

MIGHTY SK 311

Chapter 311

But just two killers with the highest inner strength want to kill in front of Wang Fan, so don't dream.

Wang Fan just holding Xu Ruyun slightly wrong, right hand quickly in two people's arms patted once, their hands of weapons were stabbed into each other's body.

The man is better, the woman's blade just inserted into his ribs, and did not involve the internal organs.

The woman was miserable. The thin needle of the little finger went directly into her chest, which made her scream. Her chest clothes were red.

"Wang, I'm tsonima." The man looked back, surprised and angry, especially at the bleeding in his beloved woman's chest. His face twisted instantly.

PA PA.

Wang Fan's face was cold, and he raised his hand to slap him. "Put your mouth clean for me. Who asked you to kill me? It's your fault."

"I'll go back and tell the Song family that if Wang Fan remembers these gifts, he will give them back."

Wang Fan said, with Xu Ruyun head also did not return into Shangri La.

Men hate to see Wang Fan two people into the hotel, but no longer dare to start. Until they disappeared, he looked at the woman nervously, "honey, are you ok?"

Pop!

Just his words just fall, the woman then a knee ruthlessly top in his below, "you heartless man, you say I have something to do?"? How cruel you are

The woman said, no longer dare to stay, fast to the hospital.

The man covers the bottom, the whole person bows into a shrimp shape, cold sweat straight out.

Is he really speechless? Can you blame him? How can he know that Wang fan is so powerful and can react so quickly.

A little slow breath, he did not dare to hesitate, quickly went to the hospital. With a knife in his chest, he was violently attacked below. He was hurt too much.

Wang Fan was very angry. He ordered a presidential suite, arranged for Xu Ruyun to stay, and left the

hotel to go to the Song family.

Originally, he planned to go to the Song family for revenge, but now it's better. Before he arrived at the Song family, he was attacked by the Song family so many times. If he doesn't give vent, he will be very sorry for himself.

-

Song family.

When Song Qilin knew that Wang Fan had successfully entered Shangri La, he was so angry that he dropped a valuable teacup.

Although he didn't expect those means to really kill Wang Fan, he was still a little angry when he learned that the action really failed.

"Wang Fan, you are very good, more wonderful, still behind." He gritted his teeth and again issued the order, "carry out the ultimate plan."

In a taxi, the big breasted woman sat in the back seat and couldn't help frowning, "brother driver, you've made a detour. This is not the right direction."

"Little sister, it's not my detour, it's at this time point, only this road is not blocked, other roads are very blocked."

The taxi driver looked at the big breasted woman's chest through the mirror, swallowed her saliva and said.

The big breasted girl could not help frowning again, but she did not speak any more. But alert, she picked up the phone, ready to call her family.

Just picked up the phone, she was shocked to find that there was no signal.

This is the capital, and it's a prosperous area. It's not remote. How can there be no signal? What's the international joke?

"Stop. I'll get off here." Big breasted woman no longer dare to calm down, rushed to the driver's road.

Her mind can not help but think of a lot of things about the taxi driver abducting and killing young beautiful female college students, the cold sweat on her body that whoosh.

Creak.

The taxi driver didn't talk nonsense and immediately pulled over.

The big breasted girl was relieved and began to pay the fare.

But just as she lowered her head to pay for it, the guard bar of the driver's seat was suddenly pushed open like a door, and then a big hand suddenly grabbed it.

"What are you doing?" The big breasted girl was shocked, but she couldn't avoid it at all, and her hair had already been caught.

Then a white towel covered her mouth and nose. She struggled a few times and fainted.

At the moment of fainting, she seemed to hear the driver's whisper, "I didn't intend to do it so soon. Who made you so anxious? It's true."

-

outside Shangri La Hotel.

Countless taxis and private cars have been parked, 80% of which are arranged by the Song family. And every car has a bomb.

Song Qilin's ultimate plan is to blow up Wang Fan.

What if Wang fan is a master after tomorrow? If he doesn't believe in bombs, he can't make Wang Fan.

Originally, song Qilin didn't want to take such a risk. After all, it was at the foot of the emperor. The open use of bombs had a great impact.

But now he has no way, he can't let Wang Fan come to the Song family smoothly. In that case, even if Wang fan can die, it is also a slap on his song family. When Wang Fan walked out of the hotel, he found something wrong.

There is a strong smell of explosives in the air. Obviously, explosives are hidden around.

Wang Fan was startled, pretended to look at the vehicles inadvertently, and then quickly walked towards the distance.

He didn't plan to take a taxi directly at the gate of Shangri La. Now when he smells of explosives, he won't take those cars.

Watching Wang Fan leave, those drivers are a little silly. They are busy for a long time, preparing for a long time. If Wang fan doesn't get on the bus, isn't it in vain?

Several skillful and intelligent drivers got out of the car in an instant and planned to take Wang Fan's job.

But after they get off the bus, they are suddenly stupid. In the blink of an eye, Wang Fan has disappeared.

This time, Wang Fan came to the Song family with no danger.

Looking at the strong gate of the Song family, he did not hesitate.

Boom!

Just like an earthquake, the gate of the Song family, which had been struggling for a hundred years, still stuck to its post, collapsed in an instant and turned into a pile of rubble.

At the same time, Wang Fan's arrogant voice also spread in, "song, your grandfather Wang Fan, I'm here. Come out and die."

When song Qilin heard Wang Fan's clamor, his nostrils were fuming. He had no time to think about how Wang Fan could be so quick, and immediately gave the order to kill Wang Fan.

Dozens of Song family guards were brave and fearless of death and rushed to kill Wang Fan.

Wang Fan just squinted, grabbed a handful of gravel, threw it, and fell down a large area.

"I'm here to settle accounts with song Qilin. It has nothing to do with you. If you don't want to die, get out of here."

Wang Fan's cold voice rang through the manor, and everyone's back was in a cold sweat.

Dozens of people are beaten by dozens of stones and can't get up. Is this the legendary master after tomorrow?

Wang fan saw that the people who were standing did not dare to move any more. He grabbed two stones with both hands and continued to walk forward.

Along the way, most people gave way and did not dare to stop them. Even if there are a few people who don't have eyes, they are all crushed by the stones in Wang Fan's hands.

Song Qilin looks at the surveillance, and his face is gloomy. He had known that Wang Fan could kill him at home, so he might as well put the bomb in Song's house.

A rare old man stood beside him, "master of the Song family, do you need old hands? I have another chance to fight for your song family. After that, we have nothing to do with each other. "

Song Qilin had a gloomy face, some of which were difficult to decide.

This old man is the card of his song family, but they can only use this old man once. After one time, the old man will not be in charge of their song family. He is a little uncertain.

Chapter 312

Bang!

With another loud noise, the door of the compound was kicked open, and Wang Fan burst in with a murderous look.

"Old man song, don't you want to kill me? Why, now that I've sent you to kill you, you've become a shrinking turtle? "

Wang Fan roared and threw his right hand, and the man in his hand flew to song Qilin's room like a chicken.

The door of the room was smashed and the man went straight into a coma.

"Get out of here!"

"Get out of here!"

"Get out of here!"

