

Mighty Sk 3431

Chapter 3431

"So far?" Wang Fan laughed, his eyes suddenly burst out of dazzling brilliance, the next moment, his body floated back, waving the sword in his hand again.

A hundred consecutive victories, only the last game left, how can Wang Fan be willing to stop here?

Whether it's OK or not, he will try after all.

"The second move of Shenjian."

The endless power of the road gathers on the long sword, which seems to destroy the heaven and earth.

The fury of the sword was surging, and the bright light of the sword radiated across the whole platform. At that moment, it seemed that there was only one sword left on the whole platform.

The man frowned slightly at this.

He didn't expect that Wang fan should be so persistent, even if he didn't know the difficulties.

He was originally a member of Wudou Pavilion, but he was ordered to come to end Wang Fan's hundred consecutive victories and stop Wang Fan from stepping into the Immortal King list. He didn't want to hurt Wang Fan.

But now, there was anger in his heart.

Since Wang fan is so persistent and determined to fight, he doesn't mind giving Wang Fan a painful lesson.

Although Wang fan can't be killed, it's still no problem to hurt him.

He trampled on the void, his body rocked up, and a real spear appeared in his hand as soon as he grasped it with his right hand.

This spear is not Xianyuan condensation, but a real magic weapon of Xianwang level.

Whoosh.

The spear broke through the air, rippled out ripples, cut through the void, and directly assassinated Wang Fan.

Boom!

With an explosion, the awn of the magic sword surged on the spear, and the awn of the sword smashed again.

But the spear went straight ahead and stabbed Wang Fan's body.

Looking at this scene, the hearts of the people trembled, and they were all in a cold sweat for Wang Fan.

It's not a level fight at all.

The man's spear was invincible.

This time, will Wang Fan be stabbed like last time?

If Wang Fan was stabbed, I'm afraid that he would be seriously injured or even killed directly?

After all, the previous spear was just a phantom spear, which was condensed by Xianyuan and was fake.

But this time, it was a real spear. It was a magic weapon of fairy King level.

The two are not in the same breath.

The second move of Shenjian was destroyed, but Wang Fan's expression didn't change much. It can be said that it was calm and terrible.

He didn't panic, didn't fear, but still in fast retreat, at the same time cut out the sword third style.

The eight forms of Shenjian are stronger than each other, and only when they are used continuously from one to eight can their power multiply.

Therefore, Wang fan can only come with one sword at a time.

This kind of sword skill can be said to be Wang Fan's trump card, but it also has absolute disadvantages.

Because once on, the speed is much faster than Wang Fan, and the strength is much stronger than Wang Fan.

If Wang fan doesn't have time to show his killing moves, he will be directly defeated or even killed.

In the third move of Shenjian, the spear attack was chopped up instantly, and the two storms dissipated at the same time.

Even the man, with his body shape, could not help being forced to step back.

He looked at Wang Fan, first slightly a Leng, then smile.

"Interesting."

Spit out three words in his mouth, he soared to the sky again, waving his spear in his hand and stabbing at Wang Fan one after another.

Obviously, he also saw that the eight styles of Wang Fan's sword were extraordinary, and wanted to make a quick decision.

As the man's attack speed increased, the spear rippled in the air.

From a distance, the whole platform seemed to be filled with spears, submerging the whole platform.

On the battlefield, there are all powerful forces. If you are not strong enough, I'm afraid only the aftereffects will tear you to pieces.

Wang Fan's face was also more serious. The sword in his hand danced wildly and split the fourth move of the magic sword.

The magic sword came out in four forms. A large area of spear storm was smashed, and there was a roaring sound on the platform.

But even so, the spear still has many shadows, straight to Wang Fan.

Wang Fan didn't have time to perform the fifth move of the magic sword, so he moved the space crazily and disappeared in the same place.

Those spear waves across Wang Fan's shadow, tear the shadow into pieces.

The man's face changed again.

Wang Fan went to hide again.

And this time, it really disappeared.

Space technique?

He was no longer as relaxed as before, but suddenly turned his head and looked behind him.

Unfortunately, it's too late.

In the position behind him, Wang Fan stepped on the void and approached. He danced his long sword and cut out the fifth move of the divine sword.

The fifth move of Shenjian comes out. In an instant, heaven and earth turn pale.

The sound of buzzing is surging, everywhere, full of sword shadow. The man's eyes narrowed and his spear shot forward to show his powerful spear skill.

Boom!

This time, however, he did not gain an overwhelming advantage again.

Not only did he not defeat Wang Fan's sword, but his attack was defeated directly, and the whole person was swept out.

Hiss.

A mouthful of blood gushed from his mouth, and his face turned pale and extremely ugly.

Wang Fan did not give up, but continued to brew, ready to perform the sixth move.

The sixth move of Shenjian is the last move Wang fan can perform in the eight moves.

Because the seven and eight forms of Shenjian are too overbearing. With his current cultivation, they can't give full play to their real power.

But even so, the sixth form of Shenjian is extremely terrible.

The man saw that Wang Fan was still brewing the next sword, and his face changed completely.

There was a flash of panic in his eyes.

He had an intuition that once Wang Fan's sixth move was cut out, he would be defeated.

Not only that, he may even suffer heavy losses, or even die miserably.

Is this crazy?

It's just a contest, and there's no big grudge between life and death. As for that?

His heart in scold Niang, but have no choice, it seems that can only passively bear.

"I give up."

Seeing the storm all over the sky becoming more and more terrible, Wang Fan's sixth move of the divine sword was about to be brewed out. He finally could not help but yelled out that I would give up.

He was only ordered to stop Wang Fan from entering the list of immortals, not to kill Wang Fan.

Wang fan is crazy.

But he didn't want to fight with Wang Fan.

Wang Fan heard the opponent choose to admit defeat, the hands of the action is finally stopped.

But he is still holding the sword, standing in the void.

To tell you the truth, the sixth move of Shenjian also consumed him a lot.

If he does, he is bound to fall into a very weak situation.

At the same time, Wang Fan's heart is also very shocked.

This is the 100th battle. The opponent is so strong. Isn't the next one in the list stronger?

Is it difficult for him to use the killing shotgun as soon as he wants to do it?

Wang Fan has a heavy heart.

Because in his opinion, the strong one in Xianwang list is definitely better than the current opponent.

And now this opponent, he almost can't fight, then the next fight against the top of the list of immortals, into the list of immortals, isn't it not a little sure?

When Wang Fan was thinking about this, the whole Wudou pavilion was quiet again.

There was a dead silence.

Everyone was shocked to stare at Wang Fan on the platform, his eyes were full of incomparable heat.

They thought that Wang Fan would lose, but the result was always unexpected.

Wang Fan seems to be a miracle in itself.

Now, Wang fan is far away from the Immortal King list, only the last battle!

Chapter 3432

It's exciting for people to think about it.

Wudou Pavilion.

The old faces of the five persons in charge are all green.

They did not expect that things would be so dramatic. Even Murong, who was enough to rank in the top 800 of the list of immortals, was defeated.

Since Murong has been defeated, Wang Fan's entry into the list of immortals is a matter of certainty.

After all, Murong was secretly cultivated by their Martial Arts Pavilion and was not known by outsiders.

Even if he has the strength to be in the top 800 of the list, he is not on the list after all.

So when he went to war, even if the monks who watched the war had doubts, it was controllable.

But the next battle, Wang fan face, will be the real king list strong ah.

Which one of those real elites is not a character?

It can be said that these people at the scene, even if they have not met me, have heard of their names.

In this case, can Wudou Pavilion go to fight with the top 800 people on the list of immortals?

In that case, isn't it self defeating?

"Let LAN Zhao come."

One of them sighed and said.

Lanzhao, ranking 931 in the list of immortals, is extremely powerful.

Of course, compared with Murong who fought with Wang Fan before, he was much worse.

On the side of Wudou Pavilion, there are powerful people on the list of immortals every day.

After all, if someone succeeds in challenging a hundred consecutive victories, if they can't win the list of immortals, isn't that a joke?

Before long, a young man in blue came here.

