

## **Mighty Sk 3111**

### **Chapter 3111**

"Mole ant, run away, you continue to run away. Why don't you run away now? Do you know you can't run away and plan to beg for mercy?"

When the immortal saw Wang fan turning around on the fourth floor, he was shocked at first and then laughed wildly.

He was also a little annoyed.

It's a shame that the strong man of the four levels of the earth immortal pursues and kills a mole ant whose cultivation is only seven levels of the human immortal. He hasn't caught up with him for such a long time.

Wang Fan disdained to sweep that earth immortal four layers one eye, in the mouth only spit out two words: "idiot."

With the sound, he has been crazy to trigger the killing intention prohibition in the killing short gun, a shot shot shot out.

The sound of whooshing came out, the red gun pattern instantly diffused into the vast space, and the violent killing was even more crazy.

At this moment, it was as if the killing power between heaven and earth had been pulled out.

"Why?" When the fourth floor of the earth fairy saw this scene, his eyes flashed with a strange color, and then he burst into a rage.

"To die!" With a roar of anger, he was agitated by the immortal yuan all over his body, and in an instant, he had formed defensive armor all over his body.

At the same time, a long red knife appeared in his hand.

The long knife splits horizontally, tearing out the red awn.

In a flash, the whole world was submerged in the red, looking extremely dazzling.

The red sword awn in the sky soon collided with the red spear awn in the sky.

Boom boom!

When the deafening explosion came out, the whole void seemed to fall into a catastrophe.

Under the crazy tearing of the red spear awn, the knife awn just insisted on a few suction, and then began to collapse.

Spear awn invincible, directly toward the four layers of monks to cut.

"How is that possible?" The monk of the fourth floor of the earth immortal was a little stunned. He madly urged Xianyuan in his body and began to retreat.

It's just that he's not as fast as a spear.

Just in a flash, the red spear had been torn on him.

With a few noises, the Xianyuan defense on his body surface was broken like a piece of paper, and the whole person was spewed out with blood.

The monk looked at the scene in the distance, and there was a dead silence.

The seventh floor of the human immortal has seriously injured the fourth floor of the earth immortal. How bad is that?

They have not even heard of such a powerful immortal.

Not to mention those distant monks, even chief Qiu was shocked.

Originally, Wang Fan was able to cross the border to kill the ninth floor of the immortal. He already felt that it was very bad.

But now ..

Wang Fanke ignored those shocked people, almost at the moment when the Dixian was blasted out of the fourth floor.

He had already taken a lightning flash and another shot with him.

This time, there was no time for the fourth floor of the earth immortal to react. When he realized that it was not good and wanted to avoid, he could not hide at all.

Whoa!

Blood light sputtering, the four layers of the earth fairy were torn into nothingness, completely falling.

Wang Fan did not stay, but with a flash of Qiu Chang's figure, left quickly.

At this time, his face was a little pale, which was very terrible.

The cost of the shot just now was too much, otherwise it would have been impossible for him to achieve that kind of miraculous effect.

There are thirty-six layers of prohibition in the killing shotgun. Every more layer of prohibition is activated, his consumption will be infinitely enlarged.

In the past, when he killed the three levels of the earth immortals, he only triggered 28 levels of prohibition. But just now, when he killed the four levels of the earth immortals, he triggered 30 levels of prohibition.

Wang Fan with Qiu long, just a few flashes, has disappeared.

The monks who saw this scene were shocked.

The friars who had the heart to catch up with him gave up the idea immediately.

Are you kidding? With Wang Fan's fighting power, if they catch up, they are looking for death.

About half an hour after Wang Fan left, a strong man came to the Zhao family.

They looked at the strong man of the fourth floor of the earth immortal who had been killed. They were angry and scared.

Where did Wang Fan come from? How could he be so rebellious?

Is such an immortals monk from a lower plane?

But, up to now, they have no way, only one way to go to the black.

"Pursue, continue to pursue, this son must be killed, otherwise the future will be endless." With the sound, this group of strong crazy towards the direction of Wang Fan ran after the past.

The human immortal is already so terrible. Once we get to the earth immortal, how terrible is it?

They must kill Wang Fan before he grows up, otherwise, it will be a nightmare for the Zhaojia family.

Two hours later, Wang Fan had stopped in a dilapidated courtyard and entered one of the rooms.

"Younger martial brother Wang Fan, this is one of my residences. I used to offend people and hide here. Generally, I won't be found out." While thinking about Wang Fan, Qiu opened a mechanism in the room, and then took Wang Fan into the room.

It's a underground cave, and it's also equipped with a border ban.

But in Wang Fan's view, the border ban is rubbish.

He did not hesitate to rearrange it, and then he and Qiu entered it.

"Don't worry. We'll go there. There's an exit that leads directly out of the city. If it doesn't feel right, we'll just get out. "

Qiu seems to be aware of Wang Fan's distrust, and quickly added, and then lead the way in front.

After the recuperation of Wang Fan's healing pills, although his strength has not yet recovered, there is no problem for him to walk.

Wang Fan nodded, but he looked at Qiu Chang with new eyes.

This guy even dug out a tunnel leading to the outside of the city in Diyang city. It's not easy.

If the people in Diyang city master's mansion knew about this, they would not know whether they would pull Qiu Chang out and kill him directly.

A few hours later, they came to the other side of the tunnel.

But instead of going out, they stopped at the exit.

Wang Fan once again arranged a few border prohibitions, and then threw out some healing pills and black stone to Qiu Chang. Then he said, "next time, we'll practice here first, if it's dangerous."

"Well, good." Qiu Chang nodded.

He now this kind of strength situation, goes out is also kills, therefore he also dare not go out.

As for Wang Fan, he doesn't want to leave either. Instead, he plans to go directly to the Zhao family for revenge after upgrading his cultivation.

Do you really think Wang fan is so easy to kill? If he doesn't get this place back, he won't have to practice in the future.

Although there are not many black yuan Dan on Wang Fan, there are many black yuan stones.

In addition, he has the cheating device of mixed lines, and he doesn't worry about the sequelae, so it's reckless and extremely crazy to practice.

With piles of black Yuan Stone and black yuan Dan turned into fly ash, his strength began to advance by leaps and bounds again.

There are eight human immortals and nine human immortals.

In less than a month, his cultivation had already come to the ninth floor of human immortals.

Wang Fan didn't stop practicing, but continued to work hard to attack the realm of immortals.

As long as his cultivation breaks through to the immortals, there are not many people who can threaten him, even if we look at the whole Zhaojia family.

### **Chapter 3112**

It's definitely a big cut. As long as we cross over, our strength will definitely be improved by more than a little bit.

Wang Fan absorbed the immortal aura in heiyuan stone crazily and impacted the shackles of the earth immortal crazily.

Under his crazy cultivation, a large area of black yuan turned into fly ash, and the shackles gradually became weak.

Half a month later, with a bang, he finally broke through the shackles and achieved the goal of cultivation.

But Wang Fan still did not stop. He had to consolidate his cultivation and consolidate his strength at the level of the earth immortal.

A few days later, his cultivation was completely stable and consolidated in the level of the earth immortal.

Wang Fan opened his eyes, and the dark eyes were shining.

Finally, it's not easy.

"Congratulations on brother Wang Fan's breakthrough." Not far away, Qiu Chang saw that Wang Fan broke through to the first floor of the earth fairy, and he also came to congratulate with a smile.

His heart was also shocked.

When he first met Wang Fan, Wang Fan was no more than seven layers of human immortals. But now, how long has it been? Wang Fan has already crossed the realm of human immortals and reached the realm of earth immortals.

