

MIGHTY SK 321

Chapter 321

Wang Fan was so surprised that he found that the two girls had been drugged.

It doesn't matter that Wang Fan checked, and his face became ugly instantly.

Spanish limited edition fly water, a drop of heroine becomes slut, Slut becomes beast.

This kind of fly water, even Wang Fan, has some problems. And look at the appearance of these two people, it's obvious that they used more than one drop.

Wang Fan has a headache. He really wants to go back and clean up Zhao Kuangshan.

This guy is so cruel that he even used this kind of medicine. It's a huge cost.

You know, this kind of fly water, just a drop, is priceless, and it's hard to buy, so ordinary people can't afford to use it.

If it's any other kind of ecstasy, Wang fan can do it, but this one, he can't do it.

"Ah, it's so hot."

"It's hot. It's hot to death."

The two women had been completely burned out of their senses. Their bodies were red, and their faces were even more red, as if they were about to drip water.

Wang Fan has a big head. He can't take advantage of others' danger. If he doesn't take advantage of others' danger, they will be burned to death.

What to do? What to do?

Wang Fan thought with a headache. Finally, he bit his teeth and jumped into a hotel room with them in his arms.

He has no way, in order to survive the two women, he decisively chose to sacrifice.

"I'm sorry. I'm saving you. If you want to blame me, blame Zhao Kuangshan. Besides, if you don't have me, you will be even worse. At least you will be played by two people. "

Wang Fan whispered and was soon drowned by two women.

-

villas.

When the subordinates surnamed Qi find something wrong, Zhao Qi and Zhao Qi are already in a coma. It's so terrible down there that people who watch it feel like vomiting.

Subordinates dare not neglect, forced to endure nausea, quickly put two people into the hospital.

After the hospital diagnosis, two people are not seriously affected, just because the exercise is too intense, the man's ability completely no longer.

Listening to the news, Qi's subordinates felt numb. The little Lord has lost his ability to be a man. How can they account for it when they go back?

Commander Qi was angry. He wanted to kill people!

They can even imagine how many people will die next!

"Ah Qi qianxiong wakes up and hears the news. He roars like a beast.

Even if someone dares to do this to her, Qi qianxiong, even if he slaughters ten thousand people, he can't wipe out his anger and hatred.

"Check it for me! Check it for me! I'll make sure it's a pretty little gentleman

He is Qi Shiren's only son, Prince general existence, even if the capital's five families, the capital's top three generations, do not dare to easily touch him.

But now, he was punished by others. He did that disgusting thing with Zhao Kuangshan, but he was abandoned directly. How could he bear it?

Qi Shiren, once an excellent soldier, later retired as a mercenary and formed his own forces.

After more than ten years of development, Qishi people have become the world's most famous underworld leaders.

There are 30000 troops under his command, all of which are equipped to compete with the regular army. Even if countries want to fight him, they have to weigh it up.

However, although Qi Shiren is the leader of the underworld, he likes to be called commander by others. That's why he has such a fierce name.

Zhao's face was also gloomy. He thought of Wang Fan for the first time, but finally he shook his head.

He went to find Qi qianxiong only on the spur of the moment. There was no prior arrangement. It was impossible for Wang Fan to know.

If it happened in Zhao's family, he was the only one who had bad luck. He would definitely be sure that Wang Fan did it. But now, he can't be sure.

Even if Zhao Qi's scandal had been tried to hide, it still blew out like the wind.

All those who got the news were shocked. The name of romantic little Lang Jun, that is, after Wang Fan, completely shocked the whole capital, and even became more famous than Wang Fan.

Wang Fan just chose a song family, but the romantic little gentleman offended Zhao family and commander Qi at the same time, and also offended so ruthlessly.

The Zhao family is nothing. After all, there are constraints from the government and even the state. But commander Qi's side is not the same. They don't care about the conventions. Maybe they will go out of the army directly.

Everyone stood in silence for this "romantic little gentleman" who suddenly appeared. No matter who this guy was, he was dead.

He has offended commander Qi and has no chance to live.

Wang Fan naturally does not know, he just a small punishment Zhao Qi two people, will set off such a big reaction.

He is trying his best to save people.

I don't know how long it took for Wang Fan to pull the two girls back from the gate of death, sweating to sleep.

The next morning, Wang Fan woke up. He looked at the two beautiful women beside him and felt sorry.

Especially when I look at the two plum blossoms on the sheet, I feel more sorry.

"Oh, I'm sorry." Wang Fan sighed, carefully moved their arms around him, put on their clothes and left the room.

It's not that he didn't take responsibility, but that he really didn't know how to face them.

Although he wanted to save people, not long after Wang Fan left, the two girls woke up. When they learned what happened last night, they immediately hugged each other in tears.

"I'll call the police. No matter who he is, I'll make him pay the price, Wuwu." Lin Shiya cried and called

the police with her mobile phone.

Murong yu'er didn't object, but while wearing clothes, she took out her mobile phone and dialed the phone,

"I must tell my aunt about this and ask her to get justice for me. I Murong yu'er is not so easy to sleep. After sleeping, I want to pat my ass and leave. There's no way! "

Murong yu'er clenched her teeth, then she couldn't help crying again. For the first time, she was taken away for no reason. She didn't even know who took it away. Did she want to bully people like that.

The police received a call to the police and soon arrived at the hotel.

When they learned about the two, they immediately filed a case and launched a thorough investigation.

It doesn't matter. They found Zhao Kuangshan. At the same time, they also knew that it was the noisy capital that robbed them of their virginity last night. Zhao family and commander Qi are looking for the super flower picking bandit, romantic little Lang Jun.

When the news reached Zhao Kuangshan's ears, Zhao immediately completely dispelled his suspicion of Wang Fan. He knew something about Wang Fan. Although Wang Fan was cruel, he would not take advantage of others' danger.

But Zhao Kuangshan ignored the horror of Spanish limited edition fly water.

Wang fan doesn't know his other identity. The romantic little gentleman is well-known. Now countless people are looking for him.

At this time, he has returned to Shangri La. He plans to arrange for Xu Ruyun to go to Jiyan, Hanzhong to see if he has a chance to get the century old green leaves.

When Wang Fan returned to the hotel, Li Lu, a big breasted woman, had already left, leaving only Xu Ruyun in the room.

Xu Ruyun looked out of the window, not knowing what she was thinking.

Chapter 322

"What are you thinking, so absorbed." Wang Fan went to Xu Ruyun and asked.

"I'm thinking about where to go in the future." Xu Ruyun sighed, "by the way, last time you asked me to go back to Jinzhou to help you, is that true?"

"It's true, of course." Wang Fan nodded, "I want to develop my own power. Now I need people. You can go back to heiluocha or Abiao."

"What do you mean, don't you go back?" Xu Ruyun couldn't help asking.

"Well, I have something else to do. I'll go back in a few days." Wang Fan said.

"All right." Xu Ruyun nodded.

She wanted to devote herself to Wang Fan last night, but she was just influenced by Li Lu's cry and impulsive. Now, after a night, she had no such desire.

She didn't know Wang Fan for a long time. She couldn't have feelings for Wang Fan, let alone love him.

Wang Fan of course is not on the brain, see a woman would like to, naturally will not care about these aspects.

After they agreed, they separated directly.

Xu Ruyun went back to Jinzhou by car, while Wang Fan went to Jiyan in Hanzhong.

Jiyan is a county-level city in Hanzhong Province, located in the border, is very remote.

It is said that Jiyan province is very chaotic, but Wang Fan has no idea how chaotic it is.

There is no direct flight to Jiyan in the capital. You have to get off at the nearby Sanlin city to get there.

Three hours later, Wang Fan arrived in Sanlin city.

There was no dog blood on the plane. It was quite smooth all the way.

Wang fan out of the airport, is thinking about how to go to Jiyan City, behind a man has reached into his bag.

Wang fan is almost angry and laughing. He hasn't arrived at Jiyan yet. The thief is so rampant that he dares to move his bag openly. If he arrives at Jiyan, isn't he going to rob directly?

"I'll give you three seconds to get your dirty hands out, or I won't be blamed for being rude." Wang Fan turned his head and said to the man.

