Chapter 3141

Wang fan doesn't know what happened in Diyang city. He has entered a cabin now. At the same time, he has also got the 10000 purple gold pills promised by the other party.

Wang Fan stayed in the room and wanted to practice, but he always had a sense of insecurity, as if an inexplicable sense of crisis was pouring in.

Wang Fan was a little strange. He didn't understand why he felt this way.

According to common sense, they have just left Diyang city. Even if they are in danger, they should not be able to meet them so soon.

But he believed in his feelings.

Once upon a time, facing life and death for countless times, he successfully avoided the crisis by relying on his keen sense of danger.

Wang Fan gave up the idea of cultivation, mental power carefully swept out.

There are a lot of prohibitions on this spaceship, and there are also a lot of barriers to shield spiritual exploration.

However, it may be very difficult for other monks to break through these forbidden borders, and they can not invade without being aware of them.

But for Wang Fan, these prohibitions are furnishings. Garbage can't be too garbage.

It only took him a few minutes to tear a gap in those forbidden borders, and then his mental power quietly penetrated out.

He wanted to see what the middle-aged man was doing.

Because the middle-aged man gave him a strange feeling.

It's clear that he is a strong celestial being, but he has to hide his accomplishments in the five levels of the earth immortals, and he also recruits a group of earth immortals friars to be thugs. He is so generous.

Wang Fan always feels abnormal.

Sure enough, when his mental power carefully penetrated into the whole spaceship, he didn't see the middle-aged man.

All he saw was a puppet in control of the ship.

Looking at this scene, Wang Fan's heart clapped for a while, and immediately had a bad premonition.

They escorted the middle-aged male monk and "young master" to Shaha city. Now the middle-aged male monk is missing, and the so-called young master has not seen it. What's the situation?

When the employers are gone, what the hell are they escorting?

Wang Fan left a heart, he came to the bottom of the warehouse at the first time.

Because the spaceship is big enough and there are only 100 people on it, there is no one at the bottom.

When Wang Fan comes here, no one will notice.

Moreover, at the bottom position, it is possible to leave the spacecraft at any time. The safety factor is greatly increased.

After arriving at the bottom warehouse, Wang Fan closed his eyes and spread out his mental strength.

He has to pay attention to everything outside, or he won't know how to die.

He's heard that some people specially take such things as friars, monsters and beasts into consideration.

To cultivate the earth immortal, every monk immortal is very rich, which is a great supplement for some monsters who practice strange skills.

To tell you the truth, if Wang Fan had not been very principled and felt that he would have done something if he had taken other people's money, he would not have kept it.

Because he didn't know where the middle-aged monk and the so-called "young master" had gone and whether they would come back.

If you misunderstand others, it's not good. That's why he didn't leave at the first time.

One day passed quickly, the middle-aged monk still did not come back, disappeared without a trace.

At this time, Wang Fan already felt that there must be a problem.

At the same time, his uneasiness has become more and more intense.

However, just when he was going to leave the spaceship from the bottom warehouse, his mental power was swept, and several powerful breath rushed to this side crazily.

When his mental power sweeps the source of those breath, his face turns green.

There are more than a dozen strong celestial beings and a woman in red.

This lineup is really terrible.

The most important thing is that these powerful celestial beings did not take a spaceship at all. Instead, they came directly from the sky, and each of them had a killing plane.

Wang fan doesn't need to think about it at all. He also knows that these people must have come for their spaceship.

He almost did not hesitate, a big space move, the body has disappeared in place.

Then, he madly moved the space several times, and found a corner to hide.

There was a cold sweat on his forehead, and his heart was beating wildly.

That's a dozen strong celestial beings. If they really don't come well, then the 100 celestial beings on their spaceship are not enough to see, and they are not enough to fill each other's teeth.

Wang Fan almost just left, the more than ten immortals appeared in front of the spaceship like ghosts and stopped the spaceship directly.

"Yesang, get out. Do you think you can escape? Dare to attack the Lord of the city, but also take the Lord of the city space ring, this is your death. "

A cold voice rolled out, which made all the friars on the spaceship look pale. Yesang?

City Master?

They were all a little bit confused and didn't quite understand what was going on.

But ye sang and the city Lord are two names, they are like thunder.

Needless to say, ye sang, the first person in Diyang City, was the housekeeper of the city master's house, and he was also very powerful.

Just when the practitioners were still baffled, another immortal said, "listen, people on the spaceship, get out of the spaceship immediately, we can let bygones be bygones, otherwise, there will be no amnesty."

"Yesang is rebellious and sneaks on the Lord of the city. He also issued a mission and invited 100 of you

to escape from Diyang city by this means."

"For the sake of your ignorance, as long as you hand over the reward he gave you and go away, you can let bygones be bygones."

"Otherwise, if you offend the Lord of the city, you will know the consequences."

This voice spreads out, the facial expression of those friars on the spaceship, Shua of all changed.

Before, they were still complacent about getting 10000 purple gold pills, but now their joy has been swept away, and only fear has taken their place.

In particular, those friars who had used part of the purple elixir turned pale.

I feel the powerful aura of more than a dozen strong celestial beings, and the sharp killing intention of the other party.

No one dared to resist and flew out of the cabin quickly.

Soon, ninety-nine earth immortal friars all flew into the air.

Looking at this scene, the more than a dozen strong celestial beings could not help frowning.

In particular, the red clothes of the sanxiu alliance, as well as the strong celestial beings of the Zhaojia family, had a bad premonition in their hearts.

What about yesang?

What's more, there are only ninety-nine monks left now?

"Why are there only ninety-nine people, escorted by a hundred monks? And ye sang? "

There is a fairy strong can not help but ask out, at the same time the spirit of crazy swept into the spacecraft.

But soon, their faces began to look ugly.

There was no yesang or anyone else on board.

In other words, there are only ninety-nine people on this spaceship.

Not only one of the 100 escorting friars ran away, but even his employer, ye sang, did not know when to flee.

"We don't know. How could an employer be short of one person or another?"

The ninety-nine people also looked at each other in amazement.

"What a leaf mulberry, what a Golden Cicada! What's more, do you have any impression of the monk who disappeared with him? "

The city Lord's fairy asked coldly.

Chapter 3142

The ninety-nine monks just looked at each other, and someone said, "I have the impression that he was a monk on the fifth floor of the earth immortal. I remember that he killed Wu Ji on the fourth floor of the earth immortal."

Another person also followed the interface, "I also remember, that guy, really did not expect, he even disappeared."

Those celestial beings listen to this, but can't help but frown.

Especially the two immortals of the Zhao family and the red clothes of the sanxiu alliance frowned very tightly, "what does he look like? Do you have any impression?"

Those earth immortal friars didn't talk nonsense, and soon one of them drew Wang Fan's image.

These celestial strong just a glance, it has been seen that Wang Fan must be changed.

Just because Wang fan is not here, it's just an image, so they can't be sure each other is Wang Fan.

"What a cunning fellow." The celestial beings of the Zhao family gnash their teeth.

Red clothes willow eyebrow also can't help but micro Cu, she also already affirmation, that disappear of guy, eight or nine don't leave ten is Wang Fan.

But what she didn't understand was why so many strong people in the later period of the earth immortal didn't notice that something was wrong, while Wang Fan did.

Does Wang Fan already know that ye sang has a problem? Or did Wang Fan feel their pursuit?

"Take out the zijindan you got. I can let bygones be bygones." The short silence, the master of the city said.

Now I haven't caught up with Ye sang. The most urgent thing is to get back the lost resources and then go after ye sang.

Otherwise, once Ye sang runs away, they will not look for him.

As for Chiyi and Zhaojia, the two powerful celestial beings, their mental power has been frantically diffused out and investigated for four weeks.

Their target is Wang Fan. Now Wang Fan has disappeared. How can this be accepted.

