### **Chapter 3221**

"Arrogance! Don't be ashamed When Zhang Kuang heard Wang Fan's words, he was so angry that his face sank in an instant.

He gave an angry rebuke, and suddenly burst out a breath of terror. The next second, the whole person had killed Wang Fan.

He just wanted to challenge Wang Fan politely and take away Wang Fan's space ring.

But he never thought that Wang fan should be so arrogant. In that case, what is he polite about?

When Wang fan saw Zhang Kuang's hand, the smile on his face suddenly disappeared and became cold.

This guy is really shameless. It seems that he is determined to grab his own space ring. In that case, don't blame him for being rude.

Wang Fan didn't even move at all, just a little bit of emptiness in his fingers, "Lei Lai."

In a flash, the endless thunder appeared crazily and shrouded around Wang Fan.

Those terrible thunder, each with a bucket thickness, set off a crackling sound, rave is violent and terrible.

Zhang Kuang felt the scene and his face changed.

But he did not stop, but suddenly waved his hands, in an instant, endless Xianyuan storm has appeared.

Those fairy yuan storm set off a terrible pressure, directly toward Wang Fan killed in the past.

"Boom boom!"

A series of deep blasts spread out. When the terrible Xianyuan madness hit the thunder, it was as if he had encountered something terrible, and it suddenly went out. However, the terrible thunder storm was not affected at all.

Wang Fan coldly looked at the arrogance, only endless indifference in his eyes, "I didn't intend to move you, but since you are in a hurry to send a space ring, don't blame me for being impolite."

Wang Fan said, his right hand suddenly forward, "go!"

In a flash, the endless terrible thunder storm, has set off a road of terror thunder, directly toward the past.

The thunderclap makes a crackling sound. Everything in this space is submerged by the thunderclap.

Zhang Kuang felt this scene, his face finally changed and became extremely ugly.

Although he is not a top-notch student in Fengqian college, he is already very strong. And he knows those who are better than him.

But where did Wang Fan come from? Why did he never see him?

It was too late for him to think so much. A loud bang came out, and he had been hit by the thunder, and then he flew out with a scream.

As for his body surface defense, it is like a joke, completely vulnerable.

Zhang Kuang fell to the ground and looked at Wang Fan with an ugly face. Then he left his own space ring and left.

He regretted that. If he had known that Wang Fan was so powerful, he would not have provoked him. Now it's better. It's like throwing a stone at his own feet.

Wang fan is too lazy to pay attention to the arrogance of running away. He grabs the ring of the arrogant space and doesn't care much.

But when he saw what was inside, his eyes lit up.

This arrogance is quite rich.

Wang Fan even thought, do you want to challenge others like Zhang Kuang?

In this way, he will be rich soon.

Of course, Wang Fan just thought about it and didn't really do it.

He soon came to the place where he signed up for the examination.

Just, looking at the dark crowd, Wang Fan was a little silly.

There are so many people who have to wait in line. How long will it take?

But even though he was speechless, Wang Fan stood in line honestly.

After two hours, Wang Fan successfully signed up.

However, he did not return to the cave, but went to the so-called Xianyuan field.

When Wang fan saw the so-called Xianyuan field from a distance, he was speechless. It's really Xianyuan field here.

Because in front of his eyes, is a huge square. But the square is separated by countless separate Xianyuan room.

Of course, the fairyland is not open-air, but guarded by various prohibitions.

Wang Fan's mental power wants to sweep in and see what's going on inside, but it's blocked and can't sweep in at all.

Outside Xianyuan, a separate house was built.

Obviously, that room is the entrance to Xianyuan farm, but if you want to enter it, you have to spend enough zijindan.

When Wang Fan came to the hut, the eyes of many students around him fell on him.

Wang Fan didn't care, but looked at an old man in the hut and politely asked, "this elder, I want to ask how many purple elixirs it takes to practice politeness."

The old man in the house is a slovenly looking old man, even his clothes are a little ragged. When he heard Wang Fan's words, he raised his turbid eyes and glanced at Wang Fan, then he said,

"low level Xianyuan room, 10000 purple gold pills a day, intermediate Xianyuan room, 100000 purple gold pills a day, high level Xianyuan room, one million purple gold pills a day. What level of xianyuanshi do you want to go to? "

When Wang Fan heard this, he couldn't help but feel stunned. It wasn't that he thought the price was expensive, but that it was cheap. Yes, it's too cheap.

Maybe the ordinary students can't take out the advanced Xianyuan room for one hundred thousand days, and they can't afford to practice. But there should be no one who can't afford to practice in the Xianyuan room of ten thousand purple gold pills?

"Get me an intermediate Xianyuan room. Here's the Shiwan Zijin pill. I'll practice for one day first."

Wang Fan handed over a hundred thousand purple gold pills and said.

Hearing Wang Fan's words, not only the old man had some silly eyes, but even the surrounding students were also some silly eyes.

Who is this man? He can even use the intermediate Xianyuan room with a hundred thousand purple gold pills for one day?

You know, for many students, it's a lot of money.

The most important thing is that we can only practice for one day.

But why did Wang Fan only practice for one day when he could use this kind of Xianyuan room?

One day is enough for what?

But soon they want to understand, Wang Fan this guy, must just want to see what Xianyuan room looks like.

Wang fan is not the first one to do this kind of thing. The only difference is that when others see Xianyuan room, they all open a low-level Xianyuan room, while Wang Fan opens an intermediate one.

Wang Fan sees old hair Leng, can't help but ask, "what's the matter, is there any problem, can't book one day?"

"Cough." The old man coughed twice and nodded quickly, "yes, this is the number and key of Xianyuan room. You can go in."

The old man quickly said, put away the space ring at the same time, handed Wang Fan a brand.

"Master, do you have an intermediate training room? Open it for ten days." At this time, a voice suddenly came, and a very elegant looking young man from the eighth floor of Tianxian came.

Wang Fan just took a look at the young man, but he didn't pay any attention and planned to go in.

But at this time, the old man said, "there is no intermediate Xianyuan room, you can open low-level or high-level."

That youth Leng for a while, followed by Wang fan saw the hands of the intermediate Xianyuan room brand.

### **Chapter 3222**

"Well, wait a minute." When the young man saw the middle-level Xianyuan room sign in Wang Fan's hand, he immediately said.

Wang Fan looked back at the young man and asked indifferently, "what's the matter?"

The young man frowned slightly and said, "give me the intermediate Xianyuan room you ordered. I can give you 500 more purple gold pills."

His tone is very strong and his attitude is even higher.

Around the students to see this scene, that look to Wang Fan's expression, all showed sympathy.

They all know this young man. His name is Zhuo Tianao. He is one of the most famous students in Fengqian group.

Wang Fan's accomplishments were not only on the seventh floor of the celestial being, but they had not even seen him. He was obviously not a powerful person.

So in their view, Wang Fan was Zhuo Tianao so ask for Xianyuan room brand, is not nonsense.

However, what surprised them was that Wang Fan just glanced at Zhuo Tianao and ignored him.

As if he had not heard Zhuo Tianao's words at all, he continued to walk forward.

Seeing this scene, everyone couldn't help being stunned for a moment, and then showed an expression of great interest.

Is Wang Fan ignoring Zhuo Tianao?

What a proud guy.

It's just that it's going to end badly, isn't it?

Zhuo Tianao also couldn't help but Leng for a while, and immediately his figure flashed and stopped in front of Wang Fan.

"Didn't you hear me? Give me your brand! But now, five hundred purple elixirs are gone. "

He stares at Wang Fan coldly. When he talks, his eyes even burst out murder.

Wang fan is just a fairy. How dare he despise him.

"Pa!"

