

Mighty Sk 3311

Chapter 3311

With the sound of clattering, the field space of no war broke into nothingness in an instant.

Wang fan is like a real dragon, standing directly on the void.

He coldly scanned the Wuzhan below and said, "impossible? Nothing is impossible

Words fall, whoosh, his whole person has directly broken the air, toward no war killed in the past.

Wuzhan's face changed wildly, and a ferocious look appeared in his eyes: "no, it's not true. I want to kill you, I want to kill you!"

He roared madly, forced to gather Xianyuan, and also madly welcomed Wang Fan.

This time, the two people are no longer the competition of elemental energy, but the direct physical collision.

"Boom!"

There was an explosion, and their bodies collided in mid air.

With a hiss, wuzhandang flew out like lightning, even though he had already spewed out a mouthful of blood.

Boom!

His body fell on the platform and the platform trembled, while he was in a coma.

This battle, Wang Fansheng!

Looking at this scene, the vast void was dead.

No one thought that Wang Fan of the fifth floor of the immortal could defeat the ninth floor of the immortal.

No war, that's the evil of dahaozong.

What's more, he just used magic tools to show his domain space.

But even so, it still failed.

No one knows how Wang Fan smashed the non war space.

After all, in the domain space, no one can see the situation except no war.

Although the scene of those big people, if you want to forcibly investigate, you can.

But their identity is there, and they don't care to do such a thing.

Because in that way, the game will be unfair.

"Just like you, you should be called a genius? That's ridiculous. " Wang Fan looked at the unconscious Wuzhan, snorted with disdain, and then left the platform.

He went one step further and entered the top 25.

In this way, he doesn't need to fight any more, he can get the quota to enter the secret place of Haotian.

Below the platform.

Han Wangfu, Jiuxiao City, and other forces looked at Wang Fan with doubts in their eyes.

They all feel that Wang fan is a little familiar, especially his performance today, which reminds them of the scene when they were in hanwangfu.

At that time, Wang Fan was as arrogant as he is now, and he ravaged countless arrogant people.

It's just that this realm is not right.

At the beginning, Wang Fan's realm was only one level of immortals. Even if they heard a few days ago that Wang Fan had come to Haotian City, his cultivation had reached the fourth level of immortals.

But Wang Fan on the stage is the fifth floor immortal.

Can't it be that Wang Fan broke through again in just a few days?

Because of this, even if they doubt Wang Fan's identity, they are not sure.

After all, if Wang Fan really in such a short period of time, from the first floor of the immortal to the fifth floor of the immortal, it would be too evil.

Zong Xu, Yanbei, fankuang and other Tianjiao also set their eyes on Wang Fan, with a slightly dignified look.

They all remembered that someone had ascended more than 700 levels in Haotian stage before.

Is this Wang Fan?

It's not just them, even the big names from all sides, who are suspicious of this.

After all, Wang Fan's performance is too dazzling.

If we say that before, all his battles were opportunistic.

Now that he has defeated Wuzhan, who dares to say that he is not strong?

Wang Fan, he is absolutely able to compete with Zong Xuyan and other most dazzling figures.

The most important thing is that he is the fifth level immortal. The fifth level immortal is already so strong. If his strength reaches the Ninth level immortal, who will fight under the Immortal King?

All in all, everyone was shocked at this moment.

No one dares to doubt the strength of Wang Fan.

The fighting is still going on, but Wang fan doesn't care any more.

Moreover, he did not have the idea to continue to fight with Zong Xuyan and others.

Through the first battle with Wu Zhan, he has realized that if he doesn't play the final card against these evildoers, he will still be hard to compete. So it's meaningless whether to fight or not.

Soon, the top 25 were decided, and the remaining 25 started to fight for the next five places.

Because of the heavy injuries, there was no chance to take part in Wuzhan and gave up the fight.

When he woke up, his face was very gloomy.

Today's war is a war of shame for him.

He did not fight, unexpectedly defeated in immortal five layers of Wang Fan's hand.

The most exasperating thing is that he can't take part in the next battle, that is to say, he didn't even get the top 30. What a shame!

"I'm going to kill him, I'm going to kill him!" Wuzhan roars angrily in his heart. He has a chance to kill Wang Fan.

It's a long fight, and it's the end.

When the current 30 people compete, many people can't help cheering.

These people have almost represented the most evil group of immortal friars in the intermediate state.

It's really eye-catching.

Even those who didn't take part in the war, I'm afraid they are not absolutely sure that they can defeat Zong xuyanbei's crazy three people, right?

"Congratulations, you have successfully got the quota to enter Haotian secret place. According to the rules, next, there is a ranking war between you. "

"The top ten will receive different rewards from haotianmen. In the top three, you can directly join haotianmen and get the qualification to be recommended to a senior state. "

The great man of the Lord's mansion did not leave, but said again.

"High state?" After hearing this great man's words, others performed better, but Wang Fan was a little surprised.

He really didn't know that there was such a benefit in the top three.

However, it is not so easy for him to get the top three.

We have to use the kill rifle.

In fact, the killing of shotguns has not had such a great influence on the nine level monks.

It's impossible to kill your opponent as long as you use it.

After all, the killing shotgun is nothing more than a magic weapon.

The demons on the scene, however, are immortal nine layers, infinitely close to the existence of the fairy king.

He can beat an opponent by surprise with his killing short gun, but if other people know his method, it is not so easy for him to continue to use the killing short gun to sweep his opponent.

What's more, he has the magic weapon of the Immortal King level. Don't these people have it?

Wang Fan weigh again and again, or did not intend to compete for the first three, it is not necessary.

As for going to high-level States, he believes that as long as he can come out of Haotian secret land alive, there will be absolutely no problem going to high-level states.

The rules of ranking war are the same as before. Challenge the opponent at will and eliminate them one-on-one.

The top 30 were soon on top of the battle platform, each finding a good position to stand.

Almost at the beginning of the announcement, a figure flickered out.

This man is Zong's demon, Zong Xu.

His eyes swam, and soon fell on Wang Fan, "I challenge you!"

Chapter 3312

When Wang Fan heard this, he couldn't help being stunned.

It's really pitiful that the realm is so low that people always treat it as a soft persimmon.

However, is he really soft?

Wang Fan smiles and looks at Zongxu politely and says, "I admit defeat, I'm out."

With that, Wang Fan stood up and walked down to the bottom of the platform.

Anyway, he has already got the quota, and he has seen Wuzhan and other demons. He doesn't want to be in the limelight any more.

Don't say it's hard for him to get into the top three, even if he makes every effort to get into the top three, what can he do?

What good is there besides being envious?

Let's not say that it's of little significance. Let's talk about the two forces, hanwangfu and jiuxiaocheng. If they recognize him, it's really a disaster.

Looking at Wang Fan's figure walking down the battlefield, everyone was stunned.

This, unexpectedly did not fight to admit defeat?

Wang Fan's performance was beyond everyone's expectation.

No one thought that Wang Fan would admit defeat.

You know, in the previous battle, Wang Fan was very arrogant, even in the face of no war, he was not afraid.

Zong Xu also couldn't help but Leng for a while, opening a way, "you dare not fight?"

Wang Fan indifferent said, "you are right, I dare not fight."

With that, he had reached the edge of the platform and was ready to fly down.

"I'm really disappointed. I thought you were so proud and powerful. I didn't expect that you didn't dare to fight."

Zong Xu shook his head, rather speechless.