Wang Fan stares at Song Qilin in the room, and his voice is like thunder, spreading all over the manor.

Song Qilin's face was twisted and his whole body was shaking.

It's the first time in a hundred years that the Song family has been yelled at and told him to get out in public.

"Wang Fan, don't deceive others too much. Do you really think the Song family is afraid of you? You will pay for your actions if you are too hard and easy to break! "

Song Qilin walked out, but he was full of endless murders.

"Too much deception? I Pooh Wang Fan spat,

"is it him in the end? Who is deceiving people too much? I, Wang Fan, didn't mean to offend your song family, but your song family tried to trouble me again and again. Just now they almost killed me, but now they say I'm cheating people too much? "

Wang Fan sneered, "what's more, even if I deceive people too much, you old man, let's count the old and new hatred together. Do you kneel down and slap yourself a hundred times, or do you want me to

do it myself?"

Arrogant!

Arrogance!

Wang Fan stood on the ground of the Song family and let Song Qilin, the leader of the Song family, slap himself in the face. This is simply taking the Song family as a piece of shit and not paying attention to it at all.

"Damn, what are you, dare to brag in my Song family?"

A son of the Song family, who was surrounded by onlookers outside, could no longer endure his anger and pointed to Wang Fan.

"I'm not a thing!" Wang Fan's words fell, and he flashed to the son of the Song family. He slapped him a dozen times, then threw him on the ground like a dead dog.

Around those Song family are about to turn over, shaking all over, eyes congested.

The people who live in this manor are all the legitimate members of the Song family. They are proud and respected outside. How could they have been so insulted?

"Lying in the trough NIMA."

"To die!"

A few dandies who know nothing but to eat, drink, play and soak women all day long, but don't know Wang Fan's power, roll up their sleeves and rush to Wang Fan.

Wang Fan sneer, instant a few feet down, these people are kneeling in front of Wang Fan, issued a pitiful scream.

The guy who cursed "wocao NIMA" was even worse. His mouth was full of teeth and his arms were broken by Wang Fan.

Cruel and cruel!

Around the Song family watching this scene, silent, shivering, of course, also angry to death.

Is there anything more insulting than Wang Fan's cruel treatment of the Song family's children in front of so many of them and making them kneel in front of him?

"Anyone who doesn't agree, just stand up and don't say I didn't give you a chance." Wang Fan sneered

at the children of the Song family.

Where the line of sight passed, everyone bowed their heads one after another. Even if they were angry again, they did not dare to meet Wang Fan's line of sight.

"You." Song Qilin is about to be mad, and his old blood is about to spit out.

Wang Fan just took his song family as balloons and stepped on them.

"Don't worry about it, old man. If you don't do it, it won't be as simple as a hundred slaps. I'll just step on your leg."

Wang Fan looked at Song Qilin and said coldly.

Song Qilin is furious. He ignores Wang Fan, but looks at the old man beside him.

"Mr. Ge, please come next. I'm going to break his limbs, hang him in my ancestral hall of the Song family, and repent for decades to come! "

Song Qilin gritted his teeth.

"As you wish." The old man nodded slightly and went to the front.

"I don't want to bully you. I'll give you a chance to kill yourself. Ah, it's said that you reached the middle of the day after tomorrow when you were young. You should have made a difference. Why do you die by yourself? No wonder others. "

The old man said with a sigh, as if he was sorry for Wang Fan.

"Don't pretend, old man. If you want to fight, hurry up and stop talking nonsense. Just in the middle of the day after tomorrow, I dare to call me to give up my limbs. I don't know where you got the courage. Do you want your old face? "

Wang Fan didn't give the old man any face at all, pointing to his nose and swearing.

The old man is going to abolish Wang Fan's limbs. If Wang Fan still smiles and says "hello" politely, it's really brain disease.

"Ignorant child, you want to die." The old man's seven tricks of smoking, has automatically ignored Wang Fan see through his strength, "if I don't pick your skin cramp"Pop!

Just as he said that, he felt a pain in his mouth and a stone fell into his mouth. It doesn't matter if you touch it. If you don't say it's bleeding, you've lost half of your teeth.

"When are you going to pretend? Would you like some more stones? I said that you're going to die. You don't want to find a coffin to spend your old age, but now you still have to fight. Aren't you tired? "

"Ah, ah The old man is about to get angry!

He had never seen such a shameless person as Wang Fan. Even if he speaks shamelessly, he still hits him with a stone. Is there a little bit of the style of a warrior after tomorrow.

This time, he is not talking nonsense, crazy to kill Wang Fan.

Although the old man seems to be 70 or 80 years old, and his beard is as long as the woman's hair, his lightness skill is not bad. He jumps up two or three meters at a time, and then a fierce tiger goes down the mountain and goes down to Wang Fan.

When the children of the Song family saw old man GE's angry hand, and then saw his lightness skill, their eyes suddenly brightened, they regained their confidence and began to clamor.

"Ge Lao, blow him up!"

"Waste his limbs, and then let him kneel on the ground, kowtow and slap himself in the face!"

"Just in the middle of the day after tomorrow, if you dare to shout and provoke in front of you, he is looking for death!"

"Kill him!"

The cry was so loud that Wang Fan was speechless.

The intelligence quotient of these children of the Song family is really not so good. They are all broken limbs. Can they slap themselves?

He had nothing but scorn and sneer.

"Loading comparison!" Wang Fan looked at the old man with disdain and rushed to meet him.

His legs become whip, like lightning, straight to the old man.

The old man wanted to pretend to be more than a move, but he didn't expect Wang Fan to react so quickly and fight back so sharply.

He had no place to borrow his strength in mid air. He just had a ten or so kick with Wang Fan, and then he was kicked out by Wang Fan.

With a plop, the old man sprawled on the ground, gnawed a mouthful of mud, and lost the other half of

his teeth.

Looking at this scene, the children of the Song family around them were a little silly for a moment.

Is this a dream? Their song family's card, or hard to use the human exchange card, just so a few down?

It's the middle of the day after tomorrow. How can you make such a dish?

"Bah, bah, bah, ah, I'll kill you!" The old man was also angry. Bah bah spat out the mud and half a tooth in his mouth. He got up and rushed to Wang Fan again.

His heart, only endless anger and murder!

Chapter 313

Whoosh!

A stone cut through the sky and hit the old man on his chest. The old man spat blood and fell to the ground.

Wang Fan's disdainful voice came out, "old man, for your old age's sake, I won't cripple you. Those who know your face will get out of here immediately. Don't force me to be cruel."

The old man was hit by a stone and woke up instantly. He already knew that he was not Wang Fan's opponent, and he was far away.

He didn't care to be shocked that Wang Fan was so young and how he could cultivate to such a level. Instead, he got up in a hurry and left the Song family. He didn't even dare to keep half a word of revenge.

Looking at GE Lao who runs away, all the children of the Song family, including song Qilin, are silly.

No one thought that the end would be like this. Wang Fan turned over Ge Lao, who was unattainable in their eyes.

Song Qilin felt infinite regret. If song Shaojun didn't die, he wanted to kill him. What kind of evil did this son of a bitch provoke for the Song family?