Wang Fan a sneer, directly a space ring on the ground, disdain of the way, "I give you a thousand purple elixir, roll!"

Wang Fan's voice fell, and the whole scene was dead.

What did he say? Get out of here?

How dare he let Zhuo Tianao go? Is this not fatal?

Zhuo Tianao's face is even more in an instant iron green, become incomparably ugly.

He ferociously looked at Wang Fan and said, "what do you say, you say it again?"

"Is there something wrong with your ears? I told you to go away, didn't you hear me?" Wang Fan looked at Zhuo Tianao with disdain and spoke indifferently.

His heart is also very angry, this oneself just ordered the intermediate fairy yuan room, this guy will come to rob, who does he think he is?

Don't say that this guy is only a 500 purple elixir, and his attitude is still so high.

Even if he gave ten thousand purple gold pills and was very polite, Wang Fan would not give face.

After all, he heard the old man say that there is no intermediate Xianyuan room now. In this case, why should he let it out?

"You want to die!" Zhuo Tianao was angry, and the killing was immediately uncontrollable and broke out directly.

His right hand swings in an instant. In an instant, the water element in the air wriggles wildly. Just breathing, the water element has been condensed into ice guns.

"Dare to challenge me, Zhuo Tianao. You are very kind. I want to see if you can be so kind later."

Zhuo Tian Ao said with a gloomy face, and suddenly roared, "go!"

In a flash, the ice guns had stabbed Wang Fan's head.

For a moment, it was freezing, and the students around even felt a chill.

Wang fan saw this scene, also became angry.

Nowadays, there are so many people who don't have long eyes. They have been provoked repeatedly. Is it hard for Wang Fan to look so bullying?

Wang Fan thought angrily in his heart, and a golden light had sprung up all over his body.

The bright golden light bathes his whole body, and his whole body looks as if he is bathed in the golden ocean.

Wang Fan didn't stop at all. Almost at the moment when the golden light was around his body, his right

fist had already carried the golden light of Taoism, and he blew it out directly.

His fist banged against the ice gun, and with a click, the ice gun smashed.

Wang Fan's fist is indomitable, directly hard to the body of Zhuo Tianao.

Zhuo Tianao's face changed and became extremely ugly.

He never thought that Wang Fan's understanding of gold would be so powerful.

If he had known that, he shouldn't have been so careless.

Zhuo Tianao in the face changes, the body began to quickly retreat, but, still slow step.

With a bang, Wang Fan's fist banged heavily on his chest, and the thick Xianyuan burst out of his fist and burst directly into his body.

With a series of noises, the layers of defense on his body surface were smashed immediately, and then the whole person screamed and flew out.

When people around saw this scene, they were all stunned. Even the old man guarding xianyuanchang was a little surprised.

Wang Fan, the seven level cultivation of Tian Xian, unexpectedly lost the eight level Zhuo Tian Ao of Tian Xian. How can this be possible?

When will there be such a strong character in their college, and they don't know yet?

Zhuo Tianao fell on the ground, immediately spewed out a mouthful of blood, his face is even more iron blue up.

His anger expanded wildly, and the killing was even more intense.

Just as he was about to get up and fight with Wang Fan, another big foot had already stepped on him.

This foot not only shattered his countless bones, but also his countless meridians. Zhuo Tianao was seriously injured in an instant.

Wang Fan's expression is extremely calm, he just looked at Zhuo Tianao, disdained to say, "on your strength, dare to say I want to die?"

"I wonder how you have the face to say that. Besides, I don't know how to live to the present for a guy like you who is arrogant and has no strength

Zhuo Tianao heard Wang Fan's words, almost breathless a mouthful of blood.

At the same time, his heart is also very shocked.

Fengqian college, when appeared Wang Fan such abnormal fairy seven layers, how did he never know?

"Go away, remember, don't insult yourself next time."

Wang fan is no time and Zhuo Tianao wordy, directly cut off his fingers, take away his space ring, and then kick him out.

Looking at this scene, the students around were stunned.

This is really strong.

However, no one sympathizes with Zhuo Tianao.

After all, the world of friars is the law of the jungle. Zhuo Tianao is not as powerful as Wang Fan. He even wants to rob Wang Fan's Xianyuan room and even kill Wang Fan. This is his shame.

At the same time, they all remember Wang Fan's appearance in their hearts. This guy is definitely a hidden genius among the students. Don't offend him in the future.

"You wait for me. If you don't take revenge, I'm not Zhuo Tianao." Outside, Zhuo Tianao fell to the ground, but he made a ferocious and venomous voice.

What happened today is a great shame to him!

### **Chapter 3223**

Wang fan is too lazy to pay attention to Zhuo Tianao's threat.

He practiced for such a long time, even if he was not threatened a hundred times, there were 80 times, but he was still alive.

To be honest, if it wasn't for Fengqian college, he would have killed Zhuo Tianao. How could he have been so presumptuous?

Wang Fan quickly took the sign into the Xianyuan room.

Wang Fan was shocked when he felt the strong spirit of Xianyuan room.

Such a strong spirit of immortality is much stronger than the purple elixir.

Wang Fan felt the strong immortal aura and immediately decided to practice here for a period of time. If

he could break through the immortal cultivation, it would be perfect.

Of course, Wang Fan didn't practice immediately, but went out of the Xianyuan room and paid the purple gold pill for three months.

Then he went back to Xianyuan room and began to practice.

With the flow of immortal spirit into his body, Wang Fan soon fell into cultivation and began to improve his cultivation crazily.

In the morning of the second day of Wang Fan's cultivation, Zhuo Tianao brought people here.

His face was very gloomy, almost to the extreme.

He Zhuo Tianao, a man with eight layers of immortals, was beaten in the face by a mole ant with seven layers of immortals.

It's an unbearable shame for him.

If he can't get this place back, he won't be able to swallow it.

"Younger martial brother Zhuo, is that guy in there? When will he come out?" Beside Zhuo Tianao, there are two people standing.

Both of them have one level of immortality and nine levels of immortality. Their accomplishments are much higher than Zhuo Tianao's.

Some students can't help changing their faces when they see them. They are obviously scared or even afraid.

Because they all know these two people, they are all the absolute figures of Fengqian college, and they are also the valiant existence on the list of immortals and immortals. They can be said to be real cruel people.

In Fengqian college, there is a list of immortals and a list of immortals.

There are 50 people in each list. It can be said that anyone who can get on the list, even if it is only the 50th, is extremely terrifying.

You know, Fengqian college is already in fierce competition. In such a competitive environment, it's natural that its strength is beyond doubt that it can be on the two lists.

However, those who can get on the list of immortals are all the monks with nine levels of cultivation.

After all, there are too many fairy students in the college, and there are also many fairy students in the ninth floor.

In this way, the cultivation can't reach the Ninth level of the immortals, and there's no chance to be listed.

As for the 50 people on the list of immortals, they are basically at or above the second level of immortals. Wu Tong is the only exception.

He was able to defeat countless second level monks and ascend the list of immortals. This shows that his strength is extraordinary.

The people around didn't expect that Zhuo Tianao had a relationship with these two people and invited them all.

Just, ask these two people to come to deal with Wang Fan who has only seven layers of immortals, don't you think it's too overqualified?

"Yes, that guy is in it. I asked him when I left just now. He only ordered it for one day. I think he will come out soon."

Zhuo Tianao looks at Xianyuan field with a gloomy look, as if his eyes can penetrate those prohibitions and see Wang fan inside, and says.

"Well, we'll wait, but you can't give us less if you agree on a good reward." Wu Tong and Gai Yao nodded and said.

They don't have such a good friendship with Zhuo Tianao. If Zhuo Tianao didn't have two good things in his hand, they would not have done anything for this kind of thing.

