

MIGHTY SK 341

Chapter 341

Although young people are angry to death, they have nothing to do.

He is not a policeman, and he is not qualified to order the police. The reason why he can come here to wait for a rabbit is just to find a relationship arrangement.

"Boy, I suspect that you have something to do with the man who robbed the hundred year old green leaves. Now take off your backpack and let us check it, or you will be killed."

Wang Fan, a young man, is arrogant and domineering. His eyes are staring at the gun in Wang Fan's hand. As long as Wang Fan dares to shoot, he will shoot in an instant.

"What are you and who are you to check my backpack? Don't say that a hundred year old green leaf has nothing to do with me. Even if it does, I won't let you check it. What can you do? "

"Go away, I have something important to do. I don't have time to write with you. But if you dare to keep interfering with my official duties, don't blame me for killing me on the spot. "

Wang Fan said with a sneer and helped Geng tie up.

He doesn't want to kill people, just because he is afraid of the influence of public opinion, but it doesn't mean he doesn't dare to kill people. The reason why I said that was to find a fair reason for killing later.

"Good boy, you want to die!" The young man was very angry. His right hand trembled instantly. A whip pierced the air and rolled over Wang Fan's right wrist at a very fast speed.

He is so old that he has never been so provoked, let alone a public official.

He didn't lose his mind, he planned to roll off the gun in Wang Fan's hand, and then slowly clean up Wang Fan.

"Get in the way of official business, seek death!" Young people are faster than Wang Fan.

Facing the whistling whip, he didn't even bother to hide. He raised his hand and shot.

Bang!

The young man was unwilling to fall to the ground.

The whip in his hand also fell to the ground because of his release and his fall. He didn't even touch Wang Fan.

"If you want to stop me, just come up." Wang Fan killed the young man and looked coldly at the others with cold eyes.

He didn't show his strength from the beginning to the end, but showed his shooting skills.

In addition to deterrence, his purpose is to give these people an illusion. Let them think that they are a soldier with the privilege of killing, so as to ignore their own strength.

Looking at Wang Fan who shot the young man again, those experts couldn't help but take in the air.

It's not that they haven't seen people who are as good at shooting as God, but it's really the first time for God to see Wang fan like this.

In particular, the speed of Wang Fan's shooting was beyond their understanding.

Young people whip fast enough, but Wang fan is faster. They have no doubt that if they start, Wang Fan also has the strength to shoot them.

Lenovo Wang Fan's murderous, Lenovo Wang Fan's accurate shooting, they have ignored Wang Fan's own strength, but also to dispel the suspicion of Wang Fan.

It's said that Wang Fan's style is obviously different from that man, and his appearance and clothes are also different.

Think of here, they no longer have the mind to block the way, quickly said, "you can go, but this matter we write down, sooner or later will seek justice."

Even if they make way, they still don't bow and bow like Wang Fan. They just leave a slight threat.

They are ancient warriors and masters. They can't bow to a secular officer.

Wang Fan didn't pay attention to the affectation of these guys. He immediately called Geng tie into the car and left quickly.

The reason why he can go is that these guys are the day after tomorrow. They are afraid of his shooting skills. Once the congenital strong come, they won't give him the chance to go.

More than an hour later, the SUV was approaching Sanlin City, but Wang Fan's brow was wrinkled.

"Stop the car." Wang Fan has a kind of uneasy feeling, "Geng iron, let's separate here, you first find a place in Sanlin for a period of time, and then return to Jiyan."

"Go back and tell Zhang Huo that Wang Fan wrote down today's kindness, and he will repay it in the future."

Wang Fan said, without waiting for Geng tie to speak, he pushed the door open and went down, and quickly disappeared in sight.

Geng tie opens his mouth, but it's too late to stop Wang Fan. He can only drive on the road alone.

Wang Fan did not go to the direction of Sanlin City, but ran to the side of the mountain. After about 20 minutes of running, Wang fan stopped when he was far away from the road.

"Come out, don't you feel tired after so long?" Wang Fan looked coldly behind him, and a faint voice came out.

"Hahaha, boy, I'm very sensitive. I found us ahead of time." With a laugh, two men in their fifties appeared.

They are all congenitally strong, congenitally vigorous Qi has surrounded the whole body, obviously afraid of Wang Fan suddenly shooting.

"Boy, it's not easy for you. Just the day after tomorrow, you can get a hundred years of green leaves and leave Jiyan in disguise. That's good."

"I cherish my talent. As long as you leave a hundred years of green leaves, I will give you a way to live. Otherwise, you will die without a whole body." "I know that you have the strength of leapfrog challenge, and killed old Qiu head-on. However, in the face of our two days, you have no chance."

The man on the left said that he had already begun to gather momentum on his body. As long as Wang Fan dared to refuse, he would make a move at the first time.

"If I give you a hundred years of green leaves, will you let me live?" Wang Fan sneered in his heart, but remained silent on his face.

In this case, it is meaningless to deny. Whether to deny or not, both of them will do it.

"That's right. Duan Changkong has a lot to say. When you cheat others, please give it up."

"Good." Wang Fan nodded cleanly and took off his backpack. But soon his face showed a dilemma, "but, who should I give the hundred year green leaves to you?"

"Boy, don't waste your time. We won't be fooled by you. Just give it to my younger martial brother."

"Good." Wang Fan nodded. Without hesitation, he threw his backpack to Duan Changkong.

The backpack crossed an arc in the air and fell towards Duan Changkong. Duan Changkong's eyes became blazing.

But Duan Changkong is not moved, but stares at Wang Fan, as if he is afraid of Wang Fan.

Wang Fan sneers. The old bastard is really careful. At this time, he is still in the mood to stare at himself.

But his face is not moving, flashed unwilling, heartache, helpless expression, and also with the clenched fist, clenched teeth.

"Ha ha ha, the hundred year green leaves are mine." With a loud laugh, a rope flashed from the jungle behind the long sky and rolled directly to the backpack.

Duan Changkong and his younger martial brother haven't had time to respond. The backpack has been involved and has fallen into the hands of a bearded man.

"Ha ha ha, you go on, I'll go first." It is a wild laugh again, the beard grasps the double shoulder bag, then does not hesitate to run toward the mountain.

"To die!"

The roar came from several directions, and several figures sprang out of the jungle. Without hesitation, they ran after the beard.

Duan Changkong and his younger martial brother all looked at this scene with silly eyes. After a moment, they clenched their teeth and became angry.

Chapter 342

He didn't expect that someone should be a fisherman in the dark. What's more ridiculous is that he hasn't noticed at all.

At the thought that the hundred year old green leaves were snatched under his eyes, Duan Changkong laughed angrily, "what a mantis is catching cicadas and yellow sparrow is behind. Dare to snatch food in Duan Changkong's hands, where can I go?"

"Younger martial brother, you watch this guy here. I'll come right away. If there's something abnormal, send a flare directly. "

Duan Changkong angry finish saying, people have gone.

This guy's scheming is really not so deep. At this time, he still keeps an eye on Wang Fan.

Wang Fan sneered, "friend, a hundred years of green leaves have been given to you, can I go?"

"Although I have no innate realm, I have innate strength. For you, I have been tolerant again and again, and have taken out a hundred years of green leaves. "

"If you dare to continue to make trouble for me, I will ask you for advice even if I have to fight for my life. A rabbit will bite when it is in a hurry, not to mention me. "

Wang Fan's voice had no emotion, and his eyes became sharp.

Duan Changyuan's face slightly changed when he heard Wang Fan's words. He nervously looked at the direction of his beard's escape and said:

"I don't mean to embarrass you, nor do I mean to embarrass you. As long as you let me check my whole body, I'll go at once. Not much. A few seconds is enough. "

His heart is also very anxious, but also want to catch up. However, he was afraid of Wang Fan's deceit. The hundred year old leaves were still on Wang Fan, so he came up with this plan.

Once he confirmed that the Centennial green leaf was not on Wang Fan, he would immediately join the team of chasing the Centennial green leaf.

"Good." Beyond Duan's expectation, Wang Fan nodded without hesitation, and also raised his hands, but his tone was a little uncomfortable, "hurry up, don't delay my time."

Duan Changyuan is relieved to see Wang Fan's performance. Most of Wang Fan's performance does not have a hundred years of green leaves on his body. Otherwise, how could he be so happy to let him search?

He didn't pay attention to Wang Fan's anger. No one would have a good temper if he was robbed of this treasure.