Wang Fan didn't look back. Instead, he jumped down from the platform and said with a smile, "is it very proud that the ninth floor of immortal challenges the fifth floor of immortal? Zong's pride is nothing more than that. "

With that, Wang Fan had already stepped down.

When people around heard Wang Fan's words, they thought that his cultivation realm was only five levels of immortals.

Although he defeated Wuzhan and had a strong fighting capacity, his realm was really low.

In this way, even if Wang Fan admits defeat, it is not so shameful.

Zong Xu's face is unable to help a smother, followed by instant iron green.

Is Wang Fan mocking him?

However, he was unable to refute for a while.

After all, Wang Fan's accomplishments are really low.

Looking at Wang Fan's performance, the great figure of the city Lord's mansion couldn't help nodding.

This guy has a sense of propriety. He is not forced by Zong Xu, so he takes a strong challenge.

In that case, it's really a rash man.

Although Wang Fan defeated Wuzhan, he did not think that Wang Fan could defeat Zongxu.

After all, Zong Xu's strength is stronger than no war.

What's more, how many times can Wang Fan win under the condition of unequal cultivation state?

He is a talented person who is able to bend and stretch, not arrogant and not impatient.

There are no idiots present. Naturally, the big man in the city Lord's mansion is not stupid.

Others can guess that the person who broke the record of Haotian ladder was Wang Fan, so he can guess.

He could even guess that this man was Wang Fan, the God sword sect Tianjiao, who stirred up the storm in Haotian city in recent days. He first killed the cloud battle in Jiuxiao City, and then hit Jiuxiao city in the face.

After Wang Fan stepped down from the platform, he did not leave immediately, but stood in the corner.

Although he has enough low-key, but Han Wangfu Jiuxiao city and other forces still began to doubt his identity. In addition, he has just offended dahaozong. How dare he leave under such circumstances?

Although Haotian city is not allowed to kill people, what if those big people in the clan really kill him?

Wang fan doesn't believe that haotianmen will avenge him.

You know, he's not from haotianmen.

And if you stay here, it's much safer.

In the presence of the city Lord's mansion and haotianmen, he believes that the great haozong and other forces in Jiuxiao City dare not fight.

Sure enough, after Wang Fan came to the corner and stood still, he felt that several mental forces fell on him and locked him in.

Wang Fan sneered in his heart, but he didn't show any abnormality on the surface, and he didn't feel it.

On the platform, the battle has begun.

Soon, everyone's eyes fell on the battlefield, and Wang Fan was no exception, making an interesting appearance.

However, even so, those mental forces are still locked on him, and did not withdraw.

Obviously, these big people have already targeted Wang Fan.

It took a long time for the battle to come to an end.

Wang Fan did not expect that the top three were Zong Xu, Chi Kuang and Yanbei.

But to Wang Fan's surprise, Yanbei was the first, crazy was the second, and Zongxu was the third.

You know, according to Wang Fan's expectation, Zongxu should be the first.

But in the end, he was only the third. From this we can see how deep the madness and Yanbei are hidden.

After announcing the results of the competition and giving out awards in public, the city leader's office glanced at Wang Fan and then said,

"congratulations to all the people who got the places and awards. You are the elite of our intermediate state and the future of our intermediate state."

"The secret place of Haotian will be opened in seven days. If you like, you can practice in our Lord's mansion these days until the secret place is opened. Let's go there together."

He also said this to protect the top 30.

After all, although Zong Xu's arrogance of great power was in the top 30, there were also many people of small power and scattered cultivation.

Zong Xu and others left here. Maybe no one dared to fight like them.

But the small forces are different from the sanxiu.

What if someone kills them and grabs the quota?

Because this is also a kind of protection for the people.

Of course, his main task is to protect Wang Fan.

After all, the genius who can break the Haotian ladder record can't fall.

When Wang Fan heard this, he was very happy.

He was worried about how to get away, but he didn't expect that the big man in the city Lord's mansion would send a pillow.

In that case, he doesn't have to worry.

"I'm willing to enter the Lord's mansion and wait for the secret place to open."

"The younger generation is willing to enter the city Lord's mansion and wait for the secret place to open."

With the words of the great figures in the city Lord's mansion falling, several people soon responded.

It's not only Wang Fan who is worried, they are also worried.

Wang Fan also stood up to express his willingness.

However, just when Wang Fan and others planned to follow the great figures of the city master's mansion into the city master's mansion, a voice suddenly rang.

"Wait a minute."

All of a sudden, the voice made everyone look unbearable. In a moment, he looked at the person who opened his mouth.

Elder of Jiuxiao City, Yunchong!

This man is a powerful immortal. Even Jiuxiao city has a very high status. Yunzhan, who was killed by Wang Fan before, is his descendant.

"What's the matter?" The great man of the city Lord's mansion turned his eyes and looked at Xiang Yunchong.

And cloud Chong's vision, then fell on Wang Fan, "others can enter the city Lord's mansion to wait, but he, can't."

"Not long ago, this man killed Tianjiao Yunzhan in Jiuxiao city. We must take him away from Jiuxiao city and find out about it."

Boom!

This words, vast void, a silence.

Wang Fan's eyes also turned and fell on Yunchong. A chill appeared in the dark eyes.

Can't you sit down?

It's time to come. It's time to come!

Chapter 3313

The big man in the city Lord's mansion didn't pay attention to Yun Chong any more. Instead, he looked at Wang Fan and asked, "what he said is true. Have you ever done it?"

Wang Fan smiles and says, "if you go back to the elder, I don't know what he's talking about."

Wang fan is sneering in his heart. If you want him to admit it, don't think about it. At least he won't admit it at present.

People can guess that he killed yunzhan, but he won't admit it.

Otherwise, what's the point of his changing face?

Hearing Wang Fan's reply, the great man of the city Lord's mansion was not surprised. Looking at Xiang Yun, he said, "can you hear me?"

Cloud Chong's face is a little ugly, he coldly looked at Wang Fan, "how, you dare not admit it? Do you dare to take off the easy face and show me the real face? "

With that, he looked at the big man in the city Lord's mansion again, "isn't it what he did? As long as I take it away and ask, it's clear?"

"I promise yunchong that if he didn't do it, I would not hurt him."

"Presumptuous!" The big man in the city Lord's mansion turned cold. "He's the first thirty of this debate. He's the pre selected disciple of haotianmen. What qualifications do you have to take him away?"

"Don't say he didn't do anything to kill your jiuxiao City disciple, even if he did it, so what? This is Haotian city. Haotian city has the rules of Haotian city. How can you be presumptuous? "

The great man's words fell, and the vast void was silent.

No one thought that the big man of Haotiancheng would not give cloud such a big face.

You know, that's the elder of the powerful sect in jiuxiao city.

But think about it, this is Haotian city. If Haotian city lets yunchong take Wang Fan, where is the majesty of Haotian city?

The attitude of the great figures in the city Lord's mansion is not only reasonable, but also in the process of cleaning up.

Cloud Chong hears the words of the great man of Haotian City, his face is a little iron blue.

He didn't expect that the great man of Haotian city would not hesitate to fight with the elder of jiuxiao City, but also try to protect Wang Fan. Is it because of Haotian ladder?

Wang Fan also coldly swept cloud Chong one eye, did not say much.

If he has enough strength, he will definitely stand up and say that I killed people, what can you do.

Unfortunately, his strength is not enough and needs to be improved.

But then again, the people of Jiuxiao city are really arrogant.

Cloud Chong coldly looked at the big man of Haotian City, then looked at Wang Fan, "you really don't go with me, don't cooperate with my investigation, do you think about the consequences?"