However, their mental power is just constantly spreading towards the distance, constantly searching for Wang Fan's trace.

They didn't know that Wang Fan was just hiding fifty miles away. Otherwise, no matter how good Wang Fan's hiding method was, he might be exposed in the face of so many celestial spirits.

Wang Fan hid in the position of fifty miles away, clearly feeling the situation here, his heart is also a little speechless.

What he guessed was true. The middle-aged man really had a problem.

This is also thanks to his fast running, otherwise he will be stopped by so many powerful celestial beings, even if his fighting power is against the sky, he will have to kneel down.

Wang fan is not confident that he can fight against more than a dozen strong celestial beings if he has only five levels of immortals.

He had been hiding for more than two hours, and didn't show up until those strong celestial beings left for a long time, and then he quickly left.

Without the guise of escorting yesang, Shahai City, he certainly did not dare to go for the time being.

With his current cultivation, he went to Shahai City alone, not to mention death, but the probability of falling was still very high.

Wang Fan found a remote and safe place to hide, played the ban, and then seized the zijindan and began to shut down.

When Wang Fan closed the door, the two immortals of the Zhao family had already returned to the Zhao family.

When master Zhao learned that he had failed to catch Wang Fan and kill Wang Fan, he was completely angry.

He Zhao's family is a big family in the front of emperor Yang City. How can it be so difficult to kill a mole ant whose cultivation is only five levels of the earth immortal.

How many times did Wang Fan escape?

Shame. Shame.

Not to mention the monks outside, even the head of his family felt very shameless.

He has some doubts about the strength of Zhaojia.

Red clothes also returned to the alliance. When the leader of the alliance learned that she had not found Wang Fan, she could not help standing up.

His face was very ugly, almost ferocious.

Wang Fan, a little boy who came from the low position for a few years, was cultivated from the emperor's realm to the fifth floor of the earth immortal in a short time.

This kind of person is absolutely the genius among the geniuses, let alone in the small low-level states. Even in those high-level States, they are absolutely the genius among the geniuses.

He was sure that there was a big secret about Wang Fan.

But he didn't catch Wang Fan, so even if the secret was against heaven, it had nothing to do with him.

Knowing that the result would be like this, he didn't send green clothes to invite Wang Fan at the beginning, but came out in person.

As long as Wang Fan refuses, he will take Wang Fan away directly.

But he didn't expect that Wang Fan didn't give the alliance face at all.

In other people's eyes, joining the sanxiu alliance or being personally invited by the green robed emissary was not a piece of shit in Wang Fan's eyes.

They simply refused without consideration.

If you want to blame him, it's because he is too confident in the alliance.

"Send someone to keep an eye on the entrances and exits of the main gates of Diyang City, and then send some people out to look for them." "Anyone who has a trace of Wang Fan, even those who are suspected of Wang Fan, will inform me immediately. Remember, no matter who it is, don't mess around. You must inform me first. "

The leader of sanxiu alliance pondered with a gloomy face and said.

"Yes." Red clothes should be a, and then quickly took orders and left.

On the other hand, the people of the city Lord's mansion didn't find Ye sang, and they also came back in vain.

When the city master knew this, he was furious.

But he was helpless.

In the end, he even linked Ye sang and Wang Fan. He took Wang Fan as ye Sang's person and planned to cut in from Wang Fan.

For a while, Wang Fan became the target of public criticism again.

Wang fan doesn't know what happened in Diyang city. At the moment, he has fallen into the crazy cultivation.

With ten thousand purple gold pills and tens of millions of black yuan pills, Wang Fan's accomplishments began to improve again.

In just two months, his cultivation came to the middle of the fifth floor. Five months later, he reached the peak of the fifth floor. One year and three months later, he finally broke through the fifth floor and came to the sixth floor.

Wang Fan opened his eyes and looked at the ten thousand purple gold pills and two hundred million black yuan pills turned into vermicelli. His heart was filled with emotion.

It took so many resources and so long to improve the cultivation speed. It's too slow. It's just turtle speed.

This is because he did not use the purple gold elixir alone, but mixed with the black yuan elixir. Otherwise, even if he ran out of ten thousand purple gold elixirs, he could not break through to the sixth floor of the earth immortal.

Wang Fan has a big head. If it goes on like this, he wants to break through to the immortals. When will it be. Even the celestial being can't go up. What else can we talk about leaving this aspect and returning to the earthly world?

Boom boom!

Wang Fan was thinking about this when he heard a loud explosion above his head.

As soon as his face changed, it was clear that there were friars fighting on it.

Judging from the power of the opponent, the fighting monk is definitely a celestial monk.

Wang Fan heart a Lin, quickly careful up, convergence breath at the same time, the spirit carefully swept out.

Chapter 3143

It's two monks who fight.

One was dressed in a black robe, full of vigorous breath, the other was dressed in a gorgeous purple robe, looking very elegant.

Wang Fan's mental power just swept these two people for a while, and his heart suddenly couldn't help clapping.

He didn't know the friar in black, but the friar in purple was the middle-aged man who hired them, namely Ye sang, the housekeeper of the Lord's mansion?

Even if this guy is not the same as before, he has changed his appearance, but Wang Fan recognized him at a glance.

Wang fan can't forget his breath.

"Black pupil, what do you mean? Why are you so aggressive? Is it because ye sang can't beat you, so he wants to kill me? "

Ye Sang was fighting and yelling.

He seems to be struggling. He is not the opponent of black robed friars at all. But Wang Fan always feels that there is something wrong with this guy.

He felt that this guy's efforts were all made up.

"Ha ha." Black pupil smell speech to laugh, "leaf mulberry, you say of half purple gold elixir, is there only one million?"? Are you bullying me? I haven't seen the world, haven't I seen the purple elixir? "

"I've heard that you old bastard robbed the space ring of the Lord of the city. The old man has been rampant in Diyang city for so many years and controlled countless resources. Isn't that just a little bit of wealth?"

"I tell you, without a billion purple elixirs, we don't have to talk about it. I'm in a hurry to send the news that you're here. "

"At that time, I don't have to do it at all. There will be a lot of people from the Lord's mansion coming to kill you."

Black pupil laughs at the same time, the attack in the hand is also extremely fierce crazy.

A round shield was set off a terrible storm by his dancing huohuosheng wind, and it was smashed madly at yesang again and again.

"Black pupil, you deceive people too much. I'll fight with you!" Ye Sang also cried out crazily, the whole body fairy yuan crazy surging, began to fight back desperately.

Wang Fan looked at the scene and listened to their conversation. He couldn't help but be stunned.

A million purple elixirs, a billion purple elixirs. Is that too rich?

If he can get so many resources, at least in the short term, he won't have to worry about finding cultivation resources.

Only this kind of thing, he just thought, with his current strength, if you deal with a fairy two layers, maybe still barely.

But if we deal with two people, we're going to die.

Wang fan is sure that as long as he dares to go out at this time, these two fighting guys will definitely stop at the first time and kill him first.

No matter Heitong or yesang, they absolutely don't want their affairs to be seen by a third party.

Wang Fan did not move, but waited for the opportunity.

Black pupil and ye sang fight fiercely. In the roar of magic weapon, the surrounding ground rocks are all rolled up, tearing up a terrible gap.

With their fighting, the fluctuation of the storm gradually began to tear towards Wang Fan.

Wang Fan's heart is not good. If their attack storm affects his position, he will be exposed.

Boom!

Click!

Finally, a moment, accompanied by a burst of energy, a piece of chain crazy toward Wang Fan's position.

Wang Fan had no choice but to flash and fly out.

He made a blank look and looked in the air, "what's the matter? What's the matter? Who's bothering

me?"

With that, he seemed to see ye sang and Heitong. Then his face changed and he said quickly, "I'm sorry, master. I don't know that I'm interrupting you two fighting."

