### **Chapter 3161**

Tianxian Dan into the abdomen, instant into a warm current, crazy into the four limbs.

Wang Fan clearly felt that under the erosion of the warm current, his bone meridians were expanded.

He did not dare to neglect, quickly held his breath and absorbed the spirit of immortals, and began the crazy training sprint.

With a large number of black yuan Dan and purple gold Dan turned into fly ash, the immortal yuan in Wang Fan's body became more and more rich.

His bone meridians are more extensive and thick.

However, Wang Fan felt that the warm current was not enough. Without hesitation, he took out three celestial elixirs and swallowed them directly.

If anyone saw this scene, he would be stunned.

It's extremely difficult for others to get a pill, but Wang Fan eats three pills in a row like a bean. It's just

I'm afraid that only the powerful core of the big family and the descendants of master Xiandan are qualified to enjoy this kind of treatment, right?

Wang Fan didn't think so much, he was immersed in the cultivation and breakthrough, and began the crazy sprint.

One day, two days, one month, two months.

In this practice, two months have passed in the blink of an eye.

Wang Fan has already swallowed up twelve celestial elixirs unconsciously.

If you can look inside, you will be shocked to find that the bone channels and even blood vessels in his body have been widened more than twice, as if they had been reshaped.

And the impact of Wang Fan has reached the most critical moment.

At a certain moment, with a bang, the immortal yuan in his body, like a torrent and waterfall, finally broke through the barrier.

His cultivation came to heaven.

Wang Fan did not stop practicing, but continued to grasp the black yuan pill, purple gold pill, and began to impact and consolidate the realm.

He even took out the black stone.

He also has no way. Originally, he was not willing to use the garbage like black stone, but now, his cultivation resources are running out.

Wang Fan was also a little afraid. Fortunately, he got enough cultivation resources. Otherwise, I'm afraid that even if he had tianxiandan, he didn't have enough cultivation resources, and he might fail.

After another seven days, Wang Fan's cultivation was finally stabilized at the level of immortals.

He stood up.

Now he is a real strong man.

Feeling the deep Xianyuan in his body, Wang Fan's eyes were excited and scared.

Originally, he thought that the strong immortal was just like that. But now he knows how ignorant he is.

If he had known before that the strong immortal was so terrible, he would never dare to challenge the immortal.

In other words, the immortals he killed at the beginning did not know whether they were too spicy chicken or his killing short gun was too evil.

If those powerful celestial beings are as terrible as he is, he is sure that even if he has his own killing rifle, he is definitely not an opponent.

"Now that I have reached the immortal level, I can go to Shahai city to have a look."

"Fengqian college, if I have a chance, I must join in."

Wang Fan whispered and left the closed place.

Originally, he didn't plan to go to Fengqian college, but after the breakthrough, he changed his mind.

Now that he has no cultivation resources, it can be said that he can't do anything. If he doesn't choose a college to join, his safety will not be guaranteed.

As for the power at the bottom of the fierce Mohe River, he could only take one step to see it.

Now he can only pray that the other side will not recover so soon, and will not come out so soon.

Shahai city is still bustling with people coming and going.

This time, Wang Fan came in with his original appearance. He didn't change his face.

After all, he wants to join Fengqian college. If he changes his appearance, it's not good if it causes dissatisfaction from the college.

At the gate of the city, Wang fan saw the arrogant girl that day.

This young girl unexpectedly changed a monster, and in her side, also had three celestial five layer guards.

Obviously, with the lesson of the last time, the girl did not dare to mess around alone any more.

She just sat on the back of the monster, with sharp eyes sweeping everyone in and out of Shahai City, and her mouth was still chanting.

"Son of a bitch, he hasn't appeared in two months. Don't let his aunt see you, or she will skin you."

When Wang Fan heard the girl's words from a close distance, he could not help a chill.

This woman is too vicious, and I don't know which family's Princess she is.

He did not dare to see the girl, but pretended to have nothing to do, and quickly entered the city of Shahai.

The girl also saw Wang Fan, but ignored him.

When Wang Fan hit her in the face, he was still an immortal, but now he is an immortal. She would not believe that someone could break through from the ninth floor of the earth immortal to the heaven immortal in just two months.

She had heard her mother say that in a place like Shahai City, even in Fengqian college, it would take half a year or more for the geniuses to break through from the ninth floor of the earth to the heaven.

After entering Shahai City, Wang Fan first found an inn and then went to a restaurant.

He inquired that the enrollment of Fengqian college is different from that of other places. It is not only at a specified time or at a specific time, but every day.

Of course, few people can pass the examination every day.

After all, not everyone is qualified to enter a place like Fengqian college.

Wang Fan also inquired that the assessment of Fengqian college is divided into primary assessment and ultimate assessment.

Only by passing the primary examination can we be qualified to enter the final examination.

Most people can't even pass the primary examination.

What Wang Fan heard was that he was stunned, just like a three-star college, and the enrollment was so strict.

Isn't the four-star college, the five-star college and even the NINE-STAR college even worse?

In addition to Fengqian college these things, Wang Fan also inquired about the girl's identity.

The girl, named Huangfu tinger, is the daughter of the Huangfu family and the Pearl of the helmsman of the Huangfu family.

she has a abnormal mother, named Huangfu yuan, who is the current master of the Huangfu family. She is ruthless and extremely protective.

Moreover, the Huangfu family is different from other families. Men are superior to women in other families, but women are superior to men in Huangfu family.

Other people's families are all men with three wives and four concubines, while Huangfu's family is women with three husbands and six Han families.

This is also the reason why Huang Fu ting'er and her mother have the same surname. As for who Huangfu tinger's father was, no one knew.

Wang Fan also found out that just two months ago, on the same day that Huangfu ting'er was slapped by him, more than ten monks were killed by her abnormal mother for the same provocative knife.

Wang Fan's heart was a cold sweat.

This NIMA, his luck is really good, almost died in the hands of that abnormal woman.

He sighed and then left the restaurant.

He plans to take a night off first, and then go to Fengqian college.

## **Chapter 3162**

As a three-star college, Fengqian college is located in the center of Shaha city.

Having lost such a big man, it is obvious that he has no face to stay here.

The friar who was dressed in luxury was not the same.

He clenched his teeth and lowered his head. After staying away from the old man who scolded him, he looked at the friars around him.

"Who dares to look at me again? Who dares to laugh at me again? I want you to die."

A vicious threat.

At the same time, several friars, like guards, also quickly came to him, while whispering to the young master, at the same time, they also looked coldly at the friars around.

When the friars around saw this scene, they quickly turned their eyes away and did not dare to see more.

No one wants to provoke such a second ancestor.

Wang fan is also speechless shook his head, and then turned his head to one side.

He didn't want to provoke such a mad dog like second generation.

"Son of a bitch, what do you mean by shaking your head? Do you look down on me?"

However, Wang Fan's shaking his head happened to be seen by the friar.

His vision immediately turned to come over, cold stare at Wang Fan.

Not only that, the friars around him took a step forward and surrounded Wang Fan, killing him.

Seeing this scene, all the friars around were shocked and left one after another.

This NIMA is really arrogant.

This is the gate of Fengqian college. Do those people really dare to do it?

Their heart is also secretly for Wang Fan aggrieved, this guy see dress up, obviously is also a casual repair.