"Don't worry, things will be given to you when it's done." Zhuo Tianao said.

When he said this, his heart was bleeding, but he had nothing to do.

Wang Fan has almost abandoned his cultivation. If he can't get back this place, he will be very angry.

So the three of them stayed outside and waited.

It's just that Wang Fan hasn't come out since he arrived at noon yesterday.

Zhuo Tianao immediately couldn't help frowning.

What's the matter? Why hasn't Wang Fan come out yet?

Wu Tong and Gai Yao also frowned, "are you sure he only ordered one day? Why haven't you come out yet? "

Zhuo Tianao shook his head. "When I left yesterday, I asked specially. He really set a time for one day. According to the time, it should have come out now."

"According to you, does he know that we are waiting for him outside, so he is hiding inside and dare not come out?" Wu Tong frowned deeper.

Zhuo Tianao nodded, "I think it's very possible, but the college has regulations. Once the time is up, and beyond an hour, if there is no renewal, we have to come out. Let's wait another hour." Wu Tong Gai Yao is also very helpless, can only nod.

Soon, an hour passed, but Wang Fan still did not come out.

At this time, not to mention Wu Tong on the first floor of immortals, even Gai Yao on the ninth floor of immortals, his face was not very good-looking.

"You go and ask what's going on. If he has ordered the world for one day, it's OK."

"If he doesn't order a day, can we wait here for a fool?"

Zhuo Tianao felt Gai Yao's attitude and was a little upset, but he went to ask.

Soon he came back with a gloomy face.

"What's the situation?" When Gai Yao saw that his face was not right, he couldn't help asking.

"He added time yesterday and ordered three months." Zhuo Tianao said with a gloomy face.

"What? Three months? "

Zhuo Tianao's words shocked not only Gai Yao, but also Wu Tong.

The reason why they were shocked was not that they had waited so long in vain, but that Wang Fan had ordered for three months.

You know, it's an intermediate Xianyuan room.

One day, a hundred thousand purple gold pills, that three months is nearly a million.

How can Wang Fan be so rich?

Their eyes couldn't help rolling, and they had already thought about Wang Fan.

"Since he has ordered it for three months, we'll go back first. You'll wait here. When he comes out, you'll let us know." Wu Tong looked at Zhuo Tianao and said.

For three months, it is impossible for him to wait here all the time.

As a figure on the immortal list, he did not dare to relax his cultivation for a moment.

Because the competition is so fierce, if he wastes all his time, he will soon be thrown away by others, and then he will be pulled down from the immortal list.

You know, on the list of immortals, it is not only to improve the popularity, even every month, there will be a lot of College awards.

Zhuo Tianao nodded. Now, he can only wait here.

"Son of a bitch, I'll let you live three months longer." Zhuo Tianao scolds with hatred. He is very upset in his heart.

#### **Chapter 3224**

Wang Fan didn't know what happened outside. At this time, he was immersed in cultivation, and his cultivation was soaring.

In a short period of three months, his cultivation has already crossed the eighth level of the celestial being and reached the Ninth level of the celestial being, which is only one step away from the immortal realm.

From the Ninth level of the celestial being to the first level of the immortal, we must use a kind of elixir, the immortal shackle elixir.

Without immortal shackle Dan, even if you are gifted to be a demon, it will be impossible to break through.

Wang Fan had no immortal shackle pill, so he had to stop practicing.

At this time, he regretted that. If he had known that xianyuanchang was so rebellious, he would have come long ago, and he would not have wasted four years.

Wang Fan sighed bitterly and could only go out.

He has decided to continue to come here to practice after he finds the immortal shackle pill, knowing that his resources are exhausted.

"Son of a bitch, it's coming out at last." Wang Fan just walked out of Xianyuan field, and Zhuo Tianao in a

far corner saw him.

Three months later, Zhuo Tianao's injury is still not healed, but it is already better than half.

Obviously, this guy has a good chance. At least he has the top healing herbs.

Otherwise, he would never have recovered so quickly.

Not far away, Zhuo Tianao stares at Wang Fan, his eyes are insidious, extremely angry and crazy.

For the past three months, he has been waiting here almost every day, even if he is healing, he is also healing outside.

He did nothing else, but to kill Wang Fan and take revenge.

At the same time, with such a long time of waiting, his hatred for Wang fan is also deepening day by day. He just wants to tear Wang Fan to pieces.

Now, after all, when he saw Wang Fan come out, how could he not be excited?

Without any hesitation, Zhuo sent a message to Wu Tong and Gai Yao.

In three months, Wu Tong and Gai Yao had already taken what they wanted, and now they had to help him kill Wang Fan.

As soon as Wang Fan walked out of Xianyuan field, he noticed Zhuo Tianao in the far corner.

He felt the murderous opportunity in Zhuo Tianao's eyes, and his heart was full of sneers.

It seems that this guy is really inflexible. Even if he didn't learn a lesson from last time, he still dares to come here. Is it true that Wang fan doesn't dare to be cruel?

Of course, Wang Fan thought so in his heart, but he didn't take the initiative to find Zhuo Tianao. Instead, he left directly in the direction of his own residence.

Naturally, it is impossible for him to take the initiative to challenge Zhuo Tianao, not to mention that Zhuo Tianao's injury has not yet healed. Even if his injury has healed, with his only seven layers of cultivation, he does not look at Wang Fan at all.

To tell the truth, Wang Fan disdains to bully Zhuo Tianao.

What he has to wait for is Zhuo Tianao to come here on his own initiative.

If this guy doesn't take the initiative to look for trouble, then forget it. If he dares to come, Wang Fan will

definitely leave him a profound lesson.

Zhuo Tianao saw that Wang Fan was going to leave. He was very anxious. He couldn't help it any more. He walked out of the corner and stopped Wang Fan in front of him in a few steps

Wang fan stopped and looked at Zhuo Tianao, "what's the matter with you? I'm very busy, but I don't have time to waste with you. "

All the students around were shocked when they heard Wang Fan's words. This guy is really arrogant.

Zhuo Tianao is also angry enough, this bastard is too arrogant, even let him go, this is a shame.

He breathed deeply, staring at Wang Fan and biting his teeth, "of course I have something to do. Aren't you very arrogant? Since you are so arrogant, do you dare to wait here for a while, and the person I called will come right away."

When Wang Fan heard this, he couldn't help sneering.

He didn't give a sign. He just raised his foot.

The fierce Xianyuan rises in the wind, fast as lightning.

Zhuo Tianao didn't even have time to respond, so he was kicked, and then he flew out with a thump.

His dog generally fell to the ground, gasping for breath, and his eyes were extremely vicious.

This foot, Wang Fan even destroyed his just repaired bone meridians, not only that, those who have not recovered, but also have been destroyed in a mess.

This guy is so cruel.

The students around were also silent. They didn't expect that Wang Fan was so arrogant that he said he would do it without any scruples.

Only those who saw the conflict between Wang Fan and Zhuo Tianao three months ago didn't sympathize with Zhuo Tianao, and even secretly scolded Zhuo Tianao.

This guy used to bully the students who were not as good as him. Now he has been punished.

Wang Fan didn't pay attention to the shock of the crowd around him, let alone Zhuo Tianao's venom. He walked to Zhuo Tianao and stepped on his face, "What's wrong with you when you call someone to deal with me and I'm waiting here? What's more, what kind of person are you calling? What qualifications do you have for me to wait? "

"Remember, my name is Wang Fan. I live in cave 988. If you want revenge, you can come to me at any time. I'm waiting for you at any time."

"Go away!"

Wang Fan finished, the last word rolled down, and directly kicked Zhuo Tianao to the garbage heap not far away.

Looking at this scene, the scene of a dead silence, Zhuo Tianao is even dead heart.