You know, at the beginning, it took him several years just to break through from the ninth floor of the human immortal to the earth immortal.

If Wang Fan's cultivation speed is spread out, he will not be jealous of a lot of monks.

Compared with Wang Fan, Qiu Chang feels that he has lived on dogs all these years.

"Thank you, brother Qiu. I've been saving for such a long time. It's just a matter of course. There's nothing to congratulate." Wang Fan looked at Qiu Chang and said.

When Qiu heard this, almost no old blood came out.

Is there such a blow to people? Do you want people to live?

But Wang Fan didn't realize it at all. He continued, "brother Qiu, we've been here for such a long time, but the Zhaos haven't found it yet. It seems that we are safe."

"Next, I'm going to go to Zhaojia for a tour and ask for some interest. Will you go or not?"

Qiu Chang was stunned and said, "elder martial brother Wang Fan, you can't do it. There is a strong immortal in the Zhao family. Even if you break through the cultivation to the earth immortal, and your combat effectiveness is amazing, you will be killed. "

"What's more, in addition to the strong celestial beings, there are also many strong earthly immortals in the late period of the Zhao family. If we go there, we will surely die."

He was really frightened by Wang Fan's crazy idea.

It's just a fairy who dares to go to Zhaojia to get revenge. It's not seeking death. What is it?

Zhaojia has been able to stand in Diyang city for so many years. If a powerful Dixian can threaten Zhaojia, then Zhaojia is not Zhaojia.

"Don't worry, I won't go to Zhaojia openly to provoke. I'm not so arrogant, I just come in secret."

Wang Fan said, "brother Qiu, why don't you stay here to practice, and I'll go by myself. If I go there alone, I'll be more secure. "

"But I don't have many black stone now. If you lack black stone, you can go to the dead mining area to dig. There are a lot of black stone there, which can't be dug up at all. "

When Wang Fan said this, he had forgotten the existence of poisonous gas in the death mining area.

After all, he has mixed lines on his body, so he is not afraid of those toxins.

Qiu Chang once again opened his mouth, a face of shock, "elder martial brother Wang Fan, there are

severe poisons in the dead mining area, where to dig the mine, is it not the same as looking for death?"

"I know there are many black stone there, but there is no black stone on the outside, and deep inside, I dare not go in. Where can I dig black stone?"

Wang Fan Leng Leng, immediately no longer speak.

He can't say that he has mixed lines on his body, so he's not afraid of the poisonous gas there, right?

Although he can spare his life to save Qiu Chang, it doesn't mean he can tell the secret.

Moreover, the reason why he saved Qiu Chang was that Qiu Chang was involved in his affairs, not that they had a good relationship.

"Well, forget it. You should stay here to practice. I'll go to Zhaojia for a walk. If anything happens, please let me know as soon as possible. "

Wang Fan said, has stood up.

For others, maybe it's not too late for a gentleman to take revenge.

After all, for monks, ten years is nothing more than time.

But for Wang Fan, who comes from the secular world, ten years is too long.

He can take revenge without overnight.

It's not easy for him to practice here for so long.

Now break through to the earth immortal, where can you hold back not to look for the bad luck of Zhaojia?

Maybe he can't destroy the Zhao family with his current strength, but he believes that there is no problem in killing several senior members of the Zhao family and protecting himself.

And once he has the strength to destroy Zhaojia, he will definitely destroy it without hesitation. Looking at Wang Fan's back, Qiu Chang wanted to say something, but in the end he didn't say anything.

Wang Fan quickly left here and went to Diyang city. He didn't take the tunnel because he was afraid of exposing the secret of the tunnel.

Zhaojia.

At this time, it was a complete explosion, and the master of Zhao family was even more furious.

Their Zhao family sent out countless experts to hunt down a mole ant with only seven layers of human immortals, and the mole ant with seven layers of human immortals also took a seriously injured Qiu Chang.

In this case, they didn't catch Wang Fan for several months. Even they didn't know where Wang Fan was hiding now.

It's a shame.

Not to mention that the Zhaos themselves can't stand this kind of thing, even some other families in Diyang City, and even those scattered practitioners, have begun to laugh at the Zhaos behind their backs.

They all say that the Zhaos are no longer what they used to be.

This family, which has been in the imperial city for many years, is not as good as it was at the beginning, and it is not far from being destroyed.

"Waste, it's a group of waste. So many of you didn't catch a single immortal. Are you all dry Eaters?"

"Son of a bitch, if we can't catch Wang Fan again, will our Zhao family continue to live in Diyang city? Will they have the face to go out and meet people in the future?"

"Just one immortal can challenge me. Our Zhaos don't have any temper. After that, can any immortal, or earth immortal, challenge our Zhaos?"

The master of Zhao's family claps the table and roars. His anger can't be released.

Those high-level monks of the Zhao family were silent and did not dare to say a word.

They are also very frustrated and angry, but what can they do?

When the master of the Zhao family lost his temper, suddenly, a maid rushed in.

"Master, it's not a good thing. The soul jade cards of several strong earthly immortals in the family are broken."

The maid was very flustered, and her voice trembled.

"What?" After hearing this, the master of Zhao's family was completely angry and stood up.

It's self-evident what it means when the jade Medal of soul is broken.

They were killed by people, and more than one of them was killed.

Who on earth is so bold as to kill the strong man of the Zhao family at this juncture?

### **Chapter 3113**

Zhaojia square, Wang Fan has come here.

At his feet, there were three bloody bodies.

These three people are all the strong of the Zhao family. Their accomplishments are between the third and the fifth floor of the earth immortal.

After Wang Fan came here, he recognized the three men at a glance, so he didn't hesitate to kill them.

They were all the people who pursued and killed Wang Fan at the beginning, so Wang Fan didn't have any pressure to start.

In addition to the three, there were seven monks standing in front of Wang Fan.

These seven people are also the cultivation of human immortals. The highest one is on the fifth floor of the earth immortals.

At the moment, they stare at Wang Fan, anger in their eyes, at the same time, they are also sending out a huge killing intention.

Who is this? It's too bold and crazy, isn't it?

How presumptuous and shameful it is to dare to kill their monks in Zhaojia square?

The rest of the monks in the square were also shocked.

They did not expect that Wang Fan, such a bold monk, would suddenly appear here. He even said that he would kill the strong man of the Zhao family without any scruples.

"Who are you? Why do you want to kill my Zhao family? Has my Zhao family ever offended you?" That red robed earth immortal five layers, dead stare at Wang Fan, gloomy ask a way.

Although Wang Fan's cultivation is only one level of the earth immortal, his hand is too powerful and cruel, so he doesn't dare to do it directly.

He has to wait for the strong of the Zhao family to come.

"Why, can't the people of the Zhao family be killed? I'm going to kill the Zhao family. What can you do? "

Wang Fan disdained, "a few days ago, your Zhao family dared to kill my younger martial brother, and even nailed his landlord because of my younger martial brother's affairs. Is it necessary for your dog family to exist? "

Wang fan can be said to be impolite, directly face.

The reason why he didn't dare to say that he was Wang Fan was that his cultivation was promoted a little fast, for fear of arousing other people's suspicion.

"Younger martial brother, landlord?"

When they heard Wang Fan's words, everyone was in a daze. They didn't know what "landlord" meant.

However, there are still people who are quick to respond and soon recover.

"I know. This man must be Wang Fan's elder martial brother."

"My God, that Wang fan is already very abnormal. The cultivation of human immortals can kill the strong one of earth immortals. I didn't expect that his elder martial brother is so powerful. "

"Where did their brothers come from? How could they all be so strong? If they have other brothers or masters, they will step on the real iron plate this time

After the monks recovered, they talked and were shocked.