"Lying trough." When the man saw that he was found, he didn't restrain himself. Instead, he yelled at Wang Fan. He grabbed Wang Fan's bag and broke it.

"I can't look up to you for robbing you. You'd better be honest with me. Don't trouble yourself. I'll make you unable to leave Sanlin city alive."

The man snatched Wang Fan's bag and didn't leave immediately. Instead, he glared at it and threatened to leave in no hurry.

Wang fan can't laugh or cry. He's never seen anything so rampant. Even if the airport steals secretly and robs openly, the threat of swaggering after the robbery is over, and they leave without delay.

Wang Fan took two steps forward and picked up the man, slapping him in the face.

"I'm just asking for trouble, but I'm not honest, so I'll see how you can't let me leave Sanlin alive."

"Damn, if you dare to beat me, you will die!" The man struggled desperately, at the same time, there were several men around quickly, with a fierce face.

Wang Fan was not in a hurry. He slapped the man a few times. Then he took his bag, slowly zipped it open and took out the gun.

Those guys around to see Wang Fan actually took out the gun, scared, no longer dare to move forward, straight away.

They were thinking, what kind of person did they steal? How could they still have guns? How could they bring them through the security?

The man who was slapped by the neck also turned pale.

"Is there a through train from this airport to geeyan? Take me there." Wang Fan hit the man on the head with a gun, threw him down and asked.

"Yes, yes, over there. I'll take you there." Where does the man dare to care about getting slapped? He quickly leads the way in front of him.

Wang Fan put away his gun and followed.

He didn't continue to clean up this guy. Even if he cleaned up a batch today, another batch will come out tomorrow, and there will be no end to it. Therefore, Wang fan doesn't want to do that useless work.

He just gave the man a kick because he thought he was walking slowly.

After about half an hour, the man took Wang Fan to a red bus.

"Big brother, this car is the one that leads to Jiyan City, but it's a black car. Because the regular bus leading to Jiyan city will be sent once a day. "

"But don't worry, this car is the safest. Their boss knows the big people on the road, and the people over there don't dare to mess around."

The man took Wang Fan to the bus and nodded.

"Do you think I'm afraid of trouble? Today, for the sake of your guiding me, I don't care about your stealing my bag. Next time I see you stealing my bag, don't blame me for cutting your hand. Go away. "

Wang Fan left a cruel word and waved impatiently, so the man left.

Wang Fan got on the bus. The bus wasn't full at all, and even less than half of it. But even so, Wang Fan didn't get on the bus for two minutes before he left. Fortunately, he let the man lead the way, otherwise it would not be so easy to find here. Even if I found it here, I couldn't catch the bus. I didn't leave so soon.

Sanlin city is about 200 kilometers away from Jiyan City, which takes two or three hours by car. Because this bus is not a regular bus, it dare not go at high speed, so the speed is even slower.

Bumpy all the way, Wang Fan fell asleep.

"Hello, could you excuse me?" A voice wakes up Wang Fan's dream.

A woman in her thirties was standing in front of Wang Fan, pointing to the empty seat in Wang Fan.

Wang Fan was a little depressed. He said in his heart that if you don't take so many vacant seats, why do you just sit next to me? But the seats are not in his family. He really didn't want to ask.

"Yes." Wang Fan nodded and stood up to let the woman sit in.

After the woman sat in, Wang Fan squinted and rested again. While he was resting, he was thinking about how to look for the century old leaves.

The woman did not quarrel with Wang Fan, but turned her head out of the window and began to enjoy the scenery.

The reason why she sits here is not to trouble Wang fan intentionally, but there are no two seats left.

Most of the seats were occupied by one person, and among those people, she was the most agreeable to Wang Fan.

after more than two hours, the bus smoothly drove into Jiyan city. There was no robbery and other bloody things on the road, which was very calm.

All the people got off the bus one after another. Wang Fan and the woman came last, but Wang Fan was in the front and the woman was in the back, because Wang Fan was sitting outside.

When the woman was the last to get off the bus, the bus could not wait to close the door, and then drove away with a bang, leaving only the passengers.

As soon as the car left, two young people immediately surrounded the woman, one began to make phone calls, the other began to solicit customers.

"Beauty, do you want to stay? Our hotel is clean, comfortable and safe, and you will feel like home."

At the same time, the other guy's phone has been through, his voice also spread out, "brother Huo, I found a top-notch woman here, you hurry to bring people here, and you will be robbed later."

Those who just got off the bus saw this scene, except for a few who stayed to watch, others speeded up and left.

Chapter 323

Wang Fan didn't move. He didn't move, not because he didn't dare to move, but because he wanted to see how the woman would deal with it.

This woman to Wang Fan's feeling is not simple, there is a sharp air, obviously not ordinary people.

"Get out of here. I'll dig your eyes again." Another young man came from a distance and roared at Wang Fan without thinking about it.

Wang Fan frowned, without half a word of nonsense, directly kicked in the past.

He didn't intend to meddle in his own business. This guy even dares to rush up to kill himself. Don't blame him for being rude.

The guy was directly kicked more than one meter high and flew back seven or eight meters before he fell to the ground. He was shocked to stare at Wang Fan, and could not say a word.

"You." The two young men who had been surrounded by women were shocked and immediately looked at Wang Fan.

At this time, the woman also impatiently shot.

She grabbed one of the men's hair with one hand and pulled it down. The long round legs with the silk stockings turned into sharp weapons in a moment, and the knee hit the man's head.

Boom!

Click!

The man's face was directly hit by the flesh and blood, screamed to the ground, and couldn't get up for a

while.

"You." When the other man saw this, he no longer cared about Wang Fan. He took out a knife and stabbed the woman.

The woman's eyes twinkled with disdain. Her right hand grasped the man's wrist and snapped back. The man's wrist was broken directly. Then the woman pressed the man's broken wrist and thrust it back.

Hiss.

The sharp blade pierced the man's chest, and the man immediately screamed.

Wang Fan looks at this scene and shakes his head. He knows what it means to do evil by himself. I thought they had a few talents, but I didn't expect that they were such a dish. It's a waste of his expression.

"You dog men and women, dare to touch my brother?" An angry voice came, and at least a dozen people rushed in the distance.

These ten people's faces are evil, their eyes are bloodshot, and their bodies are full of human breath. It's obviously a person who licks blood on the tip of a knife all the year round.

"Women stay, men kill!" Wang Fan still has a hand to them, that voice spreads out again, and then most of the people rush over like Wang Fan.

Wang Fan was so angry that he just watched the excitement, but these people wanted to kill him. Should they be so unreasonable?

It's lawless to be so rampant in broad daylight.

Wang Fan anger from the heart, directly flashed up, after a whirlwind leg, more than a dozen people are crying and fell to the ground, looking at Wang fan is like looking at the devil.

When a woman looks at this scene, her mouth is wide open, which makes her feel incredible.

She originally intended to help Wang Fan, but unexpectedly, Wang Fan solved these guys with a whirlwind leg.

"Do you mean to kill me? Do you want to kill it now? " Wang Fan walked up to the head and slapped him a dozen times.

"No, no more killing." The tears came down. Is this him? Who is he? Why is he so powerful?

If he had known that, he should have listened to the boss's words. Recently, he kept a low profile, but

now it's too late to say anything.

"You're still smart. Let's lead the way. I'm going to your old nest to see which arrogant guy has cultivated you. How dare you be so lawless? "

Wang Fan patted the man's face, threw him on the ground and said.

"Go, go to our nest?" The leader doubted that he had heard the wrong thing. This man is mentally ill, and dare to go to his hometown?

Don't mention this head, even those little brothers around are also unimaginable.

"Yes, you have offended me. I'm going to take revenge. Otherwise, everyone will think I'm easy to bully." Wang Fan naturally said.

"And revenge?" That head is simply shocked to doubt whether he is dreaming. This guy beat his brother and didn't run away. He had to go to the old nest for revenge. Is that funny?

Even if Wang fan can fight again, can he fight them? You know, because Jiyan is located at the border, there are some chaos, but these forces all have guns, and the random guns can kill Wang Fan.

"Brother, just now thank you for your help. I think it's OK to go to their old nest and give them a way to live." The woman responded and spoke quickly.