Wang Fan was so arrogant that he humiliated him in public again.

"Pa Pa Pa!"

Almost at the same time, a monotonous applause came, the next second, two young people appeared here.

These two people, a fairy nine floor, a fairy one floor, are the college's figures, Gai Yao and Wu Tong.

"You are so arrogant and powerful, but don't you think it's too much for you to bully a schoolboy of the eighth level with the cultivation of the Ninth level

Gai Yao stares at Wang Fan coldly, his tone is extremely cold.

Wu Tong's face was also not very good-looking. His triangular eyes were like a poisonous snake, staring at Wang Fan, and said, "I'm not really anything, and I'm not qualified to make you wait. But it won't be much more difficult for me to crush you than to crush an ant. Do you believe that? "

Obviously, although they are here now, they have heard what Wang Fan said before.

"I don't believe it." Wang Fan casually said two words, and then looked up at the two men, "are you the dog he called?"

Then he looked at Gai Yao again. "You're right. I'm arrogant, I'm prestige, I'm bullying my accomplishments by virtue of my accomplishments. What can you do to me? Do you have any opinions?"

Boom!

Wang Fan's voice fell, and the whole scene was thoroughly fried.

No one thought that Wang Fan was so strong, so controlled, and so shameless in the face of Gai Yao and Wu Tong.

You know, that's Gai Yao and Wu Tong. One is a tough man on the list of immortals, the other is a tough man on the list of immortals.

In front of these two people, why does Wang Fan dare to be so arrogant?

### **Chapter 3225**

"What an arrogant guy, I think you are looking for death!" When Wu Tong heard Wang Fan's words, he was so angry that his killing chance suddenly surged.

When did a little monk on the ninth floor dare to talk to him like this?

Don't say it's the ninth floor of the celestial being. Even those who are in the same realm, how many people dare to talk to him like this?

Wang Fan looked at Wu Tong's angry look, and then felt the strong killing on the other side, but his face was full of disdain, "looking for death? I'm standing here. Dare you kill me? "

"If you dare, don't talk nonsense, and do it quickly to save time. If you don't dare, give me as far as you can go, and don't be shameful here. "

But there are rules in the college. High level students should never bully low level students by virtue of their high accomplishments.

Although we can cross three levels of challenges, it does not include the realm from celestial beings to celestial kings.

Once a student bullies a student with low accomplishments by virtue of his high accomplishments, he will be severely punished even if he is slightly injured.

"You." Wu Tong has an old face. He really wants to tear Wang Fan to pieces.

Just thinking that this is the college and there are so many students around, he still put up with it.

In the college, the strong are always respected. When did the students with low accomplishments dare to challenge the students with high accomplishments. That's ridiculous.

Gai Yao was also very angry.

This guy is so arrogant.

Originally, he and Wu Tong came here just to say something for Zhuo Tianao, but now, this is no longer a matter of saying something for Zhuo Tianao.

They really want to kill Wang Fan.

Gai Yao took a deep breath and looked at Wang Fan, "you're very good. You're a bit of a Taoist. Do you think we can't deal with you just by virtue of the college rules?"

"You're right. Elder martial brother Wu doesn't dare to move you or kill you, but I'm the same as you. I don't have any problem moving you, do I?"

"I'm Gai Yao, the 48th in the list of immortals. Now I'll give you a chance to kneel down and apologize immediately. Otherwise, don't blame me for challenging you directly and making your life worse than death."

When the students around heard Gai Yao's words, they were in an uproar.

Even in their eyes that look at Wang Fan, there is a trace of sympathy.

Looks like this guy's going to die.

At the same time, they don't think that Wang fan can beat Gai Yao.

After all, those who can be on the list of immortals are absolutely strong, let alone the 48th, even the 50th, which is also powerful and extraordinary.

Wang Fan was speechless when he heard Gai Yao's words.

He looked Gai Yao up and down carefully. After a while, he vomited out a sentence, "is there something wrong with your brain?"

Hearing this, not only Gai Yao but also the students around him could not help it.

Wang Fan, what do you mean?

At this time, Wang Fan has said again, "you are the 48th in the list of immortals. Do you want to show off? Aren't you ashamed? What do you mean

"If I were you, I wouldn't say anything about such a disgrace, so as not to lose face."

Boom!

There was an uproar at the scene.

This ..

in their eyes, is the sacred list of celestial beings so unbearable in Wang Fan's eyes?

It's too arrogant to treat Gai Yao as a person, isn't it?

Gai Yao almost vomited blood. This bastard is too arrogant.

He was about to speak, and when he began to challenge directly, Wang Fan spoke again.

"I'll give you a face, first slap yourself ten times, then kneel down and kowtow to me three times, say you're wrong, and then go away."

"In this way, I can let bygones be bygones, otherwise, don't blame me for not studying in the same school."

Wang Fan's voice fell, and the students around him were almost numb.

This is really arrogant and unbearable.

They thought about countless possibilities, the possibility of Wang Fan rising up to resist, the possibility of Wang Fan's frightening begging for mercy, but they didn't think that Wang Fan was still so arrogant.

It's just that I didn't treat Gai Yao as a human being.

Gai Yao was also a little angry. He even forgot to challenge Wang Fan first. Instead, he couldn't help roaring out, "do you know what the God list is?"

Wang Fan nodded, "of course I know. Isn't it a list of all the strong celestial beings in Longyuan city?"

Hearing this, everyone was speechless.

Feeling Wang Fan thinks so?

Since Wang Fan thinks so, how dare they be so arrogant?

They feel their hearts in the wind.

Gai Yao was also full of black lines. For a moment, he was speechless and didn't know what to say. He is always embarrassed to say that the list of immortals in his mouth is just the ranking of the strong ones in the Academy, right?

However, Wang Fan did not even pay attention to the existence of longyuancheng's top 50, which is arrogant and excessive.

On one side, Wu Tong was also angry. He stared at Gai Yao and said, "younger martial brother Gai, he is a brain wreck. Why do you talk so much with him?"

"I think you might as well challenge him directly and then abandon his cultivation."

Not far away, Zhuo Tianao also struggled to stand up and roared, "yes, he is too arrogant to abandon his cultivation."

Gai Yao is also back to God, he forced down his anger, looked at Wang Fan and said, "Gai Yao, heaven nine, now challenge you, do you dare to fight?"

"If you don't dare, kneel down and get under me. I can treat everything as if it didn't happen."

As he spoke, he raised his leg.

Obviously, he has no sense of accomplishment by simply abusing Wang Fan by force.

He wants to humiliate Wang Fan. Only in this way can he get angry.

Wang Fan heard this, first sneer, then bah mouth, spit out a mouthful of saliva, "challenge? Abolish my cultivation? Is this really meaningless? "

"I don't think so. Let's sign a life and death contract and fight a decisive battle. Do you dare?"

"If you dare, let's go and sign the contract now and fight for life and death immediately. If you don't dare, then kneel down and lick my spitting. Let bygones be bygones. "

Around the students heard this, a burst of uproar at the same time, but also can not help some numbness.

A mountain is higher than a mountain.

Gai Yao was arrogant enough, but they never thought that Wang Fan was more arrogant than Gai Yao.

However, the battle of life and death, this seems to play a bit big, right?

If they do sign a contract and fight for life and death, there will be a lot of excitement.

Wang fan is so arrogant, they also want to see whether this guy is really powerful and arrogant, or just a brainless fork.

"You dare, what do I dare to do? Well, fight for life and death. Let's go and sign the contract."

Gai Yao resisted his anger and walked straight ahead.

**Chapter 3226**

Wang Fan was naturally not afraid of Gai Yao and followed him without hesitation.