When he said this, it was Haotiancheng's turn to turn pale.

This is a blatant provocation.

Wang fan is to smile to see cloud blunt one eye, say, "sorry, have no interest."

Then he went directly to the big man of the city Lord's mansion.

How can he be sent and investigated?

Let's not say that he killed Yunzhan. Even if he didn't kill Yunzhan, does he still have a chance to live? Is Wang Fan really stupid?

"Hum." Cloud Chong hears Wang Fan's words and hums coldly. Then he doesn't speak any more and walks away directly.

If before, he just suspected Wang Fan, then now, he has determined.

Not only he, but also the following people from all sides have confirmed that Wang fan is the ruthless man who killed Yunzhan.

Because Wang Fan's attitude has clearly told them the answer.

Everyone is very frightened. Wang fan is really crazy.

On the one hand, he does not admit that he killed Yunzhan. On the other hand, he tells others that he killed Yunzhan.

It's almost nobody.

The Lord of Han's mansion and the people of Yang's family are also staring at Wang Fan coldly, and their eyes are full of murders.

If we say who is the biggest threat to Wang fan when he grows up, it is undoubtedly them.

Between Jiuxiao city and Wang Fan, it can be said that it's just a matter between younger disciples.

But between them, Wang Fan, it's immortal.

Not to mention that Wang fan is a disciple of Shenjian sect, the two sides are hostile.

If Wang Fan grew up, how could he let them go of the things they had done in the lower states?

This is a serious problem. We must get rid of it as soon as possible. Otherwise, there will be endless troubles.

Wang Fan didn't pay attention to those people's ideas. He had followed the great figures of the city Lord's mansion to the city Lord's mansion.

After the big man arranged everyone, he came to Wang Fan's side.

"Master." Wang fan saw the big man coming and stood up quickly.

"Don't be polite." The big man of the city Lord's mansion waved his hand, "my name is Liuhong, the city Lord of Haotian. You can call me Liucheng Lord."

"I'm here to ask you if you are the person who broke the record and ascended the 735th level on the Haotian ladder?"

Liu Hong politely said hello, straight to the theme. Wang Fan knew for a long time that Liu Hong had come to inquire about it, and he didn't hide it. Instead, he nodded,

"yes, I am. It's just that I offended a lot of people, so I didn't stand up at that time. Please don't blame me. "

"No harm." Liu Hong waved his hand and then asked, "is it really you?"

Rao had guessed for a long time, but now he was shocked to hear Wang Fan confirm himself.

You know, that's the 735th floor of Haotian ladder. What does that mean?

This means that as long as Wang fan does not die, he will become a big man with much more potential than Liu Hong.

"Yes." Wang Fan nodded.

"Well, in that case, come with me. I need to see for myself." Liu Hong said and led the way ahead.

He took Wang Fan to climb the Haotian ladder again.

Of course, it's not that he doesn't believe in Wang Fan, but that he wants to see where the limit of Wang fan is.

You know, the original screening, there is a time limit, perhaps did not reach the limit of Wang Fan.

Wang Fan did not talk nonsense, quickly got up and followed.

He is also very helpless. He doesn't want to admit it.

It's just not realistic to admit it.

He only asked Liu Hong and haotianmen not to be too narrow-minded, because his talent killed him.

Soon, Liu Hong took Wang Fan to the deep place of the city master's mansion.

There are already two old people waiting there.

The breath of these two old men is very terrible. In Wang Fan's opinion, they are much stronger than Han Wangfu and yunchong.

He didn't have to ask at all. He knew that they must be the elders of haotianmen.

"I've met you, Wang Fan."

When Wang fan saw the two old men, he had no choice but to bend down and bow.

"Well." The two elders nodded, and then one of them pointed to the void, "I heard that you broke the record of Haotian ladder. I want to confirm it. Would you like to?"

Wang Fan nodded, then looked up to the void.

There, the Haotian ladder, shining with golden light, has been dealt with, towering into the clouds, and the top can not be seen.

He didn't hesitate. He stepped in the void and went directly to Haotian ladder.

Chapter 3314

Wang fan knows that this is an opportunity to show himself.

As long as he performs well, I'm afraid he will have a backing in the future.

At least before entering Haotian's secret place, there will be no problem with security.

After all, dahaozong in jiuxiao city is the top force in the intermediate state, and its energy is beyond doubt.

Otherwise, how dare yunchong of jiuxiao city try to take Wang Fan away in front of Liu Hong?

If the city Lord's mansion or haotianmen doesn't protect him enough, even if he evades the city Lord's mansion for a while, his life will be in danger.

After all, who can know if the people of dahaozong in jiuxiao city have penetrated into the Lord's mansion?

What's more, Wang Fan didn't finish his last climb.

He also wants to see where his limit is and whether he can continue to break through to the sixth floor of immortal with the help of Haotian ladder.

Once his cultivation breaks through to the sixth level of immortal, he will not be afraid of anyone in the realm of immortal.

Even if he doesn't rely on killing short guns, he can definitely fight with Zong Xuyan and others.

Wang Fan soon stepped onto the Haotian ladder. Because he had climbed once, the first 700 floors had little influence on him.

He went all the way up as fast as a ghost.

One hundred, two hundred, three hundred, seven hundred, and just a short time later, they have reached the seventh hundred.

Liu Hong and the two haotianmen strongmen looked at this scene, and their hearts were trembling.

Even though they have seen Wang Fan ascend the 735th level once, it is quite shocking to see Wang Fan ascend the 700 level so easily.

You know, the previous record was 598.

Wang Fan, however, went up seven hundred levels easily. What's the concept?

Wang fan is really one of the evils with unlimited potential.

This kind of person must be cultivated well.

They all seem to have seen the birth of a peerless strong man in the future.

Wang Fan didn't know what Liu Hong thought. After he ascended the 700 th level, his face became dignified.

Even if he had already ascended 700 steps, he still felt a lot of pressure for the second time.

According to his calculation, this 700 level is probably a huge watershed. Without the strength of the Immortal King, there should be no way to reach it.

He was able to board, it is estimated that or stained with the light of physical strength.

Wang Fan's whole body is full of immortal yuan. He is in a frenzy, and his whole body is surrounded by endless sword and sword.

His whole person, as if in a storm, step forward.

Every step forward, he would make a rumbling sound, as if he were engaged in a world war.

He didn't know how long it took him. At a certain moment, he finally broke through his original limit and stepped on the 740th level.

At this time, Wang Fan felt more pressure.

He only felt a destructive storm coming, as if to kill him.

Wang Fan's whole body is more radiant, and his whole body is like a real dragon, roaring up to the sky.

In a flash, the Dragon chanted and roared.

He continued to march on crazily.

Under this kind of pressure, his cultivation began to improve rapidly again.

Wang Fan's eyes were firm, and he looked at the top and kept walking.

Every step he took seemed to be a life and death experience.

It seems that he may be killed at any time by countless storms.

However, Wang Fan did not retreat, but is still moving forward.

Boom!

Boom!

Boom!

The sound of the explosion was crazy, and the sword and knife all around him were smashed and disappeared.

Even his bones began to click, and the pores of his body were permeated with bleeding fog.

But Wang Fan didn't flinch. He was crazy about gathering sword, sword and all kinds of element energy, while walking hard.

His only purpose is to break the border.

According to the normal situation, it is almost impossible for him who has just broken through to the fifth floor of immortal to break through the realm by normal means.

However, with the help of this external force that can threaten life and death, it will be different.

In this Haotian ladder, the immortal spirit is strong enough, and there is external force to destroy everything. As long as he can persist and break through the environment in a short time, it will never be a problem.

