

Mighty Sk 3341

Chapter 3341

"You -"

"this -"

the two Jiuxiao City disciples' faces changed dramatically. They could hardly believe this scene.

The weapon they stabbed was caught by two fingers.

It's incredible to them.

"Why, is it great to clamp your weapons?"

Wang Fan is a light sweep two people one eye, then double finger force, Ding Ding two, their swords unexpectedly all by Wang Fan pinch to break.

The next second, Wang Fan threw one hand and hissed twice, and the sword had gone into their eyebrows.

Last time Wang Fan had given them a chance, but since they didn't cherish it, they could die.

Looking at this scene, all the people around are trembling and their hearts are beating wildly.

The four strong men besieged Wang Fan. In a flash, they killed three of them, leaving only the last one.

Wang Fan's fighting power is just too evil.

Although the remaining one is the strongest, he is also a fairy king.

But now, everyone has no doubt that the Immortal King of Jiuxiao City is not Wang Fan's opponent at all, and even their fighting power is not at the same level.

"What are your accomplishments? In two years, have you not only broken through the Immortal King, but also reached the second level or higher?"

The Immortal King of Jiuxiao City was staring at Wang Fan with scarlet eyes and no blood on his face.

Just now, Wang Fan's strong manipulation of his immortal king field has made him suffer some injuries. At the same time, it has made him understand that he can't be Wang Fan's opponent at all.

Now, he just wants to ask Wang Fanxiuwei.

Wang Fan glanced at the Immortal King of Jiuxiao City and said, "You don't deserve to know these things. Now I'll give you a chance to live. Take the initiative."

Wang Fan looked at the Fairy King of Jiuxiao City as if he were looking at a mole ant with no fluctuation in his eyes.

It seems that in his eyes, the Immortal King of Jiuxiao City is not the Immortal King at all, but a real mole ant. How can he despise it?

"Well, since you want to die, I'll help you." Hearing Wang Fan's words, the words of the Immortal King of Jiuxiao City were also a little ugly.

He bit his teeth, suddenly burst out a powerful momentum, the strong spirit of the Fairy King spread wildly.

In his hand, there was a long silver gun.

The long gun breathes the terrible spear, and the space is full of hiss. Although he hasn't shot yet, his momentum is enough to make anyone's heart palpitate.

However, when everyone thought that the Immortal King of Jiuxiao City was going to fight with Wang Fan, he roared, then sprang up and fled to the rear.

His speed is as fast as lightning. He can't see his shadow clearly at all. In a twinkling of an eye, he has disappeared without a trace.

No one thought that the Immortal King of Jiuxiao City would escape.

Looking at this scene, everyone was shocked.

At the same time, they could not help sighing.

The fighting power of the Immortal King of Jiuxiao City may not be as good as Wang Fan, but if he wants to escape, I'm afraid even Wang Fan has no way.

After all, unless the cultivation absolutely suppresses the other party, how can it keep the other party?

Wang Fan looked at the Immortal King of Jiuxiao City who disappeared in an instant, but he couldn't help laughing.

It was a sneer.

"Now that you've done it, are you going to run away? Last time I gave you a chance to live, so this time, you stay

He said that the terrible fairy kingdom suddenly broke out and covered the whole space in an instant.

At the same time, his body moved and disappeared in the same place.

In an area dozens of miles away, the Immortal King of Jiuxiao City, who was running away crazily, suddenly turned pale and slowed down.

He felt as if he had fallen into a quagmire and was bound by an invisible force. Even his actions became difficult.

"The realm of fairy king, this is his realm of fairy king. But why is his realm so strong? "

He looked so ugly that he couldn't believe what had happened to him.

"It's not that I'm too strong, but that you're too weak. I've given you two more years to live. I think even if you die, you should die without regret. "

Wang Fan's insipid voice came into his ears. The next second, he saw Wang Fan appear in front of him.

Without waiting for him to make any response at all, Wang Fan's hand had been raised, and then waved to him like a knife.

With a hissing sound, his head was cut off and fell to the ground.

A generation of fairy king has fallen.

In the deep-sea meteorite area, countless monks used their mental strength to look at this scene, which was extremely shocking.

The Immortal King of Jiuxiao city died, too?

It's a real shame.....You know, that's the fairy king!

Especially when they thought that the guy had just broken through to the Immortal King and died in the hands of Wang Fan, they were very sorry.

But they were relieved to think of the grudge between Jiuxiao city and Wang Fan.

Zong's and Dahaozong's people are also crazy.

Two years ago, Wang Fan was able to suppress them. Two years later, he can still.

They thought that even if they could not kill Wang Fan, they would not be as embarrassed as they were

two years ago in front of Wang Fan.

But the war told them that even now, they had to pretend to be grandsons in front of Wang Fan, or they would die.

Even if some of their two forces break through to the level of Immortal King, what then?

In front of Wang Fan, there is no meaning at all.

The disciples of haotianmen look a little ugly.

They wanted to watch the people of Jiuxiao City kill Wang Fan, but they never thought that Wang Fan killed all the people of Jiuxiao city.

It makes them all unhappy.

"Well, it's just bad luck."

"The guys in Jiuxiao city are really useless. Even if they break through to the fairy king, they are a group of rubbish."

In the end, they can only scold a few words, and then plan to continue to study the deep-sea meteorite prohibition.

Only Gu Yaoyao is very happy.

She looked at Wang Fan who came back, and her beautiful eyes were full of splendor.

As far as I can imagine, before entering Haotian's secret place, Wang Fan had to face the pressure of Jiuxiao city's powerful forces, and needed their protection.

But now, Wang Fan has been completely independent.

She admired Wang Fan's talent and cultivation speed.

Wang Fan soon went before the deep-sea meteorite and began to gaze at the prohibitions.

As early as two years ago, Wang Fan had studied the ban on this deep-sea meteorite. Now, it's easier to study it.

In just a few minutes, he raised his hand and made a stroke in one of the directions of the deep-sea meteorite.

The next second, the bright waves light up, which is Wang Fan touched the deep-sea meteorite ban.

Then, layers of aperture emerge and begin to fluctuate wildly.

Wang Fan kept on making several fingerprints. Soon, with a buzz, a crack appeared at that position and a gap was torn.

Looking at this scene, everyone's expression changed again, heart trembling.

They spent so long, can't crack the ban, Wang Fan only took a few minutes?

Chapter 3342

Just this performance, Wang Fan will again all the people down.

Even the most evil Tianjiao in haotianmen can't compare with Wang Fan.

However, just when Wang Fan stepped out and planned to enter it -

whoosh!

Several figures were the first to flash towards the crack.

These people are haotianmen's two immortals, Zong's one, and dahaozong's one.

At the same time, the four immortals rushed to the forbidden system which was torn out, and the speed was extremely fast.

Deep sea meteorite is the most adverse chance in Haotian's secret world. No one wants to miss it, and no one is not envious.

Before, the people of jiuxiao city and Wuzhan besieged Wang Fan were personal grudges, and there was no conflict of interest, so they didn't want to be involved.

But now, in the face of deep-sea meteorite opportunity, they can't sit still.

This is a once-in-a-lifetime opportunity. If you miss it, it's hard to have another one.

Therefore, even if they knew that this would offend Wang Fan, they would not hesitate.

The four immortals rushed to the crack at the same time, which made everyone's face changed.

No one thought that would happen.

Wang Fan's eyes also coldly looked at the four people. The immortal realm of his body directly diffused out. The next second, the palm of his hand patted forward, and the prohibition closed in an instant.

Bang bang!

With four successive sounds, the bodies of the four immortals all hit the forbidden system, and they flew out directly, coughing up blood on the spot.

Without Wang Fan's realm of immortals, they would only be bounced away and would not be injured.