The young man in blue is a little depressed, which can be said to be quite depressed.

Because he had witnessed Wang Fan's previous battle, he knew in his heart that he was not Wang Fan's opponent at all.

"Master, let's forget it? Why don't I just go up and admit defeat? "

LAN Zhao looked at the five old men and said so.

when LAN Zhao thought of Wang Fan's divine sword, he was a little scared.

As strong as Murong, they are not sure to take the sixth move. In his opinion, the fifth move is enough to kill him.

"What do you say? How proud and dazzling you are to be in the Immortal King list? How can you defeat without fighting? No, absolutely not! "

Hearing LAN Zhao's words, the elder of the great God sect immediately blew his beard and glared.

LAN Zhao is a disciple of the great God sect. If he doesn't fight and lose, isn't he losing the great God sect?

"But I'm not his opponent. I've seen him fight. If I fight, I will lose." Blue called depressed said.

His heart is also secretly scolding these five old things, which is really shameless.

This kind of entrapment fell on his head.

Is he willing to admit defeat without fighting?

He is one of the best in the list of immortals, and he is also shameful.

But then again, it's no good not to admit defeat. Wang fan is really better than him.

"Don't talk nonsense, go quickly, not only to go, but also to fight with all your strength. Although Wang fan is very strong, he has three levels of cultivation. "

"And he has been fighting for so long in a row, most of them have been unable to succeed, so you still have a chance."

The old man of Wangyun palace was laughing and making sarcastic remarks there.

Anyway, Wang fan is a disciple of wangshenzong. He can say whatever he wants.

If Wang Fansheng had a face like Wang Wangyun palace.

If Wang Fan was defeated, he would not be so popular.

He doesn't have any pressure. It doesn't matter.

LAN Zhao's face is black.

It's just, does he dare say anything?

If he couldn't beat the five old men, he would have slapped them.

"Well, you go quickly, and don't delay any more. Remember, you're fighting for your honor, to keep your ranking. "

Xuantianmen old man is even more irritating, waving at the same time, also said a sarcastic words.

LAN Zhao wants to cry without tears, but he has no choice but to walk out slowly.

Looking at his back, he has the spirit of wind and water.

Outside.

Finally, with everyone's expectation, LAN Zhao appeared on the platform.

"Lanzhao, the 931st in the list of immortals?"

"It's him. Is he going to do it at last?"

"It's not fair. Wang fancai has three ranks. It's reasonable to say that it shouldn't be someone who ranks lower. What's LAN Zhao doing?"

"Yes, in the last war of naluoyan's life, she was just Pengzhan, who ranked 993. Why was Wang Fan's opponent Lanzhao?"

"Peng Zhan, why don't you let him do it? It's too bullying."

As soon as LAN Zhao appeared on the stage, he aroused the dissatisfaction of most monks. In the eyes of the monks, it was really a bit too bullying.

Want to know, Luo Yan before face of fairy King list strong, that is 993.

But Wang Fan was the 931 strongest.

Don't underestimate the gap of more than 60 people. The combat effectiveness is not comparable.

In a corner, a young man in black listened to the comments, his face turned black.

Let him go?

Is he going to die?

Don't say it's him. Even if it's Lanzhao, he has to kneel down.

What's more, he has been defeated by the woman Luo Yan. What's the qualification?

If he loses one more game, will he still have his old face?

Needless to say, the man in black must be Peng Zhan, who ranked 993 in the list of immortals.

As everyone knows, at this time, LAN Zhao was also very depressed.

Especially listening to the monks' comments, he almost wanted to hit people.

Nima, do you want to kill him by lifting him so high?

Wang Fan didn't have so many ideas. Seeing LAN Zhao on the platform, he grabbed the killing short gun with his right hand and said, "let's go."

He really didn't want to delay, he just wanted to make a quick decision.

It's a waste of time, so he's going to use a killing short gun to win.

When LAN Zhao sees Wang Fan grabbing out a killing short gun, he is stunned when he hears Wang Fan's words.

He couldn't help asking, "isn't your weapon a sword? How can you use a gun instead?"

He was really confused.

Wang Fan's expression is very serious and solemn.

He looked at LAN Zhao and said, "in order to show my respect for you, I plan to use a gun instead. I don't think we need to try. Let's make a decision directly. "

"After this move, if you can still stand up, I will lose. If you can't stand up, I will win. How about that?"

LAN Zhao looked at Wang Fan's serious expression and listened to Wang Fan's solemn words. He was almost kneeling.

Is this, this NIMA trying to kill him?

He doesn't have to think about it at all. Wang Fan must be planning a big move directly.

It's very special. He was really trapped.

"Cough." Blue called dry cough two, old face twitch a few times, is going to be very spineless directly admit defeat. But a majestic message had already fallen into his ears, "dare to admit defeat, deal with it according to the clan rules!"

LAN Zhao almost didn't fall, his face was black, he could only bite his teeth and nod bitterly, "OK."

Wang fan saw LAN Zhao nodding, a brilliant smile, without the slightest nonsense, directly holding the residual gun, triggered the killing ban, a shot out.

Chapter 3433

Boom!

The violent intention of killing was agitated, and the red gun patterns were diffused out, and they rolled towards LAN Zhao.

"I ..."

feeling the violent killing power, LAN Zhao cursed his mother directly.

He didn't even open his defense. He flashed and rushed down the stage crazily.

He can see that Wang fan is not fighting with him at all, but wants to kill him.

Compared with Xiaoming, he threw all the rules out of his mind.

LAN Zhao's speed is not bad. He rushed down the battle platform in an instant, and then he yelled, "you, you win."

The vast Martial Arts Pavilion, everyone is a face muddled than looking at this scene, almost some can't believe their own eyes.

This, this wins?

Wang fan is also a bit dull.

He is ready to take another shot if he can't beat LAN Zhao with one shot, but he didn't expect LAN Zhao to give up in this way.

Boom.

There was no place to borrow the terrible gun pattern, and the crazy bombardment was on the prohibition around the platform.

The prohibition began to shake wildly, and there were faint signs of collapse.

It took a long time for the storm to stop completely.

An old man stepped on the platform.

"Congratulations to Wang Fan Xiaoyou, who won 100 consecutive victories and successfully defeated LAN Zhao, who ranked 931 in the list of immortals."

"Next, I'll announce that Wang Fan's ranking is 931, and LAN Zhao's ranking is 932, and so on. The original 1000th is out of the list."

The old man's voice fell, and there was a scream all over the sky.

Xianwang three-tier, strong hundred wins in a row, strong on the Xianwang list.

This scene is really exciting, which is something that everyone has never thought of.

Absolutely unprecedented.

Wang Fan, he broke the historical record.

"Thank you very much."

In fact, Wang Fan was quite confused.

This last battle seems to be a little too easy to win.

The old man choked at the corner of his mouth, but he didn't continue to say anything. He took out a gilded token and handed it to Wang Fan.

Wang Fan was written on the front and 931 was written on the back of the sign.

However, Wang Fan found that the number of 931 was engraved on the array pattern and could be changed at any time.

That is to say, if the person in front of Wang Fan suddenly falls down, or if a monk who is not on the list of immortals defeats the strong one in front of Wang Fan, the number on Wang Fan's hot gold token will be automatically changed to 932.

"This is your reward. A million yunxiandan in all. Keep it away." The old man took out a space ring and handed it to Wang Fan.

Wang Fan's mental power swept for a while, immediately couldn't help but become excited.

A million yuan of elixir. He really needs it.

If you have this thing, let alone other things, at least look at the Xianyuan room in the cloud palace. Even if he practices with Yun Xiandan, he can completely consume it.

Wang fanxi smiles and thanks again.

The old man didn't say much, but his body flashed and disappeared on the platform.

Wang fan is four scan one eye, then directly came to the Luo Yan side.

"Elder martial sister Luo Yan, let's go back." Wang Fan said.

Luo Yan coldly swept Wang Fan one eye, is very disgusted said, "you are not said not to participate in the battle, how to participate in?"

Luo Yan looks up the head of arrogance, show snow-white neck, a pair of hate expression.