To tell you the truth, in the same realm, none of his kings has ever been afraid of anyone.

Let alone the 48th place in the list of immortals in Fengqian college, even the first place in the list of immortals in Longyuan City, Wang Fan will not take it seriously.

In the college, although the competition is very fierce, but it is not allowed to kill each other, let alone under the killer.

There are only two choices for all the students if they have any grudges that are difficult to solve.

First, through the teachers in charge of the life and death war in the college, they signed a contract to fight for life and death.

The second is to kill people after leaving the college.

Although Fengqian college does not allow students to kill each other, it is only limited to students. If students go out of college, they can't manage it.

Wang Fan and Gai Yao soon came to the stage of life and death. After they found the responsible elder and signed the contract, they went to the stage of life and death.

When Wang Fan and Wang Fansheng went to the stage of life and death, the news of Gai Yao and Wang Fansheng's death battle had spread all over the college.

For a moment, most of the students who are at the level of immortals rush to the platform of life and death to witness the battle of life and death.

After all, it's hard for the strong on the list of immortals to fight for life and death. Maybe they can learn something from it.

It is obvious that most people come for Gai Yao. After all, he is so famous.

As for Wang Fan, there are not many people who know about it, let alone are optimistic about it.

They just asked that Wang fan should not be so bad and not be killed just a few times.

"Who is Wang Fan? He dares to fight with elder martial brother Gai. Is he impatient?"

"Hey, it's said that Wang Fan abandoned Zhuo Tianao. Elder martial brother Gai fought against Wang Fan for Zhuo Tianao's sake."

"Che, what do you know? The battle of life and death was put forward by Wang Fan. Wang Fan was very

arrogant and didn't pay attention to Gai Yao at all. "

"Not to mention Gai Yao, even Wu Tong on the list of immortals was ignored by others and still slapped in public."

"Ah, there are such things. Who is Wang Fan? Is he really so strong?"

"I don't know if Wang Fanqiang is strong, but he is absolutely arrogant. Do you know what Wang Fan said just now when elder martial brother Gai asked Wang Fan to kneel down and drill his crotch? "

"What did he say?"

"Hehe, he spits directly on the ground and asks elder martial brother Gai to kneel down and lick it. Otherwise, he will not be polite, and he will force elder martial brother Gai to fight for life and death."

When Wang Fan and Gai Yao boarded the stage of life and death, countless students surrounded by them could not help talking one after another.

For a time, Wang Fan's fame also grew.

However, his fame is not because of his strength, but because he is arrogant enough, or even too arrogant.

In addition, there are also some old students who feel that the name of Wang Fan is very familiar. Just for a moment, they can't remember where they heard it.

On the stage of life and death, Wang Fan and Gai Yao have already stood relatively well, both of them seem to have a good manner.

Gai Yao looked at Wang Fan coldly and said, "you can really pretend. I heard that three months ago, you were only seven layers of immortals."

"Now that you have just broken through the nine levels of heaven, you dare to challenge me, Gai Yao, and fight for life and death. You are the most arrogant person I have ever seen."

"Do you think that when your cultivation reaches the Ninth level of the celestial being, you will be invincible and can kill everything in seconds? Now I'll give you the chance to do it first, so as not to be bullied by Gai Yao. "

"You, do it."

Gai Yao with both hands on his back, looking at Wang Fan coldly, said with an expert demeanor.

Because of the prohibition on the platform of life and death, it only insulates the fighting storm and

space fluctuation, but not the sound. Therefore, all the students under the stage listened to Gai Yao's words.

"Elder martial brother Gai Yao is so handsome."

"It's worthy of being an ox on the list of immortals. It's worthy of being elder martial brother Gai Yao. It's just elegant."

Hearing Gai Yao's words, countless people murmured, their eyes full of blazing.

Wang Fan glanced at Gai Yao, and then carried his hands.

He looked down at Gai Yao and said contemptuously, "although I didn't think I would be invincible when I broke through to the ninth floor of the celestial being, it's enough to clean up an ant like you."

"You said you were just forty-eight. What's the point of being arrogant? You are just so arrogant. If you advance a few more places, will you go to heaven? "

"I don't want to bully you, the garbage at the end of the crane. I'll give you the chance to do it first. You can do it. Otherwise, if I do it, I'm afraid you don't even have the chance to do it."

Wang Fan's voice is calm and calm.

"Lying trough!"

"It's really arrogant!"

"This bastard dares to talk to elder martial brother Gai Yao like this. Isn't he afraid of being struck by thunder?" "Who does he think he is?"

And hearing Wang Fan's words, not to mention Gai Yao's angry face turned purple. Even the students below could not stand it.

In their eyes, Gai Yao pretended to be more than normal, and he was also very handsome. But Wang Fan pretends to be more rebellious. Why should he?

"Well, well, since you want to die, I'll help you." Gai Yao's face was livid. If he had known this, he would not have beeped with Wang Fanduo.

With a sneer, the bright Xianyuan suddenly burst out of his body and soon covered his body with a layer of golden light.

He was bathed in golden light, and his breath was climbing crazily. He soon climbed to the extreme.

"Drink!"

With a loud drink, Gai Yao stepped forward. In an instant, Xianyuan roared, and the sky seemed to be filled with thunder.

He didn't have the slightest nonsense. His right hand first pointed to the sky, then suddenly pointed to Wang Fan.

In a flash, the endless storm of Xianyuan turned into a series of handprints and fists, directly attacking Wang Fan.

That each immortal yuan and palm wind, have endless power, as if to tear everything, destroy everything.

"The power of terror."

"It's worthy of being the strong one on the list of immortals. It's really, it's too strong!"

"If I have the strength of elder martial brother Gai Yao, I will be satisfied even if I die."

Looking at this scene, countless students were shocked and worshipped.

In their eyes, Gai Yao is really too strong.

Wang Fan felt the power of Gai Yao's attack, but he could not help shaking his head in disappointment.

He thought Gai Yao was very strong, but he was so bad.

He didn't even bother to wave the shadow knife. He pointed to the void with his right hand. In an instant, endless immortal yuan was surging and directly condensed into a long gun in mid air.

The long spear is silvery and extremely dazzling, just like the gun of the God of war.

In fact, Wang fan can add some elemental power to his spear, but he is not willing to do so at all.

"Go Wang Fan pointed his finger to gai Yao's position and gave a low drink. In an instant, with a whoosh, the long gun broke through the air, and he had already shot and killed the palmprint all over the sky.

### **Chapter 3227**

Boom boom!

Click, click, click!

Long gun, tear everything, all fist shadow, palm shadow are smashed.

In the eyes of the public, the fierce fist shadow and palm shadow, under Wang Fan's Xianyuan spear, were as if they were paper paste. They were not vulnerable at all.

"How is that possible?"

"My God, am I blinded?"

"Just a long spear of Xianyuan, can it bloom such terrible power?"

Countless students are shocked, it is difficult to believe their own eyes.

Not to mention those students, even Gai Yao's face became ugly in an instant.

Without any hesitation, Xianyuan in his body wandered wildly, directly broke his body and condensed into armor on his body surface.

In a flash, his whole body was covered with Xianyuan armor and looked indestructible.

However, although his armor seems to be very powerful, it is still vulnerable in front of Wang Fan's Xianyuan spear.

With a whoosh, after smashing the fist and palm shadows, the long gun smashed the air and attacked him.

There was another click, and the Xianyuan armor on his body began to shatter in an instant.

Bang!

With a loud noise, Gai Yao couldn't help spouting a mouthful of blood, and the whole person was blown out directly.

In his chest, there was a bloody hole, obviously not light injury.

However, Wang Fan did not stop attacking. An endless thunder suddenly appeared all over him. The endless thunder bathed his whole body and wrapped his body like a flash of lightning, which immediately forced Gai Yao in front of him.