But Wang Fan's immortal realm affected them, so it directly led to their injury.

Wang Fan coldly looked at the four and asked, "what do you mean?"

"What do you mean?" A fairy king in haotianmen sneered and said, "Wang Fan, the secret place of deep-sea meteorite is not something you are qualified to touch. Let's come out."

"As long as you let me out, I haotianmen, willing to protect you, peace, for you to resolve the resentment between jiuxiao city."

That person's tone is extremely arrogant, a pair of high tone.

They have never paid attention to Wang Fan.

Even if Wang Fan killed the Immortal King of jiuxiao City, so what?

If they don't have enough information and background, how can they pay attention to it?

Maybe in this secret place, Wang fan is the strongest one, but out of the secret place?

What's more, before entering the secret place, Wang Fan was sheltered by them, so they didn't pay attention to Wang Fan.

"Deep sea meteorite secret place, is not I this kind of small person to be able to touch, lets come out?" Wang Fan heard that haotianmen Tianjiao's words, but he couldn't help but be stunned.

That's very straightforward.

Although dahaozong and Zongshi didn't speak, they were staring at Wang Fan.

The people around him were also speechless.

After Wang Fan showed such strong fighting power, it seems that the only people who still dare to speak with Wang Fan in this tone are haotianmen, right?

"Elder martial brother, how can you do this?" Gu Yaoyao couldn't help but stand up and said, "he

opened the secret place. Why did he let it out?"

"If you want to get a chance, you can rely on your own abilities, do you have to use such despicable means? It's too much to lose my haotianmen. "

Gu Yaoyao is so kind-hearted that he can't look down on the faces of these elder martial brothers.

This is just shameless.

"Pa!"

However, as his voice fell, the Immortal King of haotianmen slapped her in the face and took her out.

"Gu Yaoyao, I really don't understand whether you are my haotianmen disciple or his shenjiazong disciple."

"What's more, what's your identity and dare me to say that? If you dare to talk to me with this attitude next time, don't blame me for not being in the same family. "

That haotianmen fairy King's voice is extremely cold, in the eyes is to emerge a way to kill.

Obviously, Gu Yaoyao publicly said that he was mean, which completely angered him.

Gu Yaoyao is to cover a face, a face of inconceivable.

You know, before entering the secret world of Haotian, she and this elder martial brother had the same status.

Now, however, everything has changed.

But think about it. How can the Immortal King, the strong man and the immortal friar have the same status?

Wang Fan looked at this scene, his face suddenly became cold.

He also didn't expect that the fairy king of haotianmen would fight Gu Yaoyao, and still directly slap his face.

This is a great shame for Gu Yaoyao.

Wang Fan went to Gu Yaoyao, helped her up, then handed over a healing pill, and then looked at the haotianmen fairy king. The fairy king of haotianmen saw Wang Fan's glance and said with a sneer, "what I said, I don't know what you mean?"

"You must know that without the protection of our Haotian gate, you will surely die out of this Haotian secret place."

Wang Fan did not speak, just staring at the haotianmen fairy King coldly.

At a certain moment, suddenly, his body disappeared.

Disappeared out of thin air.

Looking at this scene, the Immortal King of haotianmen's face couldn't help changing, and he had a bad premonition.

However, he didn't have time to respond at all. The next second, Wang Fan appeared in front of him, and then slapped his face.

There were two sounds, and the king of haotianmen was directly taken out. His face was broken, and his teeth fell down countless times.

He fell to the ground and let out a groan. The people around him were dead.

No one thought that Wang Fan would hit each other directly in the face in the same way, and he succeeded.

You know, it's a fairy king, not an ordinary person.

Wang Fan coldly looked at the fairy king of haotianmen and said, "if you want to go in, you can go in with your own ability. As for me to let you out, what kind of thing do you think you deserve me to let you out? "

"What's more, do you think you can represent haotianmen? Let's not say that even if I go out, I don't need the protection of haotianmen. "

"Even if I need the protection of haotianmen, do I need your protection? Can you represent haotianmen? "

Wang Fan's voice was like two slaps in the face, which made him spit out a mouthful of blood again.

His face injury crazy recovery, struggling to get up, cold scan of Wang Fan, kill without disguise.

He's a fairy king, and he's also the fairy king of haotianmen, but Wang Fan slaps him in the face in public.

It was a disgrace to him.

This has a great influence on his mind. If he doesn't find this place back, I'm afraid it will be difficult for

him to make progress in the future.

"You, how dare you hit me in the face?" He stares at Wang Fan, his voice is hoarse and extremely low.

Wang Fan sneered, "you can slap others, why can't I slap you? What, you want to fight me? It's just, are you ready? "

"I beat you just now, but if you want to fight with me, you will have the same fate as the people of jiuxiao city."

Chapter 3343

Wang Fan's voice was flat, but his words were extremely arrogant. It was obvious that he didn't pay attention to haotianmen.

"You --" the immortal of haotianmen clenched his teeth, almost spewed out a mouthful of blood.

Since he joined haotianmen, no one has ever dared to speak to him like this.

Don't say he has broken through to the Immortal King now, even if there is no breakthrough, no one dares to be so arrogant in front of him.

With a whoosh, the other haotianmen immortal Wang also flew over and stared at Wang Fan coldly, "Wang Fan, do you really want to fight against haotianmen? Have you thought about the consequences?"

"Now you have offended jiuxiao city. If you offend haotianmen again, do you know how serious the consequences are?"

Wang Fan looked at the man with disdain and said with a sneer, "as I said, you can't represent haotianmen."

"Well, I don't want to talk nonsense with you. I'll give you three breathing time. Get out of here. Otherwise, don't blame me for being rude."

His tenet is that people respect me and I respect people.

These people are so proud in front of him, then why should he give each other face?

That haotianmen fairy Wang Qi's teeth, he wants to kill Wang Fan regardless of everything, but he also knows that he is not Wang Fan's opponent.

In the end, he just stares at Wang Fan coldly, then holds the injured fairy king and walks away.

Yu haotianmen, who watched this scene, did not dare to stay here, but left here quickly.

Even the two most powerful fairy kings have gone. If they don't, they are looking for death.

After the people of Haotian gate left, Wang Fan looked at the rest of the monks, "everyone, please."

When those people heard Wang Fan's words, they couldn't help it.

What does Wang Fan mean by that? Is it hard to get rid of them even if they want to?

Some people with weak background and strength don't dare to talk more nonsense at all. They don't hesitate to turn around and leave.

It's just that those who are powerful are not reconciled.

After all, 108 cities, 108 deep-sea meteorites. If they leave here and want to go to another city, it's not easy.

"What do you mean? Is it clearing? It's too overbearing, isn't it?" One of them was a little angry and said, biting his teeth.

Wang Fan sneered, "can you open the ban here? Since you can't open it and I've opened it, the chance here should belong to me. What's the problem?"

When he spoke, his breath had gone up wildly, and he grabbed the shadow knife in his hand.

Those powerful people look at Wang fan like this. Although they feel depressed, they dare not talk more. Huff and puff away.

In the realm of cultivation, strength is the most important. They are inferior to others in strength and can only endure it.

As for Wang Fan, I'm afraid there are not many people who can do anything to him in this secret place. They can only wait until they go out.

With only a dozen breaths, the monks here disappeared, leaving only Wang Fan and Gu Yaoyao.

Wang Fan looked at Gu Yaoyao and said apologetically, "elder martial sister has been wronged."

Gu Yaoyao looked at Wang Fan with complicated eyes and said with a bitter smile, "younger martial brother is polite. It's my shame. If I had known you were so powerful, I wouldn't have been like this."

She really didn't expect that Wang Fan would be so powerful.

So many arrogant, so many experts, under Wang Fan's words, all people leave, no one dares to talk

nonsense, this is strength.