791,

792,

793Wang fan is still biting his teeth and walking up crazily.

Every step, every step, is extremely difficult.

Even at this time, his whole body has been dyed red by blood, shocking.

"This .."

in the lower part, Liu Hong and the two elders of haotianmen were stunned.

Wang Fan even stepped on the 797 level. How can it be? Is it crazy?

Others don't know about haotianti, but they do.

According to the normal situation, without the strength of the Immortal King, it is impossible to set foot on 700 levels.

Without the peak strength of the Immortal King, there is no way to reach 800 levels.

It can be said that the higher the ladder goes, the more difficult it is.

It is said that if you want to reach the summit, you must have the strength to surpass xianzun, namely Xiandi.

However, not to mention the intermediate state, even the high state, they have never heard of the existence of Xiandi.

But now, Wang Fan has ascended the 797 level by virtue of the five level cultivation of the immortal. How is this possible?

What a monster.

Boom boom!

On the Haotian ladder, there was a constant explosion, and Wang Fan was still moving forward.

He has already reached the 798 level, only one step short of reaching the 799 level.

At the moment, Wang Fan's face is also incomparably dignified.

Because he felt that he had reached the limit, and Wang Fan moved on.

Once he goes further, he is likely to be killed and destroyed.

However, at this time, he was one step away from the sixth floor of immortal.

If he gave up, he would not be reconciled.

"Up

Wang Fan biting his teeth, a moment, a word roar out, while crazy absorption devour heaven and earth immortal aura, while ruthlessly stepped out of that step.

Boom!

The sound of explosion was violent, and Wang Fan's blood mist exploded like fireworks.

And those who rush into the body of the immortal spirit, also guided by him, crazy towards the immortal six layer barrier hit in the past.

Boom!

There was another series of exploding noises, and all the flesh and bones on his body had been exploded.

At the same time, with a relaxed feeling, Wang Fan grinned.

His kung fu is not inferior to those who want to. He finally broke through.

He crossed the fifth floor and came to the sixth floor.

It was also because of the breakout that he was stable on the 799th floor of Haotian ladder.

Wang Fan breathed deeply. Instead of stepping forward, he quickly cleaned his body and stepped back.

Now that the situation has been broken, his goal has been achieved. There is no need to continue to move forward.

The most important thing is that Wang fan doesn't think he can go on.

He is sure that if he goes on, he will be killed.

This time, he was able to make use of the broken situation to stabilize at 799, but next time, he won't be so lucky.

Chapter 3315

In a flash, the time of seven days passed, and soon it was the day when Haotian secret land was opened.

On this day, Wang Fan left the city master's residence with Liu Hong and several other monks who got the quota.

In the past seven days, Wang Fan has been quietly practicing in his residence, and has not left his residence even one step, so he has not been assassinated.

The streets of Haotian city are already full of people. Countless people have left their houses and went to the place where the secret land of Haotian is opened.

Whether they get the quota or not, it's a golden age and they don't want to miss it.

The opening place of Haotian secret land is thousands of miles north of the city.

It's a desolate desert with few people.

When Wang Fan and his party arrived, all kinds of restaurants, inns, dange and yaoge had been built on the desert.

The whole area seems to have formed a small prosperous town, there is no desolation at all.

Wang fan knows that this is a very normal thing, because many vendors are not willing to miss this business opportunity.

"Let's go down. In an hour, Haotian's secret place will open, and then you can enter."

Liu Hong said a word to the crowd, then he took off the ship and left in the air.

as the Lord of Haotian, he also wanted to participate in the secret land opening, so naturally he couldn't accompany Wang Fan and his party.

Wang Fan and his party did not care, but came to a restaurant, planning to drink while waiting for the secret to open.

Restaurants are already overcrowded.

Countless monks are talking about the opening of Haotian secret place, and about which Tianjiao want to enter Haotian secret place.

In those people's comments, Wang Fan even heard someone mention his name, but he didn't care.

At the moment, he has removed his face, not his appearance in the war, so few people recognize him.

Of course, just because not many people can recognize him doesn't mean that no one can recognize him.

This is not, a corner of the restaurant, a few young people recognized him.

Those young people are the disciples of King Han's residence.

On that day, Wang fan made a big scene in the Han Palace, defeated the Han Palace and jiuxiao city by one person. Naturally, the people in the Han Palace will not forget Wang Fan.

The moment they saw Wang Fan, their faces suddenly changed.

This guy doesn't follow the Lord of Lihong well, but he comes to the restaurant. Isn't he afraid of death?

You know, in the past seven days, jiuxiao city and Han Wangfu have been plotting to kill Wang Fan. Even jiuxiao city has thought of killing Wang Fan with the chess pieces placed in the Lord's mansion.

However, they did not find the opportunity at all.

Wang Fan's residence is really well protected. It's impossible for those chess pieces to kill in.

"This guy is really arrogant. How dare he appear aboveboard and drink?" Han Wangfu's disciples stare at Wang Fan coldly and can't help laughing.

"Inform Jiuxiao city and Dahaozong immediately, and say Wang Fan appears." A younger generation of Han Wang Fu said without any nonsense.

"Well." The other answered, then got up and left the restaurant.

It's not that he doesn't want to use communication beads, but in this place, communication beads can't be used at all.

The people of Jiuxiao city and Dahaozong rushed here without hesitation when they heard that Wang Fan appeared.

Of course, because those elders are too sensitive to go to places like restaurants, they only come to a group of younger generation.

However, the younger disciple led by Jiuxiao city was a strong one at the level of fairy king.

In his realm, he was no longer qualified to enter the secret realm of Haotian, but he accompanied those martial brothers.

Jiuxiao city and his party entered the restaurant and immediately attracted everyone's attention.

It's not that there are some strong immortal kings among them, but that there are too many people in this group, more than a dozen of them.

It's hard for such a large group of people to enter a restaurant without attracting other people's attention.

Wang Fan also glanced over there, his eyes immediately narrowed.

Among those people, he saw several acquaintances.

The disciples of King Han's house and the madness of Dahaozong.

Of course, this is not the most important. The most important thing is that the leader of the team was a monk of the fairy king, which surprised Wang Fan.

Those people in Jiuxiao city didn't hesitate. After entering the restaurant, they went directly to Wang Fan's seat, which attracted countless people's attention.

Soon, they came to Wang Fan. The friar of the first fairy king gave Wang Fan a cold look and asked, "are you that Wang Fan?"

Wang Fan listened to this question, some speechless.

Isn't it a question of knowing?

He shook his head decisively. "No."

"Well?" When the monk heard this, he choked immediately. Not only him, but all the people behind him were stunned.

This ...

after the immortal monk came back to himself, he said coldly, "why, don't you even dare to admit your identity?"

Wang Fan shrugged helplessly, "what identity do I have?"

"You --" the friar said nothing again.

It was the first time for him to meet such a wonderful flower as Wang Fan.

Without waiting for him to continue talking, a jiuxiao City disciple behind him said, "Wang Fan, do you think we won't move you if we don't admit it?"

"At that time, we met in hanwangfu. You don't want to deny your identity in front of me, do you?"

Wang Fan laughed, "since you know I'm wang fan, why don't you ask me a fart? Let's just talk about the purpose of finding me. "

The immortal monk's eyes were full of fire. He even had the heart to kill Wang Fan.

"Good!" He gritted his teeth, said a good word, and then said, "in that case, I will be nonsense."

"You killed yunzhan of jiuxiao city. It's necessary to give us an account of this. Now please come with us."