Now I'm hated by the second ancestor. Even if the second ancestor doesn't dare to do it now, can he leave here?

What a disaster.

Wang Fan also couldn't help but be surprised. He looked up at the second generation ancestor coldly, "why, do I even have to pass your consent to shake my head? You are so overbearing. "

Then he looked coldly at the three monks who were showing their killing intention, "what do you want to do? Do you want to do it? "

"If you want to do something, hurry up. Don't talk nonsense. If you don't dare to do it, get out of my way. Don't delay my business."

"You want to die!" The second generation ancestor was very angry. He didn't expect that he would dare to challenge them openly.

Is it hard to think that this is the gate of Fengqian college, and they dare not do it?

You know, as long as things don't go too far, Fengqian college won't take care of such things at all.

The three friars who surrounded Wang Fan were even more fierce in killing.

They looked at Wang Fan coldly, the expression was like looking at a dead man.

"It took five thousand years to cultivate the immortals. How dare you say I want to die? Who gave you the courage? "

"When do you dare to be so arrogant, even a mole ant like you, who has been practicing immortality for 5000 years?"

"If they all look like this to you, wouldn't all the geniuses who have been cultivating to heaven for hundreds of years have to go to heaven?" Wang Fan won't take care of that guy and sprinkle salt directly on the wound.

Coax.

As his voice fell, there was a burst of laughter around him.

The young man's face was red.

This son of a bitch dares to provoke him like this. He must tear Wang Fan to pieces.

"Kill him! I'd like to see why he is so arrogant, just a casual practitioner. "

Whoosh.

With his voice, the three Tianxian friars who surrounded Wang Fan suddenly burst out and attacked

Wang Fan directly.

All of them are three-tier immortals, at least much higher than Wang Fanxiu.

When the friars around saw that the three immortals on the third floor said they would do it, their faces changed greatly.

In their opinion, this is just too bullying.

There are three fairies on the third floor, and they attack the first floor together.

Wang Fan cold hum a, right hand a move, directly grasped the shadow knife.

The immortal yuan in the body is agitated in an instant, the shadow knife in his hand sends out a buzzing trill, and has killed the three immortals directly.

The bright sword awn cuts across the sky, bringing endless killing power, just like a rainbow, making people tremble.

Boom boom!

Three blasts sounded, and the magic weapon of the three celestial friars had been lifted out in just a moment.

Then, the sharp knife has been cut on them.

Whoa, whoa, whoa!

There were three blood lights, three immortals, three layers, all of them fell out with blood, and fell to the ground in a panic, with a dead silence on their face.

Looking at this scene, all the friars around were confused.

A knife, unexpectedly second three celestial three layers, this is where to emerge the celestial one layer friars?

The arrogant second generation ancestor was also stunned, and his face turned blue and red.

How can it be?

But Wang Fan didn't wait for his reaction at all, he already flashed in front of him and directly picked him up by the neck.

"Kill me? What are you? Are you qualified to kill me? You are blind when you come to me to find

"you can go in. You have passed the primary examination. As long as you pass the final examination, you are a student of Fengqian college."

Wang fan is a little stunned. Is that ok?

The friars around were also stunned, and then, Shua Shua, their eyes to Wang Fan became envious.

Just no way, who let Wang Fanqiang big?

With Wang Fangang's strength, it seems that he has passed the primary examination directly. That's right.

After all, they don't have the ability to lose three immortals in a second.

The second ancestor was almost angry and clenched his fists.

This NIMA, Wang Fan seriously injured his person, unexpectedly also let Wang Fan pass the primary examination, this special what also has the natural principle?

The most important thing is, once Wang Fan joined Fengqian college, did he get revenge?

Just as the second generation ancestor was thinking about this, the old man had already looked at him.

"Hey, I said, you rubbish, what are you still doing there? Why don't you get out of here? Do you want me to throw you out myself, old man? "

Second generation ancestor a burst of cold sweat, no longer dare to stay, gritting teeth, ash left.

Wang Fan didn't pay attention to the second generation ancestor who left, but looked at the old man with a grateful face, "master, thank you, thank you."

"Go in. This is the sign that passed the first trial." The old man waved his hand indifferently, and then threw out a black sign.

Wang Fan didn't mind. He took it and entered Fengqian college.

Fengqian college is very big and students come and go.

It's just that these students don't have much vitality.

After all, they have already been cultivated to be immortals. No matter how young they are, they will be 100 years old or even hundreds of years old.

All of them are very proud. Most of them don't look Wang Fan in the eye.

Only a small number of colleges occasionally glanced at Wang Fan, with a curious look in their eyes.

Wang Fan did not care, he according to the sign, soon came to the final assessment of the square.

When he arrived at the square, there were already more than ten people here.

Those more than ten people, needless to ask, must have passed the primary examination.

In front of them was a high platform, on which stood several students in college uniforms.

All of these students are high spirited and aloof, with a look that they don't pay attention to anyone.

Headed by a female student.

Female students in uniform, body concave and convex, face is extremely beautiful, appropriate goddess.

However, at the moment, she is reprimanding more than a dozen students.

"Fengqian college, you can't join if you want to. Every friar who can join Fengqian college is a genius among talents. Do you understand? "

More than a dozen monks nodded, "I understand."

Wang fan is a face of black lines, this special thing is to teach kindergarten children?

We are all adults, and we are already immortals, so we don't have to "have classes" like this, do we?

What's more, just a Fengqian college, where can it be so powerful?

If Fengqian college is so powerful, then those four-star, five-star and six-star colleges will not have their tails up in the sky?

Seeing the expressions of more than a dozen students, the female students nodded with satisfaction, "whether you can join Fengqian college or not, but being able to come here has proved your strength."

"I also want to tell you that after joining Fengqian college, you must respect your seniors, otherwise you will die very ugly. You know what? "

"I know." More than a dozen participants in the final assessment nodded listlessly. Wang Fan's head is also in disorder.

He doesn't want to be noticed by other people.

"Well, next, let's start the assessment."

"The rules of the final assessment are also very simple, challenging the freshmen. As long as you can stick to the ten moves under their hands, you will be considered to have passed. "

The girl said again, with a strange smile, "don't underestimate these ten moves?"

"You know, before they joined Fengqian college, they were all geniuses like you."

"After joining Fengqian college, her strength has improved by leaps and bounds. If anyone dares to despise her, the consequence will be..."

the girl didn't go on, but everyone knows what she means.

"Well, no more nonsense. Let's start the assessment." The girl said again, so, swish, swish, more than a dozen monks who took part in the examination all flashed onto the platform.

Wang Fan didn't go up, because he found that after those people went up, there was no one to assess him.

In other words, in charge of the assessment of the first grade students, only that girl has no rival.

Wang fan doesn't want to write it down to fight that girl.

If you win, it will be a big trouble. If you lose, his assessment will be a failure.

So he plans to wait for the next round.

"Did you just pass the primary examination?" Seeing that Wang Fan didn't come up, the girl couldn't help frowning and asked.

"Yes." Wang Fan nodded and took out his own brand.

"In that case, why didn't you come up?" The girl frowned and asked.

"I saw that all the seniors had rivals, so I didn't go up and planned to wait for the next round." Wang fan is very shy said.

"I don't have an opponent yet? You come up, I'll be your assessor. " The girl chided and said.