Wang Fan's style is peerless.

"Elder martial sister, I have some cultivation resources here. You can use them first. Also, this is my communication bead. If you have any trouble in Haotian secret place, just tell me that I will arrive at the first time. "

Wang Fan grabs a space ring and a communication bead and hands it to Gu Yaoyao, saying.

It's not that he didn't want to take Gu Yaoyao into the deep-sea meteorite, and every deep-sea meteorite can only be entered by one person, and he has no way.

This kind of opportunity, Wang fan is absolutely not willing to miss.

As for giving it to Gu Yaoyao, he never thought that the first is that the relationship between them is not so good, and the second is that Gu Yaoyao's cultivation can not reach the Immortal King. Even if he gives it to Gu Yaoyao, it may not be a good thing.

"Younger martial brother, I can't ask for your things." Gu Yaoyao is a little embarrassed.

Wang Fan didn't say much to Gu Yaoyao, but forced it into her hands.

Gu Yaoyao refused, but he could only take it. Then he said, "younger martial brother, I'll go first. We'll see you later."

Then she left.

After Wang fan saw Gu Yaoyao leave, he tore up the deep-sea meteorite ban and entered it.

In addition to Baili, Gu Yaoyao found a remote place to stop, and then dug out a cave to drill in.

She is very smart and knows that with her own cultivation, it is impossible to get any resources in Haotian secret place now. So she plans to shut down on the spot until Haotian secret place is closed.

For the sake of safety, she did not dare to be too far away from Wang Fan.

After all, it's not good if someone is after her.

She dug out a cave, after the ban, took out the space ring Wang Fan gave her.

When she saw the resources in the space ring, she was shocked.

"Yun Xian Dan? "Immortal King pill?"

Her heart is beating fast.

Yun Xiandan is nothing. Although it is precious, she can get it.

But Wang Dan, it's priceless.

Even if she was a disciple of Haotian sect, she couldn't get it, let alone afford it.

This kind of thing is not only priceless, even if it is valuable, but also priceless.

Gu Yaoyao resisted his inner excitement and began to practice.

She also has some cultivation resources, but those cultivation resources can not support her to enter the Immortal King.

But now with Yun Xiandan, she will have absolute assurance to attack the Immortal King after she goes out.

.....

as soon as Wang Fan entered the deep-sea meteorite, he felt the mellow smell of the avenue.

It seems that the rules of the road inside are complete, while the rules of the road outside are defective.

There is no immortal elixir, no immortal grass, no magic weapon, only stone walls.

On that side of the stone wall, there are some calligraphy and paintings, which seem to be a kind of skill and a kind of magic power.

There is nothing else.

Wang Fan went to the first stone wall and saw the three words in front.

"Tai Xuan Jing."

Then there is the content of Gongfa and calligraphy and painting.

It doesn't say whether the taixuan Sutra is a skill or a supernatural power, or what level it is.

Wang Fan didn't care either. He sat down on his knees and used the air of the road to perfect his immortal realm. Then he adjusted his state to the peak. Then he began to look at the stone walls one by one and began to practice.

At first, Wang Fan could practice and think at the same time, and even have the energy to detect the surrounding situation.

But with the passage of time, he gradually immersed in it, completely into the mysterious cultivation.

Chapter 3344

Time is in a hurry, and more than two years have passed. Now it's only more than a month away from the end of Haotian secret place.

It's five years since Haotian secret place was opened. After five years, it will be closed.

In the past two years, a bloodbath has been set off again in Haotian's secret place.

Especially in the last year, the killing continued.

Countless friars died inexplicably, suffered from plunder, and even the fall of demons who broke through to the level of fairy king, which can be described as extremely cruel.

Haotian secret place is about to close. Everyone wants to get more cultivation resources, so they begin to plunder cruelly.

After all, in such a long time, the resources and opportunities that can be found have been taken away.

If those people want to continue to get resources, they have to plunder.

Of course, all this has nothing to do with Wang Fan.

Two years later, although his accomplishments have not improved much, his temperament has changed dramatically.

The whole person, full of a very wonderful charm.

The taixuan sutra was too abstruse. It took him only two years to reach the fifth level.

The taixuan Sutra has 18 layers.

Although there was no introduction to the taixuan Sutra on the stone wall, Wang Fan already knew that it was an extremely anti heaven skill.

He is not only able to mellow the atmosphere of the road, but also has the effect of refining the body.

According to his prediction, if he reaches the 18th level of cultivation, his body will undergo another qualitative change, directly forming the supreme Tao.

You know, in the past two years, although his cultivation level has not increased, his combat effectiveness has increased by many grades.

Not only his physique seems to have been reshaped, but also his Xianyuan has become more concise.

At this time, he is so powerful that even he can't imagine.

"In more than two years, the taixuan Sutra has been repaired to the fifth floor, which is really mysterious. However, it doesn't seem to make much sense to continue to practice here. I should go out."
"

"I've been practicing for such a long time. I don't know what's going on outside. It should be fast to close the secret place of Haotian."

Wang Fan mumbled to himself, stood up directly and left the deep-sea meteorite secret place.

At the moment he left, with a roaring sound, the deep-sea meteorite collapsed directly.

Not only this deep-sea meteorite, but even the other 107 deep-sea meteorites all began to collapse.

In a flash, countless friars standing outside 108 deep-sea meteorites all showed a look of shock. They didn't know what had happened.

Deep sea meteorite, as the most unfavourable chance in Haotian's secret place, collapses unexpectedly. What does it mean?

On the other hand, Wang fan is also very speechless.

He did not expect that deep-sea meteorites would collapse.

When thinking about the collapse of the stone drum area, Wang fan is a little depressed. Is it related to him?

It's just that he didn't seem to do anything?

I don't understand.

Wang Fan couldn't figure it out at all.

Where did he know that the biggest secret of deep-sea meteorites was the taixuan Sutra.

Moreover, the taixuan Sutra appears randomly in 108 deep-sea meteorites.

Over the years, many proud people have learned the taixuan Sutra, but they can't learn it at all. They

can only understand some superficial things.

This time, Wang fan not only learned taixuan Sutra, but also practiced to the fifth level.

The inheritance has been obtained by people. Naturally, taixuan Sutra has no meaning to continue to exist. It has completed its mission, so it will lead to the collapse of deep-sea meteorites.

Wang Fan didn't know this at all, so he didn't think much about it and went directly to the distance.

Before long, Wang Fan's mental power has swept to Gu Yaoyao.

Gu Yaoyao was originally practicing in a cave, but after feeling the collapse of the deep-sea meteorite, her eyes were shocked to see the deep-sea meteorite area.

Soon, Gu Yaoyao also noticed Wang Fan, she directly opened the ban, flew out.

"Elder martial sister." Wang Fanfei went to Gu Yaoyao and said hello with a smile.

After more than two years' absence, Gu Yaoyao looked haggard and pale. It was obvious that he had not seen the sun for a long time.

"Younger martial brother, did the deep-sea meteorite collapse? Did you get the chance inside? " Gu Yaoyao looks at Wang Fan in shock and asks.

She felt that Wang Fan was a little different, but she couldn't tell where it was.

With that, she asked, "younger martial brother, do you know I'm here?"

She was really shocked.

She only now noticed that Wang Fan originally came for her position.

You know, her cave is forbidden. How could Wang Fan find her. Wang Fan laughed, "deep sea meteorite really collapsed, but I don't know why it collapsed."

He didn't say anything about taixuanjing, let alone that he had reached the fifth level of cultivation.

This kind of thing, he felt that it was better not to say it, otherwise it would not be good for him or Gu Yaoyao.

Gu Yaoyao took a deep look at Wang Fan, but he didn't ask much. He said, "younger martial brother, it's said that the deep-sea meteorite contains anti heaven Kung Fu, which is a kind of chance inheritance."

