Chapter 3411

Not long after Wang Fan just left, two figures appeared here.

The two men, each with a white face, wore a purple robe and a long gun, were majestic.

This person is Ling Xuan, the first gifted disciple of Heisha sect.

Looking at his breath, his cultivation is stronger than when he first entered Wangyun palace.

The other one was wearing a black robe. He was small and thin, but he was very refined. His face was as sharp as a knife, giving people a cold breath.

This man is the last disciple of Heisha sect. Xu renbai has reached the level of immortal.

Before he entered Wangyun palace, he knew lingxuan, who was his younger martial brother.

You know, the Heisha sect is also very big. Not all the disciples know each other and have a good relationship with each other.

Take Wangyun palace as an example. Wang fan is also a disciple of Wangyun palace, but he only knows several martial brothers. How many of them have good relations?

Xu renbai left the palace in order to help his younger martial brother Ling Xuan.

But they did not expect that they came a step late, Shaoyang and others would fail.

"Seven people died and three escaped. Wang fan is really powerful."

Lingxuan looked at the bodies on the ground and the ground swept by the storm. His eyes were gloomy and terrible.

He was sure that if Wang Fan was the same level as him, he would not be Wang Fan's rival.

If other enemies, Ling Xuan will certainly find a way to turn the fight into a treasure, and will not continue to fight.

After all, it takes great courage to offend Wang Fan.

Because if they can't kill Wang Fan, it will be their disaster.

However, with the relationship between Heisha and Haotian, and their repeated humiliation and even killing of Wang Fan, is there any room for them to ease up?

It's obviously impossible.

Therefore, Wang Fan must die and cannot stay.

"Younger martial brother, you are here. I'll kill Wang Fan." Xu renbai looked at lingxuan and said indifferently.

In his eyes, there was also a cold feeling.

In recent decades, in Wangyun palace, he has always been a disciple of the Heisha sect. The other Haotian sect disciples can be said to bully and humiliate as they want. The oppressed Haotian sect disciples can't lift their heads at all.

But now, Wang fan is just a fairy king, just a new man who just entered Wangyun palace, and killed so many disciples of his Heisha sect.

That's ridiculous.

Lingxuan looked at Xu renbai and nodded, "please, elder martial brother."

Although he is powerful, speed is not his strong point.

When he goes after Wang Fan, he can't catch up.

Now, only when Xu renbai goes after Wang Fan, can he be absolutely sure to kill Wang Fan.

"Between us, why should we be so polite? It's what I should do." Xu white shook his head, and then a flash, it has disappeared in place.

As a strong immortal, he is much faster than Wang Fan.

Even if Wang Fan goes against the heaven again, he will be the second level Immortal King after all. Even if he does his best, no one can be as fast as the immortal master Bai.

Xu renbai steps in the air, looking very natural and elegant, but his speed is extremely fast.

In a short period of time, his spiritual power has swept Wang Fan, and the distance between the two sides is constantly narrowing.

Wang Fan's face was also very ugly.

He never thought that Xu renbai could lock him and catch up with him.

In order to kill him, the Heisha sect really paid a lot of money.

The immortal and the strong were sent out.

I really look up to him.

However, Wang fan is not a generation waiting to die, he did not stay, but while running, while swallowing pills, to restore the lost vitality.

In the face of xianzun, it can be said that Wang Fan has no chance.

However, if you want him to die, even if the other party is immortal, he will tear off a piece of meat from the other party.

In another direction, Yan Yue naturally saw this scene, and her pretty face cooled down in an instant.

Although she is usually cold, and seems not to like Wang Fan, but she is very principled, very short.

As a disciple of her grandfather, Wang fan is her younger martial brother. Although this younger martial brother, she didn't know him for long.

However, how could she allow her younger martial brother to be bullied?

Wang Fan was chased and killed by the Immortal King at the Ninth level, which can be called training Wang Fan and tempering Wang Fan.

But Wang Fan was chased and killed by the powerful immortal. If she let it go again, it would not be experience, but death for Wang Fan.

As a strong immortal, Yan Yue is very clear about the gap between the immortal and the Immortal King.

"Hum." Yan Yue stares coldly at Xu renbai, who is chasing Wang Fan. She changes into a black suit and disappears in the same place. The next moment, when she appeared, she had stopped in front of Xu renbai.

Xu renbai looks at the Yan Yue that appears suddenly, pupil is instantly constrictive, stopped abruptly.

There was a storm in his heart.

You know, his mental power didn't notice Yan Yue at all. How did Yan Yue suddenly appear here?

"I'm looking at Xu renbai, a disciple of Yungong sect. Do you know who you are?" Although Xu renbai was shocked, he was polite on the surface.

Before he could not figure out the reality of Yan Yue, he would never dare to act rashly.

The reason why he reported Wangyun palace was to make Yan Yue afraid.

After all, Wangyun palace is one of the top five forces. It's the territory of Wangyun palace.

"Wangyun palace disciple? As far as I know, the one in front seems to be a disciple of Wangyun palace, right

"It's very powerful of you to pursue and kill the disciples of the same clan, and to pursue and kill the Immortal King with the cultivation of immortal Zun."

"Go away, don't lose your face here, or I will kill you!"

Yan Yue's voice is extremely indifferent. If Xu renbai had not been a disciple of Wangyun palace, she would have done it long ago.

Xu renbai heard Yan Yue's words, his face was a little ugly.

Who is this man, how can he know his identity, and how can he know Wang Fan's identity?

It seems that this man appeared to protect Wang Fan.

Although he is very afraid of Yan Yue, he is absolutely unwilling to let him retreat like this.

As an immortal, he naturally has his own pride. How can he really go away with just one sentence from the other party?

"It seems that you are here for Wang Fan. Before, Wang Fan killed several disciples of Wangyun palace. Why didn't you stop him? Now I'm avenging my classmates, but you've come out? "

"It seems that you must have been a disciple of haotianmen for several times, but if you dare to stop me, you are blind. It's just Haotian gate. I haven't paid attention to Heisha gate yet. "

"Now I will send a message to the Heisha sect. If I die, you will be in great trouble."

Xu said with a sneer, directly grabbed out the communication bead and began the communication.

Wang fan is a newcomer. He can't know any powerful person at all, so he regards Yan Yue as a former haotianmen disciple. That's why he makes such a threat.

If Yan Yue is a former Haotian sect disciple, maybe she will be frightened by him. However, in fact, Yan Yue is not a Haotian sect disciple.

"It's just the trash of Heisha gate. I dare to threaten you. What are you? Originally, I wanted to spare your life for the sake of my fellow students. But since you are determined to die, don't blame me for being impolite. "

Yan Yue said, no longer lazy nonsense, directly toward Xu white killed in the past.

Chapter 3412

The same as xianzun, Yanyue's strength can definitely kill Xu renbai.

Yan Yue's immortal power blooms and oppresses Xu renbai crazily. Just that pressure makes Xu renbai feel as if he is carrying a mountain and in a cage. He can't resist it at all.

His immortal Daowei, in front of Yan Yue, was so ridiculous that he could not withstand a single blow.

Xu renbai's hand just had time to lift it down. Just as he had just grasped the weapon, Yan Yue's attack had already fallen on him.

Hiss, hiss, hiss.

A series of sounds, just a blink of an eye, Xu Bai's body will turn into a blood mist, completely vanishing.

In front of Yan Yue, he is so vulnerable, even the local chicken and tile dog is inferior.

An immortal and a strong man fell.

Thus, Yan Yue's strong strength.

Although she is the first level of xianzun, she can easily kill the second level and even the third level of xianzun.

After Yan Yue killed Xu renbai, she didn't stay here any longer. Her figure flashed and disappeared.

As for lingxuan on the other side, it's just the peak of fairy king. In her capacity, she doesn't care to kill her.

What's more, as a monk, Wang Fan had to face some dangers alone.

Only when a monk grows up in adversity can he be qualified to be called a strong man and to reach a higher level.

In fact, Yan Yue would not have appeared if Xu had not chased Wang Fan in vain and was about to catch up with him.

She doesn't want to clear the way for Wang Fan.

On the other side, Wang fan is running wildly, but he suddenly finds out that Xu renbai has disappeared.

Yeah, it's just gone.