Wang Fan quickly shook his head, "sister, this is not good, you are so powerful, I'm afraid I can't even walk ten moves, I'd better wait for the next round."

When the girl heard this, she was very satisfied, but she said with a straight face, "if you're asked to come up, there's so much nonsense. It's a blessing for you that Miss Ben can examine you in person. "

"Don't worry, though I won't release water on purpose, I won't embarrass you on purpose. Miss Ben will only control her accomplishments to be equal to theirs. "

#### **Chapter 3164**

Wang Fan speechless looking at the girl, some speechless heart.

He thought in his heart, you are only three layers of immortals, but also let me, I'm just afraid to beat you, let you have no face.

From the girl's lecture just now, Wang fan can naturally see that the girl's accomplishments are the strongest and the highest among the more than ten examinees on the stage.

This kind of woman, needless to think, knows that there must be many supporters in the college.

If he beat him as an assessor, it would be really troublesome.

"What are you doing in a hurry? Don't worry. Since Miss Ben said to control accomplishments, she will certainly control accomplishments. "

"Of course, if you are too weak, you can't blame Miss Ben."

When the girl saw that Wang Fan was still in a daze, she couldn't help puckering her mouth. It seemed that she was not happy.

Wang Fan sighed helplessly, he knew that in this case, he could not go up.

He can only get on the stage.

"You do it." When the girl saw Wang Fan on the platform, she pointed to Wang Fan and cheered.

Wang fan doesn't talk nonsense either. Almost her voice has just dropped -

whoosh.

The whole person has gone out like a sword.

He didn't offer a weapon, but directly hit the girl.

To tell you the truth, Wang Fan only had a few punches and kicks to beat the girl, but he knew that he couldn't do that, so he controlled the strength and strength of Xianyuan.

"In the assessment, there was no magic weapon. You simply don't pay attention to the assessment."

The girl was not happy to see that Wang Fan didn't even offer a magic weapon.

She did not think that Wang Fan disdained to sacrifice weapons, she just thought that Wang Fan did not pay attention to the assessment.

As she spoke, her figure suddenly grew up, and she immediately clapped it out.

The powerful immortal yuan stirred up. The girl really didn't lie, and her cultivation was controlled in the second level of heaven.

Bang!

With a loud noise, the powerful Xianyuan stirred up, and both of them began to retreat.

Wang Fan felt this scene, and his heart was speechless.

He has already controlled the strength, this woman is still repulsed, but it's really a dish.

The girl was also a little surprised.

She was repulsed in the face-to-face battle with Wang Fan. It's a shame.

Even if she controls cultivation, it's a shame.

She didn't talk nonsense. She flashed and continued to kill Wang Fan.

She danced out a set of boxing techniques.

It seems very slow, but in fact it is extremely fast, just like a storm, continuous, violent and powerful.

Wang Fan looked at this scene, did not go hard, but began to dodge quickly.

At the same time, his heart has also silently counted.

Because the girl said that as long as she insisted on ten moves, she would pass the examination.

The girl's attack is extremely wild, and soon ten moves have passed. What makes her angry is that she didn't even touch Wang Fan's clothes.

This scene has not only stunned those students who have completed the examination not far away, but also other students who have watched the war.

This freshman is not bad. Elder martial sister Hongyun has already used her fist skills, but she still hasn't defeated her. It's really a monster.

Wang Fan didn't know what those people thought. After ten moves, he saw that the girl still had to do it, so he quickly said, "stop, stop, it's enough."

The girl was stunned, but she didn't stop.

"What about the last ten moves? I'll beat you." With that, she attacked Wang Fan crazily again.

The sweat in Wang Fan's heart, this woman really can't provoke, can still play like this?

There was no way. He continued to hide.

Before long, the hundred moves had passed, and the girl showed all her accomplishments.

She used all the means except the magic weapon.

It's just that Wang fan is abnormal. She doesn't meet Wang Fan.

"Damn, who the hell is that? Isn't that too much?"

"What a strong guy. It seems that there is a monster among the students recruited today."

"This body method is simply too terrible."

There are countless people around, all of them are shocked.

Red cloud listen to those comments, but also more shameful anger.

She Hongyun, even a hundred moves did not defeat a fairy layer?

Grandma, this is just unbearable.

"Elder martial sister, it's almost done. There's no need to continue? Isn't it said that as long as you go through ten moves, you can pass the examination? I've done more than 100 moves." Just then, Wang Fan's voice came.

His original intention is to tell Hongyun enough, but in Hongyun's ear, it completely changed.

Is this son of a bitch laughing at her? Why can't you beat him with a hundred moves?

"No, I have to beat you today!" Red cloud gritted his teeth and said, whoosh, did not directly grasp a soft sword.

The soft sword is purple, with dragons and phoenixes carved on it. At the moment of sacrifice, there is a faint sound of dragon chanting and Phoenix chirping, which is obviously not ordinary.

Wang Fan looked at this scene, and then looked at the surrounding more and more people, "well, I admit defeat, you win, I give up to join Fengqian college."

He said and left the platform.

He joined Fengqian college, which is to find a backer, want to cultivate in peace and stability.

If you haven't joined Fengqian college, just because the girl has offended a lot of ghosts, it's better not to join.

"You Hongyun is a little confused. Can you still operate like this?"

She gritted her teeth and stared at Wang Fan, "well, now I announce that you have passed the examination and become a student of Kanfeng Qianshe college."

Then she threw out a token directly, "this is your identity token. Take him to the hall of things, and someone will give you clothes and arrange your cultivation in the cave."

"Thank you very much." Wang Fan, with a smile, is about to leave.

He wanted to keep a low profile, but now he's in the limelight again. He really doesn't want to stay any longer.

"Don't go yet. What's your name?" But red cloud stopped Wang Fan and asked.

"My name is Zhang Daming." Wang Fan's face is not red, gasping said.

This woman is obviously malicious, he would not be silly to tell each other's real name.

"Zhang Daming?"

All the people are black faced, which ·

Wang Fan ignored that group of people, he has followed the token route map, and quickly toward the hall of things.

Now he has completed the first step. The second step is to find cultivation resources, improve cultivation, and then find an opportunity to leave Shaha city.

The guy at the bottom of the fierce Mohe river is a time bomb. I have to guard against it.

Wang Fan didn't know that when he went to the hall of things, the old man who was in charge of the primary examination at the door couldn't help shaking his head.

"I'm so disappointed. Such a good opportunity, why don't you teach Miss Yun a good lesson? Is it pity for the jade? Ah, young people today. "

### **Chapter 3165**

Wang Fan didn't know what the old man thought. At the moment, he had rushed to the hall of things.

The most urgent thing is to settle the residence first. As for the student's uniform, he didn't care at all.

Outside the hall of things.

Several students are standing there.

These students are all on the third floor of Tianxian. Looking at the two lines of their clothes, it is obvious that they are all in the second grade, that is, they have been hospitalized for two years.

"Yunhao, are you sure that the guy who made sister Hongyun make a fool of herself is coming to the hall of things now?"

One of the students in the middle asked to a person nearby.

The man, Yun Hao, nodded, "elder martial brother Nie, I'm sure he has come. Zhang Tian told me about it."