"Deep sea meteorites will collapse only if someone obtains their internal heritage. Although I don't

know if deep-sea meteorite collapse has anything to do with you, I want to remind you that you must be psychologically prepared. "

"The most fundamental significance of the existence of Haotian secret place is the chance inheritance in deep-sea meteorites. Now the destruction of deep-sea meteorites means that the inheritance disappears, and the attraction of Haotian secret place will no longer be so great."

"If this matter is spread out, don't say it's other powerful forces. Even haotianmen will definitely find out."

Gu Yaoyao said here, he would not say more.

She knew that Wang Fan was a smart man, so she just stopped.

Wang Fan listened to these words, but his heart couldn't help jumping.

Although he knew that the taixuan Scripture was against heaven, he had not thought it was so far away.

He didn't know that there were such rumors in the outside world.

It seems that he must be more careful. He even has to think about whether he can go out with his original appearance.

Mu Xiu will be destroyed by Lin Feng. He can't guarantee that haotianmen won't kill him for taixuanjing.

Wang Fan has some headache, but also some speechless.

This, is it difficult to change the face of the escape?

What about Shenjian sect?

Do you also want to suffer from the disaster?

"Thank you for reminding me. I want to ask you how long it will be before the end of Haotian secret land?"

Wang Fan hastened to give thanks, and then asked.

"Twenty seven days to go." Gu Yaoyao said.

Wang Fan nodded, "elder martial sister, I have something else to do. I'll leave first. Be careful yourself."

He's going to find a place to change his face.

Simple appearance changing may be able to deceive ordinary immortal kings and even immortal statues, but it is impossible to deceive those top immortal statues.

As for Xiandi, there is no strong Xiandi in the intermediate state.

Wang Fan didn't know. Not long after he left, countless friars rushed to the deep-sea meteorite where he was.

Those friars are basically at the level of fairy king. There are twenty-one of them.

Twenty one fairy kings arrived together, and the scene was shocking.

Chapter 3345

"Was Wang Fan here before?" One of them has a strong breath and is bathed in brilliant light. He stares at the collapsed deep-sea meteorite and asks coldly.

A dahaozong immortal nodded immediately, "yes, Wang Fan really practiced here before, and also cracked the deep-sea meteorite prohibition here."

"According to my guess, most of the deep-sea meteorites collapsed because of him."

Although the people of dahaozong didn't want to provoke Wang Fan easily, they also wanted to see what happened.

Now, the biggest chance secret of Haotian's secret is likely to be taken away by Wang Fan. How can he be reconciled?

That's a legendary thing. If he gets it, he will have a bright future.

What's more, before they were weak, they didn't have much confidence to deal with Wang Fan.

But now it's not the same. If more than 20 fairy kings arrive together, if they find Wang Fan, even if Wang Fan goes against heaven, they will die.

"Since Wang Fan was here before, I don't think it's long since he left. Let's hurry to find him."

"There are still more than 20 days to go before the secret place is closed. If it is before the secret place is closed, we can't get what he has."

"After going out, we will have no chance."

The fairy king who spoke before said.

When the other fairy kings heard this, they all nodded.

If they can't find Wang Fan in Haotian secret place, let Wang Fan go out alive.

After that, the things on Wang Fan really have nothing to do with them.

You know, the most powerful person in this is just a fairy king.

Twenty one of them can walk horizontally in the secret place.

But outside, there are immortal and powerful people. How dare they compete with immortal and powerful people for Wang Fan's things?

A line of fairy King soon left, mighty toward the distance.

At the same time, their mental power is also crazy spread, shrouded in all directions, constantly moving forward, constantly advancing.

More than 20 fairy kings tried their best to find one person, but the momentum was terrible. Let alone a person, even an ant might be found out.

In more than 20 days, they were able to find the secret place of Haotian, so in their opinion, Wang Fan couldn't escape.

Tens of thousands of miles away, in an underground location, Wang Fan's spiritual power also noticed the more than 20 immortal kings.

As a alchemist and master of the array, he has always been very powerful in spirit. He is even more powerful than any of the more than 20 immortal kings.

So, his mental power can sweep those people, but those people are not aware of him at all.

Wang Fan was aware of their conversation and couldn't help sneering.

These people are really cruel. They want to join hands to deal with him and take his things. It's unreasonable.

Wang Fan's mental power scanned the more than 20 people, then left the ground directly and flashed away towards the distance.

Although he set up a ban here, he was sure that the more than 20 fairy kings would not notice.

It's just that if he's not afraid of ten thousand, he's afraid of what if. If he's noticed, that's not good.

No matter how powerful he is, no matter how invincible he is, he still has some scruples in the face of

more than 20 fairy kings.

The most important thing is that he didn't dare to kill all those 20 people, but the other party dared to kill him.

After all, he is a rootless duckweed. If he is killed, he will be killed. Shenjianzong doesn't dare to say more.

But if he killed all the fairies, I'm afraid that after he went out, there would be no place for the whole intermediate state.

Even if haotianmen wanted to protect him, he couldn't.

Not to mention that haotianmen will not necessarily protect him.

"Dahaozong, Zong, you are so brave. Last time I spared your life, but it's good of you to unite with others to try to touch my things. "

"Next time I meet you, Wang Fan will kill you."

Wang Fan murmured, playing hide and seek with the more than 20 fairy kings.

At the same time, he began to change his face.

He has decided that once the secret place is closed, he will try to escape immediately.

The deep-sea meteorite collapses, which is a major event. Once those powerful people covet it, even the haotianmen strong people also have the idea, it will be quite unfavorable to him.

In the pursuit of hide and seek between the two sides, half a month has passed.

The more than 20 fairy kings were a little surprised.

They have searched all the places of 108 cities and all the areas of Haotian secret place, but why didn't they even see the shadow of Wang Fan.

This is really too strange, just like, Wang Fan completely disappeared in the secret realm of Haotian general, but, how is this possible?

They had no idea that Wang Fan was always in front of them, and they were constantly changing their position according to their route. Anyway, always make sure you're in front of them. Because these people's mental power is far less than Wang Fan's, and the Haotian secret place is round, they can't find Wang Fan at all.

"There are only two days left before the end of Haotian secret place. It seems that we can't find Wang Fan." Dahaozong said. His voice is very helpless, some unwilling.

"Wang fan can really hide. Hum, but no matter how he can hide, I will tell the elders about it after he goes out. I believe they will not let him go. "

Zong's Fairy king was also a little unwilling, and he spoke with anger.

"Son of a bitch, where is he hiding? Did he find a hiding place to hide? "

"It's just that even if he hides, there's no reason why so many of us can't be aware of it."

Another fairy king is not willing to say.

"I have a way." Dahaozong said suddenly.

"What can I do?" The rest of the fairies asked.

"Isn't that Wang Fan who values emotion and righteousness? Let's go and arrest the three men of Shenjian sect now. I don't believe he won't show up. "

"If he shows up, we will all be happy. If he doesn't show up, we will directly kill the three people of Shenjian sect."

DAHAO said.

As a matter of fact, they generally disdain to use this method.

However, Wang Fan's chance is too bad. It's related to their future. If they miss it, it will be gone.

He had no choice but to come up with such a vicious means.

"Well, that's it." Hearing the words of dahaozong fairy king, the rest of the fairy kings nodded and their eyes twinkled with cold.

Two days time, according to this search, it is impossible to find Wang Fan.

So they have to take an extreme approach.

If you can force Wang Fan to come out, that's the best. If you can't, they won't lose.

After the Immortal King made a decision, he immediately jumped up and flashed to the hiding place of the disciples of Shenjian sect.