Xu renbai, as if he had disappeared out of thin air without any trace.

As for the scene that Yan Yue killed Xu renbai, he didn't see it at all, let alone the battle between them. Even Yan Yue didn't find it.

After all, Yan Yue, as a strong immortal and a granddaughter of Yan Lai, is naturally not an ordinary person.

It's normal that Wang fan can't find his trace.

"It's gone? How strange Wang Fan murmured, but he didn't look back.

God knows if Xu renbai deliberately hid and secretly arranged the game.

Wang Fan, as the ancestor of Yin people, will not turn over the boat in the sewer.

Wang fan according to the map instructions, all the way forward, soon came to a dark canyon.

The canyon is so dark that you can't even look inside.

Wang Fan also just can feel, inside overcast wind gust, seem very terrible.

Countless sand and stones are blown by the wind and fall out, which is very powerful.

Feeling this scene, Wang Fan said to himself, what is this place? It's really weird.

His mental strength tried to go deep into it, but as soon as he went in, he felt a stabbing pain, and then he was cut off.

It's an evil place.

Wang fan doesn't know what Yan Yue wants him to do here.

Whoosh.

In Wang Fan's heart, a white light flashed, and then Yan Yue appeared here.

Wang fan saw Yan Yue, and quickly went up to meet her, "elder martial sister."

If he had not been a monk, he would have been frightened by Yan Yue.

In such a place, a woman in white suddenly appeared, which ..

"well." Yan Yue nodded, then stretched out her slender jade finger and pointed to the canyon, "go in."

"Go in?" Wang fan is a little strange, "what do you want me to do in it?"

Wang fan is really strange, because he feels that it is meaningless to practice in it.

He doesn't lack combat experience, experience, life and death. What he lacks is only cultivation resources. What he lacks is improvement of cultivation.

"Why don't you?" Yan Yue coldly looked at Wang Fan, "do you think you are already very strong? You think you're invincible? Do you think you can be arrogant by killing a few immortal kings

Yan Yue several times in a row, you think, Wang fan is very depressed.

He could not help retorting, "elder martial sister, when you are in my realm, you may kill the ninth floor of the Immortal King?"

Yan Yue heard this, slightly a Leng, then swish a, directly pulled out a sword.

She shook her wrist, pointed at Wang Fan and said, "so you are questioning me. Do you want to have a competition?"

Wang Fan stares at Yan Yue with a gloomy face.

Now he found out that Yan Yue, who was just like a fairy, was so shameless.

Tangtangxianzun, he even drew his sword. He seriously said to the second level of the Immortal King, have a competition?

Well, do you want to bully people like this.

Wang Fan quickly put on a smiling face, "elder martial sister misunderstood, how dare I? In this case, let's go in." Ah, the strength is inferior to people. There is no way.

Two people soon entered the canyon, inside the canyon, the wind bursts, a wind blade crisscross, extremely terrible.

Not only that, those space blades, there is a strange energy, can kill the spirit. Along with the deeper going, the wind blade of space is more terrible.

Of course, no matter how terrible, this kind of space wind blade will not do any harm to Wang Fan.

At most, it just makes him not adapt. After all, his mental power can't be released by himself.

As for the physical body, Wang Fan's physical body is powerful, which is nothing at all.

"Elder martial sister, there's nothing difficult about how to practice here." Wang Fan couldn't help muttering.

Just as he had just finished, he saw a big building.

Yes, it's a big array.

This grand array stands in the center of the canyon. It is extremely huge, and it seems that it has existed for a long time.

Not only that, but also there were many monsters in the big battle.

Looking at the monster breath, those with the lowest accomplishments have reached the seventh level of the Immortal King, and those with the highest accomplishments have even reached the peak of the Immortal King.

In other words, these are the great demons in the later period of the fairy king, and they are also extremely ferocious and terrible.

Wang Fan looked at the scene, his face turned white.

"Elder martial sister, don't you want me to practice in it? This is not for fun. If you are not careful, you will die. "

Wang fan is really afraid.

With so many demons and this special environment, how can he fight?

This is not to temper him, but to send him to death.

After all, he was only the second level Immortal King, and his cultivation level was still too low.

"Aren't you good at it? Where's the courage to kill seven fairy kings before? What's more, many of these big demons are not the peak of the fairy king. "

Yan Yue heard Wang Fan's words, cold pretty face, rare appeared a smile, said.

As she spoke, she thought of her own experience.

At the beginning, grandfather is so temper her ah.

Even several times, she almost became the belly of the beast.

However, at that time, she was already the sixth level cultivation of the Immortal King, that is, the middle period of the Immortal King.

Wang Fan, however, is the second level Immortal King.

Yan Yue doesn't talk nonsense either. She tears a gap in the battle and stares at Wang Fan and says, "well, no more nonsense. Are you going in by yourself or shall I send you in?"

As for those big demons, even if they tear a crack, they don't dare to come.

After all, Yanyue's immortal statue is so powerful here that it's just a fairy king and monster. How dare it be presumptuous?

Wang Fan stares at Yan Yue fiercely, his face turns green.

What a bully!

Chapter 3413

"I don't need elder martial sister to do it. I'd better go in myself." Wang Fan's face was bitter, and he could only enter the forbidden system helplessly.

Almost he just entered inside, Yan Yue's palm is to wave.

"Roar!"

Then with a roar, a seven level demon of Immortal King rushed towards Wang Fan.

This big demon not only has the evil spirit, but also has the evil spirit.

Its huge pupils are green, and its tongue is like a poisonous snake spitting out a message. It is obvious that it has been hungry for a long time.

Wang Fan looked at this scene, very big head.

But he had no choice but to meet the monster.

With Wang Fan's current strength, it's not very difficult to kill this monster. It's easy to kill both the eight types of sword and the killing short gun.

But he didn't do that, because if he did that, it would not play the role of experience.

Now that he has come in, he doesn't want to come back in vain.

Wang fan is a direct choice of the body hard shake.

Outside, Yan Yue looked at the scene and nodded with satisfaction.

Wang Fan's choice made her very satisfied.

If Wang Fan dares to use the most powerful killing moves, she will certainly directly release stronger monsters, or even release several in a row, which will make Wang Fan suffer a lot.

You know, looking for these monsters also wastes a lot of energy and time.

While Wang fan is playing games with monsters, Ling Xuan is waiting for Xu renbai's return.

However, he had been waiting for a whole day without waiting for Xu renbai.

This makes lingxuan have a bad feeling.

According to the normal situation, Xu renbai's pursuit of Wang fan should be guaranteed, and he should have returned long ago.

Now, however, Xu renbai has never come back.

Is there something wrong?

Ling Xuan is very reluctant to believe this fact.

After all, Wang Fan only has two levels of cultivation, and as far as he knows, there are no powerful monsters in this mountain range.

In this case, how could Xu renbai have an accident?

However, Xu renbai has not returned yet. Why?

Lingxuan has no answer.

He did not continue to wait, and did not go deep to find Wang Fan and Xu renbai. Instead, he flashed back to the lookout cloud palace.

In any case, we should give priority to improving our strength, otherwise, everything is false.

As time went by, a month passed quickly.

This month, Wang Fan has been suffering from inhuman hardships.

He fought with the beast in the flesh and shook it in the flesh.

At this time, he had a fierce evil spirit on his body.

His opponent, also already from the original fairy King seven layer big demon, became the fairy King nine layer big demon.

Of course, I have to say that this method is also very good for Wang Fan.

At least his physical and mental strength has improved a lot again.

His spiritual power has been stretched out for 500 Li since it could not be exerted at the beginning.

We can imagine the extent of the increase.

As for the flesh, let alone the strong ones, as the saying goes.

In addition, under the stimulation of countless times of life and death, his potential was once again stimulated, and his cultivation was even loosened, reaching the third level of the Immortal King.

Now, as long as he calms down to practice, he will be able to step on the third level of the fairy king.

Wang Fan was also very surprised.

You know, under normal circumstances, this is simply impossible.

After all, his cultivation needs huge cultivation resources, and here, without the assistance of cultivation resources, it's just a simple physical struggle. How can his cultivation loose.

But now, this scene happened in front of him.

According to Wang Fan's estimation, it should be that he took a lot of pills, but those pills have not been fully refined.