Gai Yao looked at this scene, his face changed wildly, and his heart was filled with fear.

"I give up!"

He roared crazily, and even yelled out three words to admit defeat.

Wang Fan sneer, this is a battle of life and death, admit defeat? How could it be.

If Wang Fan's strength is not enough, he believes that Gai Yao will definitely kill without hesitation.

Therefore, Wang Fan didn't pay any attention to Gai Yao's surrender at all. Under the people's trembling eyes, his fist had been raised, and then he didn't hesitate to smash it down on Gai Yao's head.

The fists broke through the air, tearing the air. The fierce Xianyuan was agitated madly, and Wang Fan's fists fell on Gai Yao's head.

With a bang, Gai Yao's whole body had been blown up in an instant, and he fell down while the blood fog was shooting.

Death is silent.

In an instant, the whole scene was dead.

Wang Fan killed Gai Yao on the list of immortals with just one shot and one punch. It's so terrible.

They didn't think of it at all.

The most important thing is that Wang fan is so tough. Why did they never hear of him before?

"Give up? Who do you think you are? Do you give up if you want to? That's ridiculous. " Wang Fan snorted with disdain, then turned his head and looked down at Wu Tong.

At this time, Wu Tong's heart also can't help shaking, just like a storm.

It's incredible that Wang fan should have killed Gai Yao.

Even if he could kill Gai Yao easily, he would not be as easy as Wang Fan?

"Don't you want to kill me, Wu Tong? Come on, I'll give you a chance to fight life and death. Dare you fight? "

Wang Fan looked at Wu Tong and spoke coldly.

Wang fan is not a man who will swallow a loss. Wu Tong and Gai Yao were determined to humiliate him before. How could he not get back this place?

Even though Wu Tong is a strong immortal, and also a strong immortal on the list, Wang Fan did not pay attention.

He is confident that he will kill Wu Tong himself, but there is no problem.

Shua, Shua, Shua.

With Wang Fan's voice, in a flash, everyone's eyes fell on Wu Tong, his face was shocked and dull.

It's arrogant of Wang Fan to challenge Wu Tong. However, thinking of Wang Fan's strength before, those students were relieved.

They all looked at Wu Tong and wanted to see what he would do and whether he would agree to Wang Fan's challenge.

Wu Tong's face is also extremely ugly. As a strong man in the immortal list, he was challenged by a mere nine level immortal in public. Moreover, it was a battle of life and death. Not only that, the other side also asked him if he dared to fight.

It's a shame.

However, his heart is also a bit up and down, do not know whether to fight.

If you fight, if you lose, you will lose your life. And to be honest, he is not sure to kill Wang Fan.

But if he doesn't fight, he will lose his face and become a laughing stock for college students.

Seeing Wu Tong's hesitation, Wang Fan sneered, "didn't you just be very arrogant? Didn't you just shout to kill me? Why, now that I give you a chance, why don't you come up? ""Can't it be that you are not only a strong immortal, but also a strong one on the immortal list. You dare not accept the challenge of life and death from the Ninth level of heaven immortal?"

"If you don't dare to accept it, that's OK. As long as you kneel down in public and apologize to me, I can let bygones be bygones."

Wang Fan's voice fell, and the vast void fell into dead silence.

On your knees? Apologizing? let bygones be bygones?

Wang fan is so arrogant.

They have never seen any fairy in the ninth floor who dares to be so arrogant in front of the strong immortal.

Wu Tong's face was also very blue. Although he also knew that Wang Fan was deliberately motivating him, he still couldn't resist and stepped on the platform.

"If you fight, why don't you dare? You are just nine layers of immortals. You dare to make me Wu Tong

kneel down and apologize. Today, I'll let you know the end of offending me Wu Tong. "

Wu Tong stares at Wang Fan, and at the same time, the elder who is in charge of the battle of life and death has lost his contract.

Wang Fan looked at Wu Tong and sneered, "Oh, right? Let's wait and see. Let me see how strong you are on the immortal list. "

"You'll find out soon." Wu Tong clenched his teeth and grinned. Suddenly, the immortal yuan came out of his body.

In his hand, he even grasped a golden Tomahawk.

The Tomahawk is shining with dazzling golden light and a sense of terror. It is surging out of the Tomahawk, which makes people feel strong pressure.

Wang Fan felt Wu Tong's momentum, and his face was slightly dignified. Although he is confident that he can kill Wu Tong, he will never underestimate the enemy.

With a move of his right hand, he also grabbed the shadow knife, and then the immortal yuan stormed away, and his fighting spirit rose to the peak in an instant.

"Death Wu Tong didn't give Wang Fan time to gather momentum. With a roar, his body had already soared into the air. At the same time, his battle axe passed a bright light in the mid air and killed Wang Fan directly.

Endless axe patterns appeared in the air, forming a series of violent whirlpool of axe patterns, which set off the power of terror and directly killed Wang Fan.

Wang Fan felt this scene, and his left hand moved quickly. In an instant, all kinds of elements, such as gold and earth, condensed into gold meteorites on his body surface.

The golden meteorite continued to solidify, and soon became a wall, directly in front of him.

### **Chapter 3228**

Almost Wang Fan's meteorite wall had just formed, and Wu Tong's Tomahawk had already come.

"Boom!"

"Click!"

A crazy explosion, meteorite walls began to layer upon layer.

However, the meteorite wall, which is endowed with gold energy, does not break so fast.

The Tomahawk is just pushing forward bit by bit, and it can't destroy Wang Fan's meteorite wall all at once.

Wu Tong's face was a little ugly. He did not expect that his powerful axe could not break Wang Fan's defense.

As for the following students, they are even more sluggish.

You know, Wu Tong is not only a strong immortal, but also a strong immortal on the list.

And Wang Fan, just nine layers of immortals, how can he resist Wang Fan's attack?

But Wang Fan didn't think so much. Almost when the Tomahawk fell on the meteorite wall, his left hand had been raised.

"Ray

Wang Fan a low drink, in an instant, thunder rolling.

Endless thunder element energy crazy condensation, soon condensed into a thick thunder.

Each of those thunderbolts was huge, crackling, dark purple and containing endless thunder power.

Wu Tong's face changed slightly, and Xianyuan in his body was frantically surging. He wanted to break Wang Fan's defense at one stroke.

However, there is always a lack of some.

Wang Fan looked at Wu Tong's ugly face, and a sarcastic arc appeared in the corner of his mouth. The next second, his left hand had suddenly waved, "go!"

With a word roar out, in a flash, endless thunder crazy roar, directly toward Wu Tong.

The thunder, crazy killing to Wu Tong, from a distance, just like the end of thunder.

Wu Tong's face slightly changed, he resolutely put up the offensive and began to retreat madly.

At the same time, on his body surface, layers of milky white energy spread out, and soon formed a series of armor.

"Boom boom!"

All over the sky, the strong thunder soon bombed Wu Tong. To Wu Tong's surprise, though it seemed

terrible, it was not very powerful.

Those thunders fell on him, let alone hurt him, and even his body surface defense could not be broken. The following students are shocked and speechless when they look at this scene.

It's just thunder and little rain.

Among the doubts, Wang Fan's body suddenly disappeared in the same place.

"Look, Wang Fan has disappeared."

"Space blink. This is space blink."

"Wu Tong is going to have bad luck."

Seeing Wang Fan disappear, countless students can't help but make a sound. They are all in a cold sweat for Wu Tong.

Wu Tong's face also can't help but slightly change, a sense of extreme danger hit, he immediately began to retreat madly.

Just, he just retreated not far, Wang Fan's body shape has appeared in front of him like a ghost.