But now, it's impossible for him to bow his head and slap himself. He can't afford to lose his face.

"Now, do you have any cards to rely on? If there are any, take them all out. If not, it's time to kneel down and slap. I only give you one minute. If you don't move in one minute, I'll directly cripple you. "

Wang Fan looks at Song Qilin and says coldly.

"Me

"Me

"And me!"

Those Song family members were first in a row, and then rushed to answer.

Song Qilin is so miserable that no one wants to be like him.

Ten minutes later, a son of the Song family took Wang Fan to one of the courtyards.

When Wang fan saw clearly the situation in the courtyard of Chu, his anger surged up again, and the killing opportunity was revealed!

He's going to kill!

I'm really going to kill!

I saw the big breasted girl was tied to her limbs and hung up.

While shouting, a young man was beating the big breasted girl with a whip. The whip was scarred and bloody. It was a bit miserable.

The big breasted girl groaned and twisted powerlessly, and the whole pretty face had been completely twisted due to pain.

Around, there was a group of big men watching, with no frown.

Is it still human to be cruel to a young girl? Still a man?

"Damn it Wang Fan's eyes flashed a crazy killing machine. He rushed to grab the whip and beat the man hard.

Pa Pa Pa!

In an instant, the man was beaten and fell to his knees.

The whip mark on his body was deep, and the bone was visible. The blood red skin turned out, and inside was the white bone. People were sweating.

He fell to the ground and groaned in pain. But before he groaned a few times, the whip wrapped around his neck, and he was killed instantly.

Wang Fan went to put down the big breasted girl, took out the silver needle and tied her up quickly.

"Who asked you to let her down? Who asked you to let her down? Which young master's servant are you? Why are you so unruly?" When the door opened, a man with small eyes and big head came out. When he came out, he saw the man who had been strangled on the ground. He was even more furious. "How dare you kill my man? How dare you! Which young master do you work for

The man yelled angrily, his face twisted together. He was so angry that he didn't even see the son of the Song family who brought Wang Fan.

Wang Fan ignored the man's clamor and still put a needle on the big breasted woman. He took it back a moment later.

He coldly looked at the people who were in the courtyard and asked, "who are you doing it? Take the initiative to stand up, don't force me to do it."

"Presumptuous! I did it. What do you want? This is the order of the owner, you dare "

the man continued to shout, but before he finished, a whip wheezed around his neck. Before he could react, Wang Fan whipped again, and the man fell down powerlessly.

The people around them were so quiet that some of them even peed in their pants.

Wang Fan killed two people unconsciously. Is that too cruel?

"Who else? Why, is there no one to do it, or dare not admit it, dare not stand up? "

No one spoke, and no one dared to stand up.

Their breathing began to be dignified and their bodies trembled.

Wang Fan's ruthlessness and skill have deeply shocked them and made them dare not move.

"Well, since you don't admit it, let's be punished together." Wang Fan sneered, holding the big breasted girl in one hand, raising the whip in the other hand, and throwing it at the group.

"Damn, I'm fighting with you!"

"Ah, I can't stand it!"

"Kill

That group of guys are forced to this kind of share, can no longer bear the pressure in the heart, to kill Wang Fan.

Just a few seconds later, it all fell to the ground.

All of them, their right arms were strangled off with bones attached to them, and they were completely abandoned.

"Go back and tell others in the Song family that this time it's just a lesson. If you dare to offend Wang Fan next time, I'll uproot your song family!"

Wang Fan abandoned those people and was not in the mood to stay. He said to the son of the Song family who brought him, and then left the Song family.

In fact, he wanted to kill song Qilin, but when he thought that song Qilin might be song Rumei's biological father, he didn't kill him.

"Brother Wang, please stay." Wang Fan just left the Song family, but before he got far away, a voice came from his ear.

Wang Fan Leng for a while, fixed his eyes, turned out to be a middle-aged man whose strength reached the peak of the day after tomorrow.

Wang Fan did not speak, but holding a large breast woman quickly back a few steps, and then coldly looked at the man.

Chapter 314

"Brother Wang, don't be nervous. I don't mean any harm. I just invite you to come as a guest according to the order of our master. I hope you'll look forward to it."

The middle-aged man looked at Wang Fan and said with a smile.

"Which eye do you see me nervous? Your master asked me to come, didn't he? Sorry, I don't have time. Please let him come by himself. "

Wang Fan said impatiently, picked up the big breast girl and planned to leave.

He didn't like the middle-aged man and the owner of the family. They obviously came to win over when they saw that they were safe and sound.

If they died in the Song family, they would not frown or go in to save them.

The middle-aged man frowned, his face pulled down in an instant, "Wang Fan, our master invited you to give you face. Don't be shameless."

"Go away!" Wang Fan laughed angrily, "which onion is your master? Do I need him to give me face? Get

out of here, or don't blame me for being rude

Wang Fan laughs and puts the big breasted girl to the side. Then she looks like a big fight.

The middle-aged man's whole body trembles, obviously did not expect that Wang Fan's temper would be so hot, but also with him desperately.

He wanted to rush up and beat Wang Fan recklessly, but he was afraid that he couldn't beat Wang Fan, so he finally put up with it.

Although old Ge is only in the middle of the day after tomorrow, he can leap over the level and even kill the peak of the day after tomorrow.

Just now, he saw old man Ge run away with his own eyes, so he was a bit uncertain about Wang Fan.

"You, you wait for me." Middle aged man left a few words, turn around and go, pour also simply.

"You run fast! Damn it, I didn't see you help me when I was fighting inside. Now when I see that I'm alive, I know how to win over him. There's no such good thing in the world. "

Wang Fan disdains to say, holds the big breast female to leave from another direction.

His voice is not big or small, just enough for the middle-aged man to hear, the middle-aged man instant the whole person is not good, almost want to vomit blood.

Shangri la hotel.

Xu Ruyun had a sleep in bed and felt a little hungry, so she went to the hotel restaurant to eat.

She remembered Wang Fan's advice and saw the madness before, so she didn't dare to leave Shangri La Hotel at all.

Xu Ruyun found a place and just sat down. Before she could order a meal, a man came to her.

"Pretty girl, are you interested in making an appointment? Don't worry. My life is wonderful. I promise you that you want to be immortal and die. If you want it, you still want it."

The man's voice is very obscene, while he said, but also did not ask himself to sit down.

Xu Ruyun was once a big sister in the underworld. When did anyone dare to treat her like this? Anger flared up in an instant.

Only when she thought that this was the capital and that Wang Fan had an enemy, she didn't want to make more trouble, so she tried to endure it.

"It has nothing to do with me whether you live or not. I don't want to make an appointment with you, and I'm not interested in making an appointment with you. Please leave." Xu Ruyun repressed her anger and said coldly.

"If you say leave, leave. This position is not yours." The rogue man said, his eyes changed more color,

"look at your wind burning, and your big chest. It must have been done by many people. What's the matter with me. Once you make an appointment, you won't lose a piece of meat. Maybe you won't be willing to leave me in the future and ask me to do it for you. "

Man this a dry, a bite of a about, let Xu Ruyun anger expansion again, she can't bear, grab the water in front of him.

