Chapter 3361

Jiuxiao City, the central place, jiuxiao palace.

The Lord of jiuxiao palace was sitting on a high seat with a crown on his head and a gloomy face.

"Still no news?" At a certain moment, his dignified eyes swept all the people below and asked.

During his trip to Haotian's secret land, he lost a lot in jiuxiao palace. All the younger generation of disciples were killed and there was no life left.

If you want to say who hates Wang Fan the most, it's the people of jiuxiao palace.

However, how long has passed, and they have not found any trace of Wang Fan. It's just unreasonable.

Jiuxiao City, as an intermediate state power, how can it swallow this tone?

"Back to the palace master, not yet. Do you think the people of haotianmen secretly stepped in and sent him away? "

There is an elder's response below. When the elder speaks, he is very careful.

He bent over and did not dare to look directly into the eyes of the palace master.

Jiuxiao City Palace leader, this is a very strong existence, ruthless, domineering, arbitrary.

Even if we look at the whole intermediate state, except for a few people, he never paid attention to anyone.

The master of jiuxiao palace shook his head. "Although haotianmen wanted to get involved in this matter, they secretly sent Wang Fan away, but they didn't find anyone now."

He snorted coldly, "almost all the major forces in our intermediate state are mobilized. Such a lineup, even if the intermediate state is dug three feet, it should be enough. Can't find a fairy King mole ant?"

"Look, keep looking for me. Anyway, you should find Wang Fan for me. I want to see people alive, and I want to see corpses dead. "

Jiuxiao palace master's face is gloomy to say, in the heart is also extremely unhappy.

Jiuxiao city is a top class leader. All the disciples were killed, but they can't get revenge for it. It's ridiculous.

If Wang Fan's strength is strong, that's all. But in fact, Wang Fan's cultivation is only a fairy king.

If you can't deal with such a big jiuxiao palace, I'm afraid you'll be shameless in the future.

Naturally, he would not have thought that Wang Fan would stay in jiuxiao city and swagger.

If you know, the master of jiuxiao palace will spit blood directly.

At this time, a young man came into the hall. In an instant, everyone's eyes in the hall focused on him.

Zongmu, the young disciple of jiuxiao palace leader, is the first person of the younger generation. His cultivation has reached the peak of the Immortal King, and he will enter the immortal realm one step away.

He was in the process of closing the gate, but only when he learned what happened in Haotian's secret place during the rest period did he go out of the gate.

"Wood son, how did you come out?" The master of jiuxiao palace saw Zongmu, and a little surprise appeared in his eyes. He asked.

"Master, such a big thing has happened in jiuxiao city. As the elder martial brother, I want to go and have a look

"I want to leave jiuxiao city to find Wang Fan's whereabouts and avenge my dead brother."

Zongmu said.

His whole person looks light, and there is no anger in his eyes. Obviously, this is not a simple person.

Jiuxiao palace Master heard this, but he could not help frowning, "mu'er, the most important thing for you is to attack the immortal realm."

"As for Wang Fan, he is just a small man. Let others deal with him."

Hearing the words of the palace leader, Zongmu bowed down again and said, "if you can't kill Wang Fan and avenge your younger martial brothers, Zongmu can't be at ease even if he is practicing. Please help him."

When the master of jiuxiao palace heard this, he knew that it was useless to persuade him again, so he nodded, "OK, go, but remember, be careful."

"I understand." Zongmu nodded, then bowed again and walked out of jiuxiao palace.

It wasn't long before Zongmu left jiuxiao palace that the story spread out and caused a strong sensation

in an instant.

You know, Zongmu is the first person under the immortal statue of Jiuxiao City, which is the undisputed pride of Jiuxiao city.

As early as a few years ago, when his cultivation had not reached the peak of the Immortal King, he killed the strong immortal and became famous in the first World War.

Most importantly, he was trained by Jiuxiao city as the next generation of helmsman.

How can such figures not stir up a sensation when they go through the customs in person because of Wang Fan's affairs?

"Did you hear that Jiuxiao city was settled down by wood?"

"My God, it seems that the existence of that monster has not come out for several years, has it? Now his cultivation, even if he didn't step into xianzun, is probably better than many xianzun's early days. "

"I didn't expect Zongmu to go through the customs. It seems that Wang fan is going to have bad luck. It's said that this wood is not only powerful, but also has high attainments, even if it is the way of array and Dan

"Hehe, more than that, it is said that this guy is very good at breath tracking. As long as he catches your breath, he can feel it even if he is together for thousands of miles."The news of Zongmu's downhill spread first in Jiuxiao City, and then similar comments came out from restaurants everywhere.

One of the restaurants, Wang Fan heard the news, eyebrows is unable to resist a pick.

Listen to what those people mean, this wood seems to be a character.

But he didn't worry at all.

The major forces sent so many strong people, but they didn't find him. Wang Fan didn't believe that Zongmu could find him.

What's more, Zongmu hasn't seen him, and he doesn't know his breath. If he wants to find out, it's even worse.

Wang Fan kept quiet, just drinking while listening to the comments of those people.

He was thinking about how to leave the intermediate state and rush to the higher state.

Because at this stage, he is no longer suitable to stay in the intermediate state.

The most important thing is that there are not many resources for him to improve in intermediate states.

Only when he goes to a higher state can he make a greater breakthrough in his cultivation and reach a higher level.

However, it's not easy to go to a higher state.

At least, with his strength, it is absolutely impossible to pass.

And no matter in Haotian city or Jiuxiao City, there is no map leading to the high-level state, no spaceship or transmission array.

Therefore, there seems to be only one way for him to go, that is to ask for help from Haotianmen.

Because he inquired that only Haotianmen had the channel to go to high-level states.

But he didn't dare to go to Haotianmen.

After all, now all the major forces are looking for him. He doesn't know Haotianmen's attitude at all. If he comes to the door, doesn't he take the initiative to send him to the door?

After Wang Fansi thought about it, he still didn't dare to go to Haotianmen. He decided to wait and see if there were any other opportunities.

"Hum, you're so brave that you dare to stay in Jiuxiao city. Are you impatient? If you don't want to die, leave Jiuxiao city at once, or you will die. "

Just as Wang Fan was thinking about these things, suddenly, a cold voice came into his ears.

Wang Fan's face changed and suddenly stood up.

Chapter 3362

Wang Fan heart set off a storm, he, even exposed?

But soon, Wang Fan came back.

Because he felt that the voice was very familiar. When he thought about it carefully, wasn't it the woman he met after he killed out of the Yang family?

But, who is that woman, how can she be so terrible, and why should she help him?

Although that woman is hateful, Wang Fan naturally knows that she has no malice to herself.

Otherwise, she doesn't need to remind herself at all. She just needs to tell Jiuxiao City her whereabouts, and then she will die.

What's more, with this woman's ability, if you want to kill him, it seems that it is not difficult.

"What a strange woman." Wang Fan murmured. He didn't dare to stay any longer. He got up and left Jiuxiao city.

He had to take the woman's words seriously.