How could she not hate it?

Today, she won a hundred consecutive victories and won the Immortal King list. It should have been a great honor. But because of Wang Fan's appearance, she was so gloomy that she became a foil.

Who is willing to be a foil in this world?

Wang Fan frowned slightly and said, "what's the matter, elder martial sister, are you sick?"

He some don't know, Luo Yan good end, to her what anger.

Are relatives here?

It's just that he didn't dare ask.

If it's in the secular world, there's nothing like that.

But this is the land of swallowing clouds. If he asks, Luo Yan will definitely pursue him with a sword.

"Let's go!"

Luo Yan is really lazy to see Wang Fan, not happy to say a word, and then turned to go out of the Martial Arts Pavilion.

Wang Fan hastened to follow.

Generally speaking, he is in a good mood.

This time I came to Wudou Pavilion, I got a lot.

Moreover, he got the title of 931 in the list of immortals. According to the rules, he could practice in Wangshen pool for 70 days.

Seventy days. That's good. The friars in Wudou Pavilion, when they saw Wang Fan walking out of the room, all quickly got out of the way, their faces burning hot.

Wang Fan, he has proved himself with strength.

Although his accomplishments are not high, his strength is definitely better than many of the monks present.

Therefore, those people respect Wang Fan very much.

"Brother Wang Fan, I'm looking forward to your famous day."

"Elder martial brother Wang Fan, I believe it won't be long before your name will ring through the high-level states."

"Elder martial brother Wang Fan, it's a blessing in my next life to see you with my own eyes."

"Brother Wang Fan, walk slowly."

"Elder martial brother Wang Fan, come often when you have time."

Some friars, even more far away, said very seriously.

Wang Fan nodded to those people one by one and soon followed Luo Yan out of the Martial Arts Pavilion.

He didn't find out.

Among those people, several monks were staring at Wang Fan with sharp eyes.

These people are the spies of the dark forces who have been in Wudou Pavilion all the year round.

Their goal is very clear, that is to find the five forces of genius, and then kill.

In this region, in addition to the five forces, there is also a coalition of dark forces.

The name of this power is the Dark Alliance.

The purpose of the Dark Alliance is the law of the jungle, burning, killing and plundering.

Their means are cruel and they do all kinds of evil, which can be said to be extremely vicious and evil.

In the land of swallowing clouds, although it is normal for the strong to plunder the weak, not everyone will do so.

The Dark Alliance people are different. They don't need a reason at all, because that's their code of conduct.

Not only that, but also they practiced evil skills and sucked the essence and blood of monks. It can be said that they did all kinds of evil.

Over the years, countless people have died in the hands of the Dark Alliance.

I don't know how many friars were cruelly tortured and killed by them and sucked blood essence.

In this regard, although the five forces have also launched a counterattack.

It's just that the Dark Alliance is too cunning, and it's always hidden in the dark. It's not easy to strangle.

These friars who mingled with the crowd were the friars of the Dark Alliance.

They did not expect that they would meet two talents of the five forces in Wudou Pavilion today.

Luo Yan and Wang Fan.

Of course, because compared with Luo Yan, Wang fan is too dazzling, so people ignore him.

But in fact, Luo Yan can enter the Immortal King list, has proved its extraordinary strength and talent.

"Shall we get a chance to do it?" At one point, one of them couldn't help asking.

When he was talking, he licked his lips and his eyes even turned green.

Chapter 3434

"Do it, of course. I have made it clear that they are all disciples of Wangyun palace. If we let them return to Wangyun palace, we will never have a mobile phone meeting again. "

"That Luo Yan is better. Although she is a genius, she is not too demon. But that Wang Fan, is really too demon

"If this person grows up, he will become a big trouble in my dark alliance!"

Another friar said hoarsely.

They all witnessed the battle between Wang Fan and Luo Yan, so they have a certain understanding of them.

"Let's do it. I've sent the news back to zongmen. It's estimated that there will be action soon."

"We'll follow them first. If we have a chance, we'll do it. If we don't have a chance, we'll wait for the strong men of the clan to come."

"Although Wang fan is very talented, his cultivation is not strong. Let's fight together. It should be enough to kill him."

Another monk gave his opinion.

There are seven of them, all of them are the peak of the fairy king.

In places like Wudou Pavilion, the number of friars at the peak of the fairy king is the most. Therefore, the Dark Alliance sent them to this place, which is not conspicuous and easy to expose.

On the contrary, it would be too easy to expose if you send monks from xianzun or from the ninth floor of Xianwang.

Especially xianzun, every xianzun in Wudou Pavilion will attract the attention of big figures in Wudou Pavilion.

"Let's go."

As they spoke, the group of seven separated the crowd and quickly followed out of the Wudou Pavilion.

They can find Wang Fan's evil in Wudou Pavilion, and they will be rewarded when they return to the Dark Alliance.

If they can take down Wang Fan, or kill Wang Fan, the reward will be higher.

Because, they are also very attentive.

When the seven left with Wang Fan, Yin Guiyi looked at the man in black in front of him and asked, "they're all gone. Don't we go yet?"

"What are you in a hurry? Wait." The man in black coldly glanced at Yin GUI and said.

"What are you waiting for?" Yin Guiyi had some doubts, but he soon remembered something. His face changed and he said, "you have to wait for the people of the Dark Alliance to appear, go after them, and then be a fisherman?"

The man in Black said coldly, "you are not too stupid."

Yin Guiyi was about to collapse. "Elder martial sister, aunt, this is not for fun. You don't know what the Dark Alliance is. It's too much for us to be fishermen "

" shut up The man in black was a little impatient and gave a cold rebuke. Yin Guiyi didn't dare to talk.

On the other side, Wang fan doesn't know what happened to Yin Guiyi and the Dark Alliance. He has already come to the gate of Wudou Pavilion.

Just, in the city gate, Luo Yan suddenly stopped.

"What's the matter, elder martial sister?" Wang Fan some doubts, can't help but ask.

"I just remembered one thing." Luo Yan's expression is very serious.

"What's the matter?" Wang Fan asked.

"When I came out, an elder told me to be careful of the Dark Alliance outside. In places like Wudou Pavilion, there must be members of the Dark Alliance. "

"Today, you have shown extraordinary talent in Wudou Pavilion. They must have watched you. If we leave Wudou City, we will be in danger."

Luo Yan said.

"The Dark Alliance?" Wang fan is a bit confused. He has never heard of this organization.

Luo Yan is very speechless stare at Wang Fan, and then explain some, Wang Fan just understand.

Finally, Luo Yan looked at Wang Fan and asked, "you say, do we want to go out of the city?"

Wang Fan was very single and shook his head. "Of course, I won't go out of the city. It's so dangerous to go out of the city. If I'm targeted, won't I die? Let's go back and find an inn first

Luo Yan a face muddle than, "do you mean, we want to shrink forever in the city of martial arts?"

Wang Fan said with a smile, "what does it mean to stay in Wudou city forever? We just relax here for a while and then go."

"Of course, it would be better to be able to find out those in the Dark Alliance during this period of time. Elder martial sister, don't hesitate. Go back. Don't worry. I'll treat all the expenses. "

Wang fan is very angry said, anyway not bad money.

Luo Yan speechless stares at Wang Fan for a long time, and finally nods.

Luo Yan is also afraid of the friars of the Dark Alliance.

After all, the monks of the Dark Alliance are so vicious and notorious that few normal people are not afraid.

In the distance from Wang Fan two people far position, the seven young people see two people return, can't help but be stunned.

"Why aren't they out of town? What are they doing?" Someone couldn't help asking.

"Are we found? It shouldn't be. How could they possibly find us with just two of them? " Another shook his head."I think we'd better act separately. This is too big a goal for us to get together. In case of exposure, we'll be in trouble." Another made a suggestion.

Soon, the seven scattered and continued to chase after Wang Fan.

In the place behind these seven people, Yin GUI and one or two also stopped with their faces muddled.

They would have followed the seven men to see if they could catch a big fish.

After all, the seven fairies are so weak that they are not worth their efforts.