The next moment, a bright knife awn across, Wang Fan's shadow knife has toward his body in the past.

This knife is extremely bright and dazzling.

At the moment when the knife was split, the endless sword was madly condensed, as if the general trend of heaven and earth had been pulled away.

When the knife came out, Wang Fan's expression was calm.

From the beginning to the end, his trump card is not in the thunder, but in this knife.

The thunder was just bluffing to attract Wu Tong's attention.

The sword broke through the sky like a rainbow. It rolled up the fierce sword and rolled towards Wu Tong.

At this moment, Wu Tong had no time to retreat.

Because the speed of Wang Fan's sword is too fast.

He is almost reflexive, instantly pull out the axe, a fierce axe.

Boom!

Shadow knife and Tomahawk collided in mid air, making a roar.

The next second, in a clattering sound, Wu Tong was shocked to find that his axe began to crack or even shatter.

His face became ugly in an instant, and his soul was dead in an instant.

But just at this time, Wang Fan's shadow knife, like a meteor, has hit his body hard.

There was another boom, and then in a clatter, Wu Tong's body defense was torn and smashed, and the whole person flew out.

His body, was torn out of countless blood mist, that terrible knife meaning, directly through his body, madly destroyed his four limbs.

"No, no!" Wu Tong's face was ugly and he screamed in despair, but it was too late.

Wang fan is again a knife to split, his body thoroughly exploded into pieces, dissipated on the battlefield.

Looking at this scene, countless people suffocated. The scene was dead again.

Wang Fan's strength has exceeded everyone's expectation.

He killed Wu Tong with two knives.

You know, Wu Tong is a strong immortal, but a ruthless man on the immortal list.

Wang Fan didn't pay attention to Wu Tong at all. After killing Wu Tong, he directly stepped down from the battlefield and left quickly.

He's very busy, but he doesn't waste so much time.

In less than an hour after Wang Fan left, his name had already caused a sensation in the whole college.

At the same time, some people think of who Wang fan is.

Four years ago, Wang Fan, the ruthless man who turned over the two disciples of Dao Wang!

"I finally know who he is. He is Wang Fan. Four years ago, he picked out two disciples of Dao Wang and said that Dao Wang didn't teach him Wang Fan."

"I also think of it. I didn't expect that Wang Fan had grown up so fast. In just four years, he had already broken through to the peak of immortals."

"It's strange that he is so powerful that he hasn't taken part in the examination of the college over the years."

"What's so strange? He must have been practicing in seclusion. But now that he has passed the customs, I think he will definitely take part in this year's assessment. "

"It seems that the pressure of this year's Tianxian students will be greater. Who can compete with him? I even suspect that even the number one in the list of immortals is not necessarily his opponent. "

Countless voices of discussion were heard in the college, and Wang Fancheng was the object of most students' discussion.

Of course, Wang Fan didn't care so much. When he got back to his residence, he took a rest.

The reason why he came back was for examination.

Because tomorrow, the assessment will start, he can't be absent.

Originally, Wang Fan didn't care about the assessment, so he was expelled from the college.

But now, after knowing the adverse weather of Xianyuan field, he attached great importance to the examination.

After all, he must not be expelled from the college.

Otherwise, how can you go to Xianyuan field to practice?

Wang Fan had a rest for one night. The next day, he came to the martial arts arena where the examination was conducted.

When he arrived at the arena, the arena was already full of people and his head was surging.

After all, this assessment is extremely important to many people.

Especially for those students who have not passed the examination for four years, it is extremely important.

Because there are regulations in the college, if they fail to pass the examination for five consecutive years, they will be expelled from the college.

Although Wang Fan has not participated in the assessment for four years, not participating in the assessment means giving up and not passing.

### **Chapter 3229**

At a certain moment, with the sound of the bell, a middle-aged man in his forties appeared on the platform.

Of course, he just looks like he's in his forties. In fact, he probably doesn't know how many years he's been practicing.

With the middle-aged man on the stage, the noise below became smaller, and even the faces of many students were in a state of panic.

After all, if you can't pass the examination and are expelled from the college, it's a matter of no face.

"Dear students, the annual college assessment is about to start, which is also a test of your one-year practice. I hope you all have a good performance."

This middle-aged man's speech is very simple, he is just a simple prologue, directly into the subject.

"Next, I call the students, please step on the stage to participate in the assessment."

"In the first test, Xue ran fought Zhang Yi."

With the middle-aged man's voice falling, soon, two young people flew to the platform.

The two men, whose accomplishments are on the fifth floor of the celestial being, seem to be in the same league.

Wang fan is not interested in this kind of fighting at all.

After all, his cultivation has broken through to the Ninth level of the celestial being, and his combat power is able to kill the ordinary immortal. So he didn't really have to watch the fight of the five layer friars.

It's just that Wang fan doesn't like it, but it doesn't mean other students don't like it either.

When Xue ran and Zhang Yi stepped on the stage, they didn't have too much politeness at all. They seized the magic weapon and started a fierce war.

They are all students who have not passed the examination for four consecutive years, so this battle is very important for them.

The two men's fight did not have too much temptation, and soon entered the white hot, hard to fight.

Wang Fan just glanced and knew that the young man named Xue ran was going to be defeated.

Sure enough, not long after his idea appeared, Xue ran had already been caught by the other party and flew out directly.

He fell on the platform, his face turned pale in an instant.

The defeat in this battle means that he will be expelled from the college.

"In the first game, Zhang Yisheng and Xue ran lost. As Xue Ran has not passed the examination for five consecutive years, he will be expelled from the college according to the regulations. "

The middle-aged man fell on the stage again. The cold and heartless voice made many students feel great pressure.

Wang fan doesn't care at all. He is confident that he can defeat the opponent as long as he doesn't meet a special abnormal high level opponent.

What's more, the two of them are in the same level of cultivation. In this case, he has nothing to worry about.

The fighting is still going on, and there are also people who are happy and people who are worried.

Those who won were relieved and relieved. On the contrary, those who were defeated and expelled from the college were covered with ashes.

In the process of fighting, Wang Fan also noticed that a group of strong men appeared on the high platform and sat together.

Among the strong, Wang Fan also saw the Dao king he had offended, but he didn't see Yun Fei.

At this time, Dao Wang and several college elders were accompanying the middle-aged friar. Obviously, the middle-aged friar was not simple and had a high status.

Most importantly, Wang Fan also learned from the comments of the surrounding colleges that the middle-aged monk was not the tutor of Fengqian college.

Wang Fan couldn't help thinking, which big man is this? Is it from the intermediate state? Otherwise, why should these strong students be so respectful to him?

"Next, Wang Fan will fight Qiuyang."

When Wang Fan was thinking about this, another voice came. He was surprised to find that the battle

on the platform was over.

"Qiuyang? How could it be him? "

"Qiuyang is the third in the list of immortals. When he goes to battle, isn't his opponent coming to an end?"

"It's just the beginning of the assessment. Why do you let Qiuyang fight? Is Wang Fan extraordinary? No, isn't wang fan the one who hasn't passed the examination for four consecutive years? "

With the fall of this voice, countless shocked comments suddenly appeared under the stage.

Many students can't figure out why Qiu Yang would fight at such a time.

You know, Qiuyang is the third ruthless man in the list of immortals. His opponent should be the ruthless man in the list of immortals.

Although Wang Fan killed Wu Tong, he was also very famous in the college, and even caused a sensation.

But after all, he didn't kill Wu Tong for a long time, and there are still some students who haven't heard of his name.

Wang Fan, who had been walking towards the stage, was shocked when he heard the comments.

He didn't expect that his opponent was the ruthless man on the list of immortals.

You know, it's just an assessment, not a ranking, and it won't involve any resources.