After all, the woman could recognize him and find him, and others seemed to be OK.

This made Wang Fan lose his confidence in his disguise and the means of concealing his breath.

"You go to the northeast, 300,000 miles away, I'll wait for you there."

As soon as Wang Fan stepped out of Jiuxiao City, the woman's voice came into his ears again, which made Wang Fan a little confused.

However, he did not think much, but directly listen to each other's words, toward the northeast to rush past.

Whether it's a blessing or a curse, it's a curse. Wang Fan plans to go and have a look to see what this woman is and what she wants to do.

Wang Fan moved forward only a few hundred miles or so. A sound came out, and the land in front of him suddenly exploded. Then a black shadow shot straight at him.

There was no sign that the shadow appeared, and the breath was very good, so Wang Fan didn't notice it at all.

The dark shadow is as fast as lightning. Just in a moment, she has rushed to Wang Fan. Her right hand is like a snake. She directly pokes out and grabs Wang Fan's heart.

Wang Fan's face changed greatly. With a buzzing sound, his body surface suddenly radiated a bright golden light. One side of the stone wall protected his chest, and then he punched forward.

Bang!

A blast, Wang fan body surface condensed out of the defense inch smashed, a strong influx of his body, his whole person was directly blasted out.

At the same time, the man who attacked was not easy, and he fell back.

Yan five Zheng Zheng looking at Wang Fan, appears very surprised.

He didn't think that he couldn't kill Wang Fan.

It's just incredible.

You know, as a killer, and also a top killer, he is very confident in his own strength.

With his five level cultivation of the Immortal King, he can even kill the strong one in the sixth or seventh level of the Immortal King.

But now, killing only one fairy king, no, it's the second fairy king. He didn't succeed. How can he not be shocked?

After Wang Fan stabilized his figure, his face was also a little ugly.

It's really impossible to prevent. He looks at the killer in front of him, and there's a huge killing opportunity in his eyes.

Whoosh!

Without the slightest hesitation, Wang Fan directly killed Yan Wu crazily.

The breath in his body broke out crazily, and the physical strength was applied to the extreme. Every cell and every inch of meridians in his body began to surge crazily.

The powerful Immortal King Field broke out, his hands began to dance, and the sword power was released, and soon countless sharp swords were gathered in the space.

The golden sword runs through the void like lightning towards Yan Wu. It seems to kill everything.

Yan five felt Wang Fan's immortal realm, felt Wang Fan's terrible sword power, and his face became dignified in an instant.

He slowly soared into the air, grabbing a golden shield in one hand and a golden spear in the other. Shield against spear attack, kill Wang Fan directly.

Boom boom!

After a series of explosions, the golden sword bombed on the shield spear, the shield was torn to pieces, and the spear was directly lifted away.

Yan five is facial expression a change, hiss a, in the mouth spurted out a mouthful of blood.

His heart set off a storm, this Wang Fan, is too strong, it is strong to make him suffocate.

No, it's dangerous. We have to go back.

Yan five's heart just emerged this idea, in the pupil, Wang Fan's body shape has already appeared in front of him, grinning grimly and punching out.

Bang!

A blast, Yan five fly out, directly killed.

"Well, you want to kill me? You'd better die by yourself. "

Wang Fan coldly looked at Yan Wu and snorted with disdain. He was going to grab his space ring and leave.

Whoosh, whoosh.

But at this time, there were countless voices of breaking the wind, and then countless people in black appeared in front of him. Looking at this scene, Wang Fan's face is a little ugly.

Looking at the costumes and breath, these people and Yan Wu obviously belong to the same organization, and they cultivate dark energy.

He even wondered if he had been cheated by that woman.

Otherwise, he had just left Jiuxiao city. How could he have been discovered and besieged by these people?

"Ladies and gentlemen, what can I do for you? Did you recognize the wrong person? " Wang Fan's face showed a harmless smile, looking at those people in Black said.

Those people in black didn't pay any attention to Wang Fan at all. They just looked at Wang Fan coldly, and then at the dead Yan Wu, and then there was a strong killing opportunity on them.

"Why do you want to be like this? We have no grudge in the past and no grudge today. Is that unnecessary?"

Wang fan is a bit depressed, continue to speak quickly.

In his mind, however, he was thinking about which faction these people were.

At the same time, we are looking for a breakthrough.

"Kill, fight and decide quickly!"

The group of people in black still ignored Wang Fan.

One of them said coldly, then they all dodged, surrounded and killed Wang Fan.

These people are all the five levels of cultivation of the Immortal King, and they are good at assassinating and taking advantage of the opportunity. At first sight, they have undergone strict training and experienced many battles.

Wang Fan looked at this scene, really want to curse.

He burst out a rude remark, body shape a flash, suddenly show space big move, disappeared in situ.

However, because these people have formed some kind of big formation, Wang Fan has no way to get out of their encirclement.

So the next second he appeared, he just came to the two men in black on the left.

Without the slightest flowery and hesitation, Wang Fan turned himself into a real dragon and directly wrote the dragon's tail and swept it out.

Bang!

There was an explosion.

His right leg slammed on the two men in black, who flew out directly, spewing blood from their mouths.

However, between them, there is a bright light curtain.

Obviously, although Wang Fan shot them away, he didn't tear up the encirclement formed by them.

Whoosh, whoosh!

At this time, there have been several people reaction, instantly appeared in front of Wang Fan, sharp attack shrouded in Wang Fan.

Wang Fan complained in his heart that these people were too difficult to deal with.

Chapter 3363

"Broken!"

At the critical moment, Wang Fan suddenly roared, and a bright light suddenly appeared on his body.

He took out a long sword with his right hand, and then stabbed it straight forward.

Boom!

A blast, a black man's body was directly pierced by the sword, blood spray, the whole person fell back.

Wang Fan shocked this man with a sword. He didn't dare to stop at all. He turned around crazily to avoid other people's attack. At the same time, he left in mid air.

However, his speed is still a lot slower. Several blasts spread out, and the two men's attacks fell firmly on him, which made him spew out several mouthfuls of blood.

Feeling the violent concussion power, Wang Fan's eyes suddenly become cold and crazy.

"You want to die!"

He stares at the group of people in black, even directly gave up the escape and dodge, but caught the killing short gun.

At this moment, Wang Fan's heart is extremely angry.

He didn't provoke these people at all, but these people are so good that they want his life. It's unreasonable.

"Kill

"Quick fight, quick decision!"

The group of people in black faced Wang Fan without fear.

They had a stronger intention to kill, and the magic weapon came out of their hands and went to kill Wang Fan again.

They not only occupy the number advantage, but also occupy the cultivation advantage. Naturally, there is no need to be afraid of Wang Fan.

"You are all going to die!" Wang Fan gave a cold hum and bathed in the endless light of the road.

His whole body was shining with gold, just like gold armor.

At the same time, the energy of several elements of Jin Mu Shui Huo Tu Lei Feng was mobilized at the same time, forming a terrible defense on his body surface.

Wang Fan, holding a killing short gun, was like a god of war. With the blessing of the wind element, he

killed the people in black like lightning.