But they didn't expect that Wang Fan came back and didn't leave the city.

"What's that little bastard doing?" The man in Black said angrily, tearing off the hat on his head.

In a flash, he showed his beautiful face.

It's Yan Yue.

Yin Guiyi said, "who knows what he's doing, but I think this little guy must have noticed something. Let's go and have a look."

Although Yan Yue was speechless, she nodded.

It seems that this is the only way.

Wang Fan didn't immediately enter the inn, but took Luo Yan to stroll in the martial arts city.

At the beginning, Luo Yan was indifferent, but later, she was impatient.

Isn't it said to find an inn to live in? Why did they all pass through several inns, and Wang Fan didn't mean to go in?

More irritating is, whenever Luo Yan smell, Wang Fan will say, wait, next.

However, this wait is two hours, but Wang Fan still did not live.

"Wang Fan, you should be honest. If you do this, do you want to see if anyone is following you to find out the people of the Dark Alliance?"

At a certain moment, Luo Yan can't help but ask.

She is not a fool, has vaguely understood Wang Fan's intention.

Just, can't this bastard tell her in advance? Do you have to?

Wang Fan did not answer Luo Yan's question at all, but suddenly stopped at the door of an attic and said with a smile, "elder martial sister, do you want to go in and sit down?"

Luo Yan looked up and saw three bright characters in an instant: Yi Hong Yuan.

Her pretty face in an instant change of iron, there is a kind of impulse to draw.

Wang Fan immediately said, "elder martial sister, don't be angry. Only when you go in can you be sure if the tail is behind."

Chapter 3435

"You, what's your logic? You men really don't have a good thing. If you want to go in, you go in. I won't go in anyway. " Luo Yan silver teeth clenched, finally said.

As a nun, Wang Fan wants to take him to a place like Yihong courtyard. It's just unreasonable.

To tell you the truth, if it wasn't for Wang Fan who had just stepped into 931 on the list of immortals, Luo Yan was afraid that she would not be able to beat Wang Fan. In addition, there might be people from the Dark Alliance behind them, so she would have split with one sword.

Wang Fan heard Luo Yan's words, actually very seriously nodded, "well, then we will separate."

"Elder martial sister Luoyan, in a short time, I advise you not to leave Wudou city. If there's anything,

we'll contact you as soon as possible."

Wang Fan finished, then no more nonsense, flash into the red courtyard.

He and Luo Yan separate, also have advantage, can distract the attention of the person of Dark Alliance at least.

In this way, the danger of Luo Yan will be much less.

"You --" Luo Yan some speechless looking at Wang fan that enters the Yi red courtyard's back figure, is almost angry.

She stamped her feet with hate, and without stopping, she left here quickly with a flash of body.

Not long after they separated, the Dark Alliance monks came here.

They had a strange look at the Yihong courtyard in front of them, and one of them asked, "what should we do next, to pursue and kill Luo Yan or Wang Fan?"

When one of them heard this, he immediately said, "the three of us go into the Yihong courtyard to kill Wang Fan, and the other four go to kill Luo Yan."

"Good." The group nodded, then immediately divided into two groups, disappeared here.

After the seven disappeared, Yan Yue appeared with Yin Guiyi.

Yan Yue looks at the signboard of yihongyuan in front of her, and she is also biting with silver teeth.

"What does this bastard want to do?"

Yan Yue is very angry.

Originally, she wanted to be a fisherman, catch out the strong immortal of the Dark Alliance, and then kill them at one stroke.

Can now pour good, Wang Fan unexpectedly entered Yi red courtyard.

Is Yan Yue going in or not?

Yin Guiyi's eyes flashed a strange look and said, "elder martial sister Yanyue, why don't I go to Yihong hospital to take care of younger martial brother, and you go there to help younger martial sister Luo? If there is any change, shall we contact again? "

Yin Guiyi is talking with a smile on his face, how to see how obscene.

Although Yin Guiyi's cultivation is in the third level of immortal, Yan Yue's cultivation is only in the first level of immortal.

But Yan Yue's fighting power is no worse than Yin Guiyi's.

In addition, Yan Yue's terrible background makes him call her elder martial sister.

"Well! Yin Guiyi, you'd better put away your careful thinking. If I know, you dare to mess around in it. Don't blame me for being impolite. "

Yan Yue stares at Yin GUI coldly, then her figure flashes and disappears.

Yin Guiyi couldn't help shivering and muttered, "I'm helping you. What's the attitude. Well, it's hard to be a good man. "

With that, he slipped into Yihong hospital.

Yihong hospital.

"This little brother, please come inside. I see you look very fresh. Would you like to know?"

Wang Fan just entered, a gust of fragrance came, and then a woman in her thirties met him.

Wang Fan, with a smile, grabbed a thousand Yunxian pills and said, "don't talk nonsense. I'll make money by myself. If you dare to disturb me, I'll leave immediately."

The landlady was in a daze when she heard Wang Fan's words.

However, when she was about to get angry, she received Yun Xiandan from Wang Fan.

See Yun Xiandan, she immediately smile, "OK, we will not disturb the little brother."

Wang Fan didn't pay any attention to the woman. She had already disappeared on the second floor.

Not long after Wang Fan disappeared, three monks from the Dark Alliance broke in.

The landlady saw this scene, although she felt strange, she still raised a smile on her face and quickly welcomed it.

"Go away!" But before he finished, one of them opened his mouth and spewed out a rolling word, then slapped her with a slap.

Bang!

Ah!

The landlady screamed and flew out.

She is also a friar, but she is a low-level friar. How can she be the opponent of the Ninth level of the Immortal King?

"Ah -"

the sudden change shocked the women and guests around, and countless people screamed and left in panic.

The three men came forward quickly. One of them grabbed a woman and asked, "a young man just came in. Where has he gone?"

The woman pale face, did not dare to lie, quickly shivered to the second floor, "he, he went to the second floor." Without hesitation, the three members of the Dark Alliance flash to the second floor.

Their spiritual power has been released, covering the whole Yihong courtyard, but there is no trace of Wang Fan.

Wang Fan seemed to have never entered the Yihong hospital, and disappeared out of thin air.

"Quickly, inform the elder quickly, and say that someone is making trouble."

After three members of the Dark Alliance went upstairs, the landlady who fell to the ground got up and said hastily.

On the second floor, in a corner, Wang Fan couldn't help being speechless when he looked at the scene.

He shook his head slightly. "These are really three annoying guys. They don't know how to pity jade. However, looking at the three people so anxious, it should be the people of the Dark Alliance. "

"It's just that there are only three immortal kings on the ninth floor. They even want to chase me. Do they look down on me, Wang Fan?"

While Wang Fan was talking to himself, three Dark Alliance friars had already flashed in front of him.

Wang Fan cold smile, whoosh, body shape suddenly like an arrow, straight forward shot, at the same time, fairy king field released, holding a sword, a sword cut out.

He waved his right hand three times in succession. In an instant, three sword flowers appeared and stabbed three people as fast as lightning.

The three monks of the Dark Alliance didn't expect that Wang Fan would sneak attack in the dark, but they didn't notice.

When they feel wrong, Wang Fan's immortal realm has already fallen on them, and the sword in his hand pierces them.

"No, there's an ambush."

"Back up!"

The three men's faces changed greatly. Almost in an instant, their realm of Immortal King had burst out, and the immortal yuan in their body had gone crazy, and their body shape was even more crazy to dodge.

But even so, it's still a little slow.

Three sword lights came in a flash. One sword light directly penetrated a man's Dantian. The man's Dantian burst out a blood mist, screamed and fell down.

The second light of Wang Fan's sword penetrated one's shoulder blade and directly pierced that person's shoulder blade and raised a cluster of blood fog.

Two sword lights, waste one, hurt one.

Unfortunately, his third light failed.

Because the monk's reaction was fast and fast, he could avoid the attack of sword light.

Nevertheless, Wang Fan has been very satisfied.

Three immortal kings have nine stories. He has abandoned one and injured one. This is enough.