"You go on, you go on, and I'll leave first."

With that, Wang Fan didn't stop for a moment and turned to leave.

Black pupil and leaf mulberry looking at this scene, all have some Leng, also stopped fighting at the same time.

They didn't expect that there were still monks in this area.

Black pupil looking at Wang Fan's back that gradually goes away, ha ha a smile, intentionally loud way, "leaf mulberry, that kid knew you are here, you so let go?"

When Wang Fan heard this, he cursed the son of a bitch.

Ye Sang's face was also changeable, and then he flashed and chased Wang Fan.

Wang fan is absolutely not allowed to leave. He must be silenced.

Otherwise, once he is entangled by black pupil, when the strongman of the city master's mansion comes, he will die.

"Master, what are you going to do? Who is Ye sang?" Wang Fan pretended to be inexplicable and yelled.

At the same time, black pupil while ye sang chasing Wang Fan, has suddenly gathered Xianyuan, from behind the crazy attack to Ye sang.

Are you kidding? This is the chance he deliberately created. How can he miss it?Ye sang is also very angry in his heart. He naturally knows that black pupil does this for the purpose of sneaking attack and looking for opportunities.

It's a conspiracy.

But he had to jump.

But even so, when he saw Ye sang actually sneak attack, he was still angry.

He suddenly turned his head and began to fight back.

Boom!

A blast, black pupil's shield crazy bang on Ye sang, ye sang mouth ejected a mouthful of blood, directly flew out.

However, while ye Sang was flying backwards, the black sickle in his hand also cut black pupil's chest crazily, bringing up a blood fog.

Wang Fan looked at the scene, eyelid jump, a big space move, disappeared in place.

Almost he had just disappeared in the same place, yesana's inverted body had come to his previous position, and at the same time, he clapped it with one hand.

Boom!

With a bang, Wang Fan's previous position was smashed.

Ye sang is unable to help Leng for a while, obviously did not expect Wang Fan to be able to escape.

Wang Fan, who appeared not far away, really wanted to swear.

None of these old things is easy to get along with.

Who did he invite? Who did he want to kill?

"Son of a bitch, do you want to die? You disturb me and shut up. I haven't bothered you yet, but you want to kill me. What's the reason? "

"Do you think that the strong celestial being is great, and the strong celestial being can kill the friars at will?"

Wang Fan yelled, while ye Sang was stunned, he had already seized the killing short gun, and then he did not hesitate to trigger the ban, and went crazy to kill.

The old man pretended to be his employer and almost killed him. Now he wants to kill him again.

In that case, don't blame Wang Fan for his impoliteness.

Red spear awn tearing out, overwhelming, crazy toward the leaf mulberry volume.

If ye sang is not injured, or not in a daze, maybe he can resist one or two.

But now, he has no resistance at all.

Just in a moment, the red spear had torn his body and rolled up countless blood fog.

Wang Fan hands a move, directly put away his space ring, flash away.

"Stop!"

Over there, the injured black pupil looked at this scene and finally recovered.

With a sharp drink, he chased Wang Fan crazily.

Chapter 3144

I don't know where the mole ant came from, but it robbed Ye Sang's space ring. It's not good.

He has hunted Ye sang for so long without even seeing his hair. How can he make a wedding dress for this little mole ant?

Wang fan can ignore that angry black pupil, at the moment he is frantically running away, but it is not running away.

Because he noticed that someone was coming this way.

Whether it's his identity or he robbed yesang's space ring, these two things are absolutely not to be known.

So he chose to run away at the first time.

As for the black pupil, if the other side is not injured, Wang fan may be really scared.

But that guy has been injured, Wang fan doesn't care at all.

As soon as he killed with a shotgun, the guy was almost certain to die.

Wang Fan's speed was extremely fast, and soon he had already run hundreds of miles away.

Black pupil see of that big anger, he really want to catch up to directly chop Wang Fan.

However, he was injured a little, and his speed was not as fast as before, so he could only hang far away and couldn't catch up with Wang Fan.

At the same time, in the position where Wang Fan killed Ye sang, several strong celestial beings appeared.

These powerful celestial beings are all from the city master's mansion.

They've been wandering around the area all the time, and they wouldn't have attracted them if it wasn't

for the spatial fluctuations caused by the killing rifles.

"Yesang, that's yesang."

"No, yesang was killed and his space ring was robbed."

A few strong celestial beings immediately noticed something wrong and exclaimed.

Short dull, they also did not hesitate for a moment, crazy towards the black pupil and Wang Fan chase in the past.

Ye Sang's space ring is not a small fortune. If they can get it back, they can not only share some resources in private, but also the rewards of the city master will never be less.

So they are very dedicated, very crazy.

After all, even better than them, it is not so easy to get enough cultivation resources.

Wang Fan originally also wanted to go back and kill the black pupil first.

However, when he felt that the more than a dozen strong celestial beings were chasing this way, he immediately gave up this idea.

That's a dozen immortals. In this case, if he dares to turn back, it's definitely the rhythm of seeking death.

Wang Fan thought of here, not only did not stay, but it is very crazy burning blood essence, crazy ran up.

The black pupil feels Wang Fan's speed to accelerate, is simply to crack.

Where on earth did this come from? How could it be so fast? How could it be accelerated.

If it goes on like this, let alone catching up with Wang Fan, I'm afraid that before long, Wang Fan will not be able to see his shadow.

"Son of a bitch, stop for me." Black pupil angry, crazy roar at the same time, directly crazy burning Shouyuan.

That's tens of millions or even hundreds of millions of purple gold pills. He can't let Wang Fan really take them away.

Wang fancai didn't bother to pay attention to that guy. Instead, he didn't stop. On the contrary, he was faster and began to kill himself.

He was also anxious.

How to get rid of the black pupil.

I'm afraid I can't escape normally. It seems that I can only burn Shouyuan.

Wang Fan thought, can only bite teeth, began to burn Shouyuan.

Burning Shouyuan, the cost is much more terrible than burning blood essence, and the speed will be more than ten times.

After burning Shouyuan, Wang Fan's display space moved greatly, coupled with lightning coordination, instantly disappeared without a trace, directly disappeared in the dark pupil's mental power.

Black pupil looking at this scene, again can't help but stay.

This, just now Wang fan that speed, unexpectedly is not the limit, unexpectedly can also enhance?

He was not reconciled. After chasing after him for a while, he found that he could not find Wang Fan's shadow any more, so he had to give up.

Black pupil stopped, but he just had time to tease the breath, more than ten figures appeared in front of him.

Black pupil looks at these ten people, the facial expression is instantly pale.

Naturally, he knew these people, and they were all the powerful celestial beings in the city Lord's mansion.

In a flash, his whole life was not good.

At the same time, he has also realized why Wang fan is so desperate to escape.

Maybe the other party is not afraid of him at all, but of these ten immortals.

However, he was not aware of the pursuit of these ten immortals. How could Wang Fan, a mere earth immortal, be aware of it.

"Black pupil, it's you, give ye Sang's space ring, we can not do it."

One of them, a strong immortal, took a look at Heitong. He could not help frowning and then said. Black pupil mouth corner sobs for a while, hard scalp says, "if I say, leaf mulberry is not I kill, I also didn't get their space ring, will you believe?"

As soon as his voice fell, the world around him suddenly quieted down.

He was enveloped by an invisible air of extermination, which made him feel that his breathing began to be difficult.

"Black pupil, do you want to be stubborn and embezzle the Lord's things? I don't think I need to say more about the consequences of embezzling the Lord's things? "

"What's more, you didn't kill yesang. Who killed yesang? We've come all the way, and we don't notice anyone else except you. "

A fairy friar said with a cold face.

Black pupil feel scalp is about to explode, "he was killed by a fairy mole ant, space ring was also robbed by the fairy mole ant, really not me."