His own speed is very fast, plus the blessing of the two elements of thunder and wind, the speed is even faster to an unimaginable level.

"Death Wang Fan's body is like a ghost. In a short time, he has come to the strongest man in black, and his killing spear stabs straight out.

The speed of terror, coupled with the violent killing, the man in black didn't even react. He saw the endless red spear hanging over him.

Feeling the violent killing power, Rao's firm and iron mind could not help sinking slightly.

It's abnormal to be so fast.

Is this really the speed that the second level monks of Immortal King can have?

The immortal yuan in his body surged into Chu crazily and surrounded his whole body, just like a series of unbreakable armor.

At the same time, he was holding a long black sword and hissing at those gun marks.

However, although his reaction is not slow, it is still slow. What's more, his hasty attack can't be compared with Wang Fan who is ready to go.

Boom boom!

Without the slightest suspense, the dense red gun pattern, in an instant, had broken his sword Qi, straight tear in his body.

The vigorous Qi of the immortal Yuan who protected his body all over him, under Wang Fan's red spear, was unable to resist at all, and had been torn to pieces.

The sound of clattering came out. Under his despairing eyes, soon his whole body had been covered by the red spear awn, completely crushed to pieces of fly ash.

The rest of the people in black could not help changing their faces when they saw this scene.

They did not expect that all of a sudden, Wang Fan would burst out such a terrible strength.

Wang fan is not only good at multi-element energy, but also good at several kinds of attack techniques, such as sword, spear and so on. It can be said that Wang Fan's qualification has reached a very adverse situation.

"No, the situation has changed. Withdraw!"

"Go

These people are also extremely resolute, just a short time, they have made a decision again, and intend to retreat at the same time.

Their leaders were suppressed and wiped out by Wang Fan. It's hard for them to kill Wang Fan again.

In other words, even if they can kill Wang Fan, it is estimated that most of them will be killed or injured. What's more, they are not sure that they can kill Wang Fan at all.

"Don't you think it's a little late to go now?" Wang Fan looked at the man in black who was ready to retreat, but he sneered.

He is surrounded by brilliance, and his sword spirit is crazy, which forms the power of kendo.

When the power of Kendo reached the extreme, he was more like a sword and killed those people in black.

If those people in black do not intend to escape, but intend to work hard, maybe they can fight with Wang Fan.

Just they sprout to retreat, the formation is disrupted, in this way, there is no way to compete with Wang Fan at the moment.

At the moment, Wang Fan gives them a terrible feeling, just like a Kendo master. He is invincible. Even if they were the real strong swordsmen, they didn't feel such a terrible atmosphere of kendo.

Hiss, hiss, hiss.

Wang Fan's body is like lightning, fast as a meteor, straight forward to kill, constantly shuttle back and forth.

With the sound of hissing, soon, his body directly penetrated the body of one man in black after another.

The men in black were frightened and incredible, and then fell down slowly.

Until they die, they don't know how they died.

Come on!

It's so fast!

Soon, those people in black had been killed. Wang Fan fell to the ground and gasped heavily.

His face was a little pale, even terrible.

The previous battle was too hard for him.

Wang Fan just slightly adjusted his breath and planned to put away the space rings of the people in black and leave.

However, before he could collect those space rings, his face just couldn't help changing, and then a big space moved and disappeared.

When he reappeared, Wang Fan had already arrived a hundred miles away, and then ran wildly.

Previously, he felt a terrible breath. It was obvious that there was a terrible strong man coming.

In his state, if he is against the strong one, he will surely die.

The place where the people in black were killed almost disappeared, and a young man in his thirties with a crown appeared here.

The young man was dressed in purple and wore a crown.

His appearance is extremely handsome, also looks very easy-going, just like a gentleman.

He walked slowly in the void, like a walk in the back garden. Although it seemed slow, it was fast to the extreme.

He stopped in front of the group of people in black, glanced slowly, then looked at the direction of Wang Fan's escape, whispered, "he killed 12 people in the blood sect. It's really some strength."

"However, since they have been met by me, don't think about running away."

The young man said, and walked again in the void. He only took ten steps, and had already crossed a hundred Li distance.

This man is the first genius of Jiuxiao city. He is Zongmu, the king of immortals.

Chapter 3363

"Broken!"

At the critical moment, Wang Fan suddenly roared, and a bright light suddenly appeared on his body.

The young man said, and walked again in the void. He only took ten steps, and had already crossed a hundred Li distance.

This man is the first genius of Jiuxiao city. He is Zongmu, the king of immortals.

Chapter 3365

The mysterious woman said that as long as he reached the other party's position, he could block Zongmu.

Wang Fan did not have the slightest hesitation and doubt, did not hesitate to choose to believe.

He can't help it.

Because it took time for him to hide in such a close distance and arrange the concealment prohibition system, he was not sure that he could avoid Zongmu's investigation.

In this way, he can only choose to believe the mysterious woman.

What's more, in his opinion, if the mysterious woman wanted to kill him, she would have killed him long ago, so there was no need to use this method at all.

Although Wang fan doesn't like the feeling that his fate is controlled by others, he has no way at the moment.

He hates it.

I hate myself for being too weak.

If he is strong enough, just a Zongmu, how can he escape?

"In the hands of Zongmu, do you still want to run away? It's a dream! It's just a mole ant. I dare to play with my family. Today I'm going to blow your bones. "

Zongmu coldly looked at Wang Fan, who was constantly running away. His face was gloomy and terrible.

He walked in vain and soon chased Wang Fan.

It didn't take long for him to catch up with Wang Fan.

However, he didn't rush up to kill Wang Fan immediately, instead, he waved at random.

Shua!

In a flash, a sharp blade of Xianyuan appeared out of thin air, and then cut it to Wang Fan's body.

Obviously, this wood is to play with Wang Fan, to trample Wang Fan, and then to kill him.

Escape in front of Wang Fan, after seeing Zongmu catch up, can't help but some despair.

This case of wood is too strong for him to escape.

He has even felt despair, and is even ready to fight to the death and be beheaded.

However, he never thought that Zongmu didn't kill him. Instead, he made an immortal yuan blade.

Wang fan is one Leng first, guessed immediately Zongmu intention.

His physical strength ran wildly, winding around his body. At the same time, there were defenses behind him.

Whoa!

Xianyuan sharp blade hit Wang Fan. In a clattering sound, it just tore his defense and hit him on his body.

Although that sharp blade did not have any substantial impact on Wang Fan, Wang Fan deliberately made a wound appear on his back, and his body shape also followed a staggering.

Because he knew that only in this way would Zongmu continue to "play" with him.

Otherwise, once Zongmu finds that his attack can't have any influence on Wang Fan, I'm afraid he won't have the patience to continue playing.

Even if you have the patience to continue playing, the next attack storm will certainly be stronger.

"Mole ant, you keep on running. I want to see how long you can hold on and where you can go."

Zongmu also sneered at Wang Fan's condition.

He waved his hands again and again, and soon made several sharp blades again.

Hiss, hiss, hiss.