Hua ground, the man is instantly splashed into a drowned chicken.

The man was splashed for a moment, and his face changed. He stood up and slapped him.

"little bitch, you dare to splash me with water. Today is the king of heaven. I can't save you. Follow me!"

Bang!

A crisp to, but not the man slapped fan in the face of Xu Ruyun, but Xu Ruyun grabbed the tableware hit the man on the head.

Click!

The tableware is broken and the man falls to the ground!

In order to get close to Dong pengde, Xu Ruyun has worked hard in all aspects these years, and her skill is still very good.

Generally, three or five men are not her rivals at all.

"Damn, bitch, you dare to hit our big brother!"

"Go, go with me. I want to find a place to talk with you."

Five or six people stood up and rushed to Xu Ruyun.

Xu Ruyun's face changed greatly!

If she doesn't know now that these people are specifically targeted at her, she'll be in vain for so many years.

Previously, the man insulted her, obviously to provoke her, let her do it, and then give this group of people a reason to take her away.

After all, this is Shangri La. It's impossible for a hotel to take someone away without any reason.

Xu Ruyun thought of this, where dare to talk nonsense, raised the table to hit the group of people, and then ran toward the stairs. But before she took two steps, she felt the wind coming from behind, and the whole person subconsciously rushed to the side.

A young man stepped into the air, then stood in front of her, her whole person also due to dodge, a stagger, fell to the ground.

"Hit our big brother and want to run? Where the hell do you want to go? Come with us As the young man said this, he grabbed Xu Ruyun.

Xu Ruyun retreated in horror and screamed, "help, help, kill, kill!"

The man is very angry, a slap throws, but is dodged by Xu Ruyun.

He eyebrows pick, is going to move again, the hotel security has rushed out.

"What happened, please don't make trouble in our hotel."

"I'm a guest of your hotel. They want to kidnap me. You have to protect me." Xu Ruyun said to the security guard quickly.

"Guests? We are still guests! This whore splashes our elder brother with water and smashes our elder brother with tableware. We must seek justice in this matter. Don't meddle in your business. "

"As a guest of your hotel, my elder brother's personal safety has been injured. I haven't found your hotel to investigate the responsibility. Don't be bored."

The man is bold and fearless, while saying again, he grabs Xu Ruyun again.

Those security guards heard the man's words, immediately stopped the action, did not go to help, but also did not leave.

Now it's a dispute between guests. How can they intervene?

"I lose money, I can lose money!" Xu Ruyun was shocked, hiding and yelling wildly.

"Lose money? Do you think I'm a poor man? Follow me, or I'll call the police and take you! If we don't deal with this matter clearly, I'm not finished with you! "

Men see repeatedly catch Xu Ruyun, also some impatient, immediately attack to Xu Ruyun.

Xu Ruyun was shocked and hit back quickly.

It's just that she's good at dealing with a few ordinary people, but she's bad at dealing with this man.

After several moves, she was kicked down again and again by the man, and her eyes were gray.

Chapter 315

People around a dull, no one dare to stand up and say anything.

Hotel security is also standing on one side, ugly looking at this scene, some can not intervene.

This is already a contradiction between the guests, they can only adjust. But these rampant guys don't need their adjustment at all, otherwise they will be held responsible.

"Come with me. If you dare to fight against my elder brother, I can't save you when the emperor comes."

The man's face is ferocious to say, stretch out a hand then grasped to Xu Ru Yun.

Xu Ruyun's eyes were gray, as if she didn't see the hand at all. She didn't move. She had obviously given up her resistance.

"If you still want that hand, you'd better not touch her." A indifferent voice came, the man's face a stagnation, instant rage.

"It's very generous of anyone to meddle in his own business. I'll arrest him today. What can you do with me? He also said, "I don't want my hand. I don't want your life."

The man said fiercely, looking back at the man, and catching Xu Ruyun more fiercely.

It was only when he saw clearly what the visitor looked like that his face changed.

Wang Fan came in with a girl with a big chest.

"You, you, you, Wang Fan? Why are you here? " The man's face changed greatly and his speech was a bit unskillful.

"Why, blame me for ruining your good deeds here? I'm standing here now. I want to see how you can take my life. "

Wang Fan said indifferently, has come to the man's side.

The man was so scared that he couldn't even stand steadily. Not only he, but also his companions, were a little unsteady, with a look of ghosts.

Didn't Wang Fan go to the Song family? Why did he come back so soon?

"Why don't you do it, don't you shout? It seems that you can't take my life. I really don't understand. Since you don't have the ability, what kind of bold words are you going to make? "

Wang Fan shook his head and said, with his right hand sticking out, slapping a few palms down, and finally picked up a fork from the next table and suddenly crossed the man's wrist.

Hiss.

The man took a cold breath, the whole wrist was cut off by Qi gen, and his bloody hand fell to the ground.

"Ah." The guests around were pale with fright, and they didn't dare to see it.

How did they not expect that Wang Fan was really so superior, and directly cut off other people's hands.

"You, how dare you cut my hand?" The man was even more shocked and angry. He covered the wound with one hand as if he wanted to stop the bleeding, but the blood was flowing faster and faster.

"I've never said anything bold. Since I said it, I will do it. Just now I said that if you dare to touch her, you will cut off your hand. "

Wang Fan said, helped up Xu Ruyun.

Although Xu Ruyun's eyes are no longer as gray as before, they are still a little dull.

These days, she was so tired to escape. Today, she was almost caught by these inexplicable people. I can imagine her mood.

"I'm sorry. I'm the one who bothered you. Don't worry, I won't let those guys go." Wang Fan said, looking at the others, "do you kneel down and apologize, or do you want me to do it myself?"

"We kneel down."

"We kneel down!"

Naturally, the group of men had nothing to consider, so they knelt down directly.

They are too clear about Wang Fan's ruthlessness. How dare they let Wang Fan do it himself?

Although they don't understand that Wang Fan will come back so soon, since Wang Fan has already come back, it means that it's impossible for them to take away Xu Ruyun.

Now they should consider how to let Wang Fan put out the fire.

"Miss Xu, I'm wrong. Please forgive me."

"Miss Xu, I was blind before I provoked you. You don't remember me as a villain. Let me be a fart."

"Miss Xu, you just splashed me and hit me. I'm so happy. You can hit me another hundred times."

As they slapped their hands hard, they began to repent, and from time to time there was a big three bows and nine kowtows, as if they were on a pilgrimage.

"Wang Fan, forget it, I haven't been arrested anyway." Xu Ruyun looked at these people and Wang Fan, and said.

Now bullying these people has no meaning, and here is Shangri La, she does not want to make things too big.

"Go away, remember to go back and tell song. This is the last time. In the future, you song family had better keep a low profile for me. If it's in my hands, don't blame me for being impolite. "

Wang Fan waves impatiently and leaves the restaurant with Xu Ruyun and her two daughters.

The group picked up the injured companions and broke their hands and fled.

The guests around trembled again.

What kind of person is this? Is it crazy to threaten the Song family?

Is the Song family he threatened really one of the eight families in the capital? It should not be possible. It should be another small Song family. Yeah, it must be. Only a few people who have heard of Wang Fan's enmity with the Song family have been shocked.