Chapter 3436

"Well, I'm sorry, it's a little heavy. By the way, are you looking for me? "

Wang Fan was very embarrassed to scratch his head and looked at the three people with a smile, as if they were innocent.

However, in his hand, he had already seized the killing short gun, and his whole body was crazy.

"You, you abandoned my elixir field?" The monk, whose eyes turned scarlet in an instant, stared at Wang Fan's ferocious roar.

Dantian, that's the foundation of a monk.

Now that his elixir field is abandoned, doesn't it mean that he is already an abandoned man?

Unbearable?

The other monk, who had been pierced through his shoulder blade, also looked at Wang Fan coldly with anger in his eyes.

He did not expect that Wang Fan, who was supposed to be the prey, would suddenly attack, making them become the prey.

Only the monk, who was not injured, was relatively calm. He looked at the killing short gun in Wang Fan's hand, and his eyelids jumped, "how did you find us?"

This question is really a puzzle in his mind.

Because with the strength and means of the three of them, Wang fan is absolutely impossible to detect.

Wang Fanyang raised his killing short gun and said with a smile, "guess?"

Whoosh!

Almost as soon as Wang Fan's words came to an end, the uninjured monk suddenly rose up and ran out of the courtyard.

He is extremely fast and decisive.

Originally, the three of them chased Wang Fan, which was a sure thing. There was no accident at all.

But now, one person was abandoned by Wang Fan, another was seriously injured by Wang Fan, and even Wang Fan caught a killing rifle.

In this case, he had to run.

The power of Wang Fan's killing short guns, which he had seen with his own eyes, could not resist.

Once Wang Fan offered a killing short gun, all three of them would die.

This guy's action can be described as extremely decisive, without the slightest bit of procrastination, even the two companions did not remind.

When the two companions reacted, he had already run out of Yihong hospital.

The abandoned monk of the Dark Alliance was angry in his eyes, but he had no way to escape.

After all, cultivation has been abandoned, how can you escape?

As for the other monk who was seriously injured, he turned around and was about to leave.

However, as soon as he turned around, he regretted it.

In this case, how can he escape?

Once he chose to flee, did he not give Wang Fan more opportunities?

Sure enough, almost at the moment when he turned around, Wang Fan had already made a sudden move.

He quickly flashed to the Friar and shot his killing rifle straight through his back.

Whoa!

Blood mist spatter, the friar fell down on the spot, meteorite!

If this person did not choose to escape, but chose to fight, even if he was injured, Wang Fan would have to take some twists and turns.

Unfortunately, he chose to flee.

In other words, it was his subconscious reaction.

As a result, it led to his present ending.

After killing the friar, Wang Fan didn't hesitate and ran out of Yihong courtyard.

If you dare to chase and kill Wang Fan, you will have to pay a price. How can Wang Fan allow the other party to escape?

What's more, Wang fan is curious about the so-called dark alliance, so he also wants to ask something.

As for the abandoned monk, Wang Fan did not kill him.

Because it's not necessary.

If his cultivation is abandoned, that person can't do anything. Even if he is alive, he is equivalent to a dead man in such a place as Wudou city.

Wang Fan soon had already chased out of Yihong hospital, and quickly chased him in the distance.

With the element of wind blessing on him, he also showed his lightning skill, which can be said to be extremely fast.

Those ordinary friars could not even catch Wang Fan's shadow.

In front of him, the monk of the Dark Alliance felt that Wang Fan was getting closer and closer. His face was extremely ugly, and his heart was even more turbulent.

How can Wang Fan be so fast?

His heart was shocked.

At the same time, he is also very subdued and unwilling.

He is a monk on the ninth floor of the fairy king. Wang Fan was his prey.

But now, he was chased by a three-tier monk of fairy king, and he became Wang Fan's prey.

What a shame.

Finally, when he was about to run to the gate of the city, Wang Fan caught up with the friar.

He sneered, "now, do you still want to escape? Answer me a few questions. If you answer them well, maybe I can spare your life. "

"Wang Fan, how dare you kill my dark alliance? My dark alliance will never die with you. I'll tell you, you're done. You must be done"Even if you hide in Wangyun palace, my dark alliance can kill you."

The friar roared wildly, but he didn't stop, instead, he rushed out of the city.

"Is it?" Wang Fan sneered, he stepped out, directly across the distance of several kilometers, the next second, the killing shotgun in his hand had already been blasted out.

The fierce killing power swept through the air, and the dense red gun pattern pierced the void and shot straight at the monk, which made his face suddenly pale.

At such a distance, he was completely within the range of Wang Fan's attack and could not be avoided at all.

With a loud drink, Xianyuan in his body ran wild, and a series of armor appeared all over his body, forming a series of solid defenses.

However, in front of Wang Fan's attack, the defences he gathered were not enough.

The clattering sound came out continuously, and only for a moment, those defenses had been destroyed.

Red gun pattern is the trend is not reduced, continue to crazy explosion to his body.

"No, no!" There was despair in his eyes, but he couldn't go back to heaven at all.

Although he is the Ninth level Immortal King, and his combat effectiveness is not weak, he is not the strong one in the Immortal King list.

How can he be Wang Fan's opponent if he fights alone?

In addition, he had been thinking about escape, defense and attack, and his momentum was already three points weaker.

So now, once the defense is broken, he can only wait to die.

However, just when Wang Fan thought that this shot would kill the other side, and he also thought that he would die -

suddenly, something happened.

I saw a gap in the space beside the friars of the Dark Alliance.

The next second, an arm came out of it.

The big hand on that arm, toward that dense red gun grain suddenly grasp.

In a flash, in a clattering sound, the red gun pattern with endless killing power was caught and smashed.

"It's very brave of you to kill me in the Dark Alliance."

A cold voice came from his crack. The next moment, a figure covered in black robes came out.

Although he was wearing a black robe, he did not cover his face.

His face, extremely pale, can be said to be completely bloodless, just like the face of a mummy.

That pair of eyeballs, is completely concave down, look at, it is chilling.

Wang Fan looked at the scene and his eyelids jumped wildly.

Where is this special master coming from?

Not to mention anything else, he knows that he is definitely not an opponent just because the other side shows his hand.

"Run away!"

Wang Fan did not dare to neglect or hesitate at all. He turned around and ran away!

Chapter 3437

"Kill me, Dark Alliance, and you want to escape?" The man who appeared saw that Wang Fan wanted to run away, and his mouth turned up, showing a smile.

The next second, his right hand has been stretched out, across the air toward Wang Fan grabbed the past.

At that moment, Wang Fan only felt as if there was an invisible hand on his body, and his body was stiff in the air, unable to move.

Wang Fan's face is ugly, burning blood essence crazily, trying to escape this kind of bondage.

Unfortunately, the strength of the other side is too strong, his struggle is in vain.

At this moment, Wang Fan felt deeply powerless and desperate again.

Although he has amazing talent and can fight more than several levels, he still has no effect in the face of absolute strength.

Just like now, under the shackles of the man, he even has no room to struggle.

Wang Fan couldn't escape the shackles of the other party. He simply turned back and said with a smile, "master, you misunderstood. When did I kill your dark alliance disciple? Isn't he dead yet?"

Wang fan is laughing on the surface, but he is cursing in his heart.

Where does this bastard come from? How can it be so powerful?

To deal with him is just a friar of fairy king. As for sending out such a strong one?

"Well, it's smooth. You're just three stories of the fairy king. You can chase the wolf Ji of the ninth story of the fairy king. Boy, you're not simple. "

The man said with a sneer, and his big hand grabbed back.

Wang Fan immediately felt a strong tearing force, the next second, directly fell to the foot of the other

party.

That man lightly swept Wang Fan one eye, then looked to that Immortal King nine layer friar, namely Lang Ji, ask a way, "he, can be that genius in your mouth?"

"Yes, it's him." Wolf bogey quickly bowed to answer, "this man is gifted with evil, just three layers of fairy king, but he has entered the list of fairy king, defeated the original 931 blue call."

Wolf bogey is no reservation, said quickly.

Only by saying that Wang fan is powerful can he save his life.