Wang fan can kill the earth immortal when he is in the human immortal. His elder martial brother is very good. The earth immortal can kill three or four layers of the earth immortal when it is one layer, and it's still the kind of second killing.

This combat effectiveness is simply abnormal.

If they have other brothers and masters, then Wang fan can't be provoked.

Zhao family that red face fairy five layer hear Wang Fan's words, the facial expression is also can't help but change for a while, obviously was startled by Wang Fan's words.

But Wang Fan didn't pay attention to their shock. "Since you Zhaojia are so shameless, I don't think it's necessary to exist."

"Today, I'll take your garbage and sacrifice knives first. When my elder martial brother and master come, that's the death time of your Zhao family."

Wang Fan said, in the hand shadow knife already rolled up a bright knife awn, toward that red face earth immortal five layers killed in the past.

The vast space, endless killing power gathered, thousands of swords meaning crazy condensation, condensed into a point, like a mountain torrent tsunami, mighty toward the immortal five layers cut.

The immortal's face changed greatly. He drank wildly. The immortal in his body stirred up and grabbed the magic weapon to resist madly.

It's just that it's too late.

Before he gathered his power, the sword had already split.

In a roaring sound, his magic power was directly scattered, the magic weapon was smashed, and the whole population flew out with blood.

Wang Fan didn't stop attacking. He moved to the fifth floor of the red faced earth fairy, and then he cut it again.

The red faced friar could only watch this knife, but he had no way to avoid it.

"No, No." He screamed in despair.

However, Wang Fan did not show any mercy.

In hissing, he was about to die.

The five strong of the earth immortal, die!

This is also Wang Fan's first strong man in the five levels of the earth immortal who came here and killed. At the same time, it is also the strongest one among all the strong men of the Zhao family here.

The rest of them, as well as the monks around them, could not help changing their faces and trembling.

The five layers of the earth immortal are still being killed so easily that they can't stop Wang Fan's two swords? This kind of combat effectiveness is really abnormal. It's a bit excessive.

You know, Wang fanxiuwei has only one level of immortals. He has stridden over four small realms to fight.

"Run away!"

"This man is not something we can deal with. Let other strong men come over."

"Let's go!"

After the strong members of Zhaojia reacted, they did not dare to hesitate any more. After a big drink, they were already moving towards Zhaojia.

Wang Fan sneered, "now want to escape, don't you think it's a little late? The pursuit of my younger martial brother made my younger martial brother's whereabouts unknown. Now I still want to escape. I have a dream. "

Wang Fan said, a flash, has chased out, at the same time shadow knife crazy split down.

He is also very satisfied with his own strength. After breaking through to the first level of the earth immortal, he can easily kill the fifth level of the earth immortal, and even kill it like a dog.

You know, in the past, even if he was able to fight at a higher level, the higher his strength, the more difficult it would be.

But now, somehow, he felt more and more relaxed.

Shadow knife in the air constantly sliding, tearing out a beautiful arc.

At first, the arcs were one by one, and then they formed one by one. They cut off to the escaped monks of the Zhao family.

It didn't take long for them to be covered.

Then, in the sound of "hissing, hissing, hissing", there was a blood rain in the sky. While countless blood flowers fell, the monks fell one by one.

If these people are crazy to fight with Wang Fan at the beginning, maybe there is still a glimmer of hope, but they choose to escape, it is doomed to the end.

In less than a moment, all the strong members of the Zhaojia family present fell.

The scene was bloody and messy.

There was a dead silence.

Except for the heavy breath, there was no sound at all.

"The Zhao family is really useless. If you dare to pursue and kill my younger martial brother with such strength, you're killing yourself. If you offend my martial brother, the Zhaojia family will be destroyed. "

Wang Fan disdained to look at the corpses of those strong Zhaojia, coldly spit out a sentence, turned and left.

But before he left, a cold voice came over, "where mouse generation, dare to kill my Zhao family friar, to die!"

The roar of anger, rolling like thunder, shrouded the whole vast space in an instant.

### **Chapter 3114**

Wang Fan's step is a meal, turn round to see, immediately saw a black robed old man to fly to come over.

The black robed old man's cultivation is in the seventh floor of the earth immortal. His breath is extremely cold, especially the killing power in his body, which stirs the void around him.

"It's your grandfather I killed. What's wrong with the Zhao family? What can you do with me?"

Wang Fan was not afraid. He sneered and scolded. Then he frantically used the flash skill and moved the space to escape quickly.

He is a strong man in the seven levels of the earth immortal. He may be able to deal with it with his killing short gun.

But once the Zhao family comes to the seventh floor of the earth immortal, or some people with stronger cultivation, he won't be able to see it.

At his current level, it's not easy to deal with a seven level Dixian.

The black robed old man originally heard Wang Fan's words, but thought Wang Fan was going to fight with him.

But he never thought that Wang Fan had escaped.

That's ridiculous.

Especially when he felt the surprised and joking eyes of the friars around him, he felt his old face burning.

"Rat, where to go." With a roar, the black robed old man suddenly flashed and chased Wang Fan.

But soon he found that Wang Fan's speed was extremely ghostly, not only his body method was not slower than him, especially the space moving magic power, but also mysterious.

He can only follow Wang Fan far away, but he can't catch up at all.

"Old immortal, you have seven levels of immortals. Is that all you have? Are all the strong members of the Zhao family as hot as you? "

"Even if you can't catch up with me, you dare to provoke my younger martial brother. Do you want to die?"

Wang Fan ran wildly in the city of Diyang, while carrying enough Xianyuan to scold.

The voice was rolling around, and all the friars heard it clearly.

They were all dumbfounded. Who is this man? How can he be so fierce? How dare you challenge the strong of Zhaojia?

"Little beast, if you have seed, don't run away. Stop and fight with me. The rats who only know how to escape have the right to challenge my family? "

The old man in black robe was trembling and scolding angrily.

Wang fan is disdain, "Kui you live so old, how so shameless?" Is it ridiculous that you want to have a fair fight with me

"If you have the ability, you can let the people of your Zhao family come out. If you don't need one, even if it's a group of people, see if I can kill them all?"

"If the immortals don't dare to go up, it's OK to have a few earth immortals on the first, second and third floors. Let's see if I can kill them clean."

"What's more, do you think I'm afraid of you when I run away? You're wrong. I'm afraid that your family will be shameless. I'll send many strong people from the seven or nine levels of the earth immortals to besiege me. "

"At the beginning, I heard that your Zhao family sent a group of earth immortal friars to pursue and kill my elder brother."

How could the old man in black robe be Wang Fan's opponent? He almost choked to death in a few words.

The old man in black robe is really angry. He can't vent his anger. But if Wang fan doesn't stop, he can't catch up with Wang Fan. What can he do?

Along the way, the monks were stunned when they heard the conversation.

Strong, it's really too strong. It's only one level of the earth immortal. It dares to challenge the seven levels of the earth immortal. Moreover, the seven levels of the earth immortal have no temper.

It seems that the Zhaojia family is really going to die.

Wang Fan ran all the way and soon escaped to the gate of the city.

At the gate of the city, there were already more than ten monks waiting there.

They stood up in a certain formation, and all of them were staring at Wang Fan coldly.

Obviously, these people are all family members.

"Rat, stop!"

"Where to go!"

Almost at the moment when Wang Fan appeared in front of them, their roar had already spread out. At the same time, they grabbed their magic weapons, and Xianyuan started to run away, ready to attack at any time.