Wang Fan said so, does it not mean that Wang Fan has been to the Song family, but also safe out? This

"how do you know I was in the restaurant?" Xu Ruyun asked, "also, you are not going to the Song family, how to bring this little sister back, how she looks so bad spirit."

On the way back, Wang Fan bought a new dress for Li Lu, the big breasted girl. So Xu Ruyun didn't see the scar on Li Lu's body.

"I have stayed in this hotel before, and I know their general manager, who called me. Her name is Li Lu. She was implicated by me and tied up by the Song family. I rescued her at the same time. "

Wang Fan said apologetically.

The three soon returned to their room and called the waiter to deliver the meal.

Wang Fan didn't worry about what trouble the matter just now would bring to him. His friend, the general manager, can handle this little matter.

What's more, Wang fan doesn't believe that the Song family dares to produce any moths. Even if the moths are produced, the general manager can't handle them. He still has the certificate given by the old man a few days ago, which can be used.

Song family.

Song Qilin had been sent to the private hospital of the Song family, while the rest of the Song family held a family meeting quickly.

This family meeting was the most serious and largest in the history of the Song family. Not only the third generation who were not directly related to the Song family took part in it, but also many elders of the Song family who did not show up.

There are only two themes. The first is to re select the owner of the family, and the second is about Wang Fan.

Under the resolution of the Presbyterian group, song Qilin's elder brother, song Qisen, took the position of head of the family, replacing song Qilin.

At the moment when song Qisen was elected as the head of the family, he immediately moved out a new family law of the Song family;

"all the children of the Song family, no matter who they are, must not provoke Wang Fan, violate the family law, serve them and expel them from the family!"

Although the Song family members were shocked by this family law, they were not too surprised.

Most of them have witnessed Wang Fan's ruthlessness and strength. Now Wang Fan has almost become a taboo of the Song family.

Chapter 316

"Qisen, is this really the end of the story? Many families must have known about Wang Fan's provocation to our song family. If we don't fight back, we will be laughed at by other families. "

After dismissing the third generation, there are only a few core people left in the conference room, one of the elders said.

"Elder three, it's not that I don't want to do it, but that I have to do it now. As you can see, Wang is not only arrogant, but also powerful. Even Ge Lao is not his opponent. "

"Fortunately, Qisen didn't lose his mind and didn't let our song family's Secret endurance go to death, otherwise our song family would be really hurt."

"Although Ge Lao left now and lost face, at least the foundation of our song family has not been affected."

"The one surnamed Wang, let him be arrogant for a period of time. When our song family has the capital, we can go to find this place."

Song Qisen said, biting his teeth.

Why didn't he want to take revenge immediately and kill Wang Fan? It's just that the price of killing Wang fan is too high.

Wang fan can easily fly to ge Lao in the middle of the day after tomorrow, which means that Wang fan is at least in the middle of the day after tomorrow or even higher.

If they want to kill Wang Fan, they have to pay a high price to invite the experts out from there.

Of course, if they just spend some money, even if there is a lot of bleeding, the Song family can tolerate it.

But those people are not good things. Inviting those people out is basically tantamount to scheming with the tiger. If they don't do well, the Song family will be swallowed up.

"Elder three, you don't have to worry. It's not that we don't take revenge, it's just that the time has not come. What's more, Wang fan is so arrogant that he may offend cruel people and kill him every minute. "

"Ah, yes. At present, it can only be done first."

The Third Elder sighed.

Finally, the Song family meeting ended in such a repressive atmosphere.

Wang Fan these two words, is already a thorn in their throat, want to pull out still can't pull out, think is tears.

At the same time, the news that Wang fan made a big stir in the Song family and left safely spread all over the capital.

For a time, Wang Fan was pushed to the top of the storm again and became famous again, but this time he became famous in the capital.

"Wocao, my brother fan is powerful. He is so domineering in the capital."

"Really give us Jinzhou people a face, from today on, he is our idol of Zhang Guodong!"

"Tut Tut, there's nothing wrong with the Song family. I even heard that song Qilin was abandoned. I'm very powerful!"

Countless people in Jinzhou beat their chests and feet one after another. They just feel that they are a little superior.

Wang fan is a native of Jinzhou. Now he has become one of the eight families in the capital. In their eyes, the Song family is very high. How powerful and domineering it is.

Compared with the excitement of these people, some families and young people who think they are very good at it disdain it.

"This Wang fan is really arrogant. He dares to brag in our capital. He must kill his spirit when he has time."

"Although the Song family is one of the eight families, it's just powerful in the political arena. There are no experts in it. What's so great about making a big noise in the Song family? It's really a frog in the well. If you have the ability to make a big noise, let's try it in the Zhao family."

"Damn, this son of a bitch is so arrogant. I really want to go out and deal with him, but the family won't let me go."

"People are afraid of being famous and pigs are afraid of being strong. Is it better for Wang Fan to put on such a high profile? Sooner or later, he will be chopped to death with a random knife

These are the exclamations of the top dignitaries in the capital. They are very unhappy with Wang Fan's behavior, and they also look down on the fart people from such a small place as Wang Fan.

An elegant manor.

Zhao Kuangshan white and green tigers are sitting opposite each other, their faces are not very good-looking.

"Damn, this Wang fan is arrogant in Jinzhou City. I didn't expect that he came to our capital to be

arrogant. I really want to kill him!"

Bai Qinghu gritted his teeth, but he just said it himself. If Wang Fan really stood beside him, he would not dare to fart.

"Brother Zhao, you and miss Moda are going to be engaged soon. This guy is not here to destroy your marriage, is he? If he intervenes, your marriage will be a little mysterious. "

White green tiger see Zhao crazy mountain don't speak, say again.

After listening to this, Zhao could not calm down any more, and his angry face was distorted. He slapped it on the table and yelled,

"if he dares to destroy my Zhao Kuangshan marriage, no matter how much I pay, I will ask my Zhao family experts to come forward and kill the Wang."

"Besides, it seems that my brother will come back in a few days. If he does come back, I will let him kill him immediately. It's just the day after tomorrow. It's really powerful, but in front of my brother, it's a scum! "

"Your brother? Zhao Fantian White green tiger murmured a, the whole body all shivered for a while, dare not speak again.

Zhao Fantian, that's the same taboo in his heart. When I was a child, I didn't deal with him less. I think it's all nightmares. Mo family, a room surrounded by fragrant wind.

Mo gentle eyes standing in the window, some depressed.

She wanted to go home to see her parents, but she didn't expect that she was put under house arrest as soon as she came back, and even her mobile phone was confiscated.

What's more maddening to her is that the Zhao family will come to propose marriage in three days. How can she accept this?

If she had known that, she would not have come back.

But now it's too late to say anything. She's in the room and can't even get out.

"Miss, what are you thinking? It's windy outside. Don't catch cold. You'd better go back to your room and sit down."

A maid like girl came to Mo gentle side, said.

Mo gentle did not speak, still looking out of the window.

The servant girl saw that Mo gentle didn't speak, and she was not unhappy. She looked at herself and said, "by the way, a big sensation happened in the capital today. You can't think of it."