Although Duan Changyuan was relieved, he did not relax his vigilance. He went to Wang Fan and began to search his body.

However, just when he touched Wang Fan's pocket, Wang Fan's eyes flashed with cold light, and his right hand became an elbow, which was smashed down without any sign.

"You dare!" Duan Changyuan's face changed greatly. He retreated crazily and protected his back with congenial vigorous Qi.

Boom!

Although he was quick enough to protect his body with his innate vigorous Qi, he was still suffering from the violence because he was too hasty. He immediately spat out a mouthful of blood.

"Boy, you cheat! The green leaves of a hundred years are still on you I'm going crazy.

Just at this time, Wang Fan has single shot in hand, and mercilessly pulled the trigger.

Bang!

With a loud noise, Duan Changyuan's head burst and he died.

He did not understand, Wang Fan's hand held high, clearly did not take out the gun, how did the gun appear?

Unfortunately, he can't think about that at all. His consciousness has begun to dissipate.

Although the congenital master has the congenital vigorous Qi to protect his body, he will not protect his head in general. When Duan Changyuan's brothers began to intercept Wang Fan, they knew that Wang Fan's shooting skills were as good as God, so they protected his head.

Now in a hurry, how can Duan Changyuan think so much? He just protects his whole body, but his head is empty.

"You're not the only one I kill. Why don't you dare to kill me?" Wang Fan said disdainfully, turned and ran to another direction.

But he ran to half way, but suddenly turned back, did not hesitate to pull the trigger to the left jungle.

Come on, come on!

The gunshots were loud, but they were all jingling on the congenital vigorous Qi, and a short old man was beaten out.

The old man was not shot through, nor was he hurt, but he was very embarrassed.

He covered his whole body and jumped up and down. He didn't forget to accuse Wang Fan, "do you know how to respect the elderly?"

"Shoot the first time you meet. How can you do that? No respect for the old, no love for the young, no education at all

"But for the sake of you sending me a hundred year old green leaves, as long as you keep them, I won't care. I'll run away with them."

While the old man jumped up and down and accused Wang Fan, he also said his purpose and plan.

Wang Fan opened his mouth and was stunned.

He has never seen such a wonderful flower. It's just that the old man was flattered by the wonderful

work. It's more appropriate to use shameless.

"Ah, that, Grandpa, I'm sorry, the gun went off." Wang Fan said awkwardly, but in his hands he was not idle, merciless and flapping.

He has a dignified look. This old man is definitely the most dangerous one among so many people who pursue him.

Wang fan is aware of Duan Changkong, Duan Changyuan, and those who are chasing him, but he is not aware of the old man. If it wasn't for the sense of danger when he was just leaving, he still didn't find the old man.

Although Wang Fan's shots were sharp and abrupt, he was easily dodged by the old man. He looked at Wang Fan's angry cry,

"you little boy are so insidious. You say the gun goes off, but you still shoot. Do you think my old man is a bully?"

"No, the gun really went off." Wang fan is crazy about clothes. "Old man, I've given them the hundred year green leaves. Now where do I have the hundred year green leaves?"

"Cut, little doll, it's nothing for you to cheat those idiots, so don't cheat me."

"My old man has walked more than you have eaten. How can I be fooled by you sinister little boy? If the play is too much, it's a flaw. "

The old man disdained to say, but suddenly flashed to Wang Fan, took a sharp hand.

The strong wind howls, continuous, this palm seems to have the potential of toppling the mountains, overlapping, the potential is fierce.

This old man is obviously very insidious, even if his strength is better than Wang Fangao, he still plays sneak attack.

But what he didn't expect was that when he moved, Wang Fan also moved, almost regardless of the order, Wang Fan's fist also blew out.

Look at the strength. It's obviously ready to go.

Boom!

The two palms collided and made a loud noise. Wang Fan spewed out several mouthfuls of blood and was blasted out.

"Little doll, you are too insidious. Today, the old man must teach you a lesson to let you know what respect for the elderly is."

The old man was so powerful that he went to kill Wang Fan.

It's just that soon he dodged to the side.

Come on, come on, come on.

After a series of gunshots, the old man was forced to jump up and down again.

Although his inborn vigorous Qi can block the bullet, it won't hurt, but how strong is the impact of the bullet? Even if he doesn't get hurt, he will feel pain.

"Wow, little bastard, I'm going to kill you." The old man was very angry, but when the gun fell behind the scenes, he was shocked to find that Wang Fan had run away, leaving only a shadow.

The old man didn't know that he had been calculated. Wang Fan, the bastard, obviously used the thrust of his hand to escape.

Wang fan doesn't have time to argue with this crazy old man. Once he attracts other experts, he can't leave. What's more, it's not so easy for him to kill the old man.

Wang Fan was angry. Nima, his strength is not enough. If he has innate strength, let alone this old man. Even if the previous masters all add up, they are not enough to kill.

Wang Fan tried his best to circle and hide in the mountains. Only at night did he dare to go to Sanlin city. But even so, he did not dare to enter the city or the main road.

At eight o'clock in the evening, Wang Fan appeared in a humble alley.

He almost just appeared, a woman who was dressed in some exposed dust, but had some pure and shy expression met him.

"Brother, is this your first time? Let me serve you. Don't worry. I'm clean. I'm absolutely satisfied with you, and I guarantee your safety. "

The woman is saying, suddenly saw the blood on Wang Fan's body, subconsciously opened her mouth, ready to scream.

Chapter 343

As soon as Wang Fan's face changed, he quickly stepped forward, one hand embracing the woman and the other hand covering her mouth.

"Don't yell. I don't mean any harm. As long as you satisfy me, money is not a problem."

The woman's face suddenly flushed, but there was no struggle. She knows that it's useless to struggle in front of people like Wang Fan. She will only make her die faster.

The reason why her face is flushed is that Wang Fan's hand is on her chest, which makes her a little strange.

Although it's not the first time for her to come out and do it, she hasn't been in the business for long, and she doesn't easily receive guests, and she hasn't been completely numb.

"Oh, oh." After returning to God, the woman quickly nodded her head to show that she understood Wang Fan's meaning.

Wang Fan breathed a sigh of relief, and then he found that his hand was caught on someone else's chest.

But he didn't care. He moved his hand down to the woman's waist. At the same time, he released the woman's mouth and grabbed her in his pocket.

"Come on, go to the so-called safe place you said. If it satisfies me, the money will be yours."

Wang Fan said, and took out a stack of banknotes from his pocket, which looked like thousands of yuan.

By talking to women, he has found that this lane is actually a red light district, with rows of houses on both sides. At the door of most houses, there are one or two flamboyant girls.

"Good, good." The woman saw the red banknote, her eyes brightened, but she didn't lose her mind to take it. Instead, she shuttled around with Wang Fan.

She felt that Wang Fan was in danger. Although she had regretted taking over the business, she had no choice.

From the beginning to the end, Wang Fan put one hand around the woman's waist, and the other hand was holding a pile of banknotes, which made people feel like ticket passengers.

Be careful to sail for ten thousand years. Now that he has come to such a place and met such a woman, he will make such an appearance to cover up. Otherwise, once you show your horse's feet and attract the attention of those who want to do it, you will be doomed.

After that crazy old man's killing, Wang Fan didn't dare to be careless.

"Brother, my name is Xiaohua. You can just call me Huaer. Don't worry, I will make you satisfied, and it won't cost so much money."

Xiaohua is a little strange when she is cuddled by Wang Fan. Wang Fan's masculine breath makes her weak. "I've been in the business for a long time, and I don't usually pick up guests. I just work part-time here occasionally, and most of the people around don't know me."

Xiaohua is very clever. She is afraid of Wang Fan's killing, so she says these words directly and skillfully. It means to tell Wang fan that she is absolutely safe here, and Wang Fan's whereabouts will not be exposed.

Wang Fan was surprised at the woman's carefulness and vigilance. He took a serious look at the woman and said with a smile, "you don't have to worry. I'm not a bad person, but a good person."

Wang Fan said and took out his certificate. "This is my certificate. I'm just being chased by a group of gangsters and injured. Now I want to find a place to recuperate."

Xiaohua took the certificate and looked at it. She was relieved.

Although she didn't know what the certificate was for, since Wang Fan dared to show it openly, it showed that it was true.

In addition, Wang Fan's words are also persuasive, which makes her feel like a bad person, so her worry is less than half.