"That boy is too arrogant, even if he provokes elder martial sister Hongyun. He dares to tease elder martial sister Hongyun, and let her down in public. It's really disgusting."

When elder martial brother Nie heard this, his face suddenly turned cold.

"What an arrogant freshman! Before he joined the college, he dared to challenge his elder martial sister. It seems that the elder martial brothers should teach him a lesson."

As he spoke, a cold look like a poisonous snake appeared in his eyes.

Hongyun is the goddess in the eyes of all the sophomores, even the senior students, who are in pursuit of countless pride.

On weekdays, everyone is respectful to elder martial sister Hongyun, who is deeply afraid of making the goddess unhappy.

But now it's good. Just one freshman hasn't been admitted to the hospital. It's no use provoking elder

martial sister Hongyun in public. It's unreasonable to dare to do so.

He, Nie Chong, must pay the price.

He wants to tell the arrogant freshmen that the new students should know how to respect their teachers and sisters, otherwise they will be punished.

"Elder martial brother Nie, that freshman is said to be very powerful. Even if elder martial sister Hongyun used all means, she couldn't touch his clothes. Shall we call some more elder martial brothers over? "

Yunhao had the same idea about Hongyun, but he didn't dare to show it.

After hearing Nie Chong's words, he couldn't help asking.

Nie Chong shook his head. "In our capacity, we have no face to deal with a freshman. Wouldn't it be more humiliating to ask senior students to come over? "

"What's more, don't you say that his cultivation level is only immortal? It's just a fairy level. No matter how powerful it is, where can it be? "

"Even if Nie Chong is not his opponent, can't we get rid of him together?"

I have to say that Nie Chong is really shameless.

Relying on the cultivation of high, want to bully Wang Fan even, unexpectedly still want to go up together.

Yun Hao nodded, "what elder martial brother said is the same. Let's wait here. He should come soon."

Wang Fan didn't know that Nie Chong and his party had stopped in front of the hall of things.

He was walking towards the hall of things while comparing the map and route.

Soon, he saw the hall of things and Nie Chong and his party.

But Wang Fan didn't pay attention to Nie Chong and his party. He was new here and didn't know them. He didn't think these people were trying to trouble him.

"Are you that Zhang Daming?" When Wang fan is about to approach Nie Chong, Nie Chong suddenly looks at Wang Fan and asks coldly.

Wang Fan listened to this, brain some short circuit, subconsciously shook his head, "I'm not, you recognize the wrong person."

He really didn't respond.

After all, the name Zhang Daming was just made up by him at that time.

"Dare not admit it?" Nie Chong heard this, angry at the same time, in the eyes is also the emergence of ridicule and disdain, "others say, our college today to a ruthless."

"Originally I thought so, but now I'm disappointed."

Nie Chong pointed to Wang Fan, "as a friar, you are also a friar who joined our Fengqian college. You dare not admit your identity. Don't you think you have no backbone?"

Wang fan is a Leng, he is finally reaction come over, this guy is aimed at him.

He stopped and looked at Nie Chong and his party. "Yes, I'm Zhang Daming. What's the matter with you?"

"Nothing. I just heard that you are powerful, so I want to ask for some advice. Do you dare to compete with me, younger martial brother? "

Nie Chong stifles his anger and says.

Naturally, he would not be silly to say that he was angry for the red cloud, that is to bully people, and it was shameless to spread it out.

Wang Fan Leng Leng, then shook his head, "sorry, I don't have time."

Said, he politely hugged under the fist, "also, you are all seniors, I as a freshman, how can be your opponent, I admit defeat."

Wang fan is not afraid of these people. He really doesn't want to be in the limelight. What's more, it's just a three-tier fairy. It's really not challenging. He really doesn't want to bully these people.

Nie Chong did not expect that Wang Fan did not dare to fight. His face suddenly became cold. "Don't you dare?"

Yunhao and others are gnashing their teeth, followed by angry.

"As a monk, you dare not fight. Are you still worthy to be a monk?"

"It's a shame for people like you to join our Fengqian college!"

"Coward! Coward

There was a lot of anger.

Wang fan is a little stunned. He suddenly smiles, looks at Nie Yun and asks, "excuse me, senior, what kind of cultivation are you now?"

Nie Chong sneered, "three layers of immortals."

"Oh." Wang Fan nodded with satisfaction, "do you know what cultivation I am?"

"Of course I know, fairy level." Nie Chong said.

Wang Fan's face suddenly turned cold, "since you know that you are three layers of immortals, and I have only one layer of immortals, why challenge me? Do you think such a challenge is fair? "

Wang Fan looked at Xiang Yunhao and others, "and you are really shameless. I feel ashamed to be a student of Fengqian college with you."

"High accomplishments challenge low accomplishments. You're so righteous. If you don't accept it, you'll be a coward. I'd like to ask you, why don't you try to challenge the five level senior of Tianxian, do you dare?"

"As long as you dare to challenge the senior of the fifth floor of Tianxian, and prove to me that you are men, I will accept your challenge immediately, OK?"

Wang Fan's words come down, Nie Chong et al's facial expression all changed.

Red face, only feel no face to see people.

If you want them to challenge the students of the fifth floor of Tianxian, are you kidding? Isn't that death?

Even if they were given a hundred courage, they would not dare to go.

Some of the onlookers could not help laughing.

They looked at Wang Fan and thought in their hearts, where is this new man? Is this mouth too strong?

Wang fan saw Nie Chong and others look ugly and said with disdain, "since you don't have the seed to challenge the five-tier senior students of Tianxian, don't show your superiority here. Go away, don't bother me again. "

Flower protection?

What's the ratio?

A fury at the crown?

Wang Fan will not be used to these people.

### **Chapter 3166**

Nie Chong and others are green when they hear Wang Fan's words.

The new man is so arrogant.

They have been in Fengqian College for two years, and have never seen such arrogant freshmen as Wang Fan.

However, they really can't refute Wang Fan's words.

As a three-tier immortal, they dare not challenge the senior students who are two levels higher than themselves, but they only dare to challenge the freshmen who are two levels lower than themselves. What can they say?

Feeling the taunting sight around him, Nie Chong only felt endless humiliation and no light on his face.

"What a sharp mouthed freshman. As a freshman, you don't know how to respect your seniors. Let me teach you how to be a man."

Nie Chong didn't dare to talk to Wang Fan any more. Instead, he drank coldly and killed Wang Fan directly.

Anyway, they have lost face, so you might as well teach Wang Fan a lesson.

It's absolutely impossible for him to swallow it like this.

Nie rushes to Wang Fan at the same time, on the body that day fairy three layers of strong breath already crazy spread out.

Xianyuan in his body began to go through the body crazily, and instantly entered a violent state.

Wang Fan looked at this scene, his eyes became cold.

"You are really shameless. A person like you deserves to be called a senior, respected and taught?"

Wang Fan sarcastically said that he didn't even have the mind to avoid half a minute. He directly stepped out and punched Nie Chonghong.

Looking at this scene, all the students around were shocked.

No one thought that Wang Fan didn't mean to avoid Nie Chong, but directly chose hard steel.

Nie Chong's face is also incomparably ugly, and his heart is set off a huge anger.

This son of a bitch is so arrogant!

Although he was the first to show his breath, it was Wang Fan who took the lead.

It's obvious that I didn't pay attention to him. It's obvious that I slapped him in the face in public.