Those sharp blades constantly hit Wang Fan, tearing out wounds.

Make Wang Fan whole person look, all is blood and flesh indistinct piece, thoroughly became blood person.

However, Wang fan not only did not panic, but became surprised.

Because in this short time, his mental power has swept to the mysterious woman.

Wang Fan did not hesitate, in an instant will be crazy burning Shouyuan blood essence, a space big move disappeared in place.

Boom, almost his body just disappeared, Zongmu's next attack had already fallen on the ground where he was before.

The ground was broken by a sharp blade, and a gully with a width of 100 Zhang appeared.

Wang fan is already in hundreds of miles away, and then desperate frantically ran up.

"Well?" Zongmu saw this scene, slightly a little stunned.

He did not expect that Wang Fan, who had been seriously injured to death, would suddenly burst out with such a terrible speed and appear thousands of miles away.

But he soon understood something, and his face grew more gloomy.

This cunning bastard, he Zongmu was fooled again.

Obviously, Wang Fan's previous injury and state were all pretended. Otherwise, how could such a terrible speed break out now?

At this time, Zongmu felt like a clown. He was always being teased by Wang Fan.

His face was so gloomy that he stepped out directly and continued to catch up.

However, as soon as he took a step, he noticed the mysterious woman tens of thousands of miles away.

Looking at the mysterious woman, he was shocked at first, and then sneered.

Naturally, he could see that Wang Fan was aiming at the mysterious woman. Does Wang Fan think that mysterious woman can save him?

For such a young woman, her accomplishments are nothing more than the Immortal King. Zongmu doesn't care at all.

Zongmu was not in a hurry to kill Wang Fan. Instead, he held back his anger and followed him.

He wants to see who the mysterious woman is and whether she dares to save Wang Fan.

Wang Fan soon rushed to the place where the mysterious woman was. Almost at the moment of approaching the mysterious woman, the injury on his back was almost healed.

He looked at the mysterious woman and said, "elder martial sister, I'm here. Please help me."

The mysterious woman looks at Wang Fan with a strange color in her eyes.

She really did not expect that Wang Fan actually escaped here.

Because in her opinion, it is impossible for Wang Fan to escape here.

However, Wang Fan did.

Although the means are mean, they are understandable.

She couldn't help looking at Wang Fangao.

"I didn't expect that you really escaped here. It's a bit shameless, but you did it. "

"Don't worry. Since you are here, I will help you. I'm sure I can't help you when I'm proud of you. "

The mysterious woman looked at Wang Fan and said haughtily.

When Wang Fan heard this, he was very happy and said, "that's natural. I've long seen that the elder martial sister is extraordinary, gifted and powerful."

"That's a piece of shit. In front of you, elder martial sister, it's just rubbish. No, he's not even garbage. With the help of an elder martial sister, trampling him to death is like trampling on a mole ant. "

Wang fan saw that the woman was arrogant, so he flattered her.

He can't help it. Who makes him want to ask for help.

"Well, you've got some insight, good, good. I'm sure you won't let that bullshit hurt you if you still have some insight."

When the mysterious woman heard Wang Fan's words, she had some good feelings for Wang Fan.

She looked at Wang Fan's eyes, even more and more like.

This guy, it's good, it's to her taste.

When Wang fan saw the proud expression of the mysterious woman, he was speechless.

This woman is so shameless.

However, on the surface, he kept silent and continued to praise, "thank you, elder martial sister. Elder martial sister has great skill and boundless power."

Whoosh!

At this time, there was a sound of wind breaking in the air, and then Zongmu appeared here.

Chapter 3366

"Don't you want to escape? Why don't you run away? Hum, you are just a fairy king. You dare to tease me. Today is the day of your death

Zongmu looked at Wang Fan coldly, and said coldly.

With that, he looked at the mysterious woman again, with a sneering smile on his face. He arched his hand slightly and said, "I don't know who the fairy is in the lower jiuxiao city

He pointed to Wang Fan, "this man and I jiuxiao City, have a grudge against each other, please don't interfere, don't hurt the harmony."

Zongmu's tone towards the mysterious woman was polite, but he was still arrogant. Even when he spoke, there was a sneer in his eyes.

He Zongmu, as the first person of Tianjiao in jiuxiao City, is an invincible figure under the immortal, even the elder of haotianmen, who wants to give him some face.

He believed that as long as the woman was not mentally handicapped, she would be afraid and even give in after hearing his name.

However, he never thought that as soon as his words came down, the mysterious woman could not help frowning.

"Jiuxiao City, Zongmu? What is it? I haven't heard of it. Besides, what are you? You are qualified to ask me about my identity, and even ask me not to interfere? "

The mysterious woman said, pointing directly to Wang Fan, "this person has some origin with me, so I'm sure I'll protect you. I don't want to bully you, so you can go now. Don't force me to do it."

Domineering!

Wang Fan's eyes brightened when he heard this.

He didn't expect that this woman was so domineering and didn't give Zongmu any face.

Looking at Zongmu's face, Wang Fan almost wanted to laugh.

This arrogant guy, he also has today?

Zongmu breathed and his face was very gloomy.

With a crash, his whole body was bathed in brilliant light, and the breath of the king of immortals was immediately aroused, directly covering the mysterious woman and Wang Fan.

He said coldly, "do you mean that you want to live with me, against my Jiuxiao city? I warn you, I believe in wood to give you face, that is your great blessing, you can not give face, do not

Zongmu's anger is only known to him.

He has been on the road for so many years, even if he is the elder of Haotianmen, he will be given a thin face. When does a woman dare to challenge him like this?

Although he has recognized from the words of the mysterious woman that this woman is likely to be a powerful immortal, so what?

General immortal, he Zongmu will put in the eye? It's not that he didn't kill Xianzun.

The mysterious woman hears Zongmu's words, the facial expression is also abrupt change of chilly.

In an instant, a very cold breath from her body fierce burst out, in an instant it flooded the whole space.

For a moment, the temperature in this area dropped sharply, and in an instant, it had dropped to freezing point.

Then, the mysterious woman had already stretched out her white jade hand, turned into a slap, and patted Zongmu's face directly.

Her speed is not fast, even very slow.

However, Zongmu was frightened to find that he could not escape.

He only felt a cold breath locked him, so that he had no way to move.

"Pa!"

A clear sound, mysterious woman's slap in Zongmu's face.

With a hiss, Zong Mu spewed out a mouthful of menstrual blood directly, and immediately he had already gone out.

His cheek swelled in an instant, his face bone was crushed and his flesh was blurred.

Not only that, a strong direct ferocious rush into his body, violent destruction of his numerous meridians.

Zongmu fell to the ground like a dog, his face was very ugly.

He never thought that this woman would be so strong.

Wang Fan was even more stunned. He didn't expect that this woman would be so strong.

Looking at Zongmu's embarrassed appearance, Wang Fan even sympathized with this guy.

It's really... Pathetic ·

the mysterious woman stepped in front of Zongmu, stepped on his face and said with disdain, "why don't you give me face? What are you that dares to talk to me like this? "

Zongmu's face is ugly and extremely shameful.