Just the only thing that makes Xiaohua curious is that Wang Fan, as a public official, how can he be so lustful? He has to find her to serve.

Because Wang fan not only grabbed her chest, but also put his hand on her waist. He never put it down.

However, Xiaohua didn't dare to ask more. No matter whether he is a public official or not, he doesn't dislike him anyway. Who he serves is also a service.

What's more, Wang Fan's breath fascinates her. She is willing to serve such a person.

Very quickly, Wang fan then embraces the small flower to turn into the lane angle.

The women in the distance watched the scene, beating their chests and feet.

It's really hateful that this little bitch should come to rob business again, but they have nothing to do.

The rule between them is that whoever grabs it counts as long as the customer is willing.

Xiaohua soon took Wang Fan to a dilapidated yard. The yard was broken and the house was broken, but it was cleaned up very well.

Xiaohua locked the gate of the yard from inside, and then took Wang Fan into the biggest room in the middle,

"brother, don't worry, it's safe here, no one will come. How do you want to serve, Xiaohua will definitely satisfy you. "

Floret said, directly took off the clothes, in a moment, large white skin exposed.

Wang fan saw Xiaohua take off clothes, some silly eyes, now see Xiaohua to take off the hood, where still stand.

He quickly grabbed Xiaohua's hand and stopped her next move. "You don't have to take it off. I don't want this kind of service."

"I just need you to accompany me for a few days and cook for me for a few days. I'll pay you first. "

"If you can guarantee that I will not be disturbed, that my whereabouts will not be revealed, and that there will be rewards afterwards."Wang Fan said, put the thousands of yuan in the hand of Xiaohua.

Floret Lengleng looking at Wang Fan, looking at the hands of the red money, a time of some shame.

She took off all her clothes. How could Wang Fan tell her this?

What a slap!

But she did not dare attack, can only nod, put on clothes again.

"Why, too little?" Wang Fan will be wrong, and from his pocket took out thousands of flowers in the hands of, "these are also for you."

"I only have so much on me now. If you don't think it's enough, I'll give it to you when I go out to get it in a few days. Now that I'm hungry, get me something to eat first. "

Wang Fan said and sat on the bed.

He is a little tired.

"Oh." Xiaohua didn't know what to say, so she went out to cook.

She did not expect that Wang Fan asked her to come, but just let her cook, which is a bit too shocking. Fortunately, she has money to take, and it's not less than that kind of service. She also recognized it.

The next few days, Wang Fan lived here in Xiaohua.

He wants to take Centennial green leaves while healing.

It's not safe to put a hundred year old green leaf on your body after all. Only if you take it, it will always be your own.

On the second day of his stay, he boiled the hundred year old green leaves into soup, took them, and began to impact the realm.

Xiaohua also lives in seclusion. She doesn't go out every day except to buy some vegetables and dry food.

She sat in the courtyard every day, staring at Wang Fan's room in a daze.

On the first day Wang Fan came in, he completely occupied the middle room and specially told her not to go in without permission.

Xiaohua was still speechless at the beginning. She didn't know what Wang Fan was doing in the room, but she got used to it after a few days.

In a flash of a week, Wang Fan had not been out of the house except eating and drinking Lhasa.

Floret also fulfill the promise, stay in a simple place, nothing in the yard in a daze.

The outside world is blowing up.

A week's time, not only failed to obliterate those masters' pursuit of a hundred years of green leaves, but also made them more crazy. The intensity of pursuit also extended to Sanlin city.

Among them, crazy old man and Duan Changkong are the most popular.

The crazy old man was teased by Wang Fan and vowed to find out Wang Fan's evil spirit. Duan Changkong is because his younger martial brother Duan Changyuan was shot in the head and vowed to kill Wang Fan.

However, no matter how strong and crazy their pursuit was, it didn't affect Wang Fan's dilapidated courtyard.

This area is still calm and has not been affected at all.

However, the news that Xiaohua was taken care of by the mysterious local tyrant spread out, causing the dissatisfaction and jealousy of most of her peers.

Chapter 344

"Xiaohua, that wretch, is really lucky. She found a handsome young local tyrant. I knew that, so I robbed her of the order that day."

"That handsome boy is really blind. He is so young and rich that he doesn't go out to look for beautiful young college students. He even comes here to look for Xiaohua. He doesn't know what's wrong."

"Ah, maybe that's life. Stupid people have stupid fortune, cheap people have cheap life."

Lane, a group of women are dissatisfied with the twitter discussion, eyes full of envy.

"Hi, dear girls, what are you talking about. How can I hear you talking about Xiaohua? What's wrong with her? "

A young man in his thirties suddenly appeared from the other end of the alley, saying this and embracing the waist of one of the girls.

"Oh, who am I? It's brother Ping. Why, looking for Xiaohua again? It's a pity that Xiaohua has big customers and won't entertain you. Why don't I accompany you? "

"Although they are not as beautiful and young as Xiaohua, their charm is ten blocks away from her, and her skills are not as good as her. I'm sure Pingge wants it even if he wants it."

Not only did the girl not struggle, but she immediately hugged Pingge with her backhand, scratching her head and posture, twisting her waist and buttocks, while using the pair of white rabbits to hold Pingge's chest.

"Haha, it's not urgent. What do you mean Xiaohua has big customers?" Pingge was not moved by the girl's temptation. He pinched the girl's buttocks and asked.

"I don't understand. It means to be wrapped." The girl rolled her eyes and said, "a week ago, she was wrapped up by a handsome young local tyrant. She hasn't received any guests yet."

"Oh, brother Ping, do you want people to serve you or not? People like you very much. It's all wet now."

"Don't worry. I'll find you later. I'll go to see Xiaohua first and see the local tyrant by the way." Brother Ping said, pinched twice under the woman's waist, and left with a smile.

"I hate it." That girl is depressed of call, but also dare not say what.

Pingge, formerly known as Kangping, is a local gangster and a former customer of Xiaohua. Since he found Xiaohua once, he stopped looking for others, and he often patronized.

During this period of time, because I was busy, the boss told me to look for a person in the whole city, so I didn't have time to come to find Xiaohua.

Today, he took the time to come over, but he didn't expect that Xiaohua was wrapped.

-

Xiaohua is still staring at Wang Fan's room as usual.

This is the eighth day, Wang fan is still as usual, in addition to eating and drinking Lhasa, alone in the room, do not know what to do.

Poof!

Bang!

Two loud noises wake Xiaohua up. The next second, she runs towards the house quickly.

The loud noise came from the room, which was obviously abnormal.

Floret quickly into the room, immediately saw that she was ashamed and afraid of a scene.

To her shame, Wang Fan was naked, and her clothes were all in pieces. What she was afraid of was that there was a pool of blood on the ground, which was spit out from Wang Fan's mouth.

"Are you all right?" Floret Leng for a while, rushed to the past, half lying on the bed Wang Fan helped up.

"It's OK." Wang Fan waved his hand, but his eyes sparkled with joy.

After eight days, he finally made a breakthrough to the day after tomorrow. The strong power in his body made his heart tremble. Next time he met the crazy old man Duan Changkong, he would never have to run away.

"It's OK, ah." Floret said, suddenly looking at a certain location, Wu Zui called up, the face is a flush.

Wang Fan Leng for a while, suddenly a face embarrassed. He found out that his clothes were gone.

"Sorry, I'll change first." Wang Fan quickly said, pushing aside the flowers, while holding clothes to put on.

Floret is a face is red, "I see you also want to, or, or I accompany you, suffocating."

Then she fell on her stomach.

Wang Fan hadn't touched a woman for a long time. In addition, she had taken the medicine for a

hundred years. Now Xiaohua has made such moves and has to lie down.

Wang Fan couldn't stand it immediately.

"Xiaohua, open the door!"

"Xiaohua, open the door!"

"Dong Dong Dong!"

A burst of rapid voice came, Wang Fan mind a tight, quickly pushed the flower to one side.

Floret also returned to God, but it is a burst of anger.

She has almost met, the fire has been hooked up, even someone smashed the door, what is this called?

Boom!

Xiaohua just wanted to go out to see who was outside, so the door was kicked open. The broken gate fell to the ground.

Kangping swaggered in and said, "Xiaohua, I've come to treat you, brother Ping. Don't you come out to entertain me?"

"I haven't come to take care of your business for a long time. Do you want to be Pingge? It's said that you've been wrapped up by local tyrants. You're doing well. ""If you ask the local tyrant to wait outside for a while and make time for us to do some work, you will have a small job."