Otherwise, he was chased and killed by Wang Fan, a fairy king of the ninth floor. I'm afraid that even if he went back alive, the Dark Alliance would not accommodate him.

In the Dark Alliance, the competition is more cruel, and the waste can't survive at all.

Wang Fan heard wolf bogey's words, in the heart secretly cry not good, hurriedly way, "fluke, fluke."

He was also very depressed, because he never thought that he would meet such a strong man on the way.

He didn't even have a chance to run away, let alone fight for it.

That man sweeps to Wang Fan, a strange color emerges in his eyes, and suddenly says, "boy, I'll give you a chance to live."

"If you are willing to join my dark alliance, I will spare you today. How about that?"

Although the Dark Alliance is constantly hunting the talents of the five forces, the Dark Alliance itself is also looking for talents.

If talent can be used by the Dark Alliance, the Dark Alliance naturally doesn't mind taking it.

After all, no matter which force, only by continuously injecting fresh blood and absorbing excellent talents, can it survive forever.

Wang Fan smell speech, heart slightly move, is going to speak, suddenly, a voice came.

"The nine masters of the Dark Alliance have become so shameless? Even if you deal with the younger generation, do you even force others to join your dark alliance? Jiuzun, are you deceiving the five people in Wangyun palace? "

With the sound, not far away from the void again concussion, then a person walked out slowly.

This man is one of the five persons in charge of Wudou palace. He is the strong man in Wangyun palace.

Wang Fan, as a man of Wangyun palace, also showed such brilliant talent, so after Wang Fan left, he would not rest assured, so he always followed.

No matter the seven friars of the Dark Alliance, or Yan Yue and Yin Guiyi, the old man can see their every move.

However, because Wang Fan did not encounter the crisis, so he did not appear.

Now, when Wang fan is in danger, he naturally appears.

"Nine?" When Wang Fan heard this address, he felt a slight shock.

He doesn't need to ask at all. He knows what these nine zuns mean. He must be the ninth person in the Dark Alliance.

Such a person would not hesitate to kill Wang Fan himself. He didn't know whether he was lucky or unfortunate.

"Ha ha, who am I? I turned out to be old man Qiu. I knew you were hiding in the dark for a long time. Now that you have appeared, I will die. "

Jiuzun was not surprised by the appearance of the elder of Wudou Pavilion. On the contrary, a strange color appeared in his eyes.

Then, the whole person started directly and killed the elder of Wangyun palace.

"Jiuzun, I'm not your opponent, but this is the city of martial arts. It's not the place where you run wild."The elder of Wangyun palace didn't talk nonsense either. His old body was filled with terror. At the next moment, he had disappeared in the distance and was facing the Dark Alliance Jiuzun.

Wang Fan's face was shocked.

He can't take part in a battle of this level.

Let alone participate, even if it's a little bit of aftereffect, it's estimated that he can't afford it.

Wang Fan didn't dare to neglect him at all. The immortal yuan in his body was crazy and surging. The next moment, he had already made a big move, and the whole person disappeared in the distance.

Previously, because he was bound by the Dark Alliance nine, he could not move.

But now, Jiuzun is fighting with the elder of Wangyun palace, so he has no time to worry about him, so he is given a chance.

The battle between the two immortal masters is extremely terrifying.

The overflowing energy storms can roll up numerous cracks in space.

Wang Fan has no doubt that once he is caught in the crack of the space, he will die.

Wang Fan crazy escape, crazy away, simply dare not in this area.

But soon, he stopped.

Because he saw three people.

Yan Yue, Yin Guiyi, Luo Yan.

Wang Fan heart a joy, quickly ran to Yan Yue and Luo Yan in front of, "Yan elder martial sister, Luo elder martial sister."

However, the two women looked at Wang Fan with disgust on their faces, but they were too lazy to pay attention.

Yin Guiyi looked at Wang Fan and said, "why don't you say hello to me?"

"Elder martial brother Yin." Wang Fan just saw the appearance of Yin Guiyi and saluted quickly.

Seeing Yin Guiyi and Yan Yue together, he naturally confirms that Yin Guiyi's appearance on that day is mostly the credit of Yan Yue.

"It's insincere." Yin Guiyi looks at Wang Fan's perfunctory appearance and feels hurt.

Although he was dragged by Yan Yue, he also protected Wang Fan secretly.

What is Wang Fan's attitude?

Just when Yin GUI was in the heart, a black dragon came to the sky in the distance.

The black dragon is a hundred feet long, hovering in the sky to block out the sun.

Above the black cloud, you can see an old man in black.

"You are the elder of Wangyun palace. Your strength is extraordinary. I will meet you."

After the man appeared, there was a laugh in his mouth. The next second, he went crazy and killed the elder of Wangyun palace.

Looking at this scene, the elder of Wangyun palace suddenly changed his face and felt a hint of conspiracy. "The seventh one of the Dark Alliance, I didn't expect you to appear too!"

Chapter 3438

"Ha ha, it's really busy here. I'll join in."

Wang Yun palace elder voice just fell, accompanied by another hearty laughter, another strong appeared.

This man stepped on the thunder and came from the void. Where he passed, the thunder was rolling and his breath was very strong.

"The fourth."

Looking at this man, elder Yunlong looks even worse.

Today, there are three top immortals in the Dark Alliance. What is their intention?

Is it really just to deal with Wang Fan?

Not only the elder of Wangyun palace, but also Wang Fan, Yan Yue and others over there changed their faces.

They're all aware of the extraordinary.

Without hesitation, Yan Yue immediately grabs the communication bead and sends a message.

But soon her face changed.

The fear of this heaven and earth was completely blocked, and her message could not be sent out at all.

"You Dark Alliance, there are three strong men at the same time. What do you want to do?"

Looking at the cloud palace elder retreating to the distance, coldly looking at the three Dark Alliance elders, coldly asked.

At this moment, the three Dark Alliance Lords have formed a triangle and completely surrounded him.

Facing these three strong men, he has no chance at all.

"Ha ha, what do you want to do? Over the years, your five forces have killed many strong members of

the Dark Alliance. Today, it's our turn to ask for interest. "

The fourth one of the Dark Alliance laughs. With the sound, his body has stepped forward and clapped to the elder of Wangyun palace.

With the fall of his hand, endless thunder elements gather in the sky, and in an instant, a Thunder Dragon hundreds of feet long has been formed.

Thunder Dragon roars and roars directly to the elder of cloud palace.

Looking at the cloud palace elder's face changed greatly, he pinched Jue with both hands, and suddenly burst out a bright golden light on his body.

The golden light soon formed a series of defenses against him.

At the same time, he rushed out into the sky.

"Want to go?"

The seventh one sneered and yelled. The black dragon roared and whooshed under him, and then he rushed to the sky.

The seventh one has a triangle halberd in his hand. The halberd sweeps across the sky and rolls to the elder of lookout cloud palace.

The roaring sound rang out madly. The Thunder Dragon bombarded the elder of Wangyun palace. In an instant, his defense was torn to pieces.

Almost his defense had just been smashed, and the seventh attack had already arrived.

With a hiss, the elder of Wangyun palace was bombarded by the halberd, and directly spat out blood, and his body fell down.

Although he is also a strong immortal, he is much worse than the three great figures of the Dark Alliance.

Especially the fourth one can crush him.

Among other things, the three strong men's immortal field alone is enough for him to exert less than 50% of his strength.

"Today, our dark alliance is going to destroy your Wudou city! Kill

The fourth one laughs wildly, takes off again and kills the elder of Wangyun palace.

As for the four of Wang Fan, they didn't care at all.

It's just a small person. If you can survive this kind of energy storm, you'll see if you can use it for yourself. If you can't survive, you deserve to die.

It's just a small figure in the early days of Xianwang and xianzun. They didn't pay attention to it at all.

Let alone the four of Wang Fan, even the ninth floor of the Dark Alliance Immortal King, who was chased by Wang Fan, were too lazy to pay attention to life and death.

"Mie Wu Dou Cheng?"

After hearing this, the elder of Wangyun palace was about to crack his canthus. He suddenly clenched his teeth and burst into a more violent atmosphere in his body. Then he rushed to the sky again.