However, he had nothing to do.

"I'm the first pride of Jiuxiao city. I'm the first person under the immortal statue of Jiuxiao city. If you dare to move me, I promise Jiuxiao city will not let you go!"

Zongmu's face was venomous, so he could only speak harshly.

Bang!

However, as soon as his words came to an end, the mysterious woman had already stepped down and directly crushed his Dantian.

The blood fog gushed. For a moment, Zongmu felt that Xianyuan in his whole body was as if he had been punctured and disappeared.

It's useless!

He's useless!

The mysterious woman is so decisive and has no hesitation! He hates it!

How reconciled he is!

However, the mysterious woman didn't care about him at all. Instead, she said with disdain, "what's Jiuxiao City, offending me? Do you believe me, even Jiuxiao city has been destroyed?"

Domineering!

Wang Fan looked at this scene, almost want to rush up to hold this woman to kiss two.

It's really... Lovely... He likes it so much.

Of course, he just thought about it. He was afraid that this woman would go mad and turn him into Zongmu.

This poor pride of Jiuxiao City was abandoned in this way on the first day. It's really... Pleasant ·

"It's just a mole ant. I'm so angry that I dare to threaten me. Come on, you can send a message to the people of Jiuxiao City now, and let them get over here and die. Hurry up. "

However, the mysterious woman was reluctant and broke out such a sentence after a while.

Hearing this, Wang Fan almost fainted and said, "elder martial sister, it's just the ants in Jiuxiao City. How can you do it?"

"It's beneath you to step on those ants. Otherwise, let's forget about it. I'll help you clean up that group of ants when I'm promoted. "

Although the mysterious woman is strong, she is not strong enough to compete with Jiuxiao City, is she?

Wang Fan deeply knows what it means to stop when it's good. He doesn't want to sink himself in again.

"Well?" The mysterious woman looked at Wang Fan, "what do you mean, you think I can't beat those mole ants?"

Obviously, this mysterious woman is not a fool. She can understand Wang Fan's meaning.

"Where are you, elder martial sister? You are so powerful. You are just a mole ant in Jiuxiao City. How can you be your opponent. I just think it's beneath you. "

Wang Fan said quickly.

"Hum!" But the mysterious woman snorted coldly, "how can you look down on me, elder martial sister. Elder martial sister, I'll show you what real strength is

The mysterious woman was obviously more angry. She suddenly stepped on Zongmu and said coldly, "what are you still doing? Don't you call someone quickly?"

"Hurry up and call the master of Jiuxiao City to me. Remember that he is a master. Don't call those rubbish!"

Wang Fan's eyes gaped.

Zongmu's face is also extremely wonderful, but he quickly grabbed out the communication bead and began to call people.

When his cultivation was abandoned and he suffered such humiliation, he naturally didn't want to let go of the mysterious woman. He naturally wanted revenge.

Wang Fan looked at this scene, could not help but sigh, began to secretly back.

Although he didn't want to escape, he wanted to stay away from here.

Otherwise, the strong man of wanxixiao city will come and destroy him, and it will be too late to cry.

Chapter 3367

Jiuxiao city.

The master of jiuxiao palace was meditating. Suddenly, his face changed and he stood up.

Boom!

Immediately after that, a frenzy of killing came out, and the master of jiuxiao palace flew directly over the hall.

Whoosh, whoosh!

Feeling the extreme killing intention of the master of jiuxiao palace, countless great figures of jiuxiao palace wake up from the closed pass and fly into the air.

Looking at the ugly face of the master of jiuxiao palace, they all realized that something big had happened.

"Palace master, what happened? Why are you so angry?"

An elder couldn't help asking.

The master of jiuxiao palace was rippling with the idea of killing. He glanced at the strong men of jiuxiao palace and said coldly, "mu'er is in danger, and his cultivation has been abandoned."

"What?"

"The wood has been abandoned?"

"Who is so bold?"

With these words, all the great figures in jiuxiao palace turned pale.

Their faces became extremely gloomy in an instant when the fierce anger and terrible killing intention were aroused.

Zongmu, that's the future of Jiuxiao city. The first day of Jiuxiao city is proud.

But now, he was abandoned, which is a huge blow to Jiuxiao city.

"Go

However, the master of Jiuxiao palace did not utter any nonsense. He spewed out a word directly, and then left Jiuxiao palace like lightning.

Those big men didn't hesitate. They all caught up with each other.

They wanted to see who was so bold as to kill him.

At the same time, there were many monks in Jiuxiao city who felt the violent killing intention.

Their faces began to change.

What on earth happened to make the great figures of Jiuxiao palace so angry and even go down the mountain?

In particular, the Jiuxiao palace leaders all went down the mountain in person, which was really shocking.

God, it seems to be collapsing!

On the other side.

Wang Fan just stepped back a few steps, the mysterious woman's eyes fell on him, "where are you going?"

Wang Fan quickly stopped and said, "elder martial sister, I want to meditate there for a while to recuperate."

The mysterious woman snorted coldly, "is that right? I think you want to escape, right? How, do you have no confidence in my strength? "

"No, I believe in elder martial sister very much." Wang Fan said quickly.

His heart some speechless, this woman is to take the wrong medicine?

A person unexpectedly wants to provoke nine Xiao city, is she crazy?

"Just meditate there. If you dare to move half a step, I will abolish you." But the mysterious woman

didn't bother to pay attention to Wang Fan at all and said directly.

Wang Fan had no choice but to sit down.

He's suffering.

In this way, the atmosphere soon became quiet and depressing.

Wang Fan sat there with a wry smile, taking care of himself and checking the situation around him.

The mysterious woman stepped on Zongmu with one foot, and one hand played with the three thousand green silk on her head.

Only Zongmu's humiliation, his heart in the curse, master quickly came to revenge for him.

Not long after, with a few broken empty voice, jiuxiao palace leader and his party appeared here.

When they saw that Zongmu had been trampled on by a young woman, they were almost furious.

Insult!

This is absolutely an insult to their jiuxiao city!

"Who are you and why do you want to abolish my disciples? Are you trying to deceive my disciples that there is no one in jiuxiao city? "

The master of jiuxiao palace tried to hold back his anger and opened his mouth coldly.

Although he wanted to kill the mysterious woman directly, he also wanted to find out the identity of the mysterious woman.

After all, so young, with such strength, the origin is absolutely extraordinary.

He has to figure it out.

Of course, mystery women have to die.

The reason why he wants to find out the origin of the other party is just to make some preparations afterwards.

In addition, the elders of jiuxiao palace were also extremely angry. They could naturally see that Zongmu was completely abandoned, and there was no hope of recovery.

Anger in the heart of the spread of madness, it can be said that now as long as jiuxiao palace master a

word, they will not hesitate to kill the past.

One of the elders coldly glanced at the mysterious woman, and then his eyes fell on Wang Fan. He gritted his teeth and said, "Wang Fan?"

This person has been to Haotian secret place, so naturally he met Wang Fan.