Wang Fan speechless looked at that fairy King friar, after a long time sped out a sentence, "are you an idiot?"

He was too lazy to talk nonsense and said impatiently, "if you want to do it, just do it. I'll do it. If you want me to take the initiative to go with you, I'm sorry, I don't have time. "

Rao is the immortal monk. No matter how well cultivated he is, he can't bear the humiliation of Wang Fan again and again.

"In that case, don't blame me for doing it!" That cold drinks, the Immortal King strong person's breath crazy burst out, afterward one then grasped Wang Fan.

The surging Xianyuan rolled away. Without any hesitation, Wang Fan directly kicked the table, and then the whole person flew out.

Boom!

Boom!

He knocked over several tables in a row, then stabilized himself and spat out a mouthful of blood.

Looking at this scene, everyone was dumbfounded.

It's a hallucination, isn't it?

Although that guy is a friar of the fairy king, he can't fly out of the world with his breath, can he?

You know, Wang Fan won the first 30 places in the war, and even defeated the ruthless man without war.

The friar of fairy king was also a little stunned.

When did you become so strong?

Chapter 3316

Whoosh, whoosh!

The immortal Wang Qiang of Jiuxiao city was in doubt when several sounds of breaking the wind sounded, and then several middle-aged men in deacon bubble appeared here.

These people are obviously strong in restaurants.

They looked at the smashed tables, and their faces were very ugly.

Even some people dare to make trouble in their restaurant. It's like beating them in the face.

"What's the matter?"

One of them coldly looked at the immortal monk in Jiuxiao city and asked.

As for Wang Fan, he did not go to see it at all.

"This deacon, he wanted to kill me by relying on the strong Immortal King"

before the strong Immortal King of Jiuxiao city could speak, Wang Fan took the lead and said.

The middle-aged man coldly glanced at Wang Fan, and then looked at the Immortal King of Jiuxiao City, "is that so?"

His voice is extremely cold, and his body has been faint.

If he hadn't made clear the background of the other party, he would have done it long ago.

The Immortal King of Jiuxiao city looks very ugly. At this time, if he doesn't know that he was fooled by Wang Fan, he is a real idiot.

"Master, this man killed my Jiuxiao City disciple. I came here to take him away."

"It's just that I didn't expect that this man was so mean and shameless that he could protect himself with the help of your restaurant. I'm sure you will never fulfill the wish of this despicable man

He is not a fool either, he said quickly after he recovered.

Although Jiuxiao city is very powerful, they may not be afraid of the people behind the restaurant, but they don't want to be attacked everywhere.

Jiuxiao city?

When the middle-aged man heard these three words, his face couldn't help changing, and then he looked coldly at Wang Fan, "you big list!"

Between speaking, his breath had already covered Wang Fan.

Wang Fan's face changed greatly. Without hesitation, he grabbed a token and said, "I'm a disciple of Haotian sect. How dare you move me?"

Then he threw out the token.

The token was given to him by the two elders of haotianmen when he came down the ladder. They said it was for a rainy day.

Wang Fan didn't expect to use it.

The hatred in his heart.

His original intention is to lead out the strong man behind the restaurant and resolve the storm, but he never thought that the other party would fight him immediately after hearing the identity of Jiuxiao City disciple.

It's really realistic.

"Haotianmen disciple?" The middle-aged man's face changed again. He took the token and looked even worse.

Jiuxiao City disciples want to take haotianmen disciples. Are you kidding?

When is Jiuxiao City so competitive?

If you do this kind of thing secretly, even if you kill haotianmen's disciples, it's nothing.

But now, this is in full view of the public.

Jiuxiao City, he doesn't want to offend, but haotianmen, he can't afford to offend.

It's not human on either side.

Jiuxiao City disciple heard Wang Fan's words, his face could not help changing.

Isn't this guy a disciple of Shenjian sect? When did he become a disciple of haotianmen?

If they had known that, they shouldn't have done it.

All the drinkers around showed a look of great interest.

They didn't expect that Wang Fan took out the token of haotianmen disciple.

"Please go out to solve the grudge between you. Don't involve my restaurant. By the way, before you leave, please compensate me for the loss here. "

The middle-aged man stared at Wang Fan and those Jiuxiao City disciples and said coldly.

Wang Fan sneered, "I was hit by him to fly, just smash the table, so you should ask him to compensate."

"Besides, I'm the guest of your restaurant. I came in to drink. But they came in to make trouble. "

"It's just that you don't care about troublemakers in the restaurant. It's a good way to oppress me. I remember that."

"In restaurants like yours, even if you invite me to come, I won't come."

With that, Wang Fan turned and left.

And with his words, the scene is in an uproar.

No one thought that Wang Fan was so bold that he dared to openly attack the two strong men in the restaurant.

The disciples of Jiuxiao City, as well as some strong people in the restaurant, look as ugly as they want.

They looked at Wang Fan's back and wanted to slap him to death, but they didn't dare.

Haotianmen disciples, if they dare to kill in front of the public, it's not for fun.

The disciples of Jiuxiao city didn't talk nonsense either. Instead, they grabbed a space ring, threw it to them, and left with a gloomy face. Many of the others put down their glasses and left the restaurant.

They want to go out and have a look at the people in Jiuxiao city. How dare they face Wang fan outside.

The deacons looked at many guests who left at that moment, and their faces were even worse.

Outside, Wang fan is in no hurry and swaggers.

As for the token of haotianmen disciple, he hung it on his waist. It was very conspicuous, as if he was afraid that others would not know.

He wants to see if those people in Jiuxiao City dare to kill him.

The disciples of Jiuxiao city didn't disappoint him either. After they came out, they really surrounded him.

The fairy king of Jiuxiao city looked at Wang Fan and sneered, "do you want to go like this? Even if you are a disciple of Haotian gate, how can you kill my Jiuxiao City disciple? "

"Is that how haotianmen teaches you to bully others outside?"

The voice of the Immortal King of Jiuxiao city was very loud, which immediately attracted the attention of countless people.

Wang fan is unable to help but Leng for a while, then laughed, "are you an idiot?"

He looked at the Immortal King of Jiuxiao City, and then said, "what a bully! You Jiuxiao City disciples say

this, don't you want to be shameful?"

"At the beginning, many people must have been very clear about my fight with you in Jiuxiao City. It was Yun Zhan who wanted to kill me because he was a disciple of Jiuxiao City. That's why I killed him. "

"Even if you don't tell me what happened at the beginning, now you have so many people in Jiuxiao City, who are bullying me?"

The Immortal King of Jiuxiao City heard Wang Fan's words, and his face was even worse. He stared at Wang Fan and said coldly, "hum, my younger martial brother Yunzhan is dead. Of course, it's up to you to say."

"I don't care what identity you are, and whether you are a disciple of Haotian sect or not. It's true that you killed my younger martial brother, so you have to come with us."

When Wang Fan heard this, he became impatient. "If I say no? Do you want to rely on the cultivation of Immortal King? "

"Yes The Immortal King of Jiuxiao City gritted his teeth and said yes. Then he directly killed Wang Fan.

"Presumptuous, when did you dare to be so arrogant in Jiuxiao City and bully my Haotianmen disciples?"

However, the Immortal King of Jiuxiao City had not killed Wang Fan. A sneer came from a distance, followed by a huge hand print of Xianyuan.

Bang!

With a loud noise, the fairy king of Jiuxiao City was blown out directly.

There was a dead silence.

Chapter 3317

Wang Fan looked up and saw a group of young men and women walking over.