"Boom!"

It's a loud noise again. Wang Fan seizes the opportunity to kill the big demon with a straight fist.

Bang, the big demon's head split in an instant, and the huge body fell down.

But Wang fan is not relaxed, but a flash of body, then to the distance, and then quickly grabbed a pill, began to recover consumption.

This series of actions, has been extremely familiar, flowing.

Obviously, he's used to it.

However, just as she was waiting for the next monster to arrive, the prohibition was suddenly opened, and then came Yan Yue's cold voice.

"Well, this training is here first. Let's go back."

Wang Fan rubbed his disordered hair, walked out of the ban and said in doubt, "go back? No more

This product is addicted to refining. Yan Yue gave Wang Fan a rare white look and said, "the experience here is useless for you. You go back to seclusion for a period of time. When you break through to the third floor of the Immortal King, I'll take you to the Immortal King list."

Yan Yue is very direct, without the slightest roundabout.

Obviously, she has seen that Wang Fan's strength has reached the breakthrough point of the spirit world.

"Good." Wang Fan nodded, inexplicably moved.

Although Yan Yue is cold, she seems to be really good to him.

There was no nonsense. They left and went back to the Moon Palace.

Of course, they separated before they reached the Moon Palace.

"Look, that's Wang Fan."

"Wang Fan? How is he still alive? "

"Since he is still alive, elder martial brother Xu renbai, I'm afraid it's more evil than good."

As soon as Wang Fan entered Wangyun palace, many Heisha disciples knew about it.

They couldn't help talking in a startled voice.

A month ago, Wang Fan left Wangyun palace, and twelve disciples of Heisha sect, including Ling Xuan and Xu renbai, went to hunt him down.

But in the end, only Ling Xuan came back.

This incident caused the shock of several disciples of Heisha sect.

After all, Shaoyang and his party are only monks of Xianwang. It's nothing at all when they are looking at the Moon Palace.

Xu renbai, it's immortal.

An immortal, he died like this.

How can they not be surprised?

At that time, someone asked about lingxuan, but lingxuan's answer was that ten Shaoyang people were killed by Wang Fan, while Xu renbai went after Wang Fan. After that, there was no more news.

As for whether Xu renbai is dead or alive, and whether Wang fan is dead or alive, the answer given by Ling Xuan is that he doesn't know.

Originally, Wang Fan and Xu renbai didn't return for a month. The former disciples of the Heisha sect thought that Xu renbai should have suffered an accident after he killed Wang Fan.

But now, Wang Fan has come back with a swagger. What do you mean?

Does it mean that Wang Fan killed Xu renbai?

It's a little weird, isn't it?

Wang Fan didn't know what the disciples of Heisha sect thought, and he didn't care about their attitude, so he went directly to his residence.

In fact, he was also very unjust, because he only killed seven people, such as Shaoyang, but the other three ran away, so he didn't kill them at all.

Just, don't say that he didn't know what the disciples of Heisha sect thought. Even if it was worth it, he didn't bother to explain.

Anyway, they are all mortal enemies. Is there any difference between killing three more people and killing three less people?

Inner gate disciple area.

In a courtyard.

Lingxuan again received the news, Wang Fan came back, swaggered back.

Hearing the news, he couldn't help but stand up.

Chapter 3414

"Wang Fan, I didn't expect that you were still alive. But even if you are still alive, you are doomed to die today. "

Lingxuan eyes in the emergence of a touch of extreme cold, and then grab a communication bead, sent a message.

Almost at the moment when lingxuan sent a message, another grand courtyard, a young man who was practicing with his eyes closed, opened his eyes.

A strong smell suddenly appeared on him, and then a series of messages were sent out.

Not long after his message was sent out, five figures appeared in his courtyard.

They all wore the clothes of Wangyun palace disciples, but they were different from those of ordinary inner disciples.

On their clothes, there is a big word "Fa".

This kind of clothes can only be worn by members of the law enforcement hall.

Obviously, these people belong to the law enforcement Hall of Wangyun palace.

In Wangyun palace, there are two law enforcement halls, the outer law enforcement hall and the inner law enforcement hall.

The outer law enforcement hall is in charge of the affairs of the outer gate, while the inner law enforcement hall is in charge of the affairs of the inner gate.

The law enforcement Hall of the outer gate can only manage the outer gate, but can't interfere with the inner gate.

But the inner law enforcement hall can interfere with the outer.

Of course, people in the inner law enforcement hall generally don't care about the outer disciples. Unless it involves members of their inner law enforcement hall.

Unfortunately, Xu renbai is a member of the inner gate law enforcement hall.

As a matter of fact, although Xu renbai is a member of the inner gate law enforcement hall, because he

died outside the clan, the inner gate law enforcement hall will not take care of such matters.

But Wang Fan came back alive, plus the operation of lingxuan and other Heisha disciples, this is not the same.

"Brother Tengshan, what happened?"

"You are in a hurry to call us here. Did someone kill the inner disciple?"

When the young people came here, they asked the young people one after another.

This young man is named Tengshan. He has two levels of cultivation of immortal and reverence. He is very powerful.

Even in the inner law enforcement hall, it has a certain position.

Tengshan took a look at the young people and said coldly, "a month ago, Xu renbai and Wang Fan left Wangyun palace one after another."

"Before they entered Wangyun palace, they were divided into two forces, Heisha and Haotian, and the two forces were feuds."

"Today, Wang Fan came back, but Xu renbai didn't come back, so I suspect that Xu renbai was killed by Wang Fan."

"Let's go. We'll leave immediately and go to the outer disciple area to get some people."

Teng Shan's voice was very cold, and when he spoke, he was full of strong killing breath

he didn't mention that Wang Fan was chased by Xu Ren in vain, let alone that the ten immortals of Heisha sect were chasing Wang Fan, so he directly ordered to take people.

The young people couldn't help looking at each other when they heard this.

In an instant, they understood that elder martial brother Tengshan wanted to find an excuse to kill Wang Fan.

After all, is it funny that the Immortal King killed the strong one? It's impossible.

Of course, although they feel that this reason is ridiculous, they dare not refute it at all. They can only nod their heads and take orders, "yes!"

With the sound, Tengshan suddenly soared into the air and flew directly to the outer door area.

The young men followed closely.

When they set out for Wang Fan's residence, the people in the outer gate disciple area and the outer gate law enforcement hall also moved.

Their reason is more sufficient, Wang Fan killed Shaoyang and others, this is not doubt, but there is hard evidence, lingxuan is the witness.

The inner law enforcement hall and the outer law enforcement hall set out at the same time, which immediately caused a strong sensation in the inner and outer disciple area.

You know, under normal circumstances, people in the law enforcement hall will not go out at all unless they make a big mistake.

Now, people from the two law enforcement halls are out at the same time. What happened?

For a moment, Wangyun palace was shocked, especially when the disciples saw that the people of the two law enforcement halls had gone to the same area, and that area was still the residence area of the new disciples, they were all dumbfounded.

Who is the disciple who startled the people of the two law enforcement halls?

It seems that the disciple is going to be miserable. It's not a good thing to be targeted by the law enforcement hall.

As soon as Wang Fan came back to his residence, before he came to practice, his spiritual power was already aware, and more than ten monks ran towards him.

These ten disciples are divided into two groups, one is the outer disciple, the other is the inner disciple. Among them, there are even several xianzun and one xianzun.

Wang Fan was aware of this scene, and he couldn't help clapping.

His first reaction was that these people were sought by Heisha men.

Because he's new here, he never offended anyone.

However, in order to move Wang Fan, Heisha asked xianzun to move. It's really a big hand.

Wang Fan dare not neglect, quickly grab out the communication group, sent a message to Yan Yue. If the opponent is only a person at the level of Immortal King, he may still have the strength of the first World War, but immortal Zun, this is really not what he can deal with.

He had to have the cheek to ask for help.

Wang Fan just sent out a message, and the ten monks came here.

One of the friars of the outer law enforcement hall took the lead and said, "Wang Fan, someone is trying to kill you with his own eyes. Come with me."

This person's words are very direct, very overbearing, there is no room to turn around.

As soon as his words fell, before Wang Fan could speak, Tengshan on the other side frowned, "did he kill others?"