"To die!" Nie Chong a grimace smile, also didn't retreat, in the body fairy yuan instigate, a fist ferocious blast out.

In the face of Wang Fan, who has only one level of immortals, it is impossible for him to avoid. He can't afford to lose that person.

The most important thing is that he doesn't think Wang fan is his opponent at all.

Since Wang Fan wants to die, why can't he, Nie Chong, succeed.

Boom!

There was a deep explosion, and their fists collided in mid air.

The surging Xianyuan frenzied agitation, Nie Chong only felt a violent force pouring into his body, instantly invaded his four limbs.

His immortal yuan could not resist the violent force at all.

Whoa!

A mouthful of blood can't help but gush out of the mouth, Nie Chong's whole person is directly blasted upside down to fly out.

After he stabilized his figure, he had already appeared thousands of meters away.

Looking at this scene, the whole audience was dead.

Everyone's breathing became rapid.

No one thought that this freshman, who had just been admitted to the hospital, would blow away the seniors who had been admitted to the hospital for more than two years.

Is this really a freshman?

The fairy floor, is it so terrible?

Nie Chong's face is also extremely ugly, hot and uncomfortable.

Shame!

This is really a big loss!

He never thought that Wang Fan's Xianyuan was more powerful than him, and his hand was more terrible than him.

It can be seen that Wang Fan must have kept his hand when fighting with Hongyun before.

Otherwise, Hongyun could not have gone through a hundred moves from Wang Fan.

But Wang Fan didn't pay attention to Nie Chong's ugly face at all. He had come to Nie Chong's side and said with disdain, "just you? Senior? Teach me how to be a man? Do you deserve it? "

Pop!

Nie Chong feels again, as if there is a slap on his face, hot and uncomfortable.

Wang Fan, this is a naked shame!

"I'll kill you!"

Annoyed and angry, he can't care about anything else. He grabs the magic weapon and kills Wang Fan.

His magic weapon is a flying sword. It's sharp and terrible.

"Exasperated into angry?" Wang Fan sneered and grabbed it with his right hand. The shadow knife also appeared in his hand, followed by a knife.

Dangdang!

The sword collided with each other, making a piercing sound.

Next second -

click.

Nie Chong's flying sword was cut off abruptly.

He couldn't help but gush out a few mouthfuls of blood again, flying backwards like a broken kite.

It's just vulnerable!

"Is there any other means? Come again

Wang Fan did not take advantage of the victory to pursue, but so coldly stared at Nie Chong, who fell to the ground and vomited blood. His words were very close to contempt. Since this guy wants to show superiority, he'll let the other show.

Nie Chong's face is hot. He wants to rush up and kill Wang Fan regardless of everything.

It's just that he finally put up with it.

He already knew that he was not Wang Fan's opponent.

Although this result made him feel very humiliating, he did not deny it.

This freshman, this fairy level, is really too powerful.

Where does this come from?

"I said, why don't you dare to go to the senior students who are two levels higher than you to compete with each other? It turns out that you are just a straw bag."

"If you think about it, you can't even beat me, then you can't beat those high-level seniors even more."

"If you want to teach me how to be a man, I suggest you go back to practice for a few years."

Wang Fan disdained to say, coldly looked at Yunhao and others, "just now you are not also called very happy, not also very arrogant?"

"Now I accept your challenge. Are you going one by one or together?"

Since you can't keep a low profile, go crazy.

Now that these people have provoked him, he will take these people as a weapon to save some people from looking for their own bad luck.

Yunhao and his party looked at Wang Fan with an ugly face, which was worse than eating Xiang.

This NIMA, who seemed to be a coward before, how suddenly became so powerful?

They only felt a burst of regret. If they had known that Wang Fan was so powerful, they would never dare to challenge Wang Fan.

Wang Fan see cloud Hao and others dare not move, can't help sneer, "just now you don't still cow coax want to provoke me? I don't dare to accept the challenge. I'm a coward

"Why, now that I accept the challenge, why don't you dare to move? Don't you dare to join me? "

It's a slap in the face.

Yunhao and others face is more ugly, but still did not dare to speak.

Single to single, they are definitely not Wang Fan's opponents. They are either abusive or self humiliating.

Together?

Are you kidding? So many people are watching.

If they play together, if they lose, they will lose face even more. Even if they win, they will lose face.

They will not do such thankless things.

"I dare not fight. I'm a coward. Since you don't have the ability, you should be a man with your tail between your legs in the future, and don't come out to show off your power any more. "

Wang Fan didn't dare to move when he saw these people. With a sneer, he turned around and left.

He did not notice, not far away, red cloud looking at this scene, mouth open boss, eyes full of complexity.

Originally Wang fan is so strong, originally Wang Fan always let her?

This is really, there is no way to accept it!

### **Chapter 3167**

After Wang Fan got his clothes and cave token, he went straight back to the cave.

Fengqian college is different from the colleges he has been to before. The students here need to attend classes.

There are two classes every day, which are taught by the immortal or the elder whose cultivation is above the immortal.

It is said that those seniors will sum up their experience and tell the students to avoid detours on the way.

If you're lucky, some of the seniors will teach you some tough martial arts skills.

Wang Fan felt very fresh, so he decided to attend the class.

The next day, he came to the class early, and sat down near the front.

Since it's a lecture, in Wang Fan's opinion, the more you sit in the front, the more advantage you have.

But after Wang Fan sat down, he found that the students around him were not quite right. There are even some people who can't help whispering.

After listening carefully, Wang Fan realized that all the positions in front of him were reserved, which means that they are all owned by the Lord.

When he heard this, he was speechless, but he ignored it.

We are all new students, and we are all students of the first level of immortals. Wang Fan feels that he is not afraid of anyone.

Bang.

The door of the classroom was pushed open again, and three friars in luxurious clothes stepped into the classroom.

After stepping in, the three monks went straight to the first row.

But soon, their eyes were fixed on Wang Fan.

Because the first one was Wang Fan.

The rest of the students couldn't help holding their breath when they saw this scene, and most of them showed schadenfreude.

This new guy is so unruly that he occupies the front position in the first class. It seems that he is going to have bad luck.

Of course, there are also some people who know Wang Fan's strength, but they don't think so.

They don't think Wang Fan will suffer.

While everyone was waiting to see a good play, the three monks went to Wang Fan in a murderous way.

"Are you new here?" One of them looked at Wang Fan and asked coldly.

Wang Fan nodded, "yes, do you have anything to do?"

"This position is mine. You are just a freshman and dare to occupy my position. Are you too unruly and impatient? "

"Go away now, and then kneel down and apologize, or don't blame me for being rude. In our college, although you can't kill people, you are seriously injured, but no one cares about it. "

The friar is very arrogant said.

Wang Fan listened to this, but couldn't help laughing, "you said this position is yours, why didn't I see your name written on it?"

"As for getting away and kneeling down to apologize, I'm really sorry. I'm not so cheap. Kneeling down to apologize to the garbage."

"You want to die?" The friar was very angry when he heard the words, and he began to stir up Xianyuan in his body. At the same time, he grabbed Wang Fan's neck with his big hand.

"I think it's you who are looking for death!" Wang Fan sneered. Xianyuan in his body was also in a rage. One hand quickly reached out and swung away the other's arm. At the same time, the other hand had caught each other's neck like lightning.