At this point, black pupil as if to think of what, the whole body is unable to help emitting a cold sweat.

Is it that Wang fan is aware of the pursuit of these celestial friars, so he deliberately did not fight with him, deliberately let him carry the pot?

Because he now remembered one thing, that is, Wang Fan killed Ye sang.

Wang Fan was able to kill Ye sang. Naturally, there was no need to be afraid of his black pupil.

Think of here, black pupil is to cannot help sweat hair erect.

It's really scary to think about it.

"Hum." The friar heard black pupil's words, but he couldn't help sneering, "friar Di Xian killed Ye sang, are you teasing me? Have you ever seen a friar who can kill a friar

It's not only this celestial being who is angry, but also other celestial beings who are angry.

"Black pupil, do you think we are idiots? Why don't you say ye Sang was killed by friar Renxian? "

"Black pupil, I think you don't have to talk nonsense. Hand over Ye Sang's space ring immediately. We can treat it as if nothing happened. Otherwise, don't blame us for being impolite."

"Hum, it's easy for us twelve immortals to kill a seriously injured you. You can't even escape."

He was filled with righteous indignation.

Black pupil hears this words, know oneself is to say what all have no use.

He forced Xianyuan up and said, "whether you believe it or not, all I said is true."

"I know I can't beat you and even escape, but even if you kill me, you can't get yesang's space ring, because I didn't kill him at all."

Chapter 3145

"Well, that's a bunch of nonsense."

"Since you didn't kill Ye sang, who killed Ye sang?"

"I'd like to know which Earth immortal friar has this ability to kill the strong one of the celestial beings, and it's the second tier of the celestial beings."

"That's right. You also told me the way that monk Dixian used when he killed yesang. Don't say that the earth immortal friar didn't use any means. No idiot would believe that. "

Those celestial strong one by one cold hum, breath all crazy lock black pupil.

They want to see what the black pupil says.

Black pupil deep breath tone, "that is a ground immortal six layer friar, he is inspired a kill short gun inside of kill intention forbid, just kill leaf mulberry."

"If my guess is right, his killing short gun should be a magic weapon of fairy King level."

Boom!

Black pupil this words a, immediately, all celestial friars are shocked.

"It's impossible. It's just a mole ant. How can it have a magic weapon of fairy King level?"

"That's right, and even if he has the magic weapon of fairy King level, it should not be enough to kill Ye sang across the border?"

"No, I remember. Some time ago, in our Diyang City, wasn't there a mole ant who made a lot of noise?"

"He not only dared to provoke the Zhao family, killed countless monks of the Zhao family, but even refused the invitation of the green robe emissary of the San Xiu alliance."

"It's said that this man has a magic weapon of fairy King level, and his fighting power is against heaven. He can fight across several realms."

"When you say that, I remember. However, even if he goes against heaven, it should not be enough to

kill the second level friars of the immortals? "

"Although his fighting power is amazing, all the monks who are killed are stronger than his accomplishments. But I haven't heard of him killing the strong one. "

The celestial beings were shocked and began to talk.

If other monks could kill Ye sang, they would scoff.

But if the other party is Wang Fan, it is very likely.

After all, Wang fan is really evil and can't be regarded with common sense.

The most important thing is that it is said that Wang Fan was in the 100 monks who escorted Ye sang before. But Wang Fan and ye sang disappeared together.

"Black pupil, although what you said is very possible, we still can't completely believe it."

"If you want to get rid of the suspicion, let's sweep your whole body and check your space ring."

"If you really don't have yesang's things on you, let's go right away."

One of the celestial friars looked at the black pupil and said.

Even if black pupil is seriously injured, it is also an immortal. Under the fire, they may be able to kill black pupil. But it's also very likely that black pupil will fight back and kill one or several people.

If Heitong really got yesang things, it doesn't matter. All the costs are acceptable.

But in case black pupil really didn't get leaf mulberry thing, that they fight, can have some irrationality and the gain is not worth the loss.

Although black pupil knows the other side's request is very excessive, because this is equivalent to humiliating him.

But now he has no choice. If he can live, he doesn't want to die.

"Well, I promise you." He bit his teeth and nodded, but he hated Wang Fan.

That mole ant is too hateful, not only dare to Yin he black pupil, now even by him to drag the time of this group of strong celestial beings, escape alone.

Heitong is sure that with Wang Fan's cunning and sensitivity, even if these powerful celestial beings are chasing Wang Fan now, they may not be able to catch up.

More than a dozen celestial beings' mental power swept across Heitong, scanning back and forth, but in the end they got nothing.

They checked the space ring of black pupil again, still did not discover a bit.

At this time, they finally gave up. They finally believed what Heitong said.

"Towards which direction did Wang Fan escape?" After the examination, one of the immortals asked with a gloomy face.

"Over there." Black pupil points to Wang Fan's direction and says.

Whoosh, whoosh.

More than a dozen immortals didn't hesitate at all. Their bodies twinkled and quickly caught up with them.

Wang Fan, you can't escape.

How can so many cultivation resources be taken away by just one mole ant?

Only a few hours later, they were disappointed.

They didn't even see Wang Fan's shadow.

...

Wang fan doesn't know what happened between Heitong and the ten strong celestial beings. At this moment, he has already dodged and opened Ye Sang's space ring.

When he saw the cultivation resources in the black pupil space ring, he was stunned.

at this time, he finally realized that he was a woodlouse, a bunk. Inside the space ring of Ye sang, there are countless fairy grass.

Heiyuandan is even more numerous, at least tens of billions.

Even zijindan has hundreds of millions.

As for the rubbish like heiyuanshi, there is nothing in yesang's space ring.

Either Ye sang can't see heiyuan stone, or the city master can't see heiyuan stone. Anyway, people don't want to put it in space.

Wang Fan looked at the vast array of cultivation resources, his heart couldn't help jumping up.

With so many cultivation resources, he can cultivate to the ninth floor of the earth immortals or the celestial immortals. Is that ok?

As long as his accomplishments break through to the immortals, all the Zhaojia, chengzhufu, and sanxiu alliance will be dregs in the dregs.

Anyone who dares to beep in front of him is doomed.

Wang Fan thought in his heart, directly sat down with his knees crossed, took out a lot of black stone, black pill and purple pill, and began to practice.

It's not that he doesn't want to practice with purple elixir alone. In that case, some of them are too wasteful.

Only with the black stone and the black pill can he make the biggest breakthrough in his cultivation.

With Wang Fan's cultivation, the strong spirit of immortals formed a fog and poured into his body crazily.

Just for a moment, he was immersed in endless cultivation.

When Wang Fan fell into the state of cultivation, the emperor's central city, the city master's house, and the city master had been completely furious.

He didn't expect that just a mole ant killed Ye sang and robbed him of his things.

If someone robbed him of his things, maybe those cultivation resources would not be used up for a while.

But Wang fan is different.

As far as he knows, Wang fan is a super monster, and his cultivation speed is terrifying.

In addition, Wang Fan has offended the Zhao family. He is almost sure that Wang Fan's first time to get those cultivation resources is crazy cultivation.

In this way, I'm afraid that before long, his cultivation resources will be used up.

And it's not the most important thing. The most important thing is that Wang Fan's combat effectiveness is so terrible. Once his cultivation is improved, what can he do even if he finds Wang Fan in the end?

Asshole!

What a jerk!

In his anger, the Lord smashed the table in front of him with a slap!

Chapter 3146

Wang Fan didn't know the anger of the city master. He was practicing madly in the closed area.

In just two years, with the accumulation of a large number of cultivation resources, his cultivation has gone from the sixth level to the Ninth level.

This growth rate of strength can be regarded as a rocket.

Wang Fan opened his eyes. Although his cultivation resources have not been used up, his accomplishments have been unable to enter.