"I've met elder martial brother Tengshan and all of you." The member of the outer law enforcement hall quickly bowed himself to salute, "well, Shaoyang, my outer disciple, and his party went out to experience and was killed by him. Someone witnessed it."

"So." Teng Shan nodded, then looked at Wang Fan, "so you killed my inner disciple Xu renbai?"

"Originally, you are only the second floor of the Immortal King. I don't think you can kill Xu renbai on the first floor of the Immortal King, but you have killed so many ninth floor of the Immortal King. If you use despicable means to kill Xu renbai, it doesn't seem to be a big problem."

"Wang Fan, come with me."

Teng Shan said and looked at the member of the outer law enforcement hall, "this man is suspected of killing the member of our inner law enforcement hall. I want to take him away. Is there any problem?"

"No, No." The member of the outer law enforcement hall, of course, did not dare to say that there was a problem. In fact, they came here just for a walk and gave Tengshan more reasons to take Wang Fan away.

Not far away, those disciples outside the gate changed their faces when they heard these words. They were extremely shocked.

What did they say, the second level of the Immortal King killed several immortal kings and the Ninth level of the Immortal King, and killed an immortal?

It's incredible.

Many people began to shock Wang Fan's strength. Of course, some people didn't believe it, but they didn't dare to say it.

As soon as Wang Fan listened to their conversation, he knew that they were playing the double reed.

He sneered in his heart, but on the surface he said, "who are you and why should I go with you?"

"What's more, if you say I killed my classmates, then I killed them? With so many martial brothers watching, you have to at least come up with evidence? "

When Wang Fan first came here, he didn't know there was a law enforcement hall in Wangyun palace. Even if Tengshan just mentioned it, he didn't hear it.

Now for Wang Fan, the most important thing is time. He has to delay time until Yanyue comes as far as possible.

Of course, whether Yan Yue will come or not, he doesn't know. In short, it's definitely right to delay.

Chapter 3415

As Wang Fan's words fell, not only Tengshan's face changed, but also those of the surrounding disciples.

Wang fan is really brave enough to challenge members of the law enforcement hall here.

You know, it's a member of the law enforcement hall. If you dare to provoke, there will be no good end.

Although Wang Fan's words are very reasonable, he is only an outside disciple after all. It can be said that if he dares to provoke the law enforcement hall, he will surely die.

"How dare you

Sure enough, Tengshan's face became gloomy after a short silence.

WOW!

He released the spirit of the immortal and the strong, and directly oppressed Wang Fan. He said coldly,

"so you don't want to go with me? Are you going to challenge the authority of my law enforcement hall?"

Tengshan sound like thunder, in this void vibration.

How dare Wang Fan refute him? This is already challenging the authority of the law enforcement hall.

This kind of thing is absolutely not allowed to happen.

This is the red line!

You know, there are many inner and outer disciples around. If Wang Fan sets a precedent today, how can they convince the public in the future? Who will be in awe of the law enforcement hall in the future?

Teng Shan's immortal power fell on Wang Fan. Even Wang Fan felt great pressure.

But he didn't flinch, instead, he said coldly, "no, I'm just a disciple. How can I challenge your law enforcement hall?"

"But don't you pay attention to evidence when you are in charge of law enforcement? Is it possible for you to slander your disciples, surrender your sins and take people away at will when you enforce the law? "

"The law enforcement hall is the blade of Wangyun palace. As a disciple of Wangyun palace, I feel awed. However, the members of your law enforcement hall convicted me and took me away with just one sentence. Is that unreasonable and overbearing? "

"I, Wang Fan, don't agree!"

Wang fan is also very stubborn, the firm voice slowly from the mouth, clear fall in everyone's ears.

Although he was under the influence of Tengshan, the second level immortal, his body was still upright.

What hasn't happened to Wang Fan since his cultivation?

He was sure that if he followed Tengshan today, he would never come back alive.

These people were invited by the disciples of Heisha sect. They were in collusion.

"It seems that you are determined to resist my law enforcement hall. In that case, I don't think it's necessary to take you away. Let's kill you directly."

Tengshan's voice was cold, and what he said made everyone's hair stand up.

Under normal circumstances, in the face of Wang Fan's questioning, he should try to produce evidence or find witnesses.

But now, Teng Shan has no such idea at all. Instead, he plans to kill him.

Obviously, he was deceiving Wang Fan, a disciple of the outside world.

He's cheating Wang Fan. There's no backstage.

"Ha ha."

As soon as Tengshan's words fell, Wang Fan couldn't help laughing wildly.

He pointed to Teng Shan's nose and said sarcastically, "it's a great honor for you to kill the members of the law enforcement hall."

"As a member of the law enforcement hall, you are inferior to pigs and dogs in bullying the disciples of the sect. You are discrediting the law enforcement hall. You are humiliating Wangyun palace! "

Now that he had completely torn his face, Wang Fan naturally no longer had any scruples. He directly asked, "dog thing, just tell me. How many benefits did the Heisha sect give you, so that you are willing to be their dog?"

"Just one Heisha sect, can it already rule Wangyun palace? How can you be so overbearing? "

"Don't deceive my haotianmen disciples. Now I'd like to ask the members of the law enforcement hall to deal with me. I'm just a fairy king."

"Wang Fan, though dead, is still proud. Ha ha."

"You, do it, old dog!"

Wang Fan's voice can be described as unbridled, just like the sound of thunder in general, directly exploded in a large area of the outer door area.

In a flash, countless disciples stopped and didn't know what happened.

As for the onlookers around Wang Fan, they were completely stunned.

Wang fan is so brave. He really dares to say anything.

You know, his words, but directly pushed the Black Ghost door to the top of the storm.

If the elder is dissatisfied, it will be a disaster for the disciples of Heisha sect.

His words kill his heart.

"You want to die!"

Tengshan is also ugly, the whole person in an instant.

Boom!

With a loud noise, his momentum was released violently, and the resplendent immortal sources rushed out of his body. Then, he punched Wang Fan.

Tengshan's fist, however, contains the fist of xianzun Daowei, which is not comparable to that of

ordinary people.

As a monk of the second level of xianzun, Wang Fan was just a monk of the second level of Xianwang, so he couldn't stop him. Don't say it's blocked, even if there's no time to react.

This is not only the real gap of cultivation level, but also the gap across the big realm.

If Wang Fanxiu wants to reach the peak of the Immortal King, he may be able to evade or fight back, but now, he really can't do it.

Whoosh!

However, just when Wang Fan was desperate to die, a white figure suddenly flashed by, and then a slender palm met Tengshan's fist.

Bang!

Two sounds, white shadow and Tengshan retreat at the same time.

After people around reacted, they found that there was one more woman between Wang Fan and Tengshan.

This woman's appearance is not superb, but her figure is extremely enchanting. She is dressed in white, and her pretty face is full of charming smile.

"Elder martial brother Teng, you are a strong man in the second level of xianzun. Now you are bullying a little younger martial brother. It's too much."

The woman looked at Tengshan with a smile, even her voice was crisp.

Tengshan was stunned.

Wang Fan was stunned.

The surrounding disciples were also stunned.

What happened to this goblin?

Teng Shan's face was a little ugly. He looked at the charming woman coldly. "Yuemei'er, what's the matter with you? Do you want to fight against our law enforcement hall and stand out for him?"

Tengshan was also a little depressed when he was talking.

Isn't it true that Wang fan doesn't have backstage? What's the matter with this month's charm?

You know, although this woman's cultivation is the same as him, she is definitely not what he can provoke.

His background is more terrible than his.

It can be said that unless the law enforcement hall really mastered the hard evidence that yuemeier had touched the rules, he would never dare to move yuemeier.

Only such rootless duckweed as Wang Fan would be humiliated like this.

"Cluck." The month evil spirit son hears this words, but is to giggle straight to smile, "with the law enforcement hall make a fight?"? Tengshan, don't put gold on your face. Can you represent the law enforcement hall? "

She said, smiling and looking at Wang Fan, "I think this younger martial brother is very good. I like him very much, so I'm in charge of his business. Do you have any opinions?"

"If you want to take him away, you can take out the evidence. If there is no evidence, you are bullying others. Don't blame me for going to the law enforcement hall to sue you."

The month charm son is just a few words, then make Teng Shan facial expression iron blue rise.