In her opinion, Wang Fan said that in front of her is deliberately pretend than, want to attract her attention, otherwise how can say this turn people laugh big teeth words.

Although the woman is very grateful to Wang Fan for saving her, she despises Wang Fan for this way of pretending. If you want to attract my mother's attention, you have to put on a cool look in the car.

"I can't just let it go. If they didn't provoke me, I'll go to their old nest. It's none of your business here. Go ahead. "

Wang Fan said to the woman indifferently. The reason why he had to go to these people's nests was not that he wanted revenge, but that he wanted to see if he could find out some useful information about Centennial green leaves.

These people, as local leaders, have all kinds of information, and the grapevine is naturally the best.

"How can you do this? You just want to attract my attention. Well, you have successfully attracted my attention. I have been deeply attracted by you. Let's go."

When the woman saw Wang Fan pretending to be cool there, she stamped her feet angrily. As she said this, she came forward to grab Wang Fan's arm and was about to pull him away.

"What caught your attention? I just wanted to get revenge." Wang Fan opened his mouth, some can't laugh or cry, this woman is too narcissistic.

"Revenge, what revenge? Don't you think it's funny that you go to other people's nest to revenge yourself. Don't pretend. I promise you. "

Wang Fan's sad expression falls into women's eyes, and it becomes the embarrassment after his psychology is torn down.

The woman is very speechless in the heart, has seen can install, has not seen so can install, as for like this?

If Wang Fan had not helped her, she would have been embarrassed to leave directly, otherwise she would have been too lazy to pay attention to Wang Fan.

"Who wants to pursue you? Are you too narcissistic? Well, it's none of your business here. You go now. I don't have time to talk about these things with you. "

Wang Fan was also drunk. He waved his hand and said impatiently. Suddenly, he slapped the smiling man on his head,

"you're laughing. Please show me the way, or I'll kill you."

Wang Fan said fiercely, and the head was startled.

He didn't dare to laugh any more. He got up and led the way.

Wang Fan followed, not even looking at the woman.

The woman's face turned red, and she was embarrassed.

Wang Fan even said that she was narcissistic, which made her a little unbearable. Did she really show wrong feelings?

"Put it on me. I'll see when you can put it on." She murmured indignantly, taking out her cell phone to make a phone call and following up.

She wants to see if this guy dares to go into the nest. If this guy doesn't go in at last, she must come forward and satirize.

Chapter 324

A slightly dark hall, with 20 or 30 people, these people's faces are not very good-looking, the atmosphere is somewhat depressed.

Pop!

At a certain moment, the young man of the lunar calendar, sitting in the middle of the high position, slapped his hands on the table in front of him, and his eyes twinkled.

"Damn, just a foreigner, dare to challenge me to the three Dao meeting. It's like looking for death. Do you really think that there will be no one in my three Dao meeting?"

The speaker is Joe Sandao, the president of Sandao society.

Qiao Sandao, as the name suggests, is very powerful. Because he kills people, he only has three at most, so he has the title of Qiao Sandao.

Sandaohui is the fifth largest force in Jiyan City, and the congregation has more than 100 people, which is also very famous in the whole city.

Don't underestimate the fifth largest force. You know, Jiyan city is located on the border, with numerous forces.

It's not easy for the three sabres association to be the fifth among the many complicated forces.

"President, do we really want to do it? As you know, because of the green leaves of a hundred years, many experts have come to Jiyan recently. If we kick the iron plate, it will be miserable. "

One of the young men with the appearance of a military strategist stood up and said strongly under pressure.

"Ha ha, according to you, it's time for us to take this breath? Recently, there are many experts in Jiyan city. I did tell you to keep a low profile, but it doesn't mean that we can let them provoke us. "

"If they are an outside force, that's OK. I, Qiao Sandao, can bear it. But he, just a person, dares to come to our old nest to avenge himself. How can he tolerate this tone? "

"He hurt Lao Tzu's people, but Lao Tzu hasn't avenged him yet. He came here arrogantly. Isn't that equivalent to taking a shit on Lao Tzu's head? If I can bear it, I'm not Joe

Joe Sandao looked very angry. His anger was burning down the whole room.

When the military commander saw Qiao Sandao's appearance, he tried his best to persuade him. He knew that Joe's three swords were in a rage. It was meaningless to persuade him again. Maybe he would be on fire.

"All of you cheer me up and watch me act later. As soon as I give orders, you will jump up and chop that

arrogant guy to death."

"He's right. I'd like to see if the man who dares to pick our nest by himself has three heads or six arms."

Joe took a sip of the water and said angrily.

Boom!

Almost as soon as he finished, the door of the hall had been knocked open, and a man flew in and fell on the ground.

Joe three knives first Leng for a while, and then it is a rage, eyes Yi want to crack!

It's not someone else who flies in, it's his subordinates.

His subordinates were thrown into the nest like dead dogs, which was already a severe blow to the face.

"I don't have three heads and six arms, but it's more than enough to pick you three. If you are wise, you'd better not move. I'll answer whatever I ask, otherwise, it will be your end. "

Qiao three knives haven't had time to speak, a indifferent voice has come from outside the door, followed by Wang Fan appeared in everyone's sight.

"Are you the arrogant boy? Good, good enough! Who do you think you are, the emperor

"I dare to be so arrogant in Laozi's territory. I'll answer whatever you ask. Who do you regard Laozi as? Soft persimmon

Joe's whole body trembles with anger. It's the first time that someone dares to be so arrogant in front of him since he founded the club for so many years.

There was a lot of anger in the hearts of those three Dao guild members around. They couldn't accept the taste of Wang Fan's slapping in the face.

"I'm not emperor Lao Tzu, and I'm not arrogant, but you're right. I just regard your three Dao Hui as a soft persimmon. Don't you believe me?" Wang Fan said.

Qiao three knife gas of nostrils all began to smoke, just as he was angry want to recklessly give the order to kill Wang Fan, another voice suddenly came in from outside the door.

"Joe Sandao, you'd better not do it, or you can't afford the consequences. I'm Zhang heting from Jiyan's family. If you have seed, you can try to touch him. "

The woman in her thirties came in from the outside, pointed to Joe and said.

Qiao Sandao had been beaten in the face by Wang fan so arrogantly, but he couldn't do it.

Now a woman came out to threaten him. It was like adding fuel to the fire, making his anger expand to the limit.

He really wants to take care of himself by urinating. Has he really become so easy to bully since he hasn't taken action for several years? Otherwise, how can all kinds of dogs and cats dare to threaten him?

"Zhang Jia? Is Zhangjia great? If it's outside, I may not dare to move you openly, but he? This is Laozi's 'three swords meeting!'" "Don't say you're a Zhangjia woman. Even if your Zhangjia family leader is here, don't you dare to threaten me like this?"

"Even if I kill you here, what can Zhang Jia do with me? What's more, there are all Laozi's people here. If you don't tell me, who the hell knows that Laozi killed you? "

Joe Sabre roared angrily.

Zhang heting's face turned pale in an instant.

Yes, this is the base of others. If they kill her regardless of everything, what's the point of Zhang's people coming to avenge her in the end?

It's still a little too impulsive.

Zhang heting suddenly regretted it.

Although she has informed the family, if Qiao Sandao orders to kill her now, Zhang's people will not have time to save her.

Wang Fan looked at Zhang heting's picture and said nothing. Although he knew that the woman was following him all the time, he didn't expect that the woman would follow him. What a failure!

Wang Fan didn't want to be angry, but he didn't mean to blame women. After all, they were kind-hearted.

He looked at Qiao Sandao, and his tone became impatient. "I don't want to talk nonsense with you, and I don't have time to waste with you. If I don't want to die, just tell me the news about the hundred year green leaves. Don't force me to do it."

"I'll go to NIMA and do it!" Joe three knife anger to extreme, angrily ordered, "give me on, random knife cut to death!"

He is really angry, Wang fan is too hanging, especially the indifference does not put him in the eyes of the expression, it makes him almost crazy.

Those three swordsmen had already been angry. They were waiting for Joe's order. They almost didn't hesitate. They directly drew out their weapons and rushed to kill them.