Wang Fan coldly glanced at these people, disdainingly sneering, "garbage, you dregs, dare to stop me?"

He said, killing in the hands of the short gun has been sacrificed.

The highest accomplishments of these ten people are only five levels of the earth immortal. Most of them are three levels and four levels of the earth realm. Wang Fan didn't pay attention to them at all.

If it wasn't for the old man from the seventh floor of the earth fairy who was chasing him, he would not even use the killing rifle.

Whoosh!

The dazzling red gun awn agitated, rolled up a red thread, crazy toward the more than ten friars.

Just a moment, the surrounding positive space has been completely submerged in the red spear.

The surging power of killing condenses and waves, and the space is buzzing and illusory.

"To die!"

"Kill

"Kill him!"

The more than ten monks of the Zhao family were completely angry when they looked at this scene. They roared, the body Xianyuan crazy surging, magic weapons in the hands of the air in a row of arc, the same crazy killing to Wang Fan.

In a flash, under the influence of that array, the breath of more than ten of them seemed to be connected, and the momentum was amazing.

Magic weapon all over the sky, crazy with the red gun pattern impact, issued a loud bang.

Just for a moment, this space seems to be completely submerged in the catastrophe.

If it had not been for the strong gate and the great array of protection, it would have been destroyed in this storm.

After the storm subsided, the more than ten monks' faces turned pale, and their Qi and blood kept rolling.

They looked at Wang Fan as if nothing had happened. It seemed that they didn't expect that Wang Fan could make such a violent attack.

You know, these people form an array to join hands, not to mention the level of the earth immortals. Even if the earth immortals are eight or nine, they have to kneel down.

However, Wang Fan was not even injured. How can they not be shocked?

"Why?" Wang Fan was also shocked to see that none of the more than ten people were killed or injured.

But soon he noticed the clue. When the breath of more than ten people was connected, he noticed a subtle fluctuation.

The Zhao family is worthy of being a big family, and here is also worthy of swallowing the clouds. There are such means.

Wang Fan sneered, "yes, since I took a shot, then eat me a shot."

He said, another shot.

This shot, he controlled the power and direction, straight to more than ten people base.

"Kill More than a dozen people also roared madly. Magic weapons were waved again and began to fight back.

Boom!

However, after a collision, with a hiss, a friar was directly rolled in the gun grain, and the blood flew down directly.

If one person falls, it means that the array of more than ten people is invalid.

When Wang Fan had another shot, all the others flew out and died on the spot.

"The Zhaos are a bunch of rubbish, but they still don't believe it. Now you see, I can hang a group of people like this

Wang Fan looked at the more than ten people who had been turned into corpses. With a loud roar, his body flickered and went straight out of the city.

Looking at this scene, the friars around all looked shocked.

The old man in black robe who came after him also gritted his teeth with anger and wanted to be crazy.

He was so slow that he didn't catch Wang Fan.

### **Chapter 3115**

After Wang Fanxiu broke through to Dixian, not only his fighting capacity improved by leaps and bounds, but also his speed was countless times faster than before.

The old man in black robe of the seventh floor of the earth immortal chased him for several hours, but he couldn't catch up with him. Finally, he had to leave bitterly.

When Wang Fan returned to his former seclusion place, Qiu Chang was already anxious.

"You're back at last. If you don't come back again, I'll go to you." See Wang Fan come back, Qiu long some worry of say.

Wang Fan laughed, "you don't have to worry about me. You can't catch me with the garbage of Zhaojia."

When he said this, Wang Fan's old face was also a little red.

It can be said that the reason why he was able to escape today is luck.

If the Zhao family didn't send the seventh floor of the earth immortal, but a stronger one with higher cultivation, he would really have no way to escape.

But the Zhao family didn't expect that the seven strong men of the earth immortal couldn't catch Wang Fan.

You know, the seventh floor of the earth immortal is almost the top of the zhaojiaming.

As for those who have eight or nine levels of earthly immortals, and even those who are strong in heaven, they will not appear because of such a small matter.

Although the head of the Zhao family is also the ninth floor of the earth immortal, as the head of the family, he can't surrender his identity to hunt down Wang Fan, who is just one floor of the earth immortal?

He has a face.

Of course, if Wang Fan dares to provoke again next time, it is estimated that the Zhaos will send out the top strong even if they are worried about face.

"Brother Qiu, next I'm going to dig heiyuanshi in the death mining area. Will you come with me?" Wang Fan looked at Qiu Chang and said.

There is no black stone on him now, and the black pill has almost been used up. If he doesn't find a way to cultivate resources, he can't make progress.

"Dead mines?" When Qiu heard this, he was stunned, and then shook his head, "you'd better go by yourself, I won't go."

"By the way, brother Wang, I'm not going to be here any more. I'm going to go out on my own."

"Are you going out for training?" Wang Fan was a little dazed.

"Yes, in this case, I can't go back to Diyang city. Besides, I haven't been out for a long time. My cultivation has been on the first floor of the earth immortal for a long time. "

"If it goes on like this, I'm afraid my cultivation will stop at the level of the earth immortal forever, so I'm going to go out for some training."

Qiu said.

"Well, be careful. If there's anything, send me a message. As long as I can get there, I'll get there."

"You don't have to worry about Zhaojia. I will make Zhaojia disappear from Diyang city in three years at most."

When Wang fan saw that chief Qiu had made up his mind, he simply did not persuade him.

Qiu long nodded, then there was no nonsense, left this closed place for several months.

After Wang Fan watched Qiu leave, he went to the death mine.

He knew that the reason why he left was still influenced by him.

If he hadn't killed Zhao Yuanhua, which led to the Zhao family's hatred for Qiu Chang, Qiu Chang would not have gone out to experience.

Of course, maybe Qiu Chang really felt that if he didn't go out for training, his accomplishments would not be able to advance in an inch, so he came up with the idea of going out for training.

When Qiu Chang left and Wang Fan went to the mountain of death, Zhao's family came back.

The master of Zhao family is angry again.

He didn't expect that the seven strong men of the earth immortals of the Zhao family could not catch up with Wang Fan.

What made him most angry was that Wang Fan threatened to destroy the Zhao family after he killed the monk of the Zhao family. It was just unreasonable.

Two times, Zhao family was beaten by Wang Fan and "Wang Fan's elder martial brother", which made his Zhao family's reputation in Diyang city be wiped out.

"Trash, what a bunch of trash. Some time ago, so many of you couldn't catch one person. Now, there are so many of you, and you can't catch one of them. "

"Do you live on dry food in my family? Even a dog is better than you?"

"You use more cultivation resources than anyone else, but when you do something, you can't do anything well."

"Have you practiced on dogs for so many years? Can't even deal with human immortals and earth immortals? "

The leader of the Zhao family was furious and roared. He was angry.

Those who are strong in the omen family, including the old man in black robe, who is seven stories old in the earth fairy, are also afraid to breathe.

They also feel that they have no light on their faces.

"Look for it. Keep looking for it for me. Even if you dig three feet in a hundred million miles, you'll find that son of a bitch for me."

"I'm going to peel his skin, pull out his tendons and boil his soul. I'm going to hang him in Zhaojia square so that everyone can know the end of offending my Zhaojia."

"Only in this way can my family regain its dignity."

Zhao said angrily.

Up to now, the Zhaos have no way back. They must severely punish Wang Fan and his elder martial brother. Otherwise, the Zhao family will become a laughing stock and will never be able to raise their heads in this imperial city.

"Yes, master." Those strong Zhaos did not dare to hesitate and took orders one after another.