Before, they had been around Haotian's secret place. Although they didn't find Wang Fan, the rest of the monks who were hiding in the corner or cave noticed it, and the disciples of Shenjian sect were no exception.

"What are they going to do?" Wang Fan noticed their actions and frowned. He had a bad feeling.

Chapter 3346

Three disciples of Shenjian sect are hiding in the underground.

Since they separated from Wang Fan, they hid here and never went out.

Because they know that with their strength, if they go out, once they meet the disciples of Jiuxiao City, they will die.

In fact, not only they, but also many monks, like them, found out the danger of Haotian's secret place, and then they all hid and did not dare to go out to look for opportunities.

Perhaps for many monks, Haotian secret place is the place of great opportunity and the place where the supreme road can be achieved.

But for some people, it's also a place where they can lose their lives.

Only after experiencing the danger and cruelty of Haotian secret place can we know how hard it is to get the chance here.

Don't look at those who get the chance to increase their strength, and don't look at those friars who break through to the Immortal King. After all, those are a small number of Tianjiao who enter into the secret land of Haotian. This kind of person is very few.

No matter where you are, no matter how unfavourable the chance is, there are only a few people who can really get the chance.

Most people, will become the stepping stone of those people, into numerous bones.

It can be said that this kind of behavior of the disciples of Shenjian sect is extremely wise.

"Four years have passed. We have been hiding here for four years. I just don't know what happened to elder martial brother Wang Fan."

The disciples of Shenjian sect have been practicing for several years, but they have used up all their resources. They are chatting about everything.

After all, this kind of dark days is really boring.

If they were not monks, they would have starved to death.

"Ah, elder martial brother Wang fan is incomparable in talent and fighting power. Unfortunately, he fell into the stone drum area. If the patriarch knew about this, he would be sad."

One of the disciples thought of Wang Fan and said with regret.

At the beginning, the news of Wang Fan's fall was very popular. Even if they were hiding here, they still heard about it.

After all, they can still hear the conversation of some passing friars.

"Ah, who said it wasn't? Let alone the Lord, I'm afraid the eight peak Lord will be sad. He is the future and hope of my Shenjian sect."

Another disciple sighed.

Although Wang Fan has been "dead" for several years and may have been forgotten by others, they still think of Wang Fan from time to time.

After all, Wang fan is too evil, too amazing, too unique.

It's hard to forget that such characters have had a similar experience with them.

As for the news that Wang Fan didn't die, they didn't know about Wang Fancheng's deeds, or even the collapse of a deep-sea meteorite.

After all, they don't go out here. Only when the friars pass by this area and the conversation is heard by them, will they know what's going on outside.

It is extremely rare for them to hear that Wang Fan died by chance.

As for other things, naturally, they will not know.

"Boom!"

As they were talking, all of a sudden, there was a loud explosion.

In an instant, the prohibition outside their cave had been smashed, and the three people directly exposed them.

Their faces were shocked.

However, they haven't had time to make any response, or even say a word.

Just feel a field of road bound to fall on them, the next second, the three of them have been chicken like with Xianyuan big palm up.

When the three were lifted up and mentioned in the air, they saw these people in front of them.

Looking at these people, they were shocked for a moment.

His face turned pale.

"Haotianmen evil, dahaozong evil, Zongshi evil, thunder evil, yanyuge evil"

so many powerful evil come together.

Not only that, look at their breath, these people are also strong.

1、 Two, three, four, five...

God, there are twenty-one fairy kings, who can tell them what happened on earth!!!

"You, what do you want to do? Don't we seem to have offended you?" A disciple of Shenjian sect asked hoarsely, suppressing his anger and fear.

Such a powerful person should join hands to deal with their three little people, which makes them all feel as if something big has happened.

Dahaozong fairy King sneered, "you really have not offended us, but Wang Fan has offended us."

"Now I'll give you three breathing time, send a message to Wang Fan immediately, and let him get here immediately, otherwise, he will die!"

"Wang Fan?" The faces of the disciples of Shenjian sect all changed wildly. "Isn't elder martial brother Wang Fan dead? Is he still alive? "

He was shocked, happy and worried. He was happy that Wang Fan didn't die, but worried that so many people joined hands to deal with Wang Fan.

If Wang Fan really comes here, I'm afraid there's only one way out.

"Three breaths have passed. You talk a lot." However, the Immortal King of dahaozong didn't drag any mud and water. He gave a cold hum and slapped the disciple of shenjiansong in the air.

With a bang, the shenjiansong disciple didn't even have time to react, so he was slapped and smashed. His life was like a mole ant.

"Next, it's up to you two." Da Hao Zongxian Wang said coldly.

"You, you are deceiving too much! You start to kill us. Even if you kill us, we won't send a message to elder martial brother Wang Fan. "

A disciple of Shenjian sect fought back his anger and roared wildly.

As a disciple of Shenjian Zun and a sword practitioner, he would rather give in than bend. How could he give in to these people?

What's the fear of death?

"Well?" The Immortal King of dahaozong's face changed and looked coldly at the disciple of Shenjian sect, but this time he didn't start.

So many fairy kings, he would not kill himself. He would kill all the disciples of Shenjian sect by himself.

The reason why he was the first to do it was because he had come up with this method, and he had to show his attitude.

"Yes, I have the backbone." Zong's Immortal King came out and said coldly, "do you really not send messages?"

The disciple of Shenjian sect gave a cold hum and didn't speak.

Zong's Fairy king didn't hesitate. He slapped him and killed him.

Among the three disciples of Shenjian sect, there was only one left in an instant.

That person coldly stares at them, the eye gushes fire, but didn't say a word.

These people are too arrogant, too rampant, too bullying.

"Will you send it?" A fairy king of haotianmen stares at the last man and speaks coldly.

The man glanced at haotianmen and didn't speak.

"Good, good." Haotianmen fairy king did not hesitate, directly slapped in the past.

Pop!

With a loud noise, the disciple of shenjiansong was directly pulled out, his cheek swelled and his broken teeth fell out.

As he was the last one, the Immortal King of haotianmen didn't kill him.

"Since he doesn't send it, search your body and let's send it. But you can't kill him. It's useful to keep him! "

A fairy king was afraid that these companions would kill the last disciple of Shenjian sect, so he said quickly.

His voice fell, a fairy king did not have the slightest nonsense, but directly dodged the space ring of the disciples of Shenjian sect, and then found all the communication beads in it.

Chapter 3347

Communication bead is a kind of thing that monks pass messages to each other, and each communication bead can only send messages to one person.

Therefore, there are many communication beads on each monk, so even if others get those communication beads, they don't know who they belong to.

The reason why the Immortal King took out all the communication beads from the disciples of Shenjian sect was that he planned to send a message to all the communication beads.

He believed that as long as the monk had Wang Fan's way of communication, Wang Fan would surely receive information.

This method is barbaric but effective.

If they were disciples of big forces, they would not dare to do so at all, because doing so would expose them and cause endless trouble.

But he was only a disciple of Shenjian sect, so he was not afraid.

It's just a Shenjian sect. He hasn't paid attention to it yet.

The disciple of Shenjian sect looked a little ugly when he saw the performance of the Immortal King, but he didn't say a word.

Soon, the Immortal King sent a message, and then began to wait.

Although he wanted to torture the disciple of Shenjian sect, he knew it was meaningless.

The most important thing is that he is afraid that if he accidentally torments the other party to death, it will not be very good.

With the other party as a hostage, Wang fan may still appear, but without this hostage, Wang Fan will not appear at all.

When Wang Fan noticed this scene, his face was very ugly, and his killing intention was as angry and furious as a storm.

Angry!

Unprecedented anger!

Wang Fan at the moment, just want to kill, regardless of the consequences of killing.

Because these people are too arrogant, too deadly.