The blood red eyes, the luminous knife, Zhang heting scared legs are soft, pretty face a pale.

Although she has killed people several times, she has never experienced such a scene.

So many people rushed up together, even if she was more powerful, she would die.

When Wang fan saw Zhang heting's picture, he was speechless again. He didn't have any ability to come in. What a brain wreck.

He quickly pulls Zhang heting to her side, grabs the woman's soft waist in one hand, and then embraces her.

Since these guys don't know their faces, he doesn't mind using some means.

Qiao three knife angry face all white, Wang Fan unexpectedly dare to hold a woman to fight with his hand, this face beat, already no one.

Chapter 325

Wang Fan holds Zhang heting up, and the whole person rushes towards the arrogant youth of Sandao club.

As if it were a movie stunt, his feet on the chest of those young people, directly ran a half circle.

Those young people cried one after another, father and mother flew out, one by one fell to the ground.

With the help of anti stepping force, Wang Fan turned around one by one. His right leg crossed a semicircle in the air, making a series of loud noises, and the people behind him also fell down.

It took less than ten seconds from the shot to the end.

Joe was stunned, and so were the young people.

It's not that they haven't seen it before, but it's the first time that they've seen it like Wang Fan.

He ran a circle, then turned his legs in place, and all of his more than 20 hands fell down. Is he kidding?

Zhang heting is also shocked, it can not be described in words.

Although she knew that Wang Fan was very powerful, she did not expect that Wang Fan would be so powerful.

No wonder people dare to be so arrogant and dare to go through the three Dao meeting alone. It turns out that people don't pay attention to the three Dao meeting at all.

Zhang heting was shocked to think that she had forgotten that she was still held by Wang Fan, and Wang Fan's hand was still on her ass.

"Joe Sandao, I'll give you another chance. You can answer whatever I ask. Don't challenge my patience. If you don't know what to do, I don't mind giving you three knives and asking someone else. "

Wang fan puts Zhang heting down and looks at Qiao Sandao again.

Just now, he just made a slight move to teach those people a lesson, so that they could cooperate obediently, and he didn't do anything hard.

Otherwise, those people will not be able to get up, but will be disabled or even killed.

"Shoot me!" Although Qiao Sandao shocked Wang Fan, he didn't shrink back.

With a loud roar, he burst out behind him about ten fierce youths with guns in their hands.

Some are ordinary pistols, some are carrying shotguns, they appeared, without hesitation, directly at Wang Fan pulled the trigger.

"To die!" Wang Fan's eyes flashed a cold light, his right hand trembled, and several silver needles stabbed out instantly.

[illegible]

Qiao Sandao thought that Wang Fan would be shot to death by random guns, and that he might hurt his brothers who were knocked down by Wang Fan by mistake, but he didn't think that Wang Fan could solve these shooters so easily.

He looked at Wang Fan and finally became afraid. For the first time, he felt cold from head to foot.

It was so terrible that he had never heard of it.

At this time, Wang Fan has come to him and picked him up like a chicken.

Joe three knife cold sweat straight up, "don't kill me, don't kill me, I cooperate."

Although the words say like this, but Qiao three knife's eyes flash a touch of excitement, his cuff suddenly a shake, a flying knife in the hand, then mercilessly toward Wang Fan's heart stab.

Qiao Sandao is not only powerful, but also has powerful concealed weapons. He believed that with the speed of his hand, such a close distance was enough to kill Wang Fan.

If Wang Fan didn't get close to him, maybe he didn't dare to move easily, but Wang Fan even dared to get close to him and lift him up like a chicken. That's why Wang fan is looking for death.

Joe three knife ferocious think, soon that facial expression then again big change.

His flying knife was caught by Wang Fan. To be exact, it was caught by two fingers.

How could that be? He felt like a dog.

"Joe Sandao, I've given you opportunities again and again, but you don't grasp them. That's no wonder. I really don't understand. How dare you play with a knife in front of me? "

Wang Fan disdained to say, two fingers hard, the knife was folded into several sections, and then casually throw, Qiao three knives just like sandbags were thrown out.

Boom!

His whole body hit the wall and fell to the ground again. He felt that his internal organs were about to shift, and there was a lot of blood in his mouth.

Joe three knife is going to struggle to get up, but only feel a pain in the limbs, four cut-off knife has been inserted into his limbs, nailed him to the ground.

The scene was dead silent, and no one dared to say more nonsense.

The assembly members of the three sabres club have realized that they have really kicked the iron plate this time, and it is still a big iron plate.

"Who's the biggest among you except Joe? Stand up. I have something to ask." Wang Fan looked directly at those people and asked.

A young man in his thirties shivered, but he got up from the ground.

"Big brother, what can I do for you?" The young man asked carefully.

"What's your name?"

"My name is Zhang Huo."

"Zhang Huo, right? From now on, you are the boss of the three Dao club. I'll be in Gyan for a few days. You can call me if you have anything. Wang Fan first threw out a sweet jujube, and then asked, "I heard that you Jiyan had a hundred year old green leaf. Do you know where the hundred year old green leaf is now?"

Zhang Huo became excited when he heard Wang Fan's words.

He has been wandering in the world for so many years. Where does he not know that he has a chance? If he can't grasp this opportunity, he will be a pig.

With the help of a master like Wang Fan, not to mention a Sandao club, he can even lead his brother to establish his own sect and surpass the Sandao club at one stroke.

"I know, I know." Zhang Huo nodded excitedly, "the green leaves of a hundred years are in Zhang Jia, er, the family where the elder sister-in-law is."

Zhang Huo excitedly said half a sentence, but suddenly saw Zhang Heting, can't help some embarrassment.

Wang Fan Leng Leng looked at Zhang Heting, some speechless, he did not expect, a hundred years of green leaves in this woman's family.

As long as I knew that, he would come to a fart three knife meeting. He would follow this woman directly and secretly.

"Hey, what do you want a hundred year old green leaf for? I tell you, don't give our Zhangjia any idea. Our Zhangjia is not so easy to bully as Sandao."

"What's more, although the hundred year old green leaves are really in our Zhangjia, they don't belong to our Zhangjia at all, and we just keep them on our behalf."

Zhang Heting said to Wang Fan.

She was really afraid that Wang Fan would deal with her Zhang family just as she did with Sandao. Although Zhang family was more powerful than Sandao, she didn't want her family to be the enemy of Wang Fan.

Wang Fan such a person, even if it is killed, her family will pay no small price. What's more, she didn't want to see Wang Fan die.

"How could I have thought of you Zhang Jia? You Zhang Jia didn't provoke me. In fact, I'm curious to see what the hundred year old leaves look like. I don't have any other ideas. "

"Well, since the green leaves of a hundred years are in your family, I won't join in the fun. I'm leaving. Goodbye when I have a chance."

Wang Fan said and turned to leave.

He wants to go back and make a good plan to see how to get a hundred years of green leaves.

As for the idea of not playing a hundred year green leaf, it's all cheating Zhang heting.

How can Wang Fan miss the treasure of green leaves? Although he is not going to fight directly in zhangjiaming, it is still possible to steal secretly.

It's not that Wang fan is shameless, it's just that the value of a hundred years of green leaves is too great. Now that Wang fan knows the whereabouts of Qingye, this is his chance. If he can't grasp it, he won't think of any promotion in his life.

Chapter 326

Zhang heting looked at Wang Fan's back, some depressed. She didn't expect that Wang Fan left without even looking at her. Is she really so unattractive?

Her heart is a little unconvinced, she wants to call Wang Fan, let Wang Fan to Zhangjia guest. But she was afraid that Wang Fan would come up with a hundred year old idea, so she finally put up with it.

A hundred years of green leaves is of great importance, and she dare not be careless.

Zhang Huo looked at Wang Fan's back and wanted to ask Wang Fan for a phone call, but he didn't dare to, so he could only watch Wang Fan leave.

Anyway, as long as Wang fan is in Jiyan City, he will know his whereabouts. Even if he has something to ask for, he will not be unable to find anyone.

Wang Fan didn't have the heart to pay attention to their psychology. After leaving the Sandao meeting, he found a place to eat.