"A guy from a small place picked up the Song family and abandoned all the five limbs of song Qilin. It is said that the guy "

" what did you say? " Mo gently interrupted the servant girl's words, the facial expression immediately excited, "you say someone picked the Song family, but also song Qilin to waste?"

"What's that man's name and where he came from? Do you have a picture of him? What's the matter with him now? Has he been arrested by the Song family? "

Mo gently and unconsciously grasped the servant girl's shoulders and threw out several questions.

"I don't have the photo, but I know that the guy didn't get caught by the Song family, and he swaggered away."

"It is said that GE Lao, the master of the Song family, is no match. That guy's name seems to be Wang who fan, from "

" Jinzhou, right. " Mo gentleness took over the words of the servant girl, the facial expression a shock.

Even Ge Lao is not an opponent. Is Wang Fan the peak of the day after tomorrow? How is that possible? How can the secular world raise such a master?

"Yes, Jinzhou. Oh, I almost forgot, miss, you are also from Jinzhou. Do you know each other? "

"Xiaoqing, do me a favor, call him for me and ask him to come to me, OK?"

Mo gently asked to see the maid, looking forward to said.

"This" the servant girl is a bit embarrassed, "this if the home owner knows, can the family law serve."

"As long as you don't say it, how can the owner know? You don't want to use your cell phone. Call him from a public phone. I beg you, we've been in love for such a long time, just like sisters. Do you really have the heart to see me marry that Zhao? "

Chapter 317

"All right." The servant girl looked at Mo gentleness's look of expectation, and finally agreed.

An old courtyard.

The middle-aged man who wanted to invite Wang Fan but was angry with Wang Fan came in.

"Why are you alone, Wang Fan? Why didn't he come?" An old man saw the middle-aged man come in and asked immediately.

"Master, that guy is too arrogant to give face. He said that if you want him to come, you can invite him in person, so I came back by myself. "

Said the middle-aged man.

"What did you say?" The old man was furious. "He asked me to invite him in person? What a big tone! Why didn't you catch him back? Aren't you his opponent? "

"I, I'm afraid you really appreciate him. I'm afraid you'll be angry, so I didn't do it." Said the middle-aged man.

This product is also very good at sticking gold on his face. In fact, he was afraid that Wang Fan was more powerful than him, so he didn't dare to sell it. Of course, he would not say such a shameful thing.

"A good Wang Fan, can't you think that if you have some strength, no one will pay any attention to it? It's arrogant, just looking at the sky from the well."

"Master, what shall we do now? Shall we send someone to catch him?"

"No, just the day after tomorrow, we are not qualified to fight. Let's do this first."

"Good."

Although the middle-aged man is not willing, but the owner has spoken, he has no way.

Shangri la.

"Let's hurry in and hurry." After three people fill their stomachs, Wang Fan says to Li Lu, a big breasted woman.

"Well." Li Lu blushed and nodded, then lowered her head and quickly entered one of the rooms.

Wang Fan followed in.

Xu Ruyun looked at this scene, some Leng Leng.

Isn't Li Lu rescued by Wang Fan? Is there any condition for the rescue to repay with the body?

It's just that I'm in a hurry. I just put down my chopsticks. Can't wait?

Xu Ruyun thought, and some depressed.

Anyway, he is also a beautiful woman. Wang fan is so impatient, but he doesn't call himself. Instead, he calls Li Lu in. Is that too contemptuous?

Bang.

Wang Fan didn't know Xu Ruyun's messy ideas. After entering the room, he closed the door with his backhand.

"Well, you can take off your clothes. We'd better hurry and don't delay." Wang Fan says, took out silver needle.

There are many scars on Li Lu's body. Some of the wounds are quite deep. They can't be cured for a while, so Wang Fan brought her back.

Li Lu didn't want to be seen by her roommate, so she agreed with Wang Fan to help her with "quick" treatment.

Li Lu listens to Wang Fan's words, even if she knows in her heart that Wang fan is referring to the treatment of her injury, she can't help thinking about it.

"Take off your clothes. You'd better hurry. Don't delay." That sounds ambiguous.

Her face is red.

Wang Fan could not help but frown, "if you are shy, then even if, in fact, I give you medicine is also very fast, at most three days cured."

"No, I do. I don't want my roommate to see my scars. If I was seen by that group of dirty girls, I would think of some bad hobbies, and then I would have no face to see people. "

Li Lu said quickly.

As she spoke, she quickly lowered her head and took off her clothes.

Soon she was all but the inside and the hood.

Wang fan saw that Li Lu still wanted to take off, sweating, quickly stopped, "OK, you don't have to take off any more, now you lie on the bed first, I'll start from the back."

"Ah?" Li Lu is almost ashamed. Can this guy talk? What does it mean to lie on the bed and start to prick from the back? I really want to stop people from thinking.

However, she did not continue to speak, but knelt on the bed and buried her head in the quilt.

The reason is kneeling rather than lying down, it is because there are many wounds in front of her, lying down a little painful.

Li Lu's figure is pretty good. The convex part is convex and the concave part is concave. It's very irritating.

That skin is also crystal clear as jade, full of exciting luster, but there are many scars on the body, affecting the overall appearance, otherwise it will be unbearable.

Now Li Lu kneels on the bed like this, even if his body is full of scars, Wang fan is a little thirsty.

He couldn't help looking up, and then quickly looked back at the wounds.

The scars washed away his vision and anger, and those thoughts were soon banished.

Wang Fan took out the silver needle and quickly pricked it up on Li Lu.

He should first inject silver needle with internal Qi to help Li Lu's wound heal quickly, and then apply medicine to completely remove the scar.

Li Lu felt the heat in her body, and her whole body became hot. She could not help moaning. She listened to her groans and was so ashamed that she wanted to bump her head to death. She quickly grabbed the pillow and stopped herself from making that kind of shy voice.

Wang Fan didn't care. He didn't have any thoughts. He soon finished the needling and began to apply the medicine.

Wang Fan's big hand almost covered a large area of Li Lu's skin, which made her feel strange again. She only felt hot and hot, and had that feeling.

However, she is stifling, do not let their own thoughts, do not let their own voice.

But she underestimated her tolerance and also underestimated Wang Fan's ability. Before long, she could not help singing freely.

For the next hour, the chanting didn't stop.

Outside Xu Ruyun all listen of some blush, the heart is ashamed.

Her heart is itchy, too.

"Shameless, shameless. It's so loud that people can't rest. Wang fan is also true. If you do this kind of

thing, you can't open another room. Do you think people are air? "

The former Mafia elder sister, issued a declaration of dissatisfaction.

An hour and a half later, Wang Fan came out of the room sweating, holding a few silver needles with blood in his hand.

He finally cured Li Lu's injury. For more than an hour, he was so tired and suffering.

Especially Li Lu's cry, which he couldn't stand, but he was embarrassed to ask others not to cry, so he had to bear it.

Fortunately, this suffering has finally passed, otherwise he may really incarnate as a beast.