After they all left, the zhaojiazhu seized the communication bead and sent out two messages.

Since the seven levels of the earth immortal can't deal with Wang Fan, he will send more powerful people to take charge.

This time, he sent out an eight story earth immortal and a nine story earth immortal.

He didn't believe that Wang Fan and his elder martial brother Wang Fan were so powerful that they couldn't even make eight or nine levels of earth immortals.

Wang fan doesn't know about the Zhao family. Even if he does, he won't care.

At this time, he has come to the death mine.

Since he had been here once, he was more familiar with the road the second time, and soon went through the periphery and into the deep.

"Look, that guy's coming again."

"Who is that guy? Isn't he afraid of the poison here?"

"Eh, I remember the last time he was a gifted man with seven levels of cultivation. How can I not see through his cultivation this time?"

"When you say that, it's true. Has he broken through to the earth immortal?"

"No way. It's only been so long."

When those people outside saw Wang Fan enter the deep place, they could not help but be shocked, and then they began to talk.

They still remember Wang Fan.

They didn't expect that Wang Fan had come back in a few months, and his cultivation had broken through to the earth immortal.

Wang Fan didn't pay any attention to the monks and went to the deep place.

Here, there are still some earth immortal friars digging the black stone.

Some of them he had seen and some of them he had not seen, obviously later.

When the monks who knew Wang fan saw Wang Fan, they couldn't help being stunned. Then they quickly lowered their heads and dug up their own black stone. They didn't dare to provoke Wang Fan any more.

They still remember Wang Fan's performance. They don't want to provoke this abnormal lunatic.

Those who didn't know Wang Fan didn't go up to look for trouble. Now Wang Fan has just come over and hasn't started digging. Even if they are looking for trouble, it's not now.

Wang Fan didn't pay any attention to those friars at all. He directly found an area where there was no one, and his mental power was frantically diffused out.

### **Chapter 3116**

The last time Wang Fan came here, his accomplishments were only seven levels of human immortals, so he had to keep a low profile, and he had to arrange forbidden array and other means.

But this time, his cultivation had reached the level of the earth immortal, and he had no scruples at all.

He didn't need to carefully look for the black stone, and he didn't need to lay out various means to dig it.

He is confident that he can't threaten him with the four and five levels of the earth immortals around him.

It only took a short time for Wang Fan to find a place with black stone. He didn't have the slightest scruples. He chopped the shadow knife directly in his hand.

**Boom!**

In a low explosion noise, the earth was lifted up all over the sky. At the same time, a large piece of black stone was brought out by Wang Fan, and it was directly included in the space ring.

Around those who see this scene, are a little stunned.

They've been digging the black stone for a while, but it's the first time that they've seen Wang Fan dig so fast.

Wang Fan didn't pay attention to those people's shocked expression, still looking for and digging black

stone.

Not long after, his shadow knife suddenly split out again, accompanied by another shocking explosion, another large piece of black stone was brought into space by him.

In just two hours, Wang Fan at least dug up nearly a million black yuan stones, and the explosion noise in this area is also one after another, from time to time.

Wang Fan's heart is very comfortable, so dig black stone is too happy, where like last time, fear hands and feet, but also worry about so much.

Wang fan is comfortable, but the strong people around him are not very comfortable.

They've been digging for such a long time, but they haven't found many black stone. But Wang fan is just a fairy. Just after he came here, he found millions of black stone. How can they not be envious.

It is a series of roaring sound again, Wang Fan takes big black yuan stone again, income space ring inside.

At this time, someone's eyes are red at last.

The three immortals directly stood up and ran towards Wang Fan.

These three people have never met Wang Fan, and they don't know Wang Fan's power, so they are not afraid of Wang Fan.

When those who knew Wang fan saw the three people passing by, they could not help choking and gloating.

They are sure that these three people are definitely not Wang Fan's opponents.

These three people dare to go to Wang Fan for trouble, which is almost like looking for death.

While Schadenfreude, they also learn Wang Fan's appearance and bombard the area in front of them crazily.

But no matter how they bombard, the soil is raised a lot, but the black stone did not see half of it.

This NIMA is really more angry than others. They don't understand why Wang fan can collect the black stone in this way, but they can't.

If Wang Fan's mental power can sweep more than 20 meters underground, they will not believe it at all.

Wang fan stopped mining and turned to the three men who came.

He has been practicing for so many years, and has experienced many things. Naturally, he knows that it is absolutely impossible for him to dig down one safely.

If he wants to dig down safely, there is only one way, that is to set an example to others.

Now, the chicken in his eyes came, but to his surprise, there were only three earth immortals on the fifth floor, and they came so late.

"Don't you think you're going too far, my friend? We all dig the black stone quietly here, and the well water doesn't violate the river water. "

"But you have made such a big move, which seriously affected our digging of black stone. Are you too selfish?"

A fairy five layer see Wang fan calm look over, can't help but slightly frown, cold voice said.

He is a little strange. In his opinion, Wang fan should be in fear when he sees them coming.

After all, they are all five levels of earth immortals, and there are three of them, but Wang Fan has only one level of earth immortals.

But he never thought that Wang Fan was so calm and didn't take them seriously.

Wang Fan disdained to look at this person, sneer, "I dig my, you dig your, how to affect you and selfish?"

He grabs the shadow knife, "if you want to rob my black stone, just say it, why beat around the bush? Since you all choose to be a whore, why do you want to build a memorial archway?"

"What did you say?"

"Are you looking for death?"

"You are just a fairy. You dare to challenge us like this. I think you are tired of living."

Three people smell speech, bang a, thoroughly angry.

They didn't expect that Wang Fan, the earth immortal, was so bold and humiliated.

"Garbage, if I were you, I would directly say that I want to rob you of heiyuanshi. If I don't hand it in, I will die. It's shameful of you to be so tactful when you want to rob. "Wang Fan disdains of say, in the hand shadow knife already split out.

He doesn't have so much time to talk nonsense with these three people. He has to kill them and go on

digging the black stone.

Three people didn't think of at all, Wang Fan dares to provoke them even if, unexpectedly still dares to take the initiative.

They a big drink, in the hand magic weapon instantaneous sacrifice, crazy toward Wang fanhong.

The roaring sound came out, and the three men's attack was smashed by Wang Fan's sword. The three men were shocked and retreated.

There was a shock on their faces. Where did they come from? They were too powerful, right?

Wang Fan didn't pay attention to their shock. In their stupefied mind, the shadow knife in their hands had split out again, and the second one had cut out.

The sharp blade pierced the air, rolled up the huge killing power, and cut to the three people.

The three are agitating Xianyuan crazily, waving magic weapons to resist, but where is it still in time?

If they lose the first chance, they have no chance to work hard.

The roar of the voice came out, the three just resist less than a second, the magic weapon has been blasted away.

The fierce and sharp sword cut them, directly tearing them to pieces.

Wang Fan casually put away the three people's space ring. He didn't even have the interest to see their bodies, so he continued to go to the distance and began to dig the black stone.

The strong people around them were shocked to see this scene, especially those who had never seen Wang Fan.

The three immortals of the fifth floor were killed just like a chicken?

Where did Wang Fan come from? It's too powerful and abnormal, isn't it?

Not to mention those who have not met Wang Fan, even those who have met Wang fan are shocked.

Their hearts beat hard, almost suffocating.

In a short period of time, Wang Fan's hand was even more powerful than the last time.

At this time, some friars who originally wanted to make Wang Fan's idea, and even regretted that they didn't go there for the first time, were secretly congratulated.

They are glad that they have no past, at the same time, they have no idea of Wang Fan.