It's afternoon now. Wang Fan has been running all day, and he's a little hungry.

Wang Fan went into a restaurant, ordered a few dishes, and began to grow up.

"Bitch, stop it

"Damn, if you dare to spit on me, you will die!"

"Pa!"

A noisy sound came, the glass door of the restaurant was directly smashed, and a woman fell at the foot of Wang Fan.

She also carried a bag in her hand, which contained soy sauce, vinegar and vegetables. When the soy sauce and vinegar were broken, the vegetables flew all over the ground.

The surrounding diners panicked and fled away from the restaurant. The boss and the waiters were too scared to come out of the kitchen.

Wang Fan frowned and didn't move. He was still eating there.

He is a little speechless. The city of Jiyan is really in a mess. He didn't expect that he would encounter this kind of thing even if he had a meal.

"Damn, you're a servant. It's your good fortune for me to take a fancy to you. He still dares to resist. I think you're impatient."

"Do you believe that the young master is taking you to Zhang Jia now, and he dares not fart in front of Zhang Beicheng?"

A young man walked into the restaurant with two doglegs, his eyes full of anger.

Wang Fan looked at these three people, eyes narrowed for a while, heart emerged a touch of shock.

One day after the peak, two days after the beginning?

He didn't expect to meet such a master even after a meal. It seems that the charm of a hundred year old green leaf is really great, and countless experts have poured into this tiny place.

The woman's face turned pale, but she looked up and saw Wang Fan. There was a touch of excitement in her eyes. She was about to ask for help, but she suddenly came down.

Then she remembered that it was no better now than it had been. Although Wang fan is powerful, he is just aiming at ordinary people. In the face of these powerful people, he has no resistance at all.

To ask for help is to harm Wang Fan again.

"Murphy?" Wang Fan also saw the girl's face clearly and became shocked.

This girl is Mo Feifei, his cheap classmate Hou Tao's girlfriend. But Hou Tao is too scum to give Mo Feifei to Liu Tiancheng, so Mo Feifei kicks Hou Tao.

Wang Fan remembers that Liu Tiancheng insulted Mo Feifei and kidnapped Mo Feifei at that time. He saved them all.

Wang Fan was a little happy when he met Mo Feifei, an old friend, in Jiyan, a place where birds don't shit.

The only bad thing is that moffeifei's luck seems not very good, always being chased and beaten.

"Do you know each other?" The day after tomorrow's peak youth has come forward with two doglegs. He points to Wang Fan's nose,

"I don't care whether you recognize me or not, I'll get out of my way. Don't meddle in your business, or I won't kill you."

Good? He's arrogant.

Wang Fan eyebrows pick, is going to hand, Mo Feifei is suddenly stood up.

"Brother, I don't know him. Please don't involve others. I'm going with you. I'm going with you. "

Mo Feifei gritted her teeth and walked towards the youth.

Wang Fan has saved her several times. She must not implicate Wang Fan.

Although she had never found a man after what happened in those years, she was willing to give her body in order not to involve Wang Fan.

Anyway, she is not clean, so why care so much.

"Count you know" youth is going to count your interest, and intend to use their hands to catch moffeifei that full of temptation rabbit, but Wang fan is a will moffeifei pulled back.

"Don't worry, Murphy. We're acquaintances anyway. I won't be helpless. I don't care if it happens to me. Since it happens to me, I will stand out for you. "

Wang Fan said.

Mo Feifei was about to cry and struggled wildly. "This gentleman, do you recognize the wrong person? I don't know you. Please let me go."

Others don't know young people's abilities, doesn't she? In the eyes of others, Wang fan is just like a mole ant."What are you afraid of? Are you afraid of these flies? Don't worry, just these flies, you can't help me

Wang Fan frowned and said.

But his words fell into Murphy's ears, but he didn't know that heaven was high and earth was rich.

Mo Feifei is crying, but he can't get rid of Wang Fan, so he can only pray.

The young man and the three doglegs were almost furious.

Even some people dare to say that the stronger they are after tomorrow is a fly. It's like looking for death! Wang fan is a fearless ignorant man!

"What a big tone! How dare you speak in front of my grandfather? Do you know who I am?"

"Do you think that after a few days of training, you will be invincible and powerful, and you can be arrogant? It's really blind. Grandfather will let you know what real strength is

The young man's eyes are ready to crack, and his body is full of murderous spirit.

But before his words were finished, Wang Fan had already kicked him in the stomach. He was kicked up, smashed the window glass and fell to the ground.

Those two doglegs at the beginning of the day after tomorrow are all silly. The young master was kicked off like this. How can they seem to be dreaming?

Mo Feifei is also dumbfounded, but her heart is completely sink down, the secret way a finished.

"Who are you now? I'm listening. But if you have such strength, I'm really disappointed. I don't know how you dare to speak out. "

Wang Fan said with a sneer, his eyes full of disdain.

"Do you know his sneak attack?" When the young man got up, he felt his whole face burning and angry.

He's a great master. He was kicked away. It's an insult!

"I'll kill you!" He roared wildly and pounced on Wang Fan fiercely.

The momentum of the day after tomorrow's peak is depressed, just like a mountain falling from a height, which makes everyone around feel depressed.

Mo Feifei, who was standing beside Wang Fan, turned pale and could hardly breathe.

"Don't think too much of yourself!" Wang fan is not afraid, disdain a smile, grab two plates throwing darts like thrown out.

The plate revolved at a high speed. One plate smashed at the youth Dantian, which removed most of his strength. At the same time, another plate smashed on his head.

Chapter 327

Bang!

Bang Dang!

Two sound, the day after tomorrow the peak of the youth covered his head and fell to the ground.

His two doglegs were all in a daze and didn't react for a moment.

Their boss is a master of the day after tomorrow. Now he looks like a hooligan fighting. He is knocked down after two fights.

Mo Feifei is also stupefied, some ignorant force.

"Go away with your master. Next time I meet you robbing women in the street, it's not a matter of two plates."

Wang Fan looked at the two doglegs and said.

They looked at Wang Fan with an ugly face. Without a word of nonsense, they picked up the young man and left the restaurant.

Their masters are not Wang Fan's opponents. They are looking for abuse together. There is no need.

"Ah, you really beat Lian Hong. How can that be?" Murphy cried out, feeling like a dream.

"Have you eaten? Sit down and have some together. By the way, how did you come to Jiyan and get along so badly? " Wang Fan ignored Mo Feifei's fuss and asked with a smile.

Jiyan is not a good place. He really doesn't understand why Murphy, a girl, is here.

"I didn't come by myself, I was bound." Mo Feifei some embarrassed said, "after the last thing happened, I was in a bad mood, on the newspaper tour."

"The tourist spot happened to be the Hanzhong generation. Because I was accidentally lost with the tourists, I was bound to Jiyan."

"Fortunately, I was lucky. My wife saved me. I felt she was good to me. I had no place to go, so I stayed here to be a servant."

Wang fan is a little speechless. This moffeifei is really a poor man. Everything can happen.

"Wang Shao, what do you come to Jiyan for? Is it for the sake of a hundred years of green leaves?" Mo Feifei did not seem to want to mention his past, asked.

"Do you know the green leaves of a century?" Wang Fan was speechless again.

Is Centennial green leaf so famous? Even a servant knows it. In this case, people all over the world will have to come and rob it. He's still robbing a fart.

"I've heard it, but I haven't seen it. All I know is that for the sake of that hundred year old green leaf, many powerful people have come to Jiyan and become more chaotic than before. "

"By the way, Wang Shao, when did you come and find a place to live? If not, why don't you go to my place. Although the environment is not very good, but living is comfortable

Murphy said.

"It's not good to go to your place. After all, you're just a servant. I'll just find a hotel to open a room." Wang Fan shook his head.

"You can't find a room. All the hotels, including the small ones, are full."

"You'd better come with me to my place. Don't worry. I know I'm not good enough for you. I don't think too much of you. I just want to repay you as much as I can. "

Murphy bowed his head and said sadly.

She thinks that Wang Fan dislikes her. Although she hasn't touched a man for a long time, she is no longer clean.

"What do you think, what's good enough or not. Well, I'll go with you to your place Wang Fan some speechless, hastened to nod to say.