The reason is very simple. If he wants to break through to the strong one, he needs tianxiandan.

But on his body, is actually does not have the day immortal elixir this kind of elixir.

"The ninth floor of the earth immortal, now I should not be afraid of any imperial central city power, right? Don't say it's just Zhaojia. Even if the city Lord wants to kill me, I'm afraid it's not so easy, is it? "

Wang Fan muttered to himself that he planned to go to Diyang city to see if he could buy Tianxian pill.

Two days later, Wang Fan once again entered the imperial city.

In the past, when he entered Diyang City, he sometimes changed his appearance, because he was not strong enough.

But now, he felt that his strength was enough, at least in Diyang City, he was not afraid of anyone. So he's too lazy to look good.

"Wang, Wang Fan?"

"Oh my God, this guy is here again."

"In recent years, not only the Zhaos are looking for him, but also the people from the city Lord's mansion and the sanxiu alliance are looking for him. How dare he come back?"

"I thought he had left Diyang City long ago, but I didn't expect that he had not left yet."

Although Wang Fan hasn't appeared for two years, he has just entered the Imperial City, and many monks recognize him.

For a moment, there was a lot of discussion.

Wang Fan listened to the monks' comments, but he was puzzled.

The Zhao family and the city Lord's house are looking for him. This is a reasonable thing. He is not surprised at all.

What can the alliance do with him?

It seems that he has nothing to do with the alliance.

If it's because he refused to join the alliance, the alliance is a bit overbearing.

Wang Fan thought in his heart and ignored the friars. He went straight to the biggest Xiandan Pavilion in Diyang city.

Even if he has the strength to fight against Zhaojia, he doesn't want to take revenge. He has to see if he can buy tianxiandan first.

When Wang Fan went to the Xiandan Pavilion, Zhao's family was in the process of being admitted. A servant suddenly rushed in.

"What's so impetuous that you disturb my master's cultivation? Can you bear the consequences?"

When the master of the Zhao family saw the servants break in, he immediately stood up and became angry.

"Home owner, Wang Fan, Wang Fan appeared, and he came back." The servant was startled by Zhao's words, but he said quickly.

"What?" Zhaojiazhu Teng stood up, "what do you say, that Wang Fan came back, he came to Diyang city again?"

His heart that excited ah, these two years, Wang Fan has almost become a thorn in his throat. He couldn't pull it out, but if he didn't, he was flustered.

"Yes, yes, it's true. Many people have seen him come with their own eyes." Said the servant.

"Well, I'm so brave. I didn't expect him to show up. You should go to the two elders and let them have a look and bring Wang Fan back to me. "

Zhaojiazhu's excited face twisted up and quickly ordered to come.

Even if he wanted to kill Wang Fan himself, his cultivation was not up to the immortals. Even if he went, he would die. So he can only ask the two celestial elders to do it.

"Yes." The servant nodded and left quickly.

When the Zhao family sent out the strong celestial beings, the Lord of the city also received the news.

He did not hesitate, directly sent the strong immortal to the place where Wang Fan was.

Sanxiu alliance, red clothes also sent out, followed by two strong celestial beings.

It can be said that because of the appearance of Wang Fan, the strong of the three forces are all mobilized.

Their targets are all Wang Fan.

The Zhao family wants Wang Fan's life, and the city Lord's office wants to see if ye Sang's resources fall on Wang Fan and can recover a few percent. The purpose of the alliance is more direct, is to get the secret of Wang Fan.

It can be said that each of the three forces has its own purpose, none of which is pure.

Wang fan doesn't know those things, even if he knows, he doesn't care.

He has entered the biggest Xiandan Pavilion in Diyang city.

It is said that the shops like Xiandan Pavilion and Xianqi Pavilion in Diyang city are not controlled by Diyang city. It's a branch of big powers in other places.

Because of this, Wang Fan has the idea of going to Xiandan Pavilion.

Otherwise, if Diyang City local forces open branches, it is almost impossible to buy tianxiandan.

The forces of Diyang city did not have that kind of ability. They could refine Tianxian pills in batches."Elder martial brother, please come inside. I don't know what kind of pills elder martial brother wants to buy when he comes to Xiandan pavilion?"

When the man saw Wang Fan coming in, he immediately came up and asked.

Wang Fan did not shy away and said directly, "I want to buy a celestial elixir. Do you have it here? If so, what is the price? "

Hearing Wang Fan's words, not only the clerks were stunned, but also some monks around.

This guy is really a cow. He even said that he wanted to buy tianxiandan directly.

Let's not talk about tianxiandan. Xiandan Pavilion can't be sold directly, let alone in stock. Let's say the price of tianxiandan is astronomical.

Wang fan is so direct, does it not expose that he is a monk of the ninth floor of the earth immortal, and he is also very rich? Aren't you afraid of being watched?

"Elder martial brother, tianxiandan is very precious. I don't have any in stock here. However, as long as you can get the purchase price, you can apply for small ones. "

"A year at most, someone will send the celestial elixir up here."

Wang Fan a listen to this, immediately shook his head, "a year time, too long, that forget it."

Are you kidding? He doesn't have so much time to wait in Diyang city.

Even though he knew that one year was not time at all for the friars, it could be said that it was just a matter between fingers, but he was still unwilling to wait.

He has been in the area of Diyang city for nearly ten years, and he does not intend to stay in this area.

After destroying the Zhao family, he planned to leave.

Man, when he heard Wang Fan's words, he opened his mouth and didn't know what to say.

Can't wait for a year, is it that urgent?

"Whoosh, whoosh, whoosh."

Just when he was going to say something, suddenly, with a burst of wind, more than a dozen voices flashed directly into the Xiandan Pavilion and surrounded Wang Fan.

All of these people are celestial friars. Looking at them, the guests of Xiandan Pavilion can't help but start to exclaim.

"Zhaojia, chengzhufu, sanxiu alliance, how did their people go out together? What do they want to do?"

"I remember. That guy is Wang Fan."

"Ah? No wonder, I said, how can the three forces appear at the same time? It turns out that he is Wang Fan. "

"This time, I'm afraid Wang fan is going to die. It's hard to fly."

Chapter 3147

Wang Fan also looked up coldly at the ten immortals.

He didn't need to ask at all, and he knew the identities of these people from the comments of the monks around him.

It's really a big scene. There are eleven strong celestial beings, eight on the first floor and three on the second floor.

Such a strong lineup, unexpectedly only to surround him Wang Fan, a nine layer monk of the earth immortal, this is simply too much to look up to him.

"Are you wang fan?" A celestial friar in the city Lord's mansion looks at Wang Fan coldly and asks.

"Yes, I am Wang Fan. What can I do for you?" Wang Fan didn't have the consciousness of being a low-level monk at all. He didn't have any respect at all. He also responded coldly.

Looking at Wang Fan's attitude, the celestial friar could not help frowning.

I've heard that Wang fan is arrogant for a long time. Now it seems that he is.

He asked, "did you kill yesang? Did you rob his things?"

At the same time of questioning, the breath of his body suddenly surged out, covering Wang Fan. Meanwhile, his eyes were fixed on Wang Fan, and the opportunity of killing suddenly appeared.

Wang Fan sneered, and his breath was also surging out, directly crushing each other's breath into pieces, which was not slow to say.

"I don't know who ye sang is. As for robbing him, it's even more ridiculous."

"If it's because of you, you can get out of here. You don't deserve to crush me with breath. "

Wang fan is not polite at all.

"You want to die!" The friar was very angry, and his breath soared again.

When Wang Fan's eyes were cold, it was more direct. Clang ground a, he has already grasped the shadow knife directly, the murderer on the body started to put out crazily.

"I want to die? It's not that I look down on you. You can't kill me just because you are a fairy. If you don't

want to insult yourself, go away. "

Wang Fan's voice is very cold, and his heart is also a little angry.