Kangping said recklessly, and already swaggered to the door of the middle room, "little baby, I haven't come to you for a few days. I miss you, brother Ping. I can't stand it any more."

Teng!

With another kick, Kang Ping opened the door.

Although he was just in love with Xiaohua, he was still a little upset when he heard that Xiaohua was wrapped.

He doesn't take Wang Fan as a mysterious local tyrant at all. He has been living in Kangping for so many years. A local tyrant who comes to such a place to find a woman can do it even if he can compete with others.

As long as the mysterious young local tyrant dares to beep, he will step on it without hesitation. By the way, he tells Xiaohua that no matter how rich the local tyrant is, he is also a worm in front of his plane.

Wang Fan had already put on his clothes and sat on the bed, looking coldly at Kangping who broke into the kicking door, his expression was not happy or angry.

Floret is blushing, all want to find a place to drill down.

The words "take a small job" and "make time to do something for a while" seemed like a needle and penetrated into her heart. For the first time, she felt that Kangping was so disgusting.

"Sorry Kang Shao, I can't do business with you. Please go back." Xiaohua is forced to bear the shame and indignation and says to Kangping.

She's just a little girl. She can't stir up Kang Ping's hob meat, so no matter how angry she is, she can only bear it.

"Can't do my business?" As soon as Kang Ping's eyes glared, he immediately pointed to Wang Fan, "why, are you afraid that he won't be happy? It doesn't matter. I'll tell him

Kang Ping looked at Wang Fan, "young man, I want to borrow this woman for two hours. Do you have any opinion?"

He said, revealing the knife pinned to his waist and the small tattoos on his body.

The threat is self-evident.

At the same time, Kang Ping felt that Wang Fan was familiar with him, but the light in the room was dim. In addition, he wanted to step on Wang Fan and put on a little flower, so he didn't think much about it.

"Go away!"

However, Wang Fan's reply made his face gloomy.

Chapter 345

"What did you say? Do you have the guts to say it again? " Kang pingso pulled out the knife pinned to his waist, and his face was ferocious:

"do you know who I am? I'm Kangping. Can you provoke me? I tell you, today, whether you like it or not, I will go to her! "

"Do you think there are some bad money, and this woman is yours? Ridiculous! I'll give you a chance to kowtow and apologize and get out of here. I won't pursue what happened just now. Otherwise, my knife won't have eyes! "

Kangping was furious and had the posture of stabbing Wang Fan.

"Mr. Kang, I'm wrong. Can't I accompany you? Please don't embarrass him." Floret see, is also scared not light, but still hard to stand out.

"He is my customer and my guest. Please give me some face and I will accompany you for free."

Xiaohua gritted her teeth and said these words against her will, just to calm things down.

She was afraid that Wang Fan would not provoke Kangping, and she was even more afraid that Wang Fan would expose his whereabouts.

Because Wang Fan said that no one can know that he is here.

"Oh, how come you still have feelings after a few days? Are you going to wash your hands and be a concubine Kangping looks at Xiaohua, and his anger is not alleviated, but even more intense:

"people say that bitches are merciless and actors are unjust. I didn't expect that you are quite affectionate. Why, is he living a good life, making you obsessed, willing to sacrifice for free? "

Kangping picked eyebrows and said, his eyes became more fierce. "It's a pity that you have no face with me."

He looked at Wang Fan fiercely and said, "boy, do you kowtow or apologize? My patience is limited

Xiaohua's face turned pale. She didn't expect that she would say such humiliating words. Kangping still wanted to bite Wang Fan.

Just when she plans to completely erase her dignity and directly substitute for Wang Fan, she kowtows to apologize and beg for mercy, but Wang Fan speaks.

"Kowtow? Apologizing? Who are you? You kicked my door and disturbed my heart. I didn't settle with you. What are you doing here? "

"Originally I disdain stepping on grasshoppers like you, but if you want to jump around, don't blame me for slapping you to death."

Wang Fan said slowly and stood up.

There was also a sense of anonymity in his heart. I don't know whether Kang Ping was angry because he interrupted his good deeds, or because he was arrogant, or both.

"Grasshopper? Do you dare to call me Kangping a grasshopper? And slap me to death. Who do you think you are? " Kang Ping was furious, and he waved his knife at each other.

Just the next moment, his face had changed. Wang Fan caught his knife with two fingers, making it impossible for the knife to enter.

"Aren't you a grasshopper?" Wang Fan disdained to say, slapped, Kangping the whole person flew out of the house, fell to the courtyard.

Before Kangping could get up, Wang Fan had already stepped on him. His indifferent voice did not contain any emotion. "I'm not who, but stepping on you is enough."

Kangping covered his bloody face and stared at Wang Fan in horror, forgetting to scream.

This strength is obviously an ancient warrior! But he didn't understand why Gu wuzhe, who was superior, came to this place to look for girls. If you wave your hand outside, there will be a lot of girls!

Floret ran to the courtyard, looking at the scene in front of her, has been completely silly.

She did not expect that Wang fan should be so fierce, three or two down turned over the arrogant fierce Kang Ping.

Pop, pop, pop.

Wang Fan pulled out his feet and bowed, slapped Kangping's face like raindrops, in a disdainful tone, "why, I don't like your appearance? not reconciled to? Want revenge? "

"I, Wang Fan, will give you a chance to wait for you here for three hours, waiting for you to get revenge. Now, you can go and get help. "

After Wang Fan finished, he got up and lifted his foot out. Kangping, who had been beaten into a pig's head, flew out like a kite and fell to the door.

"It's him, it's him!" Kangping screamed wildly in his heart. He didn't dare to look back at all and kept away from here.

He didn't expect that he led others to search for Wang Fan, but he couldn't find it. Today, I came here to be smart. I met Wang Fan.

Thinking of the reward and bonus offered by the eldest brother, and being beaten in the face by Wang Fan today, he really doesn't know whether to cry or laugh.

"Wang Shao, let's get out of here now. Kangping is a local gangster. It's said that he is still a gangster. It's not easy to get into trouble."

"I'm sorry, I didn't expect that he would come here, and I didn't expect that he would expose your whereabouts. I'll give you the money first, and then I'll help you find other places to hide."

Xiaohua anxiously came up and grabbed several thousand yuan in his hand. He handed it to Wang Fan and said at the same time.

There was apology, guilt, reluctance and worry in her eyes.

"Ha ha." Wang Fan laughed and disdained, "just a bastard, I will be afraid of his revenge? I'll step on one for one, and I'll step on a pair for two! "He didn't pick up the money from Xiaohua. "You don't have to worry. From now on, I don't have to hide my whereabouts."

"Thank you for your help these days. Now you give me your card number. Although you dare not say that it will make you prosperous, it will at least make you well-off."

"In the future, if possible, you should stop doing this kind of work. I don't mean to discriminate against you, but it's disgraceful after all. And if you meet people like Kang Ping again, you will be more humiliated. "

"I can't ask for your money. You've given me enough." Xiaohua's eyes are sour. This is the first time that a guest cares about her.

But she couldn't ask for Wang Fan's money any more. Wang Fan asked her to cook dinner for more than a week. Without touching her, he gave her five or six thousand yuan, which was enough.

"How much? I don't think it's much more than you've helped me. Well, give me your card number and don't refuse any more. "

Under Wang Fan's insistence, Xiaohua finally gave Wang Fan a card number.

She thought it would be nice for Wang Fan to give her another 120000, up to 1080000, but when she received the message and looked at the innumerable series of zeros, she was completely stunned.

Two million, two million.

After cooking for more than a week, I made two million yuan, which is faster than robbing the bank.

Is Wang Fan really a mysterious local tyrant?

However, Xiaohua felt that the mobile phone was a little heavy, "Wang Shao, so much, I"

"don't say, it's more for you, but not for me at all, just you don't know how much help it is for me."

Wang Fan said, directly changed the topic, "do you have any difficulties that can't be solved now, I'll help you solve again, and then I'll leave."

"I" floret is about to say something, suddenly face big change of look to the door.

With a rush of footsteps, a group of men with guys in their hands broke in.

After they rushed in, they didn't start. Instead, they surrounded Wang Fan and made way.

The three youths swaggered in, their eyes dancing with a passion that could not be concealed.

Behind them is Kangping with a black and blue face.

But at this time, Kangping just like a pug bowing, no longer the previous ferocity and arrogance.