He can see that Murphy has some inferiority complex. He really doesn't want to stab the poor girl again.

Wang Fan called out the boss who was too scared to come out and settled the bill, then he followed Mo Feifei and left.

Mo Feifei is very happy to see Wang Fan promise to go back with her. Her pretty face is full of smiles all the way. Only the face is red, some dare not lift up.

Twenty minutes later, Mo Feifei and Wang Fan came to a huge villa garden.

This villa garden covers a large area, and it is also very heroic. At a glance, we can see that the owner of the villa garden is not bad for money.

Mo Feifei didn't take Wang Fan to enter from the main door, but turned to a small door at the back.

"I'm sorry, Wang Shao. We're just servants, so we're not allowed to go through the front door. We can only come in through the back door. I've wronged you."

Mo Feifei is deeply afraid of Wang Fan's unhappiness and explains it.

"It doesn't matter." Wang Fan shook his head to indicate that it didn't matter, but it felt strange.

How does he feel that he has returned to ancient times? Is it so clear about the distinction between the superior and the inferior? If it wasn't for the modern villas in front of him, he would feel like he had crossed.

Mo Feifei took Wang Fan to a remote compound.

There are row rooms in the courtyard. It looks a little shabby. It's obviously where the servants live.

"Moffeifei, why did you come back so long to buy something for you?" As soon as Mo Feifei went in, an old woman in her thirties and sixties came out.

She asked with one hand akimbo and one finger pointing at Murphy.

Mo Feifei ah ah, this just remembers, oneself is chased by curtain Hong that scum insult, bought thing all gave to drop. Later, because he was excited to bring Wang Fan over, he forgot about shopping.

"I'm sorry, Sister Zhang. I forgot. I'll go out and buy it now." Mo Feifei didn't explain. He pulled up Wang Fan and left.

"Stop!" Zhang Jie a river east lion roar, the whole popularity of the block in front of the two people.

Her finger, which is thicker than a pig, points to moffeifei's head and spits. "Are you going out to buy? When you buy it, the day lily will be cold. "

"I think you forgot your business when you saw the wild man unable to walk? You little bitch, haven't you always been able to pretend to be pure? Why did you bring the wild man back today? "

Wang Fan listens to this fat woman a wild man's, in the heart is very displeased. But in order not to make trouble for Murphy, he put up with it. He frowned and didn't speak.

Mo Feifei's face changed and her words became sharp. "Zhang Cuihua, please pay attention to your words. This is my distant cousin. If you dare to insult me again, don't blame me for being impolite."

"Do you want me to call my wife to theorize, or do you want me to call Zhang shaolai to theorize?"

Mo Feifei said angrily, which surprised Wang Fan. He didn't expect that Mo Feifei had such a strong

side?

"Well, you bitch! You don't need to call Zhang Shao. I'll call him right now. I don't believe it. You all have wild men, and Zhang Shao will speak for you. "

Zhang Cuihua said in a huff and turned away.

There's a reason for her targeting moffeifei.

Mo Feifei is so beautiful. Ever since Mo Feifei came here, Zhang Jia's servants, including bodyguards, have come up with Mo Feifei's idea. Even once, Zhang Shao came here.

But Mo Feifei despised those people and politely refused.

Where is Zhang Cuihua? She tried hard to show her figure and skin, and even hinted that she was upside down. Those bodyguards didn't like her, let alone Zhang Shao. How can she balance her mind?

"Wang Shao, let's leave her alone. Let's go in." Mo Feifei ignores Zhang Cuihua and brings Wang Fan directly to her room.

Chapter 328

When Zhang Cuihua came back to the house, she began to call angrily.

Of course, she didn't have Zhang Shao's phone. This phone call was just for her lover.

Her mistress is the ugliest bodyguard of Zhang Jia. Even so, she is so shameless that she has to work hard to hook up with her.

You know, the status of Zhang's bodyguards is much higher than those of their servants. It's not easy to climb up to a bodyguard.

"What's the matter, Xiaohua? It's only five o'clock in the afternoon. You can't itch. Don't worry. I'll take care of you in the evening."

When the phone got through, there was a dirty voice.

Zhang Cuihua's face turned red, but she became shy. She looked disgusted. "Brother Cai, people are itching all the time, waiting for you to come."

"But it's not because of this that I'm calling now. It's because of the little bitch of moffeifei. By the way, are you with Zhang Shao?"

Zhang Cuihua is so old, just make a pair of jiaodidi look, but also fortunately there is no one in the room, otherwise really disgusting spit out.

"Murphy, what's wrong with her?" As soon as Zhao Ercai heard about Mo Feifei, his heart began to itch. It's a pity that he knows that even if Mo Feifei is a servant, he can't touch him.

"Murphy, that little bitch, went out to buy things. She didn't buy them back, but she brought back a wild man. I said a few words to her, and she was not happy. People are so wronged. "

Zhang Cuihua said.

"What, Murphy came back with a wild man?" As soon as Zhao Ercai heard this, he was angry. "You wait, I'll be right there."

Are you kidding? Even if Mo Feifei is not what he can touch, he will not allow wild men outside to touch him. How can you let others get ahead of others without flowing fertilizer?

Zhao Ercai is very angry, and all the girls are in their house. It's really unreasonable.

"Well, I'll wait for you." Zhang Cuihua Jiao didi said and hung up the phone.

Wang Fan naturally did not know that Zhang Cuihua had asked someone to clean him up. Now he had entered Mo Feifei's room.

Mo Feifei's room is not big, but it is clean. There are several plush dolls at the head of the bed, which is a woman's boudoir.

However, when Wang Fan looked left and right, he only saw a bed, not even a sofa.

If he lived here, where would Mo Feifei sleep?

"Feifei, if I sleep here at night, where do you sleep?" Wang Fan couldn't help asking.

"I can lay on the floor. If you don't like me here, I can sleep with other people." Murphy said.

"Make a shop on the floor?" Wang Fan some speechless, "how can I let you hit the floor, or I hit the floor."

If he had known this, he would not have come. What's the matter.

"Let's talk about it in the evening, Wang Shao. Now you have a rest here. I'll be busy." Mo Feifei didn't tangle with Wang Fan about these problems. With a red face, he went out.

Just as she just walked out of the room, she came back with an ugly face.

"What are you doing? I don't welcome you here. Don't come into my room." Murphy said coldly.

"We're not welcome? Who is he and why is he in your room? " A rough voice came out, followed by a roar.

"Wild man, get out of here! Damn, is this where you should be? I'm so blind to pick up girls! Wild man, get out of here, or I'll give you shit. "

With the sound, Mo Feifei's body was directly pushed away. Zhang Cuihua came in with a bearded, short and ugly looking man.

"Zhao Ercai, if you dare to fool around again, I will ask my wife and Zhang Shao to do justice for me." Murphy gritted her teeth and hated the two men.

She finally invited Wang Fan to come here, but these people tried to trouble her again and again. If Wang Shao left in a rage, she would be ashamed.

"Zhang Shao? ma'am? You look for it! Zhang shaobang, you just want to sleep. Do you think he really treats you as his sister? Do you deserve it? "

"Now that you've brought back the wild man, you'll be ruined by the wild man Cao. Do you think Zhang Shao will help you?"

"What's more, at this juncture, you don't want him to come back with an inexplicable wild man, not to mention Zhang Shao. Even if you really care about your wife, you probably won't help you."

Zhao Ercai arrogantly said, pointing to Wang Fan, "dog day wild seed, you get out of my house, damn Cao BIDU Cao to my house, you big dog gall, get out of my house right away."

Mo Feifei's angry face turned white. She didn't expect that Zhao Ercai was very polite to her on weekdays. How could she be so shameless today.

Wang Fan also frowned, this guy's words are really too ugly, even dare to scold his dog day wild seed, also caobi caobi, don't beat him, just sorry for yourself.

"Ugly, what did you call me just now? If you have the guts, please call me again?" Wang Fan stood up with cold eyes. He has never been able to endure, what endure a calm, go to him, revenge not overnight is his style.

