. He asked, "which direction did he run away from, and how long did he go?"

"Over there, not long ago." Said the friar.

"Well, in that case, rest in peace. You are the third floor of the earth immortal, but you are ruined by the seventh floor of the earth immortal. It's useless for the Zhaos to keep your rubbish. "

The strong man of the Zhao family nodded, then slapped the thin faced monk and left.

Wang fan doesn't know what happened here. He has taken the couple away from this area.

"Elder martial brother, you can't go back to Diyang city. The people of Zhao family are looking for you. Not only that, but even chief Qiu was arrested. "

"If our tenants don't run fast, and the Zhaojia pay attention to influence, I'm afraid they will be killed."

On the way, the male repair says to Wang Fan.

"What did you say? The Zhaos have even arrested Qiu Chang? " He was in a rage.

This Zhaojia is too arrogant, too much?

"Yes." The man nodded, his eyes full of resentment.

"Don't call me elder martial brother, just call me Wang Fan. I have 10 million black stone here. Take it first. "

"I'm going to Diyang city to see if I can save chief Qiu. You should find a place to hide and wait for the news to pass."

Wang Fan said, he took out a space ring and handed it to the couple.

He didn't plan to go back to Diyang City, but he couldn't bear to hear that chief Qiu was implicated by him.

In his mind, if he didn't know about it, it would be all right. Now that he knows, he can't ignore it.

"Ah?" Male repair took the space ring, can't help but shock the mouth.

Under such circumstances, Wang Fan returns to Diyang city to seek death?

"This is my communication pearl. I have something to contact you." Wang Fan has no time to talk nonsense. With that, he left a communication bead, which has gone away quickly and disappeared in an instant.

Diyang City, Zhaoshi square in the east of the city. This is the square built by Zhaojia. People come and go here in an endless stream.

At this time, in the void in the middle of the square, there was a monk nailed to it.

The friar was covered in blood and miserable.

He is the chief Qiu.

Chapter 3109

How did Qiu Chang not expect that the Zhao family would be so shameless? When he first went to find Wang Fan, he didn't touch him, but after a few days, he was arrested.

At the same time, he also regretted that he had brought Wang Fan to his home.

I knew that Wang Fan would bring him such a great disaster. I would never do business with him if I killed him.

Unfortunately, regret is useless now.

He is now nailed here, almost doomed to the end.

"Ah, it's really unfortunate that Qiu Chang was involved in the affairs of the Zhao family in public. It's sad."

"No, it's just that the Zhaos are too overbearing. Wang fan is just a tenant. What does the Zhao family want to do with Qiu Chang? "

"I say you can keep your voice down. Just think about it in your own mind. Once it's introduced into Zhaojia's ears, the consequences are not for fun."

Around the friars looking at that was nailed in the void of the chief Qiu, are unable to help talking.

Everyone knows that this is Zhaojia in Liwei.

They are telling others that the Zhao family is not easy to provoke. Whoever dares to kill the Zhao family will have to pay the price.

However, the Zhao family didn't catch Wang Fan, so they had to start with Qiu Chang who had something to do with Wang Fan.

While the crowd was talking, a sallow faced monk came to the square quietly.

The appearance of this monk did not attract anyone's attention and attention.

Because he is too ordinary, it can be said that ordinary is not remarkable at all.

This man is no other than Wang Fan, who came from Yirong.

Wang Fan looked at Qiu Chang, who was nailed in the air, and his heart immediately surged with a huge killing opportunity.

This Zhaojia family is deceiving people too much.

At a glance, he could see that although Qiu Chang's cultivation had not been abandoned, it was almost abandoned.

Qiu Chang's meridians, blood vessels, and even bones have been completely damaged, without any strength.

If his elixir field is abandoned again, it will be a complete waste.

What's more, the formation that nailed Qiu Chang was not a general one, but a vicious big one.

That is to say, with Qiu Chang as the center and within a radius of three meters, they are all in the center of the array.

As long as someone dares to save Qiu Chang, he is bound to be involved in the lock empty battle and come to the same end as Qiu Chang.

No matter how angry Wang Fan was, he didn't rush to save Qiu Chang. Instead, he turned around.

He wants to see how many people of the Qiu family are hidden in the square first, and then study the lock empty array.

Only when these things are clear, can he start, otherwise, he will not save people, but die.

After more than an hour's observation, Wang Fan found that around the square, there were 11 strong people suspected of Zhaojia.

Among these eleven people, the weakest one is in the first level of the earth immortal, and the most powerful one is in the fifth level of the earth immortal.

This kind of lineup, not to mention the ordinary seven layers of human immortals, even if it is Wang Fan, who can jump the level to kill the enemy, once surrounded, it is very difficult to get away.

After remembering the faces of the eleven people, Wang Fan went to an empty place and sat down as if nothing had happened. He set up a stall.

There are many monks in this square, so even if there is one more, it will not attract attention.