This son of a bitch, even if he doesn't ask questions, he even takes the momentum to crush him and threaten him.

Is Wang Fan frightened? Is the celestial monk great?

Wang Fan won't get used to each other.

"Everybody, everybody." At this time, the man quickly stood up and said, "if you have something to do, please go outside to solve it. Don't disturb our business here."

The friar frowned slightly when he heard this, but he didn't break out.

Although this guy is nothing, the power behind him is extraordinary. Let alone him, even the city leader's mansion can't be provoked.

"Come out with me if you have seed." That day, the immortal friar said, and directly flashed out of the Xiandan Pavilion.

The other immortals also gave Wang Fan a cold glance, and then went out with him.

Wang Fan sneered and walked out of Xiandan Pavilion without fear.

He has decided that if these guys dare to be unreasonable and fight him directly, he will kill a few and leave.

Anyway, he is a ghost, barefoot is not afraid to wear shoes. And whether it's the city Lord's mansion, the sanxiu alliance, or the Zhaojia family, they all have families and businesses.

As long as the other party can't kill him at one time, he has plenty of time to play with the other party slowly.

"Wang Fan, I don't embarrass you either. As long as you hand over what you got from ye sang, let bygones be bygones and my city Lord's office will not interfere."

"If you insist on going your own way and don't admit killing Ye sang, don't blame us for being rude."

When he got outside, the strong man of Tianxian looked at Wang Fan and said coldly.

However, although his attitude is tough, everyone knows that he has lowered his face.

Wang Fan didn't pay attention to the immortal in the city master's mansion, nor did he go to see the two immortals in the Zhao family. Instead, he looked at the three people in red.

"Are you from the Sanskrit alliance? I don't know what you came to me for? If you want me to join the sanxiu League, forget it. I won't agree. "

Red clothes saw Wang Fan one eye, some feel puzzled.

In this case, Wang Fan even dare to speak so directly. Isn't he afraid that the sanxiu alliance will also deal with Wang Fan.

In this case, shouldn't Wang Fan first stabilize his sanxiu alliance, and then fight against the city Lord's mansion?

But she was relieved to think of the lineup here.

Wang fan is surrounded by so many immortals. It is meaningless to offend him or not. Anyway, Wang fan is doomed to die.

Wang fan is just a nine level immortal. If he is surrounded by more than ten immortals, even if he is surrounded by three or five immortals, he will surely die.

"I'm the red robed emissary of the Sanshou alliance. The leader of our alliance appreciates you very much. I'm here to invite you to join the Sanshou alliance."

"As long as you are willing to join the sanxiu alliance, we will not only try our best to meet all your needs, but also help you to intercede with the leader of Zhaojia ruins."

"Of course, the premise is that you take out Ye Sang's things."Red dress is very polite to say.

If there was only one Zhao family, she would not care about it. She even dared to tell the Zhao family to go away.

But she didn't dare to say that with the city Lord's house. No matter how powerful the alliance is, it can't be said that it can destroy the Lord's mansion.

What's more, in order to make a conflict with the Lord's mansion, the sanxiu alliance will not do so.

When Wang Fan heard this, he didn't even have the mood to look at the red clothes.

He looked directly at the immortal of the city Lord's mansion, "I said again, I didn't kill Ye sang, let alone get what he had. So it's impossible for you to ask me to hand over his things. "

"I'm busy now. I don't have time to waste time with you. If you want to do it, then hurry up. If you don't,

then I'll leave. "

As for the two immortals of the Zhao family, Wang Fan didn't look at each other from the beginning to the end, let alone say more.

Anyway, he and the Zhao family are dead enemies. What else can we say.

"It seems that you are not going to hand it in. You have to go your own way." The strong immortal sneered.

Wang fan is a little impatient.

"Noisy." He didn't wait for the other party to finish speaking, but he had already interrupted. At the same time, he sacrificed his shadow knife and killed him directly.

Since the other side has no room for moderation, there is no need to talk nonsense, just do it directly.

Is eleven immortals great? Can they be arrogant on Wang Fan's head?

He is not allowed to be bullied.

Shadow knife sacrifice, this positive void was immediately stirred up, killing between heaven and earth crazy convergence.

Just for a moment, the killing power had been condensed into a point, and with the tearing of a sword, he chopped directly towards the celestial friar.

There are striking waves in the void. Under this knife, it seems that the space will be cut in half.

The celestial friar felt the scene and his face changed greatly.

Especially feeling the power of Wang Fan's hand, his face is even more ugly.

He did not expect that Wang Fan would say that he would do it, and it was so terrible.

Chapter 3148

The immortal yuan on his body excites madly. At the same time, a half moon halberd appears in his hand. He raises his hand to strike Wang Fan.

Boom!

The terrible explosion was excited in the air. His half moon halberd not only failed to defeat Wang Fan's sword, but also collapsed in an instant.

At that moment, his face changed greatly.

He is a powerful man in the second level of heaven, but he is not as powerful as Wang Fan, the Ninth level of earth immortal. It's really abnormal.

Whoa!

He spewed out blood essence and began to retreat crazily.

But it's too late.

The sword awn torn by Wang Fan has been cut on him after crushing his halberd awn.

Whoa!

A dazzling scarlet blood mist splashed out, and his whole body was blown out and hit a shop.

Wow.

The shop was smashed and his whole body was seriously injured.

Looking at this scene, the whole audience was dead.

Where on earth did this come from? It's too abnormal.

Whether it was the other ten strong celestial beings or the surrounding monks, their hearts could not help but tremble wildly.

They have never heard of such a thing, let alone seen it.

Wang Fan didn't pay attention to the seriously injured second floor of the celestial being. Taking advantage of the moment when everyone was shocked, his figure had already soared into the air and went out of the city.

"Where to go?"

"Stop!"

"Together!"

Seeing this scene, the remaining ten strong celestial beings finally came back to their senses and were in a complete hurry.

They're in the air, and they're about to chase.

But at this time, Wang Fan, who was running towards the outside of the city, suddenly turned back and had a killing rifle in his hand.

Wang Fan did not have the slightest nonsense, directly triggered the killing short gun inside the prohibition, at the back is a gun split.

Hiss!

The horror of the intention to kill collapsed and torn, the void appeared a piece of illusory ripple, as if it had been directly split into countless half in general.

At the same time, countless dense red spear patterns burst out, and the ten immortals rushed forward.

Come on!

It's so fast!

Terror!

It's terrible!

At that moment, the faces of the ten strong celestial beings became extremely ugly.

Several immortals are better on the second floor. They have already started their crazy dodge for the first time.

They just pay the price of minor injuries, to avoid those terrible guns.

But those immortals are not so lucky.

Dense spear awn tearing in their bodies, set off a large blood fog at the same time, has taken their lives in an instant.

As strong as them, as strong as a fairy, under Wang Fan's terrible spear, they were all vulnerable to a single blow and died.

"What a terrible shot."

"Wang Fan seems to be stronger than he was some time ago."

"Invincible, invincible. With his current strength, even if he can't dominate the imperial central city, he can walk horizontally. "

There was silence around. After a short silence, everyone could not help talking.

Wang Fan didn't pay any attention to their comments. His body flickered and was gone.

Those lucky immortals looked at Wang Fan's back, but no one dared to chase him.

In today's war, they are in a mess and lose face.

Eleven strong celestial beings, what a powerful lineup is this?

They just besieged Wang Fan, who was just a nine story fairy.

But as a result, when Wang Fan swaggered away, they were dead and injured, which was terrible.

It can be imagined that after today, the reputation of Zhaojia, sanxiu alliance and Chengzhu mansion will be greatly reduced.

And the name of Wang Fan will resound through the whole city.

The city Lord's mansion, after the city Lord heard the news, he could not help but stand up.