According to the normal situation, we only need to send a similar student to prove that Wang Fan has the strength to pass the examination. But now, the other party sent the ruthless man on the list of immortals to assess him. Is it unintentional or someone secretly manipulated?

Of course, although Wang Fan had some doubts in his mind, he didn't care too much.

It's just the third place in the list of immortals. He didn't really see it.

Don't say it's only the third in the list of immortals, even if it's the first in the list of immortals, he still won't care.

At the same time, Wang Fan has never been afraid of anyone.

In front of Wang fan is a young man full of strong murderous spirit.

The first impression of this young man is that he is violent and decisive.

He not only had fierce eyes, but also was extremely fierce. If he was an ordinary monk, he would be afraid as long as he felt it.

Wang Fan took a look at Qiu Yang and couldn't help frowning.

His eyes subconsciously looked at the Dao king on the high platform. He saw that the Dao king was staring at him with a sneer at the corner of his mouth.

Wang Fan immediately knew that this assessment was intentional.

It must be the Dao king who wants to kill himself with the help of Qiu Yang's hand.

Wang Fan's anger was accompanied by a sneer.

This Dao king is a strong man at the peak of the Immortal King, and a senior figure of the tutor. He really has no demeanor at all.

It's just a small matter. I'm so worried about it. Four years later, I still want to kill myself.

Just, he wants to use Qiu yang to kill himself, so don't dream.

This Qiu Yang has no strength yet.

"You are Wang Fan, who defeated the two disciples of Dao Wang four years ago?"

In Wang Fan think of these time, autumn Yang has been staring at Wang Fan, cold mouth.

But his voice is very low, except for Wang Fan, other people can't hear it at all.

Wang Fan looked at Qiuyang and nodded, "you're right. I'm wang fan. Are you sent by Dao Wang to kill me?"

"I advise you, you'd better not kill me, otherwise, I will kill you, that's not good."

### **Chapter 3230**

"Hum, I'm not ashamed. Take it!"

Qiuyang hears Wang Fan's words and hums coldly. He suddenly bathes himself in the bright light. The surging Xianyuan comes out through his body. The next second, he kills Wang Fan madly.

This autumn Yang stands there, and his anger and killing intention are already very heavy. Now, his anger and killing intention are surging to the extreme.

He was holding a black spear, which broke through the air and set off a terrible attack, directly and crazily covering Wang Fan.

Obviously, this guy used all his strength as soon as he shot, and there was no sign of keeping his hand.

Wang Fan looks at Qiu Yang coldly, his expression is very calm.

In front of him, the light of stone color converged directly into a wall.

At the same time, he thought, gold energy began to gather surging, soon condensed into a long gun.

The spear broke through the air and came out. It collided with Qiuyang's black spear. In a clattering sound, the spear was flying and the golden spear was smashed.

Wang Fan's body stood in the air, even did not move, he just looked at Qiuyang coldly, "back down, you are not my opponent."

It's just a battle of assessment. Wang Fan's goal is to pass the assessment so that he can continue to practice in Xianyuan arena.

He really didn't want to kill people, and he didn't want to kill Qiu Yang, who was a strong man in the list of immortals. Otherwise, if the college investigated him, he would be in trouble.

"Arrogance But Qiu Yang didn't appreciate it, and didn't care about Wang Fan's kindness.

With a roar of anger, the immortal yuan in his body soared wildly, and the black spear in his hand slid with a strange arc.

In a flash, a very turbulent momentum surged out. In the void, a black spear appeared.

The spear, like a giant spear, stood up in the air and submerged the whole platform. And the pressure inside is even more terrifying.

See this scene, below countless students, breathing has become rapid up, and even almost want to suffocate.

Qiuyang, do you want to work hard?

Even the big people on the stage couldn't help looking here, and a look of great interest appeared in their eyes.

Only Dao Wang's face was very ugly, even gloomy.

He originally thought that Qiuyang, who ranked third in the list of immortals, wanted to kill Wang Fan, which was just a very easy thing.

But he did not expect, to deal with just a Wang Fan, Qiu Yang unexpectedly so quickly used the means of pressing the bottom of the box.

How long has it been? Is the growth of Wang Fan really so terrible?

In his mind, I can't help thinking of Wang Fan's arrogant words.

Wang Fan pointed to his sword King's nose and said, "he is not worthy to teach Wang Fan.

Originally, he thought Wang Fan was arrogant. Even if Wang Fan defeated his two disciples, he thought so. But now?

At the beginning, his disciples who were equivalent to Wang Fan's realm had already been far away.

Even those disciples who are higher than Wang fan are chased by Wang Fan, right?

"Stubborn." Wang fan saw this scene, his heart also had a trace of anger.

He drank coldly. In an instant, the endless thunder energy began to surge.

Those thunder element energy is surging wildly between the heaven and the earth, forming a dark thunder in an instant. Crackling sound in the air, rave rolling.

With the appearance of this thunder, the sky, as if there were dark clouds, become gloomy, as if at any time will fall storm general.

"Go Qiuyang sees thunder all over the sky and his face changes slightly. With a low drink, he pointed at Wang Fan.

In a flash, the huge spear shadow had broken through the air and bombarded Wang Fan.

Wang Fan gave a sneer, his hands suddenly waved, boom, endless thunder fell from the sky, directly toward the empty shadow of the spear.

There was a roaring explosion between heaven and earth, spears swept all the way, and countless thunderbolts were smashed by the bombardment.

However, the number of thunder is too much, as if it is endless.

At the same time, with the smashing of the thunder, the power of the spear began to gradually weaken, and even became smaller at the speed visible to the naked eye.

When the shadow of the black spear approached Wang Fan, it had become the thickness of the thigh.

Wang Fan's arm protrudes, and the energy of gold element is wrapped around the arm. The whole arm is bathed in a layer of golden light, which looks like the arm of God of war.

With one blow, he fell on the spear. With two clicks, the spear burst into pieces.

Not far away, Qiu Yang's face has turned pale. He didn't expect that his strongest strike was so easily blocked by Wang Fan.

What made him feel most humiliating was that his attack failed to get close to Wang Fan, let alone break Wang Fan's defense. When the students looked at this scene, it was also a dead silence.

Once upon a time, how many Tianjiao did Qiuyang defeat with his martial arts skills?

How many tough friars died under his attack?

However, today, in the face of Wang Fan, Qiu Yang's strongest attack was that he couldn't even touch Wang Fan's body. First, he was weakened by the thunder, and finally he was knocked out by a blow.

This is ridiculous.

On the high platform, the sword King's face has become more ugly, and even his heart has already cursed Qiu Yang for several words.

If he had known that Qiuyang couldn't do anything for Wang Fan, he would not have let Qiuyang do it. He would have gone directly to find the first guy in the list of immortals.

Just now, it's no use thinking about it.

On the platform, Qiu Yang's face is also very ugly, where he does not know, he is really not Wang Fan's opponent?

If we continue to fight, it will be him who will lose, even worse.

He did not dare to fight any more, but looked at Wang Fan and said in humiliation, "I give up."

Just three words, he felt that it was wrong, because an invisible restraining force wrapped around his whole body, and his voice did not come out at all.

If it doesn't get out, it will be invalid.

"Don't rush to admit defeat. Since you are determined to kill me, don't blame me for being impolite."

"You attacked me twice in a row, but I haven't attacked at all. In order to show respect for you, now you have to bear my blow

"If you don't die under this blow, I'll stop at once."

Wang Fan's voice rings directly in Qiu Yang's ear. The next second, Qiu Yang has already seen a bright sword, splitting towards himself.

The awn of that Dao was extremely bright and amazing. When the Dao was drawn out, it was as if this Dao was the only one left in the whole world.