Wang Fan quickly waved his hand, "Hello everyone, long time no see."

The elders of Jiuxiao city almost blew up when they heard this.

It's too much to bear. However, Wang Fan's voice did not stop. He continued, "everyone, it's none of my business. That waste is not discarded by me. If you want revenge, don't look for me."

"Hiss!"

Zongmu heard Wang Fan's words and couldn't help it any more. He directly spat out a mouthful of blood.

It's just the second floor mole ant of the fairy king. The mole ant that he chased was like a lost dog. Now he dares to scold him for being a waste?

It's really like being bullied by dogs.

However, he has no way to say a word at all. After all, he is really a waste now.

"Shut up The mysterious woman was a little upset. She scolded Wang Fan coldly. Wang Fan immediately shut up and didn't dare to speak any more.

The reason why he said that was not because he was afraid of the people in Jiuxiao palace. After all, the two sides were dead enemies.

He just wants to arouse the other party's anger, so that the mysterious woman will have a greater chance of killing them.

After all, he and the mysterious woman are grasshoppers on the same rope. If the mysterious woman is killed, he will not be spared.

As for whether it is not bright to use this method, it is not a matter for Wang Fan to consider at all. Anyway, he only needs to achieve his own goal.

After the mysterious woman scolded Wang Fan coldly, she looked at the leader of Jiuxiao palace and his party, "are you the backer of this waste?"

"You --" jiuxiao palace master and others almost blew up again.

This mysterious woman is so arrogant that she dares to talk to them in such a tone.

You know, even the head of Haotian sect won't talk to them in this tone, will he?

The mysterious woman is too lazy to pay attention to their angry expression. She can't help shaking her head slowly. "Rubbish, it's really rubbish."

"Your jiuxiao palace is so famous in the intermediate state. I thought it was so strong, but now I'm really disappointed."

Then she glanced at Zongmu discontentedly. "I thought you could call some kind of experts, but I didn't expect that it was just a waste of my time to call a group of rubbish."

"To die!"

"You're just a bitch. You dare to despise us so much. Go to hell."

"Kill this bitch."

Several jiuxiao City strongmen heard this, can no longer help, xianzun strongman's breath crazy outbreak, and then toward the mysterious woman killed in the past.

They really can't bear it.

This mysterious woman is too arrogant to bear.

Whoosh, whoosh!

The fury of the air suddenly went away. The three immortal warriors of jiuxiao city bathed in the extreme killing intention. Just in a moment, they had already reached the mysterious woman.

Xianzun's field broke out in an instant, and then their attack, which contained the power of the road, had already gone crazy to the enchanting body of the mysterious woman.

Chapter 3368

"Hum!"

The mysterious woman looked at the three strong men from jiuxiao City, only with a cold hum and a glance.

In a flash, a light beam from her eyes, directly rushed to the three people's attack storm.

Boom boom!

A series of explosions, just a moment, the three men's attack storm has been crushed.

The mysterious woman raised her hand and pointed forward.

The three fingers of the wind are like three sharp swords, which directly penetrate through the void, and instantly blow into the three people's bodies.

The three strong men in Jiuxiao City had not even had time to react, or even to grunt. They had been crushed to pieces.

Just for a moment, the three immortals of Jiuxiao City respected the strong and fell!

Looking at this scene, the vast void is a dead silence.

No one thought that the mysterious woman was so powerful that she killed three immortal masters in Jiuxiao City with just one look and three fingers.

Jiuxiao palace master's face is also in the instant change of ugly, then pale up.

Such strength is not something he can contend with.

At the moment, he realized what kind of existence this mysterious woman was.

As for the other elders of Jiuxiao City, their faces were also very pale and bloodless.

In their eyes, this mysterious woman is simply invincible.

So easily killed them three, this kind of strength, even if they go together, is also a dead end.

Wang Fan was also stunned and stunned.

He couldn't understand where the woman came from and why she was so strong.

What puzzled him most was why such a powerful woman wanted to help him?

I don't understand.

It doesn't make sense.

Wang Fan has no background, no family background or even any relatives in this cloud swallowing continent.

He really didn't understand why such a powerful woman would help him.

If you want to say who is suffering the most now, it is Zongmu.

He looked at the three killed elders, his eyes full of incredible.

This is not true, is it?

But the mysterious woman didn't pay attention to the shock. She turned her head and looked at the master of Jiuxiao palace and others. She hooked her fingers and said with disdain, "come on, go on, let's go together."

"Er --" Jiuxiao palace leader's face was a little ugly.

Together?

Are you kidding?

Isn't that death?

After he regained his mind, he said quickly, "you're very kind. I've been so offended just now. I'm here to make amends."

Then he looked at the three elders and Zongmu fiercely, "as for the four men who don't have eyes, they dare to be blind and offend the elders. Even if they are dead, they deserve it."

"You're good at killing them, elder. Even if you don't kill them, I'll clean up the door after I go back."

The strong survive.

Now the mysterious woman is stronger than them. What can they say?

We have to go against our will to save our lives.

When the mysterious woman heard this, a touch of disdain appeared in her eyes.

What she despises most is this kind of person who is afraid of death.

What's the fear of death when I'm decorated?

Compromise? It's what I did!

However, without waiting for the mysterious woman to speak, Wang Fan jumped up and said, "elder martial sister, you can't believe what he said. Have you forgotten how this man humiliated you just

now? "

"People like him do not hesitate to give up their dignity in order to protect their lives. It's really a villain's behavior. This kind of people can't let go."

"You -" the master of Jiuxiao palace almost blew up when he heard Wang Fan's words.

What the hell are you doing?

The mysterious woman squints at Wang Fan. She is as smart as her. Can't she see Wang Fan's careful thinking?

Obviously, Wang Fan wants to kill people with a knife, and he will never suffer from it.

When Wang Fan saw the mysterious woman's eyes, he felt a thump in his heart and said, "elder martial sister, what's your identity? How brilliant and powerful are you? How dare such ants insult you? "

"He dares to insult you, which is the greatest disrespect to you. He deserves to die. I don't know if you can take it. I can't take it anyway. "

Wang Fan is doing his best.

"Well, that makes sense." After hearing Wang Fan's words, the mysterious woman nodded, "you're right. How can I be provoked and insulted by mole ants?"

She looked at Wang Fan, "in that case, I'll give you a chance to show myself. Go and kill them."

"This..." Wang Fan opened his mouth wide and almost hit his head on the ground. If he can kill these people, will he still borrow a knife?

This woman, absolutely on purpose.

"Plop!" At this time, the master of Jiuxiao palace bit his teeth and knelt down. "Master, please forgive me. I know I'm wrong. As long as I'm willing to spare my life, I'm willing to be sent."

If someone saw this scene, they would be absolutely stunned.

How could the master of Tangtang Jiuxiao palace be so humble and kneel down to a young woman?

I'm afraid no one will believe this kind of thing even if it's spread.

You know, that's a big shot. Even if you look at the whole intermediate state, it's definitely at the top.