Floret scared face pale, subconsciously hugged Wang Fan wrist, dare not squeak.

Wang Fan ignored the common villains and looked at the three youths.

Feeling the strength of the three, his eyelids couldn't help jumping.

The day after tomorrow, the three will be perfect!

Chapter 346

"Ha ha, yes, it's him, it's him!" The young man pointed to Wang Fan and laughed wildly. Then he looked back at Kang Ping and said, "you are very good. I remember your great contribution to this matter!"

Ignoring Kang Ping's excitement, the young man looked at Wang Fan again, his eyes became ferocious, "kill my martial uncle secretly, play with my master, how dare you!"

"For more than a week, I've been looking for you outside, and I can't even get enough to eat. You're so good that you hide here and have fun. You're really good!"

"It's said that you will be able to kill the inborn experts in the future. I don't know if it's true or not!"

"Today, I'd like to see if you can kill the three of us the day after tomorrow!"

The young people's tone was furious and arrogant, and they didn't pay attention to Wang Fan at all.

Although Wang Fan had the reputation of killing them, he didn't think that Wang Fan could kill them.

What's more, master is on his way now. As long as master arrives, Wang Fan will die.

"Brother, do you recognize the wrong person? How can I not understand what happened the day after tomorrow?"

"I don't even dare to kill a chicken on weekdays. How dare I? That pig named Kang is so provocative to

me. I just slapped him a few times. Don't wrongly treat the good man. "

"What's more, who is your master and the beauty in the alley? Do I still have emotional debt with her? No, I've always sold myself and never talked about love. There shouldn't be any emotional disputes. "

Wang Fan Leng for a while, began to pretend to be stupid, verbal provocation.

He had learned from the words of the youth that they were all from the sky. I just didn't expect that there was such a brain in the sky. I knew how to use the local gangsters.

Think of Duan Changkong, Wang Fan's anger is very big, that guy with strength, even want to snatch his century green leaves.

If it's not for my cleverness, I'm afraid it's a small matter to take away the hundred year old green leaves. Maybe I'm already dead.

"What did you say? How dare you insult my master? "

The young man in the middle, Duan Shan, burst into a rage. "Thanks to you, you are still a famous ruthless. You are so powerful and ferocious outside. Don't you dare to admit it?"

"Keep your mouth clean. If you dare to insult my master, I'll kill you with some water!"

"Elder martial brother Duan Shan, we'd better not talk nonsense with this guy, just break our legs and wait for the master."

The other two were also angry and made a sound.

Wang Fan even regards his master as a woman and a woman who sells her. This is the biggest insult and provocation to them!

Wang fan is a face depressed, "insult your master?"? How could that be! This kind of thing is voluntary, and I don't give less money every time. How can there be insult? "

"By the way, which one is your master? Lily, red, or tender? " Wang Fan expression in place, a realistic face, "your name is Duanshan, he called duanshui, the other one, is not called duanminggen ah?"

"Ah ah, your name is really wonderful. It can be seen that the person who named you is an expert! Talent, it's talent. "

Wang Fan constantly provokes these guys, waiting for Duan Changkong to arrive.

He wants to abolish these three disciples in front of Duan Changkong, and then points to Duan Changkong's nose and yells:

Lao Tzu not only killed your younger martial brother, but also killed your apprentice in front of you. Can you do anything to him!

"Crouching trough, do you want to kill him?" Duan Shi, who was called Duan Minggen by Wang Fan, jumped up and clapped Wang Fan with one hand.

Even if Wang Fan insults his master, he can't bear to insult him now.

Since they came in, Wang Fan blindly pretended to be stupid, just verbal provocation, but did not dare to act directly. This is really not in line with Wang Fan's style, and it makes him think that Wang fan is afraid of them.

After all, it is said that Wang fan is cruel and merciless. If he doesn't agree, he will be beheaded?

"Looking for death?" Wang Fan's smile became playful. As soon as he shook his right hand, it was a rush.

Duan Shi screamed and fell back.

A bullet penetrated his palm and nailed it in the wall. It was shocking. The hole in his palm was bloody and dazzling. The red blood was like a river flowing, which could not be blocked.

"Oh, sorry, the gun went off." Wang Fan raised the gun in his hand and suddenly became embarrassed:

"the quality of this broken gun is not good. It always goes off. Fortunately, I just hit the palm of my hand. If I burst my head, it would be a real tragedy. "

Duan Shan's three men are about to explode.

Shameless, really? Shameless!

Their faces become dignified, Wang Fan has a gun in hand, their situation will become dangerous, they don't have the innate vigorous Qi to protect the body.

"Asshole, as an ancient warrior, you should use a gun. Are you ashamed? Do you want a face? Have the ability, take out your strength to fight with us three, don't use the gun"Since we are all ancient warriors, we should fight in the way of ancient warriors! Don't use those foreign things! " Duan Shan gritted his teeth.

"Shame? Who are you going to lose Wang fan not only did not feel shame, but also a proud face, "there are foreign things do not borrow, you think I am as stupid as you?"

Wang Fan was very disdainful, "by the way, why hasn't your master come yet? This speed is too slow. You should call him quickly."

Duan Shan was about to explode. He stepped back two steps and pointed to those bastards, "you go up to me and chop him to death! I don't believe it. He dares to kill so many of you! "

Listening to Duan Shan's words, not only Wang Fan was speechless, but also the great men were speechless.

Not only did they not start, but they took a few steps back.

They don't have the brains to fight with other people's guns with knives.

Duan Shan saw that these people didn't move and was about to explode. He raised his foot and kicked them up and smashed them at Wang Fan.

"You are very dishonest, young man." Wang Fan squints and laughs. The whole person jumps away in an instant and rushes to Duan Shan like a ghost.

He is no longer in the mood to talk nonsense with these guys. Since he is not smart, he should clean up first.

"Water and stone, let's go together!" Duan Shan's face changed when he saw Wang Fan coming!

As he retreated madly, he looked at Wang Fan and said, "don't use a gun! Without a gun, you are a scum in my eyes, a waste! "

"Yes, that's what you want." Wang Fan sneered, put away the gun, speed up to rush.

Duan Shan saw that there was no threat of the gun, and his heart was determined! He took another look at Duan Shui Duan Shi, who had already rushed to Wang Fan from the side. He was very angry. Instead of retreating, he rushed forward!

A palm claps, hurtles Wang Fan to be in charge of the head to roar down, like fierce tiger somersault, Mount Tai presses the top!

At the same time, Duan Shui and Duan Shi's attacks have also surged.

Duan Shui's right leg cuts through the sky like a dragon's tail flicking and cuts Wang Fan's left waist. Duan Shi's fist is fierce and blows at Wang Fan's right rib.

Three people, three angles, fast, fierce, fierce!

Tricky, fierce and merciless!

The strength of the day after tomorrow's great perfection also broke out at this moment, and the

momentum was amazing. If Wang Fan was attacked, there would be absolutely no life or death, and there would be no whole body.

Chapter 347

Wang Fan felt the attack of the three and sneered.

The day after tomorrow, only three of them will be perfect. If he doesn't make a breakthrough, he will be able to do it easily, not to mention after the breakthrough.

Ignoring the attack of Duan Shui and Duan Shi on the left and right sides, he speeded up and ran into Duan Shan in front of him.

Boom!

With a loud noise, Duan Shan felt as if he had been hit by a shell, and his blood began to roll.

His chest, even more like a fragile glass, was broken in the sound of a click, and the pain was unbearable.

"That's your strength? Is that your confidence? " The corner of Wang Fan's mouth showed sarcasm, but his hand kept moving.

At the moment when Duan Shan was about to be knocked out by him, he suddenly grasped Duan Shan's split palm and twisted it!

Under the recoil of two forces, Duan Shan's arms broke like Mahua. Meanwhile, his whole body bounced out and threw at Duan Shui and Duan Shi on both sides.

"Asshole!"

"Mean!"

Duan Shui and Duan Shi didn't expect that Wang Fan's attack speed would be so fast and fierce.

It was too late when they found out that Wang Fan had pulled Duan Shan out as a meat shield.

Boom!

Two people's fists and feet hit Duan Shan, Duan Shan's whole person is like a broken kite, flying backwards.

Chest, mouth, burst out of the blood mist, such as fireworks, shocking.

"Asshole? Mean? " Wang Fan sneered, "if you three hit me the day after tomorrow, you won't be a jerk and mean?"