### **Chapter 3117**

No one dares to disturb Wang Fan again. Wang fan is also very happy.

He has been digging for half a year. After half a year, this area has almost been cleaned up by him.

although he has not carefully calculated how many black stone he has dug, according to his estimation, it is not less than several hundred million.

It's no less than a few hundred million black stone. It's a huge sum of money.

In the past half a year, some earth immortal friars came and went, but no one dared to provoke Wang Fan.

On this day, Wang fan stopped digging black stone.

He felt that he had dug enough black stone to cultivate himself for a period of time. He planned to go out and shut up first.

But Wang Fan did not expect that he had just come out of the dead mining area, and at least no less than 100 strong Dixian people surrounded him.

"That's him, that's him."

"It was he who swept countless black stone inside. According to my guess, the black stone on him is not less than ten million."

"This man must have some unknown means. His mental power can penetrate more than 20 meters underground, otherwise he would never be so efficient."

The nearly 100 strong earthly immortals surrounded Wang Fan as they spoke.

They look at Wang Fan's eyes, only greed also kill.

Obviously, the black stone on Wang fan made them greedy.

Wang Fan's eyes narrowed too.

He did not expect that there were so many immortals waiting for him outside.

His mental power just swept around the 100 immortals and knew what was going on. It's someone who has called so many immortals on purpose to stop him.

Because he clearly saw that some of the earth immortals who had been mining with him before were among these people.

But the fairies were hiding in the middle of the crowd, and they looked at him with fear.

During Wang Fan's thinking, nearly a hundred earth immortals had surrounded him.

"Boy, you dug tens of millions of black stone?"

"Hand over the black stone on you, and tell us the way you look for it. We can spare your dog's life."

Several friars looked at Wang Fan coldly and said directly without any cover up.

Wang Fan glanced at the two who were talking and gave them a cold smile.

The next second, he had suddenly disappeared in place.

"Space blinks?"

"Flash."

The monks who threatened Wang Fan's face changed greatly, and they wanted to leave when they roared.

But just then, with a whoosh and a bright knife, their bodies had been split in two.

"It's just the third floor of the earth fairy. You dare to come to me. I'm really looking for death." Wang Fan disdained to say, body shape a flash, once again disappeared in situ.

This time, he had to deal with the monks who betrayed him.

There are nearly a hundred earth immortal friars here. Wang fan can't kill them all, let alone kill them all. If there is a real fight, he is definitely not an opponent.

However, there is no problem for him to kill a few of them.

Of course, he used space to move the magic to attack and kill the enemy. He could only use it two or three times at most.

Once the other party reacts and forms an effective cooperation, his space for moving and sneaking attack will not have much effect.

almost when Wang Fan's body disappears in the same place, the monks who betrayed Wang Fan feel

uneasy.

They feel a strong sense of danger, intuition Wang fan is directed at them.

They began to retreat crazily. They had witnessed the power of Wang Fan. They didn't want to be the ghost of Wang Fan.

"If you want to go now, is there still time?" Only, they just flashed back a few steps, a cold voice has been around them.

The next second, a bright knife from the incredible angle split out.

Hiss.

Between the blood splashes, the two monks fell directly on the ground and lost their life completely.

Wang Fan did not stop the killing, but stepped out and chopped the third person with his shadow knife.

The third person's eyes in the emergence of despair, crazy burning blood essence began to retreat, but all too late.

Another flash of blood light, he was also thrown out, completely killed on the spot.

"What a maniac, what a cruel means."

"Let's go together and kill him!"

"Get together, don't spread out."

Until now, the rest of the monks were completely recovered. They roared one after another, and the magic weapons in their hands had gone crazy to Wang Fan.

Wang Fan looked at the scene, mouth wide up a radian, the body electric light swimming, the whole person just like lightning disappeared in place.

The roaring sound came out, and his previous position was blasted by countless magic weapons, tearing out a shocking ravine.

On the other side, Wang Fan's face was also pale, and even his back was stained with blood. Previously, two attacks fell on him, leaving him with some injuries.

Wang Fan knew that it was left by two immortals on the eighth floor.

And the two immortals on the eighth floor were very insidious. They had been hiding in the crowd all

the time, and their breath was also hidden.

If they didn't hurt Wang Fan, Wang Fan didn't know that they were the strong men of the eighth floor of the earth immortal.

Wang fan set off a huge anger in his heart. He knew immediately that the two immortals had planned for a long time. Moreover, these two people are not like sanxiu at all. They are mostly strong men from the Zhaojia family.

Wang Fan wanted to go back to work hard with them. He just looked at the situation in front of him, but he still could not resist the anger and the pain of the wound. A big space moved and disappeared in the same place.

Almost he had just disappeared in the same place, and the attack of the two strong Dixian men had come again.

It's just a little late.

Under their attack, the space burst, there are illusory waves, as if at any time will collapse.

But Wang Fan has no trace.

"He can't escape far. Let's chase him together."

"What a treacherous little bastard! No wonder my family's strongmen can't keep you many times."

After returning to God, the two immortals encouraged people to pursue Wang Fan. At the same time, they were also shocked.

It's just the first floor of the earth fairy. Under their full attack, they were slightly injured for the first time, but they completely escaped for the second time.

It's just incredible.

When they heard the encouragement of the two men, they did not talk any nonsense. It was like beating chicken blood, and they chased after them crazily.

However, they can only follow the two strong men of the eighth floor, because they can't feel the trace of Wang Fan at all. I can't feel the space fluctuation left by Wang fan when he fled.

Wang Fan knew that he was chased, but he did not dare to stay for a moment. He burned his blood essence and began to run away.

He really didn't expect that the strong of the Zhao family would be so shameless, hiding in the group of

scattered cultivation, and sneaking attack on him.

He felt the people behind him, the pain in his back, and the flame of anger in his heart.

He wrote down that if he didn't give it back to Zhao's family ten times and a hundred times in the future, he would not be Wang Fan.

### **Chapter 3118**

Wang Fan fled for three days, and finally burned Shouyuan to escape the pursuit of the group.

He found a place to hide and was closed again.

When Wang Fan was closed, the imperial central city was completely blown up.

It has been revealed that Wang Fan was the one who provoked the Zhao family twice.

And the so-called elder martial brother Wang fan is just a pseudonym after Wang Fan changed his face.

This news immediately set off a sensation in Diyang city.

In just a few months, Wang Fan went from the seventh level of human immortality to the first level of earth immortality, and even killed the fifth level of earth immortality.

You know, even those gifted evil monks in big families don't have to be as fast as Wang Fan.

The most important thing is that even if their training speed can catch up with Wang Fan, their combat effectiveness is not a level at all.

It's not that you've never seen a genius who can cross a boundary and challenge, but at most, it's just a boundary challenge. There are few geniuses who can cross two levels of challenge.

But Wang fan is very good. He has gone beyond four realms to kill the enemy. What's the concept?

Wang Fan's name soon resounded through the imperial central city, even the city's main residence and some big families. They began to send people to inquire about Wang Fan's whereabouts, and began to attract people.

After all, this kind of genius, no one will not be moved.

Just when everyone was talking about Wang Fan and everyone was looking for Wang Fan, another piece of news came out.

Wang Fan came from the lower plane and came to the land of swallowing clouds only for more than three years.

After the news came out, Wang Fan's reputation became even greater.

In three years' time, the cultivation of the emperor of man has broken through to the level of the earth immortal, which has eclipsed all the talents.

In a flash, many people were interested in Wang Fan, and everyone fell into the frenzy of looking for Wang Fan. Even some people, but also deliberately in the vicinity of Zhao, waiting for Wang Fan to appear.