"To be a dog?" The mysterious woman suddenly sneered, "what are you, and you are qualified to be my

dog? Do you deserve it? "

This words a, nine Xiao palace Lord only feel incomparable shame.

He was so humble that he knelt down and begged for mercy, but he was still so humiliated. It was almost -

at this moment, the mysterious woman and Wang Fan said, "what are you doing in a daze? Why don't you kill them in a hurry? Do you want me to do it myself? "

Wang Fan took a deep look at the mysterious woman. This time, without any hesitation, he directly killed the leader of jiuxiao palace.

"You dare!"

"To die!"

The leader of jiuxiao palace and his party saw this scene, and their faces suddenly changed.

Just a fairy King mole ant, even want to kill them?

Especially looking at Wang Fan's face, they are even more angry.

However, when they were going to fight to death, they were shocked to find that they could not move.

They are bound by a terrible field, which makes it difficult for them to move at all.

Wang Fan didn't speak. He rushed over just a few times and learned about these people's lives.

He didn't like jiuxiao city at all.

Moreover, he is also very vindictive.

This force has dealt with him several times and almost killed him several times. How can he not avenge his revenge?

Wang Fan killed those people, and then looked at the mysterious woman, "elder martial sister, thank you for your help. Now that the matter here has been solved, younger martial brother, I will go first."

This woman is too dangerous for him to stay with.

"Cross the river and tear down the bridge?" When the mysterious woman heard Wang Fan's words, she couldn't help laughing. It was very strange.

"Elder martial sister misunderstood. How can she?" Wang Fan's heart thumped for a moment, and he quickly stopped.

But the next second, his expression became serious, "elder martial sister, who are you and why do you want to help me?"

Chapter 3369

Wang Fan's expression is very serious, this problem, he must make clear, otherwise, how dare he go with this woman?

When the mysterious woman heard Wang Fan's words, she couldn't help looking at Wang Fan with a smile and said, "how can I help you? Is there any problem?"

Wang Fan did not speak, just calmly looking at the mysterious woman, obviously want to know the answer.

Seeing Wang Fan's appearance, the mysterious woman said coldly, "I help you for a reason. You will know in the future."

"But now you are too weak, some things are known by you, it's not good for you."

"Of course, you should not think that you can do whatever you want with the support of your true self. Because if I help you, it depends on your mood. "

"In a good mood, I may help you, but in a bad mood, I may kill you, OK?"

Wang Fan heard some inexplicable, he felt that this woman is really abnormal.

However, he also knew that it was impossible for him to ask anything from the female population.

At this time, the mysterious woman said, "with your talent and current situation, this intermediate state is not suitable for you. You'd better go to the higher state, where is your stage."

"Only when you go there can your strength be improved more quickly, and you can see the pride of all parties and become better."

Wang Fan heard this, can't help but Leng Leng, and then said, "to high-level state? I want to, but how easy is it? "

"I don't have a map to go to a high-level state, and I don't have a way. How can I get there? Are you going to take me there, elder martial sister? "

In fact, he has long wanted to go to high-level States, but there is only one way to go from intermediate state to high-level state, that is to ask for help from haotianmen.

But now he doesn't dare to go to haotianmen, so naturally he can't go to high-level state.

"I will escort you there? Are you dreaming? " When the mysterious woman heard Wang Fan's words, she sneered, "go to haotianmen and ask for help. They will help you."

Wang Fan was a little speechless. "You don't know my present situation. I went to Haotian gate. Isn't that death? If haotianmen wants to kill me, won't he send me to the gate himself? "

Mysterious woman way, "you rest assured, with your talent, haotianmen 90% will not kill you, but will choose to help you."

"Of course, if you're not lucky and you're killed, it's your own fault."

"But I want to tell you one thing. If you stay in an intermediate state, you will never live five years. Within five years, there will be high-level state strongmen coming to kill you. Consider for yourself. "

As soon as Wang Fan heard this, he knew that it was not easy for the mysterious woman to help him, but he did not ask again.

"Well, I'll try haotianmen. We'll see you later." Wang Fan hugged his fist and left here.

Talking with this mysterious woman, he felt incomparable pressure again.

Why did the mysterious woman help him?

Why does she say that within five years, there must be a high-level state power to kill him?

What's more, he went to haotianmen. Is it a blessing or a curse?

It seems that only time can solve all these problems.

However, Wang Fan believed that the mysterious woman would not harm him.

Since the mysterious women all say that they go to haotianmen for help, it means that haotianmen can't kill him.

It's just that the mysterious woman seems to be a little unreliable. He's still a little nervous.

A few days later, Wang Fan came to Haotian city again.

Haotian city is as noisy and prosperous as ever. Countless friars come and go, which is very lively.

But the most important thing that the monks talked about was the destruction of jiuxiao city.

In one day, not only was Jiao Zongmu killed on the first day of Jiuxiao City, but even the Lord of Jiuxiao and the elders were killed and injured.

After this incident spread out, it caused a huge sensation in the intermediate state.

For a moment, countless monks talked about it, and countless forces began to be cautious.

You know, Jiuxiao city is an intermediate state, only inferior to Haotianmen. How powerful is it?

It is said that the master of Jiuxiao palace has reached a very strong level of cultivation. Even the master of Haotian gate is afraid of three points.

However, it is such a force, such a strong one, that has been destroyed and killed.

How can intermediate states not be sensational?

Who killed the master of Jiuxiao palace?

Who destroyed Jiuxiao city?

Countless friars are talking about it, and everyone doubts whether it is related to Wang Fan and whether it is the person behind Wang Fan.

But there is no answer.

In a word, the forces that wanted Wang Fan have taken back the strong men under the door, and they no longer dare to seek and kill Wang Fan. They are afraid that the event of Jiuxiao city is really related to Wang Fan, which will bring disaster to their power.

When Wang Fan heard the comments on the street, he was also shocked.

He did not expect that the death of the master of Jiuxiao palace and others caused such a great response.

It was from this moment that he realized how terrible the mysterious woman was.

That mysterious woman can destroy Jiuxiao City, can she also destroy Haotian gate?

Originally, Wang Fan thought that the mysterious woman was from Haotian gate, but now it seems that she is not.

In that case, who is she?

Wang Fan couldn't figure it out.

After entering Haotian City, Wang Fan didn't waste his time and went straight to the Lord's mansion.

He knew Liu Hong, the leader of Haotian City, and felt that Liu Hong was a good man, so he planned to meet him first.

The city Lord's mansion is majestic and vast. At this time, countless monks gathered here, which seems to be very lively.

Wang Fan asked, only to know that Liu Hong's daughter to choose a son-in-law in the city, so attracted countless young heroes to participate.

Wang Fan was speechless when he heard the news.

It's really a coincidence that he met everything.

But he wondered why he had not heard the news all the way here.

As a matter of fact, if there had not been the fall of Jiuxiao palace, the election of Liu Hong's daughter's son-in-law would have spread all over the prefecture.

However, it was so coincidental that before the collapse of Jiuxiao palace, a little Liu Hong's daughter chose her son-in-law, which naturally did not cause much sensation.