It's a big deal!

If the case is brought to the law enforcement hall, he will have to pay for it.

He wants to show evidence, but where can he show it?

Now, even Tengshan has some secret hatred for Wang Fan's good luck.

"I have evidence. I saw with my own eyes that he killed ten people in Shaoyang."

However, at this time, a voice suddenly came out, and then a young man came out.

Chapter 3416

Shua Shua!

With this young man's voice, in an instant, almost all the disciples' eyes fell on him.

Heisha sect disciple, lingxuan!

For many of his disciples, especially those of the same group as Wang Fan, Ling Xuan was very familiar with them.

After all, in the beginning, looking at all the intermediate state Tianjiao, only Ling Xuan passed the examination and directly entered the core.

Of course, Ling Xuan's name is only relative to Wang Fan's disciples who entered Wangyun palace.

For others, Ling Xuan is still a stranger.

He's just a newcomer. He hasn't made any achievements in the war, let alone the performance of Chinese people. So naturally, few people know him.

Ling Xuan this suddenly appears, immediately make the face of month evil spirit son some ugliness.

Because she did not expect that on the way, she would suddenly kill such a Chen Yaojin.

However, the unnatural on the face of Yue mei'er was just a moment, and then disappeared without a trace.

Even if lingxuan really has evidence, so what? Anyway, it can't affect her yuemeier. At most, it's just that she can't keep Wang Fan. It's just a shame.

And she only helped Wang Fan because she was entrusted by others.

Wang Fan's vision also falls abruptly on Ling Xuan's body, the corner of the mouth emerges a touch of scorn.

He doesn't believe it at all. Lingxuan has evidence in his hand.

After all, when he killed Shaoyang and others at that time, he arranged the array, so it was impossible for lingxuan to record the video.

Teng Shan is facial expression a joy, then immediately then looked to Ling Xuan, "do you have evidence?"

"Yes

Lingxuan nods, and then he grabs a thing, which is a crystal ball.

The crystal ball opened and a scene appeared on it.

It's a deep mountain area, but it's full of ravines. It's obvious that it has experienced a great war.

On the ground, there are several bloody bodies. Under one of the bodies, there are two words Wang Fan.

Seeing this scene, Wang Fan couldn't help but be stunned.

Is that evidence?

He even wondered whether Ling Xuan had grown up eating excrement, and how dare this kind of thing be taken as evidence? But it's hard for this guy to think of such a way to frame Wang Fan.

After catching the crystal ball, Lingxuan also showed a sad look and said, "a month ago, I made an appointment with my younger martial brothers to go out for training."

"Because of my delay, I didn't start with my younger martial brothers. I saw with my own eyes that Wang Fan killed my ten younger martial brothers and then ran away. "

"I hate it. I hate that I'm too late to save all my younger martial brothers. We can only watch him escape. "

"I recorded the crystal ball. The handwriting on the ground was left by one of my younger martial brothers before he died."

Lingxuan's expression is lifelike. I have to say that her acting is very good.

But for Wang Fan, who was born in the secular world, his acting skills were a bit clumsy, even disgusting and full of flaws.

Tengshan can't help laughing when he hears Ling Xuan's words. Then he looks more gloomy and looks at Wang Fan, "now there are human and material evidences. What else do you have to say?"

He looked at yuemeier again, "yuemeier, now, are you going to cover him up? What else do you have to say? "

Yue mei'er doesn't speak, but looks at Wang Fan.

They may be highly cultivated and have experienced countless things. They are cruel and ruthless, killing people without blinking an eye.

However, they are not good at these tricks at all.

In their eyes, what Ling Xuan took out is indeed evidence, and it's still hard evidence.

"Thank you for your help. Wang fan is very grateful. If the king does not die today, he will be rewarded in another day. "

Wang Fan stepped forward slowly. First, he said thank you to yuemei'er, then he looked at Tengshan

and lingxuan, "evidence? Is that evidence? Do you think people here are idiots? "

Tengshan heard Wang Fan's words, angry, the atmosphere of fury once again can not help but crazy bloom, bullying Wang Fan.

Lingxuan's face is also extremely gloomy. He looks at Wang Fan coldly, "isn't this evidence? Do you still want to quibble about the existence of human evidence and material evidence? "

Wang Fan laughed, "Oh, right? Let me ask you, was lingxuan a disciple of Heisha sect before he entered Wangyun palace

"Yes Lingxuan frowned, but still nodded. After all, he could not deny this kind of thing.

"Let me ask you again, does the crystal image you recorded show me killing ten of them?" Wang Fan asked again.

"No, but I saw it with my own eyes, and my younger martial brother also left his handwriting, saying it's what you call it." Ling Xuan angry way.

Wang Fan sneered, "you saw me kill your younger martial brother with your own eyes. Why didn't you record the picture?"

"In addition, you said that you saw me kill ten of your younger martial brothers. How did I kill them, what means did I use, and what weapons and martial arts did I use?" "I'm the second fairy king. All of them are the ninth fairy king. How did I kill them?"

Wang Fan asked several times, but Ling Xuan was speechless. He didn't know what to answer.

Because he didn't see it at all.

People see Ling Xuan silent, immediately aware of the cat, feel some abnormal.

Yes, the second level of the Immortal King. How did you kill the Ninth level of the Immortal King, one or ten? Since Ling Xuan has already said that he saw it with his own eyes, why can't he answer now.

"Why, I can't tell?" Wang Fan was very cold with a smile. "It doesn't matter if you can't say it. I'll ask you again. As far as I know, there are no resources, no relics, and no monsters in that mountain range. Why do you go there to try?"

As soon as this remark came out, it immediately reminded everyone around.

Yes ah, that place birds do not shit, generally no one in the past, lingxuan and others go there to try what?

There's obviously something wrong!

Lingxuan is pale, simply can't answer.

Teng Shan's face is also a little ugly, "Wang Fan, the evidence is as strong as a mountain, do you still want to sophistry, escape the blame?"

"Hard evidence, sophistry, escape the blame?" Wang Fan looked at Tengshan with a smile, "just with his one-sided words from lingxuan, are you going to convict me? Such ridiculous evidence is also called hard evidence? "

"If I say that he killed his younger martial brother, then wrote on the ground and bit me back, what would you do?"

A rhetorical question, Tengshan do not know how to answer, can only shout, "a bunch of nonsense, how can he kill his younger martial brother?"

"Ha ha." Wang Fan's smile is more presumptuous, "that according to your meaning, his one-sided statement is irrefutable, my one-sided statement is a bunch of nonsense, ridiculous?"

"Not to mention that he is a disciple of Heisha sect, he is not qualified to be a witness at all. Even if he is qualified to be a witness, his evidence is not evidence at all."

"I'm still saying that, how much benefit did Heisha gate give you to make your law enforcement hall immortal willing to be a dog?"

"I'm too lazy to talk nonsense. If you dog want to do it, come on. I'll follow Wang Fan."

Wang Fan's voice fell, and all the people around him were shocked.

Tengshan's face was even more livid.

If not for yuemeier, he really wants to go up and slap Wang Fan to death.

As a strong man in the second level of xianzun, he was insulted one by one by Wang Fan in public.

"Elder martial sister Yue, this is the crystal ball that someone asked me to send. Have a look." However, at this time, a message suddenly came to the mouth of the moon, and then a crystal ball flew towards him.

The month evil spirit son once took a look, the facial expression suddenly becomes strange.

Chapter 3417

Everyone's eyes fall on yuemeier. They all want to know what the crystal ball is.

Yue mei'er didn't catch everyone's appetite. She chuckled and threw the crystal ball into the air.

In a flash, a picture appeared on the crystal ball.

It's the same mountain as before, but the impression is different.

In the crystal image, a young man in white stands up in the void with outstanding temperament and extremely gloomy face.

And this person, we are not unfamiliar, because we have just seen, and now also here, is the Black Ghost door lingxuan.

Opposite lingxuan, there are three young people. Some of them know each other, but some don't.

But the people who know them know that they are also members of the Heisha sect, and they are also the same group of disciples who entered Wangyun palace with lingxuan. They are lingxuan's younger martial brother.

But now, on the crystal image, there is an incredible scene happening.

Ling Xuan, he unexpectedly toward those three people shot.