Even if Zhao Ercai is a small figure in Wang Fan's eyes, Wang Fan disdains to step on him, but when it comes to provocation, Wang fan doesn't mind patting flies.

"Yell, you're so damn rude! What's the matter? You're not convinced? Damn, I dare to call you ugly. I've skinned you. "

Zhao Ercai hated being called ugly. He was so angry that he trembled all over.

He's here to pretend that Wang fan should be scared. It's the script to kneel down and beg for mercy. Now he's beaten by Wang Fan. How can he do it.

Angry, Zhao Ercai directly dodges Mo Feifei and rushes to Wang Fan. He must beat Wang fan out of the dung. He dares to call himself ugly.

Wang Fan looked at Zhao Ercai with a sneer. When Zhao Ercai rushed in front of him, he slapped several palms in the past.

Zhao Ercai was fan in place to turn several circles, and finally Wang Fan kicked down again and again.

"I said you are so ugly. How can you come out and bite? When your mother gave birth to a baby, did she throw the baby away and raise the placenta as big as you? "

Wang Fan's words are merciless. The goods scold him for being wild. How can he be merciful?

Zhao Ercai was stunned and forced. When he recovered, he roared, "you dare to beat me, you wait for me."

He got up and ran away.

Wang Fan didn't pay any attention and let Zhao Ercai leave.

Zhang Cuihua stood at the door foolishly, and never recovered.

Zhao Ercai is the bodyguard of Zhang Jia. How could he be killed in three or two?

She was even more jealous of Mo Feifei. Even if she found a handsome wild man, she was still so powerful. It was unreasonable.

Zhangjia reception hall.

Zhang Beicheng, the head of the Zhangjia family, is speaking respectfully with three men and one woman. These three men and one woman are all experts sent from above. They come here specially to pick up the hundred year old green leaves.

Since the arrival of Qingye in Zhangjia, Zhang Beicheng has been terrified, and now he is at ease.

As a matter of fact, few people know the news that Centennial green leaves are in Zhangjia. Most people only know that Centennial green leaves are in Jiyan, but they don't know that they are in Zhangjia.

The reason why Zhang Huo of the three sabres meeting knew it was by chance. It was Wang Fan who was lucky enough to ask the right person.

Chapter 329

"Mr. Huo, I'm so happy that you can come. These days, I can't sleep at night, and I can't live in peace." Zhang Beicheng took a sip of tea and said half jokingly and half seriously.

Zhang Jia is just a small family, which depends on the power above. This force is called lieyun Pavilion. It has no reputation in the secular world, but it is very mysterious and has numerous experts.

There are too many forces like Zhang's who are attached to lie Yun Pavilion. They are not only Zhang's.

Therefore, if Zhang Jia can get the recognition of lie Yun pavilion through this event and send several experts to sit down, Zhang Jia's status will soar.

"Master Zhang, don't worry. This time your family has made great achievements. They will not treat you badly."

"A hundred years of green leaves is of great importance. It's not easy for you to keep them safely with us. It is not impossible for you to settle in the capital and become one of the eight families in the capital."
"

The young man, surnamed Huo, took a sip of tea and took a dim look at Zhang heting, who was standing behind Zhang Beicheng.

Listening to his tone, he did not pay attention to the eight families in Beijing.

"Thank you, thank you." Zhang Beicheng becomes excited. If Zhang Jia can really become one of the eight families in Beijing, it will really soar to the sky.

He had just thought that it would be nice for Zhang Jia to become the first member of Jiyan, but he didn't expect to drop such a big pie.

"Ting'er, what are you still doing? Why don't you make tea for Mr. Huo?" Zhang Beicheng thanks excitedly, and suddenly sees that Mr. Huo's tea is gone. He says to Zhang heting.

"Oh." Zhang heting answered and went to make tea.

She doesn't like this young master Huo very much. This guy's eyes are too dishonest. He always looks at her sensitive parts.

But she knew that these guys were all sent from the top, which was not easy to provoke, so she could only frown and make tea.

The other two men and a woman who were with Mr. Huo just sat quietly drinking tea, and did not speak.

The two men were better, at least with a smile on their faces. The woman's face was a little cold, and she didn't smile, as if others owed her millions.

"Er Shao, you have to decide for me." A quick voice came, and Zhao Ercai, whose face was beaten into a pig's head, stumbled in.

After he came in, he found that the owner of the house was also there, and there were four young people he didn't know at all.

Zhang Er Shao, sitting in the corner, frowned and was about to speak. Zhang Beicheng already spoke angrily.

"Who are you? How can you be like this? Don't you see that I'm entertaining guests? Are there any rules for you to stumble in like this?"

"I'm Zhao Ercai." Zhao Ercai had a runny nose and a tear,

"that bitch Mo Feifei brought a wild man back. I was afraid that the wild man was plotting against our Zhang family, so I wanted to drive him away, but unexpectedly, that guy beat me up."

"Murphy, wild man?" Zhang Beicheng frowned and didn't know what Zhao Ercai was saying. As the head of his family, it is impossible for him to know those servants.

"Mo Feifei is a servant of our family." Zhao Ercai quickly explained, "that guy is too arrogant, you have to make decisions for me."

"Son of a bitch!" Zhang Beicheng's nostrils were smoking, and he kicked Zhao Ercai three or four meters away. "Get out of here, get out of here, don't show your face to me!"

Nima, after a long time, is she a servant? All the servants' affairs have come to him. Are you ashamed?

Zhao Ercai was kicked over several rolls, aggrieved want to die. But a word did not dare to say, gray left.

"I'm sorry to make you laugh." Zhang Beicheng saw Zhao Ercai leave, very embarrassed toward Huo Gongzi and others said.

He doesn't want to leave a bad impression in front of these four people. If people think Zhang Beicheng is incompetent, how can he get along with his family.

"No harm." Master Huo said with a smile, as if he didn't mind at all.

At this time, Zhang heting has made tea and brought it to Mr. Huo. With the help of pouring tea, Mr. Huo's big hand pinches Zhang heting's buttocks.

Zhang heting was a little angry, but she didn't dare to break out. She had to finish pouring tea quickly and left.

Zhang Beicheng also saw Mr. Huo's little action. Instead of being angry, he became overjoyed.

If Zhang heting can develop with Huo Gongzi, even if it's just dating, it will be of great benefit to his family.

In a family like theirs, girls have no status at all. They are just tools for marriage.

Thinking of this, Zhang Beicheng immediately said,

"Mr. Huo, it's not easy for you to come to Jiyan. Why don't you let my daughter accompany you and enjoy the night scenery of Jiyan? However, the city of Jiyan is in a mess recently. You should protect your little girl. "

"It's a great honor. I can't wait for Huo. I just don't know if sister Ting can appreciate it. As for safety, don't worry, uncle. Even if Huo is dead, she can't be hurt. "Mr. Huo is obviously a smart man. He immediately takes over and says with a smile.

Zhang heting wanted to throw up, but she didn't dare to say anything.

Zhang Beicheng is elated and stares at Zhang heting, "Tingting, what are you still doing? It's your honor not to take Mr. Huo out for a walk."

Boom!

A loud noise, two bodyguards smashed the door, flew in, covered with blood fell in the center of the living room.

Zhang Beicheng was startled at first, and then burst into a rage, "who the hell dares to make trouble in my Zhangjia? I want to die!"

He's almost mad. There's nothing wrong at home. Now Mr. Huo and others are here, but one after another things happen. Isn't it true that I can't live with him?

"What a big tone. I'm making trouble in your family. What can you do for me?" An arrogant voice came in, and three men stormed in.

The one who opened his mouth was the man standing in the middle. He was of ordinary shape, but his momentum was extraordinary.

If Wang Fan was here, he would recognize that the young man on the left was Lian Hong who chased and insulted Mo Feifei in the afternoon and was beaten by him.

"Come on, give it to me." Zhang Beicheng is very angry and is going to ask someone to take these people down.

The curtain Xing in the middle ran to him as if no one else. His left hand picked him up and his right hand slapped on his old face.

"Why, do you want someone to take me? You are very capable! I'll give you a minute to call me that bitch named moifei and her son of a bitch who dares to beat my younger martial brother, or I'll break your neck. "

Zhang Bei blushes and his neck is thick. He looks at Mr. Huo for help.