After the booth was set, Wang Fan took out some of the lowest level healing pills and pills to recover Xianyuan. Then, he began to investigate the lock empty array.

It's not easy to find out. Wang Fan wants to find out, so it's impossible for him to stand there, or he will be suspicious.

Only by giving himself a suitable identity like this can he stay here for a long time to investigate.

"Younger martial brother, how do you sell this healing pill?" A friar came forward and asked, pointing to Wang Fan's healing pill.

"Ten black yuan pills." Wang Fan opened his eyes and said slowly.

"I'll go. You're the rubbish pill. You dare to ask for ten black yuan pills. Why don't you rob them?" The friar was furious.

Wang Fan cold swept this person one eye, "likes to buy does not buy."

The man saw Wang Fan's attitude and left with a cold hum.

Some friars who originally wanted to come and ask about the price gave up the idea when they saw this behind the scenes.

In their opinion, Wang Fan's doing business like this is brain damage.

But Wang Fan himself does not care, what he wants is this kind of effect.

No one bothered him, and he had enough time and energy to study the lock empty array.

On the other side.

"Elder martial brother, do you think that Wang Fan will come to save chief Qiu? In my opinion, is that enough? "

"That's right. Wang fan is just a man of seven levels of cultivation. Is he so bold? Unless it's an idiot. "

"I think we are just wasting our time here. Nowadays, where are the preachers who are so angry?" Several friars talked about it one after another, and they were very upset.

They are not willing to do this kind of job. They are just delaying their cultivation.

The red faced friar, who was called elder martial brother, heard this and looked at them. "If you don't want to be here, you can go back. No one forces you."

When the friars heard this, they stopped talking.

Go back? Are you kidding? Isn't that death?

Wang Fan didn't care about those people's comments. He was still studying the lock empty array, and soon he was deeply involved in it.

It was two hours later that he finally found the base of the array and found a way to crack it.

However, eleven strong members of the Zhao family were not far away to watch, and he still did not dare to act rashly.

Wang Fan has some helplessness, this strength is weak is troublesome, even dare not save individual.

Just as Wang Fan was thinking about when and how to leave safely, the red faced monk suddenly changed his face and stood up.

Wang Fan looked at this scene, in the heart can't help clapping for a while, is this guy aware that he is studying the lock empty array?

But, no, if he could find out, he would have been in trouble for a long time.

What's more, he didn't react at all when he was studying the lock space array. Now that he has recovered his mental strength, how can he stand up instead?

"What's the matter, elder martial brother?" Several others noticed something was wrong, and one of them asked quickly.

"It's OK. I've got news from the family. I'm going back first. You are here to guard. Remember not to be careless or show your feet. "

The red faced friar said in a hurry. His figure flashed and he left quickly.

The others looked at each other and nodded quickly.

Wang fan saw the red faced monk leave, but he couldn't help being surprised.

The red faced friar is a strong man in the five levels of the earth immortal. As soon as this guy leaves, his pressure is reduced by more than half.

However, he still did not start, but waited for half an hour, found that the red faced monk still did not come back, and then slowly stood up.

It's not too late. He's ready to do it.

Otherwise, once the red faced friar comes, or transfers Qiu Chang to Zhao's family, the difficulty of saving people will increase dozens of times.

Chapter 3110

Wang Fan moved a lot of space, and in an instant, he had already flashed to the side of Qiu Chang. The immortal yuan in his body rolled, pointed out, and went straight to the base of the array.

"Boom!"

A blast, that lock empty big array of crazy tremor, and then in a click, broken open.

Wang Fan raised his hand and directly took away the nails on Qiu Chang's body. The next second, when several pills were thrown into his mouth, he had already brought him over.

"Who?"

"I dare to make trouble in our Zhaojia square. I'm looking for death!"

"Son of a bitch, how dare you break the chain of our Zhao family?"

"Wang Fan, he is Wang Fan!"

Until this time, those Qiu Jiaqiang people reacted. While they were angry, they flashed and rushed to Wang Fan.

The rest of the friars in the square were all stunned, and then quickly let them go.

With Qiu Jiaqiang here, everything will be solved by Qiu Jiaqiang. It's not their turn at all.

What's more, since Wang Fan dares to save people, who knows if there is any means, no one is willing to go up to die.

"Brother Qiu, I'm so sorry to have you involved. I'll take you away now."

Wang Fan said to Qiu Chang in a hurry. As he flashed out of the square, the shadow knife in his hand had already rolled up a wave of fierce knives and rushed to those who were strong in Zhaojia.

Boom, boom.

Xianyuan was agitated and the sound of explosion came out.

The sword awn all over the sky collides with the attack of Zhaojia strongman, making a huge noise.

It's just that those swords didn't hurt the strong of Zhaojia. They just slowed down their speed.

Wang fan is then this gap, directly crazy flash, toward the distance away.

In the case of Qiu Chang, he had no way to make a big move at all. He could only make a flash.