Each of these young men and women seems to have outstanding temperament. The first young man's cultivation is in the third level of fairy king, while the rest of the young men and women's cultivation is in the Ninth level of immortal.

They are all dressed as Haotianmen disciples. Obviously, they are all Haotianmen disciples.

Wang Fan looked at these people, although some surprised, but still thank a, "thank you for your help."

The young man nodded, "you're welcome. I just heard that Haotianmen has recruited a younger martial brother, so it's natural to take care of him."

Jiuxiao city people looking at this scene, one by one face is extremely ugly, even can be said to be gloomy to the extreme.

They didn't expect that at this critical moment, some disciples of haotianmen would appear. Obviously, it's impossible for them to take Wang Fan away again.

If you continue to call jiuxiao City strongmen to come, haotianmen strongmen are bound to get involved. They are the only ones who will have bad luck.

"Let's go." The Immortal King of jiuxiao city looked at the disciple of haotianmen with a gloomy face. He gritted his teeth and made a gesture to leave.

However, at this time, the young man of the third floor of haotianmen fairy king said, "did I let you go?"

"Well?" Jiuxiao city people hear this, the facial expression is all can't help a Leng.

He looked coldly at the Haotian youth, "what do you mean?"

"What do I mean?" The young man laughed, "you are bullying my haotianmen disciple here. You even ask me what I mean. Do you want a face?"

"A fairy king, more than a dozen immortal nine layer friars, bullies a immortal six layer younger generation here, you jiuxiao city is really great prestige."

"You -" the jiuxiao City disciple's face was ugly, but he couldn't refute it.

After all, their accomplishments are higher than Wang Fan's.

Wang Fan said with a smile, "elder martial brother, forget it. It's just a bunch of shameless dog things. There's no need to be wise. Is it hard for a dog to bite me? Do I have to bite back? I don't see eye to eye with them. "

There's a reason for Wang Fan to say that. If he's really a disciple of Haotian sect, it's nothing for him to bully the people in jiuxiao city with these elder martial brothers.

But in fact, he is not a disciple of Haotian sect. Just now, he owes a lot to borrow the power of Haotian sect with that token.

What's more, he doesn't know these people. How can he really let them conflict with the people in jiuxiao city? Who knows if they want to.

Jiuxiao City disciples heard Wang Fan's words, his face was even more ugly.

This son of a bitch, even scold them dog thing, dog?

That's ridiculous.

They had the heart to kill Wang Fan.

It's a pity that the disciples of haotianmen are here. They can only bear it.

After hearing Wang Fan's words, the heavenly king of haotianmen couldn't help looking at Wang Fan in surprise. Then he coldly said to the disciples of jiuxiao City,

"since my younger martial brother has spoken, you can go away. I warn you, this is the last time. Next time, if you dare to bully my haotianmen low level disciples by relying on others' cultivation, I guarantee that none of you will live. "

He thought that Wang Fan would use their power to trample on these people in jiuxiao City, but he didn't expect that Wang Fan didn't do it. It seems that this guy is also very intelligent.

The disciples of jiuxiao city look ugly, but they don't say much. They can only leave in ashes.

"Come on, let's go over there and introduce these elder martial brothers and sisters to you in a moment?" After the jiuxiao City disciples left, the good heavenly gate fairy king said to Wang Fan.

When Wang Fan heard this, he didn't hold it, but nodded, "thank you, elder martial brother."

In fact, he didn't want to make friends with these people. After all, it didn't help much.

However, the other party just helped him out. If he didn't even give this face, he would not be a man.

The party soon arrived at another restaurant, but it was not the one just now.

After they sat down, the fairy king of haotianmen said, "younger martial brother Wang Fan, right? My name is Jun Hui. You can call me elder martial brother Jun Hui. These are Han Yun, ye mu, Long Xiao, Gu Yaoyao and Yan Hongxiu

"They are all like you. They are about to enter the secret world of Haotian. Then you can join them and let them take care of them."

With Jun regret words fall, Wang Fan obviously found that, in addition to Gu Yaoyao other people, that look in the emergence of more or less disdain.

Obviously, they don't look up to Wang Fan at all and disdain to associate with him.

Wang Fan didn't care. He said with a smile, "Wang Fan has met all the senior brothers and sisters."

Anyway, these people are all disciples of Haotian sect, and he just borrowed the power of Haotian sect, so he should be polite in both emotion and reason.

Those people see Wang Fan say hello, in addition to Gu Yaoyao politely back a sentence, the other people are not salty nodded, obviously are lack of interest. Wang Fan also didn't care, casually chatted with a group of people.

Of course, most of them are talking with Jun Hui and Gu Yaoyao.

Time passed quickly, and it was time to open Haotian secret place.

"Let's go together." Gu Yaoyao looked at Wang Fan and said.

Wang Fan nodded and followed Gu Yaoyao.

They soon came to the entrance of Haotian secret place.

By the time they arrived, there were already a lot of people at the entrance.

In front of them, there is a huge forbidden array. At the moment, the forbidden array has opened a door.

Behind the door, there was a vast expanse of white, and nothing could be seen inside.

On both sides of the forbidden system, there were more than ten strong men, and Liu Hong, the leader of Haotian City, was there.

At a certain moment, one of the elders stood up and said, "the secret place of Haotian has been opened now. You monks who hold the quota of the secret place can enter."

With his voice, boom, the scene completely exploded.

Then, everyone went crazy and ran to the entrance of Haotian secret place.

They all hold the brand in their hands, without exception.

Just for a moment, countless people rushed into Haotian's secret place and disappeared completely.

Wang Fan looks at this scene and is planning to go in with him. Suddenly, he realizes that a mental force has locked him. Then he sees a thin faced monk running towards him.

Wang Fan, who had planned to enter the secret world of Haotian immediately, stopped after seeing this.

He wanted to see what the skinny monk wanted to do.

Soon, the thin faced monk rushed to his side, but did not stop, but with a very fast speed made a mental mark on him.

Wang Fan looked at this scene, can't help but be stunned for a moment.

How could someone mark him with mental strength and be so aboveboard?

He sneered in his heart, but he didn't remove the mark. Instead, he rushed to the entrance of Haotian secret place.

Chapter 3318

Boom, boom -

a series of violent blasts came, and Wang Fan was shocked to find that many people who rushed to the secret place were flying back by banned bombs.

"Wocao, that son of a bitch Zhao San, dare to cheat me!"

"Damn, the shameless Wang Si sold me a fake jade card."

"Zhang Chong, I swear, I will kill you!"

The roar of anger came out of the mouths of the monks who had been shot out. Wang Fan was stunned for a moment.

Is that ok?

He ignored those people and went straight into the secret script.

There are two jade medals on him. One is given to him by the Lord of Shenjian, and the other is issued by the Lord of Lihong himself. He believes there will be no problem.

Sure enough, Wang Fan's entry was not hindered.

At the moment when he stepped into the entrance of the secret script, he only felt a dizzy feeling. The next second, he had already landed on the ground.

"Who is that guy? It seems that he has only the sixth level cultivation of immortal?"

"When, immortal six layer mole ant also has the qualification to enter the Haotian secret place, this is not the mouse eats the barley, wastes?"

"You can pull it down. That's Wang Fan of Shenjian sect. Now he seems to have joined haotianmen. Seven days ago, he was in the top 30 in the competition. Can you do it?"

Seeing Wang Fan enter the secret place smoothly, many people at the entrance are stunned.

However, they are relieved when they know the identity of Wang Fan.

.....