"With your strength, you dare to threaten me here. Who gives you the courage?" Wang Fan stood up with the Friar and said with disdain, the other hand had turned into a slap on his face.

"Go away. I'm kind this time. I don't want to worry about it with you. Next time, if I don't have eyes, I will beat you directly."

Finish --

whoosh!

Wang Fan directly threw the man out.

There was a dead silence.

The other two people looked at the scene, but also can not help some dazed.

"What are you doing here? Do you want to do it? Get out of my way. Don't affect my class. "

Wang Fan cold swept 2 people one eye, disdain of say.

When they heard this, they could not help clenching their fists, and their faces turned green and red.

It's just that they didn't say anything in the end and left in ashes.

Three people were beaten in the face by Wang Fan, they have no face to stay here.

Looking at this scene, the whole school is dead.

Everyone was shocked to see Wang Fan, unable to recover for a long time.

This freshman is really amazing.

I don't know where the new students come from. They are so powerful.

You know, the three people who were driven away by Wang Fan were the strongest among the freshmen in this class, and there were senior monks behind them, so few of them dared to provoke.

But today, the most recognized student is not enough for Wang Fan.

The school suddenly became dead and silent, and there was no more noise. Even many students who were closer to Wang Fan could not help changing their seats subconsciously.

Wang Fan did not care, he was there waiting for the arrival of the teaching predecessors. Not long after that, accompanied by the sound of footsteps, a nun came in.

The nun has a beautiful appearance, noble temperament, exquisite figure and a mature atmosphere.

Her appearance once again made the breathing of all the students much faster.

Wang Fan even obviously felt the heartbeat of many students.

Wang Fan felt this scene, secretly scolded those students shameless.

Although these students are all colleges, they are at least hundreds of years old, right?

See beautiful woman still can heartbeat?

He almost said with a smile.

Looking at the nun again, Wang Fan immediately sat up straight.

He didn't sit up straight because the nun was beautiful, but he found that he didn't see through the nun's accomplishments.

Is this the later stage of the immortal, or the strong one of the Immortal King?

Wang Fan's eyes look at his nose and nose at his heart. He doesn't dare to think or look.

The older woman's temper is the most eccentric. He is afraid that this woman will give him shoes or clean him up.

When the female major entered the class, she was surprised to see that Wang Fan was the only one in the first row, and even the three new Wang did not come.

However, she didn't say much, just looked at Wang Fan curiously, and then began to teach.

Before listening to this course, Wang Fan was still looking forward to it, but as soon as he listened to it, he was speechless.

He wants to sleep.

It was really boring, because he felt that what the nun said was all rubbish, which didn't help him in his cultivation.

Compared with Wang Fan's boredom, the following monks listened with relish. Even when they were excited, some people could not help cheering and even asked questions.

Wang Fan already regretted sitting in the front. He would have given up his seat and sat at the back.

Now it's good to sit in the first row, even if you want to leave, you can't do it. You can only endure boring lectures.

Besides Wang Fan's wandering objects, he could not escape from the nun's eyes.

She didn't move on the surface, but she was angry in her heart.

This freshman is so disrespectful that he dares to leave her class?

Is she singing a lullaby?

At one moment, the nun suddenly looked at Wang Fan and asked, "what's your name, student? What's your opinion on my explanation?"

**Chapter 3168**

"Hello, elder. My name is Wang Fan. I feel that my elder spoke very well. I don't have any opinions."

Wang fan saw that the nun asked herself, and quickly stood up and said respectfully.

His heart is also very speechless, simply can't figure out how this woman is staring at him, he didn't do anything.

"Yes? Then tell me what I have just said, and what you think of my explanation. By the way, my name is Liu Xuan. You can call me Liu Shi. You don't have to call me master. "

Liu Xuan looked at Wang Fan, smiling on the surface, but sneering in the heart.

This guy obviously didn't listen to what she was talking about, and even said that she spoke very well. She felt insulted.

Wang fan is a little confused again. It seems that this woman is after him.

Fortunately, although he didn't listen carefully, his memory was amazing. In addition, he came from the secular world, so he had no eloquence, so he began to talk.

Wang Fan talked about his feelings, and even he was about to blush.

This NIMA is bullshit.

However, in order to deceive Liu Xuan and not let him make trouble for himself, he can only do so.

Liu Xuan was stunned by Wang Fan's explanation.

Is this new student too boastful?

But Wang Fan's feeling, she really can't find fault, so can only endure.

She has already determined in her heart that Wang fan is a prick student and a problem student. She must take care of him in the future.

If Wang Fan knew what Liu Xuan thought, he would be depressed and vomit blood.

The rest of the students looked at the scene, and all of them were shocked and looked at Wang Fan.

Fork.

It's just amazing.

These freshmen are not only powerful, but also eloquent.

If they were to face Liu Xuan, such a beautiful woman, and such a strong man, they would be nervous and speechless.

But Wang Fan even talked about it for a long time.

I admire it.

I really admire it.

"Tutor Liu Xuan, this is my feeling. I have finished." After half a day of talking, Wang Fan looked at Liu Xuan with a worried face and said.

Liu Xuan looked at Wang Fan's appearance. She was so angry that she had a toothache. She waved her hand weakly, "sit down first."

"I think you have a deep feeling. Well, you have to come to my class every time. You are not allowed to be absent."

"And after class, you'll come with me. I want to see what your strength is

Wang Fan's brain is full of black lines. He is almost ready to cry.

You have to come to every class?

Isn't that fatal?

And test his strength?

Grandma's, the late immortal, even the strong immortal, test his strength as a little fairy, isn't this bullying?

"Ah?" Wang Fan opened his mouth, "tutor, come to every class, this is no problem, but test strength, I think it's ok?"

He felt his head shyly. "I'm weak and low in cultivation. Where can I be your opponent? If you blow your breath, I'm afraid I'm going to fall."

Coax.

The students could not help laughing when they heard Wang Fan's funny words.

Liu Xuan couldn't help squinting.

She looked at Wang Fan and said, "so you don't want to listen to my tutor?"

"Don't worry, I won't personally test your strength. Even if I do, I will control your accomplishments."

"Control cultivation?" Wang Fan sneered in his heart.

If the Immortal King is strong, even if he controls the cultivation, even if the cultivation is controlled to the earth immortal, is that comparable to the heaven immortal level?

Vision, reaction, mastery and application of Xianyuan, and comprehension of martial arts are not good at all.

However, he did not dare to refute, can only cry and nod, "well."

This is really a problem in the last class.

Students around to see the beauty Liu Xuan tutor should personally guide Wang Fan, all are envious to death.

You know, it's a fairy or even a fairy king, and it's also a beauty.

This kind of treatment, even if it is abused, they are willing to.

A class soon ended, and Liu Xuan walked out of the class.

Looking at Liu Xuan's back as she left, Wang Fan thought about whether or not to kill the other pigeon, and then left the college to look for opportunities, but a message came to his ears.

"What are you doing in a hurry? Would you like me to invite you in person? "

Wang Fan could not help shivering when he listened to the transmission. He was almost ready to cry.

He had to keep up.

Ah, who makes himself inferior to others."Master Liu."

"Master Liu."

Liu Xuan is obviously very popular in Fengqian college. Along the way, many people greet her.