Even many big forces, especially those hostile to Wang Fan, did not dare to send Tianjiao over.

Wang Fan has no leisure to participate in these messy things. He goes directly to the front and comes to the guards.

"Who are you, don't you know the line?"

"I think you just came here. Don't you know that you should sign up first and then take the test. Only if you pass the test can you be qualified to enter the city Lord's mansion and meet Miss Ling'er?"

"He's such a hick. I don't know where he came from. He doesn't know anything."

Wang Fan just pushed to the front, and before he could speak, several angry voices came.

Chapter 3370

Wang Fan turned his head and looked at the people who spoke. They all looked very young, elegant and extraordinary.

And their accomplishments also reached the level of the Immortal King, but they were all in the middle

of the early period of the Immortal King, that is, the sixth level and below of the Immortal King.

As for the later period of the Immortal King, Wang Fan didn't see it.

"It's you. Why, you're not convinced?" A young man looked at Wang Fan's eyes and said with a cold drink.

This is a three-tier monk of the fairy king, with a frivolous look in his eyes, who seems to disdain Wang Fan.

Of course, at such an age, he was able to reach the third level of cultivation of the Immortal King. Naturally, he had the capital to be proud of himself, and it was normal to look down on Wang Fan.

As a matter of fact, anyone who dares to take part in the contest of selecting his son-in-law in the city Lord's mansion has absolute talent.

They are either the descendants of the big evil or the outstanding figures of the big family.

Otherwise, they would not dare to show their shame.

Wang Fan glanced at the young man, hugged him and said politely, "elder martial brother, I misunderstood. I'm not here to choose my son-in-law Dabi, but to find the Lord of the city."

With that, Wang Fan went to the guard and said politely, "this elder martial brother, I'm the old friend of the city Lord. If you want to see the city Lord, can you inform me?"

When he came to the city Lord's residence, he had business to do, so he didn't want to conflict with those young people and cause unnecessary misunderstanding.

Whoa!

However, Wang Fan's voice fell, and the young people behind him couldn't help laughing.

Before that, the fairy king who opened his mouth said with disdain, "boy, what are you, and you deserve to be the old friend of the Lord of the city? I think you want to sneak in by this means, don't you

"Well, I've seen too many people like you, and your method is out of date. Don't be shameful here."

With his voice, the rest of the young people echoed and laughed.

Obviously, they didn't think that Wang Fan would have an old relationship with the city master.

After all, the Lord of Haotian city is a big man, a strong man of xianzun level.

Wang fan is just a fairy king, and a younger generation. How can he match him?

The bodyguard also looked at Wang Fan with disdain and said, "sorry, I can't inform you. If you really have a relationship with the Lord of the city, you can communicate directly. "

After that, he paid no attention to Wang Fan.

Wang Fan was speechless and said, "elder martial brother, I really know the Lord of the city. Please do it for me --"

just this time, before Wang Fan finished his words, he was interrupted by the guard, "I have said that I will not inform you."

He pointed to the young people behind him,

"as you can see, there are so many people here. If everyone, like you, says that they are old-fashioned with the Lord of the city and tries to go in this way, wouldn't it be a mess? After that, the Lord of the city blamed him. Who will bear the consequences? "

"If you want to go in, you can contact the city Lord directly. If you can't, you can sign up, test and go in with your strength."

The bodyguard was also a little annoyed, but still restrained himself.

It's just a fairy king on the third floor. He even dared to say that he was old with the city Lord and asked him to inform him twice. It's ridiculous. If Wang Fanzhen has an old relationship with the city Lord, it's OK. If he talks nonsense, he can't afford the consequences.

Of course, he did not dare to offend Wang Fan to death. After all, if Wang Fan really had an old relationship with the city master, it would be bad.

Although the odds are small.

Wang Fan heard the bodyguard's words, could not help but sigh, and then walked to the registration office.

He didn't expect that it would be so difficult for him to enter the main residence of the city.

Of course, he did not continue to embarrass the bodyguard.

"Well, it's a shame."

"It's just the second floor of the fairy king, and it's ridiculous to dare to talk big here."

"With his accomplishments, he really plans to sign up for the test, and then go in by this means. I really don't know the superiority of heaven and earth."

"Who does he think he is? Is it Tianjiao who is the most evil of the big forces

"Shame on yourself!"

Looking at Wang Fan's helpless expression, the young people behind him couldn't help laughing again.

Wang Fan didn't pay attention to those people at all. He had already come to the registration office and began to queue up.

No way, who let him have no communication bead, can't go in.

After queuing up for half an hour, Wang fancai reported his good name and came to the test area.

The rules of the test are also very simple. As long as you can defeat the tester in ten moves, you can have the qualification to enter the city Lord's mansion.

Of course, the person in charge of the test is at the same level as the person taking part in the test.

Otherwise, it would be unfair.

But even so, it's still hard. The Lord's mansion of Haotian city is backed by the power of Haotian gate. It can be said that the people in the Lord's mansion are equivalent to half of the disciples of Haotian gate. How powerful is it?

It's not easy to beat them in ten moves.

Wang Fan came to the center of the martial arts arena and immediately attracted the attention of countless people.

Because Wang Fan's cultivation is too low. There are only two levels of Immortal King. The most important thing is that no one knows Wang Fan.

That is to say, Wang fan is not one of those evil figures of the younger generation.

After all, if those characters, they have more or less heard of, even if they have not seen real people, they have definitely seen images.

Before that a few young people lined up to ridicule Wang Fan, they were not in a hurry to line up, followed by onlookers.

They also want to see a good play and see if Wang Fan, who is a bit "brain disabled", can pass the test.

Responsible for testing Wang fan is a middle-aged man in the second floor of Xianwang. He seems to be a little old.

Wang Fan looks at this person, not only does not have the slightest contempt, generally is dignified.

Because such people are often more terrible.

Not to mention anything else, just their age proves that they have more experience and experience than the younger generation in the same area.

Their actual combat experience and experience will certainly be stronger.

"Are you ready? If you're ready, you can do it. "

Standing there, the middle-aged man was as solid as a ten thousand year old pine.

At a certain moment, he looked at Wang Fan and said.

"Be careful, master." Wang Fan also didn't ask big, hugged fist to say a, then body shape a flash, then toward the other party killed in the past.

He did not release the realm of the Immortal King, nor did he use weapons such as swords. He only relied on his physical strength and pure Xianyuan attack.

Of course, it was just a tentative move, and Wang Fan didn't try his best.

Bang bang!

Several sound, two people soon passed three moves.

Under the frontal collision, the middle-aged man was shocked and retreated.

His face became serious.

At the same time, Wang Fan also has a general understanding of his strength.

He took another shot and attacked.

It was not until the ninth move that Wang Fan found an opportunity to defeat the middle-aged man, which was both dangerous and dangerous.

Of course, he did it on purpose.

He didn't want to be so shocking.

"So strong!"

"Who is this person, why never heard of it."

After Wang Fan won, countless people marveled.

As for those who mocked him before, they all closed their mouths and looked incredible.