Without any precaution, just one blow, the three men had all been killed and turned into blood fog.

This scene, not only around the disciples were stunned.

Even Ling Xuan himself was stunned.

He didn't think that he killed the three escaped guys, and they were seen and recorded.

Back to God, he almost subconsciously roared, "no, it's not true, someone must be framing me."

Not only that, when talking, lingxuan has been flying in the air, grabbing the crystal ball.

He's going to destroy it.

This thing is too lethal.

Once the fact that he killed his fellow disciples in lingxuan is confirmed, let alone Wangyun palace law enforcement hall will not let him go, even the disciples of Heisha sect will be hostile to him.

Just, the Ling Xuan under the surprised anger is to forget, the crystal ball is from who hand take out.

That's the charm of the moon.

The strong one in the second level of xianzun.

No matter how talented Ling Xuan is, no matter how powerful his fighting power is, he's only nine layers old. It's no doubt a fool's dream that he wants to destroy the crystal ball in front of Yue Meier.

"Presumptuous." The month charm son sees Ling Xuan unexpectedly want to destroy crystal ball, almost all angry smile.

She angrily reprimands, the immortal respect domain releases, oppresses on Ling Xuan, then slaps Ling Xuan to shoot out.

"Bang!"

"Ah

Ling Xuan issued a scream, such as the dog fell to the ground.

He stares at Yue mei'er like a madman, "why, why did you set me up. Why on earth do I have nothing to do with you? Is it because of Wang Fan? "

He screamed bitterly, not daring to admit it.

Once admitted, this kind of thing is absolutely fatal to him.

"Set you up?"

Yue mei'er laughed and said, "what are you? Do you think if I deal with you, I need to frame you like this? You think too much of yourself. "

All the people around also look at lingxuan, and many people have deep disgust in their eyes.

The lowest players on the scene are all experts at the level of fairy king. Can't you tell the truth of the crystal ball?

This crystal image is absolutely true. It's not a forgery at all.

Wang Fan was also a little stunned. After he recovered, he laughed, "lingxuan, you are really a good means. You even used your brother's life to fight against Wang Fan. I admire you, I admire you."

Wang Fan said, and looked at the people of the law enforcement hall, "everyone, you are not the people of the law enforcement hall. What are you doing now? Don't you hurry to arrest people?"

The people in the law enforcement hall turned black when they heard Wang Fan's words.

This is NIMA.

They came to catch Wang Fan, but now they want to catch Ling Xuan. What's the matter.

As for the other people of Heisha sect, they also look incredible.

They were both oppressed and angry.

Even if you moved the law enforcement hall, you didn't move Wang Fan, a little outside disciple.

They are angry, did not expect that Ling Xuan should be so ruthless, in order to deal with Wang Fan, even at the same door.

This behavior is simply too bad.

Who dares to get too close to him?

Lingxuan's face is also extremely pale, for a time only feel the whirl.

He knew that he was finished. He was absolutely finished.

He's angry!

He hates it!

He is not reconciled!

Originally, he came here to deal with Wang Fan, but he didn't expect to catch up with him.

"Go ahead and kill Wang Fan."

However, at the moment of lingxuan's despair, a subtle voice suddenly came into lingxuan's ears.

This is Chuanyin. It's the Chuanyin of a disciple of Heisha sect. Lingxuan heard the sound, first a Leng, then instantly back to God.

There was a deep resentment and ferocity in his eyes. Then he suddenly rose up and killed Wang Fan.

The bright Xianyuan comes out through the body, and the violent realm of Xianwang spreads out. At this moment, lingxuan is like a God, and the speed is extremely fast.

This sudden scene was not expected by those disciples around.

Even in Wang Fan's side, yuemeier is a little stunned.

Of course, as a strong immortal, Yue mei'er was just in a daze, and then returned to God.

And then you have to do it.

As a strong immortal and beside Wang Fan, she has enough time to respond.

It's just that yuemeier hasn't had time to start yet.

Boom!

A crack like sound, followed by Wang Fan in her side, just like a shell killed out.

Wang Fan has long been on guard against lingxuan, so at the moment when lingxuan moves, he makes a response.

Wang Fan's left hand, there is a knife, knife light bright, contains endless knife power.

He danced his left hand and cut it out.

Boom.

With the explosion, the endless sword just like a river, directly toward lingxuan.

At the same time, in Wang Fan's right hand, a sword has appeared. The long sword in his hand dances and starts the crazy gathering.

He has long seen this Ling Xuan unhappy, Ling Xuan want to kill him, he naturally also want to kill Ling Xuan.

Lingxuan didn't expect that Wang fan made a timely response.

But it doesn't matter.

In the face of the thousands of knives coming from the shop, the immortal yuan in his body surges and blows out.

Break ten thousand methods with one force!

Not counting the sound of the explosion, under his iron fist, the endless sword awn completely collapsed.

Even if the knife is full of meaning and terrible, it can't stop Ling Xuan's fist.

Although this Ling Xuan is not very good, his talent and strength are really strong. He can be called a monster.

Otherwise, he would not have been admitted to Wangyun palace and become an inner disciple.

Looking at this scene, people tremble. They not only shock Ling Xuan's strength, but also shock Wang Fan's reaction.

"Wang Fan, die, today, I will kill you!" Ling Xuan roared, without the slightest pause, and killed Wang Fan at a very fast speed.

Teng Shan, a disciple of the law enforcement hall, as a powerful immortal, had a chance to stop him.

But he did not stop, but just quietly watching, as if he had acquiesced in all this.

Chapter 3418

Wang Fan humiliated him like that before, and his heart was naturally unhappy. He naturally didn't mind killing Wang Fan with the help of lingxuan's hand.

As for Yue mei'er, although she could stop her, she didn't start when she saw Wang Fan's initiative.

She also wanted to know Wang Fan's strength. She also wanted to know why she was asked to help Wang Fan, who was just an outside disciple and a fairy king.

That's right. The reason why yuemeier comes forward and helps Wang fan is because of her younger martial sister.

Otherwise, it is impossible for her to help Wang Fan, let alone come here.

With her accomplishments, she didn't care about such things among the disciples outside.

Although Yue mei'er seems to be smiling, she seems to be easy to deal with. In fact, she's a ruthless female devil. It's hard for ordinary people to get into her eyes.

Over there.

Lingxuan has approached Wang Fan, and grabs a golden halberd to strike Wang Fan.

However, Wang Fan was not afraid at all and directly performed the first move of Shenjian.

The bright sword collides with lingxuan's halberd, which makes a huge noise. Lingxuan, who was

powerful and overbearing before, was forced to retreat.

Of course, it's just pushing back. With the first move of Shenjian, it can't hurt lingxuan.

Wang Fan ignores Ling Xuan. He knows in his heart that he can't kill Ling Xuan in the first move of his magic sword.

After all, when he killed Shaoyang that day, he used four styles, not to mention lingxuan.

Lingxuan is much stronger than Shaoyang.

Although Wang Fan didn't hurt lingxuan, this scene was enough to make people tremble.

The second level of Xianwang is able to compete with the Ninth level of Xianwang, and it is also the top nine level of Xianwang.

At this moment, it has been vaguely believed that Wang Fan has the strength to kill Shaoyang and others.

Lingxuan is also very angry, he did not kill Wang Fan, this is a great shame.

He drank and continued to kill Wang Fan.

At the same time, the energy of earth elements gathered around him, forming huge meteorites.

Those meteorites sent out a terrible power, under his duress, crazy toward Wang Fan, seems to want to bury Wang Fan.

Wang Fan's face didn't startle Gu Bo. He didn't care about those meteorites at all.

On the one hand, he madly condensed the second move of Shenjian, and on the other hand, he used his mental power to control the energy of the earth elements around him.

Then, a scene that made people dull appeared.

I saw that the terrible meteorite storm, when it was about to come to Wang Fan's body, was strangely dissipated.

They are directly decomposed into soil elements and energy dissipates.

Watching this scene, countless people were shocked.

It's the gift of a good monster.

Just this hand alone has proved that Wang Fan's control and understanding of the energy of earth elements is definitely countless times higher than Ling Xuan's.

Lingxuan's face is more gloomy.

It's a shame.

Wang Fan didn't give him another mobile phone meeting at all. The second style of Shenjian has been cut off.