"Originally, I wanted to spend some time with you. I planned to deal with you when the old dog of Duan Changkong came."

"But you see my tolerance as fear and repeated provocation. That's no wonder."

Wang Fan disdained to say, body shape, such as an arrow, shot at duanshui Duanshi two people.

His body soared into the air, his right leg was like a thunderbolt, and he swept to Duan Shui with a powerful force, while his left hand was Chengquan, and he went crazy to Duan Shi.

In his own way, return to him!

Duan Shui and Duan Shi feel Wang Fan's fierce attack and the ferocity of the move. His face becomes distorted, and there is a trace of regret in his heart.

"Son of a bitch, if you dare to hurt us, my master will kill you!"

"My master is a congenital master, you don't want to die by yourself!"

The voice of anger and fear came from their mouths. For the first time, they felt how humiliating it was to move out of the master and beg for mercy!

However, in the face of Wang Fan's fierce attack, they still dare not have the slightest carelessness. They retreat madly and resist hastily at the same time!

Boom!

Two loud noise, two people just like the sky falling meteor, rib smash, mouth spray blood fly out.

They are as fragile as paper paste, vulnerable!

Wang Fan, with the power of thunder, lost three places in a second, and the day after tomorrow, this strength completely blew up Duan Shan's three hearts.

Their faces showed fear. Unexpectedly, Wang Fan was so terrible.

Where is the strong one? It's braver than nature!

As for Kang Ping and those black and astringent people, they are even more stupid. The look in Wang Fan's eyes is full of fear.

They have seen the strength of these three people.

Everyone, can easily seconds off their group, but even so, three people at the same time, were Wang Fan abuse into a dog, Wang Fan how terrible?

"Your master? Duan Changkong? He's nothing Wang Fan strolled to duanshui Duanshi, disdainingly, "is the congenital master great? A natural master can be arrogant and trample on others wantonly? "

"We have no injustice and no enmity, but the old dog stopped me that day, provoked me and even tried to kill me. Even if he doesn't come, I'll go to him! "

Wang Fan said, two feet step down, two legs smash, become useless.

Their eyes twinkled with reluctance, pain, and frustration, but they could not bear it. They did not dare to attack or even shout.

Wang Fan didn't even pay attention to their master. If they screamed again, the end would be even worse!

Instead of trampling them, Wang Fan turned and walked towards Duan Shan, "say I'm rubbish? Call me scum? But now, what are you? "

"That's what you're proud of? This is your arrogant capital? Ridiculous Wang Fan disdainingly said, pointing down, "you in my eyes, is mole ants, casually pinch, trample, vulnerable."

Wang Fan said, raising his right foot and stepping on it again.

For those who try to kill him, he will never be soft hearted, only more ruthless!

"I am" Duan Shan became scared, and his voice was hoarse!

He didn't want his legs to be broken and become useless. He's young, talented and promising!

However, Wang Fan's roar in his hoarseness was not heard of at all, and Wang Fan didn't care about it at all.

Before Duan Shan's words were finished, Wang Fan's right leg had been trampled twice, Duan Shan's legs were broken, and he screamed bitterly."Do you want to move out of the sky? I'm sorry, he's with me. He doesn't have face. " Wang Fan said disdainfully and looked at Kang Ping again.

"Big brother, grandfather, it's none of my business, it's none of my business. Please forgive me, I'll die, I'll die."

Kangping was scared to pee. He knelt down and began to beg for mercy without dignity.

He knew that in front of people like Wang Fan, he didn't even have the chance to escape, so he didn't

plan to do useless work at all.

"Kang Ping, right? You don't have to ask me for mercy. You want to save your life. Take your people and move them? "

Wang Fan pointed to Duan Shan and said, "aren't they your dependents? Since we can't rely on it now, why should we be merciful? "

Kangping is crying. Duan Shan is not the one he can move. If he dares to move Duan Shan now, he may be killed by Duan Changkong later to feed the dog.

Just in the face of Wang Fan's fierce eyes, he had no choice, "together, beat them!"

Those fierce men hesitated again and again. In order to protect their lives, they ran to the three men.

If you don't move Duan Shan's three people, you may die now. If you move Duan Shan's three people, you can live at least a few more minutes.

"Asshole, how dare you?"

"Presumptuous!"

"A bunch of rubbish, you want to die!"

Duan Shan's face twisted and roared as they could no longer care about the pain.

Whether they are ancient warriors or fierce men of the day after tomorrow, they can't tolerate the provocation of Kangping.

But their shouts didn't scare Kang Ping and others away. On the contrary, they made them even more angry.

The three were soon drowned in fists and feet, wailing in pain, black and blue.

"Stop it

A sound containing crazy killing intention came, and a white shadow from far to near jumped into the yard from the top of the house wall in the blink of an eye.

He is as quick as electricity and fierce.

Long sky!

After he appeared, without any hesitation, he rushed towards Kang Ping and others.

Bang bang bang a series of sounds, Kang Ping and others were blasted up, either broken hands or feet, screamed repeatedly.

Wang Fan looked at the scene, and did not move.

These people are looking for his bad luck. Now that the dog bites the dog, he will not meddle in his business.

Duan Changkong retreats from Kangping and others, and looks at Duan Shan's injuries again. His eyes are like poisonous snakes. They stare at Wang Fan with fierce anger:

"what a cruel little beast! Kill my younger martial brother and abolish my beloved apprentice. If I don't pick your skin and cramp today, I won't call you Duan Changkong! "

"Ha ha." Wang Fan laughs wildly, "this also calls cruel? What about this? "

He laughed wildly, suddenly flashed to Duan Shan and stepped on his Dantian.

Arrogant and domineering, eyes have no segment in the sky!

Chapter 348

"You dare!"

Duan Changkong is very angry, but there is no time to stop him.

With a bang, Duan Shan's Dantian burst out a mass of blood mist. He choked powerlessly and passed out in a coma.

The day after tomorrow, a great success, so abandoned, so simple, so thorough.

"To die!"

Duan Changkong becomes crazy. He doesn't have half a word of nonsense any more. He rushes towards Wang Fan.

At this time, under the anger, he even forgot the hundred years of green leaves, and his heart only wanted to avenge his beloved.

"Ha ha, Duan Laogou, if there are not 1000 people who want me to die, there are also 800. Are you a ball? Today, I will work out the general ledger with you. "

Wang Fan sneered, not only did not shrink back to dodge, but instead jumped up and rushed to Duan Changkong.

Duan Changqi's hematemesi makes me crazy!

He didn't expect that Wang Fan, who was as good as a grandson in front of him a week ago, now has the courage to challenge him. Even if he abandons his beloved disciple face to face, he dares to call him Duan Laogou.

He is an inborn strong man. Where did he go? He was not faced with all kinds of respect and worship. How could he ever be so insulted and provoked?

His whole body's murderous spirit soared wildly. His right hand suddenly changed into an eagle claw shape and hit Wang Fan.

If it's hit, it's where it's going to go.

Wang Fan originally wanted to shake with Duan Changkong, but he felt the other side's fierce attack, and finally dispersed the idea.

He didn't have much confidence to take the blow.

Wang Fan's forward body suddenly twisted, dodged Duan Changkong's talons, and kicked Duan Changkong with his backhand.

Boom!

Click, click!

Duan Changkong's eagle claws stabbed at the wall. The whole wall immediately opened a crack, and then collapsed.

Duan Changkong's face was as gloomy as a wolf. He didn't expect that Wang Fan could escape his attack.

In the face of Wang Fan's crazy right leg, he didn't mean to dodge at all. He suddenly turned back, turned his claws into fists and hit hard.

The roar resounded through the air, Wang Fan only felt a strong attack, the whole person was hit back.

The blood in his body was rolling wildly, and some of the salty blood in his throat could not be suppressed.

Duan Changkong's face suddenly changed, his whole right arm was kicked to pieces, and he flew out upside down, smashing most of the collapsed wall and flying directly out of the courtyard.

Looking at this scene, Duan Shui and Duan Shi, who were not in a coma, set off a storm in their heart.

Master is a congenital master. How could he be so vulnerable and defeated so thoroughly in front of Wang Fan?

Wang Fan also did not expect that this would be the result. He immediately realized that he underestimated his strength.

He didn't talk nonsense. He rushed out of the yard and stepped on Duan Changkong, who fell on the ground. He was a cruel mess.

"No, No." Duan Changkong's face changed wildly, "I apologize, I swear, I will never trouble you again, and the resentment will be wiped out."