As for what they want to do when Wang Fan appears, no one knows.

Wang Fan didn't care about the outside world at all. He had found a place and began to practice madly.

There is only one purpose for him, that is to improve his cultivation and then kill him back to the Zhaojia.

However, half a year later, Wang Fan was silly. After his cultivation reached the third level of the earth immortal, all his resources had been consumed.

Moreover, he obviously felt that the effect of practicing with black stone was not great.

Let alone with the black stone cultivation, even with the black Dan cultivation, his effect is not very obvious.

Wang Fan sighed and slowly opened his eyes.

He knew that if he wanted to continue to improve his cultivation rapidly, he had to find more advanced cultivation resources.

Otherwise, his accomplishments are likely to be stuck in the third floor of the earth immortal, and there will be no further progress.

Diyang City, Wuyao auction house, is one of the top three auction houses in Diyang city.

In recent days, someone from Wuyao auction house sent and sold several important items, which caused a great sensation in Diyang city.

Among those treasures, Xianren Dan, in particular, caused the madness of numerous big families.

Immortal Dan, it's a priceless pill, even if there is a black stone.

The reason why many celestial elites can't take the last step is not because of their talent, but because they can't get immortal pill.

It is said that even if we look at the whole Imperial City, there is no immortal power.

If the immortal is strong in such a place as Diyang City, it is absolutely the peak of existence, there is no one.

When Wang Fan entered Diyang City, he happened to see the advertisement of Wuyao auction house.

However, what he saw was not immortal pill, but earth immortal pill.

Xianren pill is a necessary pill for the top immortal to break through the immortal. It is very valuable.

Dixian pill is just a pill that can promote the strong Dixian to a higher level. Although it's very good, it's nothing compared with Xianren pill.

When Wang fan saw that Wuyao auction house would auction the elixir, he was immediately moved.

Now his cultivation is in the third level of the earth immortal. Frankly speaking, it is still the early stage of the earth immortal. If he can go further and reach the middle stage of the earth immortal, his strength will be more guaranteed.

This is not just a gap between the three and four levels of the earth immortal, because one is the early stage of the earth immortal, and the other is the middle stage of the earth immortal.

As for Xianren Dan, Wang Fan has no idea at all. Let alone he can't afford Xianren Dan. Even if he can, he can't use it now.

So in his opinion, immortal Dan is just like chicken ribs to him, not only can't help him improve his cultivation, but also is likely to cause death for him.

Wang fan saw the auction will have to Xiandan auction, immediately turned out of the Diyang City, went to the death mine.

Now there are still two months to go before the auction starts. He will use these two months to get some black stone, and then buy dixiandan. Two months later, Wang Fan entered the auction house with two million black yuan pills.

In his opinion, it is more than enough to buy the two million black yuan pill, which is just a land fairy pill.

The auction house is very big. When Wang Fan went in, there were many monks immediately.

Wang Fan did not care, but went to his seat and sat down.

He has no identity background and is not qualified to sit in the box, so he can only sit in the hall.

But Wang fan doesn't matter. For him, the hall and the box are the same, no difference.

There are people coming into the auction house one after another, but most of them are scattered. Only a few of them belong to the big families.

However, it was impossible for these people to sit in the hall at all. Instead, they entered the box directly.

With the passage of time, soon, the auction house has been full of people.

At the same time, a graceful green group of women came to the auction table.

The woman is hot, sexy and charming. She looks conspicuous.

Some mercenaries lick their blood at the tip of the knife all the year round, and even the heat appears in their eyes.

Obviously, this auction house is also very good at doing business, and it has aroused people's interest before the auction of things started.

Green skirt woman quickly walked to the middle of the auction table with graceful steps. She showed a smile on her face and said, "thank you for coming to Wuyao auction house."

"I think you all already know that our auction house is going to sell something important this evening. Yes, it's Xianren Dan."

"As we all know, immortal elixir is priceless. It's hard to find a thousand gold, and it's also the necessary elixir for the top celestial elixir to break through to the immortal."

"A lot of strong celestial beings' accomplishments are stuck in the peak of celestial beings, and they can't make progress. Is it because they don't have enough talent?"

"No, you're wrong. They don't have enough talent, they don't have immortal Dan."

Green group of women in the above chatter, not only exaggerated tone, even with the Jiao body are shaking.

Looking at this scene, some people below couldn't help their eyes shining and howling, and their saliva was about to come down.

Wang Fan looked at the woman with a black face and almost wanted to slap her.

This woman talks a lot. She's just wasting his time.

**Chapter 3119**

The women in the green dress chattered for a long time until they boasted about most of the important items before they began to sell them.

Wang Fan looked at the smiling woman shaking her delicate body. She really wanted to slap her.

You said that if you preside over the auction, you should preside over the auction and do your job well. Why do you talk so much nonsense? Or when the goods are auctioned, it's not too late to talk nonsense.

You know, he came to this auction house at risk. Once the Zhao family knew he was coming, it would be over.

Wang Fan clearly knows that there are also several strong ones in the Zhao family, and even among them, there are several immortals.

The reason why they didn't find Wang Fan was that there were too many people in the hall, and immortal Dan was very important, which separated their minds.

Once these people find him, where is his life?

Although he is now the third floor of the earth immortal, he is nothing in front of the strong immortal.

"Next, the first item we want to auction is a magic weapon of the earth immortal level. The starting price of this magic weapon is 10000 black yuan Dan, and each increase should not be less than 1000. Now the auction begins."

Soon a maid came up with a magic weapon like a gun. The green skirt woman said with a smile.

Wang Fan looked at the magic weapon, only feeling dull.

He already has a killing short gun, so he is not interested in the so-called Dixian level weapon. However, Wang fan is not interested, but it does not mean that others are not interested.

"I'll give you eleven thousand."

"I'll pay 20000."

"I'll pay 30000."

"I'll give you five in case."

"I'll give you three hundred thousand."

In a short period of time, the price of the magic weapon that is not valuable in Wang Fan's eyes has reached 300000.

Although it's a good magic weapon, it's not too precious. So when the price reaches 300000 black yuan, there are not many people calling for it.

In the end, a monk bought this magic weapon for 380000.

Next, there are the second and third items. In a word, they are all kinds of things, only you can't think of and nothing you can't see.

What angered Wang Fan most was that there was a nun in the middle, who was auctioned as a slave.

Wang Fan looked at the nun's helpless eyes, and he was very angry.

But the price of the nun was so high that she was bought at a high price of more than three million yuan.

Wang fan can't afford such a price, so he can't help.

Even now he doubts whether he can buy the Dixian pill with this black yuan pill.

You know, even a female slave's price is more than 3 million yuan. How can the price of dixiandan be lower?

After a period of auction, a maid came out with a jade bottle.

At the same time, the voice of the green skirt woman also spread out in time, "the next thing we want to auction is also the highlight of tonight, the elixir of the earth."

"As we all know, dixiandan is a kind of pill that can make dixianqiang break through a level without side effects. This kind of elixir is extremely rare, and it is also hard to get ten thousand gold. "

"Next, I'd like to announce that the starting price of this Dixian pill is 100000 yuan, and the price increase should not be less than 10000 yuan each time. Now the bidding begins."

Green skirt woman Ying Ying introduces, that Su Mei's voice, is to stir up the heart of all friars.

"150000."

"180000."

"Three hundred thousand."

"A million."

The voice of the woman in the green skirt had just fallen, and a large excited voice followed.

In just a few seconds, the price of dixiandan has risen to one million.