Xu Ruyun looked at Wang Fan's sweating appearance and the bloody silver needle in Wang Fan's hand. For a moment, she couldn't help but say,

"you are too abnormal to use the needle. Are you still human? Your taste is too strong, isn't it? "

"What kind of pervert, what kind of taste are you talking about?" Wang Fan frowned, "Lilu, she was hurt a little seriously. I just took a silver needle to treat her. I said, don't be so dirty, OK?"

This woman is so dirty!

"What's wrong with me? Her voice almost knocked the president down. Didn't you hear that? I think you did something shameful in the name of medical treatment. "

Xu Ruyun didn't say well.

Treatment? She doesn't believe it.

"You dirty girl, I really don't want to tell you. I'm tired and go to bed." Wang Fan was too lazy to explain, and then he entered another room.

"I'm so tired that I haven't done anything. I don't believe it. I'd better go in and have a look at the little sister. Don't be killed by you. "

Xu Ruyun said and entered the room where Li Lu was.

Wang Fan almost fell to the ground, he is really speechless.

Chapter 318~319

"Oh, it's so cold." Mo gently exclaimed, quickly jumped into bed, and covered the quilt.

Her heart is thinking, God, can never be found by my mother, otherwise can really have no face to see people.

"Rou'er, what's the matter with you? You can't catch a cold. Come on, mom, have a look." Wen Wanyun is also surprised, quickly went to Mo gentle side, stretched out his hand to her forehead.

"Mom, I'm ok. I'm just a little uncomfortable. It's OK. Otherwise, you go back first. I want to have an early rest. "

Mo said gently and nervously, with a red face.

"You have a cold. How can mom go back? Mom will be here with you. Ah, in fact, Zhao Kuangshan is very good. The family is also for you. Why

Wen Wanyun said with a sigh.

Mo is about to cry.

Mom is going to sleep here. Isn't it that three people are sleeping together? How can we do that? How can Wang Fan hide in the quilt.

Mo gentleness is thinking about it, suddenly feel their legs were hugged, subconsciously can't help shivering for a while, almost jumped up.

Fortunately, she responded in time and quickly pressed Wang Fan with one hand to stop Wang Fan from moving.

Wang fan is also very depressed. The quilt is airtight. How can I bear it? If I had known, he would have jumped out of the window.

As for hiding under the bed, Wang Fan never thought about it. Are you kidding? Is he hiding under the bed?

Wang Fan's hand is pressed on Mo Wenwen's thigh. It feels really good. It's slippery and soft, but it's too stuffy.

"Rou'er, what's the matter with you? Why do you look so ugly? Why don't your mother give you a look at the doctor? Your health is the most important thing."

Wen Wanyun was even more worried. He took off his shoes and went to bed.

"No, mom, you'd better go back. I want to have a rest." Mo gentle scared cold sweat all came down.

Wang fan is also frightened and sweating. If he lifts the quilt and finds himself lying in the quilt with

Mo's gentle thigh in his arms, he will not think well.

"All right." Although Wen Wanyun felt that her daughter was a little strange, seeing that her daughter insisted on her leaving, she didn't continue to stay strong. She nodded and put on her shoes and left.

Mo was greatly relieved.

Wen Wanyun left the room. As soon as he closed the door, Wang Fan quickly opened the quilt and began to breathe, "Mom, I'm suffocating."

Mo gentleness is more angry a set of eight fists toward Wang Fan beat up, "you bastard, you still hold back, who let you hide on the bed, if this is my mother see, I still want to see people?"

The previous scene was so breathtaking that she was afraid to think about it.

"How can I blame you? Where can I hide in such a small room. Well, don't be angry. I'm going to leave. "

Wang Fan quickly dodged Mo Wenwen's fist, jumped out of bed, put on his shoes and walked towards the window. At the moment when he was about to jump out, he still couldn't resist looking back and said,

"gentle, although I don't want to say it, I can't help saying that your thighs are still very elastic, ha ha."

Who!

A cup smashed face to face, Wang Fan has disappeared out of the window. However, the loud sound of the cup hitting the window alerted the guards of the Mo family. At the same time, Wang Fan was also found.

"Who!"

"Who is it?"

"Stop!"

"No, there's a thief. Catch him!"

A series of harsh exclamations came, and a group of crazy guards chased Wang Fan.

Wang fan is a little depressed, won't it, Mo gentle, is this to play to death?

Mo gentle is also scared a big jump, she is very regret to throw out the cup, harm Wang Fan exposed.

But now what else can she say? She can only pray that Wang fan should not be caught.

Wenwanyun just left Mo gentle room not far, heard the movement, quickly returned to go back, there is a thief is a small matter, gentle can not be found.

"Ha ha ha, you rats, dare to stop me from being a romantic gentleman. Be careful that I will patronize your wife later."

"Tut Tut, in other words, your young lady's figure is very good, and her thighs are very plump, but it's a pity that she can't play. But don't worry. I'll come back tomorrow night. Ha ha ha. "

Wang fan saw the guards rushing in, quickly took off his coat and put it on his face. He pretended to be a big flower gatherer and roared.

He doesn't want people to know his true identity, or his reputation will be ruined.

"What do you mean, patronizing our wives?"

"You dare to patronize our young lady tomorrow night. I won't break the dogleg!"

"Hateful flower gatherer, how dare you blaspheme our young lady and seek death!"

When the guards heard Wang Fan's smile, they almost blew up and chased Wang Fan crazily. Fortunately, listening to Wang Fan's tone, it seems that the young lady has not been insulted, which makes them feel relieved, otherwise they will really have no face to face the Mo family.

Mo gentleness in the room has a black face. It's time for her to use her tongue to ruin her reputation. It's really hateful.

However, she soon understood what Wang Fan meant. The goods were intended to discredit her reputation. She wanted to take the initiative to let the Zhao family leave.

However, although Wang Fan said that he didn't do anything about her, if it was spread, would others believe it?

Mo gentleness does worry, but now is not the time to manage these, she can only pray for Wang Fan to leave smoothly.

"Ha ha ha, I really want to kill you, don't you? Come and hit me. I'm a romantic young man. I don't play lightness skills. I remember you. You'll wait for me and visit your wife in a few days. "

Wang Fan wantonly laughs, a few flash body then rushed out of the encirclement, ran toward Mo's door.

He didn't mean to provoke these people, but there was no way.

It is estimated that most of his family knows the news of Wang Fan's coming to the capital. Besides, I'm afraid other people also know about him and Mo Ruan in Jinzhou.

If he doesn't deliberately make his image so bad, as long as he is not a fool, he will think that it is Wang Fan who breaks into Mo's house at night.

There is no way for Wang Fan to offend the Song family. He doesn't want to offend the Mo family any more. Although he really doesn't care about the Mo family, he doesn't want to have such an enemy.

These big families still hate the mystery. Although Wang Fan picked the Song family easily, the Song family has no experts, and the Song family can't use the national power to deal with just one Wang Fan.

But if you offend more big families, it's not the same. Let's not say that in case any family suddenly comes up with an expert, that is, these families unite to kill Wang Fan. It must be impossible for the country not to show up.

Wang fan doesn't have the strength to fight the country now, and he doesn't want to fight the country.

Wang Fan patronizes other people's wives one by one, and the guards are even more angry immediately.

They yelled to kill one after another, and the expression was eager to kill Wang Fan immediately.