Boom!

It's a pity that his apology is useless. Wang Fan still points to his Dantian without hesitation.

Blood fog gushed, Duan Changkong fell down like a bone was pulled out, his eyes were gray.

He did not expect, a few days no see, Wang Fan was abnormal to such a degree.

He's a natural expert, so he was abandoned.

"Sorry? Swear Wang Fan took a deep breath with disdain in his eyes. "If those were useful, I would have robbed the bank. Anyway, I would have apologized and swore afterwards."

"Duan Changkong, you and I have no grievances and no grudges. It's you who have been looking for me for many times. So it's you who are to blame in the future. No wonder I am."

"It's not easy for you to live at such an old age. I'll spare your life today. I hope you won't seek your own death in the future."

Wang Fan said coldly, went to Duanshan Duanshi side, one foot abandoned them, and then with a dull face of flowers left here.

It's taboo to cut grass without removing roots. Even if Wang fan doesn't kill them, he won't give them the chance to grow up.

What's more, Duan Changkong must have many enemies. It's more meaningful to abolish him than to kill him.

"Ah! Ah

Duan Changkong is not willing to roar, but it doesn't help.

"What else can't be solved now? I'll see if I can help you. After helping you, I'll leave here. Thank you for taking care of me these days."

On the street, Wang Fan looked at some cramped flowers and asked faintly.

"No, No." Floret just finished, the phone rang, her face soon became panic ugly, "what do you say, OK, I'll go right away."

Floret said, in a hurry to stop a taxi, sitting on the top.

Wang Fan frowned and sat down.

Half an hour later, they arrived at the five-star square.

Five star square is already a sea of people, the scene has been cordoned off by the police. In the tallest building, a woman in white stood outside the fence, her eyes gray. As long as she takes a step forward, she will finish the jump.

Below, the police are holding several large and thick air cushion, constantly adjusting the position. Another policeman is holding a horn, constantly advising girls not to do stupid things.

"Shishi, you can't jump. I have only one family member like you. If you die, how can you let me live?"

When Xiaohua saw the girl, she immediately burst into tears.

She has only such a sister. She has worked hard all these years and even sold her body to make money in order that her sister can receive a good education.

Her younger sister did not disappoint her. She was admitted to the Beijing Film Academy with excellent performance.

I thought everything was beautiful, but I didn't expect that my sister would jump off the building when she came back to Sanlin.

How did Xiaohua accept this?

When Wang fan saw the girl, his mind exploded. Without any hesitation, he kept away from the crowd and ran crazily towards the top of the building.

Instead of taking the stairs or the elevator, he went straight up the wall.

He is like a gecko. His body is flashing very fast. With the help of strong internal support and the protection of fence windows, he climbs up.

He did so because only in this way can the girl be absolutely safe. Even if a girl jumps off a building halfway, he has enough time to deal with it.

Once he takes the stairs or the elevator, he can't guarantee so much.

"Wow, who is that? Is that too good?"

"He's so powerful. Is he still human?"

Although most of the onlookers were attracted by the girls, some people still saw Wang Fan, and they were amazed.

Floret was also awakened by the sound, suddenly became surprised.

If Wang Fan helps, maybe she can save her sister's life.

There was hope in her eyes.

The roof.

The girl in white looked at her sister the size of an ant. She felt guilty in her eyes. "Sister, I'm sorry. I'm going to be a sister in the next life."

"I'm sorry for you. I'm sorry for your hard work and cultivation. I didn't win honor for you, and I lost face for you."

"I have no face to stay in school. I really have no face to stay in school. I'm fed up with sarcasm, ridicule and contempt."

"Sister, do you know that I was forced to be hugged? I really have no face to live."

"I'm sorry. Goodbye. We'll be sisters in the next life."

Chapter 349

"Stabbing"

a strange sound came, and the woman in white was startled. She couldn't help looking to the side and subconsciously stepped back.

It's just that there's no one in the line of sight. It's just that the "stabbing" sound is more frequent.

The woman in white could not help but become afraid. She stepped back two steps, nervous.

The sudden voice successfully diverted her attention. For a moment, she forgot to jump off the building.

She picked up a stone from the ground, grasped it in her hand, nervously looked in the direction of the sound, and her palms were sweating.

As she watched nervously, one hand reached out first, followed by the second.

Then she saw a young man climb up.

Looking at this man, she was suddenly alert that she was coming to jump. She took two steps forward and looked at Wang Fan,

"you don't come here, let alone persuade me. If you dare to step forward, or say half a word of advice, I will jump immediately."

"Cough." Wang Fan has a dry cough and his eyes are dripping. He stares at the woman in white and looks obscene:

"beauty, I'm not here to advise you not to jump or to stop you from jumping. I just want to discuss something with you."

The woman in white was a little uncomfortable when she was stared at by Wang Fan. She was ashamed and angry in her eyes. "What's the matter?"

This guy's eyes are disgusting and disgusting to her. At the same time, she didn't understand that she was going to jump off the building, and she didn't know Wang Fan at all. What would Wang Fan have to discuss with her.

"Well, can we dance together?" Wang Fan buckled his finger and said awkwardly, "I owe a usury and can't afford it."

"Tomorrow is the deadline. If I can't pay back the money, they will chop me to death. So I want to kill myself

Wang Fan touched his head, more embarrassed, "but I'm a little timid, whether it's taking medicine, jumping to hang or cutting wrist, I can't do it."

"It gave me courage to see you jump today. I wonder if I can dance with you with your courage. "

"In this way, not only do we have a companion on the way to Huangquan, we will not be too lonely. I know that for a woman like you, I can't get it when I live, and I'm satisfied when I can die together. "

"Anyway, if we fall down with a bang, we'll all fall into pieces. We can't recognize it. Maybe we can still be flesh and blood. We'll be cremated together."

Wang Fan broke his fingers and said, saying a lot at one go.

His goal is not to stop girls jumping today, but to put an end to the idea of girls jumping forever.

If it's just to stop the girl, Wang fan is completely sure to control her when she takes those three steps back.

The woman in white opens her mouth wide and looks silly.

She never dreamed that Wang Fan would say such a thing.

Is that human? Is this still human?

She has goose bumps at the thought of being insulted in front of her body and being buried with this shameless guy after her death.

Owing usury, but also to say such a shameless words, Wang Fan's conduct is really bad home.

This is nothing. What makes a woman in white most unbearable is that they will fall into a ball of meat sauce, and even their flesh and blood will be mixed together.

At the thought of that scene, she winced and was about to throw up. She doesn't want to have me in you with Wang Fan. I have you in me.

"If you want to jump, it's none of my business. I won't die with you." The woman in white stamped her feet and said angrily, "either you jump first, or you jump on another day. Anyway, I won't dance with you."

"How can that be?" Wang Fan shook his head, "I finally met such a beautiful woman to die together, how can I not jump?". Bang, it's a mass of meat sauce. The scene is exciting when you think about it. "

Wang Fan said as he walked to the woman in white, "wait for me, let's go together."

"No, don't come here. I won't be with you." The woman in white turned pale and yelled, "I'm not going to jump, I'm not going to jump, you should jump."

She couldn't stand the meat sauce scene, and as she spoke, she walked away from the edge.

"How can you do that? You can't play with my feelings." Wang Fan was a little unhappy. He rushed to the woman in white, held her waist in his left hand, and then jumped down.

"Ah, No." The woman in white screamed in horror and turned pale. She couldn't help hugging Wang Fan's waist and didn't dare to look up at all.

Sharp wind like a sharp blade on her face, her heart for the first time emerged regret and fear.

If she was given another chance, she would never do such a stupid thing as jumping off a building.

Unfortunately, she has no chance.

Compared with the complex mind of the woman in white, Wang Fan's eyes are calm.

He believed that after this time, the girl in white would never dare to jump again. "Ah, yes, yes."

"Why did the ox man jump with him? Is this the legendary double martyrdom?"

"Wow, look what he's doing. He's so handsome."

The crowd below churned and soon opened their mouths.

Wang Fan was holding the woman in white with one hand. Suddenly, his toes were on the guardrail, and then he ascended.

Once, twice, three times, Wang Fan just ordered three times, and the two of them have returned to the roof again, which is comparable to the special effects of ten billion movies.

They don't look like men and women jumping from a building at all, but they are more like Yang Guo XiaoLongNu among the heroes.