Mr. Huo didn't disappoint him, so he immediately stood up and said, "brother, is it too much for you to do this"

before he said his excessive words, Lianxing rushed to him and slapped him.

Master Huo was shocked, but he couldn't resist at all. He was slapped dozens of times and fell to the ground.

When the other three saw this, they rushed forward one after another, but their strength was not the same level as this curtain Xing.

Curtain Xing just out of the three feet, the three people all fell down, no longer the power of a war.

Shock!

Shocked!

Fear!

This is the master of the day after tomorrow!

Mr. Huo was cold from head to toe, but he didn't dare to fart.

Curtain Xing picked up four of Huo Gongzi and walked to Zhang Beicheng with a smile, "why, didn't I hear what I said? Do I have to repeat that again? "

"No, No." At this time, Zhang Beicheng didn't know where he was. These three guys were all ruthless. Even four of Huo could not afford to offend them.

He didn't talk nonsense. He yelled immediately, "bring moffeifei and the wild man to me right away, quick!"

"You're smart." Curtain Xing picked up Zhang Beicheng, threw him to the ground, sat down with a golden sword, and then pointed to Zhang heting, "you, come with me."

Zhang heting trembled all over.

Chapter 330

"Why, I didn't hear what I said. Do you want me to say it again?" Curtain Xing see Zhang heting no action, eyes immediately become cold.

"Mr. Huo, help me, didn't you just say" Zhang heting turned pale and looked at Mr. Huo for help.

Just her words haven't finished, have already been interrupted by Huo childe panic, "what did I say, I didn't say anything."

Huo childe said, and looked at curtain Xing with fear, "big brother, you want to play with her, although play, I have nothing to do with her."

In the face of strength, everything is a cloud.

Young master Huo forgot what he said just now and turned his face mercilessly.

He also wants to move out of the backstage to threaten Lianxing, but he knows that once threatened, Lianxing is likely to kill him directly.

In that case, even if lie Yunge avenged him in the future, it would be meaningless for him.

"Girl, I'm lucky that you're in my eyes. Don't be shameless. You can't count on the rubbish you rely on now. Why don't you come here quickly? "

Curtain Xing disdain of hum, looked at Zhang heting.

Mr. Huo was scolded as a waste, but he still didn't dare to say a word, and he didn't dare to fart.

"I'll fight with you!" Zhang heting can't count on others. She suddenly clenches her teeth, pulls out the bayonet she carries and stabs Lianxing.

She must not be insulted by such people.

It's just that although she is quite good compared with ordinary people, she is no different from the day after tomorrow's perfect curtain Xing.

Lianxing is too lazy to hide. As soon as she tries, she grabs Zhang heting's wrist. Then she pinches and pulls it. The bayonet falls to the ground, and Zhang heting is also pulled into her arms by him.

"Wang Shao, I'm sorry, I'm the one who bothered you. That Zhao Ercai will definitely send people to come here. You'd better hurry up. " Mo Feifei said to Wang Fan in panic.

As long as she knew this, she didn't bring Wang Fan here. Now it's better, even if she didn't give Wang Fan a place to live, she caused a lot of trouble.

"You can go with me. If something like this happens, you can't get along in Zhangjia. When this is over, I'll arrange for you to join Yindi group, and then no one will bully you. "

Wang Fan said.

Mo Feifei wanted to refuse, but when he thought about Wang Fan's words, he nodded and agreed.

She had a conflict with Zhang's bodyguard. Even if she continued to stay in Zhang's house, the future would not be easy.

After that, they left directly.

But before they could get out of the compound, a group of bodyguards rushed over.

"Damn, you bitch, you want to run even if you get into trouble. Where the hell are you going? Go with me!"

The first bodyguard said angrily, stretched out his big hand and grabbed Mo Feifei.

Just his big hand has not caught Mo Feifei, has been kicked out by Wang Fan.

"Go away! For Zhang heting's sake, I don't care with you this time. If you dare to stop me again, don't blame me for being cruel. "

The bodyguard was surprised and angry, but he didn't dare to let others do it again. "You're the wild man, you've caused disaster for our family, but now you want to pat your ass and go, are you still not human?"

"Disaster, what disaster?" Wang Fan some wonder, he beat a Zhao Er Cai, this is also called disaster?

"If you come with me, you'll know. People have already killed you. Now I'm looking for you!" The bodyguard said angrily and took the road directly in front of him.

"Let's go and have a look." Wang Fan followed up with a frown.

The reason why Wang Fan went with his bodyguards was that he really wanted to know how he brought disaster to Zhang Jia.

The second is that the hundred year old green leaves are in Zhangjia. Now someone has killed them. Wang fan is afraid that those people will take the hundred year old green leaves directly. In that case, it would be difficult for him to find the whereabouts of the hundred year old leaves.

Five minutes later, Wang Fan and Mo Feifei were taken to the reception hall.

Curtain Xing Damascus sitting in the main position, arms holding Zhang heting, big hands in the clothes wantonly swimming.

Zhang heting's eyes are full of tears, and there are several slaps on her face. It is obvious that she was beaten just now.

"Bitch, how dare you come? Elder martial brother, it's him, it's him who humiliates me, I want to abolish his limbs! "

See Wang Fan two people, sitting on the other side of the curtain Hong, immediately face ferocious roar up, eyes full of endless killing.

Wang Fan see curtain Hong, immediately understand everything, feelings are really their own disaster.

"It seems that you've really recovered from my limbs. I've given you a chance. Now that you've sent me to look for death, don't blame me for being rude."

Wang Fan said with a sneer, flashed directly in front of the curtain, and raised his legs.

Click, click, click.

Lian Hong's limbs were directly crushed by kicking, and he grinned and uttered a pitiful cry.

He didn't expect that Wang Fan was so arrogant that he dared to touch him in front of his elder martial brother. Let alone Lianhong, everyone in the hall was shocked and numb.

Mr. Huo, in particular, was so scared.

This NIMA does not say a word to waste curtain great limbs, curtain Xing if vent anger to them, how to do?

"You want to die? If you want to die, you can die by yourself. Don't involve us Master Huo cried, and

finally looked at Lian Xing,

"elder brother, we don't know him, we have nothing to do with him. If you want revenge, don't look for us, just look for him! "

"Shut up Wang Fan didn't know who Mr. Huo was, but he was a little annoyed. He walked over and kicked him to the corner, then looked at the curtain Xing in the middle.

"You're the one looking for me? I'm here now. What can I do for you? " Wang Fan asked coldly.

He has already seen that this curtain Xing is a perfect master the day after tomorrow, but he doesn't pay much attention to it.

Wang Fan's actual realm is only the peak of the day after tomorrow, but he has rich experience in actual combat. Generally speaking, he has no rivals at all.

If you add the invisible knife on his body, even in the early days of his birth, it is not impossible to kill him.

Of course, this is just the general situation. If you meet a special abnormal strong man, you may also go over the level to fight Wang Fan.

After all, there are too many fierce people in the world, and Wang fan is not the only one who can kill people at a higher level.

Zhang heting looks at Wang Fan foolishly, feeling that she is dreaming.

How did this guy come to Zhangjia? Did he really come to rob the hundred year old green leaves?

It's said that he got in touch with a servant of his family. It must be the woman beside him, right?

That's disgusting. Isn't that woman a little younger than herself? Where can I compare myself with my status and stature?

He paid no attention to himself, but on the other hand, he colluded with a servant. It was shameless of him to think about it.

"Well, well, what an arrogant bastard, dare to abolish my younger martial brother, you are very good! If I don't scratch your skin and cramp you today, I'll give you my last name! "

Curtain Xing Qi's whole body trembles, pushes Zhang heting to the ground, Teng's stand up, murderous.

"Don't fart here if you want to be successful the day after tomorrow. I'm very busy and I don't have time to talk nonsense with you."

Wang Fan said disdainfully.

A day after tomorrow peak, unexpectedly said that he day after tomorrow perfect is only?

Lianxing is so angry!

He didn't talk nonsense. He directly drew out the long knife behind his back and jumped forward to kill Wang Fan.

Powerful and murderous!