Next, there is the third, fourth and fifth form of Shenjian.

Finally, after the fifth style of Shenjian fell, the bright Shenjian directly split on lingxuan.

Ling Xuan spouted a mouthful of blood from his mouth and was blown to the ground.

He was bloody, pale, and seriously injured.

Looking at this scene, the vast void, a dead silence.

One of the outer disciples defeated the inner one.

A fairy King Level 2 defeated the fairy King level 9.

No one would believe such a thing if they had not seen it with their own eyes.

Especially those who are the same disciples as Wang Fan, they can't be calm for a long time.

They thought Ling Xuan was the first pride of their term.

But now it seems that Wang fan is.

All the people's faces that look at Wang Fan have changed and become extremely respectful.

Whether they are inner disciples or outer disciples.

With such talent and strength, Wang fan is absolutely qualified to enter the inner door, even the core.

The strong are respected wherever they go.

"Wang Fan, you are really a cruel means. In front of us, you are so cruel. Do you really think we don't exist? "

Tengshan secretly scolds lingxuan as a waste and jumps out again.

Wang Fan speechless looking at Tengshan, it is too lazy to continue nonsense.

he has no way to make complaints about it.

make complaints about this shameless little person, because he has no meaning at all.

"Teng Shan, that's enough."

A shout of rage rang out from the crowd, and then a man came in.

This person looks ordinary, but the breath is extremely cold. Standing there, he was like a mountain, which made people gasp.

"Elder martial brother of inner gate law enforcement hall, Yin Guiyi!"

"My God, why did he come?"

"It's just outside affairs. How can it disturb him?"

With the appearance of this person, those disciples around suddenly changed their faces.

Even the moon charm, who has been laughing all the time, has a dignified look on her pretty face.

Obviously, she is afraid of this person, even afraid.

Tengshan's face was even whiter, "elder martial brother Yin."

Obviously, he was also extremely afraid of this elder martial brother Yin, and he did not expect others to come.

Yin Guiyi, who is very famous in the inner family, has a high prestige. His means are even more ruthless and cruel, and no one is afraid.

"Elder martial brother?" Yin Guiyi takes a cold look at Tengshan and suddenly raises his hand.

Pop!

A slap, it has fallen on the face of Tengshan.

His slap did not contain any great power, nor was it mixed with Xianyuan. It was such a common slap.

If Tengshan wants to avoid it, he can definitely avoid it, but he doesn't dare to.

A slap down, Tengshan face suddenly appeared five palmprint, but he did not dare to move.

"Teng Shan, you rely on the law enforcement hall as a backer, and you act recklessly here. Is it true that the law enforcement hall is the backer of bullying others?"

Yin Guiyi said coldly, slapping Tengshan one by one, and instantly turned Tengshan into a pig's head.

When the disciples around looked at the scene, it was a dead silence.

Teng Shan, that's an immortal, and it's the second floor of immortal. But now, who dares to believe that he is immortal?

"Elder martial brother, I'm sorry." Tengshan's heart is cold and wants to explain.

Yin Guiyi interrupted, "you don't have to explain. You abandon your cultivation. Get out of the law enforcement hall and get out of Wangyun palace."

Teng Shan's swollen red face turned white when he heard this.

What does Yin Guiyi say to abandon his cultivation and get out of Wangyun palace?

He's immortal, isn't he?

Is it just for Wang Fan?

Not only Teng Shan, but also the people around him were stunned.

This is just too cruel.

However, Yin Guiyi was even more upset.

He had been practicing, but Yanyue's female devil suddenly came to his residence, and almost demolished it for him.

Only after Yin Guiyi inquired did he know what happened here.

The female devil has already said that if he can't deal with this matter properly, she will deal with Yin Guiyi first.

Chapter 3419

"Elder martial brother Yin." Tengshan is not calm. He is really not calm.

It is absolutely the most serious punishment for a monk to abolish his cultivation.

If he abandons his cultivation and is thrown out of Wangyun palace, he can guarantee that he will not live for a day.

Over the years, he has offended too many people. Once there is no cultivation, no members of the law enforcement hall, or even no protection from the watchman cloud palace disciples, he will die quickly and miserably.

"Well?" Yin Guiyi saw Tengshan don't start, immediately narrowed his eyes, "how, do you want me to start?"

Although he is smiling, in fact, he is already very impatient and angry.

Other people don't know the power of the female devil's head. Isn't he clear about Yin Guiyi?

If someone gets upset, they really dare to attack him.

Maybe the female devil's strength is not as good as him, and it's not his hands, but, dare he fight back?

The background of the female devil is very big.

Tengshan saw Yin Guiyi's smiling face, and his heart suddenly burst into despair.

He never thought that he would come to this step when dealing with just one outside disciple.

However, it is impossible for him to abandon his cultivation.

Boom!

The momentum of his body suddenly broke out, and Xianyuan in his body ran away in an instant. The next second, the whole person had already soared into the air and frantically fled towards the clan.

This is the outer gate. It's the closest to the exit of zongmen. Since Yin Guiyi doesn't give him a way to live, he will flee.

It's just, can he escape?

It's obviously impossible.

Yin Guiyi looked at Tengshan, who was fleeing away. He didn't even have much change in his expression. It was obvious that he had expected this scene.

He put out his big hand and grabbed straight ahead.

In a flash, a terrible Daowei appeared, and a huge Xianyuan palm appeared in the air.

The next second, it is toward the mountain is rushing to seize the past.

Tengshan didn't even escape far, and the huge palm had already caught him.

Xianzun Daowei was just like a rope, which tied his body tightly, and then made a sudden effort with his big palm.

With a bang, Tengshan's whole body turned into a blood mist.

An immortal died like this.

Tengshan, a disciple of the inner gate, a member of the law enforcement hall and a strong man in the second level of xianzun, was so vulnerable to Yin Guiyi.

Looking at this scene, everyone died.

The eyelids are jumping wildly.

This strength is too terrible for the present disciples.

Even if it was yuemeier, her pretty face was slightly changed. Her body was constantly shaking, and her mood was extremely restless.

"Where are the members of the law enforcement hall?" After killing Tengshan, Yin Guiyi suddenly looks around and Langsheng opens his mouth.

"Yes."

"Yes."

With several voices, in a flash, several young people came out of the crowd and came here directly.

"You are responsible for investigating this matter. All the disciples involved, no matter what their backgrounds are, are punished severely. Do you understand?"

Yin Guiyi said.

"Comply with orders!" The youths bowed their heads and took orders. Then they rushed to the members of the law enforcement Hall who came with Tengshan, Ling Xuan and the disciples of the Black Ghost sect.

"Elder martial brother, spare your life."

"We are wronged."

The disciples turned white when they saw this scene.

But no one paid any attention to what they said.

In an instant, all the people who should have been taken were subdued and then taken away from here.

Looking at this scene, people's hearts tremble and their eyelids jump wildly.

At this time, Yin Guiyi said again, "my law enforcement hall is the sharp sword of the sect. It is used to punish those disciples who do not obey the sect rules. It is not a dirty place."

"Anyone who dares to act recklessly as a member of the law enforcement hall will be severely punished."

As soon as Yin GUI finished talking, he went to Wang Fan. He suddenly laughed and asked, "this younger martial brother, I don't know the result of our law enforcement hall. Are you satisfied?"

Yin Guiyi, who had been ruthless before, went to Wang Fan and asked him with a smile. Everyone who saw this scene was confused.

As a client, Wang fan is also very confused, he can't even help shivering.

You know, previously, Yin Guiyi killed Tengshan and ordered to take so many people with a smile.

Wang Fan quickly stepped back and said, "thank you, elder martial brother. I'm very satisfied."

"Just be satisfied. If I have something else to do, I'll leave first. This is my communication pearl. If someone bullies you in the future, you can summon me."

Yin Guiyi laughs, drops a communication bead, and then flashes away.

Wang fan is Leng Leng holding the communication bead, it is more muddled than.This elder martial brother looks very good.

But think to come, he should be Yan Yue that woman seek to rescue.

But, if Yin Guiyi is Yanyue, who is yuemeier?

Wang Fan didn't think much about it. Instead, he went to yuemei'er and asked directly, "elder martial sister Yuemei, thank you for your help today. If you have a chance in the future, you will definitely get back."