"Ah, I don't want to die. I don't want to die." They landed on the top of the building, and the girl in white was still screaming.

Wang fan is bad laugh out a voice, "but, you already died, now we have already arrived the hell."

He wanted to ease the tension of the girl in white.

"Ah?" The woman in white opened her eyes. First she was stunned. Then she jumped at Wang Fan with her teeth and claws. "You killed me. You killed me. I will not let you go even if I die. I will kill you."

Wang Fan did not move, heartily bear the beating of the girl in white.

He looked at the girl and felt guilty.

This girl is one of the girls he rescued from Zhao Qi and Zhao Qi in the capital as a romantic little gentleman, and then sacrificed her life to save others.

He didn't expect that the world would be so small. This girl is Xiaohua's sister.

At the same time, he was also lucky that the girl was Xiaohua's sister, otherwise he would have felt guilty all his life.

"Shishi, are you ok? What happened? You want to jump off the building? If you die, how do you let your sister live, how do you face your parents under the nine springs of water? "

Floret and a group of police ran up, floret crying sparse Hua, exhausted.

Poetry Leng for a while, quickly break away from the embrace of Wang Fan.

She found that she was standing on the top of the familiar building and was not dead at all.

"Asshole, you play with me!"

Facing the gaze of many people, Shishi was shocked, angry and scared. She bit her teeth and suddenly jumped at Wang Fan again, "I'll kill you!"

"Shishi, don't be like this. Wang Shao is your benefactor." Xiaohua is scared and runs forward to stop Shishi.

Wang fan is a cruel man. If the poem offends Wang Fan, the consequences are beyond their sisters' ability.

"Benefactor? Do you know what this asshole told me? He even advised me to jump with him! What are you talking about? You have me and I have your damn words

Poetry is almost mad, can't help screaming.

Xiaohua and the police around her were stunned for a moment.

Chapter 350

On the second floor of ya'ge restaurant, Wang Fan and his wife took their seats in a private room near the window.

Lin Shiya either sobbed or glared at Wang Fan. She couldn't believe that Wang Fan was a good person.

If it wasn't for her sister who said Wang Fan had a strong background, she would have called the police and arrested the asshole first.

"Shishi, didn't you stay well in school? Why did you come back suddenly and jump off a building? What happened?"

Xiaohua comforted her sister and asked.

Lin Shiya's mood was almost stable, but when she heard her sister's question, her tears flowed down again like a river breaking a dike.

"I, I'm being held." Lin Shiya cried out and knelt down, "sister, I'm sorry for you, I'm really sorry for you."

"A few days ago, I was abducted by bad people and lost my innocence. I have no face to stay in school. I really have no face to stay in school."

Lin Shiya cry hate is sad, "I really can't stand the eyes of school students, I really can't stand."

"What?" Xiao Hua's head hummed, and her pretty face turned pale. "How could it be like this, how could it be like this, which son of a bitch did it!"

"Beast! Asshole! He will be struck by thunder Xiaohua screams in the end. Her sister is not only her hope, but also her pride.

Now my sister has encountered this kind of thing, how can she accept it.

Wang Fan blushed and felt guilty. He was embarrassed to see the sisters.

Although he was also helpless that day, and dedicated himself to save people. But for a girl, it is a kind of defilement.

Wang Fan really wants to say that he did it and he will be responsible for Lin Shiya, but he has no face to say it in the end. If he really said it, Lin Shiya would not accept it.

Wang Fan did not expect that this pair of sisters, the elder sister by doing part-time money, the younger sister is traditional like a piece of white paper. Alas,

Lin Shiya sobbed twice and gritted her teeth, "it was Zhao Kuangshan of Zhao family and a man named Qi qianxiong who kidnapped us."

"It's not them who defile us, but a flower gatherer. That flower gatherer is an asshole, too! Dirty! Dirty

"He doesn't know when he's on us, but he hasn't had time to do it yet. Although he has ruined the abominable Zhao Kuangshan and Qi qianxiong, he has defiled us. What's the difference between his behavior and that of animals? "

"They are all birds of a feather!"

Lin Shiya is very excited and angry, "but he can't live long. Zhao and Qi are looking for him all over the world."

"The Zhao family seems to be one of the eight families in the capital. Qi qianxiong's father is a famous overseas underworld leader. He doesn't frown when he kills people."

Lin Shiya said word by word, his eyes full of anger and humiliation!

She didn't find out the news. She is a girl with no background and doesn't have the ability.

This is another victim Murong yu'er told her that after they experienced this, they became good sisters.

But Murong yu'er has some background. Even if she has experienced this kind of thing, no one in the school dares to chew her tongue.

Even if Murong yu'er has been trying to cover her and protect her, rumors still spread, and the eyes of her classmates and teachers are not the same.

Under her grievance, she had the idea of suicide.

Wang Fan listened to Lin Shiya's angry words and felt sorry to look up.

Especially the words "brute", "dirty" and "dirty" made his heart feel like a needle.

He did not expect that this incident should have brought so much harm to Lin Shiya.

At the same time, listening to the four words of the head of the underworld, his eyes couldn't help narrowing.

Zhao family is not terrible, after all, there are official constraints. But the underworld coach won't manage so much. They are crazy, but they dare to use any means.

Fortunately, Wang Fan didn't use his original identity to make up a character of the flower picking robber. Otherwise, Song Rumei and others would be involved, which would be a big trouble.

"Sister, don't think so much. If you really don't want to go to school, don't go. Our sisters live in Sanlin city

Xiaohua took a dim look at Wang Fan, "my sister has some savings now. Our sister can live happily if she does some small business."

"Well." Lin Shiya's eyes were red. Now, it can only be like this.

Xiaohua comforted her sister, then looked at Wang Fan and knelt down with a plop, "Wang Shao, didn't you say that I have any difficulties, would you help me?"

"I know I'm going a little further, but I still want to ask for your help. If possible, bring me that bastard

who insults poetry, and I'll see what kind of scum he is! "

"I beg you!" Xiaohua cried and began to kowtow.

Wang Fan's sweat, he wants to bump into the wall and kill himself. He quickly held Xiaohua, "no, don't do that. If I have a chance, I will catch him for you."

He can only comfort Xiaohua like this.

"Yes, yes." Xiaohua nodded and stood up.

If she knew that the bastard in her mouth was Wang Fan, she didn't know how she would feel.

Seeing her sister's cry and Wang Fan's promise, Lin Shiya's impression of Wang Fan has changed a little, but she still doesn't give Wang Fan a good face.

The meal was soon on the table, and the three began to eat with their chopsticks.

It's just that they were halfway through the meal when someone burst in.

These are three unruly youths. They are all fierce and fierce. Their waists are tough. Obviously they don't have a guy.

This is not the most important thing. The most important thing is that these three people all have a strong air. Obviously, they have been soldiers and killed people. They are all ruthless characters.

"What, eating? So many dishes, have you eaten? Let's help you share some. "

The man in the middle grinned and sat down beside Lin Shiya. But also very familiar to greet the waiter, added three pairs of chopsticks.

Lin Shiya's pretty face changed and quickly leaned on Wang Fan.

Although she doesn't know what these people want to do, in this case, she can only rely on Wang Fan.

Xiaohua is not afraid, but she has seen Wang Fan cruel, in her opinion, these people are not enough for Wang Fan.

"What do you want to hide? Do you think it's OK to hide around that little white face?" When the man in the middle stares, he suddenly becomes fierce,

"Damn, you are very powerful! I've created so much public opinion, and you've come back to Sanlin city only now. Do you know how much time I've wasted? "

"Even if you come back, the first thing you do is to jump off a building. You are hurting me!"

The first man looked at Wang Fan, "speaking of this, I have to thank you. Without you, I'm afraid I can't go back to hand in the work."

"I didn't get a chance to move that girl of Murong family. I didn't expect that you would almost let me lose the chance. You are really a chaste woman!"

The middle-aged man said, suddenly he took out his gun and slapped it on the table. He was arrogant and domineering. "Lin Shiya, commander Qi, please come with us after this meal."

Lin Shiya's face turned pale in an instant.

She did not expect that these people should be directed at her, or the leader of the underworld!

Commander Qi obviously wants to use her as bait to lead out the flower picking robber. It's just, will the flower gatherer come out because of her? Probably not!

She was obviously taken as cannon fodder and victim by commander Qi!

Lin Shiya's face is full of tears again. Now she just wants to ask the sky: why is her life so bitter!