As a strong Immortal King, he even forced a group of immortal friars. It's disgusting.

Especially when he saw the death of the two shenjiazong disciples, Wang Fan almost felt a little heartbroken.

He frantically shuttled through the mountains and forests, and ran to that direction as fast as he could.

He only hated that his cultivation was too low and too slow, which implicated the disciples of Shenjian sect.

Wang Fan's speed is extremely fast, just like the flash of photoelectric light.

Even if he had appeared in the spiritual scope of those fairy kings, they still didn't notice.

This is the gap between mental strength and strength.

It was not until Wang Fan was 500 li away that a fairy King barely noticed Wang Fan.

He shocked to see Wang Fan direction, face big change way, "that is who, good fast speed!"

With his voice, the rest of the fairy King's face is a change, mental force all subconsciously swept to Wang Fan.

However, they have just swept the shadow of Wang Fan, and Wang Fan has appeared in this space like photoelectric.

A sense of terror and killing enveloped the whole space. There was a loud sound in the air, and all the trees around exploded.

"A group of fairy kings have bullied three immortal friars. You want to die!"

Wang Fan killed the two immortal queens. Instead of going on, he took out several healing drugs and put them into the mouth of the shenjiansong disciple. At the same time, he quickly pointed out his hand on him twice.

"I'm sorry I'm late." Wang Fan's voice was full of apology.

The disciple of Shenjian sect looked at Wang Fan with complicated eyes. He sighed, "you shouldn't have come."

"Wang Fan, you are so bold that you dare to kill Dayan's Fairy king."

"Wang Fan, you are so arrogant, so bloodthirsty, aren't you afraid of being doomed?" "What a bastard! I'm going to do justice for heaven today and kill you butcher!"

Nineteen fairy kings came back to their senses, and their bodies were full of fury. They roared at Wang Fan.

Wang Fan coldly looked at them, he didn't talk nonsense, swish, body shape directly disappeared.

The next second, he had already appeared in front of those crazy fairy kings, his fists turned into shadow, and directly bombed out.

The fierce fists exploded, the space cracked, the ground cracked, and the rocks were scattered.

Wang Fan's double fists are like the best magic weapons in the world. They are unstoppable and can destroy everything.

Bang!

There was a bang.

A fairy King's head exploded.

Bang!

Another blast.

Another fairy King's heart is broken!

Bang bang bang!

Next, the sound of explosion reverberated through the whole space, and in an instant, this space set off a bloodbath.

The seven immortals were just like the biggest jokes in the world. There was no room to resist them. They were killed by Wang Fan's fist.

Looking at this scene, the whole scene was dead again.

The twelve immortals were all staring at the scene, and could not believe their eyes.

How the hell is that possible?

Is this a dream?

Seven immortal kings, unexpectedly by Wang Fan instant second, even if is the Immortal King later stage, all did not have so formidable?

They all shocked in the heart burst out rude, and even some fairy King face has been a pale.

Strong!

It's so strong!

Wang fan is so powerful that even if they add up to 12 people, they are not rivals.

They originally thought that the twenty-one fairy kings threatened Wang Fan. As long as Wang Fan came here, he would surely die.

They thought that in front of them, Wang Fan was just fish and meat, and let him be slaughtered.

But now they know what kind of existence they have provoked.

Invincible!

Absolutely invincible!

Wang fan is so strong, even if he is the best one in Xianwang, or even in the early days of xianzun, it will not be easy to kill him.

Once Wang Fan grows up, even those forces behind them will have to worship him.

"Wang, Wang Xianwang, this matter has nothing to do with me. It's all their ideas."

"Wang, Wang Xianwang, this is the idea of Zong Xianwang, and it's also the people of dahaozong and haotianmen who started to kill and humiliate your Shenjian clan. It really has nothing to do with us."

"Wang, Wang Xianwang, we are willing to withdraw and never get involved again. At this time, please

spare your life."

In the short silence, several immortals and kings began to admit themselves.

They can't help it. If they don't agree, they will die.

Chapter 3348

"Well, you are so naive. Do you think he will let you go if he asks for mercy? Ridiculous

"A group of people who are greedy for life and afraid of death. It's a shame that you dare to call yourself a demon."

"Are you fools? Now, we have to work hard and have a way to live. If we ask for mercy, we will die faster. "

The immortal kings of dahaozong and Zongshi were all furious when they heard their words. They couldn't help but scold.

Some of them killed the disciple of Shenjian sect, some of them gave advice, and some of them beat the immortal disciple of Shenjian sect.

In short, they know that Wang fan may be able to let others go, but he will never let them.

Therefore, they can only bewitch people to join hands.

Otherwise, they will die.

Another fairy king looked at Wang Fan and said coldly, "we have almost gathered the arrogance of the whole intermediate state. In a sense, we also represent the future of the intermediate state."

"How dare you kill us? How dare you kill them all? After killing us, what do you do when you leave Haotian secret place? Are you not afraid of the Revenge of the sect behind us? "

"I tell you, as long as you dare to kill us, there must be only one way out. There will be no place for you in the whole intermediate state. "

The Immortal King of haotianmen also sneered, "Wang Fan, don't forget that I'm a disciple of haotianmen, and you've been protected by my haotianmen."

"You killed elder martial brother Qu before. I won't say anything, but you dare to kill me? You know, elder martial brother Qu and I are the only geniuses who are promoted to the fairy king in Haotian secret place. "

"If you kill us, haotianmen will never give up. Not only you, even your Shenjian sect, can only be

destroyed. "

These fairy kings all looked at Wang Fan and began to put pressure on him one after another.

They're right.

They represent the top class of the major forces. In a sense, they also represent the future of the intermediate states.

If after going out, the forces behind them know that the most evil disciple of the sect was killed by Wang Fan, it would be strange if they were not crazy.

They bet again. They bet again. Wang Fan didn't dare to kill them.

After all, to kill them is to die.

The only disciple of Shenjian sect was pale.

He didn't expect that Wang Fan's strength was so strong that he killed nine immortal kings in an instant, which was invincible.

However, just as those fairy kings said, they represent the future of the intermediate state. Does Wang Fan really dare to kill them all?

Killing them is equivalent to making enemies with the whole intermediate state. How can Wang Fan survive after going out?

"Elder martial brother Wang Fan, let's go."

He deeply exhaled, looked at Wang Fan and said.

Although he also wanted to kill all these scum, he wanted Wang Fan to avenge his dead brother.

However, the situation is not as good as others, he dare not, can only endure.

Wang Fan heard those fairy King's words, but he laughed.

There was no sign. With a whoosh, Wang Fan disappeared directly from the original place. The next second, he appeared in front of the Zongshi Immortal King.

In the despairing and frightened eyes of Zong's Fairy king, a sword light bloomed out, forming countless sword flowers in an instant, directly covering Zong's Fairy King's body.

Whoa, whoa, whoa!

A series of sounds, the body of the fairy king had been stabbed by the sword light, and his blood spattered out.

He fell to the ground, began the pain of the miserable hum, helpless struggle, but can no longer get up.

His meridians are broken, his elixir field is destroyed, and he has become a complete waste.

Even, he has no chance to survive. When his blood runs out, he will die.

"You -"

"dare you -"

to see that Wang Fan didn't show any signs and was still so fierce.

Dahaozong and haotianmen changed their faces.

Incomparably dark.

Wang Fan coldly looked at them, "you what you, you can kill my Shenjian sect disciples, can't I kill you?"

"Even if it's death, it doesn't matter. I've made money with so many of your heavenly pride buried with me."

Those fairy kings heard Wang Fan's words, all of them were cold in heart, and their faces were very pale.

"Elder martial brother Wang Fan." The disciple of Shenjian sect was also a little surprised. He didn't expect that Wang Fan would be so crazy.