"Well?"

Seeing this, the three great figures of the dark alliance began to retreat in an instant.

How can they not see that the elder of Wangyun palace wants to jump over the wall and explode himself?

However, as they retreated, the elder of Wangyun palace suddenly turned and rushed to the four of Wang Fan.

As soon as he hit out, he directly tore open the void of the heaven and earth. The next second, he grabbed the four of Wang Fan and threw them out.

"Run away!"

With a roar, the crack closed.

The roaring explosion sound came, and the famous cloud palace elder exploded without hesitation.

Hundreds of miles away, Wang Fan felt the huge waves and his face changed wildly.

Their hearts were beating and trembling.

Wang Fan's eyes were red when he looked at the storm that was enough to destroy everything.

"Elder!"

There was remorse and anger in his heart.

He and the elder of Wangyun palace didn't know each other at all, but they saved him with their lives."Let's go and inform the other four elders of Wudou Pavilion."

Yan Yue said quickly, then grabbed Wang Fan, and rushed into the martial arts City crazily.

At the same time, she grabbed the communication bead and sent a message to her grandfather.

Yin Guiyi quickly grabs Luo Yan and runs away from here crazily.

They are very angry, very unwilling, very powerless.

They also want to go back to save the famous cloud palace elder, but with their strength, they can't do it at all. If they go back, they will die.

A group of people forced to endure the inner indignation, ran to the direction of Wudou Pavilion.

However, before they reached Wudou Pavilion, they realized that there was a big war there.

The elder of the Chu Dynasty, one of the leaders of the Wudou Pavilion, is fighting against the elder of the great God sect and the xuantianmen sect. Not only that, but he is not inferior.

As for the elder of the Royal Palace, he was not found at all.

"Zhou chenggai, you are really a vicious means to attack and kill elder Zhang! You, the Chu Dynasty, colluded with the Dark Alliance. You're dead. "

While fighting wildly, the elder of the great God sect roared angrily, and his eyes were full of outrage.

Although there was no air war outside, they still noticed the same, and knew the arrival of the three strongmen of the Dark Alliance.

However, just when they were going to support, Zhou chenggai secretly attacked and killed elder Zhang of the Royal Palace from behind.

This scene is unbelievable to the elders of the great God sect and xuantianmen.

You know, although the five of them belong to the five major forces and work independently, they have worked together for many years and still have feelings.

What's more, the Dark Alliance is notorious, and all five forces share a common hatred.

They did not expect that Zhou chenggai of the Chu dynasty would turn against the water.

If the Chu Dynasty really colluded with the Dark Alliance, the consequences would be unimaginable.

"Ha ha, those who know current affairs are outstanding. You can only blame your four forces for being too pedantic. The coexistence of our five forces has been too long, and this pattern should be changed!"

Zhou chenggai laughs, but he doesn't know what to do.

Every time he attacks, he will kill and injure countless immortal friars.

After all, the immortal friar is just like a mole ant in this level of war.

"You --" the elder of the great God sect and the elder of the xuantianmen had a splitting canthus, and they were also crazy and killed Zhou chenggai.

It's just that there are disciples of the five forces all over the place, and they still have reservations after all.

In this way, Zhou chenggai has an advantage.

Chapter 3439

In Wudou City, the fierce war is going on madly, and the strong energy ripples are raging, which smashes the buildings.

Those so-called prohibitions, under the full attack of xianzun strongmen, were just as if they were illusory and vulnerable.

Below, countless monks were affected, hit by those violent energy chains, and instantly disappeared.

In this kind of war, the friars of fairy king had no strength to resist, and some even could not avoid it.

If you are caught in the storm, you will die.

There are lots of corpses and piles of bones.

Those monks who were not affected were frantically running towards the outside of the city.

At the moment, Wudou city has become a place of right and wrong, and it can't be left.

However, not many people are able to escape from the city.

"Zhou chenggai, it's OK for you to give us a hand. You should even give it to those fairy kings. You are mean."

The great God sect and the elder of xuantianmen looked at the miserable situation below, and both of them wanted to split their eyes.

However, Zhou chenggai's expression did not fluctuate at all. He said with a smile, "a group of mole ants are just ants. If they can die in front of me, we can only say that they are lucky."

In the distance.

Wang Fan four people looking at this scene, the facial expression is also incomparably ugly.

"What shall we do now?" Luo Yan's face is a little bit pale, can't help asking.

Rao Shi is also a Murderer with a fierce heart. However, seeing this kind of fighting, she still has a great impact on her heart.

"We can't stay here any longer, and depending on the situation, we can't turn to Wudou Pavilion. The most urgent thing is to get out of here and return home. "

Yan Yue's face was dignified and she said.

Although her cultivation has reached the level of immortal, she can't participate in this kind of war.

If she takes part in her cultivation, it is no different from seeking death.

"Well, let's get going. Now that they have no time to worry about us, we may still be able to leave. "

"Once chenggai found us that week and we wanted to go, it was very difficult."

Yin Guiyi nodded solemnly.

With that, he could not help sighing, "it is unexpected that the Chu Dynasty should collude with the Dark Alliance. This is really a big secret."

"If it's spread, it's bound to cause a sensation. Moreover, once the Chu Dynasty and the Dark Alliance really collude, I'm afraid the pattern of the five major forces will really change. "

Yan Yue heard this and said with a sneer, "the Chu Dynasty and the Dark Alliance take this matter too simply."

"Even if their alliance is different, it is still difficult for the top four forces to survive. But the Chu Dynasty is going to suffer. "

"The four forces may not be able to find the home of the Dark Alliance, but can't they even find the home of the Chu Dynasty, huh?"

A group of people said, quickly flash, left the city.

In the distance, Zhou chenggai, who was fighting, had been paying attention to the situation there for a long time. When he saw that Wang Fan and his party were going to leave, he immediately gave a cold hum, and then attacked them with one hand.

Wang Fan, Yan Yue, Yin Guiyi and Luo Yan are all the proud figures in Wangyun palace.

These people can't let them go.

What's more, Yan Yue and Yin Guiyi are still immortal. When they arrive here, will Zhou chenggai not find out?

He didn't do it before, just didn't find a chance.

Now I can't help seeing Wang Fan and his party going.

"Old man, you

The elder of the great God sect was even more angry when he saw that Zhou chenggai had taken the initiative to attack the four Yanyue.

Suddenly, he burned Shouyuan's blood essence crazily and chopped it out with a knife.

This knife falls like a rainbow through the sun, which contains endless power.

The bright blade is surging.

For a moment, the whole world, as if only this knife.

Just for a moment, Zhou chenggai's face changed.

He didn't expect that the elder of the great God sect would be so crazy and burn the blood essence Shouyuan without hesitation.

You know, when the cultivation reached their point, burning the essence and blood and Shouyuan, the sequelae was very serious.

A silver light appeared on the surface of Zhou chenggai's body. The silver light instantly formed a light ball and wrapped his whole body in it.

Then he stepped on the void and began to retreat.

His speed is very fast, just a few steps, he has been thousands of miles away, far away from the city of martial arts.

But even so, it's still a little late.

The bright sword ran through the void, ran through the distance of space, and fell on Zhou chenggai.

Whoa!

Zhou chenggai's body has been stabbed out of a blood mouth, and his breath is constantly weakening. "You -"

at that moment, his old eyes were scarlet in an instant and became extremely crazy.

On the other side, Zhou chenggai's attack, like a startling flood, bombarded Wang Fan's four people in a crazy way.

Wang Fan's four faces all changed.

Yan Yue is the fastest. She takes the lead in stepping out, holding a silver sword and splitting it with one sword.

Yin Guiyi is one step behind, holding out two giant hammers in his hand. The giant hammers dance, roll up the sky to kill, and roar to the chain crazily.

It's not that they don't want to hide, it's that they can't hide at all.

Zhou chenggai's attack contains breath lock. As long as the attack does not dissipate, he will pursue them all the time.

Wang Fan's reaction is not slow, he has in the first time to seize the killing short gun, instantly triggered its prohibition, fired a gun.