His face was very gloomy. He never thought that what he expected would come true so soon.

Now they have offended Wang Fan. As long as Wang fan doesn't die for a day, he won't sleep well.

Sanxiu alliance, the leader also knew the news.

His face was equally gloomy.

He decided that he could not wait any longer. If he continued to do so, even he would not be sure to take Wang Fan.

Once Wang Fan grows up, he doesn't want to get Wang Fan's secret. I'm afraid he will soon become the ghost of Wang Fan.

Compared with the city Lord's mansion and the sanxiu alliance, the Zhaojia is even more afraid. Yes, it's fear.

When master Zhao learned about this, some of them were not angry, but afraid.

Eleven immortals were killed by Wang Fan and left calmly. How can Wang Fan's family deal with him?

Don't say that his Zhao family can't take out eleven immortals at all. Even if they take out eleven immortals, can they kill Wang Fan?

Finally, he had a sense of regret in his heart. He regretted offending Wang Fan, and regretted fighting with Wang Fan.

Unfortunately, it's no use regretting now.

He was almost sure that before long, Wang Fan would kill his family and take revenge.

Once at that time, can his family stop Wang Fan's killing?

"Come on, it's going to be reported that someone will visit the Lord of the city and the leader of the sanxiu alliance."

In a hurry, the master of the Zhao family can only plan to turn to the Lord's mansion and the sanxiu Alliance for help.

At present, Wang fan can't be provoked by his family alone. He has to find the city leader's mansion and the alliance of sanxiu.

However, what makes the master of Zhao's family angry is that the city master's mansion didn't see him.

This meaning already self-evident, the city Lord mansion does not want to cooperate with his Zhao family, does not want to deal with Wang Fan.

Fortunately, the leader of sanxiu alliance readily agreed to the cooperation of master Zhao, which made master Zhao feel a little relieved.

The leader of the sanxiu alliance is fallacy hill, which is absolutely a terrible existence.

It is said that if you look at the whole Diyang City, if you fight alone, no one is the opponent of falluqiu, which can be called the most terrible person in Diyang city.

Of course, this is just a rumor. As for whether it is true or not, no one knows, let alone has been confirmed.

Because there is no strong immortal who will be bored to fight with fallacious hills because of these false names.

Wang Fan didn't know the little moves of the Zhao family. After he left the city, he just took care of himself for one night, and returned to Diyang city the next day.

He's not going to stay in the area anymore, he's going to leave.

However, before leaving, Zhaojia, he has to pull it out.

The Zhao family dealt with him repeatedly, even nearly killed him several times. If the family was not pulled out, he would not be happy.

Wang Fan did not appear in Diyang City, but chose to enter Yirong.

Although he is no longer afraid of Zhaojia, he is also afraid of the joint efforts of the three forces.

Last time it was ok, only 11 immortals were sent out.

If this time, 21 or more powerful celestial beings are dispatched, what should we do?

Wang Fan had to be cautious.

Chapter 3149

Wang Fan soon came to Zhaojia, but he didn't go in aboveboard, but chose to go in secretly.

He can destroy the Zhao family even if he goes in aboveboard, but his news will spread out and lead to the strong men of the sanxiu alliance and the Lord's mansion.

Although the Zhao family has a defensive array, it is no different from the furnishings in front of Wang Fan.

He didn't waste any energy at all, so he broke each other's big battle.

Zhaojia manor is very big. There are many monks guarding along the way. Obviously, they are afraid that Wang Fan will kill them.

It's just that the accomplishments of those friars are too low, and the highest is only the seventh floor of the earth immortal.

Such a little cultivation, let alone stop Wang Fan, can't even feel Wang Fan's breath.

If you think about it, the cultivation of the master of the Zhao family is only the ninth floor of the earth immortal. Where can the people below be powerful?

The strong immortal is in Zhaojia, which is already the existence of elder level. Naturally, it is impossible to guard outside the manor.

"You say, will Wang Fan come?"

"Who knows, there's no harm in being careful."

"Ah, the master of the family really offended such a evil spirit."

"I can't blame the master. It's really that Wang fan is too evil. According to the normal situation, just a Dixian, how can my Zhaojia pay attention to it. But who knows that Wang Fan grows up so fast? "

"This kind of day is really too hard. I hope Wang Fan will come quickly while the leader of sanxiu alliance is in my Zhao's house."

"Yes, once the leader of the sanxiu alliance leaves, we can't deal with Wang Fan by our Zhao family alone."

Several friars talked as they walked around.

Wang Fan listened to their words and frowned slightly.

Is the leader of sanxiu alliance in Zhaojia?

He didn't have to think about it at all. He also knew that the leader of the sanxiu alliance wanted to join hands with the Zhao family to deal with Wang Fan.

Wang Fan's heart was full of anger.

To say that Zhao family killed him, he could understand that there was gratitude and resentment after all.

However, Wang Fan has never offended this alliance.

He just refused to join the alliance. Is that why the leader of the alliance dealt with him?

If so, is it too overbearing?

The more Wang Fan thought about it, the more upset he was. He simply left Zhaojia and went to sanxiu alliance.

The sanxiu alliance aimed at him, but he didn't even fight against him. The leader of the alliance wanted to kill him. I really think he's a good man, isn't he?

Wang Fan plans to go to the sanxiu alliance first, and then to Fu Zhaojia.

Wang Fan soon came to the sanxiu League.

"Who?"

"This is the sanxiu alliance. No one is involved. Get out now, or there will be no amnesty."

When the friars of the sanxiu alliance saw Wang Fan break in, they all roared loudly.

The sanxiu alliance is so strict in recruiting people, so there are not many people.

But those who join the alliance are not simple, at least they have certain talents and are very proud.

Wang fan is too lazy to talk with these minions. He says coldly, "I want to level the alliance, so members of the alliance are limited to leave immediately within ten minutes, otherwise, I will treat them as enemies."

"Arrogance

"Arrogant!"

"To die!"

Wang Fan's voice fell, and the arrogant members of the sanxiu alliance were immediately angry.

This is really arrogant.

They have been in the Alliance for so long, but they have never seen anyone dare to break into the alliance and say they want to level it.

Wang Fan didn't talk nonsense with these minions. He had already grabbed the shadow knife and chopped it out.

Seven or eight members of the sanxiu alliance, who could not even stop Wang Fan's knife, had already been overturned, and their mouths were full of blood.

This is because of Wang Fan's mercy. Otherwise, all these people will die with only one knife.

"I'll say it one last time. I'm going to level up the alliance and all the people will roll up, or there will be no amnesty."

Wang Fan's voice was cold and said again.

Those earth immortal friars felt the terrible killing breath of Wang Fan, and then looked at Wang Fan's previous hand. Their face couldn't help changing, and they already had the idea of escaping.

However, those who are strong in heaven are unwilling and angry.

"To die!"

The two immortals yelled angrily, and their bodies soared into the air. They were excited by magic

weapons in their hands, and they were crazy to kill Wang Fan.

In an instant, the killing power was rolling, and the whole vast space was surrounded by endless killing ideas.

Wang Fan looked at the two immortals, disdained a smile, body shape suddenly rushed out, at the same time shadow knife has also followed out.

The bright awn of the sword lights up the void. In a flash, the awn of the sword makes a big difference.

The dense sword awn had torn up the offensive defense of the two powerful celestial beings in an instant and fell on them. With a scream, they both flew backwards.

Wang Fan's voice came out for the third time, "I'll say it again for the last time. Those who don't leave here within ten breath will die!"

This time, the members of the alliance were afraid.

A lot of friars have vacated one after another and started to flee madly.

They can't deal with this kind of strength.

Only a few people couldn't breathe, all the members of the alliance had left, but they didn't go far.

Wang fan is too lazy to pay attention to them. After seeing them leave, his shadow knife has been dancing.