Wang Fan didn't even have time to ask for a price.

Looking at the crazy monks, Wang Fan only felt a little depressed.

There are too many earth immortal friars at the scene. The earth immortal elixir has great temptation to them.

Seeing that the price is still soaring, Wang fan knows that this is not the way to go on. If the price is allowed to go on like this, the price will surely exceed 2 million unconsciously.

Thinking of this, Wang Fan did not hesitate to shout out his own price, "two million."

He now has only 2.6 million black yuan in total, so there is no pressure to bid 2 million yuan.

With the fall of Wang Fan's voice, there was a brief silence.

No one thought that Wang Fan would raise the price directly to 2 million at one time.

"Two million is great. I'll pay two million three hundred thousand!"

A brief silence, a voice of disdain, directly in the two million price plus 300000.

Seeing this, Wang Fan was so angry that he didn't wait for others to ask for a price. "Is 2.3 million really great? I'll pay 2.49 million! "

He knew the guy who had just bought the angry woman at a high price of more than three million yuan. Wang fan knows that this guy is very arrogant. Most people don't want to offend him at all.

The most important thing is that this guy is still a family member.

"Mole ant, you are very kind. You dare to fight with me, zhaoyuanliang. Haven't you ever died?"

Sure enough, after Wang Fan's voice fell, Zhao Yuanliang's face suddenly changed.

He stood up and said, "I'll give you two and a half million. If you have seed, you can add another ten thousand?"

Wang Fan did not hesitate to slap in the face, "two hundred and fifty thousand."

Boom!

The whole scene blew up.

Zhao Yuanliang is completely furious.

"Good, very good. You have the guts. We don't want to compete with him. I want to see if he can keep heiyuandan."

Zhao Yuanliang's tone is very arrogant. It is obvious that this is his naked provocation.

There was a brief silence again. Some of the strong Dixian wanted to bid, but because of the strength of zhaoyuanliang and Zhaojia, they finally resisted.

As for the other members of the big family, their main goal was Xianren Dan, so they didn't fight Zhao Yuanliang at this point.

Wang fan is very happy, he didn't think, he is just a small use of the next means, it's easy to shoot the fairy pill.

He looked at the stunned green skirt woman and said, "I said woman, what are you still doing? Don't you hurry to announce the result?"

Green skirt woman was Wang fan so a drink, subconsciously knocked the hammer.

When the sound of the hammer, after falling, she was silly.

Nima.

She is very resentful to see Wang Fan one eye, can not but reluctantly announce the final result.

In fact, what she wanted to bewitch was that she was influenced by Wang Fan's words and dropped the hammer.

Wang Fan successfully got to the elixir, it is very happy.

"Son of a bitch, you are too young to rob me." He disdained to see zhaoyuanliang one eye, arrogant coax scolded a, then got up and left.

He's got what he wants, and there's no point in staying here now.

As for scolding zhaoyuanliang before leaving, he just wants zhaoyuanliang to catch up with him and save the poor slave while killing this guy.

"Mole ant, you want to die!" Sure enough, Zhao Yuanliang was furious when he heard Wang Fan's provocation.

Without any hesitation, he got up and ran after him.

### **Chapter 3120**

When people at the auction house saw Zhao Yuanliang chasing Wang fan out, they couldn't help shaking their heads.

This guy doesn't know where he came from. He dares to challenge the second generation of Zhao family.

It seems that Wang fan is going to die.

In their opinion, if Wang Fan really has the ability, he won't leave after buying the elixir.

The reason why Wang Fan left in such a hurry was that he was afraid of Zhaojia and zhaoyuanliang and wanted to escape.

However, they have offended Zhao Yuanliang. Can they still escape?

Wang Fan's heart is even more sneer.

He didn't expect that Zhao Yuanliang not only chased out, but also just took two earth immortals with him.

This guy is really self-confident. Do you think he's going to eat himself with two five stories of earth immortals?

Wang Fan did not stop, but speed up, directly toward the outside of the city.

Seeing this scene, Zhao Yuanliang sneered, "bastard, you offended me. If you want to escape, don't dream. How can you take away the land elixir of zhaoyuanliang so easily? "

He said with a sneer, and what he said was even more shameless.

Wang Fan just bought the land elixir. When it came to his mouth, it turned into his.

"Young master, shall we speed up and kill him directly in the city?"

"Don't worry, young master. This guy is so bold that we will certainly skin him and cramp him."

The two strong men of the fifth floor of the earth immortal also showed a cold look and said to Zhao Yuanliang.

As for the slave who was bought by Zhao Yuanliang, she didn't say anything.

Her eyes were still blank, her face was pale, and she followed Zhao Yuanliang like a puppet.

She was bought away as a slave, which has doomed her tragic fate.

Zhao Yuanliang sneered, "don't worry. Kill him when he gets out of the city. I don't want to be seen as a predator. "

"Good." The two immortals nodded, but they were speechless.

You have to rob people's elixir, and there are so many people in the auction house to see you chasing people out. Isn't it self contradictory to say that you don't want people to know it's extortion?

Of course, they just think about these things, but they dare not say them at all.

Wang Fan some strange, he has deliberately slowed down, but zhaoyuanliang those people did not catch up in the first time, but not slow hanging behind.

But he soon understood that Zhao Yuanliang must want to clean him up outside the city.

Think of here, Wang Fan sneer, he simply speed up, directly ran out of the city.

Since Zhao Yuanliang doesn't want to die in the city, he will try his best.

"Chase, don't let him run away." Zhao Yuanliang noticed that Wang Fan speeded up, said with a grim smile, and also speeded up.

An hour later, Wang Fan appeared thousands of miles away from Diyang city. He stopped and looked back coldly.

Before long, Zhao Yuanliang appeared with the slave girl and two immortals.

"Son of a bitch, you are so brave that you dare to challenge me and rob me of the elixir."

"Originally, I was going to buy the land elixir myself, but since you don't want to, I have to rob it from you. That's fine. I don't need half a black yuan pill. "

Zhao Yuanliang looked at Wang Fan and said arrogantly. At last, he asked coldly, "come on, how do you want to die?"

"If you are willing to kneel down and beg me, maybe I can leave you a whole body. If you are not willing, hehe, you should think about the consequences yourself."

Wang Fan looked at the arrogant Zhao Yuanliang, very speechless, he disdained to say, "spicy chicken,

Zhao Yuanliang opens his mouth wide and looks at the scene in front of him.

He didn't expect that in a short time, his two servants were killed by Wang Fan.

This is not what he wants. What he wants is that Wang fan is killed by his servants.

The female slave was also shocked, but it was only a moment before she regained her expression.

After a long time, Zhaoyuan Liang came back to his senses. He gulped a mouthful of saliva, pointed to Wang Fan and asked, "who are you and who are you?"

He also threatened Wang Fan, "I'm Zhao Yuanliang of Zhao family. If you dare to move me, my Zhao family will not let you go."

Obviously, he has realized that he can't kill Wang Fan at all, so he can only move out of Zhaojia to threaten him.

Wang Fan looked at Zhao Yuanliang with disdain, "didn't you just be arrogant? I thought you would rush up to kill me when your servants were abandoned, but I didn't expect you to be an egg."

"Zhaojia? Zhaoyuanliang? Is it amazing? Not long ago, I just killed a spicy chicken named zhaoyuanhua. Do you know it? "

"Ah?" Hearing this, Zhao Yuanliang's face suddenly changed and turned pale. "You, are you wang fan?"

At this time, if he didn't know that the person in front of him was Wang Fan, he would be mentally disabled.