Liu Xuan is also a little bit, pretty face with a bright smile, looks very kind.

As for Wang Fan, he drags his head behind him. He doesn't know what will be waiting for him.

After all, no matter how evil he was, no matter how rebellious he was, he couldn't fight against Liu Xuan.

"Eh, isn't that freshman Zhang Daming who was in the limelight yesterday?"

"Yes, where is he going with Master Liu?"

"I heard that this guy is very arrogant and powerful. In the final entrance examination, he let younger martial sister Hongyun down. After that, he defeated Nie Chong and his party

"Yes, the fairy level is so powerful. This guy is really against the sky. It's just that he's being targeted by Master Liu. That, hehe. "

"Master Liu has a cold face. I heard that younger martial sister Hongyun is still her disciple. It seems that this guy is going to have bad luck."

Although Wang Fan has just entered the college, he has already gained some popularity.

Along the way, many students recognized him and began to point out.

Wang Fan listened to those voices, but he couldn't help shivering.

Nima, he said, how could Liu Xuan find him? It turned out that he wanted to come out for Hongyun.

However, he didn't do anything to Hongyun, and he tried his best to tolerate it. This is really unfair.

Wang Fan didn't know. Liu Xuan was shocked when she listened to the comments.

Wang Fan even defeated his disciple Hongyun, but he also defeated Nie Chong. It's just too bad.

She asked herself that even when she was on the first floor of heaven, it was absolutely impossible for her to beat Nie Chong. You know, there are three levels of immortals and one level of immortals, which are two small levels.

Wang Fan followed Liu Xuan all the way and soon came to a bamboo forest.

The environment here is very elegant, the grass is long, and there are several wooden houses in the distance.

Wang Fan couldn't have imagined that there was such a beautiful paradise in Fengqian college if he hadn't seen it with his own eyes.

"Teacher, you are back." A beautiful shadow suddenly ran out of the bamboo house. The next second, she looked at Wang Fan and began to scream, "it's you. What are you doing here?"

Great bitterness begets deep hatred.

### Chapter 3169

When Wang fan saw the woman, he said, "you think I'd like to come here. If it wasn't for the threat from your master doubi, the devil would like to come here."

But he not only did not dare to say this, but also had to accompany a smiling face, "good elder martial sister."

"Hum." Red cloud is wrinkled nose, cold hum way, "you don't call me elder martial sister, I'm not your elder martial sister."

Thinking of the scenes in yesterday's assessment, she felt a sense of shame and indignation for no reason. "Are you calling my elder martial sister to hit me in the face on purpose?"

The black line on Wang Fan's face.

Nima, is that ok?

He just called his elder martial sister politely.

Liu Xuan saw them like this. Although she had heard of them on the road, she was still surprised. "Do you really know each other?"

"I don't know him." Red cloud said, "this guy is very bad, even disguised as a pig to eat a tiger, humiliated me on the examination platform."

Said, she swished, directly took out a whip, "yesterday on the stage did not divide the victory and defeat, we come again."

Wang Fan quickly waved his hand, "elder martial sister, I think it's better to forget it. You're not my opponent. I'm afraid to hurt you. That's not good."

This woman is so aggressive, Wang Fan also doesn't want to let her, simply say the truth.

"You --" red cloud is almost angry, this guy is too arrogant.

She a body Jiao chide, swish ground a, the whip in the hand has already pierced the air, direct viciously toward Wang Fan to draw to come over.

Xianyuan is agitated, and the whip makes a crackling sound in the air, which is very powerful and frightening.

"Elder martial sister, you did it first. Then I'll be rude." Wang fan is also a little angry.

How can this woman do this.

Speaking at the same time, a sound of wind and thunder sounded, red cloud only saw Wang Fan's whole body burst into tears, and then the whole person had disappeared like a dot.

With a slap, the whip in her hand was whipped in the empty place, and a deep explosion was set off, but it didn't even touch Wang Fan's foot.

Looking at this scene, Liu Xuan's beautiful eyes couldn't help squinting and looked at their fight with great interest.

Naturally, Wang Fan's actions can be seen clearly in her realm of cultivation.

This guy didn't use any means at all, just with simple speed, he escaped the attack of Hongyun, and came directly behind Hongyun.

"Elder martial sister, I have said that you are no longer my opponent. Why don't you believe it?"

"You are too slow, and Xianyuan is not solid. The most important thing is that your attack is too flashy. It really doesn't have much power. "

Wang Fan said, hula, is already a palm shot.

Surging Xianyuan condenses in the air, forming a big palm of Xianyuan in an instant. There is no chance for Hongyun to react at all, so it directly falls on her.

With a slap, the red cloud flew out and fell to the ground in a mess.

When she got up, she was furious. "You, you're shameless."

Wang Fan was speechless. "How can I be shameless? Can you whip me? Can't I fight back? What's more, don't you want to win or lose? Now you should do it? "

But he was saying in his heart, how dare he say that I am shameless, if it were not for my mercy, I'm afraid you would have been dead and maimed.

This woman is really not good or bad.

Red cloud gnashes her teeth and stares at Wang Fan, almost to death.

Just as she was about to speak, Liu Xuan moved.

Wang Fan ah ah, quickly crazy to avoid up, but his mouth is shouting, "master, you can't do this ah, unexpectedly sneak attack me."

"Sneak attack? You think too much of yourself. As I said, if you want to assess your accomplishments, I will also suppress your accomplishments in the immortals. Now take my moves. "

Wang Fan was almost ready to cry. While he was frantically avoiding, he did not hesitate to take out the shadow knife to fight back. At the same time, he roared,

"master, then you have to keep your word and suppress your accomplishments at the level of immortals, otherwise you will not have to fight at all."

But Liu Xuan doesn't speak at all. She grabs Hongyun's whip directly across the air and launches a crazy attack on Wang Fan.

As for the suppression of cultivation at the level of immortals, she was very happy.

She had seen that if she suppressed her accomplishments in the level of immortals, she would not be able to win over Wang Fan, and she would probably be ravaged by Wang Fan.

So she suppressed her cultivation in the third level of the celestial being. The crackling sound came out. It wasn't long before Wang Fan was whipped several times. It was almost skin splitting.

He yelled, "master, you are not kind. How can I see that your accomplishments are suppressed in the third level of the immortals?"

"Your fighting power is in the third tier of the celestial being. Naturally, I will be suppressed in the third tier of the celestial being. Do you think I'm suppressing a little bit low? Well, I'll suppress at the fourth floor of the immortals as you wish. "

Liu Xuan said. When she said this, she felt a little red.

This is even the case when dealing with a younger generation.

Just, looking at Wang Fan's face, she had no reason to be angry.

This kind of treacherous student must be cleaned up at one time until he is afraid, otherwise it is not easy to discipline him.

"Is that ok?" Wang fan is about to collapse.

Although he can fight for the third level of immortals, he can't fight Liu Xuan.

What's more, Liu Xuan's cultivation was not suppressed in the third level of the immortals, but in the

fourth level of the immortals.

In this way, he is no match.

After all, it's just a duel. He can't go all out, can he?

There is no way to use the trump card of killing shotgun.

Not long after Kung Fu, Wang Fan has been knocked over on the ground, extremely embarrassed.

He looked at Liu Xuan and didn't want to talk.