With the sound of roaring, the whole alliance has been completely destroyed.

The monks who heard the wind in the distance were all shocked when they saw this scene.

Who is that? It's too cruel. It flattened the station of the alliance.

This is absolutely chiguoguo's provocation and slap to the alliance.

Just for a moment, they all guessed the identity of Wang Fan.

After all, no one dares to do such a thing except Wang Fan who dares to do it and is so crazy.

You know, the leader of the alliance is not easy to provoke. No matter who it is, you must consider the anger of the leader before moving the alliance again.

But Wang Fan was an accident. He was alone, and he had a strong fighting capacity. He had an amazing way to escape and hide.

In this case, he was not afraid of the leader of the alliance.

The only thing that people can't figure out is why Wang Fan didn't go to level Zhaojia first, but leveled the alliance.

But they don't know, but those members of the Sanskrit alliance know, because their leader is in the Zhaojia now.

Zhaojia.

The leader of the alliance is talking and laughing with the leader of the Zhao family. Suddenly, he receives the news that the camp of the alliance has been leveled.

In a flash, he stood up, his face very gloomy.

"Brother mu, what's the matter? What happened?" The Zhao family decided that the situation was not right, and asked in a hurry.

"Wang faner went to our sanxiu League and leveled the station of our sanxiu League. I want to go back first."

He said with a gloomy face, the whole person had disappeared.

"Brother mu, don't worry. Maybe he's trying to divert the tiger from the mountain." The Zhaos are in a hurry to leave.

But the fallacy has disappeared without a trace. His words are in vain.

Chapter 3150

When muliao came back to sanxiu league with anger, Wang Fan had already left and disappeared.

He looked at the alliance that had been shoveled to the ground, and then at the monks who were talking all around. There was a lot of anger in my heart.

Son of a bitch, he dares to come to the sanxiu League and level his camp in the hills.

The anger in the heart of fallacy hill is burning wildly, and the killing intention is irresistible.

As a monk, his most important thing is face.

The reason why the sanxiu alliance is so famous in Diyang city and can occupy a place is closely related to his fallacy and the great prestige of the sanxiu alliance.

But now, the alliance has even leveled its base. How can he not be angry?

"Alliance leader, Wang fan is too arrogant. After he came to our sanxiu League, he directly injured several members and leveled our camp

"Alliance leader, Wang Fan must be killed. If this man is not removed, where is the majesty of our sanxiu alliance?"

Several friars of sanxiu alliance saw the appearance of fallacious hills, and they all gathered around and said indignantly.

"What about Wang Fan? Where did he go?" Listen to these voices, the facial expression is also more gloomy, kill idea more surging.

"He's out of town." A strong celestial said that it was not his nonsense, but a member of the sanxiu alliance near the gate told him.

"Out of town?" "The fallacy Hill face is ferocious," destroyed my scattered repair alliance station, so want to go, simply too naive. "

When he said that, he didn't want to talk nonsense at all. As soon as his figure flashed, he disappeared.

He also thought that Wang Fan had already gone to Zhaojia.

It was only very soon that he overturned his conjecture.

Wang Fan has just leveled the base of his alliance. It's safest to leave the city now.

Otherwise, once he joins hands with Zhaojia, how can Wang Fan survive?

Therefore, in the view of fallacy hill, even if Wang fan is looking for the bad luck of Zhaojia, most of them dare not be at this juncture.

At the time of chasing out of the city with anger, Wang Fan had changed his face again and returned to Diyang city.

The main purpose of his coming to Diyang city is the Zhao family. If he doesn't go to the Zhao family to find bad luck, how can he be comfortable leaving like this?

He grasped the little mentality of fallacy hill, so he deliberately created a false appearance of going out of the city.

In fact, it can not be regarded as an illusion, because he is really out of town, and now he is back.

Zhaojia.

Zhao's face is a little ugly, and his psychology is also very panic.

Because he has received the news, Wang Fan leveled the scattered repair alliance station, and out of the city.

The most important thing is that muliao hill is now out of the city to pursue Wang Fan.

This made him have a bad feeling. He felt that Wang Fan must have used a trick to divert the tiger from the mountain. I'm afraid that he will kill them soon.

There are many monks in the hall of Zhao family.

Not to mention the earth immortal friars, even the only five strong celestial beings came here.

The atmosphere is depressing.

"Pa!"

At a certain moment, an elder of the second level of Tianxian couldn't help slapping him on the table and said angrily, "it's just a mole ant. I don't believe it. He's really against heaven."

"If he dares to kill us, I will be the first to take his head and sacrifice the sword."

When another fairy heard this, he said with ferocious voice, "even if you are a little boy, how dare you be wild? We Zhaojia have been able to stand in Diyang city for so many years, but we are not frightened."
"

"If only one of the nine levels of earth immortals can force our Zhaojia family to perish, is it necessary for our Zhaojia family to exist?"

With the voice of the two strong celestial beings, the other three also echoed.

They are all the top elders of the Zhaojia family. They are all dedicated to cultivation and do not ask about foreign affairs.

Only when there is a big crisis in the family, such as facing extinction or a strong enemy, can they come forward.

As for Wang Fan's power, they only heard of it, but did not see it with their own eyes, so they did not pay much attention to Wang Fan.

After all, they are all powerful celestial beings, while Wang fan is just nine layers of earthly immortals.

Although the gap is only one or two realms, is it a concept between the earth immortal and the heaven immortal?

Arrogant of them, simply did not put Wang Fan in the eye.

"Elder, don't be careless. Wang fan is really a demon. Last time, none of the eleven immortals killed him, but he killed several people. Don't be careless. "

Hearing what they said, master Zhao stood up and said.

"Hum." However, as soon as his words fell, the fairy could not help humming, "demon? How evil can he be? "

"Eleven immortals killed just one of them. What kind of immortals is that? Do they deserve to be immortals, too? ""What's more, even if Wang Fan was so strong, he must have resorted to some unknown means and cards. Can you use that card all the time? "

Nu nuzui, the leader of Zhao family, didn't know what to say.

He would like to say a few words, but he did not see Wang Fan hand, do not know how to say.

Seeing that the master no longer spoke, the fairy said, "hum, you don't have to worry, and you don't have to count on that fallacy."

"It's just a mole ant. I can solve it with one hand. If Wang doesn't come, he'll never come back. "

"Oh, really?" This time, as soon as his voice fell, before the master of the Zhao family could answer, a indifferent voice suddenly came, and then a figure appeared in the hall.

"Who is it?"

"Who are you?"

"Wang Fan?"

Looking at the person who suddenly appeared in the hall, suddenly, everyone's face changed greatly, and the voice of surprise rose everywhere.

Even more, the leader of the Zhao family stepped back several steps to stabilize his body.

To tell you the truth, although his hatred for Wang fan is unforgettable, he has been feuding with Wang Fan for a long time.

But today, it was the first time he met Wang Fan.

Wang Fan walked slowly towards the hall, and said with a sneer, "yes, I am Wang Fan."

Then he looked at the second floor of the fairy who had just uttered wild words, "just now you said that if I dare to come, I will never come back, right?"

"Now that I'm here, I'd like to see how you can make me never come back."

Arrogant!

Arrogance!

It's incredible!

The old man on the second floor of Tianxian was staring at Wang Fan, his eyelids jumping wildly.

He didn't expect that Wang Fan would appear in the hall of Zhaojia, and he didn't realize it at all.

Is it difficult? Is the protection array of their Zhaojia a decoration?

After returning to his senses, he could not help grinning. As his momentum soared, he cheered, "yes, that's what I said. Do you have any opinions?"

"Hairy boy, since you are here, I don't think you need to go. Take your life!"

He is in rage to drink, the body shape has already directly vacated, madly killed to Wang Fan.