Wang Fan looked at him and said with a smile, "if I spare them now, they will let me go after going out, and the forces behind them will let me go?"

The disciple of Shenjian sect shook his head, "no way."

Although he did not know the reason why these immortal kings besieged Wang Fan, he also knew that there must be a lot of involvement. Wang Fan must have got some secret.

In this case, even if they can't kill Wang Fan, after they go out, they will let the forces behind them. What's more, not to mention these forces, Wang Fan has offended Jiuxiao city and killed 12 immortal kings.

Wuliang will never let Wang Fan go, whether it is Jiuxiao city or the power behind the twelve immortal kings.

"Since I won't let go, why should I bear it? What am I afraid of? What's more, I've offended so many people and forces, and I'm in debt. "

Wang Fan said.

When the disciple of Shenjian sect heard this, he nodded deeply. For a moment, he was speechless.

The rest of the fairies, too, were stunned and didn't know what to say.

Naturally, they also know that what Wang Fan said is reasonable.

After all, they will not let Wang Fan go.

I'm kidding. Wang Fan has the most adverse chance in the secret world of Haotian, the legendary supreme skill.

How can they let Wang Fan go?

Wang Fan's eyes turned and fell on the Immortal King dahaozong, "next it's your turn. Are you ready?"

"I --" the Immortal King of dahaozong was about to speak. With a whoosh, Wang Fan's body had suddenly disappeared. The next second, the light of the sword flickered, and a head rose up into the sky, which was directly torn into blood mist by the sword Qi.

Looking at this scene, the whole scene was dead.

The fairy king of haotianmen took the lead to recover and roared madly, "we don't hesitate any more, or we will be killed one by one by him. Together, fight with him

"Fight, there is still a chance of life, and then hesitate to go on, there is no doubt that you will die!"

Boom boom!

With his voice, another nine immortal kings suddenly burst out a strong breath.

Their realm of fairy King spread out in an instant. At the same time, they seized the magic weapon and killed Wang Fan.

However, the fairy king of haotianmen didn't hesitate to escape from the distance.

He knew that he would die if he stayed.

Wang fan is too strong to take risks.

Now he only asked the nine immortals to buy him time to escape.

"Want to go? Can you go yet? " Wang Fan looked at the escaped haotianmen fairy king and sneered.

At this time, the nine fairy King's attack has arrived, but Wang Fan has disappeared like a ghost.

"Space blinks?" I don't know who roared. Almost as soon as his voice fell, Wang Fan appeared in front of the Immortal King of haotianmen.

"Wang Fan, I'm a disciple of haotianmen, and haotianmen is kind to you. How dare you kill me?" The emperor of haotianmen is about to split.

But his words just fall, hiss, a sword light up, penetrated his heart.

"You are the king of haotianmen, and haotianmen is kind to me. I'll keep your whole body."

At the moment before his death, he heard the voice coming from Wang Fan's mouth.

Bang!

Haotianmen fairy King down, dead!

Chapter 3349

This scene, so that the other eight fairy king are bursts of silence.

They are all immortal kings. The gap is so big. Wang fan is too strong.

Wang Fan didn't pay any attention to them. As soon as his body flashed, he killed them.

He didn't want to kill all the people, let alone offend so many forces.

However, these people forced him again and again, and he had no choice.

Anyway, they have come to this point. Wang fan doesn't care so much.

The terrifying realm of the Immortal King was released. Wang Fan carried a long sword of the Immortal King level and went directly to kill the last eight people.

In front of Wang Fan, those eight people had no strength to fight back at all.

They are not at the same level as Wang Fan, no matter in Xianwang field or Xianyuan strength.

In a burst of hissing voice, very soon, the eight immortals have been thoroughly ambushed, no life.

The disciple of shenjanzong was very pale when he saw this scene.

Wang fan is really crazy.

He worried about Wang Fan's future situation.

"Elder martial brother, these are some cultivation resources, and there are two special immortal Wang Dan. Take them."

"After leaving the secret place, try not to stay outside as much as possible, and leave quickly."

Wang Fan grabbed a space ring and handed it to the disciple of Shenjian sect, then left.

He has killed so many people and will go out soon. Naturally, he has to prepare.

As for the safety of the disciples of Shenjian sect, Wang Fan was not so worried.

All the immortal kings in Haotian secret have been killed. As long as he hides, there will be no danger at all.

In the twinkling of an eye, it is the day when Haotian secret place is closed.

At the exit, countless powerful people are waiting here.

There are expectations and worries in their eyes.

Five years later, they don't know what happened to their disciples.

Have you got the resources, have you impacted on the realm of the Immortal King, have you fallen?

after all, although the resources of Haotian secret place are enviable, not everyone who goes in can get them.

What's more, it is full of danger, and there are many monks who open it every time.

In a corner.

The people standing there were the people of Han Wangfu.

The Lord of Han's mansion is the most worried one.

It's because the arrogant people in Han's mansion, among all the people who enter Haotian's secret place, they are not outstanding at all. They may not get the chance in the end, and they will fall.

"There's no need to worry about the master of the mansion. People from Jiuxiao City will take care of him. I'm sure we people from Hanwang Mansion will get something."

Han Zhen, the elder of Han's mansion, also clenched his fist, as if to comfort himself and the Lord of the mansion.

"Well, I hope so." The Lord of Han's mansion nodded and tried to calm down.

You know, whether the disciples of Hanwangfu can gain something is related to the future of Hanwangfu.

Another location.

The master of sword and the eight masters of Shenjian sect also came here.

Their eyes were also looking forward.

"Suzerain, do you think that boy Wang Fan can get resources in it? Is he going to be OK? He has offended those people of Dahaozong in Jiuxiao City. They will certainly not let him go."

A peak Lord looked at the sword master and asked with some trepidation.

It's reasonable to say that his cultivation level is enough to keep things calm.

However, Wang Fan is too evil, his safety is also related to the future of Shenjian sect.

"I don't know, but I think it's OK. What's more, I asked him at the beginning that he decided to come."

"Now that he has decided to enter, he must be ready for everything. Even if it falls, it's his choice."

The sword master looked ahead and said calmly.

At the same time, Jiuxiao City, Dahaozong and Zong's strongmen also stand in different directions, staring at the direction of the exit.

They all expect that their descendants can gain something in Haotian's secret land, get chances, and even break through to the fairy king.

Every force can be prosperous only when outstanding demons constantly emerge.

Naturally, they don't want to see their descendants being crushed by others, and then decline.

In the anxious waiting, the closing time of Haotian secret place is getting closer and closer.

Once the secret place of Haotian is closed, all the people inside will be sent out.

"Look, Haotian secret place is closed. Someone has been sent out."

"Hoo, it's coming out at last."

"I really don't know how many people got the chance and how many people fell in this time."

"I'm more concerned about how many people are promoted to the fairy king, and whether anyone gets the most mysterious chance." At a certain moment, accompanied by a flash of light, a person was sent to the square, and bursts of comments also came out quickly.

With one person being sent out, and then, whoosh, countless monks were sent out.

In a flash, the broad square became full of people.

There are numerous middle-level States, so there are many people who have entered the secret land of Haotian.

Even if more than half of them fall, there are still more than 100 people being sent out, and it is far from over.

Wang Fan was sent out in the first moment, eyes have been swept out.

Soon, he saw the people of Shenjian sect.

He spread out his mental power crazily and sent a word directly to the sword master: go.

The master of the sword felt a shock in his heart.

He naturally recognized that it was Wang Fan's voice, but his mental power swept around the square, but he didn't find Wang Fan.

At this time, the master of the sword didn't understand. There must be something big happened in the secret place.

He was very decisive, and said hello to the eight main peaks. He turned around and left.

A group of nine people rose into the air and soon disappeared into the vast sky.