As a teacher, as a senior, how can you be so shameless.

Red cloud looked at this scene, but cried out happily, "dengtuzi, aren't you very strong? Get up and fight again? You deserve to be cleaned up now. "

The black line on Wang Fan's face really wants to rush up and break this woman apart.

"Well, your strength is fairly good. This is a volume of immortal martial arts. Take it to practice. Remember, I'm not allowed to be absent or bully Hongyun in the future. "

Maybe it's not very nice, Liu Xuan looks at the embarrassed Wang Fan, throws out a volume of martial arts, and says.

Wang Fan's eyes were bright when he heard the words. He quickly grasped the martial arts skills and said, "how interesting is this? Thank you, master."

"By the way, I'm penniless and very poor now. Can you lend me some cultivation resources? Don't worry. As long as I earn cultivation resources, I will return them to you."

Wang Fan had already seen that although Liu Xuan was a little shameless, she was still a good man. She just opened her mouth.

Hongyun's mouth is wide open and his face is speechless.

How can a person's skin be so thick? Is it shameless?

It took a long time for Liu Xuan to respond, saying, "what cultivation resources do you need?"

Wang Fan blurted out, "zijindan, oh no, zijindan is too bad, or yunxiandan, I only need 100000, oh no, I only need 10000."

**Chapter 3170**

When Liu Xuan heard Wang Fan's words, she was a little confused.

Yun Xiandan, want 100000 more, oh no, 10000?

Does Wang Fan regard her as a rich man?

Before she had time to speak, Hongyun could not help saying, "Hey, I said you are really shameless. You dare a lion to open your mouth."

"Do you think my teacher is kind, that's why the lion opened his mouth? Why don't you die? "

"Shut up." When Liu Xuan heard this, she yelled at Hongyun. Then she looked at Wang Fan and said, "I can't take out ten thousand Yunxian pills, but I can give you ten thousand Zijin pills. How about that?"

Wang fan is a little disappointed. Ten thousand purple gold pills. What's this for?

Just think of mosquito again small also is meat, he still nodded, "that thanks elder generation."

Next, Wang Fan got ten thousand purple gold pills, and Meizizi left.

Today's class is really not easy, he decided not to go to class again, so as not to cause trouble.

Wang Fan soon returned to his residence, but his eyes narrowed before he entered.

Outside his residence, there were three young people.

These three young people are all the four levels of cultivation of immortals. They are much stronger than Nie Chong.

Seeing Wang Fan coming, three young people stood up. One of them asked, "are you wang fan?"

Wang Fan Leng for a while, and then quickly shook his head, "no, no, I'm not, you recognize the wrong person, I'm just passing by."

Then he bypassed the three and wanted to leave.

Nima, three immortals, four stories. I can really look up to him.

Although he is not afraid of these three guys, it's just that this is a college and he can't kill people. It's really boring to fight.

When they saw Wang Fan's performance, they couldn't help being confused.

It is said that Wang fan is not very arrogant, is not very overbearing, is not everyone not looking in the

eye?

How to... Now ·

"stop." Seeing that Wang Fan was about to leave, they didn't have time to think much, so they quickly dodged and stopped in front of Wang Fan.

Wang Fan raised his head and asked weakly, "is there anything else for the three seniors?"

"Wang Fan, I heard that you are so powerful that you don't even pay attention to the seniors of the third level of Tianxian. I didn't expect that you were so counselled that you didn't even dare to admit your identity. You really let me down

"Wang Fan, a friar of our generation, even dare not admit his identity. Don't you feel blushed? Let me ask you again, are you wang fan? "

They are all a little angry, this guy, how so shameless.

Wang Fan shook his head again, "I'm really not Wang Fan."

His heart is in ha ha.

Blush? What is that? He has never been red since a long time ago.

As for these people scolding him, saying that he let these people down, Wang Fan simply despised.

Go your own way, what else do you care about others? He doesn't have the time.

"You -"

the three people are almost angry. They have never met such a shameless person as Wang Fan.

Originally, according to their idea, they asked Wang Fan about his identity, and Wang Fan would definitely admit it directly.

Next, they will take the opportunity to step on Wang Fan and destroy Wang Fan's prestige. But who would have thought that this bastard didn't play cards according to common sense.

Three people stare at Wang Fan, a long time, one of them said, "I don't care if you are Wang Fan, I challenge you now, do you dare to accept it?"

What he did on purpose was arrogant and domineering, and his look at Wang Fan was contemptuous.

Wang Fan simply shook his head, "I dare not."

The man was about to vomit blood.

"How can you face a challenge in this way and dare not accept it? Aren't you losing my Fengqian college?"

Wang Fan sneered, "what's the advantage of accepting your challenge? What's more, it's just a challenge, and it's meaningless not to let people kill. "

He also sighed, "what's more, you have four layers of immortals, but come to challenge me one layer of immortals, don't you feel shameless? I think you're losing talent from our college, right. "

"Why don't you challenge a senior brother from the seventh floor of the celestial being and show him to me to broaden my horizons?"

Don't these guys have a long memory?

Nie Chong was humiliated by him yesterday. These three guys dare to come today.

When they heard Wang Fan's words, they were almost angry.

Wang Fan looked at the angry expression of the three people, but he grinned, "it's not impossible to challenge me."

"How about a hundred thousand purple elixirs? After all, I can't beat you. If you want to clean me up, you have to give me something in return? "The three people are also funny than, heard Wang Fan's words, first a Leng, then immediately nodded, "good."

Said, they are very painful, each grabbed a space ring, each space ring inside all put a hundred thousand purple gold pills.

That's a hundred thousand. It's a lot of money for them.

Wang Fan looked at the three space rings and immediately put them away. Then he said, "three elder martial brothers, do you go up one by one or together? By the way, is this the challenge? Do you want to change places? "

Looking at Wang Fan's expression, they almost didn't have a mouthful of old blood. They said:

"it's here to challenge and deal with you. We don't need to do it together. We can do it one by one."

The three people have regarded Wang Fan as a sandbag and decided to vent their anger.

You know, it's a hundred thousand purple gold pills. If they don't vent their anger, they feel sorry for

themselves.

"Well, who will come first." Wang Fan didn't care and said.

"Me One of the immortals had a drink, and then flashed to Wang Fan.

Wang Fan let out a sound and quickly cast his body method to avoid.

That guy has attacked more than ten moves in a row before he can hit Wang Fan.

Wang Fan immediately screamed, and then flew out, "well, I lost, the next one."

The guy heard this, immediately muddled than, is going to continue to start him, the action is not from rigid in place.

Nima, is that ok?

How does he feel fooled?

Next, the other two also shot, Wang fan is also hit by them, and then fly backwards, and then admit defeat.

He showed his teeth on the surface, a very injured expression, but the devil knows whether he was hurt or not.

"Three, now that the challenge is over, can I go? If you still want to challenge, you need to come up with another hundred thousand purple gold pills. "

When they heard this, they almost fell to their knees.

They finally understand that they are really fooled by Wang Fan.

"Son of a bitch, if you dare to play with us, you will die!"

"I'm going to kill you!"

"Go to hell!"

Three people anger can not vent, crazy roar, together toward Wang Fan killed in the past.

Wang Fan looked at the scene, the expression of laughter suddenly disappeared, his face is also in an instant cold down.