Wang Fan didn't know what those people were talking about. He looked up and found that he was in a desert.

This desert can't see the edge at a glance, even his mental power can't reach the end.

At the same time, he did not see even a person who entered the secret land of Haotian.

I don't know if there is something wrong with the transmission, or if it is random transmission. Everyone's transmission position is different.

As for Gu Yaoyao and his haotianmen disciples, Wang Fan did not see any of them.

"It's good to save trouble." Wang Fan murmured, and did not waste time. After finding a correct location, he began to run wildly.

He wants to leave this area and go to a place full of Fairy Spirit, or a place with many people.

It's not the first time that the secret world of Haotian has been opened, which means that people from those big forces have come in.

There are more or less maps of Haotian secret place in their hands.

It's always right for him to go to a place with a lot of people and a lot of spirit.

Wang Fan went all the way, very fast. Three days later, he finally noticed a city.

Yes, it's a city, but it's a dilapidated city. That city is full of rustic atmosphere, full of traces washed by years.

Wang Fan thought about it, changed his appearance into a pale faced scholar, and then approached the city.

Although he is no longer afraid of any immortal friars, he can't bear it once others join hands.

Now he has many enemies, such as hanwangfu, jiuxiaocheng, dahaozong, and so on. It can be said that they all want to kill him.

Han Wangfu is better, even if he meets him, he is not afraid. But once he meets those arrogant people in jiuxiao city and dahaozong, I'm afraid it's really dangerous.

After all, the geniuses of the top forces who have entered the secret world of Haotian are all immortal nine, and there are more than ten.

Of course, the most important thing is that he came to Haotian secret place to seek opportunities and improve his accomplishments.

He doesn't want to waste his time fighting.

After Wang Fan changed his face, he soon stepped into the city.

Because the city plaque has disappeared, so Wang Fan did not know the name of the city.

He only knew that there were many people in the city, and many monks had entered the city.

After entering the city, Wang Fan followed the monks and soon came to an area.

Located in front of us is a majestic hall.

Inside the main hall, there are countless Qionglou and rooms.

There are prohibitions outside those buildings and rooms.

However, many of the forbidden rooms in Qionglou have been smashed and dilapidated.

There are also some well forbidden rooms and outside the Qionglou, where countless monks have already stood.

There was a rumbling sound, and the monks were attacking the prohibitions fiercely.

When Wang fan saw this scene, he was a little shocked.

Is there a chance in this room?

He thought so in his heart, but he didn't join in the fun with those people. Instead, he found a room with no one and stood down.

Wang Fan stood outside the room, but he didn't use brute force to bomb those prohibitions, just like other people. Instead, his mental power spread out and began to study. This is the simplest way, and the

most effective way.

Of course, only when the array attainments reach a certain level can we do this. Otherwise, if we don't know anything about prohibition, we will be playing the piano to the ox.

Just a few dozen breaths, Wang Fan found the base.

He waved his hands and made a strange seal. At a certain moment, he waved it directly.

In a flash, Guanghua flow, even if the prohibition was torn a gap.

Without hesitation, Wang Fan rushed in directly.

Almost at the moment when he rushed in, the gap had closed. At the same time, two figures were flashing, but they were only a step slow.

With a bang, they were thrown out by the closed prohibition.

"Well?"

At this moment, almost all the people nearby stopped their actions and looked at Wang Fan's room with dull eyes.

Wang Fan stood at the door of the room. It didn't seem that long. How could it be so simple to crack the ban?

They were all shocked.

At this time, the roaring sound rang out, and the two monks who had been shot away had started to bombard and ban madly.

Under their bombardment, the prohibition began to shake wildly, but it obviously took a long time to break it.

This scene shocked everyone even more.

How could Wang Fan break such a powerful ban so easily?

In the room.

Wang Fan looked at the room which was almost empty, and his heart was speechless.

In this room, there are only less than one billion purple gold pills, plus a fairy King level magic weapon.

One billion purple elixir, a magic weapon of the Immortal King level, may be very good for others.

But for Wang Fan, he really looks down on him.

He has ten billion purple gold elixirs, which can be said that there is no shortage at all. As for the magic weapon of the Immortal King level, he also has a killing short gun.

The most important thing is that zijindan is of little use to his cultivation.

Moreover, he could clearly feel that the magic weapon of the fairy King level in this room was very different from the killing shotgun.

Wang Fan disappointedly put away the fairy King level magic weapon and Zijin pill, and then left the room.

Whoosh, whoosh!

Just, he just walked out of the room, his face could not help the cold down.

Because there were already three monks on the ninth floor of the Immortal King, and their faces were not good enough to stop them in front of him.

Chapter 3319

"What's the matter?" Wang Fan looked coldly at the three, and his voice was very cold.

He naturally knew what the three men had come to do. Obviously, he was interested in his means of breaking the ban and wanted to use him, or directly snatch the resources he got.

In short, there is absolutely no good.

"It's no big deal, but my younger martial brother is unusual. So I want to go with him. What do you think of him?"

Said the young man in the middle.

His words are very polite, but there is a sense of coercion.

When he was talking, the breath of the three broke out almost at the same time, directly targeting Wang Fan.

Obviously, as long as Wang Fan didn't agree, they would start at once.

"Not interested." Wang Fan cold swept 3 people one eye, disdain of say.

You want to use him as a tool? Are you kidding?

As soon as Wang Fan's voice almost fell, he had already moved.

Endless vines diffuse out, directly set off a terrible momentum, crazy toward the three roll.

At the same time, Wang Fan's right hand was a little void, and a knife appeared on the void.

The whole body of the knife was full of golden light, dazzling, violent and sweeping. In an instant, it was surging in the void.

The knife cut off, set off a wave of terror, directly toward the three people, followed by those vines.

For a time, the vines were all over the sky, and the blade awning covered the sky.

The faces of those around them all changed when they saw the scene.

They didn't expect that Wang Fan was surrounded by three people and even dared to fight directly.

That's a lot of guts.

The faces of the three men also changed.

They also did not expect that Wang Fan would be so resolute, said to do it, did not say much nonsense.

"Do it!"

Three people's reaction is also extremely fast, in an instant has already offered their own weapons, directly toward those vines rolled in the past.

The sound of hissing kept coming out, and soon countless vines were cut off.

However, the number of vines is too much, it can be said that the sky is blocked.

Although they cut off a lot of vines, there are still a lot of craziness rolling to their bodies. For a moment, they are in a hurry.

At this time, the blade awn has been coagulated into a little, crazy cut to the man in the middle.

All the vines give way to the sword.

"Stop it

The monk looked at the scene, his face changed in an instant.

Boom.

There was another tremor, his whole body gushed blood, and his bones and meridians didn't know how much they were cracked. Those who were seriously injured could not be seriously injured any more.

Blink of an eye, three immortal nine layers are all crushed.

Looking at this scene, this space, a quiet.

Those friars around who had thought about Wang Fan, or regretted that they had not joined him, could not help but gasp for air and cool their backs.

Cruel man!

This is a real cruel man!

Wang Fan didn't pay attention to those people. He put away their space rings and then went to other places.

Wang Fan has experienced too many things along the way.

He also made it clear that in the world of monks, it is useless to reason, only by strength. Therefore, in order to avoid future trouble and frighten others, he chose to do it without hesitation, and he was also very ruthless.

In this way, next, there should be few people who don't have eyes to ask him for trouble.

All the way, Wang Fan cracked many room prohibitions, and even cracked two Qionglou prohibitions.

Those prohibitions in front of him were like a joke, which could not affect him at all, and he could even crack them soon.