The people in Han's mansion were puzzled when they saw this scene, but they didn't ask much.

As for the other forces, at the moment, they have no time to pay attention to a small person of Shenjian

sect.

Wang Fan was relieved to see the people of Shenjian sect leave.

At this time, those who have been sent out have gone to the big figures of their own family. There are also people who break through the air and intend to leave directly.

Wang Fan naturally did not hesitate, he also flew up, toward the distance.

However, his speed is not fast, and his accomplishments are hidden in the ninth floor of the immortal.

He quickly moved away from the exit, and then moved a lot of space to escape.

When he reappeared, he was running at full speed.

He knew that soon what he was doing in Haotian secret place would be known. At that time, if he wanted to go again, it would be too late.

At the exit.

The transmission has stopped.

This means that all the living people in Haotian secret place have been sent out.

However, Jiuxiao City, Dahaozong, Zongshi, Hanwangfu and other forces, their faces sank, and they were very ugly.

Especially Jiuxiao City and Han Wangfu, the faces of the people of the two major forces were even more gloomy, because none of their descendants came out alive.

Are they all dead?

The most shocking thing is that there is only one Immortal King alive this time.

That is to say, this time, only one fairy king has been achieved.

How is that possible?

It's abnormal!

Chapter 3350

The only fairy king who came out of Haotian's secret land was a man of small influence.

He was extremely talented and had extraordinary fighting power. It was only by chance that he got the

chance to become a fairy king.

Moreover, because his background was not very strong, the immortal kings did not call him up when they dealt with Wang Fan.

"What's the matter? How come none of my people from Jiuxiao City came out?"

Seeing that all the people came out, the big man of Jiuxiao City was the first to ask directly.

There are dozens of geniuses in Jiuxiao City, but now, none of them come out. How can we bear it?

Although none of the people in Hanwangfu came out, Hanwangfu was too small to ask questions on such occasions.

And Jiuxiao City, but dare.

Hearing the words of the great figures in Jiuxiao City, the scene fell into a dead silence.

Those out of Tianjiao, one by one look strange Jiuxiao City bigwigs, no one to speak.

Seeing this scene, the big man of Jiuxiao City realized that something was wrong. He hummed coldly, "what's the matter, doesn't anyone know?"

A family disciple who had a good relationship with Jiuxiao City sighed bitterly and said, "in the secret place of Haotian, the people of Jiuxiao City --"

but before he finished his words, he was interrupted by one of Zong's Tianjiao, "report back, the reason why the brothers of Jiuxiao City didn't come out was that they were killed."

He looked at the influential figures, and a touch of anger appeared in his eyes. "Wang Fan of Shenjianzong got some opportunities in the secret place of Haotian, and his strength improved by leaps and bounds. He started wanton killing in the secret place of Haotian."

"The whole army of Jiuxiao City and Han Wangfu was destroyed, and there was no one to return."

Boom!

Zong Tianjiao's words fell, and the scene fell into a dead silence.

How could it be that all the disciples of Jiuxiao City were killed, and all of them were killed by one person?

When did Wang Fan become so powerful?

"What did you say? Is that true? " Jiuxiao city big man is in an instant canthus to crack, killing out of control.

It's not just him, it's the same with the big people in hanwangfu.

It's just that Han's mansion is weak. Even if they are angry again, they can only endure it and dare not attack it at all.

"Back to my predecessors, my younger generation, this is absolutely true, and there is no falsehood at all. Not only that, elder martial brother haotianmenqu, elder martial brother dahaozong Wuzhan, and many other forces were killed by this man. "

"Relying on his cultivation, he was domineering and rampant in the secret place, killing countless people and seizing countless opportunities."

"A few days ago, many forces have become the strong ones of the Immortal King. Finally, they can't bear it and plan to join hands to kill Wang Fan."

"Originally, I thought that Wang Fan would die, but now that all the senior brothers have not come out, it is obvious that they have also met with misfortune."

The arrogant words fell, and the scene fell into silence again.

Everyone was in a frenzied shock.

Wang Fan killed so many people with one person's power. He even killed countless immortal kings. How can this be possible?

They can hardly describe the shock in their hearts with words.

An old woman's side, Gu Yaoyao hear this person's words, a frown, is about to speak, but it was the old woman to stop.

From Gu Yaoyao's mouth, she knew what happened in Haotian's secret place and all the truth about it.

But she knows that now she can't say it.

Because once it is said, it will stand on the opposite side of all forces.

The words of Zong's heavenly pride can be said to be extremely heartbreaking.

With just a few words, he pushed Wang Fan to the opposite of all the forces and put him on a dead end.

Now, I'm afraid all forces will think that the most outstanding Tianjiao of their own family has died in the

hands of Wang Fan.

Even those who didn't have the power to die in Wang Fan's hands would think so.

In this case, if they stand out to tell the truth, they will undoubtedly stand against all forces and become the target of public criticism.

No matter how powerful Haotian gate is, it's just a sect. What about the first sect?

How can we fight against the cooperation of many forces?

In the past, those forces did not dare to move haotianmen because they had no common excuse and reason to unite.

And even if it's a coalition, it won't work together.

But now it's different. They have a common enemy, Wang Fan.

After all, for a clan, Tianjiao means the future, and Tianjiao's achievements also mean future achievements.

When Wang Fan destroyed their pride, it was like breaking their future.

In this case, once haotianmen dare to stand up, these forces will join hands to attack haotianmen.

Even those who didn't think about the power of Fu Hao's Tianmen, I'm afraid they will be forced to fight Fu Hao's Tianmen. In this way, it is extremely unfavorable to haotianmen.

"Well, it's really good. What about Wang Fan? Where is Wang Fan?"

The big man of Jiuxiao city is very angry. He stares at the bottom and asks coldly.

At the same time, his mental power spread out crazily, scanning all the people at the scene.

Wang fan is so rampant, so arrogant, so cruel, to kill all the arrogant people in Jiuxiao city.

If he doesn't find out Wang Fan's body, how can he give up?

But soon he was disappointed.

Because he didn't find Wang Fan at all.

That Zong Tianjiao also shook his head, "I don't know. Didn't he come out?"

The great man of Jiuxiao city is silent.

He looked at the other big men.

Those big people shake their heads.

They didn't notice the trace of Wang Fan either.

Obviously, Wang Fan is really likely not to come out.

After all, what Zong Tianjiao said was very clear. Not long ago, all the great forces joined hands to attack Wang Fan.

In this case, how can Wang Fan not die?

Most of Wang Fan died with those fairy kings.

However, at this time, the Lord of Han's mansion hesitated for a moment and suddenly stood up.

"Ladies and gentlemen, I have something to say."

When he talks, he is also very nervous.

After all, he is nothing in front of so many big people.

The big man of Jiuxiao city gave him a cold glance and said, "say."

"When I opened the secret place of Haotian, I saw that all the people of Shenjian sect had left."

"At that time, there were no disciples of Shenjian sect coming back to them, so I think it's strange."

As soon as Han Wangfu's words fell, the scene fell into an uproar again.

They are all mature people. Can they not understand the meaning of Lord Han's mansion?

Is it difficult that Wang Fan changed his appearance, or by what means did he tell the people of Shenjian sect about this, which led them to leave?

Otherwise, how could the people of Shenjian sect suddenly leave?

However, Wang Fan is just a junior, even if he is a fairy king, he is still just a junior.

How could so many big people not notice his appearance?

The big man of Jiuxiao City glanced around and didn't see the person of Shenjian sect.

He sneered, "what a Wang Fan, what a god sword clan. I'm going to Shenjian sect now. Would you like to join me? "

"Yes!"

"Yes!"

All powerful forces responded one after another, and then they flew into the sky together and went straight to shenjiansong.