"Mole ant, where to go?"

"If you kill the people of our Zhao family, you still want to go under the eyes of the strong people of our Zhao family. Qiu Chang, you are dreaming."

The strong of the Zhao family are furious one after another, and they rush to catch up with each other.

They didn't expect that Wang Fan really dared to appear and save Qiu Chang under their eyes.

It's so bold.

If Qiu Chang is really rescued by Wang Fan, the Zhao family will lose face.

It's going to be a complete joke.

Wang Fan didn't pay any attention to the strong of Zhaojia, but took Qiu Chang to run wildly out of the city.

He must escape from Diyang city in a short time, otherwise, once he is trapped by the strong Zhao family, he will die.

Now, he doesn't care much about chasing his strong family.

But once there is the peak of the earth immortal, or the strong one of the heaven immortal, he will die.

Qiu Chang was taken by Wang Fan to run wildly, his heart was shocked wildly, and his face was also very complicated.

He did not expect that Wang Fan would come to save him.

You know, this kind of thing, in Xiuzhen world, almost no one does.

It can be said that people like Wang Fan have completely disappeared.

"Don't go out of town yet, run in that direction." After returning to God, Qiu Chang said to Wang Fan with difficulty.

In this case, Wang Fan want to take him out of the city, it is absolutely impossible, two people can only

deal in the city.

Although Diyang city is big, Zhaojia has great strength in Diyang City, but they can't cover the sky with one hand.

Wang Fan hears Qiu Chang's words, just slightly a Leng, then ran along the direction that Qiu Chang pointed to.

Now he and chief Qiu are grasshoppers on the same rope. He doesn't believe that chief Qiu will harm him.

Qiu did not continue to speak, but forced the cohesion of the spirit, portrayed a map to Wang Fan.

"This is the map of Diyang city. As long as you can escape from the strength range of Zhaojia and escape to the outer river, we will be almost safe."

Wang Fan took a look at the map and soon knew where the Bund was.

Without hesitation, he ran frantically in that direction.

Zhaojia.

Almost the first time Wang Fan rescued Qiu Chang, the leader of the Zhao family knew.

After knowing this, he was furious.

Wang Fan actually saved people, and they threatened the strong family, and they still haven't caught Wang Fan. Are you kidding?

He Zhaojia, when did he become so hot? He couldn't even catch a famous man.

Wang Fan's action is just like waving a slap on his Zhaojia's face.

What a shame.

"Come on, let me know the guard of the city Lord's house, and let them stop them. After that, my family will thank you very much."

"Besides, send someone to the gate of the city immediately, and never let Wang Fan go."The master of the Zhao family immediately ordered.

The strong of Zhao family took orders and left one after another.

It wasn't long before Zhao's family heard the news that Wang Fan had fled to the outer river.

Boom!

He smashed the room where he was, and his anger could not be released.

Wang Fan didn't flee to the city, but to the outer river beach. Where is the outer river beach?

It's a place of scattered cultivation.

A lot of scattered repairs were concentrated there, where houses were built.

And those scattered cultivation, though they did not form any forces, did not dare to provoke anyone.

They're united and tough.

Once someone bullies sanxiu in the Bund, even if the other party is the Zhao family, they dare to die.

The most important thing is that there are a lot of good and bad people on the Bund.

Once Wang Fan fled there and changed his appearance, he would not be able to find Wang Fan, even if it was his Zhao family.

"Immediately send strong men to encircle and suppress Wang Fan. He must not be allowed to flee to the outer river. If necessary, he can be killed."

The master of Zhao ordered again.

Wang fan doesn't know what happened to the Zhao family. At this time, he is still running with Qiu Chang.

Just let him some displeasure is, behind unexpectedly have a ground fairy four layer dead to bite him, he unexpectedly all didn't throw off.

Wang fan knows that this is not the way. If he can't get rid of the four layers of the earth immortal all the time, he may be taken away by the strong of the Zhao family at any time.

"Elder martial brother Wang Fan, why don't you put me down and run away by yourself."

"Anyway, I'm already like this. Even if I'm alive, it's hard to recover my cultivation. Don't worry about me any more."

Although Qiu Chang's strength is limited, his perception and sense of danger are still there. At a certain moment, he can't help looking at Wang Fan and saying.

Wang Fan said with a smile, "brother Qiu, you are too outsider. This is because of me. How can I ignore you?"

"What's more, I've already brought you out and escaped here. How can I leave you?"

"Don't worry, I haven't paid attention to the four stories of a fairy and the trillion family."

Wang Fan said, one hand with Qiu long, one hand has caught out the killing shotgun.

Since we can't get rid of it, we have to fight.

Moreover, Wang Fan did not intend to waste time with the fourth floor of the earth immortal. He planned to directly trigger the killing short gun to kill each other.

The fourth floor of the earth immortal is really amazing. Do you think Wang fan can't kill him?

Then he'll kill one for the Zhao family and show it to everyone.