"I just have a question. I don't seem to know elder martial sister Yue. Why does elder martial sister Yue want to help me?"

But yuemeier didn't answer Wang Fan's question. Instead, she stared at Wang Fan carefully for a long time and then asked, "why did Yin Guiyi save you?"

Wang Fan instant face black line, then shook his head, "I do not know ah."

"Are you really an outside disciple? Can't it be the Heirloom or descendant of that big man? Was he thrown outside for training? "

But yuemeier doesn't believe it and continues to break the casserole.

Wang Fan's face was muddled. "Elder martial sister, I've been thinking a lot. I've just started, and I'm still from an intermediate state. How can I be a descendant or a direct descendant of a big man?"

"So it is." Yue mei'er is more confused.

All of a sudden, she looks at Wang Fan with a smile. Her eyes are flowing and her eyes are dark.

"Younger martial brother, my elder sister is really more and more curious about you. When I have a chance, my elder sister will come to play with you."

With that, his figure flashed and disappeared.

Wang fan saw that yuemeier had left and returned to his courtyard.

It's finally over, and he's going to close the door and attack the fairy king.

Once his cultivation breaks through to the third level of the Immortal King, his combat effectiveness will be promoted several levels again.

On the other side, after yuemeier left, she soon came to a courtyard.

This is also the area of the outer disciples, but a woman lives in it.

As soon as Yue mei'er entered, she giggled and said, "younger martial sister, it seems that you are worried in vain. That boy doesn't need our help at all."

With Yue Meier's voice, a woman in a white dress came out of the room with doubts in her eyes,

"he just entered Wangyun palace. There shouldn't be backstage. Who is helping him? Is it difficult for a great man to take a fancy to his talent and have accepted him as his disciple? "

If Wang Fan was here, he would be recognized as Tianjiao, Luo Yan, who had cooperated with him during the examination.

It is because of their joint efforts that so many Heisha disciples were killed in the examination.

Chapter 3420

meanwhile.

In a magnificent ancient hall.

An old man was staring at a disciple.

"You say that Yin Guiyi of the law enforcement hall sent someone to capture Ling Xuan and more than ten disciples of the Heisha sect? For Wang Fan of haotianmen? "

The old man's voice was very low, and his eyes were full of anger and killing.

This man is an inner door elder. Although he is not in a high position in the inner door Presbyterian group, he is a big man.

Of course, his predecessor was a member of the Heisha sect.

There are more than ten elders in Wangyun palace who are similar to him and formerly known as the people of Heisha sect.

It is because of this that the disciples of Heisha sect are so arrogant and can suppress the disciples of Haotian sect.

Otherwise, only with some younger disciples, why do they dare to fight haotianmen's disciples so arrogantly?

Even if haotianmen disciples didn't have backstage, they didn't dare to be so domineering, did they?

"Yes, yes, elder Kuo." The disciple answered quickly.

Generally speaking, the Heisha disciples would not tell the elder about Haotian disciples.

Because there is no need, and these elders will not interfere and care about this matter.

Unless something big happens.

Therefore, the kuchang didn't know what the Heisha disciples were aiming at Wang Fan, and he didn't care at all.

If it wasn't for the big things that happened today, which involved Ling Xuan and the two last disciples who had reached immortal status, he wouldn't disturb elder Ku.

Yin Guiyi has a high prestige in the law enforcement hall and is very efficient.

In such a short time, he had already picked out more than ten Heisha disciples who were involved in Wang Fan's affair, and even two of them were inner disciples of xianzun.

For these people, Yin Guiyi had no mercy at all. He took them down and took them back to the law enforcement hall.

"What's the matter? Why did Yin Guiyi bind that Wang Fan to deal with my Heisha disciple? " Asked dryly.

Those ordinary outside disciples, Kuran didn't care at all.

What he cares about is the two immortal statues and Ling Xuan, who just joined the sect this year.

Needless to say, no matter which sect it is, it is not easy to cultivate an immortal.

Don't visit the disciples of Wangyun palace. There are many strong ones, but you have to think about how many disciples there are.

It's piled up with countless cultivation resources. Not only that, without certain talents, even cultivation resources can't be piled up.

As for Ling Xuan, he was an old friend's disciple of Kuran. Naturally, he wanted to take care of him.

But he didn't expect that all of a sudden, all of a sudden.

"I don't know. I investigated Wang Fan. He has no background. And he is a group of students from the intermediate state with us, belonging to haotianmen. "

"Under normal circumstances, such a small matter should not disturb Yin Guiyi."

The disciple said in doubt, and then told the whole story again.

Kuran listened to these words, his face was even more gloomy, and he couldn't help thinking.

"Well, you go down. I'll think about it."

A moment later, he waved.

He plans to go to the law enforcement hall in person to see if there is room for turning around.

It's just that Yin Guiyi, despite his small seniority, is very difficult to speak. The most important thing is that the other person's backstage is also very big.

If Yin Guiyi holds on to people, he has nothing to do.

However, in Kuran's opinion, under normal circumstances, Yin Guiyi should give him face.

After all, he is an elder and Yin Guiyi is only a disciple.

Except that Wang Fan's backstage is bigger than his Kuran.

...

Wangyun palace.

Now it's completely blown up.

Countless law enforcement hall disciples have been sent out, and in less than half an hour, they have won more than ten disciples.

Among the ten or so disciples, the outer one won't mention it, but the inner one won't give you any chance to resist.

One of the disciples refused to accept and tried to resist. His cultivation was abandoned on the spot. His means were so fierce that it made people feel numb.

More careful people also found that the disciples who were taken down were all members of the Heisha sect.

This makes all the disciples doubt that the people of Heisha sect have offended the law enforcement hall, or someone of Haotian sect has got close to the law enforcement hall?

After all, as long as they have been in the palace for more than a year, they all know the grudge between Heisha and Haotian.

Only those who have witnessed Yin Guiyi's emergence as Wang Fan know that the law enforcement hall did so because of Wang Fan.

But no one knows why Yin Guiyi wants to help Wang Fan. In a word, it was a big stir and caused a sensation in the whole palace.

Law enforcement hall, in a hall.

Yin Guiyi and more than ten disciples are sitting in the hall.

As for the disciples of Heisha sect, they were not here at all, but were directly put into the dungeon.

Since Wangyun palace has such a department as law enforcement hall, naturally there are also dungeons.

As for questioning those disciples or dealing with them, it's not necessary for Yin GUI to do these things by himself.

The reason why Yin Guiyi didn't leave the law enforcement hall was that he knew that someone would come to inquire about the situation and plead.

Maybe those heishamen elders who are in Wangyun palace will come and ask for help.

Yin GUI has seen this kind of thing for a long time.

It's just about the elder. Ordinary disciples can't cope with it, so he can only wait here in person.

"Elder martial brother Yin, what is the identity of Wang Fan? Even you are shocked." At one moment, a member of the law enforcement hall could not help but asked with a smile.

He is really curious, because under normal circumstances, this kind of thing can't disturb Yin Guiyi.

When Yin Guiyi heard this, his eyes were frightened. He glanced at the man and said, "don't ask if you shouldn't ask. Don't you even understand the rules?"

"Yes, yes." When the disciple heard this, he did not dare to ask again.

However, his heart is set off a storm.

Although the fear in Yin Guiyi's eyes just disappeared in a flash.

But as a strong immortal, he carefully stares at Yin Guiyi. How can he not find out?

He was shocked. Who was Wang fan or who was behind him? Why was elder martial brother Yin so afraid?

However, no matter what, we should stay away from Wang Fan in the future and never offend him.

"Elder martial brother Yin, elder Ku is here. I want to see you." At this time, a voice came, and then a member of the law enforcement hall came in quickly.

When Yin Guiyi heard this, he murmured in a low voice that he finally came. Then he waved his hand

and said, "please come quickly."

Then he stood up.

He is Yin Guiyi. No matter how much he is, he is just a junior.

Kuran, however, is an elder. Naturally, there should be some etiquette.

"Ha ha, Yin Xiaoyou, you are all right. It's only a long time since I saw you. Your strength has improved again."

With a hearty laugh, Kuran came in, his face full of hypocritical politeness.