It's just that they are just a group of guards, not the elite power of Mo family. That strength is not enough for Wang Fan.

In a few minutes, Wang Fan disappeared in their sight and rushed out of Mo's house.

As soon as Wang Fan rushed out, some experts of the Mo family arrived, but they were a step too late to see Wang Fan's shadow.

But Wang Fan didn't know that as soon as he left, an old man stood in his previous position.

The old man seems to have been standing there all the time, which is very abrupt and strange. He looked at Wang Fan's back, his eyes became inexplicable.

"It's a little interesting, it's a little interesting. Wang Fan really has some skills. No wonder he can make a big fuss with the Song family and defeat the Gong family."

If Wang Fan knew that he had been discovered by the old man, he would be in a cold sweat.

He would not have thought that the Mo family had hidden such a master.

Chapter 320

After Wang Fan left the Mo family, he rushed to the Zhao family. He felt that he was really busy this day. The three families ran back and forth.

More than an hour later, Wang Fan came to Zhao's house. He had planned to go in directly to find someone to coerce Zhao's position.

But before he could get in, a Bentley came out. It was Zhao Kuangshan sitting on the car.

"Brother Qi, you can rest assured that they are the best and will not let you down. When did Zhao Kuangshan cheat you? You wait for me for a while, and I'll be right there. "

Zhao Kuangshan opened the window, smoking and talking on the phone, with a respectful tone.

Wang Fan originally intended to abolish Zhao Kuangshan directly. After hearing Zhao Kuangshan's words, he immediately changed his mind.

He dodged and followed up quietly.

Fortunately, Bentley didn't drive very fast, otherwise Wang Fan would have to rush up directly to ruin Zhao Kuangshan.

Half an hour later, Bentley drove into a brightly lit villa.

This villa is independent and covers a large area. There are many thugs around the villa. Obviously, the people living in it are not simple.

Bentley drove straight in and stopped in front of the villa.

Wang Fan naturally can't directly follow in, but dodges to the remote position, jumps over the wall.

There are more than a dozen people in the villa, but only one person is sitting. The others are standing on both sides of the villa. Obviously, they are little brothers.

Sitting on the sofa is a young man in his thirties. The young man is wearing a robe, with sharp eyes and fierce eyes.

"Brother Qi, I didn't expect you to come to the capital. You didn't call me in advance." After Zhao Rushan went in, he immediately went to the youth with a respectful face.

The young man also stood up at the same time, but he was obviously concerned about another thing, "I'm just passing by. I'm just staying here for a night, and I'm going back tomorrow. Why are you alone, the woman you are talking about? "

"It's in the back. I'll send it to you right away." Zhao said quickly.

When Wang Fan heard their conversation, he gave up fighting Zhao Kuangshan for the time being and waited.

The man named Qi Ge is obviously not a good thing. As soon as he opens his mouth, he asks Zhao Kuangshan for a woman. It's obvious that Zhao Kuangshan's way to find a woman is not right.

If you just pull a woman on the street, or call it a senior service, the person surnamed Qi can do it by himself. There's no need for Zhao Kuangshan.

At the same time, Wang Fan's heart is also a little shocked. Who is Qi and what is his identity? How could Zhao Kuangshan be so respectful to him?

Wang Fan waited about ten minutes, then another car came in.

Two people got on and off the car. Instead of entering the villa directly, they opened the trunk and took out two sacks.

Wang fan saw this, quickly took out the mobile phone, began the camera.

The two men picked up the sacks and entered the villa.

After they put down the sack, they respectfully said hello to Zhao, and then left quickly.

"Brother Qi, the girl has come. I'm sure you're satisfied." Zhao Kuangshan was just talking. Qi couldn't wait to open the sack.

Two beautiful faces were revealed, which surprised Wang Fan.

No wonder the surname Qi asked Zhao Kuangshan for a woman. Zhao Kuangshan really had some skills. These two women could be regarded as bringing disaster to the country and the people.

A person as pure as water, looking at people can not help but to love, want to hold in the arms of care for a lifetime.

The other is coquettish like a fox, leaving aside the hot delicate body, just the flaming sexy red lips can arouse people's most primitive desire.

"Good, good." Qi's eyes were straight and his saliva almost came out.

He waved his hand and let all his men retreat. Then he couldn't wait to pick up the coquettish woman and throw it on the sofa.

"Ha ha, brother Zhao, thank you again this time. It's the old rule. I'll go after you, and then we'll go

together. "

He said, can't wait to take off the woman's clothes.

Zhao Kuangshan seems to have been familiar with this scene, put another woman on the sofa, and then sat down on one side to be the audience.

Wang fan saw here, naturally can't see down, quickly pushed open the window to flash in.

Zhao Fanshan and Qi, one is busy taking off meiniu's clothes, the other is busy watching the live broadcast, and they are not aware of Wang Fan's arrival at all.

Wang Fan was also happy and relaxed. He directly picked up the two sacks on the ground and covered Zhao Qi and Zhao Qi at the same time.

Zhao had no reaction at all. He was already covered in a sack, and at the same time he was ordered by Wang Fan.

The reaction of Qi is faster.

"Who!" He suddenly changed his face, gave up the woman under him, and hit the sack. Wang Fan was surprised. Obviously, he didn't think that Qi had such ability. He took a step forward, grabbed Qi's fist, twisted it, and put his finger on his throat. At the same time, the sack went down.

The surname Qi wants to call people, but he is shocked to find that he can't make a sound at all. He struggles desperately, but after a punch in the stomach, he falls down powerlessly.

Zhao Kuangshan over there also reacted and began to struggle to get rid of the sack. Wang fan saw this and gave him a kick.

"Sir, I can't change my name. I can't change my surname. I'm a romantic gentleman. You two short-sighted dogs dare to move even the girl you like. It's like eating the heart of a bear and the gall of a leopard. "

Wang Fan said, hands and feet with, then hard toward two people bombarded up.

They want to cry in pain, but the vocal cords are blocked, and they can't make any sound at all. Don't mention how hard it is.

Before long, they were beaten black and blue, fell to the ground straight choking.

"This time, I just want to teach you a lesson. Next time I dare to touch the woman I like, I will kill you directly. These two girls will take them back to enjoy themselves. You can play slowly. "

Wang Fan hummed and said, quickly took out the silver needle in the two people, and then picked up the comatose two women, directly flashed out of the villa.

Not long after Wang Fan left, Zhao Kuangshan and Qi relaxed and broke free from the sack. Their eyes were scarlet.

A moment later, they let out a low roar in their throat and rushed towards each other.

The next scene is too disgusting to omit ten thousand words.

Wang Fan left one, right one, holding two people away from the villa, it was a bit difficult.

In the evening, he didn't know where they lived or where they should be sent?

It's obviously impossible to go back to Shangri La. As soon as he goes back, his identity as Wang Fan will be exposed and he will be in vain tonight.

If you want to open a house anywhere, you will also expose his identity.

"Damn, what's the matter? You can't leave them in the street, can you?" Wang fan is a little depressed.

At this time, suddenly, the two women seemed to have a reaction, they flushed face, mouth toward Wang Fan.