Only Luo Yan has the slowest reaction, or she has no reaction at all. Zhou chenggai's attack has arrived.

Boom boom!

There were three blasts in succession. When Zhou chenggai's attack was to destroy Yan Yue's sword light, then Yin Guiyi's hammer Mang, and finally broke Wang Fan's gun intention.

The energy chain smashed all this and fell on the three people. They almost flew out of the room in no particular order, with countless blood mist in their mouth.

Luo Yan, who has no time to respond, is also not spared. She is directly hit by the horse chain and flies

like a fallen leaf.

White clothes, have been red with blood.

"Cough."

A group of four people were overturned on the ground, all in an instant into a serious injury.

As for Luo Yan, she is in a coma.

Zhou chenggai hit him from a distance and directly injured Yan Yue and Yin Guiyi, as well as Wang Fan and Luo Yan.

His horror can be imagined.

Yan Yue's face is pale, quickly grabs a healing pill to swallow, and then struggles to stand up.

She forbore to be weak. She quickly moved her fingers on Wang Fan's three people. Then she swallowed some healing pills for them. Then she grabbed Luo Yan and said, "let's go."

I left here as fast as I could.

Wang Fan was also injured, and his heart was shocked.

This immortal and powerful man is really terrible.

The previous blow almost killed him.

It can be said that if Yan Yue and Yin Guiyi didn't take the lead and rely on him alone to resist the attack, he would surely die.

At this moment, Wang Fan felt his insignificance and powerlessness again.

Even if his training speed is fast enough, even if he has already stepped into the level of fairy king.

But in front of the real strong, it is still nothing.

Chapter 3440

When the four powerful forces received the news and arrived at Wudou City, the battle was already over.

The former prosperous city of Wudou has been completely turned into ruins. In the city of Wudou, there are lots of corpses and a mess.

As for Zhou Chenggai, the other four elders of Wudou Pavilion and the three immortals of the Dark Alliance, they have already disappeared.

No one knows whether they are alive or dead.

Looking at this scene, the four powerful men looked very ugly and angry.

No one thought that the Chu dynasty would collude with the Dark Alliance, which is a heavy bomb.

"It's hard to know what happened today. Let's go to the Chu Dynasty and see what explanation the Chu Dynasty can give us."

The people of the four forces only stayed in the sky of Wudou city for a short time, and then directly rushed to the Chu Dynasty.

At the same time, what happened in Wudou city also spread out and immediately caused a sensation in this positive area.

The people of Chu Dynasty colluded with the Dark Alliance, and the Dark Alliance sent out three powerful immortals at one time to destroy Wudou city.

No one knows whether the four top immortals in Wudou pavilion are alive or dead.

The impact of this incident on everyone is undoubtedly enormous.

After all, although the five forces have been fighting and friction all the time, their will is still unified in dealing with the Dark Alliance.

Over the years, the Dark Alliance has done all kinds of evil. It doesn't know how many proud people it has killed, how many cities it has slaughtered, and how much blood it has sucked from the people who have been cultivating the truth.

Their crimes can be described as endless for days and nights, and everyone can be punished.

But now, the Chu Dynasty colluded with the Dark Alliance. What did they want to do?

When the event of Wudou City swept through the whole area, it was revealed that Wang Fan from the intermediate domain was a member of the Dark Alliance, and also a descendant of the core figure.

It was because Wang Fan appeared in Wudou city and showed his dazzling talent, and made a strong appearance on the list of immortal kings with three-tier cultivation of immortal kings, which gave the three great figures of the Dark Alliance an excuse and a cover to come to Wudou city. It's a little bit hard.

If Wang Fan didn't show his talent intentionally, how could the three great figures of the Dark Alliance

come to Wudou city?

How could the elder of Wangyun palace in Wudou Pavilion be under siege when he was secretly protecting Wang Fan?

It was Wang Fan who attracted the elder of wangwangyun palace, and Zhou chenggai of Chu Dynasty attacked and killed the elder of yuwangfu, which led to the final result.

All this was premeditated.

Soon after it was reported, many monks believed it.

After all, Wang fan is just a fairy king. If he doesn't practice evil skills, if he doesn't use evil and despicable means, how can he fight across countless realms, cut off the peak of the fairy king and step on the list of the fairy king?

He's definitely a descendant of the Dark Alliance bigwigs.

For a moment, Wang Fan's name also resounded through this area, and he became a street mouse, and everyone was killed.

Even, many friars have played the slogan of hanging Wang Fan and started the procession without any clue.

Even outside the Wangyun palace, there are countless monks who are waiting for Wang Fan's return.

If it wasn't for Wangyun palace, one of the five major forces, the strong are like clouds, I'm afraid these monks have already entered Wangyun palace.

.....

in a mountain forest, the four of Wang fan are struggling.

This area has been surrounded by countless monks.

Those friars, there are sanxiu, there are five forces, there are dark alliance.

One of the five forces came here to look for those seriously injured brothers.

After all, at the time of the battle of Wudou City, many people from the five major forces were in Wudou city. Under the influence of that kind of war, they all fled here.

The people of the Dark Alliance came here to hunt and kill the people of the five forces.

Of course, some people are looking for Wang Fan and killing him.

After all, Wang Fan also played a crucial role in the whole incident.

And according to reliable information, Wang Fan also fled into this area.

For this scene, no matter the five forces or the Dark Alliance, they all chose to let go.

What they sent to this area is that the highest level of cultivation is no more than the second level of xianzun. They dare not send the top level of xianzun.

Because once the top-level xianzun strongmen are involved, if they can't be controlled, it is likely that all the Xianwang friars and xianzun in this area will fall in the early stage.

There is no need to doubt the power of the top xianzun. It has been proved in the battle of Wudou city.

In one corner, Wang Fan was pale and ugly.

Not long ago, he and Yan Yue were surrounded by dozens of friars who wanted his life.

If Yan Yue had not spared no efforts to protect and repel the monks, I'm afraid Wang Fan would have fallen.

Wang Fan took advantage of the battle, a person chose to leave. The purpose he chose to leave is very simple: first, he doesn't want to involve Yan Yue's three people. Second, the target of those people is him. If he leaves, he can lead away more than half of the people.

Wang Fan wiped the blood on the corner of his mouth and felt bitter.

He never thought that he, Wang Fan, had become the main culprit of the storm.

Not only that, but he also changed himself and became the descendant of the top figures in the Dark Alliance.

It's like lying down and getting shot.

"Well, I thought that if I set foot on the list of immortals, I could go to Wangshen pool to practice. But who ever thought that in the twinkling of an eye, I became the target of everyone's shouting and killing."
"

"In this situation, I'm afraid I can't even go back to Wangyun palace, not to mention to practice in Wangshen pool."

Wang Fan murmured to himself, rather depressed.

He doesn't have to think about it at all, and he knows that it must be the dark alliance that is leading and spreading rumors behind it.

Otherwise, it could not ferment so fast.

But Wang Fan couldn't figure it out. He was just a fairy king. Did the dark alliance miss him so much?

Even if his potential is unparalleled, there are still only three layers of fairy king, which can't threaten the Dark Alliance at all.

As for the purpose of the Dark Alliance spreading rumors, Wang fan is naturally clear.

It's just trying to kill him with someone else's hand, or force him to switch to the Dark Alliance.

After all, once this happens, the four major forces may no longer have a foothold.

In this situation, Wang fan is likely to be forced to join the Dark Alliance.

"Ah, someone's coming again. It seems that it's not safe here. I have to leave quickly." Wang fan is murmuring to himself, suddenly face a change, looking to a certain location.

He clearly felt that in that position, the four peak friars of the fairy King rushed to this side.

Wang Fan didn't dare to neglect him. He got up quickly and disappeared here like electricity.

Most of these people who pursue and kill him are from the four major forces.

He really doesn't want to do it, or even do it hard.

Because if you don't do it, everything will be explained.

But once he starts to kill the other party's people, at that time, even if the matter is clarified and proved to be unjust, most of the four forces will not let him go.