However, what he got was a great disappointment to Wang Fan.

They are all some purple gold pills, low-grade magic weapons of fairy king, and some fairy grass that doesn't seem to be of much use to him.

In the end, Wang Fan didn't even bother to break those prohibitions. In his opinion, it was a waste of time.

However, those monks who witnessed Wang Fan's behavior all the way were shocked.

This guy is too demon, isn't he?

Even if the strength is so strong, the array is still so adverse.

In particular, Wang Fanna's six levels of cultivation made them think of a person.

But, isn't that man a disciple of Shenjian sect? How can he use a knife and understand array?

Because of this, they did not completely confirm Wang Fan's identity.

However, there are still people who spread the news about Wang Fan.

For a moment, many monks rushed here, especially Han Wangfu, Jiuxiao city and Dahaozong disciples.

They were originally looking for opportunities in other places, because they could not see the resources of Wang Fan's area at all.

Only when they heard that Wang Fan might be here, did they come and join hands.

Outside, there are Haotianmen disciples covering Wang Fan, plus there are Haotianmen strongmen guarding, they dare not start. But they are not afraid to enter this secret place.

Wang Fan doesn't know that those people have come to him together. He has left this area and gone elsewhere.

Since the resources here are of little use to his cultivation and promotion, there is no need to continue to waste time.

The most urgent thing is to find a chance to break through cultivation.

Boom ·

As soon as Wang Fan left this area, he heard a loud bang, and then saw many people running in the same direction.

See this scene, Wang Fan slightly a楞, and then did not hesitate, followed by rushed to the location.

In his opinion, there must be something good over there for such a big stir and so many people.

Chapter 3320

Wang Fan was shocked when he saw many monks roaring at a huge stone.

He had never seen such a huge stone.

The stone is high and wide, and it seems like a natural moat, blocking the road ahead and completely sealed.

There was a faint golden halo around the stone, and it was wrapped in layers of prohibition. Even Wang Fan had never seen such a huge array.

In front of the stone, there were nearly 100 monks gathered. At this time, the nearly 100 monks tried their best to use various means to bombard a certain point of prohibition.

However, no matter how they bombed, they could not shake the prohibition.

With Wang Fan's eyes, you can see at a glance that if they go on like this, I'm afraid they will not be able to break the ban even if they go on for a lifetime.

"Elder martial brother, what is this? Why are so many people around here?"

Wang Fan quickly went to a young monk who was standing at the back of the table and asked politely.

The monk has been booming for a long time, and now he is resting.

Hearing Wang Fan's inquiry, he glanced at Wang Fan in surprise, but he was not angry. Instead, he said, "haven't you even heard of deep-sea meteorites? This is the deep-sea meteorite. "

"Deep sea meteorite?" Wang fan can't help frowning. It's a strange and strange name.

He said quickly, "please help me out."

Hearing Wang Fan's words, the friar said, "it's said that deep-sea meteorite is a treasure born with heaven and earth, which contains no chance."

"As long as we can break the prohibition and get the things inside, even if we just get any of them, it will make people transform."

The friar said here, deliberately pause, looking at Wang Fan and asked, "do you know why Haotian secret place is so famous?"

"It's because there are deep-sea meteorites in Haotian secret place. It is said that there are 108 cities in Haotian secret place, and each city has a deep-sea meteorite. "

"Those who are strong enough to go out of Haotian's secret place are more or less given the chance in deep-sea meteorites."

Wang fan knows, so it is.

However, he still pointed to those who bombarded the forbidden system in front of him and said, "elder martial brother, I don't think the forbidden silk has moved. It's hard to burst it."

"This prohibition is so terrible, so many people bombard it, but it doesn't move. How did the old strong break the prohibition and enter it?"

When the friar heard this, he looked at Wang fan like an idiot, "you ask me, how can I know? Do you think those senior and strong people will tell me such things? "

Wang Fan suddenly stopped talking. He didn't care about the monk's attitude, so he just shut up.

The monk also ignored Wang Fan, but after a rest, he continued to take out the magic weapon and started the prohibition.

He will never miss such an opportunity, otherwise, if the prohibition is lifted, there will be nothing for him.

Although he also knows that even if it goes down, it's hard to get results, but he's not afraid of 10000, just in case.

However, Wang Fan didn't start, but spread out his mental power and shrouded in the prohibition.

Although the scope of his mental power is only a small piece of prohibition.

But it was that small piece that gave Wang Fan a vast and ethereal feeling.

Rao Shi and Wang fan are proud of their array attainments, but when they face this prohibition, they still feel as small as an ant.

He began to study the prohibition, and it took him more than ten days to find the weak point of the prohibition. Moreover, the position of the weak point is very subtle and easy to be ignored.

Wang Fan did not try to bombard the weak point, nor did he try to tear a gap, because his strength is far from enough.

With his current strength, even with all means, he can tear up a gap, but in the end, he will make wedding clothes for others.

After getting this conclusion, Wang Fan did not intend to stay here, but planned to go to other places to look for resources.

He needs to break through his accomplishments first, and then come back.

If his cultivation reaches the Ninth level of immortal, no, even the eighth level of immortal, it will be very easy to tear up the prohibition, and there is no need to worry about making wedding clothes for others.

Wang Fan left this area and went to other places.

However, he found that he was not long after he left, and was targeted.

Wang Fan's mental power glanced at the man and then sneered.

Because this person is not someone else. It's the guy who made the mental mark on him when the secret place was opened.

Wang Fan was able to get rid of this prohibition, but he didn't get rid of it. He just wanted to see which God he was and why he had to deal with him.

Wang Fan speeded up and ran wildly.

Even if he wants to do it, he can't be here.

He wants to go to places where there are no people or few people. The thin faced friar saw that Wang Fan was speeding up, and a sneer rose from the corner of his mouth. He also speeded up to keep up.

It's ridiculous that the people he's staring at want to leave.

Mo Li is not a man of great influence, but a sanxiu, or a very famous and powerful sanxiu.

It can be said that none of the people who are targeted by him will come to a good end, and they will surely die.

No matter what background the opponent has, what energy he has, and what cards he has, it can be said that as long as he stares at him, he doesn't want to live.

It can be seen that this is the most terrible thing.

He was the most arrogant one. He killed a demon disciple of haotianmen, but he was haunted and changeable. Even haotianmen couldn't find him for revenge.

And the reason why he's staring at Wang fan is even simpler. It's because Wang Fan climbed the 735 floor of Haotian ladder.

At the beginning, he went to see the fight for 30 places, but no one knew it.

He also guessed that Wang Fan was on the 735 floor of Haotian ladder, so he decided that Wang Fan had a secret.

That's why he's after Wang Fan.

Originally, Wang Fan after the change of face, even he could not recognize it.

It's just the mental power mark on Wang fan that betrays him.

Wang Fan went all the way and soon left the deep-sea meteorite area.

Just as he was going to stop and solve Mo Li here, Mo Li suddenly gave a cold drink, accelerated directly, and stopped in front of Wang Fan.

"Now that you are here, I don't think you need to escape. I'm not in the mood to waste my time with you. If you have any secrets, please hand them in. I'll spare you

Mo Li looked at Wang Fan and said arrogantly.

He does have the ability to be arrogant. After all, Wang Fan, the immortal of the sixth floor, really didn't pay attention to him.

The reason why he talks nonsense instead of directly doing it is because he is afraid that after killing Wang Fan, he will not be able to get Wang Fan's secret.

Otherwise, he would have done it earlier and would not have talked nonsense at all.
